Shrub or tree. Andean I-II: forests. 1000-2500 m.
Voucher: Dudley 10633 (MO!)
Depts.: AM, CA, CU, JU, MD, PA

Hedyosmum huascari J. F. Macbride
Ref. FP 13(2/2) 1937: 258; Todzia, 1988: 102.
Endemic shrub. Andean II: forests. 2000-3000 m.
Voucher: Weberbauer 6113* (F), Wurdack 1450 (US!, USM!)
Depts.: AM, CA

Hedyosmum integrum Cordemoy =Hedyosmum racemosum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 259; Todzia, 1988: 70.

Hedyosmum kanehirae J. F. Macbride =Hedyosmum lechleri Solms-Laubach
Ref. FP 13(2/2) 1937: 258; Todzia, 1988: 102.

Hedyosmum laciniatum (R. & P.) Solms-Laubach =Hedyosmum angustifolium (R. & P.) Solms-Laubach
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 112.

Hedyosmum latifolium Cordemoy =Hedyosmum scabrum var. scabrum
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 108.

Hedyosmum lechleri Solms-Laubach
Syn. *Hedyosmum kanehirae* J. F. Macbride
Ref. FP 13(2/2) 1937: 259; Todzia, 1988: 102.
Endemic shrub or tree. Andean II: cloud forests. 2000-3500 m.
Voucher: Lechler 2660* (K), Todzia & Stein 2741 (MO!, USM!)
Depts.: AY, CU, HU, PA, PU, SM

Hedyosmum mandonii Solms-Laubach =Hedyosmum scabrum var. scabrum
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 108.

Hedyosmum peruvianum Todzia
Ref. Todzia, 1988: 121.
Endemic tree. Andean II: forests 1500-3000 m.

Voucher: Todzia & Stein 2731* (MO!, USM!), Todzia & Stein 2790 (MO!)
Depts.: AM, HU, JU, PA, SM

Hedyosmum racemosum (R. & P.) G. Don
Syn. *Hedyosmum glaucum* (R. & P.) Cordemoy, *Hedyosmum integrum* Cordemoy, *Tafalla glauca* R. & P., *Tafalla racemosa* R. & P.
Ref. FP 13(2/2) 1937: 259; Todzia, 1988: 70.
Shrub or tree. Amazonian, Andean I-II: cloud forests, disturbed areas, riversides. 0-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Todzia & Stein 2770 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PU, SM

Hedyosmum scabrum (R. & P.) Solms-Laubach var. *pavonii* Solms-Laubach =Hedyosmum angustifolium (R. & P.) Solms-Laubach
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 112.

Hedyosmum scabrum var. **scabrum**
Syn. *Hedyosmum latifolium* Cordemoy, *Hedyosmum mandonii* Solms-Laubach, *Tafalla scabra* R. & P.
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 108.
Shrub or tree. Andean II: cloud forests, disturbed areas, rocky slopes. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (BM), Todzia & Stein 2782 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, PI

Hedyosmum spectabile Todzia
Ref. Todzia, 1988: 95.
Shrub or tree. Andean II: cloud forests. 2000-3000 m.
Voucher: Todzia & Stein 2700* (MO!), Todzia & Stein 2726 (MO!)
Depts.: HU, SM

Hedyosmum sprucei Solms-Laubach
Ref. FP 13(2/2) 1937: 259; Todzia, 1988: 75.
Shrub or tree. Amazonian, Andean I-II: cloud forests, disturbed areas. 0-2000 m.
Voucher: Spruce 4436* (BM), Todzia & Stein 2704 (MO!)
Depts.: AM, HU, JU, LO, SM

Hedyosmum translucidum Cuatrecasas
Ref. Todzia, 1988: 99.
Shrub or tree. Andean II: cloud forests. 2000-3000 m.
Voucher: Sagástegui 10194 (HUT, MO!)
Depts.: CA, PI

Tafalla angustifolia R. & P. =Hedyosmum angustifolium (R. & P.) Solms-Laubach
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 108.

Tafalla glauca R. & P. =Hedyosmum racemosum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 258; Todzia, 1988: 70.

Tafalla laciniata R. & P. =Hedyosmum angustifolium (R. & P.) Solms-Laubach
Ref. Todzia, 1988: 112.

Tafalla racemosa R. & P. =Hedyosmum racemosum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 259; Todzia, 1988: 70.

Tafalla scabra R. & P. =Hedyosmum scabrum (R. & P.) Solms-Laubach
Ref. FP 13(2/2) 1937: 260; Todzia, 1988: 108.

Chrysobalanaceae

4 genera and 87 species in Peru.

Endemic species: 11.

Treated under the Rosaceae in the Flora of Peru.

Prepared by J. L. Zarucchi; reviewed by G. T. Prance (K).

Couepia bernardii Prance
Ref. Prance, 1989: 65.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Bernardi 6-6* (NY), Vásquez & Soto 11882 (MO!)
Depts.: LO

Couepia bracteosa Bentham
Ref. Prance, 1972a: 227.
Tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 21130 (MO!)
Depts.: LO

Couepia canomensis (C. Martius) Bentham
Syn. *Moquilea canomensis* C. Martius
Ref. FP 13(2/3) 1938: 1080; Prance, 1972a: 220.
Shrub or tree. Amazonian: forests. 0-500 m.
Note: Specimens cited in the Flora of Peru redetermined as *C. parillo* DC. by Prance (1972a), except for *Tessmann 5109*, which was not cited by Prance (1972a, 1989).
Voucher: Martin & Plowman 1676 (US!)
Depts.: LO

Couepia chrysocalyx (Poeppig) Bentham ex Hooker f.
Syn. *Moquilea chrysocalyx* Poeppig
Ref. FP 13(2/3) 1938: 1080; Prance, 1972a: 245.
Tree. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Klug 2656 (MO!)
Depts.: AM, HU, LO, PA, SM

Couepia dolicopoda Prance
Ref. Prance, 1989: 75.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Croat 19382* (MO!), Prance 29331 (MO!)
Depts.: LO

Couepia glaucescens Spruce ex Hooker f. =Couepia paraensis subsp. glaucescens (Spruce ex Hooker f.) Prance
Ref. Prance, 1972a: 212.

Couepia guianensis Aublet subsp. **guianensis**
Ref. Prance, 1972a: 208; Prance, 1989: 64.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 10144 (MO!)
Depts.: LO

Couepia macrophylla Spruce ex Hooker f.
Syn. *Couepia speciosa* Pilger
Ref. FP 13(2/3) 1938: 1081; Prance, 1972a: 232; Prance 1989: 72.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Spruce 4049* (K), Klug 2089 (MO!)
Depts.: LO

Couepia obovata Ducke
Ref. Prance, 1972a: 244.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 3997 (MO!)
Depts.: LO, PA

Couepia paraensis (C. Martius & Zuccarini) Bentham
Syn. *Moquilea paraensis* C. Martius & Zuccarini
Ref. FP 13(2/3) 1938: 1081; Prance, 1972a: 210.
Note: The specimens cited in the Flora of Peru were treated under subsp. *glaucescens* in Prance (1972a).

Couepia paraensis subsp. **glaucescens** (Spruce ex Hooker f.) Prance
Syn. *Couepia glaucescens* Spruce ex Hooker f.
Ref. Prance, 1972a: 212.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Encarnación 25037 (MO!)
Depts.: LO

Couepia parillo DC.
Ref. Prance, 1972a: 218.
Tree. Amazonian: disturbed areas, forests on white sand, seasonally inundated areas. 0-500 m.
Voucher: Croat 18200 (MO!)
Depts.: LO

Couepia racemosa Bentham
Syn. *Couepia racemosa* var. *reticulata* Pilger
Ref. FP 13(2/3) 1938: 1081; Prance, 1972a: 237.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3762 (MO!)
Depts.: LO

Couepia racemosa var. *reticulata* Pilger =Couepia racemosa Bentham

Ref. FP 13(2/3) 1938: 1082; Prance, 1972a: 238.

Couepia speciosa Pilger =Couepia macrophylla Spruce ex Hooker f.
Ref. FP 13(2/3) 1938: 1081; Prance, 1972a: 232.

Couepia subcordata Bentham
Ref. FP 13(2/3) 1938: 1082; Prance, 1972a: 227.
Tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Note: The locality of the only specimen cited in the Flora of Peru, *Williams 3173*, is in present-day Colombia.
Voucher: Ayala *et al.* 2888 (MO!)
Depts.: LO

Couepia trapezioana Cuatrecasas
Ref. Prance, 1972a: 246; Prance 1989: 75.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ramírez 87 (MO!)
Depts.: LO

Couepia ulei Pilger
Ref. FP 13(2/3) 1938: 1082; Prance, 1972a: 250.
Shrub or tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Fosberg 29203 (MO!)
Depts.: LO, UC

Couepia williamsii J. F. Macbride
Ref. FP 13(2/3) 1938: 1082; Prance, 1972a: 244.
Tree. Amazonian: forests on white sand, seasonally inundated areas, terra firme forests. 0-500 m.
Note: The locality of the only specimen cited in the Flora of Peru, *Williams 2975*, is in present-day Colombia.
Voucher: Williams 2975* (F), Diáz *et al.* 397 (MO!)
Depts.: LO, PA

Hirtella americana var. *gracilipes* Hooker f. =Hirtella gracilipes (Hooker f.) Prance
Ref. Prance, 1972a: 323.
Note: With note by Prance (1972a) regarding this synonymy: " ... pro parte, exsiccatum peruvianum exclusum."

Hirtella apetala E. Meyer =Licania apetala var. apetala
Ref. Prance, 1972a: 66.

Hirtella aramangensis Prance
Ref. Prance, 1972a: 315.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Woytkowski 5625* (S)
Depts.: AM

Hirtella aureohirsuta Pilger =Hirtella bullata Bentham

Ref. FP 13(2/3) 1938: 1075; Prance, 1972a: 288.

Hirtella bicornis C. Martius & Zuccarini subsp. **pubescens** Ducke
Ref. Prance, 1972a: 319.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Begazzo 144 (MO!)
Depts.: PA, UC

Hirtella bullata Bentham
Syn. *Hirtella aureohirsuta* Pilger
Ref. Prance, 1972a: 288.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Woytkowski 5787 (MO!)
Depts.: AM, JU, LO, MD, SM

Hirtella burchellii Britton
Syn. *Hirtella plumbea* Pilger
Ref. Prance, 1972a: 338.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Reported in Flora of Peru under synonym *H. plumbea*.
Voucher: Núñez 5828 (MO!)
Depts.: MD

Hirtella cosmibuena Lamarck =Hirtella triandra subsp. triandra
Ref. FP 13(2/3) 1938: 1079; Prance, 1972a: 302.

Hirtella duckei Huber
Ref. Prance, 1972a: 275.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ducke MG 7598 (MG)
Depts.: LO

Hirtella elongata C. Martius & Zuccarini
Ref. FP 13(2/3) 1938: 1076; Prance, 1972a: 309.
Shrub or tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Prance *et al.* 24166 (MO!)
Depts.: LO

Hirtella eriandra Bentham
Ref. Prance, 1972a: 291.
Shrub or tree. Amazonian: disturbed areas, forests, riversides. 0-500 m.
Voucher: Tunqui 665 (MO!)
Depts.: AM, LO

Hirtella excelsa Standley ex Prance
Ref. Prance, 1972a: 345; Prance, 1989: 95.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Majin 58* (F), Núñez 6181 (MO!)
Depts.: HU, MD, SM, UC

Hirtella glaberrima Steudel =Crudia glaberrima (Steudel) J. F. Macbride (Fabaceae)
Ref. FP 13(3/1) 1943: 122; Amshoff, 1953: 80; Vieira, 1990: 96.

Hirtella gracilipes (Hooker f.) Prance
Syn. *Hirtella americana* var. *gracilipes* Hooker f.
Ref. Prance, 1972a: 323.
Shrub or tree. Andean I: forests, riversides. 500-1000 m.
Note: In making this stat. nov., Prance (1972a) indicated " ... pro parte, exsiccatae peruvianum exclusum."
Voucher: Schunke 7443 (MO!)
Depts.: SM

Hirtella guainiae Spruce ex Hooker f.
Ref. FP 13(2/3) 1938: 1076; Prance, 1972a: 275.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Foster 4334 (MO!)
Depts.: LO

Hirtella hexandra Willdenow ex Roemer & Schultes =Hirtella racemosa var. hexandra (Willdenow ex Roemer & Schultes) Prance
Ref. Prance, 1972a: 328.

Hirtella hispidula Miquel
Ref. Prance, 1972a: 343.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Davidson 5357 (MO!)
Depts.: HU, LO, PA, UC

Hirtella lightioides Rusby
Ref. Prance, 1972a: 315.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry 43351 (MO!)
Depts.: MD

Hirtella macrophylla Bentham ex Hooker f.
Ref. Prance, 1972a: 295.
Tree. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Schunke 3794 (MO!)
Depts.: PA, SM

Hirtella magnifolia Prance
Ref. Prance, 1989: 92.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9561 (MO!)
Depts.: LO

Hirtella octandra Hoffmannsegg ex Roemer & Schultes =Licania octandra (Hoffmannsegg ex Roemer & Schultes) Kuntze
Ref. FP 13(2/3) 1938: 1072; Prance, 1972a: 81.

Hirtella physophora C. Martius & Zuccarini
Ref. FP 13(2/3) 1938: 1076; Prance, 1972a: 272.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ruiz 1315 (MO!)
Depts.: LO

Hirtella pilosissima C. Martius & Zuccarini
Ref. FP 13(2/3) 1938: 1077; Prance, 1972a: 321.

Shrub or tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 5271 (MO!)
Depts.: LO, MD, PA

Hirtella plumbea Pilger =Hirtella burchellii Britton
Ref. FP 13(2/3) 1938: 1077; Prance, 1972a: 338.

Hirtella racemosa R. & P., nom. illeg. =Hirtella triandra subsp. triandra
Ref. FP 13(2/3) 1938: 1079; Prance, 1972a: 302.

Hirtella racemosa Lamarck var. **hexandra** (Willdenow ex Roemer & Schultes) Prance
Syn. *Hirtella hexandra* Willdenow ex Roemer & Schultes
Ref. Prance, 1972a: 328.
Shrub or tree. Amazonian: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Klug 4025 (MO!)
Depts.: AM, LO, PA, SM, UC

Hirtella racemosa var. **racemosa**
Ref. FP 13(2/3) 1938: 1077; Prance, 1972a: 326.
Shrub or tree. Amazonian, Andean I: riversides, terra firme forests, swamps. 0-1000 m.
Voucher: Young 146 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, UC

Hirtella rasa Standley
Ref. FP 13(2/3) 1938: 1077; Prance, 1972a: 316; Prance, 1989: 92.
Tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Klug 4249* (MO!), Woytkowski 5625 (MO!)
Depts.: AM, LO, SM, UC

Hirtella revillae Prance
Ref. Prance, 1989: 87.
Endemic tree. Amazonian: forests on white sand, swamps. 0-500 m.
Voucher: Gentry *et al.* 15807* (MO!), Revilla 3552 (MO!)
Depts.: LO

Hirtella rodriguesii Prance
Ref. Prance, 1972a: 310.
Tree. Amazonian: terra firme forests. 0-1000 m.
Voucher: Hartshorn *et al.* 2659 (MO!)
Depts.: LO, PA

Hirtella schultesii Prance
Ref. Prance, 1972a: 334.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8223 (MO!)
Depts.: LO, UC

Hirtella standleyi Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1078; Prance, 1972a: 333.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 3022* (MO!), Klug 2869 (NY)
Depts.: LO

Hirtella subglanduligera Pilger
Ref. FP 13(2/3) 1938: 1078; Prance, 1972a: 284.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality on the Rio Acre near the present-day Peru-Brazil border.
Voucher: Ule 9414* (B photo F!)
Depts.: MD

Hirtella triandra Swartz subsp. **triandra**
Syn. *Hirtella cosmibuena* Lamarck, *Hirtella racemosa* R. & P., nom. illeg.
Ref. FP 13(2/3) 1938: 1079; Prance, 1972a: 301.
Tree. Amazonian, Andean I: riversides, seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Klug 3724 (MO!)
Depts.: CU, HU, LO, MD, SM, UC

Hirtella tubiflora Cuatrecasas
Ref. Prance, 1972a: 350.
Tree. Andean II: terra firme forests. 1500-2000 m.
Voucher: Gentry *et al.* 61239 (MO!)
Depts.: CA

Licania angustata Prance
Ref. Prance, 1972a: 53.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Pariona & Sebastián 891 (MO!)
Depts.: AM, PA

Licania aperta Bentham =Licania apetala var. aperta (Bentham) Prance
Ref. Prance, 1972a: 68.

Licania apetala (E. Meyer) Fritsch var. **aperta** (Bentham) Prance
Syn. *Licania aperta* Bentham
Ref. Prance, 1972a: 68.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3653 (MO!)
Depts.: LO

Licania apetala var. **apetala**
Syn. *Hirtella apetala* E. Meyer
Ref. Prance, 1972a: 67.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez *et al.* 10044 (MO!)
Depts.: MD, PA

Licania arachnoidea Fanshawe & Maguire
Ref. Prance, 1972a: 98; Prance, 1989: 39.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Encarnación 970 (US)
Depts.: LO

Licania arborea Seemann
Syn. *Licania retusa* Pilger
Ref. Prance, 1972a: 86; Prance, 1989: 35.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Foster 9682 (MO!)
Depts.: AM, HU, LO, MD

Licania blackii Prance
Ref. Prance, 1972a: 167.
Shrub or tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Schunke 4900 (MO!)
Depts.: SM

Licania bracteata Prance
Ref. Prance, 1972a: 155; Prance, 1989: 51.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6124 (MO!)
Depts.: LO

Licania britteniana Fritsch
Syn. *Licania elata* (Pilger) Pilger ex L. Williams, *Moquilea elata* Pilger
Ref. Prance, 1972a: 59.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 19098 (MO!)
Depts.: LO, MD

Licania canescens Benoist
Ref. Prance, 1972a: 134.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Ruiz 668 (MO!)
Depts.: LO, MD, UC

Licania caudata Prance
Ref. Prance, 1972a: 100; Prance, 1989: 39.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Salazar 2 (MO!)
Depts.: LO, UC

Licania cecidiophora Prance
Ref. Prance, 1989a: 29.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ancuash 752* (MO), Berlin 902 (MO!)
Depts.: AM

Licania celativenia Standley =Vanatea celativenia (Standley) Cuatrecasas (Humiriaceae)
Ref. FP 13(3/2) 1949: 631; Cuatrecasas, 1961: 61.

Licania durifolia Cuatrecasas
Ref. Prance, 1972a: 44; Prance, 1989: 20.
Tree. Andean I: cloud forest. 1000-1500 m.
Voucher: Asplund 12538 (S)
Depts.: HU

Licania egleri Prance
Ref. Prance, 1972a: 56.
Tree. Amazonian: terra firme forests. 0-500 m.

Voucher: Acosta 1 (MO!)
Depts.: MD

Licania elata (Pilger) Pilger ex L. Williams =Licania britteniana Fritsch
Ref. FP 13(2/3) 1938: 1070; Prance, 1972a: 59.

Licania elliptica Standley
Ref. Prance, 1972a: 133.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Smith *et al.* 1173 (MO!)
Depts.: LO, UC

Licania filomenoi Prance
Ref. Prance, 1989: 20.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Gentry *et al.* 25665* (MO!)
Depts.: SM

Licania glabra C. Martius ex Hooker f. =Licania heteromorpha var. glabra (C. Martius ex Hooker f.) Prance
Ref. Prance, 1972a: 108.

Licania guianensis (Aublet) Grisebach
Syn. *Moquilea guianensis* Aublet
Ref. Prance, 1972a: 48.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 6648 (MO!)
Depts.: LO

Licania harlingii Prance
Ref. Prance, 1989: 55.
Shrub or tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Pariona & Ruiz 1040 (MO!)
Depts.: LO, MD, PA, SM

Licania heteromorpha Bentham var. **glabra** (C. Martius ex Hooker f.) Prance
Syn. *Licania glabra* C. Martius ex Hooker f.
Ref. Prance, 1972a: 108.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Plowman *et al.* 7003 (MO!)
Depts.: LO

Licania heteromorpha var. **heteromorpha**
Ref. Prance, 1972a: 106.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8882 (MO!)
Depts.: LO, MD, PA

Licania hypoleuca Bentham var. **hypoleuca**
Syn. *Licania microcarpa* Hooker f.
Ref. Prance, 1972a: 126.
Tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Klug 3740 (MO!)
Depts.: LO, MD, PA

Licania intrapetiolaris Spruce ex Hooker f.
Ref. FP 13(2/3) 1938: 1071; Prance, 1972a: 105.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Not determined to variety.
Voucher: Croat 18198 (MO!)
Depts.: LO

Licania intrapetiolaris var. **brevis** J. F. Macbride
Ref. FP 13(2/3) 1938: 1071.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Neither this taxon nor its type collection cited in the Flora of Peru, *Klug 612*, were accounted for in either treatment of the family by Prance (1972a, 1989); no material has been seen by Prance (pers. comm.).
Depts.: LO

Licania klugii Prance
Ref. Prance, 1972a: 47; Prance, 1989: 26.
Endemic tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Klug 2221* (NY), Schunke 6502 (MO!)
Depts.: LO, SM

Licania krukovii Standley
Ref. Prance, 1972a: 94.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Bernardi 3-51 (NY)
Depts.: LO

Licania laevigata Prance
Ref. Prance, 1989: 41.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 10325 (MO!)
Depts.: LO

Licania lata J. F. Macbride
Ref. FP 13(2/3) 1938: 1071; Prance, 1972a: 65.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Klug 560* (F), Vásquez 2898 (MO!)
Depts.: LO

Licania licaniiflora (Sagot) S. F. Blake
Syn. *Licania parinarioides* Huber, *Moquilea licaniiflora* Sagot
Ref. Prance, 1972a: 91.
Tree. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Vásquez & Jaramillo 5263 (MO!)
Depts.: LO

Licania longipedicellata Ducke
Ref. Prance, 1989: 27.
Tree. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Huashikat 662 (MO!)
Depts.: AM, LO

Licania longipetala Prance
Ref. Prance, 1972a: 62.
Tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Schunke 288* (NY), Encarnación 1243 (MO!)
Depts.: LO

Licania longistyla (Hooker f.) Fritsch
Syn. *Moquilea longistyla* Hooker f.
Ref. Prance, 1972a: 78; Prance, 1989: 35.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Croat 19883 (MO!)
Depts.: LO, UC

Licania lucida J. F. Macbride =Licania mollis Bentham
Ref. FP 13(2/3) 1938: 1072; Prance, 1972a: 167.

Licania macrocarpa Cuatrecasas
Ref. Prance, 1972a: 46; Prance, 1989: 22.
Tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Foster 7961 (MO!)
Depts.: HU, LO, PA

Licania micrantha Miquel
Ref. Prance, 1972a: 152; Prance, 1989: 51.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9621 (MO!)
Depts.: LO, PA

Licania microcarpa Hooker f. =Licania hypoleuca var. hypoleuca
Ref. FP 13(2/3) 1938: 1072; Prance, 1972a: 126.

Licania mollis Bentham
Syn. *Licania lucida* J. F. Macbride
Ref. Prance, 1972a: 167.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Torres 830 (MO!)
Depts.: LO

Licania oblongifolia Standley
Ref. Prance, 1972a: 99.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7192 (MO!)
Depts.: LO

Licania octandra (Hoffmannsegg ex Roemer & Schultes) Kuntze
Syn. *Hirtella octandra* Hoffmannsegg ex Roemer & Schultes, *Licania octandra* (Hoffmannsegg ex Roemer & Schultes) Pilger ex J. F. Macbride, nom. illeg.
Ref. FP 13(2/3) 1938: 1072; Prance, 1972a: 81.
Note: Specimens cited in the Flora of Peru were treated under two subspecies by Prance (1972a) and one voucher, *Klug 729*, was redetermined as *L. apetala* var. *apetala*.

Licania octandra (Hoffmansegg ex Roemer & Schultes) Pilger ex J. F. Macbride,

nom. illeg. =Licania octandra (Hoffmannsegg ex Roemer & Schultes) Kuntze
Ref. FP 13(2/3) 1938: 1072; Prance, 1972a: 81.
Note: Prance (1972a) points out that the combination in *Licania* was actually made by Kuntze.

Licania octandra subsp. **grandifolia** Prance
Ref. Prance, 1989: 35.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6243 (MO!)
Depts.: LO

Licania octandra subsp. **pallida** (Hooker f.) Prance
Syn. *Moquilea pallida* Hooker f.
Ref. Prance, 1972a: 84.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ayala *et al.* 3023 (MO!)
Depts.: LO, MD, UC

Licania pallida Spruce ex Sagot
Syn. *Licania parviflora* var. *pallida* Hooker f.
Ref. Prance, 1989: 46.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Huashikat 1425 (MO!)
Depts.: AM, LO

Licania paraensis Prance
Ref. Prance, 1972a: 163; Prance, 1989: 54.
Tree. Amazonian: forests. 0-500 m.
Voucher: Núñez *et al.* 10945 (MO!)
Depts.: MD

Licania parinarioides Huber =Licania licaniiflora (Sagot) S. F. Blake
Ref. FP 13(2/3) 1938: 1073; Prance, 1972a: 91.

Licania parviflora Bentham
Ref. Prance, 1972a: 156.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Schunke 6314 (MO!)
Depts.: SM

Licania parviflora var. *pallida* Hooker f. =Licania pallida Spruce ex Sagot
Ref. Prance, 1972a: 119.

Licania reticulata Prance
Ref. Prance, 1972a: 97.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9248 (MO!)
Depts.: LO

Licania retusa Pilger =Licania arborea Seemann
Ref. FP 13(2/3) 1938: 1073; Prance, 1972a: 86.

Licania sclerophylla (C. Martius ex Hooker f.) Fritsch
Syn. *Moquilea sclerophylla* C. Martius ex Hooker f.
Ref. Prance, 1972a: 76.
Tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Revilla 406 (MO!)
Depts.: LO

Licania tambopatensis Prance
Ref. Prance, 1989: 36.
Endemic shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Funk *et al.* 8415* (NY), Vásquez & Jaramillo 10304 (K!)
Depts.: LO, MD

Licania triandra C. Martius ex Hooker f.
Ref. Prance, 1972a: 150.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Encarnación 26201 (NY)
Depts.: LO

Licania trigonioides J. F. Macbride
Ref. FP 13(2/3) 1938: 1073; Prance, 1972a: 135.
Endemic shrub. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 449* (F)
Depts.: LO

Licania unguiculata Prance
Ref. Prance, 1972a: 60.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6622 (MO!)
Depts.: LO

Licania urceolaris Hooker f.
Ref. Prance, 1972a: 130; Prance, 1989: 47.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 51396 (MO!)
Depts.: LO, MD

Licania vasquezii Prance
Ref. Prance, 1992: 247.
Endemic tree. Amazonian: forests, swamps. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Vásquez & Jaramillo* 12726 (K, MO!)
Depts.: LO

Moquilea canomensis C. Martius =Couepia canomensis (C. Martius) Bentham
Ref. FP 13(2/3) 1938: 1080; Prance, 1972a: 220.

Moquilea chrysocalyx Poeppig =Couepia chrysocalyx (Poeppig) Bentham ex Hooker f.
Ref. FP 13(2/3) 1938: 1080; Prance, 1972a: 245.

Moquilea elata Pilger =Licania britteniana Fritsch
Ref. FP 13(2/3) 1938: 1070; Prance, 1972a: 59.

Moquilea guianensis Aublet =Licania guianensis (Aublet) Grisebach
Ref. Prance, 1972a: 48.

Moquilea licaniiflora Sagot =Licania licaniiflora (Sagot) Blake
Ref. Prance, 1972a: 91.

Moquilea longistyla Hooker f. =Licania longistyla (Hooker f.) Fritsch
Ref. Prance, 1972a: 78.

Moquilea pallida Hooker f. =Licania octandra subsp. pallida (Hooker f.) Prance
Ref. Prance, 1972a: 84.

Moquilea paraensis C. Martius & Zuccarini =Couepia paraensis (C. Martius & Zuccarini) Bentham
Ref. FP 13(2/3) 1938: 1081; Prance, 1972a: 210.

Moquilea sclerophylla C. Martius ex Hooker f. =Licania sclerophylla (C. Martius ex Hooker f.) Fritsch
Ref. Prance, 1972a: 76.

Parinari excelsa Sabine
Ref. Prance, 1972a: 185.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 6411 (MO!)
Depts.: LO

Parinari klugii Prance
Ref. Prance, 1972a: 190; Prance, 1989: 57.
Endemic tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Klug 3870* (MO!), Tunqui 105 (MO!)
Depts.: AM, LO, MD, SM

Parinari occidentalis Prance
Ref. Prance, 1972a: 186.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 12416 (MO!)
Depts.: MD

Parinari parilis J. F. Macbride
Ref. FP 13(2/3) 1938: 1074; Prance, 1972a: 193; Prance, 1989: 58.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Note: As "*Parinarium parile*" in the Flora of Peru. One of the vouchers cited in the Flora of Peru, *Klug 3870*, is the type of *P. klugii* Prance (1972a).
Voucher: Williams 1140* (F), Rimachi 4378 (MO!)
Depts.: LO, PA

Clethraceae

1 genus and 11 species in Peru.

Endemic species: 3.

Prepared by L. Brako and K. L. Tomlinson (MO).

Clethra brasiliensis Chamisso var. *reticulata* Meissner =Clethra scabra var. reticulata (Meissner) Sleumer

Clethra castaneifolia Meissner
Syn. *Clethra guianensis* var. *brevis* J. F. Macbride, *Clethra sprucei* Turczaninow
Ref. FP 13 (5/1) 1959: 46; Sleumer, 1967b: 143.
Shrub. Andean I-II: forests on white sand. 1000-2500 m.
Voucher: Hutchison & Wright 3955 (MO!)
Depts.: AM, JU, SM

Clethra cuneata Rusby
Ref. Sleumer, 1967b: 129.
Shrub. Andean II: disturbed areas, forests, grasslands. 1500-3500 m.
Voucher: Vargas 3999 (MO!)
Depts.: AM, CA, CU, PA, PU, SM

Clethra cutervoana Szyszylowicz =Clethra ovalifolia Turczaninow
Ref. FP 13 (5/1) 1959: 46; Gustafsson, 1992: 4; Sleumer, 1967a: 105.

Clethra dombeyi Turczaninow =Clethra obovata (R. & P.) G. Don
Ref. Gustafsson, 1992: 24.

Clethra ferruginea (R. & P.) Link ex Sprengel
Syn. *Cuellaria cuneata* Rusby, *Cuellaria divaricata* Duhamel du Monçeau, *Cuellaria ferruginea* R. & P., *Cuellaria mathewsii* Turczaninow
Ref. FP 13 (5/1) 1959: 47; Sleumer, 1967b: 127.
Tree. Andean II: grasslands. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.*, Sagástegui *et al.* 9519 (MO!)
Depts.: CA, CU, HU

Clethra fimbriata H.B.K.
Ref. Gustafsson, 1992: 12; Sleumer, 1967b: 133.
Shrub. Andean II: grasslands. 3000-3500 m.
Voucher: Sagástegui & Cabanillas 8609 (MO!)
Depts.: LL, PI

[Clethra guianensis Klotzsch ex Meissner]
Ref. FP 13 (5/1) 1959: 47; Sleumer, 1967b: 132.
Note: Not known from Peru.

Clethra guianensis var. *brevis* J. F. Macbride =Clethra castaneifolia Meissner
Ref. FP 13 (5/1) 1959: 48; Sleumer, 1967b: 144.

Clethra macrostachya Loiseleur =Clethra obovata (R. & P.) G. Don
Ref. FP 13 (5/1) 1959: 47; Gustafsson, 1992: 24; Sleumer, 1967b: 146.

Clethra nervosa Loiseleur =Clethra revoluta (R. & P.) Sprengel
Ref. FP 13 (5/1) 1959: 48; Gustafsson, 1992: 22; Sleumer, 1967b: 145.

Clethra obovata (R. & P.) G. Don
Syn. *Clethra dombeyi* Turczaninow, *Clethra macrostachya* Loiseleur, *Cuellaria brasiliensis* Chamisso, *Cuellaria micrantha* Remy, *Cuellaria obovata* R. & P.
Ref. FP 13 (5/1) 1959: 48; Gustafsson, 1992: 24; Sleumer, 1967b: 146.
Endemic tree. Andean I: rocky slopes. 500-1000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Schunke 6221 (MO!)
Depts.: SM, HU

Clethra obovata var. *sprucei* Meissner =Clethra pedicillaris Turczaninow
Ref. FP 13 (5/1) 1959: 47; Sleumer, 1967a: 105.

Clethra ovalifolia Turczaninow
Ref. Gustafsson, 1992: 4; Sleumer, 1967a: 105.
Syn. *Clethra cutervoana* Szyszylowicz
Shrub. Andean II. 3000-3500 m.
Voucher: Hutchison & Wright 5544 (MO!)
Depts.: AM, CA

Clethra pedicellaris Turczaninow
Ref. FP 13 (5/1) 1959: 47; Sleumer, 1967a: 115.
Syn *Clethra obovata* var. *sprucei* Meissner
Tree. Andean I-II: forests. 1000-2000 m.
Voucher: Spruce 4833* (C photo F!), Klug 3661 (MO!)
Depts.: AM, HU, SM

Clethra peruviana Szyszylowicz
Ref. FP 13 (5/1) 1959: 49; Sleumer, 1967a: 111.
Endemic treelet. Andean II: forests. 1500-2000 m.
Voucher: Jelski 275* (B photo F!), Díaz & Baldeón 2843 (MO!)
Depts.: AM, CA

Clethra retivenia Sleumer
Ref. Sleumer, 1967b: 135.
Endemic shrub. Andean II: forests. 3000-3500 m.
Voucher: Mathews s.n.* (BM, F), Jelski 255 (W)
Depts.: AM, CA

Clethra revoluta (R. & P.) Sprengel
Syn. *Clethra nervosa* Loiseleur, *Cuellaria revoluta* R. & P.
Ref. FP 13 (5/1) 1959: 49; Gustafsson, 1992: 22; Sleumer, 1967b: 145.
Shrub. Andean I-II: shrublands. 500-3500 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Smith & Vásquez 4995 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, SM

Clethra scabra Persoon var. **scabra**
Ref. Sleumer, 1967b: 138.
Tree. Andean II: disturbed areas, riversides. 1500-2500 m.
Voucher: Díaz & Osores 2624 (MO!)
Depts.: CA, CU, JU, PA

Clethra scabra var. **reticulata** (Meissner) Sleumer
Syn. *Clethra brasiliensis* var. *reticulata* Meissner
Tree. Andean II: disturbed areas. 2000-2500 m.
Voucher: Jones 9117 (MO!)
Depts.: JU

Clethra sprucei Turczaninow =Clethra castaneifolia Meissner
Ref. FP 13 (5/1) 1959: 50; Sleumer, 1967b: 143.

Cuellaria brasiliensis Chamisso =Clethra obovata R. & P.
Ref. FP 13 (5/1) 1959: 48.

Cuellaria cuneata Rusby =Clethra ferruginea (R. & P.) Link ex Sprengel
Ref. FP 13 (5/1) 1959: 47.

Cuellaria divaricata Duhamel du Monçeau =Clethra ferruginea (R. & P.) Link ex Sprengel
Ref. FP 13 (5/1) 1959: 47.

Cuellaria ferruginea R. & P. =Clethra ferruginea (R. & P.) Link ex Sprengel
Ref. FP 13 (5/1) 1959: 47; Sleumer, 1967b: 128.

Cuellaria revoluta R. & P. =Clethra revoluta (R. & P.) Sprengel
Ref. FP 13 (5/1) 1959: 49; Gustafsson, 1992: 22; Sleumer, 1967b: 145.

Clusiaceae

21 genera and 124 species in Peru.

Endemic species: 28.

Not treated in the Flora of Peru.

Prepared by M. Guzmán-Teare (MO) and J. Ricketson (MO); reviewed by J. J. Pipoly (MO).

Balboa membranacea Planchon & Triana =Chrysochlamys membranacea (Planchon & Triana) Planchon & Triana

Calophyllum brasiliense Cambessèdes
Ref. Engler, 1878: 398.

Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Gentry 51137 (MO!)
Depts.: LO, MD

Calophyllum longifolium Kunth
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Humboldt s.n.* (B photo F!), Revilla 1816 (MO!)
Depts.: LO, SM

Calophyllum madruno Kunth =Garcinia madruno (Kunth) Hammel
Ref. Hammel, 1989: 928.

Caraipa densifolia C. Martius subsp. **densifolia**
Ref. Kubitzki, 1978: 106; Vásquez, 1991: 1007.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Croat 19885 (MO!)
Depts.: LO, MD

Caraipa grandifolia C. Martius subsp. **grandifolia**
Ref. Kubitzki, 1978: 120; Vásquez, 1991: 1007.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez 6211 (MO!, USM)
Depts.: LO

Caraipa jaramilloi Vásquez
Ref. Vásquez, 1991: 1003.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez 6528* (MO!), Grández 682 (AMAZ)
Depts.: MD, LO, PA

Caraipa myrcioides Ducke
Ref. Vásquez, 1991: 1007.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry 26911 (AMAZ, MO!)
Depts.: MD, PA

Caraipa paniculata C. Martius =Haploclathra paniculata (C. Martius) Bentham
Ref. Lleras, 1972: 134.

Caraipa punctulata Ducke
Ref. Kubitzki, 1978: 125; Vásquez, 1991: 1007.
Tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez 4816 (AMAZ, MO!)
Depts.: LO

Caraipa tereticaulis Tulasne
Ref. Vásquez, 1991: 1008.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez 5520 (AMAZ, MO!)
Depts.: LO

Caraipa utilis Vásquez
Ref. Vásquez, 1991: 1004.
Endemic tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Vásquez 5543* (MO!), Vásquez 6144 (MO!)
Depts.: LO

Caraipa valioi Paula
Ref. Vásquez, 1991: 1008.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 9618 (MO!, USM)
Depts.: LO

Chrysochlamys dependens Planchon & Triana
Syn. *Chrysochlamys petiolaris* Planchon & Triana
Ref. Vesque, 1893: 176.
Shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Stein & Todzia 2155 (MO!)
Depts.: SM

Chrysochlamys floribunda Cuatrecasas
Ref. Cuatrecasas, 1950a: 58.
Tree. Amazonian: forests. 0-500 m.
Voucher: Froehner 30 (MO!)
Depts.: LO

Chrysochlamys membranacea (Planchon & Triana) Planchon & Triana
Syn. *Balboa membranacea* Planchon & Triana, *Tovomitopsis membranacea* (Planchon & Triana) D'Arcy
Ref. D'Arcy, 1981: 1034.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Ancuash 584 (MO!)
Depts.: AM

Chrysochlamys micrantha Engler
Syn. *Tovomitopsis micrantha* (Engler) D'Arcy
Ref. D'Arcy, 1981: 1037.
Treelet. Andean I. 500-1500 m.
Voucher: Weberbauer 4658a* (B photo F!)
Depts.: LI

Chrysochlamys multiflora Poeppig
Shrub.
Voucher: Poeppig 1357* (W photo F!)
Depts.: Without full locality data.

Chrysochlamys pachypoda Planchon & Triana
Shrub.
Note: Known from Peru only from the type locality.
Voucher: Pavón s.n.* (G)

Chrysochlamys pavonii Planchon & Triana
Ref. Engler, 1923: 9.
Tree. Andean I-II. 1000-2000 m.
Voucher: Haenke s.n.* (B syntype), Ruiz & Pavón s.n.* (G syntype)
Depts.: LO

Chrysochlamys petiolaris Planchon & Triana =Chrysochlamys dependens Planchon & Triana

Chrysochlamys ulei Engler
Ref. Engler, 1923: 9.
Treelet. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Foster 9637 (MO!)
Depts.: LO, MD

Chrysochlamys weberbaueri Engler
Ref. Engler, 1923: 8.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Weberbauer 4658* (B photo F), Ancuash 224 (MO!)
Depts.: AM, HU, JU, LO, SM, UC

Clusia amazonica Planchon & Triana
Ref. Engler, 1878: 410.
Hemiepiphyte or liana. Amazonian: forests on white sand, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 9540 (MO!)
Depts.: LO, SM

Clusia axillaris Engler =Clusiella axillaris (Engler) Cuatrecasas
Ref. Cuatrecasas, 1950a: 61.

Clusia cajamarcensis Engler
Ref. Engler, 1923: 4.
Endemic shrub. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Syntypes Weberbauer 4103* (B) and Weberbauer 4158* (B)
Depts.: CA

Clusia carinata Engler
Ref. Engler, 1923: 3.
Endemic tree. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4629*
Depts.: LO

Clusia cassinioides Planchon & Triana
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (G)

Clusia columnaris Engler
Ref. Maguire, 1951: 57.
Hemiepiphyte or liana. Amazonian: forests on white sand. 0-500 m.
Voucher: Gentry *et al.* 56235 (MO!)
Depts.: LO

Clusia crenata Cuatrecasas
Ref. Cuatrecasas, 1950a: 42.
Tree or treelet. Andean II: forests. 2000-3000 m.
Voucher: Díaz 2744 (MO!)
Depts.: PI

Clusia decussata R. & P. ex Planchon & Triana
Hemiepiphyte, shrub or tree. Andean I-II: forests. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Stein 2163 (MO!)
Depts.: HU, SM

Clusia ducu Bentham
Tree. Andean II: forests. 1500-2000 m.
Voucher: Díaz 2008 (MO!)
Depts.: CA

Clusia ducuoides Engler
Ref. Engler, 1923: 3.
Hemiepiphyte or tree. Andean II: cloud forests. 1500-2500 m.
Voucher: Weberbauer 1996* (B photo F!), Sagástegui 10201 (MO!)
Depts.: AM, CA, JU, PA, PI, SM

Clusia elliptica Kunth
Hemiepiphyte or tree. Andean II: bogs, cloud forests, elfin forests. 2500-3500 m.
Voucher: Humboldt & Bonpland s.n.* (B photo F!), Smith 8059 (MO!)
Depts.: CA, PA, PI, SM

Clusia flaviflora Engler
Ref. Engler, 1923: 3.
Tree. Andean II: forests. 1500-3000 m.
Voucher: Weberbauer 1128* (B photo F!), Díaz 2605 (MO!)
Depts.: CA, PU,

Clusia fructiangusta Cuatrecasas
Ref. Maguire, 1978: 204; Hammel, 1986: 116.
Hemiepiphyte. Amazonian, Andean I-II: terra firme forests. 0-2000 m.
Voucher: Gentry 54520 (MO!)
Depts.: LO

Clusia glomerata Cuatrecasas
Ref. Cuatrecasas, 1950a: 41.
Hemiepiphyte or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Tunqui 621 (MO!)
Depts.: AM

Clusia grandiflora Splitgerber
Ref. Engler, 1878: 423.
Tree. Amazonian: forests. 0-500 m.
Voucher: McDaniel 18543 (MO!)
Depts.: LO

Clusia grandifolia Engler
Ref. Engler, 1878: 429.
Hemiepiphyte, liana, shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Díaz 1317 (MO!)
Depts.: LO, SM

Clusia haughtii Cuatrecasas
Ref. Cuatrecasas, 1950a: 39.
Hemiepiphyte or treelet. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Foster 8535 (MO!)
Depts.: JU, SM

Clusia laxiflora (Poeppig) Planchon & Triana
Hemiepiphyte or shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 1873* (W photo F!), Schunke 7301 (MO!)
Depts.: SM

Clusia leprantha C. Martius
Hemiepiphyte. Amazonian: forests. 0-500 m.
Voucher: Vásquez 8635 (MO!)
Depts.: LO

Clusia lineata (Bentham) Planchon & Triana
Syn. *Triplandron lineatum* Bentham
Ref. D'Arcy, 1981: 984; Hammel, 1986: 117.
Shrub or tree. Andean II: forests. 1500-2000 m.
Voucher: Gentry 61235 (MO!)
Depts.: CA

Clusia longistyla Cuatrecasas
Ref. Cuatrecasas, 1950a: 49.
Treelet. Andean II: forests. 2500-3000 m.
Voucher: Díaz 2896 (MO!)
Depts.: JU

Clusia loranthacea Planchon & Triana
Hemiepiphyte. Amazonian: forests. 0-500 m.
Voucher: Vásquez 9736 (MO!)
Depts.: LO

Clusia loretensis Engler
Ref. Engler, 1923: 5; Pipoly, pers. comm.
Endemic tree. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 4696* (B)
Depts.: LO, SM

Clusia microstemon Planchon & Triana
Ref. Maguire, 1951: 61.
Hemiepiphyte. Amazonian: forests on white sand. 0-500 m.
Voucher: Rimachi 1734 (MO!)
Depts.: LO

Clusia minor L.
Ref. Maguire, 1978b: 71; Hammel, 1986: 118.
Hemiepiphyte or tree. Amazonian: forests. 0-500 m.
Voucher: Stein *et al.* 3912 (MO!)
Depts.: SM, UC

Clusia multiflora Kunth
Ref. Maguire, 1978a: 207.
Tree. Andean II: elfin forests. 2500-3000 m.
Voucher: Gentry *et al.* 39969 (MO!)
Depts.: AM, PA

Clusia pavonii Planchon & Triana
Shrub or tree. Andean II: cloud forests, elfin forests, grasslands, shrublands. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (G), Dudley 10939 (MO!)
Depts.: AM, CU

Clusia peruviana Szyszylowicz
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Jelski 264* (B photo F!)
Depts.: CA

Clusia pseudo-havetia Planchon & Triana
Shrub. Andean I-II: forests. 1000-2000 m.
Voucher: Pavón s.n.* (G), Dwyer 6184 (MO!)
Depts.: HU

Clusia pseudochina Poeppig
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Poeppig s.n.* (W)
Depts.: Without full locality data.

Clusia pseudomangle Planchon & Triana
Ref. Engler, 1878: 410.
Endemic tree. Andean II: cloud forests. 1500-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4886* (G photo F!)
Depts.: SM

Clusia radicans Pavón ex Planchon & Triana
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (G)
Depts.: Without full locality data.

Clusia sandiensis Engler
Ref. Engler, 1923: 2.
Endemic tree. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 573
Depts.: PU

Clusia schultesii Maguire
Ref. Maguire, 1951: 65.
Tree. Andean II: forests. 2000-2500 m.
Voucher: Smith 2717 (MO!)
Depts.: PA

Clusia sphaerocarpa Planchon & Triana
Tree. Andean II: forests, shrublands. 2000-3000 m.
Voucher: Pavón s.n.* (G), López *et al.* 9043 (MO!)
Depts.: CA, HU, PA, PI

Clusia spruceana Planchon & Triana
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4197* (K)
Depts.: SM

Clusia tarmensis Engler
Ref. Engler, 1923: 5.
Endemic tree. Andean I: forests. 500-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1895* (B)
Depts.: JU

Clusia thurifera Planchon & Triana
Hemiepiphyte. Andean II: disturbed areas, forests. 2000-2500 m.
Voucher: Smith 5327 (MO!)
Depts.: PA, SM

Clusia trochiformis Engler
Hemiepiphyte or tree. Andean I-II: cloud

forests, disturbed areas. 1000-2000 m.
Voucher: Smith 5748 (MO!)
Depts.: CU, JU, PA, PU, SM

Clusia viscida Engler
Ref. Engler, 1878: 422.
Hemiepiphyte or tree. Amazonian: forests. 0-500 m.
Voucher: Dodson 3022 (MO!)
Depts.: LO

Clusia weberbaueri Engler
Ref. Engler, 1923: 4.
Hemiepiphyte or tree. Andean II: forests. 1500-2500 m.
Voucher: Weberbauer 1999* (B), Gentry *et al.* 45407 (MO!)
Depts.: JU, SM

Clusiella axillaris (Engler) Cuatrecasas
Syn. *Clusia axillaris* Engler
Ref. Cuatrecasas, 1950a: 61.
Hemiepiphyte or tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Encarnación 26132 (MO!)
Depts.: LO

Decaphalangium peruvianum Melchior
Hemiepiphyte or shrub. Amazonian: forests. 0-500 m.
Voucher: Pipoly *et al.* 12587 (MO!)
Depts.: LO

Dystovomita paniculata (J. D. Smith) Hammel
Syn. *Rheedia paniculata* J. D. Smith
Ref. Hammel, 1989: 927.
Tree. Andean I: disturbed areas. 500-1000 m.
Voucher: Smith 2680 (MO!)
Depts.: PA

Garcinia brasiliensis C. Martius
Syn. *Rheedia brasiliensis* (C. Martius) Planchon & Triana
Ref. Engler, 1878: 461.
Treelet. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Rimachi 3259 (MO!)
Depts.: LO, MD

Garcinia macrophylla C. Martius
Syn. *Rheedia benthamiana* Planchon & Triana, *Rheedia macrophylla* (C. Martius) Planchon & Triana
Ref. Hammel, 1989: 928.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 6678 (MO!)
Depts.: AM, LO, PA

Garcinia madruno (Kunth) Hammel
Syn. *Calophyllum madruno* Kunth, *Rheedia acuminata* (R. & P.) Planchon & Triana, *Verticillaria acuminata* R. & P.
Ref. Hammel, 1989: 928.
Shrub or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez 6334 (AMAZ, MO!)
Depts.: LO, MD, PA, SM, UC

Haploclathra paniculata (C. Martius) Bentham
Syn. *Caraipa paniculata* C. Martius
Ref. Lleras, 1972: 134.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez 9960 (AMAZ, MO!)
Depts.: LO

Havetia flavida Bentham =Havetiopsis flavida (Bentham) Planchon & Triana

Havetia flexilis (Planchon & Triana) Vesque =Havetiopsis flexilis Planchon & Triana
Ref. McDearman & McDaniel, 1981: 1000.

Havetia octandra Poeppig & Endlicher =Oedematopus octandrus (Poeppig & Endlicher) Planchon & Triana
Ref. Engler, 1878: 436.

Havetiopsis flavida (Bentham) Planchon & Triana
Syn. *Havetia flavida* Bentham
Hemiepiphyte, shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: McDaniel 19580 (MO!)
Depts.: AM, HU, LO

Havetiopsis flexilis Planchon & Triana
Syn. *Havetia flexilis* (Planchon & Triana) Vesque
Ref. McDearman & McDaniel, 1981: 1000.
Hemiepiphyte, shrub or tree. Amazonian, Andean I: bogs, forests on white sand, seasonally inundated areas, swamps. 0-1000 m.
Voucher: Knapp 7191 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM

Havetiopsis hippocrateoides Triana & Planchon
Endemic tree.
Voucher: Gay 1501 (P photo F!)
Depts.: CU, LO

Hypericum aciculare Kunth
Ref. Robson, 1987: 66.
Shrub. Andean II: bogs, forests, shrublands. 2000-3500 m.
Voucher: Sagástegui *et al.* 8253 (MO!)
Depts.: AM, CA, PI

Hypericum brevistylum Choisy
Syn. *Hypericum punense* Gleason
Ref. Robson, 1990: 100.
Herb. Andean II-III: grasslands, shrublands. 2000-4500 m.
Voucher: Dombey s.n..* (G-DC photo F), Smith *et al.* 8934 (MO!)
Depts.: AN, AP, AY, CU, HU, HV, JU, PU

Hypericum callacallanum N. Robson
Ref. Robson, 1990: 18.
Endemic shrub. Andean II-III: swamps. 3000-4000 m.
Voucher: Hutchison & Wright 7003* (K photo MO!), Wurdack 1230 (US)
Depts.: AM

Hypericum cassiopiforme N. Robson
Ref. Robson, 1987: 59.
Endemic shrub. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1355* (US)
Depts.: AM

Hypericum cayennense Jacquin =Vismia cayennensis (Jacquin) Persoon
Ref. Ewan, 1962: 325.

Hypericum decandrum Turczaninow
Syn. *Hypericum gnidioides* var. *polytrichoides* R. Keller
Ref. Robson, 1987: 59.
Shrub or subshrub. Andean II: grasslands, shrublands. 3000-3500 m.
Voucher: Bues 567 (US)
Depts.: AM

Hypericum gnidioides var. *polytrichoides* R. Keller =Hypericum decandrum Turczaninow
Ref. Robson, 1987: 59.

Hypericum laricifolium Jussieu
Syn. *Hypericum racemulosum* Turczaninow
Ref. Robson, 1987: 47.
Shrub, subshrub or tree. Andean II-III: cloud forests, shrublands. 2000-4500 m.
Voucher: Dombey s.n.* (P-JU), Ferreyra 15302 (MO!)
Depts.: AM, AN, CA, HU, LL, PA, PI, SM

Hypericum loxense Bentahm subsp. **loxense**
Ref. Robson, 1987: 45.
Shrub or subshrub. Andean II-III: rocky slopes. 2500-3000 m.
Voucher: Macbride 4525 (NY)
Depts.: CA, LL

Hypericum mutilum L. var. **mutilum**
Ref. Robson, 1990: 116.
Introduced aquatic or terrestrial herb. Andean I-II: bogs, riversides, seasonally inundated areas. 1000-2000 m.
Voucher: Klug 3493 (MO!)
Depts.: SM

Hypericum punense Gleason =Hypericum brevistylum Choisy
Ref. Robson, 1990: 100.

Hypericum racemulosum Turczaninow =Hypericum laricifolium Jussieu
Ref. Robson, 1987: 47.

Hypericum recurvum N. Robson
Ref. Robson, 1987: 68.
Endemic shrub. Andean II: bogs. 2500-3500 m.
Voucher: Wurdack 1303* (US), Foster 8992 (MO!)
Depts.: AM, PA

Hypericum silenoides Jussieu subsp. **silenoides**
Syn. *Hypericum uliginosum* var *scabriusculum* R. Keller

Ref. Robson, 1990: 88.
Herb. Andean I-III, Coastal: rocky slopes. 500-3000 m.
Voucher: Dombey s.n.* (P-JU), Sagástegui 8549 (MO!)
Depts.: AM, AN, AR, AY, CA, CU, HU, JU, LL, LI, PI, PU

Hypericum sprucei N. Robson
Ref. Robson, 1987: 65.
Shrub. Andean II: grasslands. 3000-3500 m.
Voucher: Weberbauer 6133 (F)
Depts.: PI

Hypericum struthiolifolium Jussieu
Syn. *Hypericum weberbaueri* R. Keller
Ref. Robson, 1987: 96.
Endemic shrub. Andean II-III: shrublands. 2500-4000 m.
Voucher: Dombey s.n.* (P-JU), Barbour 3230 (MO!)
Depts.: AM, CU, HU, JU, PA

Hypericum stuebelii Hieronymus ex R. Keller =Hypericum stuebelii Hieronymus
Ref. Robson, 1987: 58.

Hypericum stuebelii Hieronymus
Syn. *Hypericum stuebelii* Hieronymus ex R. Keller
Ref. Robson, 1987: 58.
Endemic shrub. Andean II: grasslands, shrublands. 2000-3500 m.
Voucher: Stubel 27 (B photo F), Wurdack 1353 (US)
Depts.: AM, SM

Hypericum uliginosum var. *scabriusculum* R. Keller =Hypericum silenoides subsp. silenoides
Ref. Robson, 1990: 87, 100.

Hypericum weberbaueri R. Keller =Hypericum struthiolifolium Jussieu
Ref. Robson, 1987: 97.

Hypericum wurdackii N. Robson
Ref. Robson, 1987: 69.
Endemic shrub. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1426* (K)
Depts.: AM

Kielmeyera peruviana N. Saddi
Ref. Saddi, 1984: 741.
Endemic tree. Andean I-II: terra firme forests. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3416* (MO!), Klug 3415 (K)
Depts.: SM

Mahurea duckei J. Huber =Mahurea exstipulata subsp. duckei (J. Huber) Kubitzki
Ref. Kubitzki, 1978: 138.

Mahurea exstipulata Bentham subsp. **duckei** (J. Huber) Kubitzki
Syn. *Mahurea duckei* J. Huber
Ref. Kubitzki, 1978: 138.
Shrub or tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 9774 (MO!)
Depts.: LO

Marialvea microcarpa Poeppig =Tovomita microcarpa (Poeppig) Walpers

Marila laxiflora Rusby
Ref. McDearman & McDaniel, 1981: 1008.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 3023 (MO!)
Depts.: AM, HU, LO, MD, PA, PU, SM

Marila nitida Spruce
Endemic tree. Andean I: forests. 1000-1500 m.
Voucher: Spruce 4332* (P photo F!), Klug 3755 (MO!)
Depts.: SM

Marila spiciformis McDearman & McDaniel
Ref. McDearman & McDaniel, 1985: 106.
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Hutchison & Wright 3705 (MO!)
Depts.: AM

Oedematopus congestiflorus Engler
Ref. Engler, 1923: 6.
Endemic tree. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 624* (B photo F!)
Depts.: PU

Oedematopus octandrus (Poeppig & Endlicher) Planchon & Triana
Syn. *Havetia octandra* Poeppig & Endlicher
Ref. Maguire, 1951: 68.
Hemiepiphyte. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez 6077 (MO!)
Depts.: LO

Oedematopus weberbaueri Engler
Ref. Engler, 1923: 6.
Tree. Andean I. 500-1000 m.
Voucher: Weberbauer 4526* (B)
Depts.: LO

Quapoya peruviana (Poeppig) Kuntze var. **peruviana**
Syn. *Rengifa peruviana* Poeppig
Ref. Maguire & Wurdack, 1961: 30.
Tree. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Poeppig s.n.* (G), Vásquez 1082 (MO!)
Depts.: AM, LO, PA

Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Foster & Wachter 7360 (MO!)
Depts.: AM, HU, LO, MD, PA, SM

Tovomitopsis membranacea (Planchon & Triana) D'Arcy =Chrysochlamys membranacea Planchon & Triana
Ref. D'Arcy, 1981: 1034.

Tovomitopsis membrillensis D'Arcy =Tovomita krukovii Smith
Ref. D'Arcy, 1981: 1036.

Tovomitopsis micrantha (Engler) D'Arcy =Chrysochlamys micrantha Engler
Ref. D'Arcy, 1981: 1037.

Tovomitopsis spruceana Engler
Ref. Engler, 1878: 458.
Endemic shrub. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4569* (K)
Depts.: SM

Triplandron lineatum Bentham =Clusia lineata (Bentham) Planchon & Triana
Ref. D'Arcy, 1981: 984.

Verticillaria acuminata R. & P. =Garcinia madruno (Kunth) Hammel
Ref. Hammel, 1989: 928.

Vismia amazonica Ewan
Ref. Ewan, 1962: 355.
Shrub, tree or treelet. Amazonian, Andean I: forests, shrublands. 0-1000 m.
Voucher: Killip & Smith 27378* (US), Vásquez 1453 (F, MO!)
Depts.: LO, SM

Vismia angusta Miquel
Ref. Ewan, 1962: 310.
Tree or treelet. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 133 (F)
Depts.: LO

Vismia baccifera (L.) Triana & Planchon subsp. **dealbata** (Kunth) Ewan
Syn. *Vismia dealbata* Kunth
Ref. Ewan, 1962: 334.
Tree. Andean I: forests. 500-1000 m.
Voucher: Gentry 44926 (MO!)
Depts.: SM

Vismia baccifera subsp. **subcuneata** (Huber) Ewan
Syn. *Vismia subcuneata* Huber
Ref. Ewan, 1962: 337.
Tree. Amazonian, Andean I-II: forests. 500-2000 m.
Voucher: Huber MG1479* (MG), Schunke A103 (US)
Depts.: JU, SM

Vismia buchtienii Ewan
Ref. Ewan, 1962: 353.
Shrub, tree or treelet. Andean I-II: forests. 500-2000 m.
Voucher: Williams 5954 (F)
Depts.: SM

Vismia cayennensis (Jacquin) Persoon
Syn. *Hypericum cayennense* Jacquin
Ref. Ewan, 1962: 325.
Shrub, tree or treelet. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Klug 3455 (MO!)
Depts.: LO, SM

Vismia confertiflora Spruce ex Reichardt
Ref. Ewan, 1962: 356.
Tree. Andean I: forests. 500-1000 m.
Voucher: Kayap 360 (MO!)
Depts.: AM

Vismia dealbata Kunth =Vismia baccifera subsp. dealbata (Kunth) Ewan
Ref. Ewan, 1962: 334.

Vismia glabra R. & P.
Ref. Ewan, 1962: 328.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Pavón s.n.* (G), Klug 3140 (MO!)
Depts.: HU, LO, SM

Vismia glabra subsp. *pozuzoensis* (Engler) Ewan =Vismia pozuzoensis Engler
Ref. Ewan, 1962: 329.

Vismia gracilis Hieronymus
Ref. Ewan, 1962: 357.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry 20783 (MO!)
Depts.: LO, MD

Vismia lateriflora Ducke
Ref. Ewan, 1962: 313.
Shrub, tree or treelet. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Killip & Smith 29689 (US)
Depts.: CU, HU, LO

Vismia macrophylla Kunth
Ref. Ewan, 1962: 307.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 17812 (MO!)
Depts.: LO

Vismia mandurr Hieronymus
Ref. Ewan, 1962: 339.
Shrub or tree. Andean I: forests. 2000-2500 m.
Voucher: Luteyn 5520 (MO!)
Depts.: AM

Vismia minutiflora Ewan
Ref. Ewan, 1962: 319.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests on white sand, seasonally inundated areas. 0-1000 m.
Voucher: Rimachi 4826 (MO!)
Depts.: CU

Vismia obtusa Spruce ex Reichardt
Ref. Ewan, 1962: 357.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 264 (F)
Depts.: LO

Vismia plicatifolia Hochreutiner
Ref. Ewan, 1962: 330.
Shrub. Amazonian: forests, shrublands. 0-500 m.
Voucher: Williams 7043 p.p. (F)
Depts.: SM

Vismia pozuzoensis Engler
Syn. *Vismia glabra* subsp. *pozuzoensis* (Engler) Ewan
Ref. Engler, 1923: 1; Ewan, 1962: 329.
Shrub or tree. Andean I-II: forests. 1000-2500 m.
Voucher: Esperto s.n.* (B photo F), Weberbauer 4515 (G)
Depts.: CA, HU, JU, MD, PA, SM

Vismia rusbyi Ewan
Ref. Ewan, 1962: 351.
Shrub, tree or treelet. Andean II: forests. 1500-3000 m.
Voucher: Woytkowski 7001 (MO!)
Depts.: HU, PU, SM

Vismia schultesii N. Robson
Ref. Robson, 1990: 410.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Ayala 468 (MO!)
Depts.: LO

Vismia sprucei Sprague
Ref. Ewan, 1962: 358.
Shrub or treelet. Amazonian, Andean I-II: forests on white sand. 0-2000 m.
Voucher: Knapp 7962 (MO!)
Depts.: HU, LO, SM

Vismia subcuneata Huber =Vismia baccifera subsp. subcuneata (Huber) Ewan
Ref. Ewan, 1962: 337.

Vismia tomentosa R. & P.
Ref. Ewan, 1962: 343.
Shrub, tree or treelet. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-2500 m.
Voucher: Pavón s.n.* (G), Woytkowski 5563 (MO!)
Depts.: HU, JU, LO, SM

Columelliaceae

1 genus and 4 species in Peru.

Endemic species: 2.

Prepared by L. Brako.

Columellia andrei J. F. Macbride =Columellia oblonga subsp. oblonga
Ref. FP 13(5C/1) 1961: 101; Fagerstrom, 1975: 5.
Note: Treated as a synonym of *C. lucida* by Brizicky (1961).

Columellia lucida Danguy & Chermenzon
Ref. FP 13(5C/1) 1961: 103; Fagerstrom, 1975: 5.
Shrub.
Voucher: Friedberg 240
Depts.: PI

Columellia mathewsii Briquet =Columellia oblonga subsp. oblonga
Ref. FP 13(5C/1) 1961: 101; Brizicky, 1961: 268; Fagerstrom, 1975: 4.

Columellia oblonga R. & P. subsp. **oblonga**
Syn. *Columellia andrei* J. F. Macbride, *Columellia mathewsii* Briquet
Ref. FP 13(5C/1) 1961: 101; Brizicky, 1961: 366; Fagerstrom, 1975: 4.
Shrub or tree. Andean II: forests. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (F), Ferreyra & Acleto 15314 (MO!, USM!)
Depts.: AM, AY, CU, HU

Columellia oblonga subsp. **sericea** (H.B.K.) Brizicky
Syn. *Columellia sericea* H.B.K.
Ref. FP 13(5C/1) 1961: 103; Brizicky, 1961: 368; Fagerstrom, 1975: 4.
Shrub or tree. Andean II: forests. 3000-3500 m.
Voucher: Díaz *et al.* 2660 (MO!)
Depts.: AM, CU, PI

Columellia obovata R. & P.
Ref. FP 13(5C/1) 1961: 102; Brizicky, 1961: 370.
Endemic shrub. Andean II-III: rocky slopes. 2500- > 4500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F), Sagástegui *et al.* 6469 (MO!)
Depts.: AN, AY, AP, CA, CU, HV, JU

Columellia sericea H.B.K. =Columellia oblonga subsp. sericea (H.B.K>) Brizicky
Ref. FP 13(5C/1) 1961: 101; Brizicky, 1961: 368; Fagerstrom, 1975: 4.

Columellia weberbaueri Schlechter
Ref. Schlechter, 1920: 14.
Endemic shrub. Andean II-III: rocky slopes. 3000-4000 m.
Note: Treated as a synonym of *C. obovata* by Brizicky (1961).
Voucher: Weberbauer 3241* (MO!, USM!), Núñez 7003 (MO!)
Depts.: AN, CU

Combretaceae

7 genera and 29 species in Peru.

Prepared by L. Brako; an earlier version reviewed by C. A. Stace (LTR).

Buchenavia amazonia Al-Mayah & Stace
Ref. Al-Mayah & Stace, 1989: 1127.
Tree. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: van der Werff 9944 (MO!)
Depts.: LO

Buchenavia grandis Ducke
Ref. Al-Mayah, 1983.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Jaramillo 56115 (MO!)
Depts.: LO, MD

Buchenavia macrophylla Spruce ex Eichler
Ref. FP 13(4/1) 1941: 228; Al-Mayah, 1983.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Spruce 2507*, Vásquez & Jaramillo 3171 (MO!)
Depts.: AM, LO, SM

Buchenavia oxycarpa C. Martius ex Eichler
Syn. *Buchenavia punctata* Spruce ex Eichler
Ref. FP 13(4/1) 1941: 229.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Spruce 4945* (K), Rimachi 2513 (MO!)
Depts.: LO, SM

Buchenavia pallidovirens Cuatrecasas
Ref. Al-Mayah, 1983.
Tree. Amazonian. 0-500 m.
Voucher: Ancuash 432 (US)
Depts.: AM, LO

Buchenavia parvifolia Ducke
Ref. Stace, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Arevalo 9013 (MO!)
Depts.: LO

Buchenavia punctata Spruce ex Eichler =Buchenavia oxycarpa C. Martius ex Eichler
Ref. FP 13(4/1) 1941: 229; Al-Mayah, 1983.

Buchenavia reticulata Eichler
Ref. Al-Mayah, 1983.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Spruce 3453*, Vásquez & Jaramillo 4627 (MO!)
Depts.: LO

Buchenavia sericocarpa Ducke
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 12014 (MO!)
Depts.: LO

Buchenavia tomentosa Eichler
Ref. Stace, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 10455 (MO!)
Depts.: UC

Buchenavia viridiflora Ducke
Ref. Al-Mayah, 1983.
Tree. Amazonian. 0-500 m.
Voucher: Rimachi 2304 (MO!)
Depts.: LO

[*Cacoucia coccinea* Aubl. =Combretum cacoucia (Baillon) Exell]
Ref. FP 13(4/1) 1941: 224; Exell, 1953: 124.
Note: Not known from Peru.

Chuncoa amazonica J.F. Gmelin =Terminalia amazonia (J.F. Gmelin) Exell
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Chuncoa oblonga (R. & P.) Persoon =Terminalia oblonga (R. & P.) Steudel
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Chuncoa obovata (R. & P.) Persoon =Terminalia amazonia (J.F. Gmelin) Exell
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Combretum assimile Eichler
Ref. FP 13(4/1) 1941: 223; Exell, 1953: 123.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Croat 20735 (MO!)
Depts.: AM, LO, MD, PA

Combretum aubletii DC. =Combretum rotundifolium Richard
Ref. FP 13(4/1) 1941: 226.

Combretum basslerianum Mildbraed =Combretum rotundifolium Richard
Ref. FP 13(4/1) 1941: 223; Stace, pers. comm.

[Combretum cacoucia (Baillon) Exell]
Syn. *Cacoucia coccinea* Aublet, *Terminalia cacoucia* Baillon, nom. illeg.
Ref. FP 13(4/1) 1941: 224.
Note: Not known from Peru.

Combretum fruticosum (Loefling) Stuntz
Syn. *Combretum loeflingii* Eichler, *Combretum oxypetalum* G. Don, *Combretum secundum* Jacquin, *Gaura fruticosa* Loefling (Onagraceae)
Ref. FP 13(4/1) 1941: 224; Exell, 1953: 117.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry *et al.* 38081 (MO!)
Depts.: HU, JU, LO, SM

Combretum gracile Schott =Thiloa gracilis (Schott) Eichler
Ref. Stace, pers. comm.

Combretum jacquinii Grisebach =Combretum laxum Jacquin
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 127.

Combretum laurifolium C. Martius
Ref. Stace, pers. comm.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3638 (MO!)
Depts.: LO

Combretum laxum Jacquin
Syn. *Combretum jacquinii* Grisebach, *Combretum obtusifolium* Richard, *Combretum odoratum* R. & P. ex G. Don, *Combretum puberum* Richard
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 126.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 2780 (MO!)
Depts.: LO, MD, SM, UC

Combretum llewelynii J. F. Macbride
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 124.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Williams 143* (F), Gentry & Revilla 20928 (MO!)
Depts.: LO

Combretum loeflingii Eichler =Combretum fruticosum (Loefling) Stuntz
Ref. FP 13(4/1) 1941: 224; Exell, 1953: 117.

Combretum obtusifolium Richard =Combretum laxum Jacquin
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 127.

Combretum odoratum R. & P. ex G. Don =Combretum laxum Jacquin
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 127.

Combretum oxypetalum G. Don =Combretum fruticosum (Loefling) Stuntz
Ref. FP 13(4/1) 1941: 224; Exell, 1953: 117.

Combretum pavonii G. Don
Ref. Stace, pers. comm.
Liana. Andean I, Coastal: disturbed areas. 0-1000 m.
Voucher: Díaz & Vásquez 3055 (MO!)
Depts.: TU

Combretum puberum Richard =Combretum laxum Jacquin
Ref. FP 13(4/1) 1941: 225; Exell, 1953: 126.

Combretum rotundifolium Richard
Syn. *Combretum aubletii* DC., *Combretum basslerianum* Mildbraed
Ref. FP 13(4/1) 1941: 226; Stace, pers. comm.
Vine. Amazonian: terra firme forests. 0-500 m.
Voucher: Tessman 3208* (G), Dodson & Torres 2987 (MO!)
Depts.: LO, SM

Combretum secundum Jacq. =Combretum fruticosum (Loefling) Stuntz
Ref. FP 13(4/1) 1941: 224.

Conocarpus erecta L.
Ref. Stace, pers. comm.
Tree. Coastal: mangrove. 0-500 m.
Voucher: Simpson & Schunke 606 (G)
Depts.: TU

Conocarpus racemosa L. =Laguncularia racemosa (L.) Gaertner f.
Ref. FP 13(4/1) 1941: 222.

Gimbernatea oblonga R. & P. =Terminalia oblonga (R. & P.) Steudel
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Gimbernatea obovata R. & P. =Terminalia amazonia (J.F. Gmelin) Exell
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Laguncularia racemosa (L.) Gaertner f.
Syn. *Conocarpus racemosa* L.
Ref. FP 13(4/1) 1941: 222; Stace, pers. comm.
Shrub or tree. Coastal; mangrove. 0-500 m.
Voucher: Weberbauer 7627*, Smith 10090 (MO!)
Depts.: TU

Quisqualis indica L.
Ref. FP 13(4/1) 1941: 221; Stace, pers. comm.
Cultivated shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Tessmann 3616
Depts.: LO

Terminalia amazonia (J.F. Gmelin) Exell
Syn. *Chuncoa amazonica* J.F. Gmelin, *Chuncoa obovata* (R. & P.) Persoon, *Gimbernatea obovata* R. & P., *Terminalia obovata* (R. & P.) Steudel
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.
Tree. Amazonian, Andean I-II: disturbed areas, forests. 0-3000 m.
Voucher: Ruiz & Pavón s.n.*, Woytkowski 5999 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Terminalia bucidioides Standley & Williams
Tree. Amazonian. 0-500 m.
Voucher: Ancuash 432 (MO!)
Depts.: AM

[*Terminalia cacoucia* Baillon, nom. illeg. =Combretum cacoucia (Baillon) Exell]
Ref. FP 13(4/1) 1941: 224; Exell, 1953: 124.
Note: Not known from Peru.

Terminalia catappa L.
Ref. FP 13(4/1) 1941: 226; Al-Mayah, 1983.
Cultivated tree. Amazonian. 0-500 m.
Voucher: Ferreyra 5999 (MO!)
Depts.: LO, TU

Terminalia dichotoma G. Meyer
Ref. Al-Mayah, 1983.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Croat 19616 (MO!)
Depts.: LO

Terminalia oblonga (R. & P.) Stuedel
Syn. *Chuncoa oblonga* (R. & P.) Persoon, *Gimbernatea oblonga* R. & P., *Terminalia tarapotensis* von Heurck & Muell. Arg.
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.
Tree. Amazonia, Andean I-II. 0-3000 m.
Voucher: Ruiz & Pavón s.n.*, Gentry *et al.* 40106 (MO!)
Depts.: AM, HU, JU, LO, MD, UC, SM

Terminalia obovata (R.&P.) Steudel =Terminalia amazonia (J.F. Gmelin) Exell
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Terminalia tarapotensis von Heurck & M. Arg. =Terminalia oblonga (R. & P.) Steudel
Ref. FP 13(4/1) 1941: 227; Al-Mayah, 1983.

Terminalia valverdae A. Gentry
Ref. Gentry, 1981: 234.
Tree. Andean I: forest. 500-1000 m.
Voucher: Gentry & Díaz 58220 (MO!)
Depts.: TU

Thiloa gracilis (Schott) Eichler
Syn. *Combretum gracile* Schott

Ref. Stace, pers. comm.
Vine.
Voucher: Gentry *et al.* 57794 (MO!)
Depts.: MD

Thiloa inundata Ducke
Vine. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry & Revilla 20838 (MO!)
Depts.: LO

Thiloa paraguariensis Eichler
Ref. Stace, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* (MO!)
Depts.: MD, LO

Commelinaceae

10 genera and 42 species in Peru.

Endemic species: 1.

Prepared by L. Brako; reviewed by R. B. Faden (US) and D. R. Hunt (K).

Aneilema ovato-oblongum P. Beauvois =Aneilema umbrosum subsp. ovato-oblongum (P. Beauvois) J. K. Morton
Ref. FP 13(1/3) 1936: 607.

Aneilema umbrosum (M. Vahl) Kunth subsp. **ovato-oblongum** (P. Beauvois) J. K. Morton
Syn. *Aneilema ovato-oblongum* P. Beauvois
Herb. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Núñez *et al.* 11482 (MO!)
Depts.: AM, LO, MD

Aploleia monandra (Swartz) H. Moore =Callisia monandra (Swartz) Schultes f.

Athyrocarpus mathewsii (C. B. Clarke) Kuntze =Commelina mathewsii (C. B. Clarke) Faden & D. R. Hunt
Ref. FP 13(1/3) 1936: 605; Faden & Hunt, 1987: 122.

Athyrocarpus persicariifolius (Delile) Hemsley =Commelina rufipes var. glabrata (D. Hunt) Faden & D. Hunt
Ref. FP 13(1/3) 1936: 606.

Athyrocarpus rufipes (Seubert) Standley =Commelina rufipes Seubert
Ref. FP 13(1/3) 1936: 606.

Callisia cordifolia (Swartz) E. S. Anderson & Woodson
Syn. *Phyodina cordifolia* (Swartz) Rohweder, *Tradescantia cordifolia* Swartz
Herb. Amazonian. 0-500 m.
Voucher: Foster 5628 (F!)
Depts.: LO, MD, SM

Callisia gracilis (H.B.K.) D. Hunt
Syn. *Tradescantia gracilis* H.B.K.
Ref. Faden, pers. comm.
Herb. Andean I. 500-1000 m.
Voucher: Vargas 7346 (US!)
Depts.: CU, HU, SM

Callisia monandra (Swartz) Schultes f.
Syn. *Aploleia monandra* (Swartz) H. Moore, *Tradescantia monandra* Swartz
Herb. Andean II: rocky slopes. 1500-2500 m.
Voucher: Sagástegui *et al.* 9317 (F!)
Depts.: CA, CU

Callisia repens L.
Ref. FP 13(1/3) 1936: 606.
Herb. Andean I-II: forests, rocky slopes. 500-3500 m.
Voucher: Schunke 6043 (NY!)
Depts.: AY, CA, CU, HU, HV, JU, LI, LL, SM

Campelia scandens Hasskarl =Tradescantia zanonia (L.) Swartz
Ref. Faden, pers. comm.

Campelia zanonia (L.) H.B.K. =Tradescantia zanonia (L.) Swartz
Ref. FP 13(1/3) 1936: 594.

Chamaeanthus wittianus Ule =Geogenanthus poeppigii (Miquel) Faden
Ref. FP 13(1/3) 1936: 608.

Commelina alpestris Standley & Steyermark =Commelina elliptica H.B.K.
Ref. Faden, pers. comm.

Commelina coelestis Willdenow =Commelina tuberosa L.
Ref. FP 13(1/3) 1936: 602; Faden, pers. comm.
Note: Treated by Hunt as a separate species (Hunt, pers. comm.).

[Commelina communis L.]
Ref. FP 13(1/3) 1936: 603; Faden, pers. comm.
Note: Not known from Peru.

Commelina diffusa Burman f.
Syn. *Commelina gracilis* R. & P., *Commelina longicaulis* Jacquin
Herb. Amazonian, Andean I-III, Coastal: forests, disturbed areas, riversides, seasonally inundated areas. 0-4000 m.
Voucher: Foster 9837 (NY!)
Depts.: AM, CA, CU, HU, JU, LA, LI, LO, MD, PA, SM, TU

Commelina elegans H.B.K. =Commelina erecta L.
Ref. FP 13(1/3) 1936: 603.

Commelina elliptica H.B.K.
Syn. *Commelina alpestris* Standley & Steyermark
Ref. Faden, pers. comm.
Herb. Andean III. 3500-4000 m.
Voucher: Fernández 3772 (US!)
Depts.: PU

Commelina erecta L.
Syn. *Commelina elegans* H.B.K.
Herb. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Smith *et al.* 615 (NY!)
Depts.: AM, AN, CU, HU, HV, JU, LO, SM, TU

Commelina fasciculata R. & P.
Syn. *Commelina nervosa* R. & P.
Ref. FP 13(1/3) 1936: 603.
Herb. Andean I-II, Coastal: lomas, riversides, rocky slopes. 0-3500 m.
Voucher: Sagástegui 7604 (NY!)
Depts.: AN, AP, AR, CA, CU, HU, HV, JU, LI, LL, PI, PU

Commelina gracilis R. & P. =Commelina diffusa Burman f.
Ref. FP 13(1/3) 1936: 604.

Commelina graminiflora H.B.K. =Commelina tuberosa L.
Ref. FP 13(1/3) 1936: 604; Faden, pers. comm.
Note: Treated by Hunt as a separate species (Hunt, pers. comm.).

Commelina hexandra Aublet =Dichorisandra hexandra (Aublet) Standley
Ref. FP 13(1/3) 1936: 599.

Commelina hispida R. & P.
Ref. FP 13(1/3) 1936: 604.
Herb. Andean I-II, Coastal: lomas, rocky slopes, swamps, terra firme forests. 0-3000 m.
Voucher: Schunke 5233 (NY!)
Depts.: AR, HU, JU, LI, LL, PI

Commelina jamesonii C. B. Clarke
Ref. FP 13(1/3) 1936: 604.
Herb. Andean I: forests. 500-1000 m.
Voucher: Killip & Smith 22824 (NY!)
Depts.: AM, AY

Commelina longicaulis Jacquin =Commelina diffusa Burman f.
Ref. FP 13(1/3) 1936: 604.

Commelina mathewsii (C. B. Clarke) Faden & D. R. Hunt
Syn. *Athyrocarpus mathewsii* (C. B. Clarke) Kuntze, *Phaeosphaerion mathewsii* C. B. Clarke
Ref. Faden & Hunt, 1987: 122.
Herb.
Note: Known from Peru only from the type locality.
Voucher: Mathews 148* (K)
Depts.: Without full locality data.

[Commelina monticola Seubert]
Ref. FP 13(1/3) 1936: 605; Faden, pers. comm.
Note: Not known from Peru.

Commelina nervosa R. & P. =Commelina fasciculata R. & P.
Ref. FP 13(1/3) 1936: 603.

Commelina obliqua M. Vahl
Syn. *Commelina robusta* Kunth, *Phaeosphaerion persicariifolium* var. *scabratum* C. B. Clarke

Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Klug 3214 (F!)
Depts.: CU, LO, SM

Commelina persicariifolia Delile =Commelina rufipes var. glabrata (D. Hunt) Faden & D. Hunt
Ref. FP 13(1/3) 1936: 606.

Commelina robusta Kunth =Commelina obliqua M. Vahl

Commelina rufipes Seubert var. **glabrata** (D. Hunt) Faden & D. Hunt
Syn. *Athyrocarpus persicariifolius* (Delile) Hemsley, *Commelina persicariifolia* Delile, *Commelinopsis glabrata* D. Hunt
Herb. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1500 m.
Voucher: Schunke 1860 (US)
Depts.: HU, LO, SM

Commelina rufipes var. **rufipes**
Syn. *Athyrocarpus rufipes* (Seubert) Standley
Ref. FP 13(1/3) 1936: 606.
Liana. Amazonian, Andean I. 0-1000 m.
Voucher: Vásquez & Jaramillo 5103 (NY!)
Depts.: HU, LO, SM

Commelina serrulata M. Vahl =Tripogandra serrulata (M. Vahl) Handlos
Ref. Handlos, 1975: 301.

Commelina tuberosa L.
Syn. *Commelina coelestis* Willdenow, *Commelina graminiflora* H.B.K.
Ref. FP 13(1/3) 1936: 605.
Herb. Andean II-III: rocky slopes. 2000-4000 m.
Voucher: Mostacero *et al.* 1831 (F!)
Depts.: AN, CU, HU, JU, LI

Commelina zanonia L. =Tradescantia zanonia (L.) Swartz
Ref. FP 13(1/3) 1936: 594.

Commelinopsis glabrata D. Hunt =Commelina rufipes var. glabrata (D. Hunt) Faden & D. Hunt

Descantaria cumanensis (Kunth) Schlechtendal ex Brueckner =Tripogandra multiflora (Swartz) Raf.
Ref. FP 13(1/3) 1936: 596; Handlos, 1975: 280.

Descantaria elongata Brueckner =Tripogandra serrulata (M. Vahl) Handlos
Ref. FP 13(1/3) 1936: 596; Handlos, 1975: 302.

Descantaria encolea (Diels) Brueckner =Tripogandra encolea (Diel) J. F. Macbride
Ref. FP 13(1/3) 1936: 597; Handlos, 1975: 263.

Descantaria ionantha (Diels) Brueckner =Tripogandra ionantha (Diels) J. F. Macbride
Ref. FP 13(1/3) 1936: 597; Handlos, 1975: 280; Hunt, pers. comm.

Dichorisandra aubletiana Schultes f. =Dichorisandra hexandra (Aublet) Standley
Ref. FP 13(1/3) 1936: 599.

Dichorisandra hexandra (Aublet) Standley
Syn. *Commelina hexandra* Aublet, *Dichorisandra aubletiana* Schultes f.
Ref. FP 13(1/3) 1936: 599.
Herb or vine. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Gentry *et al.* 25439 (F!)
Depts.: AM, CU, HU, JU, LO, MD, PU, SM, UC

Dichorisandra inaequalis C. Presl
Ref. FP 13(1/3) 1936: 599.
Vine. Amazonian. 0-500 m.
Note: Probably a synonym of *D. hexandra* (Faden, pers. comm.).
Voucher: Schunke 2939 (F!)
Depts.: HU, PU

Dichorisandra longifolia Ule, nom. illeg. =Dichorisandra ulei J. F. Macbride
Ref. FP 13(1/3) 1936: 599.

Dichorisandra mosaica Linden ex Koch
Ref. Faden, pers. comm.; Hunt, pers. comm.
Note: Not reconfirmed. According to Hunt (pers. comm.), the type is listed from Maynas, "Brazil", which he assumes is Amazonas, Peru.

Dichorisandra reginae (L. Linden & Rodigas) W. Ludwig
Syn. *Tradescantia reginae* L. Linden & Rodigas, *Tradescantia superba* L. Linden & Rodigas
Ref. Faden, pers. comm.
Note: This name is of uncertain application because it was based on sterile material.

Dichorisandra thyrsiflora Mikan
Cultivated herb. Amazonian, Andean I, Coastal: disturbed areas. 0-1000 m.
Voucher: Plowman 10978 (F!)
Depts.: LI, SM

Dichorisandra ulei J. F. Macbride
Syn. *Dichorisandra longifolia* Ule, nom. illeg.
Ref. FP 13(1/3) 1936: 599.
Herb. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 11939 (MO!)
Depts.: CA, LO, SM

Dichorisandra undata C. Koch & Linden =Geogenanthus poeppigii (Miquel) Faden
Ref. FP 13(1/3) 1936: 608.

[Dichorisandra villosula C. Martius]
Ref. FP 13(1/3) 1936: 600.
Note: Not known from Peru. According to Faden (pers. comm.), this taxon is endemic to Brazil and the specimens cited in the Flora of Peru are *D. hexandra.*

Dithyrocarpus robustus Seubert =Floscopa robusta var. robusta
Ref. FP 13(1/3) 1936: 601.

Floscopa elegans Huber
Ref. FP 13(1/3) 1936: 601.
Herb. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 12384 (MO!)
Depts.: AM, LO, HU, MD

Floscopa peruviana Hasskarl ex C. B. Clarke
Ref. FP 13(1/3) 1936: 600.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Lechler 2467*, Vásquez & Jaramillo 11471 (MO!)
Depts.: CU, HU, LO, MD, PA, PU, SM, UC

Floscopa robusta (Seubert) C. B. Clarke var. **robusta**
Syn. *Dithyrocarpus robustus* Seubert
Ref. FP 13(1/3) 1936: 601.
Herb. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Schunke 11641 (F!)
Depts.: AM, HU, JU, LO, PU, SM

Floscopa robusta var. **sprucei** C. B. Clarke
Ref. Faden, pers. comm.
Herb. Andean I. 500-1000 m.
Voucher: Schunke 10166 (US!)
Depts.: HU, SM

Geogenanthus ciliatus Brueckner
Ref. FP 13(1/3) 1936: 607.
Herb. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29347* (F!), Lewis *et al.* 12837 (USM!)
Depts.: LO

Geogenanthus poeppigii (Miquel) Faden
Syn. *Chamaeanthus wittianus* Ule, *Dichorisandra undata* C. Koch & Linden, *Geogenanthus undatus* (C. Koch & Linden) Mildbraed & Strauss, *Peperomia poeppigii* Miquel (Piperaceae)
Ref. Faden, 1981: 35.
Note: Not reconfirmed.

Geogenanthus rhizanthus (Ule) Brueckner
Syn. *Pyrrheina rhizantha* Ule
Ref. FP 13(1/3) 1936: 607.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 7626 (USM!)
Depts.: LO, SM

Geogenanthus undatus (C. Koch & Linden) Mildbraed & Strauss =Geogenanthus poeppigii (Miquel) Faden
Ref. FP 13(1/3) 1936: 608; Faden, 1981: 35.

Gibasis geniculata (Jacquin) Rohweder
Syn. *Tradescantia geniculata* Jacquin
Ref. Hunt, 1986: 117; Hunt, pers. comm.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 3587 (F!)
Depts.: CU, HU, JU, SM, UC

Phaeosphaerion mathewsii C. B. Clarke =Commelina mathewsii (C. B. Clarke) Faden & D. R. Hunt
Ref. FP 13(1/3) 1936: 605; Faden & Hunt, 1987: 122.

Phaeosphaerion persicariifolium C. B. Clarke var. *scabratum* C. B. Clarke =Commelina obliqua M. Vahl
Ref. FP 13(1/3) 1936: 606.

Phyodina cordifolia (Swartz) Rohweder =Callisia cordifolia (Swartz) E. S. Anderson & Woodson

Pyrrheima rhizantha Ule =Geogenanthus rhizanthus (Ule) Brueckner
Ref. FP 13(1/3) 1936: 607.

Rhoeo discolor (L'Héritier) Hance ex Walpers =Tradescantia spathacea Swartz
Ref. Faden, pers. comm.

Rhoeo spathacea (Swartz) Stearn =Tradescantia spathacea Swartz
Ref. Faden, pers. comm.

Setcreasea pallida Rose =Tradescantia pallida (Rose) D. Hunt

Tinantia erecta (Jacquin) Schlechtendal
Syn. *Tradescantia erecta* Jacquin, *Tradescantia latifolia* R. & P.
Ref. FP 13(1/3) 1936: 601.
Herb. Andean I-II, Coastal: forests, lomas. 0-2500 m.
Voucher: Sánchez 2374 (F!)
Depts.: AY, CA, CU, HU, LI

Tinantia standleyi Steyermark
Herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Núñez 8945 (F!)
Depts.: CU

Tradescantia ambigua C. Martius ex Schultes f.
Ref. FP 13(1/3) 1936: 595.
Herb. Andean II: riversides. 2000-2500 m.
Voucher: Weberbauer 6495 (F!, MOL!)
Depts.: AP, HV

Tradescantia cordifolia Swartz =Callisia cordifolia (Swartz) E. S. Anderson & Woodson
Ref. FP 13(1/3) 1936: 596.

Tradescantia cumanensis Kunth =Tripogandra multiflora (Swartz) Raf.
Ref. FP 13(1/3) 1936: 596; Handlos, 1975: 280.

Tradescantia cymbispatha C. B. Clarke
Ref. FP 13(1/3) 1936: 596.
Herb. Andean II: terra firme forests. 2000-3500 m.
Voucher: Vargas 778 (F!)
Depts.: AP, CU, HU, JU, LI, PU

Tradescantia elongata G. Meyer =Tripogandra serrulata (M. Vahl) Handlos
Ref. FP 13(1/3) 1936: 596; Handlos, 1975: 301.

Tradescantia encolea Diels =Tripogandra encolea (Diel) J. F. Macbride
Ref. FP 13(1/3) 1936: 597; Handlos, 1975: 263.

Tradescantia erecta Jacquin =Tinantia erecta (Jacquin) Schlechtendal
Ref. FP 13(1/3) 1936: 601.

Tradescantia geniculata Jacquin =Gibasis geniculata (Jacquin) Rohweder
Ref. FP 13(1/3) 1936: 597; Hunt, 1986: 118.

Tradescantia gracilis H.B.K. =Callisia gracilis (H.B.K.) D. Hunt
Ref. FP 13(1/3) 1936: 597; Faden, pers. comm.

Tradescantia ionantha Diels =Tripogandra ionantha (Diels) J. F. Macbride
Ref. FP 13(1/3) 1936: 597; Handlos, 1975: 280; Hunt, pers. comm.

Tradescantia latifolia R. & P. =Tinantia erecta (Jacquin) Schlechtendal
Ref. FP 13(1/3) 1936: 601.

Tradescantia monandra Swartz =Callisia monandra (Swartz) Schultes f.

Tradescantia multiflora Swartz =Tripogandra multiflora (Swartz) Raf.
Ref. Handlos, 1975: 279.

[Tradescantia navicularis Ortgies]
Ref. FP 13(1/3) 1936: 598.
Note: Not known from Peru.

Tradescantia pallida (Rose) D. Hunt
Syn. *Setcreasea pallida* Rose
Cultivated herb. Coastal: disturbed areas. 0-500 m.
Voucher: Plowman 10972 (F!, USM!)
Depts.: LI

Tradescantia parviflora R. & P. =Tripogandra multiflora (Swartz) Raf.
Ref. FP 13(1/3) 1936: 598; Handlos, 1975: 279; Hunt, pers. comm.

Tradescantia reginae L. Linden & Rodigas =Dichorisandra reginae (L. Linden & Rodigas) W. Ludwig
Ref. Faden, pers. comm.

Tradescantia spathacea Swartz
Syn. *Rhoeo discolor* (L'Héritier) Hance ex Walpers, *Rhoeo spathacea* (Swartz) Stearn
Herb. Amazonian. 0-500 m.
Voucher: Killip & Smith 29228 (US)
Depts.: LO

Tradescantia superba L. Linden & Rodigas =Dichorisandra reginae (L. Linden & Rodigas) W. Ludwig
Ref. Hunt, pers. comm.

Tradescantia venezuelensis Steyermark
Ref. Faden, pers. comm.
Herb. Andean II. 1500-2500 m.
Voucher: Sagástegui 9321 (US!)
Depts.: CA

Tradescantia zanonia (L.) Swartz
Syn. *Campelia scandens* Hasskarl, *Campelia zanonia* (L.) H.B.K., *Commelina zanonia* L.
Herb. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Schunke 12468 (NY!)
Depts.: AM, AY, CU, HU, JU, LO, MD, SM

Tradescantia zebrina Hort. ex Bosse
Syn. *Zebrina pendula* Schnizlein
Ref. Faden, pers. comm.
Herb. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 12076 (MO!)
Depts.: HU, LO, MD

Tripogandra encolea (Diel) J. F. Macbride
Syn. *Descantaria encolea* (Diels) Brueckner, *Tradescantia encolea* Diels
Ref. Handlos, 1975: 262.
Herb. Andean II: rocky slopes. 1500-2500 m.
Voucher: Weberbauer 3855* (B, MOL!), Sagástegui 9319 (F!)
Depts.: CA, LI, LL

Tripogandra glandulosa (Seubert) Rohweder
Syn. *Tripogandra glandulosa* Seubert
Ref. Faden, pers. comm.
Cultivated herb. Amazonian. 0-500 m.
Voucher: Rimachi 5854 (US!)
Depts.: LO

Tripogandra glandulosa Seubert =Tripogandra glandulosa (Seubert) Rohweder
Ref. Faden, pers. comm.

Tripogandra ionantha (Diels) J. F. Macbride
Syn. *Descantaria ionantha* (Diels) Brueckner, *Tradescantia ionantha* Diels
Ref. Handlos, 1975: 280; Hunt, pers. comm.
Endemic herb. Andean II. 2000-2500 m.
Note: Hunt (pers. comm.) prefers to recognize this taxon as distinct from *T. multiflora*.
Voucher: Weberbauer 588 (B)
Depts.: PU

Tripogandra multiflora (Swartz) Raf.
Syn. *Descantaria cumanensis* (Kunth) Schlechtendal ex Brueckner, *Tradescantia cumanensis* Kunth, *Tradescantia multiflora* Swartz, *Tradescantia parviflora* R. & P.
Ref. Handlos, 1975: 279.
Herb. Amazonian, Andean I-II. 0-2500 m.
Voucher: Williams 5795 (F!)
Depts.: CU, HU, LI, PU, SM

Tripogandra serrulata (M. Vahl) Handlos
Syn. *Commelina serrulata* M. Vahl, *Descantaria elongata* Brueckner, *Tradescantia elongata* G. Meyer
Ref. Handlos, 1975: 301.
Herb. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Plowman & Schunke 7508 (F!)
Depts.: AM, HU, JU, LO, SM, TU, UC

Zebrina pendula Schnizlein =Tradescantia zebrina Hort. ex Bosse
Ref. FP 13(1/3) 1936: 608; Faden, pers. comm.

Connaraceae

3 genera and 17 species in Peru.

Endemic species: 4.

Prepared by L. Brako; reviewed by E. Forero (NY).

Bernardinia agelaeoides Schellenberg =Pseudoconnarus agelaeoides (Schellenberg) Forero
Ref. FP 13(2/3) 1938: 1120; Forero, 1983: 131.

Connarus bracteoso-villosus Forero
Ref. Forero, 1983: 82.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 2040* (F!)
Depts.: HU

[Connarus coriaceus Schellenberg]
Ref. Forero, 1983: 83; Forero, pers. comm.
Note: Not known from Peru.

Connarus elsae Forero
Ref. Forero, 1983: 87.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Plowman 6017* (F!), Klug 3855 (MO!)
Depts.: SM

Connarus erianthus Bentham ex Baker var. **erianthus**
Ref. Forero, 1983: 50.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Croat 20754 (MO!)
Depts.: LO, UC

Connarus fasciculatus (DC.) Planchon subsp. **pachyneurus** (Radlkofer) Forero
Syn. *Connarus klugii* Standley, *Connarus pachyneurus* Radlkofer
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 54.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Croat 18718 (MO!)
Depts.: LO

Connarus klugii Standley =Connarus fasciculatus subsp. pachyneurus (Radlkofer) Forero
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 54.

Connarus macrophyllus Poeppig =Pseudoconnarus macrophyllus (Poeppig) Radlkofer
Ref. Forero, 1983: 133.

[Connarus martii Schellenberg]
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 97.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Forero (1983: 105) as *C. punctatus*.

Connarus pachyneurus Radlkofer =Connarus fasciculatus subsp. pachyneurus (Radlkofer) Forero
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 54.

[Connarus patrisii (DC.) Planchon]
Syn. *Omphalobium patrisii* DC.
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 62.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Forero (1983: 87, 105) as *C. elsae* and *C. punctatus*.

Connarus punctatus Planchon
Ref. Forero, 1983: 105.
Shrub or vine. Amazonian: forests. 0-500 m.
Voucher: Klug 2366 (MO!)
Depts.: HU, LO, MD, SM

Connarus ruber (Poeppig) Planchon var. **sprucei** (Baker) Forero
Syn. *Connarus sprucei* Baker
Ref. FP 13(2/3) 1938: 1125; Forero, 1983: 116.
Liana. Amazonian: forests. 0-500 m.
Voucher: Croat 20017 (MO!)
Depts.: LO

Connarus sprucei Baker =Connarus ruber var. sprucei (Baker) Forero
Ref. FP 13(2/3) 1938: 1125; Forero, 1983: 116.

Connarus wurdackii Prance
Ref. Forero, 1983: 75.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Wurdack 2383* (NY!), Díaz *et al.* 1104 (MO!)
Depts.: AM, LO

[*Omphalobium patrisii* DC. =Connarus patrisii (DC.) Planchon]
Ref. FP 13(2/3) 1938: 1124; Forero, 1983: 62.
Note: Not known from Peru.

Pseudoconnarus agelaeoides (Schellenberg) Forero
Syn. *Bernardinia agelaeoides* Schellenberg
Ref. FP 13(2/3) 1938: 1120; Forero, 1983: 131.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Klug 1986* (NY!), Gentry *et al.* 29271 (MO!)
Depts.: LO

Pseudoconnarus macrophyllus (Poeppig) Radlkofer
Syn. *Connarus macrophyllus* Poeppig
Ref. Forero, 1983: 133.
Vine. Amazonian: forests. 0-500 m.
Voucher: Klug 793 (US!)
Depts.: LO, MD, PA

Pseudoconnarus reticulatus Schellenberg =Pseudoconnarus rhynchosioides (Standley) Prance
Ref. FP 13(2/3) 1938: 1120; Forero, 1983: 136.

Pseudoconnarus rhynchosioides (Standley) Prance
Syn. *Pseudoconnarus reticulatus* Schellenberg, *Rourea rhynchosioides* Standley
Ref. Forero, 1983: 136.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 578* (F!), Ducke RB 19743 (RB)
Depts.: LO

Rourea accrescens Forero
Ref. Forero, 1983: 142.
Vine. Amazonian: forests. 0-500 m.
Voucher: Dodson & Torres 2923 (MO!)
Depts.: AM, LO

Rourea amazonica Huber, nom. illeg. =Rourea amazonica (Baker) Radlkofer
Ref. Forero, 1983: 145.

Rourea amazonica (Baker) Radlkofer
Syn. *Rourea amazonica* Huber, nom. illeg., *Rourea glabra* var. *amazonica* Baker
Ref. FP 13(2/3) 1938: 1121; Forero, 1983: 145.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Woytkowski 6278 (MO!)
Depts.: HU, LO, MD
Note: The Flora of Peru uses the incorrect author citation "*R. amazonica* Baker."

Rourea camptoneura Radlkofer
Ref. FP 13(2/3) 1938: 1122; Forero, 1983: 146.
Shrub or vine. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 46135 (MO!)
Depts.: LO, MD

[Rourea cuspidata Bentham ex Baker var. cuspidata]
Ref. FP 13(2/3) 1938: 1122; Forero, 1983: 148.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Forero (1983) as *R. cuspidata* var. *densiflora*.

Rourea cuspidata var. **densiflora** (Steyermark) Forero
Syn. *Rourea densiflora* Steyermark
Ref. Forero, 1983: 149.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 796* (F!), Gentry *et al.* 21120 (MO!)
Depts.: LO

Rourea cuspidata var. **pedicellata** Baker
Ref. Forero, 1983: 150.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry 30024 (MO!)
Depts.: LO

Rourea densiflora Steyermark =Rourea cuspidata var. densiflora (Steyermark) Forero
Ref. FP 13(2/3) 1938: 1122; Forero, 1983: 149.

Rourea glabra H.B.K. var. *amazonica* Baker =Rourea amazonica (Baker) Radlkofer
Ref. Forero, 1983: 145.

Rourea krukovii Steyermark
Ref. Forero, 1983: 168.
Vine. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 22465 (MO!)
Depts.: LO

Rourea omissa Forero
Ref. Forero, 1983: 159.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Tessman 5421* (NY!), Schunke 6330 (F!)
Depts.: LO, SM

Rourea puberula Baker
Ref. FP 13(2/3) 1938: 1123; Forero, 1983: 160.
Shrub or vine. Amazonian: forests. 0-500 m.
Voucher: Gentry & Ayala 12698 (MO!)
Depts.: LO

Rourea rhynchosioides Standley =Pseudoconnarus rhynchosioides (Standley) Prance
Ref. FP 13(2/3) 1938: 1123; Forero, 1983: 136.

Convolvulaceae

18 genera and 151 species in Peru.

Endemic species: 21.

Prepared by G. McPherson (MO); reviewed by D. Austin (FAU).

Aniseia martinicensis (Jacquin) Choisy
Syn. *Aniseia uniflora* (Burman f.) Choisy, *Convolvulus martinicensis* Jacquin, *Convolvulus uniflorus* Burman f., *Ipomoea martinicensis* (Jacquin) G. Meyer, *Ipomoea uniflora* (Burman f.) Roemer & Schultes
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.
Herb or vine. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 28808 (MO!)
Depts.: LO

Aniseia uniflora (Burman f.) Choisy =Aniseia martinicensis (Jacquin) Choisy
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.

Batatas quinquefolia (L.) Choisy =Merremia quinquefolia (L.) Hallier f.
Ref. Austin, 1982: 86.

Bonamia peruviana van Ooststroom
Ref. FP 13(5/1) 1959: 477.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 232* (F), Lleras 17123 (MO!)
Depts.: LO

Calonyction aculeatum (L.) House =Ipomoea alba L.
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 35; Austin, 1985: 29.

Calonyction clavatum G. Don =Ipomoea clavata (G. Don) van Ooststroom
Ref. FP 13(5/1) 1959: 490; Austin, 1985: 31.

Calonyction pteripes G. Don =Operculina pteripes (G. Don) O'Donnell
Ref. FP 13(5/1) 1959: 479.

Calycobolus sericeus (H.B.K.) House
Syn. *Dufourea sericea* H.B.K., *Prevostea sericea* (H.B.K.) Choisy
Ref. FP 13(5/1) 1959: 478.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Gentry 58615 (MO!)
Depts.: HU, LO, UC

Calystegia sepium (L.) R. Brown
Syn. *Convolvulus sepium* L.
Ref. FP 13(5/1) 1959: 525.
Introduced vine. Coastal: disturbed areas, swamps. 0-500 m.
Voucher: Goodspeed 11341 (MO!)
Depts.: LI

Calystegia setifera Meissner =Ipomoea setifera Poiret
Ref. FP 13(5/1) 1959: 506.

Convolvulus aculeatus L. =Ipomoea alba L.
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 35; Austin, 1985: 29.

Convolvulus agrestis C. Martius ex Choisy =Jacquemontia agrestis (C. Martius ex Choisy) Meissner

Convolvulus alatus Hamilton =Operculina hamiltonii (G. Don) Austin & Staples
Ref. Austin, 1983: 487.

Convolvulus alsinoides L. =Evolvulus alsinoides L.
Ref. FP 13(5/1) 1959: 460.

Convolvulus apocynoides Schlechtendal & Chamisso =Jacquemontia sphaerostigma (Cavanilles) Rusby
Ref. FP 13(5/1) 1959: 516.

Convolvulus aristolochiifolius H.B.K. =Ipomoea aristolochiifolia (H.B.K.) G. Don
Ref. Austin, 1982: 38; Austin, 1985: 29.

Convolvulus arvensis L.
Ref. FP 13(5/1) 1959: 522.
Introduced vine. Coastal: disturbed areas. 0-1000 m.
Voucher: Vargas 116 (F)
Depts.: LI, PU

Convolvulus asarifolius Desrousseaux =Ipomoea asarifolia (Desrousseaux) Roemer & Schultes
Ref. FP 13(5/1) 1959: 487; Austin, 1982: 39; Austin, 1985: 30.

Convolvulus azurens Richard =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 519.

Convolvulus batatas L. =Ipomoea batatas (L.) Lamarck
Ref. FP 13(5/1) 1959: 487.

Convolvulus cairicus L. =Ipomoea cairica (L.) Sweet
Ref. Austin, 1982: 42; Austin *et al.*, 1986: 92.

Convolvulus ciliatus M. Vahl =Jacquemontia tamnifolia (L.) Grisebach
Ref. FP 13(5/1) 1959: 520.

Convolvulus cissoides Lamarck =Merremia cissoides (Lamarck) Hallier f.
Ref. FP 13(5/1) 1959: 489.

Convolvulus corymbosus L. =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 476; Austin & Staples, 1991: 273.

Convolvulus crenatifolius R. & P.
Syn. *Convolvulus crenatifolius* var. *peruviana* Hallier f.
Ref. FP 13(5/1) 1959: 523.
Vine. Andean II. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Núñez 7273 (MO!)
Depts.: CU, HU, JU, LI, LL, MO

Convolvulus crenatifolius var. *peruviana* Hallier f. =Convolvulus crenatifolius R. & P.
Ref. FP 13(5/1) 1959: 523.

Convolvulus crenatus Jacquin =Convolvulus hermanniae L'Héritier
Ref. FP 13(5/1) 1959: 523.

Convolvulus cymosus R. & P. =Ipomoea ramosissima (Poiret) Choisy
Ref. FP 13(5/1) 1959: 505.

[*Convolvulus dissectus* Jacquin =Merremia dissecta (Jacquin) Hallier f.]
Ref. FP 13(5/1) 1959: 509; Austin, 1979: 219.
Note: Not known from Peru.

Convolvulus dumentorum H.B.K. =Ipomoea dumetorum (H.B.K.) Willdenow ex Roemer & Schultes
Ref. Austin, 1982: 48; Austin, 1985: 32.

Convolvulus floribundus H.B.K. =Jacquemontia floribunda (H.B.K.) Hallier f.
Ref. FP 13(5/1) 1959: 515; Austin, 1982: 77.

Convolvulus glaber Aublet =Merremia macrocalyx (R. & P.) O'Donell
Ref. Austin, 1982: 86.

Convolvulus hederaceus L. =Ipomoea nil (L.) Roth
Ref. FP 13(5/1) 1959: 497.

Convolvulus hermanniae L'Héritier
Syn. *Convolvulus crenatus* Jacquin, *Ipomoea hermanniae* (L'Héritier) G. Don
Ref. FP 13(5/1) 1959: 523.
Vine. Andean I-II, Coastal: rocky slopes, shrublands. 0-3000 m.
Voucher: Macbride 291 (F)
Depts.: CU, LI

Convolvulus incarnatus M. Vahl =Ipomoea incarnata (M. Vahl) Choisy
Ref. FP 13(5/1) 1959: 493; Austin, 1982: 52; Austin, 1985: 32.

Convolvulus incisus Choisy
Voucher: Dombey s.n.* (P)
Depts.: Without full locality data.

Convolvulus indicus Burman f. =Ipomoea indica (Burman f.) Merrill
Ref. Austin, 1982: 52; Austin, 1985: 32.

Convolvulus laciniatus Desrousseaux
Syn. *Convolvulus montanus* van Ooststroom
Ref. FP 13(5/1) 1959: 524.
Herb. Andean II. 3000-3500 m.
Voucher: Núñez 7611 (MO!)
Depts.: CU, HV, JU, TA

Convolvulus macrocalyx R. & P. =Merremia macrocalyx (R. & P.) O'Donell
Ref. Austin, 1982: 86.

Convolvulus martinicensis Jacquin =Aniseia martinicensis (Jacquin) Choisy
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.

Convolvulus meyeri Sprengel =Ipomoea meyeri (Sprengel) G. Don
Ref. Austin *et al.*, 1986: 92.

Convolvulus montanus van Ooststroom =Convolvulus laciniatus Desrousseaux
Ref. FP 13(5/1) 1959: 524.

Convolvulus nil L. =Ipomoea nil (L.) Roth
Ref. FP 13(5/1) 1959: 496.

Convolvulus nodiflorus Desrousseaux
Syn. *Jacquemontia nodiflora* (Desrousseaux) G. Don, *Jacquemontia verticillata* (L.) Urban
Ref. FP 13(5/1) 1959: 518; Austin, 1982: 8.
Subshrub or vine. Coastal: riversides. 0-1000 m.
Voucher: Weberbauer 6429 (F)
Depts.: PI, TU

Convolvulus nummularius L. =Evolvulus nummularius (L.) L.
Ref. FP 13(5/1) 1959: 464.

Convolvulus paniculatus Burman f. =Ipomoea digitata L.
Ref. FP 13(5/1) 1959: 492.

Convolvulus pauciflorus Willdenow ex Roemer & Schultes =Ipomoea tricolor Cavanilles
Ref. FP 13(5/1) 1959: 508.

Convolvulus pennatus Desrousseaux =Ipomoea quamoclit L.
Ref. FP 13(5/1) 1959: 504.

Convolvulus pentanthus Jacquin =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 518.

Convolvulus pentaphyllus =Merremia aegyptia (L.) Urban
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 85.

Convolvulus pes-caprae L. =Ipomoea pes-caprae (L.) Sweet
Ref. FP 13(5/1) 1959: 499; Austin, 1982: 57; Austin, 1985: 34.

Convolvulus phillomega Vell. Conc. =Ipomoea phyllomega (Vell. Conc.) House
Ref. FP 13(5/1) 1959: 499.

Convolvulus pubescens (Lamarck) Willdenow =Ipomoea pubescens Lamarck
Ref. FP 13(5/1) 1959: 502.

Convolvulus purpureus L. =Ipomoea purpurea (L.) Roth
Ref. FP 13(5/1) 1959: 503.

Convolvulus quinquefolius L. =Merremia quinquefolia (L.) Hallier f.
Ref. Austin, 1982: 86.

Convolvulus ramosissimus Poiret =Ipomoea ramosissima (Poiret) Choisy
Ref. FP 13(5/1) 1959: 505.

Convolvulus ruber M. Vahl =Ipomoea setifera Poiret
Ref. FP 13(5/1) 1959: 506.

Convolvulus secundus R. & P. =Jacquemontia unilateralis (Roemer & Schultes) O'Donell
Ref. FP 13(5/1) 1959: 521.

Convolvulus sepium L. =Calystegia sepium (L.) R. Brown
Ref. FP 13(5/1) 1959: 525

Convolvulus sidaefolius H.B.K. =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 476; Austin & Staples, 1991: 273.

Convolvulus sphaerostigma Cavanilles =Jacquemontia sphaerostigma (Cavanilles) Rusby
Ref. Austin, 1982: 79.

Convolvulus tamnifolius (L.) G. Meyer =Jacquemontia tamnifolia (L.) Grisebach
Ref. FP 13(5/1) 1959: 520.

Convolvulus tiliaceus Willdenow =Ipomoea tiliacea (Willdenow) Choisy
Ref. FP 13(5/1) 1959: 507.

[*Convolvulus triqueter* M. Vahl =Operculina triquetra (M. Vahl) J. F. Macbride]
Ref. FP 13(5/1) 1959: 480.
Note: Not known from Peru.

Convolvulus umbellatus L. =Merremia umbellata (L.) Hallier f.
Ref. Austin, 1982: 88.

Convolvulus uniflorus Burman f. =Aniseia martinicensis (Jacquin) Choisy
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.

Convolvulus unilateralis Roemer & Schultes =Jacquemontia unilateralis (Roemer & Schultes) O'Donell
Ref. FP 13(5/1) 1959: 521.

Convolvulus violaceus M. Vahl =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 519.

[Cressa australis R. Brown]
Ref. FP 13(5/1) 1959: 468.
Note: Not known from Peru. The Flora of Peru incorrectly lists this species as a synonym of *Cressa truxillensis*.

Cressa cretica var. *truxillensis* (H.B.K.) Choisy =Cressa truxillensis H.B.K.
Ref. FP 13(5/1) 1959: 468.

Cressa truxillensis H.B.K.
Syn. *Cressa cretica* var. *truxillensis* (H.B.K.) Choisy
Ref. FP 13(5/1) 1959: 468; Austin, 1982: 10.
Herb. Amazonian, Andean I-II, Coastal: beach, shrublands. 0-2500 m.
Voucher: Bonpland s.n.* (W), Sagástegui 7630 (MO!)
Depts.: AN, AR, CA, IC, LI, LL, TU

Cuscuta acutiloba Engelmann
Ref. FP 13(5/1) 1959: 527.
Parasitic herb. Coastal: forests. 0-500 m.
Voucher: Mathews s.n.* (K), Pennell 14595 (F)
Depts.: AR, LI

Cuscuta americana L.
Ref. FP 13(5/1) 1959: 529.
Parasitic herb.
Note: Not reconfirmed.

Cuscuta bella Yuncker
Ref. FP 13(5/1) 1959: 528.
Endemic parasitic herb. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 21827* (US)
Depts.: JU

Cuscuta cockerellii Yuncker
Ref. FP 13(5/1) 1959: 529.
Endemic parasitic herb. Andean II: forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Cockerell s.n.* (US)
Depts.: AR

Cuscuta corymbosa Jussieu ex Yuncker
Syn. *Cuscuta corymbosa* var. *microlepis* Engelmann
Ref. FP 13(5/1) 1959: 529.
Parasitic herb. Andean I, Coastal: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: AR, HU

Cuscuta corymbosa var. *microlepis* Engelmann =Cuscuta corymbosa Jussieu ex Yuncker
Ref. FP 13(5/1) 1959: 529.

Cuscuta foetida H.B.K.
Ref. FP 13(5/1) 1959: 530.
Parasitic herb. Andean II-III: rocky slopes, shrublands. 2500-4000 m.
Voucher: Stevens 22034 (MO!)
Depts.: AN, CA, HU, LI

Cuscuta globiflora Engelmann
Ref. FP 13(5/1) 1959: 530.
Parasitic herb. Andean II: shrublands. 3000-3500 m.
Voucher: Pentland s.n.* (K), Weberbauer 7811 (F)
Depts.: CU

Cuscuta grandiflora H.B.K.
Ref. FP 13(5/1) 1959: 531; Austin, 1982: 16.
Parasitic herb. Andean II-III: forests, shrublands. 2000-4000 m.
Voucher: Solomon 2969 (MO!)
Depts.: AN, CU, HU, HV, JU, LI, LL, MO, PU

Cuscuta haughtii Yuncker
Ref. FP 13(5/1) 1959: 532.
Parasitic herb. Coastal. 0-500 m.
Voucher: Haught 154* (US), Johnston 3514 (F)
Depts.: PI

Cuscuta hitchcockii Yuncker
Ref. FP 13(5/1) 1959: 532.
Endemic parasitic herb. Coastal. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Hitchcock 22425* (US)
Depts.: AR

Cuscuta lucidicarpa Yuncker
Ref. FP 13(5/1) 1959: 533.
Endemic parasitic herb. Andean II. 2000-2500 m.
Voucher: Macbride 1035* (F), Killip & Smith 21843 (F)
Depts.: JU

Cuscuta obtusiflora H.B.K.
Ref. FP 13(5/1) 1959: 533; Austin, 1982: 17.
Herb. Coastal. 0-500 m.
Voucher: Bonpland s.n.* (P)
Depts.: Without full locality data.

Cuscuta odorata R. & P. var. **holwayana** Yuncker
Ref. FP 13(5/1) 1959: 534.
Parasitic herb. Andean II. 2000-2500 m.
Voucher: Macbride 3993 (F)
Depts.: HU, PU

Cuscuta odorata var. **odorata**
Ref. FP 13(5/1) 1959: 533; Austin, 1982: 17.
Parasitic herb. Andean II. 2500-3500 m.
Voucher: Ruiz s.n.* (B photo F), Macbride 5962 (F)
Depts.: HU, LI, PU

Cuscuta paitana Yuncker
Ref. FP 13(5/1) 1959: 534.
Endemic parasitic herb. Amazonian, Coastal: shrublands. 0-500 m.
Voucher: Haught 11* (US), Weberbauer 7762 (F)
Depts.: PA, PI

Cuscuta partita Choisy
Ref. FP 13(5/1) 1959: 535.
Parasitic herb.
Note: Not reconfirmed.

Cuscuta peruviana Yuncker
Ref. FP 13(5/1) 1959: 535.
Endemic parasitic herb.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1551* (B)
Depts.: Without full locality data.

Cuscuta rubella Yuncker
Ref. FP 13(5/1) 1959: 535.
Endemic parasitic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 371* (F)
Depts.: LI

Cuscuta stenolepis Engelmann
Parasitic herb. Andean II: disturbed areas. 2000-3000 m.
Voucher: Sullivan *et al.* 854 (MO!)
Depts.: LI

Cuscuta suaveolens Seringe
Ref. FP 13(5/1) 1959: 536.
Note: Not reconfirmed.

Dichondra microcalyx (Hallier f.) Fabris
Syn. *Dichondra repens* var. *microcalyx* Hallier f.
Ref. Austin, 1982: 20.
Herb. Amazonian, Andean I-III: grasslands, shrublands. 0-4000 m.
Voucher: Smith *et al.* 12040 (MO!)
Depts.: AN, AR, AY, CU, HU, HV, JU, LI

Dichondra repens var. *microcalyx* =Dichondra microcalyx (Hallier f.) Fabris
Ref. Austin, 1982: 20.

Dicranostyles ampla Ducke
Liana. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 18549 (MO!)
Depts.: AM, LO

Dicranostyles holostyla Ducke
Syn. *Kuhlmanniella holostyla* (Ducke) L. Barroso
Ref. FP 13(5/1) 1959: 474; Austin, 1973: 402.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Kuhlmann 1504 (US)
Depts.: LO

Dicranostyles integra Ducke
Ref. Ducke, 1935: 68.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 4111 (MO!)
Depts.: AM, LO

Dicranostyles kuhlmannii Hoehne =Maripa axilliflora C. Martius ex Meissner
Ref. FP 13(5/1) 1959: 471; Austin, 1973: 364.

Dicranostyles longifolia Ducke
Ref. Austin, 1973: 398.
Liana. Amazonian: forests. 0-500 m.
Voucher: Díaz *et al.* 1072 (MO!)
Depts.: LO

Dicranostyles mildbraediana Pilger
Syn. *Kuhlmanniella mildbraediana* (Pilger) L. Barroso
Ref. FP 13(5/1) 1959: 474; Austin, 1973: 403.

Endemic liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Tessmann 4069* (B photo F!), Klug 2947 (MO!)
Depts.: Without full locality data.

Dicranostyles scandens Bentham
Ref. FP 13(5/1) 1959: 475; Austin, 1973: 392.
Liana. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1500 m.
Note: Specimens cited in the Flora of Peru (1959) are redetermined as *D. ampla var. attenuata* by D. Austin (1973).
Voucher: Smith *et al.* 5425 (MO!)
Depts.: LO, PA

Dicranostyles sericea Gleason
Ref. FP 13(5/1) 1959: 475; Austin, 1973: 394.
Endemic liana. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Klug 1132* (NY), Vásquez 7488 (MO!)
Depts.: LO

Dufourea sericea H.B.K. =Calycobolus sericeus (H.B.K.) House

Evolvulus alsinoides L.
Syn. *Convolvulus alsinoides* L.
Ref. FP 13(5/1) 1959: 460.
Herb. Andean II. 1500-2000 m.
Note: The specimen cited in the Flora of Peru, *Weberbauer 5983*, has been redetermined as *E. filipes* by Austin (1982).
Depts.: LL, PI

Evolvulus argyreus Choisy
Ref. FP 13(5/1) 1959: 460; Austin, 1982: 26.
Herb or subshrub. Andean I-II, Coastal: desert, grasslands, rocky slopes. 0-3500 m.
Voucher: Weberbauer 5498 (F)
Depts.: AP, AR, AY, CA, CU, HU, LA

Evolvulus convolvuloides (Willdenow) Stearn
Syn. *Evolvulus glaber* Sprengel, *Nama convolvuloides* Willdenow (Hydrophyllaceae)
Ref. FP 13(5/1) 1959: 461; Austin, 1982: 26.
Herb. Coastal: semi-deciduous forests. 0-500 m.
Voucher: Weberbauer 7736 (F)
Depts.: LA, TU

Evolvulus fieldii van Ooststroom
Ref. FP 13(5/1) 1959: 461.
Herb. Coastal: semi-deciduous forests. 0-500 m.
Voucher: Weberbauer 7670* (F), Sánchez 4198 (MO!)
Depts.: TU

Evolvulus filipes C. Martius
Ref. Austin, 1982: 27.
Herb. Coastal: savannas. 0-500 m.
Voucher: Weberbauer 5983 (F)
Depts.: PI

Evolvulus glaber Sprengel =Evolvulus convolvuloides (Willdenow) Stearn
Ref. FP 13(5/1) 1959: 461.

Evolvulus helianthemoides Meissner =Evolvulus villosus R. & P.
Ref. FP 13(5/1) 1959: 467.

Evolvulus helianthemoides var. *lanatus* (Helwig) van Ooststroom =Evolvulus lanatus Helwig
Ref. FP 13(5/1) 1959: 464.

Evolvulus herrerae van Ooststroom
Ref. FP 13(5/1) 1959: 462.
Herb. Andean II: rocky slopes, shrublands. 2000-3500 m.
Voucher: Herrera 3081* (US), Stork 10789 (MO!)
Depts.: AP, CA, CU, HU, LL

Evolvulus holosericeus H.B.K.
Syn. *Evolvulus sericeus* var. *holosericeus* (H.B.K.) van Ooststroom
Ref. FP 13(5/1) 1959: 463.
Herb. Amazonian, Andean I-II: rocky slopes, savannas. 0-3500 m.
Note: Austin (pers. comm.) considers this species better placed at the varietal level, as done by Ooststroom.
Voucher: Williams 6162 (MO!)
Depts.: CU, PI, SM

Evolvulus incanus Persoon
Ref. FP 13(5/1) 1959: 463.
Herb or subshrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Ferreyra 6637 (MO!)
Depts.: HU

Evolvulus lanatus Helwig
Syn. *Evolvulus helianthemoides* var. *lanatus* (Helwig) van Ooststroom
Ref. FP 13(5/1) 1959: 464.
Herb or subshrub. Coastal: lomas. 0-500 m.
Voucher: Weberbauer 7184* (F), Johnston 3548 (F)
Depts.: AR

Evolvulus magnus Helwig
Ref. FP 13(5/1) 1959: 464.
Endemic subshrub. Andean I-II: grasslands, rocky slopes, savannas. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4125* (B photo F)
Depts.: CA

Evolvulus nummularius (L.) L.
Syn. *Convolvulus nummularius* L.
Ref. FP 13(5/1) 1959: 464.
Herb. Amazonian: disturbed areas, grasslands. 0-500 m.
Voucher: Gentry & Smith 44949 (MO!)
Depts.: SM

Evolvulus peruvianus Helwig
Ref. FP 13(5/1) 1959: 465.
Shrub. Andean I: shrublands. 500-1000 m.
Voucher: Weberbauer 4799* (B photo F), Lobb 305 (K)
Depts.: AM, CA,

Evolvulus piurensis van Ooststroom
Ref. FP 13(5/1) 1959: 466.
Endemic herb. Coastal. 0-1000 m.
Voucher: Haught 78* (US), Haught 17 (F)
Depts.: PI

Evolvulus sericeus Swartz
Ref. Austin, 1982: 28.
Herb. Andean II: savannas. 1500-2000 m.
Voucher: Weberbauer 6283 (US)
Depts.: PI, SM

Evolvulus sericeus var. *holosericeus* (H.B.K.) van Ooststroom =Evolvulus holosericeus H.B.K.
Ref. FP 13(5/1) 1959: 463.

Evolvulus simplex Andersson
Ref. FP 13(5/1) 1959: 466.
Herb. Coastal: desert, dry valleys, rocky slopes. 0-500 m.
Voucher: Weberbauer 7742 (F)
Depts.: CA, PI, TU

Evolvulus villosus R. & P.
Syn. *Evolvulus helianthemoides* Meissner, *Evolvulus villosus* var. *lanceolatus* Poiret
Ref. FP 13(5/1) 1959: 467.
Herb or subshrub. Andean I-II, Coastal: grasslands, lomas, rocky slopes. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Mexia 4040 (MO!)
Depts.: AR, LI, PI

Evolvulus villosus var. *lanceolatus* Poiret =Evolvulus villosus R. & P.
Ref. FP 13(5/1) 1959: 467.

Evolvulus weberbaueri Helwig
Ref. FP 13(5/1) 1959: 467.
Endemic subshrub. Andean I: grasslands. 500-1000 m.
Voucher: Weberbauer 6237* (F), Weberbauer 6187 (US)
Depts.: CA

Ipomoea acuminata (M. Vahl) Roemer & Schultes =Ipomoea indica (Burman f.) Merrill
Ref. Austin, 1982: 52; Austin, 1985: 32.

Ipomoea acutangula R. & P. =Ipomoea dubia Roemer & Schultes
Ref. FP 13(5/1) 1959: 486.

Ipomoea aegyptia L. =Merremia aegyptia (L.) Urban
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 84.

Ipomoea alatipes Hooker f. =Operculina pteripes (G. Don) O'Donell
Ref. FP 13(5/1) 1959: 479.

Ipomoea alba L.
Syn. *Calonyction aculeatum* (L.) House, *Convolvulus aculeatus* L., *Ipomoea bona-nox* L.
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 35; Austin, 1985: 29.
Vine. Amazonian, Andean I, Coastal: disturbed areas. 0-1500 m.
Voucher: Foster & Augsburger 3516 (MOL!)
Depts.: AM, AY, CA, CU, HU, JU, LA, LI, LL, LO, MD, SM, UC

Ipomoea altissima C. Martius ex Choisy =Operculina hamiltonii (G. Don) Austin & Staples
Ref. FP 13(5/1) 1959: 480; Austin & Staples, 1983: 487.

Ipomoea amnicola Morong
Ref. Austin *et al.*, 1986: 91.
Vine. Disturbed areas.
Depts.: CA

Ipomoea angulata Ortega =Ipomoea dubia Roemer & Schultes
Ref. FP 13(5/1) 1959: 486; Austin, 1982: 48; Austin, 1985: 31.

Ipomoea anisomeres Robinson & Bartlett
Vine. Amazonian: forests. 0-500 m.
Voucher: Gentry 18371 (MO!)
Depts.: LO

Ipomoea aquatica Forsskal
Ref. Austin, 1985: 30.
Introduced aquatic herb. Amazonian: floating, riversides. 0-500 m.
Voucher: Croat 20105 (MO!)
Depts.: LO

Ipomoea aristolochiifolia (H.B.K.) G. Don
Syn. *Convolvulus aristolochiifolius* H.B.K.
Ref. Austin, 1982: 38; Austin, 1985: 30.
Vine. Andean I-II: disturbed areas. 1500-3500 m.
Voucher: Smith 4129 (MO!)
Depts.: AN, AY, JU, PA

Ipomoea asarifolia (Desrousseaux) Roemer & Schultes
Syn. *Convolvulus asarifolius* Desrousseaux
Ref. FP 13(5/1) 1959: 487; Austin, 1982: 39; Austin, 1985: 30.
Vine. Coastal: shrublands. 0-500 m.
Voucher: Gentry 58179 (MO!)
Depts.: LA, PI, TU

Ipomoea batatas (L.) Lamarck
Syn. *Convolvulus batatas* L.
Ref. FP 13(5/1) 1959: 487; Austin, 1982: 40; Austin, 1985: 30.
Cultivated vine. Amazonian, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Kujikat 362 (MO!)
Depts.: AM, CA, IC, JU, LI, LO, SM

Ipomoea batatoides Choisy
Ref. Austin, 1982: 42.
Vine. Andean I: disturbed areas. 1000-1500 m.
Voucher: Núñez 5152 (MO!)
Depts.: PU, SM

Ipomoea bona-nox L. =Ipomoea alba L.
Ref. Austin, 1982: 35; Austin, 1985: 29.
Note: 13(5/1) 1959: 485

Ipomoea bonariensis Hooker
Ref. Austin *et al.*, 1986: 92.
Vine.
Depts.: TU

Ipomoea cairica (L.) Sweet
Syn. *Convolvulus cairicus* L., *Ipomoea palmata* Forsskal
Ref. Austin, 1982: 42; Austin *et al.*, 1986: 92.
Vine. Coastal: disturbed areas. 0-1000 m.
Depts.: AR, LL

Ipomoea calodendron O'Donell =Ipomoea wolcottiana subsp. calodendron (O'Donell) McPherson
Ref. FP 13(5/1) 1959: 488; McPherson, 1981: 544.

Ipomoea capparoides Choisy =Ipomoea phyllomega (Vell. Conc.) House
Ref. FP 13(5/1) 1959: 499.

Ipomoea carnea Jacquin
Ref. FP 13(5/1) 1959: 489; Austin, 1982: 43; Austin, 1985: 30.
Shrub. Amazonian, Andean I, Coastal: disturbed areas, shrublands. 0-2000 m.
Voucher: Smith 4336 (MO!)
Depts.: AM, AP, CA, CU, LI, LO, PI, TU

Ipomoea chondrosepala Hallier f.
Ref. Austin, 1982: 45; Austin *et al.*, 1986: 92.
Vine.
Voucher: Arbizu 625 (FAU)
Depts.: AP

Ipomoea cissoides (Lamarck) Grisebach =Merremia cissoides (Lamarck) Hallier f.
Ref. FP 13(5/1) 1959: 489.

Ipomoea clavata (G. Don) van Ooststroom
Syn. *Calonyction clavatum* G. Don, *Ipomoea lactescens* Bentham
Ref. FP 13(5/1) 1959: 490; Austin, 1985: 31.
Vine. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Macbride 4671 (F)
Depts.: AM, CU, HU, JU, LO, SM

[Ipomoea coccinea L.]
Syn. *Quamoclit coccinea* (L.) Moench
Ref. FP 13(5/1) 1959: 490.
Note: Not known from Peru. Austin (pers. comm.) considers this likely to be a misidentification of *I. hederifolia*.

Ipomoea codonantha Bentham =Operculina codonantha (Bentham) Hallier f.
Ref. FP 13(5/1) 1959: 479.

Ipomoea corymbosa (L.) Roth ex Roemer & Schultes =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 476; Austin & Staples, 1991: 273.

Ipomoea crassifolia Cavanilles
Ref. FP 13(5/1) 1959: 491.
Vine. Coastal: beach, disturbed areas. 0-1000 m.
Voucher: Ferreyra 7609 (MO!, USM)
Depts.: LA, LL, PI, TU

Ipomoea cuspidata R. & P. =Ipomoea nil (L.) Roth
Ref. FP 13(5/1) 1959: 497.

Ipomoea dichotoma Choisy =Ipomoea ramosissima (Poiret) Choisy
Ref. FP 13(5/1) 1959: 505.

Ipomoea digitata L.
Syn. *Convolvulus paniculatus* Burman f., *Ipomoea paniculata* (L.) R. Brown
Ref. FP 13(5/1) 1959: 492.
Liana. Amazonian: forests. 0-500 m.
Note: According to recent interpretation, this taxon is endemic to Hispaniola; the widespread species is *I. mauritiana* (Austin, pers. comm.).
Voucher: Klug 770 (F)
Depts.: LO

[*Ipomoea dissecta* (Jacquin) Pursh =Merremia dissecta (Jacquin) Hallier f.]
Ref. FP 13(5/1) 1959: 509; Austin, 1979: 219.
Note: Not known from Peru. The Flora of Peru incorrectly lists this species as a synonym of *I. tuberosa*.

Ipomoea diversifolia Lindley =Ipomoea purpurea (L.) Roth
Ref. FP 13(5/1) 1959: 503.

Ipomoea dubia Roemer & Schultes
Syn. *Ipomoea acutangula* R. & P., *Ipomoea angulata* Ortega, *Quamoclit ruiziana* G. Don
Ref. FP 13(5/1) 1959: 486; Austin, 1982: 48; Austin, 1985: 31.
Vine. Amazonian, Andean I-II, Coastal: lomas, rocky slopes, shrublands. 0-2500 m.
Voucher: Goodspeed 11320 (MO!)
Depts.: AN, HU, JU, LI, PI

Ipomoea dumetorum Willdenow ex Roemer & Schultes
Syn. *Convolvulus dumentorum* H.B.K., *Ipomoea oligantha* Choisy, *Ipomoea pulchella* (H.B.K.) G. Don
Ref. Austin, 1982: 48; Austin, 1985: 32.
Vine. Amazonian, Andean I-II: bogs, disturbed areas, riversides. 0-3500 m.
Voucher: Núñez 7275 (MO!)
Depts.: AM, AY, CU, JU, LI, LO, PA, TA

Ipomoea fastigiata Sweet =Ipomoea tiliacea (Willdenow) Choisy
Ref. FP 13(5/1) 1959: 507.

Ipomoea floribunda (H.B.K.) G. Don =Jacquemontia floribunda (H.B.K.) Hallier f.
Ref. Austin, 1982: 77.

Ipomoea franciscana Choisy
Ref. FP 13(5/1) 1959: 492.
Note: Not reconfirmed.

Ipomoea glabra (Aublet) Choisy =Merremia macrocalyx (R. & P.) O'Donell
Ref. Austin, 1982: 86.

Ipomoea glandulifera R. & P. =Ipomoea purpurea (L.) Roth
Ref. FP 13(5/1) 1959: 503.

Ipomoea hederacea Jacquin =Ipomoea nil (L.) Roth
Ref. FP 13(5/1) 1959: 496.
Note: Austin (pers. comm.) recognizes this species as distinct from *I. nil*.

Ipomoea hederifolia L.
Syn. *Quamoclit coccinea* var. *hederifolia* (L.) House, *Quamoclit hederifolia* (L.) G. Don
Ref. Austin, 1982: 51; Austin, 1985: 32.
Vine. Amazonian, Andean I-II: disturbed areas, riversides, rocky slopes. 0-2500 m.
Voucher: Sagástegui 9716 (MO!)
Depts.: AY, CA, CU, JU, LA, LI, SM

Ipomoea hermanniae (L'Héritier) G. Don =Convolvulus hermanniae L'Héritier
Ref. FP 13(5/1) 1959: 523.

Ipomoea hirsutula Jacquin f. =Ipomoea purpurea (L.) Roth
Ref. FP 13(5/1) 1959: 503.

Ipomoea hirtiflora M. Martens & Galeotti =Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson
Ref. Austin, 1982: 77.

Ipomoea incarnata (M. Vahl) Choisy
Syn. *Convolvulus incarnatus* M. Vahl, *Ipomoea kinbergii* Andersson, *Ipomoea linearifolia* Hooker f.
Ref. FP 13(5/1) 1959: 493; Austin, 1982: 52; Austin, 1985: 32.
Vine. Andean I-II, Coastal: beach, desert, rocky slopes, shrublands. 0-2000 m.
Voucher: Gentry *et al.* 19155 (MO!)
Depts.: LI, PI, TU

Ipomoea indica (Burman f.) Merrill
Syn. *Convolvulus indicus* Burman f., *Ipomoea acuminata* (M. Vahl) Roemer & Schultes
Ref. Austin, 1982: 52; Austin, 1985: 32.
Cultivated vine. Amazonian, Andean I-II: disturbed areas, rocky slopes. 0-2000 m.
Voucher: Smith 2746 (MO!)
Depts.: AM, CA, LA, LI, PA

Ipomoea jujuyensis O'Donell
Ref. FP 13(5/1) 1959: 493; Austin, 1982: 53.
Vine. Andean II: disturbed areas, riversides, shrublands. 2000-2500 m.
Voucher: Mostacero 1824 (MO!)
Depts.: AN

Ipomoea kinbergi Andersson =Ipomoea incarnata (M. Vahl) Choisy
Ref. FP 13(5/1) 1959: 493; Austin, 1982: 52; Austin, 1985: 32.

Ipomoea lactescens Bentham =Ipomoea clavata (G. Don) van Ooststroom
Ref. FP 13(5/1) 1959: 490; Austin, 1985: 31.

Ipomoea lindenii M. Martens & Galeotti
Ref. FP 13(5/1) 1959: 494; Austin, 1982: 54; Austin, 1985: 33.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Croat 20842 (MO!)
Depts.: HU, LO, SM

Ipomoea linearifolia Hooker f. =Ipomoea incarnata (M. Vahl) Choisy
Ref. FP 13(5/1) 1959: 493; Austin, 1982: 52; Austin, 1985: 32.

Ipomoea longicuspis Meissner =Ipomoea nil (L.) Roth
Ref. FP 13(5/1) 1959: 497.

Ipomoea luxurians Moricand =Iseia luxurians (Moricand) O'Donell
Ref. Austin, 1982: 70.

Ipomoea macrocalyx (R. & P.) Choisy =Merremia macrocalyx (R. & P.) O'Donell
Ref. Austin, 1982: 86.

Ipomoea macrophylla Choisy =Ipomoea phyllomega (Vell. Conc.) House
Ref. FP 13(5/1) 1959: 499.

Ipomoea martinicensis (Jacquin) G. Meyer =Aniseia martinicensis (Jacquin) Choisy
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.

Ipomoea mathewsiana Kuntze
Ref. FP 13(5/1) 1959: 495; Austin, 1985: 33.
Shrub. Andean I. 500-1000 m.
Voucher: Mathews 855* (F), Stork 10407 (UC)
Depts.: HV, JU

Ipomoea mauritiana Jacquin
Ref. Austin, 1982: 54; Austin, 1985: 33.
Vine. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 3693 (MO!)
Depts.: LO

Ipomoea meyeri (Sprengel) G. Don
Syn. *Convolvulus meyeri* Sprengel
Ref. Austin *et al.*, 1986: 92.
Vine. Coastal: disturbed areas. 0-500 m.
Depts.: PI

Ipomoea minuta R. Fries
Ref. FP 13(5/1) 1959: 495; Austin, 1985: 33.
Herb. Savannas.
Depts.: CU

Ipomoea muricata Cavanilles
Syn. *Ipomoea plummerae* A. Gray
Ref. FP 13(5/1) 1959: 495.
Herb. Andean II-III: shrublands. 2500-4000 m.
Voucher: Núñez 7945 (MO!)
Depts.: AP, AR, CU, HU, JU, MO, PU

Ipomoea nationis (Hooker) G. Nicholson
Syn. *Quamoclit nationis* Hooker
Ref. FP 13(5/1) 1959: 496; Austin, 1985: 33.
Vine. Coastal: rocky slopes. 0-500 m.
Voucher: Mathews 721* (K), Macbride 144 (F)
Depts.: LI

Ipomoea nil (L.) Roth
Syn. *Convolvulus hederaceus* L., *Convolvulus nil* L., *Ipomoea cuspidata* R. & P., *Ipomoea hederacea* (L.) Jacquin, *Ipomoea longicuspis* Meissner
Ref. FP 13(5/1) 1959: 496; Austin, 1985: 496.
Vine. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Young 215 (MO!)
Depts.: AY, CA, CU, HU, JU, LA, LI, LO, PI, SM, TU

Ipomoea oligantha Choisy =Ipomoea dumetorum (H.B.K.) Willdenow ex Roemer & Schultes
Ref. Austin, 1982: 48; Austin, 1985: 32.

Ipomoea ophiodes Standley & Steyermark
Ref. Austin *et al.*, 1986: 94.
Vine. Amazonian, Andean I: disturbed areas, forests, riversides, shrublands. 0-1000 m.
Voucher: Gentry *et al.* 22094 (MO!)
Depts.: LO, MD, PI, TU

Ipomoea palmata Forsskal =Ipomoea cairica (L.) Sweet
Ref. Austin, 1982: 42; Austin *et al.*, 1986: 92.

Ipomoea paniculata (L.) R. Brown =Ipomoea digitata L.
Ref. FP 13(5/1) 1959: 492.

Ipomoea papiru R. & P. =Ipomoea pubescens Lamarck
Ref. FP 13(5/1) 1959: 502.

Ipomoea pauciflora M. Martens & Galeotti subsp. **vargasiana** (O'Donell) McPherson
Syn. *Ipomoea vargasiana* O'Donell
Ref. FP 13(5/1) 1959: 510; McPherson, 1981: 539; Austin, 1985: 34.
Endemic shrub or tree. Amazonian, Andean I-III. 0-3000 m.
Voucher: Vargas 1021* (MO!), Gentry 23396 (MO!)

Ipomoea pearceana Kuntze
Ref. FP 13(5/1) 1959: 497; Austin, 1985: 34.
Shrub. Andean II: shrublands. 2000-2500 m.

Voucher: Pearce s.n.* (NY), Vargas 4877 (F)
Depts.: AP, CU

Ipomoea peckoltii Meissner
Ref. FP 13(5/1) 1959: 498.
Vine. Amazonian. 0-500 m.
Voucher: Killip & Smith 24192 (F)
Depts.: AY, JU, LO

Ipomoea peruviana O'Donell
Ref. FP 13(5/1) 1959: 498; Díaz *et al.*, 1991: 521.
Endemic liana. Amazonian. 0-500 m.
Voucher: Klug 3089* (MO!), Klug 4326 (MO!)
Depts.: LO, SM

Ipomoea pes-caprae (L.) Sweet
Syn. *Convolvulus pes-caprae* L.
Ref. FP 13(5/1) 1959: 499; Austin, 1982: 57; Austin, 1985: 34.
Vine. Coastal: beach. 0-500 m.
Voucher: Ferreyra 12282 (MO!)
Depts.: LA, LO, TU

Ipomoea phyllomega (Vell. Conc.) House
Syn. *Convolvulus phillomega* Vell. Conc., *Ipomoea capparoides* Choisy, *Ipomoea macrophylla* Choisy
Ref. FP 13(5/1) 1959: 499; Austin, 1982: 58; Austin, 1985: 34.
Liana. Amazonian, Andean I-II: forests, riversides. 0-2000 m.
Voucher: Croat 17740 (MO!)
Depts.: AM, AP, CU, HU, LO, MD, PA, SM

Ipomoea piurensis O'Donell
Ref. FP 13(5/1) 1959: 500; Austin, 1982: 59; Austin, 1985: 34.
Herb. Amazonian: riversides, swamps. 500-1000 m.
Voucher: Haught 142* (US), López 8959 (MO!)
Depts.: AM, CA, PI

Ipomoea plummerae A. Gray =Ipomoea muricata Cavanilles
Ref. FP 13(5/1) 1959: 495.

Ipomoea polyanthes Roemer & Schultes =Merremia umbellata (L.) Hallier f.
Ref. Austin, 1982: 88.

Ipomoea pubescens Lamarck
Syn. *Convolvulus pubescens* (Lamarck) Willdenow, *Ipomoea papiru* R. & P., *Ipomoea subtriloba* R. & P., *Pharbitis pubescens* (Lamarck) Choisy
Ref. FP 13(5/1) 1959: 502; Austin, 1985: 35; Austin, 1991: 443.
Vine. Andean II: riversides. 1500-3500 m.
Voucher: Núñez 7467 (MO!)
Depts.: CU, JU

Ipomoea pulchella (H.B.K.) G. Don =Ipomoea dumetorum (H.B.K.) Willdenow ex Roemer & Schultes
Ref. Austin, 1982: 48; Austin, 1985: 35.

Ipomoea pulcherrima van Ooststroom
Ref. FP 13(5/1) 1959: 502; McPherson, 1981: 541.
Endemic shrub or tree. Andean I: savannas. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5875* (F)

Ipomoea purpurea (L.) Roth
Syn. *Convolvulus purpureus* L., *Ipomoea diversifolia* Lindley, *Ipomoea glandulifera* R. & P., *Ipomoea hirsutula* Jacquin f., *Pharbitis nil* var. *diversifolia* (Lindley) Choisy
Ref. FP 13(5/1) 1959: 503; Austin, 1982: 60; Austin, 1985: 35.
Vine. Andean II: disturbed areas, riversides. 1500-2500 m.
Voucher: Smith 4130 (MO!)
Depts.: AP, AY, CU, HU, JU, LI, LL, PA, SM, TA, TU

Ipomoea quamoclit L.
Syn. *Convolvulus pennatus* Desrousseaux, *Quamoclit pinnata* (Desrousseaux) Bojer, *Quamoclit vulgaris* Choisy
Ref. FP 13(5/1) 1959: 504; Austin, 1982: 60; Austin, 1985: 35.
Cultivated vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Ferreyra 4909 (MO!)
Depts.: CU, JU, LO, SM

Ipomoea quinquefolia L. =Merremia quinquefolia (L.) Hallier f.
Ref. Austin, 1982: 86.

Ipomoea ramosissima (Poiret) Choisy
Syn. *Convolvulus cymosus* R. & P., *Convolvulus ramosissimus* Poiret, *Ipomoea dichotoma* Choisy
Ref. FP 13(5/1) 1959: 505; Austin, 1982: 61; Austin, 1985: 35.
Vine. Amazonian, Andean I: forests, shrublands. 0-1500 m.
Voucher: Ruiz & Pavón s.n.* (G), Macbride 5000 (F)
Depts.: CA, HU, JU, LO, SM

Ipomoea regnellii Meissner
Ref. Austin, 1982: 62; Austin, 1985: 36.
Vine. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3519 (MO!)
Depts.: JU, SM

Ipomoea reticulata O'Donell
Ref. FP 13(5/1) 1959: 505; Austin, 1982: 62; Austin, 1985: 36.
Liana or vine. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Gentry & Díaz 58628 (MO!)
Depts.: JU, LO, MD, PA, SM

Ipomoea ruber (M. Vahl) Millspaugh =Ipomoea setifera Poiret
Ref. FP 13(5/1) 1959: 506.

Ipomoea rubra var. *albo-flavida* Urban =Ipomoea setifera Poiret
Ref. FP 13(5/1) 1959: 506.

Ipomoea sawyeri D. Austin
Ref. Austin, 1991b: 93.
Endemic vine. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: de la Puente 3271* (FAU!, US)
Depts.: PU

Ipomoea setifera Poiret
Syn. *Calystegia setifera* Meissner, *Convolvulus ruber* M. Vahl, *Ipomoea ruber* (M. Vahl) Millspaugh, *Ipomoea rubra* var. *albo-flavida* Urban
Ref. FP 13(5/1) 1959: 506; Austin, 1982: 64.
Vine. Disturbed areas, forests.
Note: Not reconfirmed.

Ipomoea setosa Ker Gawler
Ref. Austin, 1982: 64.
Vine. Coastal: disturbed areas, forests. 500-1000 m.
Voucher: Gentry & Díaz 58219 (MO!)
Depts.: TU

Ipomoea sidaefolia Choisy =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 494; Austin, 1982: 54; Austin & Staples, 1991: 273.

[*Ipomoea sinuata* Ortega =Merremia dissecta (Jacquin) Hallier f.]
Ref. FP 13(5/1) 1959: 509; Austin, 1979: 219.
Note: Not known from Peru. The Flora of Peru incorrectly lists this species as a synonym of *I. tuberosa*.

Ipomoea squamosa Choisy
Ref. FP 13(5/1) 1959: 506; Austin, 1982: 65; Austin, 1985: 36.
Liana or vine. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Croat 19110 (MO!)
Depts.: AM, CU, HU, JU, LO, SM, UC

Ipomoea subtriloba R. & P. =Ipomoea pubescens Lamarck
Ref. FP 13(5/1) 1959: 502.

Ipomoea tamnifolia L. =Jacquemontia tamnifolia (L.) Grisebach
Ref. FP 13(5/1) 1959: 520.

Ipomoea tiliacea (Willdenow) Choisy
Syn. *Convolvulus tiliaceus* Willdenow, *Ipomoea fastigiata* Sweet
Ref. FP 13(5/1) 1959: 507; Austin, 1985: 37.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Woytkowski 34456 (MO!)
Depts.: JU, LO, PI

Ipomoea tricolor Cavanilles
Syn. *Convolvulus pauciflorus* Willdenow ex Roemer & Schultes
Ref. FP 13(5/1) 1959: 508; Austin, 1982: 66; Austin *et al.*, 1986: 94.
Cultivated vine. Amazonian, Coastal: disturbed areas, lomas. 0-1000 m.
Voucher: Vargas 822 (F)
Depts.: AN, AR, AY, CU, HU, JU, LI, MO

Ipomoea triloba L.
Ref. Austin, 1982: 66.

Introduced vine.
Note: Not reconfirmed.

[*Ipomoea triquetra* (M. Vahl) Roemer & Schultes =Operculina triquetra (M. Vahl) J. F. Macbride]
Ref. FP 13(5/1): 1959: 480.
Note: Not known from Peru.

Ipomoea tuberosa L. =Merremia tuberosa (L.) Rendle
Ref. FP 13(5/1): 1959: 509; Austin, 1982: 87.

Ipomoea turbinata Lagasca
Ref. Austin, 1982: 67.
Vine.
Note: Not reconfirmed.

Ipomoea umbellata (L.) G. Meyer =Merremia umbellata (L.) Hallier f.
Ref. Austin, 1982: 88.

Ipomoea uniflora (Burman f.) Roemer & Schultes =Aniseia martinicensis (Jacquin) Choisy
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 5.

Ipomoea vargasiana O'Donell =Ipomoea pauciflora subsp. vargasiana (O'Donell) McPherson
Ref. FP 13(5/1) 1959: 510; McPherson, 1981: 537.

Ipomoea velardei O'Donell
Ref. FP 13(5/1) 1959: 511; Austin, 1982: 68; Austin, 1985: 37.
Vine. Andean II: shrublands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Velarde-Núñez 1633* (LIL)
Depts.: LI

Ipomoea wolcottiana Rose subsp. **calodendron** (O'Donell) McPherson
Syn. *Ipomoea calodendron* O'Donell
Ref. McPherson, 1981: 544.
Endemic tree. Coastal. 500-1000 m.
Voucher: Weberbauer 6396* (US!), Haught 60 (US!)
Depts.: PI, TU

Ipomoea wrightii A. Gray
Ref. Austin, 1982: 68; Austin *et al.*, 1986: 94.
Introduced vine. Amazonian: disturbed areas. 0-500 m.
Voucher: Hudson 946 (MO!)
Depts.: LA, LO

Iseia luxurians (Moricand) O'Donell
Syn. *Ipomoea luxurians* Moricand, *Jacquemontia luxurians* (Moricand) Hallier f.
Ref. Austin, 1982: 70.
Herb. Amazonian, Andean I: riversides, terra firme forests. 0-1000 m.
Voucher: Schunke 2095 (MOL!)
Depts.: HU, LO

Jacquemontia agrestis (C. Martius ex Choisy) Meissner
Syn. *Convolvulus agrestis* C. Martius ex Choisy
Ref. Austin, 1982: 73.
Vine.
Note: Not reconfirmed.

Jacquemontia azurea (Richard) Choisy =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 519.

Jacquemontia blanchetii Moricand
Syn. *Montejacquia blanchetii* (Moricand) Roberty
Ref. FP 13(5/1) 1959: 513.
Vine. Andean I. 500-1500 m.
Voucher: Macbride 4638 (MO!)
Depts.: CU, HU, SM

Jacquemontia caudata Helwig
Ref. FP 13(5/1) 1959: 514.
Endemic vine. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer s.n.* (B photo F)
Depts.: CA

Jacquemontia ciliata Sandwith
Ref. Austin, 1982: 73.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Woytkowski 7518 (MO!)
Depts.: CU, HU, LO, SM

Jacquemontia corymbulosa Bentham
Ref. FP 13(5/1) 1959: 514; Austin, 1982: 74.
Vine. Andean I-II, Coastal: beach, shrublands. 500-2000 m.
Voucher: Smith 6148 (MO!)
Depts.: CA, TU

Jacquemontia densiflora (Meissner) Hallier
Syn. *Jacquemontia violacea* var. *densiflora* Meissner
Ref. Austin, 1982: 76.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Ferreyra 4577 (MO!)
Depts.: SM

Jacquemontia elegans Helwig
Ref. FP 13(5/1) 1959: 515; Austin, 1982: 77; O'Donell, 1960: 76.
Vine. Andean II: riversides. 1500-2500 m.
Voucher: Weberbauer 6058* (US), Ferreyra 7108 (MO!)
Depts.: AM, AP, HU, PI

Jacquemontia eriocephala (Moricand) Meissner =Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson

Jacquemontia eriocephala var. *maynensis* Meissner =Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson

Jacquemontia floribunda (H.B.K.) Hallier f.
Syn. *Convolvulus floribundus* H.B.K., *Ipomoea floribunda* (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 515; Austin, 1982: 77.
Shrub. Andean I-II: disturbed areas, riversides. 500-2000 m.
Voucher: Bonpland 3596* (F), Weberbauer 6229 (F)
Depts.: AM, CA, LL

Jacquemontia hirsuta Choisy =Jacquemontia sphaerostigma (Cavanilles) Rusby
Ref. Austin, 1982: 79.

Jacquemontia hirtiflora (M. Martens & Galeotti) O'Donell =Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson
Ref. Austin, 1982: 77.

Jacquemontia lactescens Seemann =Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson
Ref. Austin, 1982: 78.

Jacquemontia luxurians (Moricand) Hallier f. =Iseia luxurians (Moricand) O'Donell
Ref. FP 13(5/1) 1959: 517.

Jacquemontia nodiflora (Desrousseaux) G. Don =Convolvulus nodiflorus Desrousseaux
Ref. Austin, 1982: 8.

Jacquemontia parvifolia Helwig
Ref. FP 13(5/1) 1959: 518.
Vine. Andean II: disturbed areas. 1500-2000 m.
Voucher: Weberbauer 5878* (B), Stork & Horton 10441 (F)
Depts.: AP, HV

Jacquemontia pentantha (Jacquin) G. Don
Syn. *Convolvulus azurens* Richard, *Convolvulus pentanthus* Jacquin, *Convolvulus violaceus* M. Vahl, *Jacquemontia azurea* (Richard) Choisy, *Jacquemontia violacea* (M. Vahl) Choisy, *Jacquemontia violacea* var. *abbreviata* Choisy
Ref. FP 13(5/1) 1959: 518; Austin, 1982: 78.
Vine. Amazonian, Andean I: disturbed areas, forests, rocky slopes. 0-1500 m.
Voucher: Klug 4334 (F)
Depts.: LA, LI, SM

Jacquemontia peruviana Helwig
Ref. FP 13(5/1) 1959: 519.
Endemic vine. Andean I: shrublands. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7139* (B)
Depts.: CA

Jacquemontia prominens Helwig
Ref. FP 13(5/1) 1959: 520; Austin, 1982: 74.
Shrub or vine. Andean I, Coastal: forests, lomas. 0-1500 m.
Voucher: Weberbauer 6431* (B), Weberbauer 7748 (MO!)
Depts.: CA, LA, PI, TU

Jacquemontia secunda (R. & P.) Choisy =Jacquemontia unilateralis (Roemer & Schultes) O'Donell
Ref. FP 13(5/1) 1959: 521.

Jacquemontia sphaerostigma (Cavanilles) Rusby
Syn. *Convolvulus apocynoides* Schlechtendal & Chamisso, *Convolvulus sphaerostigma* Cavanilles, *Jacquemontia hirsuta* Choisy
Ref. FP 13(5/1) 1959: 516; Austin, 1982: 79; O'Donell, 1960: 85.
Vine. Andean I: forests. 500-1500 m.
Voucher: Weberbauer 7950 (F)
Depts.: CU, JU, SM

Jacquemontia tamnifolia (L.) Grisebach
Syn. *Convolvulus ciliatus* M. Vahl, *Convolvulus tamnifolius* (L.) G. Meyer, *Ipomoea tamnifolia* L.
Ref. FP 13(5/1) 1959: 520; Austin, 1982: 79.
Vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Klug 3065 (MO!)
Depts.: LO

Jacquemontia unilateralis (Roemer & Schultes) O'Donell
Syn. *Convolvulus secundus* R. & P., *Convolvulus unilateralis* Roemer & Schultes, *Jacquemontia secunda* (R. & P.) Choisy
Ref. FP 13(5/1) 1959: 521; O'Donell, 1960: 89.
Vine. Andean I, Coastal: lomas, rocky slopes. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (G), Mexia 4002 (MO!)
Depts.: AR, LI

Jacquemontia velutina Choisy
Vine. Amazonian: shrublands. 0-500 m.
Voucher: Gentry *et al.* 22782 (MO!)
Depts.: AM

Jacquemontia verticillata (L.) Urban =Convolvulus nodiflorus Desrousseaux
Ref. Austin, 1982: 8.

Jacquemontia violacea (M. Vahl) Choisy =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 519.

Jacquemontia violacea var. *abbreviata* Choisy =Jacquemontia pentantha (Jacquin) G. Don
Ref. FP 13(5/1) 1959: 519.

Jacquemontia violacea var. *densiflora* Meissner =Jacquemontia densiflora (Meissner) Hallier
Ref. Austin, 1982: 76

Jacquemontia weberbaueri Helwig
Ref. FP 13(5/1) 1959: 514; Austin, 1982: 80.
Vine. Andean II: riversides, rocky slopes. 1500-2000 m.
Voucher: Weberbauer 4154* (F)
Depts.: CA

Kuhlmanniella holostyla (Ducke) L. Barroso =Dicranostyles holostyla Ducke
Ref. FP 13(5/1) 1959: 474; Austin, 1973: 402.

Kuhlmanniella mildbraediana (Pilger) L. Barroso =Dicranostyles mildbraediana Pilger
Ref. FP 13(5/1) 1959: 474; Austin, 1973: 403.

Legendrea corymbosa (L.) van Ooststroom =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 476; Austin & Staples, 1991: 273.

Maripa axilliflora C. Martius ex Meissner
Syn. *Dicranostyles kuhlmannii* Hoehne, *Maripa kuhlmannii* (Hoehne) Ducke
Ref. FP 13(5/1) 1959: 469; Austin, 1973: 364.
Liana. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Spruce 4230* (W), Klug 1074 (F)
Depts.: LO, SM

Maripa fasciculata van Ooststroom
Ref. FP 13(5/1) 1959: 470; Austin, 1973: 383.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 314* (F)

[Maripa glabra Choisy]
Ref. FP 13(5/1) 1959: 470; Austin, 1973: 372.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined as *M. paniculata* by D. Austin (1973).

Maripa janusiana D. Austin
Ref. Austin, 1973: 370.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 809* (US), Klug 590 (US)

Maripa kuhlmannii (Hoehne) Ducke =Maripa axilliflora C. Martius ex Meissner
Ref. FP 13(5/1) 1959: 471; Austin, 1973: 364.

Maripa paniculata Barbosa Rodrigues
Ref. Austin, 1973: 371; Austin, 1982: 81.
Liana. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: McDaniel & Rimachi 22430 (MO!)
Depts.: AM, LO

Maripa pauciflora D. Austin
Ref. Austin, 1973: 384.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 5226 (MO!)
Depts.: LO

Maripa peruviana van Ooststroom
Ref. FP 13(5/1) 1959: 471; Austin, 1973: 379.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Klug 914* (F), Klug 4066 (F)
Depts.: AM, LO, MD, SM

Maripa scandens Aublet
Liana. Amazonian: forests. 0-500 m.
Voucher: Robertson & Austin 242 (MO!)
Depts.: LO

[Maripa tenuis Ducke]
Ref. FP 13(5/1) 1959: 472; Austin, 1973: 372.
Note: Not known from Peru. D. Austin (1973) treats this as a synonym of *M. glabra*.

Maripa williamsii van Ooststroom
Ref. FP 13(5/1) 1959: 473; Austin, 1973: 374.
Liana. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Williams 3935* (F), Williams 4023 (F)

Merremia aegyptia (L.) Urban
Syn. *Convolvulus pentaphyllus* L., *Ipomoea aegyptia* L.
Ref. FP 13(5/1) 1959: 485; Austin, 1982: 84.
Vine. Amazonian, Andean I-II, Coastal: disturbed areas, lomas. 0-3000 m.
Voucher: Weberbauer 5958 (F)
Depts.: AM, CU, JU, PI

Merremia cissoides (Lamarck) Hallier f.
Syn. *Convolvulus cissoides* Lamarck, *Ipomoea cissoides* (Lamarck) Grisebach
Ref. FP 13(5/1) 1959: 489.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Chrostowski 69-257 (MO!)
Depts.: SM

[Merremia dissecta (Jacquin) Hallier f.]
Syn. *Convolvulus dissectus* Jacquin, *Ipomoea dissecta* (Jacquin) Pursh, *Ipomoea sinuata* Ortega
Ref. FP 13(5/1) 1959: 509; Austin, 1979: 219.
Note: Not known from Peru. The Flora of Peru incorrectly lists this species as a synonym of *Ipomoea tuberosa*.

Merremia glabra (Aublet) Hallier f. =Merremia macrocalyx (R. & P.) O'Donell
Ref. Austin, 1982: 86.

Merremia grandiflora van Ooststroom
Ref. FP 13(5/1) 1959: 492.
Endemic subshrub or vine. Andean I-II: rocky slopes. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5218* (F), Goodspeed 11315 (MO!)
Depts.: LI

Merremia macrocalyx (R. & P.) O'Donell
Syn. *Convolvulus glaber* Aublet, *Convolvulus macrocalyx* R. & P., *Ipomoea glabra* (Aublet) Choisy, *Ipomoea macrocalyx* (R. & P.) Choisy,

Merremia glabra (Aublet) Hallier f.
Ref. FP 13(5/1) 1959: 494; Austin, 1982: 86.
Liana or vine. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (F), Solomon 3287 (MO!)
Depts.: AY, HU, JU, LO, MD, PU, SM, UC

Merremia quinquefolia (L.) Hallier f.
Syn. *Batatas quinquefolia* (L.) Choisy, *Convolvulus quinquefolius* L., *Ipomoea quinquefolia* L.
Ref. FP 13(5/1) 1959: 504; Austin, 1982: 86.
Vine. Andean I: disturbed areas, shrublands. 500-1500 m.
Voucher: Gentry 22819 (MO!)
Depts.: AM, AN, HU, JU

[*Merremia triquetra* (M. Vahl) G. Robson =Operculina triquetra (M. Vahl) J. F. Macbride]
Ref. FP 13(5/1) 1959: 480.
Note: Not known from Peru.

Merremia tuberosa (L.) Rendle
Syn. *Ipomoea tuberosa* L.
Ref. FP 13(5/1) 1959: 509; Austin, 1982: 87.
Introduced liana. Andean I: disturbed areas. 500-1000 m.
Voucher: Smith *et al.* 5606 (MO!)
Depts.: JU

Merremia umbellata (L.) Hallier f.
Syn. *Convolvulus umbellatus* L., *Ipomoea polyanthes* Roemer & Schultes, *Ipomoea umbellata* (L.) G. Meyer
Ref. FP 13(5/1) 1959: 501; Austin, 1982: 88.
Vine. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Croat 17884 (MO!)
Depts.: AM, HU, JU, LO, MD, PI, SM

Merremia weberbaueri van Ooststroom
Ref. FP 13(5/1) 1959: 511.
Endemic vine. Andean II: desert, grasslands, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6473* (F)
Depts.: HV

Montejacquia blanchetii (Moricand) Roberty =Jacquemontia blanchetii Moricand
Ref. FP 13(5/1) 1959: 513.

Odonellia hirtiflora (M. Martens & Galeotti) K. Robertson
Syn. *Ipomoea hirtiflora* M. Martens & Galeotti, *Jacquemontia eriocephala* (Moricand) Meissner, *Jacquemontia eriocephala* var. *maynensis* Meissner, *Jacquemontia hirtiflora* (M. Martens & Galeotti) O'Donell, *Jacquemontia lactescens* Seemann
Ref. FP 13(5/1) 1959: 516; Austin, 1982: 77.
Vine. Amazonian, Andean I-II: disturbed areas, forests, riversides, savannas. 0-2500 m.
Voucher: Vásquez 2476 (MO!)
Depts.: AM, HU, JU, LO, SM

Operculina alata (Hamilton) Urban =Operculina hamiltonii (G. Don) Austin & Staples
Ref. FP 13(5/1) 1959: 480; Austin 1983: 487.

Operculina alatipes (Hooker) House =Operculina pteripes (G. Don) O'Donell
Ref. FP 13(5/1) 1959: 479.

Operculina codonantha (Bentham) Hallier f.
Syn. *Ipomoea codonantha* Bentham
Ref. FP 13(5/1) 1959: 479; Austin, 1982: 89.
Liana. Amazonian: riversides, swamps. 0-500 m.
Voucher: Klug 4308 (F)
Depts.: SM

Operculina hamiltonii (G. Don) Austin & Staples
Syn. *Convolvulus alatus* Hamilton, *Ipomoea altissima* C. Martius ex Choisy, *Operculina alata* (Hamilton) Urban
Ref. Austin, 1983: 487.
Liana. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Klug 4335 (MO!)
Depts.: SM

Operculina pteripes (G. Don) O'Donell
Syn. *Calonyction pteripes* G. Don, *Ipomoea alatipes* Hooker, *Operculina alatipes* (Hooker) House, *Operculina pteropus* Meissner
Ref. FP 13(5/1) 1959: 479.
Note: Not reconfirmed.

Operculina pteropus Meissner =Operculina pteripes (G. Don) O'Donell
Ref. FP 13(5/1) 1959: 479.

[Operculina triquetra (M. Vahl) J. F. Macbride]
Syn. *Convolvulus triqueter* M. Vahl, *Ipomoea triquetra* (M. Vahl) Roemer & Schultes, *Merremia triquetra* (M. Vahl) G. Robson
Ref. FP 13(5/1) 1959: 480.
Note: Not known from Peru.

Pharbitis nil var. *diversifolia* (Lindley) Choisy =Ipomoea purpurea (L.) Roth
Ref. FP 13(5/1) 1959: 503.

Pharbitis pubescens (Lamarck) Choisy =Ipomoea pubescens Lamarck
Ref. FP 13(5/1) 1959: 502.

Prevostea sericea (H.B.K.) Choisy =Calycobolus sericeus (H.B.K.) House
Ref. FP 13(5/1) 1959: 478.

[*Quamoclit coccinea* (L.) Moench =Ipomoea coccinea L.]
Ref. FP 13(5/1) 1959: 490.
Note: Not known from Peru.

Quamoclit coccinea var. *hederifolia* (L.) House =Ipomoea hederifolia Lamarck
Ref. Austin, 1982: 51; Austin, 1985: 32.

Quamoclit hederifolia (L.) G. Don =Ipomoea hederifolia L.
Ref. Austin, 1982: 51; Austin, 1985: 32.

Quamoclit nationis Hooker =Ipomoea nationis (Hooker) G. Nicholson
Ref. FP 13(5/1) 1959: 496; Austin, 1985: 33.

Quamoclit pinnata (Desrousseaux) Bojer =Ipomoea quamoclit L.
Ref. FP 13(5/1) 1959: 504.

Quamoclit ruiziana G. Don =Ipomoea dubia Roemer & Schultes
Ref. FP 13(5/1) 1959: 486; Austin, 1985: 31.

Quamoclit vulgaris Choisy =Ipomoea quamoclit L.
Ref. FP 13(5/1) 1959: 504.

Rivea cordata Choisy =Turbina cordata (Choisy) Austin & Staples
Ref. Austin & Staples, 1991: 272.

Rivea corymbosa (L.) Hallier f. =Turbina corymbosa (L.) Raf.
Ref. FP 13(5/1) 1959: 476; Austin & Staples, 1991: 273.

Thouinia Smith (1789)
Note: This genus is an illegitimate homonym of *Thouinia* Poiteau (1804) (Sapindaceae), a conserved generic name.

Thouinia multifia Dombey ex Jussieu =Gilia laciniata var. laciniata (Polemoniaceae)
Ref. FP 13(5A/2) 1967: 125.

Turbina cordata (Choisy) Austin & Staples
Syn. *Rivea cordata* Choisy
Ref. Austin & Staples, 1991: 272.
Liana or vine. Andean II-III: riversides, shrublands. 3000-4000 m.
Voucher: Stork *et al.* 10516 (GH)
Depts.: AP

Turbina corymbosa (L.) Raf.
Syn. *Convolvulus corymbosus* L., *Convolvulus sidaefolius* H.B.K., *Ipomoea corymbosa* (L.) Roth ex Roemer & Schultes, *Ipomoea sidaefolia* Choisy, *Legendrea corymbosa* (L.) van Ooststroom, *Rivea corymbosa* (L.) Hallier f.
Ref. FP 13(5/1) 1959: 476; Austin, 1982: 92; Austin & Staples, 1991: 273.
Liana or vine. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Woytkowski 8366 (MO!)
Depts.: HU, JU, SM

Coriariaceae

1 genus and 1 species in Peru.

Prepared by L. Brako; reviewed by L. E. Skog (US).

Coriaria microphylla Poiret =Coriaria ruscifolia subsp. microphylla (Poiret) L. E. Skog
Ref. Skog, 1972: 249; Skog, 1987a: 4.

Coriaria phylicifolia Humboldt & Bonpland ex Willdenow =Coriaria ruscifolia subsp. microphylla (Poiret) L. E. Skog
Ref. Skog, 1972: 249; Skog, 1987a: 4.

Coriaria ruscifolia L. subsp. **microphylla** (Poiret) L. E. Skog
Syn. *Coriaria microphylla* Poiret, *Coriaria phylicifolia* Humboldt & Bonpland ex Willdenow, *Coriaria thymifolia* Humboldt & Bonpland ex Willdenow
Ref. Skog, 1972: 249; Skog, 1987a: 4.
Herb or shrub. Andean I-II: disturbed areas, forests, shrublands. 500-3500 m.
Voucher: Hutchison 115 (MO!, USM!)
Depts.: AM, AP, AY, CA, CU, HU, HV, JU, LL, PU

Coriaria thymifolia Humboldt & Bonpland ex Willdenow =Coriaria ruscifolia subsp. microphylla (Poiret) L. E. Skog
Ref. FP 13(3A/1) 1951: 237; Skog, 1972: 249; Skog, 1987a: 4.

Cornaceae

1 genus and 1 species in Peru.

Prepared by L. Brako; reviewed by R. L. Liesner (MO).

Cornus boliviana J. F. Macbride =Cornus peruviana J.F. Macbride
Ref. FP 13 (5/1) 1959: 44.

Cornus peruviana J.F. Macbride
Syn. *Cornus boliviana* J. F. Macbride
Ref. FP 13 (5/1) 1959: 44; Steyermark & Liesner, 1987: 429.
Shrub or tree. Andean II: forests. 2000-3500 m.
Voucher: Macbride & Featherstone 3439* (F!), Vargas 763 (F!)
Depts.: AM, AP, CA, HU

Costaceae

See Zingiberaceae.

Crassulaceae

5 genera and 25 species in Peru.

Endemic species: 10.

Prepared by D. R. Brunner (MO).

Altamiranoa berillonana (Hamet) Berger =Villadia berillonana (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1010.

Altamiranoa decipiens (Baker) Froderstrom =Villadia decipiens (Baker) Jacobsen
Ref. Jacobsen & Rowley, 1958: 76.

Altamiranoa dyvrandae (Hamet) Berger =Villadia dyvrandae (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Altamiranoa grandyi (Hamet) Berger =Villadia grandyi (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Altamiranoa imbricata (Diels) Berger =Villadia reniformis Jacobsen
Ref. FP 13(2/3) 1938: 1012.

Altamiranoa incarum (Ball) Berger =Villadia incarum (Ball) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012.

Altamiranoa stricta (Diels) Berger =Villadia dielsii Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Altamiranoa virgata (Diels) Berger =Villadia virgata (Diels) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012.

Altamiranoa weberbaueri (Diels) Berger =Villadia weberbaueri (Diels) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1013.

Bryophyllum calycinum Salisbury =Kalanchoe pinnata (Lamarck) Persoon
Ref. FP 13(2/3) 1938: 1015.

Bryophyllum pinnatum (Lamarck) Kurz =Kalanchoe pinnata (Lamarck) Persoon
Ref. FP 13(2/3) 1938: 1015.

Cotyledon chiclensis Ball =Echeveria chiclensis (Ball) Berger
Ref. FP 13(2/3) 1938: 1013; Walther, 1972: 368.

Cotyledon decipiens Baker =Villadia decipiens (Baker) Jacobsen
Ref. Jacobsen & Rowley, 1958: 76.

Cotyledon eurychlamys Diels =Echeveria eurychlamys (Diels) Berger
Ref. FP 13(2/3) 1938: 1014; Walther, 1972: 362.

Cotyledon excelsa Diels =Echeveria excelsa (Diels) Berger
Ref. FP 13(2/3) 1938: 1014.

Cotyledon imbricata Diels =Villadia reniformis Jacobsen
Ref. FP 13(2/3) 1938: 1012.

Cotyledon incarum Ball =Villadia incarum (Ball) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012.

Cotyledon peruviana (Meyen) Baker =Echeveria peruviana Meyen
Ref. FP 13(2/3) 1938: 1014.

Cotyledon pinnata Lamarck =Kalanchoe pinnata (Lamarck) Persoon
Ref. FP 13(2/3) 1938: 1015.

Cotyledon stricta Diels =Villadia dielsii Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Cotyledon virgata Diels =Villadia virgata (Diels) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012.

Cotyledon weberbaueri Diels =Villadia weberbaueri (Diels) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012.

Crassula bonariensis Cambessèdes =Crassula peduncularis (Smith) Meigen

Crassula caudiculata Bacigalupo & Rossow =Crassula peduncularis (Smith) Meigen

Crassula closiana (Gay) Reiche
Syn. *Crassula macbridei* Steyermark, *Tillaea closiana* Gay
Ref. FP 13(2/3) 1938: 1009; Bywater & Wickens, 1984: 722.
Herb. Andean I-II, Coastal. 0-3000 m.
Voucher: Macbride 5971* (F)
Depts.: JU, LI

Crassula connata (R. & P.) Berger
Syn. *Tillaea connata* R. & P., *Tillaea rubescens* H.B.K.
Ref. FP 13(2/3) 1938: 1008; Bywater & Wickens, 1984: 722.
Herb. Amazonian, Andean I-III: forests, rocky slopes. 0-4500 m.
Voucher: Pennell 13403 (F!), Sagástegui 12740 (MO!)
Depts.: AR, CA, CU, JU, LL, LI, PU

Crassula macbridei Steyermark =Crassula closiana (Gay) Reiche
Ref. FP 13(2/3) 1938: 1009.

Crassula peduncularis (Smith) Meigen
Syn. *Crassula bonariensis* Cambessèdes, *Crassula caudiculata* Bacigalupo & Rossow, *Tillaea paludosa* Schlechtendal, *Tillaea peduncularis* Smith
Ref. Bywater & Wickens, 1984: 714.
Aquatic or terrestrial herb. Andean II-III: bogs, seasonally inundated areas, swamps. 2500-4000 m.
Voucher: Woytkowski 6693 (MO!)
Depts.: AN, JU

Crassula venezuelensis (Steyermark) Bywater & Wickens
Syn. *Tillaea venezuelensis* Steyermark
Ref. Bywater & Wickens, 1984: 710.
Aquatic herb. Andean II-III: submerged. 3000-4000 m.

Voucher: Núñez & Vargas 9248 (MO!)
Depts.: AN, CA, CU, SM

Echeveria andina Hutchison
Aquatic herb. Andean II. 3000-3500 m.
Voucher: Hutchison & Wright 4282 (MO!)
Depts.: AN

Echeveria backebergii Poellnitz
Ref. FP 13(2/3) 1938: 1013; Walther, 1972: 352.
Endemic herb. Andean II: rocky slopes. 2000-3000 m.
Voucher: Gentry 36118 (MO!)
Depts.: LI

Echeveria chiclensis (Ball) Berger
Syn. *Cotyledon chiclensis* Ball, *Echeveria neglecta* Poellnitz
Ref. FP 13(2/3) 1938: 1013; Walther, 1972: 368.
Herb. Andean II-III: rocky slopes. 2500-4500 m.
Voucher: Ball s.n.*, Rose 18760 (US)
Depts.: HU, JU, LI

Echeveria eurychlamys (Diels) Berger
Syn. *Cotyledon eurychlamys* Diels
Ref. FP 13(2/3) 1938: 1014; Walther, 1972: 362.
Endemic herb. Andean II: rocky slopes. 1500-3500 m.
Voucher: Weberbauer 4056* (B photo MO!), Hutchison 7049 (MO!)
Depts.: CA

Echeveria excelsa (Diels) Berger
Syn. *Cotyledon excelsa* Diels
Ref. FP 13(2/3) 1938: 1014; Walther, 1972: 338.
Endemic herb. Andean II-III: rocky slopes. 2500-4000 m.
Voucher: Weberbauer 3149* (B photo MO!), Smith & Buddensiek 10948 (MO!)
Depts.: AN, LI

Echeveria neglecta Poellnitz =Echeveria chiclensis (Ball) Berger
Ref. FP 13(2/3) 1938: 1013; Walther, 1972: 368.

Echeveria pachanoi Rose =Echeveria quitensis (H.B.K.) Lindley
Ref. Walther, 1972: 287.

Echeveria peruviana Meyen
Syn. *Cotyledon peruviana* (Meyen) Baker
Ref. FP 13(2/3) 1938: 1014; Walther, 1972: 364.
Herb. Andean II: rocky slopes. 2000-3500 m.
Voucher: Sagástegui *et al.* 11999 (MO!)
Depts.: CA, JU, LI, TA

Echeveria quitensis (H.B.K.) Lindley
Syn. *Echeveria pachanoi* Rose, *Sedum quitense* H.B.K.
Ref. Walther, 1972: 287.
Herb. Andean II: rocky slopes. 2000-2500 m.
Voucher: Hutchison 6598 (MO!)
Depts.: PI

Echeveria westii Walther
Ref. Walther, 1972: 361.
Herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Núñez 9262 (MO!)
Depts.: CU

Kalanchoe pinnata (Lamarck) Persoon
Syn. *Bryophyllum calycinum* Salisbury, *Bryophyllum pinnatum* (Lamarck) Kurz, *Cotyledon pinnata* Lamarck
Cultivated herb or subshrub. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Klug 3752 (MO!), Núñez 8147 (MO!)
Depts.: CA, CU, HU, LO, MD, SM

Sedum andinum Ball =Villadia andina (Ball) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1010.

Sedum backebergii von Poellnitz
Ref. von Poellnitz, 1939: 95.
Note. Not reconfirmed.

Sedum berillonanum Hamet =Villadia berillonana (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1010.

Sedum dyvrandae Hamet =Villadia dyvrandae (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Sedum grandyi Hamet =Villadia grandyi (Hamet) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1011.

Sedum peruvianum A. Gray
Ref. Gray, 1854: 691.
Note: Not reconfirmed.

Sedum quitense Kunth =Echeveria quitensis (Kunth) Lindley
Ref. Walther, 1972: 287.

Tillaea closiana Gay =Crassula closiana (Gay) Reiche
Ref. Bywater & Wickens, 1984: 721.

Tillaea connata R. & P. =Crassula connata (R. & P.) Berger
Ref. FP 13(2/3) 1938: 1008; Bywater & Wickens, 1984: 722

Tillaea paludosa Schlechtendal =Crassula peduncularis (Smith) Meigen
Ref. Bywater & Wickens, 1984: 714.

Tillaea peduncularis Smith =Crassula peduncularis (Smith) Meigen
Ref. Bywater & Wickens, 1984: 714.

Tillaea rubescens H.B.K. =Crassula connata (R. & P.) Berger
Ref. FP 13(2/3) 1938: 1008; Bywater & Wickens, 1984: 714

Tillaea venezuelensis Steyermark =Crassula venezuelensis (Steyermark) Bywater & Wickens
Ref. Bywater & Wickens, 1984: 710.

Villadia andina (Ball) Baehni & J. F. Macbride
Syn. *Sedum andinum* Ball
Ref. FP 13(2/3) 1938: 1010; Baehni, 1937: 285.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ball s.n.*
Depts.: LI

Villadia berillonana (Hamet) Baehni & J. F. Macbride
Syn. *Altamiranoa berillonana* (Hamet) Berger, *Sedum berillonanum* Hamet
Ref. FP 13(2/3) 1938: 1010; Baehni, 1937: 285.
Endemic shrub. Andean II: rocky slopes. 2500-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5501* (B)
Depts.: AY

Villadia decipiens (Baker) Jacobsen
Syn. *Altamiranoa decipiens* (Baker) Froderstrom, *Cotyledon decipiens* Baker
Ref. Jacobsen & Rowley, 1958: 76.
Note: Not reconfirmed.

Villadia dielsii Baehni & J. F. Macbride
Syn. *Altamiranoa stricta* (Diels) Berger, *Cotyledon stricta* Diels
Ref. FP 13(2/3) 1938: 1011; Baehni, 1937: 285.
Herb. Andean II-III: rocky slopes. 2000-4500 m.
Voucher: Weberbauer 3000*, Gentry *et al.* 39744 (MO!)
Depts.: AN, CA, CU, LL, LI

Villadia dyvrandae (Hamet) Baehni & J. F. Macbride
Syn. *Altamiranoa dyvrandae* (Hamet) Berger, *Sedum dyvrandae* Hamet
Ref. FP 13(2/3) 1938: 1011; Baehni, 1937: 286.
Endemic herb. Andean II: rocky slopes. 2000-3500 m.
Voucher: Weberbauer 5278*, Sagástegui 8109 (MO!)
Depts.: CA, CU, LL, LI

Villadia grandyi (Hamet) Baehni & J. F. Macbride
Syn. *Altamiranoa grandyi* (Hamet) Berger, *Sedum grandyi* Hamet
Ref. FP 13(2/3) 1938: 1011; Baehni, 1937: 286.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Mathews s.n.* (G)
Depts.: AM

Villadia imbricata (Diels) Baehni & J. F. Macbride =Villadia reniformis Jacobsen
Ref. FP 13(2/3) 1938: 1012.

Villadia incarum (Ball) Baehni & J. F. Macbride
Syn. *Altamiranoa incarum* (Ball) Berger, *Cotyledon incarum* Ball

Ref. FP 13(2/3) 1938: 1012; Baehni, 1937: 286.
Endemic herb. Andean III: rocky slopes. 3500-4000 m.
Voucher: Ball s.n.*, Gentry 21655 (MO!)
Depts.: LI

Villadia reniformis Jacobsen
Syn. *Altamiranoa imbricata* (Diels) Berger, *Cotyledon imbricata* Diels, *Villadia imbricata* (Diels) Baehni & J. F. Macbride
Ref. FP 13(2/3) 1938: 1012; Jacobsen & Rowley, 1958: 76.
Endemic herb. Andean II-III: rocky slopes. 2000-4500 m.
Voucher: Gentry *et al.* 37386 (MO!)
Depts.: AN, AR, CA, HU, LL, TA

Villadia virgata (Diels) Baehni & J. F. Macbride
Syn. *Altamiranoa virgata* (Diels) Berger, *Cotyledon virgata* Diels
Ref. FP 13(2/3) 1938: 1012; Baehni, 1937: 286.
Herb. Andean II-III: rocky slopes. 2000-4000 m.
Voucher: Weberbauer 2853*, Solomon 3023 (MO!)
Depts.: CU

Villadia weberbaueri (Diels) Baehni & J. F. Macbride
Syn. *Altamiranoa weberbaueri* (Diels) Berger, *Cotyledon weberbaueri* Diels
Ref. FP 13(2/3) 1938: 112; Baehni, 1937: 286.
Endemic herb. Andean II: rocky slopes. 2000-2500 m.
Voucher: Weberbauer 4282* (B)
Depts.: AM

Cucurbitaceae

26 genera and 104 species in Peru.

Endemic genus: *Guraniopsis*.
Endemic species: 26.

Prepared by D. M. Kearns (MO); reviewed by C. Jeffrey (K).

Alsomitra brasiliensis Cogniaux =Siolmatra brasiliensis (Cogniaux) Baillon

Ref. FP 13(6/2) 1937: 347.

Anguria tessmannii (Harms) J. F. Macbride =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Anguria triphylla Miquel =Psiguria triphylla (Miquel) C. Jeffrey
Ref. FP 13(6/2) 1937: 353.

Anguria ucayalina (Harms) J. F. Macbride =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Anguria ulei (Cogniaux) J. F. Macbride =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Anguria weberbaueri (Harms) J. F. Macbride =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355.

[Antagonia citrullifolia Grisebach =Cayaponia citrullifolia (Grisebach) Cogniaux]
Ref. Jeffrey, 1978: 376.
Note: Not known from Peru. Name misapplied in the Flora of Peru.

Apodanthera biflora Cogniaux
Ref. FP 13(6/2) 1937: 358.
Vine. Coastal. 0-500 m.
Voucher: Ferreyra 9107 (MO!)
Depts.: PI

Apodanthera cinerea Cogniaux
Ref. FP 13(6/2) 1937: 358.
Endemic vine. Amazonian. 0-500 m.
Voucher: Ule 6759* (B photo F!), Ellenberg 3546 (K!)
Depts.: AM, LO

Apodanthera eriocalyx Cogniaux
Ref. FP 13(6/2) 1937: 359.
Endemic vine. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5343* (B photo F!)
Depts.: LI

Apodanthera ferreyrana Martínez Crovetto
Ref. Martínez, 1956: 95.
Endemic vine. Coastal. 0-1000 m.
Voucher: Ferreyra 8628* (MO!), Mostacero 1062 (MO!)
Depts.: LL

Apodanthera herrerae Harms
Ref. FP 13(6/2) 1937: 359.
Endemic vine. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Herrera 3038* (B)
Depts.: CU

Apodanthera latipetala Martínez Crovetto
Ref. Martínez, 1956: 96.
Endemic vine. Andean II. 2000-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 9699 (MO!)
Depts.: CU

Apodanthera mandonii Cogniaux
Syn. *Apodanthera mandonii* var. *canscens* Cogniaux, *Apodanthera mandonii* var. *dissecta* Cogniaux
Ref. FP 13(6/2) 1937: 359; Jeffrey, 1978: 375.
Vine. Andean II: grasslands, rocky slopes. 2000-3000 m.
Voucher: Stevens 22083 (MO!)
Depts.: AP, CU, HU, LI, MO

Apodanthera mandonii var. *canscens* Cogniaux =Apodanthera mandonii Cogniaux
Ref. FP 13(6/2) 1937: 359.

Apodanthera mandonii var. *dissecta* Cogniaux =Apodanthera mandonii Cogniaux
Ref. FP 13(6/2) 1937: 359.

Apodanthera mathewsii Arnott ex Hooker
Ref. FP 13(6/2) 1937: 360; Jeffrey, 1978: 376.
Endemic vine. Andean II. 1500-2500 m.
Voucher: Mathews 932* (K), Ellenberg 3799 (U)
Depts.: HU

Apodanthera moqueguana Martínez Crovetto
Ref. Martínez, 1956: 94.
Endemic vine.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7263* (F)
Depts.: MO

Apodanthera mucronata Cogniaux
Ref. FP 13(6/2) 1937: 360.
Endemic vine. Andean II. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Mexia 4112 (MO!)
Depts.: HU

Apodanthera tumbeziana Harms
Ref. FP 13(6/2) 1937: 360.
Endemic vine. Andean I: shrubland. 500-1000 m.
Voucher: Weberbauer 7691* (F), Macbride 3959 (F)
Depts.: HU

Apodanthera weberbaueri Harms
Ref. FP 13(6/2) 1937: 361.
Endemic vine. Coastal: rocky slope. 0-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7485* (F)
Depts.: LI

Bryonia glandulosa Poeppig & Endlicher =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Calycophysum pedunculatum Karsten & Triana
Ref. Jeffrey, 1971: 193.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 6579 (MO!)
Depts.: HU, LO, MD, SM, UC

Calycophysum weberbaueri Harms
Ref. FP 13(6/2) 1937: 363; Jeffrey, 1971: 194.
Endemic liana. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7926* (B)
Depts.: CU

Cayaponia amazonica (Poeppig & Endlicher) Cogniaux
Syn. *Perianthopodus amazonicus* (Poeppig & Endlicher) Cogniaux, *Sechium amazonicum* Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 375; Jeffrey, 1971: 213.
Vine. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Poeppig 2924* (W photo F!), Revilla 2220 (MO!)
Depts.: LO, UC

Cayaponia andreana Cogniaux =Cayaponia cruegeri (Naudin) Cogniaux
Ref. Jeffrey, 1971: 223.

Cayaponia calycina Cogniaux =Cayaponia cruegeri (Naudin) Cogniaux
Ref. Jeffrey, 1971: 223.

Cayaponia capitata Cogniaux ex Harms
Ref. FP 13(6/2) 1937: 376.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ule 9869* (B photo F), Díaz 555 (MO!)
Depts.: AM, LO, PA, SM

[Cayaponia citrullifolia (Grisebach) Cogniaux]
Syn. *Antagonia citrullifolia* Grisebach
Ref. Jeffrey, 1978: 376
Note: Not known from Peru. Name misapplied in the Flora of Peru.

Cayaponia caulobotrys C. Jeffrey
Ref. Jeffrey, 1971: 219.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7603 (K!)
Depts.: LO

Cayaponia cruegeri (Naudin) Cogniaux
Syn. *Cayaponia andreana* Cogniaux, *Cayaponia calycina* Cogniaux, *Trianosperma cruegeri* Naudin
Ref. Jeffrey, 1971: 223; Jeffrey, 1984: 510.
Vine. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Revilla 280 (MO!)
Depts.: AM, LO, SM, UC

Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Syn. *Bryonia glandulosa* Poeppig & Endlicher, *Cayaponia heterophylla* (Naudin) Cogniaux, *Cayaponia ottoniana* Cogniaux, *Cayaponia poeppigii* Cogniaux, *Cayaponia tomentosa* Cogniaux, *Trianosperma heterophylla* Naudin
Ref. FP 13(6/2) 1937: 377; Jeffrey, 1971: 221.
Vine. Amazonian, Andean I-II: disturbed areas, forests. 0-2500 m.
Voucher: Poeppig 2211 (W photo K), Woytkowski 6852 (MO!)
Depts.: AM, CA, CU, HU, LO, MD, PI, SM, UC

Cayaponia heterophylla (Naudin) Cogniaux =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Cayaponia macrocalyx Harms
Ref. FP 13(6/2) 1937: 377; Jeffrey, 1971: 211.
Vine. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Tessmann 4445* (B photo F!), Huashikat 1949 (MO!)
Depts.: AM, CU, LO, MD, SM, UC

Cayaponia ophthalmica R. Schultes
Ref. Jeffrey, 1971: 217; Jeffrey, 1984: 508.
Liana or vine. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Gentry 61737 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Cayaponia oppositifolia Harms
Ref. FP 13(6/2) 1937: 377.
Vine. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Tessmann 4503* (B photo F!), Revilla 2239 (MO!)
Depts.: AM, LO, SM

Cayaponia ottoniana Cogniaux =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Cayaponia peruviana (Poeppig & Endlicher) Cogniaux
Syn. *Sechium peruvianum* Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 378; Jeffrey, 1971: 209.
Endemic vine. Andean I: disturbed areas. 500-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1506* (W)
Depts.: HU

Cayaponia poeppigii Cogniaux =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Cayaponia psederifolia Standley ex J. F. Macbride =Cayaponia tubulosa Cogniaux
Ref. FP 13(6/2) 1937: 379; Jeffrey, 1971: 213.

Cayaponia ruizii Cogniaux
Ref. FP 13(6/2) 1937: 379; Jeffrey, 1971: 209.
Vine. Andean I. 500-1000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Berlin 526 (MO!)
Depts.: AM, HU, JU

Cayaponia smithii Standley =Selysia smithii (Standley) C. Jeffrey
Ref. FP 13(6/2) 1937: 380.

Cayaponia tessmannii Harms
Ref. FP 13(6/2) 1937: 380; Jeffrey, 1971: 211.
Endemic vine. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4814* (B photo F!), Klug 3913 (MO!)
Depts.: LO, SM, UC

Cayaponia tomentosa Cogniaux =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Cayaponia tubulosa Cogniaux
Syn. *Cayaponia psederifolia* Standley ex J. F. Macbride
Ref. FP 13(6/2) 1937: 379; Jeffrey, 1971: 213.
Vine. Amazonian, Andean I-II: disturbed areas, seasonally inundated areas. 0-2000 m.
Voucher: Klug 3475 (MO!)
Depts.: CU, LO, MD, PA, SM, UC

Citrullus lanatus (Thunberg) Matsumura & Nakai
Syn. *Citrullus vulgaris* Schrader ex Ecklon & Zeyhes, *Momordica lanata* Thunberg
Ref. FP 13(6/2) 1937: 364; Hara, 1969: 346; Jeffrey, 1984: 495.
Cultivated vine. Amazonian, Coastal: disturbed areas, lomas. 0-1000 m.
Voucher: Dillon 3254 (MO!)
Depts.: AR, LI, LO

Citrullus vulgaris Schrader ex Ecklon & Zeyhes =Citrullus lanatus (Thunberg) Matsumura & Nakai
Ref. FP 13(6/2) 1937: 364.

Cucumis acutangulus L. =Luffa acutangula (L.) Roxburgh
Ref. FP 13(6/2) 1937: 364.

Cucumis anguria L.
Ref. FP 13(6/2) 1937: 382; Jeffrey, 1984: 486.
Introduced vine. Amazonian, Coastal: disturbed areas. 0-1000 m.
Voucher: Gentry 58325 (MO!)
Depts.: LO, SM, TU

Cucumis dipsaceus Ehrenberg ex Spach
Ref. FP 13(6/2) 1937: 382.
Introduced vine. Coastal: disturbed areas, lomas. 0-1000 m.
Voucher: Smith 4229 (MO!)
Depts.: CA, LA, LI, PI

Cucumis melo L.
Ref. Jeffrey, 1978: 375; Jeffrey, 1984: 487.
Cultivated vine. Amazonian: disturbed areas. 0-500 m.
Voucher: Mullins 31 (K!)
Depts.: LO

Cucumis sativus L.
Ref. Soukup, 1974b: 222; Jeffrey, 1984: 488.
Cultivated vine. Disturbed areas.
Depts.: Without full locality data.

Cucurbita euodicarpa Hasskarl =Sicana odorifera (Vell. Conc.) Naudin
Ref. FP 13(6/2) 1937: 362.

Cucurbita lagenaria L. =Lagenaria siceraria (Molina) Standley
Ref. FP 13(6/2) 1937: 383.

Cucurbita odorifera Vell. Conc. =Sicana odorifera (Vell. Conc.) Naudin
Ref. FP 13(6/2) 1937: 362.

Cucurbita siceraria Molina =Lagenaria siceraria (Molina) Standley
Ref. FP 13(6/2) 1937: 383.

Cyclanthera biglandulifera Cogniaux
Ref. Jones, 1969: 159.
Vine. Andean I: rocky slopes. 1000-1500 m.
Voucher: Woytkowski 6446 (MO!)
Depts.: JU

Cyclanthera brachbotrys (Poeppig & Endlicher) Cogniaux
Syn. *Momordica brachybotrys* Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 369; Jones, 1969: 159.
Vine. Andean II: shrublands. 2000-3500 m.
Voucher: Poeppig 1691* (W photo F), Núñez 7430 (MO!)
Depts.: AM, AY, CU, JU

Cyclanthera cordifolia Cogniaux
Syn. *Cyclanthera cordifolia* var. *angustifolia* Cogniaux, *Cyclanthera cordifolia* var. *subnuda* Cogniaux, *Cyclanthera siemiradzkii* Szyszylowicz, *Cyclanthera tomentosa* Cogniaux
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 130; Jones, pers. comm.
Vine. Andean II: cloud forests. 1500-2500 m.
Voucher: Boeke 3050* (MO!)
Depts.: AM, AY, CA, CU, HU, PU

Cyclanthera cordifolia var. *angustifolia* Cogniaux =Cyclanthera cordifolia Cogniaux
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 130.

Cyclanthera cordifolia var. *subnuda* Cogniaux =Cyclanthera cordifolia Cogniaux
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 130.

Cyclanthera killipii Standley ex J. F. Macbride =Cyclanthera quinquelobata Cogniaux
Ref. FP 13(6/2) 1937: 370.

Cyclanthera macropoda (Poeppig & Endlicher) Cogniaux =Elateriopsis macropoda (Poeppig & Endlicher) Cogniaux
Ref. Martínez, 1957: 231.

Cyclanthera mathewsii Arnott ex A. Gray
Syn. *Cyclanthera mathewsii* var. *subintegrifolia* Cogniaux
Ref. FP 13(6/2) 1937: 371; Jones, 1969: 58.
Endemic vine. Andean I-II, Coastal: lomas, rocky slopes. 0-3500 m.
Voucher: Mathews 736* (G photo F), Ferreyra 3845 (MO!)
Depts.: AN, AR, CA, LI, LL, MO

Cyclanthera mathewsii var. *subintegrifolia* Cogniaux =Cyclanthera mathewsii Arnott ex A. Gray
Ref. FP 13(6/2) 1937: 371; Jones, 1969: 58.

Cyclanthera microcarpa Cogniaux
Ref. FP 13(6/2) 1937: 372; Jones, 1969: 114.
Vine. Andean I-II: shrubland. 1000-2000 m.
Voucher: Gentry 22638 (MO!)
Depts.: HU, LI, PI, PU

Cyclanthera multifoliola Cogniaux
Ref. Jones, 1969: 103.
Vine. Coastal. 0-1000 m.
Voucher: Weberbauer 7707 (MO!)
Depts.: TU

Cyclanthera pedata (L.) Schrader
Syn. *Momordica pedata* L.
Ref. FP 13(6/2) 1937: 372; Jones, 1969: 73.
Cultivated vine. Amazonian, Andean I-II, Coastal. 0-2500 m.
Voucher: Soukup 3559 (MO!)
Depts.: AY, CA, CU, HU, JU, LI, LO, PI, SM, TU

Cyclanthera phyllantha Harms
Ref. FP 13(6/2) 1937: 373; Jones, 1969: 165.
Endemic vine. Andean I-II: shrubland. 500-2500 m.
Voucher: Weberbauer 7919* (F), Ferreyra 1896 (GH)
Depts.: CU, PI

Cyclanthera quinquelobata Cogniaux
Syn. *Cyclanthera killipii* Standley ex J. F. Macbride
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 119.
Vine. Andean II: forests. 1500-2000 m.
Voucher: Woytkowski 5547 (MO!)
Depts.: JU

Cyclanthera siemiradzkii Szyszlowicz =Cyclanthera cordifolia Cogniaux
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 130.

Cyclanthera tenuisepala Cogniaux
Ref. FP 13(6/2) 1937: 372; Jones, 1969: 63.
Vine. Andean I-II, Coastal: forests. 0-2000 m.
Voucher: Weberbauer 7728 (F)
Depts.: TU

Cyclanthera tomentosa Cogniaux =Cyclanthera cordifolia Cogniaux
Ref. FP 13(6/2) 1937: 370; Jones, 1969: 130; Jones, pers. comm.

Dieudonnaea rhizantha (Poeppig & Endlicher) Cogniaux =Gurania rhizantha (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 356; Jeffrey, 1978: 357.

Dieudonnaea rhizantha var. *poeppigiana* Cogniaux =Gurania rhizantha (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 356; Jeffrey, 1978: 357.

Echinocystis araneosa Grisebach =Echinopepon racemosus (Steudel) C. Jeffrey
Ref. Jeffrey, 1978: 357.

Echinopepon racemosus (Steudel) C. Jeffrey
Syn. *Echinocystis araneosa* Grisebach, *Momordica racemosa* Steudel
Ref. FP 13(6/2) 1937: 374; Jeffrey, 1978: 357.
Vine. Amazonian, Andean I-II: disturbed areas, shrublands. 0-2500 m.
Voucher: Woytkowski 8227 (MO!)
Depts.: AM, CA, CU, LI, PI, TU

Elateriopsis macropoda (Poeppig & Endlicher) Cogniaux
Syn. *Cyclanthera macropoda* (Poeppig & Endlicher) Cogniaux, *Momordica macropoda* Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 371; Martínez, 1957: 231.
Endemic vine. Forests.
Voucher: Poeppig 1966* (W photo F!)
Depts.: SM

Elateriopsis spectabilis Martínez Crovetto
Ref. Martínez, 1957: 232.
Vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Gentry 29669 (MO!)
Depts.: AM, LO

Elateriopsis subcyclanthera C. Jeffrey
Ref. Jeffrey, 1978: 358.
Vine. Coastal: forests. 0-1000 m.
Voucher: Ellenberg 1417* (U)
Depts.: TU

Elaterium amazonicum C. Martius ex Cogniaux =Rytidostylis amazonica (C. Martius ex Cogniaux) Kuntze
Ref. FP 13(6/2) 1937: 367; Jeffrey, 1978: 375.

[*Elaterium carthaginense* Jacquin =Rytidostylis carthaginense (Jacquin) Kuntze]
Ref. FP 13(6/2) 1937: 367; Jeffrey, 1978: 375.
Note: Not known from Peru.

Elaterium trianaei Cogniaux =Rytidostylis trianaei (Cogniaux) Kuntze

Fevillea cordifolia L.
Syn. *Siolmatra mexiae* Standley
Ref. FP 13(6/2) 1937: 327; Jeffrey, 1962: 199.
Liana. Amazonian: forests. 0-500 m.
Voucher: Woytkowski 7607 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Fevillea deltoidea Cogniaux =Pteropepon deltoideus Cogniaux
Ref. FP 13(6/2) 1937: 333.

Fevillea pedatifolia (Cogniaux) C. Jeffrey
Syn. *Alsomitra pedatifolia* Cogniaux, *Alsomitra peruviana* Huber, *Fevillea peruviana* (Huber) C. Jeffrey, *Siolmatra amazonica* Cogniaux, *Siolmatra pedatifolia* (C. Martius) Cogniaux, *Siolmatra peruviana* (Huber) Cogniaux
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 199; Wunderlin, pers. comm.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Díaz 730 (MO!)
Depts.: AY, LO, MD, PA, SM, UC

Fevillea pergamentacea (Kuntze) Cogniaux
Syn. *Nhandiroba pergamentacea* Kuntze
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 199.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 2198 (MO!)
Depts.: LO, MD

Fevillea peruviana (Huber) C. Jeffrey =Fevillea pedatifolia (Cogniaux) C. Jeffrey
Ref. Jeffrey, 1962: 199; Wunderlin, pers. comm.

Fevillea simplicifolia (Harms) C. Jeffrey
Syn. *Siolmatra simplicifolia* Harms
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 200; Wunderlin, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Note: Jeffrey (pers. comm.) considers this taxon a synonym of *F. pedatifolia*.
Voucher: Williams 5072* (B), Woytkowski 7611 (MO!)
Depts.: LO, PA, SM

Fevillea tamnifolia H.B.K. =Sicydium tamnifolium (H.B.K.) Cogniaux
Ref. FP 13(6/2) 1937: 332.

Gurania acuminata Cogniaux
Syn. *Anguria pachypoda* (Harms) J. F. Macbride, *Anguria ulei* (Cogniaux) J. F. Macbride, *Anguria weberbaueri* (Harms) J. F. Macbride, *Gurania diversifolia* Cogniaux, *Gurania dumortieri* Cogniaux, *Gurania pachypoda* Harms, *Gurania sarana* Harms, *Gurania ulei* Cogniaux, *Gurania weberbaueri* Harms
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1984: 473.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Croat 20088 (MO!)
Depts.: AM, LO, MD, SM, UC

Gurania apodantha Standley =Gurania rhizantha (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 356; Jeffrey, 1978: 357.

Gurania balfoureana Cogniaux =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey

Syn. *Anguria balfoureana* (Cogniaux) J. F. Macbride, *Anguria bignoniacea* Poeppig & Endlicher, *Anguria cissoides* Bentham, *Anguria inaequalis* (Cogniaux) J. F. Macbride, *Anguria mathewsii* J. F. Macbride, *Anguria tessmannii* (Harms) J. F. Macbride, *Anguria ucayalina* (Harms) J. F. Macbride, *Gurania balfoureana* Cogniaux, *Gurania cissoides* Cogniaux, *Gurania inaequalis* Cogniaux, *Gurania parviflora* Cogniaux, *Gurania tessmannii* Harms, *Gurania ucayalina* Harms, *Psiguria bignoniacea* (Poeppig & Endlicher) Wunderlin
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354; Jeffrey, 1984: 431.
Vine. Amazonian, Andean I-II: disturbed areas, forests, seasonally inundated areas. 0-2000 m.
Voucher: Poeppig 1703* (W), Schunke 6396 (MO!)
Depts.: AM, AY, HU, LO, MD, PA, SM, UC

Gurania capitata (Poeppig & Endlicher) Cogniaux
Syn. *Anguria capitata* Poeppig & Endlicher, *Anguria capitata* var. *pallida* (Cogniaux) J. F. Macbride, *Gurania capitata* var. *pallida* Cogniaux
Ref. FP 13(6/2) 1937: 345.
Endemic vine. Amazonian, Andean I-II: forests, riversides. 0-2000 m.
Voucher: Poeppig 1222* (W photo F!), Schunke 9188 (MO!)
Depts.: HU, JU, LO, MD, UC

Gurania capitata var. *pallida* Cogniaux =Gurania capitata (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 345.

Gurania cissoides Cogniaux =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania diversifolia Cogniaux =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Gurania dumortieri Cogniaux =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Gurania eggersii Sprague & Hutchinson =Gurania pedata Sprague
Ref. Jeffrey, 1978: 376.

Gurania eriantha (Poeppig & Endlicher) Cogniaux
Syn. *Anguria eriantha* Poeppig & Endlicher, *Anguria lanata* (Cogniaux) J. F. Macbride, *Anguria pyrrhocephala* (Harms) J. F. Macbride, *Anguria speciosa* Poeppig & Endlicher, *Gurania lanata* Cogniaux, *Gurania speciosa* (Poeppig & Endlicher) Cogniaux, *Gurania pyrrocephala* Harms
Ref. FP 13(6/2) 1937: 353; Wunderlin, 1978: 322.
Vine. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Poeppig 1664* (W), Schunke 6538 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Gurania guentheri Harms
Syn. *Anguria guentheri* (Harms) J. F. Macbride
Ref. FP 13(6/2) 1937: 347.
Vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Tessmann 4113* (B photo F), Huashikat 2056 (MO!)
Depts.: AM, LO,

Gurania inaequalis Cogniaux =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania insolita Cogniaux
Syn. *Anguria insolita* (Cogniaux) J. F. Macbride
Ref. FP 13(6/2) 1937: 348; Jeffrey, pers. comm.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Sandeman 3472 (K!)
Depts.: HU

Gurania killipii Standley ex J. F. Macbride =Gurania spinulosa (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 353; Jeffrey, 1978: 276.

Gurania lanata Cogniaux =Gurania eriantha (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 353.

Gurania pachypoda Harms =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 351.

Gurania parviflora Cogniaux =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania pedata Sprague
Syn. *Anguria parviflora* Cogniaux, *Gurania eggersii* Sprague & Hutchinson
Ref. Jeffrey, 1978: 376.
Vine. Amazonian: forests, riversides. 0-1000 m.
Voucher: Berlin 1530 (MO!)
Depts.: AM, SM

Gurania pycnocephala Harms
Syn. *Anguria pycnocephala* (Harms) J. F. Macbride
Ref. FP 13(6/2) 1937: 351.
Endemic vine. Amazonian: forests. 0-500 m.
Voucher: Tessmann 5401* (B photo F!), Schunke 10384 (MO!)
Depts.: HU, LO, PA, UC

Gurania pyrrocephala Harms =Gurania eriantha (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 353; Jeffrey, pers. comm.

Gurania rhizantha (Poeppig & Endlicher) C. Jeffrey
Syn. *Anguria rhizantha* Poeppig & Endlicher, *Dieudonnaea rhizantha* (Poeppig & Endlicher) Cogniaux, *Dieudonnaea rhizantha* var. *poeppigiana* Cogniaux, *Gurania apodantha* Standley
Ref. FP 13(6/2) 1937: 356; Jeffrey, 1978: 357.
Liana or vine. Amazonian: terra firme forests. 0-500 m.
Voucher: Poeppig s.n.* (W), Revilla 2046 (MO!)
Depts.: AM, HU, LO, MD

Gurania rufipila Cogniaux
Syn. *Anguria rufipila* (Cogniaux) J. F. Macbride
Ref. FP 13(6/2) 1937: 352.
Vine. Amazonian: forests. 0-500 m.
Voucher: Ule 6208* (B photo F!), Vásquez 6130 (MO!)
Depts.: LO, MD

Gurania sarana Harms =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Gurania smithii Standley
Ref. FP 13(6/2) 1937: 353.
Endemic vine. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 25773* (US photo F)
Depts.: PA

Gurania speciosa (Poeppig & Endlicher) Cogniaux =Gurania eriantha (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 353; Wunderlin, 1978: 322.

Gurania spinulosa (Poeppig & Endlicher) Cogniaux
Syn. *Anguria spinulosa* Poeppig & Endlicher, *Anguria spinulosa* var. *glabrata* (Cogniaux) J. F. Macbride, *Gurania killipii* Standley ex J. F. Macbride, *Gurania spinulosa* var. *glabrata* Cogniaux
Ref. FP 13(6/2) 1937: 353; Jeffrey, 1978: 376.
Vine. Amazonian, Andean I-II: disturbed areas, forests, seasonally inundated areas. 0-2500 m.
Voucher: Poeppig 1393* (B photo F!), Núñez 8236 (MO!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, PU, SM, UC

Gurania spinulosa var. *glabrata* Cogniaux =Gurania spinulosa (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 353; Jeffrey, 1978: 276.

Gurania tessmannii Harms =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania ucayalina Harms =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 354.

Gurania ulei Cogniaux =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Gurania weberbaueri Harms =Gurania acuminata Cogniaux
Ref. FP 13(6/2) 1937: 355; Jeffrey, 1978: 376.

Guraniopsis longipedicellata Cogniaux
Syn. *Anguria longipedicellata* (Cogniaux) J. F. Macbride
Ref. FP 13(6/2) 1937: 350; Jeffrey, 1978: 376.
Endemic vine. Andean II. 1500-3000 m.
Voucher: Weberbauer 1969* (B photo F), Hutchison 1152 (UC)
Depts.: JU

Lagenaria leucantha (Duchassaing) Rusby =Lagenaria siceraria (Molina) Standley
Ref. FP 13(6/2) 1937: 383.

Lagenaria siceraria (Molina) Standley
Syn. *Cucurbita lagenaria* L., *Cucurbita siceraria* Molina, *Lagenaria leucantha* (Duchassaing) Rusby, *Lagenaria vulgaris* Seringe
Ref. FP 13(6/2) 1937: 383; Jeffrey, 1984: 494.
Cultivated vine. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Berlin 999 (MO!)
Depts.: AM, AY, CU, SM

Lagenaria vulgaris Seringe =Lagenaria siceraria (Molina) Standley
Ref. FP 13(6/2) 1937: 383.

Luffa acutangula (L.) Roxburgh
Syn. *Cucumis acutangulus* L.
Ref. FP 13(6/2) 1937: 364; Jeffrey, 1984: 500; Heiser *et al.*, 1988: 138.
Cultivated vine. Amazonian: terra firme forests. 0-500 m.
Voucher: Killip & Smith 22991 (US)
Depts.: Without full locality data.

Luffa aegyptiaca Miller =Luffa cylindrica (L.) M. Roemer
Ref. FP 13(6/2) 1937: 365.

Luffa astorii Svenson
Syn. *Luffa operculata* var. *lobata* Cogniaux
Ref. Heiser *et al.*, 1988: 140.
Vine. Coastal: rocky slopes, savannas. 0-500 m.
Voucher: Sagástegui 10916 (MO!)
Depts.: PI

Luffa cylindrica (L.) M. Roemer
Syn. *Luffa aegyptiaca* Miller, *Momordica cylindrica* L.
Ref. FP 13(6/2) 1937: 365; Jeffrey, 1984: 499.
Cultivated vine. Amazonian: disturbed areas, riversides, terra firme forests. 0-500 m.
Voucher: Rimachi 333 (MO!)
Depts.: AM, CU, LO, SM

Luffa operculata (L.) Cogniaux
Syn. *Momordica operculata* L.
Ref. FP 13(6/2) 1937: 365; Heiser *et al.*, 1988: 138.
Vine. Amazonian: seasonally inundated areas, swamps, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 22166 (MO)
Depts.: AM, AN, CA, LA, LO, PI, TU

Luffa operculata var. *lobata* Cogniaux =Luffa astorii Svenson
Ref. Heiser *et al.*, 1988: 140.

Melothria cucumis Vell. Conc.
Ref. Martínez, 1949: 505; Jeffrey, 1978: 376.
Vine. Amazonian: disturbed areas. 0-500 m.
Voucher: Núñez 6094 (MO!)
Depts.: MD

Melothria dulcis Wunderlin
Vine. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1000 m.
Voucher: Schunke 9941 (MO!)
Depts.: AM, HU, LO, SM

Melothria fluminensis Gardner =Melothria pendula L.
Ref. FP 13(6/2) 1937: 361.

Melothria fluminensis var. *microphylla* Cogniaux =Melothria pendula L.
Ref. FP 13(6/2) 1937: 361.

Melothria fluminensis var. *ovata* Cogniaux =Melothria pendula L.
Ref. FP 13(6/2) 1937: 361.

Melothria guadalupensis (Sprengel) Cogniaux =Melothria pendula L.
Ref. FP 13(6/2) 1937: 361.

Melothria hookeri Cogniaux =Melothria warmingii Cogniaux
Ref. Jeffrey, 1978: 376.

Melothria pendula L.
Syn. *Melothria fluminensis* Gardner, *Melothria fluminensis* var. *microphylla* Cogniaux, *Melothria fluminensis* var. *ovata* Cogniaux, *Melothria guadalupensis* (Sprengel) Cogniaux
Ref. FP 13(6/2) 1937: 361; Jeffrey, 1978: 376; Jeffrey, 1984: 483.
Vine. Amazonian, Andean I, Coastal: disturbed areas. 0-1500 m.
Voucher: Sagástegui 8344 (MO!)
Depts.: AM, CA, CU, JU, LI, LL, LO, PA, SM, TU

Melothria prunifera Poeppig & Endlicher =Selysia prunifera (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 381.

Melothria warmingii Cogniaux
Syn. *Melothria hookeri* Cogniaux
Ref. Martínez, 1949: 509; Jeffrey, 1978: 376.
Vine. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Schunke 9243 (MO!)
Depts.: AM, HU, JU, LO, SM, UC

Momordica balsamina L.
Ref. FP 13(6/2) 1937: 366; Jeffrey, 1978: 376.
Introduced vine. Andean I: disturbed areas: 500-1000 m.
Voucher: Spruce 6461 (K!)
Depts.: PI

Momordica brachybotrys Poeppig & Endlicher =Cyclanthera brachbotrys (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 369; Jones, 1969: 159.

Momordica charantia L.
Ref. FP 13(6/2) 1937: 366; Jeffrey 1984: 489.
Cultivated vine. Amazonian, Coastal: disturbed areas, seasonally inundated areas, semi-deciduous forests, shrublands, swamps. 0-1000 m.
Voucher: Gentry 29933 (MO!)
Depts.: CU, JU, LL, LO, SM, TU

Momordica cylindrica L. =Luffa cylindrica (L.) M. Roemer
Ref. FP 13(6/2) 1937: 365.

Momordica lanata Thunberg =Citrullus lanatus (Thunberg) Matsumura & Nakai
Ref. FP 13(6/2) 1937: 364.

Momordica macropoda Poeppig & Endlicher =Elateriopsis macropoda (Poeppig & Endlicher) Cogniaux
Ref. Martínez, 1957: 371.

Momordica operculata L. =Luffa operculata (L.) Cogniaux
Ref. FP 13(6/2) 1937: 365; Heiser *et al.*, 1988: 138.

Momordica pedata L. =Cyclanthera pedata (L.) Schrader
Ref. Jones, 1969: 73.

Momordica racemosa Steudel =Echinopepon racemosus (Steudel) C. Jeffrey
Ref. Jeffrey, 1978: 357.

Nhandiroba pergamentacea Kuntze =Fevillea pergamentacea (Kuntze) Cogniaux
Ref. FP 13(6/2) 1937: 348.

Perianthopodus amazonicus (Poeppig & Endlicher) Cogniaux =Cayaponia amazonica (Poeppig & Endlicher) Cogniaux

Ref. FP 13(6/2) 1937: 375; Jeffrey, 1971: 213.

Posadaea sphaerocarpa Cogniaux
Ref. Jeffrey, 1984: 480.
Herb or vine. Amazonian: forests. 0-500 m.
Voucher: Gentry & Revilla 16406 (K!)
Depts.: LO

Pseudosicydium acariieanthum Harms
Ref. FP 13(6/2) 1937: 33.
Liana or vine. Amazonian: riversides, swamps, terra firme forests. 0-500 m.
Voucher: Tessmann 5417* (B photo F), Woytkowski 6756 (MO!)
Depts.: LA, LO, MD

Psiguria bignoniacea (Poeppig & Endlicher) Wunderlin =Gurania bignoniacea (Poeppig & Endlicher) C. Jeffrey
Ref. FP 13(6/2) 1937: 354; Jeffrey, pers. comm.

Psiguria ternata (M. Roemer) C. Jeffrey
Syn. *Anguria grandiflora* Cogniaux, *Anguria ternata* M. Roemer,
Ref. FP 13(6/2) 1937: 347; Jeffrey, 1978: 354.
Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Knapp 6878 (MO!)
Depts.: LO, MD, SM

Psiguria triphylla (Miquel) C. Jeffrey
Syn. *Anguria bignoniacea* Poeppig & Endlicher, *Anguria bignoniacea* var. *pallida* (Cogniaux) J. F. Macbride, *Anguria boissieriana* Cogniaux, *Anguria pallida* Cogniaux, *Anguria triphylla* Miquel
Ref. FP 13(6/2) 1937: 344; Jeffrey, 1978: 353; Jeffrey, 1984: 466.
Vine. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2000 m.
Voucher: Foster 9405 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM

Pteropepon deltoideus Cogniaux
Syn. *Fevillea deltoidea* Cogniaux, *Pteropepon deltoideus* var. *peruvianus* Harms
Ref. FP 13(6/2) 1937: 33; Jeffrey, 1978: 368.
Vine. Amazonian: forests. 0-500 m.
Voucher: Vásquez 7798 (MO!)
Depts.: AM, LO, SM,

Pteropepon deltoideus var. *peruvianus* Harms =Pteropepon deltoideus Cogniaux
Ref. FP 13(6/2) 1937: 333; Jeffrey, 1978: 368.

Rytidostylis amazonica (C. Martius ex Cogniaux) Kuntze
Syn. *Elaterium amazonicum* C. Martius ex Cogniaux
Ref. Jeffrey, 1978: 375.
Vine. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Mexia 6460 (MO!)
Depts.: LO, UC

[Rytidostylis carthaginense (Jacquin) Kuntze]
Syn. *Elaterium carthaginense* Jacquin
Ref. FP 13(6/2) 1937: 367; Jeffrey, 1978: 366; Jeffrey, pers. comm.
Note: Not known from Peru.

Rytidostylis trianaei (Cogniaux) Kuntze
Syn. *Elaterium trianaei* Cogniaux
Ref. Jeffrey, 1978: 366.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Sagástegui 12399 (MO!)
Depts.: CA, HU,

Sechium amazonicum Poeppig & Endlicher =Cayaponia amazonica (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 375; Jeffrey, 1971: 213.

Sechium edule Swartz
Ref. FP 13(6/2) 1937: 382; Jeffrey, 1978: 366.
Cultivated vine. Andean I: disturbed areas. 1000-1500 m.
Voucher: Macbride 5104 (F)
Depts.: HU

Sechium peruvianum Poeppig & Endlicher =Cayaponia peruviana (Poeppig & Endlicher) Cogniaux
Ref. FP 13(6/2) 1937: 378; Jeffrey, 1971: 209.

Selysia prunifera (Poeppig & Endlicher) Cogniaux
Syn. *Melothria prunifera* Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 381; Jeffrey, 1978: 367; Jeffrey, 1984: 515.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Poeppig 2265* (W), Núñez 5941 (MO!)
Depts.: LO, MD, SM

Selysia smithii (Standley) C. Jeffrey
Syn. *Cayaponia smithii* Standley
Ref. FP 13(6/2) 1937: 380; Jeffrey, 1971: 235.
Vine. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Killip & Smith 29162* (US photo F), Berlin 1644 (MO!)
Depts.: AM, LO

Sicana odorifera (Vell. Conc.) Naudin
Syn. *Cucurbita euodicarpa* Hasskarl, *Cucurbita odorifera* Vell. Conc.
Ref. FP 13(6/2) 1937: 362; Jeffrey, 1978: 367.
Cultivated vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Schunke 3884 (MO!)
Depts.: AM, LI, LO, SM, UC

Sicydium diffusum Cogniaux
Ref. FP 13(6/2) 1937: 332.
Vine. Amazonian: forests. 0-500 m.
Voucher: Díaz 2508 (MO!)
Depts.: LO, MD, SM

Sicydium gracile Cogniaux
Ref. FP 13(6/2) 1937: 332.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Tessmann 4264 (B)
Depts.: LO

Sicydium tamnifolium (H.B.K.) Cogniaux
Syn. *Fevillea tamnifolia* H.B.K.
Ref. FP 13(6/2) 1937: 332.
Vine.
Voucher: Tessmann 5159 (B)
Depts.: LO

Sicyos acariienthus Harms
Ref. FP 13(6/2) 1937: 336.
Endemic vine. Andean I: shrublands. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6420* (B photo F!)
Depts.: PI

Sicyos baderoa Hooker & Arnott
Syn. *Sicyos bryoniifolius* Moris
Ref. FP 13(6/2) 1937: 336.
Vine. Amazonian, Andean I-III: disturbed areas, lomas. 0-4000 m.
Voucher: Solomon 15926 (MO!)
Depts.: AM, AN, AR, CA, CU, LI, LL, MO, TU

Sicyos bryoniifolius Moris =Sicyos baderoa Hooker & Arnott
Ref. FP 13(6/2) 1937: 336.

Sicyos chaetocephalus Harms
Ref. FP 13(6/2) 1937: 337.
Endemic vine. Coastal: disturbed areas. 0-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5971* (B)
Depts.: PI

Sicyos gracillimus Cogniaux
Ref. FP 13(6/2) 1937: 337.
Endemic vine. Coastal: lomas. 0-1000 m.
Voucher: Wawra 2640* (W photo F), Ferreyra 8762 (MO!)
Depts.: HU, LI

Sicyos kunthii Cogniaux
Syn. *Sicyos parviflorus* H.B.K.
Ref. FP 13(6/2) 1937: 338; Martínez, 1964: 351.
Vine.
Voucher: Nation 180
Depts.: AP, CU, LI, LO

Sicyos laevis A. Gray
Ref. FP 13(6/2) 1937: 338.
Vine. Andean II: forests. 2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wilkes Exped. s.n.* (US)
Depts.: LI

Sicyos longisetosus Cogniaux
Ref. FP 13(6/2) 1937: 337; Jeffrey, 1978: 375.
Vine. Coastal. 0-1000 m.
Voucher: Ferreyra 12400 (MO!)
Depts.: LA, PI

Sicyos macrocarpus Cogniaux
Ref. Jeffrey, 1978: 366.
Vine. Andean I, Coastal: riversides. 0-1500 m.
Voucher: Díaz 2327 (MO!)
Depts.: CA, PI, TU

Sicyos malvifolius Grisebach
Ref. FP 13(6/2) 1937: 338; Martínez, 1964: 341.
Vine. Andean II: disturbed areas. 2000-2500 m.
Voucher: Woytkowski 34253 (MO!)
Depts.: HU

Sicyos montanus Poeppig & Endlicher
Ref. FP 13(6/2) 1937: 339; Jeffrey, 1978: 366.
Vine. Amazonian: forests. 0-500 m.
Voucher: Poeppig 1698* (B photo F!), Berlin 1807A (MO!)
Depts.: AM, HU

Sicyos parviflorus H.B.K. =Sicyos kunthii Cogniaux
Ref. FP 13(6/2) 1937: 338.

Sicyos subcorymbosus Cogniaux
Ref. Jeffrey, pers. comm.
Vine. Andean I: shrubland. 1000-1500 m.
Voucher: Stork 11411 (K!)
Depts.: PI

Sicyos trigeminus Rusby
Ref. FP 13(6/2) 1937: 339: Jeffrey, 1978: 366.
Vine. Andean I. 1000-1500 m.
Voucher: Weberbauer 6385 (B)
Depts.: PI

Sicyos urolobus Harms
Ref. FP 13(6/2) 1937: 339.
Endemic vine. Andean II: disturbed areas. 1500-3000 m.
Voucher: Weberbauer 7564* (B), Macbride 4190 (F)
Depts.: AY, HU

Sicyos vargasii Standley & F. Barkley
Ref. Standley & Barkley, 1947: 82.
Endemic vine. Andean I: rocky slopes. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 11025* (F)
Depts.: CU

Sicyos weberbaueri Harms
Ref. FP 13(6/2) 1937: 340.
Endemic vine. Amazonian: riversides. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7094* (B photo F!)
Depts.: LA

Siolmatra amazonica Cogniaux =Fevillea pedatifolia (Cogniaux) C. Jeffrey
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 199.

Siolmatra brasiliensis (Cogniaux) Baillon
Syn. *Alsomitra brasiliensis* Cogniaux, *Siolmatra paraguayensis* Cogniaux
Ref. FP 13(6/2) 1937: 329.
Vine. Amazonian: forests. 0-500 m.
Voucher: Klug 2033 (MO!)
Depts.: LO

Siolmatra mexiae Standley =Fevillea cordifolia L.
Ref. Jeffrey, 1962: 199.

Siolmatra paraguayensis Cogniaux =Siolmatra brasiliensis (Cogniaux) Baillon
Ref. FP 13(6/2) 1937: 329.

Siolmatra pedatifolia (C. Martius) Cogniaux =Fevillea pedatifolia (Cogniaux) C. Jeffrey
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 199.

Siolmatra pentaphylla Harms
Ref. FP 13(6/2) 1937: 330; Jeffrey, 1962: 200.
Liana. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4575* (B photo F), Vásquez 6069 (K!)
Depts.: LO

Siolmatra peruviana (Huber) Cogniaux =Fevillea pedatifolia (Cogniaux) C. Jeffrey
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 199; Wunderlin, pers. comm.

Siolmatra simplicifolia Harms =Fevillea simplicifolia (Harms) C. Jeffrey
Ref. FP 13(6/2) 1937: 331; Jeffrey, 1962: 200.

Trianosperma cruegeri Naudin =Cayaponia cruegeri (Naudin) Cogniaux
Ref. Jeffrey, 1971: 223.

Trianosperma heterophylla Naudin =Cayaponia glandulosa (Poeppig & Endlicher) Cogniaux
Ref. Jeffrey, 1971: 221.

Cunoniaceae

1 genus and 41 species in Peru.

Endemic species: 8.

Excluding *Brunellia* (Brunelliaceae).

Prepared by J. L. Zarucchi; reviewed by J. Cuatrecasas (US) and D. C. Wasshausen (US).

Gumillea auriculata R. & P. =Picramnia sp. (Simaroubaceae)
Ref. FP 13(2/3) 1938: 1044; Hoogland & Baas, pers. comm.
Note: According to W. W. Thomas (pers. comm.) this taxon is a synonym under an older name in *Picramnia* (Simaroubaceae).

Weinmannia alnifolia Dombey ex J. F. Macbride =Weinmannia heterophylla R. & P.
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1963: 300.

Weinmannia apurimacensis O. Schmidt
Ref. FP 13(2/3) 1938: 1048; Bernardi, 1961: 169.
Endemic shrub or tree. Andean II: forests. 3000-3500 m.
Voucher: Raimondi 11331* (B)
Depts.: AP

Weinmannia auriculata D. Don var. **auriculata**
Syn. *Weinmannia nebularum* Diels, *Weinmannia ovata* R. & P., nom. illeg.
Ref. FP 13(2/3) 1938: 1048; Bernardi, 1963: 323.
Shrub or tree. Andean II: cloud forests. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.*, Smith 8130 (MO!)
Depts.: AM, CA, HU, PA, SM

Weinmannia auriculata var. **dryadifolia** (Moricand) Bernardi
Syn. *Weinmannia dryadifolia* Moricand
Ref. Bernardi, 1963: 325.
Endemic tree. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Pavón s.n.* (G photo F!)
Depts.: HU

Weinmannia auriculata var. *glabra* J. F. Macbride =Weinmannia elliptica var. elliptica
Ref. FP 13(2/3) 1938: 1049; Bernardi, 1963: 297.
Note: The type of this variety is either from Peru or Ecuador.

[Weinmannia auriculifera Hieronymus]
Syn. *Weinmannia cuatrecasasii* J. F. Macbride, *Weinmannia heterophylla* H.B.K.
Ref. Cuatrecasas, 1948: 202; 28783.
Note: Not known from Peru.

Weinmannia ayavacensis O. Schmidt =Weinmannia pubescens var. popayanensis (Hieronymus) Killip & A. C. Smith
Ref. FP 13(2/3) 1938: 1049; Bernardi, 1961: 141.

Weinmannia baccariniana Pampanini =Weinmannia microphylla var. microphylla
Ref. FP 13(2/3) 1938: 1056; Bernardi, 1961: 175.

Weinmannia balbisiana H.B.K. var. **balbisiana**
Ref. FP 13(2/3) 1938: 1049; Bernardi, 1963: 311.
Shrub or tree. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 1306 (B)
Depts.: PU

Weinmannia balbisiana var. **roraimensis** (Pampanini) Bernardi

Syn. *Weinmannia ovalis* var. *roraimensis* Pampanini
Ref. Bernardi, 1963: 315.
Tree. Andean II: cloud forests, disturbed areas, shrublands. 1500-3000 m.
Voucher: Smith & Canne 5950 (MO!)
Depts.: AY, JU, PA, SM

Weinmannia bangii Rusby
Ref. Bernardi, 1963: 325.
Tree. Andean II: forests. 2000-3000 m.
Voucher: Smith *et al.* 7827 (MO!)
Depts.: CU, PA

Weinmannia bifida fo. *alata* Pampanini
=Weinmannia spruceana Engler
Ref. FP 13(2/3) 1938: 1061; Bernardi, 1961: 138.

Weinmannia bifida Poeppig ex Engler
=Weinmannia pentaphylla R. & P.
Ref. FP 13(2/3) 1938: 1058; Bernardi, 1961: 136.

Weinmannia brachystachya Willdenow ex Engler
Ref. Cuatrecasas, 1948: 198; 28782.
Shrub or tree. Andean II: cloud forests, disturbed areas. 2000-3000 m.
Voucher: Nuñez & Luna 8866 (MO!)
Depts.: CU

Weinmannia caripensis H.B.K.
=Weinmannia glabra var. caripensis (H.B.K.) Engler
Ref. Bernardi, 1961: 158.

Weinmannia chryseis Diels
Syn. *Weinmannia ferreyrae* Cuatrecasas
Ref. FP 13(2/3) 1938: 1049; Bernardi, 1961: 145.
Endemic shrub or treelet. Andean II-III: grasslands, shrublands. 1500-4000 m.
Voucher: Weberbauer 4418* (G photo F!), Woytkowski 6450 (MO!)
Depts.: AM, CU, JU, PA, PI

Weinmannia cinerea R. & P.
Syn. *Weinmannia diversifolia* Moricand ex Seringe, *Weinmannia sambucina* Ruiz Lopez ex D. Don
Ref. FP 13(2/3) 1938: 1050; Bernardi, 1961: 167.
Shrub or tree. Andean II: cloud forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (B photo MO!), Smith *et al.* 7872 (MO!)
Depts.: HU, PA

Weinmannia cordata D. Don
=Weinmannia heterophylla R. & P.
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1963: 300.

Weinmannia crassifolia R. & P. fo. **crassifolia**
Syn. *Weinmannia sessilifolia* Rusby
Ref. FP 13(2/3) 1938: 1050; Bernardi, 1963: 295.
Shrub or tree. Andean II: cloud forests, shrublands. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Hutchison & Tovar 4167 (MO!)
Depts.: CU, HV, JU, PA

Weinmannia crassifolia fo. **latifolia** Pampanini
Ref. Bernardi, 1963: 297.
Endemic shrub or tree. Andean II: cloud forests. 3500-4000 m.
Voucher: Pavón 630* (G), Woytkowski 34279 (MO)
Depts.: HU, HV

Weinmannia crenata C. Presl
=Weinmannia sorbifolia var. crenata (C. Presl) Cuatrecasas
Ref. FP 13(2/3) 1938: 1050; Cuatrecasas, 1948: 204; 28782.

[*Weinmannia cuatrecasasii* J. F. Macbride
=Weinmannia auriculifera Hieronymus]
Ref. FP 13(2/3) 1938: 1051; Cuatrecasas, 1948: 202.
Note: Not known from Peru.

Weinmannia cutervensis Cuatrecasas
Ref. Cuatrecasas, 1956d: 199.
Endemic shrub. Andean II: forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Ferreyra 830* (USM)
Depts.: CA

Weinmannia cymbifolia Diels
Ref. FP 13(2/3) 1938: 1051; Bernardi, 1961: 145, 149.
Shrub or tree. Andean II: cloud forests, disturbed areas. 2000-3500 m.
Voucher: Weberbauer 4287* (B), Díaz & Osores 2627 (MO!)
Depts.: AM, CA

Weinmannia descendens Diels
Ref. FP 13(2/3) 1938: 1051; Bernardi, 1961: 167.
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4572* (B)
Depts.: LO, SM

Weinmannia dictyoneura Diels
=Weinmannia sorbifolia var. sorbifolia
Ref. FP 13(2/3) 1938: 1052; Bernardi, 1961: 134.

Weinmannia diversifolia Moricand ex Seringe =Weinmannia cinerea R. & P.
Ref. FP 13(2/3) 1938: 1050; Bernardi, 1961: 167.

Weinmannia dryadifolia Moricand
=Weinmannia auriculata var. dryadifolia (Moricand) Bernardi
Ref. FP 13(2/3) 1938: 1048; Bernardi, 1963: 325.

Weinmannia dzieduszyckii Szyszylowicz
Ref. FP 13(2/3) 1938: 1052; Bernardi, 1963: 320.
Shrub or treelet. Andean II: cloud forests, rocky slopes. 2500-3000 m.
Voucher: Jelski 345* (KRA), Smith & Vásquez S. 5011 (MO!)
Depts.: AM, CA, PI

Weinmannia elattantha Diels
=Weinmannia ovata Cavanilles
Ref. FP 13(2/3) 1938: 1052; Bernardi, 1963: 290.

Weinmannia elliptica H.B.K. var. **elliptica**
Syn. *Weinmannia auriculata* var. *glabra* J. F. Macbride, *Weinmannia ovalis* var. *elliptica* Pampanini
Ref. FP 13(2/3) 1938: 1053; Bernardi, 1963: 297.
Shrub or tree. Andean II: forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.
Depts.: HU

Weinmannia elliptica var. **trichocarpa** (Pampanini) Bernardi
Syn. *Weinmannia trichocarpa* Pampanini
Ref. Bernardi, 1963: 299.
Shrub or tree. Andean II: forests. 3000-3500 m.
Voucher: Mathews 3034* (G photo F!), Raimondi 5448 (B)
Depts.: CA

Weinmannia fagaroides H.B.K. var. *brevispicata* Hieronymus =Weinmannia fagaroides var. fagaroides
Ref. Bernardi, 1961: 177.

Weinmannia fagaroides var. **fagaroides**
Syn. *Weinmannia fagaroides* var. *brevispicata* Hieronymus
Ref. Bernardi, 1961: 175.
Shrub. Andean II-III: grasslands, rocky slopes, shrublands. 2000-4500 m.
Voucher: Smith & Pretel 7628 (MO!)
Depts.: CU, HU, PA, PI

Weinmannia ferreyrae Cuatrecasas
=Weinmannia chryseis Diels
Ref. Cuatrecasas, 1956d: 199; Bernardi, 1961: 133.

Weinmannia glabra L. f. var. **caripensis** (H.B.K.) Engler
Syn. *Weinmannia caripensis* H.B.K., *Weinmannia pinnata* var. *caripensis* (H.B.K.) Cuatrecasas
Ref. Bernardi, 1961: 158.
Shrub or tree. Andean I: forests. 1000-1500 m.
Voucher: Klug 3702 (MO!)
Depts.: SM

Weinmannia glabra var. **glabra**
Ref. FP 13(2/3) 1938: 1053; Bernardi, 1961: 157.
Shrub or tree. Andean II-III: cloud forests. 2000-4000 m.
Note: Cuatrecasas (1948: 196) considered this species a synonym of *Weinmannia pinnata*.
Voucher: Young 2858 (MO!)
Depts.: AN, LL, PI, SM

Weinmannia glomerata C. Presl
Ref. FP 13(2/3) 1938: 1053; Bernardi, 1961: 146.
Endemic. Andean II: cloud forests, disturbed areas. 1500-3000 m.
Voucher: Haenke s.n.* (MO!), Young & Sullivan 593 (MO!)
Depts.: HU

Weinmannia haenkeana Engler
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1961: 150.
Shrub or tree. Andean II: cloud forests, rocky slopes. 1500-3000 m.
Voucher: Haenke s.n.* (M photo F!), Mostacero *et al.* 1168 (MO!)
Depts.: HU, PA, PU

Weinmannia heterophylla H.B.K. =Weinmannia auriculifera Hieronymus
Ref. FP 13(2/3) 1938: 1051; Cuatrecasas, 1948: 202.

Weinmannia heterophylla R. & P.
Syn. *Weinmannia alnifolia* Dombey ex J. F. Macbride, *Weinmannia cordata* D. Don, *Weinmannia subcordata* Moricand
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1963: 300.
Shrub or treelet. Andean II: cloud forests. 1500-3500 m.
Voucher: Ruiz & Pavón s.n.*, Forster & Smith 9160 (MO!)
Depts.: CU, HU, JU, PA

Weinmannia hirtella H.B.K. =Weinmannia pinnata L.
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1961: 160.

Weinmannia jelskii Szyszylowicz
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1963: 305.
Endemic tree. Andean II: cloud forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Jelski 309* (KRA)
Depts.: CA

Weinmannia kunthiana D. Don
Syn. *Weinmannia ovata* H.B.K., nom. illeg.
Ref. Bernardi, 1963: 307.
Shrub or tree. Andean II: disturbed areas, forests. 2000-2500 m.
Voucher: Todzia & Stein 2785 (MO!)
Depts.: JU

Weinmannia lansbergiana Engler
Ref. Bernardi, 1961: 177.
Shrub. Andean II: rocky slopes, shrublands. 2000-2500 m.
Voucher: Sagástegui *et al.* 8206 (MO!)
Depts.: PI

Weinmannia latielliptica O. Schmidt =Weinmannia ovata Cavanilles
Ref. FP 13(2/3) 1938: 1055; Bernardi, 1963: 290.

Weinmannia latifolia C. Presl
Ref. FP 13(2/3) 1938: 1055; Bernardi, 1963: 308.
Tree. Andean II: cloud forests. 2000-3000 m.
Voucher: Haenke s.n.* (B photo F!), Smith & Pretel 8018 (MO!)
Depts.: HU, PA

Weinmannia laurina H.B.K. var. **laurina**
Ref. FP 13(2/3) 1938: 1055; Bernardi, 1963: 315.
Shrub. Andean II: cloud forests. 1500-2500 m.
Voucher: Killip & Smith 24257 (MA)
Depts.: JU

Weinmannia lechleriana Engler
Ref. FP 13(2/3) 1938: 1056; Bernardi, 1961: 145; 28783.
Tree. Andean II: disturbed areas, forests. 1500-3000 m.
Voucher: Lechler 2661* (G photo F!), Smith 4142 (MO!)
Depts.: HU, PA, PU, SM

Weinmannia lentiscifolia C. Presl
Ref. FP 13(2/3) 1938: 1056; Bernardi, 1961: 166; 28783.
Tree. Andean I-II: cloud forests, disturbed areas. 1000-2500 m.
Voucher: Haenke s.n.* (PR), Smith 4459 (MO!)
Depts.: CU, HU, JU, SM

Weinmannia marginata Moricand ex Seringe =Weinmannia pentaphylla R. & P.
Ref. FP 13(2/3) 1938: 1058; Bernardi, 1961: 136.

Weinmannia microphylla R. & P. var. **microphylla**
Syn. *Weinmannia baccariniana* Pampanini, *Weinmannia microphylla* var. *parvifolia* Pampanini, *Weinmannia parvifolia* Ruiz López ex D. Don
Ref. FP 13(2/3) 1938: 1056; Bernardi, 1961: 174.
Tree. Andean II: cloud forests. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Smith & Pretel 8039 (MO!)
Depts.: AN, HU, PA, SM

Weinmannia microphylla var. *parvifolia* Pampanini =Weinmannia microphylla var. microphylla
Ref. FP 13(2/3) 1938: 1056; Bernardi, 1961: 174.

Weinmannia microphylla var. **tenuior** (Diels) J. F. Macbride
Syn. *Weinmannia parvifolia* var. *tenuior* Diels
Ref. FP 13(2/3) 1938: 1057; Bernardi, 1961: 174.
Endemic shrub or tree. Andean II: cloud forests. 2500-3500 m.
Voucher: Weberbauer 2282* (B), Weberbauer 2479 (B)
Depts.: JU

Weinmannia microphylla var. **weddellii** J. F. Macbride
Ref. FP 13(2/3) 1938: 1057; Bernardi, 1961: 175.
Endemic shrub or tree. Andean II. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Weddell 4637* (P)
Depts.: PU

Weinmannia multijuga Killip & A. C. Smith
Ref. Bernardi, 1961: 165.
Shrub or tree. Andean II: cloud forests. 2500-3000 m.
Voucher: Young 4006 (MO!)
Depts.: SM

Weinmannia nebularum Diels =Weinmannia auriculata var. auriculata
Ref. FP 13(2/3) 1938: 1057; Bernardi, 1963: 323.

[Weinmannia obtusifolia Rusby]
Ref. FP 13(2/3) 1938: 1057.
Note: Not known from Peru. The voucher cited in the Flora of Peru, *Soukup 794*, was redetermined as *W. sorbifolia* var. *crenata* by Bernardi (1961).

Weinmannia organensis Gardner
Ref. Bernardi, 1961: 146.
Shrub or tree.
Voucher: Hartweg 744 (G)
Depts.: Without full locality data.

Weinmannia ovalis R. & P. =Weinmannia ovata Cavanilles
Ref. FP 13(2/3) 1938: 1058; Bernardi, 1963: 290.

Weinmannia ovalis var. *elliptica* Pampanini =Weinmannia elliptica var. elliptica
Ref. FP 13(2/3) 1938: 1053; Bernardi, 1963: 297.

Weinmannia ovalis var. *roraimensis* Pampanini =Weinmannia balbisiana var. roraimensis (Pampanini) Bernardi
Ref. Bernardi, 1963: 315.

Weinmannia ovata Cavanilles
Syn. *Weinmannia elattantha* Diels, *Weinmannia latielliptica* O. Schmidt, *Weinmannia ovalis* R. & P.
Ref. FP 13(2/3) 1938: 1058; Bernardi, 1963: 290.
Shrub or tree. Andean II: cloud forests, disturbed areas. 2500-3500 m.
Voucher: Née s.n.* (MA), Weberbauer 3540 (B)
Depts.: AM, AY, CU, HU, JU, LI, PA

Weinmannia ovata H.B.K., nom. illeg. =Weinmannia kunthiana D. Don
Ref. Bernardi, 1963: 307.

Weinmannia ovata R. & P., nom. illeg. =Weinmannia auriculata var. auriculata
Ref. FP 13(2/3) 1938: 1048; Bernardi, 1963: 323.

Weinmannia parvifolia Ruiz Lopez ex D. Don =Weinmannia microphylla var. microphylla
Ref. FP 13(2/3) 1938: 1056; Cuatrecasas, 1948: 198; 28782.

Weinmannia parvifolia var. *tenuior* Diels
=Weinmannia microphylla var. tenuior (Diels) J. F. Macbride
Ref. FP 13(2/3) 1938: 1057; Bernardi, 1961: 174.

Weinmannia pentaphylla R. & P.
Syn. *Weinmannia bifida* Poeppig ex Engler, *Weinmannia marginata* Moricand ex Seringe
Ref. FP 13(2/3) 1938: 1058; Bernardi, 1961: 136.
Shrub or tree. Andean I-II: disturbed areas, forests. 1000-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Smith *et al.* 1778 (MO!)
Depts.: AM, CU, HU, JU, PA

Weinmannia pinnata L.
Syn. *Weinmannia hirtella* H.B.K., *Weinmannia weberbaueri* Diels
Ref. Cuatrecasas, 1948: 196; 28782.
Shrub or tree. Andean II-III: cloud forests, rocky slopes. 2000-4000 m.
Voucher: Nuñez 7434 (MO!)
Depts.: AN, CU, PA, PI, SM

Weinmannia pinnata var. *caripensis* (H.B.K.) Cuatrecasas =Weinmannia glabra var. caripensis (H.B.K.) Engler
Ref. Bernardi, 1961: 158.

Weinmannia piurensis O. Schmidt
Ref. FP 13(2/3) 1938: 1059; Bernardi, 1961: 138.
Endemic treelet. Andean II: cloud forests. 2000-2500 m.
Voucher: Raimondi s.n.* (B photo F!), Gentry *et al.* 61488 (MO!)
Depts.: CA, PI

[Weinmannia polyphylla Moricand]
Ref. FP 13(2/3) 1938: 1059; Bernardi, 1961: 165.
Note: Not known from Peru. Bernardi (1961) gives the location of the Peruvian voucher as "Prope Guayaquil" (=Ecuador).

Weinmannia popayanensis Hieronymus =Weinmannia pubescens var. popayanensis (Hieronymus) Killip & A. C. Smith
Ref. Bernardi, 1961: 141.

Weinmannia producta Moricand
Ref. FP 13(2/3) 1938: 1060; Bernardi, 1961: 170.
Shrub or tree. Andean II: cloud forests, shrublands. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Smith *et al.* 2199 (MO!)
Depts.: AP, CA, CU, HU

Weinmannia pubescens H.B.K. var. **popayanensis** (Hieronymus) Killip & A. C. Smith
Syn. *Weinmannia ayavacensis* O. Schmidt, *Weinmannia popayanensis* Hieronymus
Ref. Bernardi, 1961: 141.
Shrub or tree. Andean II: forests. 1500-3000 m.
Voucher: Weberbauer 6393 (B)
Depts.: HU, PA, PI

Weinmannia reticulata R. & P.
Ref. FP 13(2/3) 1938: 1060; Bernardi, 1961: 144.
Shrub or tree. Andean II-III: cloud forests. 2000-4000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Woytkowski 34280 (MO!)
Depts.: CU, HU, SM

Weinmannia sambucina Ruiz Lopez ex D. Don =Weinmannia cinerea R. & P.
Ref. FP 13(2/3) 1938: 1050; Bernardi, 1961: 167.

Weinmannia sclerophylla Cuatrecasas =Weinmannia sorbifolia var. sclerophylla (Cuatrecasas) Cuatrecasas
Ref. Cuatrecasas, 1948: 204; 28782.

Weinmannia sessilifolia Rusby =Weinmannia crassifolia var. crassifolia
Ref. FP 13(2/3) 1938: 1060; Bernardi, 1963: 295.

Weinmannia sorbifolia H.B.K. var. **crenata** (C. Presl) Cuatrecasas
Syn. *Weinmannia crenata* C. Presl
Ref. Cuatrecasas, 1948: 204; Bernardi, 1961: 134.
Tree. Andean I-II: forests, shrublands. 500-3000 m.
Voucher: Haenke 120* (W), Vargas 1256 (F)
Depts.: CU

Weinmannia sorbifolia var. **sclerophylla** (Cuatrecasas) Cuatrecasas
Syn. *Weinmannia sclerophylla* Cuatrecasas
Ref. Cuatrecasas, 1948: 204; Bernardi, 1961: 135.
Tree. Andean I: forests. 1000-1500 m.
Voucher: Killip & Smith 25431 (F)
Depts.: JU

Weinmannia sorbifolia var. **sorbifolia**
Syn. *Weinmannia dictyoneura* Diels
Ref. FP 13(2/3) 1938: 1061; Bernardi, 1961: 133.
Shrub or tree. Andean I-II: shrublands. 1500-3000 m.
Voucher: Woytkowski 6442 (MO!)
Depts.: JU, PU

Weinmannia spruceana Engler
Syn. *Weinmannia bifida* fo. *alata* Pampanini
Ref. FP 13(2/3) 1938: 1061; Bernardi, 1961: 138.
Shrub or tree. Andean I: forests, shrublands. 1500-2500 m.
Note: Treated under *W. sorbifolia* var. *crenata* by Cuatrecasas (1948).
Voucher: Smith & Vásquez 4940 (MO!)
Depts.: AM, CA, CU, PA, PI

Weinmannia subcordata Moricand =Weinmannia heterophylla R. & P.
Ref. FP 13(2/3) 1938: 1054; Bernardi, 1963: 300.

Weinmannia subsessiliflora R. & P. var. **subsessiliflora**
Ref. FP 13(2/3) 1938: 1061; Bernardi, 1961: 142.
Tree. Andean II: forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Dombey s.n. (P)
Depts.: HU, LI

Weinmannia ternata Engler
Ref. FP 13(2/3) 1938: 1062; Bernardi, 1961: 146.
Andean I: rocky slopes, shrublands. 500-2500 m.
Voucher: Spruce 4238* (B photo F!), Woytkowski 8314 (MO!)
Depts.: AM, SM

Weinmannia trichocarpa Pampanini =Weinmannia elliptica var. trichocarpa (Pampanini) Bernardi
Ref. FP 13(2/3) 1938: 1062; Bernardi, 1963: 299.

Weinmannia ulei Diels
Ref. FP 13(2/3) 1938: 1062; Bernardi, 1961: 160.
Endemic shrub or tree. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 6752* (B photo F!)
Depts.: SM

Weinmannia velutina O. Schmidt
Ref. Bernardi, 1961: 150.
Shrub or tree. Andean II: cloud forests. 1500-2500 m.
Voucher: Killip & Smith 24254 (G)
Depts.: JU

Weinmannia weberbaueri Diels =Weinmannia pinnata L.
Ref. FP 13(2/3) 1938: 1063; Bernardi, 1961: 160.

Cyclanthaceae

9 genera and 30 species in Peru.

Endemic species: 12.

Prepared by L. Brako; reviewed by B. E. Hammel (MO).

Asplundia acuminata (R. & P.) Harling
Syn. *Carludovica acuminata* R. & P., *Ludovia acuminata* (R. & P.) Persoon, *Salmia acuminata* (R. & P.) Willdenow
Ref. Harling, 1958: 166.
Endemic liana. Andean I-II: forests. 1000-2000 m.
Voucher: Weberbauer 6661* (F)
Depts.: HU, JU

Asplundia alata Harling
Ref. Harling, 1958: 223.
Herb. Andean I: forests. 1000-1500 m.
Voucher: Schunke 9753 (MO!)
Depts.: AM, LO, SM

Asplundia ecuadoriensis (Harling) Harling
Syn. *Carludovica ecuadoriensis* Harling
Ref. Harling, 1958: 188.

Endemic herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Smith *et al.* 665 (MO!)
Depts.: AM, HU, LO, MD, SM

Asplundia fanshawei (Maguire) Harling
Syn. *Carludovica fanshawei* Maguire
Ref. Harling, 1958: 233.
Herb or liana. Amazonian: forests. 0-500 m.
Voucher: Revilla 3694A (MO!)
Depts.: LO

Asplundia flavovaginata Harling
Ref. Harling, 1958: 194.
Endemic herb. Andean I: forests. 500-1500 m.
Vouchers: Asplund 12943* (S), Killip & Smith 23984 (NY!)
Depts.: HU, JU

Asplundia gamotepala Harling
Ref. Harling, 1958: 250.
Non-woody hemiepiphyte. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez & Jaramillo 7966 (AMAZ!, MO!)
Depts.: LO

Asplundia humilis (Poeppig & Endlicher) Harling
Syn. *Carludovica humilis* Poeppig & Endlicher, *Salmia humilis* (Poeppig & Endlicher) Steudel
Ref. Harling, 1958: 252.
Endemic herb. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 2412* (F)
Depts.: Without full locality data.

Asplundia latifolia (R. & P.) Harling
Syn. *Carludovica latifolia* R. & P., *Ludovia latifolia* (R. & P.) Persoon, *Salmia latifolia* (R. & P.) Willdenow
Ref. Harling, 1958: 189.
Endemic liana.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Asplundia moritziana (Klotzsch) Harling
Syn. *Carludovica moritziana* Klotzsch
Ref. Harling, 1958: 144.
Epiphytic or terrestrial herb. Andean I-II: forests. 500-2500 m.
Voucher: Young 3970 (F!)
Depts.: SM

Asplundia parviflora Harling
Ref. Harling, 1958: 158.
Endemic liana. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3689* (G)
Depts.: HU

Asplundia peruviana Harling
Ref. Harling, 1958: 190.
Liana or non-woody hemiepiphyte. Amazonian, Andean I: swamps. 0-1000 m.
Vouchers: Killip & Smith 26240* (NY), Gentry *et al.* 51424 (MO!)
Depts.: JU, LO, MD

Asplundia platanthera Harling
Ref. Harling, 1958: 176.
Endemic liana. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Asplund 12589* (S)
Depts.: Without full locality data.

Asplundia schizotepala Harling
Ref. Harling, 1958: 155.
Vine. Amazonian: forests. 0-500 m.
Voucher: Berlin 316 (MO!)
Depts.: AM, HU, LO, PA

Asplundia ulei Harling
Ref. Harling, 1958: 175.
Endemic liana. Amazonian: forests. 0-500 m.
Vouchers: Ule 9180* (K), Leveau 177 (MO!)
Depts.: AM, MD

Asplundia vagans Harling
Ref. Harling, 1958: 170.
Liana or non-woody hemiepiphyte. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 61243 (MO!)
Depts.: AM

Asplundia xiphophylla Harling
Ref. Harling, 1958: 199.
Herb or liana. Amazonian. 0-500 m.
Voucher: Asplund 14223* (S)
Depts.: LO

[*Carludovica acuminata* Poeppig & Endlicher =Asplundia divergens Drude]
Ref. FP 13(1/3) 1936: 422.
Note: Not known from Peru.

Carludovica acuminata R. & P. =Asplundia acuminata (R. & P.) Harling
Ref. FP 13(1/3) 1936: 422; Harling, 1958: 166.

Carludovica angustifolia R. & P. =Sphaeradenia angustifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 423; Harling, 1958: 346.

Carludovica chelidonura Drude =Evodianthus funifer subsp. funifer
Ref. FP 13(1/3) 1936: 423; Harling, 1958: 265.
Note: Specimens listed in the Flora of Peru are redetermined by Harling (1958) as *Evodianthus funifer* subsp. *funifer*, *E. funifer* subsp. *peruvianus*, and *Dicranopygium yacu-sisa*.

[*Carludovica divergens* Drude =Asplundia divergens]
Ref. FP 13(1/3) 1936: 424; Harling, 1958: 166.
Note: Not known from Peru.

Carludovica ecuadoriensis Harling =Asplundia ecuadoriensis (Harling) Harling
Ref. Harling, 1958: 188.

[Carludovica elegans Dammer ex Huber]
Ref. FP 13(1/3) 1936: 424; Harling, 1958: 406.
Note: Harling (1958) lists this as an unidentifiable species.

Carludovica fanshawei Maguire =Asplundia fanshawei (Maguire) Harling
Ref. Harling, 1958: 233.

Carludovica humilis Poeppig & Endlicher =Asplundia humilis (Poeppig & Endlicher) Harling
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 252.

Carludovica latifolia R. & P. =Asplundia latifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 189.

[*Carludovica latifrons* Drude =Asplundia latifrons (Drude) Harling]
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 204.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Harling (1958) as *Asplundia peruviana* or *A. flavovaginata*.

Carludovica moritziana Klotzsch =Asplundia moritziana (Klotzsch) Harling
Ref. Harling, 1958: 144.

Carludovica palmata R. & P.
Syn. *Ludovia palmata* (R. & P.) Persoon, *Salmia palmata* (R. & P.) Willdenow
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 128.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Vásquez *et al.* 6962 (MO!)
Depts.: AM, HU, JU, LO, MD, PA

Carludovica rhodocephala Harling =Sphaeradenia rhodocephala (Harling) Harling
Ref. Harling, 1958: 391.

Carlduovica steyermarkii Harling =Sphaeradenia steyermarkii (Harling) Harling
Ref. Harling, 1958: 371.

[*Carludovica tetragonopus* C. Martius ex Drude =Asplundia tetragonopus (C. Martius ex Drude) Harling]
Ref. FP 13(1/3) 1936: 426; Harling, 1958: 253.
Note: Not known from Peru.

Carludovica trailiana Drude =Evodianthus funifer subsp. trailianus (Drude) Harling
Ref. Harling, 1958: 271.

Carludovica trigona R. & P. =Geonoma trigona (R. & P.) A. Gentry (Arecaceae)
Ref. FP 13(1/3) 1936: 426; Gentry, 1986a: 161.

[*Carludovica tristicha* Drude =Thoracocarpus bissectus (Vell. Conc.) Harling]
Ref. Harling, 1958: 257.
Note: The name *C. tristicha* is probably an unpublished name. It appears in the Field Museum Type Catalogue based on the collection *Poeppig 2136*, which is redetermined by Harling (1958) as *T. bissectus* (Vell. Conc.) Harling.

Carludovica williamsii Standley =Dicranopygium williamsii (Standley) Harling
Ref. FP 13(1/3) 1936: 427; Harling, 1958: 289.

Cyclanthus bipartitus Poiteau
Syn. *Discanthus odoratus* Spruce
Ref. FP 736: 428; Harling, 1958: 400.
Herb. Amazonian, Andean I: forests on white sand. 0-1000 m.
Voucher: Ancuash 153 (MO!)
Depts.: AM, HU, LO, PA, SM

Dicranopygium latissimum Harling
Ref. Harling, 1958: 293.
Endemic herb.
Vouchers: Allard 21559* (US), Schunke 12251 (MO!)
Depts.: HU, SM

Dicranopygium lugonis Harling
Ref. Harling, 1958: 319.
Vine. Amazonian: forests. 0-500 m.
Voucher: Kujikat 81 (MO!)
Depts.: AM

Dicranopygium pachystemon Harling
Ref. Harling, 1958: 323.
Endemic herb. Amazonian: disturbed areas. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Allard 22123* (US)
Depts.: SM

Dicranopygium williamsii (Standley) Harling
Syn.: *Carludovica williamsii* Standley
Ref. Harling, 1958: 289.
Herb. Andean I: riversides. 1000-1500 m.
Voucher: Williams 7477 (F!)
Depts.: SM

Dicranopygium yacu-sisa Harling
Ref. Harling, 1958: 288.
Endemic herb. Amazonian, Andean I: forests. 0-1000 m.
Vouchers: Klug 4026* (MO!), Klug 4026 (MO!)
Depts.: HU, JU, LO, PU, SM

Discanthus odoratus Spruce =Cyclanthus bipartitus Poiteau
Ref. FP 13(1/3) 1936: 428; Harling, 1958: 400.

Evodianthus funifer (Poiteau) Lindman subsp. **funifer**
Syn. *Carludovica chelidonura* Drude, *Ludovia funifer* Poiteau
Ref. Harling, 1958: 265.
Epiphytic herb or vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Díaz 58601 (MO!)
Depts.: AM, CU, HU, LO, PA, SM, UC

Evodianthus funifer subsp. **peruvianus** Harling
Ref. Harling, 1958: 272.
Endemic epiphytic or terrestrial herb. Amazonian, Andean I: forests. 0-1500 m.
Vouchers: Asplund 14528* (S), Killip & Smith 27043 (F!)
Depts.: LO

Evodianthus funifer subsp. **trailianus** (Drude) Harling
Syn. *Carludovica trailiana* Drude
Ref. Harling, 1958: 271.
Epiphytic herb. Amazonian: forests. 0-500 m.
Voucher: McDaniel 14086 (F!)
Depts.: LO, SM

Ludovia acuminata (R. & P.) Persoon =Asplundia acuminata (R. & P.) Harling
Ref. FP 13(1/3) 1936: 422; Harling, 1958: 166.

Ludovia angustifolia (R. & P.) Persoon =Sphaeradenia angustifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 423; Harling, 1958: 346.

Ludovia funifer Poiteau =Evodianthus funifer subsp. funifer
Ref. Harling, 1958: 265.

Ludovia lancifolia Brongniart
Ref. Harling, 1958: 334.
Epiphytic herb. Amazonian: forests, inundated areas. 0-500 m.
Voucher: Gentry *et al.* 32112A (MO!)
Depts.: HU, LO

Ludovia latifolia (R. & P.) Persoon =Asplundia latifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 425.

Ludovia palmata (R. & P.) Persoon =Carludovica palmata R. & P.
Ref. FP 13(1/3) 1936: 425.

Ludovia trigona (R. & P.) Persoon =Geonoma trigona (R. & P.) A. Gentry (Arecaceae)
Ref. FP 13(1/3) 1936: 426; Gentry, 1986a: 161.

Salmia acuminata (R. & P.) Willdenow =Asplundia acuminata (R. & P.) Harling
Ref. FP 13(1/3) 1936: 422; Harling, 1958: 166.

Salmia angustifolia Willdenow =Sphaeradenia angustifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 423; Harling, 1958: 346.

Salmia humilis (Poeppig & Endlicher) Steudel =Asplundia humilis (Poeppig & Endlicher) Harling
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 252.

Salmia latifolia (R. & P.) Willdenow =Asplundia latifolia (R. & P.) Harling
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 189.

Salmia palmata (R. & P.) Willdenow =Carludovica palmata R. & P.
Ref. FP 13(1/3) 1936: 425; Harling, 1958: 128.

Salmia trigona (R. & P.) Willdenow =Geonoma trigona (R. & P.) A. Gentry (Arecaceae)
Ref. FP 13(1/3) 1936: 426; Gentry, 1986a: 161.

Schultesiophytum chorianthum Harling
Ref. Harling, 1958: 261.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry *et al.* 55730 (MO!)
Depts.: LO, PA

Sphaeradenia angustifolia (R. & P.) Harling
Syns.: *Carludovica angustifolia* R. & P., *Ludovia angustifolia* (R. & P.) Persoon, *Salmia angustifolia* (R. & P.) Willdenow
Ref. Harling, 1958: 346.
Endemic herb. Andean II: disturbed areas. 2500-3000 m.
Vouchers: Ruiz & Pavón s.n.* (G), Smith & Canne 5899 (MO!)
Depts.: PA

Sphaeradenia rhodocephala (Harling) Harling
Syn. *Carludovica rhodocephala* Harling
Ref. Harling, 1958: 391.
Epiphytic or terrestrial herb. Andean I: forests. 500-1500 m.
Voucher: Allard 20813 (US!)
Depts.: HU

Sphaeradenia steyermarkii (Harling) Harling
Syn. *Carlduovica steyermarkii* Harling
Ref. Harling, 1958: 371.
Herb. Andean II: forests. 2500-3000 m.
Voucher: Young 4102 (MO!)
Depts.: SM

Thoracocarpus bissectus (Vell. Conc.) Harling
Syn. *Carludovica tristicha* Drude, *Dracontium bissectum* Vell. Conc. (Araceae)
Ref. Harling, 1958: 255.
Epiphytic liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 3274 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM

Cyperaceae

26 genera and 224 species in Peru.

Endemic species: 10.

Prepared by L. Brako; reviewed by J. Bruhl (CANB), G. Davidse (MO), E. R. Guaglianone (SI), R. Kral (VDB), S. F. Smith (US), and G. C. Tucker (NYS).

[*Androtrichum montevidense* (Link) Barros, nom. illeg. =Androtrichum trigynium (Sprengel) H. Pfeiffer]
Note: Not known from Peru.

[*Androtrichum montevidense* (Link) Schrader =Androtrichum trigynium (Sprengel) H. Pfeiffer]
Note: Not known from Peru.

[Androtrichum trigynium (Sprengel) H. Pfeiffer]
Syn. *Androtrichum montevidense* (Link) Barros, nom. illeg., *Androtrichum montevidense* (Link) Schrader, *Comostemum montevidense* (Link) Nees, *Eriophorum montevidense* Link
Ref. Pedersen, 1968: 370; Pedersen, 1972: 533.
Note: Not known from Peru.

Becquerelia bicolor H. Pfeiffer =Calyptrocarya bicolor (H. Pfeiffer) T. Koyama
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 43.
Note: The Flora of Peru incorrectly cites *B. bicolor* (Nees) H. Pfeiffer, based on *Calyptrocarya bicolor* Nees, a nomen nudum.

Becquerelia cymosa Brongniart subsp. **cymosa**
Ref. Koyama, 1967: 28.
Herb. Amazonian: riversides. 0-500 m.
Voucher: Vásquez & Jaramillo 961 (NY!)
Depts.: LO

Becquerelia cymosa subsp. **merkeliana** (Nees) T. Koyama
Syn. *Becquerelia merkeliana* Nees
Ref. Koyama, 1967: 29.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel 21514 (MO!)
Depts.: LO

Becquerelia glomerulata Brongniart =Calyptrocarya glomerulata (Brongniart) Urban
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 44.

Becquerelia merkeliana Nees =Becquerelia cymosa subsp. merkeliana (Nees) T. Koyama
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 29.
Note: The specimen cited in the Flora of Peru is redetermined by Koyama as *B. cymosa* subsp. *cymosa*.

Bisboeckelera irrigua (Nees) Kuntze
Syn. *Hoppia irrigua* Nees
Ref. Koyama, 1967: 38.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Vásquez & Jaramillo 8016 (MO!)
Depts.: LO

Bolboschoenus martimus (L.) Palla =Scirpus maritimus var. maritimus
Ref. Koyama, 1962: 935.

Bolboschoenus maritimus subsp. *paludosus* (A. Nelson) A. Löve & D. Löve =Scirpus maritimus var. digynus Godron
Ref. Davidse, pers. comm.

Bolboschoenus maritimus var. *paludosus* (A. Nelson) Kuekenthal =Scirpus maritimus var. digynus Godron
Ref. Davidse, pers. comm.

Bulbostylis arenaria (Nees) Lindman =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 93.

Bulbostylis barbata (Rottboell) C. B. Clarke
Syn. *Bulbostylis fimbriatus* (Nees) C. B. Clarke, *Oncostylis fimbriatus* Nees, *Scirpus barbatus* Rottboell, *Scirpus fimbriatus* (Nees) Boeckeler, *Stenophyllus fimbriatus* (Nees) Britton
Ref. FP 13(1/1) 1936: 284; Koyama, 1979: 245.
Note: Not reconfirmed.

Bulbostylis capillaris (L.) C. B. Clarke
Syn. *Isolepis ciliata* J. S. Presl & C. Presl, *Scirpus capillaris* L., *Stenophyllus capillaris* (L.) Britton, *Stenophyllus eucapillaris* fo. *ciliata* (J .S. Presl & C. Presl) H. Pfeiffer
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 98.
Herb. Andean I: disturbed areas, rocky slopes. 500-1500 m.
Voucher: Killip & Smith 22609 (NY!)
Depts.: AM, AY, CU, HU, JU, PU

Bulbostylis capillaris (L.) C. B. Clarke var. *coarctata* (Elliott) J. F. Macbride =Bulbostylis ciliatifolia var. coarctata (Elliott) Kral
Ref. FP 13(1/1) 1936: 284; Kral, 1971: 96.

Bulbostylis ciliatifolia (Elliott) Fernald var. **coarctata** (Elliott) Kral
Syn. *Bulbostylis capillaris* var. *coarctata* (Elliott) J. F. Macbride, *Scirpus coarctatus* Elliott, *Stenophyllus capillaris* var. *coarctatus* (Elliott) Britton, *Stenophyllus eu-capillaris* fo. *coarctatus* (Elliott) H. Pfeiffer
Ref. Kral, 1971: 96.
Note: Not reconfirmed. No Peruvian specimens are cited by Kral (1971).

Bulbostylis fimbriatus (Nees) C. B. Clarke =Bulbostylis barbata (Rottboell) C. B. Clarke
Ref. FP 13(1/1) 1936: 284; Koyama, 1979: 245.

Bulbostylis hirtella (Schrader) Nees ex Urban =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 284; Kral, 1971: 93.

Bulbostylis junciformis (H.B.K.) C. B. Clarke
Syn. *Isolepis junciformis* H.B.K., *Stenophyllus junciformis* (H.B.K.) Britton
Ref. FP 13(1/1) 1936: 284; Kral, 1971: 80.
Herb. Amazonian: grasslands. 0-500 m.
Voucher: Gentry & Núñez 69569 (MO!)
Depts.: MD

Bulbostylis juncoides (M. Vahl) Kuekenthal var. **juncoides**
Syn. *Bulbostylis arenaria* (Nees) Lindman, *Bulbostylis hirtella* (Schrader) Nees ex Urban, *Isolepis hirtella* Schrader ex Roemer & Schultes, *Isolepis langsdorfiana* Kunth, *Oncostylis arenaria* Nees , *Schoenus juncoides* M. Vahl, *Stenophyllus arenarius* J. F. Macbride, *Stenophyllus hirtellus* (Schrader) H. Pfeiffer, *Stenophyllus tenuifolius* var. *latesquamatus* H. Pfeiffer
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 93.
Herb. Andean II-III: disturbed areas, grasslands, shrublands. 2000-4000 m.
Voucher: Dillon *et al.* 2836 (NY!)
Depts.: AN, CA, CU, JU, LL

Bulbostylis juncoides (M. Vahl) Kuekenthal var. **lorentzii** (Boeckeler) Kuekenthal
Syn. *Scirpus lorentzii* Boeckeler
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Conrad 2743 (MO!)
Depts.: LI

Bulbostylis scabra (J. S. Presl & C. Presl) C. B. Clarke
Syn. *Isolepis scabra* J. S. Presl & C. Presl, *Stenophyllus scaber* (J. S. Presl & C. Presl) H. Pfeiffer
Ref. FP 13(1/1) 1936: 285.
Note: Not reconfirmed.

Bulbostylis tenuifolia (Rudge) J. F. Macbride
Syn. *Isolepis asperulus* H.B.K., *Oncostylis tenuifolia* (Rudge) Nees, *Scirpus asperulus* (H.B.K.) Poiret, *Scirpus tenuifolius* Rudge, *Stenophyllus tenuifolius* (Rudge) Britton
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 99.
Herb. Andean I-II: disturbed areas. 500-2000 m.
Voucher: Smith & Brack 3090 (NY!)
Depts.: HU, JU, PA, SM

Bulbostylis vestita (Kunth) C. B. Clarke
Syn. *Isolepis vestita* Kunth
Ref. Kral, 1971: 79.
Herb. Andean I: disturbed areas, grasslands. 500-1000 m.
Voucher: McDaniel 14239 (MO!)
Depts.: SM

Calyptrocarya angustifolia Nees =Calyptrocarya glomerulata (Brongniart) Urban
Ref. FP 13(1/1) 1936: 313.

Calyptrocarya bicolor (H. Pfeiffer) T. Koyama
Syn. *Becquerelia bicolor* H. Pfeiffer
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 43.
Herb. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Killip & Smith 29992 (NY!)
Depts.: HU, LO, SM

Calyptrocarya fragifera Kunth =Calyptrocarya glomerulata (Brongniart) Urban
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 44.

Calyptrocarya glomerulata (Brongniart) Urban
Syn. *Becquerelia glomerulata* Brongniart *Calyptrocarya angustifolia* Nees, *Calyptrocarya fragifera* Kunth
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 44.
Herb. Amazonian: disturbed areas, forests, riversides. 0-500 m.
Voucher: Barbour 4782 (NY!)
Depts.: AM, HU, LO, MD, SM

Calyptrocarya luzuliformis T. Koyama
Ref. Koyama, 1967: 44.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Ruiz 1259 (MO!)
Depts.: LO, MD, SM

Calyptrocarya poeppigiana Kunth
Ref. FP 13(1/1) 1936: 313; Koyama, 1967: 41.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Poeppig s.n.*, Schunke 10874 (NY!)
Depts.: AM, LO, SM, UC

Carex acutata W. Boott
Ref. FP 13(1/1) 1936: 315.
Note: Not reconfirmed.

Carex atropurpurea Boeckeler =Carex fecunda var. atropurpurea (Boeckeler) J. F. Macbride
Ref. FP 13(1/1) 1936: 318; Sagástegui, 1959: 269.

Carex beecheyana W. Boott ex Desvaux
Ref. FP 13(1/1) 1936: 315.
Note: Not reconfirmed.

Carex boliviensis Van Heurck & J. Mueller
Herb. Andean III: disturbed areas. 3500-4500 m.
Voucher: Smith & Vásquez 3481 (MO!)
Depts.: AN, CA, CU, LL

Carex bonariensis Desfontaines
Ref. Mueller *et al.*, 1981: 338.
Herb. Andean II: riversides. 1500-3000 m.
Voucher: Sagástegui *et al.* 8031 (MO!)
Depts.: CA

Carex bonplandii Kunth
Ref. FP 13(1/1) 1936: 316.
Herb. Andean II: disturbed areas, grasslands, riversides. 1500 m.
Voucher: Gentry & Smith 44880 (NY!)
Depts.: AM, AN, CA, HU, JU, PU

Carex brachycalama Grisebach
Ref. FP 13(1/1) 1936: 316; Mueller *et al.*, 1981: 340; Wheeler, 1988: 154.
Herb. Andean III: disturbed areas. 3500-4000 m.
Voucher: Macbride & Featherstone 1274 (F)
Depts.: JU

Carex cladostachya Wahlenberg =Carex polystachya Swartz ex Wahlenberg
Ref. FP 13(1/1) 1936: 316.

Carex crinalis W. Boott
Syn. *Carex peruviana* J. S. Presl & C. Presl
Ref. FP 13(1/1) 1936: 317.
Herb. Andean II: disturbed areas, grasslands, inundated areas. 2500 m.
Voucher: Macbride & Featherstone 1802 (NY!)
Depts.: AN, HU, JU

Carex ecuadorica Kuekenthal
Ref. FP 13(1/1) 1936: 317.
Note: Not reconfirmed.

Carex fecunda Steudel var. **atropurpurea** (Boeckeler) J. F. Macbride
Syn. *Carex atropurpurea* Boeckeler
Ref. FP 13(1/1) 1936: 318.
Note: Not reconfirmed.

Carex fecunda var. **fecunda**
Syn. *Carex seditiosa* Steudel
Ref. FP 13(1/1) 1936: 317.
Herb. Andean II: forests. 1500-2000 m.
Voucher: Dillon *et al.* 4414 (MO!)
Depts.: CA, HU, PU

Carex fuscoata Boeckeler =Carex pichichensis H.B.K.

Carex gayana Desvaux var. **densa** Kuekenthal
Herb.
Voucher: Kunkel 545 (SI)
Depts.: JU

Carex hamata Swartz =Uncinia hamata (Swartz) Urban
Ref. FP 13(1/1) 1936: 313.

Carex hebetata W. Boott
Ref. FP 13(1/1) 1936: 318; Mueller *et al.*, 1981: 340.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: López *et al.* 7526 (MO!)
Depts.: AN, JU, LI

Carex hermaphrodita Jacquin =Cyperus hermaphroditus (Jacquin) Standley
Ref. FP 13(1/1) 1936: 271; Tucker, 1983: 51.

Carex hypsipedos C. B. Clarke
Syn. *Carex umbellata* var. *depressa* Kuekenthal
Ref. FP 13(1/1) 1936: 318; Wheeler, 1988: 149.
Herb.
Voucher: Weberbauer 2617* (B photo F), Tovar 6847 (USM!)
Depts.: JU

Carex jamesonii W. Boott
Ref. FP 13(1/1) 1936: 318; Mueller *et al.*, 1981: 340.
Herb. Andean II: disturbed areas. 1500-2000 m.
Note: Based on material not determined to variety.
Voucher: Gutte & López 3759 (LZ)
Depts.: AM

Carex jamesonii W. Boott var. *chordalis* (Liebmann) Kuekenthal =Carex jamesonii var. gracilis Bailey
Ref. FP 13(1/1) 1936: 318.

Carex jamesonii W. Boott var. **gracilis** Bailey
Syn. *Carex jamesonii* var. *chordalis* (Liebmann) Kuekenthal
Ref. FP 13(1/1) 1936: 318.
Herb. Andean II: disturbed areas. 2500-3000 m.
Voucher: Macbride & Featherstone 1652 (NY!)
Depts.: HU, JU

Carex lemanniana W. Boott
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: López & Sagástegui 1492 (HUT, NY!)
Depts.: LL

Carex macloviana D'Urville
Ref. FP 13(1/1) 1936: 319.
Note: Not reconfirmed.

Carex mandoniana Boeckeler
Syn. *Carex pinetorum* Liebmann
Ref. FP 13(1/1) 1936: 319.
Note: Not reconfirmed.

Carex marcida W. Boott =Carex praegracilis W. Boott
Ref. FP 13(1/1) 1936: 319.

Carex microglochin Wahlenberg
Ref. Mueller *et al.*, 1981: 338.
Herb. Andean III: disturbed areas. 4000-4500 m.
Note: Based on material not determined to subspecies.

Voucher: Gutte 3272 (LZ)
Depts.: JU

Carex microglochin Wahlenberg subsp. **fuegina** Kuekenthal
Ref. Kuekenthal, 1909: 109.
Herb. Andean II-III: grasslands. 2000-4000 m.
Voucher: León & Young 1545A (MO!)
Depts.: SM

Carex peruviana J. S. Presl & C. Presl =Carex crinalis Boott
Ref. FP 13(1/1) 1936: 317.

Carex phleoides Cavanilles =Uncinia phleoides (Cavanilles) Persoon
Ref. FP 13(1/1) 1936: 314.

Carex pichinchensis H.B.K.
Syn. *Carex fucoatrata* Boeckeler, *Carex pichinchensis* var. *dura* (Boott) Boott, *Carex ruiziana* Boeckeler, *Carex sachapata* Steudel
Ref. FP 13(1/1) 1936: 319.
Herb. Andean III: disturbed areas. 3500-4000 m.
Voucher: Sagástegui *et al.*, 8402 (NY!)
Depts.: AM, CA, CU, HU, JU, PU, SM

Carex pichichensis var. *dura* (Boott) Boott =Carex pichichensis H.B.K.
Ref. Davidse, pers. comm.

Carex pinetorum Liebmann =Carex mandoniana Boeckeler
Ref. FP 13(1/1) 1936: 319.

Carex polystachya Swartz ex Wahlenberg
Syn. *Carex cladostachya* Wahlenberg
Ref. FP 13(1/1) 1936: 316.
Herb. Andean I-II: disturbed areas, grasslands. 500-2500 m.
Voucher: Killip & Smith 24231 (NY!)
Depts.: AM, AY, CU, HU, JU, PA, PI, PU

Carex praegracilis W. Boott
Syn. *Carex marcida* W. Boott
Ref. FP 13(1/1) 1936: 319.
Herb. Andean II-III: disturbed areas, grasslands. 3000-4500 m.
Voucher: Smith & Cáceres 2232 (MO!)
Depts.: CA, JU, LL

Carex pseudocyperus L. var. **polystichia** (Boeckeler) Kuekenthal
Ref. FP 13(1/1) 1936: 320.
Herb. Andean II-III: disturbed areas, grasslands. 3000-4500 m.
Voucher: Hitchcock 22215 (NY!)
Depts.: JU, LI

Carex ruiziana Boeckeler =Carex pichinchensis H.B.K.
Ref. FP 13(1/1) 1936: 309.

Carex sachapata Steudel =Carex pinchinchensis H.B.K.
Ref. Kuekenthal, 1909: 405.

Carex seditiosa Steudel =Carex fecunda var. fecunda
Ref. FP 13(1/1) 1936: 317.

Carex setifolia Kunze ex Kunth
Ref. FP 13(1/1) 1936: 320.
Note: Not reconfirmed.

Carex umbellata Schkuhr var. *depressa* Kuekenthal =Carex hypsipedos C. B. Clarke
Ref. FP 13(1/1) 1936: 318.

Chaetocyperus albibracteatus (Nees & Meyen ex Kunth) Nees & Meyen =Eleocharis albibracteata Nees & Meyen ex Kunth
Ref. FP 13(1/1) 1936: 279; Svenson, 1929: 178.

Chaetospora globosa Kunth =Rhynchospora globosa (Kunth) Roemer & Schultes
Ref. FP 13(1/1) 1936: 298; Kuekenthal, 1949: 463.

Cladium jamaicense Crantz
Herb. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Soukup 3561 (MO!)
Depts.: LI, LL, LO

[*Comostemum montevidense* (Link) Nees =Androtrichum trigynium (Sprengel) H. Pfeiffer]
Ref. FP 13(1/1) 1936: 264; Pederson, 1968: 370.
Note: Not known from Peru.

Cyperus acicularis (Schrader ex Nees) Steudel =Torulinium odoratum (L.) Hooper
Ref. Koyama, 1979: 287.

Cyperus aggregatus (Willdenow) Endlicher
Syn. *Cyperus cayennensis* (Lamarck) Britton, *Cyperus flavus* (M. Vahl) Nees, *Cyperus huarmensis* (H.B.K.) M. Johnston, *Kyllinga cayennensis* Lamarck, *Mariscus aggregatus* Willdenow, *Mariscus flavus* M. Vahl, *Mariscus huarmensis* H.B.K.
Ref. Tucker, 1985: 608.
Herb. Amazonian, Andean I-II, Coastal: disturbed areas. 0-2500 m.
Voucher: Rauh & Hirsch P1587A (F!)
Depts.: AM, AN, CA, CU, HU, JU, LI, LL, LO, MD, SM

Cyperus albomarginatus Martius & Schrader ex Steudel =Pycreus macrostachyos (Lamarck) Raynal
Ref. Hooper & Raynal, 1969: 314.

[Cyperus alternifolius L.]
Ref. Mueller *et al.*, 1981: 339; Tucker, 1983: 12.
Note: Not known from Peru. Misidentification of *C. involucratus*.

Cyperus amabilis M. Vahl
Ref. FP 13(1/1) 1936: 267; Tucker, 1983: 30.
Note: Not reconfirmed. No Peruvian specimens are cited by Tucker (1983).

Cyperus andinus Palla ex Kuekenthal =Cyperus seslerioides H.B.K.
Ref. Tucker, pers. comm.

Cyperus andreanus Maury =Cyperus tabina Steudel ex Boeckeler
Ref. Adams, pers. comm.

Cyperus aristatus Rottboell =Cyperus squarrosus L.
Ref. Moss, 1983: 157.

Cyperus articulatus L. var. **articulatus**
Ref. FP 13(1/1) 1936: 268; Tucker, 1983: 42.
Herb. Andean I-II: bogs, grasslands, riversides. 500-2000 m.
Voucher: Sagástegui & López 10542 (NY!)
Depts.: AM, CA, HU, JU, LA, LI, LO, SM, TU, UC

Cyperus articulatus var. **nodosus** (Humboldt & Bonpland ex Willdenow) Kuekenthal
Syn. *Cyperus nodosus* Humboldt & Bonpland ex Willdenow
Ref. Kuekenthal, 1936: 79.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Humboldt & Bonpland s.n.* (B photo F), Sagástegui 7884 (F!)
Depts.: LI, LL, LO

Cyperus atropurpureus Persoon =Cyperus striatus R. & P.
Ref. FP 13(1/1) 1936: 277.

Cyperus bipartitus Torrey =Pycreus bipartitus (Torrey) C. B. Clarke
Ref. Tucker, 1983: 66.

Cyperus buckleyi Britton =Cyperus manimae H.B.K.
Ref. FP 13(1/1) 1936: 268; Tucker, 1984: 302.

Cyperus caracasanus Kunth =Cyperus tenuis Swartz
Ref. FP 13(1/1) 1936: 268; Tucker, 1983: 53.

Cyperus cayennensis (Lamarck) Britton =Cyperus aggregatus (Willdenow) Endlicher
Ref. FP 13(1/1) 1936: 269; Tucker, 1985: 607.

Cyperus cephalophorus J. S. Presl & C. Presl =Torulinium odoratum (L.) Hooper
Ref. FP 13(1/1) 1936: 271.

Cyperus chalaranthus J. S. Presl & C. Presl
Syn. *Cyperus diffusus* subsp. *chalaranthus* (J. S. & C. Presl) Kuekenthal
Ref. FP 13(1/1) 1936: 269; Tucker, pers. comm.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Haenke s.n.* (PR!), Knapp *et al.* 7839 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Cyperus chlorocephalus C. B. Clarke
Ref. Sagástegui, 1959: 267.
Herb. Andean II. 2500-3000 m.
Voucher: Sagástegui 503 (HUT)
Depts.: CA

Cyperus cimicinus J. S. Presl & C. Presl =Pycreus niger (R. & P.) Cufodontis
Ref. FP 13(1/1) 1936: 273.

Cyperus collinus M. Vahl =Cyperus striatus R. & P.
Ref. FP 13(1/1) 1936: 277.

Cyperus compressus L.
Ref. FP 13(1/1) 1936: 269; Tucker, 1983: 35.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: McDaniel & Rimachi 23861 (NY!)
Depts.: LO, MD, TU

Cyperus corymbosus Rottboell var. **subnodosus** (Nees & Meyen) Kuekenthal
Syn. *Cyperus subnodosus* Nees & Meyen
Ref. Sagástegui, 1959: 267.
Herb. Coastal: riversides. 0-500 m.
Voucher: Angulo 501 (HUT)
Depts.: LL

Cyperus croceus M. Vahl
Ref. Carter & Kral, 1990: 325.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Ayala 576 (MO!)
Depts.: LO

Cyperus cuspidatus H.B.K.
Ref. Godfrey & Wooten, 1979: 260.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Klug 3133 (NY!)
Depts.: LO

Cyperus densicaespitosus Mattfeld & Kuekenthal =Kyllinga pumila Michaux
Ref. Tucker, 1984: 515.

Cyperus difformis L.
Ref. Tucker, 1983: 29.
Introduced herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Sagástegui & Araujo 7733 (F!)
Depts.: AR, CA, LA, LL, LO, MD, UC

Cyperus diffusus M. Vahl =Cyperus laxus Lamarck
Ref. Raynal, 1978: 277.

Cyperus diffusus M. Vahl subsp. *chalaranthus* (J. S. Presl & C. Presl) Kuekenthal =Cyperus chalaranthus J. S. Presl & C. Presl
Ref. Tucker, 1983: 23.

Cyperus digitatus Roxburgh
Ref. Tucker, 1983: 45.
Aquatic or terrestrial herb. Amazonian, Andean I: emergent, riversides. 0-1000 m.
Voucher: Barbour 4413 (MO!)
Depts.: AM, LO

Cyperus distans L. f.
Ref. FP 13(1/1) 1936: 270; Tucker, 1983: 39.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Ayala *et al.* 3399 (MO!)
Depts.: AM, CA, HU, LO

Cyperus eggersii Boeckeler =Torulinium macrocephalum var. eggersii (Boeckeler) C. Adams
Ref. Adams, pers. comm.

Cyperus elegans L.
Ref. FP 13(1/1) 1936: 270.
Herb. Amazonian, Andean I: disturbed areas. 500-1000 m.
Voucher: Plowman & Schunke 11567 (NY!)
Depts.: CU, LA, LO, PI, SM, UC

Cyperus eragrostis Lamarck
Syn. *Cyperus vegetus* Willdenow
Ref. FP 13(1/1) 1936: 270; Denton, 1978: 221.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Hutchison & Wright 3553 (UC!)
Depts.: AP, CA, LO, SM

Cyperus esculentus L. var. **esculentus**
Ref. FP 13(1/1) 1936: 270; Tucker, 1983: 40.
Herb. Amazonian, Andean I: disturbed areas. 500-1000 m.
Voucher: Sagástegui & Mostacero 10466 (F!)
Depts.: CU, IC, LI, LL

Cyperus esculentus var. **leptostachyus** Boeckeler
Ref. Sagástegui, 1959: 268.
Herb. Coastal. 0-500 m.
Voucher: López 2470 (HUT)
Depts.: LA, LL

Cyperus ferax Richard =Torulinium odoratum (L.) Hooper
Ref. FP 13(1/1) 1936: 271; Koyama, 1979: 287.

Cyperus flavus (M. Vahl) Nees =Cyperus aggregatus (Willdenow) Endlicher
Ref. FP 13(1/1) 1936: 269; Tucker, 1983: 59.

Cyperus fraternus Kunth =Cyperus reflexus var. fraternus (Kunth) O. Kuntze
Ref. Kuekenthal, 1936: 174.

Cyperus friburgensis Boeckeler
Syn. *Cyperus martianus* Schrader ex Nees, *Cyperus schraderi* J. F. Macbride
Ref. Kuekenthal, 1936: 212.
Aquatic or terrestrial herb. Amazonian, Andean I-II: disturbed areas, swamps. 0-3000 m.
Voucher: Williams 6039 (F!)
Depts.: AY, HU, PA, PU, SM

Cyperus giganteus M. Vahl
Ref. Tucker, 1983: 44.
Aquatic or terrestrial herb. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Plowman & Rury 11288 (F! USM!)
Depts.: HU

Cyperus grandisimplex C. B. Clarke
Ref. Kuekenthal, 1936: 223.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel *et al.* 23665 (NY!)
Depts.: LO

[Cyperus halpan L.]
Ref. Wilson, 1991: 8.
Note: An orthographic error for *C. haspan*.

Cyperus haspan L.
Ref. FP 13(1/1) 1936: 268.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Smith *et al.* 1508 (US!)
Depts.: MD

Cyperus hermaphroditus (Jacquin) Standley var. **condensatus** Kuekenthal
Ref. Sagástegui, 1959: 268.
Herb. Andean II. 2000-3000 m.
Voucher: Sagástegui 431 (HUT)
Depts.: CA

Cyperus hermaphroditus var. **hermaphroditus**
Syn. *Carex hermaphrodita* Jacquin, *Cyperus incompletus* (Jacquin) Link, *Cyperus ruizianus* Boeckeler, *Kyllinga incompleta* Jacquin, *Mariscus jacquinii* Kunth
Ref. FP 13(1/1) 1936: 271; Tucker, 1983: 51.
Herb. Amazonian, Andean I-III: grasslands. 0-4000 m.
Voucher: Smith & Valencia 10071 (MO!)
Depts.: AN, CA, CU, HU, JU, LI, LL, LO

Cyperus hoppiifolius Uittien
Ref. Uittien, 1933: 186.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Plowman & Kennedy 5744 (NY!)
Depts.: HU, LO

Cyperus huarmensis (H.B.K.) M. Johnston =Cyperus aggregatus (Willdenow) Endlicher
Ref. Tucker, 1985: 607.

Cyperus humilis Kunth
Ref. FP 13(1/1) 1936: 271; Tucker, 1983: 33.
Note: Not reconfirmed. No Peruvian specimens are cited by Tucker (1983).

Cyperus imbricatus Retzius
Syn. *Cyperus radiatus* M. Vahl
Ref. Tucker, 1983: 46.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Mejía 181 (MO!)
Depts.: LO, MD, UC

Cyperus incompletus (Jacquin) Link =Cyperus hermaphroditus (Jacquin) Standley
Ref. FP 13(1/1) 1936: 272.

Cyperus inflexus Muhlenberg =Cyperus squarrosus L.
Ref. Moss, 1983: 157.

Cyperus involucratus Rottboell
Ref. Tucker, 1983: 12.
Introduced herb. Amazonian: riversides. 0-500 m.
Voucher: Croat 17518 (MO!)
Depts.: LI, LO

Cyperus iria L.
Ref. León, pers. comm.
Introduced herb.
Voucher: Ferreyra 10603 (USM!)
Depts.: Without full locality data.

Cyperus laetus J. S. Presl & C. Presl
Ref. Pederson, 1972: 528.
Herb.
Voucher: Macbride & Featherstone 1563 (B)
Depts.: HU

Cyperus laevigatus L.
Syn. *Cyperus laevigatus* fo. *reptans* (Boekeler) C. B. Clarke, *Cyperus laevigatus* var. *reptans* (Boekeler) Kuekenthal, *Cyperus laevigatus* var *viridulus* (Boeckeler) Kuekenthal, *Cyperus reptans* Boeckeler, *Cyperus viridulus* Boeckeler, *Juncellus laevigatus* (L.) C. B. Clarke
Ref. FP 13(1/1) 1936: 272.
Herb. Coastal: disturbed areas. 0-500 m.
Voucher: Killip & Smith 21513 (NY!)
Depts.: AR, CA, IC, LI, LL, PI

Cyperus laevigatus fo. *reptans* (Boekeler) C. B. Clarke =Cyperus laevigatus L.

Cyperus laevigatus var. *reptans* (Boekeler) Kuekenthal =Cyperus laevigatus L

Cyperus laevigatus var. *viridulus* (Boeckeler) Kuekenthal =Cyperus laevigatus L.

Cyperus laxus Lamarck
Syn. *Cyperus diffusus* M. Vahl
Ref. Raynal, 1978: 277.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Croat 18118 (MO!)
Depts.: LO, MD

Cyperus ligularis L.
Syn. *Mariscus rufus* H.B.K.
Ref. FP 13(1/1) 1936: 272; Tucker, 1983: 49.
Herb. Amazonian, Coastal: beach, disturbed areas, riversides. 0-500 m.
Voucher: Haught 113 (NY!)
Depts.: AM, CU, HU, LO, PI, UC

Cyperus lomentaceus Nees & Meyen =Torulinium odoratum (L.) Hooper
Ref. FP 13(1/1) 1936: 271; Koyama, 1979: 287.

Cyperus luzulae (L.) Retzius
Syn. *Scirpus luzulae* L.
Ref. FP 13(1/1) 1936: 272; Denton, 1978: 228; Tucker, 1983: 19.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-2000 m.
Voucher: Sagástegui 6854 (NY!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, PU, SM, UC

Cyperus manimae H.B.K.
Syn. *Cyperus buckleyi* Britton
Ref. Tucker, 1984: 302.
Herb. Andean II: disturbed areas. 2500-3000 m.
Voucher: Macbride & Featherstone 1777 (F!)
Depts.: HU

Cyperus martianus Schrader ex Nees =Cyperus friburgensis Boeckeler
Ref. FP 13(1/1) 1936: 276; Davidse, pers. comm.

Cyperus melanostachyus H.B.K. =Pycreus niger (R. & P.) Cufodontis
Ref. FP 13(1/1) 1936: 273; Adams, pers. comm.

Cyperus meyenianus Kunth
Syn. *Cyperus subulatus* Nees & Meyen
Ref. FP 13(1/1) 1936: 273.
Herb. Andean II: riversides. 2500-3000 m.
Voucher: Peyton & Peyton 828 (MO!)
Depts.: CU

Cyperus miliifolius Poeppig & Kunth ex Kunth
Syn. *Cyperus saturatus* C. B. Clarke, *Mariscus saturatus* (C. B. Clarke) J. D. Smith ex C. B. Clarke
Ref. FP 13(1/1) 1936: 273; Tucker, 1983: 25.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig s.n.* (W photo F), Vásquez *et al.* 6570 (NY!)
Depts.: AM, HU, LO, MD, SM

Cyperus mutisii (H.B.K.) Grisebach
Syn. *Mariscus mutisii* H.B.K.
Ref. FP 13(1/1) 1936: 272; Tucker, 1983: 50.
Herb. Amazonian, Andean I-II, Coastal: disturbed areas. 0-3000 m.
Voucher: Plowman *et al.* 14306 (MO!)
Depts.: CA, LA, LL

Cyperus niger R. & P. =Pycreus niger (R. & P.) Cufodontis
Ref. FP 13(1/1) 1936: 274; Adams, pers. comm.

Cyperus nodosus Humboldt & Bonpland ex Willdenow =Cyperus articulatus var. nodosus (Humboldt & Bonpland ex Willdenow) Kuekenthal
Ref. FP 13(1/1) 1936: 274.

Cyperus nubigenus Britton & Standley =Cyperus tabina Steudel ex Boeckeler
Ref. Adams, pers. comm.

Cyperus obtusatus (J. S. Presl & C. Presl) Mattfeld & Kuekenthal =Kyllinga peruviana Lamarck
Ref. Tucker, 1984: 525.

Cyperus ochraceus M. Vahl
Ref. Denton, 1978: 234.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Barbour 4395 (MO!)
Depts.: AM, LO, SM

Cyperus odoratus L. =Torulinium odoratum (L.) Hooper
Ref. FP 13(1/1) 1936: 274; Koyama, 1979: 287.

Cyperus pallens (Liebmann) Standley & Steyermark
Syn. *Mariscus pallens* Liebmann
Ref. Tucker, 1983: 58.
Herb. Amazonian: riversides. 0-500 m.
Voucher: Berlin 1982 (NY!)
Depts.: AM

Cyperus pallidicolor (Kuekenthal) Tucker
Syn. *Cyperus subambiguus* var. *pallidicolor* Kuekenthal
Ref. Tucker, pers. comm.
Herb. Andean I-II: disturbed areas. 2500-3000 m.
Voucher: Dillon *et al.* 2835 (MO!)
Depts.: AM, CA, LL

Cyperus panamensis (C. B. Clarke) Britton
Syn. *Mariscus panamensis* C. B. Clarke
Ref. FP 13(1/1) 1936: 274; Tucker, 1983: 54.
Note: Not reconfirmed. No Peruvian specimens are cited by Tucker (1983).

Cyperus pearcei C. B. Clarke
Kuekenthal, 1936: 220.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Pearce s.n.* (K)
Depts.: Without locality data.

Cyperus peruvianus (Lamarck) F. N. Williams =Kyllinga vaginata Lamarck
Ref. FP 13(1/1) 1936: 263; Tucker, 1984: 525.

Cyperus phaeocephalus Grisebach
Ref. Mueller *et al.*, 1981: 339.
Herb. Andean II-III: disturbed areas, grasslands. 2000-4000 m.
Note: Tucker (1984) lists this as a synonym of *C. manimae*.
Voucher: López & Sagástegui 8033 (MO!)
Depts.: CA, CU, JU

Cyperus polystachyos Rottboell =Pycreus polystachyos (Rottboell) P. Beauvois
Ref. Koyama, 1979: 261.

Cyperus polystachyos Rottboell var. *leptostachyus* Boeckeler =Pycreus polystachyos (Rottboell) P. Beauvois
Ref. Mueller *et al.*, 1981: 340.

Cyperus prolixus H.B.K.
Ref. FP 13(1/1) 1936: 275; Tucker, 1983: 37.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Schunke 6152 (NY!)
Depts.: CU, JU, LI, LO, SM, UC

Cyperus radiatus M. Vahl =Cyperus imbricatus Retzius
Ref. FP 13(1/1) 1936: 275; Tucker, 1983: 46.

Cyperus reflexus M. Vahl var. **fraternus** (Kunth) O. Kuntze
Syn. *Cyperus fraternus* Kunth
Ref. Sagástegui, 1959: 268.
Herb. Andean II. 3000-3500 m.
Voucher: López & Sagástegui 2834 (HUT)
Depts.: LL

Cyperus reflexus var. **reflexus**
Ref. Sagástegui, 1959: 268.
Herb. Andean II. 3000-3500 m.
Voucher: López 1042 (HUT)
Depts.: LL

Cyperus reptans Boeckeler =Cyperus laevigatus L.
Ref. FP 13(1/1) 1936: 272.

Cyperus retrorsus Chapman var. **australis** (Lindman) Kuekenthal
Syn. *Mariscus cylindricus* var. *australis* Lindman
Ref. Sagástegui, 1959: 269.
Herb. Andean II. 2500-3000 m.
Voucher: Herrera 2167 (HUT)
Depts.: CA, TU

[Cyperus rigens J. S. Presl & C. Presl var. rigens]
Ref. FP 13(1/1) 1936: 275; Pedersen, 1972: 531.
Note: Note known from Peru. Specimens cited in the Flora of Peru are redetermined as *C. tacnensis* var. *tacnensis* (Pedersen, 1972).

Cyperus rigens var *latifolius* Kuekenthal =Cyperus tacnensis var tacnensis
Ref. Pederson, 1972: 512.

Cyperus rigens var. *tarijensis* Kuekenthal =Cyperus tacnensis var. tarijensis (Kuekenthal) T. Pedersen
Ref. Pedersen, 1972: 543.

Cyperus rigens var. *weberbaueri* Kuekenthal =Cyperus tacnensis var. weberbaueri (Kuekenthal) T. Pedersen
Ref. Pederson, 1972: 543.

Cyperus rivularis Kunth =Pycreus bipartitus (Torrey) C. B. Clarke
Ref. FP 13(1/1) 1936: 276; Adams, pers. comm.

Cyperus rotundus L.
Ref. Tucker, 1983: 41.
Herb. Coastal: beach, disturbed areas. 0-500 m.
Voucher: Hutchison & Wright 5016 (MO!)
Depts.: AN, LI, LL

Cyperus ruizianus Boeckeler =Cyperus hermaphroditus (Jacquin) Standley
Ref. FP 13(1/1) 1936: 271.

Cyperus saturatus C. B. Clarke =Cyperus miliifolius Poeppig & Kunth ex Kunth
Ref. FP 13(1/1) 1936: 276; Tucker, 1983: 25.

Cyperus schraderi J. F. Macbride =Cyperus friburgensis Boeckeler
Ref. FP 13(1/1) 1936: 276; Kuekenthal, 1936: 212.

Cyperus seslerioides H.B.K.
Syn. *Cyperus andinus* Palla ex Kuekenthal, *Cyperus seslerioides* var. *alpinus* Kuekenthal ex Macbride
Ref. FP 13(1/1) 1936: 277.
Herb. Andean II-III: disturbed areas, grasslands, shrublands. 2000-4500 m.
Voucher: Davis *et al.* 1651 (MO!)
Depts.: AN, AP, AR, CU, IC, LI, PU

Cyperus seslerioides var. *alpinus* Kuekenthal ex Macbride =Cyperus seslerioides H.B.K.
Ref. FP 13(1/1) 1936: 277.

Cyperus sesquiflorus (Torrey) Mattfeld & Kuekenthal =Kyllinga odorata M. Vahl
Ref. Tucker, 1984: 518.

Cyperus simplex H.B.K.
Ref. FP 13(1/1) 1936: 277; Tucker, 1983: 26.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Mexia 6310 (MO!)
Depts.: JU, LO, SM, UC

Cyperus spectabilis Link
Ref. Sagástegui, 1959: 269.
Herb. Andean II. 2500-3000 m.
Voucher: Angulo & López 1377 (HUT)
Depts.: LL

Cyperus sphacelatus Rottboell
Ref. FP 13(1/1) 1936: 277; Tucker, 1983: 39.
Herb. Amazonian, Andean I: bogs, disturbed areas, riversides. 0-1000 m.
Voucher: Fosberg 29026 (MO!)
Depts.: LO, UC

Cyperus squarrosus L.
Syn. *Cyperus aristatus* Rottboell, *Cyperus inflexus* Muhlenberg
Ref. Moss, 1983: 157.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Klug 3133 (F!)
Depts.: LO

Cyperus striatus R. & P.
Syn. *Cyperus atropurpureus* Persoon, *Cyperus collinus* M. Vahl
Ref. FP 13(1/1) 1936: 277.
Note: Not reconfirmed.

Cyperus subambiguas var. *pallidicolor* Kuekenthal =Cyperus pallidicolor (Kuekenthal) Tucker

Cyperus subnodusus Nees & Meyen =Cyperus corymbosus var. subnodosus (Nees & Meyen) Kuekenthal
Ref. Kuekenthal, 1935: 82.

Cyperus subulatus Meyen =Cyperus meyenianus Kunth
Ref. FP 13(1/1) 1936: 273.

Cyperus surinamensis Rottboell
Ref. FP 13(1/1) 1936: 277; Tucker, 1983: 17.
Herb. Amazonian, Andean I-II: riversides. 0-3000 m.
Voucher: Revilla 69 (NY!)
Depts.: AM, AN, CA, HU, JU, LA, LO, SM, TU, UC

Cyperus tabina Steudel ex Boeckeler
Syn. *Cyperus andreanus* Maury, *Cyperus nubigenus* Britton & Standley
Ref. FP 13(1/1) 1936: 278; Adams, pers. comm.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-3000 m.
Voucher: Lechler 1916*, López & Sagástegui 8835 (MO!)
Depts.: AM, CA, CU, HU, PA, PI, PU

Cyperus tacnensis Nees & Meyen var. **tacnensis**
Syn. *Cyperus rigens* var. *latifolia* Kuekenthal
Ref. Pedersen, 1972: 542.
Herb. Amazonian, Andean I-II. 0-2500 m.
Voucher: Meyen s.n.* (B)
Depts.: AN, AR, CA, HU, LI, LL, PA, TA

Cyperus tacnensis var. **tarijensis** (Kuekenthal) T. Pedersen
Syn. *Cyperus rigens* var. *tarijensis* Kuekenthal,
Ref. FP 13(1/1) 1936: 275; Pedersen, 1972: 543.
Herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Sagástegui 430 (HUT)
Depts.: CA

Cyperus tacnensis var. **weberbaueri** (Kuekenthal) T. Pedersen
Syn. *Cyperus rigens* var. *weberbaueri* Kuekenthal
Ref. Pedersen, 1972: 543.
Endemic herb. Andean II. 2000-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 142* (B)
Depts.: LI

Cyperus tenuifolius (Steudel) Dandy =Kyllinga pumila Michaux
Ref. Tucker, 1984: 515.

Cyperus tenuis Swartz
Syn. *Cyperus caracasanus* Kunth
Ref. Tucker, 1983: 53.

Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1000 m.
Voucher: Dudley 11396 (F!)
Depts.: CU, JU

Cyperus thyrsiflorus Junghuhn
Ref. Tucker, pers. comm.
Herb. Andean II. 2000-2500 m.
Voucher: Sagástegui 14249 (NYS! ex F)
Depts.: CA

Cyperus unioloides R. Brown =Pycreus unioloides (R. Brown) Urban
Ref. FP 13(1/1) 1936: 278; Adams, pers. comm.

Cyperus vegetus Willdenow =Cyperus eragrostis Lamarck
Ref. FP 13(1/1) 1936: 270; Denton, 1978: 221.

Cyperus viridulus Boeckeler =Cyperus laevigatus L.
Ref. FP 13(1/1) 1936: 272.

Dichromena aberrans (C. B. Clarke) J. F. Macbride =Rhynchospora aberrans C. B. Clarke
Ref. FP 13(1/1) 1936: 297; Kuekenthal, 1949: 455.

Dichromena alta (Boeckeler) J. F. Macbride =Rhynchospora globosa (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 298; Kuekenthal, 1949: 463.

Dichromena amazonica (Poeppig & Kunth) J. F. Macbride =Rhynchospora amazonica subsp. amazonica
Ref. FP 13(1/1) 1936: 298; Koyama, 1972: 28.

Dichromena blepharophora J. S. Presl & C. Presl =Rhynchospora blepharophora (J. S. Presl & C. Presl) H. Pfeiffer
Ref. FP 13(1/1) 1936: 298; Thomas, 1984: 66.

Dichromena brunnea (Boeckeler) J. F. Macbride =Rhynchospora brunnea Boeckeler
Ref. FP 13(1/1) 1936: 298; Kuekenthal, 1950: 167.

Dichromena cariciformis (Nees) J. F. Macbride =Rhynchospora cariciformis Nees
Ref. FP 13(1/1) 1936: 299; Koyama, 1972: 37.

Dichromena ciliata J. S. Presl & C. Presl =Rhynchospora blepharophora (J. S. Presl & C. Presl) H. Pfeiffer
Ref. Thomas, 1984: 66.

Dichromena ciliata M. Vahl =Rhynchospora nervosa subsp. ciliata T. Koyama
Ref. FP 13(1/1) 1936: 299; Thomas, 1984: 66.

Dichromena corymbosa (L.) J. F. Macbride =Rhynchospora corymbosa (L.) Britton
Ref. FP 13(1/1) 1936: 299; Kuekenthal, 1949: 410.

Dichromena dissitiflora (Steudel ex Boeckeler) J. F. Macbride =Rhynchospora dissitiflora Steudel ex Boeckeler
Ref. FP 13(1/1) 1936: 300; Kuekenthal, 1949: 448.

Dichromena exaltata (Kunth) J. F. Macbride =Rhynchospora exaltata Kunth
Ref. FP 13(1/1) 1936: 300; Kuekenthal, 1949: 438.

Dichromena glauca (M. Vahl) J. F. Macbride =Rhynchospora rugosa (M. Vahl) Gale
Ref. FP 13(1/1) 1936: 300.

Dichromena globosa (H.B.K.) Roemer & Schultes =Rhynchospora globosa (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 301.

Dichromena killipii (Gross) J. F. Macbride =Rhynchospora killipii Gross
Ref. FP 13(1/1) 1936: 301; Kuekenthal, 1949: 407.

Dichromena kuekenthalii (H. Pfeiffer) J. F. Macbride =Rhynchospora kuntzei C. B. Clarke
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 391.

Dichromena kuntzei (C. B. Clarke) J. F. Macbride =Rhynchospora kuntzei C. B. Clarke
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 391.

Dichromena lechleri (Steudel ex Boeckeler) J. F. Macbride =Rhynchospora vulcanii Boeckeler
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 447.

Dichromena locuples (C. B. Clarke) J. F. Macbride =Rhynchospora locuples C. B. Clarke
Ref. FP 13(1/1) 1936: 302.

Dichromena longa Lindmann =Rhynchospora longa (Lindmann) H. Pfeiffer
Ref. Thomas, 1984: 70.

Dichromena macrochaeta (Steudel ex Boeckeler) J. F. Macbride =Rhynchospora macrochaeta Steudel ex Boeckeler
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1949: 392.

Dichromena mandonii (C. B. Clarke) J. F. Macbride =Rhynchospora mandonii C. B. Clarke
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1949: 406.

Dichromena microcephala Bertero ex Sprengel =Rhynchospora radicans subsp. microcephala (Bertero ex Sprengel) W. Thomas
Ref. Thomas, 1984: 60.

Dichromena nervosa M. Vahl =Rhynchospora nervosa subsp. nervosa (M. Vahl) Boeckeler
Ref. Thomas, 1984: 89.

Dichromena pearcei (C. B. Clarke) J. F. Macbride =Pleurostachys pearcei C. B. Clarke
Ref. FP 13(1/1) 1936: 303.

Dichromena peruviana (C. B. Clarke) J. F. Macbride =Pleurostachys peruviana C. B. Clarke
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1952: 462.

Dichromena polyphylla (M. Vahl) J. F. Macbride =Rhynchospora polyphylla M. Vahl
Ref. FP 13(1/1) 1936: 304; Kuekenthal, 1949: 403.

Dichromena polystachys Turrill =Rhynchospora polystachys (Turrill) H. Pfeiffer
Ref. Thomas, 1984: 71.

Dichromena pubera M. Vahl =Rhynchospora pubera (M. Vahl) Boeckeler
Ref. Thomas, 1984: 47.

Dichromena pulchella Poeppig & Kunth =Rhynchospora blepharophora (J. S. Presl & C. Presl) H. Pfeiffer
Ref. FP 13(1/1) 1936: 299; Thomas, 1984: 66.

Dichromena radicans Schlechtendal & Chamisso =Rhynchospora radicans subsp. radicans
Ref. FP 13(1/1) 1936: 304; Thomas, 1984: 57.

Dichromena ruiziana (Boeckeler) J. F. Macbride =Rhynchospora ruiziana Boeckeler
Ref. FP 13(1/1) 1936: 304; Kuekenthal, 1949: 393.

Dichromena ruiziana (Boeckeler) J. F. Macbride var. *triceps* (Boeckeler) J. F. Macbride =Rhynchospora macrochaeta var. triceps (Boeckeler) Kuekenthal
Ref. FP 13(1/1) 1936: 305.

Dichromena semiinvolucrata (J. S. Presl & C. Presl) J. F. Macbride =Rhynchospora semiinvolucrata J. S. Presl & C. Presl
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1950: 312.

Dichromena umbraticola (Poeppig & Kunth) J. F. Macbride =Rhynchospora umbraticola Poeppig & Kunth
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1949: 390.

Dichromena weberbaueri (C. B. Clarke) J. F. Macbride =Rhynchospora marisculus Nees
Ref. FP 13(1/1) 1936: 305.

Diclidium aciculare Schrader ex Nees =Torulinium odoratum (L.) Hooper
Ref. Tucker, 1983: 60.

Diplacrum capitatum (Willdenow) Boeckeler
Syn. *Scleria capitatum* Willdenow
Ref. Koyama, 1967: 34.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel 15354 (IBE!)
Depts.: LO

Diplasia karataefolia Richard
Ref. FP 13(1/1) 1936: 294; Koyama, 1967: 47.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Schunke 9317 (NY!)
Depts.: HU, JU, LO, MD, PA, SM, UC

Eleocharis acutangula (Roxburgh) Schultes
Syn. *Eleocharis fistulosa* (Poiret) Link, *Scirpus acutangula* Roxburgh, *Scirpus fistulosus* Poiret
Herb. Amazonian: disturbed areas, swamps. 0-500 m.
Voucher: Plowman & Rury 11288A (MO!)
Depts.: HU, LO

Eleocharis albibracteata Nees & Meyen ex Kunth
Syn. *Chaetocyperus albibracteatus* (Nees & Meyen ex Kunth) Nees & Meyen
Ref. FP 13(1/1) 1936: 279; Svenson, 1929: 178.
Herb. Andean II-III: bogs, disturbed areas, grasslands. 2000-4500 m.
Voucher: Nees & Meyen s.n.*, Hitchcock 22493 (NY)
Depts.: AN, AP, CU, PU

Eleocharis atropurpurea (Retzius) Kunth
Syn. *Scirpus atropurpureus* Retzius
Ref. FP 13(1/1) 1936: 279; Svenson, 1929: 227.
Note: Not reconfirmed. The record from Peru is questionable as the species has a disjunct distribution from North America to Italy and India.

Eleocharis caribaea (Rottboell) S. F. Blake =Eleocharis geniculata (L.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 280.

Eleocharis chaetaria Roemer & Schultes =Eleocharis retroflexa (Poiret) Urban
Ref. FP 13(1/1) 1936: 282; Svenson, 1937: 236.

Eleocharis consanguinea Kunth =Eleocharis montana (Kunth) Roemer & Schultes
Ref. FP 13(1/1) 1936: 281; Svenson, 1957: 532.

Eleocharis costulata Nees & Meyen ex Kunth =Eleocharis radicans (Poiret) Kunth
Ref. FP 13(1/1) 1936: 280; Svenson, 1957: 517.

Eleocharis dombeyana Kunth
Ref. FP 13(1/1) 1936: 281; Svenson, 1957: 530.
Endemic herb.
Note: Known to Peru only from the type.
Voucher: Dombey s.n.*
Depts.: Without full locality data.

Eleocharis elegans (H.B.K.) Roemer & Schultes
Syn. *Scirpus elegans* H.B.K.
Ref. FP 13(1/1) 1936: 281; Svenson, 1957: 532.
Aquatic herb. Amazonian, Andean I-II: submerged. 0-3000 m.
Voucher: Mostacero & Ramírez 691 (NY!)
Depts.: AM, HU, LA, LL, LO, PA, PU, SM, MD

Eleocharis exigua (H.B.K.) Roemer & Schultes
Syn. *Scirpus exiguus* H.B.K.
Ref. Svenson, 1939c: 14.
Herb. Coastal: riversides. 0-500 m.
Voucher: López & Sagástegui 7986 (NY!)
Depts.: LI, LL

Eleocharis filiculmis Kunth
Syn. *Eleocharis sulcata* Nees ex Boeckeler, *Scirpus sulcatus* Roth
Ref. Svenson, 1937: 266.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Killip & Smith 29067 (NY!)
Depts.: LO, SM

Eleocharis fistulosa (Poiret) Link =Eleocharis acutangula (Roxburgh) Schultes
Ref. Koyama, 1985: 256.

Eleocharis geniculata (L.) Roemer & Schultes
Syn. *Eleocharis caribaea* (Rottboell) S. F. Blake, *Scirpus caribaeus* Rottboell, *Scirpus geniculatus* L.
Ref. FP 13(1/1) 1936: 281; Svenson, 1939b: 51.
Herb. Amazonian, Andean I-II, Coastal: beach, disturbed areas. 0-3000 m.
Voucher: Barbour 4495 (F!)
Depts.: AM, AP, CA, CU, JU, LA, LI, LL, LO, PI, SM

[Eleocharis interstincta (M. Vahl) Roemer & Schultes]
Syn. *Scirpus interstinctus* M. Vahl
Ref. FP 13(1/1) 1936: 281; Svenson, 1939c: 11.
Note: Not known from Peru. Peruvian collections are redetermined by Svenson (1939) as *E. jelskiana*.

Eleocharis jelskiana Boeckeler
Ref. Svenson, 1939c: 12.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Spruce 4284* (K), Spruce 4282 (NY!)
Depts.: Without full locality data

Eleocharis macrostachya Britton
Herb.
Voucher: Llatas 181 (MO!)
Dept.: LA

Eleocharis maculosa (M. Vahl) Roemer & Schultes
Syn. *Scirpus maculosus* M. Vahl
Ref. Standley & Steyermark, 1958a: 150.
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Young & León 4981 (MO!)
Dept.: SM

Eleocharis melanostachys D'Urville & C. B. Clarke
Ref. Svenson, 1939b: 60.
Herb. Andean III: riversides. 3500-4000 m.
Voucher: Hitchcock 22555 (NY!)
Depts.: CU

Eleocharis montana (H.B.K.) Roemer & Schultes
Syn. *Eleocharis consanguinea* Kunth, *Eleocharis nodulosa* (Roth) Schultes, *Eleocharis nodulosa* var. *angulata* Svenson, *Scirpus montanus* H.B.K., *Scirpus nodulosus* Roth
Ref. Svenson, 1957: 532.
Herb. Andean I-II: disturbed areas. 1000-2500 m.
Note: This name has been confused with *E. dombeyana*.
Voucher: Scott s.n. (NY!)
Depts.: HU

Eleocharis montevidensis Kunth
Ref. Standley & Steyermark, 1958a: 152.
Herb. Andean II: disturbed areas. 2500-3000 m.
Voucher: Solomon 2808 (NY!)
Depts.: AR

Eleocharis mutata (L.) Roemer & Schultes
Syn. *Scirpus mutatus* L.
Ref. Standley, & Steyermark, 1958: 152.
Aquatic herb. Amazonian. 0-500 m.
Voucher: Díaz 368 (MO!)
Depts.: AM, LO

Eleocharis nodulosa (Roth) Schultes =Eleocharis montana (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 281; Svenson, 1957: 532.

Eleocharis nodulosa var. *angulata* Svenson =Eleocharis montana (H.B.K.) Roemer & Schultes

[Eleocharis pauciflora (Lightfoot) Link]
Syn. *Scirpus pauciflorus* Lightfoot
Mote: Not known from Peru.

Eleocharis plicarhachis (Grisebach) Svenson
Syn. *Scirpus plicarhachis* Grisebach
Ref. FP 13(1/1) 1936: 282; Svenson, 1939c: 13.

Herb. Amazonian. 0-500 m.
Voucher: Killip & Smith 27962 (NY!)
Depts. LO

Eleocharis radicans (Poiret) Kunth
Syn. *Eleocharis costulata* Nees & Meyen ex Kunth, *Scirpus radicans* Poiret
Ref. FP 13(1/1) 1936: 280; Svenson, 1957: 517.
Note: Not reconfirmed. No Peruvian specimens are cited by Svenson (1937).

Eleocharis retroflexa (Poiret) Urban
Syn. *Eleocharis chaetaria* Roemer & Schultes, *Scirpus retroflexus* Poiret
Ref. FP 13(1/1) 1936: 282; Svenson, 1937: 236.
Note: Not reconfirmed. No Peruvian specimens are cited by Svenson (1937).

Eleocharis sulcata Nees ex Boeckeler =Eleocharis filiculmis Kunth
Ref. FP 13(1/1) 1936: 282; Svenson, 1937: 266.

Elytrospermum californicum C. A. Meyer =Scirpus californicus (C. A. Meyer) Steudel
Ref. FP 13(1/1) 1936: 289.

[*Eriophorum montevidense* Link =Androtrichum trigynium (Sprengel) H. Pfeiffer]
Ref. FP 13(1/1) 1936: 264; Pederson, 1972: 533.
Note: Not known from Peru.

Everardia montana Ridley ex Thurn subsp. **montana**
Ref. Koyama & Maguire, 1965: 30.
Herb. Andean II. 2000-2500 m.
Voucher: Wurdack 1380 (F!)
Depts.: AM

Fimbristylis annua Roemer & Schultes
Ref. Kral, 1971: 121.
Herb. Amazonian. 0-500 m.
Voucher: Foster 9764 (MO!)
Depts.: AM, CU, MD, LO, UC

Fimbristylis complanata (Retzius) Link
Syn. *Scirpus complanatus* Retzius
Ref. FP 13(1/1) 1936: 286; Kral, 1971: 106.
Note: Not reconfirmed. No Peruvian specimens are cited by Kral (1971).

Fimbristylis dichotoma (L.) M. Vahl
Syn. *Fimbristylis diphylla* (Retzius) M. Vahl, *Scirpus dichotomus* L., *Scirpus diphyllus* Retzius
Ref. Kral, 1971: 117.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Hutchison & Wright 3715 (F!)
Depts.: HU, MD, AM, LO, SM, PA, UC

Fimbristylis diphylla (Retzius) M. Vahl =Fimbristylis dichotoma (L.) M. Vahl
Ref. FP 13(1/1) 1936: 286.

Fimbristylis littoralis Gaudichaud
Syn. *Fimbristylis miliacea* (L.) M. Vahl, *Scirpus milaceus* L.
Ref. Blake, 1954: 217.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Barbour 5400 (MO!)
Depts.: HU, LO, MD, UC

Fimbristylis miliacea (L.) M. Vahl =Fimbristylis littoralis Gaudichaud
Ref. Blake, 1954: 217.

Fimbristylis spadicea (L.) M. Vahl
Syn. *Scirpus spadiceus* L.
Ref. FP 13(1/1) 1936: 287; Kral, 1971: 131.
Note: Not reconfirmed. No Peruvian specimens are cited by Kral (1971).

Fimbristylis squarrosa M. Vahl
Ref. Kral, 1971: 123.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: McDaniel & Rimachi 18018 (NY!)
Depts.: LO

Fimbristylis vahlii (Lamarck) Link
Syn. *Scirpus vahlii* Lamarck
Ref. FP 13(1/1) 1936: 287; Kral, 1971: 124.
Herb. Amazonian: riversides. 0-500 m.
Voucher: McDaniel & Rimachi s.n. (IBE!)
Depts.: LO

Fuirena incompleta Nees
Ref. FP 13(1/1) 1936: 293; Kral, 1978: 348.
Herb. Andean II: bogs, disturbed areas. 1500-2000 m.
Voucher: Macbride 3321 (NY!)
Depts.: HU, JU

Hemicarpha micrantha (M. Vahl) Pax =Lipocarpha micrantha (M. Vahl) Tucker
Ref. Tucker, 1987: 410.

Hoppia irrigua Nees =Bisboeckelera irrigua (Nees) Kuntze
Ref. Koyama, 1967: 38.

Hymenolytrum martii Nees =Scleria martii (Nees) Steudel
Ref. FP 13(1/1) 1936: 309.

Hymenolytrum poeppigii Nees =Scleria poeppigii (Nees) Steudel
Ref. FP 13(1/1) 1936: 310.

Hypolytrum longifolium (Richard) Nees subsp. **longifolium**
Syn. *Scirpus longifolius* Richard
Ref. Koyama, 1970: 70.
Herb. Amazonian. 0-500 m.
Voucher: Jones 9602 (MO!)
Depts.: LO, PA

Hypolytrum longifolium subsp. **sylvaticum** (Poeppig & Kunth) T. Koyama
Syn. *Hypolytrum sylvaticum* Poeppig & Kunth
Ref. FP 13(1/1) 1936: 294; Koyama, 1970: 72.
Herb. Amazonian: bogs. 0-500 m.
Voucher: Gentry & Revilla 20641 (F!)
Depts.: LO, SM

Hypolytrum schraderianum Nees
Ref. Standley & Steyermark, 1958a: 163; Koyama, 1970: 56.
Herb. Amazonian. 0-500 m.
Voucher: Plowman & Schunke 7516 (F!)
Depts.: SM

Hypolytrum sphaerostachyum Boeckeler
Ref. Koyama, 1970: 62.
Herb. Amazonian: riversides. 0-500 m.
Voucher: McDaniel & Rimachi 23167 (IBE!)
Depts.: LO

Hypolytrum strictum Poeppig & Kunth ex Kunth
Ref. Koyama, 1970: 83.
Herb. Amazonian: forests. 0-500 m.
Voucher: Klug 2548 (US)
Depts.: LO

Hypolytrum sylvaticum Poeppig & Kunth =Hypolytrum longifolium subsp. sylvaticum (Poeppig & Kunth) T. Koyama
Ref. FP 13(1/1) 1936: 294; Koyama, 1970: 72.

Isolepis asperulus H.B.K. =Bulbostylis tenuifolia (Rudge) J. F. Macbride
Ref. FP 13(1/1) 1936: 285.

Isolepis atacamensis Philippi =Scirpus atacamensis (Philippi) Boeckeler
Ref. Beetle, 1953: 83.

Isolepis brachyphylla J. S. Presl & C. Presl =Scirpus cernuus M. Vahl
Ref. FP 13(1/1) 1936: 290.

Isolepis cernua (M. Vahl) Roemer & Schultes =Scirpus cernuus M. Vahl
Ref. Beetle, 1953: 83.

Isolepis ciliata J. S. Presl & C. Presl =Bulbostylis capillaris (L.) C. B. Clarke
Ref. FP 13(1/1) 1936: 283.

Isolepis fuscata Nees & Meyen =Scirpus cernuus M. Vahl
Ref. Davidse, pers. comm.

Isolepis hirtella Schrader ex Roemer & Schultes =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 284.

Isolepis inundata R. Brown =Scirpus inundatus (R. Brown) Poiret
Ref. FP 13(1/1) 1936: 292.

Isolepis junciformis H.B.K. =Bulbostylis junciformis (H.B.K.) C. B. Clarke
Ref. FP 13(1/1) 1936: 284; Kral, 1971: 80.

Isolepis langsdorfiana Kunth =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 284.

Isolepis nigricans H.B.K. =Scirpus inundatus (R. Brown) Poiret
Ref. FP 13(1/1) 1936: 292.

Isolepis pygmaea Kunth =Scirpus cernuus M. Vahl
Ref. FP 13(1/1) 1936: 290.

Isolepis scabra J. S. Presl & C. Presl =Bulbostylis scabra (J. S. Presl & C. Presl) C. B. Clarke
Ref. FP 13(1/1) 1936: 285.

Isolepis vestita Kunth =Bulbostylis vestita (Kunth) C. B Clarke
Ref. Kral, 1971: 79.

Juncellus laevigatus (L.) C. B. Clarke =Cyperus laevigatus L.
Ref. Kuekenthal, 1936: 321.

Kyllinga brevifolia Rottboell
Syn. *Kyllinga elongata* H.B.K.
Ref. FP 13(1/1) 1936: 263; Tucker, 1984: 522.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-3000 m.
Voucher: Smith *et al.* 1806 (NY!)
Depts.: AY, CA, HU, JU, LA, LI, LO, PA, SM

Kyllinga cayennensis Lamarck =Cyperus aggregatus (Willdenow) Endlicher
Ref. FP 13(1/1) 1936: 269; Tucker, 1983: 59.

Kyllinga elongata H.B.K. =Kyllinga brevifolia Rottboell
Ref. Tucker, 1984: 522.

Kyllinga incompleta Jacquin =Cyperus hermaphroditus (Jacquin) Standley

Kyllinga obtusata J. S. Presl & C. Presl =Kyllinga vaginata Lamarck
Ref. Tucker, 1984: 525.

Kyllinga odorata M. Vahl
Syn. *Cyperus sesquiflorus* (Torrey) Mattfeld & Kuekenthal
Ref. FP 13(1/1) 1936: 263; Tucker, 1984: 518.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-2000 m.
Voucher: Schunke 1388 (NY!)
Depts.: AM, AY, CA, CU, HU, LO, PA, SM, TU

Kyllinga peruviana Lamarck =Kyllinga vaginata Lamarck
Ref. FP 13(1/1) 1936: 263; Tucker, 1984: 525.

Kyllinga pumila Michaux
Syn. *Cyperus densicaespitosus* Mattfeld & Kuekenthal, *Cyperus tenuifolius* (Steudel) Dandy
Ref. FP 13(1/1) 1936: 264; Tucker, 1984: 514.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-3000 m.
Voucher: Díaz & Jaramillo 1366 (NY!)
Depts.: AM, AY, CU, CA, HU, JU, LA, LO, MD, PA, SM

Kyllinga pungens Link =Kyllinga vaginata Lamarck
Ref. FP 13(1/1) 1936: 264; Tucker, 1984: 525.

Kyllinga vaginata Lamarck
Syn. *Cyperus obtusatus* (J. S. & C. Presl) Mattfeld & Kuekenthal, *Cyperus peruvianus* (Lamarck) F. Williams, *Kyllinga obtusata* J. S. Presl & C. Presl, *Kyllinga peruviana* Lamarck, *Kyllinga pungens* Link
Ref. FP 13(1/1) 1936: 263; Tucker, 1984: 525.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Dombey s.n.* (P-LA)
Depts.: LI, LO

Lipocarpha humboldtiana Nees
Syn. *Lipocarpha sellowiana* Kunth
Ref. Goetghebeur & Van den Borre, 1989: 40.
Herb. Andean II: disturbed areas. 1500-2500 m.
Voucher: Klug 3353 (F!)
Depts.: AM, CA, SM

Lipocarpha micrantha (M. Vahl) Tucker
Syn. *Hemicarpha micrantha* (M. Vahl) Pax, *Scirpus micranthus* M. Vahl
Ref. Tucker, 1987: 410.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Rimachi 484 (F!)
Depts.: LO

Lipocarpha sellowiana Kunth =Lipocarpha humboldtiana Nees
Ref. FP 13(1/1) 1936: 294; Goetghebeur & Van den Borre, 1989: 40.

Mariscus aggregatus Willdenow =Cyperus aggregatus (Willdenow) Endlicher

Mariscus cylindricus var. *australis* Lindman =Cyperus retrorsus var. australis (Lindman) Kuekenthal
Ref. Kuekenthal, 1936: 513.

Mariscus flavus M. Vahl =Cyperus aggregatus (Willdenow) Endlicher

Mariscus huarmensis H.B.K. =Cyperus aggregatus (Willdenow) Endlicher
Ref. FP 13(1/1) 1936: 269; Tucker, 1985: 607.

Mariscus jacquinii Kunth =Cyperus hermaphroditus (Jacquin) Standley
Ref. FP 13(1/1) 1936: 271; Tucker, 1983: 51.

Mariscus mutisii H.B.K. =Cyperus mutisii (H.B.K.) Grisebach
Ref. Tucker, 1983: 50.

Mariscus pallens Liebmann =Cyperus pallens (Liebmann) Standley & Steyermark
Ref. Tucker, 1983: 58.

Mariscus panamensis C. B. Clarke =Cyperus panamensis (C. B. Clarke) Britton
Ref. FP 13(1/1) 1936: 274; Tucker, 1983: 54.

Mariscus rufus H.B.K. =Cyperus ligularis L.
Ref. FP 13(1/1) 1936: 272; Tucker, 1983: 49.

Mariscus saturatus (C. B. Clarke) J. D. Smith & C. B. Clarke =Cyperus miliifolius Poeppig & Kunth ex Kunth
Ref. FP 13(1/1) 1936: 276; Tucker, 1983: 25.

Nomochloa millegrana Nees =Pleurostachys millegrana (Nees) Steudel
Ref. Kuekenthal, 1952: 475.

Oncostylis arenaria Nees =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 93.

Oncostylis fimbriatus Nees =Bulbostylis barbata (Rottboell) C. B. Clarke
Ref. FP 13(1/1) 1936: 284.

Oncostylis tenuifolia (Rudge) Nees =Bulbostylis tenuifolia (Rudge) J. F. Macbride
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 99.

Oreobolopsis tepalifera T. Koyama & Guaglianone
Ref. Koyama & Guaglianone, 1987: 80.
Herb. Andean II-III: grasslands, bogs. 3000-4500 m.
Voucher: Smith *et al.* 9182 (MO!)
Depts.: AN

Oreobolus ecuadorensis T. Koyama
Ref. Koyama, 1984: 415.
Herb. Andean II: grasslands. 2000-2500 m.
Voucher: León & Young 1418 (MO!)
Depts.: AN, PA, SM

Oreobolus obtusangulus Gaudichaud subsp. **obtusangulus**
Ref. Seberg, 1988: 159.
Herb. Andean II: bogs, disturbed areas, grasslands, riversides. 3000-3500 m.
Voucher: Young & León 4368 (MO!)
Depts.: AN, SM

Oreobolus obtusangulus subsp. **unispicus** O. Seberg
Ref. Seberg, 1988: 163.
Herb. Andean III: disturbed areas, rocky slopes. 4000-4500 m.
Voucher: Smith 7721 (MO!)
Depts.: AN

Oreobolus venezuelensis Steyermark
Ref. Koyama, 1984: 417.
Herb. Andean II: grasslands. 2000-2500 m.
Voucher: Smith 7721 (MO!)
Depts.: PA

Oxycaryum cubense (Poeppig & Kunth) Lye
Syn. *Scirpus cubensis* Poeppig & Kunth
Ref. Lye, 1971: 282.
Aquatic or terrestrial herb. Amazonian, Andean I-II: bogs, disturbed areas, shrublands. 0-3500 m.
Voucher: McDaniel & Rimachi 22368 (IBE!)
Depts.: AN, CU, LO, MD, SM, TU

Phylloscirpus acaulis (Philippi) Goetghebeur & D. A. Simpson =Scirpus acaulis Philippi
Ref. Davidse, pers. comm.

Pleurostachys millegrana (Nees) Steudel
Syn. *Nomochloa millegrana* Nees
Ref. Kuekenthal, 1952: 474.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Núñez 6003 (MO!)
Depts.: MD, SM

Pleurostachys pearcei C. B. Clarke
Syn. *Dichromena pearcei* (C. B. Clarke) J. F. Macbride
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1952: 467.
Endemic herb.
Note: Known from Peru only from the type locality.

Pleurostachys peruviana C. B. Clarke
Syn. *Dichromena peruviana* (C. B. Clarke) J. F. Macbride
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1952: 462.
Endemic herb.
Voucher: Lechler 2445* (K)
Dept. Without full locality data.

Pycreus bipartitus (Torrey) C. B. Clarke
Syn. *Cyperus bipartitus* Torrey, *Cyperus rivularis* Kunth
Ref. Adams, pers. comm.
Herb. Andean I: disturbed areas. 500-1500 m.
Voucher: Macbride & Featherstone 1454 (F!)
Depts.: HU

Pycreus cimicinus (J. S. Presl & C. Presl) H. Pfeiffer =Pycreus niger (R. & P.) Cufodontis
Ref. FP 13(1/1) 1936: 273.

Pycreus macrostachyos (Lamarck) Raynal
Syn. *Cyperus albomarginatus* Martius & Schrader ex Steudel
Ref. Hooper & Raynal, 1969: 314.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel & Rimachi 23344 (NY!)
Depts.: LO

Pycreus niger (R. & P.) Cufodontis
Syn. *Cyperus cimicinus* J. S. Presl & C. Presl, *Cyperus melanostachyus* H.B.K., *Cyperus niger* R. & P., *Pycreus cimicinus* (J. S. Presl & C. Presl) H. Pfeiffer
Ref. Adams, pers. comm.
Herb. Andean I-II: bogs, disturbed areas, riversides. 500-3500 m.
Voucher: Croat 57866 (MO!)
Depts.: AM, AN, CA, CU, HU, LA, PA

Pycreus polystachyos (Rottboell) P. Beauvois
Syn. *Cyperus polystachyos* Rottboell, *Cyperus polystachyos* var. *leptostachyus* Boeckeler
Ref. Mueller *et al.*, 1981: 340.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Llatas 367 (MO!)
Depts.: LA, LI

Pycreus unioloides (R. Brown) Urban
Syn. *Cyperus unioloides* R. Brown
Ref. Adams, pers. comm.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Smith & Canne 5781 (MO!)
Depts.: HU, PA

Rhynchospora aberrans C. B. Clarke
Syn. *Dichromena aberrans* (C. B. Clarke) J. F. Macbride
Ref. FP 13(1/1) 1936: 297; Kuekenthal, 1949: 455.
Note: Not reconfirmed.

Rhynchospora alta Boeckeler =Rhynchospora globosa (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 298; Kuekenthal, 1949: 463.

Rhynchospora amazonica Poeppig & Kunth subsp. **amazonica**
Syn. *Dichromena amazonica* (Poeppig & Kunth) J. F. Macbride
Ref. FP 13(1/1) 1936: 298; Koyama, 1972: 28.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Croat 19920 (NY!)
Depts.: LO

Rhynchospora aristata Boeckeler
Ref. Thomas, 1992: 35.
Herb. Andean II: riversides. 2000-3000 m.
Voucher: Iltis *et al.* 1120 (NY!)
Depts.: CA, CU

Rhynchospora aurea M. Vahl =Rhynchospora corymbosa (L.) Britton
Ref. FP 13(1/1) 1936: 299; Kuekenthal, 1949: 410.

Rhynchospora blepharophora (J. S. Presl & C. Presl) H. Pfeiffer
Syn. *Dichromena blepharophora* J. S. Presl & C. Presl, *Dichromena ciliata* J. S. Presl & C. Presl, *Dichromena pulchella* Poeppig & Kunth, *Rhynchospora nervosa* var. *blepharophora* (J. S. Presl & C. Presl) Kuekenthal
Ref. Thomas, 1984: 66.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Poeppig s.n.* (PR), Schunke A75 (F!)
Depts.: CU, HU, JU, PA

Rhynchospora brasiliensis Boeckeler
Ref. Guaglianone, 1979: 284.
Herb. Andean II: disturbed areas. 1500-2500 m.
Voucher: Wurdack 1394 (NY!)
Depts.: AM, PA

Rhynchospora brownii Roemer & Schultes subsp. **americana** Guaglianone
Ref. Guaglianone, 1979: 272.
Herb. Andean II: grasslands. 2500-3000 m.
Voucher: Macbride & Featherstone 1452 (MO!)
Depts.: CA, HU

Rhynchospora brunnea Boeckeler
Syn. *Dichromena brunnea* (Boeckeler) J. F. Macbride
Ref. FP 13(1/1) 1936: 298; Mueller *et al.*, 1981:
Herb. Andean II: disturbed areas. 2500-3000 m.
Note: Reported by Mueller *et al.* (1981) as *D. brunnea*.
Voucher: Ruiz & Pavón s.n.* (MA), Gutte & López 3940 (LZ)
Depts.: AM

Rhynchospora cariciformis Nees
Syn. *Dichromena cariciformis* (Nees) J. F. Macbride, *Rhynchospora cariciformis* var. *trichophora* (Nees) Kuekenthal, *Rhynchospora trichophora* Nees
Ref. FP 13(1/1) 1936: 299; Koyama, 1972: 37.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Ayala 1930? (MO!)
Depts.: LO

Rhynchospora cariciformis var. *trichophora* (Nees) Kuekenthal =Rhynchospora cariciformis Nees
Ref. Koyama, 1972: 37.

Rhynchospora cephalotes (L.) M. Vahl
Syn. *Scirpus cephalotes* L.
Ref. Koyama, 1972: 38
Herb. Amazonian: riversides. 0-500 m.
Voucher: Croat 19904 (F!)
Depts.: LO

Rhynchospora ciliata Kuekenthal =Rhynchospora nervosa subsp. ciliata T. Koyama
Ref. FP 13(1/1) 1936: 299; Kuekenthal, 1950: 295.

Rhynchospora corymbosa (L.) Britton
Syn. *Dichromena corymbosa* (L.) J. F. Macbride, *Rhynchospora aurea* M. Vahl, *Scirpus corymbosus* L.
Ref. FP 13(1/1) 1936: 299; Kuekenthal, 1949: 410.
Herb. Amazonian, Andean I-II: riversides. 0-2000 m.
Voucher: Gentry *et al.* 15753 (F!)
Depts.: LO, SM

Rhynchospora dissitiflora Steudel ex Boeckeler
Syn. *Dichromena dissitiflora* (Steudel ex Boeckeler) J. F. Macbride
Ref. FP 13(1/1) 1936: 300; Kuekenthal, 1949: 448; Koyama, 1972: 44.
Endemic herb. Andean II: riversides. 2000-2500 m.
Voucher: Lechler 2525a* (B), Mexia 7767 (NY!)
Depts.: HU

Rhynchospora exaltata Kunth
Syn. *Dichromena exaltata* (Kunth) J. F. Macbride
Ref. FP 13(1/1) 1936: 300; Kuekenthal, 1949: 438.
Herb. Andean I: disturbed areas. 500-1500 m.
Voucher: Killip & Smith 23883 (NY!)
Depts.: JU

Rhynchospora ferruginea Roemer & Schultes =Rhynchospora rugosa (M. Vahl) Gale
Ref. FP 13(1/1) 1936: 300; Kuekenthal, 1950: 144.

Rhynchospora glauca M. Vahl =Rhynchospora rugosa (M. Vahl) Gale
Ref. FP 13(1/1) 1936: 300; Guaglianone, 1971: 261.

Rhynchospora globosa (H.B.K.) Roemer & Schultes
Syn. *Chaetospora globosa* H.B.K., *Dichromena alta* (Boeckeler) J. F. Macbride, *Dichromena globosa* (H.B.K.) Roemer & Schultes, *Rhynchospora alta* Boeckeler, *Schoenus globosus* H.B.K.
Ref. FP 13(1/1) 1936: 298; Kuekenthal, 1949: 462.
Herb. Andean I-II: disturbed areas, riversides. 500-2000 m.
Voucher: López *et al.* 6698 (NY!)
Depts.: CA, HU, LO, PA, PU, SM

Rhynchospora hassleri C. B. Clarke
Ref. Thomas, 1992: 43.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel 19486 (NY!)
Depts.: LO

Rhynchospora killipii Gross
Syn. *Dichromena killipii* (Gross) J. F. Macbride
Ref. FP 13(1/1) 1936: 301; Kuekenthal, 1949: 407.
Endemic herb. Andean I-II: forests. 1000-2000 m.
Note: Known from Peru only from the type locality. Kuekenthal (1949) lists this as an uncertain taxon.
Voucher: Killip & Smith 25566* (US)
Depts.: JU

Rhynchospora kuekenthalii H. Pfeiffer =Rhynchospora kuntzei C. B. Clarke
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 391.

Rhynchospora kunthii Nees ex Kunth
Ref. Thomas, 1992: 29.
Herb. Andean I-II: grasslands. 1000-2000 m.
Voucher: Smith & Canne 5761 (MO!)
Depts.: PA

Rhynchospora kuntzei C. B. Clarke
Syn. *Dichromena kuekenthalii* (H. Pfeiffer) J. F. Macbride, *Dichromena kuntzei* (C. B. Clarke) J. F. Macbride, *Rhynchospora kuekenthalii* H. Pfeiffer, *Rhynchospora uleana* Kuekenthal, *Rhynchospora umbraticola* var. *kuntzei* (C. B. Clarke) Kuekenthal
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 391.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Núñez 5840 (MO!)
Depts.: MD

Rhynchospora lechleri Steudel ex Boeckeler =Rhynchospora vulcanii Boeckeler
Ref. FP 13(1/1) 1936: 302; Thomas, 1992: 35.

Rhynchospora locuples C. B. Clarke
Syn. *Dichromena locuples* (C. B. Clarke) J. F. Macbride, *Rhynchospora schiedeana* var. *locuples* (C. B. Clarke) Kuekenthal
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 398; Thomas, 1992: 35.
Herb. Andean II: cloud forests, disturbed areas, grasslands. 2500-3500 m.
Voucher: Barbour 3414 (MO!)
Depts.: AM, HU

Rhynchospora longa (Lindmann) H. Pfeiffer
Syn. *Dichromena longa* Lindmann
Ref. Thomas, 1984: 70.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Barbour 5260 (MO!)
Depts.: MD

Rhynchospora macrochaeta Steudel ex Boeckeler
Syn. *Dichromena macrochaeta* (Steudel ex Boeckeler) J. F. Macbride
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1949: 392.
Herb. Andean II: grasslands. 2500-3500 m.
Note: Based on material not determined to forma.
Voucher: Lechler 1819* (B), Woytkowski 48 (NY!)
Depts.: AM, CA, HU, PU

Rhynchospora macrochaeta Steudel ex Boeckeler fo. **condensata** Kuekenthal
Ref. Kuekenthal, 1949: 394.
Herb.
Voucher: Raimondi 11228
Depts: HU

Rhynchospora macrochaeta Steudel ex Boeckeler var. *ruiziana* (Boeckeler) Kuekenthal =Rhynchospora ruiziana Boeckler
Ref. FP 13(1/1) 1936: 304; Kuekenthal, 1949: 393.

Rhynchospora macrochaeta Steudel ex Boeckeler var. **triceps** (Boeckeler) Kuekenthal
Syn. *Dichromena ruiziana* var. *triceps* (Boeckeler) J. F. Macbride, *Rhynchospora ruiziana* var. *triceps* (Boeckeler) Schumacher ex C. B. Clarke, *Rhynchospora triceps* Boeckeler
Ref. Kuekenthal, 1949: 394.
Herb. Andean I-II: disturbed areas. 1500-2500 m.
Voucher: Ruiz s.n.* (B photo F), Weberbauer 2255
Depts.: JU

Rhynchospora mandonii C. B. Clarke
Syn. *Dichromena mandonii* (C. B. Clarke) J. F. Macbride
Ref. FP 13(1/1) 1936: 303; Kuekenthal, 1949: 406.
Herb.
Voucher: Schunke 7623 (HUT)
Depts.: SM

Rhynchospora marisculus Nees
Syn. *Dichromena weberbaueri* (C. B. Clarke) J. F. Macbride, *Rhynchospora weberbaueri* C. B. Clarke
Ref. Kuekenthal, 1950: 137.
Herb.
Voucher: Weberbauer 4765
Depts.: Without full locality data.

Rhynchospora nervosa (M. Vahl) Boeckeler subsp. **ciliata** T. Koyama
Syn. *Dichromena ciliata* M. Vahl, *Rhynchospora ciliata* Kuekenthal
Ref. Thomas, 1984: 96.
Note: Not reconfirmed. No Peruvian specimens are cited by Thomas (1984).

Rhynchospora nervosa subsp. **nervosa**
Syn. *Dichromena nervosa* M. Vahl
Ref. Thomas, 1984: 89.
Aquatic or terrestrial herb. Andean I: disturbed areas, savannas, swamps. 1000-1500 m.
Voucher: Mexia 8225 (NY!)
Depts.: CA, HU, PA, SM, UC

Rhynchospora nervosa (M. Vahl) Boeckeler var. *blepharophora* (J. S. Presl & C. Presl) Kuekenthal =Rhynchospora blepharophora (J. S. Presl & C. Presl) H. Pfeiffer
Ref. Thomas, 1984: 66.

Rhynchospora polyantha Steudel
Herb. Andean I-II: riversides. 2000-2500 m.
Voucher: Sagástegui *et al.* 8210 (NY!)
Depts.: PI

Rhynchospora polyphylla M. Vahl
Syn. *Dichromena polyphylla* (M. Vahl) J. F. Macbride, *Schoenus polyphyllus* M. Vahl
Ref: Kuekenthal, 1949: 405.
Herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Smith *et al.* 5244 (F!)

Depts.: AM, CA, CU, HU, JU, LA, LL, PI, PA

Rhynchospora polystachys (Turrill) H. Pfeiffer
Syn. *Dichromena polystachys* Turrill
Ref. Thomas, 1984: 71
Herb. Andean I-II: disturbed areas, riversides. 500-2500 m.
Voucher: Schunke 7916 (NY!)
Depts.: CU, HU, JU, LO, PU, SM

Rhynchospora pubera (M. Vahl) Boeckeler
Syn. *Dichromena pubera* M. Vahl
Ref. Thomas, 1984: 47.
Herb. Andean I-II: disturbed areas. 500-1000 m.
Voucher: Schunke 6179 (MO!)
Depts.: MD, SM

Rhynchospora radicans (Schlechtendal & Chamisso) H. Pfeiffer subsp. **microcephala** (Bertero ex Sprengel) W. Thomas
Syn. *Dichromena microcephala* Bertero ex Sprengel
Ref. Thomas, 1984: 60.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Schunke 4618 (NY!)
Depts.: AY, JU, LO, MD, SM

Rhynchospora radicans subsp. **radicans**
Syn. *Dichromena radicans* Schlechtendal & Chamisso
Ref. Thomas, 1984: 57.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Gentry *et al.* 37862 (MO!)
Depts.: SM

Rhynchospora rugosa (M. Vahl) Gale
Syn. *Dichromena glauca* (M. Vahl) J. F. Macbride, *Rhynchospora ferruginea* Roemer & Schultes, *Rhynchospora glauca* M. Vahl, *Schoenus rugosus* M. Vahl
Ref. Guaglianone, 1979: 261.
Herb. Amazonian, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Croat 18297 (MO!)
Depts.: AM, CA, HU, LO, PA, PI, SM

Rhynchospora ruiziana Boeckeler
Syn. *Dichromena ruiziana* (Boeckeler) J. F. Macbride, *Rhynchospora macrochaeta* var. *ruiziana* (Boeckeler) Kuekenthal
Ref. Thomas, 1992: 34.
Herb. Andean I-II: disturbed areas. 1000-2500 m.
Voucher: Ruiz s.n.* (B photo F), León & Young 1562 (F!)
Depts.: SM

Rhynchospora ruiziana Boeckeler var. *triceps* (Boeckeler) Schumacher ex C. B. Clarke =Rhynchospora macrochaeta var. triceps (Boeckeler) Kuekenthal
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1949: 394.

Rhynchospora schiedeana Kunth
Ref. Kuekenthal, 1949: 397.
Herb. Andean II: disturbed areas. 1500-3000 m.
Voucher: Vargas 1944 (MO!)
Depts.: CU, HU

Rhynchospora schiedeana Kunth var. *locuples* (C. B. Clarke) Kuekenthal =Rhynchospora locuples C. B. Clarke
Ref. Kuekenthal, 1949: 398.

Rhynchospora semiinvolucrata J. S. Presl & C. Presl
Syn. *Dichromena semiinvolucrata* (J. S. Presl & C. Presl) J. F. Macbride
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1950: 312.
Note: Not reconfirmed. Kuekenthal (1952) lists this as a doubtful species.

Rhynchospora spicata Sprengel =Scleria spicata (Sprengel) J. F. Macbride
Ref. FP 13(1/1) 1936: 305.

Rhynchospora triceps Boeckeler =Rhynchospora macrochaeta var. triceps (Boeckeler) Kuekenthal
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1949: 394.

Rhynchospora trichophora Nees =Rhynchospora cariciformis Nees
Ref. FP 13(1/1) 1936: 299.

Rhynchospora uleana Kuekenthal =Rhynchospora kuntzei C. B. Clarke
Ref. FP 13(1/1) 1936: 302; Kuekenthal, 1949: 391.

Rhynchospora umbraticola Poeppig & Kunth
Syn. *Dichromena umbraticola* (Poeppig & Kunth) J. F. Macbride
Ref. FP 13(1/1) 1936: 305; Kuekenthal, 1949: 390.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Poeppig s.n.* (B photo F), Killip & Smith 27765 (NY!)
Depts.: LO, MD

Rhynchospora umbraticola var. *kuntzei* (C. B. Clarke) Kuekenthal =Rhynchospora kuntzei C. B. Clarke
Ref. Kuekenthal, 1949: 391.

Rhynchospora vulcanii Boeckeler
Syn. *Dichromena lechleri* (Steudel ex Boeckeler) J. F. Macbride, *Rhynchospora lechleri* Steudel ex Boeckeler
Ref. Thomas, 1992: 35.
Herb. Andean II: disturbed areas. 1500-3000 m.
Voucher: Plowman & Rury 11131 (MO!)
Depts.: HU

Rhynchospora weberbaueri C. B. Clarke =Rhynchospora marisculus Nees
Ref. FP 13(1/1) 1936: 305.

Schoenoplectus americanus (Persoon) Volkart ex Schinz & Keller =Scirpus americanus Persoon
Ref. Koyama, 1963: 1117.

Schoenus globosus H.B.K. =Rhynchospora globosa (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 301; Kuekenthal, 1949: 463.

Schoenus juncoides M. Vahl =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 93.

Schoenus polyphyllus M. Vahl =Rhynchospora polyphylla M. Vahl
Ref. FP 13(1/1) 1936: 304; Kuekenthal, 1949: 403.

Schoenus rugosus M. Vahl =Rhynchospora rugosa (M. Vahl) Gale
Ref. Gale, 1944: 275.

Scirpus acaulis Philippi
Syn. *Phylloscirpus acaulis* (Philippi) Goetghebeur & D. A. Simpson
Ref. FP 13(1/1) 1936: 289; Beetle, 1953: 83.
Herb. Andean III: disturbed areas. 4000-4500 m.
Voucher: Weberbauer 223
Depts.: JU

Scirpus acutangula Roxburgh =Eleocharis acutangula (Roxburgh) Schultes
Ref. Koyama, 1985: 256.

Scirpus americanus Persoon
Syn. *Schoenoplectus americanus* (Persoon) Volkart ex Schinz & Keller, *Scirpus americanus* var. *longisetus* (Bentham ex Mueller) Beetle, *Scirpus olneyi* A. Gray ex Engelmann & A. Gray
Ref. FP 13(1/1) 1936: 289; Koyama, 1963: 1112; Schuyler, 1974: 52.
Herb. Andean I, Coastal: disturbed areas, riversides. 0-1500 m.
Voucher: Sánchez 3092 (MO!)
Depts.: LL

Scirpus americanus var. *conglomeratus* (H.B.K.) T. Koyama =Scirpus pungens M. Vahl
Ref. Koyama, 1963: 1119; Schuyler, 1974: 52.

Scirpus americanus fo. *cordilleranus* Kuekenthal & Barros =Scirpus pungens M. Vahl
Ref. Barros, 1935: 159; Schuyler, 1974: 52.

Scirpus americanus var. *longisetis* (Bentham & Mueller) Beetle =Scirpus americanus Persoon
Ref. Koyama, 1963: 1122; Schuyler, 1974: 52.

Scirpus americanus subsp. *monophyllus* (J. S. Presl & C. Presl) T. Koyama =Scirpus pungens M. Vahl
Ref. Koyama, 1963: 1118; Schuyler, 1974: 52.

Scirpus angachillensis Boeckeler =Scirpus inundatus (R. Brown) Poiret
Ref. FP 13(1/1) 1936: 292.

Scirpus asper J. S. Presl & C. Presl
Syn. *Scirpus subasper* Beetle
Ref. FP 13(1/1) 1936: 289; Beetle, 1953: 82.
Herb.
Voucher: Williams 2572 (NY!)
Depts.: AR

Scirpus asperulus Poiret =Bulbostylis tenuifolia (Rudge) J. F. Macbride
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 99.

Scirpus atacamensis (Philippi) Boeckeler
Syn. *Isolepis atacamensis* Philippi, *Scirpus hieronymi* Boeckeler
Ref. FP 13(1/1) 1936: 289.
Note: Not reconfirmed.

Scirpus atropurpureus Retzius =Eleocharis atropurpurea (Retzius) Kunth
Ref. FP 13(1/1) 1936: 279; Svenson, 1929: 227.

Scirpus barbatus Rottboell =Bulbostylis barbatus Rottboell
Ref. Koyama, 1979: 245.

Scirpus californicus (C. A. Meyer) Steudel subsp. **californicus**
Syn. *Elytrospermum californicum* C. A. Meyer
Ref. FP 13(1/1) 1936: 289; Koyama, 1963: 1129.
Note: Specimens cited in The Flora of Peru are redetermined as *S. californicus* subsp. *tatora*.

Scirpus californicus subsp. **tatora** (Kunth) T. Koyama
Syn. *Scirpus riparius* J. S. Presl & C. Presl, *Scirpus riparius* var. *tereticulmis* C. B. Clarke, *Scirpus tatora* Kunth
Ref. Koyama, 1963: 1129.
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Smith 9424 (F!)
Depts.: AM, AN, CU, JU, LL, PU, SM

Scirpus capillaris L. =Bulbostylis capillaris (L.) C. B. Clarke
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 98.

Scirpus caribaeus Rottboell =Eleocharis geniculata (L.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 280; Svenson, 1957: 520.

Scirpus cephalotes =Rhynchospora cephalotes (L.) M. Vahl
Ref. Koyama, 1972: 38.

Scirpus cernuus M. Vahl
Syn. *Isolepis brachyphylla* J. S. Presl & C. Presl, *Isolepis cernua* (M. Vahl) Roemer & Schultes, *Isolepis fuscata* Nees & Meyen, *Isolepis pygmaea* Kunth, *Scirpus setaceus* var. *pygmaeus* (Kunth) Boeckeler
Ref. FP 13(1/1) 1936: 290.
Aquatic or terrestrial herb. Andean II-III: emergent, riversides. 3000-4000 m.
Voucher: Iltis *et al.* 864 (NY!)
Depts.: AR, CU, HU, JU

Scirpus coarctatus Elliott =Bulbostylis ciliatifolia var. coarctata (Elliott) Kral
Ref. FP 13(1/1) 1936: 284; Kral, 1971: 96.

Scirpus complanatus Retzius =Fimbristylis complanata (Retzius) Link
Ref. FP 13(1/1) 1936: 286; Kral, 1971: 106.

Scirpus conglomeratus H.B.K. =Scirpus pungens Kunth
Ref. FP 13(1/1) 1936: 290; Koyama, 1963: 1119; Schuyler, 1974: 52.

Scirpus corymbosus L. =Rhynchospora corymbosa (L.) Britton
Ref. FP 13(1/1) 1936: 299; Kuekenthal, 1949: 410.

Scirpus cubensis Poeppig & Kunth =Oxycaryum cubense (Poeppig & Kunth) Lye
Ref. FP 13(1/1) 1936: 291; Lye, 1971: 281.

Scirpus deserticola Philippi
Syn. *Scirpus semisubterraneus* Boeckeler
Ref. FP 13(1/1) 1936: 291; Beetle, 1953: 83.
Herb.
Voucher: Iltis & Ugent 1284 (USM!)
Depts.: Without full locality data.

Scirpus dichotomus L. =Fimbristylis dichotoma (L.) M. Vahl
Ref. Kral, 1971: 117.

Scirpus diphyllus Retzius =Fimbristylis dichotoma (L.) M. Vahl
Ref. FP 13(1/1) 1936: 286; Kral, 1971: 117.

Scirpus elegans H.B.K. =Eleocharis elegans (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 281; Svenson, 1937: 259.

Scirpus exiguus H.B.K. =Eleocharis exigua (H.B.K.) Schultes
Ref. Svenson, 1939c: 14.

Scirpus fimbriatus (Nees) Boeckeler =Bulbostylis barbata (Rottboell) C. B. Clarke
Ref. FP 13(1/1) 1936: 284; Koyama, 1979: 245.

Scirpus fistulosis Poiret =Eleocharis acutangula (Roxburgh) Schultes
Ref. Koyama, 1985: 256.

Scirpus fragrans R. & P.
Ref. FP 13(1/1) 1936: 291.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU

Scirpus geniculatus L. =Eleocharis geniculata (L.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 281; Svenson, 1937: 261.

Scirpus hieronymi Boeckeler =Scirpus atacamensis (Philippi) Boeckeler
Ref. FP 13(1/1) 1936: 291; Beetle, 1953: 83.

[*Scirpus interstinctus* M. Vahl =Eleocharis interstincta (M. Vahl) Roemer & Schultes]
Ref. FP 13(1/1) 1936: 281.
Note: Not known from Peru.

Scirpus inundatus (R. Brown) Poiret
Syn. *Isolepis inundata* R. Brown, *Isolepis nigricans* H.B.K., *Scirpus angachillensis* Boeckeler, *Scirpus nigricans* (H.B.K.) Poiret
Ref. FP 13(1/1) 1936: 292.
Herb. Andean II-III: dry valleys. 1500-4500 m.
Voucher: León & Young 4786 (MO!)
Depts.: HU, JU, LL, SM

Scirpus kunkelii Barros
Ref. Barros, 1962: 521.
Herb. Andean III: rocky slopes. 4000-4500.
Voucher: Kunkel 859
Depts.: JU

Scirpus limensis C. B. Clarke =Scirpus pungens M. Vahl
Ref. FP 13(1/1) 1936: 292; Koyama, 1963: 1119; Schuyler, 1974: 52.

Scirpus lomanus H. Pfeiffer =Scirpus pungens M. Vahl
Ref. FP 13(1/1) 1936: 292; Koyama, 1963: 1118; Schuyler, 1974: 52.

Scirpus longifolius Richard =Hypolytrum longifolium subsp. longifolium (Richard) Nees
Ref. Koyama, 1970: 70.

Scirpus lorentzii Boeckeler =Bulbostylis juncoides var. lorentzii (Boeckeler) Kuekenthal

Scirpus luzulae L. =Cyperus luzulae (L.) Retzius
Ref. FP 13(1/1) 1936: 272; Tucker, 1983: 19.

Scirpus maculosus M. Vahl =Eleocharis maculosus (M. Vahl) Roemer & Schultes
Ref. Standley & Steyermark, 1958a: 150.

Scirpus maritimus L. var. **digynus** Godron
Syn. *Bolboeschoenus maritimus* subsp. *paludosus* (A. Nelson) A. Löve & D. Löve, *Scirpus maritimus* var. *paludosus* (A. Nelson) Kuekenthal, *Scirpus paludosus* A. Nelson
Ref. Sagástegui, 1959: 269.

Herb. Coastal: beach. 0-500 m.
Voucher: Angulo 502 (HUT)
Depts.: LA, LL

Scirpus maritimus var. **maritimus**
Syn. *Bulboschoenus maritimus* (L.) Palla
Ref. Sagástegui, 1959: 269; Koyama, 1962: 935.
Herb. Coastal: disturbed areas. 0-500.
Voucher: López & Sagástegui 8106 (MO!)
Depts.: LA

Scirpus maritimus var. *paludosus* (A. Nelson) Kuekenthal =Scirpus maritimus var. digynus Godron
Ref. Davidse, pers. comm.

Scirpus micranthus M. Vahl =Lipocarpha micrantha (M. Vahl) Tucker
Ref. Tucker, 1987: 410.

Scirpus miliaceus L. =Fimbristylis littoralis Gaudichaud
Ref. Blake, 1954: 217.

Scirpus monophyllus J. S. Presl & C. Presl =Scirpus pungens M. Vahl
Ref. FP 13(1/1) 1936: 289; Koyama, 1963: 118; Schuyler, 1974: 52.

Scirpus montanus H.B.K. =Eleocharis montanus (H.B.K.) Roemer & Schultes
Ref. Standley & Steyermark, 1958a: 151.

Scirpus mutatus L. =Eleocharis mutatus (L.) Roemer & Schultes
Ref: Standley & Steyermark, 1958a: 152.

Scirpus nigricans (H.B.K.) Poiret =Scirpus inundatus (R. Brown) Poiret
Ref. FP 13(1/1) 1936: 292.

[Scirpus nodosus Rottboell]
Ref. FP 13(1/1) 1936: 290.
Note: Not known from Peru.

Scirpus nodulosus Roth =Eleocharis montana (H.B.K.) Roemer & Schultes
Ref. FP 13(1/1) 1936: 281; Svenson, 1957: 532.

Scirpus olneyi A. Gray ex Engelmann & A. Gray =Scirpus americanus Persoon
Ref. Schuyler, 1974: 52

Scirpus olneyi fo. *australis* Barros & Osten =Scirpus pungens M. Vahl.
Ref. Barros, 1935: 161; Schuyler, 1974: 52.

Scirpus paludosus A. Nelson =Scirpus maritimus var. digynus Godron
Ref. Davidse, pers. comm.

[*Scirpus pauciflorus* Lightfoot =Eleocharis pauciflora (Lighfoot) Link]
Ref. FP 13(1/1) 1936: 293.
Note: Not known from Peru. *Eleocharis pauciflora* (Lightfoot) Link is a North American species, therefore the Flora of Peru citation is probably a misidentification.

Scirpus peruvianus H. Pfeiffer =Juncus arcticus var. andicola (Hooker) Balslev (Juncaceae)
Ref. FP 13(1/1) 1936: 293; Koyama, 1963: 1130; Balslev, pers. comm.

Scirpus plicarhachis Grisebach =Eleocharis plicarhachis (Grisebach) Svenson
Ref. FP 13(1/1) 1936: 282; Svenson, 1957: 513.

Scirpus pungens M. Vahl
Syn. *Scirpus americanus* var. *conglomeratus* (H.B.K.) T. Koyama, *Scirpus americanus* fo. *cordilleranus* Kuekenthal & Barros, *Scirpus americanus* subsp. *monophyllus* (J. S. Presl & C. Presl) T. Koyama, *Scirpus conglomeratus* H.B.K., *Scirpus limensis* C. B. Clarke, *Scirpus lomanus* H. Pfeiffer, *Scirpus monophyllus* J. S. Presl & C. Presl, *Scirpus olneyi* fo. *australis* Barros & Osten
Ref. FP 13(1/1) 1936: 289; Schuyler, 1974: 51; Davidse, pers. comm.
Herb. Coastal, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Eyerdam & Beetle 22155 (MO!)
Depts.: AR, LA

Scirpus radicans Poiret =Eleocharis radicans (Poiret) Kunth
Ref. Svenson, 1957: 517.

Scirpus retroflexus Poiret =Eleocharis retroflexa (Poiret) Urban
Ref. FP 13(1/1) 1936: 282; Svenson, 1937: 236.

Scirpus rigidus Boeckeler
Ref. FP 13(1/1) 1936: 293.
Herb. Andean II: grasslands, rocky slopes. 3500 m.
Voucher: Smith 5691 (NY!)
Depts.: AN, JU, LL, PU, SM

Scirpus riparius J. S. Presl & C. Presl =Scirpus californicus subsp. tatora (Kunth) T. Koyama
Ref. FP 13(1/1) 1936: 290.

Scirpus riparius var. *tereticulmis* C. B. Clarke =Scirpus californicus subsp. tatora (Kunth) T. Koyama
Ref. FP 13(1/1) 1936: 290; Koyama, 1963: 1130.

Scirpus semisubterraneus Boeckeler =Scirpus deserticola Philippi
Ref. FP 13(1/1) 1936: 291.

Scirpus setaceus L. var. *pygmaeus* (Kunth) Boeckeler =Scirpus cernuus M. Vahl
Ref. FP 13(1/1) 1936: 290.

Scirpus spadiceus L. =Fimbristylis spadicea (L.) M. Vahl
Ref. FP 13(1/1) 1936: 287; Kral, 1971: 131.

Scirpus subasper Beetle =Scirpus asper J. S. Presl & C. Presl
Ref. Beetle, 1953: 82.

Scirpus sulcatus Roth =Eleocharis filiculmis Kunth
Ref. FP 13(1/1) 1936: 282; Svenson, 1937: 266.

Scirpus tatora Kunth =Scirpus californicus subsp. tatora (Kunth) T. Koyama
Ref. FP 13(1/1) 1936: 290.

Scirpus tenuifolius Rudge =Bulbostylis tenuifolia (Rudge) J. F. Macbride
Ref. FP 13(1/1) 1936: 285; Kral, 1971: 99.

Scirpus vahlii Lamarck =Fimbristylis vahlii (Lamarck) Link
Ref. FP 13(1/1) 1936: 287; Kral, 1971: 124.

Scleria arundinacea Kunth =Scleria latifolia Swartz
Ref. FP 13(1/1) 1936: 312; Adams, pers. comm.

Scleria bracteata Cavanilles
Ref. FP 13(1/1) 1936: 308; Core, 1965: 65.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-2000 m.
Voucher: Asplund 13157 (NY!)
Depts.: HU, LO, SM

Scleria capitata Willdenow =Diplacrum capitatum (Willdenow) Boeckeler
Ref. Koyama, 1967: 34.

Scleria castanea Core
Ref. Core, 1936: 30.
Herb. Andean II: disturbed areas. 2500-3000 m.
Voucher: Pennell 13943* (NY), Núñez & Arque 8427 (MO!)
Depts.: CU

Scleria cyperina Kunth
Ref. Core, 1965: 61.
Herb. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 25642 (MO!)
Depts.: SM

Scleria cyperinoides C. B. Clarke
Ref. Core, 1965: 63.
Herb. Andean I: riversides. 500-1000 m.
Voucher: Dillon *et al.* 1226 (F!)
Depts.: HU, PU

Scleria distans Poiret
Herb. Andean I-II: disturbed areas. 1000-2000 m.
Voucher: Smith & Canne 5765 (MO!)
Depts.: PA, PU

Scleria flagellum Swartz =Scleria flagellum-nigrorum Bergius
Ref. FP 13(1/1) 1936: 311; Core, 1965: 66.

Scleria flagellum-nigrorum Bergius
Syn. *Scleria flagellum* Swartz
Ref. Core, 1965: 66.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Vásquez *et al.* 326 (NY!)
Depts.: LO, UC

Scleria grandis Core
Ref. Core, 1965: 62.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Vásquez *et al.* 3020 (MO!)
Depts.: LO

Scleria hirtella Swartz
Ref. FP 13(1/1) 1936: 308; Koyama, 1979: 316.
Herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Llatas 1966 (F!)
Depts.: LA, SM

Scleria huberi C. B. Clarke
Syn. *Scleria peruviana* Kuekenthal
Ref. Core, 1936: 77.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Núñez 6049 (NY!)
Depts.: HU, JU, MD, SM, UC

Scleria lagoensis Boeckeler
Syn. *Scleria moritziana* Boeckeler
Ref. FP 13(1/1) 1936: 308; Core, 1965: 66.
Note: Not reconfirmed.

Scleria latifolia Swartz
Syn. *Scleria arundinacea* Kunth, *Scleria latifolia* var. *arundinacea* (Kunth) Standley & Steyermark, *Scleria sylvestris* Poeppig & Kunth
Ref. Core, 1965: 64; Adams, pers. comm.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Schunke 10095 (MO!)
Depts.: HU, JU, LO, PA, SM

Scleria latifolia var. *arundinacea* (Kunth) Standley & Steyermark =Scleria latifolia Swartz
Ref. Adams, pers. comm.

Scleria macbrideana Gross
Ref. FP 13(1/1) 1936: 308.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams 2571*, Davidson & Revilla 5380 (NY!)
Depts.: AM, LO, MD

Scleria macrogyne C. B. Clarke
Ref. Core, 1965: 63.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1000 m.
Voucher: Young & Sullivan 726 (NY!)
Depts.: AM, HU, LO, MD, UC

Scleria macrophylla J. S. Presl & C. Presl
Syn. *Scleria paludosa* Poeppig & Kunth
Ref. Core, 1965: 60.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Schunke 10541 (F!)
Depts.: AM, HU, LO, MD, PA

Scleria martii (Nees) Steudel
Syn. *Hymenolytrum martii* Nees
Ref. FP 13(1/1) 1936: 309.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams 736 (F!)
Depts.: LO

Scleria melaleuca Reichenbach ex Schlechtendal & Chamisso
Syn. *Scleria pterota* C. Presl, *Scleria pterota* var. *melaleuca* (Reichenbach ex Schlechtendal & Chamisso) Uittien
Ref. FP 13(1/1) 1936: 309; Core, 1965: 67.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Vásquez *et al.* 2345 (NY!)
Depts.: AM, HU, JU, LO, MD, PA, PU, SM

Scleria microcarpa Nees ex Kunth
Ref. FP 13(1/1) 1936: 309; Core, 1965: 60.
Aquatic or terrestrial herb. Amazonian: emergent, riversides. 0-500 m.
Voucher: Gentry *et al.* 21295 (MO!)
Depts.: AM, CU, HU, LO, MD

Scleria mitis Bergius
Syn. *Scleria riparia* Poeppig & Kunth
Ref. Core, 1965: 61.
Herb. Amazonian: disturbed areas, swamps. 0-500 m.
Voucher: Gentry *et al.* 26947 (MO!)
Depts.: AM, LO, MD, SM

Scleria moritziana Boeckeler =Scleria lagoensis Boeckeler
Ref. FP 13(1/1) 1936: 308; Core, 1965: 66.

Scleria neogranatensis C. B. Clarke
Ref. Core, 1936: 52.
Herb. Amazonian, Andean I: 0-1500 m.
Voucher: Ayala *et al.* 2944 (NY!)
Depts.: LO, SM

Scleria paludosa Poeppig & Kunth =Scleria macrophylla J. S. Presl & C. Presl
Ref. FP 13(1/1) 1936: 309; Core, 1965: 60.

Scleria peruviana Kuekenthal =Scleria huberi C. B. Clarke
Ref. FP 13(1/1) 1936: 310; Core, 1936: 77.

Scleria pleostachya Kunth =Scleria spicata (Sprengel) J. F. Macbride
Ref. FP 13(1/1) 1936: 311.

Scleria poeppigii (Nees) Steudel
Syn. *Hymenolytrum poeppigii* Nees
Ref. FP 13(1/1) 1936: 310.
Note: Not reconfirmed.

Scleria pterota C. Presl =Scleria melaleuca Reichenbach ex Schlechtendal & Chamisso
Ref. Adams, pers. comm.

Scleria pterota var. *melaleuca* (Reichenbach ex Schlechtendal & Chamisso) Uittien =Scleria melaleuca Reichenbach ex Schlechtendal & Chamisso
Ref. Adams, pers. comm.

Scleria purdiei C. B. Clarke
Herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Killip & Smith 25966 (NY!)
Depts.: JU

Scleria ramosa C. B. Clarke
Herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Schunke 10563 (NY!)
Depts.: LO, SM

Scleria reflexa H.B.K. =Scleria secans (L.) Urban
Ref. FP 13(1/1) 1936: 310, 311; Core, 1965: 68.
Note: The Flora of Peru (1936) lists this both as an accepted species and as a synonym of *S. secans*.

Scleria riparia Poeppig & Kunth =Scleria mitis Bergius
Ref. FP 13(1/1) 1936: 310; Core, 1965: 61.

Scleria secans (L.) Urban
Syn. *Scleria reflexa* H.B.K.
Ref. FP 13(1/1) 1936: 311; Core, 1965: 68.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-2000 m.
Voucher: Foster 9720 (MO!)
Depts.: CU, JU, LO, MD, SM

Scleria spicata (Sprengel) J. F. Macbride
Syn. *Rhynchospora spicata* Sprengel, *Scleria pleostachya* Kunth
Ref. FP 13(1/1) 1936: 311.
Note: Not reconfirmed.

Scleria stipitata Uittien
Ref. Core, 1936: 89.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Davidson & Revilla 5380 (MO!)
Depts.: LO

Scleria stipularis Nees
Ref. FP 13(1/1) 1936: 311; Core, 1965: 62.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Killip & Smith 27103 (NY!)
Depts.: HU, LO

Scleria sylvestris Poeppig & Kunth =Scleria latifolia Swartz
Ref. FP 13(1/1) 1936: 312; Core, 1965: 63.

Scleria vaginata Steudel
Ref. FP 13(1/1) 1936: 312; Core, 1965: 66.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Young & Stratton 143 (MO!)
Depts.: AM, JU, LO, MD

Scleria williamsii Gross
Ref. FP 13(1/1) 1936: 312.
Endemic herb.
Note: Known from Peru only from the type locality.

Voucher: Williams 5823*
Depts.: SM

Stenophyllus arenarius (Nees) J. F. Macbride =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 93.

Stenophyllus capillaris (L.) Britton =Bulbostylis capillaris (L.) C. B. Clarke
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 98.

Stenophyllus capillaris (L.) Britton var. *coarctatus* (Elliott) Britton =Bulbostylis ciliatifolia var. coarctata (Elliott) Kral
Ref. FP 13(1/1) 1936: 284.

Stenophyllus eucapillaris fo. *coarctatus* (Elliott) H. Pfeiffer =Bulbostylis ciliatifolia var. coarctata (Elliott) Kral
Ref. FP 13(1/1) 1936: 284.

Stenophyllus eucapillaris fo. *ciliata* (J. S. Presl & C. Presl) H. Pfeiffer =Bulbostylis capillaris (L.) C. B. Clarke
Ref. FP 13(1/1) 1936: 283; Kral, 1971: 98.

Stenophyllus fimbriatus (Nees) Britton =Bulbostylis barbata (Rottboell) C. B. Clarke
Ref. FP 13(1/1) 1936: 284; Davidse, pers. comm.

Stenophyllus hirtellus (Schrader) H. Pfeiffer =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 284; Davidse, pers. comm.

Stenophyllus junciformis (Kunth) Britton =Bulbostylis junciformis (Kunth) C. B. Clarke
Ref. FP 13(1/1) 1936: 284.

Stenophyllus scaber (J. S. Presl & C. Presl) H. Pfeiffer =Bulbostylis scabra (J. S. Presl & C. Presl) C. B. Clarke
Ref. FP 13(1/1) 1936: 285.

Stenophyllus tenuifolius (Rudge) Britton =Bulbostylis tenuifolia (Rudge) J. F. Macbride
Ref. FP 13(1/1) 1936: 285.

Stenophyllus tenuifolius (Rudge) Britton var. *latesquamatus* H. Pfeiffer =Bulbostylis juncoides var. juncoides
Ref. FP 13(1/1) 1936: 283; Davidse, pers. comm.

Torulinium macrocephalum (Liebmann) C. B. Clarke var. **eggersii** (Boeckeler) C. Adams
Syn. *Cyperus eggersii* Boeckeler
Ref. Adams, pers. comm.
Herb. Amazonian: riversides. 0-500 m.
Voucher: McDaniel & Rimachi 23052 (NY!)
Depts.: LO

Torulinium odoratum (L.) Hooper
Syn. *Cyperus acicularis* (Schrader ex Nees) Steudel, *Cyperus cephalophorus* J. S. Presl & C. Presl, *Cyperus ferax* Richard, *Cyperus lomentaceus* Nees & Meyen, *Cyperus odoratus* L., *Diclidium aciculare* Schrader ex Nees
Ref. Adams, pers. comm.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Hutchison & Wright 3469 (NY!)
Depts.: AM, AY, LA, LI, LL, LO, MD, UC

Uncinia brevicaulis Thouars
Herb. Andean III: grasslands, riversides. 3500-4000 m.
Voucher: León & Young 1663 (MO!)
Depts.: SM

Uncinia hamata (Swartz) Urban
Syn. *Carex hamata* Swartz
Ref. FP 13(1/1) 1936: 313.
Herb. Amazonian, Andean I-II: disturbed areas, grasslands. 500-3500 m.
Voucher: Iltis & Iltis 1060 (NY!)
Depts.: AM, AY, CA, CU, HU, JU, PA, SM

Uncinia phleoides (Cavanilles) Persoon
Syn. *Carex phleoides* Cavanilles
Ref. FP 13(1/1) 1936: 314.
Herb. Andean II: riversides. 3000-3500 m.
Voucher: Sagástegui 12087 (NY!)
Depts.: CA, HU

Cyrillaceae

1 genus and 1 species in Peru.

Prepared by J. L. Zarucchi; reviewed by J. S. Miller (MO).

Alloiosepalum weberbaueri Gilg =Purdiaea nutans Planchon
Ref. FP 13(3A/1) 1951: 287; Ståhl, 1992: 30; Thomas, 1960: 48.

Purdiaea nutans Planchon
Syn. *Alloiosepalum weberbaueri* Gilg, *Purdiaea weberbaueri* (Gilg) Mattick
Ref. Ståhl, 1992: 30; Thomas, 1960: 48.
Shrub or tree. Andean I-II: forests. 500-2500 m.
Voucher: Gentry *et al.* 37782 (MO!)
Depts.: AM, SM

Purdiaea weberbaueri (Gilg) Mattick =Purdiaea nutans Planchon
Ref. FP 13(3A/1) 1951: 287; Ståhl, 1992: 30; Thomas, 1960: 48.

Dialypetalanthaceae

1 genus and 1 species in Peru.

Prepared by J. L. Zarucchi.

Dialypetalanthus fuscescens Kuhlmann
Ref. Rizzini & Occhioni, 1949: 257.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 45957 (MO!)
Depts.: MD

Dichapetalaceae

3 genera and 16 species in Peru.

Endemic species: 5.

Prepared by L. Brako; reviewed by G. T. Prance (K).

Dichapetalum amazonicum K. Krause =Dichapetalum latifolium Baillon
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 20.

Dichapetalum coelhoi Baillon
Ref. Prance, 1972b: 22.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Schunke 2745 (NY)
Dept.: LO

Dichapetalum latifolium Baillon
Syn. *Dichapetalum amazonicum* K. Krause, *Dichapetalum scandens* var. *cinerascens* (Baillon) J. F. Macbride, *Dichapetalum vestitum* var. *cinerascens* Baillon
Ref. Prance, 1972b: 20.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 496 (F!)
Depts.: LO

Dichapetalum odoratum Baillon
Ref. FP 13(3/3) 1950: 955; Prance, 1972b: 32.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 3070 (MO!)
Depts.: LO

Dichapetalum rugosum (M. Vahl) Prance
Syn. *Cordia scandens* Poiret (Boraginaceae), *Dichapetalum scandens* (Poiret) I. M. Johnston, *Dichapetalum vestitum* (Bentham) Baillon, *Dichapetalum vestitum* var. *scandens* Baillon, *Symphyllanthus rugosus* M. Vahl
Ref. Prance, 1972b: 24; Prance, 1980: 5.
Liana or shrub. Amazonian: disturbed areas, riversides, terra firme forests. 0-500 m.
Voucher: Klug 2626 (MO!)
Depts.: LO, SM

Dichapetalum scandens (Poiret) I. M. Johnston =Dichapetalum rugosum (M. Vahl) Prance
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 24; Prance, 1980: 5.

Dichapetalum scandens var. *cinerascens* (Baillon) J. F. Macbride =Dichapetalum latifolium Baillon
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 20.

Dichapetalum spruceanum Baillon
Ref. FP 13(3/3) 1950: 957; Prance,

1972b: 30; Prance, 1980: 6.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Spruce 4927* (MO!), Gentry *et al.* 42949 (MO!)
Depts.: LO, PA, SM

Dichapetalum stipulatum J. F. Macbride
Ref. FP 13(3/3) 1950: 957; Prance, 1972b: 18.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 1081* (F!), Killip & Smith 28128 (F!)
Depts.: LO

Dichapetalum vestitum (Bentham) Baillon =Dichapetalum rugosum (M. Vahl) Prance
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 24.

Dichapetalum vestitum var. *cinerascens* Baillon =Dichapetalum latifolium Baillon
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 20.

Dichapetalum vestitum var. *scandens* Baillon =Dichapetalum rugosum (M. Vahl) Prance
Ref. FP 13(3/3) 1950: 956; Prance, 1972b: 24.

Gonypetalum acreanum Ule =Tapura acreana (Ule) Rizzini
Ref. FP 13(3/3) 1950: 963; Prance, 1972b: 66.

Gonypetalum juruanum Ule =Tapura juruana (Ule) Rizzini
Ref. FP 13(3/3) 1950: 964; Prance, 1972b: 56.

Gonypetalum tessmannii K. Krause =Tapura tessmannii (K. Krause) Prance
Ref. FP 13(3/3) 1950: 964; Prance, 1972b: 68.

Stephanopodium peruvianum Poeppig & Endlicher
Ref. FP 13(3/3) 1950: 958; Prance, 1972b: 43.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 1986* (W), Vásquez *et al.* 6937 (MO!)
Depts.: HU, LO, SM

Symphyllanthus rugosus M. Vahl =Dichapetalum rugosum (M. Vahl) Prance
Ref. Prance, 1972b: 24; Prance, 1980: 5.

Tapura acreana (Ule) Rizzini
Syn. *Gonypetalum acreanum* Ule
Ref. Prance, 1972b: 66.
Tree. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Schunke 142 (MO!)
Depts.: LO, MD

Tapura amazonica Poeppig & Endlicher var. **amazonica**
Ref. FP 13(3/3) 1950: 959; Prance, 1972b: 58.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Killip & Smith 27330 (US!)
Depts.: LO

[Tapura capitulifera Spruce ex Baillon]
Ref. FP 13(3/3) 1950: 960; Prance, 1972b: 72.
Note: Not known from Peru.

Tapura coriacea J. F. Macbride
Ref. FP 13(3/3) 1950: 960; Prance, 1972b: 52.
Endemic tree. Amazonian: seasonally inundated forests, terra firme forests. 0-500 m.
Voucher: Klug 602* (F!), Vásquez & Jaramillo 8681 (MO!)
Depts.: HU, LO, SM

Tapura ferreyrae Prance
Ref. Prance, 1983: 70.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Wasshausen & Encarnación 893* (US, USM!)
Depts.: LO

Tapura guianensis Aublet
Ref. FP 13(3/3) 1950: 961; Prance, 1972b: 68.
Shrub or tree. Amazonian: seasonally inundated forests, terra firme forests. 0-500 m.
Voucher: Foster 3126 (MO!)
Depts.: AY, LO, MD, SM

Tapura julianii J. F. Macbride
Ref. FP 13(3/3) 1950: 961; Prance, 1972b: 51.
Endemic tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Klug 2010* (F!), Alexiades 82 (MO!)
Depts.: LO, MD

Tapura juruana (Ule) Rizzini
Syn. *Gonypetalum juruanum* Ule
Ref. FP 13(3/3) 1950: 694; Prance, 1972b: 56.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 61854 (MO!)
Depts.: LO

[Tapura latifolia Bentham]
Ref. FP 13(3/3) 1950: 961; Prance, 1972b: 65.
Note: Not known from Peru.

Tapura leucantha K. Krause =Tapura peruviana var. peruviana
Ref. FP 13(3/3) 1950: 962; Prance, 1972b: 52; Prance, 1980: 10.

Tapura peruviana K. Krause var. **peruviana**
Syn. *Tapura leucantha* K. Krause
Ref. FP 13(3/3) 1950: 960; Prance, 1972b: 54; Prance, 1980: 10.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4054* (F!), Berlin 539 (MO!)
Depts.: AM, LO, PA

Tapura peruviana var. **petioliflora** Prance
Ref. Prance, 1972b: 54; Prance, 1980: 12.
Tree. Amazonian: forests. 0-500 m.
Voucher: Mexia 6349* (MO!), Foster 5477 (MO!)
Depts.: AY, LO, MD

Tapura tessmannii (K. Krause) Prance
Syn. *Gonypetalum tessmannii* K. Krause
Ref. Prance, 1972b: 68.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 4987* (B photo F!)
Depts.: LO

Dilleniaceae

5 genera and 19 species in Peru.

Prepared by L. Brako; reviewed by G. Aymard (PORT).

Curatella americana L.
Ref. FP 13(3A/1) 1956: 677; Kubitzki, 1971: 25.
Tree. Amazonian, Andean I: deciduous forests, savannas. 0-1000 m.
Voucher: Gentry *et al.* 37697 (MO!)
Depts.: HU, JU, SM

Davilla aspera (Aublet) Benoist =Davilla kunthii A. St. Hilaire
Ref. FP 13(3A/1) 1956: 668; Kubitzki, 1971: 90.

Davilla brasiliana A. DC. =Davilla rugosa var. rugosa
Ref. FP 13(3A/1) 1956: 669.

Davilla densa J. F. Macbride =Davilla kunthii A. St. Hilaire
Ref. FP 13(3A/1) 1956: 669; Kubitzki, 1971: 90.

Davilla kunthii A. St. Hilaire
Syn. *Davilla aspera* (Aublet) Benoist, *Davilla densa* J. F. Macbride, *Davilla lucida* J. S. Presl, *Tigarea aspera* Aublet
Ref. Kubitzki, 1971: 89.
Liana or shrub. Amazonian, Andean I: disturbed areas, forests on white sand. 0-1500 m.
Voucher: Revilla 68 (MO!)
Depts.: CU, JU, LO, MD, PA, SM, UC

Davilla lucida J. S. Presl =Davilla kunthii A. St. Hilaire
Ref. FP 13(3A/1) 1956: 668; Kubitzki, 1971: 89.

Davilla multiflora (A. DC.) A. St. Hilaire =Davilla nitida (M. Vahl) Kubitzki

Ref. FP 13(3A/1) 1956: 669; Kubitzki, 1971: 95.

Davilla nitida (M. Vahl) Kubitzki
Syn. *Davilla multiflora* (A. DC.) A. St. Hilaire, *Tetracera multiflora* A. DC., *Tetracera nitida* M. Vahl
Ref. Kubitzki, 1971: 95.
Liana or shrub. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1000 m.
Voucher: Gentry 43389 (MO!)
Depts.: AM, CU, JU, LO, MD, PA, SM, UC

Davilla parviflora Rusby =Tetracera parviflora (Rusby) Sleumer
Ref. FP 13(3A/1) 1956: 670; Kubitzki, 1970: 51.

Davilla rugosa Poiret var. **rugosa**
Syn. *Davilla brasiliana* A. DC.
Ref. FP 13(3A/1) 1956: 669; Kubitzki, 1971: 99.
Liana or shrub. Amazonian, Andean I: disturbed areas, savannas. 0-1000 m.
Voucher: Klug 4322 (F!, USM!)
Depts.: CU, JU, LO, SM

Doliocarpus amazonicus Sleumer subsp. **amazonicus**
Ref. FP 13(3A/1) 1956: 672; Kubitzki, 1971: 38.
Liana or shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Tessmann 3065*, Gentry *et al.* 31295 (MO!)
Depts.: LO, MD, UC

Doliocarpus aptus J. F. Macbride var. *aptus* =Doliocarpus macrocarpus C. Martius
Ref. FP 13(3A/1) 1956: 673; Kubitzki, 1971: 48.

Doliocarpus aptus var. *curtus* J. F. Macbride =Doliocarpus macrocarpus C. Martius
Ref. FP 13(3A/1) 1956: 673; Kubitzki, 1971: 48.

Doliocarpus brevipedicellatus Garcke subsp. **brevipedicellatus**
Ref. FP 13(3A/1) 1956: 674; Kubitzki, 1971: 44.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 2133 (MO!)
Depts.: LO

Doliocarpus brevipedicellatus var. *densiflorus* Eichler =Doliocarpus dentatus subsp. undulatus (Eichler) Kubitzki
Ref. FP 13(3A/1) 1956: 674; Kubitzki, 1971: 57.

Doliocarpus curtipes J. F. Macbride =Doliocarpus major subsp. major
Ref. FP 13(3A/1) 1956: 673.

Doliocarpus densiflorus (Eichler) Steyermark =Doliocarpus dentatus subsp. undulatus (Eichler) Kubitzki
Ref. FP 13(3A/1) 1956: 674.

Doliocarpus dentatus (Aublet) Standley subsp. **dentatus**
Syn. *Tigarea dentata* Aublet
Ref. FP 13(3A/1) 1956: 674; Kubitzki, 1971: 54.
Liana. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Gentry *et al.* 29250 (MO!)
Depts.: HU, JU, LO, MD, SM

Doliocarpus dentatus subsp. **ferrugineus** (Rusby) Kubitzki
Syn. *Doliocarpus ferrugineus* Rusby
Ref. Kubitzki, 1971: 59.
Liana. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Foster & Augspurger 3553 (MO!)
Depts.: CU, LO, MD, PU

Doliocarpus dentatus subsp. **lanceolatus** Kubitzki
Ref. Kubitzki, 1971: 59.
Liana or tree. Amazonian. 0-500 m.
Voucher: Díaz *et al.* 1306 (MO!)
Depts.: LO

Doliocarpus dentatus subsp. **latifolius** Kubitzki
Ref. Kubitzki, 1971: 58.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Schunke 7074 (MO!)
Depts.: LO, MD, SM

Doliocarpus dentatus subsp. **obovatus** Aymard
Ref. Aymard, 1992: 199.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Vocuher: Schunke 8647 (MO)
Depts.: LO, SM

Doliocarpus dentatus subsp. **rufescens** (Sleumer) Kubitzki
Syn. *Doliocarpus rufescens* Sleumer
Ref. Kubitzki, 1971: 59.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Barbour 5835 (MO!)
Depts.: MD, CU, SM

Doliocarpus dentatus subsp. **undulatus** (Eichler) Kubitzki
Syn. *Doliocarpus brevipedicellatus* var. *densiflorus* Eichler, *Doliocarpus densiflorus* (Eichler) Steyermark, *Doliocarpus undulatus* Eichler
Ref. Kubitzki, 1971: 57.
Liana. Amazonian. 0-500 m.
Voucher: Sagástegui & Aldave 5812 (MO!)
Depts.: AM, SM

Doliocarpus dentosus C. Martius =Doliocarpus major subsp. major
Ref. FP 13(3A/1) 1956: 676; Kubitzki, 1971: 61.

Doliocarpus ferrugineus Rusby =Doliocarpus dentatus subsp. ferrugineus (Rusby) Kubitzki
Ref. Kubitzki, 1971: 59.

Doliocarpus macrocarpus C. Martius
Syn. *Doliocarpus aptus* J. F. Macbride var. *aptus*, *Doliocarpus aptus* var. *curtus* J. F. Macbride
Ref. Kubitzki, 1971: 48.
Liana or shrub. Amazonian: riversides. 0-500 m.
Voucher: Vásquez *et al.* 7695 (MO!)
Depts.: LO, MD

Doliocarpus magnificus Sleumer
Ref. FP 13(3A/1) 1956: 675; Kubitzki, 1971: 72.
Liana. Amazonian: forests. 0-500 m.
Voucher: Ule 9610* (L), Gentry *et al.* 18711 (MO!)
Depts.: MD, UC

Doliocarpus major J. Gmelin subsp. **major**
Syn. *Doliocarpus curtipes* J. F. Macbride, *Doliocarpus dentosus* C. Martius, *Doliocarpus rolandri* var. *rolandri*
Ref. FP 13(3A/1) 1956: 676; Kubitzki, 1971: 62.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3793 (MO!)
Depts.: LO, MD

Doliocarpus multiflorus Standley
Ref. Kubitzki, 1971: 35.
Liana. Amazonian: forests. 0-500 m.
Voucher: Berlin 721 (MO!)
Depts.: AM, LO

Doliocarpus novogranatensis Kubitzki
Ref. Kubitzki, 1971: 36.
Liana. Amazonian: forests on white sand, riversides. 0-500 m.
Voucher: Barbour 5757 (MO!, USM!)
Depts.: LO, MD

Doliocarpus olivaceus Sprague & Williams
Ref. Kubitzki, 1971: 69
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 13913 (MO!)
Depts.: LO

[Doliocarpus pulcher Sleumer]
Ref. FP 13(3A/1) 1956: 675.
Note: Excluded by Kubitzki (1971) from the Dilleniaceae, but not reassigned.

Doliocarpus rolandri J. Gmelin var. *rolandri* =Doliocarpus major subsp. major
Ref. FP 13(3A/1) 1956: 676; Kubitzki, 1971: 61.

[Doliocarpus rolandri var. parcus J. F. Macbride]
Ref. Kubitzki, 1971: 74.
Note: Listed by Kubitzki (1971) as a doubtful taxon.

Doliocarpus rufescens Sleumer =Doliocarpus dentatus subsp. rufescens (Sleumer) Kubitzki
Ref. Kubitzki, 1971: 59.

Doliocarpus undulatus Eichler
=Doliocarpus dentatus subsp. undulatus (Eichler) Kubitzki
Ref. Kubitzki, 1971: 57.

Doliocarpus verruculosus Kubitzki
Ref. Kubitzki, 1971: 69.
Liana or tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Woytkowski 5141 (NY)
Depts.: LO, UC

Pinzona coriacea C. Martius & Zuccarini
Ref. Kubitzki, 1971: 27.
Liana or shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 645 (US)
Depts.: AM, LO, PA, SM

Tetracera aspera var. *peruviana* Kuntze
=Tetracera parviflora (Rusby) Sleumer
Ref. FP 13(3A/1) 1956: 670; Kubitzki, 1970: 51.

Tetracera aspera var. *boliviana* Kuntze
=Tetracera parviflora (Rusby) Sleumer
Ref. FP 13(3A/1) 1956: 670; Kubitzki, 1970: 51.

Tetracera costata C. Martius ex Eichler subsp. **costata**
Ref. Miller, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 16971 (MO!)
Depts.: LO

Tetracera multiflora A. DC. =Davilla nitida (M. Vahl) Kubitzki
Ref. FP 13(3A/1) 1956: 669; Kubitzki, 1971: 95.

Tetracera nitida M. Vahl =Davilla nitida (M. Vahl) Kubitzki
Ref. Kubitzki, 1971: 95.

Tetracera parviflora (Rusby) Sleumer
Syn. *Davilla parviflora* Rusby, *Tetracera aspera* var. *peruviana* Kuntze, *Tetracera aspera* var. *boliviana* Kuntze
Ref. FP 13(3A/1) 1956: 670; Kubitzki, 1970: 51.
Liana. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Núñez 13018 (MO!)
Depts.: AY, CU, HU, JU, LO, MD, PU, SM

[Tetracera tigarea A. DC.]
Ref. FP 13(3A/1) 1956: 668.
Note: Not known from Peru.

Tetracera volubilis L. subsp. **volubilis**
Syn. *Tetracera williamsii* J. F. Macbride
Ref. Kubitzki, 1970: 41.
Liana. Amazonian. 0-500 m.
Voucher: Vásquez & Jaramillo 6474 (MO!)
Depts.: AM, LO, UC

Tetracera willdenowiana Steudel subsp. **willdenowiana**
Ref. Kubitzki, 1970: 63.
Liana. Amazonian: forests. 0-500 m.
Voucher: Revilla 1536 (MO!)
Depts.: LO, UC

Tetracera williamsii J. F. Macbride
=Tetracera volubilis subsp. volubilis
Ref. FP 13(3A/1) 1956: 671; Kubitzki, 1970: 42.

Tigarea aspera Aublet =Davilla kunthii A. St. Hilaire
Ref. FP 13(3A/1) 1956: 668.

Tigarea dentata Aublet =Doliocarpus dentatus subsp. dentatus
Ref. FP 13(3A/1) 1956: 674; Kubitzki, 1971: 53.

Dioscoreaceae

1 genus and 70 species in Peru.

Endemic species: 10.

Prepared by L. Brako; reviewed by O. Téllez (MEXU) and B. G. Schubert (A).

Dioscorea acanthogene Rusby
Syn. *Dioscorea apurimacensis* Knuth, *Dioscorea paraguayensis* Knuth, *Dioscorea pozucoensis* Knuth
Ref. Foster, 1958: 46.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Smith 1889 (MO!)
Depts.: CU, HU, LO, MD, PA

Dioscorea ainensis Knuth
Ref. FP 13(1/3) 1936: 695.
Vine. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 22742* (US)
Depts.: AY

Dioscorea alata L.
Ref. Ayala, 1979: 43.
Liana or vine. Amazonian. 0-500 m.
Voucher: Encarnación 1143 (MO!)
Depts.: HU, LO, MD, SM

Dioscorea amaranthoides J. S. Presl var. **amaranthoides**
Ref. FP 13(1/3) 1936: 695; Ayala, 1979: 38.
Vine. Amazonian, Andean I: forests, grasslands, seasonally inundated areas, swamps. 0-1500 m.
Voucher: Ancuash 321 (F!)
Depts.: AM, HU, LO, SM, UC

Dioscorea amaranthoides var. **crumenigera** (C. Martius) Uline ex Knuth
Syn. *Dioscorea crumenigera* C. Martius
Ref. FP 13(1/3) 1936: 695.
Note: Not reconfirmed.

Dioscorea amaranthoides var. *decorticans* (J. S. Presl) Uline =Dioscorea decorticans J. S. Presl

Dioscorea amaranthoides var. **paniculata** Knuth
Ref. FP 13(1/3) 1936: 695.
Note: Not reconfirmed.

Dioscorea amaranthoides var. *pendula* (Poeppig) Knuth =Dioscorea pendula Poeppig
Ref. FP 13(1/3) 1936: 695.

Dioscorea amaranthoides var. **ulei** Knuth
Ref. Ayala, 1979: 39.
Vine. Amazonian: forests. 0-500 m.
Voucher: Ayala 1563 (AMAZ!)
Depts.: LO

Dioscorea amazonum C. Martius ex Grisebach
Vine. Amazonian: seasonally indundated areas. 0-500 m.
Voucher: Revilla 349 (F!)
Depts.: LO

Dioscorea ancachsensis Knuth
Ref. FP 13(1/3) 1936: 696.
Vine. Andean II-III: grasslands, forests. 3000-4500 m.
Voucher: Smith *et al.* 9163 (AMAZ!, MO!)
Depts.: AN, CA, CU

Dioscorea apurimacensis Knuth
=Dioscorea acanthogene Rusby
Ref. FP 13(1/3) 1936: 696; Ayala, 1979: 35; Téllez pers. comm.

Dioscorea arifolia J. S. Presl
Ref. FP 13(1/3) 1936: 696.
Vine. Amazonian. 0-500 m.
Voucher: Revilla 128 (MO!)
Depts.: HU, LO

Dioscorea balsapuertensis Knuth
=Dioscorea samydea C. Martius ex Grisebach
Ref. Ayala, 1979: 23; Téllez, pers. comm.

Dioscorea bulbifera L.
Ref. FP 13(1/3) 1936: 696; Ayala, 1979: 26.
Herb, liana or vine. Amazonian, Andean I-II: grasslands, rocky slopes. 0-2500 m.
Voucher: Woytkowski 6203 (MO!)
Depts.: AM, CA, CU, LO, SM

Dioscorea calcensis Knuth
Ref. FP 13(1/3) 1936: 697.
Vine. Andean I-II: forests. 500-3500 m.
Voucher: Weberbauer 7928A* (B), Stork *et al.* 10481 (MO!)
Depts.: CU

Dioscorea callacatensis Knuth
Ref. FP 13(1/3) 1936: 697.
Vine. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 5631* (B)
Depts.: CA

Dioscorea ceratandra Uline
Vine. Amazonian: forests. 0-500 m.

Voucher: Vásquez & Jaramillo 9728 (MO!)
Depts.: LO

Dioscorea chagllaensis Knuth
Ref. FP 13(1/3) 1936: 697; Ayala, 1979: 37.
Liana. Amazonian, Andean I-II: grasslands, rocky slopes. 0-2500 m.
Voucher: Macbride 3651* (F!), Croat 57684 (MO!)
Depts.: HU, JU, LO

Dioscorea chancayensis Knuth
Ref. FP 13(1/3) 1936: 697.
Shrub. Andean I, Coastal: lomas, rocky slopes. 0-1500 m.
Voucher: Weberbauer 7486* (F!), López *et al.* 8411 (MO!)
Depts.: AN, LI, TU

Dioscorea claytonii Ayala
Ref. Ayala, 1981: 130.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 4345* (AMAZ, frag. MO!)
Depts.: SM

Dioscorea coriacea Humboldt & Bonpland ex Willdenow
Syn. *Dioscorea sativa* J. S. Presl
Ref. FP 13(1/3) 1936: 698.
Vine. Andean II-III: forests, grasslands. 2000-4000 m.
Voucher: Macbride 5758 (F!)
Depts.: CU, HU, JU

Dioscorea crotalariifolia Uline
Vine. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Encarnación 26226 (MO!)
Depts.: LO

Dioscorea crumenigera C. Martius =Dioscorea amaranthoides var. crumenigera (C. Martius) Uline ex Knuth

Dioscorea cubijensis Knuth =Disciphania cubijensis (Knuth) Sandwith (Menispermaceae)
Ref. FP 13(1/3) 1936: 698.

Dioscorea decorticans J. S. Presl
Syn. *Dioscorea amaranthoides* var. *decorticans* (J. S. Presl) Uline
Ref. Ayala, 1979: 40.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Poeppig 1074* (B), Ancuash 1425 (MO!)
Depts.: AM, CU, HU, LO, SM

Dioscorea dodecaneura Vell. Conc.
Ref. FP 13(1/3) 1936: 698.
Liana. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Woytkowski 5312 (MO!)
Depts.: HU, HV, JU, LO

Dioscorea effusa Grisebach
Vine. Amazonian: forests. 0-500 m.
Voucher: Ayala 609 (AMAZ!)
Depts.: LO

Dioscorea elegans Knuth, nom. illeg. =Dioscorea schubertii Ayala
Ref. FP 13(1/3) 1936: 698; Ayala, 1985: 296.

Dioscorea glandulosa Klotzsch
Vine. Amazonian, Andean I-II: rocky slopes, terra firme forest. 0-2500 m.
Voucher: Klug 4343 (MO!)
Depts.: CA, CU, JU, LO, SM

Dioscorea grandis Knuth
Ref. FP 13(1/3) 1936: 699; Knuth, 1917: 194.
Herb. Andean II: disturbed areas. 2000-3500 m.
Voucher: Weberbauer 629* (B), Núñez & Psycarmayta 13087 (MO!)
Depts.: CU, PU

Dioscorea haenkeana J. S. Presl
Ref. FP 13(1/3) 1936: 699.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Haenke s.n.* (PR)

Dioscorea huallagensis Knuth
Ref. FP 13(1/3) 1936: 699; Ayala, 1979: 42.
Vine. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Killip & Smith 27660* (B), Barbour 4166 (MO!, USM!)
Depts.: AM, LO

Dioscorea incayensis Knuth
Ref. FP 13(1/3) 1936: 699.
Vine or shrub. Andean II: riversides. 1500-3000 m.
Voucher: Vargas 691* (MO!), King *et al.* 261 (F!)
Depts.: AP, CA, CU

Dioscorea iquitosensis Knuth
Ref. FP 11197: 699; Ayala, 1979: 36.
Herb or vine. Amazonian: forests, grasslands. 0-500 m.
Voucher: Killip & Smith 27315* (F!), Gentry *et al.* 21250 (MO!, USM!)
Depts.: AM, HU, LO

Dioscorea killipii Knuth
Ref. Knuth, 1926: 345.
Vine. Andean II: cloud forests. 1500-2000 m.
Voucher: Dudley 10447 (USM!)

Dioscorea klugii Knuth
Ref. FP 13(1/3) 1936: 700; Ayala, 1979: 25.
Vine. Amazonian. 0-500 m.
Voucher: Klug 344* (F), Revilla 662 (MO!)
Depts.: LO

Dioscorea lagoa-santa Uline ex Knuth =Dioscorea subhastata Vell. Conc.
Ref. FP 13(1/3) 1936: 701.

Dioscorea larecajensis Uline ex Knuth
Ref. FP 13(1/3) 1936: 700; Knuth, 1917: 195; Téllez, pers. comm.
Liana or vine. Amazonian, Andean I-III: grasslands, shrublands. 0-4000 m.
Voucher: Young 3167A (MO!)
Depts.: AM, AN, CA, CU, LO, PA, SM

Dioscorea laxiflora C. Martius ex Grisebach
Liana or vine. Amazonian: forests on white sand. 0-500 m.
Voucher: Grández & Ruiz 2651 (MO!)
Depts. LO

Dioscorea longirhachis Knuth
Ref. FP 13(1/3) 1936: 700.
Endemic vine. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7862* (F)
Depts.: CU

Dioscorea macbrideana Knuth
Ref. FP 13(1/3) 1936: 700; Ayala, 1979: 21.
Vine. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1500 m.
Voucher: Macbride 5347* (F!), Revilla 1981 (MO!)
Depts.: HU, JU, LO, SM

Dioscorea maranonensis Knuth
Ref. Knuth, 1926: 344.
Vine. Amazonian. 0-500 m.
Voucher: Tessmann 4700* (B photo F!)
Depts.: LO

Dioscorea maynensis Knuth =Dioscorea piperifolia Humboldt & Bonpland ex Willdenow
Ref. FP 13(1/3) 1936: 703.

Dioscorea megacarpa Gleason
Ref. Gleason, 1925: 184.
Liana. Amazonian: forests. 0-500 m.
Voucher: Grández & Jaramillo 2772 (MO!)
Depts.: LO

Dioscorea meridensis Kunth
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Vásquez *et al.* 11218 (MO!)
Depts.: JU, LO

Dioscorea mitoensis Knuth
Ref. FP 13(1/3) 1936: 701.
Endemic herb. Andean II: grasslands. 2000-3500 m.
Voucher: Macbride 3449* (F!), Sagástegui *et al.* 9715 (AMAZ!, MO!)
Depts.: CA, HU, JU, PU

[Dioscorea monadelpha (Kunth) Grisebach]
Syn. *Helmia monadelpha* Kunth
Ref. FP 13(1/3) 1936: 701; Xifreda, 1989: 401.
Note: Not known from Peru.

Dioscorea moyobambensis Knuth
Ref. FP 13(1/3) 1936: 701.

Herb. Andean I-II: disturbed areas, grasslands. 500-3000 m.
Voucher: Weberbauer 4621* (MOL!), Hutchison & Bennett 4637 (F!, USM!)
Depts.: AM, AP, SM

[Dioscorea multispicata Knuth]
Ref. Ayala, 1981: 130; Téllez, pers. comm.
Note: Not known from Peru.

Dioscorea nervata Knuth
Ref. Knuth, 1926: 345.
Vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Knapp 55 (F!)
Depts.: AM, LO, SM

Dioscorea nicolasensis Knuth
Ref. FP 13(1/3) 1936: 702.
Vine. Andean I: grasslands. 500-1500 m.
Voucher: Killip & Smith 26075* (F!), Gentry *et al.* 25909 (MO!)
Depts.: HU, JU, LO, SM

Dioscorea olfersiana Klotzsch ex Grisebach
Vine. Amazonian: forests. 0-500 m.
Voucher: Schunke 7833 (AMAZ!, MO!)
Depts.: HU, SM

Dioscorea paraguayensis Knuth =Dioscorea acanthogene Rusby
Ref. Téllez, pers. comm.

Dioscorea pavonii Uline ex Knuth
Ref. FP 13(1/3) 1936: 702.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Pavón s.n.*, Revilla & Froehner 2433 (AMAZ!, MO!)
Depts.: LO

Dioscorea pendula Poeppig
Syn. *Dioscorea amaranthoides* var. *pendula* (Poeppig) Knuth
Ref. Ayala, 1979: 41.
Vine. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2446* (B), Gentry & Revilla 21154 (AMAZ!, MO!)
Depts.: LO

Dioscorea perenensis Knuth
Ref. FP 13(1/3) 1936: 702.
Vine. Andean I: shrubland. 500-1000 m.
Voucher: Killip & Smith 25414* (US!)
Depts.: JU, LO

Dioscorea pilosiuscula Bertero
Vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Gentry *et al.* 31321 (AMAZ!, F!)
Depts.: LO

Dioscorea pinedensis Knuth
Ref. FP 13(1/3) 1936: 702.
Herb or liana. Amazonian, Andean I: grasslands. 0-1000 m.
Voucher: Killip & Smith 23610* (B), Ancuash 321 (MO!)
Depts.: AM, JU, LO

Dioscorea piperifolia Humboldt & Bonpland ex Willdenow
Syn. *Dioscorea maynensis* Knuth
Ref. FP 13(1/3) 1936: 703; Ayala, 1979: 27.
Vine. Amazonian, Andean I: disturbed areas, forests, grasslands, rocky slopes. 0-1000 m.
Voucher: Croat 58085 (MO!)
Depts.: CA, CU, HU, LO, SM

Dioscorea poeppigii Knuth
Ref. FP 13(1/3) 1936: 703; Ayala, 1979: 24.
Endemic vine. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 2356* (B photo MO!)
Depts.: LO

Dioscorea polygonoides Humboldt & Bonpland ex Willdenow
Ref. FP 13(1/3) 1936: 703; Ayala, 1979: 34.
Herb, liana or vine. Amazonian, Andean I: grasslands. 0-2000 m.
Voucher: Schunke 10791 (F!, USM!)
Depts.: AM, CA, HU, JU, LO, PU, SM, UC

Dioscorea pozucoensis Knuth =Dioscorea acanthogene Rusby
Ref. FP 13(1/3) 1936: 703; Téllez pers. comm.

Dioscorea purdiei Knuth
Vine. Andean II: disturbed areas, forests. 1500-2000 m.
Voucher: Smith & Brack 2800 (MO!)
Depts.: PA

Dioscorea putisensis Knuth
Ref. FP 13(1/3) 1936: 704.
Shrub or vine. Andean II. 2500-3500 m.
Voucher: Weberbauer 7588* (F!), Weberbauer 7534 (F!)
Depts.: AY, CU, HV

Dioscorea quispicanchensis Knuth
Ref. FP 13(1/3) 1936: 704.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7810* (F!)
Depts.: CU

Dioscorea ramonensis Knuth
Ref. FP 13(1/3) 1936: 704.
Herb. Andean I: grasslands. 500-1500 m.
Voucher: Killip & Smith 24903* (F!), Wasshausen & Encarnación 494 (MO!)
Depts.: AY, JU

Dioscorea revillae Ayala =Dioscorea samydea C. Martius ex Grisebach
Ref. Ayala, 1981: 125; Téllez, pers. comm.

Dioscorea riparia Kunth & Schomburgk
Ref. FP 13(1/3) 1936: 704; Ayala, 1979: 22.
Herb or vine. Amazonian, Andean I: forests on white sand. 0-1000 m.
Voucher: Gentry & Ayala 15525 (MO!)
Depts.: HU, JU, LO

Dioscorea ruiziana Klotzsch ex Kunth =Dioscorea trifida L. f.
Ref. FP 13(1/3) 1936: 706.

Dioscorea rumicoides Grisebach
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 1574 (MO!)
Depts.: CU, SM, UC

Dioscorea samydea C. Martius ex Grisebach
Syn. *Dioscorea balsapuertensis* Knuth, *Dioscorea revillae* Ayala
Endemic liana: Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Ayala 577 (MO!)
Depts.: CU, HU, JU, LO, SM

Dioscorea sandiensis Knuth
Ref. FP 13(1/3) 1936: 704.
Endemic vine. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 668* (B)
Depts.: PU

Dioscorea sativa J. S. Presl =Dioscorea coriacea Humboldt & Bonpland ex Willdenow
Ref. FP 13(1/3) 1936: 698.

Dioscorea schubertii Ayala
Syn. *Dioscorea elegans* Knuth, nom. illeg.
Ref. Ayala, 1985: 296.
Endemic vine. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7815* (US)
Depts.: CU

Dioscorea schunkei Ayala & T. Clayton
Ref. Ayala, 1981: 130.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Schunke 3825* (frag. AMAZ!, MO!), Kayap 379 (AMAZ!, MO!)
Depts.: AM, HU, SM

Dioscorea spectabilis Knuth
Ref. Téllez, pers. comm.
Voucher: Grifo 1037 (MO!)
Depts.: Without full locality data.

Dioscorea stegelmanniana Knuth
Ref. FP 13(1/3) 1936: 705; Ayala, 1979: 30.
Liana or vine. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Rimachi 630 (MO!)
Depts.: JU, LO, SM

Dioscorea subhastata Vell. Conc.
Syn. *Dioscorea lagoa-santa* Uline ex Knuth
Ref. Xifreda, 1989: 402; Téllez, pers. comm.
Liana or vine. Andean I. 1500-2000 m.
Voucher: Weberbauer 653 (B)
Depts.: PU

Dioscorea syringifolia Kunth & Schomburgk ex Schomburgk
Syn. *Helmia syringifolia* (Kunth & Schomburgk ex Schomburgk) Kunth
Ref. FP 13(1/3) 1936: 705.
Vine. Andean II: cloud forests, disturbed areas. 2000-3000 m.
Voucher: Gentry *et al.* 23527 (F!)
Depts.: AM, CA, CU, HU, PU

Dioscorea tambillensis Knuth
Ref. FP 13(1/3) 1936: 705.
Endemic vine. Andean I. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 3346* (B)
Depts.: CA

Dioscorea tamshiyacuensis Ayala
Ref. Ayala, 1981: 125.
Vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Ayala 564* (AMAZ, MO!)
Depts.: LO

Dioscorea tarmensis Knuth
Ref. FP 13(1/3) 1936: 705; Knuth, 1917: 188.
Vine. Andean II: forests. 2000-3000 m.
Voucher: Weberbauer 2180* (B, MOL!), Ferreyra 427 (USM!)
Depts.: JU

Dioscorea tayacajensis Knuth
Ref. Knuth, 1917: 212.
Vine. Andean II: 3000-3500 m.
Voucher: Weberbauer 6445* (B, MOL!), Weberbauer 6566 (B, MOL!)
Depts.: HV

Dioscorea trifida L. f.
Syn. *Dioscorea ruiziana* Klotzsch ex Kunth
Ref. FP 13(1/3) 1936: 706; Ayala, 1979: 30.
Herb or liana. Amazonian, Andean I: forests, disturbed areas. 0-1000 m.
Voucher: Schunke 8185 (MO!)
Depts.: AM, CU, HU, JU, LO, SM

Dioscorea trifoliata H.B.K.
Ref. FP 13(1/3) 1936: 706; Ayala, 1981: 131; Téllez, pers. comm.
Liana. Amazonian. 0-500 m.
Voucher: Woytkowski 7538 (MO!)
Depts.: LO

Dioscorea trisecta Grisebach
Ref. FP 13(1/3) 1936: 706.
Vine. Amazonian: grasslands. 0-500 m.
Voucher: Berlin 980 (MO!)
Depts.: LO

Dioscorea vargasii Standley
Ref. Standley, 1940b: 134.
Endemic vine. Andean II: 2500-3000 m.
Note: Known only from the type locality.
Voucher: Vargas 691* (photo AMAZ!, MO)
Depts.: CU

Dioscorea weberbaueri Knuth
Ref. FP 13(1/3) 1936: 706; Knuth, 1917: 205
Vine. Andean II: riversides, rocky slopes, shrublands. 2000-3000 m.
Voucher: Weberbauer 3834* (B); Smith & Vásquez 3607 (MO!)
Depts.: CA

[Dioscorea wittiana Knuth]
Ref. FP 13(1/3) 1936: 707; Ayala, 1979: 45.
Note: Not known from Peru; the type, *Ule 9169*, was collected in Rio Acre, along the border between Brazil and Peru.

[*Helmia monadelpha* Kunth =Dioscorea monadelpha (Kunth) Grisebach]
Ref. FP 13(1/3) 1936: 701; Xifreda, 1989: 401.
Note: Not known from Peru.

Helmia syringifolia (Kunth & Schomburgk ex Schomburgk) Kunth =Dioscorea syringifolia Kunth & Schomburgk ex Schomburgk
Ref. FP 13(1/3) 1936: 705.

Droseraceae

1 genus and 2 species in Peru.

Prepared by J. L. Zarucchi.

Drosera montana St. Hilaire
Herb. Amazonian: shrublands. 0-500 m.
Voucher: Gentry & Núñez 69485 (MO!)
Depts.: MD

Drosera sp.
Herb. Andean II: shrublands. 2500-3000 m.
Note: Distinct from *D. montana* but not yet determined to species.
Voucher: Foster 9066 (F)
Depts.: PA

Ebenaceae

2 genera and 7 species in Peru.

Endemic species: 2.

Prepared by L. Brako; reviewed by S. Knapp (BM) based on specimens annotated by F. White (OXF).

[Diospyros amazonica Krause]
Ref. FP 13(5/1) 1959: 207, 213.
Note: Not known from Peru.

Diospyros artanthifolia C. Martius
Syn. *Diospyros pavonii* (A. DC.) J. F. Macbride, *Diospyros peruviana* Hiern, *Diospyros peruviana* var. *sprucei* Hiern, *Maba pavonii* (A. DC.) Hiern, *Macreightia pavonii* A. DC.
Ref. FP 13(5/1) 1959: 208.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2266* (W), Killip & Smith 27515 (US!)
Depts.: AM, LO, SM

[*Diospyros conduplicata* H.B.K. =Diospyros inconstans Jacquin]
Ref. FP 13(5/1) 1959: 208.
Note: Not known from Peru.

[Diospyros inconstans Jacquin]
Syn. *Diospyros conduplicata* H.B.K., *Diospyros psidioides* H.B.K., *Maba inconstans* (Jacquin) Grisebach
Ref. FP 13(5/1) 1959: 208.
Note: Not known from Peru.

Diospyros myrmecocarpa C. Martius
Syn. *Diospyros opacifolia* J. F. Macbride
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 63 (US!)
Depts.: LO

Diospyros opacifolia J. F. Macbride =Diospyros myrmecocarpa C. Martius
Ref. FP 13(5/1) 1959: 209.

Voucher: Núñez 10040 (MO!)
Depts.: MD

Sloanea polyantha Ducke =Sloanea laxiflora Spruce ex Bentham
Ref. FP 13(3A/2) 1956: 440; Smith, 1954: 82.

Sloanea pubescens (Poeppig & Endlicher) Bentham
Syn. *Dasynema pubescens* Poeppig & Endlicher
Ref. Smith, 1954: 53.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ruíz 1296 (MO!)
Depts.: LO, MD

Sloanea quadrivalvis Seeman =Sloanea terniflora (Moçiño & Sessé ex DC.) Standley
Ref. FP 13(3A/2) 1956: 441; Smith, 1954: 95.

Sloanea robusta Uittien
Ref. Smith, 1954: 56.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Croat 18504 (MO!)
Depts.: JU, LO, PA

Sloanea rufa Planchon ex Bentham
Syn. *Sloanea longicaudata* Ducke
Ref. FP 13(3A/2) 1956: 440; Smith, 1954: 43.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry 41545 (MO!)
Depts.: LO, PA, SM

Sloanea sinemariensis Aublet
Ref. Smith, 1954: 51.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Croat 19577 (MO!)
Depts.: LO, MD, SM

Sloanea spathulata C. E. Smith
Ref. Smith, 1954: 43.
Tree. Amazonian: terra firme forests. 0-500 m.

Voucher: Schunke 4683 (MO!)
Depts.: LO, SM

Sloanea stipitata Spruce ex Bentham
Ref. Smith, 1954: 59.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Revilla 749 (MO!)
Depts.: LO

Sloanea synandra Spruce ex Bentham
Ref. Smith, 1954: 84.
Tree. Amazonian: forests. 0-500 m.
Voucher: Aróstegui 136 (MO!)
Depts.: LO, PA

Sloanea terniflora (Moçiño & Sessé ex DC.) Standley
Syn. *Lecostemon terniflorum* Moçiño & Sessé ex DC. (Rosaceae), *Sloanea quadrivalvis* Seemann
Ref. FP 13(3A/2) 1956: 441; Smith, 1954: 94.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Encarnación 1246 (MO!)
Depts.: LO, MD, SM, UC

Sloanea tuerckheimii J. D. Smith
Ref. Smith, 1954: 61.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez 6299 (MO!)
Depts.: LO, SM

Vallea cordifolia R. & P. =Vallea stipularis L. f.
Ref. FP 13(3A/2) 1956: 435.

Vallea glabra Miers =Vallea stipularis L. f.
Ref. FP 13(3A/2) 1956: 435.

Vallea pubescens H.B.K. =Vallea stipularis L. f.
Ref. FP 13(3A/2) 1956: 435.

Vallea pyrifolia Turczaninow =Vallea stipularis L. f.
Ref. FP 13(3A/2) 1956: 435.

Vallea stipularis L. f.
Syn. *Vallea cordifolia* R. & P., *Vallea glabra* Miers, *Vallea pubescens* H.B.K., *Vallea pyrifolia* Turczaninow
Ref. FP 13(3A/2) 1956: 435.
Shrub or tree. Andean II-III: forests. 1500-4500 m.
Voucher: Mostacero 581 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, HU, HV, JU, LL, PA, PI, PU, SM

Elatinaceae

2 genera and 3 species in Peru.

Endemic species: 1.

Prepared by J. L. Zarucchi.

Bergia capensis L.
Ref. Molau, 1983b: 22.
Introduced aquatic herb. Coastal: swamps. 0-500 m.
Voucher: Ellenberg 1377 (U)
Depts.: TU

Elatine peruviana Baehni & J. F. Macbride
Ref. FP 13(4/1) 1941: 3; Molau, 1983b: 22.
Endemic aquatic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride & Featherstone 1544* (F!)
Depts.: HU

Elatine triandra Schkuhr
Ref. FP 13(4/1) 1941: 4; Steyermark, 1952: 402.
Aquatic herb. Bogs.
Note: Not reconfirmed. No modern collections of this species from Peru seen or cited in the literature.
Voucher: Lechler 2687 (B)
Depts.: PU

Eremolepidaceae

2 genera and 3 species in Peru.

Endemic species: 1.

Treated under Loranthaceae in the Flora of Peru.

Prepared by J. L. Zarucchi; reviewed by J. Kuijt (MO at UVIC).

Antidaphne andina Kuijt
Ref. Kuijt, 1986a: 7; Kuijt, 1988a: 22.
Parasitic shrub. Andean II: forests, shrublands. 2000-3500 m.
Voucher: van der Werff *et al.* 8583 (MO!)
Depts.: AM, HU, PA

[Antidaphne punctulata (Clos) Kuijt]
Syn. *Eremolepis punctulata* (Clos) Grisebach, *Lepidoceras punctulatum* Clos
Ref. FP 13(2/2) 1937: 378; Kuijt, 1988a: 28.
Note: Not known from Peru.

Antidaphne viscoidea Poeppig & Endlicher
Ref. FP 13(2/2) 1937: 378; Kuijt, 1986a: 5; Kuijt, 1988a: 33.
Parasitic shrub. Andean I-II: forests. 500-3000 m.
Voucher: Poeppig 1308* (B photo F!), Woytkowski 7345 (MO!)
Depts.: AM, AY, CA, HU, PA, PI, SM

[*Eremolepis punctulata* (Clos) Grisebach =Antidaphne punctulata (Clos) Kuijt]
Ref. FP 13(2/2) 1937: 378; Kuijt, 1988a: 28.
Note: Not known from Peru.

[Lepidoceras dombeyi Hooker f.]
Ref. FP 13(2/2) 1937: 379.
Note: Not known from Peru. The type is marked "Peru" but surely is of Chilean origin; Kuijt (1988a: 48) placed it in synonymy under *L. chilense* (Molina) Kuijt.

Lepidoceras peruvianum Kuijt
Ref. Kuijt, 1988a: 50.
Endemic parasitic shrub. Andean III: cloud forests. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5465* (US)
Depts.: AY

[*Lepidoceras punctulatum* Clos =Antidaphne punctulata (Clos) Kuijt]
Ref. FP 13(2/2) 1937: 378; Kuijt, 1988a: 28.
Note: Not known from Peru.

Ericaceae

22 genera and 130 species in Peru.

Endemic species: 57.

Prepared by L. Brako; reviewed by J. L. Luteyn (NY).

Acunna lanceolata R. & P. =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130, 132; Clemants, 1984: 219.

Acunna oblonga R. & P. =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 218.

Agarista albiflora (B. Fedtschenko & Basilevskaja) Judd
Syn. *Leucothoe albiflora* B. Fedtschenko, *Leucothoe andina* Sleumer
Ref. Judd, 1984: 282.
Shrub. Andean II: forests, shrublands. 1500-2500 m.
Voucher: Friedberg 665 (L)
Depts.: CA

Agarista anastomosans G. Don =Gaultheria glomerata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 142.

Agarista bracamorensis (H.B.K.) G. Don
Syn. *Andromeda bracamorensis* H.B.K., *Leucothoe bracemorensis* (H.B.K.) DC.
Ref. Judd, 1984: 285.
Endemic shrub or tree. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Bonpland 3564* (F, frag.)
Depts.: CA

Agarista subcordata (Dunal) Judd
Syn. *Gaylussacia subcordata* Dunal, *Leucothoe subcordata* (Dunal) Sleumer
Ref. Judd, 1984: 285.
Endemic shrub. Andean II. 2500-3000 m.
Voucher: Mathews s.n.* (G), Williams 7549 (F)
Depts.: AM

Andromeda bracamorensis H.B.K.
=Agarista bracamorensis H.B.K.
Ref. FP 13(5/1) 1959: 149; Judd, 1984: 285.

Andromeda bracteata Cavanilles
=Gaultheria bracteata (Cavanilles) G. Don
Ref. FP 13(5/1) 1959: 138.

Andromeda glomerata Cavanilles
=Gaultheria glomerata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 142.

Andromeda prostrata Cavanilles
=Pernettya prostrata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 134.

[*Anthopterus mucronatus* Bentham
=Themistoclesia mucronata (Bentham) Sleumer]
Ref. FP 13(5/1) 1959: 66.
Note: Not known from Peru.

Anthopterus racemosus Hooker
Syn. *Thibaudia racemosa* (Hooker) Hoerold
Ref. FP 13(5/1) 1959: 91; Luteyn, 1987a: 110.
Endemic shrub or tree.
Note: The type is incomplete so the identity is uncertain.
Voucher: Mathews s.n.*
Depts.: AM

Bejaria aestuans L.
Syn. *Acunna lanceolata* R. & P., *Acunna oblonga* R. & P., *Bejaria coarctata* Humboldt & Bonpland, *Bejaria glauca* var. *coarctata* (Humboldt & Bonpland) Mansfeld & Sleumer, *Bejaria glauca* var. *glandulosa* Mansfeld & Sleumer, *Bejaria glauca* var. *glauca*, *Bejaria glauca* var. *tomentella* Mansfeld & Sleumer, *Bejaria hispida* Poeppig & Endlicher, *Bejaria lanceolata* (R. & P.) Persoon, *Bejaria oblonga* (R. & P.) Persoon
Ref. Clemants, 1984: 218.
Shrub or tree. Andean I-II: cloud forests, disturbed areas, dry valleys, grasslands, shrublands. 500-3000 m.
Voucher: Gentry *et al.* 61453 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, LL, MD, PA, PI, PU, SM

Bejaria caxamarcensis H.B.K. =Bejaria resinosa Mutis ex L. f.
Ref. FP 13(5/1) 1959: 132; Clemants, 1984: 285.

Bejaria cinnamomea Lindley =Bejaria resinosa Mutis ex L. f.
Ref. FP 13(5/1) 1959: 128; Clemants, 1984: 286.

Bejaria coarctata Humboldt & Bonpland =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 220.

Bejaria glauca Humboldt & Bonpland var. *coarctata* (Humboldt & Bonpland) Mansfeld & Sleumer =Bejaria aestuans L.
Ref. Clemants, 1984: 220.

Bejaria glauca var. *glandulosa* Mansfeld & Sleumer =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 226.

Bejaria glauca var. *glauca* =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 219.

Bejaria glauca var. *tomentella* Mansfeld & Sleumer =Bejaria aestuans L.
Ref. Clemants, 1984: 225.

Bejaria hispida Poeppig & Endlicher =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 129; Clemants, 1984: 220.

Bejaria infundibula Clemants
Ref. Clemants, 1991: 173.
Endemic shrub or tree. Andean II: shrublands. 1500-3000 m.
Voucher: Clemants & Fernández 2007* (NY, USM), Mostacero *et al.* 1596 (MO!)
Depts.: AM, CA

Bejaria lanceolata (R. & P.) Persoon =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130.

Bejaria mathewsii Fielding & Gardner
Syn. *Bejaria mathewsii* fo. *pulcherrima* Mansfeld & Sleumer
Ref. FP 13(5/1) 1959: 129; Clemants, 1984: 272.
Shrub or tree. Andean I-II: forests, grasslands, rocky slopes. 1000-3500 m.
Voucher: Mathews 1426* (K photo NY), Hutchison & Wright 3951 (MO!)
Depts.: AM, CA, SM

Bejaria mathewsii fo. *pulcherrima* Mansfeld & Sleumer =Bejaria mathewsii Fielding & Gardner
Ref. Clemants, 1984: 273.

Bejaria oblonga (R. & P.) Persoon =Bejaria aestuans L.
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 218.

Bejaria pallens Remy var. *tarapotana* Meissner =Bejaria sprucei Meissner
Ref. FP 13(5/1) 1959: 130; Clemants, 1984: 259.

Bejaria peruviana Mansfeld & Sleumer =Bejaria resinosa Mutis ex L. f.
Ref. FP 13(5/1) 1959: 131; Clemants, 1984: 288.

Bejaria resinosa Mutis ex L. f.
Syn. *Bejaria caxamarcensis* H.B.K., *Bejaria cinnamomea* Lindley, *Bejaria peruviana* Mansfeld & Sleumer, *Bejaria weberbaueriana* Mansfeld & Sleumer
Ref. FP 13(5/1) 1959: 132; Clemants, 1984: 284.
Shrub or tree. Andean II-III: grasslands. 1500-4000 m.
Voucher: Díaz *et al.* 2658 (MO!)
Depts.: AM, CA, PI

[Bejaria sandiensis Mansfeld & Sleumer]
Ref. FP 13(5/1) 1959: 132; Clemants, 1984: 342.
Note: Listed as a doubtful name in Clemants (1984).

Bejaria sprucei Meissner
Syn. *Bejaria pallens* var. *tarapotana* Meissner
Ref. FP 13(5/1) 1959: 133; Clemants, 1984: 259.
Shrub or tree. Amazonian, Andean I-II: forests, grasslands, rocky slopes, savannas. 0-3500 m.
Voucher: Spruce 3994* (K photo F), Schunke 5360 (MO!)
Depts.: LO, PA, SM

Bejaria weberbaueriana Mansfeld & Sleumer =Bejaria resinosa Mutis ex L. f.
Ref. FP 13(5/1) 1959: 133; Clemants, 1984: 288.

Brossaea mucronata (E. J. Remy) Kuntze =Gaultheria eriophylla var. mucronata (E. J. Remy) Luteyn
Ref. Luteyn, 1989: 15.

Brossaea secunda (E. J. Remy) Kuntze =Gaultheria buxifolia var. secunda (E. J. Remy) Luteyn
Ref. Luteyn, 1989: 13.

Cavendishia acuminata (Hooker) Hemsley =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 140.

[*Cavendishia alata* (Dunal) Hoerold =Thibaudia caulialata R. & P.]
Ref. FP 13(5/1) 1959: 115; Luteyn, 1983: 269.

Cavendishia beckmanniana Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 141.

Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Syn. *Cavendishia acuminata* (Hooker) Hemsley, *Cavendishia beckmanniana* Hoerold, *Cavendishia peruviana* Hoerold, *Cavendishia pubescens* var. *microphylla* Hoerold, *Cavendishia strobilifera* (H.B.K.) Hoerold, *Cavendishia ulbrichiana* Hoerold, *Cavendishia ulei* Hoerold, *Chupalon bracteatum* (R. & P. ex A. St. Hilaire) Kuntze, *Proclesia bracteata* (R. & P. ex A. St. Hilaire) Klotzsch, *Thibaudia acuminata* Dunal, nom. illeg., *Thibaudia acuminata* Hooker, *Thibaudia bracteata* R. & P. ex A. St. Hilaire,

Thibaudia strobilifera H.B.K.
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 137.
Epiphytic herb or shrub. Amazonian, Andean I-II: cloud forests. 0-3000 m.
Voucher: Wurdack 978 (MO!)
Depts.: AM, AY, CA, CU, HU, HV, JU, MD, PA, PU, SM

[*Cavendishia caulialata* (R. & P.) A. C. Smith =Thibaudia caulialata R. & P.]
Ref. FP 13(5/1) 1959: 115; Luteyn, 1983: 269.

Cavendishia complectens Hemsley var. **striata** (A. C. Smith) Luteyn
Syn. *Cavendishia striata* A. C. Smith
Ref. Luteyn, 1983: 120.
Epiphytic herb or shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Vargas 4582 (CUZ photo NY)
Depts.: CU, HU, SM

Cavendishia engleriana Hoerold var. **engleriana**
Ref. Luteyn, 1983: 230.
Epiphytic herb or shrub. Andean I: shrublands. 500-1000 m.
Voucher: Foster *et al.* 8979 (MO!)
Depts.: PA

Cavendishia isernii Sleumer var. **isernii**
Ref. Luteyn, 1983: 110.
Epiphytic herb or shrub. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Dudley 13491 (NA)
Depts.: HU

Cavendishia kraenzliniana Hoerold =Cavendishia punctata (R. & P. ex A. St. Hilaire) Sleumer
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 84.

Cavendishia martii (Meissner) A. C. Smith
Syn. *Cavendishia muschleriana* Hoerold, *Cavendishia paniculata* Rusby, *Thibaudia martii* Meissner
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 80.
Shrub. Andean I-II: forests. 500-3500 m.
Voucher: Metcalf 30566 (MO!)
Depts.: AY, CU, MD, PU, SM

Cavendishia muschleriana Hoerold =Cavendishia martii (Meissner) A. C. Smith
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 80.

[Cavendishia nitida (H.B.K.) A. C. Smith]
Syn. *Macleania nitida* (H.B.K.) Hoerold, *Psammisia nitida* (H.B.K.) Klotzsch, *Thibaudia nitida* H.B.K.
Ref. FP 13(5/1) 1959: 99; Luteyn, 1983: 223.
Note: Not known from Peru.

Cavendishia nobilis Lindley var. **nobilis**
Syn. *Cavendishia urbaniana* Hoerold, *Chupalon nobile* (Lindley) Kuntze
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 156.
Endemic epiphytic herb or shrub. Andean I-II: cloud forests. 1000-2500 m.
Voucher: Weberbauer 3518* (B photo F), Duncan *et al.* 2695 (NY)
Depts.: CU, HU, JU, PA, PU, SM

Cavendishia paniculata Rusby =Cavendishia martii (Meissner) A. C. Smith
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 80.

Cavendishia peruviana Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 141.

Cavendishia pubescens (H.B.K.) Hemsley var. *microphylla* Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 141.

Cavendishia pubescens var. **pubescens**
Syn. *Thibaudia pubescens* H.B.K.
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 179.
Epiphytic herb, shrub or tree. Andean I-II: forests. 500-2000 m.
Voucher: Woytkowski 7452 (MO!)
Depts.: JU, PU

Cavendishia punctata (R. & P. ex J. St. Hilaire) Sleumer
Syn. *Cavendishia kraenzliniana* Hoerold, *Cavendishia punctatifolia* (R. & P. ex G. Don) Hoerold, *Thibaudia punctata* R. & P. ex J. St. Hilaire, *Thibaudia punctatifolia* R. & P. ex G. Don
Ref. Luteyn, 1983: 84.
Endemic shrub. Andean I-II: cloud forests, disturbed areas. 1000-2500 m.
Voucher: Luteyn & Lebrón-Luteyn 5427 (MO!, USM!)
Depts.: HU, JU, PA

Cavendishia punctatifolia (R. & P. ex G. Don) Hoerold =Cavendishia punctata (R. & P. ex J. St. Hilaire) Sleumer
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 84.

Cavendishia sirensis Luteyn
Ref. Luteyn, 1983: 238.
Endemic liana, shrub or vine. Andean I-II: cloud forests, disturbed areas. 1000-2000 m.
Voucher: Dudley 13231* (NA photo NY), Barbour 4466 (MO!)
Depts.: HU

Cavendishia striata A. C. Smith =Cavendishia complectens Hemsley var. striata (A. C. Smith) Luteyn
Ref. Luteyn, 1983: 120.

Cavendishia strobilifera (H.B.K.) Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 141.

Cavendishia tarapotana (Meissner) Bentham & Hooker f. var. **tarapotana**
Syn. *Cavendishia weberbaueri* Hoerold, *Chupalon tarapotana* (Meissner) Kuntze, *Thibaudia tarapotana* Meissner
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 163.
Epiphytic herb or shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Smith *et al.* 1820 (MO!)
Depts.: CU, LO, PA, SM

Cavendishia ulbrichiana Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 141.

Cavendishia ulei Hoerold =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 118; Luteyn, 1983: 142.

Cavendishia urbaniana Hoerold =Cavendishia nobilis Lindley var. nobilis
Ref. FP 13(5/1) 1959: 118; Luteyn, 1983: 156.

Cavendishia weberbaueri Hoerold =Cavendishia tarapotana var. tarapotana
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 163.

Ceratostema andreanum Drake =Semiramisia speciosa (Bentham) Klotzsch
Ref. FP 13(5/1) 1959: 86; Luteyn, 1984: 365.

Ceratostema biflorum Poeppig & Endlicher =Thibaudia biflora (Poeppig & Endlicher) Hoerold
Ref. FP 13(5/1) 1959: 103.

Ceratostema buxifolium Fielding & Gardner =Demosthenesia buxifolia (Fielding & Gardner) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Ceratostema callistum A. C. Smith
Ref. FP 13(5/1) 1959: 79.
Endemic epiphytic herb. Amazonian, Andean I-II. 0-3000 m.
Voucher: Rauh & Hirsch 2186* (HEID), Hutchison & Bismark 6345 (MO!)
Depts.: CA, LA

Ceratostema coccineum Hoerold =Pellegrinia coccinea (Hoerold) Sleumer
Ref. FP 13(5/1) 1959: 81.

Ceratostema cordifolium Dunal =Pellegrinia hirsuta (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 83.

Ceratostema ellipticum (R. & P.) Bentham & Hooker f. =Siphonandra elliptica (R. & P.) Klotzsch
Ref. FP 13(5/1) 1959: 83.

Ceratostema ferreyrae Luteyn
Ref. Luteyn, 1986: 487.
Endemic epiphytic herb.

[*Ceratostema flexuosum* (A. C. Smith) J. F. Macbride =Periclesia flexuosa A. C. Smith]
Ref. FP 13(5/1) 1959: 85.
Note: Not known from Peru.

Ceratostema graebnerianum Hoerold =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Ceratostema grandiflorum R. & P. =Pellegrinia grandiflora (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 82.

Ceratostema harmsianum Hoerold =Pellegrinia harmsiana (Hoerold) Sleumer
Ref. FP 13(5/1) 1959: 82.

Ceratostema hirsuta R. & P. =Pellegrinia hirsuta (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 83.

Ceratostema lobbii A. C. Smith =Pellegrinia hirsuta (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 83.

Ceratostema longiflorum Lindley =Pellegrinia grandiflora (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 82.

Ceratostema mandonii Britton =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Ceratostema microphyllum Hoerold =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Ceratostema oblongifolium Dunal =Pellegrinia hirsuta (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 83.

Ceratostema pearcei (Britton) A. C. Smith =Demosthenesia pearcei (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Ceratostema peruvianum Gmelin
Ref. FP 13(5/1) 1959: 80.
Shrub.
Voucher: Jussieu s.n.*
Depts.: Without full locality data.

Ceratostema pilgerianum Hoerold =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Ceratostema pilosum (A. C. Smith) J. F. Macbride =Siphonandra pilosa A. C. Smith
Ref. FP 13(5/1) 1959: 84.

Ceratostema rauhii Luteyn
Ref. Luteyn, 1992: 314.
Endemic epiphytic shrub. Andean II. 2000-2500 m.
Voucher: Rauh 68468* (HEID)
Depts.: LA

Ceratostema sanguineum Hoerold =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Ceratostema spectabile Rusby =Demosthenesia spectabilis (Rusby) A. C. Smith
Ref. FP 13(5/1) 1959: 90.

Ceratostema urbanianum Hoerold =Pellegrinia grandiflora (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 82.

Ceratostema weberbaueri Hoerold =Siphonandra elliptica (R. & P.) Klotzsch
Ref. FP 13(5/1) 1959: 83.

Chupalon bracteatum (R. & P. ex A. St. Hilaire) Kuntze =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 140.

Chupalon nobile (Lindley) Kuntze =Cavendishia nobilis var. nobilis
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 156.

Chupalon tarapotana (Meissner) Kuntze =Cavendishia tarapotana var. tarapotana
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 163.

Demosthenesia amicorum (Sleumer) Sleumer
Syn. *Vaccinium amicorum* Sleumer
Ref. FP 13(5/1) 1959: 87.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 22298* (US)
Depts.: JU

Demosthenesia buxifolia (Fielding & Gardner) A. C. Smith
Syn. *Ceratostema buxifolium* Fielding & Gardner, *Pellegrinia buxifolia* (Fielding & Gardner) Sleumer, *Themistoclesia buxifolia* (Fielding & Gardner) Klotzsch, *Thibaudia microphylla* Lindley
Ref. FP 13(5/1) 1959: 88.
Herb. Andean II. 2500-3000 m.
Voucher: Mathews 1176* (OXF)
Depts.: JU

Demosthenesia cordifolia Luteyn
Ref. Luteyn, 1978: 432.
Endemic subshrub. Andean II: cloud forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Dudley 11196* (NA, USM)
Depts.: CU

Demosthenesia dudleyi D. Simpson
Ref. Simpson, 1972: 4.
Endemic vine. Andean II: elfin forests, grasslands. 3000-3500 m.
Voucher: Dudley 11199* (F!)
Depts.: CU

Demosthenesia graebneriana (Hoerold) A. C. Smith =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Demosthenesia mandonii (Britton) A. C. Smith
Syn. *Ceratostema graebnerianum* Hoerold, *Ceratostema mandonii* Britton, *Ceratostema microphyllum* Hoerold, *Ceratostema pilgerianum* Hoerold, *Ceratostema sanguineum* Hoerold, *Demosthenesia graebneriana* (Hoerold) A. C. Smith, *Pellegrinia graebneriana* (Hoerold) Sleumer, *Pellegrinia mandonii* (Britton) Sleumer
Ref. FP 13(5/1) 1959: 88.
Shrub. Andean II-III: shrublands. 2000-4500 m.
Voucher: Rusby 2632* (K), Peyton & Peyton 301 (MO!)
Depts.: CU, MD, PU

Demosthenesia oppositifolia Luteyn
Ref. Luteyn, 1978: 434.
Endemic subshrub. Andean II: cloud forests. 1500-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Dudley 11068* (F, USM)
Depts.: CU

[Demosthenesia pearcei (Britton) A. C. Smith]
Syn. *Ceratostema pearcei* (Britton) A. C. Smith, *Pellegrinia pearcei* (Britton) Sleumer, *Rusbya pearcei* Britton
Ref. FP 13(5/1) 1959: 89.
Note: Not known from Peru.

Demosthenesia spectabilis (Rusby) A. C. Smith
Syn. *Ceratostema spectabile* Rusby, *Pellegrinia spectabilis* (Rusby) Sleumer
Ref. FP 13(5/1) 1959: 90.
Shrub. Andean II: forests, grasslands. 2500-3000 m.
Voucher: Stein *et al.* 3837 (MO!)
Depts.: CU, JU, MD, PA

Demosthenesia vilcabambensis Luteyn
Ref. Luteyn, 1978: 435.
Endemic liana. Andean II: cloud forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Dudley 10840* (NA, USM)
Depts.: CU

Demosthenesia weberbaueri (Sleumer) Sleumer
Syn. *Pellegrinia weberbaueri* Sleumer
Ref. FP 13(5/1) 1959: 90.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.

Voucher: Weberbauer 5564*
Depts.: AY

Diogenesia caudatum (Sleumer) Sleumer
Syn. *Eleutherostemon laxum* A. C. Smith var. *caudatum* (Sleumer) J. F. Macbride, *Themistoclesia caudata* Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 257.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 9873* (US, frag.)
Depts.: AY

Diogenesia laxa (A. C. Smith) Sleumer
Syn. *Eleutherostemon laxum* var. *laxum*, *Thibaudia laxa* A. C. Smith, *Vaccinium incarum* Sleumer, *Vaccinium laxum* (A. C. Smith) A. C. Smith & Camp
Ref. FP 13(5/1) 1959: 67; Sleumer 1978: 256.
Endemic shrub. Andean II. 3000-3500 m.
Voucher: Weberbauer 7532* (F)
Depts.: AY

Diogenesia octandra Sleumer
Syn. *Eleutherostemon octandrum* (Sleumer) A. C. Smith, *Thibaudia octandra* (Sleumer) J. F. Macbride, *Vaccinium octandrum* (Sleumer) Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 256.
Shrub. Andean II. 2500-3000 m.
Voucher: Lechler 2614* (PU), Pennell 14098a
Depts.: CU, PU

Diogenesia vargasiana Sleumer
Ref. Sleumer, 1978: 257.
Shrub or treelet. Andean II: forests, shrublands. 2500-3000 m.
Voucher: Vargas 3025* (US), Pennell 14098a (US)
Depts.: CU

Disterigma acuminatum (H.B.K.) Niedenzu
Syn. *Gaylussacia microphylla* G. Don, *Vaccinium acuminatum* H.B.K.
Ref. FP 13(5/1) 1959: 69.
Liana or shrub. Andean II: forests. 2500-3500 m.
Voucher: Ferreyra 10008 (MO!)
Depts.: CU, HU, SM

Disterigma alaternoides (H.B.K.) Niedenzu
Syn. *Metagonia alaternoides* (H.B.K.) Nuttall, *Vaccinium alaternoides* H.B.K.
Ref. FP 13(5/1) 1959: 70.
Liana or shrub. Andean II-III: disturbed areas, forests. 2000-4000 m.
Voucher: Bonpland s.n.* (P), Smith 4802 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, SM

Disterigma empetrifolium (H.B.K.) Drude
Syn. *Vaccinium empetrifolium* H.B.K.
Ref. FP 13(5/1) 1959: 70.
Shrub. Andean II-III: disturbed areas, forests. 2500-4500 m.
Voucher: Foster *et al.* 7634 (MO!)
Depts.: AM, CA, JU, PA, SM

Disterigma humboldtii (Klotzsch) Niedenzu
Syn. *Vaccinium humboldtii* Klotzsch
Ref. Wilbur & Luteyn, 1978: 78.
Shrub. Andean II: elfin forests. 2500-3000 m.
Voucher: van der Werff *et al.* 8566 (MO!)
Depts.: PA

Disterigma ovatum (Rusby) Blake
Syn. *Vacciniopsis ovata* Rusby
Ref. FP 13(5/1) 1959: 71.
Note: Not reconfirmed.

Disterigma pernettyoides (Grisebach ex Weddell) Niedenzu
Syn. *Vaccinium pernettyoides* Grisebach ex Weddell
Ref. FP 13(5/1) 1959: 71.
Shrub. Andean II: forests. 2500-3000 m.
Voucher: Lechler 2587*, West 7079 (MO!)
Depts.: CU, MD, PU

Disterigma terniflorum (Dunal) Niedenzu =Vaccinium dependens (D. Don) Sleumer
Ref. FP 13(5/1) 1959: 76.

Disterigma ulei Sleumer
Ref. FP 13(5/1) 1959: 72.
Endemic epiphytic herb. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 6448* (B)
Depts.: SM

Disterigma weberbaueri Hoerold
Ref. FP 13(5/1) 1959: 72.
Endemic shrub. Andean II. 2500-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2079* (B)
Depts.: JU

Eleutherostemon laxum A. C. Smith var. *caudatum* (Sleumer) J. F. Macbride =Diogenesia caudatum (Sleumer) Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 257.

Eleutherostemon laxum var. *laxum* =Diogenesia laxa (A. C. Smith) Sleumer
Ref. FP 13(5/1) 1959: 67; Sleumer 1978: 256.

Eleutherostemon octandrum (Sleumer) A. C. Smith =Diogenesia octandra Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 256.

Eurygania angustifolia (Hooker) Klotzsch =Thibaudia angustifolia Hooker
Ref. FP 13(5/1) 1959: 102.

Eurygania biflora (Poeppig & Endlicher) Bentham & Hooker f. =Thibaudia biflora (Poeppig & Endlicher) Hoerold
Ref. FP 13(5/1) 1959: 103.

[*Eurygania multiflora* Klotzsch =Thibaudia melliflora R. & P.]
Ref. FP 13(5/1) 1959: 108; Luteyn, pers. comm.
Note: Not known from Peru.

Eurygania ovata Hooker f. =Thibaudia diphylla Dunal
Ref. FP 13(5/1) 1959: 105.

Eurygania phyllireifolia (Dunal) Bentham & Hooker f. =Thibaudia moricandii var. phyllireifolia (Dunal) J. F. Macbride
Ref. FP 13(5/1) 1959: 108.

Gaultheria apiculata Sleumer =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 137; Luteyn, pers. comm.

Gaultheria bicolor Sleumer =Gaultheria bracteata (Cavanilles) G. Don
Ref. FP 13(5/1) 1959: 138.

Gaultheria brachybotrys A. DC. =Gaultheria glomerata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 138.

Gaultheria bracteata (Cavanilles) G. Don
Syn. *Andromeda bracteata* Cavanilles, *Gaultheria bicolor* Sleumer, *Gaultheria rufescens* A. DC.
Ref. FP 13(5/1) 1959: 138; Luteyn, pers. comm.
Shrub. Andean II: cloud forests, disturbed areas, elfin forests. 2000-3500 m.
Voucher: Gentry & Smith 35956 (MO!)
Depts.: AM, AN, AY, CA, CU, HU, HV, JU, PA, PU, SM

Gaultheria buxifolia Willdenow var. **secunda** (E. J. Remy) Luteyn
Syn. *Brossaea secunda* (E. J. Remy) Kuntze, *Gaultheria secunda* E. J. Remy
Ref. FP 13(5/1) 1959: 145; Luteyn, 1989: 13.
Shrub. Andean II: forests, grasslands. 2000-3500 m.
Voucher: Núñez & Motocanchi 8786 (MO!)
Depts.: AY, CU, HU, HV, PU

Gaultheria congesta Fedstchenko & Basil =Gaultheria foliosa Bentham
Ref. FP 13(5/1) 1959: 139; Luteyn, pers. comm.

Gaultheria cordifolia H.B.K. =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 143; Luteyn, pers. comm.

Gaultheria erecta Ventenat
Syn. *Gaultheria apiculata* Sleumer, *Gaultheria cordifolia* H.B.K., *Gaultheria glandulosissima* Sleumer, *Gaultheria jelskii* Szyszylowicz,

Gaultheria loxensis Bentham, *Gaultheria odorata* H.B.K., *Gaultheria opaca* Sleumer, *Gaultheria weberbaueriana* Sleumer
Ref. FP 13(5/1) 1959: 140; Luteyn, pers. comm.
Shrub. Andean I-III: cloud forests, disturbed areas, grasslands. 500-4000 m.
Voucher: Knapp *et al.* 7463 (MO!)
Depts.: AM, AP, AY, CA, CU, HU, HV, JU, LL, PA, PI, PU, SM

Gaultheria eriophylla (Persoon) Sleumer var. **mucronata** (E. J. Remy) Luteyn
Syn. *Brossaea mucronata* (E. J. Remy) Kuntze, *Gaultheria mucronata* E. J. Remy, *Gaultheria remyana* A. C. Smith
Ref. Luteyn, 1989: 15
Shrub. Andean I-II: disturbed areas, elfin forests. 1000-3000 m.
Voucher: Gentry *et al.* 39990 (MO!)
Depts.: CU, PA, PU

Gaultheria foliolosa Bentham
Syn. *Gaultheria congesta* Fedstchenko & Basil
Ref. Luteyn, pers. comm.
Shrub. Andean II: disturbed areas. 2000-3000 m.
Voucher: Woytkowski 7937 (MO!)
Depts.: CU, HU, SM

Gaultheria glabra A. DC. =Gaultheria reticulata H.B.K.
Ref. FP 13(5/1) 1959: 140; Luteyn, pers. comm.

Gaultheria glandulosissima Sleumer =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 141; Luteyn, pers. comm.

Gaultheria glomerata (Cavanilles) Sleumer
Syn. *Agarista anastomosans* G. Don, *Andromeda glomerata* Cavanilles, *Gaultheria glomerata* (Cavanilles) Sleumer, *Gaultheria petraea* Weddell, *Gaultheria pichinchensis* Bentham
Ref. FP 13(5/1) 1959: 142; Luteyn, pers. comm.
Shrub. Andean II-III: cloud forests, disturbed areas, rocky slopes. 2500-4000 m.
Voucher: Stork & Horton 9909 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, HU, JU, LL, PA, PU, SM

Gaultheria haplotricha A. C. Smith
Ref. Luteyn, pers. comm.
Subshrub.
Voucher: Lechler 3163 (K)
Depts.: Without locality data.

[Gaultheria insipida Bentham]
Ref. FP 13(5/1) 1959: 142; Luteyn, pers. comm.
Note: Not known from Peru.

Gaultheria insipida var. *peruviana* Macbride =Gaultheria strigosa Bentham var. strigosa
Ref. FP 13(5/1) 1959: 142; Luteyn, pers. comm.

Gaultheria jelskii Szyszylowicz =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 143; Luteyn, pers. comm.

Gaultheria loxensis Bentham =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 143; Luteyn, pers. comm.

Gaultheria megalodonta A. C. Smith
Ref. Luteyn, pers. comm.
Shrub. Andean II-III: cloud forests. 3000-4000 m.
Voucher: Barbour 3150 (MO!)
Depts.: AM, LL

Gaultheria mucronata E. J. Remy =Gaultheria eriophylla var. mucronata (E. J. Remy) Luteyn
Ref. FP 13(5/1) 1959: 144.

Gaultheria myrsinoides H.B.K. =Pernettya prostrata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 134.

Gaultheria odorata H.B.K. =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 143; Luteyn, pers. comm.

Gaultheria opaca Sleumer =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 144; Luteyn, pers. comm.

Gaultheria petraea Weddell =Gaultheria glomerata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 142.

Gaultheria pichinchensis Bentham =Gaultheria glomerata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 142.

Gaultheria remyana A. C. Smith =Gaultheria eriophylla var. mucronata (E. J. Remy) Luteyn
Ref. FP 13(5/1) 1959: 144; Luteyn, 1989: 15.

Gaultheria reticulata H.B.K.
Syn. *Gaultheria glabra* A. DC.
Ref. Luteyn, pers. comm.
Shrub. Andean I-III: disturbed areas, elfin forests, rocky slopes. 1000-4000 m.
Voucher: Díaz & Baldeón 2417 (MO!)
Depts.: AM, AY, CA, CU, HU, HV, JU, PI, PU

Gaultheria rigida H.B.K.
Ref. Luteyn, pers. comm.
Shrub. Andean II: shrublands. 2500-3000 m.
Voucher: Dillon & Skillman 4146 (NY!)
Depts.: CA, PI

Gaultheria rufescens A. DC. =Gaultheria bracteata (Cavanilles) G. Don
Ref. FP 13(5/1) 1959: 138.

Gaultheria secunda E. J. Remy =Gaultheria buxifolia Willdenow var. secunda (E. J. Remy) Luteyn
Ref. FP 13(5/1) 1959: 145; Luteyn, 1989: 13.

Gaultheria strigosa Bentham var. **strigosa**
Syn. *Gaultheria insipida* var. *peruviana* Macbride
Ref. Luteyn, pers. comm.
Shrub.
Voucher: Kanehira 24 (F)
Depts.: HU

Gaultheria tomentosa H.B.K.
Ref. FP 13(5/1) 1959: 146; Luteyn, pers. comm.
Shrub. Andean II: elfin forests, shrublands. 2500-3500 m.
Voucher: Stein *et al.* 3824 (MO!)
Depts.: AM, CA, HV, JU

[Gaultheria tristis Sleumer]
Ref. FP 13(5/1) 1959: 146; Luteyn, pers. comm.
Note: According to Luteyn (pers. comm.), this is a doubtful taxon; the type was destroyed in the Berlin herbarium.

Gaultheria vaccinioides Weddell
Ref. FP 13(5/1) 1959: 145; Luteyn, pers. comm.
Shrub. Andean II-III: disturbed areas, elfin forests, grasslands. 2500-4000 m.
Voucher: Woytkowski 34316 (MO!)
Depts.: AM, AN, AY, CU, HU, HV, PA, PU, SM

Gaultheria weberbaueriana Sleumer =Gaultheria erecta Ventenat
Ref. FP 13(5/1) 1959: 147; Luteyn, pers. comm.

Gaylussacia crenata G. Don =Vaccinium crenatum (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 75.

Gaylussacia dependens G. Don =Vaccinium dependens (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 76.

Gaylussacia loxensis Sleumer
Ref. Luteyn, pers. comm.
Shrub.
Note: Not reconfirmed.

Gaylussacia microphylla G. Don =Disterigma acuminatum (H.B.K.) Niedenzu
Ref. FP 13(5/1) 1959: 69.

Gaylussacia peruviana Sleumer
Ref. FP 13(5/1) 1959: 125.
Endemic shrub. Andean II: shrublands. 2500-3500 m.
Voucher: Sandeman s.n.* (K), Smith & Vásquez 5007 (MO!)
Depts.: AM

Gaylussacia subcordata Dunal =Agarista subcordata (Dunal) Judd

Ref. FP 13(5/1) 1959: 149; Judd, 1984: 285.

Hornemannia boliviensis Kuntze
=Thibaudia crenulata E. J. Remy
Ref. FP 13(5/1) 1959: 104.

Leucothoe albiflora B. Fedtschenko
=Agarista albiflora (B. Fedtschenko & Basilevskaja) Judd
Ref. Judd, 1984: 282.

Leucothoe andina Sleumer =Agarista albiflora (B. Fedtschenko & Basilevskaja) Judd
Ref. FP 13(5/1) 1959: 148; Judd, 1984: 282.

Leucothoe bracamorensis (H.B.K.) Dunal
=Agarista bracamorensis (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 149; Judd, 1984: 285.

Leucothoe subcordata (Dunal) Sleumer
=Agarista subcordata (Dunal) Judd
Ref. Judd, 1984: 285.

Macleania angulata Hooker
Ref. FP 13(5/1) 1959: 94; Yeo, 1967: 50.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Maclean s.n.* (K)
Depts.: Without full locality data.

Macleania benthamiana Walpers
Syn. *Macleania multibracteata* Mansfeld
Ref. FP 13(5/1) 1959: 94.
Shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 6704 (MOL!)
Depts.: HU

Macleania farinosa Mansfeld
Ref. FP 13(5/1) 1959: 96.
Shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 6120*
Depts.: CA

Macleania floribunda Hooker
Ref. FP 13(5/1) 1959: 96; Yeo, 1967: 49.
Shrub. Andean II: forests. 1500-2500 m.
Voucher: Mathews 1442*, Smith & Vásquez 4670 (MO!)
Depts.: AM, SM, UC

Macleania macrantha Bentham
Ref. FP 13(5/1) 1959: 98.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Klug 3211 (MO!)
Depts.: LO, SM

Macleania multibracteata Mansfeld
=Macleania benthamiana Walpers
Ref. FP 13(5/1) 1959: 94.

[*Macleania nitida* (H.B.K.) Hoerold
=Cavendishia nitida (H.B.K.) A. C. Smith]
Ref. FP 13(5/1) 1959: 99.
Note: Not known from Peru.

Macleania rupestris (H.B.K.) A. C. Smith
Syn. *Thibaudia rupestris* H.B.K.
Ref. FP 13(5/1) 1959: 99.
Shrub. Andean II: forests. 2500-3500 m.
Voucher: Gentry *et al.* 61432 (MO!)
Depts.: CA, PI

Macleania salapa Bentham
Ref. Luteyn, pers. comm.
Shrub.
Note: Not reconfirmed.

Metagonia alaternoides (H.B.K.) Nuttall
=Disterigma alaternoides (H.B.K.) Niedenzu
Ref. FP 13(5/1) 1959: 70.

Metagonia corymbodendron R. & P. ex Nuttall =Vaccinium corymbodendron R. & P. ex Dunal
Ref. FP 13(5/1) 1959: 75.

Metagonia didymantha (Dunal) Nuttall
=Vaccinium didymanthum Dunal
Ref. FP 13(5/1) 1959: 77.

Metagonia terniflora (Dunal) Nuttall
=Vaccinium dependens (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 76.

Orthaea abbreviata Drake
Syn. *Orthaea engleriana* Hoerold
Ref. Luteyn, 1987b: 33.
Endemic shrub. Andean II: cloud forests. 1500-2500 m.
Voucher: Weberbauer 4753*, Barbour 2941 (MO!)
Depts.: AM

Orthaea breviflora A. C. Smith
Ref. FP 13(5/1) 1959: 120; Luteyn, 1987b: 33.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Pennell 13972*
Depts.: CU

Orthaea engleriana Hoerold =Orthaea abbreviata Drake
Ref. FP 13(5/1) 1959: 120; Luteyn, 1987b: 33.

Orthaea ferreyrae A. C. Smith
Ref. FP 13(5/1) 1959: 121; Luteyn, 1987b: 32.
Shrub. Andean I-II: cloud forests, riversides. 1000-3500 m.
Voucher: Ferreyra 6709*, Stein & Todzia 2279 (MO!)
Depts.: HU, JU

Orthaea ignea Sleumer
Ref. FP 13(5/1) 1959: 121.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Herrera 3656*
Depts.: CU

Orthaea pinnatinervia Mansfeld
Ref. FP 13(5/1) 1959: 122; Luteyn, 1987b: 32.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6925* (MOL!)
Depts.: CU

Orthaea secundiflora (Poeppig & Endlicher) Klotzsch
Syn. *Thibaudia secundiflora* Poeppig & Endlicher
Ref. FP 13(5/1) 1959: 122; Luteyn, 1987b: 33.
Shrub.
Voucher: Poeppig s.n.*
Depts.: HU

Orthaea weberbaueri Hoerold
Ref. FP 13(5/1) 1959: 122; Luteyn, 1987b: 33.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 684*
Depts.: PU

Pellegrinia buxifolia (Fielding & Gardner) Sleumer =Demosthenesia buxifolia (Fielding & Gardner) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Pellegrinia coccinea (Hoerold) Sleumer
Syn. *Ceratostema coccineum* Hoerold
Ref. FP 13(5/1) 1959: 81.
Endemic shrub. Andean II. 3000-3500 m.
Voucher: Weberbauer 2505*
Depts.: HU, JU

Pellegrinia graebneriana (Hoerold) Sleumer =Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Pellegrinia grandiflora (R. & P.) Sleumer
Syn. *Ceratostema grandiflorum* R. & P., *Ceratostema longiflorum* Lindley, *Ceratostema urbanianum* Hoerold
Ref. FP 13(5/1) 1959: 82.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU, JU

Pellegrinia harmsiana (Hoerold) Sleumer
Syn. *Ceratostema harmsianum* Hoerold
Ref. FP 13(5/1) 1959: 82.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Pellegrinia hirsuta (R. & P.) Sleumer
Syn. *Ceratostema cordifolium* Dunal, *Ceratostema hirsuta* R. & P., *Ceratostema lobbii* A. C. Smith, *Ceratostema oblongifolium* Dunal, *Pellegrinia lobbii* (A. C. Smith) Sleumer
Ref. FP 13(5/1) 1959: 83.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Pellegrinia lobbii (A. C. Smith) Sleumer
=Pellegrinia hirsuta (R. & P.) Sleumer
Ref. FP 13(5/1) 1959: 83.

Pellegrinia mandonii (Britton) Sleumer
=Demosthenesia mandonii (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Pellegrinia pearcei (Britton) Sleumer
=Demosthenesia pearcei (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Pellegrinia spectabilis (Rusby) Sleumer
=Demosthenesia spectabilis (Rusby) A. C. Smith
Ref. FP 13(5/1) 1959: 90.

Pellegrinia weberbaueri Sleumer
=Demosthenesia weberbaueri Sleumer (Sleumer)
Ref. FP 13(5/1) 1959: 90.

[Periclesia flexuosa A. C. Smith]
Syn. *Ceratostema flexuosum* (A. C. Smith) J. F. Macbride
Ref. FP 13(5/1) 1959: 85.
Note: Not known from Peru. Endemic to Ecuador

Pernettya elliptica A. DC. =Pernettya prostrata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 134.

Pernettya pentlandii A. DC. =Pernettya prostrata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 134.

Pernettya prostrata (Cavanilles) Sleumer
Syn. *Andromeda prostrata* Cavanilles, *Gaultheria myrsinoides* H.B.K., *Pernettya elliptica* A. DC., *Pernettya pentlandii* A. DC., *Pernettya purpurea* G. Don
Ref. FP 13(5/1) 1959: 134; Luteyn, pers. comm.
Shrub. Andean II-III: disturbed areas, forests, grasslands, rocky slopes. 2000-> 4500 m.
Voucher: Gentry *et al.* 23437 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, HU, JU, LI, LL, MD, PA, PU, SM

Pernettya purpurea G. Don =Pernettya prostrata (Cavanilles) Sleumer
Ref. FP 13(5/1) 1959: 134.

[Plutarchia angulata A. C. Smith]
Ref. FP 13(5/1) 1959: 91.
Note: Not known from Peru.

[*Proclesia alata* (Dunal) Klotzsch =Thibaudia caulialata R. & P.]
Ref. FP 13(5/1) 1959: 115; Luteyn, 1983: 269.

Proclesia bracteata (R. & P. ex A. St. Hilaire) Klotzsch =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 140.

Psammisia amazonica Luteyn
Ref. Luteyn, 1987a: 117.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1410* (MO!), Tunqui 284 (MO!)
Depts.: AM

Psammisia bicolor (R. & P.) Klotzsch =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Psammisia coarctata (R. & P.) A. C. Smith
Syn. *Psammisia bicolor* (R. & P. ex Dunal) Klotzsch, *Psammisia engleriana* Hoerold, *Psammisia urbaniana* Hoerold, *Psammisia weberbaueri* Hoerold, *Thibaudia bicolor* R. & P. ex Dunal, *Thibaudia coarctata* R. & P.
Ref. FP 13(5/1) 1959: 95.
Shrub. Andean I-II: forests, riversides. 1000-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Smith & Albán 5497 (MO!)
Depts.: AM, CA, HU, JU, MD, PA, PU, UC

Psammisia engleriana Hoerold =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Psammisia fissilis A. C. Smith
Ref. FP 13(5/1) 1959: 96.
Shrub. Andean II: cloud forests, rocky slopes. 2000-3500 m.
Voucher: Stein & Todzia 2111 (MO!)
Depts.: AM, SM

Psammisia globosa A. C. Smith
Ref. FP 13(5/1) 1959: 97.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Mathews 2077*
Depts.: JU

Psammisia guianensis Klotzsch
Syn. *Psammisia ulei* Hoerold
Ref. FP 13(5/1) 1959: 97.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Mexia 6275 (MO!)
Depts.: CA, HU, LO, SM

[*Psammisia nitida* (H.B.K.) Klotzsch =Cavendishia nitida (H.B.K.) A. C. Smith]
Ref. FP 13(5/1) 1959: 99.
Note: Not known from Peru.

Psammisia pauciflora Grisebach ex A. C. Smith
Ref. FP 13(5/1) 1959: 98.
Shrub.
Voucher: Lechler 2386*
Depts.: PU

Psammisia ulbrichiana Hoerold
Ref. FP 13(5/1) 1959: 99.
Shrub. Andean I-II: forests. 1000-2000 m.
Voucher: Woytkowski 6416 (MO!)
Depts.: AM, CU, HU, JU

Psammisia ulei Hoerold =Psammisia guianensis Klotzsch
Ref. FP 13(5/1) 1959: 97.

Psammisia urbaniana Hoerold =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Psammisia weberbaueri Hoerold =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Rusbya pearcei Britton =Demosthenesia pearcei (Britton) A. C. Smith
Ref. FP 13(5/1) 1959: 89.

Satyria panurensis (Bentham ex Meissner) Bentham & Hooker f.
Syn. *Satyria ulei* Hoerold, *Thibaudia panurensis* Bentham ex Meissner
Ref. FP 13(5/1) 1959: 123.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tunqui 565 (MO!)
Depts.: AM, LO, PA, SM

Satyria polyantha A. C. Smith
Ref. FP 13(5/1) 1959: 124.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Lechler 2068*
Depts.: PU

Satyria ulei Hoerold =Satyria panurensis (Bentham ex Meissner) Bentham & Hooker f.
Ref. FP 13(5/1) 1959: 123.

Satyria vargasii A. C. Smith
Ref. FP 13(5/1) 1959: 124.
Endemic shrub. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 6493* (US)
Depts.: CU

[Semiramisia pulcherrima A. C. Smith]
Ref. FP 13(5/1) 1959: 86.
Note: Not known from Peru.

Semiramisia speciosa (Bentham) Klotzsch
Syn. *Ceratostema andreanum* Drake, *Semiramisia weberbaueri* Hoerold, *Thibaudia speciosa* Bentham
Ref. Luteyn, 1984: 365.
Epiphytic herb or shrub. Andean I-II: forests. 1000-3000 m.
Voucher: Weberbauer 4455* (B photo F), Killip & Smith 25859 (NY)
Depts.: AY, HU, JU, PU

Semiramisia weberbaueri Hoerold =Semiramisia speciosa (Bentham) Klotzsch
Ref. FP 13(5/1) 1959: 86; Luteyn, 1984: 365.

Siphonandra elliptica (R. & P.) Klotzsch
Syn. *Ceratostema ellipticum* (R. & P.)

Bentham & Hooker f., *Ceratostema weberbaueri* Hoerold, *Thibaudia elliptica* R. & P.
Ref. FP 13(5/1) 1959: 83.
Shrub. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Weberbauer 6929 (MOL!)
Depts.: AP, CU, MD, PU

Siphonandra pilosa A. C. Smith
Syn. *Ceratostema pilosum* (A. C. Smith) J. F. Macbride
Ref. FP 13(5/1) 1959: 84.
Shrub.
Voucher: Lechler 2053
Depts.: Without full locality data.

Sophoclesia weberbaueri Hoerold =Sphyrospermum weberbaueri (Hoerold) A. C. Smith
Ref. FP 13(5/1) 1959: 65.

Sphyrospermum buesii A. C. Smith
Ref. FP 13(5/1) 1959: 62.
Endemic shrub. Andean II: forests. 1500-3000 m.
Voucher: Bues 2165* (US), Smith 4356 (MO!)
Depts.: CU, SM

Sphyrospermum buxifolium Poeppig & Endlicher
Ref. FP 13(5/1) 1959: 63.
Epiphytic shrub. Andean I-II: disturbed areas. 500-2000 m.
Voucher: Poeppig s.n.* (P), Smith 4350 (MO!)
Depts.: AY, HU, JU, PA, SM

Sphyrospermum cordifolium Bentham
Syn. *Sphyrospermum majus* Grisebach
Ref. FP 13(5/1) 1959: 63.
Epiphytic shrub. Andean II: disturbed areas, elfin forests. 1500-3000 m.
Voucher: Smith 2780 (MO!)
Depts.: AM, CA, HU, JU, PA, PU, SM

Sphyrospermum longifolium Poeppig & Endlicher
Ref. FP 13(5/1) 1959: 64.
Epiphytic shrub.
Voucher: Poeppig s.n.* (W)
Depts.: HU, JU

Sphyrospermum majus Grisebach =Sphyrospermum cordifolium Bentham
Ref. FP 13(5/1) 1959: 63.

Sphyrospermum myrtifolium Hooker =Vaccinium sphyrospermoides Sleumer
Ref. FP 13(5/1) 1959: 64; Sleumer, 1936: 137.

Sphyrospermum sessiliflorum Luteyn
Ref. Luteyn, pers. comm.
Epiphytic shrub.
Note: Not reconfirmed.

Sphyrospermum weberbaueri (Hoerold) A. C. Smith
Syn. *Sophoclesia weberbaueri* Hoerold
Ref. FP 13(5/1) 1959: 65.
Endemic epiphytic shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 2122*, Macbride 4121 (F)
Depts.: HU, JU

Themistoclesia buxifolia (Fielding & Gardner) Klotzsch =Demosthenesia buxifolia (Fielding & Gardner) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Themistoclesia caudata Sleumer =Diogenesia caudatum (Sleumer) Sleumer
Ref. FP 13(5/1) 1959: 67; Sleumer, 1978: 257.

Themistoclesia cutucuensis A. C. Smith
Ref. Luteyn, pers. comm.
Epiphytic shrub.
Note: Not reconfirmed.

[Themistoclesia mucronata (Bentham) Sleumer]
Syn. *Anthopterus mucronatus* Bentham, *Themistoclesia pittieri* Sleumer, *Vaccinium benthamianum* A. C. Smith
Ref. FP 13(5/1) 1959: 66.
Note: Not known from Peru.

Themistoclesia peruviana A. C. Smith
Ref. FP 13(5/1) 1959: 66.
Endemic shrub. Andean II: grasslands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride & Featherstone 4964* (F)
Depts.: HU

[*Themistoclesia pittieri* Sleumer =Themistoclesia mucronata (Bentham) Sleumer]
Ref. FP 13(5/1) 1959: 66.
Note: Not known from Peru.

Thibaudia acuminata Dunal, nom. illeg. =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 112.

Thibaudia acuminata Hooker =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 140.

[*Thibaudia alata* Dunal =Thibaudia caulialata R. & P.]
Ref. FP 13(5/1) 1959: 115; Luteyn, 1983: 269.

Thibaudia angustifolia Hooker
Syn. *Eurygania angustifolia* (Hooker) Klotzsch, *Thibaudia weberbaueri* Hoerold
Ref. FP 13(5/1) 1959: 102.
Shrub. Andean II: grasslands. 2000-2500 m.
Voucher: Mathews 1443* (K), Wurdack 1369 (MO!)
Depts.: AM, CA

Thibaudia apophysata Hoerold
Ref. FP 13(5/1) 1959: 103.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2071* (MOL!)
Depts.: JU

Thibaudia bicolor R. & P. ex Dunal =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Thibaudia biflora (Poeppig & Endlicher) Hoerold
Syn. *Ceratostema biflorum* Poeppig & Endlicher, *Eurygania biflora* (Poeppig & Endlicher) Bentham & Hooker f.
Ref. FP 13(5/1) 1959: 103.
Shrub.
Voucher: Poeppig 1350*
Depts.: HU, JU, SM

Thibaudia boliviensis (Kuntze) Hoerold =Thibaudia crenulata E. J. Remy
Ref. FP 13(5/1) 1959: 104.

Thibaudia bracteata R. & P. ex A. St. Hilaire =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 137.

Thibaudia cardiophylla Sleumer
Ref. FP 13(5/1) 1959: 104.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3588* (B destroyed)
Depts.: HU

[Thibaudia caulialata R. & P.]
Syn. *Cavendishia alata* (Dunal) Hoerold, *Cavendishia caulialata* (R. & P.) A. C. Smith, *Proclesia alata* (Dunal) Klotzsch, *Thibaudia alata* Dunal
Ref. FP 13(5/1) 1959: 115; Luteyn, 1983: 269.
Note: Listed as a doubtful species by Luteyn (1989).

Thibaudia coarctata R. & P. =Psammisia coarctata (R. & P.) A. C. Smith
Ref. FP 13(5/1) 1959: 95.

Thibaudia crenulata E. J. Remy
Syn. *Hornemannia boliviensis* Kuntze, *Thibaudia boliviensis* (Kuntze) Hoerold, *Thibaudia neo-herrerae* Sleumer
Ref. FP 13(5/1) 1959: 104.
Shrub. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Vargas 11111
Depts.: CU, HU

Thibaudia croatii Luteyn
Ref. Luteyn, 1977: 180.
Endemic hemiepiphyte. Andean II: forests, rocky slopes. 1500-2000 m.
Voucher: Croat 21089* (NY), Schunke 9391 (MO!)
Depts.: HU

[Thibaudia eupatensis Huber]
Ref. FP 13(5/1) 1959: 105.
Note: Not known from Peru.

Thibaudia diphylla Dunal
Syn. *Eurygania ovata* Hooker f., *Thibaudia graebneriana* Hoerold, *Thibaudia leucostoma* (Lindley) Sleumer, *Thibaudia ovata* (Hooker f.) Hoerold, *Vaccinium leucostomum* Lindley
Ref. FP 13(5/1) 1959: 105.
Shrub. Andean II. 2000-3000 m.
Voucher: Weberbauer 2436
Depts.: JU

Thibaudia dudleyi Luteyn var. **dudleyi**
Ref. Luteyn, 1978: 428.
Endemic subshrub. Andean II: cloud forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Dudley 10750* (NA, USM)
Depts.: CU

Thibaudia dudleyi var. **pseudostellata** Luteyn
Ref. Luteyn, 1978: 430.
Endemic subshrub. Andean II: cloud forests. 2000-2500 m.
Voucher: Madison 10364-70* (F), Dudley 12065 (NA, USM)
Depts.: AY

Thibaudia elliptica R. & P. =Siphonandra elliptica (R. & P.) Klotzsch
Ref. FP 13(5/1) 1959: 83.

Thibaudia engleriana Hoerold
Ref. FP 13(5/1) 1959: 106.
Endemic shrub. Andean II: shrublands. 3000-3500 m.
Voucher: Weberbauer 2055*, Stein *et al.* 3825 (MO!)
Depts.: JU

Thibaudia floribunda H.B.K. var. **floribunda**
Syn. *Thibaudia floribunda* H.B.K. var. *pichinchensis* (Bentham) J. F. Macbride, *Thibaudia pichinchensis* Bentham
Ref. FP 13(5/1) 1959: 106; Luteyn, pers. comm.
Shrub or tree. Andean II: elfin forests. 2000-3000 m.
Voucher: Smith 7769 (MO!)
Depts.: CU, HU, PA, SM

Thibaudia floribunda var. *pichinchensis* (Bentham) J. F. Macbride =Thibaudia floribunda H.B.K. var. floribunda
Ref. FP 13(5/1) 1959: 107; Luteyn, pers. comm.

Thibaudia graebneriana Hoerold =Thibaudia diphylla Dunal
Ref.FP 13(5/1) 1959: 105.

Thibaudia harmsiana Hoerold
Ref. FP 13(5/1) 1959: 107.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3542*
Depts.: HU

Thibaudia herrerae A. C. Smith
Ref. FP 13(5/1) 1959: 107.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Herrera 1384* (US)
Depts.: CU

Thibaudia laxa A. C. Smith =Diogenesia laxa (A. C. Smith) Sleumer
Ref. FP 13(5/1) 1959: 67; Sleumer, 1978: 256.

Thibaudia leucostoma (Lindley) Sleumer =Thibaudia diphylla Dunal
Ref. FP 13(5/1) 1959: 105.

Thibaudia martii Meissner =Cavendishia martii (Meissner) A. C. Smith
Ref. FP 13(5/1) 1959: 116; Luteyn, 1983: 80.

Thibaudia mellifera R. & P. ex A. St. Hilaire
Ref. FP 13(5/1) 1959: 108.
Shrub. Andean II: shrublands. 2500-3000 m.
Voucher: Maas *et al.* 6112 (MO!)
Depts.: JU, PU

[Thibaudia melliflora R. & P., nom. nud.]
Syn. *Eurygania multiflora* Klotzsch
Ref. FP 13(5/1) 1959: 108; Luteyn, pers. comm.

Thibaudia microphylla Lindley =Demosthenesia buxifolia (Fielding & Gardner) A. C. Smith
Ref. FP 13(5/1) 1959: 88.

Thibaudia moricandii Dunal var. **moricandii**
Ref. FP 13(5/1) 1959: 108.
Endemic shrub.
Voucher: Mathews 3041 p.p.* (K)
Depts.: AM, HU

Thibaudia moricandii var. **phyllireifolia** (Dunal) J. F. Macbride
Syn. *Eurygania phyllireifolia* (Dunal) Bentham & Hooker f., *Thibaudia phyllireifolia* Dunal
Ref. FP 13(5/1) 1959: 109.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Mathews 3041 p.p.* (K)
Depts.: AM

Thibaudia neo-herrerae Sleumer =Thibaudia crenulata E. J. Remy
Ref. FP 13(5/1) 1959: 104.

[*Thibaudia nitida* H.B.K. =Cavendishia nitida (H.B.K.) A. C. Smith]
Ref. FP 13(5/1) 1959: 99.
Note: Not known from Peru.

Thibaudia obovata A. C. Smith
Ref. FP 13(5/1) 1959: 109.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7154* (B, destroyed, photo F)
Depts.: AM

Thibaudia octandra (Sleumer) J. F. Macbride =Diogenesia octandra Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 256.

Thibaudia ovalifolia A. C. Smith
Ref. FP 13(5/1) 1959: 109; A. C. Smith, 1932: 434.
Shrub.
Voucher: Mathews 883* (K), Maclean s.n. (K)
Depts.: AM

Thibaudia ovata (Hooker f.) Hoerold =Thibaudia diphylla Dunal
Ref. FP 13(5/1) 1959: 105.

Thibaudia panurensis Bentham ex Meissner =Satyria panurensis (Bentham ex Meissner) Bentham & Hooker f.
Ref. FP 13(5/1) 1959: 123.

Thibaudia phyllireifolia Dunal =Thibaudia moricandii var. phyllireifolia (Dunal) J. F. Macbride
Ref. FP 13(5/1) 1959: 108.

Thibaudia pichinchensis Bentham =Thibaudia floribunda var. floribunda
Ref. FP 13(5/1) 1959: 106; Luteyn, pers. comm.

Thibaudia pubescens H.B.K. =Cavendishia pubescens var. pubescens
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 179.

Thibaudia punctata R. & P. ex J. St. Hilaire =Cavendishia punctata (R. & P. ex J. St. Hilaire) Sleumer
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 84.

Thibaudia punctatifolia R. & P. ex G. Don =Cavendishia punctata (R. & P. ex J. St. Hilaire) Sleumer
Ref. FP 13(5/1) 1959: 117; Luteyn, 1983: 84.

Thibaudia racemosa (Hooker) Hoerold =Anthopterus racemosus Hooker
Ref. FP 13(5/1) 1959: 91.

Thibaudia rauhii A. C. Smith
Ref. FP 13(5/1) 1959: 109.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Rauh & Hirsch 1329* (US)
Depts.: CU

Thibaudia regularis A. C. Smith
Ref. FP 13(5/1) 1959: 110.
Endemic shrub. Andean II: rocky slopes. 2000-3000 m.

Voucher: Herrera 2004* (F), Metcalf 30544 (MO!)
Depts.: CU, PU

Thibaudia rupestris H.B.K. =Macleania rupestris (H.B.K.) A. C. Smith
Ref. FP 13(5/1) 1959: 99.

Thibaudia secundiflora Poeppig & Endlicher =Orthaea secundiflora (Poeppig & Endlicher) Klotzsch
Ref. FP 13(5/1) 1959: 122.

Thibaudia serrata Dunal =Vaccinium mathewsii Sleumer
Ref. FP 13(5/1) 1959: 78.

Thibaudia spathulata A. C. Smith
Ref. FP 13(5/1) 1959: 110.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7530* (F)
Depts.: AY

Thibaudia speciosa Bentham =Semiramisia speciosa (Bentham) Klotzsch
Ref. Luteyn, 1984: 365.

Thibaudia strobilifera H.B.K. =Cavendishia bracteata (R. & P. ex A. St. Hilaire) Hoerold
Ref. FP 13(5/1) 1959: 114; Luteyn, 1983: 137.

Thibaudia tarapotana Meissner =Cavendishia tarapotana var. tarapotana
Ref. FP 13(5/1) 1959: 113; Luteyn, 1983: 163.

Thibaudia tomentosa Hoerold
Ref. FP 13(5/1) 1959: 110.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4374* (MOL!)
Depts.: AM

Thibaudia uniflora A. C. Smith
Ref. FP 13(5/1) 1959: 111.
Endemic shrub. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Mexia 8319* (MO!)
Depts.: HU

Thibaudia urbaniana Hoerold
Ref. FP 13(5/1) 1959: 111.
Endemic shrub. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 4449* (B), Woytkowski 8024 (MO!)
Depts.: AM

Thibaudia weberbaueri Hoerold =Thibaudia angustifolia Hooker
Ref. FP 13(5/1) 1959: 102.

Vacciniopsis ovata Rusby =Disterigma ovatum (Rusby) Blake
Ref. FP 13(5/1) 1959: 71.

Vaccinium acuminatum H.B.K. =Disterigma acuminatum (H.B.K.) Niedenzu
Ref. FP 13(5/1) 1959: 69.

Vaccinium alaternoides H.B.K. =Disterigma alaternoides (H.B.K.) Niedenzu
Ref. FP 13(5/1) 1959: 70.

Vaccinium amicorum Sleumer =Demosthenesia amicorum (Sleumer) Sleumer
Ref. FP 13(5/1) 1959: 87.

Vaccinium attenuatum Dunal =Vaccinium crenatum (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 75.

[*Vaccinium benthamianum* A. C. Smith =Themistoclesia mucronata (Bentham) Sleumer]
Ref. FP 13(5/1) 1959: 66.
Note: Not known from Peru.

Vaccinium corymbodendron R. & P. ex Dunal
Syn. *Metagonia corymbodendron* R. & P. ex Nuttall
Ref. FP 13(5/1) 1959: 75.
Herb. Andean II. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Vaccinium crenatum (G. Don) Sleumer
Syn. *Gaylussacia crenata* G. Don, *Vaccinium attenuatum* Dunal, *Vaccinium reclinatum* Niedenzu, *Vaccinium reflexum* Hooker f., *Vaccinium secundum* Klotzsch
Ref. FP 13(5/1) 1959: 75.
Shrub. Andean II-III: grasslands. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Smith 7748 (MO!)
Depts.: AM, CA, JU, PA, PI

Vaccinium crenulatum Dunal =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium dependens (G. Don) Sleumer
Syn. *Disterigma terniflorum* (Dunal) Niedenzu, *Gaylussacia dependens* G. Don, *Metagonia terniflora* (Dunal) Nuttall, *Vaccinium terniflorum* Dunal
Ref. FP 13(5/1) 1959: 76.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Weberbauer 6703 (MOL!)
Depts.: HU, JU

Vaccinium didymanthum Dunal
Syn. *Metagonia didymantha* (Dunal) Nuttall
Ref. FP 13(5/1) 1959: 77.
Endemic herb or shrub. Andean II: cloud forests. 2500-3500 m.
Voucher: Mathews s.n.* (K), Luteyn & Lebrón-Luteyn
Depts.: AM, AY, CA

Vaccinium elvirae Luteyn
Ref. Luteyn, 1987a: 129.
Endemic shrub. Andean II: elfin forests. 2500-3500 m.
Voucher: Luteyn & Cotton 11381* (MO!), Boeke 2072 (F, USM)
Depts.: AM

Vaccinium empetrifolium H.B.K. =Disterigma empetrifolium (H.B.K.) Drude
Ref. FP 13(5/1) 1959: 70.

Vaccinium floribundum H.B.K.
Syn. *Vaccinium crenulatum* Dunal, *Vaccinium floribundum* var. *marginatum* (Dunal) Sleumer, *Vaccinium floribundum* var. *ramosissimum* (Dunal) Sleumer, *Vaccinium floribundum* var. *tatei* (Rusby) Sleumer, *Vaccinium marginatum* Dunal, *Vaccinium ramosissimum* Dunal, *Vaccinium tatei* Rusby
Ref. FP 13(5/1) 1959: 77.
Shrub. Andean II-III: disturbed areas, elfin forests, grasslands. 2500-4000 m.
Voucher: Barbour 3192 (MO!)
Depts.: AM, AN, AP, CA, CU, HU, JU, LA, LL, PA, PI, PU, SM

Vaccinium floribundum var. *marginatum* (Dunal) Sleumer =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium floribundum var. *ramosissimum* (Dunal) Sleumer =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium floribundum var. *tatei* (Rusby) Sleumer =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium humboldtii Klotzsch =Disterigma humboldtii (Klotzsch) Niedenzu
Ref. Wilbur & Luteyn, 1978: 78

Vaccinium incarum Sleumer =Diogenesia laxa (A. C. Smith) Sleumer
Ref. FP 13(5/1) 1959: 67.

Vaccinium laxum (A. C. Smith) A. C. Smith & Camp =Diogenesia laxa (A. C. Smith) Sleumer
Ref. FP 13(5/1) 1959: 67; Sleumer, 1978: 256.

Vaccinium leucostomum Lindley =Thibaudia diphylla Dunal
Ref. FP 13(5/1) 1959: 105.

Vaccinium marginatum Dunal =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium mathewsii Sleumer
Syn. *Thibaudia serrata* Dunal, *Vaccinium serratum* (Dunal) Sleumer, nom. illeg.
Ref. FP 13(5/1) 1959: 78.
Endemic shrub. Andean II: shrublands. 2000-2500 m.

Voucher: Mathews s.n.* (G), Hutchison & Wright 4489 (MO!)
Depts.: AM

Vaccinium octandrum (Sleumer) Sleumer =Diogenesia octandra Sleumer
Ref. FP 13(5/1) 1959: 68; Sleumer, 1978: 256.

Vaccinium pernettyoides Grisebach ex Weddell =Disterigma pernettyoides (Grisebach ex Weddell) Niedenzu
Ref. FP 13(5/1) 1959: 71.

Vaccinium pseudocaracasanum Sleumer
Ref. FP 13(5/1) 1959: 78.
Endemic shrub. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4347* (B, destroyed)
Depts.: AM

Vaccinium ramosissimum Dunal =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium reclinatum Niedenzu =Vaccinium crenatum (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 75.

Vaccinium reflexum Hooker f. =Vaccinium crenatum (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 75.

Vaccinium secundum Klotzsch =Vaccinium crenatum (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 75.

Vaccinium serratum (Dunal) Sleumer, nom. illeg. =Vaccinium mathewsii Sleumer
Ref. FP 13(5/1) 1959: 78.

Vaccinium sphyrospermoides Sleumer
Syn. *Sphyrospermum myrtifolium* Hooker
Ref. FP 13(5/1) 1959: 64.
Herb. Andean II: forests. 2000-2500 m.
Voucher: Hutchison & Wright 6909 (MO)
Depts.: AM

Vaccinium tatei Rusby =Vaccinium floribundum H.B.K.
Ref. FP 13(5/1) 1959: 77.

Vaccinium terniflorum Dunal =Vaccinium dependens (G. Don) Sleumer
Ref. FP 13(5/1) 1959: 76.

Eriocaulaceae

5 genera and 19 species in Peru.

Endemic species: 4.

Prepared by L. Brako (MO); reviewed by N. Hensold (F).

Eriocaulon bifidum Schrader =Paepalanthus bifidus (Schrader) Kunth
Ref. FP 13(1/3) 1936: 491; Moldenke, 1959: 286.

Eriocaulon brachypus van Heurck & Muell. Arg. =Eriocaulon microcephalum H.B.K.
Ref. FP 13(1/3) 1936: 489; Moldenke, 1959: 286.

Eriocaulon caulescens Poiret =Syngonanthus caulescens (Poiret) Ruhland
Ref. FP 13(1/3) 1936: 491; Moldenke & Smith, 1976: 89.

Eriocaulon dendroides H.B.K. =Paepalanthus pilosus (H.B.K.) Kunth
Ref. FP 13(1/3) 1936: 492; Moldenke, 1959: 287.

Eriocaulon ensifolium H.B.K. =Paepalanthus ensifolius (H.B.K.) Kunth
Ref. FP 13(1/3) 1936: 491; Moldenke, 1959: 287.

Eriocaulon flavescens Bongard =Leiothrix flavescens (Bongard) Ruhland
Ref. FP 13(1/3) 1936: 492; Giulietti & Hensold, 1991: 45.

Eriocaulon melanocephalum Kunth
Aquatic herb. Amazonian. 0-500 m.
Voucher: Gentry & Núñez 69772 (MO!)
Depts.: MD

Eriocaulon microcephalum H.B.K.
Syn. *Eriocaulon brachypus* van Heurck & Muell. Arg.
Ref. FP 13(1/3) 1936: 489; Moldenke, 1979a: 426.
Herb. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Woytkowski 34117 (MO!)
Depts.: CA, CU, HU, JU, SM

Eriocaulon nitens Bongard =Syngonanthus nitens (Bongard) Ruhland
Ref. FP 13(1/3) 1936: 492; Moldenke, 1959: 290.

Eriocaulon peruvianum Ruhland
Ref. FP 13(1/3) 1936: 490; Moldenke, 1980f: 133.
Endemic herb. Andean II: bogs, grasslands. 2000-2500 m.
Voucher: Mathews s.n.* (BR photo F!), Wurdack 514 (F!)
Depts.: AM

Eriocaulon pilosum H.B.K. =Paepalanthus pilosus (H.B.K.) Kunth
Ref. FP 13(1/3) 1936: 492; Moldenke, 1959: 291.

Eriocaulon planifolium Bongard =Paepalanthus planifolius (Bongard) Koernicke
Ref. FP 13(1/3) 1936: 493; Moldenke & Smith, 1976: 66.

Leiothrix flavescens (Bongard) Ruhland
Syn. *Eriocaulon flavescens* Bongard, *Paepalanthus flavescens* (Bongard) Koernicke
Ref. FP 13(1/3) 1936: 492; Giulietti & Hensold, 1991: 45.
Herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Wurdack 583 (US)
Depts.: AM, PA, PU

Paepalanthus bifidus (Schrader) Kunth
Syn. *Eriocaulon bifidum* Schrader
Ref. FP 13(1/3) 1936: 491; Moldenke, 1977c: 33.
Herb. Andean I: shrublands. 500-1500 m.
Note: Known from Peru only from this collection.
Voucher: Weberbauer 4607 (MOL!)
Depts.: SM

Paepalanthus caulescens (Poiret) Kunth =Syngonanthus caulescens (Poiret) Ruhland
Ref. FP 13(1/3) 1936: 491; Moldenke & Smith, 1976: 89.

Paepalanthus crassicaulis Koernicke
Ref. Moldenke, 1979b: 478.
Herb. Andean II: disturbed areas, forests on white sand, rocky slopes. 3000-3500 m.
Voucher: Hutchison & Wright 5541 (MO!)
Depts.: AM

Paepalanthus dichotomus Klotzsch ex Koernicke var. **glabrescens** Moldenke
Ref. Moldenke, 1963e: 187.
Endemic herb. Andean II: disturbed areas. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1388* (US)
Depts.: AM

Paepalanthus ensifolius (H.B.K.) Kunth
Syn. *Eriocaulon ensifolium* H.B.K.
Ref. FP 13(1/3) 1936: 491; Moldenke, 1979b: 479.
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Woytkowski 34070 (MO!)
Depts.: HU, SM

Paepalanthus ferreyrae Moldenke
Syn. *Paepalanthus wurdacki* Moldenke
Ref. Moldenke, 1950: 273.
Endemic herb. Andean II: rocky slopes. 2000-3000 m.
Voucher: Ferreyra 809* (NY), Wurdack 1081 (US)
Depts.: AM, CA

Paepalanthus flavescens (Bongard) Koernicke =Leiothrix flavescens (Bongard) Ruhland
Ref. FP 13(1/3) 1936: 492; Giulietti & Hensold, 1991: 45.

Paepalanthus nitens (Bongard) Kunth =Syngonanthus nitens (Bongard) Ruhland
Ref. FP 13(1/3) 1936: 492; Moldenke, 1959: 326.

Paepalanthus peruvianus (Ruhland) J. F. Macbride =Syngonanthus peruvianus Ruhland
Ref. FP 13(1/3) 1936: 492; Moldenke, 1959: 327.

Paepalanthus pilosus (H.B.K.) Kunth
Syn. *Eriocaulon dendroides* H.B.K., *Eriocaulon pilosum* H.B.K.
Ref. FP 13(1/3) 1936: 492; Moldenke, 1979c: 30.
Herb. Andean II-III: disturbed areas, grasslands, seasonally inundated areas. 1500-4000 m.
Voucher: León & Young 1597 (MO!)
Depts.: AM, CU, HU, MO, PU, SM

Paepalanthus planifolius (Bongard) Koernicke
Syn. *Eriocaulon planifolium* Bongard
Ref. FP 13(1/3) 1936: 493; Moldenke & Smith, 1976: 66.
Herb. Amazonian, Andean I-II: shrublands. 0-2500 m.
Voucher: Smith & Canne 5892 (MO!)
Depts.: AM, CA, HU, PA

Paepalanthus polytrichoides Kunth
Ref. FP 13(1/3) 1936: 493.
Note: The negative number cited by Macbride in the Flora of Peru is incorrect; it applies to a Poeppig collection from Brazil.
Voucher: Henschel s.n. (B)
Depts.: Without full locality data.

Paepalanthus stuebelianus Ruhland
Ref. FP 13(1/3) 1936: 493; Moldenke, 1979c: 34.
Herb. Andean II: bogs, forests on white sand, grasslands. 1500-3000 m.
Voucher: Sagástegui *et al.* 10225 (MO!)
Depts.: AM, PI, SM

Paepalanthus weberbaueri Ruhland
Ref. FP 13(1/3) 1936: 493
Endemic herb. Andean I. 1500-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1152* (B photo MO!), Weberbauer 1326 (frag. F!)
Depts.: PU

Paepalanthus wurdackii Moldenke =Paepalanthus ferreyrae Moldenke
Ref. Moldenke, 1963e: 187; Hensold, pers. comm.

Syngonanthus caulescens (Poiret) Ruhland
Syn. *Eriocaulon caulescens* Poiret, *Paepalanthus caulescens* (Poiret) Kunth
Ref. FP 13(1/3) 1936: 491; Moldenke & Smith, 1976: 88.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Klug 2866 (F!)
Depts.: LO, SM

Syngonanthus densiflorus Ruhland
Ref. Hensold, pers. comm.
Herb. Amazonian: savannas. 0-500 m.
Voucher: Albán & Foster 7004 (F!, USM)
Depts.: MD

Syngonanthus nitens (Bongard) Ruhland
Syn. *Eriocaulon nitens* Bongard, *Paepalanthus nitens* (Bongard) Kunth
Ref. FP 13(1/3) 1936: 492; Moldenke, 1979d: 203.
Herb. Andean II. 2000-2500 m.
Note: Known from Peru only from this collection.
Voucher: Weberbauer 4328 (MOL!)
Depts.: AM

Syngonanthus peruvianus Ruhland
Syn. *Paepalanthus peruvianus* (Ruhland) J. F. Macbride
Ref. FP 13(1/3) 1936: 492; Moldenke, 1979d: 204.
Herb. Andean II: bogs, seasonally inundated areas, shrublands. 2000-3000 m.
Voucher: Stuebel 19b* (B photo F!), Hutchison & Wright 5556 (MO!)
Depts.: AM, SM

Tonina fluviatilis Aublet
Ref. FP 13(1/3) 1936: 494; Moldenke, 1979d: 208.
Herb. Amazonian, Andean I: disturbed areas, forests on white sand. 0-1000 m.
Voucher: Davidson 3644 (MO!)
Depts.: LO, SM

Erythroxylaceae

1 genus and 26 species in Peru.

Endemic species: 3.

Prepared by C. J. Niezgoda (F) and J. L. Zarucchi based on research materials of the late T. C. Plowman (F).

Erythroxylum acuminatum R. & P. =Erythroxylum patens Ruiz ex O. Schulz
Ref. FP 13(3/2) 1949: 635; Plowman, 1989: 23.

Erythroxylum acutifolium Peyritsch =Erythroxylum citrifolium St. Hilaire
Ref. Plowman, 1989: 7.

[Erythroxylum amazonicum Peyritsch]
Ref. FP 13(3/2) 1949: 636.
Note: Not known from Peru. Plowman (1984: 136) earlier indicated a Peruvian distribution for this species.

Erythroxylum amplum Bentham
Ref. FP 13(3/2) 1949: 636; Plowman, 1989: 17.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Klug 82 (F)
Depts.: HU, LO

Erythroxylum anguifugum C. Martius
Syn. *Erythroxylum luculentum* J. F. Macbride
Ref. FP 13(3A/2) 1949: 642; Plowman, 1984: 136.
Tree. Amazonian: riversides. 0-500 m.
Note: Not reconfirmed. Determination tentative.
Voucher: Revilla 509 (MO!)
Depts.: LO

Erythroxylum chilpei E. Machado =Erythroxylum coca var. coca
Ref. Plowman, 1989: 8.

Erythroxylum cienaguense E. Machado =Erythroxylum glaucum O. Schulz
Ref. Plowman, 1989: 11.

Erythroxylum citrifolium St. Hilaire
Syn. *Erythroxylum acutifolium* Peyritsch, *Erythroxylum paraense* Peyritsch
Ref. Plowman, 1989: 7.
Shrub or tree. Amazonian, Andean I: riversides, seasonally inundated areas. 0-1500 m.
Voucher: Gentry *et al.* 22220 (MO!)
Depts.: AM, JU, LO, PA, SM

Erythroxylum coca Lamarck var. **coca**
Syn. *Erytroxylum chilpei* E. Machado
Ref. FP 13(3/2) 1949: 637; Plowman, 1989: 8.
Cultivated shrub. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Note: Specimens cited in the Flora of Peru are not determined to variety.
Voucher: Núñez & Walsh 6380 (MO!)
Depts.: AM, AY, CU, HU, JU, PU, SM

Erythroxylum coca var. **ipadu** Plowman
Ref. Plowman, 1979: 49.
Cultivated shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Plowman *et al.* 6663* (MO!)
Depts.: LO

Erythroxylum comosum O. Schulz =Erythroxylum mucronatum Bentham
Ref. FP 13(3/2) 1949: 638; Plowman, 1989: 20.

Erythroxylum deciduum St. Hilaire
Ref. FP 13(3/2) 1949: 638.
Tree. Andean II: disturbed. 1500-2000 m.
Voucher: Smith 3085 (F)
Depts.: PA

Erythroxylum fimbriatum Peyritsch
Ref. FP 13(3/2) 1949: 639; Plowman, 1989: 10.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Revilla 2132 (MO!)
Depts.: AM, HU, LO, PA, SM

Erythroxylum floribundum C. Martius =Erythroxylum macrophyllum var. macrophyllum
Ref. FP 13(3/2) 1949: 639; Plowman, 1989: 17.

Erythroxylum glaucum O. Schulz
Syn. *Erythroxylum cienaguense* E. Machado
Ref. Plowman, 1989: 11.
Shrub or tree. Coastal: disturbed, riversides. 0-500 m.
Voucher: Gentry & Díaz 58195 (MO!)
Depts.: TU

Erythroxylum gracilipes Peyritsch
Ref. FP 13(3/2) 1949: 640; Plowman, 1989: 12.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Croat 18428 (MO!)
Depts.: HU, LO, MD

Erythroxylum hardinii E. Machado
=Erythroxylum novogranatense var. truxillense (Rusby) Plowman
Ref. Plowman, 1989: 21.

Erythroxylum hondense H.B.K.
Ref. FP 13(3/2) 1949: 641; Plowman, 1989: 14.
Shrub.
Voucher: Poeppig 1336 (F!)
Depts.: HU

Erythroxylum loretense Plowman
Ref. Plowman, 1988: 421.
Shrub or tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Encarnación 1075* (US), Rimachi 2668 (MO!)
Depts.: LO

Erythroxylum lucidum H.B.K.
=Erythroxylum macrophyllum var. macrophyllum Cavanilles
Ref. FP 13(3/2) 1949: 641; Plowman, 1989: 17.

Erythroxylum luculentum J. F. Macbride
=Erythroxylum anguifugum C. Martius
Ref. FP 13(3/2) 1949: 642; Plowman, 1984: 137.

Erythroxylum macrocnemium C. Martius
=Erythroxylum macrophyllum var. macrocnemium (C. Martius) Plowman
Ref. FP 13(3/2) 1949: 642; Plowman, 1988: 429.

Erythroxylum macrophyllum Cavanilles var. **macrocnemium** (C. Martius) Plowman
Syn. *Erythroxylum macrocnemium* C. Martius
Ref. Plowman, 1988: 429.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Poeppig 46* (W), Schunke 10941 (MO!)
Depts.: AM, HU, LO, PA, SM

Erythroxylum macrophyllum var. **macrophyllum**
Syn. *Erythroxylum floribundum* C. Martius, *Erythroxylum lucidum* H.B.K.
Ref. FP 13(3/2) 1949: 643; Plowman, 1989: 17.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 6579 (MO!)
Depts.: HU, LO, PA

Erythroxylum mamacoca C. Martius
Ref. FP 13(3/2) 1949: 643.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 9438B (MO!)
Depts.: HU, LO

Erythroxylum mucronatum Bentham
Syn. *Erythroxylum comosum* O. Schulz
Ref. Plowman, 1989: 20.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Huashikat 1936 (MO!)
Depts.: AM, HU, JU, LO, MD, SM

Erythroxylum novogranatense Rusby var. **novogranatense**
Ref. Plowman, 1991: 35.
Cultivated shrub. Andean I, Coastal: 0-1500 m.
Voucher: Young 1204 (F)
Depts.: LI, LL

Erythroxylum novogranatense var. **truxillense** (Rusby) Plowman
Syn. *Erythroxylum hardinii* E. Machado, *Erythroxylum truxillense* Rusby
Ref. Plowman, 1989: 21.
Cultivated shrub or tree. Andean I-II, Coastal: disturbed areas, forests. 500-2000 m.
Voucher: López & Sagástegui 7999 (MO!)
Depts.: AM, CA, HU, LI, LL, SM

Erythroxylum pacificum D. Simpson
Ref. Plowman, 1989: 23.
Endemic tree. Coastal: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Canales 17* (MO!)
Depts.: TU

Erythroxylum paraense Peyritsch
=Erythroxylum citrifolium St. Hilaire
Ref. FP 13(3/2) 1949: 644; Plowman, 1989: 7.

Erythroxylum patens Ruiz ex O. Schulz
Syn. *Erythroxylum acuminatum* R. & P.
Ref. FP 13(3/2) 1949: 635; Plowman, 1989: 23.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz s.n.* (B photo F), Gentry *et al.* 37845 (MO!)
Depts.: HU, MD, SM, TU

Erythroxylum raimondii O. Schulz
Ref. FP 13(3/2) 1949: 645.
Shrub or tree. Andean I-II: forests. 1000-2000 m.
Voucher: Núñez *et al.* 8238 (MO!)
Depts.: CU

Erythroxylum ruizii Peyritsch
Ref. Plowman, 1989: 25.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Rimachi 2668 (MO!)
Depts.: LO

Erythroxylum ruryi Plowman
Ref. Plowman, 1988: 426.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Foster 11372 (MO!)
Depts.: CU, MD

Erythroxylum schunkei Plowman
Ref. Plowman, 1984: 127, 141.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 2188* (F), Schunke 1192 (F)
Depts.: HU

Erythroxylum shatona J. F. Macbride
Ref. FP 13(3/2) 1949: 645.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Williams 6212* (F), Schunke 9786 (MO!)
Depts.: AM, SM

Erythroxylum spruceanum Peyritsch
Ref. Plowman, 1984: 141.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8061 (F)
Depts.: LO

Erythroxylum squamatum Swartz
Ref. Plowman, 1989: 27.
Tree. Andean I-II: forests. 500-2000 m.
Voucher: Smith *et al.* 5452 (MO!)
Depts.: LO, PA

Erythroxylum subracemosum Turczaninow
Ref. Plowman, 1984: 142
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry *et al.* 37808 (MO!)
Depts.: SM

Erythroxylum tessmannii O. Schulz
=Erythroxylum ulei O. Schulz
Ref. FP 13(3/2) 1949: 646; Plowman, 1989: 28.

Erythroxylum truxillense Rusby
=Erythroxylum novogranatense var. truxillense (Rusby) Plowman
Ref. Plowman, 1989: 21.

Erythroxylum ulei O. Schulz
Syn. *Erythroxylum tessmannii* O. Schulz
Ref. FP 13(3/2) 1949: 646; Plowman, 1989: 28.
Cultivated shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ule 6346* (K), Woytkowski 1599 (MO!)
Depts.: AY, CU, HU, JU, LI, LO, MD, SM, UC

Erythroxylum vasquezii Plowman
Ref. Plowman, 1988: 424.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez 4195* (MO!), Gentry *et al.* 37808 (MO!)
Depts.: LO, SM

Euphorbiaceae

57 genera and 305 species in Peru.

Endemic species: 88.

Prepared by L. Brako; reviewed by G. L. Webster (DAV) and M. J. Huft (F).

Acalypha alopecuroides Jacquin
Ref. FP 13(3A/1) 1951: 125.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 4402 (F)
Depts.: LO, SM

Acalypha amentacea Roxburgh subsp. **wilkesiana** (Muell. Arg.) Fosberg
Syn. *Acalypha wilkesiana* Muell. Arg.
Ref. Fosberg & Sachet, 1980: 10.
Cultivated shrub. Disturbed areas.
Voucher: Williams 2010 (F)
Depts.: Without locality data.

Acalypha argomuelleri Briquet
Syn. *Acalypha buddleifolia* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 125.
Shrub. Andean II. 1500-3000 m.
Voucher: Mathews s.n.*, Hutchison & Wright 5395 (MO!)
Depts.: AM, AN, CA

Acalypha aristata H.B.K.
Herb. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Chrostowski 70-41 (MO!)
Depts.: LO, SM

Acalypha aronioides Pax & Hoffmann
Syn. *Acalypha divaricata* Muell. Arg.
Ref. FP 13(3A/1) 1951: 125; Herrera, 1941: 289.
Endemic shrub. Andean II-III: forests, rocky slopes. 1500- > 4500 m.
Voucher: Weberbauer 836* (USM), Herrera 2103
Depts.: AP, AY, CU, PU

Acalypha arvensis Poeppig
Ref. FP 13(3A/1) 1951: 126.
Herb. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2215* (W photo F!), Rimachi 8382 (MO!)
Depts.: LO, SM

Acalypha baenitzii Pax =Acalypha stenoloba Muell. Arg.
Ref. FP 13(3A/1) 1951: 141.

Acalypha benensis Britton
Syn. *Acalypha tomentosula* Ule
Ref. FP 13(3A/1) 1951: 127.
Shrub. Amazonian, Andean I-II. 0-2000 m.
Voucher: McDaniel 10825 (DAV)
Depts.: CU, HU, LO, MD, SM

Acalypha brachyclada Muell. Arg.
Ref. FP 13(3A/1) 1951: 127.
Note: Not reconfirmed. The type, *Ruiz & Pavón s.n.* (G-DC), is questionably from Peru.

Acalypha buddleifolia Pax & Hoffmann =Acalypha argomuelleri Briquet
Ref. FP 13(3A/1) 1951: 125.

Acalypha bullata Muell. Arg.
Ref. FP 13(3A/1) 1951: 128.
Endemic shrub. Andean II-III: forests. 2000- > 4500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Wurdack 828 (DAV)
Depts.: CU

Acalypha capillaris Rusby =Acalypha stenoloba Muell. Arg.
Ref. FP 13(3A/1) 1951: 141.

Acalypha contermina Muell. Arg.
Ref. FP 13(3A/1) 1951: 128.
Endemic shrub.
Voucher: Ruiz & Pavón s.n.* (G photo F!)
Depts.: Without full locality data.

[*Acalypha cordifolia* Grisebach =Acalypha plicata Muell. Arg.]
Ref. FP 13(3A/1) 1951: 137.
Note: Not known from Peru.

Acalypha cuneata Poeppig
Syn. *Acalypha obovata* Bentham
Ref. FP 13(3A/1) 1951: 135; Webster & Huft, 1988: 1104.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig s.n.* (B), Gentry 54607 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM

Acalypha dictyoneura Muell. Arg. var. **dictyoneura**
Ref. FP 13(3A/1) 1951: 128.
Shrub. Andean II: forests. 2000-2500 m.
Voucher: Mathews s.n.*, Ellenberg 36946 (DAV)
Depts.: AM, CA

Acalypha dictyoneura var. **reducta** (Muell. Arg.) J. F. Macbride
Syn. *Acalypha reducta* Muell. Arg.
Ref. FP 13(3A/1) 1951: 129.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (B)
Depts.: Without full locality data.

Acalypha divaricata Muell. Arg. =Acalypha aronioides Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 125.

Acalypha diversifolia Jacquin
Syn. *Acalypha microgyne* Poeppig
Ref. FP 13(3A/1) 1951: 129.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Young 652 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

[*Acalypha flabellifera* Rusby =Acalypha plicata Muell. Arg.]
Ref. FP 13(3A/1) 1951: 137.
Note: Not known from Peru.

Acalypha forbesii S. Moore
Ref. FP 13(3A/1) 1951: 130.
Endemic herb.
Voucher: Forbes s.n.*
Depts.: LI

Acalypha fulva I. M. Johnston
Ref. FP 13(3A/1) 1951: 130.
Endemic shrub. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 4011* (F)
Depts.: HU

Acalypha hispida Burman f.
Cultivated shrub. Amazonian. 0-500 m.
Voucher: Timaná 3702 (MO!)
Depts.: MD

Acalypha infesta Poeppig var. **infesta**
Ref. FP 13(3A/1) 1951: 131.
Shrub. Amazonian, Andean I-II: disturbed areas, riversides, rocky slopes, terra firme forests. 0-3000 m.
Voucher: Poeppig 1701* (W), Croat 57789 (MO!)
Depts.: CA, CU, HU, LI

Acalypha infesta var. **rotundifolia** (M. Vahl) Muell. Arg.
Ref. FP 13(3A/1) 1951: 131.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruíz s.n.* (B photo MO!)
Depts.: Without full locality data.

Acalypha infesta var. **stenoloba** Muell. Arg.
Ref. FP 13(3A/1) 1951: 131.
Note: Not reconfirmed.

Acalypha macbridei I. M. Johnston
Ref. FP 13(3A/1) 1951: 132.
Endemic shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Macbride 5093* (F), Schunke 850 (MO!)
Depts.: HU, JU, LO

Acalypha macrodonta Muell. Arg.
Ref. FP 13(3A/1) 1951: 132.
Endemic shrub.
Voucher: Ruiz & Pavón s.n.* (G photo MO!)
Depts.: AY

Acalypha macrophylla H.B.K. ex Poeppig =Acalypha macrostachya Jacquin
Ref. FP 13(3A/1) 1951: 133.

Acalypha macrophylla Ule, nom. illeg. =Acalypha stachyura Pax
Ref. FP 13(3A/1) 1951: 140.

Acalypha macrostachya Jacquin
Syn. *Acalypha macrophylla* H.B.K. ex Poeppig, *Acalypha sidaefolia* H.B.K., *Acalypha tarapotensis* Muell. Arg., *Acalypha tristis* Poeppig
Ref. FP 13(3A/1) 1951: 133; Herrera, 1941: 290.

Shrub. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-2500 m.
Voucher: Foster 3275 (MO!)
Depts.: CU, HU, JU, LO, MD, SM

Acalypha mapirensis Pax
Ref. FP 13(3A/1) 1951: 134.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Foster 9851 (MO!)
Depts.: AM, CU, JU, LO, MD, PU, SM

Acalypha microgyne Poeppig =Acalypha diversifolia Jacquin
Ref. FP 13(3A/1) 1951: 129.

Acalypha obovata Bentham =Acalypha cuneata Poeppig
Ref. FP 13(3A/1) 1951: 135; Webster & Huft, 1988: 1104.

Acalypha ovata Pax & Hoffmann =Acalypha stenoloba Muell. Arg.
Ref. FP 13(3A/1) 1951: 141.

Acalypha padifolia H.B.K.
Ref. FP 13(3A/1) 1951: 135.
Shrub. Andean I-II: disturbed areas. 1000-3000 m.
Voucher: Jones 9114 (MO!)
Depts.: AM, CA, JU, LA

Acalypha peruviana Muell. Arg.
Ref. FP 13(3A/1) 1951: 136.
Endemic shrub or tree. Andean II: forests. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (B photo MO!), Vargas 3425 (MO!)
Depts.: CU, HU

Acalypha platyphylla Muell. Arg.
Ref. FP 13(3A/1) 1951: 137.
Note: Not reconfirmed.

[Acalypha plicata Muell. Arg.]
Syn. *Acalypha cordifolia* Grisebach, *Acalypha flabellifera* Rusby
Ref. FP 13(3A/1) 1951: 137; Webster, pers. comm.
Note: Not known from Peru.

Acalypha reducta Muell. Arg. =Acalypha dictyoneura var. reducta (Muell. Arg.) J. F. Macbride
Ref. FP 13(3A/1) 1951: 129.

Acalypha reflexa Muell. Arg.
Ref. FP 13(3A/1) 1951: 138.
Note: Not reconfirmed. The type, *Ruiz & Pavón s.n.*, is questionably from Peru.

Acalypha ruiziana Muell. Arg.
Ref. FP 13(3A/1) 1951: 138.
Endemic shrub.
Voucher: Ruiz & Pavón s.n.* (B photo MO!)
Depts.: HU, JU

Acalypha salicifolia Muell. Arg.
Voucher: Wurdack 2433 (DAV)
Depts.: Without full locality data.

Acalypha samydifolia Poepp.
Ref. FP 13(3A/1) 1951: 139.
Shrub. Amazonian. 0-500 m.
Voucher: Poeppig 2122* (B photo MO!), Schunke 2516 (MO!)
Depts.: HU, LO, MD

Acalypha scandens Bentham
Ref. FP 13(3A/1) 1951: 140.
Shrub. Amazonian: riversides. 0-500 m.
Voucher: Gentry 29519 (MO!)
Depts.: HU, LO, MD, UC

Acalypha setosa A. Richard
Syn. *Acalypha subcastrata* J. Areschoug
Shrub. Amazonian: rocky slopes. 0-500 m.
Voucher: Díaz & Baldeón 2350 (MO!)
Depts.: CA, PI

Acalypha sidaefolia H.B.K. =Acalypha macrostachya Jacquin
Ref. FP 13(3A/1) 1951: 133.

Acalypha stachyura Pax
Syn. *Acalypha macrophylla* Ule
Ref. FP 13(3A/1) 1951: 140.
Tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Schunke 4347 (MO!)
Depts.: HU, LO, MD, SM

Acalypha stenoloba Muell. Arg.
Syn. *Acalypha baenitzii* Pax, *Acalypha capillaris* Rusby, *Acalypha ovata* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 141.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Haenke s.n.* (M photo MO!), Rimachi 4975 (MO!)
Depts.: CU, HU, JU, LO, MD, SM

Acalypha stricta Poeppig
Ref. FP 13(3A/1) 1951: 142.
Shrub. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Poeppig s.n.* (G-DC), Gentry 23590 (MO!)
Depts.: CU, HU, SM

Acalypha subandina Ule
Ref. FP 13(3A/1) 1951: 143.
Shrub. Andean I-II. 1000-2000 m.
Voucher: Ule 6840* (B photo MO!), Ellenberg 8963 (DAV)
Depts.: SM

Acalypha subbullata Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 143.
Endemic shrub. Andean I. 1000-1500 m.
Voucher: Mathews 1199* (W photo MO!)
Depts.: AY, JU

Acalypha subcastrata J. Areschoug =Acalypha setosa A. Richard
Ref. FP 13(3A/1) 1951: 143; Huft, pers. comm.

Acalypha tarapotensis Muell. Arg. =Acalypha macrostachya Jacquin
Ref. FP 13(3A/1) 1951: 133.
Note: Possibly a distinct taxon (Webster, pers. comm.).

Acalypha tenuipes Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 144.
Note: Not reconfirmed.

Acalypha tomentosula Ule =Acalypha benensis Britton
Ref. FP 13(3A/1) 1951: 127.

Acalypha tristis Poeppig =Acalypha macrostachya Jacquin
Ref. FP 13(3A/1) 1951: 133.

Acalypha villosa Jacquin
Ref. FP 13(3A/1) 1951: 144.
Shrub. Andean I: disturbed areas. 500-1500 m.
Voucher: Klug 4114 (MO!)
Depts.: AM, CU, SM

Acalypha wilkesiana Muell. Arg. =Acalypha amentacea subsp. wilkesiana (Muell. Arg.) Fosberg
Ref. FP 13(3A/1) 1951: 145; Fosberg & Sachet, 1980: 10.

Acidoton nicaraguensis (Hemsley) Webster
Syn. *Acidoton venezolanus* (Pax & Hoffman) Webster, *Cleidion nicaraguense* Hemsley, *Gitara venezolana* Pax & Hoffman
Ref. Webster, 1967a: 191.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Foster 8798 (MO!)
Depts.: HU, LO

Acidoton venezolanus (Pax & Hoffmann) Webster =Acidoton nicaraguensis (Hemsley) Webster
Ref. Webster, 1967a: 191.

Actinostemon amazonicus Pax & Hoffmann
Ref. Jablonski, 1969: 230.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Salazar 6 (MO!)
Depts.: HU, UC

Actinostemon imbricatus Mueller Arg.
Ref. FP 13(3A/1) 1951: 198.
Endemic shrub or tree.
Voucher: Poeppig 1308* (W)
Depts.: HU

Adenophaedra megalophylla Muell. Arg.
Ref. FP 13(3A/1) 1951: 155.
Tree.
Voucher: Foster & Achille 17661 (DAV)
Depts.: LO, MD

Alchornea acroneura Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 147.
Endemic shrub or tree. Andean I-II: forest. 1000-2000 m.
Voucher: Weberbauer 4552* (G photo MO!), Núñez 12009 (MO!)
Depts.: CU, SM

Alchornea acutifolia Muell. Arg.
Ref. FP 13(3A/1) 1951: 147.
Endemic shrub or tree. Andean I: disturbed areas. 500-1500 m.

Voucher: Spruce 4269* (B photo MO!), Wasshausen 869 (MO!)
Depts.: CU, SM

Alchornea brevistyla Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 147.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Ule 6250* (B), Croat 17516 (MO!)
Depts.: LO

Alchornea castaneifolia (Willdenow) Adr. Jussieu
Syn. *Hermesia castaneifolia* Willdenow
Ref. FP 13(3A/1) 1951: 148.
Shrub. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Schunke 6387 (MO!)
Depts.: HU, LO, SM, UC

Alchornea cordata (Jussieu) Muell. Arg. =Aparisthmium cordatum (Adr. Jussieu) Baillon
Ref. FP 13(3A/1) 1951: 151.

Alchornea coriacea Ule =Alchornea pearcei var. coriacea Ule
Ref. Pax, 1914: 225.

Alchornea discolor Poeppig =Alchornea schomburgkii Klotzsch

Alchornea glandulosa Poeppig
Ref. FP 13(3A/1) 1951: 148.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Poeppig s.n.* (G photo MO!), Núñez 5803 (MO!)
Depts.: AM, HU, JU, MD, PA, SM

Alchornea glandulosa var. *floribunda* Bentham =Alchorneopsis floribunda (Bentham) Muell. Arg.
Ref. Webster & Huft, 1988: 1098.

Alchornea grandiflora Muell. Arg.
Ref. Webster & Huft, 1988: 1102.
Shrub. Amazonian: riversides. 0-500 m.
Voucher: Rimachi 4476 (MO!)
Depts.: LO

Alchornea latifolia Swartz
Ref. Webster & Huft, 1988: 1101.
Shrub or tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 10512 (MO!)
Depts.: CA, LO, UC

Alchornea martiana (Baillon) Muell. Arg. =Conceveiba martiana Ballion
Ref. FP 13(3A/1) 1951: 152.

Alchornea pearcei Britton var. **coriacea** (Ule) Pax
Syn. *Alchornea coriacea* Ule
Ref. Pax, 1914: 225.
Tree. Andean I. 1000-1500 m.
Voucher: Ule 6836
Depts.: UC

Alchornea pearcei var. **pearcei**
Ref. FP 13(3A/1) 1951: 149.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Ule 6836* (B photo MO!)
Depts.: JU, LO, PU, SM

Alchornea schomburgkii Klotzsch
Syn. *Alchornea discolor* Poeppig
Ref. Pax, 1914: 238.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 11005 (MO!)
Depts.: LO

Alchornea triplinervia (Sprengel) Muell. Arg.
Syn. *Antidesma triplinervia* Sprengel
Ref. FP 13(3A/1) 1951: 150; Webster & Huft, 1988: 1101.
Tree. Amazonian, Andean I-II: forests, swamps. 0-2500 m.
Voucher: Schunke 6275 (UCLA at MO!)
Depts.: LO, MD, PA, SM

Alchorneopsis floribunda (Bentham) Muell. Arg.
Syn. *Alchornea glandulosa* var. *floribunda* Bentham
Ref. Webster & Huft, 1988: 1098.
Tree. Amazonian: disturbed areas, forests on white sand, riversides. 0-500 m.
Voucher: Ayala 529 (MO!)
Depts.: LO, MD, PA

Alectoroctonum cotinoides (Miquel) Klotzsch & Garcke =Euphorbia cotinifolia L.
Ref. FP 13(3A/1) 1951: 16.

Alectoroctonum viride Klotzsch & Garcke =Euphorbia viridis (Ruiz ex Klotzsch & Garcke) Pavón ex Boissier
Ref. FP 13(3A/1) 1951: 32.

Amanoa divaricata Poeppig =Richeria grandis var. grandis
Ref. FP 13(3A/1) 1951: 48.

Amanoa nanayensis W. J. Hayden
Ref. Hayden, 1990: 265.
Tree. Andean I. 0-500 m.
Voucher: Rimachi 1911* (NY), Rimachi 3169 (MO!)
Depts.: LO

Amanoa oblongifolia Muell. Arg.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 7453 (MO!)
Depts.: LO

Amanoa sinuosa W. J. Hayden
Ref. Hayden, 1990: 268.
Tree. Amazonian. 0-500 m.
Voucher: Rimachi 3492 (DAV)
Depts.: LO

[Andrachne ciliatoglandulosa (Millspaugh) Croizat]
Syn. *Phyllanthus ciliatoglandulosa* Millspaugh
Ref. FP 13(3A/1) 1951: 50, Webster, pers. comm.
Note: Not known from Peru.

Andrachne microphylla (Lamarck) Baillon
Syn. *Croton microphyllus* Lamarck
Ref. FP 13(3A/1) 1951: 50.
Endemic herb. Andean I, Coastal: desert. 0-1500 m.
Voucher: Dombey s.n.* (P), Smith & Vásquez 3225 (MO!)
Depts.: AN, CA, LA, LI, LL

Anisophyllum ruizianum Klotzsch & Garcke =Euphorbia ruiziana (Klotzsch & Garcke) Boissier
Ref. FP 13(3A/1) 1951: 28.

Anisophyllum thymifolium Haworth =Chamaesyce thymifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 31.

Antidesma triplinervia Sprengel =Alchornea triplinervia (Sprengel) Muell. Arg.
Ref. FP 13(3A/1) 1951: 150.

Aparisthmium cordatum (Adr. Jussieu) Baillon
Syn. *Alchornea cordata* (Jussieu) Muell. Arg., *Conceveibum cordatum* Jussieu
Ref. FP 13(3A/1) 1951: 151.
Tree. Amazonian, Andean I-II: disturbed areas, forests on white sand. 0-2000 m.
Voucher: Mexia 6273 (MO!)
Depts.: AM, LO, MD, PA, SM

Apodandra brachybotrya (Muell. Arg.) J. F. Macbride =Plukenetia brachybotrya Muell. Arg.
Ref. FP 13(3A/1) 1951: 117.

Apodandra buchtienii Pax =Plukenetia buchtienii Pax
Ref. FP 13(3A/1) 1951: 117.

Apodandra loretensis (Ule) Pax & Hoffmann =Plukenetia loretensis Ule
Ref. FP 13(3A/1) 1951: 118.

Argythamnia dioica (H.B.K.) Muell. Arg. =Ditaxis dioica H.B.K.
Ref. FP 13(3A/1) 1951: 92, Webster, pers. comm.

Argythamnia katherinae (Pax) J. F. Macbride =Ditaxis katharinae Pax
Ref. FP 13(3A/1) 1951: 93, Webster, pers. comm.

Argythamnia pavoniana Muell. Arg. =Chiropetalum pavonianum (Muell. Arg.) Pax
Ref. FP 13(3A/1) 1951: 94.

Argythamnia quinquecuspidata (Jussieu) Muell. Arg. =Chiropetalum quinquecuspidatum (Jussieu) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 95.

Argythamnia ruiziana Muell. Arg. =Chiropetalum ruizianum (Muell. Arg.) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 95, Webster, pers. comm.

[Bernardia jacquiniana Muell. Arg.]
Ref. FP 13(3A/1) 1951: 157, Webster, pers. comm.
Note: Not known from Peru.

Caperonia castaneifolia (L.) St. Hilaire
Syn. *Croton castaneifolius* L.
Ref. FP 13(3A/1) 1951: 96, Webster, pers. comm.
Herb.
Voucher: Spruce 2473
Depts.: SM

Caperonia palustris (L.) St. Hilaire
Syn. *Croton palustris* L.
Ref. FP 13(3A/1) 1951: 97.
Herb. Amazonian. 0-500 m.
Voucher: Klug 3954
Depts.: LO

Caperonia zaponzeta Mansfeld
Ref. FP 13(3A/1) 1951: 97.
Endemic shrub. Amazonian: riversides. 0-500 m.
Voucher: Tessmann 3386*
Depts.: LO, MD

Caryodendron grandifolium (Muell. Arg.) Pax
Syn. *Centrodiscus grandifolius* Muell. Arg.
Ref. FP 13(3A/1) 1951: 154.
Tree. Amazonian: forests. 0-500 m.
Note: Listed as a synonym of *C. janeirense* Muell. Arg. in Huft (1989: 1077)
Voucher: Schunke 6768 (MO!)
Depts.: AM, LO, SM

Caryodendron orinocense Karsten
Ref. Reckin, 1982: 105.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 56087 (MO!)
Depts.: AM, LO, MD

Castiglionia lobata R & P. =Jatropha curcas L.
Ref. FP 13(3A/1) 1951: 160; Dehgan & Webster, 1979: 52.

Centrodiscus grandifolius Muell. Arg. =Caryodendron grandifolium (Muell. Arg.) Pax
Ref. FP 13(3A/1) 1951: 154.

Chamaesyce arequipensis Croizat =Euphorbia peruviana Wheeler
Ref. FP 13(3A/1) 1951: 27.

Chamaesyce glomerifera Millspaugh =Chamaesyce hypericifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 16.

Chamaesyce hirta (L.) Millspaugh
Syn. *Euphorbia capitata* Lamarck, *Euphorbia hirta* L., *Euphorbia pilulifera* L.
Ref. FP 13(3A/1) 1951: 19.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Schunke 7112 (MO!)
Depts.: CU, HU, JU, MD, SM

Chamaesyce hypericifolia (L.) Millspaugh
Syn. *Chamaesyce glomerifera* Millspaugh, *Euphorbia boliviana* Rusby, *Euphorbia gllomerifera* (Millspaugh) Wheeler, *Euphorbia hypericifolia* L., *Tithymalus penicillatus* Millspaugh
Ref. FP 13(3A/1) 1951: 21.
Herb. Amazonian: forests, riversides. 0-500 m.
Voucher: Gentry *et al.* 18642 (MO!)
Depts.: AM, CA, LO

Chamaesyce hyssopifolia (L.) Small
Syn. *Euphorbia brasiliensis* Lamarck, *Euphorbia brasiliensis* var. *hyssopifolia* (L.) Boissier, *Euphorbia hyssopifolia* L.
Ref. FP 13(3A/1) 1951: 23.
Herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Barbour 4331 (MO!)
Depts.: AM, CA, CU, LI, MD

Chamaesyce lasiocarpa (Klotzsch) Arthur
Syn. *Euphorbia lasiocarpa* Klotzsch
Herb. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Gentry 29447 (MO!)
Depts.: AM, CA, CU, HV, LA, LI, LL, UC

Chamaesyce mauritiana Commerson =Chamaesyce thymifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 31.

Chamaesyce meyeniana (Klotzsch) Croizat
Syn. *Euphorbia meyeniana* Klotzsch
Ref. FP 13(3A/1) 1951: 24.
Herb.
Voucher: Meyen s.n.* (DAV), Llatas 2198 (DAV)
Depts.: CA

[Chamaesyce micromera (Boissier ex Engelmann) Wooton & Standley]
Syn. *Euphorbia micromera* Boissier ex Engelmann
Ref. FP 13(3A/1) 1951: 25.
Note: Not known from Peru.

Chamaesyce ophthalmica (Persoon) Burch
Syn. *Euphorbia ophthalmica* Persoon
Herb. Amazonian: forests on white sand. 0-500 m.
Voucher: Sagástegui & Cabanillas 8736 (MO!)
Depts.: LL

Chamaesyce serpens (H.B.K.) Small
Syn. *Euphorbia serpens* H.B.K.
Ref. FP 13(3A/1) 1951: 29.
Herb. Andean I-III: grasslands. 1000-4500 m.
Voucher: Smith *et al.* 9841 (MO!)
Depts.: AN, CU, LI

Chamaesyce thymifolia (L.) Millspaugh
Syn. *Anisophyllum thymifolium* Haworth, *Chamaesyce mauritiana* Commerson, *Euphorbia microphylla* Lamarck, *Euphorbia thymifolia* L.
Ref. FP 13(3A/1) 1951: 31.
Herb. Amazonian: forests. 0-500 m.
Voucher: Ayala 2151 (AMAZ, MO!)
Depts.: LO

Chamaesyce trancapatae Croizat
Syn. *Euphorbia trancapatae* (Croizat) J. F. Macbride
Ref. FP 13(3A/1) 1951: 31.
Endemic shrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Vargas 1257*
Depts.: AP

Chiropetalum pavonianum (Muell. Arg.) Pax
Syn. *Argythamnia pavoniana* Muell. Arg.
Ref. FP 13(3A/1) 1951: 94.
Note: Not reconfirmed. The type, *Ruiz & Pavón s.n.*, is questionably from Peru.

Chiropetalum peruvianum Adr. Jussieu =Chiropetalum quinquecuspidatum (Jussieu) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 95.

Chiropetalum quinquecuspidatum (Jussieu) Pax & Hoffmann
Syn. *Argythamnia quinquecuspidata* (Jussieu) Muell. Arg., *Chiropetalum peruvianum* Adr. Jussieu, *Croton quinquecuspidatum* Jussieu
Ref. FP 13(3A/1) 1951: 95.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Dombey s.n.*
Depts.: Without full locality data.

Chiropetalum ruizianum (Muell. Arg.) Pax & Hoffmann
Syn. *Argythamnia ruiziana* Muell. Arg.
Ref. FP 13(3A/1) 1951: 95, Webster, pers. comm.
Shrub. Andean II: rocky slopes. 2000-3000 m.
Voucher: Ruiz & Pavón s.n.* (G photo MO!), Ferreyra 7045 (MO!)
Depts.: AY, JU, LI

Cicca antillana Jussieu =Margaritaria nobilis L. f.
Ref. FP 13(3A/1) 1951: 43.

Cleidion amazonicum Ule
Ref. FP 13(3A/1) 1951: 156.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Klug 2367 (MO!)
Depts.: JU, LO, UC

Cleidion castaneifolium Muell. Arg.
Ref. FP 13(3A/1) 1951: 156; Webster & Huft, 1988: 1103.
Note: Not reconfirmed. According to Webster & Huft (1988) this species is not definitely known from Peru as the holotype was marked "Peru," but a possible isotype is labeled as having been collected from Guayaquil, Ecuador.

Cleidion membranaceum Pax & Hoffmann
Ref. Webster & Huft, 1988: 1103.
Tree.

Voucher: Plowman *et al.* 11246 (F)
Depts.: HU

Cleidion nicaraguense Hemsley =Acidoton nicaraguensis (Hemsley) Webster
Ref. Webster, 1967a: 191.

Cnidoscolus aconitifolius (Miller) I. M. Johnston
Syn. *Jatropha aconitifolia* Miller
Ref. Webster & Huft, 1988: 114.
Shrub.
Voucher: Barbour 2141 (MO!)
Depts.: PI

Cnidoscolus basiacanthus (Pax & Hoffmann) J. F. Macbride
Syn. *Jatropha basiacantha* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 164.
Endemic shrub. Andean I-II. 1000-2000 m.
Voucher: Weberbauer 1694*, Mostacero *et al.* 1779 (MO!)
Depts.: CA, LI

Cnidoscolus diacanthus (Pax & Hoffmann) J. F. Macbride
Syn. *Jatropha diacantha* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 164.
Shrub. Andean I-II: grasslands. 500-2500 m.
Voucher: Weberbauer 5903* (B), Ellenberg 451 (DAV)
Depts.: AP, HV

Cnidoscolus hypoleucus (Pax) Pax & Hoffmann
Syn. *Jatropha hypoleuca* Pax
Ref. FP 13(3A/1) 1951: 165.
Endemic shrub. Andean I: rocky slopes. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4797*
Depts.: AM

Cnidoscolus jaenensis (Pax & Hoffmann) J. F. Macbride
Syn. *Jatropha jaenensis* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 165.
Endemic herb. Andean I. 500-1000 m.
Voucher: Weberbauer 6234*, Plowman *et al.* 14236 (MO!)
Depts.: CA, SM

Cnidoscolus peruvianus (Muell. Arg.) J. F. Macbride, nom. nud. =Cnidoscolus peruvianus (Muell. Arg.) Pax & Hoffman
Ref. FP 13(3A/1) 1951: 166.

Cnidoscolus peruvianus (Muell. Arg.) Pax & Hoffman
Syn. *Cnidiscolus peruvianus* (Muell. Arg.) J. F. Macbride, *Jatropha peruviana* Muell. Arg.
Endemic shrub. Andean I-II: shrublands. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.*, Gentry *et al.* 19160 (MO!)
Depts.: AP, CU, LI

Cnidoscolus pyrophorus (Pax) J. F. Macbride
Syn. *Jatropha pyrophora* Pax
Ref. FP 13(3A/1) 1951: 166.
Endemic herb. Andean I: grasslands. 500-1000 m.
Voucher: Weberbauer 4129* (MO!), Gentry *et al.* 22738 (MO!)
Depts.: CA

Cnidoscolus tubulosus (Muell. Arg.) I. M. Johnston
Syn. *Jatropha tubulosa* Muell. Arg.
Ref. FP 13(3A/1) 1951: 167.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Núñez *et al.* 6815 (MO!)
Depts.: CU, JU, SM

Cnidoscolus urens (L.) Arthur
Syn. *Jatropha urens* L.
Ref. FP 13(3A/1) 1951: 167; Webster & Huft, 1988: 1114.
Shrub. Andean I: disturbed areas, seasonally inundated areas. 1000-1500 m.
Voucher: Croat 50920 (MO!)
Depts.: AM, CU, JU, SM

Conami brasiliensis Aublet =Phyllanthus acuminatus M. Vahl
Ref. FP 13(3A/1) 1951: 38.

Conceveiba guianensis Aublet
Ref. FP 13(3A/1) 1951: 153.
Tree. Amazonian. 0-500 m.
Voucher: Vásquez & Jaramillo 10761 (MO!)
Depts.: LO, MD, PA, UC

Conceveiba martiana Baillon
Syn. *Alchornea martiana* (Baillon) Muell. Arg., *Conceveibastrum martianum* (Baillon) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 152; Webster, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 10367 (MO!)
Depts.: LI, LO

Conceveiba rhytidocarpa Muell. Arg.
Ref. FP 13(3A/1) 1951: 153.
Tree. Amazonian. 0-500 m.
Voucher: Poeppig 2485*, Vásquez & Jaramillo 8517 (MO!)
Depts.: AM, LO, UC

Conceveiba trigonocarpa Muell. Arg.
Tree. Amazonian. 0-500 m.
Voucher: Gentry & Revilla 16193 (MO!)
Depts.: LO

Conceveibastrum martianum (Baillon) Pax & Hoffmann =Conceveiba martiana Baillon
Ref. FP 13(3A/1) 1951: 152.

Conceveibum cordatum Jussieu =Aparisthmium cordatum (Adr. Jussieu) Baillon
Ref. FP 13(3A/1) 1951: 151.

Cremophyllum spathulatum Scheidweiler =Dalechampia spathulata (Scheidweiler) Baillon
Ref. FP 13(3A/1) 1951: 103.

Croton abutiloides H.B.K. =Croton callicarpifolius M. Vahl
Ref. FP 13(3A/1) 1951: 67.

Croton adipatus H.B.K.
Ref. FP 13(3A/1) 1951: 63.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Bonpland s.n.*
Depts.: CA

Croton alnifolius H.B.K., nom. illeg. =Croton rivinifolius H.B.K.
Ref. FP 13(3A/1) 1951: 83.

Croton alnifolius Lamarck
Ref. FP 13(3A/1) 1951: 63.
Endemic shrub. Andean I, Coastal: rocky slopes. 0-1500 m.
Voucher: Ruiz & Pavón s.n.* (B), López *et al.* 8390 (MO!)
Depts.: AR, CA, LI, LL

[Croton andinus Muell. Arg.]
Ref. FP 13(3A/1) 1951: 64.
Note: Not known from Peru.

Croton astianus Croizat
Ref. FP 13(3A/1) 1951: 65.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6536*
Depts.: JU

Croton baillonianus Muell. Arg.
Syn. *Croton baillonianus* var. *pachyphyllus* Muell. Arg.
Ref. FP 13(3A/1) 1951: 65.
Endemic shrub or tree. Andean II: shrublands. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (G), Sagástegui & Cabanillas 8553A (MO!)
Depts.: HV, JU, PU

Croton baillonianus var. *pachyphyllus* Muell. Arg. =Croton baillonianus Muell. Arg.
Ref. FP 13(3A/1) 1951: 65.

Croton balsameus Muell. Arg.
Ref. FP 13(3A/1) 1951: 66.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU

Croton benthamianus Muell. Arg. =Croton palanostigma Klotzsch
Ref. FP 13(3A/1) 1951: 77.

Croton boissieri Muell. Arg.
Ref. FP 13(3A/1) 1951: 66.
Endemic shrub.
Voucher: Ruiz s.n.* (B photo MO!), Ruiz 5060 (MO!)
Depts.: CA

Croton bryophorus Croizat
Ref. FP 13(3A/1) 1951: 67.
Endemic shrub. Amazonian, Andean I-II: forests. 0-3000 m.
Voucher: Killip & Smith 22287*, Sagástegui 6844 (MO!)
Depts.: AY, CU, PU, SM

Croton callicarpifolius M. Vahl
Syn. *Croton abutiloides* H.B.K., *Croton coriaceus* H.B.K.
Ref. FP 13(3A/1) 1951: 67.
Note: Not reconfirmed.

Croton castaneifolius L. =Caperonia castaneifolia (L.) St. Hilaire
Ref. FP 13(3A/1) 1951: 96.

Croton chamaedryfolius (Klotzsch) Grisebach =Croton trinitatis Millspaugh
Ref. FP 13(3A/1) 1951: 89.

Croton churumayensis Croizat
Ref. FP 13(3A/1) 1951: 68.
Endemic shrub. Andean II-III. 2000-4000 m.
Voucher: Soukup 501* (F), Núñez 9282 (MO!)
Depts.: CU

Croton collinus H.B.K.
Syn. *Croton ferrugineus* var. *collinus* (H.B.K.) Muell. Arg., *Croton ferrugineus* var. *peltoideus* (H.B.K.) Muell. Arg., *Croton peltoideus* H.B.K.
Ref. FP 13(3A/1) 1951: 68.
Endemic shrub. Andean I: rocky slopes. 500-1500 m.
Voucher: Davis & Turner 698 (MO!)
Depts.: CA, LL

Croton coriaceus H.B.K. =Croton callicarpifolius M. Vahl
Ref. FP 13(3A/1) 1951: 67.

Croton cuneatus Klotzsch
Ref. FP 13(3A/1) 1951: 69.
Endemic tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 10597 (MO!)
Depts.: LO

Croton draco var. *cordatus* Muell. Arg. =Croton lechleri Muell. Arg.
Ref. FP 13(3A/1) 1951: 74.

Croton draconoides Muell. Arg.
Ref. FP 13(3A/1) 1951: 70.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Spruce 4582* (B photo MO!), Ferreyra 11191 (MO!)
Depts.: JU, LO

Croton erythrochilus Muell. Arg.
Ref. FP 13(3A/1) 1951: 70.
Shrub. Amazonian, Andean I. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (B photo MO!), Schunke 6228 (UCLA at MO!)
Depts.: AP, CU, HU, JU, SM, TU

Croton ferrugineus var. *collinus* (H.B.K.) Muell. Arg. =Croton collinus H.B.K.
Ref. FP 13(3A/1) 1951: 68.

Croton ferrugineus var. *peltoideus* (H.B.K.) Muell. Arg. =Croton collinus H.B.K.
Ref. FP 13(3A/1) 1951: 69.

Croton flavispicatus Rusby
Syn. *Julocroton peruvianus* Muell. Arg., *Julocroton peruvianus* var. *flavispicatus* (Rusby) Croizat
Ref. FP 13(3A/1) 1951: 71.
Shrub. Amazonian. 0-500 m.
Voucher: Spruce 4290*, Gentry & Aronson 25758 (DAV)
Depts.: SM

Croton fragrantulus Croizat
Syn. *Croton paniculatus* Muell. Arg.
Ref. FP 13(3A/1) 1951: 72.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU

Croton glabellus L.
Ref. FP 13(3A/1) 1951: 72.
Note: Not reconfirmed.

Croton glandulosus L.
Ref. FP 13(3A/1) 1951: 72.
Shrub. Amazonian. 0-500 m.
Voucher: Rimachi 2737 (MO!)
Depts.: CU, HU, JU, LO

[Croton heliotropiifolius H.B.K.]
Ref. FP 13(3A/1) 1951: 73, Webster, pers. comm.
Note: Not known from Peru.

Croton huitotorum Croizat
Ref. FP 13(3A/1) 1951: 74.
Endemic herb. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2149*
Depts.: LO

Croton jamesoni Muell. Arg. =Croton rivinifolius H.B.K.
Ref. FP 13(3A/1) 1951: 83.

Croton lechleri Muell. Arg.
Syn. *Croton draco* var. *cordatus* Muell. Arg.
Ref. FP 13(3A/1) 1951: 74.
Endemic tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Ruiz s.n.* (B photo MO!), Klug 2675 (MO!)
Depts.: AM, CU, HU, LO, MD, SM

Croton lobatus L.
Syn. *Croton riparius* H.B.K.
Ref. FP 13(3A/1) 1951: 74.
Shrub. Amazonian: forests, rocky slopes. 0-500 m.
Voucher: Croat 51139 (MO!)
Depts.: AM, CA, LO, SM

Croton macbridei Croizat
Ref. FP 13(3A/1) 1951: 75.
Endemic shrub. Andean I: disturbed areas. 1000-1500 m.
Voucher: Macbride 5131*, Croat 50927 (MO!)
Depts.: CU, SM

Croton matourensis Aublet
Ref. FP 13(3A/1) 1951: 75.
Tree. Amazonian: disturbed areas. 0-500 m.
Voucher: Chávez 263 (MO!)
Depts.: LO, SM, UC

Croton microphyllus Lamarck =Andrachne microphylla (Lamarck) Baillon
Ref. FP 13(3A/1) 1951: 50.

Croton miquelensis Ferguson =Croton trinitatis Millspaugh
Ref. FP 13(3A/1) 1951: 89.

Croton nitidulifolius Croizat
Ref. FP 13(3A/1) 1951: 76.
Endemic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Cook & Gilbert 543*
Depts.: CU

Croton olivaceus Muell. Arg.
Ref. FP 13(3A/1) 1951: 77.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4939* (G)
Depts.: SM

Croton palanostigma Klotzsch
Syn. *Croton benthamianus* Muell. Arg.
Ref. FP 13(3A/1) 1951: 77.
Tree. Amazonian: disturbed areas, forests, riversides. 0-500 m.
Voucher: Woytkowski 20 (MO!)
Depts.: HU, LO, SM

Croton palustris L. =Caperonia palustris (L.) St. Hilaire
Ref. FP 13(3A/1) 1951: 97.

Croton paniculatus Muell. Arg. =Croton fragrantulus Croizat
Ref. FP 13(3A/1) 1951: 72.

Croton pavonis Muell. Arg. =Croton rivinifolius H.B.K.
Ref. FP 13(3A/1) 1951: 83.

Croton pedicellatus H.B.K.
Ref. FP 13(3A/1) 1951: 78.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Bonpland s.n.*
Depts.: CA

Croton peltoideus H.B.K. =Croton collinus H.B.K.
Ref. FP 13(3A/1) 1951: 69.

Croton peltophorus Muell. Arg.
Ref. FP 13(3A/1) 1951: 79.
Note: Not reconfirmed.

Croton perlongiflorus Croizat
Ref. FP 13(3A/1) 1951: 79.
Endemic shrub. Andean II. 1500-2000 m.

Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6518* (F)
Depts.: CU, HV

Croton perspeciosus Croizat
Ref. FP 13(3A/1) 1951: 80.
Endemic tree. Andean II: forests. 1000-2000 m.
Voucher: Killip & Smith 22841*, Woytkowski 6579 (MO!)
Depts.: AY, CU, JU, PA, SM

Croton peruvianus Briquet
Ref. FP 13(3A/1) 1951: 80.
Endemic shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Mathews 3019* (G photo MO!), Woytkowski 7232 (MO!)
Depts.: JU, LI, SM

Croton pilgerii Ule
Ref. FP 13(3A/1) 1951: 81.
Endemic shrub or tree.
Voucher: Ule 6411* (MG)
Depts.: SM

Croton pungens Jacquin =Croton ruizianus Muell. Arg.
Ref. FP 13(3A/1) 1951: 81.

Croton pycnanthus Bentham
Ref. FP 13(3A/1) 1951: 82.
Shrub. Andean II: shrublands. 2500-3000 m.
Voucher: Woytkowski 6856 (MO!)
Depts.: CA

Croton quadrisetosus Lamarck
Ref. FP 13(3A/1) 1951: 82.
Endemic shrub or tree. Andean II. 1500-2000 m.
Voucher: Dombey s.n.* (P), Dombey 39570 (P photo MO!)
Depts.: CA, CU, JU

Croton quinquecuspidatum Jussieu =Chiropetalum quinquecuspidatum (Jussieu) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 95.

Croton rehderianus Croizat
Ref. FP 13(3A/1) 1951: 83.
Endemic shrub. Andean II: disturbed areas, forests. 2000-3000 m.
Voucher: West 6464*, Vargas 6870 (MO!)
Depts.: CU, PU

Croton riparius H.B.K. =Croton lobatus L.
Ref. FP 13(3A/1) 1951: 74.

Croton rivinifolius H.B.K.
Syn. *Croton alnifolius* H.B.K., nom. illeg., *Croton jamesoni* Muell. Arg., *Croton pavonis* Muell. Arg.
Ref. FP 13(3A/1) 1951: 83.
Note: Not reconfirmed.

Croton rubiginosus Croizat
Ref. FP 13(3A/1) 1951: 84.
Endemic shrub. Andean II: grasslands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4273*
Depts.: AM

Croton ruizianus Muell. Arg.
Syn. *Croton pungens* Jacquin
Ref. FP 13(3A/1) 1951: 84.
Shrub. Andean I-II: grasslands, shrublands. 500-3500 m.
Voucher: Ruiz & Pavón s.n.* (B), Smith *et al.* 12121 (MO!)
Depts.: AN, AR, CU, JU, LA, LI, MO

Croton sampatik Muell. Arg.
Ref. FP 13(3A/1) 1951: 86.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ruiz s.n.* (B photo MO!), Huashikat 1235 (MO!)
Depts.: AM, HU, SM

Croton sapiiflorus Croizat
Ref. FP 13(3A/1) 1951: 87.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Macbride 4218*
Depts.: HU

Croton scaber Willdenow
Ref. FP 13(3A/1) 1951: 87.
Note: Not reconfirmed.

Croton schiedeanus Schlechtendal
Tree or treelet. Amazonian: forests. 0-500 m.
Voucher: Knapp & Alcorn 7312 (MO!)
Depts.: AM, LO, SM

Croton sebiferum L. =Triadica sebifera (L.) Small

Croton spurcus Croizat
Ref. FP 13(3A/1) 1951: 88.
Endemic shrub. Coastal. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5249* (F)
Depts.: LI

Croton stenosepalus Muell. Arg.
Ref. FP 13(3A/1) 1951: 88.
Endemic. Amazonian: disturbed areas. 0-500 m.
Voucher: Spruce 4160* (B photo MO!), Rimachi 4120 (MO!)
Depts.: SM

Croton tarapotensis Muell. Arg.
Ref. FP 13(3A/1) 1951: 88.
Endemic tree. Andean I: disturbed areas. 500-1000 m.
Voucher: Spruce 4138* (G-DC), Belshaw 3260 (MO!)
Depts.: SM

Croton tessmannii Mansfeld
Ref. FP 13(3A/1) 1951: 88.
Endemic shrub or tree. Amazonian, Andean I: forests, rocky slopes, seasonally inundated areas. 0-1000 m.
Voucher: Tessmann 3433* (B), Vásquez & Jaramillo 1484 (MO!)
Depts.: AM, HU, LO, MD, UC

Croton thurifer H.B.K.
Ref. FP 13(3A/1) 1951: 89.
Endemic shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Bonpland s.n.* (B), Croat 58301 (MO!)
Depts.: AM, CA

Croton trinitatis Millspaugh
Syn. *Croton chamaedryfolius* (Klotzsch) Grisebach, *Croton miquelensis* Ferguson, *Geiseleria chamaedryfolia* Klotzsch
Ref. FP 13(3A/1) 1951: 89.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 1484 (MO!)
Depts.: LO, SM, UC

[Croton triqueter Lamarck]
Syn. *Julocroton triqueter* (Lamarck) Baillon
Ref. FP 13(3A/1) 1951: 90; Webster, pers. comm.
Note: Not known from Peru.

Croton tyndaridum Croizat
Ref. FP 13(3A/1) 1951: 91.
Endemic tree. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 25229*
Depts.: JU

[Croton xanthochylus Croizat]
Ref. FP 13(3A/1) 1951: 91; Webster, pers. comm.
Note: Not known from Peru.

Cunuria spruceana Baillon =Micrandra spruceana (Baillon) R. Schultes
Ref. FP 13(3A/1) 1951: 168.

Curcas purgans Medicus =Jatropha curcas L.
Ref. Dehgan & Webster, 1979: 52.

Dalechampia amazonica (Ule) J. F. Macbride =Dalechampia magnoliifolia Muell. Arg.
Ref. FP 13(3A/1) 1951: 103; Webster & Armbruster, 1991: 156.

Dalechampia aristolochiifolia H.B.K.
Ref. FP 13(3A/1) 1951: 99; Webster & Armbruster, 1991: 155.
Liana. Andean II: forests. 1500-2500 m.
Voucher: Humboldt & Bonpland s.n.* (P), Smith & Vásquez 5058 (MO!)
Depts.: AM, AP, CA, CU, HU

Dalechampia brevipedunculata Ule
Ref. FP 13(3A/1) 1951: 100; Webster & Armbruster, 1991: 156.
Shrub. Amazonian: forests, seasonally innundated areas. 0-500 m.
Voucher: Encarnación 26481 (MO!)
Depts.: LO

Dalechampia canescens subsp. **friedrichsthalii** (Muell. Arg.) Webster & Huft
Syn. *Dalechampia friedrichsthalli* Muell. Arg.
Ref. Webster & Huft, 1988: 1109.
Vine. Amazonian. 0-500 m.
Voucher: Pipoly 12255 (MO!)
Depts.: LO

Dalechampia cissifolia Poeppig subsp. **cissifolia**
Syn. *Dalechampia triphylla* var. *cissifolia* (Poeppig) Muell. Arg.
Ref. FP 13(3A/1) 1951: 100; Webster & Armbruster, 1991: 168.
Epiphytic herb. Andean II: forests. 1500-2000 m.
Voucher: Poeppig 2085* (W), Klug 3102 (MO!)
Depts.: HU, LO, SM

Dalechampia dioscoreifolia Poeppig
Syn. *Dalechampia dioscoreifolia* var. *pubescens* Muell. Arg.
Ref. FP 13(3A/1) 1951: 101; Webster & Armbruster, 1991: 155.
Liana. Amazonian: disturbed areas. 0-500 m.
Voucher: Poeppig 2163* (W), Woytkowski 5650 (MO!)
Depts.: AM, HU, JU, LO, SM

Dalechampia dioscoreifolia var. *pubescens* Muell. Arg. =Dalechampia dioscoreifolia Poeppig
Ref. Webster & Armbruster, 1991: 155.

Dalechampia friedrichsthalii Muell. Arg. =Dalechampia canescens subsp. friedrichsthalii (Muell Arg.) Webster & Huft
Ref. Webster & Huft, 1988: 315.

Dalechampia hispida Poeppig
Ref. FP 13(3A/1) 1951: 101; Webster & Armbruster, 1991: 163.
Endemic liana.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 2016* (W)
Depts.: SM

Dalechampia hutchisoniana Webster
Ref. FP 6891: 193; Webster & Armbruster, 1991: 155.
Endemic shrub. Andean I: forests. 500-1000 m.
Voucher: Hutchison & Wright 5446* (MO!), Sánchez 2796 (MO!)
Depts.: CA

Dalechampia juruana Ule
Ref. Webster & Armbruster, 1991: 152.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Díaz 369 (MO!)
Depts.: LO

Dalechampia magnoliifolia Muell. Arg.
Syn. *Dalechampia amazonica* (Ule) J. F. Macbride, *Dalechampia spathulata* var. *amazonica* (Ule) Pax & Hoffmann
Ref. Webster & Armbruster, 1991: 156.
Epiphytic herb. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Núñez *et al.* 11254 (MO!)
Depts.: LO, MD, SM

Dalechampia micrantha Poeppig
Syn. *Megalostylis poeppigii* S. Moore, *Rhopalostylis buettnerioides* Klotzsch ex Baillon (Arecaceae)
Ref. FP 13(3A/1) 1951: 102; Webster & Armbruster, 1991: 151.
Liana. Amazonian: disturbed areas. 0-500 m.
Voucher: Ule 6254*, Vásquez *et al.* 10898 (MO!)
Depts.: LO

Dalechampia peruviana Lamarck =Dalechampia tiliifolia Lamarck
Ref. FP 13(3A/1) 1951: 158; Webster & Armbruster, 1991: 158.

Dalechampia scandens L.
Ref. FP 13(3A/1) 1951: 102; Webster & Armbruster, 1991: 160.
Endemic vine. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Barbour 5052 (MO!)
Depts.: CU, LA, LL, MD, SM

Dalechampia spathulata (Scheidweiler) Baillon
Syn. *Cremophyllum spathulatum* Scheidweiler
Ref. FP 13(3A/1) 1951: 103; Webster & Armbruster, 1991: 156.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ule 6505*, Ferreyra 17555 (MO!)
Depts.: LO, SM

Dalechampia spathulata var. *amazonica* (Ule) Pax & Hoffmann =Dalechampia magnoliifolia Muell. Arg.
Ref. Webster & Armbruster, 1991: 156.

Dalechampia stipulacea Muell. Arg.
Syn. *Dalechampia stipulacea* var. *minor* (Muell. Arg.) Muell. Arg.
Ref. FP 13(3A/1) 1951: 104; Webster & Armbruster, 1991: 162.
Liana. Forests.
Voucher: Pavón s.n.* (G)
Depts.: JU

Dalechampia stipulacea var. *minor* (Muell. Arg.) Muell. Arg. =Dalechampia stipulacea Muell. Arg.

Dalechampia tiliifolia Lamarck
Syn. *Dalechampia peruviana* Lamarck
Ref. FP 13(3A/1) 1951: 104; Webster & Armbruster, 1991: 158.
Liana. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Gentry 37645 (MO!)
Depts.: HU, JU, LO, SM

Dalechampia triphylla var. *cissifolia* (Poeppig) Muell. Arg. =Dalechampia cissifolia subsp. cissifolia
Ref. FP 13(3A/1) 1951: 100; Webster & Armbruster, 1991: 168.

[Dalechampia uleana Pax & Hoffmann]
Ref. FP 13(3A/1) 1951: 105; Webster & Armbruster, 1991: 154.
Note: Not known from Peru.

Dalechampia weberbaueri Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 105; Webster & Armbruster, 1991: 171.
Endemic liana. Andean I. 500-1000 m.
Voucher: Weberbauer 6192* (B)
Depts.: CA

Didymocistus chrysadenius Kuhlmann
Tree. Amazonian: riversides. 0-500 m.
Voucher: Mathias & Taylor 5429 (UCLA at MO!)
Depts.: LO

Discocarpus brasiliensis Klotzsch
Ref. FP 13(3A/1) 1951: 56.
Shrub. Amazonian: riversides. 0-500 m.
Voucher: Revilla 411 (MO!)
Depts.: LO

Ditaxis dioica H.B.K.
Syn. *Argythamnia dioica* (H.B.K.) Muell. Arg.
Ref. FP 13(3A/1) 1951: 92, Webster, pers. comm.
Endemic tree. Andean I: forests, riversides. 500-1000 m.
Voucher: Humboldt 3604* (P), Woytkowski 5733 (MO!)
Depts.: CA

Ditaxis katharinae Pax
Syn. *Argythamnia katherinae* (Pax) J. F. Macbride
Ref. FP 13(3A/1) 1951: 93, Webster, pers. comm.
Shrub.
Voucher: Weberbauer 4809* (B)
Depts.: CA

Dodecastigma amazonicum Ducke
Ref. FP 13(3A/1) 1951: 177.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez *et al.* 11224 (MO!)
Depts.: LO

Drypetes amazonica var. **peruviana** J. F. Macbride
Ref. FP 13(3A/1) 1951: 57.
Tree. Amazonian. 0-500 m.
Voucher: Klug 3869*, Vásquez 6506 (MO!)
Depts.: LO, SM

Elaeophora polyadenia (Muell. Arg.) Ducke =Plukenetia polyadenia Muell. Arg.
Ref. FP 13(3A/1) 1951: 116; Webster, pers. comm.

Euphorbia adiantoides Lamarck
Ref. FP 13(3A/1) 1951: 13.
Herb. Amazonian: terra firme forests. 0-500 m.
Voucher: Jussieu s.n.*, Weberbauer 6002 (B)
Depts.: PI, SM, TU

Euphorbia apurimacensis Croizat
Ref. FP 13(3A/1) 1951: 14.
Endemic tree. Andean II: forests. 1500-2000 m.
Voucher: Vargas 2290*
Depts.: AP

Euphorbia arenaria H.B.K.
Ref. FP 13(3A/1) 1951: 14.
Herb. Forests.
Note: Known from Peru only from the type locality.
Voucher: Bonpland s.n.* (B photo MO!)
Depts.: AN

Euphorbia bojeri Hooker =Euphorbia milii Des Moulins

Euphorbia boliviana Rusby =Chamaesyce hypericifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 21.

Ref. FP 13(3A/1) 1951: 19.

[Euphorbia cestrifolia H.B.K.]
Ref. FP 13(3A/1) 1951: 23.

Euphorbia chamaesyce L.
Ref. Gutte *et al.*, 1986: 195.
Voucher: Gutte & Gutte 1674 (LZ, USM)
Depts.: LI

[Euphorbia chilensis Gay]
Syn. *Euphorbia portulacoides* Sprengel
Ref. FP 13(3A/1) 1951: 15.
Note: Not known from Peru.

Euphorbia cotinifolia L.
Syn. *Alectoroctonum cotinoides* (Miquel) Klotzsch & Garcke, *Euporbia cotinoides* Miquel
Ref. Maguire & Collaborators, 1967: 187.
Shrub. Amazonian. 0-500 m.
Voucher: Rimachi 2878 (MO!)
Depts.: LO, SM

Euphorbia cotinoides Miquel =Euporbia cotinifolia L.
Ref. FP 13(3A/1) 1951: 16.
Note: An orthographic error for *E. cotinifolia*

Euphorbia elata Brandegee
Ref. Webster & Huft, 1988: 1137.
Shrub, tree or treelet. Amazonian: forests. 0-500 m.
Voucher: Gentry 55843 (MO!)
Depts.: LO

Euphorbia elliptica Lamarck =Euphorbia heterophylla L.
Ref. FP 13(3A/1) 1951: 18.

Euphorbia geniculata (Klotzsch & Garcke) Ortega =Euphorbia heterophylla L.
Ref. FP 13(3A/1) 1951: 18.

Euphorbia glomerifera (Millspaugh) Wheeler =Chamaesyce hypericifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 16.

Euphorbia graminea Jacquin
Ref. FP 13(3A/1) 1951: 17.
Herb or shrub. Coastal. 0-500 m.
Voucher: Plowman 5477 (DAV)
Depts.: PI

Euphorbia glytosperma Engelmann
Ref. Gutte *et al.*, 1986: 195.
Shrub. Andean II. 2500-3000 m.
Voucher: Mueller *et al.* 1773 (LZ, USM)
Depts.: AR

Euphorbia heterophylla L.
Syn. *Euphorbia elliptica* Lamarck, *Euphorbia geniculata* (Klotzsch & Garcke) Ortega, *Poinsettia heterophylla* (L.) Klotzsch & Garcke, *Poinsettia ruiziana* Klotzsch & Garcke
Ref. FP 13(3A/1) 1951: 18; Herrera, 1941: 291.
Shrub. Andean II. 2500-3000 m.
Voucher: Maas 6012 (MO!)
Depts.: AM, CU, HU, JU, LI, LO, SM, UC

Euphorbia hinkleyorum I. M. Johnston
Ref. FP 13(3A/1) 1951: 18.
Shrub. Andean II. 3000-3500 m.
Voucher: Hinkley 7*
Depts.: AR

Euphorbia hirta L. =Chamaesyce hirta (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 19.

Euphorbia huanchahana (Klotzsch & Garcke) Boissier
Syn. *Tithymalus huanchahanus* Klotzsch & Garcke
Ref. FP 13(3A/1) 1951: 20.
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Ruiz s.n.* (B photo MO!), Mostacero 1250 (MO!)
Depts.: CA

Euphorbia hypericifolia L. =Chamaesyce hypericifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 21.

Euphorbia melanocarpa Boissier
Ref. FP 13(3A/1) 1951: 24.
Note: Not reconfirmed. Webster (pers. comm.) believes this to be *Chamaesyce*.

Euphorbia meyeniana Klotzsch =Chamaesyce meyeniana (Klotzsch) Croizat
Ref. FP 13(3A/1) 1951: 24.

[*Euphorbia micromera* Boissier ex Engelmann =Chamaesyce micromera (Boissier ex Engelmann) Wooton & Standley]
Ref. FP 13(3A/1) 1951: 25.
Note: Not known from Peru.

Euphorbia microphylla Lamarck =Chamaesyce thymifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 31.

Euphorbia milii Des Moulins
Syn. *Euphorbia bojeri* Hooker, *Euphorbia splendens* Bojer ex Hooker, *Euphorbia splendens* subsp. *bojeri* (Hooker) Denis
Ref. FP 13(3A/1) 1951: 26.
Cultivated herb or shrub. Andean I. 1000-1500 m.
Voucher: Hoogte & Roersch 3107 (MO!)
Depts.: CU

Euphorbia ophthalmica Persoon =Chamaesyce ophthalmica (Persoon) Burch

Euphorbia orbiculata H.B.K.
Ref. FP 13(3A/1) 1951: 26.
Note: Not reconfirmed.

Euphorbia peplus L.
Ref. FP 13(3A/1) 1951: 26; Webster & Huft, 1988: 1140.
Introduced herb. Andean II: cloud forests, disturbed areas, riversides. 2500-3500 m.
Voucher: Smith & Canne 5910 (MO!)
Depts.: CU, HU, JU, LI

Euphorbia peruviana Wheeler
Syn. *Chamaesyce arequipensis* Croizat
Ref. FP 13(3A/1) 1951: 27.
Note: Not reconfirmed.

Euphorbia pilulifera L. =Chamaesyce hirta (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 19.

Euphorbia poeppigii (Klotzsch & Garcke) Boissier
Syn. *Leptopus poeppigii* Klotzsch & Garcke
Ref. FP 13(3A/1) 1951: 27.
Herb. Amazonian, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Poeppig 196* (B), Belshaw 3207 (MO!)
Depts.: AM, CA, CU, LL, SM

[*Euphorbia portulacoides* Sprengel =Euphorbia chilensis Gay]
Ref. FP 13(3A/1) 1951: 15.
Note: Not known from Peru.

Euphorbia raphanorrhiza (Millspaugh) J. F. Macbride
Syn. *Tithymalus raphanorrhizus* Millspaugh
Ref. FP 13(3A/1) 1951: 28.
Herb. Andean III: rocky slopes. 3500-4000 m.
Voucher: Macbride 85*, Smith *et al.* 10468 (MO!)
Depts.: AN, LI

Euphorbia ruiziana (Klotzsch & Garcke) Boissier
Syn. *Anisophyllum ruizianum* Klotzsch & Garcke
Ref. FP 13(3A/1) 1951: 28.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU, LI

Euphorbia serpens H.B.K. =Chamaesyce serpens (H.B.K.) Small
Ref. FP 13(3A/1) 1951: 29.

Euphorbia splendens Bojer ex Hooker =Euphorbia milii Des Moulins
Ref. FP 13(3A/1) 1951: 26.

Euphorbia splendens subsp. *bojeri* (Hooker) Denis =Euphorbia milii Des Moulins

Euphorbia spruceana Boissier
Ref. FP 13(3A/1) 1951: 30.
Endemic herb.
Voucher: Spruce 4378*, Klug 3917 (MO!)
Depts.: SM

Euphorbia tacnensis Philippi
Ref. FP 13(3A/1) 1951: 30.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Philippi s.n.*
Depts.: TA

Euphorbia tessmannii Mansfeld
Ref. FP 13(3A/1) 1951: 30.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4071*, McDaniel & Rimachi 29644 (MO!)
Depts.: LO

Euphorbia thymifolia L. =Chamaesyce thymifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 31.

Euphorbia trancapatae (Croizat) J. F. Macbride =Chamaesyce trancapatae Croizat
Ref. FP 13(3A/1) 1951: 31.

Euphorbia viatilis Ule
Ref. FP 13(3A/1) 1951: 32.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ule 6839*
Depts.: SM

Euphorbia viridis (Ruiz ex Klotzsch & Garcke) Pavón ex Boissier
Syn. *Alectoroctonum viride* Klotzsch & Garcke, *Euphorbia mandoniana* Boissier
Ref. FP 13(3A/1) 1951: 32.
Herb. Andean I-II: rocky slopes. 500-2000 m.
Voucher: Ruiz & Pavón s.n.* (B photo MO!), Mostacero *et al.* 12935 (MO!)
Depts.: HU, LA, LI, PI

Euphorbia weberbaueri Mansfeld
Ref. FP 13(3A/1) 1951: 33.
Endemic shrub. Andean I-II. 500-2000 m.
Voucher: Weberbauer 3802*
Depts.: CA

[*Excoecaria martii* Muell. Arg. =Sapium obovatum Klotzsch ex Muell. Arg.]
Ref. FP 13(3A/1) 1951: 195.
Note: Not known from Peru.

Excoecaria obtusiloba Muell.Arg.
Note: Probably synonymous with *Sebastiana obtusifolia* (Webster, pers. comm.).

Excoecaria salpingadenium Muell. Arg. =Stillingia salpingadenia var. salpingadenia
Ref. FP 13(3A/1) 1951: 191.

[Flueggea elliptica (Sprengel) Baillon]
Syn. *Phyllanthus rubellus* Muell. Arg.
Ref. Webster, 1984b: 278.
Note: Not known from Peru.

Gavarretia terminalis Baillon
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Gentry *et al.* 63285 (MO!)
Depts.: AM, LO, PA, SM

Geiseleria chamaedryfolia Klotzsch =Croton trinitatis Millspaugh
Ref. FP 13(3A/1) 1951: 90.

Gitara venezolana Pax & Hoffman =Acidoton nicaraguensis (Hemsley) Webster
Ref. Webster, 1967a: 191

Glochidion poeppigianum Muell. Arg. =Phyllanthus poeppigianus (Muell. Arg.) Muell. Arg.
Ref. FP 13(3A/1) 1951: 45.

Glycydendron amazonicum Ducke
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Ruíz & Torres 1240 (MO!)
Depts.: AM, HU, LO, MD

Guarania ramiflora Weddell ex Baillon =Richeria grandis var. grandis
Ref. FP 13(3A/1) 1951: 49.

Hermesia castaneifolia Willdenow =Alchornea castaneifolia (Willdenow) Adr. Jussieu
Ref. FP 13(3A/1) 1951: 148.

Hevea brasiliensis (Willdenow ex Adr. Jussieu) Muell. Arg.
Syn. *Hevea brasiliensis* var. *janeirensis* (Muell. Arg.) Pax, *Hevea janeirensis* Muell. Arg., *Hevea randiana* Huber, *Siphonia brasiliensis* Willdenow ex Adr. Jussieu
Ref. FP 13(3A/1) 1951: 109; Seibert, 1947: 305; Schultes, 1990: 13.
Cultivated tree. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Pariona & Pedro 946 (MO!)
Depts.: HU, LO, MD, PA, SM

Hevea brasiliensis var. *janeirensis* (Muell. Arg.) Pax =Hevea brasiliensis (Willdenow ex Adr. Jussieu) Muell. Arg.
Ref. FP 13(3A/1) 1951: 109; Schultes, 1990: 13.

Hevea cuneata Huber =Hevea guianensis var. lutea (Spruce ex Bentham) Ducke & Schultes
Ref. FP 13(3A/1) 1951: 111.

Hevea foxii Huber =Hevea guianensis var. guianensis
Ref. Schultes, 1990: 28.

Hevea glabrescens Huber =Hevea guianensis var. guianensis
Ref. Schultes, 1990: 28.

Hevea guianensis Aublet var. **guianensis**
Syn. *Hevea foxii* Huber, *Hevea glabrescens* Huber, *Hevea peruviana* Aublet
Ref. FP 13(3A/1) 1951: 110; Seibert, 1947: 292; Schultes, 1990: 24.
Cultivated tree. Amazonian. 0-500 m.
Voucher: Skutch 4985*, Gentry *et al.* 63490 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, PU, SM, UC,

Hevea guianensis var. **lutea** (Spruce ex Bentham) Ducke & Schultes
Syn. *Hevea cuneata* Huber, *Hevea lutea*

(Spruce ex Bentham) Muell. Arg., *Hevea peruviana* Lechler ex Bentham, *Siphonia lutea* Spruce ex Bentham
Ref. Schultes, 1990: 28.
Tree. Amazonian, Andean I: forests, rocky slopes, swamps. 0-1000 m.
Voucher: Seibert 262 (MO!)
Depts.: HU, JU, LO, SM

Hevea humilior Ducke =Hevea pauciflora var. coricea Ducke
Ref. FP 13(3A/1) 1951: 112.
Note: *H. humilior* is *H. guianensis* var. *lutea* x *pauciflora* in Seibert (1947).

Hevea janeirensis Muell. Arg. =Hevea brasiliensis (Willdenow ex Adr. Jussieu) Muell. Arg.
Ref. FP 13(3A/1) 1951: 109.

Hevea lutea (Spruce ex Bentham) Muell. Arg. =Hevea guianensis var. lutea (Spruce ex Bentham) Ducke & Schultes
Ref. FP 13(3A/1) 1951: 110.

[Hevea membranacea Muell. Arg. =Hevea pauciflora var. pauciflora]
Ref. FP 13(3A/1) 1951: 113.
Note: Not known from Peru.

Hevea nitida C. Martius ex Muell. Arg.
Syn. *Hevea viridis* Huber
Ref. FP 13(3A/1) 1951: 112; Schultes, 1990: 33.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Revilla 1287 (MO!)
Depts.: LO

Hevea paludosa Ule =Hevea pauciflora var. coricea Ducke
Ref. FP 13(3A/1) 1951: 113.

Hevea pauciflora (Spruce ex Bentham) Muell. Arg. var. **coricea** Ducke
Syn. *Hevea humilior* Ducke, *Hevea paludosa* Ule
Ref. FP 13(3A/1) 1951: 114; Schultes, 1990: 41.
Tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Croat 20078 (MO!)
Depts.: LO

[Hevea pauciflora var. pauciflora]
Syn. *Hevea membranacea* Muell. Arg., *Siphonia pauciflora* Spruce ex Bentham
Ref. FP 13(3A/1) 1951: 113; Seibert, 1947: 300.
Note: Not known from Peru.

Hevea peruviana Aublet =Hevea guianensis var. guianensis
Ref. FP 13(3A/1) 1951: 110.

Hevea peruviana Lechler ex Bentham =Hevea guianensis var. lutea (Spruce ex Bentham) Ducke & Schultes
Ref. FP 13(3A/1) 1951: 110; Schultes, 1990: 28.

Hevea randiana Huber =Hevea brasiliensis (Willdenow ex Adr. Jussieu) Muell. Arg.
Ref. Schultes, 1990: 13.

Hevea spruceana (Bentham) Muell. Arg.
Syn. *Siphonia spruceana* Bentham
Ref. Schultes, 1990: 45.
Tree. Andean I: forests. 500-1000 m.
Voucher: Berlin 776 (MO!)
Depts.: AM

Hevea viridis Huber =Hevea nitida C. Martius ex Muell. Arg.
Ref. FP 13(3A/1) 1951: 112; Seibert, 1947: 297; Schultes, 1990: 33.

Hippomane biglandulosum L. =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 194.

Hura crepitans L.
Ref. FP 13(3A/1) 1951: 199.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: McDaniel & Rimachi 17987 (MO!)
Depts.: AM, CA, LO, MD, SM, UC

Hyeronima alchorneoides Allemao var. **alchorneoides**
Syn. *Hyeronima laxiflora* (Tulasne) Muell. Arg., *Stilaginella laxiflora* Tulasne
Ref. FP 13(3A/1) 1951: 52; Franco, 1990: 317.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Kayap 327 (MO!)
Depts.: AM, JU, LO, PA, SM

Hyeronima alchorneoides var. **stipulosa** P. Franco
Ref. Franco, 1990: 321.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Wurdack 2504 (F)
Depts.: AM

Hyeronima andina Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 53.
Shrub. Andean II: disturbed areas. 2000-2500 m.
Note: The status of this species is uncertain (Franco, 1990: 344).
Voucher: Foster *et al.* 7702 (MO!)
Depts.: PA, SM

Hyeronima asperifolia Pax & Hoffman
Ref. Franco, 1990: 336.
Tree. Andean II: forests. 2000-3000 m.
Voucher: Smith *et al.* 7874 (MO!)
Depts.: HU, PA

Hyeronima duquei Cuatrecasas
Ref. Franco, 1990: 330.
Tree. Andean II: forests. 1500-3000 m.
Voucher: Hodge *et al.* 10 (F)
Depts.: HU, PA

Hyeronima laxiflora (Tulasne) Muell. Arg. =Hyeronima alchorneoides var. alchorneoides
Ref. FP 13(3A/1) 1951: 53; Franco, 1990: 317.

Hyeronima macrocarpa Muell. Arg.
Syn. *Hyeronima macrocarpa* var. *spruceana* Muell. Arg.
Ref. FP 13(3A/1) 1951: 54; Franco, 1990: 332.
Tree. Andean I-II. 1000-3500 m.
Voucher: Without collection data.
Depts.: HU

Hyeronima macrocarpa var. *moritziana* Muell. Arg. =Hyeronima moritziana (Muell. Arg.) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 54; Franco, 1990: 327.

Hyeronima macrocarpa var. *spruceana* Muell. Arg. =Hyeronima macrocarpa var. macrocarpa
Ref. FP 13(3A/1) 1951: 54; Franco, 1990: 332.

Hyeronima moritziana (Muell. Arg.) Pax & Hoffmann
Syn. *Hyeronima macrocarpa* var. *moritziana* Muell. Arg.
Ref. FP 13(3A/1) 1951: 54; Franco, 1990: 327.
Tree. Andean I-II: forests. 1500-3500 m.
Voucher: Gentry *et al.* 45416 (MO!)
Depts.: HU, SM

Hyeronima oblonga (Tulasne) Muell. Arg.
Syn. *Stilaginella oblonga* Tulasne
Ref. FP 13(3A/1) 1951: 55; Webster & Huft, 1988: 1095; Franco, 1990: 323.
Tree. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Klug G-3113 (MO!)
Depts.: CU, JU, LO, MD, SM

Hyeronima peruviana Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 55.
Endemic tree. Andean I-II. 500-3000 m.
Note: Franco (1990) was unable to study material of this species but indicated that it may prove to be a synonym of *H. alchorneoides* var. *alchorneoides*.
Voucher: Weberbauer 2185* (B)
Depts.: HU

Hyeronima scabra (Tulasne) Muell. Arg.
Syn. *Stilaginella scabra* Tulasne
Shrub or tree. Andean II: forests. 2000-2500 m.
Voucher: Chávez 3472 (MO!)
Depts.: CU

Jablonskia congesta (Bentham ex Muell. Arg.) Webster
Syn. *Phyllanthus congestus* Bentham ex Muell. Arg., *Securinega congesta* (Bentham ex Muell. Arg.) Muell. Arg.
Ref. Webster, 1984a: 232.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 81402 (MO!)
Depts.: LO

Janipha manihot H.B.K. =Manihot esculenta Crantz

Jatropha aconitifolia Miller =Cnidoscolus aconitifolius (Miller) I. M. Johnston

Jatropha augustii Pax & Hoffmann
Syn. *Jatropha ciliata* Muell. Arg., *Jatropha ciliata* var. *longipedunculata*

(Pax & Hoffmann) J. F. Macbride, *Jatropha hoffmanniae* Croizat, *Jatropha longipedunculata* Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 159; Dehgan & Webster, 1979: 50.
Herb. Andean I-II: forests. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.* (B)
Depts.: Without full locality data.

Jatropha basiacantha Pax & Hoffmann =Cnidoscolus basiacanthus (Pax & Hoffmann) J. F. Macbride
Ref. FP 13(3A/1) 1951: 164.

Jatropha ciliata Muell. Arg. =Jatropha augustii Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 159; Dehgan & Webster, 1979: 50.

Jatropha ciliata var. *longipedunculata* (Pax & Hoffmann) J. F. Macbride =Jatropha augustii Pax & Hoffmann
Ref. FP 647: 159; Dehgan & Webster, 1979: 50.

Jatropha clavuligera Muell. Arg.
Ref. FP 13(3A/1) 1951: 160; Dehgan & Webster, 1979: 50.
Herb. Andean I. 500-1000 m.
Voucher: Weberbauer 6223
Depts.: CA

Jatropha curcas L.
Syn. *Castiglionia lobata* R & P., *Curcas purgans* Medicus, *Jatropha moluccana* Wallich
Ref. FP 13(3A/1) 1951: 160; Dehgan & Webster, 1979: 52.
Shrub or tree.
Voucher: Núñez & Walsh 6322 (MO!)
Depts.: CA, CU, LI, LO, PI, SM

Jatropha diacantha Pax & Hoffmann =Cnidoscolus diacanthus (Pax & Hoffmann) J. F. Macbride
Ref. FP 13(3A/1) 1951: 164.

Jatropha dulcis J. Gmelin =Manihot leptophylla Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 169; Rogers & Appan, 1973: 25.

Jatropha gossypiifolia L. var. **gossypiifolia**
Ref. FP 13(3A/1) 1951: 161; Dehgan & Webster, 1979: 54.
Herb. Amazonian: forests. 0-500 m.
Voucher: Plowman & Schunke 11688 (MO!)
Depts.: CA, LO, SM

Jatropha hoffmanniae Croizat =Jatropha augustii Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 159; Dehgan & Webster, 1979: 50.

Jatropha humboldtiana MacVaugh
Syn. *Jatropha peltata* H.B.K.
Ref. FP 13(3A/1) 1951: 161; Dehgan & Webster, 1979: 56.
Endemic shrub or tree. Andean I. 500-1500 m.
Voucher: Humboldt & Bonpland s.n.*
Depts.: CA

Jatropha hypoleuca Pax =Cnidoscolus hypoleucus (Pax) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 165.

Jatropha jaenensis Pax & Hoffmann =Cnidoscolus jaenensis (Pax & Hoffmann) J. F. Macbride
Ref. FP 13(3A/1) 1951: 165.

Jatropha longipedunculata Pax & Hoffmann =Jatropha augustii Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 159; Dehgan & Webster, 1979: 50.

Jatropha macrantha Muell. Arg.
Ref. FP 13(3A/1) 1951: 161; Dehgan & Webster, 1979: 58.
Endemic shrub or tree. Andean II. 1500-2500 m.
Voucher: Ruiz & Pavón s.n.* (G-DC)
Depts.: AN, AR, CA, HU, LI, LL

Jatropha moluccana Wallich =Jatropha curcas L.

Jatropha multifida L.
Ref. FP 13(3A/1) 1951: 162; Dehgan & Webster, 1979: 60.
Note: Not reconfirmed.

Jatropha peltata H.B.K. =Jatropha humboldtiana MacVaugh
Ref. FP 13(3A/1) 1951: 161; Dehgan & Webster, 1979: 56.

Jatropha peruviana Muell. Arg. =Cnidoscolus peruvianus (Muell. Arg.) J. F. Macbride
Ref. FP 13(3A/1) 1951: 166.

Jatropha pyrophora Pax.=Cnidoscolus pyrophorus (Pax) J. F. Macbride
Ref. FP 13(3A/1) 1951: 166.

Jatropha tubulosa Muell. Arg. =Cnidoscolus tubulosus (Muell. Arg.) I. M. Johnston
Ref. FP 13(3A/1) 1951: 167.

Jatropha urens L. =Cnidoscolus urens (L.) Arthur
Ref. FP 13(3A/1) 1951: 167.

Jatropha weberbaueri Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 162; Dehgan & Webster, 1979: 65.
Shrub or tree. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 4779*, Dillon & Whalen 4024 (MO!)
Depts.: CA, HU, LL, PI

Julocroton peruvianus Muell. Arg. =Croton flavispicatus Rusby
Ref. FP 13(3A/1) 1951: 71; Webster, 1992: 271.

Julocroton peruvianus var. *flavispicatus* (Rusby) Croizat =Croton flavispicatus Rusby
Ref. FP 13(3A/1) 1951: 71; Webster, 1992: 271.

[*Julocroton triqueter* (Lamarck) Baillon =Croton triqueter Lamarck]
Ref. FP 13(3A/1) 1951: 90.
Note: Not known from Peru.

Leptopus poeppigii Klotzsch & Garcke =Euphorbia poeppigii (Klotzsch & Garcke) Boissier
Ref. FP 13(3A/1) 1951: 27.

[Mabea anadena Pax & Hoffmann]
Ref. FP 13(3A/1) 1951: 184.
Note: Not known from Peru.

Mabea angustifolia Spruce ex Bentham
Tree. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Núñez & Munoz 5331 (MO!)
Depts.: MD, PU

Mabea elata Steyermark
Syn. *Mabea rhynchophylla* Diels
Ref. FP 13(3A/1) 1951: 184.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Klug 3206*
Depts.: LO

Mabea eximia Ducke
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Foster *et al.* 8949 (MO!)
Depts.: LO, PA

Mabea macbridei I. M. Johnston
Ref. FP 13(3A/1) 1951: 185.
Endemic tree.
Voucher: Macbride 5702* (F)
Depts.: JU

Mabea maynensis Muell. Arg. =Mabea maynensis Spruce
Ref. FP 13(3A/1) 1951: 186.

Mabea maynensis Spruce
Syn. *Mabea maynensis* Muell. Arg.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Spruce 4888* (B), Núñez *et al.* 11240 (MO!)
Depts.: LO, MD, PA, SM

Mabea nitida Spruce ex Bentham
Ref. FP 13(3A/1) 1951: 186.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ayala & Origgi 5973 (MO!)
Depts.: LO, MD

Mabea occidentalis Bentham
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 8070 (MO!)
Depts.: LO

Mabea piriri Aublet
Treelet. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Maas *et al.* 6291 (MO!)
Depts.: LO

Mabea pulcherrima Muell. Arg.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9782 (MO!)
Depts.: LO

Mabea rhynchophylla Diels =Mabea elata Steyermark
Ref. FP 13(3A/1) 1951: 184.

Mabea speciosa Muell. Arg.
Treelet. Amazonian: forests. 0-500 m.
Voucher: Maas *et al.* 6235 (MO!)
Depts.: LO

Mabea standleyi Steyermark
Ref. FP 13(3A/1) 1951: 187.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Klug 2064* (F), Schunke 6139 (UCLA at MO!)
Depts.: HU, LO

Mabea subsessilis Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 187.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez & Jaramillo 11421 (MO!)
Depts.: LO, SM

Manihot amazonica Ule =Manihot brachyloba Muell. Arg.
Ref. FP 13(3A/1) 1951: 169; Rogers & Appan, 1973: 190.

Manihot anomala Pohl subsp. **pavoniana** (Muell. Arg.) Roger & Appan
Syn. *Manihot pavoniana* Muell. Arg., *Manihot weberbaueri* Pax & Hoffmann
Ref. Rogers & Appan, 1973: 170.
Shrub. Amazonian, Andean I-II: forests, rocky slopes. 0-2500 m.
Voucher: Ruiz & Pavón s.n.* (F), Vargas 4884 (MO!)
Depts.: AP, CU

Manihot brachyloba Muell. Arg.
Syn. *Manihot amazonica* Ule, *Manihot rusbyi* Britton
Ref. Rogers & Appan, 1973: 190.
Shrub. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Woytkowski 7090 (MO!)
Depts.: AM, LO, MD, PA, SM, UC

Manihot dulcis (J. Gmelin) Pax =Manihot leptophylla Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 169; Rogers & Appan, 1973: 25.

Manihot esculenta Crantz
Syn. *Janipha manihot* H.B.K., *Manihot utilissima* Pohl
Ref. FP 13(3A/1) 1951: 170; Rogers & Appan, 1973: 25.
Cultivated shrub. Amazonian, Andean I-II. 0-2000 m.
Voucher: MacDaniel 11501 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Manihot heterandra Ule =Manihot peruviana Muell. Arg.
Ref. FP 13(3A/1) 1951: 172; Rogers & Appan, 1973: 197.

Manihot leptophylla Pax & Hoffmann
Syn. *Jatropha dulcis* J. Gmelin, *Manihot dulcis* (J. Gmelin) Pax, *Manihot palmata* var. *ferruginea* Muell. Arg.
Ref. FP 13(3A/1) 1951: 169; Rogers & Appan, 1973: 194.
Subshrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Rogers 467 (MO!)
Depts.: HU, JU, LO, SM

Manihot linearifolia Muell. Arg. =Manihot stricta Baillon
Ref. FP 13(3A/1) 1951: 171; Rogers & Appan, 1973: 217.

Manihot palmata var. *ferruginea* Muell. Arg. =Manihot leptophylla Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 169; Rogers & Appan, 1973: 194.

Manihot pavoniana Muell. Arg. =Manihot anomala subsp. pavoniana (Muell. Arg.) Roger & Appan
Ref. FP 13(3A/1) 1951: 172; Rogers & Appan, 1973: 170.

Manihot peruviana Muell. Arg.
Syn. *Manihot heterandra* Ule
Ref. FP 13(3A/1) 1951: 172; Rogers & Appan, 1973: 197.
Endemic subshrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Spruce 4287* (BM), Belshaw 3248 (MO!)
Depts.: LO, SM

Manihot rusbyi Britton =Manihot brachyloba Muell. Arg.

Manihot stricta Baillon
Syn. *Manihot linearifolia* Muell. Arg.
Ref. Rogers & Appan, 1973: 217.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Haenke s.n. (F)
Depts.: Without full locality data.

Manihot utilissima Pohl =Manihot esculenta Crantz
Ref. FP 13(3A/1) 1951: 170; Rogers & Appan, 1973: 27.

Manihot weberbaueri Pax & Hoffmann =Manihot anomala subsp. pavoniana (Muell. Arg.) Roger & Appan
Ref. FP 13(3A/1) 1951: 173; Rogers & Appan, 1973: 170.

Maprounea guianensis Aublet
Ref. FP 13(3A/1) 1951: 199; Webster & Huft, 1988: 1132.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Núñez *et al.* 9790 (MO!)
Depts.: HU, LO, MD, SM

Margaritaria nobilis L. f.
Syn. *Cicca antillana* Jussieu, *Phyllanthus antillanus* (Jussieu) Muell. Arg., *Phyllanthus nobilis* (L. f.) Muell. Arg., *Xylosma minutiflora* J. F. Macbride (Flacourtiaceae)
Ref. FP 13(3A/1) 1951: 43; Webster, 1979: 412.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Vásquez & Jaramillo 9456 (MO!)
Depts.: AM, LO, MD, SM, UC

Megalostylis poeppigii S. Moore =Dalechampia micrantha Muell. Arg.
Ref. FP 13(3A/1) 1951: 119; Webster & Armbruster, 1991: 151.

Micrandra elata Muell. Arg.
Ref. Schultes, 1979: 102.
Tree. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 25400 (DAV)
Depts.: LO

Micrandra siphonioides Bentham
Ref. Schultes, 1979: 105.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 7651 (MO!)
Depts.: LO

Micrandra spruceana (Baillon) R. Schultes
Syn. *Cunuria spruceana* Baillon
Ref. Schultes, 1979: 106.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6817 (MO!)
Depts.: LO, PA

Moeroris stipulata Raf. =Phyllanthus stipulatus (Raf.) Webster
Ref. Webster, 1955: 53.

Nealchornea yapurensis Huber
Ref. FP 13(3A/1) 1951: 180.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Schunke 6573 (UCLA at MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Omphalea diandra L.
Ref. FP 13(3A/1) 1951: 179.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 2309 (MO!)
Depts.: LO, MD, UC

[Orbicularia orbiculata (H.B.K.) Moldenke]
Ref. FP 13(3A/1) 1951: 44.
Note: Erroneously listed in the Flora of Peru as a synonym of *Phyllanthus orbiculatus* (Webster, pers. comm.).

Pachystroma longifolium (Nees) I. M. Johnston
Syn. *Ilex longifolia* Nees (Aquifoliaceae)
Ref. Johnston, 1923: 90.
Tree. Andean I: forests. 500-1000 m.
Voucher: Núñez 12715 (MO!)
Depts.: CU

[Pausandra densiflora Lanjouw]
Ref. FP 13(3A/1) 1951: 174.
Note: Not known from Peru. The type, *Krukoff 5464*, is from Brazil. According to Secco (1989) this taxon is synonymous with *P. trianae*.

Pausandra hirsuta Lanjouw
Ref. Liesner, pers. comm.

Shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Stein *et al.* 3954 (MO!)
Depts.: LO

Pausandra martinii Baillon
Tree. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel & Rimachi 18294 (MO!)
Depts.: AM, LO

[Pausandra morisiana (Casaretto) Radlkofer]
Syn. *Thouinia morisiana* Casaretto (Sapindaceae)
Ref. FP 13(3A/1) 1951: 174.
Note: Not known from Peru. According to Webster (pers. comm.) reports of the species from Peru are probably based on misidentifications.

[Pausandra quadriglandulosa Pax & Hoffmann]
Ref. FP 13(3A/1) 1951: 175.
Note: Not known from Peru. The type, *Ule 9538*, is from Brazil.

Pausandra trianae (Muell. Arg.) Baillon
Syn. *Pogonophora trianae* Muell. Arg.
Ref. FP 13(3A/1) 1951: 175; Webster & Huft, 1988: 1115.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ruíz & Jaramillo 1114 (MO!)
Depts.: HU, LO, MD

Pedilanthus retusus Bentham =Pedilanthus tithymaloides subsp. retusus (Bentham) Dressler
Ref. FP 13(3A/1) 1951: 34.

Pedilanthus tithymaloides Poiteau subsp. **retusus** (Bentham) Dressler
Syn. *Pedilanthus retusus* Bentham
Ref. Dressler, 1957: 154.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Williams 8133 (F)
Depts.: LO

Pera benensis Rusby
Syn. *Pera mildbraediana* Mansfeld
Ref. FP 13(3A/1) 1951: 106.
Tree. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Tessmann 4306*, Schunke 6309 (MO!)
Depts.: LO, SM

Pera bicolor (Klotzsch) Muell. Arg.
Syn. *Peridium bicolor* Klotzsch
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 4073 (MO!)
Depts.: LO

Pera citriodora Baillon
Tree. Amazonian: forests. 0-500 m.
Voucher: Ayala 466 (MO!)
Depts.: LO

Pera distichophylla (C. Martius) Baillon
Syn. *Spixia distichophylla* C. Martius
Ref. FP 13(3A/1) 1951: 107.
Note: Not reconfirmed.

Pera mildbraediana Mansfeld =Pera benensis Rusby
Ref. FP 13(3A/1) 1951: 106.

Pera nitida (Bentham) Jablonski
Syn. *Peridium bicolor* var. *nitidum* Bentham
Tree. Amazonian: forests. 0-500 m.
Voucher: Ruíz 1293 (MO!)
Depts.: LO, SM

Pera schomburgkiana Muell. Arg.
Tree. Amazonian: forests, terra firme forests. 0-500 m.
Voucher: Rimachi 2635 (MO!)
Depts.: LO

Peridium bicolor Klotzsch =Pera bicolor (Klotzsch) Muell. Arg.

Peridium bicolor var. *nitidum* Bentham =Pera nitida (Bentham) Jablonski

Phyllanthus acuminatus M. Vahl
Syn. *Conami brasiliensis* Aublet, *Phyllanthus conami* Swartz
Ref. FP 13(3A/1) 1951: 37.
Treelet. Amazonian: disturbed areas, riversides. 0-1000 m.
Voucher: Knapp & Mallet 7058 (MO!)
Depts.: CA, CU, HU, JU, SM

Phyllanthus amarus Schumacher & Thonning
Amazonian: forests, riversides. 0-500 m.
Voucher: Croat 17421 (MO!)
Depts.: LO

Phyllanthus anisolobus Muell. Arg.
Ref. FP 13(3A/1) 1951: 38, Webster & Huft, 1988: 1096.
Voucher: Pavón s.n.* (G),
Depts.: Without full locality data.

Phyllanthus antillanus (Jussieu) Muell. Arg. =Margaritaria nobilis L. f.
Ref. FP 13(3A/1) 1951: 43.

Phyllanthus brasiliensis (Aublet) Poiret
Ref. FP 13(3A/1) 1951: 38, Webster, pers. comm.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Mass *et al.* 6041 (MO!)
Depts.:SM

Phyllanthus caroliniensis Walter
Ref. Webster, 1955: 46.
Herb. Amazonian: riversides. 0-500 m.
Voucher: Foster 9748 (MO!)
Depts.: LO, MD

[*Phyllanthus ciliatoglandulosa* Millspaugh =Andrachne ciliato-glandulosa (Millspaugh) Croizat]
Ref. FP 13(3A/1) 1951: 50.
Note: Not known from Peru.

Phyllanthus compressus H.B.K.
Ref. FP 13(3A/1) 1951: 38.
Shrub. Amazonian. 0-500 m.
Voucher: McDaniel 13687 (MO!)
Depts.: AM, LO, SM

Phyllanthus conami Swartz =Phyllanthus acuminatus M. Vahl
Ref. FP 13(3A/1) 1951: 38; Herrera, 1941: 289.

Phyllanthus congestus Bentham ex Muell. Arg. =Jablonskia congesta (Bentham ex Muell. Arg.) Webster
Ref. FP 13(3A/1) 1951: 48.

Phyllanthus filiformis Pavón ex Baillon =Phyllanthus niruri L.
Ref. FP 13(3A/1) 1951: 41; Webster, pers. comm.

Phyllanthus fluitans Bentham ex Muell. Arg.
Ref. FP 13(3A/1) 1951: 39.
Aquatic herb. Amazonian. 0-500 m.
Voucher: McDaniel & Rimachi 22388 (MO!)
Depts.: LO

[Phyllanthus grandifolius L.]
Ref. FP 13(3A/1) 1951: 39, Webster, pers. comm.
Note: Not known from Peru.

Phyllanthus graveolens H.B.K.
Ref. FP 13(3A/1) 1951: 40.
Endemic shrub.
Voucher: Bonpland s.n.*
Depts.: Without full locality data.

Phyllanthus huallagensis Standley ex Croizat
Ref. FP 13(3A/1) 1951: 40.
Endemic tree. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 4240*, Plowman 5441 (DAV)
Depts.: SM

Phyllanthus juglandifolius Willdenow
Ref. Webster, 1955: 59.
Shrub.
Voucher: Croat 51007 (MO!)
Depts.: SM

Phyllanthus lacerilobus Croizat
Ref. FP 13(3A/1) 1951: 41.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Webster (pers. comm.) believes this is a synonym of the introduced species *P. pulcher*.
Voucher: Williams 2378*
Depts.: LO

Phyllanthus lathyroides H.B.K. =Phyllanthus niruri L.
Ref. FP 13(3A/1) 1951: 41; Webster, pers. comm.

Phyllanthus mexiae Croizat
Ref. FP 13(3A/1) 1951: 42.
Note: Not reconfirmed.

Phyllanthus niruri L.
Syn. *Phyllanthus filiformis* Pavón ex Baillon, *Phyllanthus lathyroides* H.B.K.
Ref. FP 13(3A/1) 1951: 42; Webster, 1955: 52.

Herb or shrub. Andean I-II: forests, rocky slopes, shrublands. 500-3000 m.
Voucher: Stevens 22090 (MO!)
Depts.: AM, CA, CU, LO, SM

Phyllanthus nobilis (L. f.) Muell. Arg. =Margaritaria nobilis L. f.
Ref. FP 13(3A/1) 1951: 43.

Phyllanthus orbiculatus L. C. Richard
Ref. FP 13(3A/1) 1951: 44.
Herb. Amazonian: forests. 0-500 m.
Voucher: Schunke 6673 (MO!)
Depts.: CU, JU, LO, PI

[*Phyllanthus oxycladus* Muell. Arg. =Phyllanthus pavonianus Baillon]
Ref. FP 13(3A/1) 1951: 44.
Note: Not known from Peru.

[Phyllanthus pavonianus Baillon]
Syn. *Phyllanthus oxycladus* Muell. Arg.
Ref. FP 13(3A/1) 1951: 44.
Note: Not known from Peru.

Phyllanthus piscatorum H.B.K
Shrub. Andean I: forests. 1000-1500 m.
Voucher: Schunke 9725 (MO!)
Depts.: SM

Phyllanthus poeppigianus (Muell. Arg.) Muell. Arg.
Syn. *Glochidion poeppigianum* Muell. Arg.
Ref. FP 13(3A/1) 1951: 45.
Tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 2226 (MO!)
Depts.: LO

Phyllanthus pseudoconami var. *pubescens* Muell. Arg. =Phyllanthus pseudoconami Muell. Arg.
Ref. FP 13(3A/1) 1951: 45.

Phyllanthus pseudoconami Muell. Arg.
Syn. *Phyllanthus pseudoconami* var. *pubescens* Muell. Arg.
Ref. FP 13(3A/1) 1951: 45.
Endemic shrub. Andean I-II: forests. 500-2500 m.
Voucher: Poeppig s.n.*, Rimachi 4091 (MO!)
Depts.: HU, SM

Phyllanthus racemigerus Muell. Arg.
Ref. FP 13(3A/1) 1951: 46.
Note: Not reconfirmed.

[*Phyllanthus rubellus* Muell. Arg. =Flueggea elliptica (Sprengel) Baillon]
Ref. FP 13(3A/1) 1951: 46; Webster, 1984b: 278.
Note: Not known from Peru.

Phyllanthus salviifolius H.B.K.
Ref. FP 13(3A/1) 1951: 46.
Tree. Andean II: forests. 2000-3500 m.
Voucher: López & Sagástegui 8154 (MO!)
Depts.: LA, LL

Phyllanthus stipulatus (Raf.) Webster
Syn. *Moeroris stipulata* Raf.
Ref. Webster, 1955: 53.
Tree. Amazonian: forests. 0-500 m.
Voucher: Rimachi 4661 (MO!)
Depts.: LO

Phyllanthus urinaria L.
Ref. Coode, 1982: 198.
Herb. Amazonian: forests. 0-500 m.
Voucher: Spichiger & Encarnación 1223 (MO!)
Depts.: LO

Phyllanthus ventricosus Webster
Ref. Webster, 1967b: 198.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Mexia 6414* (MO)
Depts.: LO

Phyllanthus vincentae J. F. Macbride
Ref. FP 13(3A/1) 1951: 47.
Endemic shrub. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Williams 4970*
Depts.: LO

Plukenetia brachybotrya Muell. Arg.
Syn. *Apodandra brachybotrya* (Muell. Arg.) J. F. Macbride
Ref. FP 13(3A/1) 1951: 117.
Herb. Amazonian: forests on white sand. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (G-DC), Croat 20058 (MO!)
Depts.: HU, LO, MD, SM

Plukenetia buchtienii Pax
Syn. *Apodandra buchtienii* Pax
Ref. FP 13(3A/1) 1951: 117.
Note: Not reconfirmed.

Plukenetia loretensis Ule
Syn. *Apodandra loretensis* (Ule) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 118.
Vine. Amazonian: forests on white sand. 0-500 m.
Voucher: Ule 6837* (photo MO!), Jones 9668 (MO!)
Depts.: LO

Plukenetia macrostyla Ule =Plukenetia polyadenia Muell. Arg.
Ref. FP 13(3A/1) 1951: 116; Webster, pers. comm.

Plukenetia penninervia Muell.Arg.
Ref. Webster & Huft, 1988: 1105.
Liana. Amazonian. 0-500 m.
Note: No Peruvian material cited by Webster & Huft (1988), but voucher cited here was determined by Huft in 1990.
Voucher: Ayala 2248 (MO)
Depts.: LO

Plukenetia peruviana Muell. Arg. =Plukenetia volubilis L.
Ref. FP 13(3A/1) 1951: 115.

Plukenetia polyadenia Muell. Arg.
Syn. *Elaeophora polyadenia* (Muell. Arg.) Ducke, *Plukenetia macrostyla* Ule
Ref. FP 13(3A/1) 1951: 116; Webster, pers. comm.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Poeppig 2385*, Díaz *et al.* 1157 (DAV)
Depts.: LO

Plukenetia volubilis L.
Syn. *Plukenetia peruviana* Muell. Arg.
Ref. FP 13(3A/1) 1951: 115; Webster & Huft, 1988: 1105.
Herb. Amazonian, Andean I-II. 0-2000 m.
Voucher: Schunke 5836 (MO!)
Depts.: AM, CU, JU, LO, MD, PA, SM

Podocalyx loranthoides Klotzsch
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 7473 (MO!)
Depts.: LO

[Pogonophora schomburgkiana Miers ex Bentham]
Ref. FP 13(3A/1) 1951: 176.
Note: Not known from Peru.

Pogonophora trianae Muell. Arg. =Pausandra trianae (Muell. Arg.) Baillon
Ref. FP 13(3A/1) 1951: 175.

Poinsettia heterophylla (L.) Klotzsch & Garcke =Euphorbia heterophylla L.
Ref. Dressler, 1962: 339.

Poinsettia inornata Dressler
Ref. Dressler, 1962: 339.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Mexia 04044* (MO)
Depts.: LI

Poinsettia ruiziana Klotzsch & Garcke =Euphorbia heterophylla L.
Ref. FP 13(3A/1) 1951: 18.

Richeria grandis M. Vahl var. **grandis**
Syn. *Amanoa divaricata* Poeppig, *Guarania ramiflora* Weddell ex Baillon
Ref. FP 13(3A/1) 1951: 48; Secco, 1990: 145.
Tree. Andean II: forests. 1500-2000 m.
Voucher: Woytkowski 8191 (MO!)
Depts.: AM, LO

[Richeria submembranacea Steyermark]
Ref. FP 13(3A/1) 1951: 49.
Note: Not known from Peru.

Ricinus communis L.
Ref. FP 13(3A/1) 1951: 114; Herrera, 1941: 290.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Rimachi 3826 (MO!)
Depts.: CU, HU, LO

Sagotia racemosa Baillon
Ref. Secco, 1985: 81.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ruíz 514 (MO!)
Depts.: LO, MD

Sapium aereum Klotzsch ex Muell. Arg. =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 193; Kruijt, 1989: 117.

Sapium biglandulosum var. *hamatum* Poeppig ex Muell. Arg. =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 196; Kruijt, 1989: 120.

Sapium biglandulosum var. *pavonianum* Muell. Arg. =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 197; Kruijt, 1989: 126.

Sapium eglandulosum Ule =Sapium laurifolium (Richard) Grisebach
Ref. FP 13(3A/1) 1951: 194; Webster & Huft, 1988: 1133; Kruijt, 1989: 144.

Sapium glandulosum (L.) Morong
Syn. *Hippomane biglandulosum* L., *Sapium aereum* Klotzsch ex Muell. Arg., *Sapium biglandulosum* var. *hamatum* Poeppig ex Muell. Arg., *Sapium biglandulosum* var. *pavonianum* Muell. Arg., *Sapium hamatum* (Poeppig ex Muell. Arg.) Pax & Hoffmann, *Sapium hippomane* G. Meyer, *Sapium ixiamasense* Jablonski, *Sapium pavonianum* (Muell. Arg.) Huber, *Sapium poeppigii* Hemsley, *Sapium taburu* Ule
Ref. FP 13(3A/1) 1951: 194; Kruijt, 1989: 117.
Endemic shrub or tree. Amazonian, Andean I: forests. 1000-1500 m.
Voucher: Klug 3374 (MO!)
Depts.: HU, JU, LO, MD, PA, SM

Sapium hamatum (Poeppig ex Muell. Arg.) Pax & Hoffmann =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 196; Kruijt, 1989: 120.

Sapium hippomane G. Meyer =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 194; Kruijt, 1989: 120.

Sapium ixiamasense Jablonski =Sapium glandulosum (L.) Morong
Ref. Jablonski, 1968: 448; Kruijt, 1989: 121.

Sapium laurifolium (Richard) Grisebach
Syn. *Sapium eglandulosum* Ule, *Sapium utile* Preuss
Ref. Kruijt, 1989: 144.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 3702 (MO!)
Depts.: SM, TU

Sapium marmierii Huber
Ref. FP 13(3A/1) 1951: 195; Kruijt, 1989: 157.
Tree. Amazonian: forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 10484 (MO!)
Depts.: AM, HU, LO, MD, PA, UC

[*Sapium martii* (Muell. Arg.) Huber =Sapium obovatum Klotzsch ex Muell. Arg.]
Ref. FP 13(3A/1) 1951: 195; Kruijt, 1989: 161.
Note: Not known from Peru.

Sapium martii var. **peruviana** J. F. Macbride
Ref. FP 13(3A/1) 1951: 196; Kruijt, 1989: 203.
Tree. Amazonian. 0-500 m.
Voucher: Williams 6658* (syntype)
Note: Kruijt (1989: 203) was unable to study the type material. Jablonski (1961:451) treats this as *S. peruviana* (J. F. Macbride) Jablonski.
Depts.: LO, SM

[Sapium obovatum Klotzsch ex Muell. Arg.]
Syn. *Excoecaria martii* Muell. Arg., *Sapium martii* (Muell. Arg.) Huber
Ref. Kruijt, 1989: 160.
Note: Not known from Peru.

Sapium obtusifolium H.B.K. =Sebastiania obtusifolia (H.B.K.) Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 190.

Sapium pavonianum (Muell. Arg.) Huber =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 197; Kruijt, 1989: 126.

Sapium poeppigii Hemsley =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 196; Kruijt, 1989: 127.

Sapium salpingadenium Muell. Arg. =Stillingia salpingadenia var. salpingadenia
Ref. FP 13(3A/1) 1951: 191; Kruijt, 1989: 199.

Sapium sebiferum (L.) Roxburgh =Triadica sebifera (L.) Small
Ref. Kruijt, 1989: 199.

Sapium stylare Muell. Arg.
Ref. Kruijt, 1989: 177.
Tree. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Barbour 2561 (MO!)
Depts.: AM

Sapium taburu Ule =Sapium glandulosum (L.) Morong
Ref. FP 13(3A/1) 1951: 196; Kruijt, 1989: 128.

Sapium utile Preuss =Sapium laurifolium (Richard) Grisebach
Ref. FP 13(3A/1) 1951: 197; Kruijt, 1989: 145.

[*Sebastiania corniculata* (Vahl) Pax, nom. illeg =Sebastiania corniculata (Vahl) Mueller Arg.]
Ref. FP 13(3A/1) 1951: 189.
Note: Not known from Peru.

[Sebastiania corniculata (Vahl) Mueller Arg.]
Syn. *Sebastiania corniculata* (Vahl) Pax, nom illeg, *Tragia corniculata* M. Vahl
Note: Not known from Peru

Sebastiania haploclada Briquet
Ref. FP 13(3A/1) 1951: 189.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Mathews s.n.* (G photo MO!)
Depts.: AM

Sebastiania huallagensis Croizat
Ref. FP 13(3A/1) 1951: 190.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Klug 4243*
Depts.: SM

Sebastiania obtusifolia (H.B.K.) Pax & Hoffmann
Syn. *Sapium obtusifolium* H.B.K.
Ref. FP 13(3A/1) 1951: 190.
Endemic shrub. Andean II-III: disturbed areas, elfin forests, shrublands. 2000-4000 m.
Voucher: Humboldt s.n.*, Smith & Canne 5922 (MO!)
Depts.: AN, AP, CA, CU, HU, JU, LL, TA

Securinega congesta (Bentham ex Muell. Arg.) Muell. Arg. =Jablonskia congesta (Bentham ex Muell. Arg.) Webster
Ref. FP 13(3A/1) 1951: 48.

Senefeldera inclinata Muell. Arg.
Ref. FP 13(3A/1) 1951: 181.
Tree. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Foster & Wachter 7328 (MO!)
Depts.: LO, MD, SM

Senefeldera macrophylla Ducke
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 19540 (MO!)
Depts.: AM, HU, LO, MD

Senefeldera skutchiana Croizat
Ref. FP 13(3A/1) 1951: 182.
Endemic tree. Andean I: forests. 500-1000 m.
Voucher: Skutch 4967*, Schunke 10206 (MO!)
Depts.: HU, JU

Senefeldera triandra Pax & Hoffmann
Ref. FP 13(3A/1) 1951: 182.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ule 9547* (B), Gentry *et al.* 55645 (MO!)
Depts.: LO

Siphonia brasiliensis Willdenow ex Adr. Jussieu =Hevea brasiliensis (Willdenow ex Adr. Jussieu) Muell. Arg.
Ref. FP 13(3A/1) 1951: 109; Schultes, 1990: 13.

Siphonia lutea Spruce ex Bentham =Hevea guianensis var. lutea (Spruce ex Bentham) Ducke & Schultes
Ref. FP 13(3A/1) 1951: 110; Schultes, 1990: 28.

[*Siphonia pauciflora* Spruce ex Bentham =Hevea pauciflora var. pauciflora]
Ref. FP 13(3A/1) 1951: 113.
Note: Not known from Peru.

Siphonia spruceana Bentham =Hevea spruceana (Bentham) Muell. Arg.
Ref. Schultes, 1990: 45.

Spixia distichophylla C. Martius =Pera distichophylla (C. Martius) Baillon
Ref. FP 13(3A/1) 1951: 107.

Stilaginella laxiflora Tulasne =Hyeronima alchorneoides var. alchorneoides
Ref. FP 13(3A/1) 1951: 53; Huft, pers. comm.

Stilaginella oblonga Tulasne =Hyeronima oblonga (Tulasne) Muell. Arg.
Ref. FP 13(3A/1) 1951: 55; Franco, 1990: 323.

Stilaginella scabra Tulasne =Hyeronima scabra (Tulasne) Muell. Arg.

Stillingia parvifolia Sánchez *et al.*
Ref. Sánchez *et al.*, 1988: 1666.
Endemic shrub. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Sánchez & Ruíz 3618* (CPUN)
Depts.: CA

Stillingia peruviana Rogers =Stillingia salpingadenia var. peruviana J. F. Macbride
Ref. Webster, pers. comm.

Stillingia salpingadenia (Muell. Arg.) Huber var. **peruviana** J. F. Macbride
Syn. *Stillingia peruviana* Rogers
Ref. FP 13(3A/1) 1951: 192; Webster, pers. comm.
Shrub. Andean II. 2000-2500 m.
Voucher: Stork & Horton s.n.* (F)
Depts.: Without full locality data.

Stillingia salpingadenia var. **salpingadenia**
Syn. *Excoecaria salpingadenium* Muell. Arg., *Sapium salpingadenium* Muell. Arg.
Ref. FP 13(3A/1) 1951: 191.
Note: Not reconfirmed.

Tacarcuna amanoifolia Huft
Ref. Huft, 1989: 1082.
Endemic tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: McDaniel & Rimachi 20414* (MO!), McDaniel & Rimachi 20465 (MO!)
Depts.: LO

Tetrorchidium macrophyllum Muell. Arg.
Ref. FP 13(3A/1) 1951: 178.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 2034*, Schunke 3478 (MO!)
Depts.: AM, HU, LO, PA, SM

Tetrorchidium rubrivenium Poeppig
Ref. FP 13(3A/1) 1951: 178.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 6142 (LA at MO!)
Depts.: AM, HU, LO, PA, SM

Tithymalus huanchahanus Klotzsch & Garcke =Euphorbia huanchahana (Klotzsch & Garcke) Boissier
Ref. FP 13(3A/1) 1951: 20.

Tithymalus penicillatus Millspaugh =Chammaesyce hypericifolia (L.) Millspaugh
Ref. FP 13(3A/1) 1951: 20.

Tithymalus raphanorrhizus Millspaugh =Euphorbia raphanorrhiza (Millspaugh) J. F. Macbride
Ref. FP 13(3A/1) 1951: 28.

[*Tragia corniculata* M. Vahl =Sebastiania corniculata (M. Vahl) Muell. Arg.]
Ref. FP 13(3A/1) 1951: 189.
Note: Not known from Peru.

Tragia fallax Muell. Arg.
Ref. FP 13(3A/1) 1951: 120.
Vine. Amazonian: forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (G), Woytkowski 7228 (MO!)
Depts.: AY, HU, LO, SM

Tragia rubiginosa Huft
Ref. Huft, 1989: 1085.
Endemic vine. Amazonian. 0-500 m.
Voucher: Klug 1176* (US)
Depts.: LO

Tragia subhastata Poeppig
Ref. FP 13(3A/1) 1951: 120.
Vine. Amazonian: forests. 0-500 m.
Voucher: Poeppig 1935* (W), Díaz *et al.* 822 (MO!)
Depts.: HU, LO

Tragia volubilis L.
Ref. FP 13(3A/1) 1951: 121; Lourteig, 1990: 352.
Vine. Amazonian: forests. 0-500 m.
Voucher: Woytkowski 5635 (MO!)
Depts.: AM, LO, SM

Triadica sebifera (L.) Small
Syn. *Croton sebiferum* L., *Sapium sebiferum* (L.) Roxburgh
Ref. Kruijt, 1989: 99.
Shrub. Coastal. 0-500 m.
Voucher: Medina 75 (MO!)
Depts.: LI

Fabaceae

138 genera and 971 species in Peru.

Endemic genus: *Weberbauerella*.
Endemic species: 280.

Prepared by J. L. Zarucchi except *Inga* which was prepared by R. E. Gereau (MO); initial data accumulated, mainly from MO, USM, and other herbaria, by L. Brako. Reviewed by D. R. Brunner (MO--*Calliandra, Zapoteca*), A. Delgado Salinas (MEXU--*Phaseolus, Vigna* and other Phaseolinae), E. Gómez-Sosa (SI--*Astragalus*), M. Guzmán-Teare (MO--*Crotalaria*), C. E. Hughes (FHO--*Leucaena*), B. B. Klitgaard (AAU--*Brownea, Browneopsis, Platymiscium*), G. P. Lewis (K--*Caesalpinia, Cratylia, Hoffmannseggia, Piptadenia*), A. W. Lievens (MO--*Indigofera*), R. A. Palacios (BAFC--*Prosopis*), M. de L. Rico-Arce (K--*Acacia, Piptadenia, Pithecellobium* sens. lat.), R. L. Riggins (OBI--*Lupinus*), V. E. Rudd (US at SFV--*Aeschynomene, Chaetocalyx, Dalbergia, Machaerium*, genera of Sophoreae), D. S. Seigler (ILL--*Acacia*), M. Sousa (MEXU--*Lonchocarpus, Muellera*), O. Téllez (MEXU--*Tephrosia*), R. P. Wunderlin (USF--*Bauhinia*).

Abarema jupunba (Willdenow) Britton & Killip
Syn. *Acacia jupunba* Willdenow, *Jupunba trapezifolia* (M. Vahl) Moldenke, *Mimosa trapezifolia* M. Vahl, *Pithecellobium jupunba* (Willdenow) Urban, *Pithecellobium trapezifolium* (M. Vahl) Bentham
Ref. FP 13(3/1) 1943: 56; Lewis, 1987: 160; Rico, pers. comm.
Tree. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas, swamps. 0-1500 m.
Voucher: Gentry & Jaramillo 57990 (MO!)
Depts.: JU, LO, MD, PA, SM

Abrus precatorius L.
Ref. FP 13(3/1) 1943: 351; Lewis, 1987: 232.
Introduced herb or vine. Andean I: disturbed areas, forests. 500-1000 m.
Voucher: Woytkowski 6869 (MO!)
Depts.: CA, JU

Acacia acantholoba Humboldt & Bonpland ex Willdenow =Mimosa acantholoba var. acantholoba
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 106.

[*Acacia adiantoides* Sprengel =Piptadenia adiantoides (Sprengel) J. F. Macbride]
Ref. FP 13(3/1) 1943: 101, Lewis, 1987: 116.
Note: Not known from Peru.

Acacia altiscandens Ducke
Syn. *Manganaroa altiscandens* (Ducke) Spegazzini
Ref. FP 13(3/1) 1943: 76; A. S. Silva, 1990: 182.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 46201 (MO!)
Depts.: MD

Acacia angustisiliqua (Lamarck) Desfontaines =Desmanthus virgatus (L.) Willdenow
Ref. Luckow, 1989: 389.

Acacia arborea (L.) Willdenow =Cojoba arborea (L.) Britton & Rose
Ref. Rico, pers. comm.

[Acacia boliviana Rusby]
Ref. FP 13(3/1) 1943: 76; Rico, pers. comm.
Note: Not known from Peru.

Acacia caduca Humboldt & Bonpland ex Willdenow =Mimosa caduca (Humboldt & Bonpland ex Willdenow) Poiret
Ref. FP 13(3/1) 1943: 87; Barneby, 1991: 173.

Acacia cebil Grisebach =Anadenanthera colubrina var. cebil (Grisebach) Altschul
Ref. Altschul, 1964: 53; Lewis, 1987: 120.

Acacia farnesiana (L.) Willdenow
Syn. *Mimosa farnesiana* L., *Poponax farnesiana* (L.) Raf., *Vachellia farnesiana* (L.) Wight & Arnott
Ref. FP 13(3/1) 1943: 77; Duke, 1981: 5; Clarke *et al.*, 1989: 559.
Shrub or tree. Amazonian: semi-deciduous forests. 0-500 m.
Voucher: Gentry *et al.* 37650 (MO!)
Depts.: CA, CU, JU, LO, SM

Acacia flava Sprengel ex DC. =Piptadenia flava (Sprengel ex DC.) Bentham
Ref. FP 13(3/1) 1943: 103; McVaugh, 1987: 231.

[Acacia glauca (L.) Moench]
Syn. *Mimosa glauca* L. (1753)
Ref. Howard *et al.*, 1988: 339.
Note: Not known from Peru.

Acacia glomerosa Bentham =Acacia polyphylla DC.
Ref. FP 13(3/1) 1943: 77; Seigler, pers. comm.

[*Acacia gonoacantha* C. Martius =Piptadenia gonoacantha (C. Martius) J. F. Macbride]
Ref. Burkart, 1979: 274.
Note: Not known from Peru.

[*Acacia grata* Willdenow =Piptadenia grata (Willdenow) J. F. Macbride]
Ref. FP 13(3/1) 1943: 103.
Note: Not known from Peru.

Acacia huarango Ruiz ex J. F. Macbride
Ref. FP 13(3/1) 1943: 78.
Shrub or tree. Amazonian, Andean I: riversides. 0-1000 m.
Note: According to Seigler (pers. comm.), this species represents a form close to *A. macracantha*.
Voucher: Ruiz & Pavón s.n.* (F), Hutchison & Wright 6761 (UC, USM!)
Depts.: AM, AN, CU, HU, LA, LI, LL, PI, TU

Acacia huberi Ducke
Ref. FP 13(3/1) 1943: 78; Ducke, 1949: 52; A. S. Silva, 1990: 195.
Liana. Amazonian, Andean I: disturbed areas, swamps. 0-1500 m.
Voucher: Gentry & Jaramillo 57666 (MO!)
Depts.: MD, PA

Acacia julibrissin (Durazzini) Willdenow =Albizia julibrissin Durazzini
Ref. Britton & Rose, 1928: 44.

Acacia jupunba Willdenow =Abarema jupunba (Willdenow) Britton & Killip
Ref. FP 13(3/1) 1943: 56; Rico, pers. comm.

Acacia klugii Standley ex J. F. Macbride
Ref. FP 13(3/1) 1943: 78.
Endemic liana or shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 4272* (MO!)
Depts.: SM

Acacia kuhlmannii Ducke
Ref. FP 13(3/1) 1943: 78; A. S. Silva, 1990: 198.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Mathias & Taylor 3494 (MO!)
Depts.: AY, LO

Acacia lebbeck (L.) Willdenow =Albizia lebbeck (L.) Bentham
Ref. Burkart, 1979: 105.

[Acacia lehmannii (Britton & Killip) J. F. Macbride]
Syn. *Senegalia lehmannii* Britton & Killip
Ref. FP 13(3/1) 1943: 79.
Note: Not known from Peru.

Acacia leucocephala (Lamarck) Link =Leucaena leucocephala (Lamarck) De Wit
Ref. Shaw & Schubert, 1976: 117.

Acacia lophantha Willdenow =Paraserianthes lophantha (Willdenow) I. C. Nielsen
Ref. FP 13(3/1) 1943: 47; Nielsen *et al.*, 1983: 326.

Acacia loretensis J. F. Macbride
Ref. FP 13(3/1) 1943: 79; Ducke, 1949: 53.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas, swamps. 0-1000 m.
Note: Probably conspecific with *A. macbridei* (Rico, pers. comm.).
Voucher: Schunke 157* (F), Lamotte 406 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Acacia macbridei Britton & Rose ex J. F. Macbride
Ref. FP 13(3/1) 1943: 79.
Liana or tree. Amazonian, Andean I: forests, rocky slopes, swamps. 0-1000 m.
Note: Probably conspecific with *A. loretensis* (Rico, pers. comm.).
Voucher: Macbride 5326* (F), Young 157 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, PA, UC

Acacia macracantha Humboldt & Bonpland ex Willdenow
Syn. *Acacia pellacantha* J. Vogel
Ref. FP 13(3/1) 1943: 80; Carrillo, 1974: 48.
Shrub. Amazonian, Andean I-II, Coastal: beach, disturbed areas, rocky slopes. 0-3000 m.
Voucher: Ferreyra 2740 (MO!)
Depts.: AM, AN, AP, AR, AY, CA, CU, HU, HV, IC, LA, LI, LL, PI, TA, TU

Acacia macroloba Willdenow =Pentaclethra macroloba (Willdenow) Kuntze
Ref. Schery, 1950a: 313; Lewis & Owen, 1989: 29.

Acacia magdalenae Bertero ex DC. =Calliandra magdalenae (Bertero ex DC.) Bentham
Ref. Schery, 1950a: 259.

Acacia melanoxylon R. Brown
Ref. Marticorena & Quezada, 1985: 53.
Cultivated and introduced shrub. Andean I: disturbed areas, shrublands. 1000-1500 m.
Voucher: Ridoutt 10698 (MO!)
Depts.: JU

Acacia multiflora H.B.K. =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. FP 13(3/1) 1943: 59.

Acacia multipinnata Ducke =Acacia tenuifolia (L.) Willdenow
Ref. FP 13(3/1) 1943: 80; Ducke, 1949: 53; A. S. Silva, 1990: 201; Grimes, 1992: 267.

Acacia pallida Humboldt & Bonpland ex Willdenow =Prosopis pallida (Humboldt & Bonpland ex Willdenow) H.B.K.
Ref. Burkart, 1976: 486.

Acacia paniculata Willdenow =Acacia tenuifolia (L.) Willdenow
Ref. FP 13(3/1) 1943: 81; Ducke, 1949: 53; A. S. Silva, 1990: 205; Grimes, 1992: 267; Seigler, pers. comm.
Note: A. S. Silva (1990) treated this as a valid species distinct from *A. tenuifolia*.

Acacia paniculiflora Steudel =Mimosa myriadenia var. myriadenia
Ref. FP 13(3/1) 1943: 91; Barneby, 1991: 29.

Acacia paraensis Ducke
Syn. *Manganaroa paraensis* (Ducke) Spegazzini
Ref. FP 13(3/1) 1943: 81; A. S. Silva, 1990: 209.
Liana. Amazonian: forests. 0-500 m.
Voucher: Belshaw 3159 (MO!)
Depts.: LO, SM

Acacia pellacantha J. Vogel =Acacia macracantha Humboldt & Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 80; Carrillo, 1974: 48.

Acacia polyphylla Clos, nom. illeg. =Lysiloma polyphylla Bentham
Ref. FP 13(3/1) 1943: 74.

Acacia polyphylla DC.
Syn. *Acacia glomerosa* Bentham, *Senegalia glomerosa* (Bentham) Britton & Rose, *Senegalia polyphylla* (DC.) Britton & Rose ex Britton & Killip
Ref. FP 13(3/1) 1943: 82; Ducke, 1949: 52; A. S. Silva, 1990: 212; Seigler, pers. comm.
Liana or tree. Amazonian, Andean I: disturbed areas, dry valleys, riversides, semi-deciduous forests. 0-1500 m.
Voucher: Gentry *et al.* 37851 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, PA, SM, UC

Acacia pulcherrima Willdenow =Stryphnodendron pulcherrimum (Willdenow) Hochreutiner
Ref. FP 13(3/1) 1943: 105; Martins, 1981: 72; Lewis, 1987: 115.

Acacia revoluta Kunth =Mimosa revoluta (Kunth) Bentham
Ref. FP 13(3/1) 1943: 94; Barneby, 1991: 56.

Acacia riparia H.B.K.
Syn. *Acacia tubulifera* Bentham, *Senegalia riparia* (H.B.K.) Britton & Rose ex Britton & Killip
Ref. FP 13(3/1) 1943: 82; Ducke, 1949: 52; Lewis, 1987: 115.
Liana. Amazonian, Andean I: disturbed areas, forests, rocky slopes, swamps. 0-1500 m.
Voucher: Smith 1916 (MO!)
Depts.: CA, CU, JU, MO, PA, PI, SM, UC

[*Acacia strombulifera* (Lamarck) Willdenow =Prosopis strombulifera var. strombulifera]
Ref. Burkart, 1976: 457.
Note: Not known from Peru.

Acacia tenuifolia (L.) Willdenow
Syn. *Acacia multipinnata* Ducke, *Acacia paniculata* Willdenow, *Manganaroa paniculata* (Willdenow) Spegazzini, *Mimosa paniculata* (Willdenow) Poiret, *Mimosa tenuifolia* L., *Senegalia paniculata* (Willdenow) Killip ex Record, *Senegalia tenuifolia* (L.) Britton & Rose; *Senegalia tomentella* Britton & Killip
Ref. Schery, 1950a: 272; McVaugh, 1987: 138; Grimes, 1992: 267; Seigler, pers. comm.
Liana or shrub. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Gentry & Díaz 58374 (MO!)
Depts.: CA, HU, JU, LO, MD, PA, SM, UC

Acacia trichodes (Jacquin) Willdenow =Leucaena trichodes (Jacquin) Bentham

Acacia tubulifera Bentham =Acacia riparia H.B.K.
Ref. FP 13(3/1) 1943: 82; Schery, 1950a: 273.

Acacia virgata (L.) Gaertner =Desmanthus virgatus (L.) Willdenow
Ref. Luckow, 1989: 389.

Acacia viridiflora Kunth =Piptadenia viridiflora (Kunth) Bentham
Ref. FP 13(3/1) 1943: 104; Lewis, 1987: 118.

Acacia visco Lorentz ex Grisebach
Ref. Marticorena & Quezada, 1985: 53.
Introduced tree. Coastal: disturbed areas, riversides. 500-1000 m.
Voucher: Ferreyra 4071 (MO!)
Depts.: TA

Acacia weberbaueri Harms
Ref. FP 13(3/1) 1943: 83.
Liana, shrub or tree. Amazonian, Andean I-II: disturbed areas. 0-3500 m.
Voucher: Weberbauer 6209* (B photo F!), Barbour 4231 (MO!)
Depts.: AM, AN, CA, JU, LO, SM

Acuan depressum (Humboldt & Bonpland ex Willdenow) Kuntze =Desmanthus depressus Humboldt & Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 97; Luckow, 1989: 249.

Acuan virgatum (L.) Medikus =Desmanthus virgatus (L.) Willdenow
Ref. FP 13(3/1) 1943: 98; Carrillo, 1974: 49; Luckow, 1989: 389.

Adenopodia minutiflora (Ducke) Brenan =Piptadenia uaupensis Spruce ex Bentham
Ref. Brenan, 1986: 84; Barneby, 1986: 228.

[*Adenopodia polystachya* (L.) J. R. Dixon ex Croat =Entada polystachya (L.) DC.]
Ref. Croat, 1978: 426.

Adenopodia uaupensis (Spruce ex Bentham) Brenan =Piptadenia uaupensis Spruce ex Bentham
Ref. Brenan, 1986: 82; Barneby, 1986: 228.

Adesmia augusti J. F. Macbride
Ref. FP 13(3/1) 1943: 404; Ulibarri, 1986: 344.
Endemic shrub. Andean II-III: shrublands. 2500-3500 m.
Voucher: Weberbauer 7389* (F), Hutchison & Wright 7221 (MO!, USM!)
Depts.: AR, TA

Adesmia dentata (Lagasca) DC. =Adesmia muricata var. dentata (Lagasca) Bentham
Ref. FP 13(3/1) 1943: 405; Burkart, 1967: 509.

Adesmia hispidula (Lagasca) DC.
Syn. *Adesmia muricata* var. *hispidula* (Lagasca) J. F. Macbride, *Aeschynomene hispidula* Lagasca
Ref. FP 13(3/1) 1943: 406; Burkart, 1954: 494.
Endemic shrub. Andean II: rocky slopes. 2000-3500 m.
Note: Treated in the Flora of Peru as a variety of *A. muricata*.
Voucher: Dombey s.n.* (P), Vargas 11092 (MO!)
Depts.: AN, CU, HU, HV, LI

Adesmia melanthes F. Philippi
Ref. Ulibarri, 1986: 332.
Shrub. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Tovar 5132 (SI)
Depts.: AR

Adesmia miraflorensis Remy
Syn. *Adesmia vicina* J. F. Macbride
Ref. FP 13(3/1) 1943: 405; Ulibarri, 1984: 358; Ulibarri, 1986: 382.
Shrub. Andean II-III: riversides, rocky slopes. 3000-4000 m.
Voucher: Vargas 5063 (MO!)
Depts.: CU, HV, JU, MO, PU

Adesmia muricata (Jacquin) DC. var. **dentata** (Lagasca) Bentham
Syn. *Adesmia dentata* (Lagasca) DC., *Adesmia muricata* var. *pimpinellifolia* (Poiret) Burkart, *Aeschynomene dentata* Lagasca, *Hedysarum pimpinellifolium* Poiret
Ref. Rudd, 1955: 132; Burkart, 1954: 476.
Herb. Coastal: lomas. 0-500 m.
Voucher: Llatas 493 (MO!)
Depts.: LA

Adesmia muricata var. *hispidula* (Lagasca) J. F. Macbride =Adesmia hispidula (Lagasca) DC.
Ref. FP 13(3/1) 1943: 406; Burkart, 1954: 495.

Adesmia muricata var. **muricata**
Syn. *Hedysarum muricatum* Jacquin
Ref. FP 13(3/1) 1943: 405; Burkart, 1954: 470; Franquemont *et al.*, 1990: 79.
Herb or shrub. Andean II: rocky slopes, shrublands. 2000-3000 m.

Voucher: Vargas 1519 (MO!)
Depts.: AR, CU, HV, LI, LL

Adesmia muricata var. *peruviana* Vargas & Burkart =Adesmia subnuda var. peruviana (Vargas & Burkart) Burkart
Ref. Burkart, 1954: 494.

Adesmia muricata var. *pimpinellifolia* (Poiret) Burkart =Adesmia muricata var. dentata (Lagasca) Bentham
Ref. FP 13(3/1) 1943: 406; Burkart, 1954: 476.

Adesmia spinosissima Meyen ex J. Vogel
Ref. FP 13(3/1) 1943: 406; Ulibarri, 1986: 377.
Shrub. Andean II-III: rocky slopes, shrublands. 3000-4500 m.
Voucher: Ferreyra 9962 (SI, USM)
Depts.: AR, AY, MO, PU, TA

Adesmia subnuda (A. Gray) Burkart var. **peruviana** (Vargas & Burkart) Burkart
Syn. *Adesmia muricata* var. *peruviana* Vargas & Burkart
Ref. Burkart, 1954: 494.
Endemic herb or subshrub. Andean II: shrublands. 2500-3500 m.
Voucher: Vargas 3385* (CUZ, SI), Soukup 2937 (SI)
Depts.: CU, JU

Adesmia verrucosa Meyen
Ref. FP 13(3/1) 1943: 407; Ragonese, 1969: 180.
Shrub. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: Meyen s.n.* (B photo F!), Hutchison & Wright 7244 (MO!, USM!)
Depts.: AR

Adesmia vicina J. F. Macbride =Adesmia miraflorensis Remy
Ref. FP 13(3/1) 1943: 407; Ulibarri, 1986: 383; Ulibarri, 1984: 358.

Adipera bicapsularis (L.) Britton & Rose ex Britton & P. Wilson =Senna bicapsularis var. bicapsularis
Ref. FP 13(3/1) 1943: 157; Carrillo, 1974: 57; Irwin & Barneby, 1982: 401.

Adipera laevigata (Willdenow) Britton & Rose ex Britton & P. Wilson =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 170; Irwin & Barneby, 1982: 366.

Adipera tomentosa (L. f.) Britton & Rose =Senna multiglandulosa (Jacquin) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 183; Irwin & Barneby, 1982: 357.

Aeschynomene americana L. var. **americana**
Ref. Rudd, 1955: 24.
Shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Gentry & Jaramillo 41350 (MO!)
Depts.: HU, PI, SM, UC

Aeschynomene americana var. **glandulosa** (Poiret) Rudd
Syn. *Aeschynomene glandulosa* Poiret
Ref. Rudd, 1955: 26.
Shrub. Coastal: lomas. 0-500 m.
Voucher: Ferreyra 5922 (US)
Depts.: PI

Aeschynomene biflora Fawcett & Rendle =Aeschynomene brasiliana var. brasiliana
Ref. FP 13(3/1) 1943: 441; Rudd, 1955: 77; Rudd, 1959: 48.
Note: Fawcett & Rendle's name was based on *Cassia biflora* Miller, non L.

Aeschynomene brasiliana (Poiret) DC. var. **brasiliana**
Syn. *Aeschynomene biflora* Fawcett & Rendle, *Cassia biflora* Miller, nom. illeg., *Hedysarum brasilianum* Poiret
Ref. FP 13(3/1) 1943: 441; Rudd, 1955: 77; Rudd, 1959: 48.
Herb or subshrub. Andean I-II: disturbed areas. 1500-2500 m.
Note: Treated in synonymy under *Ae. biflora* Fawcett & Rendle in the Flora of Peru.
Voucher: Macbride 5483 (F)
Depts.: AM, CU, JU

Aeschynomene dentata Lagasca =Adesmia muricata var. dentata (Lagasca) Bentham
Ref. FP 13(3/1) 1943: 405; Rudd, 1955: 132; Burkart, 1954: 476.

Aeschynomene egena (J. F. Macbride) Rudd
Syn. *Aeschynomene mollicula* var. *egena* J. F. Macbride
Ref. Rudd, 1955: 122.
Shrub. Andean I: rocky slopes. 500-1000 m.
Voucher: Weberbauer 6176* (GH), Hutchison & Wright 4444 (MO!)
Depts.: CA

Aeschynomene elegans Chamisso & Schlechtendal var. **elegans**
Ref. Rudd, 1955: 85; Rudd, 1959: 50.
Herb or subshrub. Andean II: shrublands. 2000-3000 m.
Voucher: Mathews 3272 (GH)
Depts.: AM

Aeschynomene emerus Aublet =Sesbania emerus (Aublet) Urban
Ref. Lewis, 1987: 242.

Aeschynomene falcata (Poiret) DC.
Syn. *Hedysarum falcatum* Poiret
Ref. FP 13(3/1) 1943: 442; Rudd, 1955: 88; Mackinder: 1990: 21.
Herb or shrub. Andean I: disturbed areas.
Note: Rudd (1955) did not cite any Peruvian material under this species.
Voucher: Spruce 4866 (K)
Depts.: SM

Aeschynomene glandulosa Poiret =Aeschynomene americana var. glandulosa (Poiret) Rudd
Ref. Rudd, 1955: 26.

Aeschynomene hispidula Lagasca =Adesmia hispidula (Lagasca) DC.
Ref. FP 13(3/1) 1943: 406; Rudd, 1955: 133; Burkart, 1954: 494.

Aeschynomene histrix Poiret var. **histrix**
Ref. FP 13(3/1) 1943: 442; Rudd, 1955: 81; Rudd, 1959: 49.
Subshrub. Andean I: disturbed areas, shrublands. 500-1000 m.
Voucher: Williams 5846 (F)
Depts.: SM

[Aeschynomene histrix var. incana (J. Vogel) Bentham]
Syn. *Aeschynomene incana* J. Vogel, *Aeschynomene puberula* DC.
Ref. Rudd, 1955: 83; Rudd, 1959: 49.
Note: Not known from Peru.

Aeschynomene incana G. Meyer =Desmodium incanum DC.
Ref. Schubert, 1980: 641.

[*Aeschynomene incana* J. Vogel =Aeschynomene histrix var. incana (J. Vogel) Bentham]
Ref. Rudd, 1955: 83; Rudd, 1959: 49.
Note: Not known from Peru.

[Aeschynomene indica L.]
Ref. FP 13(3/1) 1943: 442; Rudd, 1955: 58.
Note: Not known from Peru. Rudd (1955) does not cite material from Peru; of the two collections cited in the Flora of Peru, *Haught F.162* and *Cuming 1088*, Rudd only cites the Haught collection, but under *Ae. pluriarticulata* G. Don.

[Aeschynomene mollicula H.B.K. var. benthamii Rudd]
Syn. *Aeschynomene platycarpa* Bentham
Ref. Rudd, 1955: 131.
Note: Not known from Peru.

Aeschynomene mollicula var. *egena* J. F. Macbride =Aeschynomene egena (J. F. Macbride) Rudd
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 122.

Aeschynomene mollicula var. **mollicula**
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 129.
Subshrub. Andean II: rocky slopes. 1500-2000 m.
Voucher: Humboldt & Bonpland 3586* (P-H&B), Tovar 3858 (USM!)
Depts.: CA

Aeschynomene platycarpa Bentham =Aeschynomene mollicula var. benthamii Rudd
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 125, 131.
Note: nom. illeg. The Flora of Peru treated *Ae. tumbezensis* as a synonym of this nom. illeg., (non Michaux).

Aeschynomene pluriarticulata G. Don
Ref. Rudd, 1955: 62.
Shrub. Coastal. 0-1000 m.

Voucher: Cerrate & Tovar 10610 (USM!)
Depts.: PI, TU

[*Aeschynomene puberula* DC.
=Aeschynomene histrix var. incana (J. Vogel) Bentham]
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 83; Rudd, 1959: 49.
Note: Not known from Peru. Treated as a synonym of *Ae. scoparia* in the Flora of Peru.

Aeschynomene scabra G. Don
Ref. Rudd, 1955: 67.
Shrub. Andean I: forests. 500-1000 m.
Voucher: McDaniel 13778 (MO!)
Depts.: LI, LL, SM

Aeschynomene scoparia H.B.K.
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 128.
Shrub. Andean II. 1500-3000 m.
Voucher: Humboldt & Bonpland 3543* (P-H&B), Sagástegui & Tellez 12694 (MO!)
Depts.: AM, AN, AP, CA, CU, HV, LI, PI

Aeschynomene sensitiva Swartz var. **amazonica** Rudd
Ref. Rudd, 1955: 55.
Herb or shrub. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ferreyra 5126* (US, USM), Rimachi 2821 (MO!)
Depts.: LO

Aeschynomene sensitiva var. **sensitiva**
Ref. FP 13(3/1) 1943: 444; Rudd, 1955: 51.
Herb or shrub. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Dodson 2826 (MO!)
Depts.: LO, MD, SM, TU

Aeschynomene tumbezensis J. F. Macbride
Ref. FP 13(3/1) 1943: 443; Rudd, 1955: 124.
Shrub. Andean I-II: disturbed areas, forests, rocky slopes. 500-2500 m.
Voucher: Weberbauer 7669* (F), Gentry & Díaz 58326 (MO!)
Depts.: LI, LL, PI, TU

Aeschynomene weberbaueri Ulbrich
Ref. FP 13(3/1) 1943: 444; Rudd, 1955: 127.
Endemic shrub. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Weberbauer 4274* (F frag. ex B, USM), Sagástegui *et al.* 8439 (MO!)
Depts.: AM, CA, LL

Albizia carbonaria Britton
Syn. *Pithecellobium carbonaria* (Britton) Niezgoda & Nevling
Ref. Schery, 1950: 252.
Tree. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Smith *et al.* 5411 (MO!)
Depts.: HU, JU, LO, PA

Albizia caribaea (Urban) Britton & Rose
=Albizia niopoides (Spruce ex Bentham) Burkart
Ref. Rico, 1992: 700.

Albizia corymbosa (Richard) G. P. Lewis & Owen
Syn. *Arthrosamanea corymbosa* (Richard) Kleinhoonte, *Cathormion corymbosum* (Richard) Burkart, *Mimosa corymbosa* Richard, *Pithecellobium corymbosum* (Richard) Bentham, *Samanea corymbosa* (Richard) Pittier
Ref. Lewis & Owen, 1989: 40.
Tree. Amazonian: forests, forests on white sand, riversides, seasonally inundated areas. 0-500 m.
Voucher: McDaniel 16112 (MO!)
Depts.: LO

Albizia distachya (Ventenat) J. F. Macbride
=Paraserianthes lophantha (Willdenow) I. C. Nielsen
Ref. FP 13(3/1) 1943: 47.

Albizia julibrissin Durazzini
Syn. *Acacia julibrissin* (Durazzini) Willdenow, *Mimosa julibrissin* (Durazzini) Scopoli, *Sericandra julibrissin* (Durazzini) Raf.
Ref. Burkart, 1979: 108.
Cultivated and introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Quirez s.n. (USM!)
Depts.: LI

Albizia lebbeck (L.) Bentham
Syn. *Acacia lebbeck* (L.) Willdenow, *Mimosa lebbeck* L.
Ref. FP 13(3/1) 1943: 47; Lewis, 1987: 162.
Cultivated and introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Encarnación E-146 (MO!)
Depts.: LI

Albizia lophantha (Willdenow) Bentham
=Paraserianthes lophantha (Willdenow) I. C. Nielsen
Ref. FP 13(3/1) 1943: 47; Isely, 1973: 77; Nielsen *et al.*, 1983: 326.

Albizia niopoides (Spruce ex Bentham) Burkart
Syn. *Albizia caribaea* (Urban) Britton & Rose, *Pithecellobium caribaeum* Urban, *Pithecellobium niopoides* Spruce ex Bentham
Ref. Burkart, 1979: 113; Lewis, 1987: 164; Rico, 1992: 699.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tessmann 4035 (B), Schunke 8126 (MO!)
Depts.: HU, LO, MD, SM

Albizia paucipinnata Schery
Syn. *Pithecellobium paucipinnatum* (Schery) A. Gentry & Dodson
Ref. Schery, 1950b: 400.
Tree. Coastal: forests, semi-deciduous forests. 500-1000 m.
Note: Treated under *Pithecellobium* by Gentry (1988: 1438).
Voucher: Gentry & Díaz 58265 (MO!)
Depts.: TU

Albizia polycephala (Bentham) Killip ex Record
Syn. *Pithecellobium polycephalum* Bentham, *Samanea polycephala* (Bentham) Pittier
Ref. FP 13(3/1) 1943: 61; Lewis, 1987: 164; Mackinder *et al.*, 1990: 20.
Tree. Andean I: forests. 500-1000 m.
Note: Treated under *Pithecellobium* in the Flora of Peru.
Voucher: Spruce 4407 (K)
Depts.: SM

Albizia saman (Jacquin) F. Mueller
Syn. *Calliandra saman* (Jacquin) Grisebach, *Enterolobium saman* (Jacquin) Prain, *Inga saman* (Jacquin) Willdenow, *Mimosa saman* Jacquin, *Pithecellobium saman* (Jacquin) Bentham, *Samanea saman* (Jacquin) Merrill, *Zygia saman* (Jacquin) Lyons
Ref. Lewis, 1987: 164; Rico, 1991: 520.
Cultivated and introduced shrub or tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Note: Often found treated under *Samanea* or *Pithecellobium*.
Voucher: Plowman & Ramírez 11210 (MO!)
Depts.: HU, JU, LO, MD, SM

Amburana acreana (Ducke) A. C. Smith
Syn. *Amburana cearensis* var. *acreana* (Ducke) J. F. Macbride, *Torresea acreana* Ducke
Ref. FP 13(3/1) 1943: 243; Foster, 1958: 92.
Tree. Amazonian: forests. 0-500 m.
Note: Treated as a variety under *A. cearensis* in the Flora of Peru.
Voucher: Klug 4064 (MO!)
Depts.: SM

Amburana cearensis (Allemão) A. C. Smith
Syn. *Torresea cearensis* Allemão
Ref. FP 13(3/1) 1943: 243; Lewis, 1987: 203.
Tree. Amazonian: forests. 0-500 m.
Voucher: Lao M47 (USM!)
Depts.: HU

Amburana cearensis var. *acreana* (Ducke) J. F. Macbride =Amburana acreana (Ducke) A. C. Smith

Amerimnon pinnatum Jacquin
=Platymiscium pinnatum (Jacquin) Dugand
Ref. Enrech & Agostini, 1987: 116.

Amicia glandulosa H.B.K.
Ref. FP 13(3/1) 1943: 439; Sagástegui & Dillon, 1991: 45.
Shrub. Andean II: disturbed areas. 1500-3000 m.
Voucher: López & Sagástegui 8821 (MO!)
Depts.: CA, LA, PI

Amicia lobbiana Bentham
Ref. FP 13(3/1) 1943: 440; Foster, 1958: 92.
Herb or liana. Andean I-III: disturbed areas, forests, riversides. 1500-4000 m.
Voucher: Metcalf 30434 (MO!)
Depts.: CU, HU, JU, PU

Amoria hybrida (L.) C. Presl =Trifolium hybridum L.
Ref. Zohary & Heller, 1984: 145.

Amoria repens (L.) C. Presl =Trifolium repens L.
Ref. Zohary & Heller, 1984: 168.

Amphicarpaea ovalifolia (H.B.K.) Seckt =Cologania broussonetii (Balbis) DC.
Ref. Fearing, 1959: 108; Turner, 1992: 291.

Amphicarpaea pulchella (H.B.K.) Taubert =Cologania broussonetii (Balbis) DC.
Ref. Fearing, 1959: 97; Turner, 1992: 291.

[*Amphiodon effusus* Huber =Poecilanthe effusa (Huber) Ducke]
Ref. FP 13(3/1) 1943: 270; Ducke, 1949: 166.
Note Not known from Peru.

Amphymenium rohrii (M. Vahl) H.B.K. =Pterocarpus rohrii M. Vahl
Ref. Rojo, 1972: 73.

Anadenanthera colubrina (Vell. Conc.) Brenan var. **cebil** (Grisebach) Altschul
Syn. *Acacia cebil* Grisebach, *Anadenanthera macrocarpa* (Bentham) Brenan, *Piptadenia cebil* (Grisebach) Grisebach, *Piptadenia macrocarpa* Bentham, *Piptadenia macrocarpa* var. *cebil* (Grisebach) Chodat & Hassler
Ref. Altschul, 1964: 53; Lewis, 1987: 120.
Shrub or tree. Andean I-III: semi-deciduous forests, shrublands. 500-3000 m.
Voucher: Woytkowski 6802 (MO!)
Depts.: AP, CA, CU, HU, HV, LA, PI

[Anadenanthera colubrina var. colubrina]
Syn. *Mimosa colubrina* Vell. Conc., *Piptadenia colubrina* (Vell. Conc.) Bentham
Ref. Altschul, 1964: 52; Lewis, 1987: 120.
Note: Not known from Peru.

Anadenanthera macrocarpa (Bentham) Brenan =Anadenanthera colubrina var. cebil (Grisebach) Altschul
Ref. Altschul, 1964: 54; Lewis, 1987: 120.

Andira inermis (W. Wright) H.B.K. ex DC.
Syn. *Geoffroea inermis* (W. Wright) W. Wright, *Geoffroea jamaicensis* var. *inermis* W. Wright, *Vouacapoua inermis* (W. Wright) Lyons
Ref. Mattos, 1979a: 261; Lewis & Owen, 1989: 57.
Tree. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Klug 4309 (F, USM!)
Depts.: AM, LO, MD, PA, SM

Andira multistipula Ducke var. **peruana** N. Mattos
Ref. Mattos, 1972: 1.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Mattos (1979: 258) does not mention this variety.
Voucher: Kuhlmann 1505* (RB), Schunke 3859 (MO!)
Depts.: AM, LO, SM

Andira retusa (Poiret) H.B.K. =Andira surinamensis (Bondt) Splitgerber ex Pulle
Ref. FP 13(3/1) 1943: 256; Mattos, 1979a: 262; Lewis, 1987: 212.

Andira surinamensis (Bondt) Splitgerber ex Pulle
Syn. *Andira retusa* (Poiret) H.B.K., *Geoffroea retusa* Poiret, *Geoffroea surinamensis* Bondt, *Vouacapoua retusa* (Poiret) Lyons
Ref. FP 13(3/1) 1943: 255.
Tree. Amazonian: forests. 0-500 m.
Voucher: Smith *et al.* 1172 (MO!)
Depts.: LO, UC

Anneslia magdalenae (Bertero ex DC.) Britton & Rose =Calliandra magdalenae (Bertero ex DC.) Bentham
Ref. Schery, 1950a: 259.

Apalatoa glaberrima (Steudel) Taubert =Crudia glaberrima (Steudel) J. F. Macbride
Ref. FP 13(3/1) 1943: 122; Amshoff, 1953: 80; Vieira, 1990: 96.

[*Apalatoa tomentosa* (Aublet) Taubert =Crudia tomentosa (Aublet) J. F. Macbride]
Ref. FP 13(3/1) 1943: 123; Amshoff, 1953: 81; Vieira, 1990: 93.
Note: Not known from Peru.

Apoleya leiocarpa (J. Vogel) Gleason =Apuleia leiocarpa (J. Vogel) J. F. Macbride
Ref. FP 13(3/1) 1943: 142.

Apoleya molaris (Spruce ex Bentham) Gleason =Apuleia leiocarpa (J. Vogel) J. F. Macbride

Apuleia leiocarpa (J. Vogel) J. F. Macbride
Syn. *Apoleya leiocarpa* (J. Vogel) Gleason, *Apoleya molaris* (Spruce ex Bentham) Gleason, *Apuleia molaris* Spruce ex Bentham, *Apuleia praecox* C. Martius, *Leptolobium leiocarpum* J. Vogel
Ref. FP 13(3/1) 1943: 142; Lewis, 1987: 45.
Tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Spruce 4881 (K!)
Depts.: MD, SM

Apuleia molaris Spruce ex Bentham =Apuleia leiocarpa (J. Vogel) J. F. Macbride
Ref. FP 13(3/1) 1943: 142.

Apuleia praecox C. Martius =Apuleia leiocarpa (J. Vogel) J. F. Macbride
Ref. FP 13(3/1) 1943: 142; Lewis, 1987: 45.

Apurimacia boliviana (Britton) Lavin
Syn. *Apurimacia incarum* Harms, *Apurimacia libertatis* Harms, *Apurimacia lonchocarpoides* Harms, *Apurimacia michelii* (Rusby) Harms, *Coursetia boliviana* Britton, *Gliricidia michelii* Rusby
Ref. Lavin, 1987: 64; Lavin, 1988: 149.
Shrub or vine. Andean II-III: rocky slopes, shrublands. 2000-4000 m.
Voucher: Tupayachi 107 (MO!)
Depts.: AN, AP, AY, CU, HU, HV, JU, LI, LL, PA

Apurimacia incarum Harms =Apurimacia boliviana (Britton) Lavin
Ref. FP 13(3/1) 1943: 385.
Note: Discussed under *A. michelii* [=*A. boliviana*] in the Flora of Peru.

Apurimacia libertatis Harms =Apurimacia boliviana (Britton) Lavin
Ref. FP 13(3/1) 1943: 385.
Note: Discussed under *A. michelii* [=*A. boliviana*] in the Flora of Peru.

Apurimacia lonchocarpoides Harms =Apurimacia boliviana (Britton) Lavin
Ref. FP 13(3/1) 1943: 385.
Note: Discussed under *A. michelii* [=*A. boliviana*] in the Flora of Peru.

Apurimacia michelii (Rusby) Harms =Apurimacia boliviana (Britton) Lavin
Ref. FP 13(3/1) 1943: 385; Lavin, 1987: 64.

Arachis hypogaea L.
Ref. FP 13(3/1) 1943: 409; Duke, 1981: 18.
Cultivated herb or subshrub. Coastal: disturbed areas. 500-1000 m.
Voucher: Cerrate 8725 (USM!)
Depts.: LI

Arachis prostrata Bentham
Ref. FP 13(3/1) 1943: 409; Foster, 1958: 92.
Cultivated and introduced herb or subshrub. Andean II: disturbed areas. 1500-2000 m.
Voucher: Cook & Gilbert 1740 (US)
Depts.: CU

Arouna divaricata Willdenow =Dialium guianense (Aublet) Sandwith
Ref. Spichiger *et al.*, 1989: 293.

Arouna guianensis Aublet =Dialium guianense (Aublet) Sandwith
Ref. FP 13(3/1) 1943: 143; Spichiger *et al.*, 1989: 293.

Arthrosamanea corymbosa (Richard) Kleinhoonte =Albizia corymbosa (Richard) G. P. Lewis & Owen
Ref. FP 13(3/1) 1943: 53; Lewis & Owen, 1989: 40.

Arthrosamanea multiflora (H.B.K.) Kleinhoonte =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. FP 13(3/1) 1943: 59; Roosmalen, 1985: 252.

Astragalus alienus A. Gray =Astragalus dombeyi Fischer
Ref. FP 13(3/1) 1943: 396; I. M. Johnston, 1938: 92.

Astragalus alpamarcae A. Gray
Ref. FP 13(3/1) 1943: 393; I. M. Johnston, 1947: 403.
Herb. Andean III: disturbed areas, rocky slopes. > 4500 m.
Voucher: Wilkes Exped. s.n.* (US), Vargas 6590 (MO!)
Depts.: LI, PA

Astragalus arequipensis J. Vogel
Ref. FP 13(3/1) 1943: 393; I. M. Johnston, 1947: 386.
Herb. Andean II-III: grasslands. 2500-4500 m.
Voucher: Meyen s.n.* (B), Núñez *et al.* 7819 (MO!)
Depts.: AR, CU, JU, PU, TA

Astragalus brackenridgei A. Gray
Syn. *Astragalus salubris* J. F. Macbride
Ref. FP 13(3/1) 1943: 394; I. M. Johnston, 1938: 95; I. M. Johnston, 1947: 387.
Endemic herb or shrub. Andean III: grasslands, rocky slopes. 3500- > 4500 m.
Voucher: Wilkes Exped s.n.* (US), Smith & Escalona 10209 (MO!)
Depts.: AN, CU, HV, JU, LI, PA

Astragalus bryogenes Barneby
Syn. *Astragalus cuatrecasasii* J. F. Macbride, nom. illeg.
Ref. Barneby, 1984: 171.
Endemic herb. Andean III: grasslands. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Landrum 4632* (NY)
Depts.: JU

Astragalus capitellus Britton =Astragalus micranthellus Weddell
Ref. FP 13(3/1) 1943: 398; I. M. Johnston, 1947: 390.

Astragalus casapaltensis Ball
Ref. FP 13(3/1) 1943: 394; I. M. Johnston, 1947: 403.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Ball s.n.* (K), Smith *et al.* 5631 (MO!)
Depts.: JU, LI

Astragalus cracca DC.
Syn. *Astragalus ocrosianus* Ulbrich
Ref. FP 13(3/1) 1943: 395; I. M. Johnston, 1938: 91.
Endemic herb. Andean II: rocky slopes. 3000-3500 m.
Voucher: Dombey s.n.* (G-DC), López *et al.* 7610 (MO!)
Depts.: AN, LI, LL

[Astragalus cryptanthus Weddell]
Ref. FP 13(3/1) 1943: 395; I. M. Johnston, 1947: 387.
Note: Not known from Peru. The voucher cited in the Flora of Peru, *Werdermann 1159*, was collected in present-day Chile.

Astragalus cuatrecasasii J. F. Macbride, nom. illeg. =Astragalus bryogenes Barneby
Ref. FP 13(3/1) 1943: 395; I. M. Johnston, 1947: 407; Barneby, 1984: 173.
Note: Not *A. cuatrecasasii* Font Quer & Rothmaler. Barneby (1984) questionably equates this poorly known species with his *A. bryogenes*.

Astragalus dielsii J. F. Macbride
Ref. FP 13(3/1) 1943: 396; I. M. Johnston, 1947: 407.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Macbride & Featherstone 2479* (F), Vargas 6847 (MO!)
Depts.: AN, JU, PU

Astragalus dillinghamii J. F. Macbride
Ref. FP 13(3/1) 1943: 396; I. M. Johnston, 1947: 402.
Endemic shrub. Andean III: grasslands. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride & Featherstone 1052* (F)
Depts.: JU

Astragalus dombeyi Fischer
Syn. *Astragalus alienus* A. Gray, *Astragalus imputatus* J. F. Macbride
Ref. FP 13(3/1) 1943: 396.
Endemic subshrub. Andean II: grasslands, rocky slopes. 2500-3500 m.
Voucher: Dombey s.n.* (P)
Depts.: JU, LI

Astragalus garbancillo Cavanilles
Syn. *Astragalus garbancillo* var. *mandonii* (Rusby) J. F. Macbride, *Astragalus mandonii* Rusby, *Astragalus unifultus* L'Héritier
Ref. FP 13(3/1) 1943: 397; I. M. Johnston, 1947: 384; Franquemont *et al.*, 1990: 79.
Herb or shrub. Andean II-III: grasslands, shrublands. 2000- > 4500 m.
Voucher: Cavanilles s.n.* (MA), Hutchison & Wright 4387 (USM!)
Depts.: AN, AY, AP, CA, CU, HU, HV, JU, LI, LL, PA, PU

Astragalus garbancillo var. *mandonii* (Rusby) J. F. Macbride =Astragalus garbancillo Cavanilles
Ref. FP 13(3/1) 1943: 397; I. M. Johnston, 1947: 384.

Astragalus herzogii Ulbrich =Astragalus uniflorus DC.
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1947: 397; Gómez, 1981: 511.

Astragalus imputatus J. F. Macbride =Astragalus dombeyi Fischer
Ref. FP 13(3/1) 1943: 396; I. M. Johnston, 1938: 92.

Astragalus macrorrhynchus Ulbrich =Astragalus richii A. Gray
Ref. FP 13(3/1) 1943: 401; I. M. Johnston, 1938: 92.

Astragalus mandonii Rusby =Astragalus garbancillo Cavanilles
Ref. FP 13(3/1) 1943: 397; I. M. Johnston, 1947: 384.

Astragalus micranthellus Weddell
Syn. *Astragalus capitellus* Britton, *Astragalus patancanus* Ulbrich
Ref. FP 13(3/1) 1943: 398; I. M. Johnston, 1947: 390.
Herb. Andean III: grasslands, rocky slopes. 3500-4500 m.
Voucher: Weddell 4503* (P), Núñez & Urrunaga 7703 (MO!)
Depts.: AR, AY, CU, MO, PU

Astragalus minimus J. Vogel
Ref. FP 13(3/1) 1943: 398; I. M. Johnston, 1947: 404.
Herb. Andean III: grasslands, shrublands. 4000- > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Meyen 67* (B)
Depts.: AR

Astragalus minutissimus Weddell
Ref. FP 13(3/1) 1943: 399; I. M. Johnston, 1947: 403.
Herb. Andean II: grasslands, shrublands. 3000-3500 m.
Voucher: Gay 629* (P), Shepard 110 (US)
Depts.: CU, PU

Astragalus modestus Weddell =Astragalus weddellianus (Kuntze) I. M. Johnston
Ref. I. M. Johnston, 1947: 395.

Astragalus neobarnebyanus Gómez-Sosa
Ref. Gómez, 1986: 427.
Endemic herb. Coastal: lomas. 0-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Dillon & Dillon 3813* (F, SI)
Depts.: AR

Astragalus ocrosianus Ulbrich =Astragalus cracca DC.
Ref. FP 13(3/1) 1943: 395; I. M. Johnston, 1938: 91.

Astragalus patancanus Ulbrich =Astragalus micranthellus Weddell

Ref. FP 13(3/1) 1943: 398; I. M. Johnston, 1947: 390.

Astragalus peruvianus J. Vogel
Ref. FP 13(3/1) 1943: 399; I. M. Johnston, 1947: 402.
Herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Meyen 64* (B), Smith 11454 (MO!)
Depts.: AN, AR, AY, MO, TA

Astragalus pickeringii A. Gray
Syn. *Astragalus pickeringii* var. *serpens* Ball
Ref. FP 13(3/1) 1943: 399; I. M. Johnston, 1938: 93.
Endemic herb. Andean III: rocky slopes. 4000-4500 m.
Voucher: Duncan *et al.* 2655 (MO!)
Depts.: AN, HU, JU, LI, PA

Astragalus pickeringii var. *serpens* Ball =Astragalus pickeringii A. Gray
Ref. FP 13(3/1) 1943: 399; I. M. Johnston, 1938: 93.

Astragalus pilgeri J. F. Macbride =Astragalus weddellianus (Kuntze) I. M. Johnston
Ref. FP 13(3/1) 1943: 400; I. M. Johnston, 1947: 395.

Astragalus punensis J. F. Macbride =Astragalus weddellianus (Kuntze) I. M. Johnston
Ref. FP 13(3/1) 1943: 400; I. M. Johnston, 1947: 395.

Astragalus pusillus J. Vogel
Ref. FP 13(3/1) 1943: 401; I. M. Johnston, 1947: 395.
Herb. Andean III. 3500- > 4500 m.
Voucher: Meyen s.n.* (B), Núñez & Delgado 7947 (MO!)
Depts.: AR, CU, HV, MO, PU, TA

Astragalus richii A. Gray
Syn. *Astragalus macrorrhynchus* Ulbrich
Ref. FP 13(3/1) 1943: 401; I. M. Johnston, 1938: 92.
Herb. Andean II-III: rocky slopes. 2000-4000 m.
Voucher: Wilkes Exped. s.n.* (US), Vargas 8059 (MO!)
Depts.: AN, AR, LI, TA

Astragalus romasanus Ulbrich
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1938: 95.
Endemic herb or subshrub. Andean II: grasslands, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3209* (B)
Depts.: AN

Astragalus salubris J. F. Macbride =Astragalus brackenridgei A. Gray
Ref. FP 13(3/1) 1943: 394; I. M. Johnston, 1938: 95.

Astragalus triflorus (DC.) A. Gray
Syn. *Astragalus viciiformis* Ulbrich, *Phaca triflora* DC.
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1947: 391.
Herb. Coastal: disturbed areas, lomas, rocky slopes. 0-1000 m.
Voucher: Dombey s.n.* (G-DC), Rahn 101 (MO!)
Depts.: AR, LI, MO, TA

Astragalus uniflorus DC.
Syn. *Astragalus herzogii* Ulbrich
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1947: 397; Gómez, 1981: 511.
Herb or shrub. Andean III: grasslands. 3500-4500 m.
Voucher: Dombey s.n.* (G-DC), Smith *et al.* 5659 (MO!)
Depts.: AN, AP, CU, HV, JU, PA, PU

Astragalus unifulus L'Héritier =Astragalus garbancillo Cavanilles
Ref. FP 13(3/1) 1943: 397; I. M. Johnston, 1947: 384.

Astragalus viciiformis Ulbrich =Astragalus triflorus (DC.) A. Gray
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1947: 384.

Astragalus weberbaueri Ulbrich
Ref. FP 13(3/1) 1943: 403; I. M. Johnston, 1938: 89.
Herb. Andean II: grasslands, shrublands. 2000-3500 m.
Voucher: Weberbauer 3869* (B), Sagástegui *et al.* 11891 (MO!)
Depts.: CA, LL, PI

Astragalus weddellianus (Kuntze) I. M. Johnston
Syn. *Astragalus modestus* Weddell, *Astragalus pilgeri* J. F. Macbride, *Astragalus punensis* J. F. Macbride, *Tragacantha weddelliana* Kuntze
Ref. I. M. Johnston, 1947: 395; Franquemont *et al.*, 1990: 80.
Herb. Andean II-III: rocky slopes. 2000-4500 m.
Voucher: Vargas 8070 (MO!)
Depts.: AR, CU, PU

Azukia radiata (L.) Ohwi =Vigna radiata (L.) R. Wilczek
Ref. Marechal *et al.*, 1978: 209; Duke, 1981: 293.

[*Bactyrilobium bacillare* (L. f.) Hornemann =Senna bacillaris var. bacillaris]
Ref. Irwin & Barneby, 1982: 113.
Note: Not known from Peru.

Bactyrilobium fistula (L.) Willdenow =Cassia fistula L., nom. cons. prop.
Ref. Irwin & Barneby, 1982: 14.

Barbieria maynensis Poeppig =Barbieria pinnata (Persoon) Baillon
Ref. FP 13(3/1) 1943: 381; White, 1981: 553.

Barbieria pinnata (Persoon) Baillon
Syn. *Barbieria maynensis* Poeppig, *Barbieria polyphylla* (Poiret) DC., *Clitoria polyphylla* Poiret, *Galactia pinnata* Persoon
Ref. FP 13(3/1) 1943: 381; White, 1981: 553.
Liana, shrub or vine. Amazonian, Andean I: disturbed areas, forests on white sand, riversides. 0-1000 m.
Voucher: Schunke 8186 (MO!)
Depts.: AM, CU, HU, JU, LO, PA, SM, UC

Barbieria polyphylla (Poiret) DC. =Barbieria pinnata (Persoon) Baillon
Ref. FP 13(3/1) 1943: 381; White, 1981: 553.

Batesia floribunda Spruce ex Bentham
Ref. FP 13(3/1) 1943: 207; Ducke, 1949: 129; Spichiger *et al.*, 1989: 291.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6159 (MO!)
Depts.: LO

Bauhinia accrescens Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 209; Wunderlin, pers. comm.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Klug 528* (US), Asplund 14389 (US)
Depts.: LO

Bauhinia acreana Harms
Syn. *Bauhinia martinensis* J. F. Macbride
Ref. FP 13(3/1) 1943: 209; Ducke, 1949: 108.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Smith 1329 (MO!)
Depts.: JU, MD, PA, SM, UC

[Bauhinia aculeata L. subsp. aculeata]
Ref. FP 13(3/1) 1943: 210; Wunderlin, 1977: 347; Wunderlin, 1983: 101.
Note: Not known from Peru. Material cited in the Flora of Peru under this species is placed under subspecies *grandiflora* by Wunderlin (pers. comm.).

Bauhinia aculeata subsp. **grandiflora** (Jussieu) Wunderlin
Syn. *Bauhinia grandiflora* Jussieu
Ref. Wunderlin, 1973: 570.
Tree. Andean I, Coastal: forests. 0-1000 m.
Voucher: McDaniel & Rimachi 25642 (MO!)
Depts.: AN, HU, LI, LL, TU

Bauhinia augusti Harms
Ref. FP 13(3/1) 1943: 210; Wunderlin, pers. comm.
Endemic shrub or tree. Andean I: disturbed areas, shrublands. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6224* (B photo F!)
Depts.: CA

Bauhinia baina J. F. Macbride =Bauhinia tarapotensis Bentham
Ref. FP 13(3/1) 1943: 211; Wunderlin, pers. comm.

Bauhinia bicuspidata Bentham =Bauhinia longicuspis var. bicuspidata (Bentham) Wunderlin ex G. P. Lewis
Ref. Lewis, 1987: 93; Wunderlin, pers. comm.

Bauhinia brachycalyx Ducke
Ref. Ducke, 1949: 108; Wunderlin, pers. comm.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Foster 9463 (MO!)
Depts.: LO, PA

Bauhinia confertiflora Bentham
Syn. *Bauhinia tessmannii* Harms, *Binaria confertiflora* (Bentham) Schmitz
Ref. FP 13(3/1) 1943: 218; Ducke, 1949: 109; Vaz, 1979: 165; Wunderlin, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3274 (B)
Depts.: LO

Bauhinia corniculata Bentham
Ref. Ducke, 1949: 108; Wunderlin, pers. comm.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Ayala *et al.* 3034 (MO!)
Depts.: LO

[Bauhinia cupreonitens Ducke]
Ref. FP 13(3/1) 1943: 211; Ducke, 1949: 110; Vaz, 1979: 162; Wunderlin, pers. comm.
Note: Not known from Peru. Probably reported in error in the Flora of Peru (Wunderlin, pers. comm.).

[Bauhinia forficata Link]
Ref. FP 13(3/1) 1943: 211; Lewis, 1987: 92; Wunderlin, pers. comm.
Note: Not known from Peru. Specimens cited in the Flora of Peru probably represent *B. tarapotensis* (Wunderlin, pers. comm.).

Bauhinia glabra Jacquin
Syn. *Bauhinia longipetala* Walpers, *Bauhinia suaveolens* H.B.K., *Bauhinia suaveolens* var. *loretana* J. F. Macbride, *Binaria longipetala* (Bentham) Schmitz, *Schnella glabra* (Jacquin) Dugand, *Schnella longipetala* Bentham
Ref. Ducke, 1949: 111; Wunderlin, 1977: 352; Vaz, 1979: 175.
Liana. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Woytkowski 5403 (MO!)
Depts.: AM, CA, HU, LO, MD, PA, SM, UC

Bauhinia grandiflora Jussieu =Bauhinia aculeata subsp. grandiflora (Jussieu) Wunderlin
Ref. Wunderlin, 1973: 570.

[Bauhinia grandifolia (Bongard) Steudel]
Syn. *Bauhinia urocalyx* Harms, *Pauletia grandifolia* Bongard
Ref. Ducke, 1949: 107; Wunderlin, pers. comm.
Note: Not known from Peru.

Bauhinia guentheri Harms
Ref. FP 13(3/1) 1943: 212; Wunderlin, pers. comm.
Endemic liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tessmann 4375* (B photo F), Klug 879 (US)
Depts.: AM, LO

Bauhinia guianensis Aublet var. **guianensis**
Ref. Wunderlin, 1977: 353; Vaz, 1979: 178.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Barbour 5065 (USM!)
Depts.: AM, JU, LO, MD, PA, UC

[Bauhinia guianensis var. kunthiana (J. Vogel) Wunderlin]
Syn. *Bauhinia kunthiana* J. Vogel, *Bauhinia rosea* Miquel, *Binaria kunthiana* (J. Vogel) Schmitz, *Schnella rosea* Walpers
Ref. Wunderlin, 1973: 571; Wunderlin, pers. comm.
Note: Not known from Peru.

Bauhinia herrerae (Britton & Rose) Standley & Steyermark
Syn. *Bauhinia klugii* Standley, *Binaria herrerae* (Britton & Rose) Schmitz, *Schnella herrerae* Britton & Rose
Ref. Standley & Steyermark, 1946: 92; Wunderlin, pers. comm.
Liana. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez & Jaramillo 1536 (MO!)
Depts.: LO, SM, UC

Bauhinia hirsutissima Wunderlin
Ref. Wunderlin, 1978: 371.
Endemic liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Klug 2800* (US), Croat 18065 (MO!)
Depts.: LO, MD

Bauhinia killipiana Standley =Bauhinia porphyrotricha var. killipiana (Standley) J. F. Macbride
Ref. FP 13(3/1) 1943: 215.

Bauhinia klugii Standley =Bauhinia herrerae (Britton & Rose) Standley & Steyermark
Ref. FP 13(3/1) 1943: 212; Wunderlin, pers. comm.

[*Bauhinia kunthiana* J. Vogel =Bauhinia guianensis var. kunthiana (J. Vogel) Wunderlin]
Ref. FP 13(3/1) 1943: 213; Wunderlin, 1973: 571; Vaz, 1979: 169.
Note: Not known from Peru. Treated as a valid species by Vaz (1979).

Bauhinia langsdorffiana Bongard =Bauhinia microstachya (Raddi) J. F. Macbride
Ref. FP 13(3/1) 1943: 214; Lewis, 1987: 94.

Bauhinia longicuspis Spruce ex Bentham var. **bicuspidata** (Bentham) Wunderlin ex G. P. Lewis
Syn. *Bauhinia bicuspidata* Bentham
Ref. Lewis, 1987: 93; Wunderlin, pers. comm.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Schunke 10307 (MO!)
Depts.: CU, HU, JU, LO, MD, SM, UC

Bauhinia longifolia (Bongard) Steudel
Syn. *Pauletia longifolia* Bongard
Ref. FP 13(3/1) 1943: 213.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 5781 (MO!)
Depts.: JU, LO, SM, UC

Bauhinia longipetala Walpers =Bauhinia glabra Jacquin
Ref. FP 13(3/1) 1943: 216; Ducke, 1949: 111; Vaz, 1979: 172; Wunderlin, pers. comm.
Note: Treated as a synonym of *B. suaveolens* in the Flora of Peru. Both Ducke (1949) and Vaz (1979) accepted this as a valid species.

Bauhinia martinensis J. F. Macbride =Bauhinia acreana Harms
Ref. FP 13(3/1) 1943: 214; Wunderlin, pers. comm.

Bauhinia microstachya (Raddi) J. F. Macbride
Syn. *Bauhinia langsdorffiana* Bongard, *Schnella microstachya* Raddi
Ref. FP 13(3/1) 1943: 214; Wunderlin, 1977: 351.
Liana. Amazonian: forests. 0-500 m.
Voucher: Foster 2571 (MO!, USM!)
Depts.: LO, MD, SM

Bauhinia porphyrotricha Harms var. **killipiana** (Standley) J. F. Macbride
Syn. *Bauhinia killipiana* Standley
Ref. FP 13(3/1) 1943: 215.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Klug 4289* (F)
Depts.: SM

Bauhinia porphyrotricha var. **porphyrotricha**
Ref. FP 13(3/1) 1943: 215; Ducke, 1949: 109; Vaz, 1979: 170.
Liana. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Schunke 6184 (MO!)
Depts.: HU, JU, LO, MD, PU, SM

Bauhinia porphyrotricha var. **smithiana** Killip & J. F. Macbride

Ref. FP 13(3/1) 1943: 215.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 26296* (F), Killip & Smith 26599 (F)
Depts.: JU

Bauhinia pterocalyx Ducke
Syn. *Bauhinia viorna* Standley ex J. F. Macbride
Ref. Ducke, 1949: 109; Vaz, 1979: 149; Wunderlin, pers. comm.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Gentry 43269 (MO!)
Depts.: HU, MD, SM

[*Bauhinia rosea* Miquel =Bauhinia guianensis var. kunthiana (J. Vogel) Wunderlin]
Ref. FP 13(3/1) 1943: 213; Vaz, 1979: 169.
Note: Not known from Peru. Treated as a synonym of *B. kunthiana* by Vaz (1979).

Bauhinia ruiziana Harms =Bauhinia weberbaueri Harms
Ref. FP 13(3/1) 1943: 219; Wunderlin, pers. comm.

Bauhinia rutilans Spruce ex Bentham
Syn. *Binaria rutilans* (Spruce ex Bentham) Schmitz, *Schnella rutilans* (Spruce ex Bentham) Pittier
Ref. FP 13(3/1) 1943: 216; Ducke, 1949: 110; Vaz, 1979: 164.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Klug 626 (F)
Depts.: AM, LO

[Bauhinia straussiana Harms]
Ref. FP 13(3/1) 1943: 216; Ducke, 1949: 107.
Note: Not known from Peru.

Bauhinia suaveolens H.B.K. =Bauhinia glabra Jacquin
Ref. FP 13(3/1) 1943: 216; Wunderlin, 1977: 352.

Bauhinia suaveolens var. *loretana* J. F. Macbride =Bauhinia glabra Jacquin
Ref. FP 13(3/1) 1943: 217; Wunderlin, pers. comm.

Bauhinia tarapotensis Bentham
Syn. *Bauhinia baina* J. F. Macbride
Ref. FP 13(3/1) 1943: 217; Wunderlin, pers. comm.
Shrub or tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Spruce 4417* (K), Foster 2502 (MO!, USM!)
Depts.: AM, HU, LO, MD, SM

Bauhinia tessmannii Harms =Bauhinia confertiflora Bentham
Ref. FP 13(3/1) 1943: 218; Wunderlin, pers. comm.

Bauhinia uleana Harms
Ref. FP 13(3/1) 1943: 218; Ducke, 1949: 110; Vaz, 1979: 171.
Liana. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality. This may prove to be a synonym of *B. glabra* (Wunderlin, pers. comm.).
Voucher: Ule 6643* (B photo F!)
Depts.: SM

[*Bauhinia urocalyx* Harms =Bauhinia grandifolia (Bongard) Steudel]
Ref. FP 13(3/1) 1943: 218; Wunderlin, pers. comm.
Note: Not known from Peru.

Bauhinia viorna Standley ex J. F. Macbride =Bauhinia pterocalyx Ducke
Ref. FP 13(3/1) 1943: 219; Wunderlin, pers. comm.

Bauhinia weberbaueri Harms
Syn. *Bauhinia ruiziana* Harms
Ref. FP 13(3/1) 1943: 219; Wunderlin, pers. comm.
Endemic shrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Weberbauer 4802* (B), Ferreyra 6553 (USM!)
Depts.: CA, HU

Benthamantha caribaea (Jacquin) Kuntze =Coursetia caribaea var. caribaea
Ref. Lavin, 1988: 112.

Benthamantha ochroleuca (Jacquin) Alefeld =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 131.

Biancaea decapetela (Roth) Degener =Caesalpinia decapetala var. decapetala

Biancaea sepiaria (Roxburgh) Todaro =Caesalpinia decapetala var. decapetala
Ref. FP 13(3/1) 1943: 195; Isely, 1975: 38.

Binaria confertiflora (Bentham) Schmitz =Bauhinia confertiflora Bentham

Binaria herrerae (Britton & Rose) Schmitz =Bauhinia herrerae (Britton & Rose) Standley & Steyermark
Note: Name based on *Schnella herrerae* Britton & Rose.

[*Binaria kunthiana* (J. Vogel) Schmitz =Bauhinia guianensis var. kunthiana (J. Vogel) Wunderlin]
Note: Not known from Peru.

Binaria longipetala (Bentham) Schmitz =Bauhinia glabra Jacquin

Binaria rutilans (Spruce ex Bentham) Schmitz =Bauhinia rutilans Spruce ex Bentham

Bocoa alterna (Bentham) R. Cowan
Syn. *Swartzia alterna* Bentham
Ref. Cowan, 1974: 115.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Foster & d'Achille 11933 (MO!)
Depts.: HU, MD

Bowdichia brasiliensis (Tulasne) Ducke =Diplotropis brasiliensis (Tulasne) Bentham
Ref. Spichiger *et al.*, 1989: 316; Lima, 1985: 69.

Bowdichia martiusii (Bentham) Ducke =Diplotropis martiusii Bentham
Ref. Lima, 1985: 70.

Bradburya brasiliana (L.) Kuntze =Centrosema brasilianum var. brasilianum
Ref. Barbosa-Fevereiro, 1977: 176; Lewis, 1987: 269.

[*Bradburya macrocarpa* (Bentham) Kuntze =Centrosema macrocarpum Bentham]
Ref. Barbosa-Fevereiro, 1977: 187.
Note: Not known from Peru.

Bradburya plumieri (Turpin ex Persoon) Kuntze =Centrosema plumieri (Turpin ex Persoon) Bentham
Ref. Barbosa-Fevereiro, 1977: 171; Lewis, 1987: 270.

Bradburya pubescens (Bentham) Kuntze =Centrosema pubescens Bentham
Ref. Barbosa-Fevereiro, 1977: 185.

Bradburya triquetra (Hoffmannsegg ex Bentham) Kuntze =Centrosema triquetrum (Hoffmannsegg ex Bentham) Bentham
Ref. Barbosa-Fevereiro, 1977: 170.

Bradburya vexillata (Bentham) Kuntze =Centrosema vexillatum Bentham
Ref. Barbosa-Fevereiro, 1977: 175.

Bradburya virginiana (L.) Kuntze =Centrosema virginianum (L.) Bentham
Ref. Barbosa-Fevereiro, 1977: 190; Lewis, 1987: 271.

Brittonamra caribaea (Jacquin) Kuntze =Coursetia caribaea var. caribaea
Ref. Lavin, 1988: 112.

Brittonamra caribaea var. *ochroleuca* (Jacquin) Kuntze =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. Lavin, 1988: 131.

[Brownea ariza Bentham]
Ref. FP 13(3/1) 1943: 132.
Note: Not known from Peru.

Brownea cauliflora Poeppig =Browneopsis cauliflora (Poeppig) Huber
Ref. FP 13(3/1) 1943: 133; Klitgaard, 1991: 447.

Brownea excelsa (Pittier) J. F. Macbride =Browneopsis excelsa Pittier
Ref. FP 13(3/1) 1943: 135; Klitgaard, 1991: 447.

Brownea grandiceps Jacquin
Syn. *Brownea loretensis* Standley, *Hermesias grandiceps* (Jacquin) Kuntze
Ref. Klitgaard, 1991: 440.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 11 (F)
Depts.: AM, LO

Brownea leucantha Jacquin
Syn. *Hermesias leucantha* (Jacquin) Kuntze
Tree. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1884 (MO!)
Depts.: AM, LO

Brownea loretensis Standley =Brownea grandiceps Jacquin
Ref. FP 13(3/1) 1943: 133; Klitgaard, 1991: 440.

Brownea macbrideana Standley ex J. F. Macbride =Brownea macrophylla Linden ex Masters
Ref. FP 13(3/1) 1943: 134; Klitgaard, 1991: 442.

Brownea macrophylla Linden ex Masters
Syn. *Brownea macbrideana* Standley ex J. F. Macbride
Ref. Klitgaard, 1991: 442.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2035 (MO)
Depts.: LO

Brownea peruviana J. F. Macbride =Browneopsis peruviana (J. F. Macbride) Klitgaard
Ref. FP 13(3/1) 1943: 134; Klitgaard, 1991: 447.

Brownea ucayalina (Huber) Ducke =Browneopsis ucayalina Huber
Ref. FP 13(3/1) 1943: 135; Klitgaard, 1991: 447.

Browneopsis cauliflora (Poeppig) Huber
Syn. *Brownea cauliflora* Poeppig, *Hermesias cauliflora* (Poeppig) Kuntze
Ref. FP 13(3/1) 1943: 133; Klitgaard, 1991: 447.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Note: Treated under *Brownea* in the Flora of Peru.
Voucher: Poeppig 2314* (W), Klug 4163 (US)
Depts.: AM, LO, SM

Browneopsis excelsa Pittier
Syn. *Brownea excelsa* (Pittier) J. F. Macbride
Ref. FP 13(3/1) 1943: 135; Klitgaard, 1991: 447.
Tree. Amazonian: forests. 0-500 m.
Note: Treated under *Brownea* in the Flora of Peru.
Voucher: Schunke 2530 (MO!)
Depts.: HU, UC

Browneopsis peruviana (J. F. Macbride) Klitgaard
Syn. *Brownea peruviana* J. F. Macbride
Endemic tree. Amazonian, Andean I: forests. 0-1000 m.
Note: New combination made in Appendix 1. Known from Peru only from the type locality.
Voucher: Klug 4391* (MO!)
Depts.: SM

Browneopsis ucayalina Huber
Syn. *Brownea ucayalina* (Huber) Ducke
Ref. FP 13(3/1) 1943: 135; Klitgaard, 1991: 447.
Tree. Amazonian: forests. 0-500 m.
Note: Treated under *Brownea* in the Flora of Peru.
Voucher: Huber MG 1566* (BM), Berlin 3575 (MO!)
Depts.: AM, LO, SM

Cacara tuberosa (Lamarck) Britton =Pachyrhizus tuberosus (Lamarck) Sprengel
Ref. Duke, 1981: 184; Sørensen, 1988: 185.

Caesalpinia ancashiana Ulibarri
Ref. Ulibarri, 1990: 231.
Endemic subshrub. Andean II: disturbed areas, rocky slopes, shrublands. 1500-3000 m.
Voucher: Gomez 94* (USM), Sánchez 990 (SI)
Depts.: AN, CA

Caesalpinia andreana M. Micheli =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 191.

Caesalpinia bicolor C. H. Wright =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 191; Isely, 1975: 36.

Caesalpinia bonduc (L.) Roxburgh
Syn. *Caesalpinia bonducella* (L.) Fleming, *Caesalpinia crista* auct. non L., *Guilandina bonduc* L., *Guilandina bonducella* L.
Ref. FP 13(3/1) 1943: 190; Isely, 1975: 35; Lewis, 1987: 37.
Cultivated liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Foster & Terborgh 6373 (F, USM)
Depts.: LI, MD, TU

Caesalpinia bonducella (L.) Fleming =Caesalpinia bonduc (L.) Roxburgh
Ref. FP 13(3/1) 1943: 190; Lewis, 1987: 37.

Caesalpinia cassioides var. *pardoana* (Harms) J. F. Macbride =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 190; Lewis, pers. comm.

Caesalpinia cassioides Willdenow
Syn. *Caesalpinia andreana* M. Micheli, *Caesalpinia bicolor* C. H. Wright, *Caesalpinia cassioides* var. *pardoana* (Harms) J. F. Macbride, *Caesalpinia insignis* (Kunth) Sprengel, *Caesalpinia pardoana* Harms, *Poinciana insignis* Kunth
Ref. FP 13(3/1) 1943: 191.
Shrub or tree. Andean I-II: forests. 500-3000 m.
Voucher: Hutchison & Wright 3601 (MO!, USM!)
Depts.: AM, AN, CA, HU, JU, LL, SM

Caesalpinia chicamana Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 191.
Endemic shrub. Coastal: dry valleys, rocky slopes. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Smyth 74* (US)
Depts.: LI

Caesalpinia corymbosa Bentham =Caesalpinia paipai var. paipai
Ref. FP 13(3/1) 1943: 193.

Caesalpinia crista auct. non L. =Caesalpinia bonduc (L.) Roxburgh
Ref. FP 13(3/1) 1943: 190; Cowan, 1971: 600; Isely, 1975: 35.

Caesalpinia decapetala (Roth) Alston var. **decapetala**
Syn. *Biancaea decapetela* (Roth) Degener, *Biancaea sepiaria* (Roxburgh) Todaro, *Caesalpinia sepiaria* Roxburgh, *Reichardia decapetala* Roth
Ref. Isely, 1975: 38, 193.
Shrub. Andean I, Coastal: disturbed areas, riversides. 0-1500 m.
Voucher: Smith & León 1341A (MO!)
Depts.: AP, HU, JU, LI, LL

Caesalpinia egena (J. F. Macbride) J. F. Macbride =Hoffmannseggia viscosa var. egena J. F. Macbride
Ref. FP 13(3/1) 1943: 192; Lewis, pers. comm.

Caesalpinia gilliesii (Wallich ex Hooker) Dietrich
Syn. *Caesalpinia gilliesii* (Wallich ex Hooker) Bentham, nom. superfl., *Erythrostemon gilliesii* (Wallich ex Hooker) Klotzsch, *Poinciana gilliesii* Wallich ex Hooker
Ref. FP 13(3/1) 1943: 192; Isely, 1975: 40, 193.
Cultivated and introduced shrub. Disturbed areas.
Note: Not reconfirmed. No voucher collection seen although reported as cultivated in Peru by the Flora of Peru.

Caesalpinia gilliesii (Wallich ex Hooker) Bentham, nom. superfl. =Caesalpinia gilliesii (Wallich ex Hooker) Dietrich
Ref. Isely, 1975: 40, 193.

Caesalpinia glabrata H.B.K. =Caesalpinia paipai var. paipai
Ref. FP 13(3/1) 1943: 193.

Caesalpinia insignis (Kunth) Sprengel =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 191.

Caesalpinia miranda (Sandwith) J. F. Macbride =Hoffmannseggia miranda Sandwith
Ref. FP 13(3/1) 1943: 193; Ulibarri, 1987: 234.

Caesalpinia paipai R. & P. var. **paipai**
Syn. *Caesalpinia corymbosa* Bentham, *Caesalpinia glabrata* H.B.K., *Libidibia corymbosa* (Bentham) Britton & Killip
Ref. FP 13(3/1) 1943: 193; Lewis, pers. comm.
Shrub, tree or treelet. Amazonian, Andean I-II, Coastal: dry valleys, lomas. 0-2000 m.
Voucher: Timaná 328 (K)
Depts.: AM, AN, CA, LI, LL, LO, PI, TU

Caesalpinia paipai var. **pubens** J. F. Macbride
Ref. FP 13(3/1) 1943: 193.
Endemic shrub. Coastal: dry valleys, rocky slopes. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5994* (F)
Depts.: PI

Caesalpinia pardoana Harms =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 191; Lewis, pers. comm.

Caesalpinia pectinata Cavanilles =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 195; Carrillo, 1974: 61; Isely, 1975: 47.

Caesalpinia praecox R. & P. =Cercidium praecox subsp. praecox
Ref. FP 13(3/1) 1943: 187; Burkart & Carter, 1976: 308.

Caesalpinia prostrata (Lagerheim ex DC.) J. F. Macbride =Hoffmannseggia prostrata Lagerheim ex DC.
Ref. FP 13(3/1) 1943: 194; Lewis, pers. comm.

Caesalpinia pulcherrima (L.) Swartz
Syn. *Poinciana pulcherrima* L.
Ref. FP 13(3/1) 1943: 194; Lewis, 1987: 40.
Cultivated and introduced shrub. Amazonian, Andean I, Coastal: disturbed areas, forests. 0-1500 m.
Voucher: Gentry & Smith 44959 (MO!)
Depts.: CU, LI, LL, LO, MD, PI, PU, SM, TU

Caesalpinia sepiaria Roxburgh =Caesalpinia decapetala var. decapetala
Ref. FP 13(3/1) 1943: 195; Isely, 1975: 38.

Caesalpinia spinosa (Molina) Kuntze
Syn. *Caesalpinia pectinata* Cavanilles, *Caesalpinia tara* R. & P., *Caesalpinia tinctoria* (H.B.K.) Bentham ex Reiche, *Coulteria tinctoria* H.B.K., *Poinciana spinosa* Molina, *Tara spinosa* (Molina) Britton & Rose
Ref. FP 13(3/1) 1943: 195; Carrillo, 1974: 61; Isely, 1975: 47; Lewis, pers. comm.
Endemic shrub or tree. Andean I-II, Coastal: lomas, shrublands. 0-3000 m.
Voucher: Gentry *et al.* 23350 (K, MO!)
Depts.: AM, AN, AR, AY, CA, CU, HU, HV, IC, JU, LI, MD, PI, TA

Caesalpinia stipulata (Sandwith) J. F. Macbride =Hoffmannseggia stipulata Sandwith
Ref. FP 13(3/1) 1943: 196; Ulibarri, 1987: 234.

Caesalpinia tara R. & P. =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 195; Carrillo, 1974: 61.

Caesalpinia ternata (F. Philippi) J. F. Macbride =Hoffmannseggia ternata F. Philippi
Ref. FP 13(3/1) 1943: 196; Lewis, pers. comm.

Caesalpinia tinctoria (H.B.K.) Bentham ex Reiche =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 195; Lewis, pers. comm.

Caesalpinia trichocarpa Grisebach
Ref. Burkart, 1952: 174; Ulibarri, 1987: 231.
Shrub. Andean II: disturbed areas, rocky slopes. 1500-2500 m.
Voucher: Ferreyra 14616 (USM)
Depts.: AN

Caesalpinia viscosa (R. & P.) J. F. Macbride =Hoffmannseggia viscosa var. viscosa
Ref. FP 13(3/1) 1943: 197.

Cajanus bicolor DC. =Cajanus cajan (L.) Millspaugh
Ref. FP 13(3/1) 1943: 339; Van der Maesen, 1986: 70.

Cajanus cajan (L.) Millspaugh
Syn. *Cajanus bicolor* DC., *Cajanus indicus* Sprengel, *Cytisus cajan* L.
Ref. FP 13(3/1) 1943: 339; Duke, 1981: 33; Van der Maesen, 1986: 65.
Cultivated & introduced herb or shrub. Amazonian, Andean I: disturbed areas. 0-1500 m.
Note: Treated in the Flora of Peru as a synonym of *C. bicolor*.
Voucher: Hart 633 (MO!)
Depts.: CU, HU, JU, LA, LI, LO, PI, PU, SM

Cajanus indicus Sprengel =Cajanus cajan (L.) Millspaugh
Ref. FP 13(3/1) 1943: 339; Duke, 1981: 33; Van der Maesen, 1986: 68.

Calliandra amazonica Bentham =Zapoteca amazonica (Bentham) H. Hernández
Ref. FP 13(3/1) 1943: 67; Hernández, 1989: 858.

Calliandra angustifolia Spruce ex Bentham
Ref. FP 13(3/1) 1943: 68; Brunner, pers. comm.
Shrub, tree or treelet. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Smith 2822 (MO!)
Depts.: AM, AY, CU, HU, JU, LI, LO, PA, SM, UC

Calliandra bombycina Spruce ex Bentham
Ref. FP 13(3/1) 1943: 68.
Shrub or tree. Amazonian, Andean I: forests, semi-deciduous forests. 0-1000 m.
Voucher: Spruce 4235* (K), Knapp *et al.* 7045 (MO!)
Depts.: CU, LO, SM

Calliandra caracasana (Jacquin) Bentham =Zapoteca caracasana subsp. caracasana
Ref. FP 13(3/1) 1943: 69; Hernández, 1989: 828.

Calliandra carbonaria Bentham
Ref. FP 13(3/1) 1943: 69; M. Silva, 1980: 14; Brunner, pers. comm.
Liana, shrub or tree. Amazonian, Andean I: riversides, rocky slopes, seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Foster & d'Achille 11989 (MO!)
Depts.: HU, JU, LO, MD, SM

Calliandra chotanoana Harms
Ref. FP 13(3/1) 1943: 70.
Endemic tree. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 7123* (B photo F), Hutchison & Wright 5869 (MO!, USM!)
Depts.: AM, CA

Calliandra cumingii Bentham
Syn. *Inga speciosa* M. Martens & Galeotti
Ref. FP 13(3/1) 1943: 70; Schery, 1950a: 262.
Tree. Amazonian: forests. 0-500 m.
Note: Not reconfirmed.
Voucher: Mathews s.n. (K)
Depts.: AM

Calliandra decrescens Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 71.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 152* (US), Macbride 791 (F)
Depts.: LO

Calliandra expansa Bentham
Syn. *Mimosa expansa* Pavón ex Bentham, nom. nud., pro syn.
Ref. FP 13(3/1) 1943: 71.
Endemic shrub. Andean II-III: grasslands, rocky slopes. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA),

Sagástegui *et al.* 11741 (MO!)
Depts.: AN, HU, LL

[*Calliandra filipes* Bentham =Zapoteca filipes (Bentham) H. Hernández]
Ref. FP 13(3/1) 1943: 71; Hernández, 1989: 818.
Note: Not known from Peru.

Calliandra flavida Urban =Zapoteca portoricensis subsp. flavida (Urban) H. Hernández
Ref. Hernández, 1989: 825.

Calliandra latifolia (L.) Grisebach =Zygia latifolia (L.) Fawcett & Rendle
Ref. Rico, pers. comm.

Calliandra magdalenae (Bertero ex DC.) Bentham
Syn. *Acacia magdalenae* Bertero ex DC., *Anneslia magdalenae* (Bertero ex DC.) Britton & Rose
Ref. Schery, 1950a: 259.
Shrub or tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Foster & d'Achille 10074 (MO!)
Depts.: AM, PA

Calliandra mollissima (Humboldt & Bonpland ex Willdenow) Bentham
Syn. *Inga mollissima* Humboldt & Bonpland ex Willdenow, *Mimosa mollissima* (Humboldt & Bonpland ex Willdenow) Poiret
Ref. FP 13(3/1) 1943: 72.
Shrub or treelet. Andean II: rocky slopes, shrublands. 1500-3000 m.
Voucher: Bonpland s.n.* (P-H&B), Macbride 7134 (F)
Depts.: CA

Calliandra portoricensis (Jacquin) Bentham =Zapoteca portoricensis var. portoricensis
Ref. FP 13(3/1) 1943: 72; Hernández, 1989: 818.

Calliandra prostrata Bentham
Ref. FP 13(3/1) 1943: 73; Gutte *et al.*, 1986: 193.
Endemic subshrub. Andean I-II, Coastal: forests, lomas. 500-3000 m.
Voucher: Maclean s.n.* (K), Dillon & Dillon 3936 (MO!)
Depts.: AN, AR, CA, LI

Calliandra rotundifolia Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 73.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 421* (US)
Depts.: LO

Calliandra saman (Jacquin) Grisebach =Albizia saman (Jacquin) F. Mueller
Ref. Rico, pers. comm.

Calliandra subnervosa Bentham
Cultivated tree. Coastal: semi-deciduous forests. 0-500 m.
Voucher: Medina & Daza 23 (MO!)
Depts.: LI

Calliandra tenuiflora Bentham
Ref. Ducke, 1949: 50; M. Silva, 1980: 30; Roosmalen, 1985: 230.
Tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Huashikat 1273 (MO!)
Depts.: AM, LO, PA

Calliandra tumbeziana J. F. Macbride
Ref. FP 13(3/1) 1943: 73.
Endemic shrub or treelet. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 7677* (F), Vásquez & Vargas 7991 (USM!)
Depts.: TU

Calliandra weberbaueri Harms =Zapoteca caracasana subsp. weberbaueri (Harms) H. Hernández
Ref. FP 13(3/1) 1943: 72; Hernández, 1989: 832.

Calopogonium caeruleum (Bentham) Sauvalle
Syn. *Stenolobium caeruleum* Bentham
Ref. FP 13(3/1) 1943: 336; Carvalho & Leitão, 1985: 35; Lewis, 1987: 266.
Subshrub or vine. Amazonian, Andean I: riversides. 0-1500 m.
Voucher: Vargas 6188 (MO!)
Depts.: CU, HU, LO, MD, SM, PU, UC

Calopogonium galactioides (H.B.K.) Bentham ex Hemsley
Syn. *Glycine galactioides* H.B.K., *Rhynchosia galactioides* (H.B.K.) DC., *Stenolobium galactioides* (H.B.K.) Bentham
Ref. Carvalho & Leitão, 1985: 36.
Vine. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Schunke 6000 (MO!)
Depts.: SM

Calopogonium mucunoides Desvaux
Ref. FP 13(3/1) 1943: 336; Carvalho & Leitão, 1985: 32; Duke, 1981: 37; Lewis, 1987: 266.
Vine. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Dudley 10031 (MO!)
Depts.: AY, CA, CU, LO, SM, UC

Campsiandra angustifolia Spruce ex Bentham
Ref. FP 13(3/1) 1943: 203; Cowan, 1961: 71.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 31668 (MO!, USM!)
Depts.: LO

Campsiandra comosa Bentham var. **laurifolia** (Bentham) R. Cowan
Syn. *Campsiandra laurifolia* Bentham, *Campsiandra rosea* Poeppig
Ref. Cowan, 1953a: 112.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 7613 (MO!)
Depts.: LO

Campsiandra laurifolia Bentham =Campsiandra comosa var. laurifolia (Bentham) R. Cowan
Ref. FP 13(3/1) 1943: 204; Cowan, 1953a: 112.

Campsiandra rosea Poeppig =Campsiandra comosa var. laurifolia (Bentham) R. Cowan
Ref. FP 13(3/1) 1943: 204.
Note: Treated as a synonym under *C. laurifolia* in the Flora of Peru.

Canavalia altissima (Jacquin) Macfadyen =Mucuna urens (L.) Medikus

[Canavalia boliviana Piper]
Ref. FP 13(3/1) 1943: 318; Sauer, 1964: 146.
Note: Not known from Peru.

Canavalia brasiliensis C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 319; Sauer, 1964: 144.
Cultivated vine. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 23645 (MO!)
Depts.: CU, HU, LI, MD

Canavalia dictyota Piper
Ref. Sauer, 1964: 147.
Vine. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3577 (MO!)
Depts.: SM

Canavalia ensiformis (L.) DC.
Syn. *Dolichos ensiformis* L., *Malocchia ensiformis* (L.) Savi
Ref. Sauer, 1964: 142; Duke, 1981: 39.
Cultivated herb, shrub or vine. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Croat 19985 (MO!)
Depts.: AM, CA, HU, JU, LI, LL, LO, SM, UC

Canavalia eurycarpa Piper
Ref. FP 13(3/1) 1943: 319; Sauer, 1964: 122.
Liana or vine. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Macbride 4580* (F), Foster 2590 (MO!)
Depts.: CU, HU, JU, LO, MD, PA, SM

Canavalia glabra (M. Martens & Galeotti) J. Sauer
Syn. *Canavalia villosa* var. *glabra* (M. Martens & Galeotti) Standley, *Wenderothia glabra* M. Martens & Galeotti
Ref. Sauer, 1964: 130.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Jaramillo 41341 (MO!)
Depts.: HU, SM

Canavalia grandiflora Bentham
Syn. *Wenderothia grandiflora* (Bentham) Piper
Ref. Sauer, 1964: 132.
Vine. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Gentry & Núñez 54200 (MO!)
Depts.: MD

Canavalia lasiocalyx Kuntze =Canavalia mattogrossensis (Barbosa Rodrigues) Malme
Ref. FP 13(3/1) 1943: 320; Sauer, 1964: 133.

Canavalia maritima (Aublet) Urban, nom. illeg. =Canavalia rosea (Swartz) DC.
Ref. FP 13(3/1) 1943: 320; Sauer, 1964: 163.

Canavalia maritima Thouars =Canavalia rosea (Swartz) DC.
Ref. FP 13(3/1) 1943: 320; Lewis, 1987: 258.

Canavalia mattogrossensis (Barbosa Rodrigues) Malme
Syn. *Canavalia lasiocalyx* Kuntze, *Mucuna mattogrossensis* Barbosa Rodrigues, *Wenderothia lasiocalyx* (Kuntze) Piper, *Wenderothia mattogrossensis* (Barbosa Rodrigues) Piper
Ref. Sauer, 1964: 133.
Liana or vine. Andean I: forests. 500-1000 m.
Voucher: Gentry & Díaz 58670 (MO!)
Depts.: AY, CU, JU, MD

[Canavalia parviflora Bentham]
Ref. FP 13(3/1) 1943: 321; Sauer, 1964: 122.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Killip & Smith 23813*, was redetermined by Sauer (1964: 122) as *C. eurycarpa*.

Canavalia peruviana Piper =Dioclea virgata (Richard) Amshoff
Ref. FP 13(3/1) 1943: 321; Maxwell, 1969: 340; Sauer, 1964: 146.

Canavalia piperi Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 322; Sauer, 1964: 141.
Cultivated liana or vine. Amazonian, Andean II: disturbed areas, forests. 0-1000 m.
Voucher: Cook & Gilbert 1604* (US), Ferreyra 9615 (USM!)
Depts.: CU, LI

Canavalia plagiosperma Piper
Ref. Sauer, 1964: 141; Duke, 1981: 43.
Cultivated and introduced liana or vine. Coastal: disturbed areas. 0-1000 m.
Voucher: Maldonado s.n. (F)
Depts.: Without full locality data.

Canavalia reflexa (Hooker f.) C. Wright =Dioclea reflexa Hooker f.
Ref. Maxwell, 1980: 671.

Canavalia rosea (Swartz) DC.
Syn. *Canavalia maritima* (Aublet) Urban, nom. illeg., *Canavalia maritima* Thouars, *Dolichos maritimus* Aublet, *Dolichos roseus* Swartz
Ref. Sauer, 1964: 164; Lewis, 1987: 258.
Vine. Coastal: beach. 0-500 m.
Voucher: Haught 64/208 (F)
Depts.: PI

Canavalia sericophylla Ducke
Ref. Ducke, 1949: 222; Sauer, 1964: 123.
Vine. Andean I: forests. 500-1000 m.
Voucher: Schunke 8081 (MO!)
Depts.: HU, SM

Canavalia villosa var. *glabra* (M. Martens & Galeotti) Standley =Canavalia glabra (M. Martens & Galeotti) J. Sauer
Ref. Sauer, 1964: 130.

Canavalia wurdackii Aymard & Cuello
Ref. Aymard & Cuello, 1991: 88.
Endemic vine. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1107* (US)
Depts.: AM

Cassia absus L. =Chamaecrista absus var. absus
Ref. FP 13(3/1) 1943: 154; Irwin & Barneby, 1982: 664.

Cassia alata L. =Senna alata (L.) Roxburgh
Ref. FP 13(3/1) 1943: 155; Irwin & Barneby, 1982: 460.

Cassia alcaparillo H.B.K. =Senna bicapsularis var. augusti (Harms) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 157; Carrillo, 1974: 57; Irwin & Barneby, 1982: 403.

Cassia andina Rose ex J. F. Macbride, nom. illeg. =Senna cushina (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 161; Irwin & Barneby, 1982: 475.

[*Cassia apoucouita* Aublet =Chamaecrista apoucouita (Aublet) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 155; Irwin & Barneby, 1977: 284; Irwin & Barneby, 1982: 642.
Note: Not known from Peru.

Cassia arequipensis J. Vogel =Senna birostris var. arequipensis (J. Vogel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 342.

[*Cassia atomaria* L. =Senna atomaria (L.) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 588.
Note: Not known from Peru. Listed in the Flora of Peru with *C. weberbaueri* [=*Senna mollissima* var. *mollissima*] as a synonym.

Cassia augusti Harms =Senna bicapsularis var. augusti (Harms) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 157; Irwin & Barneby, 1982: 403.

Cassia aurantia R. & P. ex G. Don =Senna aurantia (R. & P. ex G. Don) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 354.

[*Cassia bacillaris* L. f. =Senna bacillaris var. bacillaris]
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 111.
Note: Not known from Peru. Listed in the Flora of Peru as a synonym of *Cassia fruticosa* Miller.

Cassia bicapsularis L. =Senna bicapsularis var. bicapsularis
Ref. FP 13(3/1) 1943: 157; Irwin & Barneby, 1982: 399.

Cassia bicapsularis var. *augusti* (Harms) J. F. Macbride =Senna bicapsularis var. augusti (Harms) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 157; Irwin & Barneby, 1982: 403.

Cassia bicapsularis var. *tenuifolia* Bentham =Senna pendula var. tenuifolia (Bentham) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 394.

Cassia biflora L., nom. rej. prop.
Syn. *Peiranisia biflora* (L.) Pittier
Ref. FP 13(3/1) 1943: 158; Carrillo, 1974: 57; Irwin & Barneby, 1982: 531; Reveal, 1992: 131.
Note: Discussed under *Senna pallida* [=*S. galegifolia* (see Lourteig, 1988a: 400; Reveal, 1992)] by Irwin & Barneby (1982) as a "nom. ambig." indicating that it was based on cultivated material. Reveal (1992) proposed that this name and *C. galegifolia* should be rejected. The Flora of Peru included *C. nemorosa* H.B.K. [=*S. galegifolia* (Lourteig, 1988a)] in synonymy under *C. biflora*.

Cassia biflora Miller, nom. illeg. =Aeschynomene brasiliana var. brasiliana
Ref. FP 13(3/1) 1943: 441; Rudd, 1955: 77; Rudd, 1959: 48.

Cassia birostris Dombey ex J. Vogel =Senna birostris var. birostris
Ref. FP 13(3/1) 1943: 158; Irwin & Barneby, 1982: 344.

[*Cassia brachypoda* Bentham =Chamaecrista nictitans subsp. brachypoda (Bentham) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 159; Irwin & Barneby, 1982: 812.
Note: Not known from Peru.

Cassia brasiliana Lamarck, nom. illeg. =Cassia grandis L. f.
Ref. Irwin & Barneby, 1982: 30.

Cassia brongniartii Gaudichaud =Senna brongniartii (Gaudichaud) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 322.

[*Cassia browniana* (Britton & Rose) Philipson, nom. illeg. =Chamaecrista nictitans var. paraguariensis (Chodat & Hassler) H. Irwin & Barneby]
Ref. Irwin & Barneby, 1982: 816.
Note: Not known from Peru.

Cassia calvens J. F. Macbride =Chamaecrista glandulosa var. andicola H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 159; Irwin & Barneby, 1982: 792.

[*Cassia chamaecrista* L. =Chamaecrista fasciculata (Michaux) E. Greene]
Ref. FP 13(3/1) 1943: 159; Carrillo, 1974: 60; Irwin & Barneby, 1982: 802.
Note: Not known from Peru.

Cassia chamaecrista fo. *flavicoma* (H.B.K.) Kuntze =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 788.

Cassia cobanensis (Britton ex Britton & Rose) Lundell =Senna cobanensis (Britton ex Britton & Rose) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 250.

Cassia conjugata R. & P. ex Bentham =Senna brongniartii (Gaudichaud) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 160; Irwin & Barneby, 1982: 322.

Cassia cookii Killip & J. F. Macbride =Senna mandonii (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 160; Irwin & Barneby, 1982: 331.

Cassia cowanii H. Irwin & Barneby var. **peruviana** (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia leiandra* var. *peruviana* J. F. Macbride
Ref. Irwin & Barneby, 1982: 26.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Schunke 336* (F, USM!), Klug 2321 (F)
Depts.: LO

[*Cassia cuneata* DC. =Chamaecrista lineata var. lineata]
Ref. FP 13(3/1) 1943: 161; Irwin & Barneby, 1982: 754.
Note: Not known from Peru.

Cassia cushina J. F. Macbride =Senna cushina (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 161; Irwin & Barneby, 1982: 475.

Cassia cuspidata Willdenow =Senna pistaciifolia var. glabra (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 162; Irwin & Barneby, 1982: 473.

Cassia disadena Steudel =Chamaecrista nictitans subsp. disadena (Steudel) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 826.

Cassia dombeyana J. Vogel =Senna aurantia (R. & P. ex G. Don) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 354.

[*Cassia fasciculata* Michaux =Chamaecrista fasciculata (Michaux) E. Greene]
Ref. Irwin & Barneby, 1982: 802.
Note: Not known from Peru.

[Cassia fastuosa Willdenow ex J. Vogel]
Ref. FP 13(3/1) 1943: 162; Irwin & Barneby, 1982: 40.
Note: Not known from Peru.

Cassia felipensis H.B.K. =Chamaecrista nictitans subsp. disadena (Steudel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 163; Irwin & Barneby, 1982: 901 [index].
Note: The name was listed only in the index of Irwin & Barneby (1982) and not within the text of *Chamaecrista nictitans* subsp. *disadena* under either of the two recognized varieties -- *disadena* and *pilosa*.

Cassia fistula L., nom. cons. prop.
Syn. *Bactyrilobium fistula* (L.) Willdenow, *Cathartocarpus fistula* (L.) Persoon
Ref. FP 13(3/1) 1943: 163; Irwin & Barneby, 1982: 14; Reveal, 1992: 137.
Cultivated and introduced tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Note: Reveal (1992) proposes this name for conservation. No Peru voucher seen although so reported by Irwin & Barneby (1982).

Cassia flavicoma H.B.K. =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 788.

Cassia floribunda var. *scandens* (Bentham) Lasseigne =Senna pendula var. scandens (Bentham) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 395.

Cassia foliosa G. Don =Chamaecrista sp.
Ref. FP 13(3/1) 1943: 183; Irwin & Barneby, 1982: 55.
Note: Listed questionably as a synonym of *Cassia tenella* in the Flora of Peru. Irwin & Barneby (1982: 55) indicate that this supposed "native of Peru" may be a synonym of either *Chamaecrista serpens* or *Ch. pilosa*, but "the description is inadequate for exact identification."

Cassia fraxinifolia H.B.K. =Senna pistaciifolia var. glabra (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 162; Irwin & Barneby, 1982: 473.

[*Cassia fruticosa* Miller =Senna fruticosa (Miller) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 121.
Note: Not known from Peru.

Cassia fruticosa var. *benthamiana* J. F. Macbride =Senna bacillaris var. benthamiana (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 165; Irwin & Barneby, 1982: 114.

Cassia galegifolia L. =Senna galegifolia (L.) Barneby & Lourteig
Ref. Irwin & Barneby, 1982: 56; Lourteig, A., 1988: 400.

Cassia gigantifolia (Britton & Killip) R. Cowan =Senna macrophylla var. gigantifolia (Britton & Killip) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 139.

[*Cassia glandulosa* L. =Chamaecrista glandulosa var. glandulosa]
Ref. FP 13(3/1) 1943: 165; Irwin & Barneby, 1982: 782.
Note: Not known from Peru.

Cassia glandulosa var. *flavicoma* (H.B.K.) J. Vogel =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 788.

Cassia grandis L. f.
Syn. *Cassia brasiliana* Lamarck, nom. illeg., *Cathartocarpus brasilianus* (Lamarck) Jacquin, *Cathartocarpus grandis* (L. f.) Persoon
Ref. FP 13(3/1) 1943: 166; Irwin & Barneby, 1982: 30.
Tree. Amazonian: forests. 0-500 m.
Voucher: Smith *et al.* 6711 (MO!)
Depts.: JU, LO, SM

Cassia haughtii J. F. Macbride =Senna haughtii (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 166; Irwin & Barneby, 1982: 587.

Cassia helveola J. F. Macbride =Senna birostris var. helveola (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 167; Irwin & Barneby, 1982: 343.

Cassia helveola var. *huancavensis* J. F. Macbride =Senna birostris var. huancavensis (J. F. Macbride) H. Irwin & Barneby

Ref. FP 13(3/1) 1943: 167; Irwin & Barneby, 1982: 341.

Cassia herzogii Harms =Senna herzogii (Harms) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 145.

[*Cassia hirsuta* L. =Senna hirsuta var. hirsuta]
Ref. FP 13(3/1) 1943: 167; Irwin & Barneby, 1982: 434.
Note: Not known from Peru.

Cassia hoffmannseggii C. Martius ex Bentham =Senna latifolia (G. Meyer) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 168; Irwin & Barneby, 1982: 143.

[*Cassia hookeriana* Gillies ex Hooker =Senna birostris var. hookeriana (Gillies ex Hooker) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 168; Carrillo, 1974: 60; Irwin & Barneby, 1982: 339.
Note: Not known from Peru.

Cassia huancabambae Harms =Senna huancabambae (Harms) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 169; Irwin & Barneby, 1982: 561.

Cassia incarnata Pavón ex Bentham =Senna incarnata (Pavón ex Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 169; Irwin & Barneby, 1982: 526.

Cassia laeta H.B.K. =Senna mollissima var. mollissima
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 595.
Note: Treated as a synonym of *C. atomaria* in the Flora of Peru.

Cassia laevigata var. *scandens* Bentham =Senna pendula var. scandens (Bentham) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 395.

Cassia laevigata Willdenow =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 170; Irwin & Barneby, 1982: 366.

Cassia latifolia G. Meyer =Senna latifolia (G. Meyer) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 170; Irwin & Barneby, 1982: 143.

Cassia latopetiolata Dombey ex J. Vogel =Senna versicolor var. versicolor
Ref. FP 13(3/1) 1943: 171; Irwin & Barneby, 1982: 309.
Note: Collections reported under this name by Isely (1975: 105) are referred to *Senna versicolor* var. *heterosperma* by Irwin & Barneby (1982: 310).

Cassia leiandra Bentham var. *peruviana* J. F. Macbride =Cassia cowanii var. peruviana (J. F. Macbride) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 171; Irwin & Barneby, 1982: 26.

Cassia leiophylla J. Vogel =Senna leiophylla (J. Vogel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 172; Irwin & Barneby, 1982: 248.
Note: See note under *Senna leiophylla*.

Cassia leiophylla var. *pubescens* Bentham =Senna cobanensis (Britton ex Britton & Rose) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 250.

Cassia leptadenia var. *jaliscense* Greenman =Chamaecrista nictitans var. jaliscensis (Greenman) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 834.

[*Cassia leptocarpa* Bentham =Senna hirsuta var. leptocarpa (Bentham) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 172; Irwin & Barneby, 1982: 431.
Note: Not known from Peru.

Cassia limensis Lamarck =Senna bicapsularis var. bicapsularis
Ref. FP 13(3/1) 1943: 157; Carrillo, 1974: 57; Irwin & Barneby, 1982: 402.

[*Cassia lineata* Swartz =Chamaecrista lineata var. lineata]
Ref. Irwin & Barneby, 1982: 752.
Note: Not known from Peru.

Cassia loretensis Killip & J. F. Macbride ex Killip =Senna loretensis (Killip & J. F. Macbride ex Killip) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 172; Irwin & Barneby, 1982: 146.

Cassia lucens J. Vogel =Senna silvestris subsp. silvestris
Ref. FP 13(3/1) 1943: 173; Irwin & Barneby, 1982: 89.

Cassia lucens var. *tenuifolia* (Huber) J. F. Macbride =Senna silvestris subsp. silvestris
Ref. FP 13(3/1) 1943: 173.
Note: This combination, based on *C. racemosa* var. *tenuifolia* Huber, was not listed by Irwin & Barneby (1982: 89).

Cassia lutescens G. Don =Senna multiglandulosa (Jacquin) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 357.

[*Cassia macrophylla* Kunth =Senna macrophylla var. macrophylla]
Ref. FP 13(3/1) 1943: 174; Irwin & Barneby, 1982: 140.
Note: Not known from Peru.

Cassia mandonii Bentham =Senna mandonii (Bentham) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 331.

Cassia marginata Willdenow =Senna polyphylla var. polyphylla
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 519.

Cassia mollissima Humboldt & Bonpland ex Willdenow =Senna mollissima var. mollissima
Ref. Irwin & Barneby, 1982: 595.

[*Cassia mucronulosa* (Pittier) J. F. Macbride =Senna uniflora (Miller) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 144.
Note: Not known from Peru. This combination for a Venezuelan taxon made in *Cassia* (based on *Emelista mucronulosa*) in the Flora of Peru.

Cassia multiglandulosa Jacquin =Senna multiglandulosa (Jacquin) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 357.

Cassia multijuga Richard =Senna multijuga subsp. multijuga
Ref. FP 13(3/1) 1943: 174; Irwin & Barneby, 1982: 495.

Cassia nemorosa H.B.K. =Senna galegifolia (L.) Barneby & Lourteig
Ref. FP 13(3/1) 1943: 158; Carrillo, 1974: 57; Irwin & Barneby, 1982: 543; Lourteig, 1988: 401.
Note: Treated in the Flora of Peru as a synonym of *C. biflora*. The name was indirectly synonymized by Lourteig (1988) when she indicated that the 19 varieties of *Senna pallida* recognized by Irwin & Barneby (1982: 531-559) belong under *S. galegifolia*.

Cassia obliqua (G. Don) R. & P. ex G. Don =Senna obliqua (G. Don) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 148.

Cassia obtusifolia L., nom. cons. prop. =Senna obtusifolia (L.) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 252; Reveal, 1992: 138.

Cassia occidentalis L. =Senna occidentalis (L.) Link
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 436.

Cassia pallida M. Vahl =Senna galegifolia (L.) Barneby & Lourteig
Ref. Irwin & Barneby, 1982: 531; Lourteig, 1988: 400.

Cassia pallidifolia J. F. Macbride =Senna ruiziana var. ruiziana
Ref. FP 13(3/1) 1943: 176; Irwin & Barneby, 1982: 152.

Cassia patellaria DC. ex Colladon =Chamaecrista nictitans var. ramosa (J. Vogel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 176; Irwin & Barneby, 1982: 818.

Cassia patellaria var. *ramosa* J. Vogel =Chamaecrista nictitans var. ramosa (J. Vogel) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 818.

Cassia pavoniana G. Don =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 177; Irwin & Barneby, 1982: 788.

Cassia pearcei Bentham =Senna pistaciifolia var. glabra (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 177; Irwin & Barneby, 1982: 473.

Cassia pendula var. *bracteata* Lasseigne =Senna cajamarcae H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 350.

Cassia pennelliana Amshoff =Chamaecrista nictitans var. paraguariensis (Chodat & Hassler) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 178; Irwin & Barneby, 1982: 815.
Note: Not known from Peru.

Cassia peruviana J. Vogel =Senna sp.
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 206.
Note: Listed under *C. obliqua* in the Flora of Peru. Discussed by Irwin & Barneby (1982) but the transfer to *Senna* was not made.

Cassia picta G. Don =Senna pistaciifolia var. picta (G. Don) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 178; Irwin & Barneby, 1982: 473.

Cassia pilifera J. Vogel =Senna pilifera var. pilifera
Ref. FP 13(3/1) 1943: 178; Irwin & Barneby, 1982: 243.

Cassia pilifera var. *subglabra* S. Moore =Senna pilifera var. subglabra (S. Moore) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 243.

Cassia pistaciifolia var. *glabra* Bentham =Senna pistaciifolia var. glabra (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 162; Irwin & Barneby, 1982: 473.
Note: This name was based on *C. fraxinifolia* H.B.K.

Cassia quinquangulata Richard =Senna quinquangulata var. quinquangulata
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 155.

Cassia racemosa Miller =Senna racemosa var. racemosa
Ref. FP 13(3/1) 1943: 173; Irwin & Barneby, 1982: 582.

Cassia racemosa var. *tenuifolia* Huber =Senna silvestris subsp. silvestris
Ref. FP 13(3/1) 1943: 173; Irwin & Barneby, 1982: 89.

[*Cassia repens* J. Vogel =Chamaecrista repens var. repens]
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 744.
Note: Not known from Peru.

Cassia reticulata Willdenow =Senna reticulata (Willdenow) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 458.

Cassia ruiziana (G. Don) J. Vogel =Senna ruiziana var. ruiziana
Ref. FP 13(3/1) 1943: 180; Irwin & Barneby, 1982: 152.

Cassia santanderensis var. *parvianthera* Lasseigne =Senna lasseigniana var. lasseigniana
Ref. Irwin & Barneby, 1982: 354.

Cassia scarlatina Ducke =Cassia swartzioides var. scarlatina (Ducke) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 181; Irwin & Barneby, 1982: 22.

Cassia secedens Ducke =Senna spinescens var. spinescens
Ref. FP 13(3/1) 1943: 182; Irwin & Barneby, 1982: 214.

Cassia septemtrionalis Viviani =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 365.

Cassia septentrionalis Zuccagni =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 365.

[*Cassia serpens* var. *grandiflora* Bentham =Chamaecrista serpens var. grandiflora (Bentham) H. Irwin & Barneby]
Ref. Irwin & Barneby, 1982: 712.
Note: Not known from Peru.

Cassia silvestris Vell. Conc. =Senna silvestris subsp. silvestris
Ref. Irwin & Barneby, 1982: 89.

Cassia spectabilis DC. =Senna spectabilis var. spectabilis
Ref. FP 13(3/1) 1943: 181; Irwin & Barneby, 1982: 603.

Cassia spinescens Hoffmannsegg ex J. Vogel =Senna spinescens var. spinescens
Ref. FP 13(3/1) 1943: 182; Irwin & Barneby, 1982: 214.

[Cassia spruceana Bentham]
Ref. FP 13(3/1) 1943: 182; Irwin & Barneby, 1982: 19.
Note: Not known from Peru. Known from adjacent region of eastern Ecuador; expected in lowland Loreto, Peru.

Cassia stipulata G. Don =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 788.

Cassia swartzioides Ducke var. **scarlatina** (Ducke) H. Irwin & Barneby
Syn. *Cassia scarlatina* Ducke
Ref. Irwin & Barneby, 1982: 22.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 2489 (MO!)
Depts.: LO

Cassia swartzioides var. **swartzioides**
Ref. FP 13(3/1) 1943: 183; Irwin & Barneby, 1982: 22.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Ducke RB 20330* (RB), Revilla 1876 (MO!, USM!)
Depts.: LO

Cassia tapajozensis Ducke =Senna tapajozensis (Ducke) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 175.

[*Cassia tenella* H.B.K. =Chamaecrista serpens var. grandiflora (Bentham) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 183; Irwin & Barneby, 1982: 712.
Note: Not known from Peru. In the Flora of Peru with *C. foliosa* listed as a questionable synonym.

Cassia tomentosa L. f. =Senna multiglandulosa (Jacquin) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 183; Irwin & Barneby, 1982: 357.

[Cassia tora L.]
Syn. *Emelista tora* (L.) Britton & Rose ex Britton & P. Wilson
Ref. FP 13(3/1) 1943: 184; Irwin & Barneby, 1982: 252.
Note: Not known from Peru. This name was misapplied in the Flora of Peru (and elsewhere). New World collections attributed previously to this species are generally referable to *Senna obtusifolia*.

Cassia tora var. *obtusifolia* (L.) Haines =Senna obtusifolia (L.) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 252.

[*Cassia uniflora* Miller =Senna uniflora (Miller) H. Irwin & Barneby]
Ref. Irwin & Barneby, 1982: 258.
Note: Not known from Peru.

Cassia vargasii Schery =Senna vargasii (Schery) H. Irwin & Barneby
Ref. Schery, 1950b: 401; Irwin & Barneby, 1982: 373.

Cassia versicolor Meyen ex J. Vogel =Senna versicolor var. versicolor
Ref. FP 13(3/1) 1943: 168; Carrillo, 1974: 60; Irwin & Barneby, 1982: 309.

Note: Treated as a synonym of *C. hookeriana* in the Flora of Peru.

Cassia weberbaueri J. F. Macbride =Senna mollissima var. mollissima
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 595.
Note: Treated as a synonym of *C. atomaria* in the Flora of Peru.

[*Cathartocarpus bacillus* Persoon, nom. illeg. =Senna bacillaris var. bacillaris]
Ref. Irwin & Barneby, 1982: 113.
Note: Not known from Peru.

Cathartocarpus bicapsularis (L.) W. Hamilton =Senna bicapsularis var. bicapsularis
Ref. Irwin & Barneby, 1982: 401.

Cathartocarpus brasilianus (Lamarck) Jacquin =Cassia grandis L. f.
Ref. Irwin & Barneby, 1982: 30.

Cathartocarpus fistula (L.) Persoon =Cassia fistula L., nom. cons. prop.
Ref. Irwin & Barneby, 1982: 14.

Cathartocarpus grandis (L. f.) Persoon =Cassia grandis L. f.
Ref. Irwin & Barneby, 1982: 30.

Cathartocarpus laetus (H.B.K.) G. Don =Senna mollissima var. mollissima
Ref. FP 13(3/1) 1943: 156; Irwin & Barneby, 1982: 595.

Cathormion corymbosum (Richard) Burkart =Albizia corymbosa (Richard) G. P. Lewis & Owen
Ref. Burkart, 1964: 446.

Cathormium multiflorum (H.B.K.) Burkart =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. Burkart, 1964: 446.

Cedrelinga cateniformis (Ducke) Ducke
Syn. *Piptadenia cateniformis* Ducke, *Pithecellobium cateniformis* (Ducke) L. Cárdenas
Ref. FP 13(3/1) 1943: 65; Ducke, 1949: 48; Spichiger *et al.*, 1989: 322.
Tree. Amazonian, Andean I-II: forests on white sand, semi-deciduous forests, terra firme forests. 0-1500 m.
Voucher: Gentry *et al.* 41549 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM

Centrosema brasilianum (L.) Bentham var. **brasilianum**
Syn. *Bradburya brasiliana* (L.) Kuntze, *Clitoria brasiliana* L., *Vexillaria brasiliana* (L.) Hoffmannsegg
Ref. FP 13(3/1) 1943: 340; Barbosa-Fevereiro, 1977: 176; Lewis, 1987: 269.
Vine. Amazonian: forests. 0-500 m.
Voucher: McDaniel 14009 (USM!)
Depts.: LO

[Centrosema capitatum (Richard) Amshoff]
Syn. *Clitoria capitata* Richard
Ref. FP 13(3/1) 1943: 341; Barbosa-Fevereiro, 1977: 201.
Note: Not known from Peru.

Centrosema hastatum Bentham =Centrosema sagittatum (Kunth) Brandegee ex Riley
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 198; Lewis, 1987: 270.

Centrosema latidens Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 341.
Endemic vine. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 27108* (US)
Depts.: LO

Centrosema latissimum Ducke =Centrosema triquetrum (Hoffmannsegg ex Bentham) Bentham
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 170.

[Centrosema macrocarpum Bentham]
Syn. *Bradburya macrocarpa* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 341; Barbosa-Fevereiro, 1977: 187.
Note: Not known from Peru.

Centrosema plumieri (Turpin ex Persoon) Bentham
Syn. *Bradburya plumieri* (Turpin ex Persoon) Kuntze, *Clitoria plumieri* Turpin ex Persoon
Ref. FP 13(3/1) 1943: 342; Barbosa-Fevereiro, 1977: 171; Lewis, 1987: 270.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vargas 14532 (MO!)
Depts.: HU, JU, LO, SM

Centrosema prehensile Ducke =Centrosema tapirapoanense Hoehne
Ref. FP 13(3/1) 1943: 342; Barbosa-Fevereiro, 1977: 202.

Centrosema pubescens Bentham
Syn. *Bradburya pubescens* (Bentham) Kuntze
Ref. Barbosa-Fevereiro, 1977: 184.
Herb or vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Gentry & Díaz 58378 (MO!)
Depts.: AM, CA, LI, SM, UC

Centrosema roseum Huber =Centrosema triquetrum (Hoffmannsegg ex Bentham) Bentham
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 170.

Centrosema sagittatum (Kunth) Brandegee ex Riley
Syn. *Centrosema hastatum* Bentham, *Glycine sagittata* Kunth
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 197.
Liana. Coastal: forests. 0-1500 m.
Voucher: Ferreyra *et al.* 10859 (USM!)
Depts.: PI

Centrosema tapirapoanense Hoehne
Syn. *Centrosema prehensile* Ducke
Ref. Barbosa-Fevereiro, 1977: 174.
Vine. Amazonian: forests. 0-500 m.
Voucher: Barbour 5457 (MO!)
Depts.: MD, SM

Centrosema triquetrum (Hoffmannsegg ex Bentham) Bentham
Syn. *Bradburya triquetra* (Hoffmannsegg ex Bentham) Kuntze, *Centrosema latissimum* Ducke, *Centrosema roseum* Huber, *Platysema triquetrum* Hoffmannsegg ex Bentham
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 170.
Liana or vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Davidson 3502 (MO!)
Depts.: AM, HU, LO, SM

Centrosema vexillatum Bentham
Syn. *Bradburya vexillata* (Bentham) Kuntze
Ref. Barbosa-Fevereiro, 1977: 175.
Vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 21703 (MO!)
Depts.: LO

Centrosema virginianum (L.) Bentham
Syn. *Bradburya virginiana* (L.) Kuntze, *Clitoria virginiana* L., *Cruminium virginianum* (L.) Britton
Ref. FP 13(3/1) 1943: 344; Barbosa-Fevereiro, 1977: 189.
Herb or vine. Amazonian, Andean I-II: disturbed areas. 0-3000 m.
Voucher: Vargas 1725 (MO)
Depts.: AP, CA, CU, LL

Ceratonia chilensis Molina =Prosopis chilensis var. chilensis
Ref. FP 13(3/1) 1943: 109; Carrillo, 1974: 53; Burkart, 1976: 495.

Ceratonia siliqua L.
Ref. Duke, 1981: 50.
Cultivated and introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Encarnación E-179 (USM)
Depts.: LI

[Cercidium praecox (R. & P.) Harms subsp. glaucum (Cavanilles) Burkart & Carter]
Syn. *Pomaria glauca* Cavanilles
Ref. Burkart & Carter, 1976: 309.
Note: Not known from Peru.

Cercidium praecox subsp. **praecox**
Syn. *Caesalpinia praecox* R. & P.
Ref. FP 13(3/1) 1943: 187; Burkart & Carter, 1976: 308.
Shrub or tree. Coastal: desert, disturbed areas. 0-1000 m.
Voucher: Fernández *et al.* s.n. (MO!)
Depts.: AM, AY, CA, IC, LA, LL, PI, TU

Chaetocalyx brasiliensis (J. Vogel) Bentham
Syn. *Rhadinocarpus brasiliensis* J. Vogel
Ref. FP 13(3/1) 1943: 446; Rudd, 1958: 229.
Vine. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Schunke 5951 (MO)
Depts.: JU, LO, MD, PA, SM

Chaetocalyx klugii Rudd
Ref. Rudd, 1958: 232; Rudd, 1972d: 297.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Klug 3114* (MO!), Schunke 1937 (MO!)
Depts.: HU, LO, SM

Chaetocalyx platycarpa (Harms) Rudd
Syn. *Raimondianthus platycarpus* Harms
Ref. Rudd, 1958: 216.
Endemic vine. Andean II: forests. 1500-2500 m.
Voucher: Raimondi 6714* (B photo F!), Jelski 216 (US)
Depts.: CA

Chaetocalyx weberbaueri Harms
Ref. FP 13(3/1) 1943: 447; Rudd, 1958: 214.
Vine. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 6020* (B photo F!), Ferreyra *et al.* 10901 (US, USM!)
Depts.: PI

Chamaecrista absus (L.) H. Irwin & Barneby var. **absus**
Syn. *Cassia absus* L., *Grimaldia absus* (L.) Link
Ref. Irwin & Barneby, 1982: 664.
Herb. Coastal: disturbed areas. 0-500 m.
Voucher: Cerrate 5209 (NY!)
Depts.: CU, LA, PI

[Chamaecrista apoucouita (Aublet) H. Irwin & Barneby]
Syn. *Cassia apoucouita* Aublet
Ref. Irwin & Barneby, 1982: 642.
Note: Not known from Peru.

[*Chamaecrista browniana* Britton & Rose =Chamaecrista nictitans var. paraguariensis (Chodat & Hassler) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 178.
Note: Not known from Peru. Listed as a synonym of *Cassia pennelliana* in the Flora of Peru.

[*Chamaecrista chamaecrista* (L.) Britton, nom. illeg. [tautonym] =Chamaecrista fasciculata (Michaux) E. Greene]
Ref. FP 13(3/1) 1943: 159; Carrillo, 1974: 60; Irwin & Barneby, 1982: 802.
Note: Not known from Peru.

[Chamaecrista fasciculata (Michaux) E. Greene]
Syn. *Cassia chamaecrista* L., *Cassia fasciculata* Michaux, *Chamaecrista chamaecrista* (L.) Britton, nom. illeg. [tautonym], *Grimaldia chamaecrista* (L.) Schrank ex Link
Ref. Irwin & Barneby, 1982: 802.
Note: Not known from Peru. The collections cited under *Cassia chamaecrista* in the Flora of Peru, *Haught F6* and *Raimondi s.n.*, were not listed among exsiccatae of *Chamaecrista* cited by Irwin & Barneby (1982: 848, 853).

Chamaecrista flavicoma (H.B.K.) E. Greene =Chamaecrista glandulosa var. flavicoma (H.B.K.) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 788.

Chamaecrista glandulosa (L.) E. Greene var. **andicola** H. Irwin & Barneby
Syn. *Cassia calvens* J. F. Macbride
Ref. Irwin & Barneby, 1982: 791.
Subshrub. Andean II: dry valleys, rocky slopes. 2500-3500 m.
Voucher: Herrera 1184* (GH), Alayo 203 (NY)
Depts.: AP, AY, CA, CU, HV, LL

Chamaecrista glandulosa var. **balsasana** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 794.
Endemic herb. Andean I: dry valleys, riversides, rocky slopes. 500-1000 m.
Voucher: Hutchison & Wright 5428* (MO!)
Depts.: CA

Chamaecrista glandulosa var. **flavicoma** (H.B.K.) H. Irwin & Barneby
Syn. *Cassia chamaecrista* fo. *flavicoma* (H.B.K.) Kuntze, *Cassia flavicoma* H.B.K., *Cassia glandulosa* var. *flavicoma* (H.B.K.) J. Vogel, *Cassia pavoniana* G. Don, *Cassia stipulata* G. Don, *Chamaecrista flavicoma* (H.B.K.) E. Greene
Ref. Irwin & Barneby, 1982: 788.
Herb or subshrub. Amazonian, Andean I-III, Coastal: disturbed areas, shrublands. 0-4500 m.
Voucher: Mostacero 1618 (NY!)
Depts.: AM, AY, CA, CU, HU, JU, LI, LL, PI

[Chamaecrista glandulosa var. glandulosa]
Syn. *Cassia glandulosa* L.
Ref. FP 13(3/1) 1943: 165; Irwin & Barneby, 1982: 788.
Note: Not known from Peru. The typical variety of *Ch. glandulosa* is known only from Jamaica. Most of the collections cited in the Flora of Peru were redetermined as var. *andicola* (Irwin & Barneby, 1982: 782).

[Chamaecrista lineata (Swartz) E. Greene var. lineata]
Syn. *Cassia cuneata* DC., *Cassia lineata* Swartz
Ref. Irwin & Barneby, 1982: 754.
Note: Not known from Peru.

[Chamaecrista nictitans Moench subsp. brachypoda (Bentham) H. Irwin & Barneby]
Syn. *Cassia brachypoda* Bentham
Ref. Irwin & Barneby, 1982: 812.
Note: Not known from Peru. The specimen cited under *Cassia brachypoda* in the Flora of Peru, *Spruce s.n.* from Lamas, was not listed by Irwin & Barneby (1982), nor was a Peruvian distribution indicated for this taxon.

Chamaecrista nictitans subsp. **disadena** (Steudel) H. Irwin & Barneby
Syn. *Cassia disadena* Steudel, *Cassia felipensis* H.B.K.
Ref. Irwin & Barneby, 1982: 826.
Herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Bonpland s.n. (P)
Depts.: CA

Chamaecrista nictitans var. **jaliscensis** (Greenman) H. Irwin & Barneby
Syn. *Cassia leptadenia* var. *jaliscense* Greenman
Ref. Irwin & Barneby, 1982: 834.
Herb. Andean I, Coastal: forests. 0-1500 m.
Note: Treated under subsp. *nictitans* by Irwin & Barneby (1982).
Voucher: Ferreyra 6028 (NY)
Depts.: PI, TU

[Chamaecrista nictitans var. paraguariensis (Chodat & Hassler) H. Irwin & Barneby]
Syn. *Cassia browniana* (Britton & Rose) Philipson, nom. illeg., *Cassia pennelliana* Amshoff, *Chamaecrista browniana* Britton & Rose
Ref. Irwin & Barneby, 1982: 815.
Note: Not known from Peru. Treated under subsp. *patellaria* by Irwin & Barneby (1982).

Chamaecrista nictitans var. **ramosa** (J. Vogel) H. Irwin & Barneby
Syn. *Cassia patellaria* DC. ex Colladon, *Cassia patellaria* var. *ramosa* J. Vogel, *Chamaecrista patellaria* (DC. ex Colladon) E. Greene
Ref. Irwin & Barneby, 1982: 818.
Herb. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Note: Treated under subsp. *patellaria* by Irwin & Barneby (1982).
Voucher: Schunke 1418 (F)
Depts.: AM, JU, SM

Chamaecrista patellaria (DC. ex Colladon) E. Greene =Chamaecrista nictitans var. ramosa (J. Vogel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 176; Irwin & Barneby, 1982: 818.

[Chamaecrista repens (J. Vogel) H. Irwin & Barneby var. repens]
Syn. *Cassia repens* J. Vogel
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 744.
Note: Not known from Peru. The collection cited under *Cassia repens* in the Flora of Peru, *Ule 6723*, was not listed among exsiccatae cited by Irwin & Barneby (1982: 856).

[Chamaecrista serpens (L.) E. Greene var. grandiflora (Bentham) H. Irwin & Barneby]
Syn. *Cassia serpens* var. *grandiflora* Bentham, *Cassia tenella* H.B.K.
Ref. Irwin & Barneby, 1982: 712.
Note: Not known from Peru.

[*Chamaefistula bacillaris* (L. f.) G. Don =Senna bacillaris var. bacillaris]
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 113.
Note: Not known from Peru.

Chamaefistula birostris (Dombey ex J. Vogel) Dombey ex J. F. Macbride =Senna birostris var. birostris
Ref. FP 13(3/1) 1943: 158.

Chamaefistula elegans G. Don =Senna sp.
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 205.
Note: A species known from Peru only from the type locality. Discussed by Irwin & Barneby (1982) but the transfer to *Senna* was not made.
Voucher: Ruiz & Pavón [or Dombey] s.n.* (BM)
Depts.: Without full locality data.

[*Chamaefistula fruticosa* (Miller) Pittier =Senna fruticosa (Miller) H. Irwin & Barneby]
Ref. FP 13(3/1) 1943: 164; Irwin & Barneby, 1982: 121.
Note: Not known from Peru.

Chamaefistula gigantifolia Britton & Killip =Senna macrophylla var. gigantifolia (Britton & Killip) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 174; Irwin & Barneby, 1982: 139.

Chamaefistula klugii Britton & Killip =Senna quinquangulata var. quinquangulata
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 156.

Chamaefistula laevigata (Willdenow) G. Don =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 170; Irwin & Barneby, 1982: 366.

Chamaefistula latifolia (G. Meyer) Pittier =Senna latifolia (G. Meyer) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 143.

Chamaefistula macrophylla (Kunth) G. Don =Senna macrophylla var. macrophylla
Ref. FP 13(3/1) 1943: 174; Irwin & Barneby, 1982: 140.

Chamaefistula obliqua G. Don =Senna obliqua (G. Don) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 148.

Chamaefistula quinquangulata (Richard) Pittier =Senna quinquangulata var. quinquangulata
Ref. FP 13(3/1) 1943: 179; Irwin & Barneby, 1982: 155.

Chamaefistula ruiziana G. Don =Senna ruiziana var. ruiziana
Ref. FP 13(3/1) 1943: 180; Irwin & Barneby, 1982: 152.

Chamaesenna laevigata (Willdenow) Pittier =Senna septemtrionalis (Viviani) H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 366.

Chamaesenna reticulata (Willdenow) Pittier =Senna reticulata (Willdenow) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 180; Irwin & Barneby, 1982: 458.

Cicer arietinum L.
Ref. FP 13(3/1) 1943: 352; Duke, 1981: 52; McVaugh, 1987: 343.
Cultivated and introduced herb.
Amazonian: disturbed areas. 0-500 m.
Voucher: Cerrate 2437 (USM!)
Depts.: AN, AY, IC

Clathrotropis grandiflora (Tulasne) Harms =Ormosia grandiflora (Tulasne) Rudd
Ref. Rudd, 1965: 301.

[Cleobulia leiantha Bentham]
Syn. *Dioclea leiantha* (Bentham) J. F. Macbride
Ref. FP 13(3/1) 1943: 326; Ducke, 1949: 222; Maxwell, 1977: 56.
Note: Not known from Peru. Treated under *Dioclea* in the Flora of Peru.

Clitoria amazonum C. Martius ex Bentham
Syn. *Ternatea amazonum* (C. Martius ex Bentham) Kuntze
Ref. FP 13(3/1) 1943: 345; Ducke, 1949: 211; Fantz, 1977: 247.
Liana, shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: McDaniel & Rimachi 17976
Depts.: JU, LO, SM

Clitoria arborea Bentham
Syn. *Ternatea arborea* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 346; Ducke, 1949: 212; Fantz, 1977: 201.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: McDaniel & Rimachi 17976 (MO!)
Depts.: LO, SM

Clitoria brasiliana L. =Centrosema brasilianum var. brasilianum
Ref. FP 13(3/1) 1943: 340; Barbosa-Fevereiro, 1977: 176; Fantz, 1977: 988.

Clitoria broussonetii Balbis =Cologania broussonetii (Balbis) DC.
Ref. Fearing, 1959: 97; Turner, 1992: 291.

[*Clitoria capitata* Richard =Centrosema capitatum (Richard) Amshoff]
Ref. FP 13(3/1) 1943: 341; Fantz, 1977: 989.
Note: Not known from Peru.

Clitoria falcata Lamarck var. **falcata**
Syn. *Clitoria glycinoides* DC., *Clitoria rubiginosa* Jussieu ex Persoon, *Martiusia rubiginosa* (Jussieu ex Persoon) Britton, *Neurocarpum falcatum* (Lamarck) DC., *Ternatea rubiginosa* (Jussieu ex Persoon) Kuntze
Ref. Fantz, 1990: 156.
Vine. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Croat 17461 (MO!)
Depts.: LO, MD, SM

Clitoria flexuosa Fantz var. **brevibracteata** Fantz
Ref. Fantz, 1982: 301.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Klug 3105* (MO!), Foster 8799 (MO!)
Depts.: HU, LO, SM

Clitoria flexuosa var. **flexuosa**
Ref. Fantz, 1979a: 93; Fantz, 1982: 299.
Endemic liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce 4527* (K), Klug 4199 (MO!)
Depts.: SM

Clitoria glycinoides DC. =Clitoria falcata var. falcata
Ref. FP 13(3/1) 1943: 348; Fantz, 1990: 156.
Note: Treated as a synonym under *C. rubiginosa* in the Flora of Peru.

Clitoria grandifolia Ducke =Clitoria javitensis var. grandifolia (Ducke) Fantz
Ref. FP 13(3/1) 1943: 346; Fantz, 1981: 170.

Clitoria javitensis (H.B.K.) Bentham var. **grandifolia** (Ducke) Fantz
Syn. *Clitoria grandifolia* Ducke
Ref. Fantz, 1981: 170.
Liana. Amazonian: forests. 0-500 m.
Voucher: Kuhlmann RB 18210* (B photo F!), Gentry *et al.* 29953 (MO!)
Depts.: AM, LO

Clitoria javitensis var. **javitensis**
Syn. *Neurocarpum javitense* H.B.K., *Ternatea javitensis* (H.B.K.) Kuntze
Ref. FP 13(3/1) 1943: 347; Fantz, 1981: 168.
Liana of shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Alcorn & Mallet 12 (MO!)
Depts.: CA, SM

Clitoria javitensis var. **longiloba** Fantz
Ref. Fantz, 1981: 170.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3782* (S), Revilla 2080 (MO!)
Depts.: LO

Clitoria juninensis Fantz
Ref. Fantz, 1979b: 95.
Endemic shrub. Andean I-II: forests. 500-2000 m.
Voucher: Killip & Smith 23380* (US), Ferreyra 13555 (WIS)
Depts.: JU

[Clitoria leptostachya Bentham]
Syn. *Ternatea leptostachya* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 347; Ducke, 1949: 211; Fantz, 1977: 457.
Note: Not known from Peru.

Clitoria magentea Fantz
Ref. Fantz, 1982: 296.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 22114 (MO!)
Depts.: LO

Clitoria moyobambensis Fantz
Ref. Fantz, 1979b: 99.
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Mathews s.n.* (K)
Depts.: SM

[Clitoria nervosa Herzog]
Ref. FP 13(3/1) 1943: 348; Fantz, 1977: 258.
Note: Not known from Peru. Specimens cited under *C. nervosa* in the Flora of Peru were considered by Fantz (1979: 95) to represent *C. juninensis*.

Clitoria plumieri Turpin ex Persoon =Centrosema plumieri (Turpin ex Persoon) Bentham
Ref. FP 13(3/1) 1943: 342; Barbosa-Fevereiro, 1977: 171; Lewis, 1987: 270.

Clitoria polyphylla Poiret =Barbieria pinnata (Persoon) Baillon
Ref. FP 13(3/1) 1943: 381; White, 1981: 553.

Clitoria pozuzoensis J. F. Macbride
Ref. FP 13(3/1) 1943: 348; Fantz, 1977: 284.
Liana. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Macbride 4652* (F), Tunqui s.n. (MO!)
Depts.: AM, CU, HU, PA, SM, UC

Clitoria rubiginosa Jussieu ex Persoon =Clitoria falcata var. falcata
Ref. FP 13(3/1) 1943: 348; Fantz, 1990: 156.

Clitoria ternatea L.
Ref. FP 13(3/1) 1943: 349; Duke, 1981: 58; Fantz, 1990: 161.
Cultivated and introduced vine. Amazonian, Andean I, Coastal: disturbed areas. 0-1000 m.
Voucher: Ferreyra 9660 (USM!)
Depts.: LA, LI, PI, SM

Clitoria virginiana L. =Centrosema virginianum (L.) Bentham
Ref. FP 13(3/1) 1943: 344; Barbosa-Fevereiro, 1977: 189; Lewis, 1987: 271.

Clitoria woytkowskii Fantz
Ref. Fantz, 1982: 293.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Woytkowski 7281* (MO!)
Depts.: SM

Cojoba arborea (L.) Britton & Rose
Syn. *Acacia arborea* (L.) Willdenow, *Mimosa arborea* L., *Pithecellobium arboreum* (L.) Urban, *Samanea arborea* (L.) Ricker
Ref. Rico, 1991: 507.
Tree. Andean I: forests. 500-1000 m.
Voucher: Mexia 8309 (K)
Depts.: HU

Cojoba chazutensis (Standley) L. Rico
Syn. *Pithecellobium chazutense* Standley
Ref. Rico, 1991: 507.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 4011* (MO!), Ferreyra 4866 (MO!, USM!)
Depts.: HU, SM

Cojoba sophorocarpa (Bentham) Britton & Rose
Syn. *Pithecellobium sophorocarpum* Bentham
Ref. Rico, 1991: 511.
Tree. Amazonian, Andean I: forests, semi-deciduous forests. 0-1000 m.
Voucher: Schunke 2997 (MO!)
Depts.: HU

Collaea speciosa (Loiseleur) DC.
Syn. *Cytisus speciosus* Loiseleur, *Galactia speciosa* (Loiseleur) Britton
Ref. FP 13(3/1) 1943: 334; Lewis, 1987: 262.
Shrub. Andean I-II: disturbed areas, rocky slopes, shrublands. 500-3500 m.
Voucher: Plowman & Davis 4916 (GH, USM!)
Depts.: CU, HV, HU, JU, PA, PU

Cologania broussonetii (Balbis) DC.
Syn. *Amphicarpaea ovalifolia* (H.B.K.) Seckt, *Amphicarpaea pulchella* (H.B.K.) Taubert, *Clitoria broussonetii* Balbis, *Cologania ovalifolia* H.B.K., *Cologania pulchella* H.B.K., *Falcata ovalifolia* (H.B.K.) Kuntze
Ref. Fearing, 1959: 97; Turner, 1992: 296.
Shrub or vine. Andean I-III: grasslands, shrublands. 1000- > 4500 m.
Voucher: Vargas 2506 (MO!)
Depts.: AP, CU, HU, HV, PU

Cologania ovalifolia H.B.K. =Cologania broussonetii (Balbis) DC.
Ref. Fearing, 1959: 107; Turner, 1992: 291.

Cologania pulchella H.B.K. =Cologania broussonetii (Balbis) DC.
Ref. FP 13(3/1) 1943: 349; Fearing, 1959: 97; Turner, 1992: 291.

Condylostylis venusta Piper =Vigna latidenticulata (Harms) A. Delgado
Ref. Delgado, pers. comm.

Copaiba paupera Herzog =Copaifera paupera (Herzog) Dwyer
Ref. Dwyer, 1951: 169.

Copaifera paupera (Herzog) Dwyer
Syn. *Copaiba paupera* Herzog, *Copaifera reticulata* var. *peruviana* J. F. Macbride
Ref. Dwyer, 1951: 169.
Tree. Amazonian: forests. 0-500 m.
Voucher: Begazo 104 (MO!)
Depts.: LO, MD, UC

Copaifera reticulata Ducke var. *peruviana* J. F. Macbride =Copaifera paupera (Herzog) Dwyer
Ref. FP 13(3/1) 1943: 120; Dwyer, 1951: 169.

Coulteria tinctoria H.B.K. =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 195; Carrillo, 1974: 61.

Coumarouna alata (J. Vogel) Taubert =Dipteryx alata J. Vogel
Ref. Lima, pers. comm.

Coumarouna charapilla J. F. Macbride =Dipteryx charapilla (J. F. Macbride) Ducke
Ref. FP 13(3/1) 1943: 252; Ducke, 1949: 204.

[*Coumarouna ferrea* Ducke =Dipteryx ferrea (Ducke) Ducke]
Ref. FP 13(3/1) 1943: 253; Ducke, 1949: 206.
Note: Not known from Peru.

Coumarouna micrantha (Harms) Ducke =Dipteryx micrantha Harms
Ref. FP 13(3/1) 1943: 253; Ducke, 1949: 206.

Coumarouna odorata Aublet =Dipteryx odorata (Aublet) Willdenow
Ref. FP 13(3/1) 1943: 254; Duke, 1981: 79; Spichiger *et al.*, 1989: 319; Lima, pers. comm.

Coumarouna oppositifolia (Aublet) Taubert =Taralea oppositifolia Aublet
Ref. FP 13(3/1) 1943: 250; Ducke, 1949: 165; Lima, pers. comm.

Coumarouna rosea (Spruce ex Bentham) Taubert =Dipteryx rosea Spruce ex Bentham
Ref. Lima, pers. comm.

Coursetia boliviana Britton =Apurimacia boliviana (Britton) Lavin
Ref. Lavin, 1987: 64; Lavin, 1988: 149.

Coursetia cajamarcana Lavin
Ref. Lavin, 1988: 87.
Endemic shrub. Andean I: rocky slopes. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: López & Sagástegui 3154* (US)
Depts.: CA

Coursetia caribaea (Jacquin) Lavin var. **caribaea**
Syn. *Benthamantha caribaea* (Jacquin) Kuntze, *Brittonamra caribaea* (Jacquin) Kuntze, *Coursetia glandulifera* (Bentham) J. F. Macbride, *Cracca caribaea* (Jacquin) Bentham, *Galega caribaea* Jacquin, *Tephrosia caribaea* (Jacquin) DC., *Tephrosia glandulifera* Bentham
Ref. Lavin, 1988: 116.
Herb, shrub or subshrub. Andean I: rocky slopes. 500-1000 m.
Voucher: Sagástegui & López 10497 (MO!)
Depts.: CA

Coursetia caribaea var. **ochroleuca** (Jacquin) Lavin
Syn. *Benthamantha ochroleuca* (Jacquin) Alefeld, *Brittonamra caribaea* var. *ochroleuca* (Jacquin) Kuntze, *Coursetia ochroleuca* (Jacquin) J. F. Macbride, *Cracca ochroleuca* (Jacquin) Bentham, *Galega ochroleuca* Jacquin, *Tephrosia ochroleuca* (Jacquin) Persoon
Ref. Lavin, 1988: 131.
Shrub. Coastal: disturbed areas, rocky slopes. 0-1000 m.
Note: Type specimen [not located] cultivated from seed of unknown origin; Lavin (1988) says "very likely from coastal Peru to Ecuador."
Voucher: Llatas 386 (MO!)
Depts.: CA, LA, LI, LL

Coursetia eriantha Bentham =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 68.

Coursetia fruticosa (Cavanilles) J. F. Macbride
Syn. *Coursetia perplexans* J. F. Macbride, *Coursetia tomentosa* DC., nom. illeg., *Cracca poliophylla* Harms, *Lathyrus fruticosus* Cavanilles, *Orobus fruticosus* (Cavanilles) Persoon, *Orobus tomentosus* Desfontaines, *Vicia fruticosa* (Cavanilles) Willdenow
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 84.
Endemic shrub. Andean II: rocky slopes. 1500-3000 m.
Voucher: Pavon s.n.* (MO), Vargas 698 (MO!)
Depts.: AP, AY, CU, HV, HU

Coursetia glandulifera (Bentham) J. F. Macbride =Coursetia caribaea var. caribaea
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 116.

Coursetia grandiflora Bentham
Syn. *Coursetia harmsii* Ulbrich, *Coursetia tephrodes* Harms
Ref. FP 13(3/1) 1943: 388; Lavin, 1988: 146.
Shrub. Andean II: rocky slopes. 1500-3000 m.
Voucher: Mathews 1576* (K), Dillon & Turner 1687 (TEX, USM!)
Depts.: AM, AN, CA, LL

Coursetia harmsii Ulbrich =Coursetia grandiflora Bentham
Ref. FP 13(3/1) 1943: 388; Lavin, 1988: 146.

Coursetia maraniona Lavin
Ref. Lavin, 1988: 88.
Endemic shrub. Andean I: rocky slopes, semi-deciduous forests. 500-1000 m.
Voucher: Ferreyra 15636* (US), López *et al.* 4258 (US)
Depts.: AM, CA

Coursetia ochroleuca (Jacquin) J. F. Macbride =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 131.

Coursetia orbicularis Bentham
Syn. *Coursetia eriantha* Bentham, *Coursetia orbicularis* var. *mantaroana* Harms, *Poissonia eriantha* (Bentham) Hauman, *Poissonia orbicularis* (Bentham) Hauman, *Poissonia orbicularis* var. *mantaroana* (Harms) Hauman, *Poissonia solanacea* Baillon
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 68.
Endemic shrub. Andean II: rocky slopes. 1500-2500 m.
Voucher: Pearce s.n.* (K), Hutchison 1747 (UC)
Depts.: AP, HV

Coursetia orbicularis var. *mantaroana* Harms =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 68.

Coursetia perplexans J. F. Macbride =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 84.

Coursetia tephrodes Harms =Coursetia grandiflora Bentham
Ref. FP 13(3/1) 1943: 390; Lavin, 1988: 147.

Coursetia tomentosa DC., nom. illeg. =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 43.

Coursetia tumbezensis J. F. Macbride
Ref. FP 13(3/1) 1943: 390; Lavin, 1988: 148.
Endemic shrub. Coastal: shrublands. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7647* (MO!)
Depts.: TU

Coursetia weberbaueri Harms
Ref. FP 13(3/1) 1943: 390; Lavin, 1988: 142.
Endemic shrub. Coastal: lomas, rocky slopes. 0-500 m.
Voucher: Weberbauer 1568* (MO!), Hutchison & Wright 7259 (MO!, USM!)
Depts.: AR, IC

Cracca caribaea (Jacquin) Bentham =Coursetia caribaea var. caribaea
Ref. Lavin, 1988: 112.

Cracca cinerea (L.) Morong =Tephrosia cinerea (L.) Persoon
Ref. FP 13(3/1) 1943: 382; Lewis, 1987: 238.

Cracca ochroleuca (Jacquin) Bentham =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 131.

Cracca poliophylla Harms =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 84.

Cracca toxicaria (Swartz) Kuntze =Tephrosia sinapou (Buc'hoz) A. Chevalier
Ref. White, 1980: 781.

Cratylia argentea (Desvaux) Kuntze
Syn. *Cratylia dichrona* J. F. Macbride, *Cratylia floribunda* Bentham, *Cratylia pauciflora* (Rusby) Harms, *Dioclea argentea* Desvaux, *Dioclea dichroma* (J. F. Macbride) J. F. Macbride, *Dioclea pauciflora* Rusby
Ref. FP 13(3/1) 1943: 324; Lewis, 1987: 261.
Liana. Amazonian: forests. 0-500 m.
Voucher: Schunke 4049 (MO!)
Depts.: JU, SM

Cratylia dichrona J. F. Macbride =Cratylia argentea (Desvaux) Kuntze
Ref. FP 13(3/1) 1943: 324, Lewis, pers. comm.

Cratylia floribunda Bentham =Cratylia argentea (Desveaux) Kuntze
Ref. FP 13(3/1) 1943: 324; Lewis, 1987: 261.

[Cratylia floribunda var. intermedia Hassler]
Ref. FP 13(3/1) 1943: 324.
Note: Recognized at rank of species by L. P. de Queiroz (Lewis, pers. comm.).

[*Cratylia floribunda* var. *nuda* (Tulasne) Hassler =Cratylia hypargyraea C. Martius ex Bentham]
Ref. FP 13(3/1) 1943: 324; Lewis, pers. comm.

[Cratylia hypargyraea C. Martius ex Bentham]
Syn. *Cratylia floribunda* var. *nuda* (Tulasne) Hassler, *Cratylia nuda* Tulasne, *Dioclea argentea* var. *nuda* (Tulasne) J. F. Macbride
Ref. Lewis, pers. comm.
Note: Not known from Peru.

[Cratylia mollis C. Martius ex Bentham]
Ref. FP 13(3/1) 1943: 324; Lewis, 1987: 261.
Note: Not known from Peru. Treated under *Dioclea dichrona* [non *D. mollis* (Jacquin) DC.] in the Flora of Peru.

[*Cratylia nuda* Tulasne =Cratylia hypargyraea C. Martius ex Bentham]
Ref. FP 13(3/1) 1943: 324; Lewis, pers. comm.
Note: Not known from Peru.

Cratylia pauciflora (Rusby) Harms =Cratylia argentea (Desvaux) Kuntze
Ref. FP 13(3/1) 1943: 324.
Note: Treated under *Dioclea argentea* in the Flora of Peru.

Crotalaria anagyroides H.B.K. =Crotalaria micans Link
Ref. FP 13(3/1) 1943: 455; Windler & McLaughlin, 1981: 606; Bernal, 1986: 33.

Crotalaria cytisifolia Hoffmannsegg ex Steudel, nom. nud. =Crotalaria incana var. incana
Ref. FP 13(3/1) 1943: 455; Bernal, 1986: 27.

Crotalaria dombeyana DC. =Crotalaria micans Link
Ref. FP 13(3/1) 1943: 455; Bernal, 1986: 33.
Note: Treated as a synonym of *C. anagyroides* H.B.K. in the Flora of Peru.

Crotalaria incana L. var. **grandiflora** Windler, Adler & Skinner
Ref. Windler *et al.*, 1992: 155.
Herb or shrub. Andean I-II: disturbed areas, forests. 500-2000 m.
Voucher: Hutchison & Wright 6834 (F, USM)
Depts.: AM, AN, AP, CU, JU, PI, PU

Crotalaria incana var. **incana**
Syn. *Crotalaria cytisifolia* Hoffmannsegg ex Steudel, nom. nud.
Ref. FP 13(3/1) 1943: 455; Bernal, 1986: 27; Lewis, 1987: 312.
Herb, shrub or treelet. Amazonian, Andean I-III, Coastal: disturbed areas, forests, riversides, rocky slopes. 0-4500 m.
Voucher: Sagástegui *et al.* 11489 (MO!)
Depts.: AM, AN, AP, AY, CU, HU, IC, JU, LI, LL, LO, SM, PI, PU, UC

Crotalaria lupulina H.B.K. =Crotalaria pumila Ortega
Ref. FP 13(3/1) 1943: 457; McVaugh, 1987: 388.

Crotalaria mathewsana Bentham =Crotalaria sagittalis L.
Ref. FP 13(3/1) 1943: 458; Bernal, 1986: 74.

Crotalaria maypurensis H.B.K.
Ref. Bernal, 1986: 38; Lewis, 1987: 312.
Herb. Andean I-II: disturbed areas. 500-2500 m.
Voucher: Mexia 4147 (LA at MO!)
Depts.: HU, PA

Crotalaria micans Link
Syn. *Crotalaria anagyroides* H.B.K., *Crotalaria dombeyana* DC.
Ref. Windler & McLaughlin, 1981: 606; Bernal, 1986: 33.
Shrub. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Solomon 3095 (MO!)
Depts.: AY, CU, JU, LO, PU, SM

Crotalaria nitens H.B.K. var. **nitens**
Ref. FP 13(3/1) 1943: 457; McVaugh, 1987: 387.
Shrub. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2500 m.
Voucher: Schunke 6050 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, MD, SM, UC

Crotalaria nitens var. **trichina** J. F. Macbride
Ref. FP 13(3/1) 1943: 457.
Shrub. Amazonian, Andean I-II: disturbed areas, forests. 0-2500 m.
Voucher: Pennell 14000* (F), Williams 2150 (F)
Depts.: AY, CU, JU, LO, SM

Crotalaria pallida Aiton
Ref. Duke 1981: 67; Lewis, 1987: 313.
Herb or shrub. Amazonian, Andean I: forests, disturbed areas. 0-1000 m.
Voucher: Vásquez & Stern 308 (MO!)
Depts.: HU, LO, MD, UC

Crotalaria pumila Ortega
Syn. *Crotalaria lupulina* H.B.K.
Ref. FP 13(3/1) 1943: 457; McVaugh, 1987: 388.
Herb. Andean I-II, Coastal: disturbed areas. 0-3000 m.
Voucher: Sagástegui *et al.* 7921 (MO!)
Depts.: AN, AP, AY, CA, CU, HU, JU, LI, PI, TU

Crotalaria retusa L.
Ref. FP 13(3/1) 1943: 458; Lewis, 1987: 314.
Herb. Amazonian: disturbed areas, seasonally inundated areas, swamps. 0-500 m.
Voucher: Gentry *et al.* 15754 (MO!)
Depts.: AM, LO

Crotalaria sagittalis L.
Syn. *Crotalaria mathewsana* Bentham
Ref. FP 13(3/1) 1943: 458; Bernal, 1986: 73; McVaugh, 1987: 392.
Herb. Andean II: disturbed areas, forests. 2000-2500 m.
Voucher: Sánchez 3954 (MO!)
Depts.: CA, HU

Crotalaria spectabilis Roth
Ref. Duke 1981: 68; Bernal, 1986: 93.
Introduced herb or subshrub. Andean I: rocky slopes. 500-1000 m.
Voucher: Sánchez 3969 (MO!)
Depts.: CA

Crotalaria stipularia Desvaux
Ref. Ducke, 1949: 161; Lewis, 1987: 314.
Herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Woytkowski 35193 (MO!)
Depts.: SM

Crotalaria zanzibarica Bentham
Ref. Howard & collaborators, 1988: 473.
Introduced herb or subshrub. Andean I-II: disturbed areas. 1000-2000 m.
Voucher: Seibert 2264 (MO!)
Depts.: HU

Crudia glaberrima (Steudel) J. F. Macbride
Syn. *Apalatoa glaberrima* (Steudel) Taubert, *Crudia obliqua* Grisebach, *Hirtella glaberrima* Steudel (Chrysobalanaceae)
Ref. FP 13(3/1) 1943: 122; Amshoff, 1953: 80; Vieira, 1990: 96.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Croat 17718 (MO!, USM!)
Depts.: LO, MD

Crudia obliqua Grisebach =Crudia glaberrima (Steudel) J. F. Macbride
Ref. FP 13(3/1) 1943: 122; Amshoff, 1953: 80; Vieira, 1990: 96.

Crudia parivoa DC. =Crudia tomentosa (Aublet) J. F. Macbride
Ref. FP 13(3/1) 1943: 123; Amshoff, 1953: 81; Vieira, 1990: 93.

[Crudia tomentosa (Aublet) J. F. Macbride]
Syn. *Apalatoa tomentosa* (Aublet) Taubert, *Crudia parivoa* DC., *Parivoa tomentosa* Aublet, *Touchiroa parivoa* Richard ex DC., nom. nud.
Ref. FP 13(3/1) 1943: 123; Amshoff, 1953: 81; Vieira, 1990: 92.
Note: Not known from Peru.

Cruminium virginianum (L.) Britton =Centrosema virginianum (L.) Bentham

Cyathostegia mathewsii (Bentham) Schery
Syn. *Swartzia mathewsii* Bentham, *Tounatea mathewsii* (Bentham) Taubert
Ref. Schery, 1950b: 401; Rudd, 1968c: 389.
Shrub or tree. Andean I-II, Coastal: disturbed areas, shrublands. 0-3000 m.
Voucher: Mathews s.n.* (K), Gentry *et al.* 22815 (MO!)
Depts.: AM, AP, CA, CU, HV, LI

Cyathostegia weberbaueri (Harms) Schery
Syn. *Swartzia weberbaueri* Harms
Ref. Schery, 1950b: 401; Rudd, 1968c: 390.
Endemic shrub. Andean II: shrublands. 2000-2500 m.
Voucher: Weberbauer 7216* (B photo

F!), Edwin & Schunke 3713 (F, USM!)
Depts.: CA

Cyclolobium amazonicum Ducke
=Poecilanthe amazonica (Ducke) Ducke
Ref. Ducke, 1949: 165.

Cymbosema roseum Bentham
Syn. *Dioclea purpurea* Poeppig
Ref. FP 13(3/1) 1943: 330; Maxwell, 1970: 254.
Liana. Amazonian: seasonally inundated areas, riversides. 0-500 m.
Voucher: Vásquez & Jaramillo 10519 (MO!)
Depts.: LO, UC

Cynometra bauhiniifolia Bentham var. **bauhiniifolia**
Ref. FP 13(3/1) 1943: 121; Dwyer, 1958: 337.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Croat 20366 (MO!, USM!)
Depts.: LO, SM

[*Cynometra martiana* (Hayne) Baillon
=Hymenaea martiana Hayne]
Ref. FP 13(3/1) 1943: 122; Dwyer, 1958: 333.
Note: Not known from Peru. Lee & Langenheim (1975: 90) overlooked this combination in *Cynometra*.

Cynometra martiana (Hayne) J. F. Macbride, nom. illeg. =Cynometra spruceana var. spruceana
Ref. Dwyer, 1958: 333.

Cynometra spruceana Bentham var. **spruceana**
Syn. *Cynometra martiana* (Hayne) J. F. Macbride, nom. illeg., *Trachylobium martianum* Hayne
Ref. FP 13(3/1) 1943: 122; Dwyer, 1958: 333.
Tree. Amazonian: forests. 0-500 m.
Note: *C. spruceana* was treated as a synonym of "*C. martiana* (Hayne) Baillon" in the Flora of Peru.
Voucher: Spichiger & Encarnación 1132 (MO!)
Depts.: LO

Cytisus cajan L. =Cajanus cajan (L.) Millspaugh
Ref. Van der Maesen, 1986: 68.

Cytisus speciosus Loiseleur =Collaea speciosa (Loiseleur) DC.
Ref. Lewis, 1987: 262.

Dalbergia debilis J. F. Macbride
Ref. FP 13(3/1) 1943: 286.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2286* (MO!)
Depts.: LO

Dalbergia ecastaphyllum (L.) Taubert
Syn. *Hedysarum ecastaphyllum* L.
Ref. Ducke, 1949: 177; Dwyer, 1965: 7.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Gentry *et al.* 21785 (MO!)
Depts.: LO, MD

Dalbergia frutescens (Vell. Conc.) Britton
Syn. *Dalbergia variabilis* J. Vogel, *Pterocarpus frutescens* Vell. Conc.
Ref. FP 13(3/1) 1943: 287; Lewis, 1987: 225.
Liana. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Klug 3996 (MO!)
Depts.: AM, CU, HU, LO, MD, SM

Dalbergia glauca (Desvaux) Amshoff
Syn. *Ecastaphyllum glaucum* Desvaux
Ref. Amshoff, 1939: 50; Ducke, 1949: 175.
Liana, shrub or tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Revilla 372 (MO!)
Depts.: LO

Dalbergia hypargyrea Harms
=Machaerium floribundum var. hypargyreum (Harms) Rudd
Ref. FP 13(3/1) 1943: 287; Rudd, 1987b: 301.

Dalbergia inundata Spruce ex Bentham
Ref. FP 13(3/1) 1943: 288; Ducke, 1949: 175.
Shrub. Amazonian: disturbed areas, forests, riversides. 0-500 m.
Voucher: Vásquez & Jaramillo 1076 (MO!)
Depts.: LO

Dalbergia iquitosensis Harms
Ref. FP 13(3/1) 1943: 288.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 5052* (B photo F!)
Depts.: LO

[Dalbergia monetaria L. f var. hygrophila (C. Martius ex Bentham) J. F. Macbride]
Syn. *Ecastaphyllum hygrophilum* C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 289.
Note: Not known from Peru.

Dalbergia monetaria var. **monetaria**
Syn. *Dalbergia volubilis* (L.) Urban, *Ecastaphyllum monetaria* (L. f.) Persoon
Ref. FP 13(3/1) 1943: 289; Ducke, 1949: 176.
Liana. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Schunke 6196 (MO!)
Depts.: JU, LO, MD, PA, UC

[Dalbergia monetaria var. nitida (C. Martius ex Bentham) J. F. Macbride]
Syn. *Ecastaphyllum nitidum* C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 290.
Note: Not known from Peru.

Dalbergia riedelii (Bentham) Sandwith
Syn. *Ecastaphyllum monetaria* var. *riedelii* Bentham, *Ecastophyllum riedelii* (Bentham) Radlkofer
Ref. FP 13(3/1) 1943: 290; Ducke, 1949: 177.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Gentry *et al.* 22266 (MO!)
Depts.: LO, SM

Dalbergia riparia (C. Martius) Bentham
Syn. *Triptolemea riparia* C. Martius
Ref. FP 13(3/1) 1943: 290; Ducke, 1949: 174.
Liana or shrub. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Gentry *et al.* 40081 (MO!)
Depts.: LO, PA

Dalbergia simpsonii Rudd
Ref. Rudd, 1973c: 305.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Simpson 775* (US)
Depts.: LO

Dalbergia subcymosa Ducke
Syn. *Ecastaphyllum pubescens* DC.
Ref. FP 13(3/1) 1943: 291; Ducke, 1949: 178.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Klug 1300 (F)
Depts.: LO

Dalbergia variabilis J. Vogel =Dalbergia frutescens (Vell. Conc.) Britton
Ref. FP 13(3/1) 1943: 287; Lewis, 1987: 225.

Dalbergia volubilis (L.) Urban =Dalbergia monetaria var. monetaria
Ref. FP 13(3/1) 1943: 289; Dwyer, 1965: 6.

Dalea alopecuroides Willdenow =Dalea leporina (Aiton) Bullock
Ref. FP 13(3/1) 1943: 364; Barneby, 1977: 211.

Dalea antana J. F. Macbride
Ref. FP 13(3/1) 1943: 365; Barneby, 1977: 582.
Herb. Andean II: disturbed areas. 2500-3000 m.
Note: Known from Peru only from the type locality. Accepted provisionally by Barneby (1977).
Voucher: Vargas 502* (F)
Depts.: CU

Dalea astragalina H.B.K. =Dalea coerulea var. coerulea
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.

Dalea ayavacensis H.B.K. var. **ayavacensis**
Syn. *Parosela ayavacensis* (H.B.K.) J. F. Macbride

Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 353.
Herb. Andean II: forests, riversides. 1500-3000 m.
Voucher: Humboldt & Bonpland 3483* (P-H&B), Sagástegui *et al.* 8176 (MO!)
Depts.: AM, AP, CU, PI

Dalea ayavacensis var. **viridescens** Barneby
Ref. Barneby, 1977: 355; Barneby, 1988: 1.
Endemic herb. Andean I: riversides. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Woytkowski 8016* (US)
Depts.: CA

Dalea boliviana Britton
Syn. *Parosela boliviana* (Britton) J. F. Macbride, *Parosela boliviana* var. *herrerae* J. F. Macbride
Ref. FP 13(3/1) 1943: 365; Barneby, 1977: 381.
Herb or subshrub. Andean II-III: grasslands, riversides, rocky slopes. 2500-4000 m.
Voucher: Núñez 7456 (MO!)
Depts.: AP, AR, AY, CA, CU, HV, PA, PU

Dalea calocalyx Ulbrich =Dalea cylindrica var. cylindrica
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 360.

Dalea carthagenensis (Jacquin) J. F. Macbride var. **brevis** (J. F. Macbride) Barneby
Syn. *Dalea microphylla* H.B.K., *Dalea microphylla* var. *brevis* (J. F. Macbride) J. F. Macbride, *Dalea microphylla* var. *vicina* (J. F. Macbride) J. F. Macbride, *Parosela microphylla* (H.B.K.) Rose, *Parosela microphylla* var. *brevis* J. F. Macbride, *Parosela vicina* J. F. Macbride
Ref. Barneby, 1977: 521; Barneby, 1988: 1.
Herb. Andean I-II: rocky slopes. 500-3000 m.
Voucher: Humboldt & Bonpland 3536* (P-H&B), Plowman *et al.* 14230 (NY!)
Depts.: AY, CA, LA, PI, TU

[Dalea carthagenensis var. carthagenensis]
Syn. *Psoralea carthagenensis* Jacquin
Ref. FP 13(3/1) 1943: 375; Barneby, 1977: 513.
Note: Not known from Peru.

Dalea carthagenensis var. **trichocalyx** (Ulbrich) Barneby
Syn. *Dalea trichocalyx* Ulbrich, *Parosela trichocalyx* (Ulbrich) J. F. Macbride
Ref. Barneby, 1977: 523.
Endemic herb. Andean I-II: rocky slopes. 500-3000 m.
Voucher: Weberbauer 2994* (B photo F!), Rauh & Hirsch P324 (NY!)
Depts.: AN, HV, LI, LL

Dalea catatona (J. F. Macbride) J. F. Macbride =Dalea cylindrica var. haenkeana Barneby
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 362.

Dalea coerulea (L. f.) Schinz & Thellung var. **coerulea**
Syn. *Dalea astragalina* H.B.K., *Dalea mutisii* Kunth, *Galega coerulea* L. f., *Parosela astragalina* (H.B.K.) Killip ex J. F. Macbride, *Parosela coerulea* (L. f.) J. F. Macbride, *Tephrosia coerulea* (L. f.) Persoon
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.
Herb or shrub. Andean II: disturbed areas, forests, shrublands. 2000-3000 m.
Note: In the Flora of Peru as "*caerulea*."
Voucher: Weberbauer 292* (NY), López & Sagástegui 8034 (MO!)
Depts.: AM, AP, AR, CA, CU, HU, JU, LL

Dalea coerulea var. **longispicata** (Ulbrich) Barneby
Syn. *Dalea longispicata* Ulbrich, *Dalea macrostachya* R. & P. ex Moricand, *Parosela macrostachya* (R. & P. ex Moricand) Rose
Ref. Barneby, 1977: 351; Barneby, 1988: 1.
Shrub. Andean II: shrublands. 1500-3500 m.
Voucher: Weberbauer 2924* (B photo F!), Killip & Smith 22219 (NY!)
Depts.: AM, AN, AY, CA, CU, HU, JU, LA, LI, LL

Dalea cutervoana Szyszylowicz =Dalea cylindrica var. haenkeana Barneby
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 362.

Dalea cylindrica Hooker var. **cylindrica**
Syn. *Dalea calocalyx* Ulbrich, *Dalea cylindrica* var. *samancoensis* (Ulbrich) J. F. Macbride, *Dalea samancoensis* Ulbrich, *Parosela calocalyx* (Ulbrich) J. F. Macbride, *Parosela cylindrica* (Hooker) J. F. Macbride
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 359; Barneby, 1988: 2.
Herb. Andean II: shrublands. 2000-3000 m.
Voucher: Sagástegui & Mostacero 9161 (NY!)
Depts.: AN, AR, AY, CA, LI, MO

Dalea cylindrica var. **haenkeana** Barneby
Syn. *Dalea catatona* (J. F. Macbride) J. F. Macbride, *Dalea cutervoana* Szyszylowicz, *Parosela catatona* J. F. Macbride
Ref. Barneby, 1977: 361; Barneby, 1988: 2.
Endemic shrub. Andean II-III: grasslands, shrublands. 2000-4000 m.
Voucher: López 886* (US), Smith & Sánchez 4299 (NY!)
Depts.: AN, CA, HU, LL, PA

Dalea cylindrica var. **nova** (Ulbrich) Barneby
Syn. *Dalea nova* Ulbrich, *Dalea sawadae* (J. F. Macbride) J. F. Macbride, *Parosela sawadae* J. F. Macbride
Ref. Barneby, 1977: 362; Barneby, 1988: 2.
Shrub. Andean I-II: disturbed areas, rocky slopes. 500-3000 m.
Voucher: Weberbauer 3838* (B photo F!), Wurdack 415 (NY!)
Depts.: AM, CA, HU, JU, LL, PI, TA

Dalea cylindrica var. *samancoensis* (Ulbrich) J. F. Macbride =Dalea cylindrica var. cylindrica
Ref. FP 13(3/1) 1943: 368; Barneby, 1977: 360.

Dalea cylindrica var. **sulfurea** (Ulbrich) Barneby
Syn. *Dalea sulfurea* Ulbrich, *Parosela sulfurea* (Ulbrich) J. F. Macbride
Ref. Barneby, 1977: 360.
Endemic herb or shrub. Andean II: disturbed areas. 2000-2500 m.
Voucher: Weberbauer 3922* (F), Smith & Blas 4877 (MO, USM)
Depts.: CA, LL

Dalea exilis DC.
Syn. *Dalea peruviana* (J. F. Macbride) J. F. Macbride, *Parosela exilis* (DC.) J. F. Macbride, *Parosela peruviana* J. F. Macbride
Ref. FP 13(3/1) 1943: 368; Barneby, 1977: 383; Franquemont *et al.*, 1990: 80.
Endemic herb. Andean II: rocky slopes. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (G-DC), Killip & Smith 21790 (NY!)
Depts.: AM, AN, CA, CU, HU, HV, JU, LI, LL, PA

Dalea fieldii (J. F. Macbride) J. F. Macbride
Syn. *Parosela fieldii* J. F. Macbride
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 368.
Endemic herb or subshrub. Andean II: shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 3117* (F), Haenke 1722 (NY!)
Depts.: PA

Dalea galbina (J. F. Macbride) J. F. Macbride
Syn. *Parosela galbina* J. F. Macbride
Ref. FP 13(3/1) 1943: 369; Barneby, 1977: 391.
Endemic shrub. Andean II: rocky slopes. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 3500* (F)
Depts.: HU

Dalea glumacea Barneby
Ref. Barneby, 1988: 2.
Endemic herb. Andean II: disturbed areas, forests. 2000-2500 m.
Voucher: Sánchez 326* (CPUN, NY)
Depts.: CA

Dalea isidorii Barneby
Ref. Barneby, 1988: 5.
Endemic herb or subshrub. Andean II: forests, rocky slopes, shrublands. 1500-3000 m.
Voucher: Sánchez & Ruíz 3608* (CPUN, NY), Sánchez 1580 (NY!)
Depts.: CA

[Dalea kuntzei Harms ex Kuntze]
Syn. *Dalea rubricaulis* Ulbrich
Ref. Barneby, 1977: 377.
Note: Not known from Peru.

Dalea leporina (Aiton) Bullock
Syn. *Dalea alopecuroides* Willdenow, *Parosela leporina* (Aiton) Rydberg, *Psoralea leporina* Aiton
Ref. FP 13(3/1) 1943: 369; Barneby, 1977: 210.
Herb. Andean II: disturbed areas. 2000-3500 m.
Voucher: Rauh & Hirsch P694 (NY!)
Depts.: AP, PU

Dalea longispicata Ulbrich =Dalea coerulea var. longispicata (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 351.

Dalea macrostachya R. & P. ex Moricand =Dalea coerulea var. longispicata (Ulbrich) Barneby
Ref. Barneby, 1977: 351.

Dalea microphylla H.B.K. =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Dalea microphylla var. *brevis* (J. F. Macbride) J. F. Macbride =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Dalea microphylla var. *vicina* (J. F. Macbride) J. F. Macbride =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Dalea moquehuana J. F. Macbride
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 390.
Endemic herb. Andean II: rocky slopes. 1500-2000 m.
Voucher: Weberbauer 7433* (GH, USM!), Ferreyra 5486 (US)
Depts.: AY, MO

Dalea mutisii Kunth =Dalea coerulea var. coerulea
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.

Dalea myriadenia Ulbrich
Syn. *Parosela myriadenia* (Ulbrich) J. F. Macbride
Ref. FP 13(3/1) 1943: 371; Barneby, 1977: 364; Barneby, 1988: 2.
Herb. Andean I-II: disturbed areas. 1000-3000 m.
Voucher: Weberbauer 4279* (B photo F!), Mostacero *et al.* 1551 (NY!)
Depts.: AM, CA, HV

Dalea nova Ulbrich =Dalea cylindrica var. nova (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 371; Barneby, 1977: 363.

Dalea onobrychis DC.
Syn. *Parosela onobrychis* (DC.) J. F. Macbride
Ref. FP 13(3/1) 1943: 371; Barneby, 1977: 369; Barneby, 1988: 2.
Herb, shrub or vine. Andean I-II, Coastal: disturbed areas, lomas, rocky slopes. 0-3500 m.
Voucher: Herb. DeCandolle s.n.* (G-DC), Hutchison & Wright 5262 (MO!, USM!)
Depts.: AM, AR, CA, CU, LA, LI, LL, PI

Dalea pazensis Rusby
Syn. *Parosela pazensis* (Rusby) J. F. Macbride
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 375; Franquemont *et al.*, 1990: 80.
Herb. Andean II-III: rocky slopes. 2500-4000 m.
Voucher: King *et al.* 309 (NY!, USM!)
Depts.: AP, CU, HV

Dalea pazensis var. *vargasii* J. F. Macbride =Dalea smithii (J. F. Macbride) J. F. Macbride
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 374.

Dalea pennellii (J. F. Macbride) J. F. Macbride var. **pennellii**
Syn. *Parosela pennellii* J. F. Macbride
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 370; Barneby, 1990a: 91.
Endemic herb. Andean II-III: disturbed areas, rocky slopes. 2500-4000 m.
Voucher: Pennell 13171* (F), Tate 1198 (NY)
Depts.: AR, CU

Dalea peruviana (J. F. Macbride) J. F. Macbride =Dalea exilis DC.
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 384.

[*Dalea rubricaulis* Ulbrich =Dalea kuntzei Harms ex Kuntze]
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 377.
Note: Not known from Peru. The collection cited under this name in the Flora of Peru, *Williams 253*, was redetermined as *D. cylindrica* by Barneby (1977: 359).

Dalea samancoensis Ulbrich =Dalea cylindrica var. cylindrica
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 360.

Dalea sawadae (J. F. Macbride) J. F. Macbride =Dalea cylindrica var. nova (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 363.

Dalea sericophylla Ulbrich =Dalea weberbaueri var. sericophylla (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 367.

Dalea smithii (J. F. Macbride) J. F. Macbride
Syn. *Dalea pazensis* var. *vargasii* J. F. Macbride, *Parosela smithii* J. F. Macbride
Ref. FP 13(3/1) 1943: 374; Barneby, 1977: 373; Franquemont *et al.*, 1990: 80.
Endemic herb or subshrub. Andean II: rocky slopes. 2000-3000 m.
Voucher: Killip & Smith 22180* (F), Gentry *et al.* 23360 (NY!)
Depts.: AP, AY, CU, HV

Dalea strobilacea Barneby
Ref. Barneby, 1981a: 508; Barneby, 1988: 2.
Endemic subshrub. Andean II: rocky slopes. 2500-3000 m.
Voucher: López & Sagástegui 8222* (MO!, USM), Sagástegui 7758 (MO!)
Depts.: CA, LL

Dalea sulfurea Ulbrich =Dalea cylindrica var. sulfurea (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 374; Barneby, 1977: 361.

[Dalea tapacariensis Harms ex Kuntze]
Ref. FP 13(3/1) 1943: 365; Barneby, 1977: 388.
Note: Not known from Peru. Treated as a synonym of *D. boliviana* in the Flora of Peru.

Dalea trichocalyx Ulbrich =Dalea carthagenensis var. trichocalyx (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 375; Barneby, 1977: 523.

Dalea tridactylites Barneby
Ref. Barneby, 1988: 4.
Endemic herb. Andean II: disturbed areas, rocky slopes. 1500-3000 m.
Voucher: Sánchez 1122* (CPUN, NY), Sánchez 1080 (NY!)
Depts.: CA

Dalea weberbaueri Ulbrich var. **sericophylla** (Ulbrich) Barneby
Syn. *Dalea sericophylla* Ulbrich, *Parosela sericophylla* (Ulbrich) J. F. Macbride
Ref. Barneby, 1977: 367; Barneby, 1988: 2.
Endemic herb or subshrub. Andean II: disturbed areas. 3000-3500 m.
Voucher: Weberbauer 4017* (B photo F!), Sagástegui 14059 (NY!)
Depts.: CA

Dalea weberbaueri var. **weberbaueri**
Syn. *Parosela weberbaueri* (Ulbrich) J. F. Macbride
Ref. FP 13(3/1) 1943: 375; Barneby, 1977: 366; Barneby, 1988: 2.
Endemic shrub. Andean II-III: disturbed areas, rocky slopes, shrublands. 2500-4000 m.
Voucher: Weberbauer 1739* (B photo F!), Killip & Smith 21826 (NY!)
Depts.: AN, CA, HV, JU, LL, PI

Deguelia amazonica Killip =Lonchocarpus negrensis Bentham
Ref. FP 13(3/1) 1943: 260; Sousa, pers. comm.

Deguelia negrensis (Bentham) Taubert =Deguelia scandens Aublet
Ref. Sousa, pers. comm.

Deguelia scandens Aublet
Syn. *Deguelia negrensis* (Bentham) Taubert, *Derris guianensis* Bentham, *Derris negrensis* Bentham, *Derris pterocarpus* (DC.) Killip, *Derris scandens* (Aublet) Pittier, *Lonchocarpus pterocarpus* DC., *Lonchocarpus scandens* (Aublet) Ducke, *Pterocarpus guianensis* (Bentham) Kuntze, *Pterocarpus negrensis* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 264; Sousa, pers. comm.
Liana or shrub. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas. 0-500 m.
Note: Treated under *Derris pterocarpus* in the Flora of Peru.
Voucher: Schunke 13584 (MO!)
Depts.: LO, SM

Delonix regia (Bojer ex Hooker) Raf.
Syn. *Poinciana regia* Bojer ex Hooker
Ref. Lewis, 1987: 34.
Cultivated and introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Cerrate L391 (USM!)
Depts.: IC, LI

Derris amazonica Killip =Lonchocarpus negrensis Bentham
Ref. FP 13(3/1) 1943: 260; Ducke, 1949: 199; Sousa, pers. comm.

Derris angulata (Ducke) Ducke =Lonchocarpus angulatus Ducke
Ref. Sousa, pers. comm.

Derris confertiflora (Bentham) J. F. Macbride =Lonchocarpus confertiflorus Bentham
Ref. FP 13(3/1) 1943: 260.

Derris denudata (Bentham) Ducke =Muellera denudata (Bentham) M. Sousa
Ref. Sousa, pers. comm.

Derris glabrescens (Bentham) J. F. Macbride =Lonchocarpus densiflorus Bentham
Ref. FP 13(3/1) 1943: 261; Sousa, pers. comm.

Derris guianensis Bentham =Deguelia scandens Aublet
Ref. FP 13(3/1) 1943: 264; Sousa, pers. comm.
Note: Treated under *Derris pterocarpus* in the Flora of Peru.

Derris guilleminiana (Tulasne) J. F. Macbride =Lonchocarpus guillemineanus (Tulasne) Malme
Ref. FP 13(3/1) 1943: 262; Lewis, 1987: 235.

Derris hedyosma (Miquel) J. F. Macbride =Lonchocarpus hedyosmus Miquel
Ref. FP 13(3/1) 1943: 262; Sousa, pers. comm.

Derris hylobia (Harms) J. F. Macbride =Lonchocarpus hylobius Harms
Ref. FP 13(3/1) 1943: 262; Sousa, pers. comm.

Derris negrensis Bentham =Deguelia scandens Aublet
Ref. FP 13(3/1) 1943: 260; Sousa, pers. comm.
Note: Treated under *Derris amazonica* in the Flora of Peru.

Derris nicou (Aublet) J. F. Macbride =Lonchocarpus nicou (Aublet) DC.
Ref. FP 13(3/1) 1943: 263; Lemée, 1952: 126.

Derris pterocarpus (DC.) Killip =Deguelia scandens Aublet
Ref. FP 13(3/1) 1943: 263; Sousa, pers. comm.

[Derris rariflora (C. Martius ex Bentham) J. F. Macbride]
Syn. *Lonchocarpus rariflorus* C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 264; Ducke, 1949: 196; Sousa, pers. comm.
Note: Not known from Peru.

Derris scandens (Aublet) Pittier =Deguelia scandens Aublet
Ref. Sousa, pers. comm.

Derris seorsa J. F. Macbride =Lonchocarpus guillemineanus (Tulasne) Malme
Ref. FP 13(3/1) 1943: 265; Sousa, pers. comm.

Derris spiciflora (C. Martius ex Bentham) J. F. Macbride =Lonchocarpus spiciflorus C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 265.

Derris sylvestris (A. C. Smith) J. F. Macbride =Lonchocarpus angulatus Ducke
Ref. FP 13(3/1) 1943: 266; Sousa, pers. comm.
Note: Taxon equated with *L. angulatus* by Azevedo-Tozzi (1989: 140).

[Derris urucu (Killip & A. C. Smith) J. F. Macbride]
Syn. *Lonchocarpus urucu* Killip & A. C. Smith
Ref. FP 13(3/1) 1943: 266; Ducke, 1949: 198.
Note: Not known from Peru.

Derris utilis (A. C. Smith) Ducke =Lonchocarpus utilis A. C. Smith
Ref. Sousa, pers. comm.

Desmanthus depressus Humboldt & Bonpland ex Willdenow
Syn. *Acuan depressum* (Humboldt & Bonpland ex Willdenow) Kuntze, *Desmanthus virgatus* var. *depressus* (Humboldt & Bonpland ex Willdenow) B. Turner, *Mimosa depressa* (Humboldt & Bonpland ex Willdenow) Poiret
Ref. FP 13(3/1) 1943: 97; Luckow, 1989: 249.
Herb or subshrub. Andean I-II, Coastal: disturbed areas, dry valleys, shrublands. 500-2500 m.
Voucher: López 8945 (MO!)
Depts.: CA, LA, LL, SM

Desmanthus leptophyllus H.B.K.
Ref. Luckow, 1989: 309.
Herb or subshrub. Amazonian, Andean I, Coastal: disturbed areas, shrublands. 0-1500 m.
Voucher: Ramírez 11 (MO!)
Depts.: PI, SM

Desmanthus plenus (L.) Willdenow =Neptunia plena (L.) Bentham
Ref. Windler, 1966: 398.

Desmanthus virgatus (L.) Willdenow
Syn. *Acacia angustisiliqua* (Lamarck) Desfontaines, *Acacia virgata* (L.) Gaertner, *Acuan virgatum* (L.) Medikus, *Mimosa angustisiliqua* Lamarck, nom. illeg., *Mimosa virgata* L.
Ref. FP 13(3/1) 1943: 98; Carrillo, 1974: 49; Luckow, 1989: 389.
Herb or subshrub. Amazonian, Andean I-II, Coastal: disturbed areas, shrublands. 0-2000 m.
Voucher: Woytkowski 7065 (MO!)
Depts.: CA, IC, LA, LI, MO, PI, SM

Desmanthus virgatus var. *depressus* (Humboldt & Bonpland ex Willdenow) B. Turner =Desmanthus depressus Humboldt & Bonpland ex Willdenow
Ref. Luckow, 1989: 249.

Desmodium adscendens (Swartz) DC.
Syn. *Hedysarum adscendens* Swartz, *Meibomia adscendens* (Swartz) Kuntze
Ref. FP 13(3/1) 1943: 417; Schubert, 1980: 627.
Herb or shrub. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Gentry *et al.* 28919 (MO!)
Depts.: AM, AN, CU, HU, JU, LO, MD, SM, UC

Desmodium affine Schlechtendal
Ref. FP 13(3/1) 1943: 418; Schubert, 1980: 628.
Herb. Andean I: disturbed areas. 1000-1500 m.

Voucher: Vargas 1731 (F)
Depts.: CU

Desmodium axillare (Swartz) DC. var. **axillare**
Syn. *Desmodium axillare* var. *genuinum* Urban, nom. illeg., *Desmodium axillare* var. *obtusifoliola* (Kuntze) Urban, *Desmodium radicans* Macfadyen, *Desmodium reptans* (Poiret) DC., *Hedysarum axillare* Swartz, *Hedysarum reptans* Poiret, *Meibomia andina* Rusby, *Meibomia axillaris* (Swartz) Kuntze, *Meibomia axillaris* var. *obtusifoliolia* Kuntze, *Meibomia reptans* (Poiret) Kuntze, *Nephromeria axillaris* (Swartz) Schindler, *Nephromeria axillaris* var. *obtusifoliola* (Kuntze) Schindler
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.
Herb. Amazonian, Andean I: seasonally inundated areas. 0-1500 m.
Note: In the Flora of Peru as "var. *genuinum*".
Voucher: Ayala 684 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Desmodium axillare var. *genuinum* Urban, nom. illeg. =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Desmodium axillare var. *obtusifoliola* (Kuntze) Urban =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Desmodium axillare var. *sintenisii* Urban =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. FP 13(3/1) 1943: 420; Schubert, 1980: 633.

Desmodium axillare var. **stoloniferum** (Richard ex Poiret) B. G. Schubert
Syn. *Desmodium axillare* var. *sintenisii* Urban, *Desmodium spirale* var. *stoloniferum* (Richard ex Poiret) DC., *Desmodium stoloniferum* (Richard ex Poiret) Steudel, *Hedysarum stoloniferum* Richard ex Poiret, *Meibomia albida* S. F. Blake, *Meibomia sintenisii* (Urban) Britton, *Nephromeria axillaris* var. *sintenisii* (Urban) Schindler
Ref. Schubert, 1980: 633.
Herb. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Mexia 6364 (GH)
Depts.: LO

Desmodium barbatum (L.) Bentham
Syn. *Desmodium villosum* (Chamisso & Schlechtendal) Hemsley, *Desmodium villosum* DC., *Hedysarum barbatum* L., *Hedysarum venustulum* H.B.K., *Hedysarum villosum* Miller, *Meibomia barbata* (L.) Kuntze, *Meibomia cayennense* (DC.) Kuntze, *Meibomia villosa* (Miller) Kuntze, *Nicolsonia barbata* (L.) DC., *Nicolsonia cayennensis* DC., *Nicolsonia cayennensis* var. *obovata* DC., *Nicolsonia venustula* (H.B.K.) DC., *Nicolsonia villosa* Chamisso & Schlechtendal, *Perrottetia barbata* (L.) DC., *Urania barbata* (L.) Desvaux
Ref. FP 13(3/1) 1943: 421; Schubert, 1980: 634.
Herb or shrub. Amazonian: forests. 0-500 m.
Voucher: Klug 3050 (MO!)
Depts.: JU, LO, SM

Desmodium bigelovii A. Gray =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium cajanifolium (H.B.K.) DC.
Syn. *Hedysarum cajanifolium* H.B.K., *Meibomia cajanifolia* (H.B.K.) Kuntze
Ref. FP 13(3/1) 1943: 422; Schubert, 1980: 635.
Herb or shrub. Amazonian, Andean I-II: forests, riversides. 0-2000 m.
Voucher: Klug 3402 (MO!)
Depts.: AM, AY, CU, HU, JU, MD, PU, SM, UC

Desmodium campestre Brandegee =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Desmodium campyloclados Hemsley
Syn. *Desmodium immerens* J. F. Macbride, *Meibomia campyloclada* (Hemsley) Kuntze
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 637.
Herb, shrub or vine. Andean II: disturbed areas, forests. 1500-3000 m.
Voucher: Young & Eisenberg 416 (MO!)
Depts.: AM, AY, CU, HU, HV, JU, PA, PI, TU

Desmodium canum (J. Gmelin) Schinz & Thellung =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 640.

Desmodium delotum J. F. Macbride
Ref. FP 13(3/1) 1943: 424.
Endemic herb or shrub. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 5279* (F)
Depts.: JU

Desmodium distortum (Aublet) J. F. Macbride
Syn. *Hedysarum distortum* Aublet, *Meibomia distorta* (Aublet) Schindler
Ref. FP 13(3/1) 1943: 425; Schubert, 1980: 638.
Herb or shrub. Andean II: disturbed areas. 2000-3500 m.
Voucher: Macbride 3988 (F)
Depts.: HU

Desmodium frutescens Schindler =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 641.

Desmodium glabrum (Miller) DC.
Syn. *Desmodium campestre* Brandegee, *Desmodium molle* (M. Vahl) DC., *Desmodium terminale* (Richard) DC., *Hedysarum glabrum* Miller, *Hedysarum molle* M. Vahl, *Hedysarum terminale* Richard, *Meibomia glabra* (Miller) Kuntze, *Meibomia mollis* (M. Vahl) Kuntze, *Meibomia terminalis* (Richard) Kuntze
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.
Herb. Amazonian, Andean I: rocky slopes. 0-1000 m.
Voucher: Sagástegui & López 10489 (MO!)
Depts.: CA, HV, LA, PI, TU

Desmodium heterocarpon (L.) DC.
Syn. *Hedysarum heterocarpon* L., *Meibomia heterocarpa* (L.) Kuntze
Ref. Howard & collaborators, 1988: 476.
Cultivated and introduced herb. Amazonian: forests, disturbed areas. 0-500 m.
Voucher: Ramírez 16 (MO!)
Depts.: SM

Desmodium humile (Schindler) Burkart =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium immerens J. F. Macbride =Desmodium campyloclados Hemsley
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 637.

Desmodium incanum DC.
Syn. *Aeschynomene incana* G. Meyer, *Desmodium canum* (J. Gmelin) Schinz & Thellung, *Desmodium frutescens* Schindler, *Desmodium racemiferum* DC., *Desmodium supinum* (Swartz) DC., *Hedysarum canum* J. Gmelin, *Hedysarum frutescens* Jacquin, *Hedysarum incanum* Swartz, *Hedysarum racemiferum* J. Gmelin, *Hedysarum racemosum* Aublet, *Hedysarum supinum* Swartz, *Meibomia adscendens* var. *incana* Kuntze, *Meibomia cana* (J. Gmelin) S. F. Blake, *Meibomia racemifera* (DC.) Kuntze, *Meibomia supina* (Swartz) Britton
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 640.
Cultivated herb or shrub. Amazonian, Andean I: disturbed areas, riversides. 0-1000 m.
Voucher: Hutchison 1430 (F, USM!)
Depts.: CA, CU, JU, LA, LO, SM, UC

Desmodium intortum (Miller) Urban var. **apiculatum** B. G. Schubert
Ref. FP 13(3/1) 1943: 427; Schubert, 1980: 647.
Endemic herb. Andean I-II: disturbed areas, forests. 1000-2500 m.
Voucher: Mexia 8158* (F), Macbride 4072 (F)
Depts.: AP, CU, HU

Desmodium intortum var. **intortum**
Syn. *Desmodium trigonum* (Swartz) DC., *Hedysarum intortum* Miller,

Hedysarum trigonum Swartz, *Meibomia intorta* (Miller) S. F. Blake
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 646; Duke, 1981: 77.
Cultivated herb or vine. Andean I-II: rocky slopes. 500-3000 m.
Voucher: Berlin 1992 (MO!)
Depts.: AM, CA, HU, JU, SM, UC

Desmodium lilloanum (Schindler) Burkart =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium limense Hooker
Syn. *Desmodium peruvianum* J. Vogel, *Meibomia limensis* (Hooker) Kuntze
Ref. FP 13(3/1) 1943: 427; Rudd, 1971a: 617.
Herb. Andean I-II: disturbed areas, forests. 1000-2500 m.
Voucher: Cerrate *et al.* 6394 (USM!)
Depts.: HU, LI

Desmodium micranthum (Schindler) J. F. Macbride var. **macbridei** B. G. Schubert
Ref. FP 13(3/1) 1943: 429.
Endemic herb. Coastal: dry valleys. 0-500 m.
Note: Known from Peru only from the type locality. Locality information and details for the species assumed to be the same as for *Weberbauer 5987* (*Spermacoce tenuior* - Rubiaceae).
Voucher: Weberbauer 5988* (F)
Depts.: LI

Desmodium micranthum var. **micranthum**
Syn. *Meibomia micrantha* Schindler
Ref. FP 13(3/1) 1943: 428.
Endemic herb. Andean II. 1500-2000 m.
Voucher: Weberbauer s.n.* (B photo F!), Ferreyra 3113 (USM!)
Depts.: PI

Desmodium molle (M. Vahl) DC. =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Desmodium molliculum (H.B.K.) DC.
Syn. *Hedysarum molliculum* H.B.K., *Meibomia mollicula* (H.B.K.) Kuntze
Ref. FP 13(3/1) 1943: 429.
Herb or vine. Andean II: disturbed areas, rocky slopes. 1500-3500 m.
Voucher: Hutchison & Wright 5833 (UC, USM!)
Depts.: AY, CA, CU, HU, JU, LI, LL

Desmodium neomexicanum A. Gray
Syn. *Desmodium bigelovii* A. Gray, *Desmodium humile* (Schindler) Burkart, *Desmodium lilloanum* (Schindler) Burkart, *Desmodium neomexicanum* var. *bigelovii* (A. Gray) S. Watson, *Desmodium parvum* (Schindler) Standley, *Desmodium spirale* var. *bigelovii* (A. Gray) Robinson & Greenman, *Meibomia bigelowii* (A. Gray) Kuntze, *Meibomia hoehneana* Schindler, *Meibomia humilis* Schindler, *Meibomia lilloana* Schindler, *Meibomia neomexicana* (A. Gray) Kuntze, *Meibomia parva* Schindler
Ref. FP 13(3/1) 1943: 430; McVaugh, 1987: 475.
Herb. Andean I-III: disturbed areas, rocky slopes. 1000-4000 m.
Voucher: Sánchez 3459 (MO!)
Depts.: AN, CA, CU, HU, HV, LI

Desmodium neomexicanum var. *bigelovii* (A. Gray) S. Watson =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium parvum (Schindler) Standley =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium perrottetii DC.
Syn. *Meibomia distorta* var. *perrottetii* (DC.) Schindler
Ref. FP 13(3/1) 1943: 431; Schubert, 1980: 650.
Herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Vargas 1150 (MO!)
Depts.: CU

Desmodium peruvianum J. Vogel =Desmodium limense Hooker
Ref. FP 13(3/1) 1943: 427.

Desmodium poeppigianum (Schindler) J. F. Macbride
Syn. *Nephromeria poeppigiana* Schindler
Ref. FP 13(3/1) 1943: 431.
Vine. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Poeppig 3106* (B, destroyed), Smith 2162 (MO!)
Depts.: AM, HU, LO, PA, SM, UC

Desmodium purpureum (Miller) Fawcett & Rendle, nom. illeg. =Desmodium tortuosum (Swartz) DC.
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 659.
Note: Not *D. purpureum* Hooker & Arnott.

Desmodium racemiferum DC. =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 641.

Desmodium radicans Macfadyen =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Desmodium reptans (Poiret) DC. =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419.

Desmodium sclerophyllum Bentham
Syn. *Meibomia sclerophylla* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 432; Ducke, 1949: 171.
Herb. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Williams 6520 (F)
Depts.: SM

Desmodium scorpiurus (Swartz) Desvaux
Syn. *Hedysarum scorpiurus* Swartz, *Meibomia scorpiurus* (Swartz) Kuntze, *Nissoloides cylindrica* M. E. Jones
Ref. FP 13(3/1) 1943: 433; Schubert, 1980: 656.
Herb or subshrub. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Hudson 1045 (MO!)
Depts.: JU, LA, LI, LL, LO, PI, SM

Desmodium spirale var. *bigelovii* (A. Gray) Robinson & Greenman =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Desmodium spirale var. *stoloniferum* (Richard ex Poiret) DC. =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. Schubert, 1980: 633.

Desmodium stoloniferum (Richard ex Poiret) Steudel =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. Schubert, 1963: 633.

Desmodium subsericeum Malme
Syn. *Meibomia subsericea* (Malme) Schindler
Ref. FP 13(3/1) 1943: 433; Marticorena & Quezada, 1985: 59.
Herb. Andean I-II: forests. 500-3000 m.
Voucher: Schunke 6060 (MO!)
Depts.: CU, HU, HV, JU, LI, SM, UC

Desmodium supinum (Swartz) DC. =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424.

Desmodium terminale (Richard) DC. =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Desmodium tortuosum (Swartz) DC.
Syn. *Desmodium purpureum* (Miller) Fawcett & Rendle, nom. illeg., *Hedysarum purpureum* Miller, *Hedysarum tortuosum* Swartz, *Meibomia purpurea* (Miller) Vail ex Small, *Meibomia tortuosa* (Swartz) Kuntze
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 658.
Herb or shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Llatas 852 (MO!)
Depts.: CU, HU, JU, LA, SM, UC

Desmodium trigonum (Swartz) DC. =Desmodium intortum var. intortum
Ref. FP 13(3/1) 1943: 427; Schubert, 1980: 646.

Desmodium uncinatum (Jacquin) DC.
Syn. *Hedysarum uncinatum* Jacquin, *Meibomia uncinata* (Jacquin) Kuntze
Ref. FP 13(3/1) 1943: 435; Lewis, 1987: 249.
Herb. Andean I-II: disturbed areas. 500-2500 m.
Voucher: Sagástegui *et al.* 9738 (MO!)

Depts.: AM, CA, CU, HU, JU, LI, PA, SM

Desmodium vargasianum B. G. Schubert var. **arcuatum** B. G. Schubert
Ref. FP 13(3/1) 1943: 436.
Endemic herb. Andean I, Coastal: disturbed areas, shrublands. 0-1500 m.
Voucher: Macbride 2859* (F), Weberbauer 5388 (F)
Depts.: HU, LI, LL

Desmodium vargasianum var. **bracteatum** B. G. Schubert
Ref. FP 13(3/1) 1943: 436.
Endemic herb or shrub. Andean II: disturbed areas, rocky slopes. 2500-3500 m.
Voucher: Macbride 4150* (F), Macbride 3132 (F)
Depts.: HU, JU

Desmodium vargasianum var. **ellipticum** B. G. Schubert
Ref. FP 13(3/1) 1943: 436.
Endemic herb or shrub. Amazonian, Andean I-II, Coastal: disturbed areas, rocky slopes. 0-3000 m.
Voucher: Killip & Smith 24351* (F), Hutchison & Tovar 4136 (MO!)
Depts.: CU, JU, LL

Desmodium vargasianum var. *typicum* B. G. Schubert, nom. illeg. =Desmodium vargasianum var. vargasianum
Ref. FP 13(3/1) 1943: 437.

Desmodium vargasianum var. **vargasianum**
Syn. *Desmodium vargasianum* var. *typicum* B. G. Schubert, nom. illeg.
Ref. FP 13(3/1) 1943: 437.
Endemic herb or shrub. Andean I-II: disturbed areas, rocky slopes. 1500-3000 m.
Voucher: Vargas 769* (GH), Killip & Smith 22265 (US)
Depts.: AP, AY, CU

Desmodium villosum DC. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Desmodium villosum (Chamisso & Schlechtendal) Hemsley, nom. illeg. =Desmodium barbatum (L.) Bentham
Note: Based on *Nicolsonia villosa*.

Desmodium weberbaueri (Schindler) J. F. Macbride
Syn. *Meibomia weberbaueri* Schindler
Ref. FP 13(3/1) 1943: 437.
Herb. Andean II: disturbed areas. 2000-3000 m.
Voucher: Weberbauer 516* (B), Pennell 13954 (PH)
Depts.: CU, PU

Desmodium wydlerianum Urban
Syn. *Meibomia wydleriana* (Urban) Britton
Ref. FP 13(3/1) 1943: 438.
Herb or subshrub. Andean I: disturbed areas. 500-1000 m.
Note: The collection cited in the Flora of Peru, *Spruce 4212*, was not listed by Mackinder *et al.* (1990).
Voucher: Spruce 4212 (K)
Depts.: SM

Dialium acuminatum Spruce ex L. Williams =Dialium guianense (Aublet) Sandwith
Ref. FP 13(3/1) 1943: 143; Spichiger *et al.*, 1989: 293.

Dialium divaricatum (Willdenow) M. Vahl =Dialium guianense (Aublet) Sandwith
Ref. FP 13(3/1) 1943: 143; Spichiger *et al.*, 1989: 293.

Dialium guianense (Aublet) Sandwith
Syn. *Arouna divaricata* Willdenow, *Arouna guianensis* Aublet, *Dialium acuminatum* Spruce ex L. Williams, *Dialium divaricatum* (Willdenow) M. Vahl
Ref. FP 13(3/1) 1943: 143; Spichiger *et al.*, 1989: 293.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20619 (MO!, USM!)
Depts.: LO

Dibrachion brasiliensis Tulasne =Diplotropis brasiliensis (Tulasne) Bentham
Ref. Spichiger *et al.*, 1989: 316; Lima, 1985: 69.

Dibrachion riparium Spruce ex Bentham, nom. nud. pro syn. =Diplotropis martiusii Bentham
Ref. Lima, 1985: 70.

[Dicymbe amazonica Ducke]
Syn. *Dicymbopsis amazonica* (Ducke) Ducke
Ref. FP 13(3/1) 1943: 198; Ducke, 1949: 91.
Note: Not known from Peru. Treated under *Dicymbopsis* by Ducke (1949).

[*Dicymbopsis amazonica* (Ducke) Ducke =Dicymbe amazonica Ducke]
Ref. Ducke, 1949: 91.
Note: Not known from Peru

[Dimorphandra gigantea Ducke]
Ref. FP 13(3/1) 1943: 119; M. F. Silva, 1986: 97.
Note: Not known from Peru.

Dimorphandra loretensis M. F. Silva
Ref. M. F. Silva, 1986: 58.
Endemic tree. Amazonian: forests, disturbed areas. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Croat 19989* (NY)
Depts.: LO

Dimorphandra macrostachya Bentham subsp. **macrostachya**
Ref. M. F. Silva, 1986: 105.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ruíz 171 (F)
Depts.: LO

Dimorphandra megacarpa Rolfe =Parkia multijuga Bentham
Ref. FP 13(3/1) 1943: 112; Hopkins, 1986: 85; M. F. Silva, 1986: 120.

Dimorphandra pennigera Tulasne
Ref. M. F. Silva, 1986: 109.
Tree. Amazonian: forests. 0-500 m.
Voucher: Dodson & Torres 2947 (MO!)
Depts.: LO

[Dimorphandra vernicosa Spruce ex Bentham]
Ref. FP 13(3/1) 1943: 119; M. F. Silva, 1986: 117.
Note: Not known from Peru.

Dioclea argentea Desvaux =Cratylia argentea (Desvaux) Kuntze
Ref. FP 13(3/1) 1943: 324; Lewis, 1987: 261.

[*Dioclea argentea* var. *nuda* (Tulasne) J. F. Macbride =Cratylia hypargyraea C. Martius ex Bentham]
Ref. FP 13(3/1) 1943: 324.
Note: Not known from Peru.

Dioclea coriacea Bentham
Ref. Maxwell, 1969: 300.
Liana. Amazonian: forests. 0-500 m.
Voucher: Revilla 350 (MO!)
Depts.: LO

[Dioclea densiflora Huber]
Ref. FP 13(3/1) 1943: 327; Ducke, 1949: 219; Maxwell, 1969: 249.
Note: Not known from Peru. Treated as a synonym of *D. megacarpa* in the Flora of Peru and by Ducke (1949).

Dioclea dichrona (J. F. Macbride) J. F. Macbride =Cratylia argentea (Desvaux) Kuntze
Ref. FP 13(3/1) 1943: 324; Lewis, pers. comm.

Dioclea dictyoneura Diels
Ref. Maxwell, 1969: 178.
Liana. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 27990 (MO!)
Depts.: AM, LO

Dioclea funalis Poeppig
Ref. FP 13(3/1) 1943: 325; Maxwell, 1969: 192.
Liana. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1452* (W)
Depts.: HU

[Dioclea glabra Bentham]
Ref. FP 13(3/1) 1943: 325; Ducke, 1949: 220; Maxwell, 1969: 384.
Note: Not known from Peru.

Dioclea guianensis Bentham
Syn. *Dioclea lasiophylla* C. Martius ex Bentham
Ref. Ducke, 1949: 221; Maxwell, 1969: 384.

Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 19582 (MO!)
Depts.: MD

Dioclea huberi Ducke
Ref. FP 13(3/1) 1943: 326; Ducke, 1949: 221; Maxwell, 1969: 325.
Liana or vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tunqui 122 (MO!)
Depts.: AM, LO, MD, SM

Dioclea lasiocarpa C. Martius ex Bentham =Dioclea virgata (Richard) Amshoff
Ref. FP 13(3/1) 1943: 329; Ducke, 1949: 221; Maxwell, 1969: 340.

Dioclea lasiophylla C. Martius ex Bentham =Dioclea guianensis Bentham
Ref. FP 13(3/1) 1943: 326; Maxwell, 1969: 396; Lewis, 1987: 254.
Note: Treated as a variety of *D. guianensis* by Maxwell (1969) and so validated by Lewis (1987).

[*Dioclea leiantha* (Bentham) J. F. Macbride =Cleobulia leiantha Bentham]
Ref. FP 13(3/1) 1943: 326; Maxwell, 1977: 53.
Note: Not known from Peru.

Dioclea macrantha Huber
Ref. FP 13(3/1) 1943: 327; Ducke, 1949: 221; Maxwell, 1969: 356.
Liana or vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Smith & Shuhler 178 (MO!)
Depts.: MD

Dioclea macrocarpa Huber
Ref. FP 13(3/1) 1943: 327; Ducke, 1949: 221; Maxwell, 1969: 329.
Liana or vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Davidson 3563 (MO!)
Depts.: AM, CU, LO

Dioclea malacocarpa Ducke
Ref. Ducke, 1949: 220; Maxwell, 1969: 154a.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Froehner 126 (MO!)
Depts.: LO

[Dioclea megacarpa Rolfe]
Ref. FP 13(3/1) 1943: 327; Maxwell, 1969: 188, 230.
Note: Not known from Peru. Maxwell (1969) treated this name as a synonym under *D. altissima* Rock and considered the voucher collection cited in the Flora of Peru, *Klug 3435*, to represent an undescribed species, which is to date unpublished.

Dioclea mollicoma Ducke
Ref. Ducke, 1949: 219; Maxwell, 1969: 246.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Kuhlmann 1511 (RB)
Depts.: LO

Dioclea pauciflora Rusby =Cratylia argentea (Desvaux) Kuntze
Ref. FP 13(3/1) 1943: 324.
Note: Treated under *D. argentea* in the Flora of Peru.

Dioclea purpurea Poeppig =Cymbosema roseum Bentham
Ref. FP 13(3/1) 1943: 330; Maxwell, 1970: 254.

Dioclea reflexa Hooker f.
Syn. *Canavalia reflexa* (Hooker f.) C. Wright
Ref. FP 13(3/1) 1943: 328; Ducke, 1949: 219; Maxwell, 1980: 671.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Revilla 1900 (MO!, USM!)
Depts.: LO

Dioclea ucayalina Harms
Ref. FP 13(3/1) 1943: 328; Maxwell, 1969: 173.
Liana. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Tessmann 3464* (B photo F!), Smith *et al.* 5472 (MO!)
Depts.: LO, PA, SM, UC

[Dioclea violacea C. Martius ex Bentham]
Ref. FP 13(3/1) 1943: 329; Maxwell, 1969: 230.
Note: Not known from Peru. Treated as a synonym under *D. altissima* Rock by Maxwell (1969); he cites no Peruvian material, including the collection cited in the Flora of Peru, *Klug 696*.

Dioclea virgata (Richard) Amshoff
Syn. *Canavalia peruviana* Piper, *Dioclea lasiocarpa* C. Martius ex Bentham, *Dolichos virgatus* Richard
Ref. FP 13(3/1) 1943: 329; Ducke, 1949: 221; Maxwell, 1969: 336.
Liana or vine. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Díaz *et al.* 1294 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, PU, SM, UC

Diplotropis brasiliensis (Tulasne) Bentham
Syn. *Bowdichia brasiliensis* (Tulasne) Ducke, *Dibrachion brasiliensis* Tulasne, *Diplotropis purpurea* fo. *brasiliensis* (Tulasne) Yakovlev, *Diplotropis purpurea* var. *brasiliensis* (Tulasne) Amshoff
Ref. Lima, 1985: 69.
Tree. Amazonian: forests. 0-500 m.
Note: Treated in Spichiger *et al.* (1989) as *D. purpurea* var. *brasiliensis*.
Voucher: Jenaro Herrera Arboretum 5/98 (G)
Depts.: LO

Diplotropis grandiflora Tulasne =Ormosia grandiflora (Tulasne) Rudd
Ref. Rudd, 1965: 301.

Diplotropis leptophylla Kleinhoonte =Diplotropis purpurea var. leptophylla (Kleinhoonte) Amshoff
Ref. Lima, 1985: 65.

Diplotropis martiusii Bentham
Syn. *Bowdichia martiusii* (Bentham) Ducke, *Dibrachion riparium* Spruce ex Bentham, nom. nud. pro syn.
Ref. FP 13(3/1) 1943: 246; Lima, 1985: 70; Spichiger *et al.*, 1989: 316.
Tree. Amazonian: forests. 0-500 m.
Voucher: McDaniel 16287 (MO!, USM!)
Depts.: LO

Diplotropis peruviana J. F. Macbride
Ref. FP 13(3/1) 1943: 246; Lima, 1985: 67.
Endemic tree. Amazonian, Andean I: forests. 0-1000 m.
Note: The type collection was cited as "*3252*" in the Flora of Peru and "*325*" by Lima (1985).
Voucher: Schunke 325* (F), Hartshorn *et al.* 2692 (MO!)
Depts.: AM, JU, PA

Diplotropis purpurea (Richard) Amshoff fo. *brasiliensis* (Tulasne) Yakovlev =Diplotropis brasiliensis (Tulasne) Bentham
Ref. Lima, 1985: 69.

Diplotropis purpurea var. *brasiliensis* (Tulasne) Amshoff =Diplotropis brasiliensis (Tulasne) Bentham
Ref. Spichiger *et al.*, 1989: 316; Lima, 1985: 69.

Diplotropis purpurea var. **leptophylla** (Kleinhoonte) Amshoff
Syn. *Diplotropis leptophylla* Kleinhoonte
Ref. Lima, 1985: 65.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ancuash 219 (MO!)
Depts.: AM, LO, PA, UC

Diplotropis purpurea var. **purpurea**
Syn. *Tachigali purpurea* Richard
Ref. Lima, 1985: 65.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 56518 (MO!)
Depts.: LO, MD

Dipteryx alata J. Vogel
Syn. *Coumarouna alata* (J. Vogel) Taubert
Ref. Lima, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Foster 8793 (MO!)
Depts.: HU, UC

Dipteryx charapilla (J. F. Macbride) Ducke
Syn. *Coumarouna charapilla* J. F. Macbride
Ref. Ducke, 1949: 204.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 362* (F)
Depts.: LO

[Dipteryx ferrea (Ducke) Ducke]
Syn. *Coumarouna ferrea* Ducke
Ref. Ducke, 1949: 206.
Note: Not known from Peru.

Dipteryx micrantha Harms
Syn. *Coumarouna micrantha* (Harms) Ducke
Ref. FP 13(3/1) 1943: 253; Ducke, 1949: 206.
Tree. Amazonian: forests. 0-500 m.
Note: Treated under *Coumarouna* in the Flora of Peru.
Voucher: Tessmann 4967* (B photo F!), Vásquez *et al.* 5322 (MO!)
Depts.: LO

Dipteryx odorata (Aublet) Willdenow
Syn. *Coumarouna odorata* Aublet
Ref. FP 13(3/1) 1943: 254; Duke, 1981: 79; Spichiger *et al.*, 1989: 319; Lima, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Note: Treated under *Coumarouna* in the Flora of Peru.
Voucher: Vásquez & Jaramillo 17650 (MO!)
Depts.: LO

Dipteryx oppositifolia (Aublet) Willdenow =Taralea oppositifolia Aublet
Ref. FP 13(3/1) 1943: 250; Lima, pers. comm.

Dipteryx rosea Spruce ex Bentham
Syn. *Coumarouna rosea* (Spruce ex Bentham) Taubert
Ref. Ducke, 1949: 204; Lima, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 18863 (MO!)
Depts.: LO

[*Ditremexa hirsuta* (L.) Britton & Rose ex Britton & P. Wilson =Senna hirsuta var. hirsuta]
Ref. FP 13(3/1) 1943: 167; Irwin & Barneby, 1982: 434.
Note: Not known from Peru.

Ditremexa leptocarpa (Bentham) Britton & Rose =Senna hirsuta var. leptocarpa (Bentham) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 172.

Ditremexa occidentalis (L.) Britton & Rose ex Britton & P. Wilson =Senna occidentalis (L.) Link
Ref. FP 13(3/1) 1943: 175; Irwin & Barneby, 1982: 437.

Dolicholus apoloensis Rusby =Rhynchosia edulis Grisebach
Ref. FP 13(3/1) 1943: 337; Grear, 1978: 33.

Dolicholus kuntzei Kuntze =Rhynchosia reticulata var. kuntzei (Kuntze) Grear
Ref. Grear, 1978: 116.

Dolicholus reticulatus (Swartz) Millspaugh =Rhynchosia reticulata var. reticulata
Ref. Grear, 1978: 113.

Dolichos ahipa Weddell =Pachyrhizus ahipa (Weddell) Parodi
Ref. Sørensen, 1988: 189.

Dolichos altissimus Jacquin =Mucuna urens (L.) Medikus

Dolichos ensiformis L. =Canavalia ensiformis (L.) DC.
Ref. Sauer, 1964: 142; Duke, 1981: 39.

Dolichos hosei Craib =Vigna hosei (Craib) Backer
Ref. Marechal *et al.*, 1978: 172.

Dolichos lablab L. =Lablab purpureus (L.) Sweet
Ref. FP 13(3/1) 1943: 291; Duke, 1981: 102; D'Arcy & Poston, 1980: 715.

Dolichos luteolus Jacquin =Vigna luteola (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 292; Marechal *et al.*, 1978: 165.

Dolichos maritimus Aublet =Canavalia rosea (Swartz) DC.
Ref. FP 13(3/1) 1943: 320; Lewis, 1987: 258.

Dolichos minimus L. =Rhynchosia minima (L.) DC.
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 76.

Dolichos phaseoloides Roxburgh =Pueraria phaseoloides (Roxburgh) Bentham
Ref. Van der Maesen, 1985: 81.

Dolichos purpureus L. =Lablab purpureus (L.) Sweet
Ref. Duke, 1981: 102; D'Arcy & Poston, 1980: 715.

Dolichos pyramidalis Lamarck =Rhynchosia pyramidalis (Lamarck) Urban
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 47.

Dolichos repens L. =Vigna luteola (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 292; Rudd, 1971a: 639.

Dolichos roseus Swartz =Canavalia rosea (Swartz) DC.
Ref. Lewis, 1987: 258.

Dolichos sinensis L. =Vigna unguiculata (L.) Walpers
Ref. FP 13(3/1) 1943: 293.

Dolichos trilobatus L. =Vigna trilobata (L.) Verdcourt
Ref. Verdcourt, 1970: 560; Delgado, pers. comm.

Dolichos tuberosus Lamarck =Pachyrhizus tuberosus (Lamarck) Sprengel
Ref. FP 13(3/1) 1943: 294; Duke, 1981: 184; Sørensen, 1988: 185.

Dolichos uncinatus L. =Teramnus uncinatus (L.) Swartz
Ref. FP 13(3/1) 1943: 350; D'Arcy, 1980b: 784.
Note: Treated as a synonym of *Glycine uncinata* in the Flora of Peru.

Dolichos unguiculatus L. =Vigna unguiculata (L.) Walpers
Ref. FP 13(3/1) 1943: 293; Marechal *et al.*, 1978: 192.

Dolichos urens L. =Mucuna urens (L.) Medikus
Ref. FP 13(3/1) 1943: 316; Lewis, 1987: 252.

Dolichos urens L. ex Jacquin =Mucuna sloanei Fawcett & Rendle
Ref. Lewis, 1987: 252.

Dolichos virgatus Richard =Dioclea virgata (Richard) Amshoff
Ref. FP 13(3/1) 1943: 329; Maxwell, 1969: 339.

Drepanocarpus aristulatus Spruce ex Bentham =Machaerium aristulatum (Spruce ex Bentham) Ducke
Ref. FP 13(3/1) 1943: 277; Bastos, 1987: 224; Rudd, 1987a: 11.

Drepanocarpus crista-castrensis var. *latifolius* Bentham =Machaerium leiophyllum var. latifolium (Bentham) Rudd
Ref. Rudd, 1971b: 56.

Drepanocarpus ferox C. Martius ex Bentham =Machaerium ferox (C. Martius ex Bentham) Ducke
Ref. Rudd, 1987a: 9.

Drepanocarpus inundatus C. Martius ex Bentham =Machaerium inundatum (C. Martius ex Bentham) Ducke
Ref. Ducke, 1949: 185.

Drepanocarpus isadelphus E. Meyer =Machaerium isadelphum (E. Meyer) Amshoff
Ref. FP 13(3/1) 1943: 276; Bastos, 1987: 245; Rudd, 1977: 134.

Drepanocarpus lunatus (L. f.) G. Meyer =Machaerium lunatum (L. f.) Ducke
Ref. FP 13(3/1) 1943: 283; Bastos, 1987: 250; Rudd, 1987a: 4.

[Dussia discolor (Bentham) Amshoff]
Syn. *Geoffroea discolor* Bentham, *Vexillifera micranthera* Ducke
Ref. FP 13(3/1) 1943: 244; Rudd, 1963: 272.
Note: Not known from Peru.

Dussia foxii Rudd
Ref. Rudd, 1963: 269.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Fox 85* (K!)
Depts.: LO

Dussia tessmannii Harms
Ref. FP 13(3/1) 1943: 244; Rudd, 1963: 269.

Tree. Amazonian: forests. 0-500 m.
Note: Treated as a synonym of *D. discolor* in the Flora of Peru.
Voucher: Tessmann 4085* (B photo F!), Wurdack 2087 (K!, USM!)
Depts.: JU, LO

Ecastaphyllum glaucum Desvaux =Dalbergia glauca (Desvaux) Amshoff
Ref. Amshoff, 1939: 50.

[*Ecastaphyllum hygrophilum* C. Martius ex Bentham =Dalbergia monetaria var. hygrophila (C. Martius ex Bentham) J. F. Macbride]
Ref. FP 13(3/1) 1943: 289.
Note: Not known from Peru.

Ecastaphyllum monetaria (L. f.) Persoon =Dalbergia monetaria var. monetaria
Ref. FP 13(3/1) 1943: 289; Dwyer, 1965: 6.

Ecastaphyllum monetaria var. *riedelii* Bentham =Dalbergia riedelii (Bentham) Sandwith
Ref. FP 13(3/1) 1943: 290.

[*Ecastaphyllum nitidum* C. Martius ex Bentham =Dalbergia monetaria var. nitida (C. Martius ex Bentham) J. F. Macbride]
Ref. FP 13(3/1) 1943: 290.
Note: Not known from Peru.

Ecastaphyllum pubescens DC. =Dalbergia subcymosa Ducke
Ref. FP 13(3/1) 1943: 291.

Ecastophyllum riedelii (Bentham) Radlkofer =Dalbergia riedelii (Bentham) Sandwith
Ref. FP 13(3/1) 1943: 290.

Emelista mucronulosa Pittier =Senna uniflora (Miller) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 144; Irwin & Barneby, 1982: 258.

[*Emelista pilifera* (J. Vogel) Pittier =Senna pilifera var. pilifera]
Ref. FP 13(3/1) 1943: 178; Irwin & Barneby, 1982: 243.
Note: Not known from Peru.

[*Emelista tora* (L.) Britton & Rose ex Britton & P. Wilson =Cassia tora L.]
Ref. FP 13(3/1) 1943: 184; Irwin & Barneby, 1982: 252.
Note: Not known from Peru.

Entada myriadenia Bentham =Mimosa myriadenia var. myriadenia
Ref. FP 13(3/1) 1943: 91; Barneby, 1991: 29.

Entada polyphylla Bentham
Syn. *Entadopsis polyphylla* (Bentham) Britton
Ref. FP 13(3/1) 1943: 107; Ducke, 1949: 63; Roosmalen, 1985: 230.
Liana or shrub. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas, semi-deciduous forests. 0-1000 m.
Voucher: Klug 2850 (MO!)
Depts.: AM, LO, MD, SM, UC

[Entada polystachya (L.) DC.]
Syn. *Adenopodia polystachya* (L.) J. R. Dixon ex Croat, *Entadopsis polystachya* (L.) Britton, *Inga polystachya* (L.) Scopoli, *Mimosa polystachya* L.
Ref. FP 13(3/1) 1943: 107; Ducke, 1949: 63; Lewis & Owen, 1989: 30.
Note: Not known from Peru.

Entadopsis polyphylla (Bentham) Britton =Entada polyphylla Bentham
Ref. FP 13(3/1) 1943: 107.

[*Entadopsis polystachya* (L.) Britton =Entada polystachya (L.) DC.]
Ref. FP 13(3/1) 1943: 107; Lewis & Owen, 1989: 30.
Note: Not known from Peru.

Enterolobium barnebianum Mesquita & M. F. Silva
Ref. Mesquita & M. F. Silva, 1984: 153; Mesquita, 1990: 86.
Tree. Amazonian: swamps, terra firme forests. 0-500 m.
Voucher: Lleras *et al.* P17188 (MO!)
Depts.: LO

[Enterolobium cyclocarpum (Jacquin) Grisebach]
Syn. *Inga cyclocarpa* (Jacquin) Willdenow, *Mimosa cyclocarpa* Jacquin
Ref. Spichiger *et al.*, 1989: 324; Mesquita, 1990: 111.
Note: Not known from Peru. Mesquita (1990) did not cite any Peruvian collections for this species. Specimens determined previously as this species were redetermined as *E. barnebianum*.

Enterolobium saman (Jacquin) Prain =Albizia saman (Jacquin) F. Mueller
Ref. FP 13(3/1) 1943: 61; Rico, pers. comm.

Enterolobium schomburgkii (Bentham) Bentham
Syn. *Pithecellobium schomburgkii* Bentham
Ref. FP 13(3/1) 1943: 65; Mesquita, 1990: 168.
Tree. Amazonian: swamps, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 46089 (MO!)
Depts.: MD, PA

Eriosema crinitum (H.B.K.) G. Don var. **crinitum**
Syn. *Glycine crinita* H.B.K., *Rhynchosia crinita* (H.B.K.) DC.
Ref. Grear, 1970: 44; Lewis, 1987: 287.
Herb. Andean I: shrublands. 1000-1500 m.
Voucher: Vargas 6303 (MO!)
Depts.: CU

Eriosema edule (Grisebach) Burkart =Rhynchosia edulis Grisebach
Ref. Grear, 1978: 32.

Eriosema rufum (H.B.K.) G. Don var. **rufum**
Syn. *Glycine rufa* H.B.K., *Rhynchosia rufa* (H.B.K.) DC.
Ref. FP 13(3/1) 1943: 339; Grear, 1970: 59; Lewis, 1987: 287.
Herb or subshrub. Andean I: disturbed areas, shrublands. 500-1500 m.
Voucher: Ule 6535 (F)
Depts.: CU, SM

Erythrina amasisa Spruce =Erythrina poeppigiana (Walpers) Cook
Ref. FP 13(3/1) 1943: 311; Krukoff & Barneby, 1974: 347.

Erythrina amazonica Krukoff
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 396.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 3355 (MO!, USM!)
Depts.: LO

Erythrina berteroana Urban
Ref. Krukoff & Barneby, 1974: 390.
Tree. Andean I: forests. 500-1000 m.
Voucher: Gentry *et al.* 23656 (MO!)
Depts.: CU

Erythrina crista-galli L.
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 342.
Cultivated and introduced tree. Andean II. 1500-2000 m.
Voucher: Smith *et al.* 1753 (MO!)
Depts.: LI, PA

Erythrina edulis Triana ex M. Micheli
Syn. *Erythrina esculenta* Sprague, *Erythrina lorenoi* J. F. Macbride, *Erythrina megistophylla* Diels
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 358; Sagástegui & Dillon, 1991: 45.
Cultivated tree. Andean II: disturbed areas. 1500-3000 m.
Voucher: Woytkowski 8118 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, HU, JU, LI, LO, MD, PA, PI, SM

Erythrina esculenta Sprague =Erythrina edulis Triana ex M. Micheli
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 358.

Erythrina falcata Bentham
Syn. *Erythrina martii* Colla
Ref. FP 13(3/1) 1943: 309; Krukoff & Barneby, 1974: 343.
Cultivated tree. Andean III. 3500-4000 m.
Voucher: Núñez 6467 (MO!)
Depts.: AP, AY, CU, JU, LI, LL, MD

Erythrina fusca Loureiro
Syn. *Erythrina glauca* Willdenow
Ref. Krukoff & Barneby, 1974: 340.
Shrub or tree. Amazonian: riversides. 0-500 m.
Voucher: McDaniel & Rimachi 25384 (MO!)
Depts.: LO, SM

Erythrina glauca Willdenow =Erythrina fusca Loureiro
Ref. FP 13(3/1) 1943: 310; Krukoff & Barneby, 1974: 340.

Erythrina lorenoi J. F. Macbride =Erythrina edulis Triana ex M. Micheli
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 358.

Erythrina martii Colla =Erythrina falcata Bentham
Ref. FP 13(3/1) 1943: 309; Krukoff & Barneby, 1974: 343.

Erythrina megistophylla Diels =Erythrina edulis Triana ex M. Micheli
Ref. FP 13(3/1) 1943: 308; Krukoff & Barneby, 1974: 358.

Erythrina micropteryx Poeppig ex Urban =Erythrina poeppigiana (Walpers) Cook
Ref. FP 13(3/1) 1943: 311; Krukoff & Barneby, 1974: 347.

Erythrina mulungu C. Martius ex Bentham =Erythrina verna Vell. Conc.
Ref. FP 13(3/1) 1943: 312; Krukoff & Barneby, 1974: 346.

Erythrina peruviana Krukoff
Ref. FP 13(3/1) 1943: 310; Krukoff & Barneby, 1974: 397.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4322* (B photo F!), Pena 12 (MO!)
Depts.: AM, LO

Erythrina poeppigiana (Walpers) Cook
Syn. *Erythrina amasisa* Spruce, *Erythrina micropteryx* Poeppig ex Urban, *Micropteryx poeppigiana* Walpers
Ref. FP 13(3/1) 1943: 311; Krukoff & Barneby, 1974: 347.
Tree. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Gentry & Vásquez 42402 (MO!)
Depts.: AM, CU, HU, HV, LO, MD, SM, UC

Erythrina rubrinervia H.B.K.
Ref. FP 13(3/1) 1943: 311; Krukoff & Barneby, 1974: 391.
Tree. Andean I: cloud forests. 1000-1500 m.
Voucher: Metcalf 30636 (MO!)
Depts.: CU, HU, PU, SM

Erythrina ulei Harms
Syn. *Erythrina xinguensis* Ducke
Ref. FP 13(3/1) 1943: 312; Krukoff & Barneby, 1974: 346.
Tree. Amazonian, Andean I-II: disturbed areas, riversides. 0-3000 m.
Voucher: Ule 6300* (B photo F!), Smith *et al.* 1989 (MO!)
Depts.: AM, CU, HU, JU, LO, PA, PU

Erythrina velutina Willdenow
Ref. FP 13(3/1) 1943: 307; Krukoff & Barneby, 1974: 435.
Tree. Andean I-II, Coastal: disturbed areas. 500-2500 m.
Voucher: Díaz 2078 (MO!)
Depts.: CA, LA, TU

[Erythrina verna Vell. Conc.]
Syn. *Erythrina mulungu* C. Martius ex Bentham
Ref. FP 13(3/1) 1943: 312; Krukoff & Barneby, 1974: 346.
Note: Not known from Peru.

Erythrina xinguensis Ducke =Erythrina ulei Harms
Ref. FP 13(3/1) 1943: 312; Krukoff & Barneby, 1974: 346.

Erythrostemon gilliesii (Wallich ex Hooker) Klotzsch =Caesalpinia gilliesii (Wallich ex Hooker) Dietrich
Ref. FP 13(3/1) 1943: 192; Isely, 1975: 40, 193.

Falcata ovalifolia (H.B.K.) Kuntze =Cologania broussonetii (Balbis) DC.
Ref. Fearing, 1959: 107; Turner, 1992: 291.

Feuilleea coruscans (Humboldt & Bonpland ex Willdenow) Kuntze =Inga coruscans Humboldt & Bonpland ex Willdenow
Ref. León, 1966: 287.

Feuilleea endlicheri Kuntze =Inga oerstediana Bentham ex Seemann
Ref. FP 13(3/1) 1943: 23.

Fiebrigiella gracilis Harms
Ref. FP 13(3/1) 1943: 447; Burkart & Vilchez, 1971: 660.
Herb or vine. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Ochoa 1794 (SI)
Depts.: PI

Galactia augusti Harms var. **augusti**
Syn. *Galactia cesarii* J. F. Macbride
Ref. FP 13(3/1) 1943: 331; Burkart, 1971: 693.
Vine. Andean II: disturbed areas, rocky slopes. 1500-3000 m.
Voucher: Weberbauer 6459* (B photo F!), Vargas 8842 (MO!)
Depts.: AP, AY, CA, CU, HU, HV

Galactia augusti var. **celendinensis** Burkart
Ref. Burkart, 1971: 695.
Endemic vine. Andean II: rocky slopes, shrublands. 2000-2500 m.
Voucher: Sánchez & Ruíz 487* (SI)
Depts.: CA

Galactia cesarii J. F. Macbride =Galactia augusti var. augusti
Ref. FP 13(3/1) 1943: 332; Burkart, 1971: 693.

Galactia fiebrigiana Burkart var. **pedicellata** Burkart
Ref. Burkart, 1971: 701.
Endemic vine. Amazonian: semi-deciduous forests, shrublands. 0-500 m.
Voucher: Hutchison 1505* (NY)
Depts.: AM

Galactia jussiaeana Kunth var. **jussiaeana**
Ref. FP 13(3/1) 1943: 332; Burkart, 1971: 712.
Vine. Andean II: dry valleys. 1500-3000 m.
Voucher: Smith & Vásquez 3395 (MO!)
Depts.: AM, AN, CA, PI, TU

Galactia killipiana J. F. Macbride
Ref. FP 13(3/1) 1943: 333; Burkart, 1971: 791.
Endemic herb or vine. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality. According to Burkart (1971) this may be a synonym of *G. striata*.
Voucher: Killip & Smith 30675* (US)
Depts.: JU

Galactia pinnata Persoon =Barbieria pinnata (Persoon) Baillon
Ref. FP 13(3/1) 1943: 381; White, 1981: 553.

Galactia shumbae Harms
Ref. FP 13(3/1) 1943: 333; Burkart, 1971: 714.
Herb or vine. Amazonian, Andean I: disturbed areas, dry valleys, shrublands. 0-1000 m.
Voucher: Weberbauer 6180* (B photo F!), Hutchison 1505 (F, USM!)
Depts.: AM, CA

Galactia speciosa (Loiseleur) Britton =Collaea speciosa (Loiseleur) DC.
Ref. FP 13(3/1) 1943: 334; Lewis, 1987: 262.

Galactia striata (Jacquin) Urban var. **striata**
Syn. *Glycine striata* Jacquin
Ref. FP 13(3/1) 1943: 334; Burkart, 1971: 715; Lewis, 1987: 266.
Herb or vine. Andean I: disturbed areas, rocky slopes. 500-1500 m.
Voucher: Vargas 1720 (MO!)
Depts.: CA, CU, HU, JU, UC

[Galactia striata var. tenuiflora (Klein ex Willdenow) Burkart]
Syn. *Galactia tenuiflora* (Klein ex Willdenow) Wight & Arnott, *Glycine tenuiflora* Klein ex Willdenow, *Teramnus tenuiflorus* (Klein ex Willdenow) Sprengel
Ref. Burkart, 1971: 721.
Note: Not known from Peru.

[*Galactia tenuiflora* (Klein ex Willdenow) Wight & Arnott =Galactia striata var. tenuiflora (Klein ex Willdenow) Burkart]
Ref. Burkart, 1971: 721.
Note: Not known from Peru.

Galega caribaea Jacquin =Coursetia caribaea var. caribaea
Ref. Lavin, 1988: 112.

Galega cinerea L. =Tephrosia cinerea (L.) Persoon

Ref. FP 13(3/1) 1943: 382; Lewis, 1987: 238.

Galega coerulea L. f. =Dalea coerulea var. coerulea
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.

Galega ochroleuca Jacquin =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 131.

Galega officinalis L.
Ref. FP 13(3/1) 1943: 382; Marticorena & Quezada, 1985: 59.
Cultivated and introduced shrub. Coastal: disturbed areas. 0-1000 m.
Note: No voucher seen; known as an escape from cultivation.
Depts.: LI

Galega sinapou Buc'hoz =Tephrosia sinapou (Buc'hoz) A. Chevalier
Ref. White, 1980: 781.

Galega toxicaria Swartz =Tephrosia sinapou (Buc'hoz) A. Chevalier
Ref. FP 13(3/1) 1943: 383; White, 1980: 781.

Geoffroea decorticans (Gillies ex Hooker & Arnott) Burkart
Syn. *Gourliea decorticans* Gillies ex Hooker & Arnott
Ref. Burkart, 1949: 19.
Shrub. Coastal: shrublands. 0-500 m.
Note: Burkart (1949) did not cite any Peruvian collections for this species.
Voucher: Weberbauer 1437 (G)
Depts.: AR

Geoffroea discolor Bentham =Dussia discolor (Bentham) Amshoff
Ref. Rudd, 1963: 272.

Geoffroea inermis (W. Wright) W. Wright =Andira inermis (W. Wright) H.B.K. ex DC.
Ref. FP 13(3/1) 1943: 255; Lewis & Owen, 1989: 57.

Geoffroea jamaicensis var. *inermis* W. Wright =Andira inermis (W. Wright) H.B.K. ex DC.

Geoffroea retusa Poiret =Andira surinamensis (Bondt) Splitgerber ex Pulle
Ref. FP 13(3/1) 1943: 256; Mattos, 1979a: 262; Lewis, 1987: 212.

Geoffroea striata (Willdenow) J. F. Macbride, comb. superfl. =Geoffroea striata (Willdenow) Morong
Ref. Lewis, 1987: 231.

Geoffroea striata (Willdenow) Morong
Syn. *Geoffroea striata* (Willdenow) J. F. Macbride, comb. superfl., *Geoffroea superba* Humboldt & Bonpland, *Robinia striata* Willdenow
Ref. FP 13(3/1) 1943: 255; Lewis, 1987: 231.
Tree. Amazonian, Coastal: semi-deciduous forests, shrublands. 0-500 m.
Voucher: Weberbauer 7719 (MO!)
Depts.: CA, PI, TU

Geoffroea superba Humboldt & Bonpland =Geoffroea striata (Willdenow) Morong
Ref. FP 13(3/1) 1943: 255; Lewis, 1987: 231.

Geoffroea surinamensis Bondt =Andira surinamensis (Bondt) Splitgerber ex Pulle
Ref. FP 13(3/1) 1943: 255; Lewis, 1987: 212.

Gliricidia michelii Rusby =Apurimacia boliviana (Britton) Lavin
Ref. FP 13(3/1) 1943: 385; Lavin, 1987: 64.

Glycine crinita H.B.K. =Eriosema crinitum var. crinitum
Ref. Grear, 1970: 45.

Glycine galactioides H.B.K. =Calopogonium galactioides (H.B.K.) Bentham ex Hemsley
Ref. Carvalho & Leitão, 1985: 36.

Glycine phaseoloides Swartz =Rhynchosia phaseoloides (Swartz) DC.
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 53.

Glycine punctata Willdenow =Poiretia punctata (Willdenow) Desvaux
Ref. Rudd, 1972a: 142.

Glycine reticulata Swartz =Rhynchosia reticulata var. reticulata
Ref. Grear, 1978: 113.

Glycine rufa H.B.K. =Eriosema rufum var. rufum
Ref. FP 13(3/1) 1943: 339; Grear, 1970: 59; Lewis, 1987: 287.

Glycine sagittata Kunth =Centrosema sagittatum (Kunth) Brandegee ex Riley
Ref. FP 13(3/1) 1943: 343; Barbosa-Fevereiro, 1977: 197.

Glycine striata Jacquin =Galactia striata var. striata
Ref. FP 13(3/1) 1943: 334; Burkart, 1971: 715; Lewis, 1987: 266.

[*Glycine tenuiflora* Klein ex Willdenow =Galactia striata var. tenuiflora (Klein ex Willdenow) Burkart]
Ref. FP 13(3/1) 1943: 334; Burkart, 1971: 721.
Note: Not known from Peru.

Glycine uncinata (L.) J. F. Macbride =Teramnus uncinatus (L.) Swartz
Ref. FP 13(3/1) 1943: 350; Croat, 1978: 484.

Gourliea decorticans Gillies ex Hooker & Arnott =Geoffroea decorticans (Gillies ex Hooker & Arnott) Burkart
Ref. FP 13(3/1) 1943: 507; Burkart, 1949: 19.

Grimaldia absus (L.) Link =Chamaecrista absus var. absus
Ref. FP 13(3/1) 1943: 154; Irwin & Barneby, 1982: 664.

[*Grimaldia chamaecrista* (L.) Schrank ex Link =Chamaecrista fasciculata (Michaux) E. Greene]
Ref. Irwin & Barneby, 1982: 802.
Note: Not known from Peru.

Guilandina bonduc L. =Caesalpinia bonduc (L.) Roxburgh
Ref. FP 13(3/1) 1943: 190; Cowan, 1971: 600.

Guilandina bonducella L. =Caesalpinia bonduc (L.) Roxburgh
FP 13(3/1) 1943: 190; Howard *et al.*, 1988: 390.

Hedysarum adscendens Swartz =Desmodium adscendens (Swartz) DC.
Ref. FP 13(3/1) 1943: 417; Schubert, 1980: 627.

Hedysarum axillare Swartz =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Hedysarum barbatum L. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421; Schubert, 1980: 634.

Hedysarum brasilianum Poiret =Aeschynomene brasiliana var. brasiliana
Ref. FP 13(3/1) 1943: 441; Rudd, 1955: 77; Rudd, 1959: 48.

Hedysarum cajanifolium H.B.K. =Desmodium cajanifolium (H.B.K.) DC.
Ref. FP 13(3/1) 1943: 422; Schubert, 1980: 635.

Hedysarum canum J. Gmelin =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 641.

Hedysarum diphyllum L. =Zornia diphylla (L.) Persoon
Ref. FP 13(3/1) 1943: 413; Mohlenbrock, 1961: 67.

Hedysarum distortum Aublet =Desmodium distortum (Aublet) J. F. Macbride
Ref. FP 13(3/1) 1943: 425; Schubert, 1980: 638.

Hedysarum ecastaphyllum L. =Dalbergia ecastaphyllum (L.) Taubert
Ref. Dwyer, 1965: 7.

Hedysarum falcatum Poiret =Aeschynomene falcata (Poiret) DC.
Ref. FP 13(3/1) 1943: 442; Rudd, 1955: 88.

Hedysarum frutescens Jacquin
=Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 640.

Hedysarum glabrum Miller =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Hedysarum hamatum L. =Stylosanthes hamata (L.) Taubert
Ref. Mohlenbrock, 1958: 324.

Hedysarum heterocarpon L. =Desmodium heterocarpum (L.) DC.

Hedysarum incanum Swartz =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 640.

Hedysarum intortum Miller =Desmodium intortum var. intortum
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 646.

Hedysarum molle M. Vahl =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Hedysarum molliculum H.B.K. =Desmodium molliculum (H.B.K.) DC.
Ref. FP 13(3/1) 1943: 429; Schubert, 1980: 649.

Hedysarum muricatum Jacquin =Adesmia muricata var. muricata
Ref. FP 13(3/1) 1943: 405; Burkart, 1954: 468.

Hedysarum pimpinellifolium Poiret =Adesmia muricata var. dentata (Lagasca) Bentham
Ref. FP 13(3/1) 1943: 405; Burkart, 1954: 476.

Hedysarum purpureum Miller =Desmodium tortuosum (Swartz) DC.
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 658.

Hedysarum racemiferum J. Gmelin =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 641.

Hedysarum racemosum Aublet =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 640.

Hedysarum reptans Poiret =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Hedysarum scorpiurus Swartz =Desmodium scorpiurus (Swartz) Desvaux
Ref. FP 13(3/1) 1943: 433; Schubert, 1980: 656.

Hedysarum stoloniferum Richard ex Poiret =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. Schubert, 1980: 633.

Hedysarum supinum Swartz =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 640.

Hedysarum terminale Richard =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Hedysarum tortuosum Swartz =Desmodium tortuosum (Swartz) DC.
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 658.

Hedysarum trigonum Swartz =Desmodium intortum var. intortum
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 646.

Hedysarum uncinatum Jacquin =Desmodium uncinatum (Jacquin) DC.
Ref. FP 13(3/1) 1943: 435; Lewis, 1987: 249.

Hedysarum venustulum H.B.K. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Hedysarum villosum Miller =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Hermesias cauliflora (Poeppig) Kuntze =Browneopsis cauliflora (Poeppig) Huber
Note: Name based on *Brownea cauliflora*.

Hermesias grandiceps (Jacquin) Kuntze =Brownea grandiceps Jacquin
Ref. Klitgaard, 1991: 440.

Hermesias leucantha (Jacquin) Kuntze =Brownea leucantha Jacquin

Herpetica alata (L.) Raf. =Senna alata (L.) Roxburgh
Ref. FP 13(3/1) 1943: 155; Irwin & Barneby, 1982: 460.

Hoffmannseggia arequipensis Ulibarri
Ref. Ulibarri, 1987: 232; Lewis, pers. comm.
Endemic herb or shrub. Andean I-II: lomas, rocky slopes. 0-3000 m.
Voucher: Ferreyra 11546* (SI, USM), Tovar 2672 (SI, USM)
Depts.: AR

Hoffmannseggia gracilis (R. & P.) Hooker & Arnott =Hoffmannseggia prostrata Lagerheim ex DC.
Ref. FP 13(3/1) 1943: 194; Lewis, pers. comm.

Hoffmannseggia miranda Sandwith
Syn. *Caesalpinia miranda* (Sandwith) J. F. Macbride
Ref. FP 13(3/1) 1943: 193; Ulibarri, 1987: 234.
Endemic subshrub. Amazonian, Coastal: lomas, rocky slopes. 0-500 m.
Note: Treated under *Caesalpinia miranda* in the Flora of Peru.
Voucher: Stafford K.53* (K), Dillon *et al.* 3322 (MO!, USM)
Depts.: AR, MO

Hoffmannseggia pilosa R. & P. ex G. Don =Hoffmannseggia prostrata Lagerheim ex DC.
Ref. FP 13(3/1) 1943: 194.

Hoffmannseggia prostrata Lagerheim ex DC.
Syn. *Caesalpinia prostrata* (Lagerheim ex DC.) J. F. Macbride, *Hoffmannseggia gracilis* (R. & P.) Hooker & Arnott, *Hoffmannseggia pilosa* R. & P. ex G. Don, *Larrea gracilis* R. & P.
Ref. FP 13(3/1) 1943: 194; Carrillo, 1974: 65.
Herb or subshrub. Amazonian, Andean I-II, Coastal: lomas, riversides. 0-3000 m.
Note: Treated under *Caesalpinia* in the Flora of Peru.
Voucher: Dillon & Dillon 3741 (MO!)
Depts.: AN, AR, CU, JU, LA, LI, LL, MO, TA

Hoffmannseggia stipulata Sandwith
Syn. *Caesalpinia stipulata* (Sandwith) J. F. Macbride
Ref. FP 13(3/1) 1943: 196; Ulibarri, 1987: 234.
Endemic subshrub. Coastal: lomas. 0-1000 m.
Note: Known from Peru only from the type locality. Treated under *Caesalpinia* in the Flora of Peru.
Voucher: Stafford 899* (K)
Depts.: AR

Hoffmannseggia ternata F. Philippi
Syn. *Caesalpinia ternata* (F. Philippi) J. F. Macbride
Ref. FP 13(3/1) 1943: 196; Carrillo, 1974: 64.
Herb or subshrub. Andean I, Coastal: disturbed areas, lomas. 0-1500 m.
Note: Treated under *Caesalpinia* in the Flora of Peru.
Voucher: Dillon & Dillon 3746 (MO!)
Depts.: AR, LI, TA

Hoffmannseggia viscosa (R. & P.) Hooker & Arnott var. **egena** J. F. Macbride
Syn. *Caesalpinia egena* (J. F. Macbride) J. F. Macbride
Ref. FP 13(3/1) 1943: 192; Lewis, pers. comm.
Endemic shrub. Andean II: dry valleys, rocky slopes. 2000-2500 m.
Note: Treated under *Caesalpinia egena* in the Flora of Peru.
Voucher: Weberbauer 7419A* (F), Pennell 13073 (PH)
Depts.: AR, MO

Hoffmannseggia viscosa var. **viscosa**
Syn. *Caesalpinia viscosa* (R. & P.) J. F. Macbride, *Larrea viscosa* R. & P.

Ref. FP 13(3/1) 1943: 197; Carrillo, 1974: 64; Lewis, pers. comm.
Herb. Amazonian, Andean I-II, Coastal: rocky slopes. 0-2500 m.
Note: Treated under *Caesalpinia* in the Flora of Peru.
Voucher: Goodspeed 33006 (MO!)
Depts.: AN, AP, AR, HV, LA, LI, PI, TU

Hoita glandulosa (L.) Rydberg =Otholobium glandulosum (L.) Grimes
Ref. Grimes, 1990: 29.

Hymenaea courbaril L. var. **courbaril**
Ref. FP 13(3/1) 1943: 125; Lee & Langenheim, 1975: 80; Spichiger *et al.*, 1989: 295.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Phillips *et al.* 308 (MO!)
Depts.: LO, MD

[Hymenaea martiana Hayne]
Syn. *Cynometra martiana* (Hayne) Baillon
Ref. Dwyer, 1958: 333; Lee & Langenheim, 1975: 90.
Note: Not known from Peru. Lee & Langenheim (1975) overlooked the combination in *Cynometra*.

Hymenaea oblongifolia Huber var. **oblongifolia**
Ref. Lee & Langenheim, 1975: 57; Spichiger *et al.*, 1989: 297.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Revilla 20694 (MO!)
Depts.: LO, SM

Hymenaea oblongifolia var. **palustris** (Ducke) A. T. Lee & Langenheim
Syn. *Hymenaea palustris* Ducke
Ref. FP 13(3/1) 1943: 125; Lee & Langenheim, 1975: 61.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 19968 (MO!)
Depts.: LO, SM

Hymenaea palustris Ducke =Hymenaea oblongifolia var. palustris (Ducke) A. T. Lee & Langenheim
Ref. FP 13(3/1) 1943: 126; Lee & Langenheim, 1975: 61.

Hymenaea parvifolia Huber
Ref. Lee & Langenheim, 1975: 62.
Tree. Amazonian: forests. 0-500 m.
Voucher: Núñez 5529 (MO!)
Depts.: MD

Hymenaea reticulata Ducke
Ref. Lee & Langenheim, 1975: 71.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 1339 (US)
Depts.: LO

Hymenolobium pulcherrimum Ducke
Ref. Ducke, 1949: 193; Mattos, 1979b: 48.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Gentry *et al.* 41629 (MO!)
Depts.: LO, PA

Indigofera anil L. =Indigofera suffruticosa Miller
Ref. FP 13(3/1) 1943: 379; Lewis, 1987: 244.

[*Indigofera guatemalensis* Moçiño *et al.* ex Backer =Indigofera micheliana Rose]
Ref. Lievens, 1992: 70.
Note: Not known from Peru.

[*Indigofera guatimalensis* Moçiño *et al.* ex Prain & Baker f., nom. nud. =Indigofera micheliana Rose]
Ref. FP 13(3/1) 1943: 377; Lievens, 1992: 70.
Note: Not known from Peru.

Indigofera hendecaphylla Jacquin
Ref. Gillett, 1958: 119; Kort & Thijsse, 1984: 132; Lievens & Schrire, pers. comm.
Introduced herb. Andean I: disturbed areas. 500-1500 m.
Note: Gillett (1958) placed this in synonymy under *I. spicata* Forsskal which has been followed by many authors.
Voucher: Seibert 2266 (MO!)
Depts.: HU

Indigofera hirsuta L.
Ref. Lewis, 1987: 243; Lievens, pers. comm.
Introduced herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Gentry & Daly 18921 (MO!)
Depts.: UC

Indigofera humilis H.B.K.
Ref. FP 13(3/1) 1943: 377; Lievens, 1992: 299.
Herb. Amazonian, Andean I-II, Coastal: lomas. 0-3500 m.
Note: This taxon needs further consideration; its status is not completely clear (Lievens, pers. comm.).
Voucher: Humboldt & Bonpland s.n.* (P-H&B), Smith & Vásquez 3384 (MO!)
Depts.: AN, AR, CA, HU, LI, LL

Indigofera jamaicensis Sprengel =Indigofera trita subsp. scabra (Roth) de Kort & Thijsse
Ref. Kort & Thijsse, 1984: 140; Lievens, 1992: 119.
Note: See notes under *I. oxycarpa* and *I. trita* subsp. *scabra*.

Indigofera lagascana DC. =Indigofera tephrosioides H.B.K.
Ref. Lievens, 1992: 319.

Indigofera laxa Ulbrich =Indigofera tephrosioides H.B.K.
Ref. FP 13(3/1) 1943: 378; Lievens, 1992: 320.
Note: Treated as a synonym under *I. macrocarpa* in the Flora of Peru.

Indigofera lespedezioides H.B.K.
Ref. FP 13(3/1) 1943: 377; Mackinder *et al.*, 1990: 20.
Subshrub. Andean I: disturbed areas, forests. 500-1000 m.
Voucher: Spruce 4270 (K)
Depts.: SM

Indigofera macrocarpa Desvaux =Indigofera tephrosioides H.B.K.
Ref. FP 13(3/1) 1943: 378; Lievens, 1992: 320.

Indigofera mexicana L. f. =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 359; Grimes, 1990: 23.

[Indigofera micheliana Rose]
Syn. *Indigofera guatemalensis* Moçiño *et al.* ex Backer, *Indigofera guatimalensis* Moçiño *et al.* ex Prain & Baker f., nom. nud.
Ref. Lievens, 1992: 70, 72.
Note: Not known from Peru.

Indigofera microcarpa Desvaux
Ref. FP 13(3/1) 1943: 379; Lievens, 1992: 109.
Herb. Coastal: disturbed areas. 0-500 m.
Voucher: Ferreyra & Chance 20190 (USM!)
Depts.: LA

Indigofera mucronata Sprengel ex DC., nom. illeg. =Indigofera trita subsp. scabra (Roth) de Kort & Thijsse
Ref. FP 13(3/1) 1943: 379; Kort & Thijsse, 1984: 140; Lievens, 1992: 119.
Note: See notes under *I. oxycarpa* and *I. trita* subsp. *scabra*.

Indigofera obrajillensis A. Gray =Indigofera tephrosioides H.B.K.
Ref. FP 13(3/1) 1943: 378; Lievens, 1992: 319.
Note: Treated as a synonym under *I. macrocarpa* in the Flora of Peru.

Indigofera oxycarpa Desvaux =Indigofera trita subsp. scabra (Roth) de Kort & Thijsse
Ref. Lievens, 1992: 118.
Note: This is the oldest name under which New World Indigoferas treated previously as *I. jamaicensis* and *I. mucronata* Sprengel ex DC. [nom. illeg.] belong; see also under *I. trita* subsp. *scabra*.

Indigofera scabra Roth =Indigofera trita subsp. scabra (Roth) de Kort & Thijsse
Ref. Lievens, 1992: 125.

Indigofera subulata var. *scabra* (Roth) Meikle =Indigofera trita subsp. scabra (Roth) de Kort & Thijsse
Ref. Lievens, 1992: 125.

Indigofera suffruticosa Miller
Syn. *Indigofera anil* L.
Ref. FP 13(3/1) 1943: 379; Kort & Thijsse, 1984: 134; Lewis, 1987: 244.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, forests, riversides, rocky slopes. 0-1500 m.
Voucher: Ayala *et al.* 3134 (MO!)

Depts.: AM, AP, AY, CA, CU, HU, JU, LA, LI, LL, LO, PU, SM, TU, UC

Indigofera tephrosioides H.B.K.
Syn. *Indigofera lagascana* DC., *Indigofera laxa* Ulbrich, *Indigofera macrocarpa* Desvaux, *Indigofera obrajillensis* A. Gray, *Indigofera weberbaueri* Ulbrich
Ref. FP 13(3/1) 1943: 380; Lievens, 1992: 319.
Herb. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Sagástegui *et al.* 10686 (MO!)
Depts.: AM, AN, CA, LI, PI

Indigofera tinctoria L.
Ref. FP 13(3/1) 1943: 380; Kort & Thijsse, 1984: 136; Lievens, pers. comm.
Introduced herb.
Note: Not reconfirmed; this may have been an escape from cultivation.
Voucher: Raimondi s.n. (B)
Depts.: IC

Indigofera trita L. f. subsp. **scabra** (Roth) de Kort & Thijsse
Syn. *Indigofera jamaicensis* Sprengel, *Indigofera mucronata* Sprengel ex DC., nom. illeg., *Indigofera oxycarpa* Desvaux, *Indigofera scabra* Roth, *Indigofera subulata* var. *scabra* (Roth) Meikle
Ref. Kort & Thijsse, 1984: 140; Lievens, Sanjappa & Schrire, pers. comm.
Herb. Amazonian, Andean I-II, Coastal: disturbed areas. 0-2500 m.
Note: This forms part of a widely distributed complex in both the Old and New World tropics.
Voucher: Sagástegui *et al.* 8761 (MO!)
Depts.: CA, HU, PI, SM, UC

Indigofera truxillensis H.B.K.
Ref. FP 13(3/1) 1943: 380; Lievens, 1992: 326.
Endemic shrub. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), Sagástegui 7804A (MO!)
Depts.: CU, HU, LL

Indigofera weberbaueri Ulbrich =Indigofera tephrosioides H.B.K.
Ref. FP 13(3/1) 1943: 378; Lievens, 1992: 320.
Note: Treated as a synonym under *I. macrocarpa* in the Flora of Peru.

Inga acreana Harms
Ref. FP 13(3/1) 1943: 13; Ducke, 1949: 28; Poncy, 1985: 46.
Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 2158 (F)
Depts.: LO

Inga acrocephala Steudel
Syn. *Inga myriocephala* Pittier
Ref. FP 13(3/1) 1943: 13; Sousa, 1993: 230.
Tree. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Gentry 41805 (MO!)
Depts.: AM, LO, MD, PA, SM, UC

Inga adenophylla Pittier
Ref. FP 13(3/1) 1943: 13.
Tree. Amazonian, Andean I-II: disturbed areas, forests. 0-3000 m.
Voucher: Smith & Brack 3078 (MO!)
Depts.: CU, HU, JU, LO, MD, PA

[*Inga adiantifolia* Kunth =Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Ref. FP 13(3/1) 1943: 63.
Note: Not known from Peru.

Inga affinis DC.
Ref. Burkart, 1979: 77; Sousa, 1993: 231.
Shrub. Andean I: forests, rocky slopes. 500-1000 m.
Voucher: Vargas 13668 (MO!)
Depts.: CU, HU, MD

Inga affinis Steudel =Inga pilosula (Richard) J. F. Macbride
Ref. León, 1966: 314.

Inga aggregata G. Don
Ref. FP 13(3/1) 1943: 14; Irwin, 1966: 98.
Treelet. Amazonian, Andean I: forests on white sand. 0-1000 m.
Voucher: Núñez 6039 (MO!)
Depts.: HU, LO, PA

Inga alba (Swartz) Willdenow
Syn. *Mimosa alba* Swartz
Ref. FP 13(3/1) 1943: 14; Ducke, 1949: 26; Sousa, 1993: 231.
Shrub or tree. Amazonian, Andean I: forests on white sand, swamps, terra firme forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 10976 (MO!)
Depts.: JU, LO, MD, PA, SM, UC

Inga aliena J. F. Macbride
Ref. FP 13(3/1) 1943: 15.
Shrub. Andean I: forests, riversides. 500-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3170* (MO!)
Depts.: LO

Inga altissima Ducke
Ref. FP 13(3/1) 1943: 15; Ducke, 1949: 26; Spichiger *et al.*, 1989: 327.
Tree. Amazonian: forests. 0-500 m.
Voucher: Barbour 5116 (MO!)
Depts.: MD

Inga apta J. F. Macbride =Inga bourgonii (Aublet) DC.
Ref. FP 13(3/1) 1943: 15; Gereau, pers. comm.

Inga aria J. F. Macbride
Ref. FP 13(3/1) 1943: 16.
Tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Klug 3111* (MO!), Schunke 10505 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Inga augusti Harms
Ref. FP 13(3/1) 1943: 16.
Endemic tree. Andean II: forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6705* (B photo F!)
Depts.: HU

Inga auristellae Harms
Ref. FP 13(3/1) 1943: 17; Ducke, 1949: 26; Irwin, 1966: 98.
Shrub, tree or treelet. Amazonian, Andean I: riversides, seasonally inundated areas, swamps, terra firme forests. 0-1500 m.
Voucher: Foster 9485 (MO!)
Depts.: AM, LO, MD, PA, SM, UC

Inga bauhiniifolia Poeppig =Zapoteca amazonica (Bentham) H. Hernández
Ref. FP 13(3/1) 1943: 67; Hernández, 1989: 858.

Inga bonplandiana H.B.K.
Ref. FP 13(3/1) 1943: 17.
Endemic tree. Andean I: forests, riversides. 500-1000.
Note: Known from Peru only from the type locality.
Voucher: Humboldt & Bonpland s.n.* (P-H&B)
Depts.: CA

Inga bourgonii (Aublet) DC.
Syn. *Inga apta* J. F. Macbride, *Mimosa bourgonii* Aublet
Ref. Ducke, 1949: 25; Poncy, 1985: 33; Sousa, 1993: 259; Gereau, pers. comm.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Note: Often listed as *"bourgoni"*.
Voucher: Klug 3654 (MO!)
Depts.: AM, LO, MD, SM

Inga brachyrhachis Harms
Ref. FP 13(3/1) 1943: 17; Ducke, 1949: 25; Spichiger *et al.*, 1989: 329.
Shrub or tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Ule 6361* (B), Vásquez & Jaramillo 4579 (MO!)
Depts.: LO, UC

Inga callicarpa Zamora =Inga urabensis Uribe
Ref. Zamora, 1990: 99; Sousa, 1993: 266.

Inga calocephala Poeppig =Inga macrophylla Humboldt & Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 29.

Inga calophylla Harms =Inga chartacea Poeppig
Ref. FP 13(3/1) 1943: 19; Ducke, 1949: 25.
Note: Ducke (1949) accepts this as a distinct species.

Inga candida H.B.K. =Pithecellobium candidum (H.B.K.) Bentham

Inga capitata Desvaux
Ref. FP 13(3/1) 1943: 18; Ducke, 1949: 27; Spichiger *et al.*, 1989: 329.
Tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Valcarcel & Chota 51772 (USM!)
Depts.: AM, HU, LO, MD, PA, SM

Inga cauliflora Willdenow =Zygia cauliflora (Willdenow) Killip ex Record
Ref. FP 13(3/1) 1943: 52; Lewis, 1987: 180; Rico, pers. comm.

Inga chaetophora Harms =Inga stipulacea G. Don
Ref. FP 13(3/1) 1943: 42; Ducke, 1949: 32.

Inga chartacea Poeppig
Syn. *Inga chardonii* Britton & Killip
Ref. FP 13(3/1) 1943: 19.
Shrub, tree or treelet. Amazonian, Andean I: riversides, seasonally inundated areas, swamps, terra firme forests. 0-1500 m.
Voucher: Young 52 (MO!)
Depts.: AM, CU, LO, MD, PA, SM, UC

Inga chrysotricha Pittier =Inga hirsutissima Rusby
Ref. FP 13(3/1) 1943: 25.

Inga ciliata C. Presl
Ref. Ducke, 1953: 423; Sousa, 1993: 235.
Tree. Amazonian: forests. 0-500 m.
Note: Lewis (1987: 157) treats this as a synonym of *Inga coerulescens* Walpers.
Voucher: Huashikat 1446 (MO!)
Depts.: AM, LO

Inga ciliata Poeppig, nom. illeg. =Inga poeppigiana Bentham
Ref. FP 13(3/1) 1943: 36.

Inga cinnamomea Spruce ex Bentham
Ref. FP 13(3/1) 1943: 19; Ducke, 1949: 24; Roosmalen, 1985: 234.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 12382 (MO!)
Depts.: LO, MD, UC

Inga coccinea G. Don =Zygia coccinea (G. Don) L. Rico
Ref. FP 13(3/1) 1943: 53; Rico, 1991: 496.

Inga codonantha Pittier
Ref. Britton & Killip, 1936: 123.
Tree. Amazonian: forests. 0-500 m.
Voucher: Díaz *et al.* 3231 (MO!)
Depts.: MD, TU

Inga conferta Bentham
Ref. FP 13(3/1) 1943: 20.
Endemic tree. Andean I: forests. 500-1000 m.
Voucher: Mathews 1595* (K), Gentry *et al.* 37775 (MO!, USM!)
Depts.: SM

Inga cordatoalata Ducke
Ref. FP 13(3/1) 1943: 20; Ducke, 1949: 26; Spichiger *et al.*, 1989: 332.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Vásquez *et al.* 2064 (MO!)
Depts.: LO, PA

Inga coriacea (Persoon) Desvaux, nom. illeg. =Inga sertulifera DC.
Ref. FP 13(3/1) 1943: 20; Sousa, 1993: 261.

Inga coriacea var. *leptopus* (Bentham) J. F. Macbride =Inga sertulifera DC.
Ref. FP 13(3/1) 1943: 21.

Inga coruscans Humboldt & Bonpland ex Willdenow
Syn. *Feuilleea coruscans* (Humboldt & Bonpland ex Willdenow) Kuntze, *Mimosa coruscans* (Humboldt & Bonpland ex Willdenow) Poiret
Ref. León, 1966: 287; Sousa, 1993: 236.
Shrub or tree. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Encarnación E-1087 (MO!)
Depts.: LO, PA

Inga cumingiana Bentham =Inga feuillei DC.
Ref. FP 13(3/1) 1943: 23; Carrillo, 1974: 49.

[*Inga cyclocarpa* (Jacquin) Willdenow =Enterolobium cyclocarpum (Jacquin) Grisebach]
Ref. León, 1966: 355; Spichiger *et al.*, 1989: 324.
Note: Not known from Peru.

Inga cyclocarpa Ducke, nom. illeg. =Inga urabensis Uribe
Ref. Ducke, 1949: 25; Sousa, 1993: 266.

Inga cylindrica (Vell. Conc.) C. Martius
Syn. *Inga polystachya* Bentham, *Mimosa cylindrica* Vell. Conc.
Ref. Ducke, 1949: 26; Lewis, 1987: 157.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20373 (MO!)
Depts.: LO

Inga cynometrifolia Harms
Ref. FP 13(3/1) 1943: 21.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Ule 6452* (B), Klug 4151 (MO!)
Depts.: SM

Inga densiflora Bentham
Ref. FP 13(3/1) 1943: 21; León, 1966: 303; Sousa, 1993: 242.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Spruce 4504 (K), Young & Stratton 234 (MO!)
Depts.: LO, MD, SM

[*Inga discolor* Humboldt & Bonpland ex Willdenow =Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Ref. FP 13(3/1) 1943: 63.
Note: Not known from Peru.

Inga donaeana J. F. Macbride =Inga pavoniana G. Don
Ref. FP 13(3/1) 1943: 22; Sousa, 1993: 253.

Inga dulcis (Roxburgh) Willdenow =Pithecellobium dulce (Roxburgh) Bentham
Ref. Rico, pers. comm.

Inga dumosa Bentham
Ref. FP 13(3/1) 1943: 39; Ducke, 1949: 28.
Tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Note: Treated as a synonym of *I. leiocalycina* by Poncy (1985).
Voucher: Ayala 651 (MO!)
Depts.: AM, LO, MD, SM, UC

Inga edulis C. Martius
Ref. FP 13(3/1) 1943: 22; Ducke, 1949: 33; Sousa, 1993: 243.
Cultivated tree. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas, swamps. 0-1500 m.
Voucher: Knapp *et al.* 7278 (MO!)
Depts.: AM, CU, HU, LI, LO, JU, MD, PA, SM, TU, UC

Inga endlicheri (Kuntze) J. F. Macbride =Inga oerstediana Bentham ex Seemann
Ref. FP 13(3/1) 1943: 23; Sousa, 1993: 252.

Inga excelsa Kunth =Pithecellobium excelsum (Kunth) C. Martius
Ref. FP 13(3/1) 1943: 55; Rico, pers. comm.

Inga excelsa Poeppig, nom. illeg. =Inga semialata (Vell. Conc.) C. Martius
Ref. FP 13(3/1) 1943: 30; Gereau, pers. comm.

Inga expansa Rusby =Inga velutina Willdenow
Ref. FP 13(3/1) 1943: 45.

Inga fagifolia (L.) Willdenow ex Bentham, nom. illeg. =Inga laurina (Swartz) Willdenow
Ref. León, 1966: 283; Sousa, 1993: 250.

Inga fagifolia G. Don =Inga ruiziana G. Don
Ref. Sousa, 1993: 258.

Inga fasciculata Poeppig, nom. illeg. =Inga oerstediana Bentham ex Seemann
Ref. FP 13(3/1) 1943: 23; Sousa, 1993: 252.

Inga feuillei DC.
Syn. *Inga cumingiana* Bentham
Ref. FP 13(3/1) 1943: 23; Carrillo, 1974: 49.

Cultivated tree. Amazonian, Andean I-II, Coastal: disturbed areas, dry valleys, forests. 0-3000 m.
Voucher: Plowman & Rury 11094 (MO!)
Depts.: AM, AY, CU, HU, IC, JU, LA, LI, LL, PA, TU, UC

Inga foliosa Bentham =Inga ruiziana G. Don
Ref. FP 13(3/1) 1943: 40; León, 1966: 301.

Inga glomerata DC. =Zygia glomerata (DC.) Pittier
Ref. Lewis & Owen, 1989: 47.

Inga graciliflora Bentham
Ref. FP 13(3/1) 1943: 24; Irwin, 1966: 100; Roosmalen, 1985: 238.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Hartshorn *et al.* 2905 (MO!)
Depts.: AM, LO, PA

Inga gracilifolia Ducke
Ref. Ducke, 1949: 24; Lewis, 1987: 238.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 12789 (MO!)
Depts.: LO, PA

Inga guentheri Harms =Inga tenuistipula Ducke
Ref. FP 13(3/1) 1943: 44.

Inga hayesii Bentham
Ref. Sousa, 1993: 245.
Tree. Amazonian: forests. 0-500 m.
Voucher: Núñez *et al.* 11384 (MO!)
Depts.: MD

Inga heterophylla Willdenow
Syn. *Inga umbellata* G. Don
Ref. FP 13(3/1) 1943: 24; Ducke, 1949: 22; Sousa, 1993: 245.
Tree. Amazonian, Andean I: disturbed areas, forests on white sand. 0-2000 m.
Voucher: Vásquez *et al.* 12409 (MO!)
Depts.: AM, AY, JU, LO, MD, SM

Inga hirsutissima Rusby
Syn. *Inga chrysotricha* Pittier
Ref. FP 13(3/1) 1943: 25.
Shrub or tree. Andean I: forests. 500-1000 m.
Voucher: Schunke 5896 (MO!, USM!)
Depts.: CU, HU

Inga inaequalis Humboldt & Bonpland ex Willdenow =Zygia inaequalis (Humboldt & Bonpland ex Willdenow) Pittier
Ref. FP 13(3/1) 1943: 55; Rico, pers. comm.

Inga ingoides (Richard) Willdenow
Syn. *Mimosa ingoides* Richard
Ref. FP 13(3/1) 1943: 25; Ducke, 1949: 34; León, 1966: 342.
Shrub or tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 12394 (MO!)
Depts.: LO, MD, PA

Inga inundata Ducke
Syn. *Pithecellobium inundatum* (Ducke) Ducke
Ref. FP 13(3/1) 1943: 27; Ducke, 1922: 48.
Tree. Amazonian: forests. 0-500 m.
Note: Erroneously transferred to *Pithecellobium* by Ducke (1925: 28); not listed under *Inga* in Ducke (1949).
Voucher: Ancuash 389 (MO!)
Depts.: AM

Inga killipiana J. F. Macbride
Ref. FP 13(3/1) 1943: 26.
Endemic tree. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3743* (MO!), Smith *et al.* 3136 (MO!)
Depts.: PA, SM

Inga klugii Standley ex J. F. Macbride
Ref. FP 13(3/1) 1943: 26.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 4112* (MO!), Vásquez & Jaramillo 12282 (MO!)
Depts.: LO, MD, SM

Inga laeta Poeppig =Pithecellobium lactum (Poeppig) Bentham
Ref. FP 13(3/1) 1943: 56; Rico, pers. comm.

Inga lallensis Spruce ex Bentham
Ref. FP 13(3/1) 1943: 27.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Spruce s.n.* (K), Vásquez *et al.* 5916 (MO!)
Depts.: LO, MD

[Inga lateriflora Miquel]
Ref. FP 13(3/1) 1943: 27; Ducke, 1949: 23.
Note: Not known from Peru.

Inga latifolia (L.) Willdenow =Zygia latifolia (L.) Fawcett & Rendle
Ref. Rico, pers. comm.

Inga laurina (Swartz) Willdenow
Syn. *Inga fagifolia* (L.) Willdenow ex Bentham, nom. illeg., *Mimosa fagifolia* L., *Mimosa laurina* Swartz
Ref. León, 1966: 283; Sousa, 1993: 250.
Tree. Amazonian, Andean II-III: forests. 0-2000 m.
Note: Treated as a synonym of *I. fagifolia* (L.) Willdenow ex Bentham by León (1966).
Voucher: Núñez *et al.* 11172 (MO!)
Depts.: JU, LO, MD, PA, UC

Inga laxiflora Bentham
Ref. FP 13(3/1) 1943: 27.
Endemic tree.
Note: Known from Peru only from the type locality. Collected at "Sesuya."
Voucher: Mathews 3274* (G photo F!)
Depts.: Without full locality data.

Inga leiocalycina Bentham
Ref. Ducke, 1949: 28; Sousa, 1993: 250.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Smith 1905 (MO!)
Depts.: AM, LO, MD, PA

Inga leptopus Bentham =Inga sertulifera DC.
Ref. FP 13(3/1) 1943: 21; Poncy, 1985: 41.

Inga lineata Bentham
Syn. *Inga monzonensis* Harms
Ref. FP 13(3/1) 1943: 28.
Endemic tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Mathews 1594* (G photo F), Vásquez *et al.* 12173 (MO!)
Depts.: AM, HU, LO, PA, SM

Inga longifolia Humboldt & Bonpland ex Willdenow =Zygia longifolia (Humboldt & Bonpland ex Willdenow) Britton & Rose
Ref. FP 13(3/1) 1943: 58; Rico, pers. comm.

Inga longipes Bentham
Ref. FP 13(3/1) 1943: 28; Sousa, 1993: 238.
Endemic tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce 4935* (K), Gentry *et al.* 61988 (MO!)
Depts.: LO, SM, UC

Inga lopadadenia Harms
Ref. FP 13(3/1) 1943: 29.
Tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Tessmann 5121* (B), Vásquez & Jaramillo 4941 (MO!)
Depts.: LO, MD, UC

Inga loretana J. F. Macbride
Ref. FP 13(3/1) 1943: 29; Gereau, pers. comm.
Shrub or tree. Amazonian: riversides, seasonally inundated areas, swamps. 0-500 m.
Voucher: Klug 1308* (US), Vásquez & Jaramillo 10209 (MO!)
Depts.: LO

Inga macrophylla Humboldt & Bonpland ex Willdenow
Syn. *Inga calocephala* Poeppig
Ref. FP 13(3/1) 1943: 29; Ducke, 1949: 32.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Vásquez & Jaramillo 4896 (MO!)
Depts.: CU, LO, MD, PA, SM

Inga marginata Willdenow, nom. illeg. =Inga semialata (Vell. Conc.) C. Martius
Ref. FP 13(3/1) 1943: 30; Sousa, 1993: 259.

Inga mathewsiana Bentham =Inga nobilis Willdenow

Ref. FP 13(3/1) 1943: 31; Poncy, 1985: 50.

Inga maynensis Bentham
Ref. FP 13(3/1) 1943: 32.
Endemic tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Poeppig s.n.* (W), Spichiger *et al.* 1315 (MO!)
Depts.: LO

Inga microcoma Harms =Inga semialata (Vell. Conc.) C. Martius
Ref. FP 13(3/1) 1943: 32; Gereau, pers. comm.

Inga mollissima Humboldt & Bonpland ex Willdenow =Calliandra mollissima (Humboldt & Bonpland ex Willdenow) Bentham
Ref. FP 13(3/1) 1943: 72.

Inga monzonensis Harms =Inga lineata Bentham
Ref. FP 13(3/1) 1943: 28.

Inga multijuga Bentham
Ref. León, 1966: 298; Sousa, 1993: 251.
Tree. Amazonian: forests. 0-500 m.
Voucher: Kayap 601 (MO!)
Depts.: AM, LO

Inga myriantha Poeppig =Inga umbellifera (M. Vahl) Steudel
Ref. FP 13(3/1) 1943: 33; León, 1966: 345; Sousa, 1993: 265.

Inga myriocephala Pittier =Inga acrocephala Steudel
Ref. FP 13(3/1) 1943: 13; Gereau, pers. comm.

Inga nitida Willdenow
Ref. Ducke, 1949: 30; Irwin, 1966: 101.
Tree. Amazonian: forests. 0-500 m.
Note: Treated as a synonym of *I. pilosula* by León (1966: 315) and Poncy (1985: 53).
Voucher: Foster 11351 (MO!)
Depts.: MD

Inga nobilis Willdenow
Syn. *Inga mathewsiana* Bentham
Ref. FP 13(3/1) 1943: 33; Ducke, 1949: 28; Poncy, 1985: 50, Roosmalen, 1985: 240.
Shrub or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Young & Stratton 214 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Inga obidensis Ducke
Ref. Ducke, 1949: 23.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 12413 (MO!)
Depts.: MD

Inga obscura J. F. Macbride
Ref. FP 13(3/1) 1943: 34.
Endemic tree. Andean I: forests, disturbed areas. 1000-2000 m.
Voucher: Klug 3690* (MO!), Smith 3108 (MO!)
Depts.: PA, SM

Inga ochroclada Harms =Inga striata Bentham
Ref. FP 13(3/1) 1943: 42.
Note: Species accepted by Ducke (1949: 33).

Inga odorata G. Don =Inga semialata (Vell. Conc.) C. Martius
Ref. FP 13(3/1) 1943: 30; Gereau, pers. comm.

Inga oerstediana Bentham ex Seemann
Syn. *Feuilleea endlicheri* Kuntze, *Inga endlicheri* (Kuntze) J. F. Macbride, *Inga fasciculata* Poeppig, nom. illeg.
Ref. León, 1966: 330; Sagástegui & Dillon, 1991: 45; Sousa, 1993: 252.
Tree. Amazonian, Andean I-II: cloud forests, disturbed areas, forests, riversides. 0-2000 m.
Voucher: Gentry 43696 (MO!)
Depts.: AM, CU, LO, MD, PA, SM, UC

Inga pardoana Harms =Inga quaternata Poeppig
Ref. FP 13(3/1) 1943: 35; Gereau, pers. comm.

Inga pavoniana G. Don
Syn. *Inga donaeana* J. F. Macbride
Ref. FP 13(3/1) 1943: 35; Sousa, 1993: 253.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Spruce 4503 (K)
Depts.: HU, JU, LO, SM

Inga pedicellaris DC. =Macrosamanea pedicellaris (DC.) Kleinhoonte
Ref. Lewis, 1987: 165.

Inga peltadenia Harms =Inga thibaudiana DC.
Ref. FP 13(3/1) 1943: 35; Spichiger *et al.*, 1989: 335; Sousa, 1993: 265.

Inga pezizifera Bentham
Ref. León, 1966: 288; Sousa, 1993: 254.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 36548 (MO!)
Depts.: AM, LO

Inga pilosiuscula Desvaux =Inga pilosula (Richard) J. F. Macbride
Ref. FP 13(3/1) 1943: 41; León, 1966: 314.

Inga pilosula (Richard) J. F. Macbride
Syn. *Inga affinis* Steudel, *Inga pilosiuscula* Desvaux, *Inga platycarpa* Bentham, *Inga quassiifolia* Willdenow, *Inga setifera* DC., *Mimosa pilosula* Richard, *Mimosa quassiifolia* (Willdenow) Poiret
Ref. FP 13(3/1) 1943: 41; León, 1966: 314; Roosmalen, 1985: 240.
Shrub or tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 4641 (MO!)
Depts.: LO

Inga platycarpa Bentham =Inga pilosula (Richard) J. F. Macbride
Ref. León, 1966: 314.

Inga plumifera Spruce ex Bentham
Ref. FP 13(3/1) 1943: 36; Ducke, 1949: 31.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7882 (MO!)
Depts.: LO

Inga poeppigiana Bentham
Syn. *Inga ciliata* Poeppig, nom. illeg.
Ref. FP 13(3/1) 1943: 36.
Tree or treelet. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Poeppig 2436* (W), Vásquez *et al.* 11237 (MO!)
Depts.: LO

[*Inga polystachya* (L.) Scopoli =Entada polystachya (L.) DC.]
Note: Not known from Peru.

Inga polystachya Bentham =Inga cylindrica (Vell. Conc.) C. Martius
Ref. Lewis, 1987: 157.

Inga pruriens Poeppig
Syn. *Inga weberbaueri* Harms
Ref. FP 13(3/1) 1943: 37.
Shrub or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Poeppig 2015* (W), Schunke 7229 (MO!)
Depts.: AM, HU, LO, SM

[Inga pulchriflora Ducke]
Ref. FP 13(3/1) 1943: 37; Ducke, 1949: 23.
Note: Not known from Peru.

Inga punctata Willdenow
Syn. *Inga punctata* var. *elongata* J. F. Macbride
Ref. FP 13(3/1) 1943: 38; León, 1966: 290; Sousa, 1993: 256.
Shrub or tree. Amazonian, Andean I-II: forests on white sand, seasonally inundated areas. 0-2500 m.
Voucher: Vásquez 5030 (MO!)
Depts.: AM, AY, CU, HU, LO, MD, PA, PU, SM, UC

Inga punctata var. *elongata* J. F. Macbride =Inga punctata Willdenow
Ref. FP 13(3/1) 1943: 38; Gereau, pers. comm.

Inga pycnostachya Bentham =Inga semialata (Vell. Conc.) C. Martius
Ref. FP 13(3/1) 1943: 30; Gereau, pers. comm.
Note: Treated as a synonym of *I. marginata* Willdenow [nom. illeg.] by various authors.

Inga quassiifolia Willdenow =Inga pilosula (Richard) J. F. Macbride
Ref. León, 1966: 314.

Inga quaternata Poeppig
Syn. *Inga pardoana* Harms
Ref. FP 13(3/1) 1943: 39; Ducke, 1949: 21; Sousa, 1993: 257.
Shrub or tree. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Vásquez *et al.* 12439 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Inga ricardorum Bernardi & Spichiger
Ref. Bernardi & Spichiger, 1981: 57; Poncy, 1985: 51; Spichiger *et al.*, 1989: 338.
Tree. Amazonian: forests. 0-500 m.
Voucher: Bernardi 20691* (MO!), Ayala 355 (MO!)
Depts.: LO

Inga rufiseta Bentham =Inga stipulacea G. Don
Ref. FP 13(3/1) 1943: 42; Ducke, 1949: 32.

Inga ruiziana G. Don
Syn. *Inga fagifolia* G. Don, *Inga foliosa* Bentham
Ref. FP 13(3/1) 1943: 40; Ducke, 1949: 29; Sousa, 1993: 258.
Tree. Amazonian, Andean I-II: disturbed areas, forests on white sand, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (OXF), Smith 3836 (MO!)
Depts.: AM, CU, HU, LI, LO, MD, PA, SM, UC

Inga saman (Jacquin) Willdenow =Albizia saman (Jacquin) F. Mueller

Inga scabriuscula Bentham
Ref. FP 13(3/1) 1943: 22; Ducke, 1949: 33.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ferreyra 16215 (MO!)
Depts.: LO

Inga schimpffii Harms =Inga spectabilis var. schimpffii (Harms) Little
Ref. Little, 1970: 268; Sousa, 1993: 263.

Inga semialata (Vell. Conc.) C. Martius
Syn. *Inga excelsa* Poeppig, nom. illeg., *Inga marginata* Willdenow, nom. illeg., *Inga microcoma* Harms, *Inga odorata* G. Don, *Inga pycnostachya* Bentham, *Mimosa semialata* Vell. Conc.
Ref. León, 1966: 282; Sousa, 1993: 259.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas, swamps. 0-1500 m.
Voucher: Díaz & Vásquez 3669 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, MD, PA, PU, SM, UC

Inga sertulifera DC.
Syn. *Inga coriacea* (Persoon) Desvaux, nom. illeg., *Inga coriacea* var. *leptopus* (Bentham) J. F. Macbride, *Inga leptopus* Bentham, *Inga sertulifera* var. *leptopus* (Bentham) Bentham, *Mimosa coriacea* Persoon
Ref. FP 13(3/1) 1943: 20; Poncy, 1985: 41; Sousa, 1993: 261.
Shrub or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: Treated as a synonym of *Inga coriacea* by Spichiger *et al.* (1989: 332).
Voucher: Vásquez & Jaramillo 6635 (MO!)
Depts.: AM, LO, MD, SM

Inga sertulifera var. *leptopus* (Bentham) Bentham =Inga sertulifera DC.
Ref. FP 13(3/1) 1943: 21.

Inga setifera DC. =Inga pilosula (Richard) J. F. Macbride
Ref. FP 13(3/1) 1943: 40; León, 1966: 314.

Inga setigera Poeppig =Inga stipulacea G. Don
Ref. FP 13(3/1) 1943: 42; Ducke, 1949: 32.

Inga setosa G. Don
Ref. FP 13(3/1) 1943: 41.
Shrub or tree. Amazonian, Andean I: disturbed areas, riversides, terra firme forests. 0-1000 m.
Voucher: Pavón s.n.* (OXF), Smith 5286 (MO!)
Depts.: AM, CU, LO, MD, PA

Inga speciosa M. Martens & Galeotti =Calliandra cumingii Bentham
Ref. FP 13(3/1) 1943: 70; Schery, 1950a: 262.

Inga spectabilis (M. Vahl) Willdenow var. **schimpffii** (Harms) Little
Syn. *Inga schimpffii* Harms
Ref. Little, 1970: 268; Sousa, 1993: 263.
Tree. Amazonian: disturbed areas, riversides, seasonally inundated areas, semi-deciduous forests. 0-1500 m.
Voucher: Smith 1301 (MO!)
Depts.: CU, HU, LO, MD, UC

Inga splendens Willdenow
Ref. Ducke, 1949: 29; Roosmalen, 1985: 242.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 11597 (MO!)
Depts.: LO, MD

Inga stenoptera Bentham
Ref. FP 13(3/1) 1943: 42; Ducke, 1949: 30.
Tree. Amazonian, Andean I, Andean III: forests, seasonally inundated areas. 0-2000 m.
Voucher: Gentry *et al.* 38155 (MO!)
Depts.: CA, LO, MD, SM

Inga stipulacea G. Don
Syn. *Inga chaetophora* Harms, *Inga rufiseta* Bentham, *Inga setigera* Poeppig
Ref. FP 13(3/1) 1943: 42; Ducke, 1949: 32.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez *et al.* 7793 (MO!)
Depts.: HU, LO, MD, SM

Inga stipularis DC.
Ref. Ducke, 1949: 27; Roosmalen, 1985: 242.
Tree. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1618 (MO!)
Depts.: AM, LO, MD

Inga striata Bentham
Syn. *Inga ochroclada* Harms
Ref. FP 13(3/1) 1943: 42; Lewis, 1987: 160.
Tree. Amazonian, Andean I-II: disturbed areas, semi-deciduous forests. 0-2000 m.
Voucher: Knapp & Alcorn 7578 (MO!)
Depts.: AM, JU, LO, MD, PA, SM

Inga strigillosa Spruce ex Bentham
Ref. Ducke, 1949: 28; Roosmalen, 1985: 242.
Tree. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2000 m.
Note: Treated as a synonym of *Inga leiocalycina* by Poncy (1985: 47).
Voucher: Vásquez *et al.* 12441 (MO!)
Depts.: AM, LO, MD, PA, SM

Inga tarapotensis Spruce ex Bentham
Ref. FP 13(3/1) 1943: 43; Mackinder *et al.*, 1990: 20.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Spruce 4221* (K), Ancuash 1083 (USM!)
Depts.: AM, SM

Inga tenuistipula Ducke
Syn. *Inga guentheri* Harms
Ref. FP 13(3/1) 1943: 44; Ducke, 1949: 24.
Shrub, tree or treelet. Amazonian, Andean I: disturbed areas, forests on white sand, swamps, terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 7712 (MO!)
Depts.: AM, LO, MD, PA, UC

Inga tessmannii Harms
Syn. *Inga tessmannii* var. *harmsii* J. F. Macbride
Ref. FP 13(3/1) 1943: 44.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Tessmann 4655* (B photo F!), Kayap 654 (MO!)
Depts.: AM, LO, UC

Inga tessmannii var. *harmsii* J. F. Macbride =Inga tessmannii Harms
Ref. FP 13(3/1) 1943: 44.

Inga thibaudiana DC.
Syn. *Inga peltadenia* Harms, *Inga thibaudiana* var. *latifolia* Bentham
Ref. FP 13(3/1) 1943: 35; Ducke, 1949: 29; Sousa, 1993: 265.
Tree. Amazonian, Andean I: disturbed

areas, terra firme forests. 0-1500 m.
Voucher: Schunke 8145 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Inga thibaudiana var. *latifolia* Bentham =Inga thibaudiana DC.
Ref. FP 13(3/1) 1943: 35; Spichiger *et al.*, 1989: 335.

Inga tocacheana D. Simpson
Ref. Simpson, 1975: 310.
Shrub or tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Schunke 3789* (MO!), Ancuash 1083 (MO!)
Depts.: AM, LO, SM

Inga tomentosa Bentham
Ref. FP 13(3/1) 1943: 45.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vargas 15466 (MO!)
Depts.: CU, MD

Inga umbellata G. Don =Inga heterophylla Willdenow
Ref. FP 13(3/1) 1943: 24; León, 1966: 349.

Inga umbellifera (M. Vahl) Steudel
Syn. *Inga myriantha* Poeppig, *Mimosa umbellifera* M. Vahl
Ref. Ducke, 1949: 22; Sousa, 1993: 265.
Shrub or tree. Amazonian, Andean I: riversides, rocky slopes, seasonally inundated areas, swamps, terra firme forests. 0-1500 m.
Voucher: Rimachi 3008 (MO!)
Depts.: JU, LO, MD, SM, UC

Inga umbratica Poeppig
Ref. FP 13(3/1) 1943: 45; Sousa, 1993: 266.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Considered as a synonym of *I. umbellifera* by León (1966), but Sousa (1993) maintained it as a distinct species.
Voucher: Poeppig s.n.* (W photo F!), Daly & Acevedo 5103 (MO!)
Depts.: LO

Inga unijuga Poeppig =Macrolobium limbatum var. limbatum
Ref. Cowan, 1953b: 306; Cowan, 1955: 113.

Inga urabensis Uribe
Syn. *Inga callicarpa* Zamora, *Inga cyclocarpa* Ducke, nom. illeg.
Ref. Uribe-Uribe, 1947: 405; Sousa, 1993: 266.
Tree. Amazonian: forests. 0-500 m.
Voucher: Huashikat 2021 (MO!)
Depts.: AM, LO, PA

Inga velutina Willdenow
Syn. *Inga expansa* Rusby, *Mimosa velutina* (Willdenow) Poiret
Ref. FP 13(3/1) 1943: 44; Ducke, 1949: 31.
Tree. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2000 m.
Voucher: Foster *et al.* 11518 (MO!)
Depts.: LO, MD, PA, UC

Inga villosissima Bentham
Ref. Cárdenas, 1974: 119.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Díaz & Vásquez 3671 (MO!)
Depts.: MD

Inga vismiifolia Poeppig
Ref. FP 13(3/1) 1943: 46.
Tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Poeppig s.n.* (W), Vásquez & Jaramillo 2381 (MO!)
Depts.: LO, MD, UC

Inga weberbaueri Harms =Inga pruriens Poeppig
Ref. FP 13(3/1) 1943: 37.

Inga yacoana J. F. Macbride
Ref. FP 13(3/1) 1943: 46; Ducke, 1949: 26.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 63373 (MO!)
Depts.: PA

Jacqueshuberia loretensis R. Cowan
Ref. Cowan, 1985: 294.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Gentry *et al.* 15778* (MO!, USM)
Depts.: LO

Jupunba trapezifolia (M. Vahl) Moldenke =Abarema jupunba (Willdenow) Britton & Killip
Ref. FP 13(3/1) 1943: 56; Rico, pers. comm.

Klugiodendron laetum (Poeppig) Britton & Killip =Pithecellobium laetum (Poeppig) Bentham
Ref. FP 13(3/1) 1943: 57; Rico, pers. comm.

Lablab purpureus (L.) Sweet
Syn. *Dolichos lablab* L., *Dolichos purpureus* L.
Ref. Duke, 1981: 102; D'Arcy & Poston, 1980: 715.
Cultivated and introduced vine. Coastal: disturbed areas. 0-1000 m.
Voucher: Ferreyra 14078 (USM!)
Depts.: AP, CU, IC, JU, LI, LL, PI

Larrea gracilis R. & P. =Hoffmannseggia prostrata Lagerheim ex DC.
Ref. FP 13(3/1) 1943: 194; Lewis, pers. comm.

Larrea viscosa R. & P. =Hoffmannseggia viscosa var. viscosa
Ref. FP 13(3/1) 1943: 197.

Lathyrus crassipes Gillies ex Hooker & Arnott =Lathyrus pusillus Elliott
Ref. FP 13(3/1) 1943: 353; Allkin *et al.*, 1986: 12.

Lathyrus fruticosus Cavanilles =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 84.

[Lathyrus longipes F. Philippi]
Syn. *Lathyrus longipes* var. *peruvianus* J. F. Macbride
Ref. FP 13(3/1) 1943: 353; Burkart, 1942: 16.
Note: Not known from Peru. Burkart (1942: 16) pointed out his earlier misapplication of this name (Burkart, 1935: 81) when he published *L. tropicalandinus*. *Lathyrus longipes* was treated as a variety of *L. magellanicus* by Burkart (1942: 23).

[*Lathyrus longipes* var. *peruvianus* J. F. Macbride =Lathyrus longipes F. Philippi]
Note: Not known from Peru.

Lathyrus magellanicus Lamarck
Ref. FP 13(3/1) 1943: 354; Allkin *et al.*, 1985: 24.
Vine. Andean II-III: disturbed areas, grasslands, shrublands. 1500-4000 m.
Voucher: Hutchison & Wright 6964 (MO!)
Depts.: AM, AP, CA, CU, HV, LI, PI

Lathyrus odoratus L.
Ref. Allkin *et al.*, 1986: 26.
Cultivated & introduced herb. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Tupayachi 1082 (MO!)
Depts.: CU

Lathyrus pusillus Elliott
Syn. *Lathyrus crassipes* Gillies ex Hooker & Arnott
Ref. Allkin *et al.*, 1985: 24.
Herb or vine. Andean I-II: disturbed areas. 2000-3000 m.
Voucher: Macbride 3424 (F)
Depts.: CA, HU

[Lathyrus stipularis C. Presl]
Ref. FP 13(3/1) 1943: 353; Allkin *et al.*, 1986: 33.
Note: Not known from Peru. Treated as a synonym under *L. crassipes* [=*L. pusilla*] in the Flora of Peru.

Lathyrus tropicalandinus Burkart
Ref. Burkart, 1942: 16; Allkin *et al.*, 1985: 24.
Herb or vine. Andean II-III: disturbed areas, rocky slopes. 3000-4000 m.
Note: Named by Burkart (1942) to replace his misapplication of *L. longipes* F. Philippi as published in Burkart (1935: 81).
Voucher: Weberbauer 7873 (US)
Depts.: CU, JU, LI

Lecointea ovalifolia J. F. Macbride
Ref. FP 13(3/1) 1943: 220; Barneby, 1989: 352.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.

Voucher: Klug 3853* (MO!)
Depts.: SM

Lecointea peruviana Standley ex J. F. Macbride var. **peruviana**
Ref. FP 13(3/1) 1943: 220; Barneby, 1989: 352.
Tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Klug 4284* (MO!), Gentry *et al.* 27242 (MO!)
Depts.: MD, PA, SM

Leptoglottis leptocarpa (DC.) Standley =Mimosa quadrivalvis var. leptocarpa (DC.) Barneby
Ref. FP 13(3/1) 1943: 97; Barneby, 1991: 298.

Leptolobium leiocarpum J. Vogel =Apuleia leiocarpa (J. Vogel) J. F. Macbride
Ref. FP 13(3/1) 1943: 142; Lewis, 1987: 45.

[Leucaena canescens Bentham]
Ref. FP 13(3/1) 1943: 98.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Weberbauer 7739*, was redetermined as *L. trichodes* (Hughes, pers. comm.).

Leucaena glauca Bentham =Leucaena leucocephala (Lamarck) De Wit
Ref. FP 13(3/1) 1943: 99; Carrillo, 1974: 52; Shaw & Schubert, 1976: 117.
Note: Name based on *Mimosa glauca* L. (1762) non L. (1753).

Leucaena leucocephala (Lamarck) De Wit
Syn. *Acacia leucocephala* (Lamarck) Link, *Leucaena glauca* Bentham, *Mimosa glauca* L., nom. illeg., *Mimosa leucocephala* Lamarck
Ref. Duke, 1981: 120; McVaugh, 1987: 185; Hughes, pers. comm.
Cultivated & introduced shrub or tree. Amazonian, Andean I, Coastal: disturbed areas. 0-1500 m.
Voucher: Hudson 939 (MO!)
Depts.: CU, HU, JU, LA, LI, LO, PA, SM, TA

Leucaena trichodes (Jacquin) Bentham
Syn. *Acacia trichodes* (Jacquin) Willdenow, *Leucaena trichodes* var. *acutifolia* J. F. Macbride, *Mimosa trichodes* Jacquin
Ref. FP 13(3/1) 1943: 99; Brewbaker & Ito, 1980: 42; Hughes, pers. comm.
Shrub or tree. Amazonian, Andean I: deserts, disturbed areas, dry valleys, forests. 0-2000 m.
Voucher: Ferreyra *et al.* 10676 (MO!)
Depts.: AM, AN, AP, CA, CU, HU, LA, LI, LL, PI, TU

Leucaena trichodes var. *acutifolia* J. F. Macbride =Leucaena trichodes (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 99; Hughes, pers. comm.

Libidibia corymbosa (Bentham) Britton & Killip =Caesalpinia paipai var. paipai
Ref. FP 13(3/1) 1943: 193.

Lonchocarpus amerimnum DC. =Platymiscium pinnatum (Jacquin) Dugand
Ref. Enrech & Agostini, 1987: 116.

Lonchocarpus angulatus Ducke
Syn. *Derris angulata* (Ducke) Ducke, *Derris sylvestris* (A. C. Smith) J. F. Macbride, *Lonchocarpus sylvestris* A. C. Smith
Ref. Sousa, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 27528 (US)
Depts.: JU, LO

Lonchocarpus boliviensis Pittier =Lonchocarpus densiflorus Bentham
Ref. FP 13(3/1) 1943: 261; Sousa, pers. comm.
Note: Treated as a synonym of *Derris glabrescens* (Bentham) J. F. Macbride in the Flora of Peru.

Lonchocarpus confertiflorus Bentham
Syn. *Derris confertiflora* (Bentham) J. F. Macbride
Ref. FP 13(3/1) 1943: 260; Sousa, pers. comm.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Note: Treated under *Derris* in the Flora of Peru.
Voucher: Spruce 4219* (K), Gentry & Smith 44977 (MO!)
Depts.: SM

Lonchocarpus densiflorus Bentham
Syn. *Derris glabrescens* (Bentham) J. F. Macbride, *Lonchocarpus boliviensis* Pittier, *Lonchocarpus glabrescens* Bentham
Ref. Hermann, 1949: 284; Sousa, pers. comm.
Liana or tree. Amazonian: forests. 0-500 m.
Voucher: Davidson & Jones 9722 (MO!)
Depts.: LO

Lonchocarpus denudatus Bentham =Muellera denudata (Bentham) M. Sousa
Ref. Sousa, pers. comm.

Lonchocarpus glabrescens Bentham =Lonchocarpus densiflorus Bentham
Ref. FP 13(3/1) 1943: 261; Sousa, pers. comm.
Note: Treated under *Derris glabrescens* in the Flora of Peru.

Lonchocarpus guillemineanus (Tulasne) Malme
Syn. *Derris guilleminiana* (Tulasne) J. F. Macbride, *Derris seorsa* J. F. Macbride, *Lonchocarpus neuroscapha* Bentham, *Neuroscapha guilleminiana* Tulasne
Ref. FP 13(3/1) 1943: 262; Lewis, 1987: 235; Sousa, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Note: Treated under *Derris guilleminiana* in the Flora of Peru.
Voucher: Vásquez & Jaramillo 12970 (MO!)
Depts.: LO, SM

Lonchocarpus hedyosmus Miquel
Syn. *Derris hedyosma* (Miquel) J. F. Macbride, *Lonchocarpus macrocarpus* var. *sericophyllus* Bentham
Ref. FP 13(3/1) 1943: 262; Sousa, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Note: Accepted under *Derris* in the Flora of Peru.
Voucher: Spruce 4597 (K)
Depts.: LO

Lonchocarpus hylobius Harms
Syn. *Derris hylobia* (Harms) J. F. Macbride
Ref. FP 13(3/1) 1943: 262; Sousa, pers. comm.
Tree. Andean I: forests. 500-1000 m.
Note: Treated under *Derris* in the Flora of Peru.
Voucher: Tessmann 4032* (B photo F), Gutiérrez 90 (USM)
Depts.: AM, HU

Lonchocarpus macrocarpus var. *sericophyllus* Bentham =Lonchocarpus hedyosmus Miquel
Ref. FP 13(3/1) 1943: 262; Sousa, pers. comm.
Note: Treated as a synonym of *Derris hedyosma* (Miquel) J. F. Macbride in the Flora of Peru.

Lonchocarpus negrensis Bentham
Syn. *Deguelia amazonica* Killip, *Derris amazonica* Killip
Ref. FP 13(3/1) 1943: 260; Ducke, 1949: 199; M. Sousa, pers. comm.
Liana. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3833 (B, destroyed)
Depts.: LO

Lonchocarpus neuroscapha Bentham =Lonchocarpus guillemineanus (Tulasne) Malme
Ref. FP 13(3/1) 1943: 262; Lewis, 1987: 235.

Lonchocarpus nicou (Aublet) DC.
Syn. *Derris nicou* (Aublet) J. F. Macbride, *Robinia nicou* Aublet
Ref. FP 13(3/1) 1943: 263; Lemée, 1952: 126; Duke, 1981: 122; Sousa, pers. comm.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Note: Treated as a synonym of *Derris* in the Flora of Peru.
Voucher: Killip & Smith 22913 (US)
Depts.: AY, JU, LO

Lonchocarpus nicou var. *utilis* (A. C. Smith) F. J. Hermann =Lonchocarpus utilis A. C. Smith
Ref. Sousa, pers. comm.

Lonchocarpus pterocarpus DC. =Deguelia scandens Aublet

Ref. FP 13(3/1) 1943: 263; M. Sousa, pers. comm.
Note: Treated under *Derris* in the Flora of Peru.

[*Lonchocarpus rariflorus* C. Martius ex Bentham =Derris rariflora (C. Martius ex Bentham) J. F. Macbride]
Ref. FP 13(3/1) 1943: 264; Ducke, 1949: 196.
Note: Not known from Peru.

Lonchocarpus scandens (Aublet) Ducke =Deguelia scandens Aublet
Ref. M. Sousa, pers. comm.

Lonchocarpus spiciflorus C. Martius ex Bentham
Syn. *Derris spiciflora* (C. Martius ex Bentham) J. F. Macbride
Ref. FP 13(3/1) 1943: 265; Sousa, pers. comm.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: Treated under *Derris* in the Flora of Peru.
Voucher: Núñez 6086 (MO!)
Depts.: LO, MD, UC

Lonchocarpus sylvestris A. C. Smith =Lonchocarpus angulatus Ducke
Ref. FP 13(3/1) 1943: 266; M. Sousa, pers. comm.
Note: Taxon equated with *L. angulatus* by Azevedo-Tozzi (1989: 140).

Lonchocarpus urucu Killip & A. C. Smith =Derris urucu (Killip & A. C. Smith) J. F. Macbride
Ref. FP 13(3/1) 1943: 266; Ducke, 1949: 198.

Lonchocarpus utilis A. C. Smith
Syn. *Derris utilis* (A. C. Smith) Ducke, *Lonchocarpus nicou* var. *utilis* (A. C. Smith) F. J. Hermann
Ref. FP 13(3/1) 1943: 263; M. Sousa, pers. comm.
Liana, shrub or treelet. Amazonian: disturbed areas, forests 0-500 m.
Note: No fertile collections are known for this species. Treated as a synonym of *Derris nicou* in the Flora of Peru.
Voucher: Killip & Smith 27278* (NY photo MEXU!), Plowman 11430 (MEXU!)
Depts.: LO, SM

Lotodes glandulosum (L.) Kuntze =Otholobium glandulosum (L.) Grimes
Ref. Grimes, 1990: 29.

Lupinaster amabilis (H.B.K.) C. Presl =Trifolium amabile var. amabile
Ref. Zohary & Heller, 1984: 125.

Lupinaster depauperatus (Desvaux) C. Presl =Trifolium depauperatum var. depauperatum
Ref. Zohary & Heller, 1984: 568.

Lupinus acopalcus C. P. Smith
Ref. C. P. Smith, 1953: 754.
Endemic herb. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 996* (DS)
Depts.: JU

Lupinus adinoanthus C. P. Smith
Ref. C. P. Smith, 1948b: 595.
Endemic subshrub. Andean III: rocky slopes. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 4888* (DS)
Depts.: CU

Lupinus albert-smithianus C. P. Smith
Ref. FP 13(3/1) 1943: 469; C. P. Smith, 1941: 279; C. P. Smith, 1948k: 633.
Endemic shrub. Andean II-III: grasslands, shrublands. 2500-3000 m.
Voucher: Killip & Smith 24196* (DS), Edwin & Schunke 3774 (USM!)
Depts.: PI

Lupinus alibicolor C. P. Smith
Ref. C. P. Smith, 1953: 756.
Endemic herb. Andean II: grasslands, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa s.n.[13 May 1952]* (DS)
Depts.: LL

Lupinus alimanens C. P. Smith
Ref. FP 13(3/1) 1943: 475; C. P. Smith, 1940c: 162; C. P. Smith, 1945b: 544.
Endemic subshrub. Andean II: disturbed areas, grasslands, rocky slopes. 3000-3500 m.
Note: Treated as a synonym of *L. condensiflorus* C. P. Smith in the Flora of Peru.
Voucher: Herrera 57* (B), Vargas 4890 (DS)
Depts.: CU

Lupinus alinanus C. P. Smith
Ref. C. P. Smith, 1945b: 537.
Endemic herb or subshrub. Andean II: grasslands, rocky slopes. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 27* (Herb. Vargas)
Depts.: CU

Lupinus allargyreius C. P. Smith
Syn. *Lupinus microphyllus* var. *argyreius* Ball
Ref. FP 13(3/1) 1943: 469; C. P. Smith, 1941: 269; C. P. Smith, 1953: 758.
Endemic herb or subshrub. Andean III: grasslands. 3500-4500 m.
Voucher: Ball s.n.* (K), Macbride & Featherstone 932 (F)
Depts.: JU, LI, PU

Lupinus ambaticus (C. P. Smith) C. P. Smith =Lupinus ramosissimus Bentham
Ref. FP 13(3/1) 1943: 498.

Lupinus amboensis C. P. Smith
Ref. C. P. Smith, 1953: 764.
Endemic herb or subshrub. Andean II: disturbed areas, shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 1109* (DS)
Depts.: HU

Lupinus ampaiensis C. P. Smith
Ref. C. P. Smith, 1948f: 610.
Endemic shrub. Andean II: rocky slopes. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 1025* (DS)
Depts.: AP

Lupinus ananeanus Ulbrich
Ref. FP 13(3/1) 1943: 470; C. P. Smith, 1941: 260; C. P. Smith, 1948l: 634; Marticorena & Quezada, 1985: 59.
Herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Weberbauer 1022* (B photo F!), Tovar 6263 (USM!)
Depts.: AR, AY, CU, HV, JU, PU

Lupinus andinus Rose ex J. F. Macbride
Ref. C. P. Smith, 1941: 259; C. P. Smith, 1948k: 633.
Endemic herb or subshrub. Andean III: grasslands. 4000-4500 m.
Note: Known from Peru only from the type locality. Not listed in the Flora of Peru.
Voucher: Macbride & Featherstone 884* (F)
Depts.: JU

Lupinus antensis C. P. Smith
Ref. C. P. Smith, 1948a: 586.
Endemic subshrub. Andean II: rocky slopes. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5486* (MO!)
Depts.: CU

Lupinus appositus C. P. Smith
Ref. FP 13(3/1) 1943: 470; C. P. Smith, 1940b: 155.
Endemic subshrub.
Note: Known from Peru only from the type locality.
Voucher: Mathews 479[left]* (K)
Depts.: LI

Lupinus arequipensis C. P. Smith
Ref. FP 13(3/1) 1943: 471; C. P. Smith, 1941: 280.
Endemic herb or subshrub. Coastal: lomas, shrublands. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Hitchcock 22378* (US)
Depts.: AR

Lupinus aridulus C. P. Smith
Ref. FP 13(3/1) 1943: 471; C. P. Smith, 1941: 271; C. P. Smith, 1953: 757.
Herb or subshrub. Andean II-III: disturbed areas. 3000-4500 m.
Voucher: Pennell 13431* (GH), Tupayachi 136 (MO!)
Depts.: CU, PU

Lupinus arizelus C. P. Smith
Ref. C. P. Smith, 1948b: 597.
Endemic subshrub. Andean II: grasslands, rocky slopes. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5189* (DS)
Depts.: CU

Lupinus asa-grayanus C. P. Smith
Syn. *Lupinus cruckshanksii* A. Gray, nom. illeg.
Ref. FP 13(3/1) 1943: 470; C. P. Smith, 1941: 260; C. P. Smith, 1945a: 450; C. P. Smith, 1948j: 628.
Endemic herb or subshrub. Andean III: grasslands, shrublands. 3500-4500 m.
Note: Treated as a synonym of *L. ananeanus* Ulbrich in the Flora of Peru.
Voucher: Cruckshanks s.n.* (K), Wilkes Exped. s.n. (US)
Depts.: PA

Lupinus asymbepus C. P. Smith
Ref. C. P. Smith, 1948f: 613.
Herb or subshrub. Andean II-III: rocky slopes, shrublands. 2500-4000 m.
Voucher: Nehmad 469* (MO!), Smith & Sánchez 4260 (MO!)
Depts.: AP, CA

Lupinus austrobicolor C. P. Smith
Ref. C. P. Smith, 1953: 755.
Endemic herb or shrub. Andean II: shrublands. 3000-3500 m.
Voucher: Ochoa 1466* (DS)
Depts.: LL

Lupinus austrosericeus C. P. Smith
Ref. C. P. Smith, 1953: 765.
Endemic shrub. Andean III: rocky slopes. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 241* (DS)
Depts.: LI

Lupinus ballianus C. P. Smith
Ref. FP 13(3/1) 1943: 471; C. P. Smith, 1941: 290; C. P. Smith, 1948h: 621; Galán, 1989a: 194.
Herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Vargas 5267 (MO!)
Depts.: AN, AR, AY, CU, LI, PU

Lupinus barbatilabius C. P. Smith
Ref. C. P. Smith, 1953: 765.
Endemic shrub. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 995* (DS)
Depts.: JU

Lupinus bi-inclinatus C. P. Smith
Ref. C. P. Smith, 1945b: 536; C. P. Smith, 1948a: 589.
Endemic herb or subshrub. Andean III: grasslands, rocky slopes. 3500-4000 m.
Voucher: Vargas 1478* (DS), Vargas 11023 (UC)
Depts.: CU

Lupinus bombycinocarpus C. P. Smith
Ref. C. P. Smith, 1948b: 598.
Endemic subshrub. Andean II-III: rocky slopes. 3000-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5971* (DS)
Depts.: CU

Lupinus brachypremnon C. P. Smith
Ref. FP 13(3/1) 1943: 472; C. P. Smith, 1941: 294; C. P. Smith, 1948k: 632.
Endemic shrub. Andean II: grasslands, rocky slopes, shrublands. 3000-3500 m.
Voucher: Killip & Smith 23361* (DS), Macbride 3483 (F)
Depts.: AN, HU, JU

Lupinus breviscapus Ulbrich
Ref. C. P. Smith, 1948g: 618.
Herb or subshrub. Andean III: shrublands. 4000-4500 m.
Voucher: Pearce s.n. (K)
Depts.: HV

Lupinus cachupatensis C. P. Smith
Ref. C. P. Smith, 1945b: 541; C. P. Smith, 1948b: 594.

Depts.: LL

Lupinus pachitensis C. P. Smith
Ref. C. P. Smith, 1953: 764.
Endemic herb or shrub. Andean II: disturbed areas. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 1106* (DS)
Depts.: HU

Lupinus paniculatus Desrousseaux var. **paniculatus**
Ref. FP 13(3/1) 1943: 494; C. P. Smith, 1940c: 167; C. P. Smith, 1941: 290; Foster, 1958: 98.
Herb or subshrub. Andean II-III: riversides, rocky slopes. 2500-4000 m.
Voucher: Jussieu s.n.* (P), Brunel 3 (MO!)
Depts.: AM, AN, CU, HV, JU, LL, PU

Lupinus paruroensis C. P. Smith
Ref. C. P. Smith, 1945b: 540.
Endemic herb or subshrub. Andean II: grasslands, rocky slopes. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 2348* (DS), Carter 15 (USM!)
Depts.: CU

Lupinus pasachoensis C. P. Smith
Ref. C. P. Smith, 1940e: 234.
Subshrub. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: Vargas 8719 (MO!)
Depts.: AP

Lupinus paucartambensis C. P. Smith
Ref. C. P. Smith, 1945b: 542; C. P. Smith, 1948b: 594; C. P. Smith, 1953: 766.
Endemic subshrub. Andean II: disturbed areas, grasslands, rocky slopes, shrublands. 3000-3500 m.
Voucher: Vargas 4315* (DS), Ochoa 1110 (DS)
Depts.: CU, PA

Lupinus pendentiflorus C. P. Smith
Ref. C. P. Smith, 1940b: 158.
Endemic subshrub.
Note: Known from Peru only from the type locality, but this species may actually be from Ecuador.
Voucher: Pearce s.n.[Apr 1867]* (K)
Depts.: Without full locality data.

Lupinus perblandus C. P. Smith
Ref. FP 13(3/1) 1943: 494; C. P. Smith, 1940c: 169; C. P. Smith, 1941: 290; C. P. Smith, 1948g: 619.
Endemic shrub. Andean III: rocky slopes, shrublands. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Pearce s.n.[May 1867]* (K)
Depts.: HV

Lupinus peruvianus Ulbrich
Ref. FP 13(3/1) 1943: 495; C. P. Smith, 1941: 275; C. P. Smith, 1948d: 606.
Endemic herb. Andean III: rocky slopes. 3500-4500 m.
Voucher: Weberbauer 3980* (MO!), Vargas 8684 (MO!)
Depts.: AM, AP, AY, CA, JU, PA

Lupinus pickeringii A. Gray
Ref. FP 13(3/1) 1943: 495; C. P. Smith, 1941: 268; C. P. Smith, 1948h: 621; C. P. Smith, 1948i: 625.
Endemic subshrub. Andean III: grasslands, rocky slopes. 3500-4000 m.
Voucher: Wilkes Exped. s.n.* (US), Macbride & Featherstone 783 (US)
Depts.: HU, JU, LI

Lupinus pinguis Ulbrich
Ref. FP 13(3/1) 1943: 495; C. P. Smith, 1941: 262; C. P. Smith, 1948g: 618.
Endemic herb. Andean III: grasslands, rocky slopes. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5458* (B photo F!)
Depts.: HV

Lupinus pipersmithianus J. F. Macbride
Ref. FP 13(3/1) 1943: 496; C. P. Smith, 1948f: 610.
Endemic shrub. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality. Type collection reported as "*Goodspeed 10594*" in the Flora of Peru.
Voucher: Stork *et al.* 10954* (UC)
Depts.: AP

Lupinus pisacensis C. P. Smith
Ref. C. P. Smith, 1948a: 589.
Endemic shrub. Andean III: disturbed areas. 3500-4000 m.

Note: Known from Peru only from the type locality.
Voucher: Vargas 5209* (DS)
Depts.: CU

Lupinus piurensis C. P. Smith
Ref. C. P. Smith, 1953: 768.
Endemic herb or subshrub. Andean II: grasslands, shrublands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Ochoa 1799* (DS)
Depts.: PI

Lupinus platyptenus C. P. Smith
Ref. C. P. Smith, 1948b: 599.
Endemic subshrub. Andean II: rocky slopes. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5993* (DS)
Depts.: CU

Lupinus praealtus C. P. Smith
Ref. FP 13(3/1) 1943: 498; C. P. Smith, 1940c: 163; C. P. Smith, 1948i: 627.
Endemic shrub. Andean II: rocky slopes. 3000-3500 m.
Voucher: Macbride & Featherstone 2144* (US)
Depts.: CU, HU, LI

Lupinus praestabilis C. P. Smith
Ref. C. P. Smith, 1948a: 587; Dunn & Harmon, 1978: 344.
Endemic subshrub. Andean II: disturbed areas, rocky slopes, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5052* (DS)
Depts.: CU

Lupinus praetermissus C. P. Smith
Ref. FP 13(3/1) 1943: 497; C. P. Smith, 1940d: 183; C. P. Smith, 1941: 296; C. P. Smith, 1948l: 635.
Endemic herb or subshrub. Andean II: grasslands, rocky slopes, shrublands. 2500-3000 m.
Voucher: Weberbauer 5480* (B), Stafford K74 (K)
Depts.: AY, CU

Lupinus proculaustrinus C. P. Smith
Ref. C. P. Smith, 1948h: 607; Dunn & Harmon, 1978: 344.
Endemic herb or subshrub. Andean II: rocky slopes. 2500-3500 m.
Voucher: Metcalf 30409* (MO!), Vargas 9242 (MO!)
Depts.: TA

Lupinus prostratus J. Agardh
Ref. FP 13(3/1) 1943: 497; C. P. Smith, 1941: 270; C. P. Smith, 1948j: 628; C. P. Smith, 1953: 758.
Endemic herb or subshrub. Andean III: rocky slopes. 3500-4000 m.
Voucher: Mathews 684* (CGE), Ochoa 1009 (DS)
Depts.: JU, PA

Lupinus pucapucensis C. P. Smith
Ref. C. P. Smith, 1948b: 593; C. P. Smith, 1948f: 609.
Endemic subshrub. Andean III: rocky slopes. 3500-4000 m.
Voucher: Vargas 5567* (DS), Vargas 9815 (UC)
Depts.: AP, CU

Lupinus pulvinaris Ulbrich
Ref. FP 13(3/1) 1943: 498; C. P. Smith, 1941: 258; C. P. Smith, 1948k: 630; C. P. Smith, 1948l: 635.
Subshrub. Andean III: grasslands, shrublands. > 4500 m.
Voucher: Weberbauer 985* (B photo F!), Killip & Smith 22110 (US)
Depts.: AY, JU, PU

Lupinus punensis C. P. Smith =Lupinus eriocladus Ulbrich
Ref. FP 13(3/1) 1943: 478; C. P. Smith, 1940d: 177.

Lupinus puyupatensis C. P. Smith
Ref. C. P. Smith, 1945b: 538; C. P. Smith, 1948b: 598.
Endemic herb. Andean II: grasslands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 2715* (DS)
Depts.: CU

Lupinus quellomayus C. P. Smith
Ref. C. P. Smith, 1948a: 592.
Endemic herb or subshrub. Andean III: grasslands. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 4449* (DS)
Depts.: CU

Lupinus ramosissimus Bentham
Syn. *Lupinus ambaticus* (C. P. Smith) C. P. Smith, *Lupinus ramosissimus* var. *ambaticus* C. P. Smith
Ref. FP 13(3/1) 1943: 498; C. P. Smith, 1940b: 154; C. P. Smith, 1941: 286; Foster, 1958: 98.
Shrub. Andean II: grasslands, shrublands. 2500-3000 m.
Voucher: Mathews 1570 (K)
Depts.: AM

Ref. FP 13(3/1) 1943: 277; Ducke, 1949: 182.
Liana. Amazonian: forests. 0-500 m.
Note: Not reconfirmed.
Voucher: Killip & Smith 27833 (F)
Depts.: LO

Machaerium angustifolium J. Vogel =Machaerium isadelphum (E. Meyer) Amshoff
Ref. FP 13(3/1) 1943: 276; Dwyer, 1965: 16.
Note: Treated as a synonym of *M. aculeatum* in the Flora of Peru.

Machaerium aristulatum (Spruce ex Bentham) Ducke
Syn. *Drepanocarpus aristulatus* Spruce ex Bentham
Ref. FP 13(3/1) 1943: 277; Bastos, 1987: 224; Rudd, 1987a: 11.
Liana, shrub, tree or vine. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 3697 (MO!)
Depts.: LO

Machaerium bangii Rusby =Machaerium isadelphum (E. Meyer) Amshoff
Ref. FP 13(3/1) 1943: 278; Rudd, 1977: 134; Bastos, 1987: 245.

Machaerium campylothyrsum Hoehne
Syn. *Machaerium campylothyrsum* var. *crebrifoliolatum* Hoehne
Ref. FP 13(3/1) 1943: 278; Ducke, 1949: 185.
Liana. Amazonian: forests. 0-500 m.
Voucher: Ducke s.n. (MG)
Depts.: LO

Machaerium campylothyrsum var. *crebrifoliolatum* Hoehne =Machaerium campylothyrsum Hoehne
Ref. FP 13(3/1) 1943: 278.

[Machaerium complanatum Ducke]
Ref. FP 13(3/1) 1943: 278.
Note: Not known from Peru.

Machaerium cuspidatum Kuhlmann & Hoehne
Ref. FP 13(3/1) 1943: 279; Ducke, 1949: 182.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry & Jaramillo 41346 (MO!)
Depts.: AM, HU, LO, PA, UC

Machaerium cuzcoense Rudd
Ref. Rudd, 1973a: 403.
Endemic tree. Andean I: semi-deciduous forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Chávez 423* (F)
Depts.: CU

Machaerium decorticans Ducke =Machaerium floribundum var. floribundum
Ref. FP 13(3/1) 1943: 279; Rudd, 1987b: 298.

Machaerium duckeanum Hoehne
Syn. *Machaerium macrocarpum* Ducke, nom. illeg.
Ref. Rudd, 1987b: 291.
Liana or shrub. Amazonian: forests, riversides. 0-500 m.
Voucher: Croat 17833 (MO)
Depts.: LO

Machaerium ferox (C. Martius ex Bentham) Ducke
Syn. *Drepanocarpus ferox* C. Martius ex Bentham
Ref. Rudd, 1987a: 9.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: Not *M. ferox* Glaziou, nom. nud.
Voucher: Gentry & Revilla 20826 (MO!)
Depts.: LO

Machaerium ferrugineum var. *parviflorum* Bentham =Machaerium quinata var. parviflorum (Bentham) Rudd
Ref. Rudd, 1987b: 290.

Machaerium floribundum Bentham var. **floribundum**
Syn. *Machaerium decorticans* Ducke
Ref. FP 13(3/1) 1943: 280; Rudd, 1987b: 298.
Liana. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 42213 (MO!)
Depts.: HU, LO

Machaerium floribundum var. **hypargyreum** (Harms) Rudd

Syn. *Dalbergia hypargyrea* Harms
Ref. Rudd, 1972c: 122; Rudd, 1987b: 301.
Endemic liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Tessmann 4549* (B photo F!), Gentry *et al.* 19071 (MO)
Depts.: LO

Machaerium floribundum var. **parviflorum** Bentham
Ref. Rudd, 1987b: 300.
Liana. Amazonian: disturbed areas, forests, swamps. 0-500 m.
Voucher: Spruce 4544* (K!), Smith 4013 (MO!)
Depts.: LO, PA, SM

Machaerium huanucoense Rudd
Ref. Rudd, 1973a: 401.
Endemic liana. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 5895* (US)
Depts.: HU

Machaerium inundatum (C. Martius ex Bentham) Ducke
Syn. *Drepanocarpus inundatus* C. Martius ex Bentham
Ref. Ducke, 1949: 185.
Tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Stein *et al.* 3971 (MO!)
Depts.: LO

Machaerium iquitosense J. F. Macbride =Machaerium macrophyllum var. macrophyllum
Ref. FP 13(3/1) 1943: 280; Rudd, 1987b: 295.

Machaerium isadelphum (E. Meyer) Amshoff
Syn. *Drepanocarpus isadelphus* E. Meyer, *Machaerium angustifolium* J. Vogel, *Machaerium bangii* Rusby, *Machaerium longifolium* Bentham, *Machaerium schunkei* J. F. Macbride
Ref. FP 13(3/1) 1943: 276; Rudd, 1977: 134; Bastos, 1987: 245.
Liana shrub or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1500 m.
Note: Treated as a synonym under *M. aculeatum* in the Flora of Peru.
Voucher: Revilla 660 (MO!)
Depts.: CU, LO, SM

Machaerium jacarandifolium Rusby
Ref. Foster, 1958: 99.
Tree. Amazonian: forests. 0-500 m.
Voucher: Núñez & Phillips 10438 (MO!)
Depts.: MD

Machaerium kegelii Meissner
Ref. FP 13(3/1) 1943: 281; Ducke, 1949: 245; Rudd, 1977: 138.
Liana. Amazonian: forests. 0-500 m.
Voucher: Croat 18151 (MO!)
Depts.: LO

[Machaerium lanceolatum (Vell. Conc.) J. F. Macbride]
Syn. *Machaerium secundiflorum* C. Martius ex Bentham, *Nissolia lanceolata* Vell. Conc.
Ref. FP 13(3/1) 1943: 281; Rudd, 1956: 197; Lewis, 1987: 219.
Note: Not known from Peru.

Machaerium latifolium Rusby
Ref. Foster, 1958: 99.
Liana. Amazonian: forests. 0-500 m.
Voucher: Foster 11440 (K!)
Depts.: CU, MD, SM

Machaerium leiophyllum (DC.) Bentham var. **latifolium** (Bentham) Rudd
Syn. *Drepanocarpus crista-castrensis* var. *latifolius* Bentham
Ref. Rudd, 1971b: 56.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: McDaniel & Rimachi 17220 (USM!)
Depts.: LO

Machaerium leiophyllum var. **leiophyllum**
Syn. *Nissolia leiophylla* DC.
Ref. FP 13(3/1) 1943: 282; Ducke, 1949: 183; Rudd, 1956: 197.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Revilla 1801 (MO!)
Depts.: LO

Machaerium longifolium Bentham =Machaerium isadelphum (E. Meyer) Amshoff
Ref. FP 13(3/1) 1943: 282; Rudd, 1977: 134; Bastos, 1987: 245.

[Machaerium longistipitatum Hoehne]
Ref. FP 13(3/1) 1943: 283; Foster, 1958: 99.
Note: Not known from Peru.

Machaerium lunatum (L. f.) Ducke
Syn. *Drepanocarpus lunatus* (L. f.) G. Meyer, *Pterocarpus lunatus* L. f.
Ref. FP 13(3/1) 1943: 283; Bastos, 1987: 250; Rudd, 1987a: 3.
Shrub or treelet. Amazonian: forests. 0-500 m.
Note: Not reconfirmed. Rudd (1987) does not list any Peruvian material under this species.
Voucher: Huber s.n. (MG)
Depts.: LO

Machaerium macrocarpum Ducke, nom. illeg. =Machaerium duckeanum Hoehne
Ref. Rudd, 1987b: 291.
Note: Not *M. macrocarpum* Bentham.

Machaerium macrophyllum Bentham var. **macrophyllum**
Syn. *Machaerium iquitosense* J. F. Macbride
Ref. Rudd, 1987b: 295.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 10049 (MO!)
Depts.: CU, SM

Machaerium madeirense Pittier
Ref. Ducke, 1949: 179; Roosmalen, 1985: 212.
Liana. Amazonian: disturbed areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3294 (MO!)
Depts.: LO

Machaerium millei Standley
Ref. Standley, 1942: 30.
Tree. Andean I: semi-deciduous forests. 500-1000 m.
Voucher: Gentry & Díaz 58250 (MO!)
Depts.: TU

Machaerium multifoliolatum Ducke
Ref. Bastos, 1987: 254.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Gentry *et al.* 41723 (MO!)
Depts.: LO, PA

Machaerium nervosum J. Vogel =Machaerium quinata var. parviflorum (Bentham) Rudd
Ref. Rudd, 1987b: 290.

Machaerium penduliflorum Rudd
Ref. Rudd, 1973b: 102.
Endemic tree. Andean I: forests. 500-1000 m.
Voucher: Belshaw 3457* (MO!), Wasshausen & Encarnación 707 (MO!)
Depts.: CU, SM

Machaerium peruvianum J. F. Macbride
Ref. FP 13(3/1) 1943: 284.
Endemic shrub. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Williams 3441* (F)
Depts.: SM

Machaerium quinata (Aublet) Sandwith var. **parviflorum** (Bentham) Rudd
Syn. *Machaerium ferrugineum* var. *parviflorum* Bentham, *Machaerium nervosum* J. Vogel
Ref. Rudd, 1987b: 290.
Liana. Amazonian: forests, disturbed areas. 0-500 m.
Voucher: Revilla 319 (MO!)
Depts.: LO, PA

Machaerium schunkei J. F. Macbride =Machaerium isadelphum (E. Meyer) Amshoff
Ref. FP 13(3/1) 1943: 284; Rudd, 1977: 134; Bastos, 1987: 248.

Machaerium secundiflorum C. Martius ex Bentham =Machaerium lanceolatum (Vell. Conc.) J. F. Macbride
Ref. FP 13(3/1) 1943: 281; Lewis, 1987: 219.

[Machaerium tortipes Hoehne]
Ref. FP 13(3/1) 1943: 285; Ducke, 1949: 179.
Note: Not known from Peru.

Macrolobium acaciifolium (Bentham) Bentham
Syn. *Outea acaciifolia* Bentham, *Vouapa acaciifolia* (Bentham) Baillon, *Vuapa acaciifolia* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 136; Cowan, 1953b: 282; Spichiger *et al.*, 1989: 299.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez & Jaramillo 9284 (MO!)
Depts.: HU, LO, PA

Macrolobium angustifolium (Bentham) R. Cowan
Syn. *Macrolobium chrysostachyum* (Miquel) Bentham, *Vouapa angustifolia* Bentham, *Vouapa chrysostachya* Miquel
Ref. Cowan, 1953b: 314.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 26208 (MO!, USM!)
Depts.: LO

Macrolobium arenarium Ducke
Ref. Cowan, 1953b: 303.
Shrub or tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez & Jaramillo 10580 (MO!)
Depts.: LO

Macrolobium bifolium (Aublet) Persoon
Syn. *Macrolobium vuapa* J. Gmelin, nom. illeg., *Vouapa bifolia* Aublet, *Vuapa bifolia* (Aublet) J. St. Hilaire
Ref. FP 13(3/1) 1943: 137; Cowan, 1953b: 310.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Gentry *et al.* 36465 (MO!)
Depts.: LO

Macrolobium chrysostachyum (Miquel) Bentham =Macrolobium angustifolium (Bentham) R. Cowan
Ref. FP 13(3/1) 1943: 138; Cowan, 1953b: 314.

Macrolobium debile Ducke =Macrolobium gracile var. debile (Ducke) R. Cowan
Ref. Cowan, 1953b: 275.

Macrolobium gracile Spruce ex Bentham var. **debile** (Ducke) R. Cowan
Syn. *Macrolobium debile* Ducke
Ref. Cowan, 1953b: 275.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 6761 (F, USM!)
Depts.: SM

Macrolobium gracile var. **gracile**
Syn. *Vouapa gracilis* (Spruce ex Bentham) Taubert, *Vuapa gracilis* (Spruce ex Bentham) Kuntze
Ref. Cowan, 1953b: 276.
Tree. Amazonian, Andean I: forests on white sand, riversides. 0-1000 m.
Voucher: Knapp 8082 (MO!)
Depts.: AM, HU, JU, LO, PA, SM, UC

Macrolobium ischnocalyx Harms
Ref. FP 13(3/1) 1943: 138; Cowan, 1953b: 331.
Endemic tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Tessmann 4265* (F), Klug 3046 (MO!)
Depts.: AM, LO, SM

Macrolobium klugii R. Cowan
Ref. Cowan, 1953b: 309.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 1353* (US)
Depts.: LO

Macrolobium limbatum Spruce ex Bentham var. **limbatum**
Syn. *Inga unijuga* Poeppig, *Macrolobium unijugum* (Poeppig) R. Cowan, nom. illeg., *Vouapa limbata* (Spruce ex Bentham) Taubert, *Vuapa unijuga* (Poeppig) Kuntze
Ref. FP 13(3/1) 1943: 139; Cowan, 1953b: 308; Cowan, 1955: 113.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2867 (MO!)
Depts.: AM, LO, PA

Macrolobium limbatum var. **mucronatum** (R. Cowan) R. Cowan
Syn. *Macrolobium unijugum* var. *mucronatum* R. Cowan
Ref. Cowan, 1955: 113; Spichiger *et al.*, 1989: 302.
Shrub or tree. Amazonian: forests. 0-500 m.
Note: In Spichiger *et al.* (1989: 302) as *M. unijugum* var. *mucronatum*.
Voucher: Jenaro Herrera Arboretum 1/113 (G)
Depts.: LO

Macrolobium limbatum var. **propinquum** R. Cowan
Ref. Cowan, 1977: 238.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 8950 (MO!)
Depts.: LO

Macrolobium machaerioides Killip & J. F. Macbride
Ref. FP 13(3/1) 1943: 139; Cowan, 1953b: 277.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 547* (US), Tessmann 4157 (NY)
Depts.: LO

Macrolobium microcalyx Ducke
Ref. FP 13(3/1) 1943: 140; Cowan, 1953b: 296.
Tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8867 (MO!)
Depts.: LO

Macrolobium multijugum (DC.) Bentham var. **multijugum**
Syn. *Outea multijuga* DC., *Vouapa multijuga* (DC.) Taubert, *Vuapa multijuga* (DC.) Kuntze
Ref. Cowan, 1953b: 294.
Tree. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 22273 (MO!)
Depts.: LO, UC

Macrolobium punctatum Spruce ex Bentham
Syn. *Vouapa punctata* (Spruce ex Bentham) Taubert, *Vuapa punctata* (Spruce ex Bentham) Kuntze
Ref. FP 13(3/1) 1943: 140; Cowan, 1953b: 305.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20216 (MO!, USM!)
Depts.: LO

Macrolobium stenocladum Harms
Ref. FP 13(3/1) 1943: 141; Cowan, 1953b: 331.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4091* (G), Kujikat 88 (MO!)
Depts.: AM

Macrolobium taylorii D. Simpson
Ref. Simpson, 1975: 312.
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Mathias & Taylor 5000* (F)
Depts.: HU

Macrolobium unijugum (Poeppig) R. Cowan, nom. illeg. =Macrolobium limbatum var. limbatum
Ref. Cowan, 1955: 113.
Note: Not *M. unijugum* Pellegrin.

Macrolobium unijugum var. *mucronatum* R. Cowan =Macrolobium limbatum var. mucronatum (R. Cowan) R. Cowan
Ref. Cowan, 1953b: 308; Cowan, 1955: 113.

Macrolobium vuapa J. Gmelin, nom. illeg. =Macrolobium bifolium (Aublet) Persoon
Ref. Cowan, 1953b: 310.

Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Syn. *Phaseolus atropurpureus* Moçiño & Sessé ex DC., *Phaseolus atropurpureus* var. *canescens* (M. Martens & Galeotti) Hassler, *Phaseolus atropurpureus* var. *pseuderythroloma* Hassler, *Phaseolus canescens* M. Martens & Galeotti, *Phaseolus vestitus* Hooker
Ref. Marechal *et al.*, 1978: 153; Duke, 1981: 141.
Herb. Amazonian, Andean I-II: disturbed areas, forests. 0-2500 m.
Voucher: Ferreyra 2760 (USM!)
Depts.: AM, AP, CU, HU, LI, LL, SM, UC

Macroptilium bracteatum (Nees & C. Martius) Marechal & Baudet
Syn. *Phaseolus bracteatus* Nees & C. Martius
Ref. Marechal *et al.*, 1978: 154.
Herb. Coastal: disturbed areas. 0-1000 m.

Voucher: Sagástegui & Mostacero 10440 (MO!)
Depts.: LA, LL

Macroptilium erythroloma (C. Martius ex Bentham) Urban
Syn. *Phaseolus erythroloma* C. Martius ex Bentham
Ref. Marechal *et al.*, 1978: 154.
Herb. Andean I-II, Coastal: shrublands. 500-2500 m.
Voucher: Vargas 13173 (MO!)
Depts.: AM, CU, HU, LA

[Macroptilium gibbosifolium (Ortega) A. Delgado]
Syn. *Macroptilium heterophyllum* (Willdenow) Marechal & Baudet, *Phaseolus fraternus* Piper, *Phaseolus gibbosifolius* Ortega, *Phaseolus heterophyllus* Willdenow
Ref. Delgado, 1981: 295.
Note: Not known from Peru.

[*Macroptilium heterophyllum* (Willdenow) Marechal & Baudet =Macroptilium gibbosifolium (Ortega) A. Delgado]
Ref. Marechal *et al.*, 1978: 156; Delgado, 1981: 295.
Note: Not known from Peru.

Macroptilium lathyroides (L.) Urban
Syn. *Phaseolus lathyroides* L.
Ref. Marechal *et al.*, 1978: 152.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Sagástegui 10933 (MO!)
Depts.: AM, AN, CA, HU, LA, LI, LO, LL, PI, SM, UC

Macroptilium longepedunculatum (C. Martius ex Bentham) Urban
Syn. *Phaseolus campestris* C. Martius ex Bentham, *Phaseolus longepedunculatus* C. Martius ex Bentham
Ref. Marechal *et al.*, 1978: 153.
Herb or vine. Coastal: disturbed areas. 0-500 m.
Voucher: Cerrate 5227 (USM!)
Depts.: LA, PI, TU

Macrosamanea basijuga (Ducke) Dugand =Marmaroxylon basijugum (Ducke) L. Rico
Ref. Rico, 1991: 515.

[Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Syn. *Inga adiantifolia* Kunth, *Inga discolor* Humboldt & Bonpland ex Willdenow, *Mimosa discolor* (Humboldt & Bonpland ex Willdenow) Poiret, *Pithecellobium adiantifolium* (Kunth) Bentham, *Pithecellobium discolor* (Humboldt & Bonpland ex Willdenow) J. F. Macbride, nom. illeg., *Samanea adiantifolia* (Kunth) Pittier
Ref. FP 13(3/1) 1943: 63.
Note: Not known from Peru.

Macrosamanea pedicellaris (DC.) Kleinhoonte
Syn. *Inga pedicellaris* DC., *Pithecellobium pedicellare* (DC.) Bentham, *Samanea pedicellaris* (DC.) Killip ex Record
Ref. Lewis, 1987: 165.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Note: Proposed for treatment under *Albizia* by Barneby & Grimes (pers. comm.).
Voucher: Díaz 1678 (MO!)
Depts.: AM, HU, JU, PA, UC

Macrosamanea spruceana (Bentham) Killip ex Record
Syn. *Pithecellobium spruceanum* Bentham
Ref. FP 13(3/1) 1943: 63; Rico, pers. comm.
Liana, shrub or tree. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: McDaniel 16312 (MO!)
Depts.: LO

Malocchia ensiformis (L.) Savi =Canavalia ensiformis (L.) DC.
Ref. Sauer, 1964: 27790.

Manganaroa altiscandens (Ducke) Spegazzini =Acacia altiscandens Ducke
Ref. A. S. Silva, 1990: 182.

Manganaroa paniculata (Willdenow) Spegazzini =Acacia tenuifolia (L.) Willdenow
Ref. A. S. Silva, 1990: 205; Seigler, pers. comm.

Manganaroa paraensis (Ducke) Spegazzini =Acacia paraensis Ducke
Ref. A. S. Silva, 1990: 209.

Marmaroxylon basijugum (Ducke) L. Rico
Syn. *Macrosamanea basijuga* (Ducke) Dugand, *Pithecellobium basijugum* Ducke
Ref. Rico, 1991: 515.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 1326 (MO!)
Depts.: LO

Marmaroxylon ramiflorum (Bentham) L. Rico
Syn. *Pithecellobium ramiflorum* Bentham, *Pithecellobium umbriflorum* Ducke
Ref. Rico, 1991: 518.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8197 (MO!)
Depts.: LO

[Martiodendron elatum (Ducke) Gleason]
Syn. *Martiusia elata* Ducke
Ref. Koeppen & Iltis, 1962: 205.
Note: Not known from Peru.

[Martiodendron elatum var. occidentale (Ducke) Gleason]
Syn. *Martiodendron macrocarpon* Gleason, *Martiusia elata* var. *occidentale* Ducke
Ref. Koeppen & Iltis, 1962: 207.
Note: Not known from Peru.

Martiodendron macrocarpon Gleason =Martiodendron elatum var. occidentale (Ducke) Gleason
Ref. FP 13(3/1) 1943: 185; Koeppen & Iltis, 1962: 207.

[*Martiusia elata* Ducke =Martiodendron elatum (Ducke) Gleason]
Ref. FP 13(3/1) 1943: 185; Ducke, 1949: 125; Koeppen & Iltis, 1962: 205.
Note: Not known from Peru.

[*Martiusia elata* var. *occidentale* Ducke =Martiodendron elatum var. occidentale (Ducke) Gleason]
Ref. Koeppen & Iltis, 1962: 208.
Note: Not known from Peru.

Martiusia rubignosa (Jussieu ex Persoon) Britton =Clitoria falcata var. falcata
Note: Name based on *Clitoria rubignosa*.

Medicago denticulata Willdenow =Medicago polymorpha L.
Ref. FP 13(3/1) 1943: 452; McVaugh, 1987: 627.

Medicago hispida Gaertner =Medicago polymorpha L.
Ref. FP 13(3/1) 1943: 452; McVaugh, 1987: 627.

Medicago lupulina L.
Ref. FP 13(3/1) 1943: 453; Duke, 1981: 151; McVaugh, 1987: 626.
Cultivated and introduced herb. Amazonian, Andean I-III: disturbed areas, rocky slopes. 0-4000 m.
Voucher: Hutchison & Wright 5260 (UC, USM!)
Depts.: AM, AN, AR, CA, CU, HU, HV, JU, LI, PA

Medicago polymorpha L.
Syn. *Medicago denticulata* Willdenow, *Medicago hispida* Gaertner
Ref. Mostacero, 1976: 16; Duke, 1981: 154; McVaugh, 1987: 627.
Cultivated and introduced herb. Andean I-III, Coastal: disturbed areas, grasslands. 0-4000 m.
Voucher: Sullivan *et al.* 889 (MO!)
Depts.: AM, AN, AP, AR, CA, CU, HU, JU, LI, LL, PA, PU

Medicago sativa L.
Ref. FP 13(3/1) 1943: 453; Duke, 1981: 157; McVaugh, 1987: 627.
Cultivated and introduced herb. Andean I-III, Coastal: disturbed areas, grasslands. 0-4500 m.
Voucher: Gentry *et al.* 19173 (MO!)
Depts.: AN, AR, CU, IC, JU, LI

Meibomia adscendens (Swartz) Kuntze =Desmodium adscendens (Swartz) DC.
Ref. FP 13(3/1) 1943: 417; Schubert, 1980: 627.

Meibomia adscendens var. *incana* Kuntze =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 641.

Meibomia albida S. F. Blake =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. FP 13(3/1) 1943: 420; Schubert, 1980: 633.

Meibomia andina Rusby =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419.

Meibomia axillaris (Swartz) Kuntze =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Meibomia axillaris var. *obtusifoliolia* Kuntze =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Meibomia barbata (L.) Kuntze =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421; Schubert, 1980: 634.

Meibomia bigelowii (A. Gray) Kuntze =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia cajanifolia (H.B.K.) Kuntze =Desmodium cajanifolium (H.B.K.) DC.
Ref. FP 13(3/1) 1943: 422; Schubert, 1980: 635.

Meibomia campyloclada (Hemsley) Kuntze =Desmodium campyloclados Hemsley
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 637.

Meibomia cana (J. Gmelin) S. F. Blake =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 423; Schubert, 1980: 641.

Meibomia cayennense (DC.) Kuntze =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Meibomia distorta (Aublet) Schindler =Desmodium distortum (Aublet) J. F. Macbride
Ref. FP 13(3/1) 1943: 425; Schubert, 1980: 638.

Meibomia distorta var. *perrottetii* (DC.) Schindler =Desmodium perrottetii DC.
Ref. FP 13(3/1) 1943: 431; Schubert, 1980: 650.

Meibomia glabra (Miller) Kuntze =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Meibomia heterocarpa (L.) Kuntze =Desmodium heterocarpon (L.) DC.
Note: Name based on *Hedysarum heterocarpon*.

Meibomia hoehneana Schindler =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia humilis Schindler =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia intorta (Miller) S. F. Blake =Desmodium intortum var. intortum
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 646.

Meibomia lilloana Schindler =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia limensis (Hooker) Kuntze =Desmodium limense Hooker
Ref. FP 13(3/1) 1943: 427; Rudd, 1971a: 617.

Meibomia micrantha Schindler =Desmodium micranthum var. micranthum
Ref. FP 13(3/1) 1943: 428.

Meibomia mollicula (H.B.K.) Kuntze =Desmodium molliculum (H.B.K.) DC.
Ref. FP 13(3/1) 1943: 429; Schubert, 1980: 649.

Meibomia mollis (M. Vahl) Kuntze =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Meibomia neomexicana (A. Gray) Kuntze =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia parva Schindler =Desmodium neomexicanum A. Gray
Ref. FP 13(3/1) 1943: 430.

Meibomia purpurea (Miller) Vail ex Small =Desmodium tortuosum (Swartz) DC.
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 659.

Meibomia racemifera (DC.) Kuntze =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424.

Meibomia reptans (Poiret) Kuntze =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Meibomia sclerophylla (Bentham) Kuntze =Desmodium sclerophyllum Bentham
Ref. FP 13(3/1) 1943: 432.

Meibomia scorpiurus (Swartz) Kuntze =Desmodium scorpiurus (Swartz) Desvaux
Ref. FP 13(3/1) 1943: 433; Schubert, 1980: 656.

Meibomia sintenisii (Urban) Britton =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. FP 13(3/1) 1943: 420; Schubert, 1980: 633.

Meibomia subsericea (Malme) Schindler =Desmodium subsericeum Malme
Ref. FP 13(3/1) 1943: 433.

Meibomia supina (Swartz) Britton =Desmodium incanum DC.
Ref. FP 13(3/1) 1943: 424; Schubert, 1980: 641.

Meibomia terminalis (Richard) Kuntze =Desmodium glabrum (Miller) DC.
Ref. FP 13(3/1) 1943: 426; Schubert, 1980: 639.

Meibomia tortuosa (Swartz) Kuntze =Desmodium tortuosum (Swartz) DC.
Ref. FP 13(3/1) 1943: 434; Schubert, 1980: 658.

Meibomia uncinata (Jacquin) Kuntze =Desmodium uncinatum (Jacquin) DC.
Ref. FP 13(3/1) 1943: 435; Lewis, 1987: 249.

Meibomia villosa (Miller) Kuntze =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Meibomia weberbaueri Schindler =Desmodium weberbaueri (Schindler) J. F. Macbride
Ref. FP 13(3/1) 1943: 437.

Meibomia wydleriana (Urban) Britton =Desmodium wydlerianum Urban
Ref. FP 13(3/1) 1943: 438; Schubert, 1980: 661.

Melilotus alba Medikus
Ref. FP 13(3/1) 1943: 453; Gutte *et al.*, 1986: 193.
Cultivated and introduced herb. Andean I-II. 500-3000 m.
Voucher: Gentry *et al.* 61289 (MO!)
Depts.: AM, AN, AR, CA, LI

Melilotus indica (L.) Allioni
Syn. *Melilotus parviflora* Desfontaines, *Trifolium melilotus* var. *indica* L.
Ref. FP 13(3/1) 1943: 453; Duke, 1981: 165; McVaugh, 1987: 629.
Cultivated and introduced herb. Amazonian, Andean I-III, Coastal: cloud forests, disturbed areas, lomas. 0-4000 m.
Voucher: Tupayachi & Galiano 794 (MO!)
Depts.: AM, AN, AP, AR, CA, CU, IC, HU, JU, LI, LL, TA

Melilotus parviflora Desfontaines =Melilotus indica (L.) Allioni
Ref. FP 13(3/1) 1943: 453; Duke, 1981: 165.

Micropteryx poeppigiana Walpers =Erythrina poeppigiana (Walpers) Cook
Ref. FP 13(3/1) 1943: 311; Krukoff & Barneby, 1974: 347.

Mimosa acantholoba (Humboldt & Bonpland ex Willdenow) Poiret var. **acantholoba**
Syn. *Acacia acantholoba* Humboldt &

Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 109.
Shrub. Coastal: disturbed areas, semi-deciduous forests. 0-500 m.
Voucher: Gentry & Díaz 58181 (MO!)
Depts.: LA, PI, TU

Mimosa alba Swartz =Inga alba (Swartz) Willdenow
Ref. FP 13(3/1) 1943: 14; Sousa, 1993: 231.

Mimosa albida Humboldt & Bonpland ex Willdenow var. **albida**
Syn. *Mimosa albida* var. *strigosa* (Willdenow) Robinson, *Mimosa strigosa* Willdenow
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 543.
Subshrub or vine. Andean I, Coastal: disturbed areas, rocky slopes, shrublands. 0-1500 m.
Voucher: Humboldt & Bonpland 3756* (P-H&B), Sagástegui & Cabanillas 6534 (MO!)
Depts.: CA, LI, LL, TU

Mimosa albida var. *erratica* J. F. Macbride =Mimosa albida var. willdenowii (Poiret) Rudd
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 544.

Mimosa albida var. *floribunda* (Willdenow) Robinson =Mimosa albida var. willdenowii (Poiret) Rudd
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 544.

Mimosa albida var. *strigosa* (Willdenow) Robinson =Mimosa albida var. albida
Ref. Barneby, 1991: 543.

Mimosa albida var. **willdenowii** (Poiret) Rudd
Syn. *Mimosa albida* var. *erratica* J. F. Macbride, *Mimosa albida* var. *floribunda* (Willdenow) Robinson, *Mimosa floribunda* Willdenow, *Mimosa willdenowii* Poiret
Ref. Barneby, 1991: 544.
Shrub. Andean II: shrublands. 2000-2500 m.
Voucher: Woytkowski 6760 (MO!)
Depts.: AN, AR, LA, LI, PI

Mimosa angustisiliqua Lamarck, nom. illeg. =Desmanthus virgatus (L.) Willdenow
Ref. Luckow, 1989: 389.

Mimosa annularis Spruce ex Bentham var. **xinguensis** (Ducke) Barneby
Syn. *Mimosa xinguensis* Ducke
Ref. Barneby, 1991: 36.
Liana. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 5567 (MO!)
Depts.: LO

Mimosa arborea L. =Cajoba arborea (L.) Britton & Rose
Ref. Rico, 1991: 507.

[Mimosa asperata L.]
Ref. FP 13(3/1) 1943: 92; Barneby, 1991: 437.
Note: Not known from Peru. Incorrectly listed as a synonym of *M. pigra* in the Flora of Peru.

Mimosa boliviana Bentham
Ref. FP 13(3/1) 1943: 87; Barneby, 1991: 578.
Shrub. Andean II-III: cloud forests. 2000-3000 m.
Voucher: Ferreyra 8425 (MO!)
Depts.: CU, PU

Mimosa bourgonii Aublet =Inga bourgonii (Aublet) DC.
Ref. Poncy, 1985: 33; Sousa, 1993: 259.

Mimosa brevifolia Humboldt ex Sprengel, nom. nud. =Mimosa montana var. montana
Ref. FP 13(3/1) 1943: 90; Barneby, 1991: 89.

Mimosa caduca (Humboldt & Bonpland ex Willdenow) Poiret
Syn. *Acacia caduca* Humboldt & Bonpland ex Willdenow, *Mimosa xerophytica* Schery
Ref. FP 13(3/1) 1943: 87; Barneby, 1991: 173.
Tree. Andean I-II: rocky slopes. 1000-2000 m.
Voucher: Humboldt & Bonpland 3499* (P-H&B)
Depts.: CA, PI

Mimosa caracasana Jacquin =Zapoteca caracasana subsp. caracasana
Ref. FP 13(3/1) 1943: 69; Hernández, 1989: 828.

Mimosa cauliflora (Willdenow) Poiret =Zygia cauliflora (Willdenow) Killip ex Record
Ref. Rico, pers. comm.

[*Mimosa colubrina* Vell. Conc. =Anadenanthera colubrina var. colubrina]
Ref. FP 13(3/1) 1943: 101; Altschul, 1964: 52.
Note: Not known from Peru.

Mimosa coriacea Persoon =Inga sertulifera DC.
Ref. FP 13(3/1) 1943: 20; Sousa, 1993: 261.

Mimosa coruscans (Humboldt & Bonpland ex Willdenow) Poiret =Inga coruscans Humboldt & Bonpland ex Willdenow
Ref. León, 1966: 287.

Mimosa corymbosa Richard =Albizia corymbosa (Richard) G. P. Lewis & Owen
Ref. FP 13(3/1) 1943: 53; Lewis & Owen, 1989: 40.

Mimosa ctenodes Barneby
Ref. Barneby, 1991: 524.
Endemic shrub. Andean I: dry valleys, rocky slopes. 500-1500 m.
Voucher: Smith 6170* (MO!), Hutchison & Wright 5434 (NY)
Depts.: CA

Mimosa cuatrecasasii Rudd =Mimosa guilandinae var. cuatrecasasii (Rudd) Barneby
Ref. Barneby, 1991: 47.

Mimosa cuzcoana J. F. Macbride
Ref. FP 13(3/1) 1943: 88; Barneby, 1991: 527.
Endemic shrub. Andean II: rocky slopes, shrublands. 1500-2500 m.
Voucher: Vargas 518* (F), Núñez 7556 (MO!)
Depts.: CU

[*Mimosa cyclocarpa* Jacquin =Enterolobium cyclocarpum (Jacquin) Grisebach]
Ref. Spichiger *et al.*, 1989: 324.
Note: Not known from Peru.

Mimosa cylindrica Vell. Conc. =Inga cylindrica (Vell. Conc.) C. Martius
Ref. Lewis, 1987: 157.

Mimosa depressa (Humboldt & Bonpland ex Willdenow) Poiret =Desmanthus depressus Humboldt & Bonpland ex Willdenow
Ref. Luckow, 1989: 249.

Mimosa dichoneuta J. F. Macbride =Mimosa weberbaueri Harms
Ref. FP 13(3/1) 1943: 88; Barneby, 1991: 86.

Mimosa diplotricha C. Wright ex Sauvalle var. **diplotricha**
Syn. *Mimosa invisa* C. Martius, nom. illeg.
Ref. FP 13(3/1) 1943: 89; Barneby, 1991: 201.
Herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Schunke 1115 (MO!)
Depts.: HU

[*Mimosa discolor* (Humboldt & Bonpland ex Willdenow) Poiret =Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Note: Not known from Peru.

Mimosa distachya Ventenat =Paraserianthes lophantha (Willdenow) I. C. Nielsen
Ref. FP 13(3/1) 1943: 47.

Mimosa dulcis Roxburgh =Pithecellobium dulce (Roxburgh) Bentham
Ref. FP 13(3/1) 1943: 54; Rico, 1991: 518.

Mimosa elegans Andrzejowski =Paraserianthes lophantha (Willdenow) I. C. Nielsen
Ref. FP 13(3/1) 1943: 47.
Note: Treated as a synonym of *Albizia distachya* in the Flora of Peru.

Mimosa expansa Pavón ex Bentham, nom. nud. pro syn. =Calliandra expansa Bentham
Ref. FP 13(3/1) 1943: 71.

Mimosa extensissima Ducke =Mimosa guilandinae var. extensissima (Ducke) Barneby
Ref. FP 13(3/1) 1943: 89; Barneby, 1991: 47.

Mimosa fagifolia L. =Inga laurina (Swartz) Willdenow
Ref. León, 1966: 283; Sousa, 1993: 250.

Mimosa farnesiana L. =Acacia farnesiana (L.) Willdenow
Ref. FP 13(3/1) 1943: 77; Duke, 1981: 5; Clarke *et al.*, 1989: 559.

Mimosa floribunda Willdenow =Mimosa albida var. willdenowii (Poiret) Rudd
Ref. FP 13(3/1) 1943: 86; Barneby, 1991: 544.

[*Mimosa glauca* L.(1753) =Acacia glauca (L.) Moench]
Ref. FP 13(3/1) 1943: 99; Howard *et al.*, 1988: 339.
Note: Not known from Peru. Incorrectly listed [instead of "*M. glauca* L. (1763)"] as the basionym of *Leucantha glauca* in the Flora of Peru.

Mimosa glauca L. (1763), nom. illeg. =Leucaena leucocephala (Lamarck) De Wit
Ref. Shaw & Schubert, 1976: 117; Lewis, 1987: 144.

Mimosa gonoclada Bentham =Mimosa revoluta (Kunth) Bentham
Ref. FP 13(3/1) 1943: 94; Barneby, 1991: 56.

Mimosa guilandinae (DC.) Barneby var. **cuatrecasasii** (Rudd) Barneby
Syn. *Mimosa cuatrecasasii* Rudd
Ref. Barneby, 1991: 47.
Liana. Amazonian: forests. 0-500 m.
Voucher: Kayap 271 (MO!)
Depts.: AM, HU, LO

Mimosa guilandinae var. **extensissima** (Ducke) Barneby
Syn. *Mimosa extensissima* Ducke
Ref. Barneby, 1991: 47.
Liana. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Smith 3816 (MO!)
Depts.: AM, LO, PA, SM, UC

Mimosa hispidula H.B.K. =Mimosa pudica var. tetrandra (Humboldt & Bonpland ex Willdenow) DC.
Ref. FP 13(3/1) 1943: 93; Barneby, 1991: 627.

Mimosa inaequalis (Humboldt & Bonpland ex Willdenow) Poiret =Zygia inaequalis (Humboldt & Bonpland ex Willdenow) Pittier

Mimosa incarum Barneby
Ref. Barneby, 1991: 576.
Endemic shrub. Andean II: dry valleys. 2000-3000 m.
Voucher: Sagástegui *et al.* 8447* (NY), Gentry *et al.* 61415 (MO!)
Depts.: CA, LL

Mimosa ingoides Richard =Inga ingoides (Richard) Willdenow
Ref. FP 13(3/1) 1943: 25; León, 1966: 342.

[Mimosa insidiosa C. Martius var. insidiosa]
Syn. *Mimosa retrorsa* Bentham
Ref. FP 13(3/1) 1943: 89; Barneby, 1991: 594.
Note: Not known from Peru.

Mimosa invisa C. Martius, nom. illeg. =Mimosa diplotricha var. diplotricha
Ref. FP 13(3/1) 1943: 89; Barneby, 1991: 201.

Mimosa julibrissin (Durazzini) Scopoli =Albizia julibrissin Durazzini
Ref. Britton & Rose, 1928: 44.

Mimosa juliflora Swartz =Prosopis juliflora var. juliflora
Ref. Burkart, 1976: 499.

Mimosa latifolia L. =Zygia latifolia (L.) Fawcett & Rendle
Ref. FP 13(3/1) 1943: 57; Rico, 1991: 495.

Mimosa laurina Swartz =Inga laurina (Swartz) Willdenow
Ref. León, 1966: 283; Sousa, 1993: 250.

Mimosa lebbeck L. =Albizia lebbeck (L.) Bentham
Ref. Lewis, 1987: 162.

Mimosa leucocephala Lamarck =Leucaena leucocephala (Lamarck) De Wit
Ref. McVaugh, 1987: 185.

Mimosa longicaulis Ducke =Mimosa myriadenia var. egena J. F. Macbride
Ref. Barneby, 1991: 31.

Mimosa macroloba (Willdenow) Poiret =Pentaclethra macroloba (Willdenow) Kuntze
Ref. Schery, 1950a: 313.

[*Mimosa micracantha* Bentham =Mimosa rufescens var. amnis-nigri Barneby]
Ref. FP 13(3/1) 1943: 90; Barneby, 1991: 42.
Note: Not known from Peru.

Mimosa mollissima (Humboldt & Bonpland ex Willdenow) Poiret =Calliandra mollissima (Humboldt & Bonpland ex Willdenow) Bentham
Ref. FP 13(3/1) 1943: 72.

Mimosa montana Kunth var. **montana**
Syn. *Mimosa brevifolia* Humboldt ex Sprengel, nom. nud.
Ref. FP 13(3/1) 1943: 90; Barneby, 1991: 89.
Endemic shrub. Andean II: disturbed areas, dry valleys, rocky slopes. 2000-3500 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), López & Sagástegui 7396 (NY)
Depts.: AN, CA

Mimosa montana var. **sandemanii** Barneby
Ref. Barneby, 1991: 89.
Endemic shrub. Andean II: dry valleys. 1500-2500 m.
Voucher: Sandeman 4277* (F), López *et al.* 8906 (MO!)
Depts.: PI

Mimosa myriadenia (Bentham) Bentham var. **desquamata** Barneby
Ref. Barneby, 1991: 29.
Endemic vine. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4424* (NY), Ancuash 1025 (MO!)
Depts.: AM, LO

Mimosa myriadenia var. **dispersa** Barneby
Ref. Barneby, 1991: 30.
Vine. Amazonian: disturbed areas, forests, riversides. 0-500 m.
Voucher: Gentry & Jaramillo 41369 (MO!)
Depts.: AM, HU, UC

Mimosa myriadenia var. **egena** J. F. Macbride
Syn. *Mimosa longicaulis* Ducke
Ref. FP 13(3/1) 1943: 91; Barneby, 1991: 31.
Vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Schunke 68* (F), Klug 775 (F)
Depts.: LO

Mimosa myriadenia var. **myriadenia**
Syn. *Acacia paniculiflora* Steudel, *Entada myriadenia* Bentham
Ref. FP 13(3/1) 1943: 91; Barneby, 1991: 29.
Liana. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Huashikat 421 (MO!)
Depts.: AM, HU, LO, PI, UC

Mimosa myriadenia var. **punctulata** (Spruce ex Bentham) Barneby
Syn. *Mimosa punctulata* Spruce ex Bentham
Ref. Barneby, 1991: 29.
Liana or vine. Amazonian: disturbed areas, forests on white sand. 0-500 m.
Voucher: Vásquez & Valderrama 1370 (MO!)
Depts.: LO

Mimosa natans L. f. =Neptunia natans (L. f.) Druce
Ref. FP 13(3/1) 1943: 108; Windler, 1966: 401.

Mimosa nothacacia Barneby
Ref. Barneby, 1991: 59.

Endemic treelet. Andean I: shrublands. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Hutchison & Wright 3438* (MO!)
Depts.: PI

Mimosa pallida (Humboldt & Bonpland ex Willdenow) Poiret =Prosopis pallida (Humboldt & Bonpland ex Willdenow) H.B.K.
Ref. Burkart, 1976: 486.

Mimosa paniculata (Willdenow) Poiret =Acacia tenuifolia (L.) Willdenow
Ref. A. S. Silva, 1990: 205; Grimes, 1992: 267; Seigler, pers. comm.

Mimosa pectinata Kunth, nom. illeg. =Mimosa pectinatipinna Burkart
Ref. FP 13(3/1) 1943: 91; Barneby, 1991: 523.
Note: Not *M. pectinata* (Willdenow) Poiret.

Mimosa pectinatipinna Burkart
Syn. *Mimosa pectinata* Kunth, nom. illeg.
Ref. Barneby, 1991: 523.
Endemic shrub. Amazonian, Andean I: dry valleys, shrublands. 0-1000 m.
Voucher: Humboldt & Bonpland 3750* (P-H&B), Ferreyra 13658 (MO!)
Depts.: AM, CA, PI

Mimosa pellita Humboldt & Bonpland ex Willdenow var. **pellita**
Ref. Barneby, 1991: 432.
Shrub. Amazonian, Andean I, Coastal: disturbed areas, riversides, seasonally inundated areas. 0-1000 m.
Note: Material of this taxon was cited under *M. pigra* sensu J. F. Macbride non L. in the Flora of Peru.
Voucher: Stein *et al.* 3978 (MO!)
Depts.: LL, LO, MD, SM, UC

[Mimosa pigra L.]
Ref. FP 13(3/1) 1943: 92; Barneby, 1991: 440.
Note: Not known from Peru.

Mimosa pilosula Richard =Inga pilosula (Richard) J. F. Macbride
Ref. FP 13(3/1) 1943: 41; León, 1966: 314.

Mimosa plena L. =Neptunia plena (L.) Bentham
Ref. Windler, 1966: 398; Lewis, 1987: 145; McVaugh, 1987: 227.

Mimosa polycarpa Kunth var. **polycarpa**
Ref. FP 13(3/1) 1943: 92; Barneby, 1991: 518.
Endemic shrub or subshrub. Andean II: dry valleys, rocky slopes. 2000-2500 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), Ferreyra 8425 (MO!)
Depts.: CA, JU

Mimosa polycarpa L. var. **redundans** Barneby
Ref. Barneby, 1991: 519.
Endemic shrub or subshrub. Andean II: disturbed areas. 2500-3000 m.
Voucher: Sánchez 1682* (NY), Sagástegui 14053 (MO!)
Depts.: CA, LL

Mimosa polydactyla Humboldt & Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 92; Barneby, 1991: 630.
Herb, shrub or vine. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 10251 (MO!)
Depts.: LO

[*Mimosa polystachya* L. =Entada polystachya (L.) DC.]
Ref. FP 13(3/1) 1943: 107; Lewis & Owen, 1989: 30.
Note: Not known from Peru.

Mimosa portoricensis Jacquin =Zapoteca portoricensis var. portoricensis
Ref. FP 13(3/1) 1943: 72; Hernández, 1989: 818.

Mimosa pudica L. var. **hispida** Brenan
Ref. Barneby, 1991: 629.
Introduced subshrub or vine. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Knapp *et al.* 7261 (MO!)
Depts.: LO, SM

[Mimosa pudica var. pudica]
Ref. FP 13(3/1) 1943: 93; Barneby, 1991: 625.
Note: Not known from Peru. Barneby (1991) restricts the application of var. *pudica* to the single sterile type specimen from Brazil (unidentifiable to his three other varieties), deposited in Hb. Cliffortianus (BM).

[Mimosa pudica var. tetrandra (Humboldt & Bonpland ex Willdenow) DC.]
Syn. *Mimosa hispidula* H.B.K., *Mimosa tetrandra* Humboldt & Bonpland ex Willdenow
Ref. FP 13(3/1) 1943: 93; Barneby, 1991: 627.
Note: Not known from Peru.

Mimosa pulcherrima (Willdenow) Poiret =Stryphnodendron pulcherrimum (Willdenow) Hochreutiner
Ref. Martins, 1981: 72.

Mimosa punctulata Spruce ex Bentham =Mimosa myriadenia var. punctulata (Spruce ex Bentham) Barneby
Ref. FP 13(3/1) 1943: 93; Barneby, 1991: 29.

Mimosa quadrivalvis L. var. **leptocarpa** (DC.) Barneby
Syn. *Leptoglottis leptocarpa* (DC.) Standley, *Schrankia leptocarpa* DC.
Ref. Barneby, 1991: 298.
Herb or subshrub. Amazonian: forests, disturbed areas. 0-500 m.
Voucher: Klug 1291 (F)
Depts.: LO

Mimosa quassiifolia (Willdenow) Poiret =Inga pilosula (Richard) J. F. Macbride
Ref. León, 1966: 314.

[*Mimosa retrorsa* Bentham =Mimosa insidiosa var. insidiosa]
Ref. FP 13(3/1) 1943: 89; Barneby, 1991: 594.
Note: Not known from Peru.

Mimosa revoluta (Kunth) Bentham
Syn. *Acacia revoluta* Kunth, *Mimosa gonoclada* Bentham, *Mimosa soratensis* Bentham
Ref. FP 13(3/1) 1943: 94; Barneby, 1991: 56.
Shrub. Andean II: riversides, rocky slopes. 1500-3000 m.
Voucher: Humboldt & Bonpland 3694* (P-H&B), Ferreyra 9945 (MO!)
Depts.: AN, CA, CU, JU, LL

[Mimosa rufescens Bentham var. amnis-nigri Barneby]
Syn. *Mimosa micracantha* Bentham
Ref. Barneby, 1991: 42.
Note: Not known from Peru.

Mimosa rufescens var. **rufescens**
Ref. FP 13(3/1) 1943: 94; Barneby, 1991: 41.
Liana. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Croat 17527 (MO!)
Depts.: AM, CU, LO, SM, UC

Mimosa sagotiana Bentham =Mimosa schrankioides var. sagotiana (Bentham) Barneby
Ref. Barneby, 1991: 529.

Mimosa saman Jacquin =Albizia saman (Jacquin) F. Mueller
Ref. FP 13(3/1) 1943: 61; Rico, pers. comm.

Mimosa schrankioides Bentham var. *glabra* Sagot ex Bentham, nom. nud. pro syn. =Mimosa schrankioides var. sagotiana (Bentham) Barneby
Ref. Barneby, 1991: 529.

Mimosa schrankioides var. **sagotiana** (Bentham) Barneby
Syn. *Mimosa sagotiana* Bentham, *Mimosa schrankioides* var. *glabra* Sagot ex Bentham, nom. nud. pro syn.
Ref. Barneby, 1991: 529.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Revilla 2031 (MO!)
Depts.: LO

Mimosa semialata Vell. Conc. =Inga semialata (Vell. Conc.) C. Martius
Ref. Sousa, 1993: 259.

[Mimosa sensitiva L.]
Ref. FP 13(3/1) 1943: 95; Barneby, 1991: 537.
Note: Not known from Peru.

[Mimosa somnians Humboldt & Bonpland ex Willdenow]

Ref. FP 13(3/1) 1943: 95; Barneby, 1991: 450.
Note: Not known from Peru.

Mimosa soratensis Bentham =Mimosa revoluta (Kunth) Bentham
Ref. FP 13(3/1) 1943: 94; Barneby, 1991: 56.

Mimosa strigosa Willdenow =Mimosa albida var. albida
Ref. Barneby, 1991: 543.

Mimosa strombulifera Lamarck =Prosopis strombulifera var. strombulifera
Ref. Burkart, 1976: 457.

Mimosa tarda Barneby
Ref. Barneby, 1991: 434.
Shrub. Amazonian, Andean I: riversides, swamps. 0-1000 m.
Voucher: Schunke 8160* (MO!), Killip & Smith 26680 (NY)
Depts.: HU, JU

Mimosa tenuifolia L. =Acacia tenuifolia (L.) Willdenow
Ref. Schery, 1950a: 272; McVaugh, 1987: 138; Seigler, pers. comm.

Mimosa tessmannii Harms =Piptadenia uaupensis Spruce ex Bentham
Ref. FP 13(3/1) 1943: 95; Barneby, 1986: 228.

Mimosa tetrandra Humboldt & Bonpland ex Willdenow =Mimosa pudica var. tetrandra (Humboldt & Bonpland ex Willdenow) DC.
Ref. Barneby, 1991: 627.

Mimosa trapezifolia M. Vahl =Abarema jupunba (Willdenow) Britton & Killip
Ref. FP 13(3/1) 1943: 56; Rico, pers. comm.

Mimosa trichodes Jacquin =Leucaena trichodes (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 99.

Mimosa umbellifera M. Vahl =Inga umbellifera (M. Vahl) Steudel
Ref. Sousa, 1993: 265.

Mimosa velloziana C. Martius
Ref. Barneby, 1991: 538.
Introduced shrub or liana. Coastal: disturbed areas. 0-500 m.
Note: Peru voucher not cited by Barneby (1991).
Depts.: LI

Mimosa velutina (Willdenow) Poiret =Inga velutina Willdenow
Ref. FP 13(3/1) 1943: 45.

Mimosa virgata L. =Desmanthus virgatus (L.) Willdenow
Ref. FP 13(3/1) 1943: 98; Carrillo, 1974: 49; Luckow, 1989: 389.

Mimosa weberbaueri Harms
Syn. *Mimosa dichoneuta* J. F. Macbride
Ref. FP 13(3/1) 1943: 96; Barneby, 1991: 86.
Endemic liana or shrub. Andean II: forests. 1500-3500 m.
Voucher: Weberbauer 4321* (B photo F!), López *et al.* 8316 (MO!)
Depts.: AM, AN, LL

Mimosa willdenowii Poiret =Mimosa albida var. willdenowii (Poiret) Rudd
Ref. FP 13(3/1) 1943: 87; Barneby, 1991: 544.

Mimosa williamsii Rusby
Ref. Barneby, 1991: 521.
Shrub. Amazonian: shrublands. 0-500 m.
Voucher: Killip & Smith 26433 (NY)
Depts.: PA

Mimosa xerophytica Schery =Mimosa caduca (Humboldt & Bonpland ex Willdenow) Poiret
Ref. Barneby, 1991: 173.

Mimosa xinguensis Ducke =Mimosa annularis var. xinguensis (Ducke) Barneby
Ref. FP 13(3/1) 1943: 96; Ducke, 1949: 57; Barneby, 1991: 36.

[Monopteryx uaucu Spruce ex Bentham]
Ref. FP 13(3/1) 1943: 250; Ducke, 1949: 158.
Note: Not known from Peru.

Mucuna altissima (Jacquin) DC. =Mucuna urens (L.) Medikus
Ref. FP 13(3/1) 1943: 316.
Note: Treated as a valid species by Ducke (1949: 216).

Mucuna elliptica (R. & P.) DC.
Syn. *Mucuna inflexa* (R. & P.) DC., *Mucuna platycarpa* (R. & P.) DC., *Negretia elliptica* R. & P., *Negretia inflexa* R. & P., *Negretia platycarpa* R. & P., *Stizolobium ellipticum* (R. & P.) Persoon, *Stizolobium inflexum* (R. & P.) Persoon, *Stizolobium platycarpum* (R. & P.) Persoon
Ref. FP 13(3/1) 1943: 314.
Liana. Amazonian, Andean I-II: disturbed areas, forests. 0-2500 m.
Voucher: Gentry & Smith 35910 (MO!)
Depts.: AY, HU, JU, LO, PA, SM

Mucuna huberi Ducke
Ref. FP 13(3/1) 1943: 315; Ducke, 1949: 216.
Liana. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 28999 (US)
Depts.: LO

Mucuna inflexa (R. & P.) DC. =Mucuna elliptica (R. & P.) DC.
Ref. FP 13(3/1) 1943: 314.

[Mucuna mapirensis (Rusby) J. F. Macbride]
Syn. *Stizolobium mapirense* Rusby
Ref. FP 13(3/1) 1943: 316; Foster, 1958: 100.
Note: Not known from Peru.

Mucuna mattogrossensis Barbosa Rodrigues =Canavalia mattogrossensis (Barbosa Rodrigues) Malme
Ref. Sauer, 1964: 133.

Mucuna platycarpa (R. & P.) DC. =Mucuna elliptica (R. & P.) DC.
Ref. FP 13(3/1) 1943: 314.

Mucuna rostrata Bentham
Syn. *Stizolobium rostratum* (Bentham) Kuntze
Ref. FP 13(3/1) 1943: 315; Ducke, 1949: 217; Foster, 1958: 100.
Liana. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 37886 (MO!)
Depts.: CU, HU, JU, LO, MD, PA, PU, SM, UC

Mucuna sloanei Fawcett & Rendle
Syn. *Dolichos urens* L. ex Jacquin, *Mucuna urens* (L. ex Jacquin) DC., nom. illeg.
Ref. FP 13(3/1) 1943: 316; Ducke, 1949: 216; Lewis, 1987: 252.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Schunke 8159 (F, USM!)
Depts.: MD, SM

Mucuna urens (L.) Medikus
Syn. *Canavalia altissima* (Jacquin) Macfadyen, *Dolichos altissimus* Jacquin, *Dolichos urens* L., *Mucuna altissima* (Jacquin) DC., *Mucuna urens* (L.) Fawcett & Rendle, nom. illeg., *Stizolobium altissimum* (Jacquin) Persoon, *Stizolobium urens* (L.) Persoon
Ref. FP 13(3/1) 1943: 316; Lewis, 1987: 252.
Liana. Amazonian: forests. 0-500 m.
Voucher: McDaniel 13567 (USM!)
Depts.: LO, SM

Mucuna urens (L. ex Jacquin) DC., nom. illeg. =Mucuna sloanei Fawcett & Rendle
Ref. Lewis, 1987: 252.

Mucuna urens (L.) Fawcett & Rendle, nom. illeg. =Mucuna urens (L.) Medikus

Muellera denudata (Bentham) M. Sousa
Syn. *Derris denudata* (Bentham) Ducke, *Lonchocarpus denudatus* Bentham
Ref. Sousa, pers. comm.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: New combination made in Appendix 1.
Voucher: Rimachi 8883 (MO!)
Depts.: LO

Myrospermum pedicellatum Lamarck =Myroxylon peruiferum L. f.
Ref. FP 13(3/1) 1943: 244.

Myrospermum toluiferum (A. Richard) DC. =Myroxylon balsamum (L.) Harms
Ref. Rudd, 1968b: 503.

Myroxylon balsamum (L.) Harms
Syn. *Myrospermum toluiferum* (A. Richard) DC., *Myroxylon balsamum* var. *punctatum* (Klotzsch) Harms, *Myroxylon punctatum* Klotzsch, *Myroxylon toluiferum* A. Richard, *Myroxylon toluiferum* H.B.K., *Toluifera balsamum* L.
Ref. FP 13(3/1) 1943: 241; Duke, 1981: 173; McVaugh, 1987: 636.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 29117 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Myroxylon balsamum var. *punctatum* (Klotzsch) Harms =Myroxylon balsamum (L.) Harms

Myroxylon peruiferum L. f.
Syn. *Myrospermum pedicellatum* Lamarck
Ref. FP 13(3/1) 1943: 242; Lewis, 1987: 201.
Shrub or tree. Amazonian, Andean I-II: dry valleys. 0-2000 m.
Voucher: Sagástegui *et al.* 9253 (MO!)
Depts.: CA, LO, TU

Myroxylon punctatum Klotzsch =Myroxylon balsamum (L.) Harms

Myroxylon toluiferum A. Richard =Myroxylon balsamum (L.) Harms
Ref. Rudd, 1968b: 503.

Myroxylon toluiferum H.B.K. =Myroxylon balsamum (L.) Harms
Ref. FP 13(3/1) 1943: 241; Duke, 1981: 173; Rudd, 1968b: 503.

Negretia elliptica R. & P. =Mucuna elliptica (R. & P.) DC.
Ref. FP 13(3/1) 1943: 314.

Negretia inflexa R. & P. =Mucuna elliptica (R. & P.) DC.
Ref. FP 13(3/1) 1943: 314.

Negretia platycarpa R. & P. =Mucuna elliptica (R. & P.) DC.
Ref. FP 13(3/1) 1943: 314.

Neltuma juliflora (Swartz) Raf. =Prosopis juliflora var. juliflora
Ref. Burkart, 1976: 499.

Nephromeria axillaris (Swartz) Schindler =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Nephromeria axillaris var. *obtusifoliola* (Kuntze) Schindler =Desmodium axillare var. axillare
Ref. FP 13(3/1) 1943: 419; Schubert, 1980: 632.

Nephromeria axillaris var. *sintenisii* (Urban) Schindler =Desmodium axillare var. stoloniferum (Richard ex Poiret) B. G. Schubert
Ref. FP 13(3/1) 1943: 420; Schubert, 1980: 633.

Nephromeria poeppigiana Schindler =Desmodium poeppigianum (Schindler) J. F. Macbride
Ref. FP 13(3/1) 1943: 431.

Neptunia natans (L. f.) Druce
Syn. *Mimosa natans* L. f., *Mimosa prostrata* Lamarck, *Neptunia oleracea* Loureiro, *Neptunia prostrata* (Lamarck) Baillon
Ref. McVaugh, 1987: 225.
Aquatic herb. Amazonian: floating. 0-500 m.
Voucher: Gentry *et al.* 22131 (MO!)
Depts.: LO

Neptunia oleracea Loureiro =Neptunia natans (L. f.) Druce
Ref. Windler, 1966: 401; McVaugh, 1987: 225.

Neptunia plena (L.) Bentham
Syn. *Desmanthus plenus* (L.) Willdenow, *Mimosa plena* L.
Ref. Windler, 1966: 398; Lewis, 1987: 145; McVaugh, 1987: 227.
Herb or shrub. Coastal: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Sagástegui 11464 (MO!)
Depts.: LA, PI

Neptunia prostrata (Lamarck) Baillon =Neptunia natans (L. f.) Druce
Ref. FP 13(3/1) 1943: 108; Windler, 1966: 401.

Neptunia pubescens Bentham var. **pubescens**
Ref. FP 13(3/1) 1943: 108; Windler, 1966: 391.
Herb. Coastal: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Cuming 1027* (K), Llatas 431 (MO!)
Depts.: IC, LA, LI, LL

Neurocarpum falcatum (Lamarck) DC. =Clitoria falcata var. falcata
Ref. Fantz, 1990: 156.

Neurocarpum javitense H.B.K. =Clitoria javitensis var. javitensis
Ref. FP 13(3/1) 1943: 347; Fantz, 1981: 162; Fantz, 1990: 159.

Neuroscapha guilleminiana Tulasne =Lonchocarpus guillemineanus (Tulasne) Malme
Ref. FP 13(3/1) 1943: 262; Lewis, 1987: 235.

Nicolsonia barbata (L.) DC. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421; Schubert, 1980: 634.

Nicolsonia cayennensis DC. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Nicolsonia cayennensis var. *obovata* DC. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Nicolsonia venustula (H.B.K.) DC. =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Nicolsonia villosa Chamisso & Schlechtendal =Desmodium barbatum (L.) Bentham
Ref. FP 13(3/1) 1943: 421.

Nissolia aculeata (Raddi) DC. =Machaerium aculeatum Raddi
Ref. FP 13(3/1) 1943: 276; Rudd, 1956: 196.

Nissolia fruticosa Jacquin var. **guatemalensis** (Rose) Rudd
Syn. *Nissolia guatemalensis* Rose
Ref. Rudd, 1956: 195.
Vine. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Weberbauer 6555 (US)
Depts.: AY, CU, JU, SM

Nissolia guatemalensis Rose =Nissolia fruticosa var. guatemalensis (Rose) Rudd
Ref. Rudd, 1956: 195.

Nissolia lanceolata Vell. Conc. =Machaerium lanceolatum (Vell. Conc.) J. F. Macbride
Ref. FP 13(3/1) 1943: 281; Rudd, 1956: 197; Lewis, 1987: 219.

Nissolia leiophylla DC. =Machaerium leiophyllum var. leiophyllum
Ref. FP 13(3/1) 1943: 282; Rudd, 1956: 197.

Nissoloides cylindrica M. E. Jones =Desmodium scorpiurus (Swartz) Desvaux
Ref. FP 13(3/1) 1943: 433; Schubert, 1980: 656.

Ormosia amazonica Ducke
Syn. *Ormosia euneura* Harms
Ref. FP 13(3/1) 1943: 248; Rudd, 1965: 322.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 19028 (MO!)
Depts.: LO

Ormosia bopiensis Pierce ex J. F. Macbride
Ref. FP 13(3/1) 1943: 248; Rudd, 1965: 324.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 669* (F), Gentry *et al.* 43019 (MO!)
Depts.: CU, LO

[Ormosia coccinea (Aublet) Jackson]
Syn. *Robinia coccinea* Aublet
Ref. FP 13(3/1) 1943: 249; Rudd, 1965: 326.
Note: Not known from Peru. The species was listed in the Flora of Peru with *O. subsimplex* as a synonym.

Ormosia coccinea var. **subsimplex** (Spruce ex Bentham) Rudd
Syn. *Ormosia subsimplex* Spruce ex Bentham

Ref. Rudd, 1965: 328.
Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 3505 (F)
Depts.: LO

Ormosia euneura Harms =Ormosia amazonica Ducke
Ref. FP 13(3/1) 1943: 248; Rudd, 1965: 322.

Ormosia grandiflora (Tulasne) Rudd
Syn. *Clathrotropis grandiflora* (Tulasne) Harms, *Diplotropis grandiflora* Tulasne, *Ormosiopsis cuspidata* Pierce ex J. F. Macbride
Ref. Rudd, 1965: 301.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Croat 18600 (MO!)
Depts.: LO

Ormosia macrocalyx Ducke
Ref. FP 13(3/1) 1943: 247; Rudd, 1965: 306.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Croat 18827 (MO!)
Depts.: LO, MD

Ormosia nobilis Tulasne var. **santaremnensis** (Ducke) Rudd
Syn. *Ormosia santaremnensis* Ducke
Ref. Rudd, 1965: 345.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 7116 (MO!)
Depts.: AM, LO, SM

Ormosia peruviana Rudd
Ref. Rudd, 1968a: 79.
Endemic tree. Andean II: forests, rocky slopes. 1500-2500 m.
Voucher: Woytkowski 6964* (MO!), Woytkowski 8162 (MO!)
Depts.: AM, CA

Ormosia santaremnensis Ducke =Ormosia nobilis var. santaremnensis (Ducke) Rudd
Ref. Rudd, 1965: 345.

Ormosia schunkei Rudd
Ref. Rudd, 1969a: 337.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 2999* (MO!), Schunke 2555 (MO!)
Depts.: HU, UC

Ormosia subsimplex Spruce ex Bentham =Ormosia coccinea var. subsimplex (Spruce ex Bentham) Rudd
Ref. FP 13(3/1) 1943: 249; Rudd, 1965: 328.

Ormosiopsis cuspidata Pierce ex J. F. Macbride =Ormosia grandiflora (Tulasne) Rudd
Ref. FP 13(3/1) 1943: 247; Rudd, 1965: 301.

Orobus fruticosus (Cavanilles) Persoon =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. Lavin, 1988: 84.

Orobus tomentosus Desfontaines =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. FP 13(3/1) 1943: 387.

Otholobium diffidens Grimes
Ref. Grimes, 1990: 31.
Shrub. Andean II-III: disturbed areas, forests. 3000- > 4500 m.
Voucher: Núñez & Núñez 8196 (MO!)
Depts.: CU

Otholobium glandulosum (L.) Grimes
Syn. *Hoita glandulosa* (L.) Rydberg, *Lotodes glandulosum* (L.) Kuntze, *Psoralea glandulosa* L.
Ref. Grimes, 1990: 29.
Shrub or tree. Andean I, Coastal: riversides. 500-1500 m.
Voucher: Herb. Linnaeus s.n.* (LINN), "Brizer" [?] s.n. (GOET)
Depts.: Without full locality data.

Otholobium mexicanum (L. f.) Grimes
Syn. *Indigofera mexicana* L. f., *Psoralea divaricata* Humboldt & Bonpland ex Willdenow, *Psoralea maleolens* J. F. Macbride, *Psoralea mexicana* (L. f.) Vail, *Psoralea mexicana* var. *maleolens* (J. F. Macbride) J. F. Macbride, *Psoralea mexicana* var. *trianae* (Vail) J. F. Macbride, *Psoralea mutisii* Kunth, *Psoralea trianae* Vail
Ref. Grimes, 1990: 23.
Herb or shrub. Andean I-III: forests, shrublands. 1000-4000 m.
Voucher: Young & Eisenberg 919 (MO!)
Depts.: AM, AN, CA, HU, LA, LL, PI, PU

Otholobium munyensis (J. F. Macbride) Grimes
Syn. *Psoralea munyensis* J. F. Macbride
Ref. Grimes, 1990: 26.
Shrub. Andean II: rocky slopes, shrublands. 2000-3500 m.
Voucher: Macbride 3906* (F), Smith 11464 (MO!)
Depts.: AM, AN, CA, CU, HU, JU, LL, PI, PU, SM

Otholobium pubescens (Poiret) Grimes
Syn. *Psoralea featherstonei* J. F. Macbride, *Psoralea lasiostachys* J. Vogel, *Psoralea marginata* Meyen, *Psoralea potens* J. F. Macbride, *Psoralea pubescens* Poiret, *Psoralea pubescens* var. *lasiostachys* (J. Vogel) J. F. Macbride, *Psoralea remotiflora* J. F. Macbride, *Psoralea yurensis* Rusby
Ref. Grimes, 1990: 26.
Shrub. Andean II-III: rocky slopes. 2500-4000 m.
Voucher: Dombey s.n.* (P), Núñez & Vargas 9235 (MO!)
Depts.: AN, AR, AY, CA, CU, HV, JU, LI, TA

Outea acaciifolia Bentham =Macrolobium acaciifolium (Bentham) Bentham
Ref. FP 13(3/1) 1943: 136; Cowan, 1953b: 282.

Outea multijuga DC. =Macrolobium multijugum var. multijugum
Ref. Cowan, 1953b: 294.

Pachyrhizus ahipa (Weddell) Parodi
Syn. *Dolichos ahipa* Weddell
Ref. Sørensen, 1988: 189.
Cultivated vine. Andean II: disturbed areas. 1500-2500 m.
Note: No Peru voucher collection was cited by Sørensen (1988).
Depts.: Without full locality data.

Pachyrhizus tuberosus (Lamarck) Sprengel
Syn. *Cacara tuberosa* (Lamarck) Britton, *Dolichos tuberosus* Lamarck, *Stizolobium tuberosum* (Lamarck) Sprengel
Ref. FP 13(3/1) 1943: 294; Duke, 1981: 184; Sørensen, 1988: 185; Mackinder *et al.*, 1990: 21.
Cultivated vine. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Spruce 4936 (K)
Depts.: LO, PI, SM

Paramachaerium schunkei Rudd
Ref. Rudd, 1981: 439.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 2595* (F)
Depts.: HU

Paraserianthes lophantha (Willdenow) I. C. Nielsen
Syn. *Acacia lophantha* Willdenow, *Albizia distachya* (Ventenat) J. F. Macbride, *Albizia lophantha* (Willdenow) Bentham, *Mimosa distachya* Ventenat, *Mimosa elegans* Andrzejowski
Ref. Nielsen *et al.*, 1983: 326.
Cultivated & introduced tree. Andean II: disturbed areas. 2000-3500 m.
Voucher: Vargas 11065 (F)
Depts.: AR, CA, CU, JU

Parivoa tomentosa Aublet =Crudia tomentosa (Aublet) J. F. Macbride
Ref. FP 13(3/1) 1943: 123; Amshoff, 1953: 81; Vieira, 1990: 92.

[Parkia decussata Ducke]
Ref. FP 13(3/1) 1943: 111; Hopkins, 1986: 83.
Note: Not known from Peru.

Parkia igneiflora Ducke
Ref. FP 13(3/1) 1943: 111; Hopkins, 1986: 69; Spichiger *et al.*, 1989: 340.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Gentry *et al.* 39331 (MO!)
Depts.: LO

Parkia multijuga Bentham
Syn. *Dimorphandra megacarpa* Rolfe
Ref. FP 13(3/1) 1943: 112; Hopkins,

1986: 84; Spichiger *et al.*, 1989: 342.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 6806 (MO!)
Depts.: AM, LO, SM

Parkia nitida Miquel
Syn. *Parkia oppositifolia* Spruce ex Bentham
Ref. Hopkins, 1986: 64.
Tree. Amazonian, Andean I: forests, forests on white sand. 0-1000 m.
Voucher: Vásquez *et al.* 6606 (MO!)
Depts.: AM, HU, LO, MD, PA, SM

Parkia oppositifolia Spruce ex Bentham =Parkia nitida Miquel
Ref. FP 13(3/1) 1943: 112; Hopkins, 1986: 64.

Parkia panurensis Bentham ex H. Hopkins
Ref. Hopkins, 1986: 72.
Tree. Amazonian: forests on white sand, swamps, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 10415 (MO!)
Depts.: LO, MD

Parkia pendula (Willdenow) Bentham ex Walpers
Ref. Hopkins, 1986: 93.
Tree. Amazonian: forests. 0-500 m.
Voucher: Begazo 152 (MO!)
Depts.: LO, MD, UC

Parkia velutina Benoist
Ref. FP 13(3/1) 1943: 113; Hopkins, 1986: 87.
Tree. Amazonian: forests, forests on white sand. 0-500 m.
Voucher: Vásquez *et al.* 8084 (MO!)
Depts.: LO

Parkinsonia aculeata L.
Ref. FP 13(3/1) 1943: 186; Cowan, 1971: 608.
Cultivated shrub or tree. Andean I, Coastal: desert, forests. 0-1000 m.
Voucher: Smith 4225 (MO!)
Depts.: AM, AN, IC, LA, LI, LL, PI, TU

Parosela astragalina (H.B.K.) Killip ex J. F. Macbride =Dalea coerulea var. coerulea
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.

Parosela ayavacensis (H.B.K.) J. F. Macbride =Dalea ayavacensis var. ayavacensis
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 354.

Parosela boliviana (Britton) J. F. Macbride =Dalea boliviana Britton
Ref. FP 13(3/1) 1943: 365; Barneby, 1977: 382.

Parosela boliviana var. *herrerae* J. F. Macbride =Dalea boliviana Britton
Ref. Barneby, 1977: 382.

Parosela calocalyx (Ulbrich) J. F. Macbride =Dalea cylindrica var. cylindrica
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 360.

Parosela catatona J. F. Macbride =Dalea cylindrica var. haenkeana Barneby
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 362.

Parosela coerulea (L. f.) J. F. Macbride =Dalea coerulea var. coerulea
Ref. FP 13(3/1) 1943: 366; Barneby, 1977: 350.

Parosela cylindrica (Hooker) J. F. Macbride =Dalea cylindrica var. cylindrica
Ref. FP 13(3/1) 1943: 367; Barneby, 1977: 360.

Parosela exilis (DC.) J. F. Macbride =Dalea exilis DC.
Ref. FP 13(3/1) 1943: 368; Barneby, 1977: 384.

Parosela fieldii J. F. Macbride =Dalea fieldii (J. F. Macbride) J. F. Macbride
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 368.

Parosela galbina J. F. Macbride =Dalea galbina (J. F. Macbride) J. F. Macbride
Ref. FP 13(3/1) 1943: 369; Barneby, 1977: 391.

Parosela leporina (Aiton) Rydberg =Dalea leporina (Aiton) Bullock
Ref. FP 13(3/1) 1943: 369; Barneby, 1977: 211.

Parosela macrostachya (R. & P. ex Moricand) Rose =Dalea coerulea var. longispicata (Ulbrich) Barneby
Ref. Barneby, 1977: 351.

Parosela microphylla (H.B.K.) Rose =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Parosela microphylla var. *brevis* J. F. Macbride =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Parosela myriadenia (Ulbrich) J. F. Macbride =Dalea myriadenia Ulbrich
Ref. FP 13(3/1) 1943: 371; Barneby, 1977: 365.

Parosela onobrychis (DC.) J. F. Macbride =Dalea onobrychis DC.
Ref. Barneby, 1977: 370.

Parosela pazensis (Rusby) J. F. Macbride =Dalea pazensis Rusby
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 376.

Parosela pennellii J. F. Macbride =Dalea pennellii var. pennellii
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 371.

Parosela peruviana J. F. Macbride =Dalea exilis DC.
Ref. FP 13(3/1) 1943: 372; Barneby, 1977: 384.

Parosela sawadae J. F. Macbride =Dalea cylindrica var. nova (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 373; Barneby, 1977: 363.

Parosela sericophylla (Ulbrich) J. F. Macbride =Dalea weberbaueri var. sericophylla (Ulbrich) Barneby
Ref. Barneby, 1977: 367.

Parosela smithii J. F. Macbride =Dalea smithii (J. F. Macbride) J. F. Macbride
Ref. FP 13(3/1) 1943: 374; Barneby, 1977: 374.

Parosela sulfurea (Ulbrich) J. F. Macbride =Dalea cylindrica var. sulfurea (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 374; Barneby, 1977: 361.

Parosela trichocalyx (Ulbrich) J. F. Macbride =Dalea carthagenensis var. trichocalyx (Ulbrich) Barneby
Ref. FP 13(3/1) 1943: 375; Barneby, 1977: 523.

Parosela vicina J. F. Macbride =Dalea carthagenensis var. brevis (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 370; Barneby, 1977: 522.

Parosela weberbaueri (Ulbrich) J. F. Macbride =Dalea weberbaueri var. weberbaueri
Ref. FP 13(3/1) 1943: 374; Barneby, 1977: 367.

Pauletia grandifolia Bongard =Bauhinia grandifolia (Bongard) Steudel

Pauletia longifolia Bongard =Bauhinia longifolia (Bongard) Steudel
Ref. FP 13(3/1) 1943: 213.

Peiranisia biflora (L.) Pittier =Cassia biflora L., nom. rej. prop.
Ref. FP 13(3/1) 1943: 158; Carrillo, 1974: 57.

Peiranisia multijuga (Richard) Britton & Rose ex Britton & P. Wilson =Senna multijuga subsp. multijuga
Ref. Irwin & Barneby, 1982: 495.

Peltogyne altissima Ducke
Ref. FP 13(3/1) 1943: 124; M. F. Silva, 1976: 18.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Rimachi 4158 (MO!)
Depts.: LO

Pentaclethra brevipila Bentham =Pentaclethra macroloba (Willdenow)

Kuntze
Ref. Schery, 1950a: 313.

Pentaclethra filamentosa Bentham =Pentaclethra macroloba (Willdenow) Kuntze
Ref. Schery, 1950a: 313; Lewis & Owen, 1989: 29.

Pentaclethra macroloba (Willdenow) Kuntze
Syn. *Acacia macroloba* Willdenow, *Mimosa macroloba* (Willdenow) Poiret, *Pentaclethra brevipila* Bentham, *Pentaclethra filamentosa* Bentham
Ref. Schery, 1950a: 313; Lewis & Owen, 1989: 29.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 56239 (MO!)
Depts.: LO

Perrottetia barbata (L.) DC. =Desmodium barbatum (L.) Bentham
Ref. Schubert, 1980: 634.

Phaca triflora DC. =Astragalus triflorus (DC.) A. Gray
Ref. FP 13(3/1) 1943: 402; I. M. Johnston, 1947: 391.

Phaseolus adenanthus G. Meyer =Vigna adenantha (G. Meyer) Marechal *et al.*
Ref. FP 13(3/1) 1943: 297; Marechal *et al.*, 1978: 229.

Phaseolus adenanthus var. *caeduorum* (C. Martius ex Bentham) Hassler =Vigna adenantha (G. Meyer)Marechal *et al.*
Ref. FP 13(3/1) 1943: 297.
Note: Treated as a synonym of *Phaseolus adenanthus* in the Flora of Peru.

Phaseolus appendiculatus Bentham =Vigna appendiculata (Bentham) A. Delgado
Ref. FP 13(3/1) 1943: 298; Marechal *et al.*, 1978: 222; Delgado, pers. comm.
Note: Treated as a synonym of *Vigna candida* by Marechal *et al.* (1978).

Phaseolus atropurpureus Moçiño & Sessé ex DC. =Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Ref. FP 13(3/1) 1943: 298; Marechal *et al.*, 1978: 153; Duke, 1981: 141.

Phaseolus atropurpureus var. *canescens* (M. Martens & Galeotti) Hassler =Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Ref. FP 13(3/1) 1943: 298; Marechal *et al.*, 1978: 153.

Phaseolus atropurpureus var. *pseuderythroloma* Hassler =Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Ref. FP 13(3/1) 1943: 298.
Note: Treated as a synonym of *P. atropurpureus* in the Flora of Peru.

Phaseolus augusti Harms
Syn. *Phaseolus bolivianus* Piper
Ref. FP 13(3/1) 1943: 299; Marechal *et al.*, 1978: 140; Franquemont *et al.*, 1990: 81.
Herb or vine. Andean II: rocky slopes. 2000-3500 m.
Voucher: Weberbauer 6439* (F), Núñez 7442 (MO!)
Depts.: AM, AP, CA, CU, HU, HV, LL

Phaseolus bolivianus Piper =Phaseolus augusti Harms
Ref. FP 13(3/1) 1943: 299; Marechal *et al.*, 1978: 140.

Phaseolus bracteatus Nees & C. Martius =Macroptilium bracteatum (Nees & C. Martius) Marechal & Baudet
Ref. Marechal *et al.*, 1978: 154.

Phaseolus caeduorum C. Martius ex Bentham =Vigna adenantha (G. Meyer) Marechal *et al.*
Ref. Marechal *et al.*, 1978: 230.

Phaseolus campestris C. Martius ex Bentham =Macroptilium longepedunculatum (C. Martius ex Bentham) Urban
Ref. FP 13(3/1) 1943: 299; Marechal *et al.*, 1978: 153.

Phaseolus candidus Vell. Conc. =Vigna candida (Vell. Conc.) Marechal *et al.*
Ref. Marechal *et al.*, 1978: 222.

Phaseolus canescens M. Martens & Galeotti =Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Ref. Marechal *et al.*, 1978: 153.

Phaseolus caracalla L. =Vigna caracalla (L.) Verdcourt
Ref. FP 13(3/1) 1943: 300; Marechal *et al.*, 1978: 226.

Phaseolus coccineus L. subsp. *darwinianus* E. Hernández & S. Miranda =Phaseolus polyanthus Greenman
Ref. Hernández *et al.*, 1959: 99; Delgado, pers. comm.

Phaseolus coccineus subsp. *polyanthus* (Greenman) Marechal *et al.* =Phaseolus polyanthus Greenman
Ref. Marechal *et al.*, 1978: 139; Delgado, pers. comm.
Note: Taxon accepted as subspecies by Marechal *et al.* (1978).

Phaseolus erythroloma C. Martius ex Bentham =Macroptilium erythroloma (C. Martius ex Bentham) Urban
Ref. FP 13(3/1) 1943: 300; Marechal *et al.*, 1978: 154.

[*Phaseolus fraternus* Piper =Macroptilium gibbosifolium (Ortega) A. Delgado]
Ref. FP 13(3/1) 1943: 301; Marechal *et al.*, 1978: 156; Delgado, 1981: 295.
Note: Not known from Peru. Treated as a synonym of *M. heterophyllum* by Marechal *et al.* (1978), that name subsequently treated by Delgado (1981) as a synonym of *M. gibbosifolium*.

[*Phaseolus gibbosifolius* Ortega =Macroptilium gibbosifolium (Ortega) A. Delgado]
Ref. Delgado, 1981: 295.
Note: Not known from Peru.

[*Phaseolus heterophyllus* Willdenow =Macroptilium gibbosifolium (Ortega) A. Delgado]
Ref. Marechal *et al.*, 1978: 156; Delgado, 1981: 295.
Note: Not known from Peru.

Phaseolus hirsutus C. Martius ex Bentham =Vigna lasiocarpa (C. Martius ex Bentham) Verdcourt
Ref. FP 13(3/1) 1943: 304; Marechal *et al.*, 1978: 218.

Phaseolus juruanus Harms =Vigna juruana (Harms) Verdcourt
Ref. Marechal *et al.*, 1978: 219.

Phaseolus lasiocarpus C. Martius ex Bentham =Vigna lasiocarpa (C. Martius ex Bentham) Verdcourt
Ref. FP 13(3/1) 1943: 304; Marechal *et al.*, 1978: 218.

Phaseolus lathyroides L. =Macroptilium lathyroides (L.) Urban
Ref. FP 13(3/1) 1943: 301; Marechal *et al.*, 1978: 152.

Phaseolus latidenticulatus Harms =Vigna latidenticulata (Harms) A. Delgado
Ref. FP 13(3/1) 1943: 302; Marechal *et al.*, 1978: 223; Delgado, pers. comm.
Note: Discussed in Marechal *et al.* (1978: 223) as probably equal to *Vigna candida*.

Phaseolus linearis H.B.K. =Vigna linearis (H.B.K.) Marechal *et al.*
Ref. FP 13(3/1) 1943: 302; Marechal *et al.*, 1978: 227.

Phaseolus longepedunculatus C. Martius ex Bentham =Macroptilium longepedunculatum (C. Martius ex Bentham) Urban
Ref. FP 13(3/1) 1943: 302; Marechal *et al.*, 1978: 153.

Phaseolus longifolius Bentham =Vigna longifolia (Bentham) Verdcourt
Ref. Marechal *et al.*, 1978: 219.

Phaseolus lunatus L. var. **lunatus**
Ref. FP 13(3/1) 1943: 302; Marechal *et al.*, 1978: 146.
Herb or vine. Andean II,: rocky slopes. 1500-2000 m.
Voucher: Iltis 1598 (USM!, WIS)
Depts.: CA, CU, IC, JU, LI, LO, SM, UC

Phaseolus lunatus var. **silvester** Baudet
Ref. Marechal *et al.*, 1978: 146.
Herb or vine. Andean I-II: forests. 500-2000 m.
Voucher: Debouck *et al.* 1945 (USM!)
Depts.: CA, JU

Phaseolus luteolus (Jacquin) Gagnepain =Vigna luteola (Jacquin) Bentham
Ref. Marechal *et al.*, 1978: 165.

Phaseolus megatylus Piper =Vigna megatyla (Piper) A. Delgado
Ref. FP 13(3/1) 1943: 303; Delgado, pers. comm.
Note: Discussed in Marechal *et al.* (1978: 223) under *Vigna antilla*.

Phaseolus pachyrrhizoides Harms
Ref. FP 13(3/1) 1943: 303; Marechal *et al.*, 1978: 147.
Shrub or vine. Andean II: rocky slopes. 2000-2500 m.
Voucher: Weberbauer 1769* (B), Debouck *et al.* 2011 (MO!)
Depts.: AM, AY, CA, HU, HV, JU,

Phaseolus peduncularis H.B.K. =Vigna peduncularis var. peduncularis
Ref. FP 13(3/1) 1943: 304; Marechal *et al.*, 1978: 224.

Phaseolus peduncularis var. *pusillus* Hassler =Vigna peduncularis var. pusilla (Hassler) Marechal *et al.*
Ref. Marechal *et al.*, 1978: 224.

Phaseolus pilosus H.B.K. =Vigna lasiocarpa (C. Martius ex Bentham) Verdcourt
Ref. FP 13(3/1) 1943: 304; Marechal *et al.*, 1978: 218.

Phaseolus polyanthus Greenman
Syn. *Phaseolus coccineus* subsp. *darwinianus* E. Hernández & S. Miranda, *Phaseolus coccineus* subsp. *polyanthus* (Greenman) Marechal *et al.*
Ref. Marechal *et al.*, 1978: 139; Delgado, pers. comm.
Vine. Andean II: disturbed areas, forests. 1500-2500 m.
Note: Treated as a subspecies of *P. coccineus* by Marechal *et al.* (1978).
Voucher: Smith & Pretel 1498 (MO!, USM!)
Depts.: AM. CA, HU, PA

Phaseolus polytylus Harms =Vigna polytyla (Harms) A. Delgado
Ref. FP 13(3/1) 1943: 305; . Delgado, pers. comm.

Phaseolus radiatus L. =Vigna radiata (L.) R. Wilczek
Ref. Marechal *et al.*, 1978: 209; Duke, 1981: 293.

[Phaseolus revolutus Piper]
Ref. FP 13(3/1) 1943: 305.
Note: Not known from Peru. This species was described by Piper based on a specimen collected by Sessé & Moçiño in Guerrero, Mexico (Delgado, pers. comm.).

Phaseolus speciosus H.B.K. =Vigna speciosa (H.B.K.) Verdcourt
Ref. Verdcourt, 1970: 552; Delgado, pers. comm.

Phaseolus trichocarpus C. Wright =Vigna trichocarpa (C. Wright) A. Delgado
Ref. Delgado, pers. comm.

Phaseolus trilobatus (L.) Schreber =Vigna trilobata (L.) Verdcourt
Ref. Verdcourt, 1970: 560; Delgado, pers. comm.

Phaseolus truxillensis H.B.K. =Vigna adenantha (G. Meyer) Marechal *et al*
Ref. FP 13(3/1) 1943: 297; Marechal *et al.*, 1978: 229.

Phaseolus vestitus Hooker =Macroptilium atropurpureum (Moçiño & Sessé ex DC.) Urban
Ref. FP 13(3/1) 1943: 298; Marechal *et al.*, 1978: 153.

Phaseolus vexillatus L. =Vigna vexillata (L.) A. Richard
Ref. FP 13(3/1) 1943: 293; Marechal *et al.*, 1978: 202; Duke, 1981: 306.

Phaseolus vignoides Rusby =Vigna candida (Vell. Conc.) Marechal *et al*
Ref. FP 13(3/1) 1943: 320; Marechal *et al.*, 1978: 228; Delgado, pers. comm.
Note: Treated as a synonym of *Canavalia lasiocalyx* in the Flora of Peru and under *Vigna vignoides* by Marechal *et al.* (1978).

Phaseolus vulgaris L. var. **vulgaris**
Ref. FP 13(3/1) 1943: 305; Duke, 1981: 195; Marechal *et al.*, 1978: 136.
Cultivated and introduced herb or vine. Amazonian, Andean I-II: disturbed areas. 0-3000 m.
Voucher: Debouck 2583 (MO!)
Depts.: AN, AP, CU, HU, LI, LO, SM

Phellocarpus amazonum C. Martius ex Bentham =Pterocarpus amazonum (C. Martius ex Bentham) Amshoff
Ref. FP 13(3/1) 1943: 271; Rojo, 1972: 23.

Phyllocarpus riedelii Tulasne
Ref. FP 13(3/1) 1943: 198; Ducke, 1949: 134.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Núñez *et al.* 14419 (MO!)
Depts.: MD

[Piptadenia adiantoides (Sprengel) J. F. Macbride]
Syn. *Acacia adiantoides* Sprengel, *Piptadenia laxa* Bentham, *Pityrocarpa adiantoides* (Sprengel) Brenan
Ref. FP 13(3/1) 1943: 101; Lewis, 1987: 116.
Note: Not known from Peru. Record in the Flora of Peru based on var. *peruviana* [=*P. peruviana*].

Piptadenia adiantoides var. *peruviana* J. F. Macbride =Piptadenia peruviana (J. F. Macbride) Barneby
Ref. FP 13(3/1) 1943: 101; Barneby, 1986: 226.

Piptadenia anolidurus Barneby
Ref. Barneby, 1986: 222.
Liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1894 (MO!)
Depts.: AM

Piptadenia cateniformis Ducke =Cedrelinga cateniformis (Ducke) Ducke
Ref. FP 13(3/1) 1943: 65; Spichiger *et al.*, 1989: 322.

Piptadenia cebil (Grisebach) Grisebach =Anadenanthera colubrina var. cebil (Grisebach) Altschul
Ref. Altschul, 1964: 53.

Piptadenia colubrina (Vell. Conc.) Bentham =Anadenanthera colubrina var. colubrina
Ref. FP 13(3/1) 1943: 101; Altschul, 1964: 52; Lewis, 1987: 120.

[*Piptadenia communis* Bentham =Piptadenia gonoacantha (C. Martius) J. F. Macbride]
Ref. FP 13(3/1) 1943: 102; Burkart, 1979: 274.
Note: Not known from Peru.

Piptadenia cuzcoensis Barneby
Ref. Barneby, 1986: 226.
Endemic liana. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 18500* (US)
Depts.: CU

Piptadenia flava (Sprengel ex DC.) Bentham
Syn. *Acacia flava* Sprengel ex DC., *Pityrocarpa flava* (Sprengel ex DC.) Brenan
Ref. FP 13(3/1) 1943: 103; McVaugh, 1987: 231.
Shrub, tree or treelet. Amazonian, Coastal: semi-deciduous forests. 0-500 m.
Voucher: Díaz *et al.* 3212 (MO!)
Depts.: AY, LO, SM, TU

[Piptadenia gonoacantha (C. Martius) J. F. Macbride]
Syn. *Acacia gonoacantha* C. Martius, *Piptadenia communis* Bentham, *Pityrocarpa gonoacantha* (C. Martius) Brenan
Ref. Burkart, 1979: 274.
Note: Not known from Peru.

[Piptadenia grata (Willdenow) J. F. Macbride]
Syn. *Acacia grata* Willdenow
Ref. FP 13(3/1) 1943: 103.
Note: Not known from Peru. The Flora of Peru listed *P. macrocarpa* [=*Anadenanthera colubrina* var. *cebil* fide Altschul (1964: 53)] as a synonym under this species; *P. grata* is most probably a species of *Anadenanthera* (Lewis, pers. comm.).

Piptadenia killipii J. F. Macbride var. **killipii**
Ref. FP 13(3/1) 1943: 103; Lewis, 1991: 166.
Endemic liana. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Klug 4333* (MO!), Smith 2083 (MO!)
Depts.: LO, JU, PA, SM

Piptadenia laxa Bentham =Piptadenia adiantoides (Sprengel) J. F. Macbride
Ref. FP 13(3/1) 1943: 101; Lewis, 1987: 116.

Piptadenia macrocarpa Bentham =Anadenanthera colubrina var. cebil (Grisebach) Altschul
Ref. FP 13(3/1) 1943: 103; Altschul, 1964: 54; Lewis, 1987: 120.
Note: Treated as a synonym of *P. grata* in the Flora of Peru.

Piptadenia macrocarpa var. *cebil* (Grisebach) Chodat & Hassler =Anadenanthera colubrina var. cebil (Grisebach) Altschul
Ref. Altschul, 1964: 53; Lewis, 1987: 120.

Piptadenia minutiflora Ducke =Piptadenia uaupensis Spruce ex Bentham
Ref. Brenan, 1986: 84; Barneby, 1986: 228.

Piptadenia opacifolia Ducke =Piptadenia pteroclada Bentham
Ref. FP 13(3/1) 1943: 104; Ducke, 1949: 62.

Piptadenia peruviana (J. F. Macbride) Barneby
Syn. *Piptadenia adiantoides* var. *peruviana* J. F. Macbride
Ref. Barneby, 1986: 226.
Liana or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 4018* (MO!), Woytkowski 7305 (MO!)
Depts.: AM, LO, MD, SM

Piptadenia polystachya Miquel =Stryphnodendron polystachyum (Miquel) Kleinhoonte
Ref. Martins, 1981: 66.

Piptadenia pteroclada Bentham
Syn. *Piptadenia opacifolia* Ducke, *Piptadenia pteroclada* var. *klugii* J. F. Macbride, *Pityrocarpa pteroclada* (Bentham) Brenan
Ref. FP 13(3/1) 1943: 104; Ducke, 1949: 62.
Tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas, semi-deciduous forests. 0-1000 m.
Voucher: Spruce 4536* (K), Lamotte 413 (MO!)
Depts.: HU, LO, SM

Piptadenia pteroclada var. *klugii* J. F. Macbride =Piptadenia pteroclada Bentham
Ref. FP 13(3/1) 1943: 104.

Piptadenia robusta Pittier
Ref. Steyermark & Huber, 1978: 561.
Tree. Andean I: forests. 1000-1500 m.
Voucher: Meneses & Pisculich 8 (K)
Depts.: JU

Piptadenia uaupensis Spruce ex Bentham
Syn. *Adenopodia minutiflora* (Ducke) Brenan, *Adenopodia uaupensis* (Spruce ex Bentham) Brenan, *Mimosa tessmannii* Harms, *Piptadenia minutiflora* Ducke
Ref. Barneby, 1986: 228.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Revilla 136 (MO!)
Depts.: LO

Piptadenia viridiflora (Kunth) Bentham
Syn. *Acacia viridiflora* Kunth, *Pityrocarpa viridiflora* (Kunth) Brenan
Ref. FP 13(3/1) 1943: 104; Lewis, 1987: 118.
Tree. Andean I: riversides, shrublands. 500-1500 m.
Voucher: Bonpland s.n.* (P-H&B), Hutchison & Wright 6767 (K)
Depts.: AM, CA

Piptadenia weberbaueri Harms
Ref. FP 13(3/1) 1943: 105.
Endemic tree. Andean II: grasslands, shrublands. 1500-2000 m.
Note: Known from Peru only from the type locality. This may prove to be a species of *Pseudopiptadenia* (Lewis, pers. comm.).
Voucher: Weberbauer 7212* (K)
Depts.: LL

Piscidia carthagenensis Jacquin
Ref. Rudd, 1969b: 490.
Tree. Coastal: rocky slopes, semi-deciduous forests. 0-500 m.
Voucher: Vargas 47 (F)
Depts.: TU

Pisum sativum L.
Ref. FP 13(3/1) 1943: 353; Duke, 1981: 200.
Cultivated and introduced herb or vine. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Núñez 7261 (MO!)
Depts.: CA, CU

[Pithecellobium acreanum J. F. Macbride]
Ref. FP 13(3/1) 1943: 51; Ducke, 1949: 35
Note: Not known from Peru. Proposed for removal from *Pithecellobium*; however, its correct generic placement awaits fruiting material of the species (Barneby & Grimes, pers. comm.).

[*Pithecellobium adiantifolium* (Kunth) Bentham =Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Ref. FP 13(3/1) 1943: 63.
Note: Not known from Peru.

[*Pithecellobium angustifolium* (Rusby) Rusby =Cojoba sp.]
Ref. FP 13(3/1) 1943: 62; Rico, pers. comm.
Note: Not known from Peru.

Pithecellobium arboreum (L.) Urban =Cojoba arborea (L.) Britton & Rose
Ref. Rico, pers. comm.

Pithecellobium auriculatum Bentham
Ref. Ducke, 1949: 37; Spichiger *et al.*, 1989: 344.
Tree. Amazonian: forests. 0-500 m.
Note: Proposed for treatment under *Abarema* by Barneby & Grimes (pers. comm.).
Voucher: Revilla 1218 (MO!)
Depts.: LO

Pithecellobium basijugum Ducke =Marmaroxylon basijugum (Ducke) L. Rico
Ref. FP 13(3/1) 1943: 51; Rico, 1991: 515.

Pithecellobium candidum (H.B.K.) Bentham
Syn. *Inga candida* H.B.K.
Ref. FP 13(3/1) 1943: 55.
Shrub. Andean I-II: desert. 1000-2000 m.
Voucher: Smith & Vásquez 5055 (MO!)
Depts.: CA

Pithecellobium carbonaria (Britton) Niezgoda & Nevling =Albizia carbonaria Britton
Ref. Niezgoda & Nevling, 1979: 310.

Pithecellobium caribaeum Urban =Albizia niopoides (Spruce ex Bentham) Burkart
Ref. Rico, 1992: 700.

Pithecellobium cateniformis (Ducke) L. Cárdenas =Cedrelinga cateniformis (Ducke) Ducke
Ref. Cárdenas, 1974: 124.

Pithecellobium cauliflorum (Willdenow) C. Martius =Zygia cauliflora (Willdenow) Killip ex Record
Ref. FP 13(3/1) 1943: 52; Lewis, 1987: 180.

Pithecellobium chazutense Standley =Cojoba chazutensis (Standley) L. Rico
Ref. FP 13(3/1) 1943: 52; Rico, 1991: 507.

Pithecellobium coccineum (G. Don) Bentham =Zygia coccinea (G. Don) L. Rico
Ref. FP 13(3/1) 1943: 53; Rico, 1991: 496.

Pithecellobium corymbosum (Richard) Bentham =Albizia corymbosa (Richard) G. P. Lewis & Owen
Ref. FP 13(3/1) 1943: 53; Lewis & Owen, 1989: 40.

[*Pithecellobium discolor* (Humboldt & Bonpland ex Willdenow) J. F. Macbride, nom. illeg. =Macrosamanea discolor (Humboldt & Bonpland ex

Willdenow) Britton & Rose ex Britton & Killip]
Ref. FP 13(3/1) 1943: 63.
Note: Not known from Peru.

Pithecellobium divaricatum Bentham
=Zygia divaricata (Bentham) Pittier
Ref. FP 13(3/1) 1943: 54.

Pithecellobium dulce (Roxburgh) Bentham
Syn. *Inga dulcis* (Roxburgh) Willdenow, *Mimosa dulcis* Roxburgh, *Zygia dulcis* (Roxburgh) Lyons
Ref. FP 13(3/1) 1943: 54; Rico, 1991: 518.
Cultivated and introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Encarnación E-64 (USM!)
Depts.: LI, PI

Pithecellobium excelsum (Kunth) C. Martius
Syn. *Inga excelsa* Kunth
Ref. FP 13(3/1) 1943: 55; Rico, pers. comm.
Shrub or tree. Andean I, Coastal: cloud forests, desert, forests, shrublands. 0-1500 m.
Voucher: Ferreyra 12269 (MO!)
Depts.: AM, CA, LI, LA, TU

Pithecellobium floribundum Spruce ex Bentham
Ref. Ducke, 1949: 37.
Tree. Amazonian: forests. 0-500 m.
Note: Proposed for treatment under *Abarema* by Barneby & Grimes (pers. comm.).
Voucher: Schunke 6865 (MO!)
Depts.: SM

Pithecellobium glomeratum (DC.) Bentham
=Zygia glomerata (DC.) Pittier
Ref. Lewis & Owen, 1989: 47.

Pithecellobium huberi Ducke =Zygia huberi (Ducke) L. Rico
Ref. Ducke, 1949: 43; Rico, 1991: 501.

Pithecellobium inaequale (Humboldt & Bonpland ex Willdenow) Bentham
=Zygia inaequalis (Humboldt & Bonpland ex Willdenow) Pittier
Ref. FP 13(3/1) 1943: 55; Rico, pers. comm.

Pithecelobium inundatum (Ducke) Ducke
=Inga inundata Ducke
Ref. Ducke, 1925: 28.
Note: See note under *Inga inundata*.

Pithecellobium jupunba (Willdenow) Urban
=Abarema jupunba (Willdenow) Britton & Killip
Ref. FP 13(3/1) 1943: 56; Lewis, 1987: 161; Rico, pers. comm.

Pithecellobium juruanum Harms =Zygia juruana (Harms) L. Rico
Ref. FP 13(3/1) 1943: 56; Rico, 1991: 501.

Pithecellobium laetum (Poeppig) Bentham
Syn. *Inga laeta* Poeppig, *Klugiodendron laetum* (Poeppig) Britton & Killip, *Pithecellobium polycarpum* Poeppig
Ref. FP 13(3/1) 1943: 56; Ducke, 1949: 37.
Shrub or tree. Amazonian: forests. 0-500 m.
Note: Proposed for treatment under *Abarema* by Barneby & Grimes (pers. comm.).
Voucher: Vásquez 3931 (MO!)
Depts.: LO, PA, SM

Pithecellobium latifolium (L.) Bentham
=Zygia latifolia (L.) Fawcett & Rendle
Ref. FP 13(3/1) 1943: 57; Rico, pers. comm.

Pithecellobium longifolium (Humboldt & Bonpland ex Willdenow) Standley
=Zygia longifolia (Humboldt & Bonpland ex Willdenow) Britton & Rose
Ref. FP 13(3/1) 1943: 58; Rico, pers. comm.

Pithecellobium macbridei C. Barbosa
=Zygia macbridei (C. Barbosa) L. Rico
Ref. C. Barbosa, 1986: 398; Rico, 1991: 501.
Note: Published as "*macbridii*."

Pithecellobium macrophyllum Spruce ex Bentham =Zygia macrophylla (Spruce ex Bentham) L. Rico
Ref. FP 13(3/1) 1943: 58; Rico, 1991: 501.

Pithecellobium martinianum Standley
=Zygia macrophylla (Spruce ex Bentham) L. Rico
Ref. FP 13(3/1) 1943: 58; Rico, 1991: 502.

Pithecellobium mathewsii Bentham
Ref. FP 13(3/1) 1943: 59.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Note: Proposed for treatment under *Chloroleucon* by Barneby & Grimes (pers. comm.).
Voucher: Mathews s.n.* (K), Ferreyra 17531 (USM!)
Depts.: SM

Pithecellobium megistocarpum C. Barbosa
=Zygia megistocarpa (C. Barbosa) L. Rico
Ref. C. Barbosa, 1986: 404; Rico, 1991: 502.

Pithecellobium microcalyx Spruce ex Bentham
Ref. Ducke, 1949: 35.
Tree. Amazonian: forests. 0-500 m.
Note: Proposed for treatment under *Abarema* by Barneby & Grimes (pers. comm.).
Voucher: Vásquez *et al.* 4014 (MO!)
Depts.: LO

Pithecellobium multiflorum (H.B.K.) Bentham
Syn. *Acacia multiflora* H.B.K., *Arthrosamanea multiflora* (H.B.K.) Kleinhoonte, *Cathormium multiflorum* (H.B.K.) Burkart, *Pithecellobium weberbaueri* Harms, *Samanea multiflora* (H.B.K.) Pittier, *Senegalia multiflora* (H.B.K.) Killip ex Record
Ref. FP 13(3/1) 1943: 59; Ducke, 1949: 41; Roosmalen, 1985: 252.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Bonpland s.n.* (P-H&B), Weberbauer 6207 (F)
Depts.: AM, AN, CA, LO, PI

Pithecellobium niopoides Spruce ex Bentham =Albizia niopoides (Spruce ex Bentham) Burkart
Ref. FP 13(3/1) 1943: 60; Burkart, 1979: 113; Lewis, 1987: 164.

Pithecellobium oriundum J. F. Macbride
=Zygia oriunda (J. F. Macbride) L. Rico
Ref. FP 13(3/1) 1943: 61; Rico, 1991: 504.

Pithecellobium paucipinnatum (Schery) A. Gentry & Dodson =Albizia paucipinnata Schery
Ref. Gentry, 1988: 1438; Gereau, pers. comm.

Pithecellobium pedicellare (DC.) Bentham
=Macrosamanea pedicellaris (DC.) Kleinhoonte
Ref. Lewis, 1987: 165.

Pithecellobium polycarpum Poeppig
=Pithecellobium laetum (Poeppig) Bentham
Ref. FP 13(3/1) 1943: 57; Rico, pers. comm.

Pithecellobium polycephalum Bentham
=Albizia polycephala (Bentham) Killip & Record
Ref. FP 13(3/1) 1943: 61; Lewis, 1987: 164.

Pithecellobium ramiflorum Bentham
=Marmaroxylon ramiflorum (Bentham) L. Rico
Ref. Rico, 1991: 518.

Pithecellobium saman (Jacquin) Bentham
=Albizia saman (Jacquin) F. Mueller
Ref. FP 13(3/1) 1943: 61; Rico, pers. comm.

Pithecellobium schomburgkii Bentham
=Enterolobium schomburgkii (Bentham) Bentham
Ref. FP 13(3/1) 1943: 65; Mesquita, 1990: 168.

[*Pithecellobium sophorocarpum* Bentham
=Cojoba sophorocarpa (Bentham) Britton & Rose]
Ref. FP 13(3/1) 1943: 62; Rico, 1991: 511.
Note: Not known from Peru.

[*Pithecellobium sophorocarpum* var. *angustifolium* Rusby =Cojoba sp.]
Ref. Rico, pers. comm.
Note: Not known from Peru.

Pithecellobium spruceanum Bentham =Macrosamanea spruceana (Bentham) Killip ex Record
Ref. FP 13(3/1) 1943: 63; Rico, pers. comm.

Pithecellobium trapezifolium (M. Vahl) Bentham =Abarema jupunba (Willdenow) Britton & Killip
Ref. FP 13(3/1) 1943: 56; Rico, pers. comm.

Pithecellobium umbriflorum Ducke =Marmaroxylon ramiflorum (Bentham) L. Rico
Ref. FP 13(3/1) 1943: 64; Rico, 1991: 518.

Pithecellobium unifoliolatum Bentham =Zygia unifoliolata (Bentham) Pittier
Ref. FP 13(3/1) 1943: 64; Rico, pers. comm.

Pithecellobium weberbaueri Harms =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. FP 13(3/1) 1943: 59.

Pityrocarpa adiantoides (Sprengel) Brenan =Piptadenia adiantoides (Sprengel) J. F. Macbride
Ref. Brenan, 1955: 176; Lewis, 1987: 116.

Pityrocarpa flava (Sprengel ex DC.) Brenan =Piptadenia flava (Sprengel ex DC.) Bentham
Ref. Brenan, 1955: 176; McVaugh, 1987: 231.

Pityrocarpa gonoacantha (C. Martius) Brenan =Piptadenia gonoacantha (C. Martius) J. F. Macbride
Ref. Brenan, 1955: 176; Burkart, 1979: 274.

Pityrocarpa pteroclada (Bentham) Brenan =Piptadenia pteroclada Bentham
Ref. Brenan, 1955: 177.

Pityrocarpa viridiflora (Kunth) Brenan =Piptadenia viridiflora (Kunth) Bentham
Ref. Brenan, 1955: 177; Lewis, 1987: 118.

Platycyamus ulei Harms
Ref. FP 13(3/1) 1943: 351; Ducke, 1949: 214.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Núñez *et al.* 11435 (MO!)
Depts.: MD

Platymiscium gracile Bentham
Ref. FP 13(3/1) 1943: 268; Klitgaard, pers. comm.
Endemic tree. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4228* (K), Ferreyra 4852 (US)
Depts.: SM

Platymiscium pinnatum (Jacquin) Dugand
Syn. *Amerimnon pinnatum* Jacquin, *Lonchocarpus amerimnum* DC.
Ref. Enrech & Agostini, 1987: 116; Klitgaard, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ayala 636 (MO)
Depts.: HU, LO

Platymiscium stipulare Bentham
Ref. FP 13(3/1) 1943: 268; Klitgaard, pers. comm.
Tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Spruce 4292* (K), Berlin 269 (MO!)
Depts.: AM, MD, LO, SM

[*Platypodium elegans* var. *major* Bentham =Platypodium viride J. Vogel]
Ref. FP 13(3/1) 1943: 269.
Note: Not known from Peru.

[Platypodium viride J. Vogel]
Syn. *Platypodium elegans* var. *major* Bentham
Ref. FP 13(3/1) 1943: 269; Ducke, 1949: 189.
Note: Not known from Peru.

Platysema triquetrum Hoffmannsegg ex Bentham =Centrosema triquetrum (Hoffmannsegg ex Bentham) Bentham
Ref. Barbosa-Fevereiro, 1977: 170.

Poecilanthe amazonica (Ducke) Ducke
Syn. *Cyclolobium amazonicum* Ducke
Ref. Ducke, 1949: 165.
Tree. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Grández 1073 (MO!)
Depts.: LO

[Poecilanthe effusa (Huber) Ducke]
Syn. *Amphiodon effusus* Huber
Ref. FP 13(3/1) 1943: 270; Ducke, 1949: 166.
Note: Not known from Peru.

Poeppigia procera C. Presl
Ref. FP 13(3/1) 1943: 205; Lewis, 1987: 41.
Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 5817 (F)
Depts.: LO

Poinciana gilliesii Wallich ex Hooker =Caesalpinia gilliesii (Wallich ex Hooker) Dietrich
Ref. FP 13(3/1) 1943: 192; Isely, 1975: 40, 193.

Poinciana insignis Kunth =Caesalpinia cassioides Willdenow
Ref. FP 13(3/1) 1943: 191.

Poinciana pulcherrima L. =Caesalpinia pulcherrima (L.) Swartz
Ref. FP 13(3/1) 1943: 194; Lewis, 1987: 40.

Poinciana regia Bojer ex Hooker =Delonix regia (Bojer ex Hooker) Raf.
Ref. Lewis, 1987: 34.

Poinciana spinosa Molina =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 195; Carrillo, 1974: 61.

Poiretia punctata (Willdenow) Desvaux
Syn. *Glycine punctata* Willdenow, *Poiretia scandens* Ventenat, *Turpinia punctata* (Willdenow) Persoon
Ref. Rudd, 1972a: 142.
Vine. Andean I-II: disturbed areas. 1000-2000 m.
Voucher: Gentry *et al.* 22609 (MO!)
Depts.: CA, PI

Poiretia scandens Ventenat =Poiretia punctata (Willdenow) Desvaux
Ref. FP 13(3/1) 1943: 407; Rudd, 1972a: 142.

Poissonia eriantha (Bentham) Hauman =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 387; Lavin, 1988: 68.

Poissonia orbicularis (Bentham) Hauman =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 68.

Poissonia orbicularis var. *mantaroana* (Harms) Hauman =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 68.

Poissonia solanacea Baillon =Coursetia orbicularis Bentham
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 68.

[*Pomaria glauca* Cavanilles =Cercidium praecox subsp. glaucum (Cavanilles) Burkart & Carter]
Ref. FP 13(3/1) 1943: 187; Burkart & Carter, 1976: 309.
Note: Not known from Peru.

Poponax farnesiana (L.) Raf. =Acacia farnesiana (L.) Willdenow
Ref. Steyermark & Huber, 1978: 560

Possira arborescens Aublet =Swartzia arborescens (Aublet) Pittier
Ref. FP 13(3/1) 1943: 223; Cowan, 1968: 180.

Possira simplex Swartz =Swartzia simplex var. simplex
Ref. Cowan, 1968: 174.

Prosopis affinis Sprengel
Ref. Burkart, 1976: 488; Ferreyra, 1987: 22.
Shrub or tree. Coastal: rocky slopes, shrublands. 0-1000 m.
Voucher: Ferreyra *et al.* 18966 (USM)
Depts.: IC, PI, TU

Prosopis alba Grisebach var. **alba**
Ref. Burkart, 1976: 520.
Tree. Andean II: rocky slopes. 1500-2000 m.

Voucher: Gallardo s.n. (USM!)
Depts.: AR

Prosopis alba var. **panta** Grisebach
Syn. *Prosopis panta* (Grisebach) Hieronymus
Ref. Burkart, 1976: 521.
Tree. Andean I: rocky slopes. 1000-1500 m.
Voucher: Tovar 4835 (SI)
Depts.: HV

Prosopis chilensis (Molina) Stuntz var. **chilensis**
Syn. *Ceratonia chilensis* Molina
Ref. FP 13(3/1) 1943: 109; Carrillo, 1974: 53;Burkart, 1976: 495.
Shrub or tree. Andean I-II, Coastal: rocky slopes, semi-deciduous forests. 0-3000 m.
Voucher: Vargas 2041 (MO!)
Depts.: AR, CU, LI, PI

Prosopis horrida Kunth =Prosopis juliflora var. horrida (Kunth) Burkart
Ref. Burkart, 1976: 502.

Prosopis juliflora (Swartz) DC. var. **horrida** (Kunth) Burkart
Syn. *Prosopis horrida* Kunth
Ref. Burkart, 1976: 502; Ferreyra,, 1987: 21.
Shrub or tree. Coastal: disturbed areas, rocky slopes, semi-deciduous forests. 0-1000 m.
Voucher: Hutchison 1501 (NY, USM)
Depts.: AM, CA, PI

Prosopis juliflora var. **juliflora**
Syn. *Mimosa juliflora* Swartz, *Neltuma juliflora* (Swartz) Raf.
Ref. Burkart, 1976: 499.
Tree. Coastal: desert, semi-deciduous forests. 0-1000 m.
Voucher: Infantes Vera 2110 (SI)
Depts.: Without full locality data.

Prosopis laevigata (Humboldt & Bonpland ex Willdenow) M. Johnston var. **andicola** Burkart
Ref. Burkart, 1976: 510.
Shrub. Andean II: disturbed areas, rocky slopes. 1500-2500 m.
Voucher: Vargas 709* (SI)
Depts.: AR, CU

Prosopis limensis Bentham =Prosopis pallida (Humboldt & Bonpland ex Willdenow) H.B.K.
Ref. FP 13(3/1) 1943: 110; Burkart, 1976: 486.

Prosopis pallida (Humboldt & Bonpland ex Willdenow) H.B.K.
Syn. *Acacia pallida* Humboldt & Bonpland ex Willdenow, *Mimosa pallida* (Humboldt & Bonpland ex Willdenow) Poiret, *Prosopis limensis* Bentham
Ref. Burkart, 1976: 486; Ferreyra,, 1987: 16.
Shrub or tree. Andean I, Coastal: desert, rocky slopes, semi-deciduous forests. 0-1500 m.
Voucher: Ferreyra 6276 (MO!)
Depts.: AM, AN, AP, AR, CA, HV, IC, LA, LI, LL, PI, TA, TU

Prosopis panta (Grisebach) Hieronymus =Prosopis alba var. panta Grisebach
Ref. Burkart, 1976: 521.

Prosopis reptans Bentham var. **reptans**
Syn. *Strombocarpa reptans* (Bentham) A. Gray
Ref. Burkart, 1976: 459.
Shrub. Andean II: desert, rocky slopes. 2000-2500 m.
Voucher: Vargas 12856 (MO!)
Depts.: HV

[Prosopis strombulifera (Lamarck) Bentham var. strombulifera]
Syn. *Acacia strombulifera* (Lamarck) Willdenow, *Mimosa strombulifera* Lamarck, *Strombocarpa strombulifera* (Lamarck) A. Gray
Ref. Burkart, 1976: 457.
Note: Not known from Peru. Although listed for Peru by Burkart (1976) based on Vargas [Rev. Fac. Ci. Univ. N. S. Antonio Abad, Cuzco 2: 3-6. 1968 -- not seen], "but the illustration given (fig. 1) and the specimens collected agree better with *P. reptans*."

Pseudocassia spectabilis (DC.) Britton & Rose =Senna spectabilis var. spectabilis
Ref. FP 13(3/1) 1943: 181; Irwin & Barneby, 1982: 603.

Psoralea carthagenensis Jacquin =Dalea carthagenensis (Jacquin) J. F. Macbride
Ref. FP 13(3/1) 1943: 375; Barneby, 1977: 515.

Psoralea divaricata Humboldt & Bonpland ex Willdenow =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 359; Grimes, 1990: 23.

Psoralea featherstonei J. F. Macbride =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 28.

Psoralea glandulosa L. =Otholobium glandulosum (L.) Grimes
Ref. Grimes, 1990: 29.

Psoralea lasiostachys J. Vogel =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 27.

Psoralea leporina Aiton =Dalea leporina (Aiton) Bullock
Ref. FP 13(3/1) 1943: 369; Barneby, 1977: 210.

Psoralea maleolens J. F. Macbride =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 23.

Psoralea marginata Meyen =Otholobium pubescens (Poiret) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 23.

Psoralea mexicana (L. f.) Vail =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 359; Grimes, 1990: 23.

Psoralea mexicana var. *maleolens* (J. F. Macbride) J. F. Macbride =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 23.

Psoralea mexicana var. *trianae* (Vail) J. F. Macbride =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 23.

Psoralea munyensis J. F. Macbride =Otholobium munyensis (J. F. Macbride) Grimes
Ref. FP 13(3/1) 1943: 360, Grimes, 1990: 23.

Psoralea mutisii Kunth =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 359; Grimes, 1990: 23.

Psoralea potens J. F. Macbride =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 28.

Psoralea pubescens Poiret =Otholobium pubescens (Poiret) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 27.
Note: The Flora of Peru incorrectly gives the author of this name as "Pers."

Psoralea pubescens var. *lasiostachys* (J. Vogel) J. F. Macbride =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 27.

Psoralea remotiflora J. F. Macbride =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 28.

Psoralea trianae Vail =Otholobium mexicanum (L. f.) Grimes
Ref. FP 13(3/1) 1943: 360; Grimes, 1990: 23.

Psoralea yurensis Rusby =Otholobium pubescens (Poiret) Grimes
Ref. Grimes, 1990: 28.

Pterocarpus amazonum (C. Martius ex Bentham) Amshoff
Syn. *Phellocarpus amazonum* C. Martius ex Bentham, *Pterocarpus ancylocalyx* var. *angustifolius* Bentham, *Pterocarpus ulei* Harms
Ref. FP 13(3/1) 1943: 271; Rojo, 1972: 23.
Tree. Amazonian, Andean I: forests,

seasonally inundated areas. 0-1000 m.
Voucher: Stein & Kallunki 3930 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Pterocarpus ancylocalyx Bentham var. *angustifolius* Bentham =Pterocarpus amazonum (C. Martius ex Bentham) Amshoff
Ref. FP 13(3/1) 1943: 272; Rojo, 1972: 23.
Note: Treated as a synonym of *P. ulei* in the Flora of Peru.

Pterocarpus frutescens Vell. Conc. =Dalbergia frutescens (Vell. Conc.) Britton
Ref. FP 13(3/1) 1943: 287; Lewis, 1987: 225.

Pterocarpus guianensis (Bentham) Kuntze =Deguelia scandens Aublet
Ref. Sousa, pers. comm.

Pterocarpus lunatus L. f. =Machaerium lunatum (L. f.) Ducke
Ref. FP 13(3/1) 1943: 283; Bastos, 1987: 250.

Pterocarpus negrensis (Bentham) Kuntze =Deguelia scandens Aublet
Ref. Sousa, pers. comm.

Pterocarpus rohrii M. Vahl
Syn. *Amphymenium rohrii* (M. Vahl) H.B.K., *Pterocarpus rufescens* Bentham
Ref. FP 13(3/1) 1943: 271; Rojo, 1972: 73.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Smith 45062 (MO!)
Depts.: HU, LO, MD, PA, SM, UC

Pterocarpus rufescens Bentham =Pterocarpus rohrii M. Vahl
Ref. FP 13(3/1) 1943: 272; Rojo, 1972: 73.

Pterocarpus santalinoides L'Héritier ex DC.
Ref. Rojo, 1972: 83.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 8468 (MO!)
Depts.: LO

Pterocarpus ulei Harms =Pterocarpus amazonum (C. Martius ex Bentham) Amshoff
Ref. FP 13(3/1) 1943: 272; Rojo, 1972: 23.

Pueraria phaseoloides (Roxburgh) Bentham
Syn. *Dolichos phaseoloides* Roxburgh
Introduction herb or vine. Amazonian: forests. 0-500 m.
Voucher: Huashikat 152 (MO!)
Depts.: AM, LO, UC

Raimondianthus platycarpus Harms =Chaetocalyx platycarpa (Harms) Rudd
Ref. FP 13(3/1) 1943: 445; Rudd, 1958: 216.

[Recordoxylon stenopetalum Ducke]
Ref. FP 13(3/1) 1943: 205; Ducke, 1949: 129.
Note: Not known from Peru.

Reichardia decapetala Roth =Caesalpinia decapetala var. decapetala
Ref. Isely, 1975: 193.

Rhadinocarpus brasiliensis J. Vogel =Chaetocalyx brasiliensis (J. Vogel) Bentham
Ref. FP 13(3/1) 1943: 446; Rudd, 1958: 229.

Rhynchosia apoloensis (Rusby) J. F. Macbride =Rhynchosia edulis Grisebach
Ref. FP 13(3/1) 1943: 337; Grear, 1978: 32.

Rhynchosia crinita (H.B.K.) DC. =Eriosema crinitum var. crinitum
Ref. Grear, 1970: 45; Lewis, 1987: 287.

Rhynchosia edulis Grisebach
Syn. *Dolicholus apoloensis* Rusby, *Eriosema edule* (Grisebach) Burkart, *Rhynchosia apoloensis* (Rusby) J. F. Macbride
Ref. Grear, 1978: 32.
Herb or vine. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Barbour 4249 (MO!)
Depts.: AM, CU, JU, SM

Rhynchosia galactioides (H.B.K.) DC. =Calopogonium galactioides (H.B.K.) Bentham ex Hemsley
Ref. Carvalho & Leitão, 1985: 39.

Rhynchosia kuntzei Harms ex Kuntze =Rhynchosia reticulata var. kuntzei (Kuntze) Grear
Ref. Grear, 1978: 116.

Rhynchosia mantaroensis J. F. Macbride var. **cuprinervia** Grear
Ref. Grear, 1978: 40.
Liana or shrub. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Hutchison & Wright 5164* (MO!), Woytkowski 6851 (MO!)
Depts.: AM, AN, CA, LA, LL

Rhynchosia mantaroensis var. **mantaroensis**
Ref. FP 13(3/1) 1943: 337; Grear, 1978: 40.
Endemic vine. Andean I: disturbed areas, forests. 1000-2000 m.
Voucher: Weberbauer 7606* (F), Vargas 9623 (MO!)
Depts.: AM, AP, CU, HV, JU

Rhynchosia melanocarpa Grear
Ref. Grear, 1978: 43.
Vine. Andean I: forests. 500-1500 m.
Voucher: Schunke 6167 (MO!)
Depts.: HU, JU, MD, PA, SM

Rhynchosia minima (L.) DC.
Syn. *Dolichos minimus* L.
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 76.
Herb or vine. Amazonian, Andean I, Coastal: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Klug 4371 (MO!)
Depts.: AM, CA, IC, LA, LI, LL, MD, PI, SM, TU

Rhynchosia phaseoloides (Swartz) DC.
Syn. *Glycine phaseoloides* Swartz
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 53.
Vine. Amazonian, Andean I: disturbed areas, forests, rocky slopes. 0-1000 m.
Note: Treated as a synonym under *R. pyramidalis* in the Flora of Peru.
Voucher: Woytkowski 6328 (MO!)
Depts.: HU, JU, LO, SM, UC

Rhynchosia pyramidalis (Lamarck) Urban
Syn. *Dolichos pyramidalis* Lamarck
Ref. FP 13(3/1) 1943: 338; Grear, 1978: 47.
Liana. Amazonian: forests. 0-500 m.
Note: Neither of the two vouchers cited in the Flora of Peru, *Killip & Smith 25201* and *Macbride 5805*, were treated by Grear (1978).
Voucher: Ponce de León s.n. (USM!)
Depts.: LO

Rhynchosia reticulata (Swartz) DC. var. **kuntzei** (Kuntze) Grear
Syn. *Dolicholus kuntzei* Kuntze, *Rhynchosia kuntzei* Harms ex Kuntze
Ref. Grear, 1978: 116.
Vine. Andean I: disturbed areas, shrublands. 500-1000 m.
Voucher: Macbride 5555 (MICH)
Depts.: JU

Rhynchosia reticulata var. **reticulata**
Syn. *Dolicholus reticulatus* (Swartz) Millspaugh, *Glycine reticulata* Swartz
Ref. Grear, 1978: 113.
Vine. Andean II: disturbed areas, shrublands. 2500-3000 m.
Voucher: Woytkowski 6782 (MO!)
Depts.: LA

Rhynchosia rufa (H.B.K.) DC. =Eriosema rufum var. rufum
Ref. Grear, 1970: 59; Lewis, 1987: 287.

Rhynchosia senna Gillies ex Hooker & Arnott var. *angustifolia* (A. Gray) Grear =Rhynchosia senna var. texana (Torrey & A. Gray) M. Johnston
Ref. M. C. Johnston, 1984b: 474.

Rhynchosia senna var. **texana** (Torrey & A. Gray) M. Johnston
Syn. *Rhynchosia senna* var. *angustifolia* (A. Gray) Grear, *Rhynchosia texana* var. *angustifolia* A. Gray
Ref. Grear, 1978: 67; M. C. Johnston, 1984b: 474.
Vine. Andean II: disturbed areas, shrublands. 2000-2500 m.
Voucher: Gay s.n. (P)
Depts.: CU

Rhynchosia texana Torrey & A. Gray =Rhynchosia senna var. texana (Torrey & A. Gray) M. Johnston
Ref. M. C. Johnston, 1984b: 474.

Rhynchosia texana var. *angustifolia* A. Gray =Rhynchosia senna var. texana (Torrey & A. Gray) M. Johnston
Ref. Grear, 1978: 67; M. C. Johnston, 1984b: 474.

Rittera simplex (Swartz) M. Vahl =Swartzia simplex var. simplex
Ref. Cowan, 1968: 174.

Rittera triphylla Swartz ex Steudel =Swartzia arborescens (Aublet) Pittier
Ref. FP 13(3/1) 1943: 223.

Riveria nitens H.B.K. =Swartzia myrtifolia var. myrtifolia
Ref. Cowan, 1968: 168.

Robinia coccinea Aublet =Ormosia coccinea var. coccinea
Ref. Rudd, 1965: 326.

Robinia nicou Aublet =Lonchocarpus nicou (Aublet) DC.
Ref. FP 13(3/1) 1943: 263; Lemée, 1952: 126; Duke, 1981: 122.

Robinia striata Willdenow =Geoffroea striata (Willdenow) Morong
Ref. FP 13(3/1) 1943: 255; Lewis, 1987: 231.

[*Samanea adiantifolia* (Kunth) Pittier =Macrosamanea discolor (Humboldt & Bonpland ex Willdenow) Britton & Rose ex Britton & Killip]
Note: Not known from Peru.

Samanea arborea (L.) Ricker =Cojoba arborea (L.) Britton & Rose
Ref. Rico, pers. comm.

Samanea corymbosa (Richard) Pittier =Albizia corymbosa (Richard) G. P. Lewis & Owen
Ref. FP 13(3/1) 1943: 53; Lewis & Owen, 1989: 40.

Samanea multiflora (H.B.K.) Pittier =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. FP 13(3/1) 1943: 59.

Samanea pedicellaris (DC.) Killip ex Record =Macrosamanea pedicellaris (DC.) Kleinhoonte
Ref. Lewis, 1987: 165.

Samanea polycephala (Bentham) Pittier =Albizia polycephala (Bentham) Killip ex Record
Ref. FP 13(3/1) 1943: 61; Lewis, 1987: 164.

Samanea saman (Jacquin) Merrill =Albizia saman (Jacquin) F. Mueller
Ref. FP 13(3/1) 1943: 62; Rico, pers. comm.

Schizolobium amazonicum Huber ex Ducke
Syn. *Schizolobium excelsum* var. *amazonicum* Ducke ex L. Williams
Ref. FP 13(3/1) 1943: 185; Ducke, 1949: 126.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 8302 (MO!)
Depts.: HU, SM

Schizolobium excelsum var. *amazonicum* Ducke ex L. Williams =Schizolobium amazonicum Huber ex Ducke
Ref. FP 13(3/1) 1943: 185.

Schnella glabra (Jacquin) Dugand =Bauhinia glabra Jacquin
Ref. Wunderlin, 1977: 352; Vaz, 1979: 175.

Schnella herrerae Britton & Rose =Bauhinia herrerae (Britton & Rose) Standley & Steyermark
Ref. Standley & Steyermark, 1946: 92.

Schnella longipetala Bentham =Bauhinia glabra Jacquin
Ref. FP 13(3/1) 1943: 216; Vaz, 1979: 172.

Schnella microstachya Raddi =Bauhinia microstachya (Raddi) J. F. Macbride
Ref. FP 13(3/1) 1943: 214; Wunderlin, 1977: 351.

[*Schnella rosea* Walpers =Bauhinia guianensis var. kunthiana (J. Vogel) Wunderlin]
Ref. Vaz, 1979: 169.
Note: Not known from Peru. Treated as a synonym under *B. kunthiana* by Vaz (1979).

Schnella rutilans (Spruce ex Bentham) Pittier =Bauhinia rutilans Spruce ex Bentham

Schrankia leptocarpa DC. =Mimosa quadrivalvis var. leptocarpa (DC.) Barneby
Ref. FP 13(3/1) 1943: 97; Barneby, 1991: 298.

Sclerolobium chrysophyllum Poeppig =Tachigali chrysophylla (Poeppig) Zarucchi & Herendeen
Ref. FP 13(3/1) 1943: 200; Dwyer, 1957: 99.

Sclerolobium guianense Bentham =Tachigali guianensis (Bentham) Zarucchi & Herendeen
Ref. Dwyer, 1957: 96.

[*Sclerolobium hypoleucum* Bentham =Tachigali hypoleuca (Bentham) Zarucchi & Herendeen]
Ref. FP 13(3/1) 1943: 200; Dwyer, 1957: 85.
Note: Not known from Peru.

Sclerolobium melinonii Harms =Tachigali melinonii (Harms) Zarucchi & Herendeen
Ref. Dwyer, 1957: 106; Spichiger *et al.*, 1989: 304.

Sclerolobium micranthum L. O. Williams =Tachigali micrantha (L. O. Williams) Zarucchi & Herendeen
Ref. L. O. Williams, 1964: 32.

Sclerolobium paniculatum J. Vogel var. *peruvianum* Dwyer =Tachigali peruviana (Dwyer) Zarucchi & Herendeen
Ref. Dwyer, 1957: 94.

Sclerolobium rigidum J. F. Macbride =Tachigali macbridei Zarucchi & Herendeen
Ref. FP 13(3/1) 1943: 201; Dwyer, 1957: 100.

Sclerolobium setiferum Ducke =Tachigali setifera (Ducke) Zarucchi & Herendeen
Ref. FP 13(3/1) 1943: 202; Dwyer, 1957: 104.

[*Sclerolobium tinctorium* Bentham =Tachigali tinctoria (Bentham) Zarucchi & Herendeen]
Ref. FP 13(3/1) 1943: 202; Dwyer, 1957: 94.
Note: Not known from Peru.

Sclerolobium tinctorium var. *uleanum* (Harms) Dwyer =Tachigali uleana (Harms) Zarucchi & Herendeen
Ref. Dwyer, 1957: 95.

Sclerolobium uleanum Harms =Tachigali uleana (Harms) Zarucchi & Herendeen
Ref. FP 13(3/1) 1943: 202; Dwyer, 1957: 95.

Sclerolobium weberbaueri Harms =Tachigali uleana (Harms) Zarucchi & Herendeen
Ref. FP 13(3/1) 1943: 202; Dwyer, 1957: 95.

Senegalia glomerosa (Bentham) Britton & Rose =Acacia polyphylla DC.
Ref. FP 13(3/1) 1943: 77; Seigler, pers. comm.

[*Senegalia lehmannii* Britton & Killip =Acacia lehmannii (Britton & Killip) J. F. Macbride]
Ref. FP 13(3/1) 1943: 79.
Note: Not known from Peru.

Senegalia multiflora (H.B.K.) Killip ex Record =Pithecellobium multiflorum (H.B.K.) Bentham
Ref. FP 13(3/1) 1943: 59.

Senegalia paniculata (Willdenow) Killip ex Record =Acacia tenuifolia (L.) Willdenow
Ref. FP 13(3/1) 1943: 81; Seigler, pers. comm.

Senegalia polyphylla (DC.) Britton & Rose ex Britton & Killip =Acacia polyphylla DC.
Ref. FP 13(3/1) 1943: 82.

Senegalia riparia (H.B.K.) Britton & Rose ex Britton & Killip =Acacia riparia H.B.K.
Ref. FP 13(3/1) 1943: 82.

Senegalia tenuifolia (L.) Britton & Rose =Acacia tenuifolia (L.) Willdenow
Ref. Seigler, pers. comm.

Senegalia tomentella Britton & Killip =Acacia tenuifolia (L.) Willdenow
Ref. FP 13(3/1) 1943: 80.

Senna acuparata H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 202.
Endemic vine. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality. The cited voucher was treated under *Cassia hoffmannseggii* in the Flora of Peru.
Voucher: Killip & Smith 27392* (US)
Depts.: LO

Senna alata (L.) Roxburgh
Syn. *Cassia alata* L., *Herpetica alata* (L.) Raf.
Ref. Irwin & Barneby, 1982: 460; Grimes, pers. comm.
Shrub or tree. Amazonian: disturbed areas, riversides, seasonally inundated areas. 0-500 m.
Voucher: Poeppig s.n. [in 1830] (NY)
Depts.: LO

[Senna atomaria (L.) H. Irwin & Barneby]
Syn. *Cassia atomaria* L.
Ref. Irwin & Barneby, 1982: 588.
Note: Not known from Peru.

Senna aurantia (R. & P. ex G. Don) H. Irwin & Barneby
Syn. *Cassia aurantia* R. & P. ex G. Don, *Cassia dombeyana* J. Vogel, *Senna barnebyana* Lasseigne
Ref. Irwin & Barneby, 1982: 354.
Endemic shrub. Andean II: riversides, rocky slopes. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (BM), Macbride 3194 (US)
Depts.: HU, JU

[Senna bacillaris (L. f.) H. Irwin & Barneby var. bacillaris]
Syn. *Bactyrilobium bacillare* (L. f.) Hornemann, *Cassia bacillaris* L. f., *Cathartocarpus bacillus* Persoon, nom. illeg., *Chamaefistula bacillaris* (L. f.) G. Don
Ref. Irwin & Barneby, 1982: 113.
Note: Not known from Peru.

Senna bacillaris var. **benthamiana** (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia fruticosa* var. *benthamiana* J. F. Macbride
Ref. Irwin & Barneby, 1982: 114.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Klug 1029 (NY!), Williams 566* (F)
Depts.: LO, SM

Senna barnebyana Lasseigne =Senna aurantia (R. & P. ex G. Don) H. Irwin & Barneby
Ref. Lasseigne, 1981: 513; Irwin & Barneby, 1982: 354.

Senna bicapsularis (L.) Roxburgh var. **augusti** (Harms) H. Irwin & Barneby
Syn. *Cassia alcaparillo* H.B.K., *Cassia augusti* Harms, *Cassia bicapsularis* var. *augusti* (Harms) J. F. Macbride
Ref. Irwin & Barneby, 1982: 403.
Shrub. Amazonian, Andean I: disturbed areas, rocky slopes. 0-1500 m.
Voucher: Weberbauer 5368* (B photo NY!), Hutchison & Wright 6712 (NY!)
Depts.: AR, CA, IC, LA, LI, LL

Senna bicapsularis var. **bicapsularis**
Syn. *Adipera bicapsularis* (L.) Britton & Rose ex Britton & P. Wilson, *Cassia bicapsularis* L., *Cassia limensis* Lamarck, *Cathartocarpus bicapsularis* (L.) W. Hamilton
Ref. Irwin & Barneby, 1982: 401.
Introduced shrub. Coastal: disturbed areas. 0-500 m.
Voucher: Ferreyra 7613 (NY!)
Depts.: LA, LI

Senna birostris (Dombey ex J. Vogel) H. Irwin & Barneby var. **arequipensis** (J. Vogel) H. Irwin & Barneby
Syn. *Cassia arequipensis* J. Vogel
Ref. Irwin & Barneby, 1982: 342.
Shrub. Andean II-III: riversides. 3000-4000 m.
Voucher: Meyen s.n.* (B photo F!), Pennell 14278 (NY!)
Depts.: AR, MO, TA

Senna birostris var. **birostris**
Syn. *Cassia birostris* Dombey ex J. Vogel, *Chamaefistula birostris* (Dombey ex J. Vogel) Dombey ex J. F. Macbride
Ref. Irwin & Barneby, 1982: 344.
Endemic shrub. Andean I-II, Coastal: lomas, shrublands. 0-3000 m.
Voucher: Dombey s.n.* (P), Ferreyra 8659 (NY!)
Depts.: AN, AR, LI

Senna birostris var. **helveola** (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia helveola* J. F. Macbride
Ref. Irwin & Barneby, 1982: 343.
Endemic shrub. Andean II-III: disturbed areas, shrublands. 2500-4000 m.
Voucher: Macbride & Featherstone 1183* (F), Smith *et al.* 12518 (NY!)
Depts.: AN, HU, JU, LL, PA

[Senna birostris var. hookeriana (Gillies ex Hooker) H. Irwin & Barneby]
Syn. *Cassia hookeriana* Gillies ex Hooker
Ref. Irwin & Barneby, 1982: 339.
Note: Not known from Peru.

Senna birostris var. **huancavensis** (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia helveola* var. *huancavensis* J. F. Macbride
Ref. Irwin & Barneby, 1982: 341.
Shrub. Andean II: disturbed areas, grasslands, riversides. 2500-3500 m.
Note: The type collection was listed under *Cassia helveola* [=*S. birostis* var. *helveola*] in the Flora of Peru.
Voucher: Weberbauer 7608* (F), Croat 57743 (NY!, USM!)
Depts.: CU, HV, PA

Senna brongniartii (Gaudichaud) H. Irwin & Barneby
Syn. *Cassia brongniartii* Gaudichaud, *Cassia conjugata* R. & P. ex Bentham
Ref. Irwin & Barneby, 1982: 322.
Herb or shrub. Coastal: desert, lomas. 0-1500 m.
Voucher: Dillon & Dillon 3796 (NY!)
Depts.: AR, IC, LI, TA

Senna cajamarcae H. Irwin & Barneby
Syn. *Cassia pendula* var. *bracteata* Lasseigne
Ref. Irwin & Barneby, 1982: 350.
Shrub or treelet. Andean II: shrublands. 2000-3000 m.
Voucher: Ferreyra 8426* (NY), Mostacero *et al.* 851 (NY!)
Depts.: CA

Senna cobanensis (Britton ex Britton & Rose) H. Irwin & Barneby
Syn. *Cassia cobanensis* (Britton ex Britton & Rose) Lundell, *Cassia leiophylla* var. *pubescens* Bentham, *Vogelocassia cobanensis* Britton ex Britton & Rose
Ref. Irwin & Barneby, 1982: 250.
Shrub. Andean I: disturbed areas. 500-1000 m.
Voucher: Gentry & Prance 16406 (NY!)
Depts.: CU, HU, JU, SM

Senna cushina (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia andina* Rose ex J. F. Macbride, nom. illeg., *Cassia cushina* J. F. Macbride
Ref. Irwin & Barneby, 1982: 475.
Endemic tree. Andean II: forests. 2000-2500 m.
Voucher: Macbride 4825* (F), Ferreyra & Alleto 15183 (NY!)
Depts.: AM, HU, SM

[Senna fruticosa (Miller) H. Irwin & Barneby]
Syn. *Cassia fruticosa* Miller, *Chamaefistula fruticosa* (Miller) Pittier
Ref. Irwin & Barneby, 1982: 121.
Note: Not known from Peru. This taxon (sub *Cassia*) was incorrectly equated with *Cassia* [=*Senna*] *bacillaris* in the Flora of Peru.

Senna galegifolia (L.) Barneby & Lourteig
Syn. *Cassia galegifolia* L., *Cassia nemorosa* H.B.K., *Cassia pallida* M. Vahl, *Senna pallida* (M. Vahl) H. Irwin & Barneby, *Senna pallida* var.

nemorosa (H.B.K.) H. Irwin & Barneby
Ref. Lourteig, 1988: 400.
Shrub or subshrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Gentry *et al.* 61021 (NY!)
Depts.: AM, CA

Senna haughtii (J. F. Macbride) H. Irwin & Barneby
Syn. *Cassia haughtii* J. F. Macbride
Ref. Irwin & Barneby, 1982: 587.
Endemic shrub. Coastal: riversides, rocky slopes, shrublands. 0-1000 m.
Voucher: Haught F10* (F), Haught 62 (F)
Depts.: PI

Senna herzogii (Harms) H. Irwin & Barneby
Syn. *Cassia herzogii* Harms
Ref. Irwin & Barneby, 1982: 145.
Shrub or tree. Amazonian, Andean I-II: riversides, seasonally inundated areas. 0-2000 m.
Voucher: Gentry *et al.* 19646 (NY!)
Depts.: AY, CU, MD

[Senna hirsuta (L.) H. Irwin & Barneby var. hirsuta]
Syn. *Cassia hirsuta* L., *Ditremexa hirsuta* (L.) Britton & Rose ex Britton & P. Wilson
Ref. Irwin & Barneby, 1982: 434.
Note: Not known from Peru.

Senna hirsuta var. **hirta** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 433.
Shrub. Amazonian, Andean I-II: seasonally inundated areas. 0-3000 m.
Voucher: Klug 3604 (NY!)
Depts.: AM, CU, JU, LO, PU, SM

[Senna hirsuta var. leptocarpa (Bentham) H. Irwin & Barneby]
Syn. *Cassia leptocarpa* Bentham, *Ditremexa leptocarpa* (Bentham) Britton & Rose
Ref. Irwin & Barneby, 1982: 431.
Note: Not known from Peru.

Senna huancabambae (Harms) H. Irwin & Barneby
Syn. *Cassia huancabambae* Harms
Ref. Irwin & Barneby, 1982: 561.
Subshrub. Andean I-III, oastal: riversides, rocky slopes, semi-deciduous forests. 500-4000 m.
Voucher: Weberbauer 6285* (B photo F!), Plowman *et al.* 14221 (NY!)
Depts.: CA, PI

Senna incarnata (Pavón ex Bentham) H. Irwin & Barneby
Syn. *Cassia incarnata* Pavón ex Bentham
Ref. Irwin & Barneby, 1982: 526.
Shrub. Andean II-III: rocky slopes, shrublands. 2000-4000 m.
Voucher: Pavón s.n.* (BM), Sánchez 10382 (NY!)
Depts.: AN, CA, LI, LL, PI

Senna lasseigniana H. Irwin & Barneby var. **lasseigniana**
Syn. *Cassia santanderensis* var. *parvianthera* Lasseigne
Ref. Irwin & Barneby, 1982: 354.
Endemic shrub. Andean II-III: forests, riversides, shrublands. 2000-2500 m.
Voucher: Ferreyra & Acleto 15194* (MO!), Wurdack 834 (NY!)
Depts.: AM, CA

Senna latifolia (G. Meyer) H. Irwin & Barneby
Syn. *Cassia hoffmannseggii* C. Martius ex Bentham, *Cassia latifolia* G. Meyer, *Chamaefistula latifolia* (G. Meyer) Pittier
Ref. Irwin & Barneby, 1982: 143.
Liana or shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Plowman *et al.* 6982 (NY!)
Depts.: AY, CU, HU, LO, SM

[Senna leiophylla (J. Vogel) H. Irwin & Barneby]
Syn. *Cassia leiophylla* J. Vogel, *Vogelocassia leiophylla* (J. Vogel) Britton ex Britton & Rose
Ref. Irwin & Barneby, 1982: 248.
Note: Not known from Peru. Collections cited under *Cassia leiophylla* J. Vogel in the Flora of Peru – *Spruce 4299*, *Killip & Smith 23805* & *24967* – were redetermined as *Senna cobanensis* by Irwin & Barneby (1982: 250).

Senna loretensis (Killip & J. F. Macbride ex Killip) H. Irwin & Barneby
Syn. *Cassia loretensis* Killip & J. F. Macbride ex Killip
Ref. Irwin & Barneby, 1982: 146.
Endemic shrub or treelet. Amazonian: forests. 0-500 m.
Voucher: Schunke 206* (F), Gentry *et al.* 37849 (NY!)
Depts.: AM, LO, MD, SM

Senna macranthera (DC. ex Colladon) H. Irwin & Barneby var. **andina** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 188.
Shrub. Andean I-II: disturbed areas, rocky slopes. 1000-2500 m.
Voucher: Hutchison & Wright 3602* (NY), Smith 6197 (NY!)
Depts.: AM, CA, LL

Senna macrophylla (Kunth) H. Irwin & Barneby var. **gigantifolia** (Britton & Killip) H. Irwin & Barneby
Syn. *Cassia gigantifolia* (Britton & Killip) R. Cowan, *Chamaefistula gigantifolia* Britton & Killip
Ref. Irwin & Barneby, 1982: 139.
Shrub or tree. Amazonian, Andean I: forests on white sand. 0-1000 m.
Voucher: Klug 1622* (NY), Schunke 6195 (NY!)
Depts.: AM, CU, HU, JU, LO, MD, SM

[Senna macrophylla var. macrophylla]
Syn. *Cassia macrophylla* Kunth, *Chamaefistula macrophylla* (Kunth) G. Don
Ref. Irwin & Barneby, 1982: 140.
Note: Not known from Peru. Collections cited in the Flora of Peru under *Cassia macrophylla* are treated as var. *gigantifolia* by Irwin & Barneby (1982: 139).

Senna malaspinae H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 311.
Endemic shrub. Andean II: riversides, rocky slopes, shrublands. 3000-3500 m.
Voucher: Pennell 14424* (NY), Malaspina Exped. [Haenke or Née] s.n. (FI-WEBB)
Depts.: LI

Senna mandonii (Bentham) H. Irwin & Barneby
Syn. *Cassia cookii* Killip & J. F. Macbride, *Cassia mandonii* Bentham
Ref. Irwin & Barneby, 1982: 331.
Shrub. Andean II: cloud forests, riversides. 2500-3000 m.
Voucher: Ugent 5366 (NY!)
Depts.: CU

Senna mollissima (Humboldt & Bonpland ex Willdenow) H. Irwin & Barneby var. **mollissima**
Syn. *Cassia laeta* H.B.K., *Cassia mollissima* Humboldt & Bonpland ex Willdenow, *Cassia weberbaueri* J. F. Macbride, *Cathartocarpus laetus* (H.B.K.) G. Don
Ref. Irwin & Barneby, 1982: 595.
Tree. Andean I-II: disturbed areas, riversides. 500-3000 m.
Voucher: Hutchison & Wright 6773 (NY!)
Depts.: AM, CA, PI, TU

Senna multiglandulosa (Jacquin) H. Irwin & Barneby
Syn. *Adipera tomentosa* (L. f.) Britton & Rose, *Cassia lutescens* G. Don, *Cassia multiglandulosa* Jacquin, *Cassia tomentosa* L. f.
Ref. Irwin & Barneby, 1982: 357.
Shrub. Andean II-III: cloud forests, disturbed areas, grasslands, riversides. 2000-4500 m.
Voucher: Wasshausen & Encarnación 1002 (NY!)
Depts.: AM, AN, AP, AY, LL

Senna multijuga (Richard) H. Irwin & Barneby subsp. **multijuga**
Syn. *Cassia multijuga* Richard, *Peiranisia multijuga* (Richard) Britton & Rose ex Britton & P. Wilson
Ref. Irwin & Barneby, 1982: 495.
Tree. Amazonian, Andean I: riversides, seasonally inundated areas. 0-1000 m.
Voucher: Smith 1985 (NY!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Senna obliqua (G. Don) H. Irwin & Barneby
Syn. *Cassia obliqua* (G. Don) R. & P. ex G. Don, *Chamaefistula obliqua* G. Don
Ref. Irwin & Barneby, 1982: 148.
Tree. Amazonian, Andean I-II. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (BM), Hutchison 1186 (NY!)
Depts.: AM, CA, HU, JU, MD, PA

Senna obtusifolia (L.) H. Irwin & Barneby
Syn. *Cassia obtusifolia* L., nom. cons. prop., *Cassia tora* var. *obtusifolia* (L.) Haines
Ref. Irwin & Barneby, 1982: 252; Reveal, 1992: 138.
Herb. Andean I: forests, disturbed areas, rocky slopes. 500-1000 m.
Note: *Cassia obtusifolia* is the subject of a proposal for species conservation.
Voucher: Smith 2142 (NY!)
Depts.: LO, MD, SM, UC

Senna occidentalis (L.) Link
Syn. *Cassia occidentalis* L., *Ditremexa occidentalis* (L.) Britton & Rose ex Britton & P. Wilson
Ref. Irwin & Barneby, 1982: 436.
Shrub or tree. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Schunke 6080 (NY!)
Depts.: LO, SM, UC

Senna pallida (M. Vahl) H. Irwin & Barneby =Senna galegifolia (L.) Barneby & Lourteig
Ref. Irwin & Barneby, 1982: 543; Lourteig, 1988: 401.

Senna pallida var. *nemorosa* (H.B.K.) H. Irwin & Barneby =Senna galegifolia (L.) Barneby & Lourteig
Ref. Irwin & Barneby, 1982: 543; Lourteig, A., 1988: 401.
Note: Indirectly synonymized by Lourteig (1988: 401) where she indicated that the 19 varieties recognized by Irwin & Barneby (1982: 531-559) of *S. pallida* belong to *S. galegifolia*.

Senna pendula (Humboldt & Bonpland ex Willdenow) H. Irwin & Barneby var. **praeandina** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 385.
Liana or shrub. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Schunke 2043* (NY), Smith 4132 (NY!)
Depts.: HU, JU, LO, MD, PA, SM, UC

Senna pendula var. **scandens** (Bentham) H. Irwin & Barneby
Syn. *Cassia floribunda* var. *scandens* (Bentham) Lasseigne, *Cassia laevigata* var. *scandens* Bentham
Ref. Irwin & Barneby, 1982: 395.
Endemic liana or shrub. Amazonian, Andean I: grasslands. 0-1500 m.
Voucher: Spruce 3925* (K), Belshaw 3164 (NY!)
Depts.: SM

Senna pendula var. **tenuifolia** (Bentham) H. Irwin & Barneby
Syn. *Cassia bicapsularis* var. *tenuifolia* Bentham
Ref. Irwin & Barneby, 1982: 394.
Liana or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ayala *et al.* 3332 (NY!)
Depts.: LO, PA

[Senna pilifera (J. Vogel) H. Irwin & Barneby var. pilifera]
Syn. *Cassia pilifera* J. Vogel, *Emelista pilifera* (J. Vogel) Pittier
Ref. Irwin & Barneby, 1982: 243.
Note: Not known from Peru. The specimen cited under *Cassia pilifera* in the Flora of Peru, *Ule 6729*, was redetermined as var. *subglabra* by Irwin & Barneby (1982).

Senna pilifera var. **subglabra** (S. Moore) H. Irwin & Barneby
Syn. *Cassia pilifera* var. *subglabra* S. Moore
Ref. Irwin & Barneby, 1982: 243.
Shrub. Andean I: forests, riversides. 1000-1500 m.
Voucher: Ferreyra 10897 (NY!)
Depts.: CA, PI

Senna pistaciifolia (H.B.K.) H. Irwin & Barneby var. **glabra** (Bentham) H. Irwin & Barneby
Syn. *Cassia cuspidata* Willdenow, *Cassia fraxinifolia* H.B.K., *Cassia pearcei* Bentham, *Cassia pistaciifolia* var. *glabra* Bentham
Ref. Irwin & Barneby, 1982: 473.
Shrub or tree. Andean I-II: disturbed areas, rocky slopes. 1000-2500 m.
Voucher: Díaz 2031 (NY!)
Depts.: AM, CA, CU, LA, PI

Senna pistaciifolia var. **picta** (G. Don) H. Irwin & Barneby
Syn. *Cassia picta* G. Don
Ref. Irwin & Barneby, 1982: 473.
Shrub. Andean I: disturbed areas. 0-1500 m.
Voucher: Llatas 654 (NY!)
Depts.: LA, PI

[Senna polyphylla (Jacquin) H. Irwin & Barneby var. polyphylla]
Syn. *Cassia marginata* Willdenow
Ref. Irwin & Barneby, 1982: 519.
Note: Not known from Peru.

Senna praeterita H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 333.
Endemic shrub. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Mathews 3276* (K)
Depts.: AM

Senna punoensis Lasseigne
Ref. Irwin & Barneby, 1982: 362.
Tree. Andean II: riversides. 3000-3500 m.
Voucher: Metcalfe 30491* (MO!)
Depts.: MD, PU

Senna quinquangulata (Richard) H. Irwin & Barneby var. **quinquangulata**
Syn. *Cassia quinquangulata* Richard, *Chamaefistula klugii* Britton & Killip, *Chamaefistula quinquangulata* (Richard) Pittier
Ref. Irwin & Barneby, 1982: 155.
Tree. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Knapp 8176 (NY!)
Depts.: LO, SM

[Senna racemosa (Miller) H. Irwin & Barneby]
Syn. *Cassia racemosa* Miller
Ref. Irwin & Barneby, 1982: 582.
Note: Not known from Peru.

Senna reticulata (Willdenow) H. Irwin & Barneby
Syn. *Cassia reticulata* Willdenow, *Chamaesenna reticulata* (Willdenow) Pittier
Ref. Irwin & Barneby, 1982: 458.
Tree. Amazonian: disturbed areas, riversides, seasonally inundated areas. 0-500 m.
Voucher: Croat 19111 (NY!)
Depts.: AM, LO, PA, SM

Senna ruiziana (G. Don) H. Irwin & Barneby var. **micrandra** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 152.
Liana or tree. Andean I: forests. 500-1500 m.
Voucher: Vargas 15197 (MO!)
Depts.: CU

Senna ruiziana var. **ruiziana**
Syn. *Cassia pallidifolia* J. F. Macbride, *Cassia ruiziana* (G. Don) J. Vogel, *Chamaefistula ruiziana* G. Don
Ref. Irwin & Barneby, 1982: 152.
Liana, shrub or tree. Amazonian, Andean I: riversides, rocky slopes. 0-1500 m.
Voucher: Ruiz & Pavón s.n.* (BM), Wurdack 2225 (NY!)
Depts.: AM, AN, CU, HU, JU, LO, MD, PA, SM, UC

Senna septemtrionalis (Viviani) H. Irwin & Barneby
Syn. *Adipera laevigata* (Willdenow) Britton & Rose ex Britton & P. Wilson, *Cassia laevigata* Willdenow, *Cassia septemtrionalis* Viviani, *Cassia septentrionalis* Zuccagni, *Chamaefistula laevigata* (Willdenow) G. Don, *Chamaesenna laevigata* (Willdenow) Pittier
Ref. Irwin & Barneby, 1982: 365.
Shrub or treelet. Coastal: forests. 500-1000 m.
Voucher: Macbride 2860 (NY!)
Depts.: LI

Senna silvestris (Vell. Conc.) H. Irwin & Barneby subsp. **silvestris**
Syn. *Cassia lucens* J. Vogel, *Cassia lucens* var. *tenuifolia* (Huber) J. F. Macbride, *Cassia racemosa* var. *tenuifolia* Huber, *Cassia silvestris* Vell. Conc.
Ref. Irwin & Barneby, 1982: 89.
Tree. Amazonian, Andean I: disturbed areas, forests on white sand, riversides. 0-1000 m.
Voucher: Mexia 6074 (NY!)
Depts.: AM, HU, LO, MD, SM, PA, UC

Senna spectabilis (DC.) H. Irwin & Barneby var. **spectabilis**

Syn. *Cassia spectabilis* DC., *Pseudocassia spectabilis* (DC.) Britton & Rose
Ref. Irwin & Barneby, 1982: 603.
Cultivated tree. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Encarnación E-161 (NY)
Depts.: AM, HU, LI, LO

Senna spinescens (Hoffmannsegg ex J. Vogel) H. Irwin & Barneby var. **spinescens**
Syn. *Cassia secedens* Ducke, *Cassia spinescens* Hoffmannsegg ex J. Vogel
Ref. Irwin & Barneby, 1982: 214.
Shrub. Amazonian: riversides. 0-500 m.
Voucher: Schunke 180 (NY!)
Depts.: LO, MD

Senna tapajozensis (Ducke) H. Irwin & Barneby
Syn. *Cassia tapajozensis* Ducke
Ref. Irwin & Barneby, 1982: 175.
Shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Gentry & Núñez 54210 (NY!)
Depts.: MD

Senna uncata H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 200.
Endemic liana or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Ancuash 289* (MO!), Huashikat 367 (MO!)
Depts.: AM

[Senna uniflora (Miller) H. Irwin & Barneby]
Syn. *Cassia mucronulosa* (Pittier) J. F. Macbride, *Cassia uniflora* Miller, *Emelista mucronulosa* Pittier
Ref. Irwin & Barneby, 1982: 258.
Note: Not known from Peru.

Senna vargasii (Schery) H. Irwin & Barneby
Syn. *Cassia vargasii* Schery
Ref. Irwin & Barneby, 1982: 373.
Endemic shrub. Andean II: rocky slopes, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 985* (MO!)
Depts.: CU

Senna versicolor (Meyen ex J. Vogel) H. Irwin & Barneby var. **heterosperma** H. Irwin & Barneby
Ref. Irwin & Barneby, 1982: 309.
Endemic shrub. Andean II: forests, rocky slopes. 2500-3000 m.
Note: Known from Peru only from the type locality. Grown as an ornamental in California and under glass in New York (Irwin & Barneby, 1982). The taxon was reported previously by Isely (1975: 105) under the name *Cassia latopetiolata* Dombey ex J. Vogel.
Voucher: Hutchison & Wright 5306* (NY!)
Depts.: CA

Senna versicolor var. **versicolor**
Syn. *Cassia latopetiolata* Dombey ex J. Vogel, *Cassia versicolor* Meyen ex J. Vogel
Ref. Irwin & Barneby, 1982: 309.
Shrub. Andean II-III: disturbed areas, shrublands. 2500-4000 m.
Voucher: Smith & Sánchez 4312 (NY!)
Depts.: AN, AP, AY, CA, CU, HV, JU, LI, PA, PU

Sericandra julibrissin (Durazzini) Raf. =Albizia julibrissin Durazzini
Ref. Britton & Rose, 1928: 44.

Sesbania brenningii Harms =Yucaratonia brenningii (Harms) Burkart
Ref. Burkart, 1969b: 526.

Sesbania emerus (Aublet) Urban
Syn. *Aeschynomene emerus* Aublet
Ref. Lewis, 1987: 242.
Herb or shrub. Amazonian, Coastal: rocky slopes, seasonally inundated areas. 0-500 m.
Voucher: Gentry 42339 (MO!)
Depts.: LO, PI

Sesbania exasperata H.B.K.
Ref. FP 13(3/1) 1943: 384; Lewis, 1987: 242.
Shrub. Amazonian, Coastal: forests. 0-500 m.
Voucher: Smith 34 (USM!)
Depts.: HU, LA, PI

Sophora tetraptera J. Miller
Ref. FP 13(3/1) 1943: 245; Isely, 1981: 44.
Cultivated and introduced tree. Coastal: disturbed areas. 0-1000 m.
Note: Not reconfirmed; a native of New Zealand.
Depts.: Without full locality data.

Spartium junceum L.
Ref. FP 13(3/1) 1943: 459; Duke, 1981: 219; Marticorena & Quezada, 1985: 60.
Introduced shrub. Andean II-III: disturbed areas, riversides, rocky slopes. 1500-4000 m.
Voucher: Brunel 55 (MO!)
Depts.: AN, AP, CA, CU, HU, JU, LI

Stenolobium caeruleum Bentham =Calopogonium caeruleum (Bentham) Sauvalle
Ref. FP 13(3/1) 1943: 336; Carvalho & Leitão, 1985: 35; Lewis, 1987: 266.

Stenolobium galactioides (H.B.K.) Bentham =Calopogonium galactioides (H.B.K.) Bentham ex Hemsley

Stizolobium altissimum (Jacquin) Persoon =Mucuna urens (L.) Medikus
Note: Name based on *Dolichos altissimus*.

Stizolobium ellipticum (R. & P.) Persoon =Mucuna elliptica (R. & P.) DC
Note: Name based on *Negretia elliptica*.

Stizolobium inflexum (R. & P.) Persoon =Mucuna elliptica (R. & P.) DC.

[*Stizolobium mapirense* Rusby =Mucuna mapirensis (Rusby) J. F. Macbride]
Ref. FP 13(3/1) 1943: 316.
Note: Not known from Peru.

Stizolobium rostratum (Bentham) Kuntze =Mucuna rostrata Bentham

Stizolobium tuberosum (Lamarck) Sprengel =Pachyrhizus tuberosus (Lamarck) Sprengel
Ref. Duke, 1981: 184; Sørensen, 1988: 185.

Stizolobium urens (L.) Persoon =Mucuna urens (L.) Medikus
Ref. Lewis, 1987: 252.

Strombocarpa reptans (Bentham) A. Gray =Prosopis reptans var. reptans
Ref. Burkart, 1976: 459.

[*Strombocarpa strombulifera* (Lamarck) A. Gray =Prosopis strombulifera var. strombulifera]
Ref. Burkart, 1976: 457.
Note: Not known from Peru.

Stryphnodendron floribundum Bentham =Stryphnodendron pulcherrimum (Willdenow) Hochreutiner
Ref. FP 13(3/1) 1943: 106; Martins, 1981: 72.

Stryphnodendron guianense (Aublet) Bentham fo. *floribundum* (Bentham) Ducke =Stryphnodendron pulcherrimum (Willdenow) Hochreutiner
Ref. FP 13(3/1) 1943: 106; Martins, 1981: 72.

Stryphnodendron guianense subsp. **glandulosum** Forero
Ref. Forero, 1972: 145; Martins, 1981: 44.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Schunke 5462 (MO!)
Depts.: HU, MD, UC

Stryphnodendron microstachyum Poeppig
Syn. *Stryphnodendron purpureum* Ducke
Ref. Martins, 1981: 52.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 47 (NY)
Depts.: LO, MD

Stryphnodendron polystachyum (Miquel) Kleinhoonte
Syn. *Piptadenia polystachya* Miquel
Ref. Martins, 1981: 66.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Vásquez & Jaramillo 9648 (MO!)
Depts.: LO, PA

Stryphnodendron pulcherrimum (Willdenow) Hochreutiner
Syn. *Acacia pulcherrima* Willdenow, *Mimosa pulcherrima* (Willdenow) Poiret, *Stryphnodendron floribundum*

Bentham, *Stryphnodendron guianense* fo. *floribundum* (Bentham) Ducke
Ref. FP 13(3/1) 1943: 105; Martins, 1981: 72.
Tree. Amazonian: forests. 0-500 m.
Voucher: Kuhlmann 1378 (RB)
Depts.: LO

Stryphnodendron purpureum Ducke =Stryphnodendron microstachyum Poeppig
Ref. FP 13(3/1) 1943: 106; Martins, 1981: 52.

Stylosanthes gracilis H.B.K. =Stylosanthes guianensis var. gracilis (H.B.K.) J. Vogel
Ref. Mannetje, 1977: 355.

Stylosanthes guianensis (Aublet) Swartz var. **gracilis** (H.B.K.) J. Vogel
Syn. *Stylosanthes gracilis* H.B.K.
Ref. Mannetje, 1977: 355.
Herb or subshrub. Andean II: disturbed areas, grasslands, shrublands. 2000-2500 m.
Voucher: Chrostowski 66-45 (NY)
Depts.: PA

Stylosanthes guianensis var. **guianensis**
Syn. *Trifolium guianense* Aublet
Ref. FP 13(3/1) 1943: 410; Mohlenbrock, 1958: 332; Mannetje, 1977: 353.
Herb or shrub. Andean I-II: disturbed areas, forests, grasslands. 0-2500 m.
Note: Treated by Mohlenbrock (1957) at the rank of subspecies; often spelled "*guyan(n)ensis.*"
Voucher: Woytkowski 8313 (MO!)
Depts.: AM, AY, CU, JU, LA, SM, PI, TU, UC

Stylosanthes hamata (L.) Taubert
Syn. *Hedysarum hamatum* L.
Ref. Mohlenbrock, 1958: 324.
Shrub. Andean I: disturbed areas. 500-1000 m.
Voucher: Hutchison & Wright 3554 (MO!)
Depts.: CA

Stylosanthes nervosa J. F. Macbride
Ref. FP 13(3/1) 1943: 411; Mohlenbrock, 1958: 323.
Herb. Andean I-II: disturbed areas, riversides. 500-2500 m.
Voucher: Weberbauer 6215* (F), López *et al.* 4358 (MO!)
Depts.: CA

Stylosanthes psammophila Harms =Stylosanthes sympodialis Taubert
Ref. FP 13(3/1) 1943: 412; Mohlenbrock, 1958: 317.

Stylosanthes scabra J. Vogel
Ref. FP 13(3/1) 1943: 412; Mohlenbrock, 1958: 315.
Shrub. Andean I: grasslands, shrublands. 500-1000 m.
Voucher: Hutchison & Wright 5437 (MO!)
Depts.: CA

Stylosanthes sympodialis Taubert
Syn. *Stylosanthes psammophila* Harms
Ref. FP 13(3/1) 1943: 412; Mohlenbrock, 1958: 317.
Herb or subshrub. Coastal: semi-deciduous forests, shrublands. 0-1000 m.
Voucher: Haught 134 (US)
Depts.: PI, TU

Stylosanthes tuberculata S. F. Blake
Ref. Mohlenbrock, 1958: 316.
Herb or subshrub. Andean II: shrublands. 2500-3000 m.
Voucher: Weberbauer 6451 (GH)
Depts.: HV

Swartzia acuminata Willdenow ex J. Vogel =Swartzia polyphylla DC.
Ref. FP 13(3/1) 1943: 222; Cowan, 1968: 84.

Swartzia alterna Bentham =Bocoa alterna (Bentham) R. Cowan
Ref. Cowan, 1974: 115.

Swartzia amplifolia Harms var. **amplifolia**
Ref. FP 13(3/1) 1943: 222; Cowan, 1968: 74.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Tessmann 4591* (B photo F!), Klug 3122 (MO!)
Depts.: LO

Swartzia arborescens (Aublet) Pittier
Syn. *Possira arborescens* Aublet, *Rittera triphylla* Swartz ex Steudel, *Swartzia triphyllata* Willdenow, nom. superfl., *Tounatea arborescens* (Aublet) Britton, *Tunatea arborescens* (Aublet) Kuntze
Ref. FP 13(3/1) 1943: 223; Cowan, 1968: 180; Spichiger *et al.*, 1989: 306.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 45576 (MO!)
Depts.: LO, MD, PA, SM, UC

Swartzia auriculata Poeppig
Ref. Cowan, 1968: 184.
Shrub. Amazonian: forests. 0-500 m.
Voucher: van der Werff 10055 (MO!)
Depts.: AM, LO

Swartzia benthamiana Miquel var. **benthamiana**
Ref. Cowan, 1968: 136.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Ruíz & Mendoza 521 (MO!)
Depts.: LO

Swartzia brachyrachis Harms var. **peruviana** R. Cowan
Ref. Cowan, 1968: 194.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Lao Majin 55* (US), Gentry *et al.* 56106 (MO!)
Depts.: LO, UC

Swartzia calophylla Poeppig =Swartzia simplex var. simplex
Ref. FP 13(3/1) 1943: 224; Cowan, 1968: 174.

Swartzia calva R. Cowan
Ref. Cowan, 1973: 454.
Endemic tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Schunke 2509* (US), Vásquez *et al.* 4334 (MO!)
Depts.: AM, LO, SM

Swartzia cardiosperma Spruce ex Bentham
Ref. FP 13(3/1) 1943: 224; Cowan, 1968: 55; Spichiger *et al.*, 1989: 308.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 10387 (MO!)
Depts.: LO

Swartzia cuspidata Spruce ex Bentham
Syn. *Tounatea cuspidata* (Spruce ex Bentham) Taubert, *Tunatea cuspidata* (Spruce ex Bentham) Kuntze
Ref. Cowan, 1968: 124; Spichiger *et al.*, 1989: 310.
Tree. Amazonian: forests. 0-500 m.
Voucher: CID-JH 4/132 (USM!)
Depts.: LO

Swartzia floribunda Spruce ex Bentham
Ref. Cowan, 1968: 202.
Tree. Amazonian: forests. 0-500 m.
Voucher: Berlin 540 (MO!)
Depts.: AM

Swartzia huallagae D. Simpson
Ref. Simpson, 1975: 313.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 4490* (F), Schunke 4442 (MO!)
Depts.: LO, SM

Swartzia laevicarpa Amshoff
Ref. Cowan, 1968: 137.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 5976 (MO!)
Depts.: LO

Swartzia macrosema Harms
Ref. FP 13(3/1) 1943: 225; Cowan, 1968: 50.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4217* (S), Woytkowski 5626 (MO!)
Depts.: AM

Swartzia mathewsii Bentham =Cyathostegia mathewsii (Bentham) Schery
Ref. FP 13(3/1) 1943: 225; Rudd, 1968c: 389.

Swartzia myrtifolia Smith var. **myrtifolia**
Syn. *Riveria nitens* H.B.K., *Tounatea myrtifolia* (Smith) Taubert, *Tunatea myrtifolia* (Smith) Kuntze
Ref. FP 13(3/1) 1943: 226; Cowan, 1968: 168.
Tree. Amazonian: forests. 0-500 m.
Voucher: Knapp *et al.* 7236 (MO!)
Depts.: MD, PA, SM

Swartzia myrtifolia var. **peruviana** R. Cowan
Ref. Cowan, 1968: 167.

Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 5313* (F), Woytkowski 5339 (MO!)
Depts.: HU, LO

Swartzia ochnacea DC. =Swartzia simplex var. continentalis Urban
Ref. Cowan, 1968: 178; McVaugh, 1987: 705.

Swartzia opacifolia J. F. Macbride =Swartzia polyphylla DC.
Ref. FP 13(3/1) 1943: 226; Cowan, 1968: 84; Spichiger *et al.*, 1989: 310.

Swartzia pendula Spruce ex Bentham
Ref. FP 13(3/1) 1943: 227; Cowan, 1968: 205.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20552 (MO!)
Depts.: LO

Swartzia polyphylla DC.
Syn. *Swartzia acuminata* Willdenow ex J. Vogel, *Swartzia opacifolia* J. F. Macbride
Ref. Cowan, 1968: 84; Spichiger *et al.*, 1989: 310.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Gentry *et al.* 39383 (MO!)
Depts.: LO

Swartzia racemosa Bentham var. **klugii** R. Cowan
Ref. Cowan, 1968: 129.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 601* (US), Gentry *et al.* 42244 (MO!)
Depts.: LO

Swartzia schunkei R. Cowan
Ref. Cowan, 1968: 76.
Endemic tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 122* (US), Vásquez & Jaramillo 8384 (MO!)
Depts.: LO

Swartzia simplex (Swartz) Sprengel var. **continentalis** Urban
Syn. *Swartzia ochnacea* DC., *Swartzia simplex* var. *ochnacea* (DC.) R. Cowan
Ref. McVaugh, 1987: 705.
Tree. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29881 (US)
Depts.: AM, LO

Swartzia simplex var. **grandiflora** (Raddi) R. Cowan
Syn. *Swartzia triphylla* var. *grandiflora* Raddi
Ref. Cowan, 1968: 172.
Tree. Coastal: forests. 0-500 m.
Voucher: Ruiz & Pavón 374 (FI)
Depts.: LI

Swartzia simplex var. *ochnacea* (DC.) R. Cowan =Swartzia simplex var. continentalis Urban
Ref. Cowan, 1968: 172; McVaugh, 1987: 705.
Note: Variety *continentalis* has priority at the varietal level.

Swartzia simplex var. **simplex**
Syn. *Possira simplex* Swartz, *Rittera simplex* (Swartz) M. Vahl, *Swartzia calophylla* Poeppig, *Tounatea simplex* (Swartz) Taubert, *Tunatea simplex* (Swartz) Kuntze
Ref. Cowan, 1968: 174.
Tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Kayap 800 (MO!)
Depts.: AM, LO, PA, SM, UC

Swartzia tessmannii Harms
Ref. FP 13(3/1) 1943: 227; Cowan, 1968: 162.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3631* (NY), Gentry *et al.* 41791 (MO!)
Depts.: LO, PA

Swartzia triphylla var. *grandiflora* Raddi =Swartzia simplex var. grandiflora (Raddi) R. Cowan
Ref. Cowan, 1968: 172.

Swartzia triphyllata Willdenow, nom. superfl. =Swartzia arborescens (Aublet) Pittier
Ref. FP 13(3/1) 1943: 223; Cowan, 1968: 180.
Note: In the Flora of Peru as "*S. triphylla*."

Swartzia weberbaueri Harms =Cyathostegia weberbaueri (Harms) Schery
Ref. FP 13(3/1) 1943: 227; Rudd, 1968c: 390.

Tachigali cavipes (Spruce ex Bentham) J. F. Macbride
Syn. *Tachigali paniculata* var. *cavipes* Spruce ex Bentham
Ref. FP 13(3/1) 1943: 127; Dwyer, 1954: 234.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Williams 3192 (US!)
Depts.: LO

Tachigali chrysophylla (Poeppig) Zarucchi & Herendeen
Syn. *Sclerolobium chrysophyllum* Poeppig
Tree. Amazonian: forests. 0-500 m.
Note: New combination made in Appendix 1.
Voucher: Lao 6 (F!, USM)
Depts.: AM, LO, SM, UC

Tachigali formicarum Harms
Ref. FP 13(3/1) 1943: 128; Dwyer, 1954: 245.
Endemic tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Ule 6538* (B photo F!), Gentry *et al.* 18713 (MO!, USM!)
Depts.: HU, LO, SM

Tachigali guianensis (Bentham) Zarucchi & Herendeen
Syn. *Sclerolobium guianense* Bentham
Tree. Amazonian, Andean I: forests. 0-1500 m.
Note: New combination made in Appendix 1.
Voucher: Gentry *et al.* 21133 (MO!)
Depts.: AM, HU, LO, SM

[Tachigali hypoleuca (Bentham) Zarucchi & Herendeen]
Syn. *Sclerolobium hypoleucum* Bentham
Note: Not known from Peru. Mentioned under *Sclerolobium* in the Flora of Peru. New combination made in Appendix 1.

[Tachigali longiflora Ducke]
Ref. FP 13(3/1) 1943: 128; Dwyer, 1954: 228.
Note: Not known from Peru.

Tachigali macbridei Zarucchi & Herendeen
Syn. *Sclerolobium rigidum* J. F. Macbride
Endemic tree. Andean I: forests. 500-1500 m.
Note: New name validated in Appendix 1.
Voucher: Klug 3239* (MO!), Asplund 13171 (US!)
Depts.: LO, SM

Tachigali melinonii (Harms) Zarucchi & Herendeen
Syn. *Sclerolobium melinonii* Harms
Tree. Amazonian: forests. 0-500 m.
Note: New combination made in Appendix 1.
Voucher: Gentry *et al.* 56376 (MO!)
Depts.: LO

Tachigali micrantha (L. O. Williams) Zarucchi & Herendeen
Syn. *Sclerolobium micranthum* L. O. Williams
Tree. Andean I: forests. 500-1000 m.
Note: New combination made in Appendix 1.
Voucher: Gutiérrez 44* (F!, USM), Gutiérrez 96 (F!)
Depts.: HU

Tachigali paniculata Aublet
Ref. FP 13(3/1) 1943: 129; Dwyer, 1954: 238.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Rimachi 2779 (MO!, USM!)
Depts.: LO

Tachigali paniculata var. *cavipes* Spruce ex Bentham =Tachigali cavipes (Spruce ex Bentham) J. F. Macbride
Ref. FP 13(3/1) 1943: 127; Dwyer, 1954: 234.

Tachigali peruviana (Dwyer) Zarucchi & Herendeen
Syn. *Sclerolobium paniculatum* var. *peruvianum* Dwyer
Endemic tree. Andean I: disturbed areas, forests. 1000-1500 m.
Note: New combination made in Appendix 1.
Voucher: Williams 5701* (F), Woytkowski 5578 (MO!)
Depts.: JU, SM

Tachigali poeppigiana Tulasne
Syn. *Tachigali polyphylla* Poeppig

Ref. FP 13(3/1) 1943: 130; Dwyer, 1954: 246; Spichiger *et al.*, 1989: 313.
Tree. Amazonian: forests. 0-500 m.
Note: *Tachigali poeppigiana* and *T. polyphylla* were based on duplicates of the same Brazilian collection, *Poeppig 2837*, deposited at Paris and Vienna, respectively.
Voucher: Rimachi 4034 (MO!, USM!)
Depts.: LO, MD

Tachigali polyphylla Poeppig =Tachigali poeppigiana Tulasne
Ref. FP 13(3/1) 1943: 130; Dwyer, 1954: 246; Spichiger *et al.*, 1989: 313.
Note: Incorrectly selected as the older name for this species by Dwyer (1954); see note under *T. poeppigiana*.

Tachigali purpurea Richard =Diplotropis purpurea var. purpurea
Ref. Lima, 1985: 65.

Tachigali rusbyi Harms
Ref. Dwyer, 1954: 248.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tunqui 614 (MO!)
Depts.: AM, LO

Tachigali setifera (Ducke) Zarucchi & Herendeen
Syn. *Sclerolobium setiferum* Ducke
Tree. Andean I: forests. 500-1000 m.
Note: New combination made in Appendix 1.
Voucher: Burgos 14 (F, USM)
Depts.: HU

Tachigali tessmannii Harms
Ref. FP 13(3/1) 1943: 130; Dwyer, 1954: 250.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4753* (B photo F!), Huashikat 3306 (MO!)
Depts.: AM, LO

[Tachigali tinctoria (Bentham) Zarucchi & Herendeen]
Syn. *Sclerolobium tinctorium* Bentham
Note: Not known from Peru. New combination made in Appendix 1. Treated under *Sclerolobium* in the Flora of Peru with *S. uleanum* and *S. weberbaueri* listed in synonymy.

Tachigali uleana (Harms) Zarucchi & Herendeen
Syn. *Sclerolobium tinctorium* var. *uleanum* (Harms) Dwyer, *Sclerolobium uleanum* Harms, *Sclerolobium weberbaueri* Harms
Endemic tree. Amazonian, Andean I: forests. 0-1000 m.
Note: New combination made in Appendix 1.
Voucher: Ule 6450* (B photo F!), Klug 3291 (MO!)
Depts.: SM

Tamarindus indica L.
Ref. FP 13(3/1) 1943: 131; Duke, 1981: 228; Lewis, 1987: 105.
Cultivated and introduced tree. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Ancuash 510 (MO!)
Depts.: AM, PI, TU

Tara spinosa (Molina) Britton & Rose =Caesalpinia spinosa (Molina) Kuntze
Ref. FP 13(3/1) 1943: 196; Carrillo, 1974: 61.

Taralea oppositifolia Aublet
Syn. *Coumarouna oppositifolia* (Aublet) Taubert, *Dipteryx oppositifolia* (Aublet) Willdenow
Ref. FP 13(3/1) 1943: 250; Ducke, 1949: 165; Lima, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 15766 (MO!)
Depts.: LO

Tephrosia adunca Bentham
Ref. Ducke, 1949: 164; Foster, 1958: 102.
Subshrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Croat 58341 (MO!)
Depts.: AM, CA

Tephrosia candida DC.
Ref. Duke, 1981: 230; Lewis, 1987: 238.
Introduced shrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Vásquez *et al.* 405 (MO!)
Depts.: LO

Tephrosia caribaea (Jacquin) DC. =Coursetia caribaea var. caribaea
Ref. Lavin, 1988: 112.

Tephrosia cinerea (L.) Persoon
Syn. *Cracca cinerea* (L.) Morong, *Galega cinerea* L.
Ref. FP 13(3/1) 1943: 382; Lewis, 1987: 238.
Herb or vine. Amazonian, Andean I, Coastal: disturbed areas, rocky slopes. 0-2000 m.
Voucher: Sánchez *et al.* 3010 (MO!)
Depts.: AM, CA, LA, LL, PI, TU

Tephrosia coerulea (L. f.) Persoon =Dalea coerulea var. coerulea
Ref. Barneby, 1977: 350.

Tephrosia glandulifera Bentham =Coursetia caribaea var. caribaea
Ref. FP 13(3/1) 1943: 389; Lavin, 1988: 116.

Tephrosia nitens Bentham ex Seemann
Ref. Ducke, 1949: 163.
Shrub. Amazonian: savannas, shrublands. 0-500 m.
Voucher: Gentry & Núñez 69778 (MO!)
Depts.: MD

Tephrosia ochroleuca (Jacquin) Persoon =Coursetia caribaea var. ochroleuca (Jacquin) Lavin
Ref. Lavin, 1988: 131.

Tephrosia sinapou (Buc'hoz) A. Chevalier
Syn. *Cracca toxicaria* (Swartz) Kuntze, *Galega sinapou* Buc'hoz, *Galega toxicaria* Swartz, *Tephrosia toxicaria* (Swartz) Persoon
Ref. White, 1980: 781.
Shrub or tree. Amazonian, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Woytkowski 6555 (MO!)
Depts.: AY, CU, HU, JU, LO, PA, SM

Tephrosia toxicaria (Swartz) Persoon =Tephrosia sinapou (Buc'hoz) A. Chevalier
Ref. FP 13(3/1) 1943: 383; White, 1980: 781.

Tephrosia vogelii Hooker f.
Ref. Wood, 1949: 376.
Introduced shrub. Andean I-II: disturbed areas. 1000-2500 m.
Voucher: Smith & Pretel 1494 (MO!)
Depts.: CU, PA

[*Teramnus tenuiflorus* (Klein ex Willdenow) Sprengel =Galactia striata var. tenuiflora (Klein ex Willdenow) Burkart]
Ref. Burkart, 1971: 721.
Note: Not known from Peru.

Teramnus uncinatus (L.) Swartz
Syn. *Dolichos uncinatus* L., *Glycine uncinata* (L.) J. F. Macbride
Ref. FP 13(3/1) 1943: 350; D'Arcy, 1980b: 784.
Liana. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Note: Treated in the Flora of Peru as *Glycine uncinata*.
Voucher: Klug 3630 (MO!)
Depts.: CU, HU, JU, SM

Ternatea amazonum (C. Martius ex Bentham) Kuntze =Clitoria amazonum C. Martius ex Bentham
Ref. Fantz, 1977: 247.

Ternatea arborea (Bentham) Kuntze =Clitoria arborea Bentham
Ref. Fantz, 1977: 201.

Ternatea javitensis (H.B.K.) Kuntze =Clitoria javitensis var. javitensis
Ref. Fantz, 1981: 162; Fantz, 1990: 159.

[*Ternatea leptostachya* (Bentham) Kuntze =Clitoria leptostachya Bentham]
Ref. Fantz, 1977: 457.
Note: Not known from Peru.

Ternatea rubiginosa (Jussieu ex Persoon) Kuntze =Clitoria falcata var. falcata
Ref. Fantz, 1990: 156.

Tipuana erythrocarpa Ducke =Vatairea erythrocarpa (Ducke) Ducke
Ref. Rudd, 1974: 477; Lima, 1982: 193.

Tipuana fusca Ducke =Vatairea fusca (Ducke) Ducke
Ref. FP 13(3/1) 1943: 274; Rudd, 1974: 477; Lima, 1982: 192.

Toluifera balsamum L. =Myroxylon balsamum (L.) Harms

Ref. FP 13(3/1) 1943: 241; Duke, 1981: 173; Dillon, 1981: 735.

Torresea acreana Ducke =Amburana acreana (Ducke) A. C. Smith
Ref. FP 13(3/1) 1943: 243; A. C. Smith, 1940b: 30.

Torresea cearensis Allemão =Amburana cearensis (Allemão) A. C. Smith
Ref. FP 13(3/1) 1943: 243; Lewis, 1987: 203.

Touchiroa parivoa Richard ex DC., nom. nud. =Crudia tomentosa (Aublet) J. F. Macbride
Ref. Vieira, 1990: 92.

Tounatea arborescens (Aublet) Britton =Swartzia arborescens (Aublet) Pittier
Ref. Cowan, 1968: 180.

Tounatea cuspidata (Spruce ex Bentham) Taubert =Swartzia cuspidata Spruce ex Bentham
Ref. Cowan, 1968: 124.

Tounatea mathewsii (Bentham) Taubert =Cyathostegia mathewsii (Bentham) Schery
Ref. Rudd, 1968c: 389.

Tounatea myrtifolia (Smith) Taubert =Swartzia myrtifolia var. myrtifolia
Ref. Cowan, 1968: 168.

Tounatea simplex (Swartz) Taubert =Swartzia simplex var. simplex
Ref. Cowan, 1968: 174.

Trachylobium martianum Hayne =Cynometra spruceana var. spruceana
Ref. FP 13(3/1) 1943: 122; Dwyer, 1958: 333.

Tragacantha weddelliana Kuntze =Astragalus weddellianus (Kuntze) I. M. Johnston
Ref. I. M. Johnston, 1947: 395.

Trifolium amabile H.B.K. var. **amabile**
Syn. *Lupinaster amabilis* (H.B.K.) C. Presl, *Trifolium mathewsii* A. Gray
Ref. FP 13(3/1) 1943: 449; Zohary & Heller, 1984: 125; Franquemont *et al.*, 1990: 82.
Herb. Andean I-III, Coastal: cloud forests, disturbed areas, elfin forests, grasslands, lomas. 0-4500 m.
Voucher: Smith & Vásquez 3440 (MO!)
Depts.: AM, AR, AN, AP, AR, AY, CA, CU, JU, HV, IC, LI, LL, PU

Trifolium amabile var. **hemsleyi** (Lojacano) D. Heller & Zohary
Syn. *Trifolium hemsleyi* Lojacano, *Trifolium macrorrhizum* Ulbrich, nom. illeg.
Ref. Zohary & Heller, 1984: 127.
Herb. Andean II: grasslands, rocky slopes. 3000-3500 m.
Voucher: Weberbauer 3213 (G)
Depts.: AN

Trifolium amabile var. **pentlandii** Ball
Syn. *Trifolium chiclense* Ball, *Trifolium peruvianum* J. Vogel, *Trifolium peruvianum* var. *chiclense* (Ball) J. F. Macbride, *Trifolium weberbaueri* Ulbrich
Ref. Zohary & Heller, 1984: 127; Franquemont *et al.*, 1990: 82.
Herb. Andean III: grasslands. 3500-4500 m.
Voucher: Ball s.n.* (K), Núñez & Urrunaga 7670 (MO!)
Depts.: CU, JU

Trifolium chiclense Ball =Trifolium amabile var. pentlandii Ball
Ref. FP 13(3/1) 1943: 451; Zohary & Heller, 1984: 127.
Note: Treated as a variety of *T. peruvianum* in the Flora of Peru.

Trifolium concinnum F. Philippi =Trifolium polymorphum Poiret
Ref. FP 13(3/1) 1943: 450; Zohary & Heller, 1984: 208.

Trifolium depauperatum Desvaux var. **depauperatum**
Syn. *Lupinaster depauperatus* (Desvaux) C. Presl
Ref. Zohary & Heller, 1984: 568.
Herb. Grasslands.
Voucher: No details (including Peru vouchers) were provided by Zohary & Heller (1984).
Depts.: Without full locality data.

Trifolium dubium Sibthorp
Ref. Zohary & Heller, 1984: 343.
Introduced herb. Andean I-III, Coastal: disturbed areas. 0-4000 m.
Voucher: Sullivan *et al.* 1019 (MO!)
Depts.: CU, JU, LI

Trifolium guianense Aublet =Stylosanthes guianensis var. guianensis
Ref. FP 13(3/1) 1943: 410; Mannetje, 1977: 353; Lewis, 1987: 307.

Trifolium hemsleyi Lojacano =Trifolium amabile var. hemsleyi (Lojacano) D. Heller & Zohary
Ref. Zohary & Heller, 1984: 127.

Trifolium hybridum L.
Syn. *Amoria hybrida* (L.) C. Presl
Ref. FP 13(3/1) 1943: 451; Duke, 1981: 242; Zohary & Heller, 1984: 145.
Cultivated and introduced herb. Andean II: forests. 1500-2000 m.
Note: Zohary & Heller (1984) recognize three varieties under this species.
Voucher: Ferreyra 11215 (USM!)
Depts.: JU

Trifolium macrorrhizum Ulbrich, nom. illeg. =Trifolium amabile var. hemsleyi (Lojacano) D. Heller & Zohary
Ref. FP 13(3/1) 1943: 449; Zohary & Heller, 1984: 127.
Note: Mentioned in the Flora of Peru under *T. amabile*.

Trifolium mathewsii A. Gray =Trifolium amabile var. amabile
Ref. FP 13(3/1) 1943: 449; Zohary & Heller, 1984: 127.

Trifolium melilotus L. var. *indica* L. =Melilotus indica (L.) Allioni
Ref. FP 13(3/1) 1943: 453; McVaugh, 1987: 629.

Trifolium peruvianum J. Vogel =Trifolium amabile var. pentlandii Ball
Ref. FP 13(3/1) 1943: 451; Zohary & Heller, 1984: 127.

Trifolium peruvianum var. *chiclense* (Ball) J. F. Macbride =Trifolium amabile var. pentlandii Ball
Ref. FP 13(3/1) 1943: 451.
Note: This taxon not mentioned by Zohary & Heller (1984).

Trifolium polymorphum Poiret
Syn. *Trifolium concinnum* F. Philippi
Ref. FP 13(3/1) 1943: 451; Zohary & Heller, 1984: 208.
Herb. Andean I, Coastal: disturbed areas, grasslands. 0-1000 m.
Voucher: Edwin & Schunke 3664 (F, USM!)
Depts.: AM, AR, MO

Trifolium pratense L.
Ref. Duke, 1981: 251; Zohary & Heller, 1984: 357.
Cultivated and introduced herb. Andean II: disturbed areas, grasslands. 2500-3000 m.
Note: Zohary & Heller (1984) recognize six varieties under this species.
Voucher: Sagástegui *et al.* 9574 (MO!)
Depts.: CA

Trifolium repens L.
Syn. *Amoria repens* (L.) C. Presl
Ref. FP 13(3/1) 1943: 452; Mostacero, 1976: 18; Duke, 1981: 255; Zohary & Heller, 1984: 167.
Cultivated and introduced herb. Andean I-II, Coastal: disturbed areas, grasslands, lomas. 0-3500 m.
Note: Zohary & Heller (1984) recognize eight varieties under this species.
Voucher: Díaz & Baldeón 2205 (MO!)
Depts.: AR, CA, CU, HV, JU

Trifolium weberbaueri Ulbrich =Trifolium amabile var. pentlandii Ball
Ref. FP 13(3/1) 1943: 451; Zohary & Heller, 1984: 127.

Triptolemea riparia C. Martius =Dalbergia riparia (C. Martius) Bentham
Ref. FP 13(3/1) 1943: 290.

Tunatea arborescens (Aublet) Kuntze =Swartzia arborescens (Aublet) Pittier
Ref. Cowan, 1968: 180.

Tunatea cuspidata (Spruce ex Bentham) Kuntze =Swartzia cuspidata Spruce ex Bentham
Ref. Cowan, 1968: 124.

Tunatea myrtifolia (Smith) Kuntze =Swartzia myrtifolia var. myrtifolia
Ref. Cowan, 1968: 168.

Tunatea simplex (Swartz) Kuntze =Swartzia simplex var. simplex
Ref. Cowan, 1968: 174.

Turpinia punctata (Willdenow) Persoon =Poiretia punctata (Willdenow) Desvaux
Ref. Rudd, 1972a: 142.

Urania barbata (L.) Desvaux =Desmodium barbatum (L.) Bentham
Ref. Schubert, 1980: 634.

Vachellia farnesiana (L.) Wight & Arnott =Acacia farnesiana (L.) Willdenow
Ref. FP 13(3/1) 1943: 77; Clarke *et al.*, 1989: 559.

Vatairea erythrocarpa (Ducke) Ducke
Syn. *Tipuana erythrocarpa* Ducke
Ref. Rudd, 1974: 477; Lima, 1982: 193.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 56090 (MO!)
Depts.: LO

Vatairea fusca (Ducke) Ducke
Syn. *Tipuana fusca* Ducke
Ref. FP 13(3/1) 1943: 274; Rudd, 1974: 477; Lima, 1982: 192.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 4633 (MO!)
Depts.: MD, SM

Vatairea guianensis Aublet
Ref. Lima, 1982: 198.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 25802 (MO!)
Depts.: LO

Vexillaria brasiliana (L.) Hoffmannsegg =Centrosema brasilianum var. brasilianum
Ref. Barbosa-Fevereiro, 1977: 176.

Vexillifera micranthera Ducke =Dussia discolor (Bentham) Amshoff
Ref. FP 13(3/1) 1943: 244; Rudd, 1963: 272.
Note: Not known from Peru.

[*Vicia acerosa* Clos =Vicia setifolia H.B.K.]
Ref. FP 13(3/1) 1943: 356; Allkin *et al.*, 1986: 45.
Note: Not known from Peru. Treated as a synonym under *V. graminea* in the Flora of Peru. Placed questionably in synonymy under *V. setifolia* by Allkin *et al.* (1986).

Vicia andicola H.B.K.
Syn. *Vicia andicola* var. *galbina* J. F. Macbride, *Vicia andicola* var. *mathewsii* (A. Gray) J. F. Macbride, *Vicia mathewsii* A. Gray
Ref. FP 13(3/1) 1943: 355; Allkin *et al.*, 1983: 27; Allkin *et al.*, 1986: 47.
Herb or vine. Andean II-III: riversides, shrublands. 2000-4000 m.
Voucher: Sagástegui *et al.* 6466 (MO!)
Depts.: AM, AY, AN, CA, CU, HU, HV, JU, LI, LL, PA

Vicia andicola var. *galbina* J. F. Macbride =Vicia andicola H.B.K.
Ref. FP 13(3/1) 1943: 355.

Vicia andicola var. *mathewsii* (A. Gray) J. F. Macbride =Vicia andicola H.B.K.
Ref. FP 13(3/1) 1943: 355.

Vicia bidentata Hooker =Vicia graminea Smith
Ref. FP 13(3/1) 1943: 356.

Vicia faba L.
Ref. FP 13(3/1) 1943: 356; Duke, 1981: 275; Gunn, 1979: 32.
Cultivated and introduced herb. Andean II-III. 3000-4000 m.
Voucher: Metcalf 30272 (MO!)
Depts.: CU, HV, LL

Vicia fruticosa (Cavanilles) Willdenow =Coursetia fruticosa (Cavanilles) J. F. Macbride
Ref. Lavin, 1988: 84.

Vicia graminea Smith
Syn. *Vicia bidentata* Hooker, *Vicia graminea* var. *grata* (F. Philippi) J. F. Macbride, *Vicia graminea* var. *lessonii* (J. F. Macbride) J. F. Macbride, *Vicia grata* F. Philippi, *Vicia mathewsii* var. *lessonii* J. F. Macbride
Ref. FP 13(3/1) 1943: 356; Allkin *et al.*, 1986: 55; Franquemont *et al.*, 1990: 83.
Cultivated and introduced vine. Andean I-III, Coastal: disturbed areas. 0-4000 m.
Voucher: Vargas 6627 (MO!)
Depts.: AN, CA, HV, LI, JU

Vicia graminea var. *grata* (F. Philippi) J. F. Macbride =Vicia graminea Smith
Ref. FP 13(3/1) 1943: 357.

Vicia graminea var. *lessonii* (J. F. Macbride) J. F. Macbride =Vicia graminea Smith
Ref. FP 13(3/1) 1943: 357.

[*Vicia graminea* var. *setifolia* (H.B.K.) Kuntze =Vicia setifolia H.B.K.]
Ref. Burkart, 1966: 175; Allkin *et al.*, 1986: 55.
Note: Not known from Peru.

Vicia grata F. Philippi =Vicia graminea Smith
Ref. FP 13(3/1) 1943: 356.

Vicia lomensis J. F. Macbride
Ref. FP 13(3/1) 1943: 357; Allkin *et al.*, 1983: 27.
Herb. Andean I-II, Coastal: cloud forests, disturbed areas, lomas, rocky slopes. 0-3000 m.
Voucher: Macbride 5943* (F), Vargas 4964 (MO!)
Depts.: CU, LI

Vicia mathewsii A. Gray =Vicia andicola H.B.K.
Ref. FP 13(3/1) 1943: 355.

Vicia mathewsii var. *lessonii* J. F. Macbride =Vicia graminea Smith

Vicia peruviana Vilchez
Ref. Vilchez, 1972: 501; Allkin *et al.*, 1983: 27.
Endemic herb. Andean III: grasslands. 4000-4500 m.
Voucher: Velarde 6595* (USM!), Ferreyra 10974 (USM!)
Depts.: JU

[Vicia setifolia H.B.K.]
Syn. *Vicia acerosa* Clos, *Vicia graminea* var. *setifolia* (H.B.K.) Kuntze
Ref. Burkart, 1966: 175; Allkin *et al.*, 1986: 47.
Note: Not known from Peru.

Vigna adenantha (G. Meyer) Marechal *et al.*
Syn. *Phaseolus adenanthus* G. Meyer, *Phaseolus adenanthus* var. *caeduorum* (C. Martius ex Bentham) Hassler, *Phaseolus caeduorum* C. Martius ex Bentham, *Phaseolus truxillensis* H.B.K.
Ref. Marechal *et al.*, 1978: 229.
Vine. Andean I-II: disturbed areas. 500-2500 m.
Voucher: Vargas 7417 (MO!)
Depts.: AM, CA, CU, LL, SM, UC

Vigna appendiculata (Bentham) A. Delgado
Syn. *Phaseolus appendiculatus* Bentham
Ref. Delgado, pers. comm.
Vine. Andean II: disturbed areas, shrublands. 2000-2500 m.
Note: New combination made in Appendix 1.
Voucher: Wurdack 621 (NY)
Depts.: AM

Vigna brachystachys Bentham =Vigna luteola (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 292; Marechal *et al.*, 1978: 165.

Vigna candida (Vell. Conc.) Marechal *et al.*
Syn. *Phaseolus candidus* Vell. Conc., *Phaseolus vignoides* Rusby, *Vigna vignoides* (Rusby) Marechal *et al*
Ref. Marechal *et al.*, 1978: 222; Delgado, pers. comm.
Herb or vine. Amazonian, Andean I-II: disturbed areas. 0-2500 m.
Voucher: Schunke 9228 (MO!)
Depts.: CU, HU, JU, LO

Vigna caracalla (L.) Verdcourt
Syn. *Phaseolus caracalla* L.
Ref. Marechal *et al.*, 1978: 226.
Vine. Amazonian, Andean I-II: disturbed areas, rocky slopes. 0-2000 m.
Note: This taxon was treated in a rather broad sense by Marechal *et al.* (1978) – Delgado, pers. comm.
Voucher: Carroll 136 (NY)
Depts.: CU, HU, LO, MD, PA, PU, SM

Vigna hosei (Craib) Backer
Syn. *Dolichos hosei* Craib
Ref. Marechal *et al.*, 1978: 172.
Cultivated and introduced vine. Andean I: disturbed areas. 500-1000 m.
Voucher: Seibert 2268 (MO!)
Depts.: HU

Vigna juruana (Harms) Verdcourt
Syn. *Phaseolus juruanus* Harms
Ref. Marechal *et al.*, 1978: 219.
Vine. Amazonian: forests. 0-500 m.
Voucher: Revilla 1767 (MO!)
Depts.: LO

Vigna lasiocarpa (C. Martius ex Bentham) Verdcourt
Syn. *Phaseolus hirsutus* C. Martius ex Bentham, *Phaseolus lasiocarpus* C. Martius ex Bentham, *Phaseolus pilosus* H.B.K.
Ref. Marechal *et al.*, 1978: 218; Delgado, pers. comm.
Vine. Amazonian: forests. 0-500 m.
Voucher: King 1022 (NY)
Depts.: LO

Vigna latidenticulata (Harms) A. Delgado
Syn. *Condylostylis venusta* Piper, *Phaseolus latidenticulatus* Harms, *Vigna venusta* (Piper) Marechal *et al*
Ref. Delgado, pers. comm.
Endemic vine. Coastal: disturbed areas, shrublands. 500-1000 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 6427* (B)
Depts.: PI

Vigna linearis (H.B.K.) Marechal *et al*
Syn. *Phaseolus linearis* H.B.K.
Ref. Marechal *et al.*, 1978: 227.
Vine. Andean I-II, Coastal: cloud forests, disturbed areas, lomas. 0-1500 m.
Voucher: Vargas 7569 (MO!, USM!)
Depts.: CU, HU, LA, LI, LL, PA, PI, SM

Vigna longifolia (Bentham) Verdcourt
Syn. *Phaseolus longifolius* Bentham
Ref. Marechal *et al.*, 1978: 219.
Vine. Amazonian: forests. 0-500 m.
Voucher: Ramírez 35 (MO!)
Depts.: LO, SM

Vigna luteola (Jacquin) Bentham
Syn. *Dolichos luteolus* Jacquin, *Dolichos repens* L., *Phaseolus luteolus* (Jacquin) Gagnepain, *Vigna brachystachys* Bentham, *Vigna repens* (L.) Kuntze
Ref. FP 13(3/1) 1943: 292; Marechal *et al.*, 1978: 165.
Herb or vine. Amazonian, Andean I-II: disturbed areas, forests, lomas, riversides. 0-2500 m.
Voucher: Barbour 5173 (MO!)
Depts.: CA, CU, HU, IC, LI, LL, LO, MD, SM

Vigna megatyla (Piper) A. Delgado
Syn. *Phaseolus megatylus* Piper
Ref. Delgado, pers. comm.
Vine. Andean I: disturbed areas, forests. 1000-1500 m.
Note: New combination made in Appendix 1.
Voucher: Cook & Gilbert 1634* (US), Weberbauer 7934 (MO!)
Depts.: CU

Vigna peduncularis (H.B.K.) Fawcett & Rendel var. **peduncularis**
Syn. *Phaseolus peduncularis* H.B.K.
Ref. Marechal *et al.*, 1978: 224.
Vine. Amazonian, Andean I: disturbed areas, rocky slopes. 0-2500 m.
Voucher: Knapp & Alcorn 7310 (MO!)
Depts.: AM, CU, LI, LL, LO, SM

Vigna peduncularis var. **pusilla** (Hassler) Marechal *et al*
Syn. *Phaseolus peduncularis* var. *pusillus* Hassler
Ref. Marechal *et al.*, 1978: 224.
Introduced herb. Amazonian: forests. 0-500 m.
Voucher: Revilla 1947 (USM!)
Depts.: LO, SM

Vigna polytyla (Harms) A. Delgado
Syn. *Phaseolus polytylus* Harms
Ref. Delgado, pers. comm.
Vine. Andean I: disturbed areas, forests. 500-1500 m.
Note: New combination made in Appendix 1.
Voucher: Vargas 11737 (US)
Depts.: CU, MD

Vigna radiata (L.) R. Wilczek
Syn. *Azukia radiata* (L.) Ohwi, *Phaseolus radiatus* L.
Ref. Marechal *et al.*, 1978: 209; Duke, 1981: 293.
Cultivated and introduced vine. Amazonian: forests. 0-500 m.
Voucher: Ferreyra 16921 (USM!)
Depts.: LO

Vigna repens (L.) Kuntze, nom. illeg.
=Vigna luteola (Jacquin) Bentham
Ref. FP 13(3/1) 1943: 292; Marechal *et al.*, 1978: 165.
Note: Not *V. repens* Baker (1876).

Vigna sinensis (L.) Endlicher ex Hasskarl
=Vigna unguiculata (L.) Walpers
Ref. FP 13(3/1) 1943: 293; Marechal *et al.*, 1978: 192.

Vigna speciosa (H.B.K.) Verdcourt
Syn. *Phaseolus speciosus* H.B.K.
Ref. Verdcourt, 1970: 552; Marechal *et al.*, 1978: 221; Delgado, pers. comm.
Cultivated and introduced vine. Andean II: disturbed areas. 1500-2000 m.
Voucher: West 3677 (UC)
Depts.: AM, AP, PI

Vigna trichocarpa (C. Wright) A. Delgado
Syn. *Phaseolus trichocarpus* C. Wright
Ref. Delgado, pers. comm.
Introduced vine. Amazonian, Andean I: disturbed areas. 0-1500 m.
Note: New combination made in Appendix 1.
Voucher: Smith *et al.* 778 (US!)
Depts.: LO, MD

Vigna trilobata (L.) Verdcourt
Syn. *Dolichos trilobatus* L., *Phaseolus trilobatus* (L.) Schreber
Ref. Verdcourt, 1970: 560; Delgado, pers. comm.
Cultivated and introduced vine.
Voucher: Dombey s.n. (P)
Depts.: Without full locality data.

Vigna unguiculata (L.) Walpers
Syn. *Dolichos sinensis* L., *Dolichos unguiculatus* L., *Vigna sinensis* (L.) Endlicher ex Hasskarl
Ref. FP 13(3/1) 1943: 293; Marechal *et al.*, 1978: 191.
Cultivated vine. Amazonian: forests. 0-500 m.
Voucher: Carillo 269 (USM!)
Depts.: CU, HU, LO, SM

Vigna venusta (Piper) Marechal *et al*
=Vigna latidenticulata (Harms) A. Delgado
Ref. Delgado, pers. comm.

Vigna vexillata (L.) A. Richard
Syn. *Phaseolus vexillatus* L.
Ref. FP 13(3/1) 1943: 293; Marechal *et al.*, 1978: 202; Duke, 1981: 306.
Herb or liana. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Revilla 17 (MO!)
Depts.: AM, HU, JU, LO, SM

Vigna vignoides (Rusby) Marechal *et al*
=Vigna candida (Vell. Conc.) Marechal *et al*
Ref. Marechal *et al.*, 1978: 228; Delgado, pers. comm.
Note: Treated as a valid species by Marechal *et al.* (1978). This is a pubescent form of *V. candida* (Delgado, pers. comm.).

Vogelocassia cobanensis Britton ex Britton & Rose =Senna cobanensis (Britton ex Britton & Rose) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 172; Irwin & Barneby, 1982: 250.

Vogelocassia leiophylla (J. Vogel) Britton ex Britton & Rose =Senna leiophylla (J. Vogel) H. Irwin & Barneby
Ref. FP 13(3/1) 1943: 172; Irwin & Barneby, 1982: 249.

Vouacapoua inermis (W. Wright) Lyons =Andira inermis (W. Wright) H.B.K.
Ref. FP 13(3/1) 1943: 255.

Vouacapoua retusa (Poiret) Lyons =Andira surinamensis (Bondt) Splitgerber ex Pulle
Ref. FP 13(3/1) 1943: 256.

Vouapa acaciifolia (Bentham) Baillon =Macrolobium acaciifolium (Bentham) Bentham
Ref. Cowan, 1953b: 282.

Vouapa angustifolia Bentham
=Macrolobium angustifolium (Bentham) R. Cowan
Ref. Cowan, 1953b: 314.

Vouapa bifolia Aublet =Macrolobium bifolium (Aublet) Persoon
Ref. FP 13(3/1) 1943: 137; Cowan, 1953b: 310.

Vouapa chrysostachya Miquel
=Macrolobium angustifolium (Bentham) R. Cowan
Ref. FP 13(3/1) 1943: 138; Cowan, 1953b: 314.

Vouapa gracilis (Spruce ex Bentham) Taubert =Macrolobium gracile var. gracile
Ref. Cowan, 1953b: 275.

Vouapa limbata (Spruce ex Bentham) Taubert =Macrolobium limbatum var. limbatum
Ref. Cowan, 1953b: 308; Cowan, 1955a: 113.

Vouapa multijuga (DC.) Taubert =Macrolobium multijugum var. multijugum
Ref. Cowan, 1953b: 294.

Vouapa punctata (Spruce ex Bentham) Taubert =Macrolobium punctatum Spruce ex Bentham
Ref. Cowan, 1953b: 305.

Vuapa acaciifolia (Bentham) Kuntze =Macrolobium acaciifolium (Bentham) Bentham
Ref. Cowan, 1953b: 282.

Vuapa bifolia (Aublet) J. St. Hilaire =Macrolobium bifolium (Aublet) Persoon
Ref. Cowan, 1953b: 310.

Vuapa gracilis (Spruce ex Bentham) Kuntze =Macrolobium gracile var. gracile
Ref. Cowan, 1953b: 275.

Vuapa multijuga (DC.) Kuntze =Macrolobium multijugum var. multijugum
Ref. Cowan, 1953b: 294.

Vuapa punctata (Spruce ex Bentham) Kuntze =Macrolobium punctatum Spruce ex Bentham
Ref. Cowan, 1953b: 305.

Vuapa unijuga (Poeppig) Kuntze =Macrolobium limbatum var. limbatum
Ref. Cowan, 1953b: 308; Cowan, 1955: 113.

Weberbauerella brongniartioides Ulbrich
Ref. FP 13(3/1) 1943: 408; Ferreyra, 1951b: 1.
Endemic herb or subshrub. Coastal: forests, lomas. 0-500 m.
Voucher: Weberbauer 1513* (B photo F!), Ferreyra 18656 (USM!)
Depts.: AR

Weberbauerella raimondiana Ferreyra
Ref. Ferreyra, 1951b: 2.
Endemic herb or subshrub. Coastal: lomas. 0-500 m.
Voucher: Ferreyra 6498* (US, USM), Hutchison 1896 (MO!)
Depts.: AR

Wenderothia glabra M. Martens & Galeotti =Canavalia glabra (M. Martens & Galeotti) J. Sauer
Ref. Sauer, 1964: 130.

Wenderothia grandiflora (Bentham) Piper =Canavalia grandiflora Bentham
Ref. Sauer, 1964: 132.

Wenderothia lasiocalyx (Kuntze) Piper =Canavalia mattogrossensis (Barbosa Rodrigues) Malme
Ref. FP 13(3/1) 1943: 320; Sauer, 1964: 133.

Wenderothia mattogrossensis (Barbosa Rodrigues) Piper =Canavalia mattogrossensis (Barbosa Rodrigues) Malme
Ref. Sauer, 1964: 133.

Yucaratonia brenningii (Harms) Burkart
Syn. *Sesbania brenningii* Harms
Ref. Burkart, 1969b: 526; Lavin, 1987: 63.
Tree. Coastal: rocky slopes, semi-deciduous forests. 0-500 m.
Voucher: Poeppig 2070* (B photo F!), Simpson & Schunke 516 (F, USM!)
Depts.: TU

Zapoteca amazonica (Bentham) H. Hernández
Syn. *Calliandra amazonica* Bentham, *Inga bauhiniifolia* Poeppig
Ref. Hernández, 1989: 858.
Liana, shrub, subshrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 2070* (F), Knapp & Alcorn 7377 (MO!)
Depts.: HU, HV, JU, LO, MD, SM, UC

Zapoteca andina H. Hernández
Ref. Hernández, 1989: 836.
Shrub or subshrub. Andean I-III: terra firme forests. 1000-3000 m.
Voucher: Sagástegui & López 10627 (MO!)
Depts.: CA, LL, PI

Zapoteca caracasana (Jacquin) H. Hernández subsp. **caracasana**
Syn. *Acacia caracasana* (Jacquin) Willdenow, *Calliandra caracasana* (Jacquin) Bentham, *Mimosa caracasana* Jacquin
Ref. Hernández, 1989: 828.
Shrub. Andean I-II, Coastal: disturbed areas. 0-2500 m.
Voucher: Killip & Smith 23091 (NY)
Depts.: AY

Zapoteca caracasana subsp. **weberbaueri** (Harms) H. Hernández
Syn. *Calliandra weberbaueri* Harms
Ref. Hernández, 1989: 831.
Shrub. Andean I-II, Coastal: dry valleys, forests. 0-2500 m.
Voucher: Weberbauer 6511* (B photo F!), Ferreyra *et al.* 10685 (MO!)
Depts.: AP, CU, HV, LA, TU

[Zapoteca filipes (Bentham) H. Hernández]
Syn. *Calliandra filipes* Bentham
Ref. Hernández, 1989: 818.
Note: Not Known from Peru. The basionym was reported incorrectly in the Flora of Peru as occurring in Peru.

[Zapoteca portoricensis (Jacquin) H. Hernández var. portoricensis]
Syn. *Calliandra portoricensis* (Jacquin) Bentham, *Mimosa portoricensis* Jacquin
Ref. Hernández, 1989: 818.
Note: Not known from Peru.

Zapoteca portoricensis subsp. **flavida** (Urban) H. Hernández
Syn. *Calliandra flavida* Urban
Ref. Hernández, 1989: 825.
Subshrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Schunke 2571 (F)
Depts.: HU, JU, LO, SM

Zornia curvata Mohlenbrock
Ref. Mohlenbrock, 1961: 132.
Herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Wasshausen & Encarnación 755 (MO!, USM!)
Depts.: CU, JU

Zornia diphylla (L.) Persoon
Syn. *Hedysarum diphyllum* L.
Ref. FP 13(3/1) 1943: 413; Mohlenbrock, 1961: 67.
Introduced herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Ferreyra 17883 (USM!)
Depts.: SM

Zornia latifolia Smith
Ref. Mohlenbrock, 1961: 104; Lewis, 1987: 303.
Herb. Amazonian: disturbed areas. 0-500 m.
Note: Treated as a synonym of Z. *sericea* Moricand by Mohlenbrock (1961).
Voucher: Gentry & Aronson 25753 (MO!)
Depts.: SM

Zornia piurensis Mohlenbrock
Ref. Mohlenbrock, 1961: 132.
Endemic herb. Coastal: shrublands. 0-500 m.
Voucher: Stork 11375* (MO!), Weberbauer 7103 (F)
Depts.: LA, PI

Zygia cauliflora (Willdenow) Killip ex Record
Syn. *Inga cauliflora* Willdenow, *Mimosa cauliflora* (Willdenow) Poiret, *Pithecellobium cauliflorum* (Willdenow) C. Martius
Ref. FP 13(3/1) 1943: 52; Lewis, 1987: 180.

Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20371 (MO!)
Depts.: LO

Zygia coccinea (G. Don) L. Rico
Syn. *Inga coccinea* G. Don, *Pithecellobium coccineum* (G. Don) Bentham
Ref. FP 13(3/1) 1943: 53; Rico, 1991: 496.
Tree. Andean I-II: forests. 500-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Schunke 5704 (MO!)
Depts.: HU, LO, UC

Zygia divaricata (Bentham) Pittier
Syn. *Pithecellobium divaricatum* Bentham
Ref. Rico, pers. comm.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Revilla 680 (MO!)
Depts.: LO

Zygia dulcis (Roxburgh) Lyons =Pithecellobium dulce (Roxburgh) Bentham
Ref. Rico, 1991: 518.

Zygia glomerata (DC.) Pittier
Syn. *Inga glomerata* DC., *Pithecellobium glomeratum* (DC.) Bentham
Ref. Lewis & Owen, 1989: 47.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Rimachi 2306 (MO!)
Depts.: LO

Zygia guinetii L. Rico
Ref. Rico, 1991: 500.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 5373* (MO!), Williams 727 (F)
Depts.: LO

Zygia huberi (Ducke) L. Rico
Syn. *Pithecellobium huberi* Ducke
Ref. Rico, 1991: 501.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 19007 (MO!)
Depts.: LO

Zygia inaequalis (Humboldt & Bonpland ex Willdenow) Pittier
Syn. *Inga inaequalis* Humboldt & Bonpland ex Willdenow, *Mimosa inaequalis* (Humboldt & Bonpland ex Willdenow) Poiret, *Pithecellobium inaequale* (Humboldt & Bonpland ex Willdenow) Bentham
Ref. Rico, pers. comm.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Ayala *et al.* 3354 (MO!)
Depts.: LO, MD

Zygia juruana (Harms) L. Rico
Syn. *Pithecellobium juruanum* Harms
Ref. Rico, 1991: 501.
Shrub or tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 3393 (MO!)
Depts.: LO, SM

Zygia latifolia (L.) Fawcett & Rendle
Syn. *Calliandra latifolia* (L.) Griseb ach, *Inga latifolia* (L.) Willdenow, *Mimosa latifolia* L., *Pithecellobium latifolium* (L.) Bentham
Ref. FP 13(3/1) 1943: 57; Rico, 1991: 495.
Shrub or tree. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas, swamps. 0-500 m.
Voucher: Vásquez & Jaramillo 3725 (MO!)
Depts.: LO, MD, SM

Zygia longifolia (Humboldt & Bonpland ex Willdenow) Britton & Rose
Syn. *Inga longifolia* Humboldt & Bonpland ex Willdenow, *Pithecellobium longifolium* (Humboldt & Bonpland ex Willdenow) Standley
Ref. FP 13(3/1) 1943: 58; Rico, pers. comm.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Smith *et al.* 1988 (MO!)
Depts.: AM, CA, HU, JU, LO, PA, PI, SM

Zygia macbridei (C. Barbosa) L. Rico
Syn. *Pithecellobium macbridei* C. Barbosa
Ref. Rico, 1991: 501.
Tree. Amazonian: forests, forests on white sand, seasonally inundated areas. 0-500 m.
Voucher: Klug 572* (F), Spichiger & Encarnación 1100 (MO!)
Depts.: LO, SM

Zygia macrophylla (Spruce ex Bentham) L. Rico
Syn. *Pithecellobium macrophyllum* Spruce ex Bentham, *Pithecellobium martinianum* Standley
Ref. Rico, 1991: 501.
Shrub or tree. Amazonian, Andean I-II: cloud forests, disturbed areas, forests, seasonally inundated areas. 0-2000 m.
Voucher: Spruce 4112* (K), Woytkowski 43 (LA!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Zygia megistocarpa (C. Barbosa) L. Rico
Syn. *Pithecellobium megistocarpum* C. Barbosa
Ref. Rico, 1991: 502.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Ancuash 1211* (MO!), Berlin 1589 (MO!)
Depts.: AM

Zygia oriunda (J. F. Macbride) L. Rico
Syn. *Pithecellobium oriundum* J. F. Macbride
Ref. Rico, 1991: 504.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 28273* (F)
Depts.: LO

Zygia saman (Jacquin) Lyons =Albizia saman (Jacquin) F. Mueller
Ref. Rico, 1991: 520.

Zygia unifoliolata (Bentham) Pittier
Syn. *Pithecellobium unifoliolatum* Bentham
Ref. Rico, pers. comm.
Shrub or tree. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 10342 (MO!)
Depts.: LO

Zygia vasquezii L. Rico
Ref. Rico, 1991: 506.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez 4982* (MO!), Rauh & Hirsch P1596 (NY)
Depts.: MD, UC

Flacourtiaceae

18 genera and 63 species in Peru.

Endemic species: 8.

Prepared by L. Brako (MO); reviewed by D. E. Lemke (SWT).

Abatia R. & P.
Note: Lemke (1988: 41) considers this genus better placed in the Passifloraceae.

Abatia boliviana Britton, nom. nud. =Abatia stellata Lillo
Ref. FP 13(4/1) 1941: 19; Sleumer, 1980: 52.

Abatia canescens Sleumer
Ref. FP 13(4/1) 1941: 20; Sleumer, 1980: 51.
Shrub. Andean I-II: forests. 1000-2500 m.
Voucher: Weberbauer 7099* (F), Ferreyra 15685 (US)
Depts.: LA, PI

Abatia glomerata Miquel =Pouteria glomerata (Miquel) Radlkofer subsp. glomerata (Sapotaceae)

Abatia macrostachya Killip =Abatia spicata (Turczaninow) Sleumer
Ref. FP 13(4/1) 1941: 21; Sleumer, 1980: 53.

Abatia parviflora R. & P.
Syn. *Abatia verbascifolia* H.B.K.
Ref. FP 13(4/1) 1941: 20; Sleumer, 1980: 55.
Shrub or tree. Andean I-II: cloud forests. 1000-3500 m.
Voucher: Ruiz & Pavón s.n. [in 1780]* (MA), Hutchison *et al.* 5929 (MO!)
Depts.: CA, HU, JU, PI

Abatia rugosa R. & P.
Ref. FP 13(4/1) 1941: 21; Sleumer, 1980: 54.

Endemic shrub. Andean II: forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n. [in 1787]* (MA), Woytkowski 34094 (MO!)
Depts.: HU

Abatia spicata (Turczaninow) Sleumer
Syn. *Abatia macrostachya* Killip, *Myriotriche spicata* Turczaninow
Ref. FP 13(4/1) 1941: 21; Sleumer, 1980: 53.
Endemic shrub. Andean II: forests. 1500-3500 m.
Voucher: Mathews 1204* (CW), Weberbauer 5838 (F)
Depts.: AP, CU, HV

Abatia stellata Lillo
Syn. *Abatia boliviana* Britton, nom. nud., *Grandidiera boliviana* Mandon & Weddell ex Hooker f., nom. nud.
Ref. Sleumer, 1980: 52.
Shrub. Andean I-II: forests. 1000-3000 m.
Voucher: Vargas 6870 (MO!)
Depts.: CU, PU

Abatia verbascifolia H.B.K. =Abatia parviflora R. & P.
Ref. FP 13(4/1) 1941: 20; Sleumer, 1980: 55.

Banara amazonica Sleumer =Banara arguta Briquet
Ref. FP 13(4/1) 1941: 25; Sleumer, 1980: 109.

Banara arguta Briquet
Syn. *Banara amazonica* Sleumer, *Banara glabrata* Sleumer, *Banara guianensis* var. *isadena* Standley, *Banara tessmannii* Sleumer
Ref. Sleumer, 1980: 109.
Shrub or tree. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Mexia 6387 (MO!)
Depts.: Without full locality data.

Banara axilliflora Sleumer
Ref. Sleumer, 1980: 87.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Schunke 2672 (F)
Depts.: HU, LO, UC

Banara glabrata Sleumer =Banara arguta Briquet
Ref. FP 13(4/1) 1941: 25; Sleumer, 1980: 109.

Banara grandiflora Spruce ex Bentham =Neosprucea grandiflora (Spruce ex Bentham) Sleumer
Ref. FP 13(4/1) 1941: 22; Sleumer, 1980: 80.

Banara guianensis Aublet
Syn. *Banara guianensis* var. *mollis* (Poeppig) Eichler, *Banara guianensis* var. *spruceana* Briquet, *Banara mollis* (Poeppig) Tulasne, *Banara tulasnei* J. F. Macbride, *Kuhlia mollis* Poeppig, *Trilix macrobotrys* R. & P., nom. nud.
Ref. FP 13(4/1) 1941: 25; Sleumer, 1980: 105.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, forests on white sand. 0-2000 m.
Voucher: Klug 2680 (F)
Depts.: AM, AY, CU, HU, LO, PA, PU, SM

Banara guianensis var. *isadena* Standley =Banara arguta Briquet
Ref. FP 13(4/1) 1941: 26; Sleumer, 1980: 109.

Banara guianensis var. *mollis* (Poeppig) Eichler =Banara guianensis Aublet
Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 106.

Banara guianensis var. *spruceana* Briquet =Banara guianensis Aublet
Ref. Sleumer, 1980: 106.

Banara incana (R. & P.) Bentham =Pineda incana R. & P.
Ref. FP 13(4/1) 1941: 29; Sleumer, 1980: 114.

Banara incana var. *jamesonii* Bentham =Pineda incana R. & P.
Ref. FP 13(4/1) 1941: 29; Sleumer, 1980: 114.

Banara laxiflora Bentham =Hasseltia floribunda H.B.K.
Ref. FP 13(4/1) 1941: 26; Sleumer, 1980: 75.

Banara leucothyrsa (Sleumer) J. F. Macbride =Pleuranthodendron lindenii (Turczaninow) Sleumer
Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 118.

Banara mollis (Poeppig) Tulasne =Banara guianensis Aublet
Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 105.

Banara nitida Spruce ex Bentham
Ref. FP 13(4/1) 1941: 28; Sleumer, 1980: 110.
Tree. Amazonian, Andean I-II: cloud forests, disturbed areas. 0-2000 m.
Voucher: Spruce 4512* (F), Klug 3908 (MO!)
Depts.: AM, LO, MD, SM, UC

Banara tessmannii Sleumer =Banara arguta Briquet
Ref. FP 13(4/1) 1941: 28; Sleumer, 1980: 109.

Banara tulasnei J. F. Macbride =Banara guianensis Aublet
Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 106.

[Carpotroche amazonica C. Martius ex Eichler]
Syn. *Mayna amazonica* (C. Martius ex Eichler) J. F. Macbride
Ref. FP 13(4/1) 1941: 16; Sleumer, 1980: 38.
Note: Not known from Peru.

Carpotroche longifolia (Poeppig) Bentham
Syn. *Mayna longifolia* Poeppig, *Mayna longifolia* var. *heliocarpa* R. Schultes
Ref. FP 13(4/1) 1941: 18; Sleumer, 1980: 35.
Shrub or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Mexia 6131 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM

Carpotroche mollis J. F. Macbride =Mayna grandifolia (Karsten) Warburg
Ref. FP 13(4/1) 1941: 16; Sleumer, 1980: 24.

Carpotroche parvifolia J. F. Macbride =Mayna parvifolia (J. F. Macbride) Sleumer
Ref. FP 13(4/1) 1941: 19; Sleumer, 1980: 25.

Casearia aculeata Jacquin
Syn. *Casearia aculeata* var. *tafallana* (Eichler) J. F. Macbride, *Casearia berberoidea* Rusby, *Casearia spinosa* Willdenow, nom. illeg., *Samyda spinosa* L., nom. illeg.
Ref. FP 13(4/1) 1941: 39; Sleumer, 1980: 328.
Shrub. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Woytkowski 7408 (MO!)
Depts.: AM, HU, LO, PA, SM, UC

Casearia aculeata var. *tafallana* (Eichler) J. F. Macbride = Casearia aculeata Jacquin
Ref. FP 13(4/1) 1941: 40; Sleumer, 1980: 330.

Casearia arborea (Richard) Urban
Syn. *Casearia bangii* Rusby, *Casearia capitata* (R. & P.) Persoon, *Casearia poeppigii* Eichler, *Casearia stipularis* Ventenat, nom. illeg., *Chaetocrater capitatum* R. & P., *Samyda arborea* Richard
Ref. FP 13(4/1) 1941: 40; Sleumer, 1980: 313.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Croat 20255 (MO!)
Depts.: AM, HU, LO, PA, SM

[Casearia arguta H.B.K.]
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 373.
Note: Not known from Peru.

Casearia bangii Rusby =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 315.

Casearia berberoidea Rusby =Casearia aculeata Jacquin

Ref. FP 13(4/1) 1941: 40; Sleumer, 1980: 330.

Casearia blanchetiana Miquel =Casearia ulmifolia M. Vahl ex Ventenat
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 323.

Casearia cambessedesii Eichler =Casearia ulmifolia M. Vahl ex Ventenat
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 323.

Casearia capitata (R. & P.) Persoon =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 314.

Casearia celtidifolia Poeppig ex Eichler, nom. illeg. =Casearia ulmifolia M. Vahl ex Ventenat
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 323.

Casearia combaymensis Tulasne
Syn. *Casearia membranacea* Britton, *Casearia singularis* Eichler
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 304.
Shrub or tree. Amazonian, Andean I-II: forests, riversides. 0-2000 m.
Voucher: Mathias & Taylor 5501 (US)
Depts.: AM, LO, SM

Casearia commutata Briquet =Casearia obovalis Poeppig ex Grisebach
Ref. FP 13(4/1) 1941: 46; Sleumer, 1980: 372.

Casearia decandra Jacquin
Syn. *Casearia parvifolia* Willdenow, nom. illeg., *Casearia pavoniana* Sleumer, *Chaetocrater reflexum* R. & P.
Ref. FP 13(4/1) 1941: 43; Sleumer, 1980: 344.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Hutchinson 1461 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Casearia fasciculata (R. & P.) Sleumer
Syn. *Casearia maculata* Pilger, *Casearia petiolaris* Poeppig ex Eichler, *Chaetocrater fasciculatum* R. & P.
Ref. FP 13(4/1) 1941: 43; Sleumer, 1980: 306.
Shrub or tree. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Mexia 6108 (MO!)
Depts.: AM, AY, HU, JU, LO, MD, SM, UC

Casearia fockeana Miquel =Casearia mariquitensis H.B.K.
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 363.

Casearia gossypiosperma Briquet
Ref. Sleumer, 1980: 384.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Aspajo 6 (F)
Depts.: HU, MD

Casearia iquitosensis J. F. Macbride, nom. illeg. =Casearia javitensis H.B.K.
Ref. FP 13(4/1) 1941: 44; Sleumer, 1980: 403.

Casearia javitensis H.B.K.
Syn. *Casearia iquitosensis* J. F. Macbride, nom. illeg.
Ref. FP 13(4/1) 1941: 44; Sleumer, 1980: 402.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Dodson 2853 (MO!)
Depts.: LO, SM

Casearia macrophylla M. Vahl, nom. illeg. =Casearia pitumba Sleumer
Ref. FP 13(4/1) 1941: 45; Sleumer, 1980: 350.

Casearia macrophylla var. *barbatula* J. F. Macbride =Casearia pitumba Sleumer
Ref. FP 13(4/1) 1941: 45; Sleumer, 1980: 350.

Casearia maculata Pilger =Casearia fasciculata (R. & P.) Sleumer
Ref. FP 13(4/1) 1941: 43; Sleumer, 1980: 307.

Casearia mariquitensis H.B.K.
Syn. *Casearia fockeana* Miquel, *Casearia tarapotina* Pilger
Ref. Sleumer, 1980: 363.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Vásquez & Jaramillo 6352 (MO!)
Depts.: HU, LO, SM

Casearia mathewsii Turczaninow =Casearia prunifolia H.B.K.
Ref. Sleumer, 1980: 361.

Casearia membranacea Britton =Casearia combaymensis Tulasne
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 305.

Casearia negrensis Eichler
Ref. Sleumer, 1980: 326.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Croat 20695 (MO!)
Depts.: LO, PA

Casearia nigricans Sleumer
Ref. FP 13(4/1) 1941: 45; Sleumer, 1980: 377.
Endemic shrub. Andean I: forests. 500-1500 m.
Voucher: Weberbauer 4727* (F), Croat 17912 (MO!)
Depts.: HU, LO, SM

Casearia nigricolor Sleumer
Ref. FP 13(4/1) 1941: 46; Sleumer, 1980: 377.
Endemic shrub. Andean II: forests. 1500-2500 m.
Voucher: Weberbauer 7051* (F), López 9059 (MO!)
Depts.: CA, LL

Casearia obovalis Poeppig ex Grisebach
Syn. *Casearia commutata* Briquet, *Casearia obovata* Poeppig ex Eichler
Ref. FP 13(4/1) 1941: 46; Sleumer, 1980: 372.
Shrub or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Poeppig 2438* (B photo F), Kayap 640 (MO!)
Depts.: AM, AY, HU, JU, LL, LO, MD, SM, TU

Casearia obovata Poeppig ex Eichler =Casearia obovalis Poeppig ex Grisebach
Ref. FP 13(4/1) 1941: 46; Sleumer, 1980: 372.

Casearia ovoidea Sleumer =Casearia sylvestris var. sylvestris
Ref. FP 13(4/1) 1941: 46; Sleumer, 1980: 392.

Casearia parvifolia Willdenow, nom. illeg. =Casearia decandra Jacquin
Ref. FP 13(4/1) 1941: 43; Sleumer, 1980: 345.

Casearia pavoniana Sleumer =Casearia decandra Jacquin
Ref. FP 13(4/1) 1941: 47; Sleumer, 1980: 346.

Casearia petiolaris Poeppig ex Eichler =Casearia fasciculata (R. & P.) Sleumer
Ref. FP 13(4/1) 1941: 48; Sleumer, 1980: 307.

Casearia pitumba Sleumer
Syn. *Casearia macrophylla* M. Vahl, nom. illeg., *Casearia macrophylla* var. *barbatula* J. F. Macbride, *Casearia timbuchi* J. F. Macbride, nom. illeg.
Ref. Sleumer, 1980: 350.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Voucher: Klug 2241 (MO!)
Depts.: AM, LO, MD, SM, UC

Casearia poeppigii Eichler =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 314.

Casearia prunifolia H.B.K.
Syn. *Casearia mathewsii* Turczaninow
Ref. FP 13(4/1) 1941: 48; Sleumer, 1980: 361.
Shrub or tree. Amazonian, Andean I-II: cloud forests, seasonally inundated areas. 0-2000 m.
Voucher: Bonpland 3625* (P-Humb, photo F), Revilla 507 (MO!)
Depts.: AM, CA, HU, LO, MD

Casearia reginae J. F. Macbride, nom. illeg. =Casearia ulmifolia M. Vahl ex Ventenat
Ref. Sleumer, 1980: 323.

Casearia resinifera Spruce ex Eichler
Ref. FP 13(4/1) 1941: 48; Sleumer, 1980: 325.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 307 (F)
Depts.: LO

Casearia singularis Eichler =Casearia combaymensis Tulasne
Ref. FP 13(4/1) 1941: 42; Sleumer, 1980: 305.

Casearia spinosa Willdenow, nom. illeg. =Casearia aculeata Jacquin
Ref. FP 13(4/1) 1941: 39; Sleumer, 1980: 329.

Casearia stipularis Ventenat, nom. illeg. =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 314.

Casearia sylvestris Swartz var. **sylvestris**
Syn. *Casearia ovoidea* Sleumer
Ref. FP 13(4/1) 1941: 49; Sleumer, 1980: 392.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Croat 17492 (MO!)
Depts.: AY, CA, CU, HU, JU, LO, MD, SM, PU

Casearia tarapotina Pilger =Casearia mariquitensis H.B.K.
Ref. FP 13(4/1) 1941: 49; Sleumer, 1980: 363.

Casearia timbuchi J. F. Macbride, nom. illeg. =Casearia pitumba Sleumer
Ref. Sleumer, 1980: 350.

Casearia uleana Sleumer
Ref. Sleumer, 1980: 378.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Ule 9625* (G), Croat 18843 (MO!)
Depts.: LO, MD, UC

Casearia ulmifolia M. Vahl ex Ventenat
Syn. *Casearia blanchetiana* Miquel, *Casearia cambessedesii* Eichler, *Casearia celtidifolia* H.B.K., nom. illeg., *Casearia celtidifolia* Poeppig ex Eichler, nom. illeg., *Casearia reginae* J. F. Macbride, nom. illeg.
Ref. Sleumer, 1980: 322.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20533 (MO!)
Depts.: HU, LO, MD, PA, SM, UC

Casearia zahlbruckneri Szyszylowicz
Ref. Sleumer, 1980: 370.
Endemic shrub or tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Jelski 347* (B photo F), Díaz & Osores 2955 (MO!)
Depts.: AM, CA, LO, SM

Chaetocrater capitatum R. & P. =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 41; Sleumer, 1980: 314.

Chaetocrater fasciculatum R. & P. =Casearia fasciculata (R. & P.) Sleumer
Ref. FP 13(4/1) 1941: 43; Sleumer, 1980: 306.

Chaetocrater reflexum R. & P., nom. illeg. =Casearia decandra Jacquin
Ref. Sleumer, 1980: 346.

Christannia salicifolia C. Presl =Pineda incana R. & P.
Ref. FP 13(4/1) 1941: 29; Sleumer, 1980: 114.

Dendrostylis echinata Bentham ex Eichler =Mayna odorata Aublet
Ref. FP 13(4/1) 1941: 17; Sleumer, 1980: 27.

Dendrostylis grandifolia Karsten =Mayna grandifolia (Karsten) Warburg
Ref. Sleumer, 1980: 23.

Edmonstonia pacifica Seemann =Tetrathylacium macrophyllum Poeppig
Ref. FP 13(4/1) 1941: 37; Sleumer, 1980: 221.

Flacourtia benthamii Tulasne =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 31; Sleumer, 1980: 179.

Flacourtia cordata H.B.K. =Xylosma cordatum (H.B.K.) Gilg
Ref. FP 13(4/1) 1941: 32; Sleumer, 1980: 165.

Flacourtia digyna Bentham ex Eichler =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 32; Sleumer, 1980: 179.

Flacourtia nitida Bentham =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 31; Sleumer, 1980: 179.

Flacourtia velutina Tulasne =Xylosma velutinum (Tulasne) Triana & Planchon
Ref. Sleumer, 1980: 149.

Grandidiera boliviana Mandon & Weddell ex Hooker f., nom. nud. =Abatia stellata Lillo
Ref. FP 13(4/1) 1941: 19; Sleumer, 1980: 52.
Note: Misspelled "*Graniera*" in the Flora of Peru.

Hasseltia floribunda H.B.K.
Syn. *Banara laxiflora* Bentham, *Hasseltia laxiflora* (Bentham) Eichler, *Hasseltia peruviana* Pilger
Ref. Sleumer, 1980: 75.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Klug 3059 (MO!)
Depts.: AM, AY, CU, HU, JU, LO, MD, SM

Hasseltia grandiflora (Spruce ex Bentham) Sleumer =Neosprucea grandiflora (Spruce ex Bentham) Sleumer
Ref. FP 13(4/1) 1941: 22; Sleumer, 1980: 80.

Hasseltia laxiflora (Bentham) Eichler =Hasseltia floribunda H.B.K.
Ref. FP 13(4/1) 1941: 26; Sleumer, 1980: 75.

Hasseltia peruviana Pilger =Hasseltia floribunda H.B.K.
Ref. FP 13(4/1) 1941: 26; Sleumer, 1980: 75.

Hasseltiopsis leucothyrsa Sleumer =Pleuranthodendron lindenii (Turczaninow) Sleumer
Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 118.

Hisingera benthamii (Tulasne) Clos =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. Sleumer, 1980: 179.

Hisingera intermedia Seemann =Xylosma intermedium (Seemann) Triana & Planchon
Ref. Sleumer, 1980: 145.

Hisingera prockia Turczaninow =Xylosma prockia (Turczaninow) Turczaninow
Ref. Sleumer, 1980: 173.

Hisingera salzmannii Clos =Xylosma prockia (Turczaninow) Turczaninow
Ref. FP 13(4/1) 1941: 34; Sleumer, 1980: 173.

Hisingera tulasnei Clos =Xylosma velutinum (Tulasne) Triana & Planchon
Ref. Sleumer, 1980: 149.

Homalium guianense (Aublet) Oken
Syn. *Racoubea guianensis* Aublet
Ref. Sleumer, 1980: 58.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 11578 (MO!)
Depts.: LO

Homalium pedicellatum Spruce ex Bentham =Homalium racemosum Jacquin
Ref. FP 13(4/1) 1941: 30; Sleumer, 1980: 61.

Homalium racemosum Jacquin
Syn. *Homalium pedicellatum* Spruce ex Bentham
Ref. Sleumer, 1980: 61.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Klug 1297 (F)
Depts.: LO, MD

Kuhlia mollis Poeppig =Banara guianensis Aublet

Ref. FP 13(4/1) 1941: 27; Sleumer, 1980: 105.

Laetia americana L.
Syn. *Laetia apetala* Jacquin
Ref. Sleumer, 1980: 239.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3225 (G)
Depts.: LO

Laetia apetala Jacquin =Laetia americana L.
Ref. FP 13(4/1) 1941: 50; Sleumer, 1980: 239.

Laetia coriacea Spruce ex Bentham
Ref. FP 13(4/1) 1941: 51.
Note: Not reconfirmed.

Laetia corymbulosa Spruce ex Bentham
Ref. FP 13(4/1) 1941: 51; Sleumer, 1980: 241.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Mexia 6404 (MO!)
Depts.: LO, MD, UC

Laetia cupulata Spruce ex Bentham
Ref. Sleumer, 1980: 249.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 5869 (MO!)
Depts.: LO

Laetia ovalifolia J. F. Macbride
Ref. FP 13(4/1) 1941: 51; Sleumer, 1980: 251.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 757* (F), Klug 656 (F)
Depts.: LO

Laetia procera (Poeppig) Eichler
Syn. *Samyda procera* Poeppig
Ref. FP 13(4/1) 1941: 52; Sleumer, 1980: 245.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Wurdack 2351 (F)
Depts.: HU, LO, MD, PA, UC

Laetia suaveolens (Poeppig) Bentham
Syn. *Samyda suaveolens* Poeppig
Ref. FP 13(4/1) 1941: 52; Sleumer, 1980: 248.
Shrub or tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Croat 17616 (MO!)
Depts.: LO, MD

Lindackeria maynensis Poeppig =Lindackeria paludosa (Bentham) Gilg
Ref. FP 13(4/1) 1941: 15; Sleumer, 1980: 18.

Lindackeria paludosa (Bentham) Gilg
Syn. *Lindackeria maynensis* Poeppig, *Mayna paludosa* Bentham, *Oncoba maynensis* (Poeppig) Eichler
Ref. Sleumer, 1980: 18.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2816 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Lunania cuspidata Warburg =Lunania parviflora Spruce ex Bentham
Ref. FP 13(4/1) 1941: 36; Sleumer, 1980: 209.

Lunania parviflora Spruce ex Bentham
Syn. *Lunania cuspidata* Warburg
Ref. FP 13(4/1) 1941: 36; Sleumer, 1980: 208.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Spruce 3909* (B photo F), Schunke 4100 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

[*Mayna amazonica* (C. Martius ex Eichler) J. F. Macbride =Carpotroche amazonica C. Martius ex Eichler]
Ref. FP 13(4/1) 1941: 16; Sleumer, 1980: 38.
Note: Not known from Peru.

Mayna echinata Spruce ex Bentham, nom. nud. =Mayna odorata Aublet
Ref. FP 13(4/1) 1941: 17; Sleumer, 1980: 27.

Mayna grandifolia (Karsten) Warburg
Syn. *Carpotroche mollis* J. F. Macbride, *Dendrostylis grandifolia* Karsten
Ref. Sleumer, 1980: 23.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 437 (MO!)
Depts.: LO, UC

Mayna longifolia Poeppig =Carpotroche longifolia (Poeppig) Bentham
Ref. FP 13(4/1) 1941: 17; Sleumer, 1980: 35.

Mayna longifolia var. *heliocarpa* R. Schultes =Carpotroche longifolia (Poeppig) Bentham
Ref. Sleumer, 1980: 35.

Mayna odorata Aublet
Syn. *Alicastrum echinocarpum* (Poeppig & Endlicher) Kuntze (Moraceae), *Brosimum echinocarpum* Poeppig & Endlicher (Moraceae), *Dendrostylis echinata* Bentham ex Eichler, *Mayna echinata* Spruce ex Bentham, nom. nud.
Ref. Sleumer, 1980: 27.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 4796 (MO!)
Depts.: AM, HU, JU, LO, MD, SM

Mayna paludosa Bentham =Lindackeria paludosa (Bentham) Gilg
Ref. Sleumer, 1980: 18.

Mayna parvifolia (J. F. Macbride) Sleumer
Syn. *Carpotroche parvifolia* J. F. Macbride
Ref. FP 13(4/1) 1941: 19; Sleumer, 1980: 25.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Williams 5260* (F), Schunke 1244 (F)
Depts.: HU, LO, MD, UC

Monandrodendron klugii Mansfeld =Lozania klugii (Mansfeld) Mansfeld (Lacistemataceae).
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 202.

Monandrodendron peruvianum Mansfeld =Lozania mutisiana Schultes (Lacistemataceae).
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 204.

Monandrodendron schultzei Mansfeld =Lozania mutisiana Schultes (Lacistemataceae).
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 204.

Myriotriche spicata Turczaninow =Abatia spicata (Turczaninow) Sleumer
Ref. FP 13(4/1) 1941: 21; Sleumer, 1980: 53.

Neoptychocarpus killipii (Monachino) Buchheim
Syn. *Ptychocarpus killipii* Monachino
Ref. Sleumer, 1980: 256.
Shrub. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Killip & Smith 29936* (F), Asplund 14424 (F)
Depts.: AM, HU, LO, SM

Neosprucea grandiflora (Spruce ex Bentham) Sleumer
Syn. *Banara grandiflora* Spruce ex Bentham, *Hasseltia grandiflora* (Spruce ex Bentham) Sleumer, *Spruceanthus grandiflorus* (Spruce ex Bentham) Sleumer
Ref. FP 13(4/1) 1941: 22; Sleumer, 1980: 79.
Shrub. Amazonian, Andean I: riversides, terra firme forests. 0-1500 m.
Voucher: Spruce 4897* (F), Kayap 844 (MO!)
Depts.: AM, LO

Neosprucea montana Cuatrecasas
Ref. Sleumer, 1980: 82.
Tree. Amazonian, Andean I-II: riversides. 0-2500 m.
Voucher: Woytkowski 8286 (MO!)
Depts.: AM, JU, PA, SM

Oncoba maynensis (Poeppig) Eichler =Lindackeria paludosa (Bentham) Gilg
Ref. FP 13(4/1) 1941: 15; Sleumer, 1980: 18.

Patrisia bicolor DC. =Ryania speciosa var. bicolor (DC.) Monachino
Ref. Sleumer, 1980: 268.

[*Patrisia pyrifera* Richard =Ryania pyrifera (Richard) Uittien & Sleumer]

Ref. FP 13(4/1) 1941: 35; Sleumer, 1980: 272.
Note: Not known from Peru.

Pineda incana R. & P.
Syn. *Banara incana* (R. & P.) Bentham, *Banara incana* var. *jamesonii* Bentham, *Christannia salicifolia* C. Presl, *Pineda lehmannii* Hieronymus
Ref. FP 13(4/1) 1941: 29; Sleumer, 1980: 114.
Shrub. Andean II: forests. 2000-3000 m.
Voucher: Ruiz & Pavón s.n.* (B), Hutchison & Tovar 4195 (MO!)
Depts.: AN, AP, AY, CA, CU, HU, HV, JU, LI, LL, PA

Pineda lehmannii Hieronymus =Pineda incana R. & P.
Ref. FP 13(4/1) 1941: 29; Sleumer, 1980: 115.

Pineda lindenii Turczaninow =Pleuranthodendron lindenii (Turczaninow) Sleumer
Ref. Sleumer, 1980: 117.

Pleuranthodendron lindenii (Turczaninow) Sleumer
Syn. *Banara leucothyrsa* (Sleumer) J. F. Macbride, *Hasseltiopsis leucothyrsa* Sleumer, *Pineda lindenii* Turczaninow
Ref. Sleumer, 1980: 117.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 4493 (MO!)
Depts.: AM, HU, LO

Prockia completa Hooker =Prockia crucis P. Browne ex L.
Ref. Sleumer, 1980: 69.

Prockia crucis P. Browne ex L.
Syn. *Prockia completa* Hooker, *Trilix auriculata* R. & P., nom. nud.
Ref. FP 13(4/1) 1941: 22; Sleumer, 1980: 68.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2000 m.
Voucher: Killip & Smith 28070 (F)
Depts.: AM, CA, CU, HU, JU, LO, MD, SM, TU

Prockia pentamera A. Gentry
Ref. Gentry, 1988: 1430.
Tree. Coastal: forests. 500-1000 m.
Voucher: Plowman 5443* (GH photo MO!, USM), Gentry & Díaz 5824 (MO!)
Depts.: TU

Ptychocarpus killipii Monachino =Neoptychocarpus killipii (Monachino) Buchheim
Ref. Sleumer, 1980: 256.

Racoubea guianensis Aublet =Homalium guianense (Aublet) Oken
Ref. Sleumer, 1980: 59.

Ryania angustifolia (Turczaninow) Monachino
Syn. *Tetracoryne angustifolia* Turczaninow
Ref. Sleumer, 1980: 270.
Shrub or tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Fox 103 (K)
Depts.: LO

Ryania bicolor (DC.) Eichler =Ryania speciosa var. bicolor (DC.) Monachino
Ref. Sleumer, 1980: 268.

[Ryania pyrifera (Richard) Uittien & Sleumer]
Syn. *Patrisia pyrifera* Richard
Ref. FP 13(4/1) 1941: 35; Sleumer, 1980: 272.
Note: Not known from Peru. Specimens cited in the Flora of Peru as *R. pyrifera* are redetermined by Sleumer (1980) as *Ryania speciosa* var. *bicolor, R. speciosa* var. *minor, R. speciosa* var. *subuliflora, R. speciosa* var. *tomentosa*, and *R. spruceana*.

Ryania pyrifera var. *subiliflora* Sandwith =Ryania speciosa var. subuliflora (Sandwith) Monachino
Ref. Sleumer, 1980: 262.

[Ryania speciosa M. Vahl var. speciosa]
Ref. FP 13(4/1) 1941: 35; Sleumer, 1980: 260.
Note: Not known from Peru.

Ryania speciosa var. **bicolor** (DC.) Monachino
Syn. *Patrisia bicolor* DC., *Ryania bicolor* (DC.) Eichler
Ref. Sleumer, 1980: 268.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Klug 795 (F)
Depts.: LO

Ryania speciosa var. **minor** Monachino
Ref. Sleumer, 1980: 263.
Tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Woytkowski 5016 (MO!)
Depts.: HU, LO

Ryania speciosa var. **subuliflora** (Sandwith) Monachino
Syn. *Ryania pyrifera* var. *subiliflora* Sandwith
Ref. Sleumer, 1980: 262.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 2635 (MO!)
Depts.: HU, LO, SM

Ryania speciosa var. **tomentosa** (Miquel) Monachino
Syn. *Ryania tomentosa* Miquel
Ref. Sleumer, 1980: 266.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Croat 19535 (MO!)
Depts.: HU, LO, UC

Ryania spruceana Monchino
Ref. Sleumer, 1980: 273.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Croat 18518 (MO!)
Depts.: AM, LO

Ryania tomentosa Miquel =Ryania speciosa var. tomentosa (Miquel) Monachino
Ref. Sleumer, 1980: 266.

Samyda arborea Richard =Casearia arborea (Richard) Urban
Ref. FP 13(4/1) 1941: 40; Sleumer, 1980: 314.

Samyda procera Poeppig =Laetia procera (Poeppig) Eichler
Ref. FP 13(4/1) 1941: 52; Sleumer, 1980: 246.

Samyda spinosa L., nom. illeg. =Casearia aculeata Jacquin
Ref. FP 13(4/1) 1941: 39; Sleumer, 1980: 328.

Samyda suaveolens Poeppig =Laetia suaveolens (Poeppig) Bentham
Ref. FP 13(4/1) 1941: 52; Sleumer, 1980: 248.

Spruceanthus grandiflorus (Spruce ex Bentham) Sleumer =Neosprucea grandiflora (Spruce ex Bentham) Sleumer
Ref. FP 13(4/1) 1941: 22; Sleumer, 1980: 80.

Synzyganthera purpurea R. & P. =Lacistema aggregatum (Bergius) Rusby (Lacistemataceae)
Ref. FP 13(4/1) 1941: 56; Sleumer, 1980: 186.

Tetracoryne angustifolia Turczaninow =Ryania angustifolia (Turczaninow) Monachino
Ref. Sleumer, 1980: 270.

Tetrathylacium macrophyllum Poeppig
Syn. *Edmonstonia pacifica* Seemann, *Tetrathylacium macrophyllum* var. *pacificum* (Seemann) Triana & Planchon, *Tetrathylacium pacificum* (Seemann) Standley
Ref. FP 13(4/1) 1941: 37; Sleumer, 1980: 221.
Tree. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Poeppig 2097* (W), Woytkowski 7634 (MO!)
Depts.: AM, HU, LO, PA, SM, UC

Tetrathylacium macrophyllum var. *pacificum* (Seemann) Triana & Planchon =Tetrathylacium macrophyllum Poeppig
Ref. Sleumer, 1980: 221.

Tetrathylacium pacificum (Seemann) Standley =Tetrathylacium macrophyllum Poeppig
Ref. Sleumer, 1980: 221.

Trilix auriculata R. & P., nom. nud.
=Prockia crucis P. Browne ex L.
Ref. Sleumer, 1980: 69.

Trilix macrobotrys R. & P., nom. nud.
=Banara guianensis Aublet
Ref. Sleumer, 1980: 106.

Xylosma armatum J. F. Macbride
=Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 31; Sleumer, 1980: 179.

Xylosma benthamii (Tulasne) Triana & Planchon
Syn. *Flacourtia benthamii* Tulasne, *Flacourtia digyna* Bentham ex Eichler, *Flacourtia nitida* Bentham, *Hisingera benthamii* (Tulasne) Clos, *Xylosma armatum* J. F. Macbride, *Xylosma digynum* Eichler, *Xylosma pilosa* J. F. Macbride
Ref. FP 13(4/1) 1941: 31; Sleumer, 1980: 179.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 83 (MO!)
Depts.: AM, LO, SM, TU

Xylosma cordatum (H.B.K.) Gilg
Syn. *Berberis rotunda* J. F. Macbride (Berberidaceae), *Flacourtia cordata* H.B.K.
Ref. FP 13(4/1) 1941: 32; Sleumer, 1980: 165.
Shrub or tree. Andean II: forests. 2500-3000 m.
Voucher: Humboldt & Bonpland 3473* (B destroyed, photo F), Sagástegui *et al.* 8497 (MO!)
Depts.: AM, CA, LO, SM, PI, TU

Xylosma digynum Eichler =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 32; Sleumer, 1980: 179.

Xylosma intermedium (Seemann) Triana & Planchon
Syn. *Hisingera intermedia* Seemann
Ref. Sleumer, 1980: 144.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Kayap s.n. (MO!)
Depts.: AM, HU, LO, MD, UC

Xylosma minutiflora J. F. Macbride =Margaritaria nobilis L. f. (Euphorbiaceae)
Ref. FP 674: 47; Sleumer, 1980: 182.

Xylosma pilosa J. F. Macbride =Xylosma benthamii (Tulasne) Triana & Planchon
Ref. FP 13(4/1) 1941: 33; Sleumer, 1980: 179.

Xylosma prockia (Turczaninow) Turczaninow
Syn. *Hisingera prockia* Turczaninow, *Hisingera salzmannii* Clos, *Xylosma salzmannii* (Clos) Eichler
Ref. Sleumer, 1980: 172.
Shrub or tree. Amazonian: riversides. 0-500 m.
Voucher: Mathias & Taylor 6021 (MO!)
Depts.: LO

Xylosma raimondii Sleumer
Ref. Sleumer, 1980: 168.
Endemic tree. Andean II. 1500-2000 m.
Note: Known from Peru only from the type.
Voucher: Jelski 22* (W fragm. L), Raimondi (& Jelski) 3369 (B destroyed, USM)
Depts.: CA

Xylosma ruizianum Sleumer
Ref. FP 13(4/1) 1941: 33; Sleumer, 1980: 161.
Endemic tree or treelet.
Note: Known from Peru only from the type collection which is questionably from Peru.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: Without full locality data.

Xylosma salzmannii (Clos) Eichler =Xylosma prockia (Turczaninow) Turczaninow
Ref. FP 13(4/1) 1941: 34; Sleumer, 1980: 173.

Xylosma tessmannii Sleumer
Ref. FP 13(4/1) 1941: 34; Sleumer, 1980: 181.
Tree. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Tessmann 5153* (B destroyed, NY), Klug 3026 (MO!)
Depts.: AM, HU, JU, LO, SM

Xylosma velutinum (Tulasne) Triana & Planchon
Syn. *Flacourtia velutina* Tulasne, *Hisingera tulasnei* Clos
Ref. Sleumer, 1980: 149.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Sagástegui & Cabanillas 8666 (MO!)
Depts.: CA, PI

Frankeniaceae

1 genus and 2 species in Peru.

Prepared by J. L. Zarucchi.

Anthobryum triandrum (E. J. Remy) Surgis =Frankenia triandra E. J. Remy
Ref. Whalen, 1987: 62.

Frankenia aspera Philippi =Frankenia chilensis J. S. Presl
Ref. Whalen, 1987: 24.

Frankenia campestris Schauer =Frankenia chilensis J. S. Presl
Ref. FP 13(4/1) 1941: 4; Whalen, 1987: 23.

Frankenia chilensis J. S. Presl
Syn. *Frankenia aspera* Philippi, *Frankenia campestris* Schauer, *Frankenia chilensis* var. *aspera* (Philippi) I. M. Johnston, *Frankenia nicoletiana* var. *aspera* (Philippi) Reiche, *Frankenia peruviana* Schellenberg
Ref. FP 13(4/1) 1941: 4; Whalen, 1987: 23.
Shrub. Coastal: desert, lomas. 0-500 m.
Voucher: Vargas 8629 (MO!)
Depts.: AR

Frankenia chilensis var. *aspera* (Philippi) I. M. Johnston =Frankenia chilensis J. S. Presl
Ref. Whalen, 1987: 24.

Frankenia nicoletiana var. *aspera* (Philippi) Reiche =Frankenia chilensis J. S. Presl
Ref. FP 13(4/1) 1941: 4.
Note: Whalen (1987: 24) does not account for this combination by Reiche but does place the basionym, *F. aspera* Philippi, as a synonym of *F. chilensis*.

Frankenia peruviana Schellenberg =Frankenia chilensis J. S. Presl
Ref. FP 13(4/1) 1941: 4; Whalen, 1987: 24.

Frankenia triandra E. J. Remy
Syn. *Anthobryum triandrum* (E. J. Remy) Surgis
Ref. Whalen, 1987: 62.
Subshrub. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: Werdermann 1124 (GH)
Depts.: TA

Fumariaceae

1 genus and 4 species in Peru.

Prepared by A. Pool (MO).

Fumaria agraria Lagasca
Ref. Gutte *et al.*, 1986: 188l Lidén, 1986: 54.
Introduced herb. Coastal: lomas. 0-500 m.
Voucher: Gutte & Gutte 4043 (LZ, USM)
Depts.: LI

Fumaria capreolata L.
Ref. FP 13(2/3) 1938: 937; Lidén, 1986: 69.
Introduced herb. Andean I-II, Coastal: disturbed areas, lomas. 0-3000 m.
Voucher: Mexia 4016 (MO!)
Depts.: CU, LI

Fumaria densiflora DC.
Ref. FP 13(2/3) 1938: 937; Lidén, 1986: 84.
Introduced herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Macbride 379 (F)
Depts.: LI

Fumaria parviflora Lamarck
Ref. FP 13(2/3) 1938: 937; Lidén, 1986: 88.

Introduced herb. Andean I-II, Coastal: disturbed areas, lomas. 0-2500 m.
Voucher: Hutchison 6298 (MO!)
Depts.: LI, LL

Gentianaceae

14 genera and 137 species in Peru.

Endemic species: 85.

Prepared by J. L. Zarucchi based in part on comments from J. S. Pringle (HAM) on *Gentiana* and *Gentianella*; reviewed by P. J. M. Maas (U–saprophytes and woody genera).

Centaurium erythraea Rafin
Syn. *Erythraea lomae* Gilg
Ref. Broome, pers. comm.
Introduced herb. Coastal: disturbed areas, lomas. 0-500 m.
Note: A local variant of this European plant was described as *E. lomae* by Gilg.
Voucher: Weberbauer 1647 (B)
Depts.: LI

Centaurium pulchellum (Swartz) Druce
Syn. *Gentiana pulchella* Swartz
Ref. Fabris, 1983: 62.
Introduced herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Sagástegui & López 10552 (MO!)
Depts.: CA

Centaurium quitense (H.B.K.) B. Robinson
Syn. *Cicendia quitensis* (H.B.K.) Grisebach, *Erythraea quitensis* H.B.K., *Exacum quitense* (H.B.K.) Sprengel
Ref. Broome, 1976: 416.
Herb. Andean I, Coastal: disturbed areas. 0-1500 m.
Note: Treated under *Erythraea* in the Flora of Peru.
Voucher: Sagástegui & López 10522 (MO!)
Depts.: CA, LA

Chelonanthus acutangulus (R. & P.) Gilg =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 280.

Chelonanthus alatus (Aublet) Pulle =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 280; Weaver, 1972: 302.

Chelonanthus camporum Gilg =Irlbachia alata subsp. angustifolia (H.B.K.) Persoon & Maas
Ref. FP 13(5/1) 1959: 283; Maas, pers. comm.

Chelonanthus chelonoides Gilg =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 283; Weaver, 1972: 304.

Chelonanthus leucanthus Gilg =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 286; Maas, pers. comm.

Chelonanthus uliginosus (Grisebach) Gilg =Irlbachia purpurascens (Aublet) P. Maas
Ref. FP 13(5/1) 1959: 291; Weaver, 1972: 309; van Heusden, 1986: 49.

Cicendia quadrangularis (Lamarck) Grisebach
Syn. *Gentiana quadrangularis* Lamarck, *Microcala quadrangularis* (Lamarck) Grisebach
Ref. Marticorena & Quezada, 1985: 47.
Herb. Coastal: lomas, rocky slopes. 0-1000 m.
Note: Treated in the Flora of Peru and elsewhere under *Microcala*; the treatment here follows Mabberley (1990: 126, 370).
Voucher: Sagástegui 7643 (MO!)
Depts.: AR, LI, LL

Cicendia quitensis (H.B.K.) Grisebach =Centaurium quitense (H.B.K.) B. Robinson
Ref. Broome, 1976: 416.

Ciminalis aphylla (Jacquin) Raf. =Voyria aphylla (Jacquin) Persoon
Ref. Maas & Ruyters, 1986: 39.

Coutoubea ramosa Aublet var. **ramosa**
Ref. Guimaraes & Klein, 1985: 31.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Croat 20178 (MO!)
Depts.: LO

Coutoubea spicata Aublet
Ref. FP 13(5/1) 1959: 274; Guimaraes & Klein, 1985: 26.
Herb. Andean I: disturbed areas, grasslands. 500-1000 m.
Voucher: Ule 6420 (HBG)
Depts.: SM

Disadena flavescens (Grisebach) Miquel =Voyria flavescens Grisebach
Ref. Maas & Ruyters, 1986: 57.

Erythraea lomae Gilg =Centaurium erythraea Rafin
Ref. FP 13(5/1) 1959: 273; Broome, pers. comm.
Note: This name was for a local variant of the introduced European *C. erythraea*.

Erythraea quitensis H.B.K. =Centaurium quitense (H.B.K.) B. Robinson
Ref. FP 13(5/1) 1959: 273.

Eudoxia formosissima D. Don ex G. Don =Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 321; Pringle, 1981: 281.

Eurythalia umbellata G. Don =Gentianella ruizii (Grisebach) Holub
Ref. FP 13(5/1) 1959: 349.

Exacum aphyllum (Jacquin) Willdenow =Voyria aphylla (Jacquin) Persoon
Ref. Maas & Ruyters, 1986: 39.

Exacum quitense (H.B.K.) Sprengel =Centaurium quitense (H.B.K.) B. Robinson
Ref. Broome, 1976: 416.

Gentiana alborosea Gilg =Gentianella alborosea (Gilg) Fabris
Ref. FP 13(5/1) 1959: 306; Fabris, 1955: 48.

Gentiana amoena Weddell =Gentianella dianthoides (H.B.K.) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 307; Pringle, pers. comm.

Gentiana andreae-mathewsii Briquet =Gentianella andreae-mathewsii (Briquet) Zarucchi
Ref. FP 13(5/1) 1959: 307.

Gentiana aphylla Jacquin =Voyria aphylla (Jacquin) Persoon
Ref. FP 13(5/1) 1959: 271; Maas & Ruyters, 1986: 39.

Gentiana arenarioides Gilg =Gentianella graminea (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 308; Fabris, 1958: 88.

Gentiana armerioides Grisebach ex Gilg =Gentianella armerioides (Grisebach ex Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 308.

Gentiana barbeyana Gilg =Gentianella radicata (Grisebach) J. Pringle
Ref. FP 13(5/1) 1959: 339.

Gentiana bicolor Weddell =Gentianella bicolor (Weddell) J. Pringle
Ref. FP 13(5/1) 1959: 347; Pringle, pers. comm.

Gentiana brandtiana Gilg =Gentianella brandtiana (Gilg) Fabris
Ref. FP 13(5/1) 1959: 309; Fabris, 1955: 49.

Gentiana bridgesii Gilg =Gentianella sp.
Ref. FP 13(5/1) 1959: 309.
Note: The identification of Peruvian material under this name in the Flora of Peru is highly questionable (Pringle, pers. comm.).

Gentiana brunneotincta Gilg =Gentianella brunneotincta (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 309; Pringle, pers. comm.

Gentiana calanchoides Gilg =Gentianella calanchoides (Gilg) Fabris
Ref. FP 13(5/1) 1959: 310; Fabris, 1958: 92.

Gentiana calcarea Gilg =Gentianella calcarea (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 311.

Gentiana campanuliformis Reimers =Gentianella campanuliformis (Reimers) Fabris
Ref. FP 13(5/1) 1959: 311; Fabris, 1958: 87.

Gentiana carneorubra Gilg =Gentianella carneorubra (Gilg) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 311; Pringle, 1981: 281.

Gentiana caspaltensis (J. Ball) J. Pringle
Syn. *Gentiana sedifolia* var. *caspaltensis* J. Ball
Ref. Pringle, 1981: 281; Pringle, pers. comm.
Endemic herb. Andean II: bogs, grasslands. 2000-3000 m.
Voucher: Ball s.n.* (K), Pringle 7850 (HAM)
Depts.: AN, JU, LI, PA

Gentiana centamalensis Gilg =Gentianella centamalensis (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 312.

Gentiana cerastioides H.B.K. =Gentianella cerastioides (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 312; Fabris, 1960: 176.
Note: Not known from Peru.

Gentiana cernua H.B.K. =Gentianella cernua (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 313; Fabris, 1955: 50; Fabris, 1960: 186.
Note: Not known from Peru.

Gentiana chamuchui Reimers =Gentianella chamuchui (Reimers) Fabris
Ref. FP 13(5/1) 1959: 313; Fabris, 1958: 91.

Gentiana chelanoides Willdenow ex Roemer & Schultes =Gentianella dianthoides (H.B.K.) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 317.

Gentiana chrysosphaera Gilg =Gentianella chrysosphaera (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 314.

Gentiana chrysotaenia Gilg =Gentianella chrysotaenia (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 314.

Gentiana coccinea R. & P. ex G. Don =Gentianella coccinea (D. Don ex G. Don) Zarucchi

Gentiana coerulea R. & P. ex Grisebach, nom. nud. pro syn. =Gentianella liniflora (H.B.K.) J. Pringle
Ref. FP 13(5/1) 1959: 327.

Gentiana corallina Gilg =Gentianella corallina (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 315.

Gentiana crassicaulis Gilg, nom. illeg. =Gentianella crassicaulis J. Pringle
Ref. FP 13(5/1) 1959: 315; Pringle, pers. comm.

Gentiana crossolaema Weddell =Gentianella crossolaema (Weddell) Zarucchi
Ref. FP 13(5/1) 1959: 316.

Gentiana cuspidata Grisebach =Gentianella cuspidata (Grisebach) J. Pringle
Ref. FP 13(5/1) 1959: 316; Pringle, 1986: 368.

Gentiana dianthoides H.B.K. =Gentianella dianthoides (H.B.K.) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 317; Pringle, 1986: 368.

Gentiana dilatata Grisebach =Gentianella dilatata (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 317; Fabris, 1958: 90.

Gentiana dissitifolia Grisebach =Gentianella dissitifolia (Grisebach) Zarucchi
Ref. FP 13(5/1) 1959: 318.

Gentiana dolichopoda Gilg =Gentianella dolichopoda (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 318; Pringle, 1986: 368.

Gentiana dombeyana Weddell =Gentianella dombeyana (Weddell) Zarucchi
Ref. FP 13(5/1) 1959: 318.

Gentiana ericoides Grisebach =Gentianella ericoides (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 319; Fabris, 1958: 89.

Gentiana ericothamna Gilg =Gentianella ericothamna (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 319.

Gentiana ernestii Briquet =Gentianella ernestii (Briquet) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 320; Pringle, 1981: 281.

Gentiana eurysepala Gilg =Gentianella eurysepala (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 320.

Gentiana exacoides Gilg, nom. illeg. =Gentianella rima (D. Don ex G. Don) Fabris
Ref. FP 13(5/1) 1959: 321; Fabris, 1958: 90.

Gentiana flavido-flammea Gilg =Gentianella incurva (Hooker) Fabris
Ref. FP 13(5/1) 1959: 326; Fabris, 1958: 90.

Gentiana floribunda Willdenow ex Roemer & Schultes =Gentianella liniflora (H.B.K.) J. Pringle
Ref. FP 13(5/1) 1959: 327.

Gentiana foliosa H.B.K. =Gentianella foliosa (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 321; Fabris, 1960: 182.
Note: Not known from Peru.

Gentiana formosissima (D. Don ex G. Don) Gilg =Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 321; Pringle, 1981: 281.

Gentiana fruticulosa Dombey ex Weddell =Gentianella fruticulosa (Dombey ex Weddell) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 322; Pringle, pers. comm.

Gentiana gilgiana Reimers =Gentianella gilgiana (Reimers) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 323; Pringle, 1986: 368.

Gentiana graebneriana Gilg =Gentianella liniflora (H.B.K.) J. Pringle
Ref. FP 13(5/1) 1959: 323; Pringle, pers. comm.

Gentiana graminea H.B.K. =Gentianella graminea (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 324; Fabris, 1958: 88.

Gentiana hebenstreidtioides Gilg =Gentianella violacea (D. Don ex G. Don) Fabris
Ref. FP 13(5/1) 1959: 324; Fabris, 1958: 89.

Gentiana herrediana Raimondi ex Weddell =Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 321; Pringle, 1981: 282.

Gentiana herrerae Reimers =Gentianella herrerae (Reimers) Zarucchi
Ref. FP 13(5/1) 1959: 324.

Gentiana hyssopifolia H.B.K. =Gentianella hyssopifolia (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 325; Fabris, 1960: 173.
Note: Not known from Peru.

Gentiana ignea Gilg =Gentianella punicea (Weddell) Holub
Ref. FP 13(5/1) 1959: 325; Pringle, pers. comm.

Gentiana incurva Hooker =Gentianella incurva (Hooker) Fabris
Ref. FP 13(5/1) 1959: 326; Fabris, 1958: 90.

Gentiana lavradioides Gilg =Gentianella ericoides (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 326; Fabris, 1958: 89.

Gentiana lilacina Gilg =Gentianella lilacina (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 327.

Gentiana limoselloides H.B.K. =Gentianella limoselloides (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 327; Fabris, 1960: 166.

Gentiana limoselloides var. *peruviana* Grisebach =Gentianella peruviana (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 335; Fabris, 1958: 93.

Gentiana limoselloides var. *tubulosa* Grisebach =Gentianella carneorubra (Gilg) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 311.
Note: Treated as a synonym of *G. carneorubra* in the Flora of Peru.

Gentiana liniflora H.B.K. =Gentianella liniflora (H.B.K.) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 327; Pringle, pers. comm.

Gentiana liniflora Willdenow ex Roemer & Schultes, nom. illeg. =Gentianella graminea (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 308.

Gentiana liniflora var. *gracilis* Grisebach =Gentianella andreae-mathewsii (Briquet) Zarucchi
Ref. FP 13(5/1) 1959: 307.

Gentiana lobbii Gilg =Gentianella ruizii (Grisebach) Holub
Ref. FP 13(5/1) 1959: 328; Pringle, pers. comm.

Gentiana lobelioides Gilg =Gentianella lobelioides (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 329.

Gentiana longibarbata Gilg =Gentianella longibarbata (Gilg) Fabris
Ref. FP 13(5/1) 1959: 329; Fabris, 1960: 185.
Note: Not known from Peru.

Gentiana luridoviolacea Gilg =Gentianella luridoviolacea (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 330; Pringle, pers. comm.

Gentiana luteomarginata Reimers =Gentianella luteomarginata (Reimers) Fabris
Ref. FP 13(5/1) 1959: 330; Fabris, 1955: 46.

Gentiana magniflora R. & P. ex Gilg =Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 321.

Gentiana mathewsii Gilg, nom. illeg. =Gentianella andreae-mathewsii (Briquet) Zarucchi
Ref. FP 13(5/1) 1959: 307.

Gentiana mesembrianthemoides Gilg =Gentianella tristicha (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 330; Pringle, pers. comm.

Gentiana meyeniana Grisebach =Gentianella meyeniana (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 331; Fabris, 1983: 80.

Gentiana multicaulis (D. Don ex G. Don) Gilg, nom. illeg. =Gentianella pavonii (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 334; Fabris, 1958: 89.

Gentiana muscoides Gilg =Gentianella muscoides (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 331; Pringle, pers. comm.

Gentiana nitida Grisebach =Gentianella nitida (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 331; Fabris, 1958: 91.

Gentiana oreosilene Gilg =Gentianella oreosilene (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 333; Pringle, pers. comm.

Gentiana pachystemon Gilg =Gentianella oreosilene (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 333; Pringle, pers. comm.

Gentiana paludicola Gilg =Gentianella paludicola (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 334; Pringle, pers. comm.

Gentiana pavonii Grisebach =Gentianella pavonii (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 334; Fabris, 1958: 89; Pringle, 1981: 283.

Gentiana peduncularis D. Don ex G. Don =Gentianella incurva (Hooker) Fabris
Ref. FP 13(5/1) 1959: 326; Fabris, 1958: 90.

Gentiana pernettyoides Reimers =Gentianella pernettyoides (Reimers) Fabris
Ref. FP 13(5/1) 1959: 334; Fabris, 1958: 91.

Gentiana persquarrosa Reimers =Gentianella persquarrosa (Reimers) J. Pringle
Ref. FP 13(5/1) 1959: 332; Pringle, 1986: 368.

Gentiana peruviana (Grisebach) Gilg =Gentianella peruviana (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 335; Fabris, 1958: 93.

Gentiana petrophila Gilg =Gentianella petrophila (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 335.

Gentiana pinifolia R. & P. ex D. Don =Gentianella thyrsoidea (Hooker) Fabris
Ref. FP 13(5/1) 1959: 336; Fabris, 1958: 88.

Gentiana poculifera Gilg =Gentianella poculifera (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 336.

Gentiana porphyrantha Gilg =Gentianella porphyrantha (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 337.

Gentiana potamophila Gilg =Gentianella potamophila (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 337.

Gentiana primulifolia Grisebach =Gentianella incurva (Hooker) Fabris
Ref. FP 13(5/1) 1959: 338; Pringle, 1981: 283.

Gentiana primulifolia var. *dilatata* (Grisebach) Weddell =Gentianella dilatata (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 317.

Gentiana primuloides Gilg =Gentianella primuloides (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 338; Pringle, pers. comm.

Gentiana pseudolycopodium Gilg =Gentianella pseudolycopodium (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 339; Pringle, pers. comm.

Gentiana pulchella Swartz =Centaurium pulchellum (Swartz) Druce
Ref. Fabris, 1983: 62.

Gentiana punicea Weddell =Gentianella punicea (Weddell) Holub
Ref. FP 13(5/1) 1959: 339; Holub, 1967: 120.

Gentiana quadrangularis Lamarck =Cicendia quadrangularis (Lamarck) Grisebach
Ref. FP 13(5/1) 1959: 272; Munz & Keck, 1959: 428.

Gentiana radicata Grisebach =Gentianella radicata (Grisebach) J. Pringle
Ref. FP 13(5/1) 1959: 339; Pringle, 1986: 368.

Gentiana raimondiana Weddell =Gentianella raimondiana (Weddell) J. Pringle
Ref. FP 13(5/1) 1959: 340; Pringle, pers. comm.

Gentiana reflexifolia Killip & Vargas =Gentianella ericoides (Grisebach) Fabris
Ref. Fabris, 1958: 89.

Gentiana regina Gilg =Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 340; Pringle, 1981: 282.

Gentiana rima D. Don ex G. Don =Gentianella rima (D. Don ex G. Don) Fabris
Ref. Fabris, 1958: 90.

Gentiana roseolilacina Gilg =Gentianella roseolilacina (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 341; Pringle, pers. comm.

Gentiana ruizii Grisebach =Gentianella ruizii (Grisebach) Holub
Ref. FP 13(5/1) 1959: 349; Holub, 1967: 118.

Gentiana rupicola H.B.K. =Gentianella cerastioides (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 341; Fabris, 1960: 176.
Note: Not known from Peru.

Gentiana sanctorum Gilg =Gentianella sanctorum (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 342; Pringle, 1981: 284.

Gentiana sandiensis Gilg =Gentianella sandiensis (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 342; Pringle, pers. comm.

Gentiana saxicola Grisebach =Gentianella saxicola (Grisebach) J. Pringle
Ref. FP 13(5/1) 1959: 343; Pringle, pers. comm.

Gentiana saxifragoides H.B.K. =Gentianella saxifragoides (H.B.K.) Fabris
Ref. FP 13(5/1) 1959: 343; Fabris, 1960: 174.

Gentiana scarlatiflora Gilg =Gentianella scarlatiflora (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 344; Pringle, pers. comm.

Gentiana scarlatina Gilg =Gentianella scarlatina (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 344.

Gentiana scarlatinostriata Gilg =Gentianella scarlatinostriata (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 344.

Gentiana sedifolia H.B.K.
Ref. Pringle, 1986: 368; Pringle, pers. comm.
Herb. Andean II-III: grasslands, rocky slopes. 1500-4000 m.
Voucher: Smith *et al.* 9014 (MO!)
Depts.: AM, AN, AY, CA, CU, HU, JU, LI, LL, PA

Gentiana sedifolia var. *caspaltensis* J. Ball =Gentiana caspaltensis (J. Ball) J. Pringle
Ref. Pringle, 1981: 281.

Gentiana setipes Gilg =Gentianella setipes (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 346; Pringle, pers. comm.

Gentiana speciosissima Gilg =Gentianella speciosissima (Gilg) Zarucchi
Ref. FP 13(5/1) 1959: 346.

Gentiana stricticaulis Gilg =Gentianella liniflora (H.B.K.) J. Pringle
Ref. FP 13(5/1) 1959: 347; Pringle, pers. comm.

Gentiana stuebelii Gilg =Gentianella bicolor (Weddell) J. Pringle
Ref. FP 13(5/1) 1959: 347; Pringle, pers. comm.

Gentiana thyrsoidea Hooker =Gentianella thyrsoidea (Hooker) Fabris
Ref. FP 13(5/1) 1959: 348; Fabris, 1958: 88.

Gentiana trichostemma Weddell =Gentianella nitida (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 349; Fabris, 1958: 91.

Gentiana tristicha Gilg =Gentianella tristicha (Gilg) J. Pringle
Ref. FP 13(5/1) 1959: 349; Pringle, pers. comm.

Gentiana tubulosa (Grisebach) Gilg, nom. illeg. =Gentianella carneorubra (Gilg) Fabris ex J. Pringle
Ref. FP 13(5/1) 1959: 311.
Note: Treated as a synonym of *Gentiana carneorubra* in the Flora of Peru.

Gentiana tupa Gilg =Gentianella thyrsoidea (Hooker) Fabris
Ref. Fabris, 1958: 88.

Gentiana umbellata R. & P. ex G. Don =Gentianella ruizii (Grisebach) Holub
Ref. FP 13(5/1) 1959: 349.

Gentiana vaginalis Grisebach =Gentianella vaginalis (Grisebach) J. Pringle
Ref. FP 13(5/1) 1959: 350; Pringle, 1986: 368.

Gentiana verticillata Weddell, nom. illeg. =Gentianella sp.
Ref. FP 13(5/1) 1959: 351.
Note: Not *G. verticillata* L.

Gentiana violacea R. & P. ex Gilg =Gentianella violacea (D. Don ex G. Don) Fabris
Ref. FP 13(5/1) 1959: 351; Fabris, 1958: 89.

Gentiana weberbaueri Gilg =Gentianella weberbaueri (Gilg) Fabris
Ref. FP 13(5/1) 1959: 351; Fabris, 1958: 93.

Gentianella alborosea (Gilg) Fabris
Syn. *Gentiana alborosea* Gilg
Ref. Fabris, 1955: 48.

Endemic herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Weberbauer 6624* (B photo F!), Ferreyra 5195 (MO)
Depts.: JU

Gentianella alborubra Fabris
Ref. Fabris, 1955: 49.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Woytkowski 601* (LP)
Depts.: CU

Gentianella amoena (Weddell) Fabris =Gentianella dianthoides (H.B.K.) Fabris ex J. Pringle
Ref. Fabris, 1958: 92; Pringle, pers. comm.

Gentianella andreae-mathewsii (Briquet) Zarucchi
Syn. *Gentiana andreae-mathewsii* Briquet, *Gentiana liniflora* var. *gracilis* Grisebach, *Gentiana mathewsii* Gilg, nom. illeg.
Endemic herb. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Mathews s.n.* (K)
Depts.: AM

Gentianella armerioides (Grisebach ex Gilg) J. Pringle
Syn. *Gentiana armerioides* Grisebach ex Gilg
Endemic herb. Andean III: rocky slopes. 4000-4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Lechler 2000a* (B photo F!)
Depts.: CU

Gentianella bicolor (Weddell) J. Pringle
Syn. *Gentiana bicolor* Weddell, *Gentiana stuebelii* Gilg
Endemic herb. Andean II-III: grasslands. 3000-4500 m.
Note: New combination made in Appendix 1.
Voucher: Raimondi s.n.* (P), Stuebel 35j (B)
Depts.: CA

Gentianella brandtiana (Gilg) Fabris
Syn. *Gentiana brandtiana* Gilg
Ref. Fabris, 1955: 49.
Herb. Andean III: grasslands. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5455* (B)
Depts.: HV

Gentianella brunneotincta (Gilg) J. Pringle
Syn. *Gentiana brunneotincta* Gilg
Endemic herb. Andean III: grasslands, shrublands. 3500- > 4500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 3092* (B photo F!), Smith *et al.* 11890 (MO!)
Depts.: AN

Gentianella calanchoides (Gilg) Fabris
Syn. *Gentiana calanchoides* Gilg

Ref. Fabris, 1958: 92.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Ruiz & Pavón s.n.* (BM), Ferreyra 5180 (LP, MO!)
Depts.: HU, JU

Gentianella calcarea (Gilg) J. Pringle
Syn. *Gentiana calcarea* Gilg
Endemic herb. Andean III: grasslands, rocky slopes. 3500-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 2539* (B photo F!)
Depts.: JU

Gentianella campanuliformis (Reimers) Fabris
Syn. *Gentiana campanuliformis* Reimers
Ref. Fabris, 1958: 87.
Endemic herb. Andean II-III: grasslands, shrublands. 2500-4000 m.
Voucher: Herrera 680* (B photo F!), Herrera 1082 (MO!)
Depts.: CU

Gentianella carneorubra (Gilg) Fabris ex J. Pringle
Syn. *Gentiana carneorubra* Gilg, *Gentiana limoselloides* var. *tubulosa* Grisebach, *Gentiana tubulosa* (Grisebach) Gilg, nom. illeg.
Ref. Pringle, 1981: 281.
Endemic herb. Andean III: grasslands, rocky slopes. 3500-4500 m.
Voucher: Mathews s.n.* (K), Duncan *et al.* 2648 (MO!)
Depts.: JU

Gentianella centamalensis (Gilg) Zarucchi
Syn. *Gentiana centamalensis* Gilg
Endemic herb. Grasslands.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Stuebel 41* (B photo F!)
Depts.: AM

[Gentianella cerastioides (H.B.K.) Fabris]
Syn. *Gentiana cerastioides* H.B.K., *Gentiana rupicola* H.B.K.
Ref. Fabris, 1960: 176.
Note: Not known from Peru.

[Gentianella cernua (H.B.K.) Fabris]
Syn. *Gentiana cernua* H.B.K.
Ref. Fabris, 1955: 50; Fabris, 1960: 186.
Note: Not known from Peru.

Gentianella cerrateae Fabris
Ref. Fabris, 1955: 48.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Published as "*cerratei.*" Known from Peru only from the type locality.
Voucher: Cerrate 1454* (LP)
Depts.: AN

Gentianella chamuchui (Reimers) Fabris
Syn. *Gentiana chamuchui* Reimers
Ref. Fabris, 1958: 91.
Endemic herb. Andean II-III: grasslands, shrublands. 3000-4500 m.
Voucher: Weberbauer 7010* (USM), López & Sagástegui 8141 (MO!)
Depts.: LL

Gentianella chlorantha J. Pringle
Ref. Pringle, 1986: 357.
Endemic subshrub. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Barbour 3439* (MO)
Depts.: AM

Gentianella chrysosphaera (Gilg) Zarucchi
Syn. *Gentiana chrysosphaera* Gilg
Herb. Andean III: grasslands. > 4500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 6521* (B), Proaño s.n. (MO!)
Depts.: JU

Gentianella chrysotaenia (Gilg) Zarucchi
Syn. *Gentiana chrysotaenia* Gilg
Endemic herb. Andean III. 3500-4500 m.
Note: New combination made in Appendix 1. May prove to be a synonym of *G. incurva* (Pringle, pers. comm.).
Voucher: Weberbauer 6528* (B), Cerrate *et al.* 4739 (MO!)
Depts.: CU, JU, LI

Gentianella coccinea (D. Don ex G. Don) Zarucchi
Syn. *Gentiana coccinea* R. & P. ex G. Don, *Selatium coccineum* D. Don ex G. Don
Endemic herb. Andean III: grasslands, rocky slopes.
Note: New combination made in Appendix 1.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Macbride 2472 (F)
Depts.: HU

Gentianella corallina (Gilg) Zarucchi
Syn. *Gentiana corallina* Gilg
Endemic herb. Region uncertain.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 4294* (B photo F!), Macbride 1262 (F)
Depts.: AM, HU

Gentianella crassicaulis J. Pringle
Syn. *Gentiana crassicaulis* Gilg, nom. illeg.
Endemic herb. Andean III: bogs, grasslands. 3500-4000 m.
Note: New name validated in Appendix 1.
Voucher: Lobb s.n.* (B photo F!), Hutchison & Wright 5122 (MO!)
Depts.: CA

Gentianella crossolaema (Weddell) Zarucchi
Syn. *Gentiana crossolaema* Weddell
Endemic herb. Rocky slopes.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weddell s.n.* (P)
Depts.: CU

Gentianella cuspidata (Grisebach) J. Pringle
Syn. *Gentiana cuspidata* Grisebach
Ref. Pringle, 1986: 368.
Herb. Andean II: grasslands, rocky slopes. 3000-3500 m.
Voucher: Dombey s.n.* (B photo F!), Sullivan *et al.* 1047 (MO!)
Depts.: JU, LI

Gentianella dianthoides (H.B.K.) Fabris ex J. Pringle
Syn. *Gentiana amoena* Weddell, *Gentiana chelanoides* Willdenow ex Roemer & Schultes, *Gentiana dianthoides* H.B.K., *Gentianella amoena* (Weddell) Fabris
Ref. Pringle, 1986: 368; Pringle, pers. comm.
Endemic herb. Andean II-III: grasslands, shrublands. 3000-4000 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B photo F!), Macbride & Featherstone 1162 (MO!)
Depts.: AY, CA, HU

Gentianella dilatata (Grisebach) Fabris
Syn. *Gentiana dilatata* Grisebach, *Gentiana primulifolia* var. *dilatata* (Grisebach) Weddell
Ref. Fabris, 1958: 90.
Endemic herb. Andean III: grasslands, shrublands. 3500- > 4500 m.
Voucher: Mathews 1152* (K), Tovar 2187 (LP)
Depts.: HV, JU, LL

Gentianella dissitifolia (Grisebach) Zarucchi
Syn. *Gentiana dissitifolia* Grisebach
Endemic herb.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Dombey 394* (G photo F!)
Depts.: JU

Gentianella dolichopoda (Gilg) J. Pringle
Syn. *Gentiana dolichopoda* Gilg
Ref. Pringle, 1986: 368.
Endemic herb. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Weberbauer 399* (B photo F!)
Depts.: AY, CU, PU

Gentianella dombeyana (Weddell) Zarucchi
Syn. *Gentiana dombeyana* Weddell
Endemic herb.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Dombey s.n.* (B photo F!)
Depts.: JU

Gentianella ericoides (Grisebach) Fabris
Syn. *Gentiana ericoides* Grisebach, *Gentiana lavradioides* Gilg, *Gentiana reflexifolia* Killip & Vargas

Ref. Fabris, 1958: 89.
Herb. Andean II-III: grasslands. 3000-4000 m.
Voucher: Mathews 1206* (K), Peyton & Peyton 939 (MO!)
Depts.: CU, JU

Gentianella ericothamna (Gilg) Zarucchi
Syn. *Gentiana ericothamna* Gilg
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 3381* (B photo F!)
Depts.: HU

Gentianella ernestii (Briquet) Fabris ex J. Pringle
Syn. *Gentiana ernestii* Briquet
Ref. Pringle, 1981: 281.
Endemic herb. Andean III: grasslands, rocky slopes. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4870* (G photo F!)
Depts.: CU

Gentianella euphorbiifolia Fabris
Ref. Fabris, 1955: 50.
Endemic shrub. Andean II: grasslands, shrublands. 3000-3500 m.
Note: Published as "euphorbiaeifolia."
Voucher: Ferreyra 131* (LP), Infantes 980 (LP)
Depts.: LL

Gentianella eurysepala (Gilg) Zarucchi
Syn. *Gentiana eurysepala* Gilg
Endemic herb. Andean II-III: grasslands. 3000-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 5676* (MO!), Stork & Horton 10825 (MO!)
Depts.: HV

[Gentianella foliosa (H.B.K.) Fabris]
Syn. *Gentiana foliosa* H.B.K.
Ref. Fabris, 1960: 182.
Note: Not known from Peru. Fabris (1960: 182) says that it is only known from Ecuador.

Gentianella formosissima (D. Don ex G. Don) Fabris ex J. Pringle
Syn. *Eudoxia formosissima* D. Don ex G. Don, *Gentiana formosissima* (D. Don ex G. Don) Gilg, *Gentiana herrediana* Raimondi ex Weddell, *Gentiana magniflora* R. & P. ex Gilg, *Gentiana regina* Gilg
Ref. Pringle, 1981: 281.
Herb. Andean III: grasslands, shrublands. 3500-4500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Duncan *et al.* 2635 (MO!)
Depts.: AN

Gentianella fruticulosa (Dombey ex Weddell) Fabris ex J. Pringle
Syn. *Gentiana fruticulosa* Dombey ex Weddell
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Domb y s.n.* (B photo F!), Smith 8115 (MO!)
Depts.: JU, PA

Gentianella gilgiana (Reimers) Fabris ex J. Pringle
Syn. *Gentiana gilgiana* Reimers
Ref. Pringle, 1986: 368.
Endemic herb. Andean III: grasslands, rocky slopes. 3500- > 4500 m.
Voucher: Weberbauer 7011* (B), Duncan *et al.* 2641 (MO!)
Depts.: AN, LL

Gentianella graminea (H.B.K.) Fabris
Syn. *Gentiana arenarioides* Gilg, *Gentiana graminea* H.B.K., *Gentiana liniflora* Willdenow ex Roemer & Schultes, nom. illeg.
Ref. Fabris, 1958: 88.
Herb. Andean II-III: grasslands, shrublands. 2500-4000 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), Vargas 10352 (LP)
Depts.: CA

Gentianella herrerae (Reimers) Zarucchi
Syn. *Gentiana herrerae* Reimers
Endemic herb. Andean III: grasslands. 3500-4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Herrera 287* (B photo F!)
Depts.: CU

Gentianella huancaveliquensis Fabris
Ref. Fabris, 1955: 46.
Endemic herb. Andean III: grasslands. 3500-4000 m.
Voucher: Tovar 734* (LP), Tovar 1344 (LP)
Depts.: HV

[Gentianella hyssopifolia (H.B.K.) Fabris]
Syn. *Gentiana hyssopifolia* H.B.K.
Ref. Fabris, 1960: 173.
Note: Not known from Peru.

Gentianella incurva (Hooker) Fabris
Syn. *Gentiana flavido-flammea* Gilg, *Gentiana incurva* Hooker, *Gentiana peduncularis* D. Don ex G. Don, *Gentiana primulifolia* Grisebach, *Gentianella primuliflora* (Grisebach) Holub, *Selatium incurvum* (Hooker) G. Don
Ref. Fabris, 1958: 90; Pringle, 1981: 282.
Endemic herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Cruikshanks s.n.* (K), Macbride & Featherstone 1091 (GH)
Depts.: JU, PA

Gentianella lilacina (Gilg) Zarucchi
Syn. *Gentiana lilacina* Gilg
Endemic herb. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 3223* (B photo F!)
Depts.: AN

Gentianella limoselloides (H.B.K.) Fabris
Syn. *Gentiana limoselloides* H.B.K.
Ref. Fabris, 1960: 166.
Herb. Andean II: grasslands. 3000-3500 m.
Voucher: Soukup 2026 (MO!)
Depts.: JU, LI

Gentianella liniflora (H.B.K.) Fabris ex J. Pringle
Syn. *Gentiana coerulea* R. & P. ex Grisebach, nom. nud. pro syn., *Gentiana floribunda* Willdenow ex Roemer & Schultes, *Gentiana graebneriana* Gilg, *Gentiana liniflora* H.B.K., *Gentiana stricticaulis* Gilg
Endemic herb. Andean II: grasslands. 2500-3500 m.
Note: New combination made in Appendix 1.
Voucher: Humboldt & Bonpland s.n.* (B photo F!), Weberbauer 6324 (MO!)
Depts.: AM, PI

Gentianella lobelioides (Gilg) Zarucchi
Syn. *Gentiana lobelioides* Gilg
Endemic herb. Andean III: grasslands, shrublands. > 4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 955* (B photo F!)
Depts.: PU

[Gentianella longibarbata] (Gilg) Fabris]
Syn. *Gentiana longibarbata* Gilg
Ref. Fabris, 1960: 185.
Note: Not known from Peru. Fabris (1960) indicates that the species is known only from Ecuador.

Gentianella luridoviolacea (Gilg) J. Pringle
Syn. *Gentiana luridoviolacea* Gilg
Endemic herb. Andean III: grasslands, rocky slopes. 4000-4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 3759* (B photo F!)
Depts.: LI, PA

Gentianella luteomarginata (Reimers) Fabris
Syn. *Gentiana luteomarginata* Reimers
Ref. Fabris, 1955: 46.
Endemic herb. Andean III: grasslands. 3500-4000 m.
Voucher: Herrera 1036* (B photo F!), Herrera 2129 (B)
Depts.: CU

Gentianella meyeniana (Grisebach) Fabris
Syn. *Gentiana meyeniana* Grisebach
Ref. Fabris, 1983: 80.
Herb. Andean III: grasslands. 4000-4500 m.

Note: Known from Peru only from the type locality.
Voucher: Meyen s.n.* (B)
Depts.: PU

Gentianella muscoides (Gilg) J. Pringle
Syn. *Gentiana muscoides* Gilg
Endemic herb. Andean III: grasslands, rocky slopes. > 4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 96* (B photo F!)
Depts.: LI

Gentianella nitida (Grisebach) Fabris
Syn. *Gentiana nitida* Grisebach, *Gentiana trichostemma* Weddell
Ref. Fabris, 1958: 91.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Cruikshanks s.n.* (K), Tovar 2385 (MO!)
Depts.: HU, JU, LL

Gentianella oreosilene (Gilg) J. Pringle
Syn. *Gentiana oreosilene* Gilg, *Gentiana pachystemon* Gilg
Endemic herb. Andean II: grasslands, shrublands. 3000-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 4288* (B photo F!), Stuebel 52 (B photo F)
Depts.: AM, AN

Gentianella paludicola (Gilg) J. Pringle
Syn. *Gentiana paludicola* Gilg
Endemic herb. Andean II-III: grasslands. 3000-4500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 2694* (B photo F!)
Depts.: AN, CU, JU, PU

Gentianella pavonii (Grisebach) Fabris
Syn. *Gentiana multicaulis* (D. Don ex G. Don) Gilg, nom. illeg., *Gentiana pavonii* Grisebach, *Selatium multicaule* D. Don ex G. Don
Ref. Fabris, 1958: 89; Pringle, 1981: 283.
Endemic herb. Andean II-III: bogs. 3000-4000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Ferreyra 7177 (MO!)
Depts.: JU

Gentianella pernettyoides (Reimers) Fabris
Syn. *Gentiana pernettyoides* Reimers
Ref. Fabris, 1958: 91.
Endemic herb. Andean III: grasslands. 3500-4000 m.
Voucher: Weberbauer 7026* (GH), Ferreyra 1255 (LP)
Depts.: LL

Gentianella persquarrosa (Reimers) J. Pringle
Syn. *Gentiana persquarrosa* Reimers
Ref. Pringle, 1986: 368.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Herrera 1020* (B photo F!), Núñez 7501 (MO!)
Depts.: CU

Gentianella peruviana (Grisebach) Fabris
Syn. *Gentiana limoselloides* var. *peruviana* Grisebach, *Gentiana peruviana* (Grisebach) Gilg
Ref. Fabris, 1958: 93.
Herb. Andean II: grasslands. 3000-3500 m.
Voucher: Stafford 529 (K)
Depts.: CU

Gentianella petrophila (Gilg) Zarucchi
Syn. *Gentiana petrophila* Gilg
Endemic herb. Andean III: grasslands, rocky slopes. 3500-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 2562* (B photo F!), Macbride & Featherstone 3298 (MO!)
Depts.: JU

Gentianella poculifera (Gilg) Zarucchi
Syn. *Gentiana poculifera* Gilg
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer s.n.* (B photo F!)
Depts.: JU

Gentianella porphyrantha (Gilg) Zarucchi
Syn. *Gentiana porphyrantha* Gilg
Endemic herb. Andean III: grasslands. 4000- > 4500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 2803* (B photo F!)
Depts.: AN

Gentianella potamophila (Gilg) Zarucchi
Syn. *Gentiana potamophila* Gilg
Endemic herb. Andean III: grasslands, riversides. 3500-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 6907* (B photo F!), Stork & Horton 10733 (UC)
Depts.: AP, AR, CU

Gentianella primuliflora (Grisebach) Holub
=Gentianella incurva (Hooker) Fabris
Ref. Pringle, 1981: 283.

Gentianella primuloides (Gilg) J. Pringle
Syn. *Gentiana primuloides* Gilg
Herb. Andean III: rocky slopes. 3500-4500 m.
Note: New combination made in Appendix 1.
Voucher: Lechler 2002* (G photo F!)
Depts.: CU, JU, PU

Gentianella pseudolycopodium (Gilg) J. Pringle
Syn. *Gentiana pseudolycopodium* Gilg
Endemic herb. Andean II: grasslands, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 3353* (B)
Depts.: HU

Gentianella punicea (Weddell) Holub
Syn. *Gentiana ignea* Gilg, *Gentiana punicea* Weddell
Ref. Holub, 1967: 120; Pringle, pers. comm.
Herb. Andean III: grasslands. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Weddell s.n.* (B photo F!), Weberbauer 746 (B photo F!)
Depts.: PU

Gentianella radicata (Grisebach) J. Pringle
Syn. *Gentiana barbeyana* Gilg, *Gentiana radicata* Grisebach
Ref. Pringle, 1986: 368.
Herb. Andean II: grasslands. 3000-3500 m.
Voucher: Smith 7717 (MO!)
Depts.: PA

Gentianella raimondiana (Weddell) J. Pringle
Syn. *Gentiana raimondiana* Weddell
Endemic herb. Andean III: grasslands. 3500-4000 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Raimondi s.n.* (B photo F!), Sagástegui *et al.* 11179 (HUT, MO!)
Depts.: CA

Gentianella rima (D. Don ex G. Don) Fabris
Syn. *Gentiana exacoides* Gilg, nom. illeg., *Gentiana rima* D. Don ex G. Don
Ref. Fabris, 1958: 90.
Endemic herb. Andean II-III: grasslands, rocky slopes, shrublands. 3000-4000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Vargas 5106 (MO!)
Depts.: CU

Gentianella roseolilacina (Gilg) J. Pringle
Syn. *Gentiana roseolilacina* Gilg
Endemic herb. Andean III: rocky slopes. 3500-4000 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 2952* (B photo F!)
Depts.: AN

Gentianella ruizii (Grisebach) Holub
Syn. *Eurythalia umbellata* G. Don, *Gentiana lobbii* Gilg, *Gentiana ruizii* Grisebach, *Gentiana umbellata* R. & P. ex G. Don, nom. nud. pro syn.

Ref. Holub, 1967: 118; Pringle, pers. comm.
Herb. Andean II: grasslands. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Lobb s.n. (B photo F!)
Depts.: CU, HU

Gentianella sanctorum (Gilg) J. Pringle
Syn. *Gentiana sanctorum* Gilg
Ref. Pringle, 1981: 284.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2959* (B photo F!), Smith *et al.* 9546 (MO!)
Depts.: AN

Gentianella sandiensis (Gilg) J. Pringle
Syn. *Gentiana sandiensis* Gilg
Herb. Andean II-III: grasslands. 3000-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 1016* (B photo F!), Tupayachi 138 (MO!)
Depts.: CU, HV, JU, PA, PU

Gentianella saxicola (Grisebach) J. Pringle
Syn. *Gentiana saxicola* Grisebach
Endemic herb. Andean III: grasslands. 3000-3500 m.
Note: New combination made in Appendix 1.
Voucher: Mathews s.n.* (W photo F!), Grant 7572 (F)
Depts.: JU, PA

Gentianella saxifragoides (H.B.K.) Fabris
Syn. *Gentiana saxifragoides* H.B.K.
Ref. Fabris, 1960: 174.
Herb. Andean II: grasslands. 3000-3500 m.
Voucher: Weberbauer 5836* (B photo F!)
Depts.: AP, CU

Gentianella scarlatiflora (Gilg) J. Pringle
Syn. *Gentiana scarlatiflora* Gilg
Endemic herb. Andean II-III: disturbed areas, grasslands. 3000-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 5836* (B photo F!), Metcalf 30468 (MO!)
Depts.: AP, CU, PU

Gentianella scarlatina (Gilg) Zarucchi
Syn. *Gentiana scarlatina* Gilg
Endemic herb. Andean III: grasslands. 3500-4000 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 1047* (B), Herrera 1007 (MO!)
Depts.: CU, PU

Gentianella scarlatinostriata (Gilg) Zarucchi
Syn. *Gentiana scarlatinostriata* Gilg
Endemic herb. Andean III: rocky slopes. 4000-4500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 6621* (B), Antunez de Mayolo 284 (MO!)
Depts.: JU

Gentianella setipes (Gilg) J. Pringle
Syn. *Gentiana setipes* Gilg
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 6322* (B photo F!), Sagástegui & Cabanillas 8633 (MO!)
Depts.: CU, PI

Gentianella speciosissima (Gilg) Zarucchi
Syn. *Gentiana speciosissima* Gilg
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Stuebel 24b* (B photo F!)
Depts.: AM

Gentianella thyrsoidea (Hooker) Fabris
Syn. *Gentiana pinifolia* R. & P. ex D. Don, *Gentiana thyrsoidea* Hooker, *Gentiana tupa* Gilg, *Pitygentias pinifolia* (R. & P. ex D. Don) Gilg, *Pitygentias thyrsoidea* (Hooker) Gilg, *Selatium thyrsoideum* (Hooker) G. Don
Ref. Fabris, 1958: 88.
Endemic herb. Andean III: bogs, grasslands, riversides. 3500- > 4500 m.
Voucher: Cruikshancks s.n.* (K), Young & Eisenberg 892 (MO!)
Depts.: AN, AY, HU, JU, PA

Gentianella tovariana Fabris
Ref. Fabris, 1955: 45.
Endemic herb. Andean III: grasslands, shrublands. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Tovar 874* (LP)
Depts.: HV

Gentianella tristicha (Gilg) J. Pringle
Syn. *Gentiana mesembrianthemoides* Gilg, *Gentiana tristicha* Gilg
Endemic herb. Andean III: grasslands, shrublands. 3500-4500 m.
Note: New combination made in Appendix 1.
Voucher: Weberbauer 2933* (B photo F!), Smith *et al.* 12365 (MO!)
Depts.: AN

Gentianella vaginalis (Grisebach) J. Pringle
Syn. *Gentiana vaginalis* Grisebach
Ref. Pringle, 1986: 368.
Endemic herb. Andean III: grasslands, rocky slopes. 3500-4500 m.
Voucher: Cruickshanks s.n.* (K), Kalenborn 96 (MO!)
Depts.: JU, LI

Gentianella vargasii Fabris
Ref. Fabris, 1958: 86.
Endemic herb. Andean III: grasslands. 4000-4500 m.
Voucher: Vargas 10077* (K), Marin 1586 (LIL)
Depts.: CU

Gentianella violacea (D. Don ex G. Don) Fabris
Syn. *Gentiana hebenstreidtioides* Gilg, *Gentiana violacea* R. & P. ex Gilg, *Glyphospermum violaceum* D. Don ex G. Don
Ref. Fabris, 1958: 89.
Endemic herb. Andean II. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Weberbauer 6733 (GH)
Depts.: HU

Gentianella weberbaueri (Gilg) Fabris
Syn. *Gentiana weberbaueri* Gilg
Ref. Fabris, 1958: 93.
Endemic herb. Andean III: grasslands, rocky slopes, shrublands. 4000- > 4500 m.
Voucher: Weberbauer 2939* (B photo F!, USM), Smith *et al.* 9630 (MO!)
Depts.: AN

Glyphospermum violaceum D. Don ex G. Don =Gentianella violacea (D. Don ex G. Don) Fabris
Ref. FP 13(5/1) 1959: 351; Fabris, 1958: 89.

Halenia asclepiadea (H.B.K.) G. Don
Syn. *Swertia asclepiadea* H.B.K.
Ref. FP 13(5/1) 1959: 354; Allen, 1933: 205.
Herb. Andean II-III: grasslands. 3000-4500 m.
Voucher: Tupayachi & Galiano 838 (MO!)
Depts.: CU

Halenia barbicaulis Gilg
Ref. FP 13(5/1) 1959: 355; Allen, 1933: 198.
Endemic herb. Andean II: grasslands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Mathews s.n.* (G photo F!)
Depts.: AM

Halenia bella Gilg
Ref. FP 13(5/1) 1959: 355; Allen, 1933: 206.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2065* (B photo F!)
Depts.: JU

Halenia brevicornis (H.B.K.) G. Don
Syn. *Halenia parviflora* (H.B.K.) G. Don, *Swertia brevicornis* H.B.K., *Swertia parviflora* H.B.K.

Ref. FP 13(5/1) 1959: 346; Allen, 1933: 140, 147.
Herb. Andean II: grasslands. 2500-3000 m.
Voucher: Macbride 3431 (MO!)
Depts.: HU

Halenia caespitosa Gilg
Ref. FP 13(5/1) 1959: 356; Allen, 1933: 184.
Herb. Andean III: grasslands, riversides, shrublands. 3500- > 4500 m.
Voucher: Weberbauer 279* (B photo F!), Macbride & Featherstone 898 (MO!)
Depts.: JU, PA

Halenia dombeyana (Grisebach) Weddell =Halenia umbellata (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 197.

Halenia dombeyana var. *brevicornis* Weddell =Halenia pusilla Gilg
Ref. FP 13(5/1) 1959: 359; Allen, 1933: 182.

Halenia gracilis var. *dombeyana* Grisebach =Halenia umbellata (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 197.

Halenia hoppii Reimers
Ref. FP 13(5/1) 1959: 357; Allen, 1933: 204.
Herb. Andean II-III: grasslands. 3000-4000 m.
Voucher: Herrera s.n. (US)
Depts.: CU

Halenia killipii Allen
Ref. FP 13(5/1) 1959: 357; Allen, 1933: 187.
Endemic herb. Andean III: grasslands, shrublands. > 4500 m.
Voucher: Killip & Smith 22087* (US), Killip & Smith 22083 (US)
Depts.: JU

Halenia mathewsii Gilg
Ref. FP 13(5/1) 1959: 357; Allen, 1933: 188.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Mathews 523* (W), Pennell 14678 (US)
Depts.: LI

Halenia parviflora (H.B.K.) G. Don =Halenia brevicornis (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 356; Allen, 1933: 140.

Halenia pavoniana G. Don =Halenia umbellata (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 197.

Halenia phyteumoides Gilg
Ref. FP 13(5/1) 1959: 358; Allen, 1933: 194.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Philippi s.n.* (B photo F!)
Depts.: JU

Halenia pinifolia R. & P. ex G. Don
Syn. *Swertia pinifolia* R. & P. ex G. Don, nom. nud.
Ref. FP 13(5/1) 1959: 358; Allen, 1933: 185.
Endemic herb.
Note: Questionably from Peru; known only from the type collection.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: WD

Halenia pusilla Gilg
Syn. *Halenia dombeyana* var. *brevicornis* Weddell
Ref. FP 13(5/1) 1959: 359; Allen, 1933: 182.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Macbride 3072 (MO!)
Depts.: PA

Halenia silenoides Gilg
Ref. FP 13(5/1) 1959: 359; Allen, 1933: 195.
Herb. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Pennell 13842 [pro parte] (US)
Depts.: CU

Halenia spatulata Allen
Ref. FP 13(5/1) 1959: 359; Allen, 1933: 183.
Endemic herb. Andean III: grasslands. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Pennell 13749* (US)
Depts.: CU

Halenia sphagnicola Gilg
Ref. FP 13(5/1) 1959: 360; Allen, 1933: 207.
Herb. Andean II: bogs, grasslands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4376* (B photo F!)
Depts.: AM

Halenia stuebelii Gilg
Ref. FP 13(5/1) 1959: 360; Allen, 1933: 190.
Endemic herb. Andean III: grasslands. 3500- > 4500 m.
Voucher: Stuebel 49e* (B photo F!), Macbride 3040 (MO!)
Depts.: AM, CA, CU, LI

Halenia umbellata (R. & P.) Gilg
Syn. *Halenia dombeyana* (Grisebach) Weddell, *Halenia gracilis* var. *dombeyana* Grisebach, *Halenia pavoniana* G. Don, *Swertia umbellata* R. & P.
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 196.
Herb. Andean II-III: bogs, grasslands, riversides, rocky slopes. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Stork & Horton 10215 (MO!)
Depts.: AY, CU, HU, JU, LL, PI, PU

Halenia valerianoides Gilg
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 182.
Herb. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Weberbauer 1676* (B photo F!)
Depts.: WD

Halenia vincetoxicoides Gilg
Ref. Allen, 1933: 188.
Herb. Andean II: bogs. 3000-3500 m.
Voucher: Sagástegui *et al.* 8525 (MO!)
Depts.: AM, CA

Halenia weberbaueri Allen
Ref. FP 13(5/1) 1959: 362; Allen, 1933: 189.
Endemic herb. Andean III: grasslands, rocky slopes. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7498* (MO!)
Depts.: AY

Halenia weddelliana Gilg
Ref. FP 13(5/1) 1959: 362; Allen, 1933: 202.
Herb. Andean II-III: grasslands, rocky slopes, shrublands. 3000-4000 m.
Voucher: Hutchison & Wright 6963 (MO!)
Depts.: AM, AY, CU, HU, PA, JU, SM

Helia ovalis (R. & P.) Kuntze =Macrocarpaea ovalis (R. & P.) Ewan
Ref. Ewan, 1948: 234.

Helia purpurascens (Aublet) Kuntze =Irlbachia purpurascens (Aublet) P. Maas
Ref. Weaver, 1972: 307.

Irlbachia alata (Aublet) P. Maas subsp. **alata**
Syn. *Chelonanthus acutangulus* (R. & P.) Gilg, *Chelonanthus alatus* (Aublet) Pulle, *Chelonanthus chelonoides* Gilg, *Chelonanthus leucanthus* Gilg, *Lisianthus acutangulus* R. & P., *Lisianthus alatus* Aublet, *Lisianthus chelonoides* L. f., nom. illeg.
Ref. Maas, 1985a: 409.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, riversides, savannas. 0-2500 m.
Voucher: Croat 17504 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PU, SM, UC

Irlbachia alata subsp. **angustifolia** (H.B.K.) Persoon & Maas
Syn. *Chelonanthus camporum* Gilg
Ref. Maas, 1985a: 409.
Shrub. Andean I: grasslands, shrublands. 500-1500 m.
Voucher: Spruce 4358 (K)
Depts.: AM, CA, SM

Irlbachia purpurascens (Aublet) P. Maas
Syn. *Chelonanthus uliginosus* (Grisebach) Gilg, *Helia purpurascens* (Aublet) Kuntze, *Lisianthus purpurascens* Aublet, *Lisianthus uliginosus* Grisebach
Ref. Maas, 1985a: 408.
Herb. Amazonian: forests. 0-500 m.
Voucher: Klug 2345 (MO!)
Depts.: LO

Lehmanniella huanucensis Simonis
Ref. Maas, 1985a: 411.
Endemic shrub. Andean I: disturbed areas, forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Wolfe 12303* (MO!)
Depts.: HU

Leiothamnus anomalus (H.B.K.) Grisebach =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 281.

Leiphaimos alba Standley =Voyria corymbosa subsp. alba (Standley) Ruyters & P. Maas
Ref. Maas & Ruyters, 1986: 57.

Leiphaimos aphylla (Jacquin) Gilg =Voyria aphylla (Jacquin) Persoon
Ref. FP 13(5/1) 1959: 271; Maas & Ruyters, 1986: 40.

Leiphaimos flavescens (Grisebach) Gilg =Voyria flavescens Grisebach
Ref. Maas & Ruyters, 1986: 57.

Leiphaimos pittieri Standley =Voyria pittieri (Standley) L. O. Williams
Ref. Maas & Ruyters, 1986: 66.

Leiphaimos spruceana (Bentham) Gilg =Voyria spruceana Bentham
Ref. Maas & Ruyters, 1986: 71.

Leiphaimos sulphurea (Progel) Gilg =Voyria spruceana Bentham
Ref. FP 13(5/1) 1959: 272; Maas & Ruyters, 1986: 71.
Note: Listed in synonymy with doubt by Maas & Ruyters (1986).

Leiphaimos tenella (Hooker) Miquel =Voyria tenella Hooker
Ref. Maas & Ruyters, 1986: 73.

Leiphaimos truncata Standley =Voyria truncata (Standley) Standley & Steyermark
Ref. Maas & Ruyters, 1986: 80.

Lisianthus has appeared as "*Lisyanthus*" and "*Lisianthius*" in the literature.

Lisianthus acutangulus R. & P. =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 280; Weaver, 1972: 302.

Lisianthus alatus Aublet =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 280; Weaver, 1972: 302; Maas, 1985a: 408.
Note: Published as "*Lisyanthus*".

Lisianthus anomalus H.B.K. =Symbolanthus calygonus (R. & P.) Grisebach ex Gilg
Ref. FP 13(5/1) 1959: 281; Weaver, 1972: 302.

Lisianthus baltae (Weberbauer & Gilg) J. F. Macbride =Symbolanthus pauciflorus Spruce ex Gilg
Ref. FP 13(5/1) 1959: 282; Maas, pers. comm.

Lisianthus calygonus R. & P. =Symbolanthus calygonus (R. & P.) Grisebach ex Gilg
Ref. FP 13(5/1) 1959: 202; Weaver, 1972: 303.

Lisianthus chelonoides L. f., nom. illeg. =Irlbachia alata subsp. alata
Ref. FP 13(5/1) 1959: 283; Weaver, 1972: 304.

Lisianthus corymbosus R. & P. =Macrocarpaea corymbosa (R. & P.) Ewan
Ref. FP 13(5/1) 1959: 284; Ewan, 1948: 242; Weaver, 1972: 304.

Lisianthus daturoides Grisebach =Symbolanthus calygonus (R. & P.) Grisebach ex Gilg
Ref. FP 13(5/1) 1959: 285; Weaver, 1972: 304.

Lisianthus loranthoides Grisebach =Macrocarpaea loranthoides (Grisebach) Maas
Ref. FP 13(5/1) 1959: 286; Maas, pers. comm.
Note: Published as "*Lisyanthus*".

Lisianthus mathewsii Grisebach =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 286; Weaver, 1972: 305.

Lisianthus ovalis R. & P. =Macrocarpaea ovalis (R. & P.) Ewan
Ref. FP 13(5/1) 1959: 288; Ewan, 1948: 6879.

Lisianthus pauciflorus (Spruce ex Gilg) J. F. Macbride =Symbolanthus pauciflorus Spruce ex Gilg
Ref. FP 13(5/1) 1959: 289; Weaver, 1972: 306.

Lisianthus purpurascens Aublet =Irlbachia purpurascens (Aublet) P. Maas
Ref. Weaver, 1972: 307; Maas, 1985a: 408.
Note: Published as "*Lisyanthus*".

Lisianthus revolutus R. & P. =Macrocarpaea revoluta (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 289; Ewan, 1948: 230; Weaver, 1972: 307.

Lisianthus rusbyanus (Gilg) J. F. Macbride =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 290; Weaver, 1972: 307.

Lisianthus uliginosus Grisebach =Irlbachia purpurascens (Aublet) P. Maas
Ref. FP 13(5/1) 1959: 291; Weaver, 1972: 309.

Lisianthus viscosus R. & P. =Macrocarpaea viscosa (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 291; Ewan, 1948: 246; Weaver, 1972: 309.

Lita aphylla (Jacquin) Dietrich =Voyria aphylla (Jacquin) Persoon
Ref. Maas & Ruyters, 1986: 39.

Macrocarpaea chlorantha Gilg =Macrocarpaea loranthoides (Grisebach) Maas
Ref. FP 13(5/1) 1959: 284; Ewan, 1948: 235; Maas, pers. comm.

Macrocarpaea cinchonifolia (Gilg) Weaver
Syn. *Rusbyanthus cinchonifolius* Gilg
Ref. Weaver, 1974: 300.
Shrub. Andean I-II: forests. 1000-2000 m.
Note: Weaver (1974) indicates that Ewan (1948: 245) treated Peruvian material of this species under *M. pachystyla*.
Voucher: Metcalf 30629 (US)
Depts.: PU

Macrocarpaea corymbosa (R. & P.) Ewan
Syn. *Lisianthus corymbosus* R. & P.
Ref. FP 13(5/1) 1959: 284; Ewan, 1948: 242; Weaver, 1972: 304.
Endemic shrub. Andean II: forests. 1500-2000 m.
Note: Treated under *Lisianthus* in the Flora of Peru.
Voucher: Ruiz & Pavón (or Dombey) s.n.* (F), Weberbauer 7921 (F)
Depts.: CU, HU

Macrocarpaea guttifera Ewan
Ref. FP 13(5/1) 1959: 285; Ewan, 1948: 237.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 27045* (US)
Depts.: LO

Macrocarpaea loranthoides (Grisebach) Maas
Syn. *Lisianthus loranthoides* Grisebach, *Macrocarpaea chlorantha* Gilg
Ref. Maas, pers. comm.
Endemic shrub. Andean II: forests, shrublands. 2500-3500 m.
Note: New combination made in Appendix 1.
Voucher: Mathews 1315* (K), Weberbauer 4411 (B, destroyed USM).
Depts.: AM

Macrocarpaea micrantha Gilg
Syn. *Macrocarpaea weberbaueri* Gilg
Ref. FP 13(5/1) 1959: 287; Ewan, 1948: 240.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Spruce 4618* (G), Klug 3138 (MO!)
Depts.: LO, SM

Macrocarpaea ovalis (R. & P.) Ewan
Syn. *Helia ovalis* (R. & P.) Kuntze, *Lisianthus ovalis* R. & P.
Ref. FP 13(5/1) 1959: 288; Ewan, 1948: 234; Weaver, 1972: 306.
Shrub. Andean II: forests. 1500-3000 m.
Note: Treated under *Lisianthus* in the Flora of Peru.
Voucher: Ruiz & Pavón (or Dombey) s.n.* (MA photo F), Stein & Todzia 2322 (MO!)
Depts.: HU

Macrocarpaea pachystyla Gilg
Ref. FP 13(5/1) 1959: 289; Ewan, 1948: 245; Weaver, 1974: 300.
Endemic shrub or treelet. Andean I: forests. 500-1500 m.
Note: Weaver (1974) alludes to the treatment of the collection cited by Ewan (1948) from Puno, *Metcalf 30629*, as this species actually represents *M. cinchonifolia*.
Voucher: Ruiz & Pavón s.n.* (MA photo F), Woytkowski 35471 (F)
Depts.: HU, JU

Macrocarpaea revoluta (R. & P.) Gilg
Syn. *Lisianthus revolutus* R. & P.
Ref. FP 13(5/1) 1959: 289; Ewan, 1948: 230; Weaver, 1972: 307.
Endemic shrub or treelet. Andean I-II: forests. 500-2500 m.
Note: Treated under *Lisianthus* in the Flora of Peru.
Voucher: Ruiz & Pavón s.n.* (F), Macbride 5224 (F)
Depts.: AM, JU

Macrocarpaea stenophylla Gilg
Ref. FP 13(5/1) 1959: 291; Ewan, 1948: 220.
Endemic shrub. Andean II: forests. 2500-3500 m.
Voucher: Stuebel 24c* (B), Williams 7582 (F)
Depts.: AM

Macrocarpaea viscosa (R. & P.) Gilg
Syn. *Lisianthus viscosus* R. & P.
Ref. FP 13(5/1) 1959: 291; Ewan, 1948: 246; Weaver, 1972: 309.
Endemic shrub or treelet. Andean II: disturbed areas, forests. 1500-3500 m.
Note: Treated under *Lisianthus* in the Flora of Peru.
Voucher: Ruiz & Pavón s.n.* (MA photo F), Vargas 4196 (US)
Depts.: AM, CA, CU, HU, PA

Macrocarpaea weberbaueri Gilg
=Macrocarpaea micrantha Gilg
Ref. FP 13(5/1) 1959: 287; Ewan, 1948: 240.

Microcala quadrangularis (Lamarck) Grisebach =Cicendia quadrangularis (Lamarck) Grisebach
Ref. FP 13(5/1) 1959: 272; Munz & Keck, 1959: 438.

Pitygentias pinifolia (R. & P. ex D. Don) Gilg =Gentianella thyrsoidea (Hooker) Fabris
Ref. FP 13(5/1) 1959: 336; Fabris, 1958: 88.

Pitygentias thyrsoidea (Hooker) Gilg =Gentianella thyrsoidea (Hooker) Fabris
Ref. FP 13(5/1) 1959: 348; Fabris, 1958: 88.

Rusbyanthus cinchonifolius Gilg =Macrocarpaea cinchonifolia (Gilg) Weaver
Ref. Weaver, 1974: 300.

Selatium coccineum D. Don ex G. Don =Gentianella coccinea (D. Don ex G. Don) Zarucchi
Ref. FP 13(5/1) 1959: 315.

Selatium incurvum (Hooker) G. Don =Gentianella incurva (Hooker) Fabris
Ref. FP 13(5/1) 1959: 326; Fabris, 1958: 90.

Selatium multicaule D. Don ex G. Don =Gentianella pavonii (Grisebach) Fabris
Ref. FP 13(5/1) 1959: 334; Fabris, 1958: 89; Pringle, 1981: 283.

Selatium thyrsoideum (Hooker) D. Don ex G. Don =Gentianella thyrsoides (Hooker) Fabris
Ref. FP 13(5/1) 1959: 348; Fabris, 1958: 88.

Swertia asclepiadea H.B.K. =Halenia asclepiadea (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 354; Allen, 1933: 205.

Swertia brevicornis H.B.K. =Halenia brevicornis (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 356; Allen, 1933: 140.

Swertia parviflora H.B.K. =Halenia brevicornis (H.B.K.) G. Don
Ref. FP 13(5/1) 1959: 356; Allen, 1933: 140.

Swertia pinifolia R. & P. ex G. Don, nom. nud. =Halenia pinifolia R. & P. ex G. Don
Ref. FP 13(5/1) 1959: 358; Allen, 1933: 185.

Swertia umbellata R. & P. =Halenia umbellata (R. & P.) Gilg
Ref. FP 13(5/1) 1959: 361; Allen, 1933: 196.

Symbolanthus anomalus (H.B.K.) Gilg =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 281; Weaver, 1972: 302.

Symbolanthus baltae Weberbauer & Gilg =Symbolanthus pauciflorus Spruce ex Gilg
Ref. FP 13(5/1) 1959: 282; Maas, pers. comm.

Symbolanthus brittonianus Gilg =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 282.

Symbolanthus calygonus (R. & P.) Grisebach
Syn. *Leiothamnus anomalus* (H.B.K.) Grisebach, *Lisianthus anomalus* H.B.K., *Lisianthus calygonus* R. & P., *Lisianthus daturoides* Grisebach, *Lisianthus mathewsii* Grisebach, *Lisianthus rusbyanus* (Gilg) J. F. Macbride, *Symbolanthus anomalus* (H.B.K.) Gilg, *Symbolanthus brittonianus* Gilg, *Symbolanthus daturoides* (Grisebach) Gilg, *Symbolanthus mathewsii* (Grisebach) Ewan, *Symbolanthus microphyllus* Gilg, *Symbolanthus obscurerosaceus* Gilg, *Symbolanthus pavonii* G. Don, *Symbolanthus rusbyanus* Gilg, *Tachia calygona* (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 282; Weaver, 1972: 303; van Heusden, 1983: 373.
Shrub. Amazonian, Andean I-II: forests, shrublands. 0-3000 m.
Note: Treated under *Lisianthus* in the Flora of Peru; van Heusden (1983) indicates that this species is quite variable.
Voucher: Ruiz & Pavón s.n.* (MA), Maas *et al.* 6332 (MO!)
Depts.: AM, AY, CU, HU, LO, PA, PU, SM

Symbolanthus daturoides (Grisebach) Gilg =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 285; Weaver, 1972: 304.

Symbolanthus mathewsii (Grisebach) Ewan =Symbolanthus calygonus (R. & P.) Grisebach
Ref. Weaver, 1972: 305.

Symbolanthus microphyllus Gilg =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 287.

Symbolanthus obscurerosaceus Gilg =Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 288.

Symbolanthus pauciflorus Spruce ex Gilg
Syn. *Lisianthus baltae* (Weberbauer & Gilg) J. F. Macbride, *Lisianthus pauciflorus* (Spruce ex Gilg) J. F. Macbride, *Symbolanthus baltae* Weberbauer & Gilg

Ref. FP 13(5/1) 1959: 289; Weaver, 1972: 306; van Heusden, 1983: 373, Maas, pers. comm.
Shrub. Amazonian: forests. 0-500 m.
Note: Treated under *Lisianthus* in the Flora of Peru.
Voucher: Spruce 4429* (K), Ule 6871 (HBG)
Depts.: LO

Symbolanthus pavonii G. Don
=Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 282.

Symbolanthus rusbyanus Gilg
=Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 290; Weaver, 1972: 307.

Tachia calygona (R. & P.) Grisebach
=Symbolanthus calygonus (R. & P.) Grisebach
Ref. FP 13(5/1) 1959: 282.

[Tachia guianensis Aublet]
Ref. FP 13(5/1) 1959: 274; Maguire & Weaver, 1975: 113, 115, 123.
Note: Not known from Peru. Specimens cited under this name in the Flora of Peru have been redetermined and placed under *T. occidentalis* and *T. parviflora*.

Tachia loretensis Maguire & Weaver
Ref. Maguire & Weaver, 1975: 117.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29925* (US), Klug 1277 (US)
Depts.: LO

Tachia occidentalis Maguire & Weaver
Ref. Maguire & Weaver, 1975: 115.
Shrub or tree. Amazonian, Andean I: riversides, terra firme forests. 0-1000 m.
Voucher: Schunke 1047 (NY)
Depts.: HU, JU, LO, UC

Tachia parviflora Maguire & Weaver
Syn. *Tachia pavonii* Gilg, nom. nud.
Ref. Maguire & Weaver, 1975: 123.
Shrub, tree. Andean I: forests. 1000-1500 m.
Voucher: Dudley 13072 (F)
Depts.: HU

Tachia pavonii Gilg, nom. nud. =Tachia parviflora Maguire & Weaver
Ref. FP 13(5/1) 1959: 274; Maguire & Weaver, 1975: 123.
Note: Treated under *T. guianensis* in the Flora of Peru.

Tapeinostemon zamoranum Steyermark
Ref. Steyermark, 1951b: 63; Pringle, pers. comm.
Herb. Andean II: grasslands, shrublands. 2000-2500 m.
Voucher: Díaz *et al.* 3951 (MO!)
Depts.: AM, CA

Voyria alba (Standley) L. O. Williams
=Voyria corymbosa subsp. alba (Standley) Ruyters & P. Maas
Ref. Maas & Ruyters, 1986: 57.

Voyria aphylla (Jacquin) Persoon
Syn. *Ciminalis aphylla* (Jacquin) Raf., *Exacum aphyllum* (Jacquin) Willdenow, *Gentiana aphylla* Jacquin, *Leiphaimos aphylla* (Jacquin) Gilg, *Lita aphylla* (Jacquin) Dietrich
Ref. Maas & Ruyters, 1986: 39.
Herb. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 21023 (MO!)
Depts.: AY, CU, LO, PU, SM

Voyria corymbosa Splitgerber subsp. **alba** (Standley) Ruyters & P. Maas
Syn. *Leiphaimos alba* Standley, *Voyria alba* (Standley) L. O. Williams
Ref. Maas & Ruyters, 1986: 57.
Herb. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 29277 (MO!)
Depts.: LO

Voyria flavescens Grisebach
Syn. *Disadena flavescens* (Grisebach) Miquel, *Leiphaimos flavescens* (Grisebach) Gilg
Ref. Maas & Ruyters, 1986: 57.
Herb. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Klug 2093 (US)
Depts.: LO, SM

Voyria parviflora Miquel =Voyriella parviflora (Miquel) Miquel
Ref. Maas & Ruyters, 1986: 83.

Voyria pittieri (Standley) L. O. Williams
Syn. *Leiphaimos pittieri* Standley
Ref. Maas & Ruyters, 1986: 66.
Herb. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 2024 (GH)
Depts.: LO

Voyria spruceana Bentham
Syn. *Leiphaimos spruceana* (Bentham) Gilg, *Leiphaimos sulphurea* (Progel) Gilg, *Voyria sulphurea* Progel
Ref. Maas & Ruyters, 1986: 71.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Killip & Smith 28875 (US)
Depts.: LO

Voyria sulphurea Progel =Voyria spruceana Bentham
Ref. FP 13(5/1) 1959: 272; Maas & Ruyters, 1986: 71.
Note: Listed in synonymy with doubt by Maas & Ruyters (1986).

Voyria tenella Hooker
Syn. *Leiphaimos tenella* (Hooker) Miquel
Ref. Maas & Ruyters, 1986: 73.
Herb. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Schunke 5691 (F)
Depts.: HU, JU, LO, SM

Voyria truncata (Standley) Standley & Steyermark
Syn. *Leiphaimos truncata* Standley
Ref. Maas & Ruyters, 1986: 80.
Herb. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Hoogmoed S-30 (U)
Depts.: HU

Voyriella parviflora (Miquel) Miquel
Syn. *Voyria parviflora* Miquel
Ref. Maas & Rutyers, 1986: 83.
Herb. Amazonian: forests. 0-500 m.
Voucher: Wallnöfer 113-2788 (U)
Depts.: HU

Geraniaceae

5 genera and 56 species in Peru.

Endemic species: 24.

Prepared by M. S. Taylor (MO) and H. Schmidt (MO); reviewed by R. L. Liesner (MO).

Aulacostigma inerme Turczaninow
=Rhynchotheca spinosa R. & P.
Ref. FP 13(3/2) 1949: 541; Knuth, 1912: 550.

Balbisia meyeniana Klotzsch
Syn. *Ledocarpon meyenianum* (Klotzsch) Steudel
Ref. FP 13(3/2) 1949: 542; Knuth, 1912: 555; Xifreda, 1973: 227.
Subshrub. Andean II-III: lomas, rocky slopes, shrublands. 1500-4000 m.
Voucher: Meyen s.n.* (B), Weberbauer 7430 (MO!)
Depts.: AP, AR, AY, LI, MO, PU, TA

Balbisia peduncularis (Lindley) D. Don
Syn. *Cruckshanksia cistiflora* Hooker, *Ledocarpum pedunculare* Lindley
Ref. FP 13(3/2) 1949: 543; Knuth, 1912: 555; Ricardi, 1957: 21.
Subshrub. Coastal: 0-500 m.
Voucher: Guenther & Buchtien 1704
Depts.: AR

Balbisia verticillata Cavanilles
Syn. *Ledocarpon chiloense* Desfontaines, *Ledocarpon cistiflorum* Meyen
Ref. FP 13(3/2) 1949: 543; Knuth, 1912: 557; Xifreda, 1973: 227.
Subshrub. Andean II: rocky slopes. 2500-3000 m.
Voucher: Née s.n.* (MA), Goodspeed *et al.* 33057 (MO!)
Depts.: AR, LI

Balbisia weberbaueri Knuth
Ref. FP 13(3/2) 1949: 544; Knuth, 1912: 557; Xifreda, 1973: 227.
Subshrub. Andean II-III: lomas, rocky slopes, riversides. 2000-4000 m.
Voucher: Weberbauer 1408* (G photo F!), Solomon 2806 (MO!)
Depts.: AR, LI

Cruckshanksia cistiflora Hooker =Balbisia peduncularis (Lindley) D. Don

Ref. FP 13(3/2) 1949: 543; Knuth, 1912: 555.

Erodium cicutarium (L.) L'Héritier ex Aiton
Syn. *Geranium cicutarium* L.
Ref. FP 13(3/2) 1949: 539; Herrera, 1941: 281; Mostacero, 1976: 20.
Herb. Andean I-III, Coastal: disturbed areas, grasslands, lomas, shrublands. 500-4500 m.
Voucher: Smith 2981 (MO!)
Depts.: AM, AN, AP, AR, CU, JU, LI, PU

Erodium geoides St. Hilaire
Ref. FP 13(3/2) 1949: 539; Knuth, 1912: 248.
Note: Not reconfirmed.
Depts.: AR

Erodium malacoides (L.) L'Héritier
Syn. *Erodium malacoides* (L.) Willdenow, *Geranium malacoides* L.
Ref. El-Oqlah, 1989: 112.
Herb. Andean II-III: disturbed areas, lomas. 1500-3500 m.
Voucher: Sullivan *et al.* 997 (MO!)
Depts.: AP, CU, JU, LI, LO

Erodium malacoides (L.) Willdenow =Erodium malacoides (L.) L'Héritier
Ref. FP 13(3/2) 1949: 540; Knuth, 1912: 245.

Erodium moschatum (L.) L'Héritier ex Aiton
Syn. *Geranium moschatum* L.
Ref. FP 13(3/2) 1949: 540; Mostacero, 1976: 23; Burger, 1991b: 17.
Herb. Amazonian, Andean I-III: disturbed areas, rocky slopes. 0-4000 m.
Voucher: Sagástegui 7683 (MO!)
Depts.: AN, AR, CA, CU, JU, LA, LI, LL

Geranium acaule Willdenow ex H.B.K. =Geranium humboldtii Sprengel
Ref. FP 13(3/2) 1949: 523; Knuth, 1912: 87.

Geranium ayacuchense Knuth
Ref. FP 13(3/2) 1949: 515.
Endemic herb. Andean II-III: grasslands, savannas, shrublands. 3000-4000 m.
Voucher: Weberbauer 5563* (B)
Depts.: AP, AY, CU, HV

Geranium ayavacense Willdenow ex H.B.K.
Syn. *Geranium partitum* Willdenow
Ref. FP 13(3/2) 1949: 516.
Voucher: Humboldt & Bonpland 3464* (P photo F!)
Depts.: AN, HU, PI

Geranium bangii Hieronymus
Ref. Knuth, 1912: 85.
Herb. Andean III. 4000-4500 m.
Voucher: Chávez 2317 (MO!)
Depts.: CU

Geranium caespitosum Walpers =Geranium sessiliflorum Cavanilles
Ref. FP 13(3/2) 1949: 533; Knuth, 1912: 83.

Geranium canescens Weddell =Geranium raimondii Knuth
Ref. FP 13(3/2) 1949: 530; Knuth, 1930a: 9.

Geranium carolinianum L.
Ref. FP 13(3/2) 1949: 517; Moore, 1943: 102.
Herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Brunel 354 (MO!)
Depts.: CU

Geranium chinchense Knuth
Ref. FP 13(3/2) 1949: 517; Knuth, 1930a: 4.
Endemic herb.
Voucher: Macbride & Featherstone 1263* (F), Macbride & Featherstone 1404 (F)
Depts.: HU

Geranium choimacotense Knuth =Geranium huantense Knuth
Ref. FP 13(3/2) 1949: 522; Knuth, 1930a: 9.

Geranium cicutarium L. =Erodium cicutarium (L.) L'Héritier ex Aiton
Ref. FP 13(3/2) 1949: 539; Mostacero, 1976: 20.

Geranium ciliatum Willdenow ex Sprengel =Geranium sibbaldioides Bentham
Ref. FP 13(3/2) 1949: 534; Knuth, 1912: 88.

Geranium crassipes Hooker ex A. Gray
Syn. *Geranium muscoideum* Knuth, *Geranium sessiliflorum* var. *lanatum* Knuth
Ref. FP 13(3/2) 1949: 518.
Endemic herb. Andean III: disturbed areas, grasslands, rocky slopes. 4000-4500 m.
Voucher: Wilkes Exped. s.n.* (US), Smith 3028A (MO!)
Depts.: JU

Geranium cucullatum H.B.K. =Geranium sibbaldioides Bentham
Ref. FP 13(3/2) 1949: 534; Knuth, 1912: 88; Herrera, 1941: 280.

Geranium cucullatum var. *elongatum* Weddell =Geranium sibbaldioides Bentham
Ref. FP 13(3/2) 1949: 534.

Geranium decumbens Knuth
Ref. Knuth, 1912: 215.
Herb. Andean II: disturbed areas, grasslands, lomas, shrublands. 2000-3500 m.
Voucher: Woytkowski 34027 (MO!)
Depts.: AM, CU, HU,

Geranium dielsianum Knuth
Ref. FP 13(3/2) 1949: 518; Knuth, 1912: 81.
Endemic herb. Andean III: rocky slopes. 3500-4500 m.
Voucher: Weberbauer 3959* (G photo F!), Gentry 39757 (MO!)
Depts.: CA, JU

Geranium diffusum H.B.K.
Ref. FP 614: 519; Knuth, 1912: 214.
Herb. Andean II: rocky slopes. 2000-3500 m.
Voucher: Humboldt & Bonpland s.n.* (B photo F!), Sullivan 873 (MO!)
Depts.: AP, AR, CA, CU, LI

Geranium diffusum var. *subsericeum* Hieronymus =Geranium sodiroanum Knuth
Ref. FP 13(3/2) 1949: 535; Knuth, 1912: 210.

Geranium digitatum Knuth
Ref. FP 13(3/2) 1949: 519; Knuth, 1930a: 1.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Macbride & Featherstone 940* (F)
Depts.: JU

Geranium dissectum L.
Ref. FP 13(3/2) 1949: 520; Gutte *et al.*, 1986: 195.
Introduced herb. Andean III: disturbed areas. 3500-4000 m.
Voucher: Gutte 9228 (LZ, USM)
Depts.: JU

Geranium fallax Steudel
Syn. *Geranium tucumanum* Knuth
Ref. FP 13(3/2) 1949: 520.
Herb. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Lechler 1907* (B photo F!), Núñez 7405 (MO!)
Depts.: CU, HU, PU

Geranium filipes Killip
Ref. FP 13(3/2) 1949: 520; Herrera, 1941: 280.
Endemic herb. Andean II-III. 3000-4500 m.
Voucher: Herrera 1044* (F), Vargas 3230 (MO!)
Depts.: CU

Geranium harmsii Knuth
Ref. FP 13(3/2) 1949: 521; Knuth, 1912: 213.
Andean II: shrublands. 2500-3000 m.
Voucher: Weberbauer 2451* (B photo F!)
Depts.: JU

Geranium herrerae Knuth
Ref. FP 13(3/2) 1949: 521; Knuth, 1930: 1; Herrera, 1941: 280.
Endemic herb. Andean II: disturbed areas. 2500-3500 m.
Voucher: Herrera 234* (B, destroyed), Vargas 9163 (MO!)
Depts.: AR, CU, MO

Geranium huantense Knuth
Syn. *Geranium choimacotense* Knuth
Ref. FP 13(3/2) 1949: 522; Knuth, 1930a: 8.
Endemic herb. Andean II-III. 1500-4000 m.
Voucher: Weberbauer 7619* (F), Soukup 2760 (F)
Depts.: AY, HU, JU

Geranium humboldtii Sprengel
Syn. *Geranium acaule* Willdenow ex H.B.K., *Geranium hypoleucum* Bentham, *Geranium multipartitum* Bentham, *Geranium multipartitum* var. *glabrescens* Hieronymus ex Knuth, *Geranium multipartitum* var. *velutinum* Knuth, *Geranium potentilloides* Willdenow ex Sprengel
Ref. FP 13(3/2) 1949: 523.
Herb. Andean III: shrublands. 3500-4000 m.
Voucher: Humboldt & Bonpland 2240* (B photo F!)
Depts.: CA, HU, LI

Geranium hypoleucum Bentham =Geranium humboldtii Sprengel
Ref. FP 13(3/2) 1949: 523; Knuth, 1912: 87.

Geranium jaekelae J. F. Macbride
Syn. *Geranium minimum* Knuth
Ref. FP 13(3/2) 1949: 524.
Endemic herb. Andean III. 4000-4500 m.
Voucher: Weberbauer 2623* (B photo F!)
Depts.: JU

Geranium killipianum Knuth
Ref. FP 13(3/2) 1949: 524.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Killip & Smith 21644* (B, destroyed)
Depts.: LI

Geranium laxicaule Knuth
Ref. FP 13(3/2) 1949: 525; Knuth, 1912: 209.
Herb. Andean II. 2500-3500 m.
Voucher: Weberbauer 187* (B photo F!), Peyton *et al.* 1043 (MO!)
Depts.: LI

Geranium lechleri Knuth
Syn. *Geranium microphyllum* (Weddell) Briquet, *Geranium sericeum* var. *microphyllum* Weddell
Ref. FP 13(3/2) 1949: 525; Knuth, 1912: 80.
Herb. Andean III: grasslands. 3500-4500 m.
Voucher: Iltis 107 (MO!)
Depts.: JU

Geranium limae Knuth
Ref. FP 13(3/2) 1949: 526; Knuth, 1912: 74.
Endemic herb. Coastal: lomas. 0-500 m.
Voucher: Gaudichaud s.n.* (G photo F!), Mexia 4078 (MO!)
Depts.: AN, AR, LI

Geranium malacoides L. =Erodium malacoides (L.) L'Héritier
Ref. FP 13(3/2) 1949: 540; Knuth, 1912: 245.

Geranium mathewsii Briquet
Ref. FP 13(3/2) 1949: 526; Knuth, 1912: 213.
Herb. Andean II: grasslands. 2500-3500 m.
Voucher: Mathews s.n.* (G photo F!), Wurdack 659 (US, USM!)
Depts.: AM

Geranium matucanense Knuth
Ref. FP 13(3/2) 1949: 527; Knuth, 1930a: 5.
Endemic herb. Andean II. 2000-2500 m.
Voucher: Macbride & Featherstone 462* (F)
Depts.: LI

Geranium mexicanum var. *macranthum* (Briquet) Knuth =Geranium seemannii Peyritsch
Ref. FP 13(3/2) 1949: 532; Knuth, 1912: 197.

Geranium mexicanum var. *minoriflorum* (Briquet) Knuth =Geranium seemannii Peyritsch
Ref. FP 13(3/2) 1949: 532; Knuth, 1912: 197.

Geranium microphyllum (Weddell) Briquet =Geranium lechleri Knuth
Ref. FP 13(3/2) 1949: 525; Knuth, 1912: 80.

Geranium minimum Knuth =Geranium jaekelae J. F. Macbride
Ref. FP 13(3/2) 1949: 524; Knuth, 1912: 87.

[Geranium molle L.]
Ref. FP 13(3/2) 1949: 527; Knuth, 1912: 57.
Note: Not known from Peru; Eurasian weed to be expected.

Geranium mollendinense Knuth
Syn. *Geranium multiflorum* Knuth
Ref. FP 13(3/2) 1949: 528.
Endemic herb. Coastal, Andean I-II: lomas. 0-3500 m.
Voucher: Weberbauer 1579* (B photo F!), Conrad 2725 (MO!)
Depts.: AR, LL

Geranium moschatum L. =Erodium moschatum (L.) L'Héritier ex Aiton
Ref. FP 13(3/2) 1949: 540; Mostacero, 1976: 23.

Geranium multiflorum Knuth =Geranium mollendinense Knuth
Ref. FP 13(3/2) 1949: 528; Knuth, 1912: 580.

Ref. FP 13(3/2) 1949: 523; Knuth, 1912: 86.

Geranium muscoideum Knuth =Geranium crassipes Hooker ex A. Gray
Ref. FP 13(3/2) 1949: 518; Knuth, 1912: 87.

Geranium nivale Knuth
Ref. FP 13(3/2) 1949: 528; Knuth, 1912: 79.
Endemic herb. Amazonian, Andean I-III. 0-4000 m.
Voucher: Weberbauer 2533* (B photo F!), Kalenborn 88 (F)
Depts.: JU

Geranium partitum Willdenow =Geranium ayavacense Willdenow ex H.B.K.
Ref. FP 13(3/2) 1949: 516; Knuth, 1912: 213.

Geranium patagonicum Hooker f.
Syn. *Geranium tablasense* Knuth, *Geranium titicacaense* Knuth
Ref. FP 13(3/2) 1949: 528; Knuth, 1912: 74; Herrera, 1941: 280.
Herb. Andean II: grasslands. 2500-3500 m.
Voucher: Tovar 3574 (USM!), Sagástegui 11679 (MO!)
Depts.: AR, CU, LL, MO

Geranium pavonianum Briquet
Ref. FP 13(3/2) 1949: 529; Knuth, 1912: 83.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Sagástegui 8115 (MO!)
Depts.: CA

Geranium peruvianum Hieronymus
Ref. FP 13(3/2) 1949: 529; Herrera, 1941: 280.
Herb. Andean III. 3500-4000 m.
Voucher: Stuebel 51d* (B photo F!), Hawkes *et al.* 3418 (MO!)
Depts.: CU, SM

Geranium piurense Knuth
Ref. FP 13(3/2) 1949: 530.
Endemic herb. Andean II: savannas, shrublands. 2500-3000 m.
Voucher: Weberbauer 6374* (B)
Depts.: PI

Geranium potentillaefolium DC.
Ref. Knuth, 1912: 172; Moore, 1943: 52.
Note: Not reconfirmed.

Geranium potentilloides Willdenow ex Sprengel =Geranium humboldtii Sprengel
Ref. FP 13(3/2) 1949: 523.

[Geranium pusillum Burman f.]
Ref. FP 13(3/2) 1949: 530; Knuth, 1912: 48.
Note: Not known from Peru. Eurasian weed to be expected.

Geranium raimondii Knuth
Syn. *Geranium canescens* Weddell
Ref. FP 13(3/2) 1949: 530; Knuth, 1930a: 9.
Endemic herb. Andean III. 3500-4000 m.
Voucher: Raimondi 2373* (B photo F!)
Depts.: CA, SM

Geranium razuhillcaense Knuth =Geranium sessiliflorum Cavanilles
Ref. FP 13(3/2) 1949: 533; Knuth, 1930a: 2.

Geranium renifolium Hieronymus
Ref. FP 13(3/2) 1949: 531; Knuth, 1912: 158.
Endemic herb.
Voucher: Stuebel 43* (B)
Depts.: SM

Geranium ruizii Hieronymus
Ref. FP 13(3/2) 1949: 531; Knuth, 1912: 81.
Endemic herb. Coastal: lomas. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!)
Depts.: HV, JU, LI

Geranium scissum Knuth
Ref. FP 13(3/2) 1949: 531; Knuth, 1930a: 4.
Endemic herb.
Voucher: Herrera 1916* (B)
Depts.: CU

Geranium seemannii Peyritsch
Syn. *Geranium mexicanum* var. *macranthum* (Briquet) Knuth, *Geranium mexicanum* var. *minoriflorum* (Briquet) Knuth
Ref. FP 13(3/2) 1949: 532; Moore, 1943: 83.
Herb or shrub. Andean II: disturbed areas.
Voucher: Weberbauer 640
Depts.: CU, HU, PU

Geranium sericeum var. *microphyllum* Weddell =Geranium lechleri Knuth
Ref. FP 13(3/2) 1949: 525; Knuth, 1912: 80.

Geranium sessiliflorum Cavanilles
Syn. *Geranium caespitosum* Walpers, *Geranium razuhillcaense* Knuth, *Geranium sessiliflorum* var. *albatum* J. F. Macbride
Ref. FP 13(3/2) 1949: 533; Knuth, 1912: 83; Herrera, 1941: 281.
Herb. Andean III: disturbed areas, grasslands, riversides, rocky slopes, shrublands. 3000- > 4500 m.
Voucher: Smith 11990 (MO!)
Depts.: AN, AY, CA, CU, HV, JU, LI, LL, MO, PA, PU, TA

Geranium sessiliflorum var. *albatum* J. F. Macbride =Geranium sessiliflorum Cavanilles
Ref. FP 13(3/2) 1949: 533.

Gesneriaceae

29 genera and 127 species in Peru.

Endemic species: 60.

Not treated in the Flora of Peru.

Prepared by L. Brako based in part on the unpublished manuscripts of L. E. Skog; reviewed by L. P. Kvist (AAU) and L. E. Skog (US).

Achimenes albescens Rusby =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Achimenes argyrostigma Hooker =Koellikeria erinoides (DC.) Mansfeld
Ref. Mansfeld, 1935: 28.

Achimenes comifera DC. =Diastema comiferum (DC.) Bentham ex Walpers
Ref. Walpers, 1847: 403.

Achimenes divaricata (Poeppig) Walpers =Phinaea divaricata (Poeppig) Wiehler

Achimenes erinoides DC. =Koellikeria erinoides (DC.) Mansfeld
Ref. Mansfeld, 1935: 28.

Achimenes flaccida Rusby =Gloxinia purpurascens (Rusby) Wiehler
Ref. Wiehler, 1976: 387.

Achimenes gymnostoma (Grisebach) Fritsch =Gloxinia gymnostoma Grisebach
Ref. Wiehler, 1976: 389.

Achimenes heppielloides Fritsch =Gloxinia gymnostoma Grisebach
Ref. Wiehler, 1976: 389.

Achimenes mollis (Poeppig) Walpers =Diastema hispidum (DC.) Fritsch
Ref. Fritsch, 1914: 407.

Achimenes rusbyi Britton =Gloxinia gymnostoma Grisebach
Ref. Wiehler, 1976: 389.

Achimenes scabra (Poeppig) Walpers =Diastema scabrum (Poeppig) Bentham ex Walpers
Ref. Fritsch, 1914: 401.

Alloplectus affinis Mansfeld =Drymonia affinis (Mansfeld) Wiehler
Ref. Wiehler, 1973: 324.

Alloplectus altescandens Mansfeld
Ref. Mansfeld, 1937: 148.
Endemic liana or subshrub. Amazonian: riversides. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 4182* (B destroyed)
Depts.: LO

Alloplectus baguensis L. E. Skog
Ref. Skog, 1987b: 225.
Endemic epiphytic or terrestrial herb. Andean II: cloud forests. 1500-2500 m.
Voucher: Barbour 3836* (US!), Barbour 2747 (MO!)
Depts.: AM

Alloplectus bolivianus (Britton) Wiehler
Ref. Wiehler, 1973: 327.
Herb.
Voucher: Smith *et al.* 1652 (US!)
Depts. CA

Alloplectus circinatus C. Martius =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Alloplectus coccineus (Aublet) C. Martius =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Alloplectus coccineus var. *fusco-maculatus* Leeuwenberg =Drymonia pendula (Poeppig) Wiehler

Alloplectus corymbosus Klotzsch ex Hanstein =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Alloplectus dimorphobracteatus Hoehne
Ref. Hoehne, 1958: 46.
Note: Not reconfirmed.

Alloplectus erythroloma Leeuwenberg =Drymonia erythroloma (Leeuwenberg) Wiehler
Ref. Wiehler, 1973: 325.

Alloplectus forgetii Sprague =Nautilocalyx forgetii (Sprague) Sprague

Alloplectus glaber DC. =Drymonia serrulata (Jacquin) C. Martius

Alloplectus hirsutus Sprague =Nautilocalyx hirsutus (Sprague) Sprague
Ref. Wiehler, 1978b: 34.

Alloplectus ichthyoderma Hanstein
Syn. *Alloplectus ichthyoderma* var. *pallidus* C. Morton, *Alloplectus ruacophilus* J. D. Smith, *Alloplectus varelanus* (Cuatrecasas) Cuatrecasas, *Columnea ichthyoderma* (Hanstein) Kuntze, *Crantzia ichthyoderma* (Hanstein) Fritsch, *Crantzia varelana* Cuatrecasas
Herb or shrub. Andean II: riversides. 2000-3500 m.
Voucher: Gentry & Smith 35991 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, PA, SM

Alloplectus ichthyoderma var. *pallidus* C. Morton =Alloplectus ichthyoderma Hanstein

Alloplectus lynchii Hooker f. =Nautilocalyx lynchii (Hooker f.) Sprague
Ref. Wiehler, 1978b: 36.

Alloplectus macrophyllus (Oersted) Hemsley =Drymonia macrophylla (Oersted) H. Moore
Ref. Moore Jr., 1955: 109.

Alloplectus metamorphophyllus J. D. Smith =Paradrymonia metamorphophylla (J. D. Smith) Wiehler
Ref. Wiehler, 1978b: 57.

Alloplectus microsepalus C. Morton
Syn. *Columnea zapotalana* (Wiehler) L. E. Skog, *Pentadenia zapotalana* Wiehler
Ref. Kvist & Skog, pers. comm.
Herb. Semi-deciduous forests.
Depts.: TU

Alloplectus pallidus Sprague =Nautilocalyx pallidus (Sprague) Sprague
Ref. Wiehler, 1978b: 38.

Alloplectus patrisii DC. =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Alloplectus pendulus Poeppig =Drymonia pendula (Poeppig) Wiehler
Ref. Wiehler, 1973: 325.

Alloplectus peruvianus (Zahlbruckner) Kvist & L. E. Skog
Syn. *Columnea peruviana* Zahlbruckner, *Ortholoma peruvianum* (Zahlbruckner) Wiehler, *Trichantha peruviana* (Zahlbruckner) Wiehler
Ref. Kvist & Skog, 1993 [in press].
Endemic epiphytic or terrestrial herb, liana, shrub or subshrub. Andean I-II: cloud forests. 1000-2500 m.
Voucher: Jelski 72* (W), Ferreyra 1016 (MO!, USM!)
Depts.: CU, HU, JU, PA, UC

Alloplectus ruacophilus J. D. Smith =Alloplectus ichthyoderma Hanstein
Ref. Hanstein, 1865: 372.

Alloplectus semicordatus Poeppig =Drymonia semicordata (Poeppig) Wiehler
Ref. Wiehler, 1973: 326.

Alloplectus speciosus Poeppig =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Alloplectus sylvarum S. Moore =Drymonia semicordata (Poeppig) Wiehler

Alloplectus tessmannii Mansfeld
Ref. Mansfeld, 1937: 149.
Endemic herb. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 1800* (B destroyed)
Depts.: LO

Alloplectus varelanus (Cuatrecasas) Cuatrecasas =Alloplectus ichthyoderma Hanstein

Alloplectus vittatus Linden & André =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Alloplectus weirii (Kuntze) Wiehler
Ref. Wiehler, 1973: 327.

Herb.
Voucher: Schunke 9143 (MO!, US!)
Depts.: CA, LO

Anetanthus gracilis Hiern
Herb. Andean I-II: rocky slopes. 500-2000 m.
Voucher: Schunke 5311 (MO!, USM!)
Depts.: CU, HU, PA

Anetanthus rubra L. E. Skog
Ref. Skog, 1982: 95.
Endemic herb. Andean II: forests, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1469* (US!)
Depts.: AM

Anodiscus peruvianus Bentham =Anodiscus xanthophyllus (Poeppig) Mansfeld
Ref. Mansfeld, 1934: 124.

Anodiscus xanthophyllus (Poeppig) Mansfeld
Syn. *Anodiscus peruvianus* Bentham, *Gesneria xanthophylla* Poeppig, *Rechsteineria xanthophylla* (Poeppig) Kuntze
Ref. Mansfeld, 1934: 124.
Herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-2000 m.
Voucher: Poeppig s.n.* (W), Foster 2402 (MO!, USM!)
Depts.: AM, AY, CU, HU, JU, LO, PA, SM, UC

Baea triandra (Cavanilles) Persoon =Porodittia triandra (Cavanilles) G. Don (Scrophulariaceae)
Ref. FP 13(5B/3) 1971: 701.

Besleria acutifolia Bentham =Besleria solanoides H.B.K.
Ref. Morton, 1939: 418.

Besleria aggregata (C. Martius) Hanstein
Syn. *Besleria aggregata* var. *loretensis* (C. Morton) C. Morton, *Besleria aggregata* var. *mexiae* (C. Morton) C. Morton, *Besleria ignea* Fritsch, *Besleria ignea* var. *loretensis* C. Morton, *Besleria ignea* var. *mexiae* C. Morton, *Codonanthe aggregata* (C. Martius) Hanstein, *Codonanthopsis aggregata* (C. Martius) Hoehne, *Hypocyrta aggregata* C. Martius
Ref. Morton, 1968: 136.
Herb or shrub. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Schunke 4666 (MO!)
Depts.: AM, CU, HU, LO, PA, SM, UC

Besleria aggregata var. *loretensis* (C. Morton) C. Morton =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 136.

Besleria aggregata var. *mexiae* (C. Morton) C. Morton =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 136.

Besleria angusta C. Morton
Ref. Morton, 1968: 135.
Endemic shrub. Andean I. 500-1000 m.
Voucher: Woytkowski 5023* (US), Ferreyra 12736 (MO!, USM!)
Depts.: HU

Besleria arbusta L. E. Skog
Ref. Skog, 1987b: 231.
Endemic shrub or subshrub. Andean I. 500-1000 m.
Voucher: Schunke 5619* (US!), Schunke 7216 (MO!)
Depts.: SM

Besleria barbata (Poeppig) Hanstein
Syn. *Besleria densiflora* Fritsch, *Hypocyrta barbata* Poeppig
Ref. Morton, 1968: 132.
Herb or shrub. Amazonian, Andean I: forests, rocky slopes. 0-2000 m.
Voucher: Poeppig 1508* (W), Berlin 915 (MO!)
Depts.: AM, CU, HU, LO, SM

Besleria bivalvis L. f. =Mendoncia bivalvis (L. f.) Merrill (Acanthaceae)
Ref. Merrill, 1948: 213.

[*Besleria bonodora* Vell. Conc. =Brunfelsia bonodora (Vell. Conc.) J. F. Macbride (Solanaceae)]
Ref. FP 13(5B/1)49: 152.
Note: Not known from Peru.

Besleria caligula C. Morton =Gasteranthus caligula (C. Morton) Wiehler
Ref. Wiehler, 1975: 154.

Besleria capitata Poeppig
Ref. Morton, 1968: 144.
Endemic herb.
Voucher: Poeppig 1622* (W), Smith 1289 (USM!)
Depts.: HU, PA

Besleria citrina Fritsch
Ref. Morton, 1968: 137.
Endemic herb. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4618* (B destroyed)
Depts.: SM

Besleria coccinea Aublet =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Besleria compta C. Morton
Ref. Morton, 1968: 140.
Endemic herb. Amazonian. 0-500 m.
Voucher: Klug 2926* (US!), Spruce 4564 (K)
Depts.: LO, SM

Besleria concolor Fritsch
Ref. Morton, 1968: 134.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1194* (B photo US!)
Depts.: PU

Besleria corallinus Fritsch =Gasteranthus corallinus (Fritsch) Wiehler
Ref. Wiehler, 1975: 154.

Besleria costaricensis (Oersted) Hanstein =Besleria solanoides H.B.K.
Ref. Morton, 1939: 418.

Besleria densiflora Fritsch =Besleria barbata (Poeppig) Hanstein
Ref. Morton, 1968: 132; Skog, pers. comm.

Besleria divaricata Poeppig
Ref. Morton, 1968: 141.
Shrub. Amazonian, Andean I-II. 0-2000 m.
Voucher: Poeppig s.n.* (W), Mexia 6322 (F)
Depts.: AM, CU, LO, PU

Besleria drymonia Steudel =Drymonia serrulata (Jacquin) C. Martius

Besleria emendata C. Morton
Ref. Morton, 1968: 137.
Endemic herb or shrub. Amazonian: forests. 0-500 m.
Voucher: Allard 21713* (US), Hutchison *et al.* 6043A (UC, USM!)
Depts.: LO, UC

Besleria ferreyrae C. Morton
Ref. Morton, 1968: 139.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ferreyra 989* (US)
Depts.: UC

Besleria furva C. Morton
Ref. Morton, 1968: 137.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4955* (K)
Depts.: SM

Besleria gracilenta C. Morton
Ref. Morton, 1968: 132.
Endemic herb. Andean II: forests. 2000-2500 m.
Voucher: Mexia 4136* (GH), Schunke 5245 (USM!)
Depts.: HU

Besleria horizontalis C. Morton
Ref. Morton, 1968: 145.
Endemic herb. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 3252* (US)
Depts.: CU

Besleria hutchisonii C. Morton
Ref. Morton, 1968: 142.
Endemic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Hutchison *et al.* 5937* (US!, USM!)
Depts.: HU

Besleria ignea Fritsch =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 136; Skog, pers. comm.

Besleria ignea var. *loretensis* C. Morton =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 137; Skog, pers. comm.

Besleria ignea var. *mexiae* C. Morton =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 137; Skog, pers. comm.

Besleria imberbis C. Morton
Ref. Morton, 1968: 132.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 5334* (B destroyed)
Depts.: CA

Besleria immitis C. Morton
Ref. Morton, 1968: 139.
Herb. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 18988 (USM!)
Depts.: LO

Besleria lucida Poeppig
Ref. Morton, 1968: 134.
Endemic herb. Andean II. 2000-3000 m.
Voucher: Poeppig s.n.* (W), Mexia 4158 (G)
Depts.: HU

Besleria membranacea C. Morton
Ref. Morton, 1968: 133.
Endemic herb. Andean I: forests. 500-1000 m.
Voucher: Klug 3994* (US), Ferreyra 7975 (USM!)
Depts.: SM

Besleria minutiflora Fritsch
Ref. Morton, 1968: 134.
Endemic herb. Amazonian. 0-500 m.
Voucher: Ule 6211* (B destroyed)
Depts.: LO

Besleria moorei C. Morton
Ref. Morton, 1968: 141.
Endemic herb. Amazonian: disturbed areas. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Moore *et al.* 8583* (US!)
Depts.: CU

Besleria obliqua C. Morton =Besleria solanoides H.B.K.

Besleria pallidiflora Fritsch
Ref. Morton, 1968: 134.
Endemic herb. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2117* (B destroyed)
Depts.: JU

Besleria peruviana Fritsch var. **dissimilis** C. Morton
Ref. Morton, 1939: 452.
Endemic herb. Amazonian. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 3170* (B destroyed)
Depts.: LO

Besleria peruviana var. **occulta** C. Morton
Ref. Morton, 1939: 453.
Endemic herb. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 24086* (US!)
Depts.: JU

Besleria peruviana var. **peruviana**
Ref. Morton, 1968: 144.
Endemic herb. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1958* (B destroyed, photo US)
Depts.: JU

Besleria placita C. Morton
Ref. Morton, 1968: 132.
Endemic herb. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Allard 20851* (US!), Ferreyra 1901 (US!)
Depts.: HU

Besleria racemosa C. Morton
Ref. Morton, 1939: 450.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Klug 2660* (US)
Depts.: Without full locality data.

Besleria rupestris C. Morton =Gasteranthus wendlandianus (Hanstein) Wiehler
Ref. Wiehler, 1975: 156.

Besleria serrulata Jacquin =Drymonia serrulata (Jacquin) C. Martius

Besleria solanoides H.B.K.
Syn. *Besleria acutifolia* Bentham, *Besleria costaricensis* (Oersted) Hanstein, *Besleria obliqua* C. Morton, *Parabesleria costaricensis* Oersted
Ref. Morton, 1939: 418; Morton, 1968: 132.
Herb, shrub or tree.
Voucher: Jelski 24 (B)
Depts.: CA

Besleria spectabilis H.B.K. =Drymonia serrulata (Jacquin) C. Martius

Besleria sprucei Britton var. **flavescens** C. Morton
Ref. Morton, 1968: 135.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Sagástegui 5867* (US!)
Depts.: AM

Besleria sprucei var. **sprucei**
Ref. Morton, 1968: 135.
Herb. Andean I. 500-1000 m.
Voucher: Vargas 13969 (US)
Depts.: CU

Besleria tetrangularis R. & P. ex Hanstein
Ref. Morton, 1968: 134.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA), Weberbauer 1172 (B)
Depts.: AR, JU, PU

Besleria trichiata C. Morton
Ref. Morton, 1968: 134.
Endemic herb. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 25955* (US)
Depts.: CU, JU

Besleria vargasii C. Morton
Ref. Morton, 1968: 135.
Endemic herb. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 3732* (US)
Depts.: CU

Besleria variabilis C. Morton
Syn. *Besleria variabilis* fo. *barbatula* C. Morton, *Besleria variabilis* fo. *pallida* C. Morton
Ref. Morton, 1968: 134.
Herb. Amazonian. 0-500 m.
Voucher: Klug 2912* (US), Ferreyra 1624 (US)
Depts.: AY, HU, JU, LO, SM

Besleria variabilis fo. *barbatula* C. Morton =Besleria variabilis C. Morton
Ref. Morton, 1968: 134.

Besleria variabilis fo. *pallida* C. Morton =Besleria variabilis C. Morton
Ref. Morton, 1968: 134.

Besleria wendlandianus Hanstein =Gasteranthus wendlandianus (Hanstein) Wiehler
Ref. Wiehler, 1975: 156.

Besleria wurdackii C. Morton
Ref. Morton, 1968: 147.
Herb. Amazonian. 0-500 m.
Voucher: Wurdack 1955* (US!)
Depts.: AM

Brachyloma longifolium (Lindley) Oersted =Kohleria spicata (H.B.K.) Oersted

Brachyloma petiolare (Bentham) Oersted =Kohleria spicata (H.B.K.) Oersted

Caloplectus macrophyllus Oersted =Drymonia macrophylla (Oersted) H. Moore

Capanea affinis Fritsch
Syn. *Capanea andina* Fritsch, *Capanea hansteinii* Fritsch, *Capanea peruviana* Fritsch, *Capanea quitensis* Fritsch,

Capanea urceolata Fritsch
Ref. Fritsch, 1914: 434.
Endemic herb or vine. Andean II: forests. 2000-3000 m.
Voucher: Wurdack 908 (US!, USM!)
Depts.: AM, CA

Capanea andina Fritsch =Capanea affinis Fritsch
Ref. Fritsch, 1914: 434.

Capanea hansteinii Fritsch =Capanea affinis Fritsch

Capanea peruviana Fritsch =Capanea affinis Fritsch

Capanea quitensis Fritsch =Capanea affinis Fritsch

Capanea urceolata Fritsch =Capanea affinis Fritsch

Centrosolenia bullata Lemaire =Nautilocalyx bullatus (Lemaire) Sprague
Ref. Wiehler, 1978b: 30.

Codonanthe aggregata (C. Martius) Hanstein =Besleria aggregata (C. Martius) Hanstein

Codonanthe confusa Sandwith =Codonanthe crassifolia (Focke) C. Morton

Codonanthe corniculata Wiehler
Ref. Wiehler, 1977: 95.
Epiphytic or terrestrial herb or shrub. Amazonian, Andean I. 0-1000 m.
Voucher: Dressler s.n.* (SEL), Schunke 4457 (MO!)
Depts.: LO, SM

Codonanthe crassifolia (Focke) C. Morton
Syn. *Codonanthe confusa* Sandwith, *Episcia hookeri* Hanstein, *Hypocyrta crassifolia* Focke
Ref. Wiehler, 1977: 86.
Epiphytic or terrestrial herb or subshrub. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Killip *et al.* 29211 (NY!)
Depts.: HU, LO, SM

Codonanthe decurrens I. M. Johnston =Codonanthe uleana Fritsch

Codonanthe dissimulata H. Moore =Codonanthopsis dissimulata (H. Moore) Wiehler

Codonanthe formicarum Fritsch =Codonanthe uleana Fritsch

Codonanthe uleana Fritsch
Syn. *Codonanthe decurrens* I. M. Johnston, *Codonanthe formicarum* Fritsch, *Codonanthe uleana* var. *integrifolia* Fritsch, *Columnea calcarata* J. D. Smith
Ref. Wiehler, 1977: 86.
Epiphytic or terrestrial herb or subshrub. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Mexia 6265 (MO!)
Depts.: AM, HU, LO, MD, SM, UC

Codonanthe uleana var. *integrifolia* Fritsch =Codonanthe uleana Fritsch

Codonanthe ulei (Mansfeld) H. Moore =Codonanthopsis ulei Mansfeld

Codonanthopsis aggregata (C. Martius) Hoehne =Besleria aggregata (C. Martius) Hanstein
Ref. Morton, 1968: 136.

Codonanthopsis dissimulata (H. Moore) Wiehler
Syn. *Codonanthe dissimulata* H. Moore, *Codonanthopsis peruviana* Wiehler
Ref. Wiehler, 1978c: 61.
Endemic epiphytic herb. Amazonian. 0-500 m.
Voucher: Stone 1143* (cultivated, BH), Schunke 8363 (MO!)
Depts.: HU, LO, PA, SM

Codonanthopsis peruviana Wiehler =Codonanthopsis dissimulata (H. Moore) Wiehler

Codonanthopsis ulei Mansfeld
Syn. *Codonanthe ulei* (Mansfeld) H. Moore
Ref. Mansfeld, 1934: 120.
Epiphytic or terrestrial herb or subshrub. Amazonian. 0-500 m.
Voucher: Gentry 42371 (MO!)
Depts.: HU, LO, PA

Columnea acuminata Bentham =Columnea anisophylla DC.

Columnea anisophylla DC.
Syn. *Columnea acuminata* Bentham, *Columnea sanmartensis* Rusby, *Columnea warscewicziana* (Klotzsch ex Oersted) Hanstein, *Nematanthus heterophyllus* Poeppig, nom. illeg., *Ortholoma acuminatum* (Bentham) Hanstein, *Ortholoma anisophyllum* (DC.) Wiehler, *Ortholoma vestitum* Klotzsch ex Oersted, *Ortholoma warscewiczianum* Klotzsch ex Oersted, *Trichantha acuminata* (Bentham) Wiehler, *Trichantha anisophylla* (DC.) Wiehler
Epiphytic or terrestrial herb or shrub. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Poeppig 1080* (G-DC), Schunke 10183 (MO!)
Depts.: CU, HU, JU, PA

Columnea archidonae Cuatrecasas =Columnea ericae Mansfeld
Columnea ascendens Rusby =Columnea inaequilatera Poeppig

Columnea aurantiaca Decaisne ex Planchon =Columnea strigosa Bentham

Columnea calcarata J. D. Smith =Codonanthe uleana Fritsch

Columnea campanulata Bentham =Columnea strigosa Bentham

Columnea campanulata var. *longipedunculata* Cuatrecasas =Columnea strigosa Bentham

Columnea ciliosa (C. Martius) Kuntze =Paradrymonia ciliosa (C. Martius) Wiehler
Ref. Wiehler, 1978b: 49.

Columnea circinata (C. Martius) Kuntze =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Columnea coccinea (Aublet) Kuntze =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Columnea corymbosa (Klotzsch ex Hanstein) Kuntze =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Columnea endlicheriana Kuntze =Drymonia pendula (Poeppig) Wiehler
Ref. Wiehler, 1973: 325.

Columnea ericae Mansfeld
Syn. *Columnea archidonae* Cuatrecasas, *Dalbergaria archidonae* (Cuatrecasas) Wiehler, *Dalbergaria ericae* (Mansfeld) Wiehler
Ref. Mansfeld, 1934: 123.
Herb.
Voucher: Schunke 5966 (US!)
Depts.: AM, HU, LO, PA, SM

Columnea guttata Poeppig
Syn. *Dalbergaria guttata* (Poeppig) Wiehler, *Dalbergaria madisonii* Wiehler, *Dalbergaria puyana* Wiehler
Epiphytic or terrestrial herb, liana or subshrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Poeppig D1481* (W), Ancuash 528 (MO!)
Depts.: AM, CU, HU, LO, SM

Columnea ichthyoderma (Hanstein) Kuntze =Alloplectus ichthyoderma Hanstein

Columnea inaequilatera Poeppig
Syn. *Columnea ascendens* Rusby, *Columnea inaequilatera* var. *rhonhofiae* Mansfeld, *Dalbergaria inaequilatera* (Poeppig) Wiehler, *Pentadenia ascendens* (Rusby) Wiehler
Epiphytic or terrestrial herb or shrub. Andean I-II: cloud forests. 500-2500 m.
Voucher: Poeppig s.n.* (W), Schunke 9250 (MO!)
Depts.: AY, CU, HU, JU, LO, PA, PU, SM, UC

Columnea inaequilatera var. *rhonhofiae* Mansfeld =Columnea inaequilatera Poeppig

Columnea isernii Cuatrecasas
Syn. *Pentadenia isernii* (Cuatrecasas) Wiehler
Herb. Coastal. 500-1000 m.

Voucher: Simpson & Schunke 382 (F!, USM!)
Depts.: TU

Columnea kucyniakii Raymond =Columnea strigosa Bentham

Columnea latifolia Rusby =Drymonia candida Hanstein

Columnea macrantha Bentham =Columnea strigosa Bentham

Columnea macrophylla (Oersted) Kuntze =Drymonia macrophylla (Oersted) H. Moore

Columnea mocinoana Kuntze =Drymonia serrulata (Jacquin) C. Martius

Columnea moesta Poeppig
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1626* (W)
Depts.: HU

Columnea oblongifolia Rusby
Syn. *Trichantha oblongifolia* (Rusby) Wiehler
Herb or shrub. Andean II: cloud forests. 2000-2500 m.
Voucher: Weberbauer 7568 (F!)
Depts.: AY, CU, PU

Columnea orientandina (Wiehler) Kvist & L. E. Skog
Syn. *Pentadenia orientandina* Wiehler
Herb or shrub. Andean I. 1000-1500 m.
Voucher: Killip & Smith 26059 (NY!)
Depts.: PA

Columnea patrisii (DC.) Kuntze =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 324.

Columnea peruviana Zahlbruckner =Alloplectus peruvianus (Zahlbruckner) Kvist & L. E. Skog

Columnea pichinchensis Hanstein =Columnea strigosa Bentham

Columnea poeppigiana Kuntze =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Columnea purpureovittata (Wiehler) B. Morley
Syn. *Trichantha purpureovittata* Wiehler
Endemic epiphytic or terrestrial herb, liana or subshrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Killip & Smith 24873 (F!), Woytkowski 5330 (MO!)
Depts.: AM, HU, JU, LO, PA, SM

Columnea sanmartensis Rusby =Columnea anisophylla DC.

Columnea semicordata (Poeppig) Kuntze =Drymonia semicordata (Poeppig) Wiehler

Columnea strigosa Bentham
Syn. *Columnea aurantiaca* Decaisne ex Planchon, *Columnea campanulata* Bentham, *Columnea campanulata* var. *longipedunculata* Cuatrecasas, *Columnea kucyniakii* Raymond, *Columnea macrantha* Bentham, *Columnea pichinchensis* Hanstein, *Pentadenia aurantiaca* (Decaisne ex Planchon) Hanstein, *Pentadenia strigosa* (Bentham) Hanstein
Epiphytic herb.
Depts.: AM, CA

Columnea tessmannii Mansfeld
Syn. *Dalbergaria tessmannii* (Mansfeld) Wiehler
Ref. Mansfeld, 1934: 123.
Endemic herb. Amazonian. 0-500 m.
Voucher: Wurdack 2108* (US!), Salik 7112 (USM!)
Depts.: AM, LO, PA

Columnea trollii Mansfeld
Syn. *Pentadenia trollii* (Mansfeld) Wiehler
Herb. Shrublands.
Voucher: Ridoutt 12992 (USM!)
Depts.: UC

Columnea villosissima Mansfeld
Syn. *Dalbergaria villosissima* (Mansfeld) Wiehler
Ref. Mansfeld, 1934: 121.
Herb. Amazonian. 0-500 m.
Voucher: Tessmann 4964* (B destroyed)
Depts.: AM, LO, SM

Columnea warscewicziana (Klotzsch ex Oersted) Hanstein =Columnea anisophylla DC.

Columnea weberbaueri Mansfeld
Syn. *Pentadenia weberbaueri* (Mansfeld) Wiehler
Ref. Mansfeld, 1935: 26.
Endemic herb.
Voucher: Weberbauer 7832* (US!), Stein & Todzia 2276A (USM!)
Depts.: CU, HU

Columnea zapotalana (Wiehler) L. E. Skog =Alloplectus microsepalus C. Morton

Corytholoma elatius (H.B.K.) Fritsch =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 383.

Corytholoma igneum (C. Martius) Fritsch =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Corytholoma strictum (Hooker & Arnott) Decaisne =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Corytoplectus speciosus (Poeppig) Wiehler
Syn. *Alloplectus corymbosus* Klotzsch ex Hanstein, *Alloplectus speciosus* Poeppig, *Alloplectus vittatus* Linden & André, *Columnea corymbosa* (Klotzsch ex Hanstein) Kuntze, *Columnea poeppigiana* Kuntze, *Crantzia corymbosa* (Klotzsch ex Hanstein) Fritsch, *Crantzia speciosa* (Poeppig) Fritsch, *Crantzia vittata* (Linden & André) Rechinger
Ref. Wiehler, 1973: 313.
Endemic herb. Amazonian, Andean I-II: cloud forests. 0-3000 m.
Voucher: Poeppig 1079* (W), Skog *et al.* 5119 (MO!, USM!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, SM, UC

Crantzia circinata (C. Martius) Fritsch =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 325.

Crantzia coccinea (Aublet) Fritsch =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 325.

Crantzia corymbosa (Klotzsch ex Hanstein) Fritsch =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Crantzia ichthyoderma (Hanstein) Fritsch =Alloplectus ichthyoderma Hanstein

Crantzia patrisii (DC.) Fritsch =Drymonia coccinea (Aublet) Wiehler
Ref. Wiehler, 1973: 325.

Crantzia pendula (Poeppig) Fritsch =Drymonia pendula (Poeppig) Wiehler

Crantzia pseudocordata Cuatrecasas =Drymonia semicordata (Poeppig) Wiehler
Ref. Wiehler, 1973: 326.

Crantzia semicordata (Poeppig) Fritsch =Drymonia semicordata (Poeppig) Wiehler
Ref. Wiehler, 1973: 326.

Crantzia speciosa (Poeppig) Fritsch =Corytoplectus speciosus (Poeppig) Wiehler
Ref. Wiehler, 1973: 313.

Crantzia varelana Cuatrecasas =Alloplectus ichthyoderma Hanstein

Crantzia vittata (Linden & André) Rechinger =Corytoplectus speciosus (Poeppig) Wiehler

Cremosperma minutiflorum (L. E. Skog) Wiehler =Reldia minutiflora var. minutiflora

Cremosperma peruvianum L. E. Skog
Ref. Skog, 1982: 98.
Endemic herb. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Wolfe 12288* (US!), Dudley 13020 (NA)
Depts.: HU

Cyrtodeira fulgida Linden =Episcia reptans C. Martius
Ref. Wiehler, 1978b: 26.

Dalbergaria archidonae (Cuatrecasas) Wiehler =Columnea ericae Mansfeld

Dalbergaria ericae (Mansfeld) Wiehler =Columnea ericae Mansfeld

Dalbergaria guttata (Poeppig) Wiehler =Columnea guttata Poeppig

Dalbergaria inaequilatera (Poeppig) Wiehler =Columnea inaequilatera Poeppig

Dalbergaria madisonii Wiehler =Columnea guttata Poeppig

Dalbergaria puyana Wiehler =Columnea guttata Poeppig

Dalbergaria tessmannii (Mansfeld) Wiehler =Columnea tessmannii Mansfeld

Dalbergaria villosissima (Mansfeld) Wiehler =Columnea villosissima Mansfeld

Diastema comiferum (DC.) Bentham ex Walpers
Syn. *Achimenes comifera* DC., *Diastema discolor* (Poeppig) Bentham ex C. Mueller, *Trevirana comifera* (DC.) D. Dietrich, *Trevirana discolor* Poeppig, nom. illeg.
Endemic herb. Andean I: forests. 500-1500 m.
Voucher: Poeppig 1628* (G-DC), Killip & Smith 25206 (MO!)
Depts.: HU, JU

Diastema discolor (Poeppig) Bentham ex C. Mueller =Diastema comiferum (DC.) Bentham ex Walpers

Diastema divaricatum (Poeppig) Bentham ex Walpers =Phinaea divaricata (Poeppig) Wiehler
Ref. Wiehler, 1978c: 64.

Diastema hispidum (DC.) Fritsch
Syn. *Achimenes mollis* (Poeppig) Walpers, *Diastema molle* (Poeppig) Bentham ex Walpers, *Diastema peruanum* Cuatrecasas, *Episcia hispida* DC., *Trevirana mollis* Poeppig
Ref. Fritsch, 1914: 407.
Endemic herb. Andean I-II: forests. 500-2000 m.
Voucher: Poeppig 1031 (F!)
Depts.: HU, JU, PA, UC

Diastema molle (Poeppig) Bentham ex Walpers =Diastema hispidum (DC.) Fritsch
Ref. Fritsch, 1914: 407.

Diastema peruanum Cuatrecasas =Diastema hispidum (DC.) Fritsch

Diastema scabrum (Poeppig) Bentham ex Walpers
Syn. *Achimenes scabra* (Poeppig) Walpers, *Trevirana scabra* Poeppig
Ref. Fritsch, 1914: 401.
Herb. Amazonian, Andean I-II: forests, riversides, rocky slopes. 0-2000 m.
Voucher: Poeppig 1583* (W), Smith *et al.* 3982 (MO!)
Depts.: AM, HU, JU, LO, PA, SM, UC

Diastema tenerrimum (Poeppig) Bentham ex Walpers
Syn. *Trevirana tenerrima* Poeppig
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1550* (W photo F)
Depts.: Without full locality data.

Diastema urticaefolium (Poeppig) Bentham ex Walpers
Syn. *Trevirana urticaefolia* Poeppig
Endemic herb.
Voucher: Poeppig 1549* (W photo F)
Depts.: Without full locality data.

Diastema weberbaueri Fritsch
Endemic herb.
Voucher: Weberbauer 6256* (US!)
Depts.: CA

Drymonia affinis (Mansfeld) Wiehler
Syn. *Alloplectus affinis* Mansfeld
Ref. Wiehler, 1973: 324.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 3851* (B)
Depts.: Without full locality data.

Drymonia belizensis Standley =Drymonia macrophylla (Oersted) H. Moore

Drymonia bicolor Lindley, nom. illeg. =Drymonia serrulata (Jacquin) C. Martius

Drymonia buscalionii Fritsch ex Buscalioni =Drymonia serrulata (Jacquin) C. Martius

Drymonia calcarata C. Martius =Drymonia serrulata (Jacquin) C. Martius

Drymonia campbellii Rusby =Drymonia serrulata (Jacquin) C. Martius

Drymonia candida Hanstein
Syn. *Columnea latifolia* Rusby, *Drymonia latisepala* (Rusby) Wiehler, *Drymonia poeppigiana* Fritsch
Ref. Hanstein, 1865: 358.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Schunke 5146 (USM!)
Depts.: HU

Drymonia chiapensis Brandegee =Drymonia serrulata (Jacquin) C. Martius

Drymonia coccinea (Aublet) Wiehler
Syn. *Alloplectus circinatus* C. Martius, *Alloplectus coccineus* (Aublet) C. Martius, *Alloplectus patrisii* DC., *Besleria coccinea* Aublet, *Columnea circinata* (C. Martius) Kuntze, *Columnea coccinea* (Aublet) Kuntze, *Columnea patrisii* (DC.) Kuntze, *Crantzia circinata* (C. Martius) Fritsch, *Crantzia coccinea* (Aublet) Fritsch, *Crantzia patrisii* (DC.) Fritsch, *Lophalix coccinea* (Aublet) Raf., *Macrochlamys miquelii* Decaisne, nom. nud., *Macrochlamys patrisii* (DC.) Decaisne
Ref. Wiehler, 1973: 324.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Smith & Trucios s.n. (USM!)
Depts.: MD, UC

Drymonia cristata Miquel =Drymonia serrulata (Jacquin) C. Martius

Drymonia erythroloma (Leeuwenberg) Wiehler
Syn. *Alloplectus erythroloma* Leeuwenberg
Ref. Wiehler, 1973: 325.
Endemic herb. Amazonian. 0-500 m.
Voucher: Klug 2965* (F!), Plowman 6453 (USM!)
Depts.: HU, LO, SM

Drymonia glabra (DC.) C. Morton =Drymonia serrulata (Jacquin) C. Martius

Drymonia jacquinii G. Don =Drymonia serrulata (Jacquin) C. Martius

Drymonia latisepala (Rusby) Wiehler =Drymonia candida Hanstein

Drymonia longifolia Poeppig =Paradrymonia longifolia (Poeppig) Wiehler
Ref. Wiehler, 1978b: 54.

Drymonia macrophylla (Oersted) H. Moore
Syn. *Alloplectus macrophyllus* (Oersted) Hemsley, *Caloplectus macrophyllus* Oersted, *Columnea macrophylla* (Oersted) Kuntze, *Drymonia belizensis* Standley, *Drymonia mucronulosa* Hanstein, *Drymonia ochroleuca* Standley, *Drymonia rosea* C. Morton
Ref. Moore Jr., 1955: 109.
Epiphytic or terrestrial herb, liana or shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Ancuash 571 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Drymonia maculata S. Moore =Drymonia serrulata (Jacquin) C. Martius

Drymonia mollis Oersted =Drymonia serrulata (Jacquin) C. Martius

Drymonia mucronulosa Hanstein =Drymonia macrophylla (Oersted) H. Moore

Drymonia ochroleuca Standley =Drymonia macrophylla (Oersted) H. Moore

Drymonia oxysepala Leeuwenberg
Ref. Leeuwenberg, 1959: 50.
Endemic epiphytic herb or liana.

Amazonian, Andean I: forests. 0-1500 m.
Voucher: Klug 4281* (U), Davidson 3466 (MO!)
Depts.: HU, SM, UC

Drymonia parvifolia Grisebach =Drymonia serrulata (Jacquin) C. Martius

Drymonia pendula (Poeppig) Wiehler
Syn. *Alloplectus coccineus* var. *fusco-maculatus* Leeuwenberg, *Alloplectus pendulus* Poeppig, *Columnea endlicheriana* Kuntze, *Crantzia pendula* (Poeppig) Fritsch
Ref. Wiehler, 1973: 325.
Epiphytic herb, liana, shrub or vine. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Poeppig 1798* (W), Vásquez 4394 (MO!)
Depts.: AY, CU, HU, JU, LO, MD, PA, SM, UC

Drymonia poeppigiana Fritsch =Drymonia candida Hanstein

Drymonia rosea C. Morton =Drymonia macrophylla (Oersted) H. Moore

Drymonia sarmentulosa Lemaire =Drymonia serrulata (Jacquin) C. Martius

Drymonia semicordata (Poeppig) Wiehler
Syn. *Alloplectus semicordatus* Poeppig, *Alloplectus sylvarum* S. Moore, *Columnea semicordata* (Poeppig) Kuntze, *Crantzia pseudocordata* Cuatrecasas, *Crantzia semicordata* (Poeppig) Fritsch
Ref. Wiehler, 1973: 326.
Epiphytic or terrestrial herb, liana, shrub or subshrub. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Poeppig 1038* (W), Berlin 950 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, PU, SM, UC

Drymonia serrulata (Jacquin) C. Martius
Syn. *Alloplectus glaber* DC., *Besleria drymonia* Steudel, *Besleria serrulata* Jacquin, *Besleria spectabilis* H.B.K., *Columnea mocinoana* Kuntze, *Drymonia bicolor* Lindley, nom. illeg., *Drymonia buscalionii* Fritsch ex Buscalioni, *Drymonia calcarata* C. Martius, *Drymonia campbellii* Rusby, *Drymonia chiapensis* Brandegee, *Drymonia cristata* Miquel, *Drymonia glabra* (DC.) C. Morton, *Drymonia jacquinii* G. Don, *Drymonia maculata* S. Moore, *Drymonia mollis* Oersted, *Drymonia parvifolia* Grisebach, *Drymonia sarmentulosa* Lemaire, *Drymonia spectabilis* (H.B.K.) C. Martius ex G. Don
Ref. Wiehler, 1977: 88.
Epiphytic or terrestrial herb or liana. Amazonian, Andean I: disturbed areas, seasonally inundated areas, swamps. 0-1000 m.
Voucher: Díaz *et al.* 1284 (MO!)
Depts.: AM, AY, CU, HU, JU, LI, LO, MD, PA, SM, UC

Drymonia spectabilis (H.B.K.) C. Martius ex G. Don =Drymonia serrulata (Jacquin) C. Martius

Drymonia urceolata Wiehler
Syn. *Hypocyrta macrophylla* Poeppig
Ref. Wiehler, 1978c: 85.
Herb or shrub. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Poeppig 1056* (W), Croat 58187 (MO!)
Depts.: AM, AY, HU, JU, LO, PA, SM, UC

Drymonia warscewicziana Hanstein
Ref. Wiehler, 1978c: 88.
Epiphytic or terrestrial herb, liana or subshrub. Amazonian, Andean I-II. 0-2000 m.
Voucher: Tessmann 4361 (NY!)
Depts.: AM, CU, HU, LO, PU, SM

Episcia ciliosa (C. Martius) Hanstein =Paradrymonia ciliosa (C. Martius) Wiehler
Ref. Wiehler, 1978b: 49.

Episcia fimbriata Fritsch
Ref. Wiehler, 1978b: 26.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Killip & Smith 28595 (MO!)
Depts.: CU, LO, PA, UC

Episcia fulgida (Linden) Hooker f. =Episcia reptans C. Martius
Ref. Wiehler, 1978b: 26.

Episcia glabra (Bentham) Hanstein =Paradrymonia ciliosa (C. Martius) Wiehler
Ref. Wiehler, 1978b: 49.

Episcia hansteiniana Mansfeld =Paradrymonia hansteiniana (Mansfeld) Wiehler
Ref. Wiehler, 1978b: 54.

Episcia hispida DC. =Diastema hispidum (DC.) Fritsch
Ref. Fritsch, 1914: 407.

Episcia hookeri Hanstein =Codonanthe crassifolia (Focke) C. Morton

Episcia longifolia (Poeppig) Hanstein =Paradrymonia longifolia (Poeppig) Wiehler
Ref. Wiehler, 1978b: 54.

Episcia reptans C. Martius
Syn. *Cyrtodeira fulgida* Linden, *Episcia fulgida* (Linden) Hooker f.
Ref. Wiehler, 1978b: 26.
Epiphytic or terrestrial herb. Amazonian. 0-500 m.
Voucher: Ayala 103 (MO!)
Depts.: LO

Eucolum crassifolium Salisbury, nom. illeg. =Gloxinia perennis (L.) Fritsch

Fiebrigia digitaliflora Fritsch =Gloxinia gymnostoma Grisebach
Ref. Wiehler, 1976: 389.

Fritschiantha benaryi (Regel) Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Fritschiantha cuneata (Rusby) Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Fritschiantha major (Baillon) Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Fritschiantha purpurascens (Rusby) Kuntze =Gloxinia purpurascens (Rusby) Wiehler
Ref. Wiehler, 1976: 387.

Fritschiantha sylvatica (H.B.K.) Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Fritschiantha sylvatica var. *aurea* Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Fritschiantha sylvatica var. *coccinea* O. Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler

Fritschiantha uniflora (Baillon) Kuntze =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Gasteranthus caligula (C. Morton) Wiehler
Syn. *Besleria caligula* C. Morton
Ref. Wiehler, 1975: 154.
Endemic subshrub. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 2277* (US)
Depts.: LO

Gasteranthus corallinus (Fritsch) Wiehler
Syn. *Besleria corallinus* Fritsch
Ref. Wiehler, 1975: 154.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ule 6771* (HBG), Wasshausen & Encarnación 736 (USM!)
Depts.: AM, CU, LO, SM

Gasteranthus rupestris (C. Morton) Wiehler =Gasteranthus wendlandianus (Hanstein) Wiehler

Gasteranthus wendlandianus (Hanstein) Wiehler
Syn. *Besleria rupestris* C. Morton, *Besleria wendlandianus* Hanstein, *Gasteranthus rupestris* (C. Morton) Wiehler
Ref. Wiehler, 1975: 156.
Herb, shrub or subshrub. Andean I-II: cloud forests, riversides. 1000-2500 m.
Voucher: Mexia 8237 (MO!)
Depts.: AM, AY, CU, HU, PA, PU, SM, UC

Gesnera adenantha Herb. Fischer ex Hanstein, nom. nud. pro. syn. =Gloxinia sylvatica (H.B.K.) Wiehler

Gesnera quadrifolia Warsz. ex Hanstein =Gloxinia sylvatica (H.B.K.) Wiehler

Gesneria aurantiaca Hanstein =Sinningia incarnata (Aublet) Denham

Gesneria breviflora Lindley =Kohleria spicata (H.B.K.) Oersted

Gesneria eggersii J. D. Smith =Sinningia incarnata (Aublet) Denham

Gesneria elatior H.B.K. =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 383.

Gesneria elliptica Hooker =Sinningia incarnata (Aublet) Denham

Gesneria elliptica var. *lutea* Hooker =Sinningia incarnata (Aublet) Denham

Gesneria erubescens Hanstein =Sinningia incarnata (Aublet) Denham

Gesneria flavescens Hanstein =Sinningia incarnata (Aublet) Denham

Gesneria fragilis Poeppig =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Gesneria gollmeriana Hanstein =Sinningia incarnata (Aublet) Denham

Gesneria gracilis (Decaisne ex Regel) Hanstein =Sinningia incarnata (Aublet) Denham

Gesneria guazumaefolia Bentham =Heppiella ulmifolia (H.B.K.) Hanstein

Gesneria ignorata Kunth =Kohleria spicata (H.B.K.) Oersted

Gesneria lehmannii J. D. Smith =Sinningia incarnata (Aublet) Denham

Gesneria lindeniana Brongniart =Sinningia incarnata (Aublet) Denham

Gesneria linkiana Kunth & Bouché =Kohleria spicata (H.B.K.) Oersted

Gesneria longiflora Lindley =Kohleria spicata (H.B.K.) Oersted

Gesneria mollis Hort. Berol. ex Kunth =Kohleria spicata (H.B.K.) Oersted

Gesneria oxyphylla DC. =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Gesneria petiolaris Bentham =Kohleria spicata (H.B.K.) Oersted

Gesneria rutila Lindley =Sinningia incarnata (Aublet) Denham

Gesneria sceptroides Hanstein =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Gesneria schiedeana (DC.) Hooker =Kohleria spicata (H.B.K.) Oersted

Gesneria seemannii Hooker =Kohleria spicata (H.B.K.) Oersted

Gesneria spicata H.B.K. =Kohleria spicata (H.B.K.) Oersted

Gesneria spicata var. *schiedeana* DC. =Kohleria spicata (H.B.K.) Oersted

Gesneria stricta Hooker & Arnott =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Gesneria sylvatica H.B.K. =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Gesneria ulmifolia H.B.K. =Heppiella ulmifolia (H.B.K.) Hanstein

Gesneria vargasii DC. =Sinningia incarnata (Aublet) Denham

Gesneria warmingii Hiern =Sinningia warmingii (Hiern) Chautems

Gesneria xanthophylla Poeppig =Anodiscus xanthophyllus (Poeppig) Mansfeld

Glossanthus mexicanus R. Brown, nom. illeg. =Rhynchoglossum azureum (Schlechtendal) B. L. Burtt
Ref. Burtt, 1962: 168.

Gloxinia bicolor Poeppig ex Hanstein, nom. nud. =Gloxinia perennis (L.) Fritsch

Gloxinia gymnostoma Grisebach
Syn. *Achimenes gymnostoma* (Grisebach) Fritsch, *Achimenes heppielloides* Fritsch, *Achimenes rusbyi* Britton, *Fiebrigia digitaliflora* Fritsch, *Seemannia gymnostoma* (Grisebach) Toussaint
Ref. Wiehler, 1976: 389.
Herb. Andean I-II: grasslands, shrublands. 500-3500 m.
Voucher: Weberbauer 7831A (MO!)
Depts.: AP, CU, PU

Gloxinia heterophylla Poeppig =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Gloxinia maculata L'Héritier, nom. illeg. =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Gloxinia pallidiflora Hooker =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Gloxinia perennis (L.) Fritsch
Syn. *Eucolum crassifolium* Salisbury, nom. illeg., *Gloxinia bicolor* Poeppig ex Hanstein, nom. nud., *Gloxinia heterophylla* Poeppig, *Gloxinia maculata* L'Héritier, nom. illeg., *Gloxinia pallidiflora* Hooker, *Gloxinia suaveolens* Decaisne, *Gloxinia trichantha* Miquel, nom. nud., *Gloxinia trichotoma* Moench, nom. illeg., *Martynia perennis* L. (Martyniaceae), *Salisia gloxiniaeflora* Regel, nom. illeg., *Salisia maculata* (L'Héritier) Regel, *Salisia pallidiflora* (Hooker) Regel, *Salisia suaveolens* (Decaisne) Regel
Ref. Wiehler, 1976: 386.
Epiphytic or terrestrial herb. Amazonian, Andean I-II: disturbed areas, riversides. 0-2000 m.
Voucher: Klug 4214 (MO!)
Depts.: AM, CU, HU, HV, JU, PA, SM, UC

Gloxinia purpurascens (Rusby) Wiehler
Syn. *Achimenes flaccida* Rusby, *Fritschiantha purpurascens* (Rusby) Kuntze, *Seemannia dioica* Rusby, *Seemannia longiflora* Fritsch, *Seemannia purpurascens* Rusby
Ref. Wiehler, 1976: 387.
Herb. Andean I. 1000-1500 m.
Voucher: Woytkowski 499 (US!, USM!)
Depts.: CU

Gloxinia reflexa Rusby
Syn. *Monopyle divaricata* Rusby
Ref. Wiehler, 1976: 389.
Herb. Andean I-II. 500-2500 m.
Voucher: Wasshausen & Encarnación 748 (MO!)
Depts.: AP, CU, PU

Gloxinia suaveolens Decaisne =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Gloxinia sylvatica (H.B.K.) Wiehler
Syn. *Achimenes albescens* Rusby, *Fritschiantha benaryi* (Regel) Kuntze, *Fritschiantha cuneata* (Rusby) Kuntze, *Fritschiantha major* (Baillon) Kuntze, *Fritschiantha sylvatica* (H.B.K.) Kuntze, *Fritschiantha sylvatica* var. *aurea* Kuntze, *Fritschiantha sylvatica* var. *coccinea* O. Kuntze, *Fritschiantha uniflora* (Baillon) Kuntze, *Gesnera adenantha* Herb. Fischer ex Hanstein, nom. nud. pro. syn., *Gesnera quadrifolia* Warsziwickz ex Hanstein, *Gesneria oxyphylla* DC, *Gesneria sylvatica* H.B.K., *Seemannia albescens* (Rusby) Fritsch, *Seemannia benaryi* Regel, *Seemannia cuneata* Rusby, *Seemannia latifolia* Fritsch, *Seemannia major* Baillon, *Seemannia regnelliana* Fritsch, *Seemannia sylvatica* (H.B.K.) Hanstein, *Seemannia ternifolia* Regel, *Seemannia uniflora* Baillon
Ref. Wiehler, 1976: 388.
Herb. Andean I-II: disturbed areas, forests. 500-3000 m.
Voucher: Humboldt & Bonpland 3623* (P), Woytkowski 35446 (MO!, USM!)
Depts.: AM, AY, CA, CU, HU, HV, JU, MD, PA, PU, SM, UC

Gloxinia trichantha Miquel, nom. nud. =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Gloxinia trichotoma Moench, nom. illeg. =Gloxinia perennis (L.) Fritsch
Ref. Wiehler, 1976: 386.

Heppiella ampla Hanstein =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella grandifolia Fritsch =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella karsteniana Fritsch =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella pauciflora Hanstein =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella rosea Fritsch =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella scandens Fritsch =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella stenocalyx Hanstein =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella trianae Fritsch =Heppiella ulmifolia (H.B.K.) Hanstein

Heppiella ulmifolia (H.B.K.) Hanstein
Syn. *Gesneria guazumaefolia* Bentham, *Gesneria ulmifolia* H.B.K., *Heppiella ampla* Hanstein, *Heppiella grandifolia* Fritsch, *Heppiella grandifolia* Fritsch, *Heppiella karsteniana* Fritsch, *Heppiella pauciflora* Hanstein, *Heppiella rosea* Fritsch, *Heppiella scandens* Fritsch, *Heppiella stenocalyx* Hanstein, *Heppiella trianae* Fritsch, *Heppiella warszewiczii* Hanstein, *Kohleria guazumaefolia* (Bentham) Regel, *Rechsteineria guazumifolia* (Bentham) Kuntze
Ref. Hanstein, 1858: 551.
Herb. Andean I-II: forests, disturbed areas. 1000-2500 m.
Voucher: Woytkowski 35452 (MO!)
Depts.: AY, HU, HV, JU

Heppiella warszewiczii Hanstein =Heppiella ulmifolia (H.B.K.) Hanstein

Hypocyrta aggregata C. Martius =Besleria aggregata (C. Martius) Hanstein

Hypocyrta barbata Poeppig =Besleria barbata (Poeppig) Hanstein
Ref. Morton, 1968: 132.

Hypocyrta ciliosa C. Martius =Paradrymonia ciliosa (C. Martius) Wiehler
Ref. Wiehler, 1978b: 49.

Hypocyrta crassifolia Focke =Codonanthe crassifolia (Focke) C. Morton

[Hypocyrta epidendrum Poeppig & Endlicher]
Note: Not known from Peru. Probably a species of *Besleria* (Skog, pers. comm.).

[Hypocyrta ferruginea Poeppig & Endlicher]
Note: Genus not determined, not *Hypocyrta* (Skog, pers. comm.).
Voucher: Poeppig 1272 (W)

Hypocyrta macrophylla Poeppig =Drymonia urceolata Wiehler
Ref. Wiehler, 1978c: 85.

Hypocyrta nummularia Hanstein =Neomortonia nummularia (Hanstein) Wiehler
Ref. Wiehler 1978c: 63.

Isoloma ignoratum (Kunth & Bouché) Hemsley =Kohleria spicata (H.B.K.) Oersted

Isoloma incanum (Klotzsch & Hanstein) Hemsley =Kohleria spicata (H.B.K.) Oersted

Isoloma kramerianum Lehmann =Kohleria spicata (H.B.K.) Oersted

Isoloma linkianum (Kunth & Bouché) Hemsley =Kohleria spicata (H.B.K.) Oersted

Isoloma longifolium (Lindley) Decaisne =Kohleria spicata (H.B.K.) Oersted

Isoloma petiolare (Bentham) Decaisne =Kohleria spicata (H.B.K.) Oersted

Isoloma rupestre (Seemann) Hemsley =Kohleria spicata (H.B.K.) Oersted

Isoloma schiedeanum (DC.) Hemsley =Kohleria spicata (H.B.K.) Oersted

Isoloma seemannii (Hooker) Bentham =Kohleria spicata (H.B.K.) Oersted

Isoloma spicatum (H.B.K.) Decaisne =Kohleria spicata (H.B.K.) Oersted

Isoloma sprucei Britton =Parakohleria sprucei (Britton) Wiehler

Isoloma tetragonum (Oersted) Hemsley =Kohleria spicata (H.B.K.) Oersted

Klugia azurea Schlechtendal =Rhynchoglossum azureum (Schlechtendal) B. L. Burtt
Ref. Burtt, 1962: 168.

Klugia azurea var. *costaricencis* Fritsch =Rhynchoglossum azureum (Schlechtendal) B. L. Burtt

Klugia grandiflora Fritsch =Rhynchoglossum azureum (Schlechtendal) B. L. Burtt

Klugia violacea Fritsch =Rhynchoglossum azureum (Schlechtendal) B. L. Burtt

Koellikeria argyrostigma (Hooker) Regel =Koellikeria erinoides (DC.) Mansfeld
Ref. Mansfeld, 1935: 28.

Koellikeria argyrostigma var. *ovalifolia* Oersted =Koellikeria erinoides (DC.) Mansfeld
Ref. Mansfeld, 1935: 28.

Koellikeria erinoides (DC.) Mansfeld
Syn. *Achimenes argyrostigma* Hooker, *Achimenes erinoides* DC., *Koellikeria argyrostigma* (Hooker) Regel, *Koellikeria argyrostigma* var. *ovalifolia* Oersted, *Koellikeria major* Fritsch, *Trevirania erinoides* (DC.) D. Dietrich
Ref. Mansfeld, 1935: 28.
Herb. Andean I-II: riversides, rocky slopes. 500-3000 m.
Voucher: Weberbauer 7929 (MO!)
Depts.: CU, MD

Koellikeria major Fritsch =Koellikeria erinoides (DC.) Mansfeld

Kohleria chiapensis Brandegee =Kohleria spicata (H.B.K.) Oersted

Kohleria guazumaefolia (Bentham) Regel =Heppiella ulmifolia (H.B.K.) Hanstein

Ref. Skog, pers. comm.
Herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Weberbauer 6263 (F!)
Depts.: CA

Kohleria spicata var. *hispida* Fritsch
=Kohleria spicata (H.B.K.) Oersted

Kohleria spicata var. *wageneri* (Regel) Fritsch =Kohleria spicata (H.B.K.) Oersted

Kohleria sprucei (Britton) Fritsch
=Parakohleria sprucei (Britton) Wiehler

Kohleria tetragona Oersted =Kohleria spicata (H.B.K.) Oersted

Kohleria tomentosa Hanstein =Kohleria spicata (H.B.K.) Oersted

Kohleria wageneri Regel =Kohleria spicata (H.B.K.) Oersted

Kohleria weberbaueri Fritsch
=Parakohleria weberbaueri (Fritsch) Wiehler

Lophalix coccinea (Aublet) Raf.
=Drymonia coccinea (Aublet) Wiehler

Macrochlamys miquelii Decaisne, nom. nud. =Drymonia coccinea (Aublet) Wiehler

Macrochlamys patrisii (DC.) Decaisne
=Drymonia coccinea (Aublet) Wiehler

Monopyle angustifolia Fritsch
Ref. Fritsch, 1914: 394.
Endemic herb. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 33/2*
Depts.: Without full locality data.

Monopyle divaricata Rusby =Gloxinia reflexa Rusby
Ref. Wiehler, 1976: 389.

Monopyle flava L. E. Skog
Ref. Skog, 1974a: 233.
Endemic herb. Amazonian, Andean I-II. 0-2000 m.
Voucher: Wurdack 2104* (US!, USM!), Berlin 311 (MO!)
Depts.: AM, HU, LO, PA

Monopyle subsessilis Bentham
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4151* (K)
Depts.: SM

Moussonia melastoma (Poeppig) Hanstein
=Parakohleria melastoma (Poeppig) Wiehler
Ref. Wiehler, 1978a: 8.

Moussonia purpurea (Poeppig) Hanstein
=Parakohleria purpurea (Poeppig) Wiehler
Ref. Wiehler, 1978a: 8.

Napeanthus loretensis L. E. Skog
Ref. Skog, 1974a: 236.
Endemic herb. Amazonian: rocky slopes. 0-500 m.
Voucher: Wurdack 2159* (US!, USM!)
Depts.: LO

Nautilocalyx bullatus (Lemaire) Sprague
Syn. *Centrosolenia bullata* Lemaire
Ref. Wiehler, 1978b: 30.
Endemic herb. Amazonian. 0-500 m.
Voucher: Wallis s.n.*, Schunke 5048 (USM!)
Depts.: LO, SM

Nautilocalyx forgetii (Sprague) Sprague
Syn. *Alloplectus forgetii* Sprague
Ref. Wiehler, 1978b: 32.
Cultivated herb.
Note: Known only from cultivated material collected in Peru.
Voucher: Cult. Hort. Kew.* (K), Plowman *et al.* 6654 (USM!)
Depts.: Without full locality data.

Nautilocalyx hirsutus (Sprague) Sprague
Syn. *Alloplectus hirsutus* Sprague
Ref. Wiehler, 1978b: 34.
Cultivated herb.
Note: Known only from cultivated material collected in Peru.
Voucher: Cult. Hort. Kew.* (K)
Depts.: Without full locality data.

Nautilocalyx lynchii (Hooker f.) Sprague
Syn. *Alloplectus lynchii* Hooker f.
Ref. Wiehler, 1978b: 36.
Cultivated herb.
Note: Known only from cultivated material probably collected in Peru.
Voucher: Lynch s.n.* (K)
Depts.: Without full locality data.

Nautilocalyx minutiflorus L. E. Skog
=Reldia minutiflora var. minutiflora

Nautilocalyx pallidus (Sprague) Sprague
Syn. *Alloplectus pallidus* Sprague
Ref. Wiehler, 1978b: 38.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Forget s.n.* (K), Schunke 2837 (USM!)
Depts.: HU

Nautilocalyx peruvianus Wiehler
Ref. Wiehler, 1978b: 39.
Cultivated herb.
Note: Known only from cultivated material collected in Peru.
Voucher: Wiehler 76177* (SEL)
Depts.: HU

Nautilocalyx picturatus L. E. Skog
Ref. Skog, 1974b: 119.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1996* (US)
Depts.: AM

Nautilocalyx whitei Rusby
Ref. Wiehler, 1978b: 44.
Note: Not reconfirmed; no Peruvian specimens cited by Wiehler (1978).

Nematanthus heterophyllus Poeppig, nom. illeg. =Columnea anisophylla DC.

Neomortonia nummularia (Hanstein) Wiehler
Syn. *Hypocyrta nummularia* Hanstein
Ref. Wiehler, 1978c: 63.
Herb.
Voucher: Stein 4040 (US!)
Depts.: CA, PI

Ortholoma acuminatum (Bentham) Hanstein
=Columnea anisophylla DC.

Ortholoma anisophyllum (DC.) Wiehler
=Columnea anisophylla DC.

Ortholoma vestitum Klotzsch ex Oersted =Columnea anisophylla DC.

Ortholoma warscewiczianum Klotzsch ex Oersted =Columnea anisophylla DC.

Parabesleria costaricensis Oersted =Besleria solanoides H.B.K.
Ref. Morton, 1939: 418.

Paradrymonia ciliosa (C. Martius) Wiehler
Syn. *Columnea ciliosa* (C. Martius) Kuntze, *Episcia ciliosa* (C. Martius) Hanstein, *Episcia glabra* (Bentham) Hanstein, *Hypocyrta ciliosa* C. Martius, *Paradrymonia glabra* (Bentham) Hanstein
Ref. Wiehler, 1978b: 49.
Note: Not reconfirmed.

Paradrymonia glabra (Bentham) Hanstein =Paradrymonia ciliosa (C. Martius) Wiehler
Ref. Wiehler, 1978b: 49.

Paradrymonia hansteiniana (Mansfeld) Wiehler
Syn. *Episcia hansteiniana* Mansfeld
Ref. Wiehler, 1978b: 54.
Endemic herb. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 5988* (B destroyed)
Depts.: LO

Paradrymonia longifolia (Poeppig) Wiehler
Syn. *Drymonia longifolia* Poeppig, *Episcia longifolia* (Poeppig) Hanstein
Ref. Wiehler, 1978b: 54.
Endemic herb. Andean I: forests. 1000-1500 m.
Voucher: Poeppig 1671* (W), Schunke 3097 (USM!)
Depts.: HU, SM

Paradrymonia metamorphophylla (J. D. Smith) Wiehler
Syn. *Alloplectus metamorphophyllus* J. D. Smith
Ref. Wiehler, 1978b: 57.
Shrub or subshrub. Andean II: cloud forests. 1500-2500 m.
Voucher: Smith *et al.* 4668 (MO!)
Depts.: AM, CU, HU, PA, SM

Parakohleria abunda Wiehler
Ref. Wiehler, 1978b: 58.
Herb. Amazonian. 0-500 m.
Voucher: Klug 4216 (US!)
Depts.: LO, SM

Parakohleria melastoma (Poeppig) Wiehler
Syn. *Moussonia melastoma* (Poeppig) Hanstein, *Rytidophyllum melastoma* Poeppig
Ref. Wiehler, 1978a: 8.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1239* (W)
Depts.: HU

Parakohleria purpurea (Poeppig) Wiehler
Syn. *Moussonia purpurea* (Poeppig) Hanstein, *Rytidophyllum purpureum* Poeppig
Ref. Wiehler, 1978a: 8.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1632* (W)
Depts.: HU

Parakohleria sprucei (Britton) Wiehler
Syn. *Isoloma sprucei* Britton, *Kohleria sprucei* (Britton) Fritsch
Ref. Wiehler, 1978a: 9.
Note: Not reconfirmed.

Parakohleria vinicolor Wiehler
Ref. Wiehler, 1978a: 9.
Endemic herb. Amazonian. 0-500 m.
Note: Known only from cultivated material collected in Peru.
Voucher: Wiehler 75266* (SEL)
Depts.: UC

Parakohleria weberbaueri (Fritsch) Wiehler
Syn. *Kohleria weberbaueri* Fritsch
Ref. Wiehler, 1978a: 10.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 2109* (B)
Depts.: CU, JU

Pentadenia ascendens (Rusby) Wiehler =Columnea inaequilatera Poeppig

Pentadenia aurantiaca (Decaisne ex Planchon) Hanstein =Columnea strigosa Bentham

Pentadenia insernii (Cuatrecasas) Wiehler =Columnea isernii Cuatrecasas

Pentadenia orientandina Wiehler =Columnea orientandina (Wiehler) Kvist & L. E. Skog

Pentadenia strigosa (Bentham) Hanstein =Columnea strigosa Bentham

Pentadenia trollii (Mansfeld) Wiehler =Columnea trollii Mansfeld

Pentadenia weberbaueri (Mansfeld) Wiehler =Columnea weberbaueri Mansfeld

Pentadenia zapotalana Wiehler =Alloplectus microsepalus C. Morton

Phinaea divaricata (Poeppig) Wiehler
Syn. *Achimenes divaricata* (Poeppig) Walpers, *Diastema divaricatum* (Poeppig) Bentham ex Walpers, *Trevirana divaricata* Poeppig
Ref. Wiehler, 1978c: 64.
Endemic herb. Andean I-II: forests. 500-2000 m.
Voucher: Poeppig 1629* (W), Woytkowski 35360 (MO!)
Depts.: HU, JU, UC

Rechsteineria aurantiaca (Hanstein) Kuntze =Sinningia incarnata (Aublet) Denham

Rechsteineria elatior (H.B.K.) Kuntze =Sinningia elatior (H.B.K.) Chautems

Rechsteineria elliptica (Hooker) Kuntze =Sinningia incarnata (Aublet) Denham

Rechsteineria erubescens (Hanstein) Kuntze =Sinningia incarnata (Aublet) Denham

Ref. Wiehler, 1976: 387.

Seemannia regnelliana Fritsch =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Seemannia sylvatica (H.B.K.) Hanstein =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Seemannia ternifolia Regel =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Seemannia uniflora Baillon =Gloxinia sylvatica (H.B.K.) Wiehler
Ref. Wiehler, 1976: 388.

Sinningia elatior (H.B.K.) Chautems
Syn. *Corytholoma elatius* (H.B.K.) Fritsch, *Corytholoma igneum* (C. Martius) Fritsch, *Corytholoma strictum* (Hooker & Arnott) Decaisne, *Gesneria elatior* H.B.K., *Gesneria fragilis* Poeppig, *Gesneria sceptroides* Hanstein, *Gesneria stricta* Hooker & Arnott, *Rechsteineria elatior* (H.B.K.) Kuntze, *Rechsteineria sceptroides* (Hanstein) Kuntze, *Rechsteineria stricta* (Hooker & Arnott) Kuntze, *Rechsteineria tenera* Fritsch, *Sinningia stricta* (Hooker & Arnott) Wiehler
Ref. Chautems, 1990: 383.
Herb or subshrub. Andean I-II: forests, rocky slopes. 500-2000 m.
Voucher: Woytkowski 6231 (MO!)
Depts.: CA, CU, HU, JU, MD, SM

Sinningia incarnata (Aublet) Denham
Syn. *Gesneria aurantiaca* Hanstein, *Gesneria eggersii* J. D. Smith, *Gesneria elliptica* Hooker, *Gesneria elliptica* var. *lutea* Hooker, *Gesneria erubescens* Hanstein, *Gesneria flavescens* Hanstein, *Gesneria gollmeriana* Hanstein, *Gesneria gracilis* (Decaisne ex Regel) Hanstein, *Gesneria lehmannii* J. D. Smith, *Gesneria lindeniana* Brongniart, *Gesneria rutila* Lindley, *Gesneria vargasii* DC., *Rechsteineria aurantiaca* (Hanstein) Kuntze, *Rechsteineria elliptica* (Hooker) Kuntze, *Rechsteineria erubescens* (Hanstein) Kuntze, *Rechsteineria flavescens* (Hanstein) Kuntze, *Rechsteineria gollmeriana* (Hanstein) Kuntze, *Rechsteineria rutila* (Lindley) Kuntze, *Rechsteineria vargasii* (DC.) Kuntze
Ref. Skog, pers. comm.
Note: Without collection data.

Sinningia stricta (Hooker & Arnott) Wiehler =Sinningia elatior (H.B.K.) Chautems
Ref. Chautems, 1990: 384.

Sinningia warmingii (Hiern) Chautems
Syn. *Gesneria warmingii* Hiern, *Rechsteineria peruviana* Fritsch, *Rechsteineria weberbaueri* Fritsch
Ref. Chautems, 1990: 386.
Herb. Andean II. 2000-2500 m.
Voucher: Weberbauer 6446* (F!)
Depts.: CA, HV

Trevirana comifera (DC.) D. Dietrich =Diastema comiferum (DC.) Bentham ex Walpers

Trevirana discolor Poeppig, nom. illeg. =Diastema comiferum (DC.) Bentham ex Walpers

Trevirana divaricata Poeppig =Phinaea divaricata (Poeppig) Wiehler
Ref. Wiehler, 1978c: 64.

Trevirana mollis Poeppig =Diastema hispidum (DC.) Fritsch
Ref. Fritsch, 1914: 407.

Trevirana scabra Poeppig =Diastema scabrum (Poeppig) Bentham
Ref. Fritsch, 1914: 401.

Trevirana tenerrima Poeppig =Diastema tenerrimum (Poeppig) Bentham ex Walpers

Trevirana urticaefolia Poeppig =Diastema urticaefolium (Poeppig) Bentham ex Walpers

Trevirania erinoides (DC.) D. Dietrich =Koellikeria erinoides (DC.) Mansfeld

Trichantha acuminata (Bentham) Wiehler =Columnea anisophylla DC.

Trichantha anisophylla (DC.) Wiehler =Columnea anisophylla DC.

Trichantha ciliata Wiehler
Epiphytic or terrestrial herb, liana or subshrub. Andean I-II. 1000-2000 m.
Voucher: Killip & Smith 25962 (F!)
Depts.: HU, PA

Trichantha oblongifolia (Rusby) Wiehler =Columnea oblongifolia Rusby

Trichantha peruviana (Zahlbruckner) Wiehler =Alloplectus peruvianus (Zahlbruckner) Kvist & L. E. Skog

Trichantha purpureovittata Wiehler =Columnea purpureovittata (Wiehler) B. Morley

Grossulariaceae

3 genera and 31 species in Peru.

Endemic species: 12.

Treated under the Saxifragaceae in the Flora of Peru.

Prepared by R. L. Liesner (MO); reviewed by E. M. McClintock (UC).

Coreosma dombeyana Spach =Ribes viscosum R. & P.
Ref. FP 13(2/3) 1938: 1024.

Dulongia acuminata H.B.K. =Phyllonoma ruscifolia Willdenow ex Schultes
Ref. FP 13(2/3) 1938: 1038; Mori & Kallunki, 1977: 76.

Dulongia integerrima Turczaninow =Phyllonoma ruscifolia Willdenow ex Schultes
Ref. FP 13(2/3) 1938: 1038; Mori & Kallunki, 1977: 76.

Escallonia adscendens Rusby =Escallonia corymbosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1027; Sleumer, 1968: 35.

Escallonia angustifolia C. Presl
Ref. FP 13(2/3) 1938: 1026; Sleumer, 1968: 72.
Tree. Andean II. 2000-2500 m.
Voucher: Haenke 1790* (L photo), López 8300 (MO!)
Depts.: AR, TA

Escallonia atahuallpae J. F. Macbride =Escallonia pendula (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1026; Sleumer, 1968: 119.

Escallonia corymbosa (R. & P.) Persoon
Syn. *Escallonia adscendens* Rusby, *Escallonia hypsophila* Diels, *Stereoxylon corymbosum* R. & P.
Ref. FP 13(2/3) 1938: 1027; Sleumer, 1968: 35.
Shrub or tree. Andean II-III. 3000-4500 m.
Note: Sleumer (1968) treated this as a synonym of *E. myrtilloides*.
Voucher: Vargas 15907 (MO!)
Depts.: AN, AY, CU, HU, JU, LL, TA

Escallonia cuneifolia (R. & P.) Roemer & Schultes
Syn. *Stereoxylon cuneifolium* R. & P.
Ref. FP 13(2/3) 1938: 1027.
Endemic shrub or tree. Andean II. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.*, Weberbauer 3410 (F)
Depts.: HU

Escallonia floribunda H.B.K. =Escallonia paniculata (R. & P.) Schultes
Ref. FP 13(2/3) 1938: 1029; Sleumer, 1968: 117.

Escallonia herrerae Mattfeld
Ref. FP 13(2/3) 1938: 1028; Sleumer, 1968: 118.
Andean II: forests, riversides. 1500-3500 m.
Voucher: Herrera 1237* (B photo F!), Chávez 3211 (MO!)
Depts.: AP, CA, CU, LL, PI

Escallonia hypsophila Diels =Escallonia corymbosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1027; Sleumer, 1968: 35.

Escallonia macrantha Weddell =Escallonia poliifolia Hooker
Ref. FP 13(2/3) 1938: 1031; Sleumer, 1968: 34.

Escallonia mandoni Britton =Escallonia resinosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1028.

Escallonia micrantha Mattfeld
Ref. FP 13(2/3) 1938: 1028; Sleumer, 1968: 31.
Tree. Andean II. 1500-2500 m.
Voucher: Raimondi 7739* (B photo F!), Sagástegui 9881 (MO!)
Depts.: CA, PI

Escallonia multiflora C. Presl =Escallonia resinosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1032.

Escallonia myrtilloides L. f. var. **myrtilloides**
Ref. FP 13(2/3) 1938: 1029; Sleumer, 1968: 35.
Shrub or tree. Andean II-III: forests. 2000-4000 m.
Voucher: Young 1584 (MO!)
Depts.: AM, AN, AP, AR, CA, CU, HU, JU, PA, PI, PU, SM

Escallonia myrtilloides var. **patens** (R. & P.) Sleumer
Syn. *Escallonia patens* (R. & P.) Killip, *Stereoxylon patens* R. & P.
Ref. FP 13(2/3) 1938: 1030; Sleumer, 1968: 39.
Tree. Andean II-III: forests. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.* (P photo F!), López 7565 (MO!)
Depts.: AM, AN, CU, HU, LL, PI, PU, SM

Escallonia paniculata (R. & P.) Schultes
Syn. *Escallonia floribunda* H.B.K., *Escallonia paniculata* var. *floribunda* (H.B.K.) J. F. Macbride, *Stereoxylon paniculatum* R. & P.
Ref. FP 13(2/3) 1938: 1029; Sleumer, 1968: 117.
Shrub or tree. Andean II: elfin forests, shrublands. 1500-3000 m.
Voucher: Ruiz & Pavón 1787* (G), Díaz 3407 (MO!)
Depts.: AM, CU, HU, LO, PA, PI,

Escallonia paniculata var. *floribunda* (H.B.K.) J. F. Macbride =Escallonia paniculata (R. & P.) Schultes
Ref. FP 13(2/3) 1938: 1029; Sleumer, 1968: 117.

Escallonia patens (R. & P.) Killip =Escallonia myrtilloides var. patens (R. & P.) Sleumer
Ref. FP 13(2/3) 1938: 1030; Sleumer, 1968: 39.

Escallonia pendula (R. & P.) Persoon
Syn. *Escallonia atahuallpae* J. F. Macbride, *Stereoxylon pendulum* R. & P.
Ref. FP 13(2/3) 1938: 1030; Sleumer, 1968: 119.
Tree. Andean I-II: forests. 500-3000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Sagástegui 7769 (MO!)
Depts.: AM, AN, AP, AR, AY, CA, HU, PA

Escallonia pilgeriana Diels
Ref. FP 13(2/3) 1938: 1031.
Shrub or tree. Andean II. 1500-2000 m.
Voucher: Weberbauer 5061*
Depts.: CU

Escallonia piurensis Mattfeld
Ref. FP 13(2/3) 1938: 1031; Sleumer, 1968: 106.
Shrub or tree.
Voucher: Raimondi 10838 (B photo F!)
Depts.: PI

Escallonia poliifolia Hooker
Syn. *Escallonia macrantha* Weddell
Ref. FP 13(2/3) 1938: 1031; Sleumer, 1968: 34.
Endemic shrub. Andean II: forests on white sand, grasslands, shrublands. 2500-3500 m.
Note: Sometimes spelled "*polifolia*."
Voucher: Mathews s.n.*, Boeke 1810 (MO!)
Depts.: AM

Escallonia resinosa (R. & P.) Persoon
Syn. *Escallonia mandoni* Britton, *Escallonia multiflora* C. Presl, *Stereoxylon resinosum* R. & P.
Ref. FP 13(2/3) 1938: 1032.
Shrub or tree. Andean II-III: disturbed areas, forests, shrublands. 2000-4500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Solomon 3032 (MO!)
Depts.: AN, AP, AR, AY, CA, CU, HU, JU, LL

Escallonia salicifolia Mattfeld
Ref. FP 13(2/3) 1938: 1032; Sleumer, 1968: 88.
Endemic shrub. Andean II. 2000-2500 m.
Voucher: Raimondi 11481* (B photo F!), Vargas 9246 (MO!)
Depts.: AR, TA

[Escallonia tortuosa H.B.K.]
Ref. FP 13(2/3) 1938: 1033.
Note: Not known from Peru.

Phyllonoma integerrima (Turczaninow) Loesener =Phyllonoma ruscifolia Willdenow ex Schultes
Ref. FP 13(2/3) 1938: 1038; Mori & Kallunki, 1977: 76.

Phyllonoma ruscifolia Willdenow ex Schultes
Syn. *Dulongia acuminata* H.B.K., *Dulongia integerrima* Turczaninow, *Phyllonoma integerrima* (Turczaninow) Loesener
Ref. FP 13(2/3) 1938: 1038; Mori & Kallunki, 1977: 76.
Shrub or treelet. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 4761 (F)
Depts.: LI, SM

Phyllonoma weberbaueri Engler
Ref. FP 13(2/3) 1938: 1038; Mori & Kallunki, 1977: 82.
Shrub. Andean II: forests. 2000-3000 m.
Voucher: Weberbauer 1322* (B photo F!), Dudley 10816 (MO!)
Depts.: PU

Rebis discolor Spach =Ribes albifolium R. & P.
Ref. FP 13(2/3) 1938: 1019.

Rebis macrobotrys Spach =Ribes macrobotrys R. & P.
Ref. FP 13(2/3) 1938: 1022.

Ribes albifolium R. & P.
Syn. *Rebis discolor* Spach
Ref. FP 13(2/3) 1938: 1019.
Endemic tree.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Núñez 8343 (MO!)
Depts.: CU, HU

Ribes bolivianum Janczewski
Ref. FP 13(2/3) 1938: 1019.
Andean II-III. 3000-4000 m.
Voucher: Hoogte 1873 (MO!)
Depts.: CU, PU

Ribes brachybotrys (Weddell) Janczewski
Syn. *Ribes sucheziense* Janczewski, *Ribes viscosum* var. *brachybotrys* Weddell
Ref. FP 13(2/3) 1938: 1019.
Shrub or tree. Andean II-III: forests, rocky slopes. 2500- > 4500 m.
Voucher: Weddell 4389* (P photo F!), Vargas 374 (MO!)
Depts.: CU, PU

Ribes cuneifolium R. & P.
Ref. FP 13(2/3) 1938: 1020.
Shrub or tree. Andean III. 3500- > 4500 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Stein 1996 (MO!)
Depts.: AN, AP, CU, JU, LL

Ribes dombeyanum Spach =Ribes viscosum R. & P.
Ref. FP 13(2/3) 1938: 1024.

Ribes elegans Janczewski
Ref. FP 13(2/3) 1938: 1020.
Endemic shrub or tree. Andean II. 2500-3500 m.
Voucher: Weberbauer 3306* (B photo F!), Díaz 3003 (MO!)
Depts.: HU, LA, PI

Ribes glandulosum R. & P. =Ribes viscosum R. & P.
Ref. FP 13(2/3) 1938: 1024.

Ribes hirticaule J. F. Macbride
Ref. FP 13(2/3) 1938: 1021.
Endemic. Andean II: shrublands. 3000-3500 m.
Voucher: Weberbauer 7529* (F)
Depts.: AY

Ribes incarnatum Weddell
Ref. FP 13(2/3) 1938: 1021.
Endemic shrub, subshrub or vine. Andean II-III. 2500-4500 m.
Voucher: Weddell s.n.*, Vargas 2250 (MO!)
Depts.: CU, PA

Ribes incertum J. F. Macbride
Ref. FP 13(2/3) 1938: 1021.
Endemic. Andean III. 4000- > 4500 m.
Voucher: Macbride & Featherstone 2493* (F), Weberbauer 7226
Depts.: AN

Ribes macrobotrys R. & P.
Syn. *Rebis macrobotrys* Spach
Ref. FP 13(2/3) 1938: 1022.
Endemic shrub. Andean II-III: disturbed areas, forests, rocky slopes. 3000-4000 m.
Note: This taxon may include more than one species.
Voucher: Ruiz & Pavón s.n.*, Smith 6133 (MO!)
Depts.: AM, HU, JU, PA

Ribes macrostachyum Janczewski
Ref. FP 13(2/3) 1938: 1022.
Endemic shrub. Andean III. 4000-4500 m.
Voucher: Mathews s.n.* (G photo F!)
Depts.: AM, AN

Ribes ovalifolium Janczewski
Ref. FP 13(2/3) 1938: 1022.
Endemic shrub. Andean III: forests. 3500-4000 m.
Voucher: Weberbauer 2771* (B photo F!), Gentry 21637 (MO!)
Depts.: AN, LI

Ribes pentlandii Britton
Ref. FP 13(2/3) 1938: 1023.
Voucher: Mathews s.n. (K)
Depts.: LI

Ribes peruvianum Janczewski
Ref. FP 13(2/3) 1938: 1023.
Endemic. Andean II-III. 2500-4000 m.
Voucher: Weberbauer 3723* (B), West 8101 (MO!)
Depts.: AN, CA, HU, LI, LL

Ribes praecox J. F. Macbride
Ref. FP 13(2/3) 1938: 1023.
Endemic shrub or tree. Andean II. 2000-2500 m.
Voucher: Macbride & Featherstone 2251* (F)
Depts.: HU

Ribes sucheziense Janczewski =Ribes brachybotrys (Weddell) Janczewski
Ref. FP 13(2/3) 1938: 1019.

Ribes viscosum R. & P.
Syn. *Coreosma dombeyana* Spach, *Ribes dombeyanum* Spach, *Ribes glandulosum* R. & P.
Ref. FP 13(2/3) 1938: 1024.
Shrub. Andean II-III: shrublands. 3000-4500 m.
Voucher: Dombey 720* (G photo F!), Smith 9265 (MO!)
Depts.: AN, JU, LI, PA

Ribes viscosum var. *brachybotrys* Weddell =Ribes brachybotrys (Weddell) Janczewski
Ref. FP 13(2/3) 1938: 1019.

Ribes weberbaueri Janczewski
Ref. FP 13(2/3) 1938: 1025.
Shrub. Andean III: elfin forests, grasslands, rocky slopes, shrublands. 3500- > 4500 m.
Voucher: Weberbauer 4064* (B photo F!), Smith 11573 (MO!)
Depts.: AN, CA, LL

Stereoxylon corymbosum R. & P. =Escallonia corymbosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1027; Sleumer, 1968: 35.

Stereoxylon cuneifolium R. & P. =Escallonia cuneifolia (R. & P.) Roemer & Schultes
Ref. FP 13(2/3) 1938: 1027.

Stereoxylon paniculatum R. & P. =Escallonia paniculata (R. & P.) Schultes
Ref. FP 13(2/3) 1938: 1029; Sleumer, 1968: 117.

Stereoxylon patens R. & P. =Escallonia myrtilloides var. patens (R. & P.) Sleumer
Ref. FP 13(2/3) 1938: 1030; Sleumer, 1968: 39.

Stereoxylon pendulum R. & P. =Escallonia pendula (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1030; Sleumer, 1968: 119.

Stereoxylon resinosum R. & P. =Escallonia resinosa (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 1032.

Haemodoraceae

1 genus and 1 species in Peru.

Prepared by J. L. Zarucchi.

Xiphidium album Willdenow =Xiphidium caeruleum Aublet
Ref. FP 1188: 631; Villaroel, 1971: 211.

Xiphidium caeruleum Aublet
Syn. *Xiphidium album* Willdenow
Ref. Villaroel, 1971: 208; Simpson, 1990: 732.
Herb. Amazonian, Andean I: riversides, seasonally inundated areas. 0-1500 m.
Note: Often spelled as "*coeruleum*." The orthography used here follows that of Maas (pers. comm.).
Voucher: Barbour 5125 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Haloragaceae

2 genera and 8 species in Peru.

Endemic species: 3.

Prepared by L. Brako and J. L. Zarucchi.

Enydria aquatica Vell. Conc.
=Myriophyllum aquaticum (Vell. Conc.) Verdcourt
Ref. Verdcourt, 1973: 36; Orchard, 1981: 33.

Gunnera annae Schindler
Ref. FP 13(5/1) 1959: 4; Mora, 1984: 54.
Endemic herb. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3721* (B)
Depts.: HU

Gunnera bolivarü J. F. Macbride
Ref. FP 13(5/1) 1959: 5; Mora, 1984: 54.
Endemic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Pennell 13989* (F)
Depts.: CU

Gunnera magellanica Lamarck
Ref. FP 13(5/1) 1959: 5; Mora, 1984: 54.
Herb. Andean II: forests. 2000-3000 m.
Voucher: Stafford 992 (F!)
Depts.: AM, CU, SM

Gunnera margaretae Schindler
Ref. FP 13(5/1) 1959: 5; Mora, 1984: 54.
Herb. Andean II. 2500-3000 m.
Voucher: Weberbauer 4087* (B), West 7090 (F)
Depts.: CA, CU

Gunnera peruviana J. F. Macbride
Ref. FP 13(5/1) 1959: 6; Mora, 1984: 54.
Endemic herb. Andean II. 1500-2000 m.
Voucher: Macbride & Featherstone 3583* (F), Dillon 2590 (F!)
Depts.: HU

[Gunnera rheifolia Schindler]
Ref. FP 13(5/1) 1959: 7.
Note: Not known from Peru with certainty; the type, *Dombey 924*, is possibly from Chile.

[*Haloragis tetrandra* Schott ex Sprengel =Laurembergia tetrandra (Schott ex Sprengel) Kanitz]
Ref. FP 13(5/1) 1959: 7.
Note: Not known from Peru.

[Laurembergia tetrandra (Schott ex Sprengel) Kanitz]
Syn. *Haloragis tetrandra* Schott ex Sprengel
Ref. FP 13(5/1) 1959: 7.
Note: Not known from Peru.

Myriophyllum aquaticum (Vell. Conc.) Verdcourt
Syn. *Enydria aquatica* Vell. Conc.
Ref. Verdcourt, 1973: 36; Orchard, 1981: 33.
Aquatic herb. Andean III. 3500-4000 m.
Voucher: Vargas 13527 (US)
Depts.: CU

Myriophyllum elatinoides Gaudichaud =Myriophyllum quitense H.B.K.
Ref. FP 13(5/1) 1959: 8; Mora, 1984: 64; Orchard, 1981: 28.

Myriophyllum mattogrossensis Haenke
Ref. Orchard, 1981: 37.
Aquatic herb. Amazonian. 0-500 m.
Voucher: Schunke 3598 (F)
Depts.: SM

Myriophyllum quitense H.B.K.
Syn. *Myriophyllum elatinoides* Gaudichaud, *Myriophyllum titikakense* Remy
Ref. Mora, 1984: 64; Orchard, 1981: 28.
Aquatic herb. Andean I-II. 1500-2000 m.
Voucher: López *et al.* 8326 (F!)
Depts.: AN, CU, JU, LI, LO, PU

Myriophyllum titikakense Remy =Myriophyllum quitense H.B.K.
Ref. FP 13(5/1) 1959: 8; Mora, 1984: 64; Orchard, 1981: 28.

Heliconiaceae

1 genus and 35 species in Peru.

Endemic species: 7.

Treated in the Musaceae in the Flora of Peru.

Prepared by L. Brako; reviewed by W. J. Kress (US).

Bihai marginata Griggs =Heliconia marginata (Griggs) Pittier

Heliconia acuminata A. Richard var. **acuminata**
Ref. FP 13(1/3) 1936: 720; Andersson, 1985b: 56.
Note: Specimens cited under this name in the Flora of Peru are not separated into subspecies and have not been relocated.

Heliconia acuminata subsp. **immaculata** L. Andersson
Ref. Andersson, 1985b: 62.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Barbour 4975* (MO!), Barbour 4922 (MO!)
Depts.: MD

Heliconia acuminata subsp. **occidentalis** L. Andersson
Syn. *Heliconia roseoflava* Loesener
Ref. Andersson, 1985b: 61.
Herb. Amazonian: forests, riversides. 0-500 m.
Voucher: Ule 9184* (B photo F), Vásquez *et al.* 7456 (MO!)
Depts.: LO, MD, SM

Heliconia acuminata subsp. **psittacorastra** L. Andersson
Ref. Andersson, 1985b: 63.
Herb. Amazonian: forests. 0-500 m.
Voucher: Croat 17651* (MO!), Díaz & Jaramillo 251 (MO!)
Depts.: HU, LO, UC

Heliconia aemygdiana Burle Marx subsp. **aemygdiana**
Ref. Andersson, 1985b: 38.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Ancuash 115 (MO!)
Depts.: AM, HU, JU, PA, PU

Heliconia affinis Loesener =Heliconia subulata subsp. subulata
Ref. FP 13(1/3) 1936: 721; Andersson, 1985b: 87.

Heliconia andina Abalo & Morales =Heliconia dielsiana Loesener
Ref. Berry & Kress, 1991: 229.

Heliconia appariciοi Barreiros
Ref. Andersson, 1985b: 108.
Herb. Amazonian: forests. 0-500 m.
Voucher: Balick & Allon 1083 (MO!)
Depts.: LO, MD, PA

Heliconia aureo-rosea Loesener =Heliconia schumanniana Loesener
Ref. FP 13(1/3) 1936: 721; Andersson, 1985b: 106.

[Heliconia bihai (L.) L.]
Ref. FP 13(1/3) 1936: 721; Andersson, 1981: 777.
Note: Not known from Peru. According to Andersson (1981) *H. bihai* as used in the Flora of Peru is a synonym of *H. stricta* Huber.

[Heliconia brasiliensis Hooker]
Ref. FP 13(1/3) 1936: 721; Andersson, 1985b: 81.
Note: Not known from Peru. Specimens cited under this name in the Flora of Peru are redetermined by Andersson (1985b) as *H. lasiorachis* except for *Williams 3718*, which is *H. velutina*.

[*Heliconia cannoidea* A. Richard =Heliconia psittacorum L. f.]
Ref. FP 13(1/3) 1936: 722; Andersson, 1985b: 50.
Note: Not known form Peru. Specimens cited in the Flora of Peru are redetermined by Andersson (1985b) as *H. hirsuta*.

Heliconia chartacea Lane ex Barreiros
Ref. Berry & Kress, 1991: 247.
Shrub. Amazonian, Andean I: forests, disturbed areas, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Kayap 130 (MO!)
Depts.: AM, LO, PA, SM, UC

Heliconia densiflora Verlot subsp. **densiflora**
Ref. Andersson, 1985b: 75.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Barbour 5713 (MO!)
Depts.: CU, MD

Heliconia dielsiana Loesener
Syn. *Heliconia andina* Abalo & Morales.
Ref. Loesener, 1937: 70; Berry & Kress, 1991: 229.
Herb. Andean II: cloud forests. 1500-2000 m.
Voucher: Barbour 2392 (MO!)
Depts.: AM

Heliconia episcopalis Vell. Conc.
Ref. FP 13(1/3) 1936: 722; Andersson, 1992: 34.
Herb. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 31208 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Heliconia fugax L. Andersson
Ref. Andersson, 1985b: 43.
Endemic herb. Andean I-II: disturbed areas, forests. 1000-2000 m.
Voucher: Davidson & Jones 9397 (LAM)
Depts.: HU

Heliconia gloriosa J. E. Abalo & G. Morales
Ref. Abalo & Morales, 1991: 156.
Endemic herb. Andean I. 1000-1500 m.
Note: Type based on cultivated material grown in Brazil of Peruvian origin.
Voucher: Morales & Abalo, 1362* (MOL, MY)
Depts.: CU

Heliconia hirsuta L. f.
Syn. *Limnocharis haenkei* Presl (Limnocharitaceae)
Ref. FP 13(1/3) 1936: 722; Andersson, 1985b: 100.
Herb. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Croat S1046 (MO!)
Depts.: AM, AY, CU, HU, JU, LL, LO, MD, PA, PU, SM, UC

Heliconia julianii Barreiros
Ref. Barreiros, 1976: 130.
Herb. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Ayala 2849 (MO!)
Depts.: JU, LO

Heliconia juruana Loesener
Herb. Amazonian: forests. 0-500 m.
Voucher: Croat 20186 (MO!)
Depts.: LO, SM, UC

Heliconia lasiorachis L. Andersson
Ref. Andersson, 1985b: 82.
Herb. Amazonian: disturbed areas, forests on white sand. 0-500 m.
Voucher: Andersson 6* (GB), Díaz *et al.* 530 (MO!)
Depts.: LO, MD

Heliconia latispatha Bentham
Ref. Andersson, 1992: 46.
Herb. Amazonian: forests. 0-500 m.
Voucher: Spichiger & Encarnación 1076 (MO!)
Depts.: LO

Heliconia lingulata R. & P.
Syn. *Heliconia weberbaueri* Loesener
Ref. FP 13(1/3) 1936: 722; Andersson, 1985b: 30.
Herb. Amazonian, Andean I. 0-1500 m.
Voucher: Gentry *et al.* 26727 (MO!)
Depts.: AY, CU, HU, JU, LO, MD, PA, SM, UC

Heliconia lourteigiae Emygdio & Santos
Ref. Andersson, 1992: 39.
Herb. Amazonian: forests. 0-500 m.
Note: Published as "*lourteigii*."
Voucher: Plowman *et al.* 6602 (F!)
Depts.: LO

Heliconia marginata (Griggs) Pittier
Syn. *Bihai marginata* Griggs
Ref. Berry & Kress, 1991: 253.
Herb. Amazonian: forests, seasonally inundated areas, riversides. 0-500 m.
Voucher: Croat 17870 (MO!)
Depts.: HU, LO, MD

Heliconia metallica Planchon & Linden ex Hooker
Ref. Andersson, 1985b: 96.
Herb. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Croat 17901 (MO!)
Depts.: HU, LO, MD, SM, UC

Heliconia obscura Dodson & A. Gentry subsp. **fusca** L. Andersson
Ref. Andersson, 1985b: 71.
Herb. Andean I: riversides. 500-1000 m.
Voucher: Maas *et al.* 6094 (U, USM!)
Depts.: PU

Heliconia obscuroides L. Andersson
Ref. Andersson, 1985b: 71.
Herb. Andean I: 500-1000 m.
Voucher: Gentry *et al.* 37901A (MO!)
Depts.: SM

Heliconia ortotricha L. Andersson
Ref. Andersson, 1981: 781.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Berlin 935 (MO!)
Depts.: AM, HU, LO, SM, UC

Heliconia penduloides Loesener
Ref. FP 13(1/3) 1936: 723.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Weberbauer 6759* (B, MOL!), Smith 3970 (MO!)
Depts.: HU, PA, SM

Heliconia poeppigiana Eichler ex Petersen =Heliconia rostrata R. & P.
Ref. FP 13(1/3) 1936: 723.

Heliconia pruinosa Loesener
Ref. FP 13(1/3) 1936: 723.
Endemic herb. Andean I. 500-1000 m.
Voucher: Weberbauer 1216* (B), McDaniel & Rimachi 17921 (F!)
Depts.: CU, LO, PU

[Heliconia psittacorum L. f.]
Ref. FP 13(1/3) 1936: 723; Andersson, 1985b: 63.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Andersson (1985b) as *H. acuminata* subsp. *psittacorastrum*. This name as used in the Flora of Peru is a synonym of *H. acuminata* subsp. *occidentalis*.

Heliconia psittacorum var. *subulata* Baker =Heliconia subulata subsp. subulata
Ref. FP 13(1/3) 1936: 725; Andersson, 1985b: 87.

Heliconia roseoflava Loesener =Heliconia acuminata subsp. occidentalis L. Andersson
Ref. FP 13(1/3) 1936: 723; Andersson, 1985b: 61.

Heliconia rostrata R. & P.
Syn. *Heliconia poeppigiana* Eichler ex Petersen
Ref. FP 13(1/3) 1936: 723; Berry & Kress, 1991: 227.
Endemic herb. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Poeppig s.n.* (W), Vásquez *et al.* 3126 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Heliconia scarlatina Abalo & Morales
Ref. Andersson, 1985b: 40.
Herb. Andean II: cloud forests, riversides. 1500-2500 m.
Voucher: Barbour 2628 (MO!)
Depts.: AM, CA, SM

Heliconia schumanniana Loesener
Syn. *Heliconia aureo-rosea* Loesener, *Heliconia schumanniana* fo. *acreana* (Loesener) J. F. Macbride, *Heliconia schumanniana* fo. *apicirubra* (Loesener) J. F. Macbride, *Heliconia schumanniana* var. *basirubra* Loesener, *Heliconia uleana* Loesener
Ref. FP 13(1/3) 1936: 724; Andersson, 1985b: 106.
Herb. Amazonian, Andean I. 0-1500 m.
Voucher: Weberbauer 3703* (B), Huashikat 840 (MO!)
Depts.: AM, HU, LO, MD, SM

Heliconia schumanniana fo. *acreana* (Loesener) J. F. Macbride =Heliconia schumanniana Loesener
Ref. FP 13(1/3) 1936: 724; Andersson, 1985b: 106.

Heliconia schumanniana fo. *apicirubra* (Loesener) J. F. Macbride =Heliconia schumanniana Loesener
Ref. FP 13(1/3) 1936: 724; Andersson, 1985b: 106.

Heliconia schumanniana var. *basirubra* Loesener =Heliconia schumanniana Loesener
Ref. FP 13(1/3) 1936: 724; Andersson, 1985b: 106.

Heliconia spathocircinata Aristeguieta
Ref. Andersson, 1992: 53.
Herb. Amazonian, Andean I. 0-1000 m.

Note: Published as "*spatho-circinata.*"
Voucher: Gentry *et al.* 25594 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Heliconia standleyi J. F. Macbride
Ref. FP 13(1/3) 1936: 724; Berry & Kress, 1991: 233.
Endemic herb. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Killip & Smith 27444* (US!), Gentry *et al.* 15681 (MO!)
Depts.: LO

Heliconia stricta Huber
Ref. FP 13(1/3) 1936: 724; Andersson, 1981: 776; Andersson, 1992: 36.
Herb. Amazonian, Andean I: disturbed areas, forests, swamps. 0-1500 m.
Voucher: Huber 2038* (MG), Croat 17842 (MO!)
Depts.: AM, AY, HU, JU, LO, MD, PU, SM

Heliconia subulata R. & P. subsp. **subulata**
Syn. *Heliconia affinis* Loesener, *Heliconia psittacorum* var. *subulata* Baker
Ref. FP 13(1/3) 1936: 725; Andersson, 1985b: 87.
Herb. Andean I-II: disturbed areas, forests, riversides. 500-2500 m.
Voucher: Dillon 2626 (MO!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PU, UC

Heliconia tenebrosa J. F. Macbride
Ref. FP 13(1/3) 1936: 725; Andersson, 1992: 40.
Herb. Amazonian: forests. 0-500 m.
Voucher: Klug 1089* (F), Gentry *et al.* 29143 (MO!)
Depts.: LO

Heliconia timothei L. Andersson
Ref. Andersson, 1985b: 66.
Herb. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Ayala 688 (MO!)
Depts.: LO

Heliconia uleana Loesener =Heliconia schumanniana Loesener
Ref. FP 13(1/3) 1936: 725; Andersson, 1985b: 107.

Heliconia variegata Loesener, nom. illeg. =Heliconia zebrina Plowman, Kress & H. Kennedy
Ref. FP 13(1/3) 1936: 725; Andersson, 1985b: 43.

Heliconia vellerigera Poeppig
Ref. FP 13(1/3) 1936: 725; Berry & Kress, 1991: 238.
Endemic herb. Andean I. 500-1000 m.
Voucher: Poeppig s.n.* (W photo F!), Knapp & Mallet 8419 (MO!)
Depts.: AM, HU, SM

Heliconia velutina L. Andersson
Ref. Andersson, 1985b: 81.
Herb. Amazonian, Andean I: forests on white sand, terra firme forests. 0-1000 m.
Voucher: Schunke 4776 (MO!)
Depts.: AM, LO, MD, PA, SM

Heliconia weberbaueri Loesener =Heliconia lingulata R. & P.
Ref. FP 13(1/3) 1936: 725; Andersson, 1985b: 30.

Heliconia zebrina Plowman, Kress & H. Kennedy
Syn. *Heliconia variegata* Loesener, nom. illeg.
Ref. Andersson, 1985b: 43.
Endemic herb. Amazonian, Andean I-II: forests, riversides, rocky slopes. 0-2000 m.
Voucher: Weberbauer 6766* (B destroyed, MOL!), Schunke 6953 (MO!)
Depts.: HU, LO, SM, UC

Hernandiaceae

1 genus and 3 species in Peru.

Endemic species: 1.

Prepared by A. Pool (MO).

Sparattanthelium acreanum Pilger
Ref. FP 13 (2/3) 1938: 932; Kubitzki, 1969: 204.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 19565 (MO!)
Depts.: MD

[Sparattanthelium amazonum C. Martius]
Ref. FP 13 (2/3) 1938: 932; Burger, 1990: 134.
Note: Not known from Peru. This name as used in the Flora of Peru is actually *S. glabrum* (Kubitzki, 1969).

Sparattanthelium atrum Pilger =Sparattanthelium glabrum Rusby
Ref. FP 13 (2/3) 1938: 932; Kubitzki, 1969: 198.

Sparattanthelium glabrum Rusby
Syn. *Sparattanthelium atrum* Pilger
Ref. Kubitzki, 1969: 200.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 2539 (MO!)
Depts.: HU, LO, SM

Sparattanthelium sprucei Rusby =Sparattanthelium tarapotanum Meissner
Ref. FP 13 (2/3) 1938: 933; Kubitzki, 1969: 198.

Sparattanthelium tarapotanum Meissner
Syn. *Sparattanthelium sprucei* Rusby
Ref. FP 13 (2/3) 1938: 933; Kubitzki, 1969: 198.
Endemic liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce 4222* (K), Klug 4233 (MO!)
Depts.: LO, MD, SM

Hippocrateaceae

9 genera and 48 species in Peru.

Endemic species: 6.

Prepared by J. P. Talbot (MO).

Anthodon decussatum R. & P.
Syn. *Hippocratea anthodon* Persoon, *Hippocratea decussata* (R. & P.) Peyritsch, *Salacia decussata* (R. & P.) G. Don, *Tonsella decussata* (R. & P.) M. Vahl, *Tontelea decussata* (R. & P.) Poiret
Ref. FP 13(3A/1) 1951: 219.
Liana. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Ruiz 13335* (B photo F!), Foster 5673 (MO!)
Depts.: HU, LO, MD, SM

Anthodon grandiflorus Bentham =Salacia impressifolia (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 212.

Cheiloclinium anomalum Miers
Syn. *Salacia anomala* (Miers) Peyritsch
Ref. FP 13(3A/1) 1951: 202; van Roosmalen, 1985: 76.
Liana. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez 5019 (MO!)
Depts.: LO, MD, UC

Cheiloclinium articulatum (A. C. Smith) A. C. Smith
Syn. *Salacia articulata* A. C. Smith
Ref. A. C. Smith, 1940a: 534.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: van der Werff *et al.* 10064 (MO!)
Depts.: LO

Cheiloclinium cognatum (Miers) A. C. Smith
Syn. *Kippistia cognata* Miers
Ref. FP 13(3A/1) 1951: 203; Dodson & Robyns, 1965: 84; van Roosmalen, 1985: 76.
Liana, shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 3851 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Cheiloclinium hippocrateoides (Peyritsch) A. C. Smith
Syn. *Salacia hippocrateoides* Peyritsch
Ref. FP 13(3A/1) 1951: 203; van Roosmalen, 1985: 76.
Liana. Amazonian, Andean I-II: forests on white sand, terra firme forests. 0-2000 m.
Voucher: Schunke 4073 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Cheiloclinium klugii A. C. Smith
Ref. FP 13(3A/1) 1951: 204.
Liana. Amazonian, Andean I: forests on white sand, seasonally inundated areas. 0-1500 m.

Voucher: Klug 3689* (NY), Vásquez *et al.* 7376A (MO!)
Depts.: LO, MD, SM

Cheiloclinium krukovii (A. C. Smith) A. C. Smith
Syn. *Salacia krukovii* A. C. Smith
Ref. A. C. Smith, 1940a: 544
Liana. Andean I: forests. 500-1000 m.
Voucher: Gentry 36061 (MO!)
Depts.: PA

Cheiloclinium lineolatum (A. C. Smith) A. C. Smith
Syn. *Salacia lineolata* A. C. Smith
Ref. A. C. Smith, 1940a: 533; van Roosmalen, 1985: 76.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 18465 (MO!)
Depts.: LO, UC

Cheiloclinium obtusum A. C. Smith
Ref. FP 13(3A/1) 1951: 204.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 381* (NY)
Depts.: LO

Cheiloclinium pendunculatum (A. C. Smith) A. C. Smith
Syn. *Salacia pedunculata* A. C. Smith
Ref. A. C. Smith, 1940a: 538.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry 18577 (MO!)
Depts.: LO

Cuervea kappleriana (Miquel) A. C. Smith
Syn. *Hippocratea kappleriana* Miquel
Ref. FP 13(3A/1) 1951: 217; van Roosmalen, 1985: 76.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: McDaniel & Rimachi 17294 (MO!)
Depts.: LO

Cuervea ovalifolia Miers =Tontelea ovalifolia subsp. ovalifolia
Ref. A. C. Smith, 1940a: 476.

Hippocratea andina (Miers) J. F. Macbride =Pristimera andina Miers
Ref. FP 13(3A/1) 1951: 217.

Hippocratea anthodon Persoon =Anthodon decussatum R. & P.
Ref. FP 13(3A/1) 1951: 219.

Hippocratea comosa Swartz =Hylenaea comosa (Swartz) Miers
Ref. A. C. Smith, 1940a: 407.

Hippocratea copiosiflora Miers =Hippocratea volubilis L.
Ref. FP 13(3A/1) 1951: 219.

Hippocratea decussata (R. & P.) Peyritsch =Anthodon decussatum R. & P.
Ref. FP 13(3A/1) 1951: 220.

Hippocratea huanucana Loesener =Peritassa huanucana (Loesener) A. C. Smith
Ref. FP 13(3A/1) 1951: 206.

Hippocratea kappleriana Miquel =Cuervea kappleriana (Miquel) A. C. Smith
Ref. FP 13(3A/1) 1951: 217.

Hippocratea multiflora Lamarck =Salacia multiflora (Lamarck) DC.
Ref. A. C. Smith, 1940a: 441.

Hippocratea nervosa (Miers) J. F. Macbride =Pristimera nervosa (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 218.

Hippocratea opacifolia J. F. Macbride =Salacia opacifolia (J. F. Macbride) A. C. Smith
Ref. FP 13(3A/1) 1951: 214.

Hippocratea ovata Lamarck =Hippocratea volubilis L.
Ref. FP 13(3A/1) 1951: 219; Dodson & Robyns, 1965: 96.

Hippocratea perspicua Miers =Hippocratea volubilis L.
Ref. FP 13(3A/1) 1951: 219.

Hippocratea tenuiflora C. Martius ex Peyritsch =Pristimera tenuiflora (C. Martius ex Peyritsch) A. C. Smith
Ref. FP 13(3A/1) 1951: 218.

Hippocratea ulei Loesener =Pristimera nervosa (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 218.

Hippocratea viridis R. & P. =Hippocratea volubilis L.
Ref. FP 13(3A/1) 1951: 219.

Hippocratea volubilis L.
Syn. *Hippocratea copiosiflora* Miers, *Hippocratea ovata* Lamarck, *Hippocratea perspicua* Miers, *Hippocratea viridis* R. & P.
Ref. FP 13(3A/1) 1951: 219; Dodson & Robyns, 1965: 96; van Roosmalen, 1985: 78.
Liana. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-3000 m.
Voucher: Woytkowski 6837 (MO!)
Depts.: AM, CA, HU, JU, LO, MD, SM, UC

Hylenaea comosa (Swartz) Miers
Syn. *Hippocratea comosa* Swartz
Ref. A. C. Smith, 1940a: 407; van Roosmalen, 1985: 78.
Liana or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 10330 (MO!)
Depts.: LO

Hylenaea praecelsa (Miers) A. C. Smith
Syn. *Tyloderma praecelsa* Miers
Ref. Dodson & Robyns, 1965: 90; A. C. Smith, 1940a: 410.
Liana. Amazonian: forests on white sand, seasonally inundated areas. 0-500 m.
Voucher: Gentry 43163 (MO!)
Depts.: LO

Kippistia cognata Miers =Cheiloclinium cognatum (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 203; Dodson & Robyns, 1965: 84.

Peritassa bullata A. C. Smith
Ref. FP 13(3A/1) 1951: 205.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2298* (MO!)
Depts.: LO

Peritassa dulcis (Bentham) Miers
Syn. *Salacia colasi* Benoist, *Salacia dulcis* Bentham
Ref. FP 13(3A/1) 1951: 205.
Liana, shrub or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Revilla *et al.* 2478 (MO!)
Depts.: LO, PA

Peritassa huanucana (Loesener) A. C. Smith
Syn. *Hippocratea huanucana* Loesener
Ref. FP 13(3A/1) 1951: 206; van Roosmalen, 1985: 80.
Liana or shrub. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Weberbauer 4575* (B photo F!), Foster 8781 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Peritassa killipii A. C. Smith
Ref. FP 13(3A/1) 1951: 207.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 27777* (NY)
Depts.: LO

Peritassa laevigata (Hoffmannsegg ex Link) A. C. Smith
Syn. *Salacia amazonica* Loesener, *Salacia laevigata* (Hoffmannsegg ex Link) DC., *Tonsella laevigata* Hoffmannsegg ex Link
Ref. FP 13(3A/1) 1951: 207.
Liana. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Revilla 194 (MO!)
Depts.: HU, LO, SM

Peritassa peruviana (Miers) A. C. Smith
Syn. *Sicyomorpha peruviana* Miers
Ref. FP 13(3A/1) 1951: 207.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry 45961 (MO!)
Depts.: LO, MD

Pristimera andina Miers
Syn. *Hippocratea andina* (Miers) J. F. Macbride

Ref. FP 13(3A/1) 1951: 217.
Liana. Amazonian: forests. 0-500 m.
Voucher: Pearce s.n.* (K), Foster 7087 (F!)
Depts.: MD

Pristimera nervosa (Miers) A. C. Smith
Syn. *Hippocratea nervosa* (Miers) J. F. Macbride, *Hippocratea ulei* Loesener, *Sicyomorpha nervosa* Miers
Ref. FP 13(3A/1) 1951: 218; Dodson & Robyns, 1965: 95; van Roosmalen, 1985: 80.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Spruce 4486* (NY), Barbour 5745 (MO!)
Depts.: CU, LO, MD, SM

Pristimera tenuiflora (C. Martius ex Peyritsch) A. C. Smith
Syn. *Hippocratea tenuiflora* C. Martius ex Peyritsch
Ref. FP 13(3A/1) 1951: 218.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 2554 (MO!)
Depts.: LO, MD

Raddia impressifolia Miers =Salacia impressifolia (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 212.

Salacia alwynii Mennega
Ref. Mennega, 1984: 84.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry & Jaramillo 28049* (MO!), Gentry & Jaramillo 54576 (MO!)
Depts.: LO

Salacia amazonica Loesener =Peritassa laevigata (Hoffmannsegg ex Link) A. C. Smith
Ref. FP 13(3A/1) 1951: 207.

Salacia anomala (Miers) Peyritsch =Cheiloclinium anomalum Miers
Ref. FP 13(3A/1) 1951: 202.

Salacia articulata A. C. Smith =Cheiloclinium articulatum (A. C. Smith) A. C. Smith
Ref. A. C. Smith, 1940a: 534.

Salacia attenuata (Miers) Peyritsch =Tontelea attenuata Miers
Ref. FP 13(3A/1) 1951: 210.

Salacia caloneura A. C. Smith
Ref. A. C. Smith, 1940a: 460.
Liana. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7573 (MO!)
Depts.: LO, MD

Salacia cauliflora A. C. Smith
Ref. A. C. Smith, 1940a: 457.
Liana. Amazonian: forests. 0-500 m.
Voucher: van der Werff *et al.* 10132 (MO!)
Depts.: LO

Salacia colasi Benoist =Peritassa dulcis (Bentham) Miers
Ref. FP 13(3A/1) 1951: 205.

Salacia congestiflora A. C. Smith =Tontelea congestiflora (A. C. Smith) A. C. Smith
Ref. A. C. Smith, 1940a: 496.

Salacia coriaceae (A. C. Smith) J. F. Macbride =Tontelea coriacea A. C. Smith
Ref. FP 13(3A/1) 1951: 210.

Salacia corymbosa Huber =Tontelea corymbosa (Huber) A. C. Smith
Ref. FP 13(3A/1) 1951: 211.

Salacia cuspidata A. C. Smith
Ref. A. C. Smith, 1940a: 431.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Revilla 1935 (MO!)
Depts.: LO

Salacia decussata (R. & P.) G. Don =Anthodon decussatum R. & P.
Ref. FP 13(3A/1) 1951: 220.

Salacia divergens (A. C. Smith) J. F. Macbride =Tontelea divergens A. C. Smith
Ref. FP 13(3A/1) 1951: 211.

Salacia dulcis Bentham =Peritassa dulcis (Bentham) Miers
Ref. FP 13(3A/1) 1951: 205.

Salacia emarginata (A. C. Smith) J. F. Macbride =Tontelea emarginata A. C. Smith
Ref. FP 13 (3A/1) 1951: 211.

Salacia fluminensis Peyritsch =Tontelea ovalifolia subsp. richardii (Peyritsch) Goerts & Mennega
Ref. FP 13(3A/1) 1951: 212; Mennega, 1992: 233.

Salacia gigantea Loesener
Ref. A. C. Smith, 1940a: 450.
Liana, shrub or treelet. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Gentry *et al.* 45820 (MO!)
Depts.: LO, MD, SM

Salacia gracilis A. C. Smith =Salacia opacifolia (J. F. Macbride) A. C. Smith
Ref. FP 13(3A/1) 1951: 214.

Salacia grandiflora (Bentham) Peyritsch =Salacia impressifolia (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 212.

Salacia hippocrateoides Peyritsch =Cheiloclinium hippocrateoides (Peyritsch) A. C. Smith
Ref. FP 13(3A/1) 1951: 203.

Salacia impressifolia (Miers) A. C. Smith
Syn. *Anthodon grandiflorus* Bentham, *Raddia impressifolia* Miers, *Salacia grandiflora* (Bentham) Peyritsch
Ref. FP 13(3A/1) 1951: 212; van Roosmalen, 1985: 82.
Liana or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 18483 (MO!)
Depts.: JU, LO

Salacia insignis A. C. Smith
Ref. FP 13(3A/1) 1951: 213; van Roosmalen, 1985: 82.
Liana or tree. Amazonian: forests. 0-500 m.
Voucher: Klug 74* (NY), Ramírez 97 (MO!)
Depts.: AM, LO

Salacia juruana Loesener
Ref. FP 13(3A/1) 1951: 213.
Liana, tree or treelet. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7888 (MO!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Salacia krukovii A. C. Smith =Cheiloclinium krukovii (A. C. Smtih) A. C. Smith
Ref. A. C. Smith, 1940a: 544.

Salacia laevigata (Hoffmannsegg ex Link) DC. =Peritassa laevigata (Hoffmannsegg ex Link) A. C. Smith
Ref. FP 13(3A/1) 1951: 207.

Salacia lineolata A. C. Smith =Cheiloclinium lineolatum (A. C. Smith) A. C. Smith
Ref. A. C. Smith, 1940a: 533.

Salacia macrantha A. C. Smith
Ref. FP 13(3A/1) 1951: 213.
Liana or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 43199 (MO!)
Depts.: LO, MD, SM, UC

Salacia multiflora (Lamarck) DC.
Syn. *Hippocratea multiflora* Lamarck,
Ref. van Roosmalen, 1985: 82; Mennega, 1992: 232.
Liana. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Ayala *et al.* 3362 (MO!)
Depts.: LO, MD

Salacia myrsinoides (A. C. Smith) J. F. Macbride =Tontelea myrsinoides A. C. Smith
Ref. FP 13(3A/1) 1951: 214.

Salacia nectandrifolia A. C. Smith =Tontelea nectandrifolia (A. C. Smith) A. C. Smith
Ref. A. C. Smith, 1940a: 497.

Salacia opacifolia (J. F. Macbride) A. C. Smith
Syn. *Hippocratea opacifolia* J. F. Macbride, *Salacia gracilis* A. C. Smith
Ref. FP 13(3A/1) 1951: 214.
Liana or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 305* (F), Vásquez &

Jaramillo 502 (MO!)
Depts.: JU, LO, SM

Salacia pedunculata A. C. Smith
=Cheiloclinium pendunculatum (A. C. Smith) A. C. Smith
Ref. A. C. Smith, 1940a: 538.

Salacia richardii Peyritsch =Tontelea ovalifolia subsp. richardii (Peyritsch) Goerts & Mennega
Ref. Dodson & Robyns, 1965: 85; Mennega, 1992: 233.

Salacia solimoesensis A. C. Smith
Ref. A. C. Smith, 1940a: 457.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 27696 (MO!)
Depts.: LO

Salacia spectabilis A. C. Smith
Ref. FP 13(3A/1) 1951: 215.
Liana or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Killip & Smith 29416* (NY), Smith & Vásquez 4791 (MO!)
Depts.: JU, LO, SM

Salacia ulei Loesener
Ref. Mennega, 1992: 233.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 7027 (MO!, U)
Depts.: LO

Salacia weberbaueri (A. C. Smith) J. F. Macbride =Tontelea weberbaueri A. C. Smith
Ref. FP 13(3A/1) 1951: 215.

Sicyomorpha nervosa Miers =Pristimera nervosa (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 218.

Sicyomorpha peruviana Miers =Peritassa peruviana (Miers) A. C. Smith
Ref. FP 13(3A/1) 1951: 207.

Tonsella decussata (R. & P.) M. Vahl =Anthodon decussatum R. & P.
Ref. FP 13(3A/1) 1951: 219.

Tonsella laevigata Hoffmannsegg ex Link =Peritassa laevigata (Hoffmannsegg ex Link) A. C. Smith
Ref. FP 13(3A/1) 1951: 207.

Tontelea attenuata Miers
Syn. *Salacia attenuata* (Miers) Peyritsch
Ref. FP 13(3A/1) 1951: 210.
Liana or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1000 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Gentry *et al.* 18978 (MO!)
Depts.: CU, LO, MD

Tontelea congestiflora (A. C. Smith) A. C. Smith
Syn. *Salacia congestiflora* A. C. Smith
Ref. A. C. Smith, 1940a: 496.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 22378 (MO!)
Depts.: LO

Tontelea coriacea A. C. Smith
Syn. *Salacia coriaceae* (A. C. Smith) J. F. Macbride
Ref. FP 13(3A/1) 1951: 210.
Liana. Amazonian: forests on white sand. 0-500 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Castro 144 (MO!)
Depts.: AM, HU, LO

Tontelea corymbosa (Huber) A. C. Smith
Syn. *Salacia corymbosa* Huber
Ref. FP 13(3A/1) 1951: 211.
Endemic liana, tree or treelet. Amazonian, Andean I: forests. 0-1500 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Huber 1433* (F photo), Vásquez *et al.* 6909 (MO!)
Depts.: LO, SM

Tontelea decussata (R. & P.) Poiret =Anthodon decussatum R. & P.
Ref. FP 13(3A/1) 1951: 220.

Tontelea divergens A. C. Smith
Syn. *Salacia divergens* (A. C. Smith) J. F. Macbride
Ref. FP 13(3A/1) 1951: 211.
Liana or treelet. Amazonian: forests. 0-500 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Klug 4120* (NY), Vásquez *et al.* 460 (MO!)
Depts.: LO, SM

Tontelea emarginata A. C. Smith
Syn. *Salacia emarginata* (A. C. Smith) J. F. Macbride
Ref. FP 13(3A/1) 1951: 211.
Liana. Amazonian, Andean I: forests on white sand. 0-1500 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Klug 3269* (NY), Díaz & Jaramillo 1418 (MO!)
Depts.: LO, SM

Tontelea fluminensis (Peyritsch) A. C. Smith =Tontelea ovalifolia subsp. richardii (Peyritsch) Goerts & Mennega
Ref. FP 13(3A/1) 1951: 212; Mennega, 1992: 233.
Note: Treated under *Salacia* in the Flora of Peru.

Tontelea mauritioides A. C. Smith
Ref. A. C. Smith, 1940a: 481.
Liana. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 19047 (MO!)
Depts.: LO

Tontelea myrsinoides A. C. Smith
Syn. *Salacia myrsinoides* (A. C. Smith) J. F. Macbride
Ref. FP 13(3A/1) 1951: 214.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Klug 712* (NY), Rimachi 4344 (MO!)
Depts.: LO

Tontelea nectandrifolia (A. C. Smith) A. C. Smith
Syn. *Salacia nectandrifolia* A. C. Smith
Ref. A. C. Smith, 1940a: 497.
Liana. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1486 (MO!)
Depts.: AM

Tontelea ovalifolia (Miers) A. C. Smith subsp. **ovalifolia**
Syn. *Cuervea ovalifolia* Miers
Ref. A. C. Smith, 1940a: 476.
Liana. Amazonian: forests. 0-500 m.
Voucher: Ramírez 2012 (MO!)
Depts.: AM, LO

Tontelea ovalifolia subsp. **richardii** (Peyritsch) Goerts & Mennega
Syn. *Salacia fluminensis* Peyritsch, *Salacia richardii* Peyritsch, *Tontelea fluminensis* (Peyritsch) A. C. Smith, *Tontelea richardii* (Peyritsch) A. C. Smith
Ref. Mennega, 1992: 233.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 2735 (MO!)
Depts.: AM, HU, LO, MD

Tontelea richardii (Peyritsch) A. C. Smith =Tontelea ovalifolia subsp. richardii (Peyritsch) Goerts & Mennega
Ref. Dodson & Robyns, 1965: 85; Mennega, 1992: 233.

Tontelea weberbaueri A. C. Smith
Syn. *Salacia weberbaueri* (A. C. Smith) J. F. Macbride
Ref. FP 13(3A/1) 1951: 215.
Endemic shrub. Andean II: forests. 1500-2000 m.
Note: Treated under *Salacia* in the Flora of Peru.
Voucher: Weberbauer 7068* (F)
Depts.: LL

Tyloderma praecelsa Miers =Hylenaea praecelsa (Miers) A. C. Smith
Ref. Dodson & Robyns, 1965: 90.

Humiriaceae

6 genera and 12 species in Peru.

Endemic species: 2.

Treated under Linaceae in the Flora of Peru.

Prepared by J. L. Zarucchi; reviewed by J. Cuatrecasas (US).

Duckesia verrucosa (Ducke) Cuatrecasas
Syn. *Sacoglottis verrucosa* Ducke

Ref. Cuatrecasas, 1961: 78.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: The voucher is questionably determined by A. Gentry.
Voucher: Vásquez *et al.* 5978 (MO!)
Depts.: LO

[Endopleura uchi (Huber) Cuatrecasas]
Syn. *Sacoglottis uchi* Huber
Ref. Cuatrecasas, 1961: 81.
Note: Not known from Peru.

Humiria
Note: As "*Houmeria*" in the Flora of Peru.

Humiria balsamifera Aublet fo. **attenuata** Cuatrecasas
Ref. FP 13(3/2) 1949: 629; Cuatrecasas, 1961: 97.
Tree. Amazonian: forests. 0-500 m.
Note: The voucher cited in the Flora of Peru under *H. balsamifera*, *Killip & Smith 28681*, and two of the seven vouchers cited under *H. floribunda*, *Klug 1315 & 2846*, were treated by Cuatrecasas (1961: 97) as this form under var. *balsamifera*.
Voucher: Klug 2846 (MO!)
Depts.: LO

Humiria balsamifera var. **floribunda** (C. Martius) Cuatrecasas
Syn. *Humiria floribunda* (C. Martius) Urban
Ref. Cuatrecasas, 1961: 99.
Note: Not reconfirmed; see notes above under fo. *attenuata* and var. *parvifolia*. The remaining three vouchers, *Raimondi s.n.*, *Weberbauer 4478*, and *Macbride 685*, were not cited by Cuatrecasas (1961).

Humiria balsamifera var. **parvifolia** (Adr. Jussieu) Cuatrecasas
Syn. *Humiria parvifolium* Adr. Jussieu
Ref. Cuatrecasas, 1961: 108.
Tree. Andean I-II: forests. 1000-2000 m.
Note: Two of the seven vouchers cited under *H. floribunda* in the Flora of Peru, *Spruce 4335 & Klug 3706*, were treated by Cuatrecasas (1961: 108) under this variety of *H. balsamifera*.
Voucher: Klug 3706 (MO!)
Depts.: CA, JU, SM

[Humiria crassifolia C. Martius ex Urban]
Ref. FP 13(3/2) 1949: 630; Cuatrecasas, 1961: 121.
Note: Not known from Peru.

Humiria floribunda (C. Martius) Urban =Humiria balsamifera var. floribunda (C. Martius) Cuatrecasas
Ref. FP 13(3/2) 1949: 630; Cuatrecasas, 1961: 99.

Humiria parvifolium Adr. Jussieu =Humiria balsamifera var. parvifolia (Adr. Jussieu) Cuatrecasas
Ref. Cuatrecasas, 1961: 108.

Humiriastrum colombianum (Cuatrecasas) Cuatrecasas
Syn. *Sacoglottis excelsa* var. *columbiana* Cuatrecasas
Ref. Cuatrecasas, 1961: 134.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Encarnación 26138 (MO!)
Depts.: HU, LO

Humiriastrum excelsum (Ducke) Cuatrecasas
Syn. *Sacoglottis excelsa* Ducke
Ref. Cuatrecasas, 1961: 133.
Tree. Andean I: forests. 500-1000 m.
Voucher: Burgos 85 (MAD ex Y)
Depts.: HU

Sacoglottis amazonica C. Martius
Ref. Cuatrecasas, 1961: 169.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Cited voucher is one of three sterile collections at MO.
Voucher: Gentry *et al.* 42891 (MO!)
Depts.: LO

Sacoglottis ceratocarpa Ducke
Ref. Cuatrecasas, 1961: 165.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 56340 (MO!)
Depts.: LO

Sacoglottis excelsa Ducke =Humiriastrum excelsum (Ducke) Cuatrecasas
Ref. Cuatrecasas, 1961: 133.

Sacoglottis excelsa var. *columbiana* Cuatrecasas =Humiriastrum colombianum (Cuatrecasas) Cuatrecasas
Ref. Cuatrecasas, 1961: 134.

Sacoglottis guianensis Bentham
Ref. Cuatrecasas, 1961: 174.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 39466 (MO!)
Depts.: LO

Sacoglottis mattogrossensis Malme
Ref. Cuatrecasas, 1961: 181.
Tree. Amazonian: swamps, terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 8192 (MO!)
Depts.: LO, MD, UC

Sacoglottis reticulata Ducke =Schistostemon reticulatum subsp. reticulatum
Ref. Cuatrecasas, 1961: 154.

[*Sacoglottis uchi* Huber =Endopleura uchi (Huber) Cuatrecasas]
Ref. FP 13(3/2) 1949: 628; Cuatrecasas, 1961: 81.
Note: Not known from Peru.

Sacoglottis verrucosa Ducke =Duckesia verrucosa (Ducke) Cuatrecasas

Schistostemon reticulatum (Ducke) Cuatrecasas subsp. **reticulatum**
Syn. *Sacoglottis reticulata* Ducke
Ref. Cuatrecasas, 1961: 154.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 1564 (US)
Depts.: LO

[Vantanea celativenia (Standley) Cuatrecasas]
Syn. *Licania celativenia* Standley (Chrysobalanaceae)
Ref. Cuatrecasas, 1961: 61.
Note: Not known from Peru.

[*Vantanea cuplaris* Huber =Vantanea parviflora Lamarck]
Ref. FP 13(3/2) 1949: 631; Cuatrecasas, 1961: 75.

Vantanea parviflora Lamarck
Syn. *Vantanea cuplaris* Huber
Ref. Cuatrecasas, 1961: 74.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Dodson & Torres 2938 (MO!)
Depts.: AM, LO

Vantanea peruviana J. F. Macbride
Ref. FP 13(3/2) 1949: 632; Cuatrecasas, 1961: 64.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 1130* (US), Klug 1091 (US)
Depts.: LO

Vantanea spichigeri A. Gentry
Ref. Gentry, 1990: 379.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Spichiger *et al.* 1743* (MO!), Vásquez *et al.* 7696 (MO!)
Depts.: LO

Hydrangeaceae

1 genus and 7 species in Peru.

Treated under the Saxifragaceae in the Flora of Peru.

Prepared by R. L. Liesner (MO); reviewed by E. M. McClintock (UC).

Cornidia peruviana (Moricand) Small =Hydrangea peruviana Moricand
Ref. FP 13(2/3) 1938: 1036.

Cornidia radiata Oersted =Hydrangea peruviana Moricand

Cornidia umbellata R. & P. =Hydrangea preslii Briquet
Ref. FP 13(2/3) 1938: 1034.

Hydrangea briquetii Engler =Hydrangea preslii Briquet
Ref. FP 13(2/3) 1938: 1034.

Hydrangea diplostemona (J. D. Smith) Standley
Syn. *Gilibertia diplostemona* J. D. Smith (Araliaceae), *Hydrangea sprucei* Briquet
Ref. McClintock, 1957: 241.
Shrub. Andean I. 1000-1500 m.
Voucher: Spruce 4328 (G)
Depts.: HU, PU, SM

Hydrangea ecuadorensis Briquet =Hydrangea preslii Briquet
Ref. FP 13(2/3) 1938: 1035; McClintock, 1957: 242.

Hydrangea jelskii Szyszylowicz
Ref. FP 13(2/3) 1938: 1035; McClintock, 1957: 247.
Shrub. Andean II. 1500-3000 m.
Voucher: Jelski 332* (KRA)

Hydrangea macrophylla (Thunberg) DC.
Syn. *Viburnum macrophyllum* Thunberg (Caprifoliaceae)
Ref. McClintock, 1957: 221.
Cultivated shrub. Amazonian, Andean I-II. 0-2000 m.
Note: Escaped from cultivation.
Voucher: Solomon 3199 (MO!)
Depts.: CU, LO

Hydrangea mathewsii Briquet
Ref. FP 13(2/3) 1938: 1036; McClintock, 1957: 248.
Shrub. Andean II. 2000-2500 m.
Voucher: Mathews s.n.* (G photo F!), Weberbauer 7157 (F)
Depts.: AM

Hydrangea oerstedii Briquet =Hydrangea peruviana Moricand
Ref. McClintock, 1957: 237.
Note: *Hydrangea oerstedii* is merely a heterostylus condition of *Hydrangea peruviana* (Liesner, pers. comm.).

Hydrangea peruviana Moricand
Syn. *Cornidia peruviana* (Moricand) Small, *Cornidia radiata* Oersted, *Hydrangea oerstedii* Briquet, *Hydrangea weberbaueri* Engler
Ref. FP 13(2/3) 1938: 1036; McClintock, 1957: 239.
Vine. Andean II. 2000-2500 m.
Voucher: Weberbauer 3272 (G)
Depts.: AM, SM

Hydrangea preslii Briquet
Syn. *Cornidia umbellata* R. & P., *Hydrangea briquetii* Engler, *Hydrangea ecuadorensis* Briquet, *Hydrangea umbellata* Briquet, *Sarcostyles peruviana* C. Presl
Ref. FP 13(2/3) 1938: 1036; McClintock, 1957: 242.
Shrub or tree. Andean I-II. 1000-3500 m.
Note: McClintock (1957: 242) incorrectly cited Macbride's voucher as *3692*; the correct number is *3962*.
Voucher: Haenke s.n.*, Macbride 3962 (F!)
Depts.: AM, HU, JU, SM

Hydrangea sprucei Briquet =Hydrangea diplostemona (J. D. Smith) Standley
Ref. FP 13(2/3) 1938: 1037; McClintock, 1957: 241.

Hydrangea tarapotensis Briquet
Ref. FP 13(2/3) 1938: 1037; McClintock, 1957: 246.
Shrub. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4349* (G photo F!)
Depts.: SM

Hydrangea umbellata Briquet =Hydrangea preslii Briquet
Ref. FP 13(2/3) 1938: 1034.

Hydrangea weberbaueri Engler =Hydrangea peruviana Moricand
Ref. FP 13(2/3) 1938: 1037; McClintock, 1957: 239.

Sarcostyles peruviana C. Presl =Hydrangea preslii Briquet
Ref. FP 13(2/3) 1938: 1036.

Hydrocharitaceae

3 genera and 3 species in Peru.

Prepared by J. L. Zarucchi and L. Brako; reviewed by R. R. Haynes (UNA).

Anacharis chilensis Planchon =Elodea potamogeton (Bertero) Espinosa
Ref. FP 13(1/1) 1936: 95; Cook & Urmi-König, 1985: 126.

Anacharis mathewsii Planchon =Elodea potamogeton (Bertero) Espinosa
Ref. FP 13(1/1) 1936: 108; Cook & Urmi-König, 1985: 127.

Anacharis potamogeton (Bertero) Marie-Victorin =Elodea potamogeton (Bertero) Espinosa
Ref. FP 13(1/1) 1936: 108; Cook & Urmi-König, 1985: 126.

Apalanthe granatensis (Humboldt & Bonpland) Planchon
Syn. *Elodea granatensis* Humboldt & Bonpland, *Elodea guyannensis* Richard
Ref. Cook, 1985: 157; Haynes & Holm-Nielsen, 1986b: 39.
Aquatic herb. Amazonian, Andean I: submerged. 0-1500 m.
Note: Cook (1985) recognized *Apalanthe* as a genus distinct from *Elodea*, whereas Haynes & Holm-Nielsen (1986b) maintain it as a subgenus of *Elodea*.
Voucher: Barbour 5445 (MO!)
Depts.: MD

Diplandra potamogeton Bertero =Elodea potamogeton (Bertero) Espinosa
Ref. FP 13(1/1) 1936: 95; Cook & Urmi-König, 1985: 126.

Elodea chilensis (Planchon) Caspary =Elodea potamogeton (Bertero) Espinosa
Ref. FP 13(1/1) 1936: 95; Cook & Urmi-König, 1985: 127.

Elodea granatensis Humboldt & Bonpland =Apalanthe granatensis (Humboldt & Bonpland) Planchon
Ref. Cook & Urmi-König, 1985: 157; Haynes & Holm-Nielsen, 1986b: 39.

Elodea guyannensis Richard =Apalanthe granatensis (Humboldt & Bonpland) Planchon
Ref. Haynes & Holm-Nielsen, 1986b: 39.

Elodea mathewsii (Planchon) St. John =Elodea potamogeton (Bertero) Espinosa
Ref. Cook & Urmi-König, 1985: 127.

Elodea peruviensis St. John =Elodea potamogeton (Bertero) Espinosa
Ref. Cook & Urmi-König, 1985: 127.

Elodea potamogeton (Bertero) Espinosa
Syn. *Anacharis chilensis* Planchon, *Anacharis mathewsii* Planchon, *Anacharis potamogeton* (Bertero) Marie-Victorin, *Diplandra potamogeton* Bertero, *Elodea chilensis* (Planchon) Caspary, *Elodea mathewsii* (Planchon) St. John, *Elodea peruviensis* St. John, *Elodea titicacana* St. John
Ref. FP 13(1/1) 1936: 95; Cook & Urmi-König, 1985: 126.
Aquatic herb. Amazonian, Andean I-III: submerged. 0-4500 m.
Voucher: Matthews 581* (K), Smith 11698 (MO!)
Depts.: AN, AY, CA, CU, JU, LI, LL, PU

Elodea titicacana St. John =Elodea potamogeton (Bertero) Espinosa
Ref. Cook & Urmi-König, 1985: 127.

Hydromystria laevigata (Humboldt & Bonpland ex Willdenow) Hunziker =Limnobium laevigatum (Humboldt & Bonpland ex Willdenow) Heine
Ref. Lowden, 1992: 129.

Hydromystria stononifera G. Meyer =Limnobium laevigatum (Humboldt & Bonpland ex Willdenow) Heine
Ref. Lowden, 1992: 129.

Limnobium laevigatum (Humboldt & Bonpland ex Willdenow) Heine
Syn. *Hydromystria laevigata* (Humboldt & Bonpland ex Willdenow) Hunziker; *Hydromystria stononifera* G. Meyer; *Limnobium spongia* subsp. *laevigatum* (Humboldt & Bonpland ex Willdenow) Lowden; *Limnobium stoloniferum* (G. Meyer) Grisebach; *Salvinia laevigata* Humboldt & Bonpland ex Willdenow (Salviniaceae - Pteridophyta)
Ref. Haynes & Holm-Nielsen, 1986b: 43; Lowden, 1992: 129.
Aquatic herb. Amazonian: floating or submerged. 0-500 m.
Note: Treated alternatively as a subspecies of *Limnobium spongia* by Lowden (1992).

Voucher: Vásquez 5014 (MO!)
Depts.: LO, UC

Limnobium spongia (Bosc) Steudel subsp. *laevigatum* (Humboldt & Bonpland ex Willdenow) Lowden =Limnobium laevigatum (Humboldt & Bonpland ex Willdenow) Heine
Ref. Lowden, 1992: 129.

Limnobium stoloniferum (G. Meyer) Griesebach =Limnobium laevigatum (Humboldt & Bonpland ex Willdenow) Heine
Ref. Lowden, 1992: 129.

[*Stratiotes nymphoides* Willdenow =Hydrocleys nymphoides (Limnocharitaceae)]
Ref. FP 690: 95; Haynes & Holm-Nielsen, 1986b: 32; Haynes & Holm-Nielsen, 1992: 25.
Note: Not known from Peru.

Hydrophyllaceae

4 genera and 7 species in Peru.

Prepared by H. van der Werff (MO).

Aldea pinnata R. & P. =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Conanthus angustifolius (A. Gray) Heller =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Ernstamra crispa (H.B.K.) Kuntze =Wigandia crispa (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 110.

Ernstamra urens (R. & P.) Kuntze =Wigandia urens (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 111.

Hydrolea arayatensis Blanco =Hydrolea zeylanica (L.) M. Vahl
Ref. FP 13(5A/2) 1936: 103.

Hydrolea crispa R. & P. =Wigandia crispa (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 110.

Hydrolea dichotoma R. & P. =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Hydrolea javanica Blume =Hydrolea zeylanica (L.) M. Vahl
Ref. FP 13(5A/2) 1936: 103.

Hydrolea megapotamica Sprengel =Hydrolea spinosa var. spinosa
Ref. FP 13(5A/2) 1936: 102.

Hydrolea spinosa L. var. *inermis* Spruce ex Bennett =Hydrolea spinosa var. spinosa
Ref. FP 13(5A/2) 1936: 102.

Hydrolea spinosa var. *megapotamica* (Sprengel) Brand =Hydrolea spinosa var. spinosa
Ref. FP 13(5A/2) 1936: 102.

Hydrolea spinosa var. **spinosa**
Syn. *Hydrolea megapotamica* Sprengel, *Hydrolea spinosa* var. *inermis* Spruce ex Bennett, *Hydrolea spinosa* var. *megapotamica* (Sprengel) Brand, *Wigandia herbacea* Choisy
Ref. Davenport, 1988: 183.
Herb. Andean I. 500-1000 m.
Voucher: Woytkowski 6096
Depts.: LO, SM

Hydrolea urens R. & P. =Wigandia urens (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 111.

Hydrolea zeylanica (L.) M. Vahl
Syn. *Hydrolea arayatensis* Blanco, *Hydrolea javanica* Blume, *Nama zeylanica* L., *Steris aquatica* Burman, *Steris javana* L.
Ref. FP 13(5A/2) 1936: 103.
Note: Not reconfirmed.

Hydrophyllum aldea Roemer & Schultes =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Hydrophyllum magellanicum Lamarck =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Hydrophyllum magellanicum var. *pinnatum* Macloskie =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Marilaunidium dichotomum (R. & P.) Kuntze =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Marilaunidium strictum (Philippi) Kuntze =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Marilaunidium tenue Wooton & Standley =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama angustifolium (A. Gray) A. Nelson =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama convolvuloides Willdenow =Evolvulus convolvuloides (Willdenow) Stearn (Convolvulaceae)

Nama dichotomum (R. & P.) Choisy
Syn. *Conanthus angustifolius* (A. Gray) Heller, *Hydrolea dichotoma* R. & P., *Marilaunidium dichotomum* (R. & P.) Kuntze, *Marilaunidium strictum* (Philippi) Kuntze, *Marilaunidium tenue* Wooton & Standley, *Nama angustifolium* (A. Gray) A. Nelson, *Nama dichotomum* fo. *stricta* (Philippi) Brand, *Nama dichotomum* subsp. *angustifolium* (A. Gray) Brand, *Nama dichotomum* subsp. *eudichotomum* Brand, *Nama dichotomum* var. *amplifolium* (Brand) Hitchcock, *Nama dichotomum* var. *angustifolium* A. Gray, *Nama dichotomum* var. *pauciflora* Choisy ex Gray, *Nama stricta* Philippi, *Nama tetrandra* Pavon ex Choisy
Ref. FP 13(5A/2) 1936: 104.
Herb. Andean I-III, Coastal. 0-4000 m.
Voucher: Dillon 3320 (MO!)
Depts.: AR, CU, HU, JU, LI, LL, MO, PI, TA

Nama dichotomum fo. *stricta* (Philippi) Brand =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1967: 105.

Nama dichotomum subsp. *angustifolium* (A. Gray) Brand =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama dichotomum subsp. *eudichotomum* Brand =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama dichotomum var. *amplifolium* (Brand) Hitchcock =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama dichotomum var. *angustifolium* A. Gray =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama dichotomum var. *pauciflora* Choisy ex A. Gray =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

[Nama jamaicensis L.]
Ref. FP 13(5A/2) 1936: 104.
Note: Not known from Peru.

[Nama rupicola Bonpland ex Choisy]
Ref. FP 13(5A/2) 1936: 104.
Note: Not known from Peru. The Flora of Peru states that the *Ruiz & Pavón s.n.* collection, although cited as from Peru, is probably from Mexico.
Voucher: Ruiz & Pavón s.n. (G)

Nama stricta Philippi =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

Nama tetrandra Pavon ex Choisy =Nama dichotomum (R. & P.) Choisy
Ref. FP 13(5A/2) 1936: 105.

[Nama undulatum H.B.K.]
Ref. FP 13(5A/2) 1936: 104.
Note: Not known from Peru.

Nama zeylanica L. =Hydrolea zeylanica (L.) M. Vahl
Ref. FP 13(5A/2) 1936: 103.

Phacelia circinnata (Willdenow) Jacqin f. =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia magellanica fo. *amoena* Brand =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia magellanica subsp. *barbata* fo. *pinnata* Brand =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia pinnata (R. & P.) J. F. Macbride =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia pinnatifida Grisebach ex Weddell
Syn. *Phacelia pinnatifida* var. *elatior* Weddell, *Phacelia pinnatifida* var. *lobulata* Hicken, *Phacelia pinnatifida* var. *robusta* Weddell, *Phacelia viscosa* Philippi
Ref. FP 13(5A/2) 1936: 108.
Herb. Andean II-III. 1500-4500 m.
Voucher: Dillon 1021 (MO!)
Depts.: AR, AY, CU, LI, MO, PU

Phacelia pinnatifida var. *elatior* Weddell =Phacelia pinnatifida Grisebach ex Weddell
Ref. FP 13(5A/2) 1936: 108.

Phacelia pinnatifida var. *lobulata* =Phacelia pinnatifida Grisebach ex Weddell
Ref. FP 13(5A/2) 1936: 108.

Phacelia pinnatifida var. *robusta* Weddell =Phacelia pinnatifida Grisebach ex Weddell
Ref. FP 13(5A/2) 1936: 108.

Phacelia secunda J. F. Gmelin
Syn. *Aldea pinnata* R. & P., *Heliotropium pinnatum* M. Vahl (Boraginaceae), *Hydrophyllum aldea* Roemer & Schultes, *Hydrophyllum magellanicum* Lamarck, *Hydrophyllum magellanicum* var. *pinnatum* Macloskie, *Phacelia circinnata* (Willdenow) Jacquin f., *Phacelia magellanica* fo. *amoena* Brand, *Phacelia magellanica* subsp. *barbata* fo. *pinnata* Brand, *Phacelia pinnata* (R. & P.) J. F. Macbride, *Phacelia secunda* subsp. *pinnata* (R. & P.) Constance, *Phacelia secunda* subsp. *plantaginea* (Brand) Constance
Ref. FP 13(5A/2) 1936: 107.
Herb. Andean II-III. 3000-4500 m.
Voucher: Hutchison 5121 (MO!)
Depts.: AN, AR, AY, CA, CU, HU, LI, LL, PU

Phacelia secunda subsp. *pinnata* (R. & P.) Constance =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia secunda subsp. *plantaginea* (Brand) Constance =Phacelia secunda J. F. Gmelin
Ref. FP 13(5A/2) 1936: 107.

Phacelia viscosa Philippi =Phacelia pinnatifida Grisebach ex Weddell
Ref. FP 13(5A/2) 1936: 108.

Steris aquatica Burman =Hydrolea zeylanica (L.) M. Vahl
Ref. FP 13(5A/2) 1936: 103.

Steris javana L. =Hydrolea zeylanica (L.) M. Vahl
Ref. FP 13(5A/2) 1936: 103.

Wigandia crispa (R. & P.) H.B.K.
Syn. *Ernstamra crispa* (H.B.K.) Kuntze, *Hydrolea crispa* R. & P., *Wigandia pruritiva* Sprengel, *Wigandia reflexa* Brand
Ref. FP 13(5A/2) 1936: 110.
Subshrub. Andean II. 2000-2500 m.
Voucher: Duncan 2603 (MO!)
Depts.: AM, JU, PI

Wigandia herbacea Choisy =Hydrolea spinosa var. spinosa
Ref. FP 13(5A/2) 1936: 102.

Wigandia peruviana W. Miller =Wigandia urens (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 111.

Wigandia pruritiva Sprengel =Wigandia crispa (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 110.

Wigandia reflexa Brand =Wigandia crispa (R. & P.) H.B.K.
Ref. FP 13(5A/2) 1936: 110.

Wigandia urens (R. & P.) H.B.K.
Syn. *Ernstamra urens* (R. & P.) Kuntze, *Hydrolea urens* R. & P., *Wigandia peruviana* W. Miller
Ref. FP 13(5A/2) 1936: 111.
Subshrub. Andean I-II, Coastal. 0-2000 m.
Voucher: López 7996 (MO!)
Depts.: LI, LL

Icacinaceae

10 genera and 18 species in Peru.

Endemic species: 2.

Prepared by R. L. Liesner (MO); reviewed by R. A. Howard (A).

Aveledoa tessmanniana Sleumer =Metteniusa tessmanniana (Sleumer) Sleumer
Ref. Cuatrecasas, 1955b: 10.

Briquetina incarum J. F. Macbride =Citronella incarum (J. F. Macbride) R. Howard
Ref. FP 13(3A/1) 1951: 228.

Briquetina melliodora Sleumer =Citronella melliodora (Sleumer) R. Howard
Ref. FP 13(3A/1) 1951: 229; Howard, 1942d: 77.

Briquetina mollis Sleumer =Citronella incarum (J. F. Macbride) R. Howard
Ref. FP 13(3A/1) 1951: 228; Howard, 1942d: 77.

Calatola columbiana Sleumer
Ref. Howard, 1942c: 17.
Tree. Andean II: forests. 1500-2000 m.
Note: This species and *Calatola venezuelana* as identified in Peru may be the same species. There is also a small-fruited undescribed species.
Voucher: Smith 1728 (MO!)
Depts.: PA

Calatola venezuelana Pittier
Ref. FP 13(3A/1) 1951: 223; Howard, 1942c: 18.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Ancuash 209 (MO!)
Depts.: AM, CA, HU, JU, PA, SM

Casimirella ampla (Miers) R. Howard
Syn. *Humirianthera ampla* (Miers) Baehni, *Humirianthera duckei* Huber, *Leretia ampla* Miers, *Mappia ampla* (Miers) Engler
Ref. Howard, 1992a: 168.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry 46151 (MO!)
Depts.: MD

Citronella ilicifolia (Sleumer) R. Howard
Syn. *Citronella peruviana* R. Howard, *Villaresiopsis ilicifolia* Sleumer
Ref. FP 13(3A/1) 1951: 228; Howard, 1942d: 79.
Liana, shrub or tree. Andean II: forests. 1500-3000 m.
Voucher: Weberbauer 6617* (B), Sagástegui 6492 (MO!)
Depts.: AM, CA, CU, JU

Citronella incarum (J. F. Macbride) R. Howard
Syn. *Briquetina incarum* J. F. Macbride, *Briquetina mollis* Sleumer
Ref. FP 13(3A/1) 1951: 228; Howard, 1942d: 77.
Tree or treelet. Amazonian, Andean I-II: disturbed areas, forests. 0-3000 m.
Voucher: Macbride 4050* (F), Berlin 1761 (MO!)
Depts.: AM, CA, HU, JU, LI, LL, LO, MD, PA, SM

Citronella melliodora (Sleumer) R. Howard
Syn. *Briquetina melliodora* Sleumer
Ref. FP 13(3A/1) 1951: 229; Howard, 1942d: 77.
Endemic tree. Amazonian: forest. 0-500 m.
Note: This species is probably conspecific with *C. incarum*.
Voucher: Tessmann 4474* (B)
Depts.: LO

Citronella peruviana R. Howard =Citronella ilicifolia (Sleumer) R. Howard
Ref. FP 13(3A/1) 1951: 228; Howard, 1942d: 79.

Dendrobangia boliviana Rusby
Ref. Howard, 1942c: 38.

Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry 25653 (MO!)
Depts.: AM, LO, MD, PA, SM

Dendrobangia multinervia Ducke
Ref. Ducke, 1943: 19.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Rimachi 3536 (MO!)
Depts.: LO

Discophora guianensis Miers
Syn. *Kummeria brasiliensis* C. Martius ex Engler, *Lasianthera amazonica* Barbosa Rodrigues
Ref. FP 13(3A/1) 1951: 224; Howard, 1942c: 27.
Tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Gentry 22319 (MO!)
Depts.: AM, HU, LO, PA, SM

Discophora montana R. Howard
Ref. Howard, 1942c: 29.
Tree. Amazonian: forest. 0-500 m.
Voucher: Ancuash 716 (MO!)
Depts.: AM

Emmotum floribundum R. Howard
Ref. FP 13(3A/1) 1951: 225; Howard, 1942b: 487.
Endemic tree. Amazonian: savanna, terra firme forests. 0-500 m.
Voucher: Klug 1212* (F), Rimachi 6531 (MO!)
Depts.: LO

Emmotum glabrum Bentham ex Miers
Ref. FP 13(3A/1) 1951: 225; Howard, 1942b: 488.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 3990 (MO!)
Depts.: SM

Humirianthera ampla (Miers) Baehni =Casimirella ampla (Miers) R. Howard
Ref. FP 13(3A/1) 1951: 232; Howard, 1942a: 76; Howard, 1992: 168.

Humirianthera duckei Huber =Casimirella ampla (Miers) R. Howard
Ref. FP 13(3A/1) 1951: 232; Howard, 1942a: 76.

Icacina poeppigiana (Baillon) Valeton =Leretia cordata Vell. Conc.
Ref. FP 13(3A/1) 1951: 231; Howard, 1942a: 58.

Kummeria brasiliensis C. Martius ex Engler =Discophora guianensis Miers
Ref. FP 13(3A/1) 1951: 224; Howard, 1942c: 27.

Lasianthera amazonica Barbosa Rodrigues =Discophora guianensis Miers
Ref. FP 13(3A/1) 1951: 224; Howard, 1942c: 27.

Leretia ampla Miers =Casimirella ampla (Miers) R. Howard
Ref. FP 13(3A/1) 1951: 232; Howard, 1942a: 76; Howard, 1992: 168.

Leretia cordata Vell. Conc.
Syn. *Icacina poeppigiana* (Baillon) Valeton, *Leretia nitida* Miers, *Leretia poeppigiana* (Baillon) Sleumer, *Mappia poeppigiana* Baillon
Ref. FP 13(3A/1) 1951: 231; Howard, 1942a: 58.
Liana, shrub, tree or vine. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Vásquez 6463 (MO!)
Depts.: HU, LO, MD, PA, SM

Leretia nitida Miers =Leretia cordata Vell. Conc.
Ref. FP 13(3A/1) 1951: 231; Howard, 1942a: 58.

Leretia poeppigiana (Baillon) Sleumer =Leretia cordata Vell. Conc.
Ref. FP 13(3A/1) 1951: 231; Howard, 1942a: 58.

Mappia ampla (Miers) Engler =Casimirella ampla (Miers) R. Howard
Ref. FP 13(3A/1) 1951: 232; Howard, 1942a: 76; Howard, 1992: 168.

Mappia poeppigiana Baillon =Leretia cordata Vell. Conc.
Ref. FP 13(3A/1) 1951: 231; Howard, 1942a: 58.

Metteniusa tessmanniana (Sleumer) Sleumer
Syn. *Aveledoa tessmanniana* Sleumer
Ref. Cuatrecasas, 1955b: 10.
Tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality. This taxon is not treated in the Flora of Peru. Often treated in its own family (Metteniusaceae) or Alangiaceae (Gunn *et al.*, 1992: 58; Howard, pers. comm.).
Voucher: Tessmann 4042* (B), Tessmann 4235 (B)
Depts.: LO

Pleurisanthes flava Sandwith
Ref. FP 13(3A/1) 1951: 226; Howard, 1942c: 48.
Liana or shrub. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Gentry 31729 (MO!)
Depts.: LO

Poraqueiba guianensis Aublet
Ref. Howard, 1942c: 56.
Cultivated tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry 42234 (MO!)
Depts.: LO

Poraqueiba paraensis Ducke
Ref. Howard, 1942c: 55.
Cultivated tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Gentry 20450 (MO!)
Depts.: LO

Poraqueiba sericea Tulasne
Ref. FP 13(3A/1) 1951: 230; Howard, 1942c: 56.
Cultivated tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Ayala 2880 (MO!)
Depts.: AM, LO

Villaresiopsis ilicifolia Sleumer =Citronella ilicifolia (Sleumer) R. Howard
Ref. FP 13(3A/1) 1951: 228; Howard, 1942d: 79.

Iridaceae

14 genera and 53 species in Peru.

Endemic species: 18.

Prepared by L. Brako; reviewed by P. Goldblatt (MO).

Cardenanthus peruvianus R. Foster
Ref. Foster, 1962: 301.
Endemic herb. Andean II: shrublands. 2500-3000 m.
Voucher: Weberbauer 7387* (F!)
Depts.: TA

Cardenanthus shepardae R. Foster
Ref. Foster, 1945: 5.
Herb. Andean II: 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Shepard 99* (G)
Depts.: PU

Cardenanthus vargasii R. Foster
Ref. Foster, 1950: 24.
Herb. Andean III. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 7135* (G)
Depts.: PU

Cipura goodspeediana (Vargas) R. Foster =Cipura paludosa Aublet
Ref. Goldblatt & Henrich, 1987: 339.

Cipura paludosa Aublet
Syn. *Cipura goodspeediana* (Vargas) R. Foster, *Cypella goodspeediana* Vargas
Ref. FP 13(1/3) 1936: 708; Goldblatt & Henrich, 1987: 339.
Herb. Amazonian, Andean I-II: forests, disturbed areas. 0-2000 m.
Voucher: Gentry & Revilla 16326 (MO!)
Depts.: HU, JU, MD, SM

Crocosmia x crocosmiiflora (Lemoine ex E. Morren) N. E. Brown
Syn. *Montbretia x crocosmiiflora* Lemoine ex E. Morren
Introduced herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Solomon 3186 (MO!)
Depts.: CU

Cypella craterantha Ravenna
Ref. Ravenna, 1964: 52.
Endemic herb. Andean II. 2000-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Ravenna 94* (Hb. Ravenna)
Depts.: CA

Cypella cyrtophylla (I. M. Johnston) Diels =Mastigostyla cyrtophylla I. M. Johnston
Ref. FP 13(1/3) 1936: 716; Foster, 1962: 295.

Cypella goodspeediana Vargas =Cipura paludosa Aublet
Ref. Goldblatt & Henrich, 1987: 339.

Cypella herrerae Diels ex R. Foster =Hesperoxiphion herrerae (Diels ex R. Foster) Ravenna
Ref. FP 13(1/3) 1936: 717; Ravenna, 1977: 7.

Cypella hoppii Diels nom. illeg. =Mastigostyla hoppii R. Foster
Ref. FP 13(1/3) 1936: 717.

Cypella nivea Ravenna =Hesperoxiphion niveum (Ravenna) Ravenna
Ref. Ravenna, 1977: 7.

Cypella pardale Ravenna =Hesperoxiphion pardale (Ravenna) Ravenna
Ref. Ravenna, 1977: 8.

Cypella peruviana Baker =Hesperoxiphion peruvianum (Baker) Baker
Ref. FP 13(1/3) 1936: 717.

Eleutherine bulbosa (Miller) Urban
Syn. *Sisyrinchium bulbosum* Miller
Ref. Foster, 1962: 310.
Herb. Amazonian, Andean I. 0-1500 m.
Voucher: King 380 (F!)
Depts.: CU, LO

Ennealophus amazonicus N. E. Brown =Ennealophus foliosus subsp. amazonicus (N. E. Brown) Ravenna
Ref. Ravenna, 1977: 7.

Ennealophus foliosus (H.B.K.) Ravenna subsp. **amazonicus** (N. E. Brown) Ravenna
Syn. *Ennealophus amazonicus* N. E. Brown
Ref. Ravenna, 1977: 8.
Endemic herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Hutchison & Wright 3894 (MO!)
Depts.: AM

Ennealophus foliosus subsp. *foliosus*
Syn. *Moraea foliosa* H.B.K.
Ref. Ravenna, 1977: 7.
Herb. Andean II: forests. 1500-2500 m.
Voucher: Díaz 2047 (F!)
Depts.: AM, CA

Ferraria pavonia L. f. =Tigridia pavonia (L. f.) D.C.
Ref. Molseed, 1970: 37.

Gelasine purruchucana Herbert =Tigridia purruchucana (Herbert) Ravenna
Ref. FP 13(1/3) 1936: 709; Ravenna, 1964: 60.

Gladiolus dalenii van Geel
Cultivated herb. Andean II: shrublands. 3000-3500 m.
Voucher: Bird 1071 (MO!)
Depts.: HU

Hesperoxiphion herrerae (Diels ex R. Foster) Ravenna
Syn. *Cypella herrerae* Diels ex R. Foster
Ref. Ravenna, 1977: 7.
Herb. Andean III: rocky slopes. 3500-4000 m.
Voucher: Herrera 2348* (B), Pennell 13570 (F!)
Depts.: CU

Hesperoxiphion niveum (Ravenna) Ravenna
Syn. *Cypella nivea* Ravenna
Ref. Ravenna, 1977: 7.
Endemic herb. Andean II: forests, grasslands. 1500-2000 m.
Voucher: Ravenna 93* (Hb. Ravenna), Sagástegui *et al.* 13044 (MO!)
Depts.: CA

Hesperoxiphion pardale (Ravenna) Ravenna
Syn. *Cypella pardale* Ravenna
Ref. Ravenna, 1977: 8.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ravenna 93* (Hb. Ravenna)
Depts.: AP

Hesperoxiphion peruvianum (Baker) Baker
Syn. *Cypella peruviana* Baker
Herb. Andean II: rocky slopes. 1500-3500 m.
Voucher: King *et al.* 241 (F!)
Depts.: AY, CU, HV, JU

Hydrotaenia lobata Herbert =Tigridia lobata (Herbert) J. F. Macbride
Ref. FP 13(1/3) 1936: 716.

Mastigostyla cardenasii R. Foster
Ref. Foster, 1962: 298.
Herb. Andean II. 3000-3500 m.
Voucher: Cárdenas 2337* (GH!)
Depts.: CU

Mastigostyla cyrtophylla I. M. Johnston
Syn. *Cypella cyrtophylla* (I. M. Johnston) Diels
Ref. FP 13(1/3) 1936: 716; Foster, 1962: 295.
Endemic herb. Andean II: disturbed areas. 2000-3500 m.
Voucher: Hopp s.n.* (B photo F), Pennell 13173A (F!)
Depts.: AR

Mastigostyla herrerae (Vargas) Ravenna
Syn. *Nemastylis herrerae* Vargas
Ref. Ravenna, 1964: 56.
Endemic herb.
Note: Known from Peru only from the type locality.
Depts.: CU

Mastigostyla hoppii R. Foster
Syn. *Cypella hoppii* Diels, nom. illeg.
Ref. Foster, 1962: 295.
Endemic herb. Andean II: rocky slopes. 2500-3000 m.
Voucher: Hopp s.n.* (B photo G), Pennell 13180 (F!)
Depts.: AR

Mastigostyla humilis Ravenna
Ref. Ravenna, 1965: 316.
Herb. Andean II-III. 3000-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 13769* (Hb. Ravenna)
Depts.: CU

Mastigostyla macbridei (R. Foster) Ravenna
Syn. *Rigidella macbridei* R. Foster
Ref. Ravenna, 1964: 56.
Endemic herb. Andean III: rocky slopes. > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride 3046* (MO!)
Depts.: LI

Mastigostyla major Ravenna
Ref. Ravenna, 1964: 56.
Endemic herb. Andean III. 3500-4000 m.
Voucher: Ravenna 73* (Hb. Ravenna)
Depts.: AP, AY

Mastigostyla peruviana R. Foster
Ref. Foster, 1962: 297.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Stork & Horton 10726* (F!)
Depts.: AP

Montbretia x *crocosmiiflora* Lemoine ex E. Morren =Crocosmia x crocosmiiflora (Lemoine ex E. Morren) N. E. Brown

Moraea chimboracensis H.B.K. =Orthrosanthus chimboracensis (H.B.K.) Baker
Ref. FP 13(1/3) 1936: 725; Henrich & Goldblatt, 1987a: 580.

Moraea foliosa H.B.K. =Ennealophus foliosus subsp. foliosus
Ref. Ravenna, 1977: 7.

Moraea gladioloides H.B.K. =Orthrosanthus chimboracensis (H.B.K.) Baker
Ref. FP 13(1/3) 1936: 715; Henrich & Goldblatt, 1987a: 580.

Moraea pavonia Thumberg =Tigridia pavonia (L. f.) D.C.
Ref. Molseed, 1970: 37.

Nemastylis herrerae Vargas =Mastigostyla herrerae (Vargas) Ravenna
Ref. Ravenna, 1962: 56.

Nemastylis huyanae J. F. Macbride =Tigridia huyanae (J. F. Macbride) Ravenna
Ref. FP 13(1/3) 1936: 708; Ravenna, 1964: 60.

Nemastylis pearcei Baker =Tigridia pearcei (Baker) Ravenna
Ref. FP 13(1/3) 1936: 708; Ravenna, 1964: 60.

Nemastylis purruchucana (Herbert) Bentham ex Baker =Tigridia purruchucana (Herbert) Ravenna

Olsynium acaulis (Klatt) Goldblatt
Syn. *Sisyrinchium acaulis* Klatt
Ref. Goldblatt *et al.*, 1990: 508.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Stafford 1253 (F!)
Depts.: PU

Olsynium junceum (E. Meyer ex J. S. Presl) Goldblatt
Syn. *Sisyrinchium junceum* E. Meyer ex J. S. Presl, *Sisyrinchium weberbauerianum* Kraenzlin
Ref. FP 13(1/3) 1936: 712; Goldblatt *et al.*, 1990: 508.
Herb. Andean II-III: beach, grasslands, rocky slopes. 3000- > 4500 m.
Voucher: Smith *et al.* 9926 (MO!)
Depts.: AN, CU, JU, LI, MO, PU

Orthrosanthus chimboracencis subsp. *tunariensis* (Kuntze) Ravenna =Orthrosanthus occissapungus (Ruiz ex Klatt) Diels
Ref. Henrich & Goldblatt, 1987a: 581.

Orthrosanthus chimboracensis (H.B.K.) Baker
Syn. *Moraea chimboracensis* H.B.K., *Moraea gladioloides* H.B.K.
Ref. FP 13(1/3) 1936: 715; Henrich & Goldblatt, 1987a: 580.
Herb. Andean I-III: disturbed areas, grasslands. 1000-4000 m.
Voucher: Smith & Vásquez 3535 (MO!)
Depts.: AM, AN, CA, HU, JU, PI

Orthrosanthus nigrorhynchus Rusby =Orthrosanthus occissapungus (Ruiz ex Klatt) Diels
Ref. Henrich & Goldblatt, 1987a: 581.

Orthrosanthus occissapungus (Ruiz ex Klatt) Diels
Syn. *Orthrosanthus chimboracencis* subsp. *tunariensis* (Kuntze) Ravenna, *Orthrosanthus nigrorhynchus* Rusby, *Orthrosanthus tunariensis* Kuntze, *Sisyrinchium occissapungum* Ruiz ex Klatt
Ref. FP 13(1/3) 1936: 715; Henrich & Goldblatt, 1987a: 581.
Herb. Andean II-III: disturbed areas, shrublands. 2500-4500 m.
Voucher: Smith *et al.* 9088 (MO!)
Depts.: AN, AP, CA, LA, LL, PI

Orthrosanthus tunariensis Kuntze =Orthrosanthus occissapungus (Ruiz ex Klatt) Diels
Ref. Henrich & Goldblatt, 1987a: 581.

Rigidella macbridei R. Foster =Mastigostyla macbridei R. Foster
Ref. Ravenna, 1964: 56.

Sisyrinchium acaulis Klatt =Olsynium acaulis (Klatt) Goldblatt
Ref. Goldblatt *et al.*, 1990: 508.

Sisyrinchium azureum Philippi
Herb. Andean II: shrublands. 2500-3000 m.
Voucher: Madueño s.n. (MO!)
Depts.: CA, LL

Sisyrinchium brevipes Baker
Ref. FP 13(1/3) 1936: 711.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Smith 9550 (F!)
Depts.: AN, CU, JU, PU

Sisyrinchium bulbosum Miller =Eleutherine bulbosa (Miller) Urban

Sisyrinchium caespitificum Kraenzlin
Ref. FP 13(1/3) 1936: 711.
Endemic herb. Andean II: grasslands. 3000-3500 m.
Voucher: Macbride & Featherstone 2156 (F!)
Depts.: AN, CU, HU

Sisyrinchium chilense Hooker
Ref. FP 13(1/3) 1936: 711.
Herb. Andean II-III: grasslands. 2000-4000 m.
Voucher: Macbride 3423 (F!)
Depts.: AY, CA, CU, HU, JU

Sisyrinchium convolutum Nocca
Ref. FP 13(1/3) 1936: 712.
Endemic herb. Andean II: grasslands. 2500-3500 m.
Voucher: Woytkowski 54028 (F!)
Depts.: AM, HU, JU, PU

Sisyrinchium grandiflorum Cavanilles =Tigridia pavonia (L. f.) D.C.
Ref. Molseed, 1970:37.

Sisyrinchium iridifolium H.B.K.
Ref. FP 13(1/3) 1936: 712.
Note: Not reconfirmed.

Sisyrinchium ivanii R. Foster
Ref. Foster, 1948: 30.
Herb. Andean III. 3500-4000 m.
Voucher: Macbride 2967 (US)
Depts.: JU

Sisyrinchium jamesoni Baker
Ref. FP 13(1/3) 1936: 712.
Herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Smith *et al.* 10355A (MO!)
Depts.: AN, AP, CU, PU

Sisyrinchium junceum E. Meyer ex J. S. Presl =Olsynium junceum (E. Meyer ex J. S. Presl) Goldblatt
Ref. Goldblatt *et al*, 1990: 508.

Sisyrinchium micranthum Cavanilles
Herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Núñez & Bengoa 8546 (F!)
Depts.: CU

Sisyrinchium occissapungum Ruiz ex Klatt =Orthrosanthus occissapungus (Ruiz ex Klatt) Diels
Ref. FP 13(1/3) 1936: 715; Henrich & Goldblatt, 1987a: 581.

Sisyrinchium palmifolium L.
Ref. FP 13(1/3) 1936: 713.
Herb. Andean II: grasslands. 2500-3500 m.
Voucher: Peyton & Peyton 125 (MO!)
Depts.: AY, CU, HU, JU

Sisyrinchium palustre Diels
Ref. FP 13(1/3) 1936: 713.
Note: Not reconfirmed.

Sisyrinchium paramorum Ravenna
Ref. Ravenna, 1991: 35.
Herb. Andean II-III: bogs. 3000-4000 m.
Voucher: Sánchez 2682 (Hb. Ravenna)
Depts.: CA

Sisyrinchium porphyreum Kraenzlin
Ref. FP 13(1/3) 1936: 713.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Weberbauer 321* (photo F!)
Depts.: JU

Sisyrinchium praealtum Kraenzlin
Ref. FP 13(1/3) 1936: 713.
Endemic herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Smith *et al.* 9891 (MO!)
Depts.: AN, AP, CA, CU

Sisyrinchium pusillum H.B.K.
Ref. FP 13(1/3) 1936: 714.
Herb. Andean III: forests. 3500-4000 m.
Voucher: Gentry *et al.* 37407 (MO!)
Depts.: AN, AY, CU, JU, LI, PU

Sisyrinchium rigidifolium Baker
Ref. FP 13(1/3) 1936: 714.
Herb. Andean III: grasslands. 3500-4000 m.
Voucher: Soukup 588 (F!)
Depts.: CU, PU

Sisyrinchium tinctorium H.B.K.
Herb. Andean II-III: bogs, cloud forests, grasslands, shrublands. 1500-4500 m.
Voucher: Smith 5969 (MO!)
Depts.: AM, AN, CU, SM

Sisyrinchium trinerve Baker
Ref. FP 13(1/3) 1936: 714; Henrich & Goldblatt, 1987b: 906.
Herb. Andean III: grasslands. 4000-4500 m.
Voucher: Smith *et al.* 9186 (MO!)
Depts.: AN, CA, CU, JU

Sisyrinchium vaginatum Sprengel
Herb. Andean II: cloud forests. 2000-2500 m.

Voucher: Knapp *et al.* 7536 (MO!)
Depts.: AM

Sisyrinchium weberbauerianum Kraenzlin
=Olsynium junceum (E. Meyer ex J. S. Presl) Goldblatt
Ref. Goldblatt *et al.*, 1990: 508.

Symphyostemon album Kraenzlin
Ref. FP 13(1/3) 1936: 715.
Note: The status of this taxon is uncertain as no material could be located and the type of *Symphyostemon* is *Olsynium*.

Tigridia albicans Ravenna
Ref. Ravenna, 1964: 59.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ravenna 83* (Hb. Ravenna)
Depts.: TA

Tigridia grandiflora (Cavanilles) Diels
=Tigridia pavonia (L. f.) D.C.
Ref. FP 13(1/3) 1936: 716.

Tigridia huyanae (J. F. Macbride) Ravenna
Syn. *Nemastylis huyanae* J. F. Macbride
Ref. Ravenna, 1964: 60.
Endemic herb.
Voucher: Macbride & Featherstone 469* (F)
Depts.: LI

Tigridia lobata (Herbert) J. F. Macbride
Syn. *Hydrotaenia lobata* Herbert
Ref. FP 13(1/3) 1936: 716.
Note: Not reconfirmed.

Tigridia lutea Link, Klotzsch & Otto
=Tigridia pavonia (L. f.) DC.
Ref. FP 13(1/3) 1936: 716.

Tigridia minuta Ravenna
Ref. Ravenna, 1969b: 29.
Endemic herb. Andean III. 3500-4000 m.
Voucher: Ravenna 77* (Hb. Ravenna)
Depts.: AP, AY

Tigridia pavonia (L. f.) Ker Gawler, nom. illeg. =Tigridia pavonia (L. f.) DC.
Ref. Molseed, 1970: 37.

Tigridia pavonia (L. f.) DC.
Syn. *Ferraria pavonia* L. f., *Moraea pavonia* Thumberg, *Sisyrinchium grandiflorum* Cavanilles, *Tigridia grandiflora* (Cavanilles) Diels, *Tigridia lutea* Link, Klotzsch & Otto, *Tigridia pavonia* (L. f.) Ker Gawler, nom. illeg.
Ref. Molseed, 1970: 37.
Herb.
Voucher: No Peruvian specimen cited by Molseed, 1970: 37.
Depts.: Without full locality data.

Tigridia pearcei (Baker) Ravenna
Syn. *Nemastylis pearcei* Baker
Ref. Ravenna, 1964: 60.
Note: Not reconfirmed.

Tigridia purruchucana (Herbert) Ravenna
Syn. *Gelasine purruchucana* Herbert, *Nemastylis purruchucana* (Herbert) Bentham ex Baker
Ref. Ravenna, 1964: 60.
Note: Not reconfirmed.

Tigridia raimondii Ravenna
Ref. Ravenna, 1988a: 289.
Endemic herb. Coastal: lomas. 0-1000 m.
Voucher: Ravenna 89* (Hb. Ravenna), Ferreyra 11929 (USM)
Depts.: AR

Juglandaceae

1 genus and 3 species in Peru.

Endemic species: 1.

Prepared by L. Brako.

Juglans honorei Dode
Ref. FP 13(2/2) 1937: 264.
Note: Not reconfirmed. Known only from cultivated material.

Juglans neotropica Diels
Ref. FP 13(2/2) 1937: 265.
Cultivated tree. Amazonian, Andean I-II: disturbed areas. 0-3000 m.
Voucher: Weberbauer 4304* (B photo MO!), Smith 6066 (MO!)
Depts.: AM, AY, CA, CU, HU, HV, LA, LI, PA

Juglans peruviana Dode
Ref. FP 13(2/2) 1937: 265.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Honore s.n.*
Depts.: LI

Julianiaceae

1 genus and 1 species in Peru.

Endemic genus: *Orthopterygium*.
Endemic species: 1.

Note: Young (1976) considers members of this family better placed in the Anacardiaceae.

Prepared by L. Brako and J. L. Zarucchi.

Juliania huaucui A. Gray
=Orthopterygium huaucui (A. Gray) Hemsley
Ref. FP 13(2/2) 1937: 266.

Orthopterygium huaucui (A. Gray) Hemsley
Syn. *Juliania huaucui* A. Gray
Ref. FP 13(2/2) 1937: 266; Young, 1976: 149.
Endemic shrub or tree. Andean II: desert. 1500-2000 m.
Voucher: Mathews 591* (K), Smith 5726 (MO!)
Depts.: AY, IC, LI

Juncaceae

4 genera and 20 species in Peru.

Endemic species: 1.

Prepared by L. Brako; reviewed by H. Balslev (AAU).

Cephaloxys graminifolia (E. Meyer) Nees & Meyen =Juncus cyperoides Laharpe

Distichia andina (Philippi) Bentham & Hooker =Oxychloe andina Philippi

Distichia muscoides Nees & Meyen
Ref. FP 13(1/3) 1936: 610; Balslev, 1982: 125
Herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Smith 11440 (MO!)
Depts.: AN, AR, AY, CU, HU, JU, LI, LL, PA, PU

Juncodes boliviense (Buchenau) Kuntze
=Luzula racemosa Desvaux

Juncodes excelsum (Buchenau) Kuntze
=Luzula excelsa Buchenau

Juncodes giganteum (Desvaux) Sheldon
=Luzula gigantea Desvaux

Juncodes macusaniense (Buchenau) Kuntze
=Luzula racemosa Desvaux

Juncodes peruvianum (Desvaux) Kuntze
=Luzula racemosa Desvaux

Juncodes racemosum (Desvaux) Kuntze
=Luzula racemosa Desvaux

Juncodes spadiceum Kuntze var. *giganteum* (Desvaux) Kuntze =Luzula giantea Desvaux

[Juncus achalensis Barros]
Ref. Balslev, 1982: 371.
Note: Not known from Peru. The specimen cited in Balslev (1982) was misidentified and is possibly a new species (Balslev, pers. comm.).

Juncus andicola Hooker =Juncus arcticus var. andicola (Hooker) Balslev
Ref. FP 13(1/3) 1936: 614; Balslev, 1983: 308.

Juncus andicola var. *schulz-korthii* J. F. Macbride =Juncus arcticus var. andicola (Hooker) Balslev
Ref. FP 13(1/3) 1936: 614; Balslev, 1982: 294.

Juncus arcticus Willdenow var. **andicola** (Hooker) Balslev
Syn. *Juncus andicola* Hooker, *Juncus andicola* var. *schulz-korthii* J. F. Macbride; *Scirpus peruvianus* Pfeiffer (Cyperaceae)
Ref. Balslev, 1982: 301; Balslev, 1983: 308.

Herb. Andean II-III: grasslands, riversides. 2500-4000 m.
Voucher: Sagástegui 9440 (MO!)
Depts.: AN, AR, CU, HU, JU, LL, PU, SM

Juncus arcticus var. **mexicanus** (Willdenow ex Schultes & Schultes f.) Balslev
Syn. *Juncus mexicanus* Willdenow ex Schultes & Schultes f.
Ref. Balslev, 1982: 294; Balslev, 1983: 308.
Herb. Andean II-III: bogs.
Voucher: Núñez & Urrunaga 7708 (MO!)
Depts.: CU, PU

Juncus arequipensis Balslev
Ref. Balslev, 1983: 302.
Endemic herb. Andean I. 500-1000 m.
Voucher: López 15* (MO!)
Depts. AR, LL, PU

[Juncus balticus Willdenow]
Ref. FP 13(1/3) 1936: 614; Balslev, 1982: 295.
Note: Not known to Peru. The specimen cited in the Flora of Peru was redetermined by Balslev (1982) as *J. arcticus* var. *mexicanus*.

[*Juncus brevifolius* Liebmann =Juncus liebmannii J. F. Macbride]
Ref. FP 13(1/3) 1936: 616.
Note: Not known from Peru.

Juncus brunneus Buchenau =Juncus ebracteatus E. Meyer
Ref. FP 13(1/3) 1936: 614; Balslev, 1982: 396.

Juncus bufonius L.
Ref. FP 13(1/3) 1936: 615; Balslev, 1982: 232.
Herb. Amazonian, Andean I-III: disturbed areas, shrublands, bogs. 0-4000 m.
Voucher: Smith & Goodwin 8865 (MO!)
Depts.: AN, CA, CU, HU, HV, LI, LL

Juncus capillaceus Lamarck
Ref. FP 13(1/3) 1936: 615; Balslev, 1982: 261.
Herb. Amazonian, Andean I-II: disturbed areas. 0-3500 m.
Voucher: Sagástegui 9584 (MO!)
Depts.: CA

Juncus cyperoides Laharpe
Syn. *Cephaloxys graminifolia* (E. Meyer) Nees & Meyen, *Juncus graminifolius* E. Meyer
Ref. FP 13(1/3) 1936: 615; Balslev, 1982: 321.
Herb. Andean II: bogs, shrublands. 3000-3500 m.
Voucher: Smith 10510 (MO!)
Depts.: AN, CA, JU, LL

[Juncus densiflorus H.B.K.]
Ref. FP 13(1/3) 1936: 615.
Note: Not known from Peru.

Juncus depauperatus Philippi =Juncus stipulatus Nees & Meyen
Ref. FP 13(1/3) 1936: 616; Balslev, 1982: 377.

Juncus diffusissimus Buckley
Ref. Hensold, pers. comm.
Herb. Coastal: disturbed areas. 0-500 m.
Voucher: Llatas 25 (AAU, F!)
Depts.: LA

Juncus dombeyanus Gay =Juncus pallescens Lamarck
Ref. FP 13(1/3) 1936: 615; Balslev, 1982: 345.

Juncus ebracteatus E. Meyer
Syn. *Juncus brunneus* Buchenau
Ref. Balslev, 1982: 396.
Herb. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: Smith *et al.* 9157 (MO!)
Depts.: AN, AR, AY, CU, HV, JU, LI, PU, TA

Juncus effusus L.
Ref. FP 13(1/3) 1936: 616; Balslev, 1982: 273.
Herb. Andean II: disturbed areas. 1500-3000 m.
Voucher: López *et al.* 6724 (NY)
Depts.: AM, CA, CU

Juncus graminifolius E. Meyer =Juncus cyperoides Laharpe
Ref. FP 13(1/3) 1936: 615; Balslev, 1982: 321.

Juncus imbricatus Laharpe
Ref. FP 13(1/3) 1936: 616; Balslev, 1982: 253.
Herb. Andean III. 3500-4500 m.
Voucher: West 3685 (MO!)
Depts.: AN, AP, CA, CU, HV, JU, LI, LL, PU

Juncus involucratus Steudel ex Buchenau =Juncus microcephalus H.B.K.
Ref. FP 13(1/3) 1936: 616.

[Juncus liebmannii J. F. Macbride]
Syn. *Juncus brevifolius* Liebmann
Ref. FP 13(1/3) 1936: 616; Balslev, 1982: 386.
Note: Not known from Peru.

Juncus mandonii Buchenau =Juncus stipulatus Nees & Meyen
Ref. FP 13(1/3) 1936: 616; Balslev, 1982: 378.

Juncus mexicanus Willdenow ex Schultes & Schultes f. =Juncus arcticus var. mexicanus (Willdenow ex Schultes & Schultes f.) Balslev
Ref. Balslev, 1982: 294.

Juncus microcephalus H.B.K.
Syn. *Juncus involucratus* Steudel ex Buchenau
Ref. FP 13(1/3) 1936: 617; Balslev, 1982: 338.
Herb. Andean II-III: grasslands, riversides, rocky slopes. 2000-4000 m.
Voucher: Hutchison & Wright 5697 (MO!)
Depts.: AM, AN, CA, HU, JU

Juncus microcephalus var. *pusillus* E. Meyer =Juncus stipulatus Nees & Meyen
Ref. FP 13(1/3) 1936: 617; Balslev, 1982: 377.

Juncus pallescens Lamarck
Syn. *Juncus dombeyanus* Gay
Ref. Balslev, 1982: 345.
Herb. Andean II-III: disturbed areas. 1500-4000 m.
Voucher: Sagástegui 8021 (MO!)
Depts.: AN, CA, HU, HV, JU, LL

Juncus platycaulos H.B.K. =Juncus tenuis var. platycaulos (H.B.K.) Buchenau
Ref. Balslev, 1982: 245.

Juncus stipulatus Nees & Meyen
Syn. *Juncus depauperatus* Philippi, *Juncus mandonii* Buchenau, *Juncus microcephalus* var. *pusillus* E. Meyer
Ref. FP 13(1/3) 1936: 617; Balslev, 1982: 377.
Herb. Andean II-III: riversides. 3000- > 4500 m.
Voucher: Stafford 1310 (F!)
Depts.: CU, HV, JU, PU, SM

Juncus tenuis Willdenow var. **platycaulos** (H.B.K.) Buchenau
Syn. *Juncus platycaulos* H.B.K.
Ref. FP 13(1/3) 1936: 617; Balslev, 1982: 245.
Herb. Andean III: bogs, grasslands, shrublands. 3500-4000 m.
Voucher: Davis *et al.* 1617 (F!)
Depts.: AN, HU, JU, LL

Luzula boliviensis Buchenau =Luzula racemosa Desvaux
Ref. FP 13(1/3) 1936: 612; Balslev, 1982: 199.

Luzula chilensis Nees & Meyen =Luzula racemosa Desvaux
Ref. FP 13(1/3) 1936: 611, Balslev, 1982: 207.

Luzula ecuadoriensis Balslev
Ref. Balslev, pers. comm.
Herb. Andean II-III: grasslands. 3000-4000 m.
Voucher: Sagástegui *et al.* 12827 (AAU!, MO!)
Depts.: CA, CU, LA

Luzula excelsa Buchenau
Syn. *Juncodes excelsum* (Buchenau) Kuntze
Ref. Balslev, 1982: 188.
Herb. Andean II: rocky slopes. 1500-2000 m.
Voucher: Ferreyra 16790 (USM)
Depts.: PU

Luzula gigantea Desvaux
Syn. *Juncodes giganteum* (Desvaux) Sheldon, *Juncodes spadiceum* Kuntze var. *giganteum* (Desvaux) Kuntze

Ref. FP 13(1/3) 1936: 611; Balslev, 1982: 160.
Herb. Andean II-III: disturbed areas, grasslands, rocky slopes. 2500-4000 m.
Voucher: Sagástegui 12088 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, PA, PI, LL, SM

Luzula macusaniensis Steudel ex Buchenau =Luzula racemosa Desvaux
Ref. FP 13(1/3) 1936: 612; Balslev, 1982: 199.

Luzula peruviana Desvaux =Luzula racemosa Desvaux
Ref. FP 13(1/3) 1936: 612; Balslev, 1982: 199.

Luzula racemosa Desvaux
Syn. *Juncodes boliviense* (Buchenau) Kuntze, *Juncodes macusaniense* (Buchenau) Kuntze, *Juncodes peruvianum* (Desvaux) Kuntze, *Juncodes racemosum* (Desvaux) Kuntze, *Luzula boliviensis* Buchenau, *Luzula chilensis* Nees & Meyen, *Luzula macusaniensis* Steudel ex Buchenau, *Luzula peruviana* Desvaux
Ref. FP 13(1/3) 1936: 612; Balslev, 1982: 199.
Herb. Andean III: grasslands, rocky slopes. 3500- > 4500 m.
Voucher: Smith 8261 (MO!)
Depts.: AN, AP, AY, CA, CU, HV, JU, LI, LL, PU

Luzula vulcanica Liebmann
Ref. Balslev, 1982: 193.
Herb. Andean II-III: grasslands. 3000-4500 m.
Voucher: Macbride 4389 (F!)
Depts.: AN, LI, PU

Oxychloe andina Philippi
Syn. *Distichia andina* (Philippi) Bentham & Hooker
Ref. FP 13(1/3) 1936: 610; Balslev, 1982: 144.
Herb. Andean III: grasslands. 3500-4000 m.
Voucher: Tovar *et al.* 9616 (USM!)
Depts.: AY, PU

Juncaginaceae

2 genera and 2 species in Peru.

Treated as Scheuchzeriaceae in the Flora of Peru.

Prepared by L. Brako; reviewed by R. R. Haynes (UNA).

Lilaea scilloides (Poiret) Hauman
Syn. *Lilaea subulata* Humboldt & Bonpland, *Phalangium scilloides* Poiret (Liliaceae)
Ref. Haynes & Holm-Nielsen, 1986c: 50.
Aquatic herb. Andean II: emergent. 2500-3000 m.
Voucher: Smith 9364 (F!)
Depts.: AN, CU, LI, PU

Lilaea subulata Humboldt & Bonpland =Lilaea scilloides (Poiret) Hauman
Ref. FP 13(1/1) 1936: 91; Haynes & Holm-Nielsen, 1986c: 50.

[Triglochin maritima L.]
Ref. FP 13(1/1) 1936: 90.
Note: Not known from Peru.

[Triglochin palustre L.]
Ref. FP 13(1/1) 1936: 90; Haynes & Holm-Nielsen, 1986c: 50.
Note: Not known from Peru. In the Flora of Peru as "*palustris*."

Triglochin striatum R. & P.
Ref. FP 13(1/1) 1936: 90; Haynes & Holm-Nielsen, 1986c: 50.
Aquatic herb. Amazonian, Coastal: emergent. 0-500 m.
Note: In the Flora of Peru as "*striata*."
Voucher: Vargas 14138 (US)
Depts.: AR, CU, LI

Krameriaceae

1 genus and 1 species in Peru.

Treated in the Flora of Peru at the end of the Leguminosae [Fabaceae].

Prepared by J. L. Zarucchi; reviewed by B. B. Simpson (TEX).

Krameria canescens Willdenow ex Schultes =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. Simpson, 1989: 44.

Krameria lappacea (Dombey) Burdet & B. Simpson
Syn. *Krameria canescens* Willdenow ex Schultes, *Krameria linearis* Poiret, *Krameria pentapetala* R. & P., *Krameria triandra* R. & P., *Krameria triandra* var. *humboldtiana* Chodat, *Landia lappacea* Dombey
Ref. Simpson, 1989: 43.
Shrub or subshrub. Andean I-III, Coastal: disturbed areas, lomas, rocky slopes, shrublands. 500-4000 m.
Voucher: Dombey s.n.* (MA), Smith 6151 (MO!)
Depts.: AM, AN, AP, AR, AY, CA, CU, HU, HV, JU, LL

Krameria linearis Poiret =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. Simpson, 1989: 44.

Krameria pentapetala R. & P. =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. Simpson, 1989: 44.

Krameria triandra R. & P. =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. FP 13(3/1) 1943: 506; Simpson, 1989: 44.

Krameria triandra var. *humboldtiana* Chodat =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. Simpson, 1989: 44.

Landia lappacea Dombey =Krameria lappacea (Dombey) Burdet & B. Simpson
Ref. Simpson, 1989: 44.

Lacistemataceae

2 genera and 5 species in Peru.

Treated as part of the Flacourtiaceae by Sleumer (1980).

Prepared by L. Brako.

Lacistema aggregatum (Bergius) Rusby
Syn. *Lacistema bolivianum* Gandoger, *Lacistema curtum* J. F. Macbride, *Lacistema myricoides* Swartz, *Lacistema poeppigii* A. DC., *Lacistema purpureum* (R. & P.) A. DC., *Lacistema recurvum* Schnizlein, *Lacistema rosidiscum* J. F. Macbride, *Lacistema weberbaueri* Baehni, *Piper aggregatum* Bergius (Piperaceae), *Synzyganthera purpurea* R. & P. (Flacourtiaceae)
Ref. FP 13(4/1) 1941: 54; Sleumer, 1980: 186.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Smith 5142 (MO!)
Depts.: HU, JU, LO, MD, PA, SM, UC

Lacistema bolivianum Gandoger =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 54; Sleumer, 1980: 187.

Lacistema curtum J. F. Macbride =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 55; Sleumer, 1980: 187.

Lacistema macbridei Baehni
Ref. FP 13(4/1) 1941: 55; Sleumer, 1980: 185.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Tessmann 5282* (G), Smith 2032 (MO!)
Depts.: AM, LO, PA, UC

Lacistema myricoides Swartz =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 54; Sleumer, 1980: 186.

Lacistema nena J. F. Macbride
Ref. FP 13(4/1) 1941: 55; Sleumer, 1980: 185.
Shrub or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.

Voucher: Williams 1876* (F frag. G), Plowman *et al.* 7246 (MO!)
Depts.: AM, HU, LO, MD, PA

Lacistema poeppigii A. DC. =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 56; Sleumer, 1980: 187.

Lacistema purpureum (R. & P.) A. DC. =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 56; Sleumer, 1980: 187.

Lacistema recurvum Schnizlein =Lacistema aggregatum (Bergius) Rusby
Ref. Sleumer, 1980: 186.

Lacistema rosidiscum J. F. Macbride =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 56; Sleumer, 1980: 187.

Lacistema weberbaueri Baehni =Lacistema aggregatum (Bergius) Rusby
Ref. FP 13(4/1) 1941: 56; Sleumer, 1980: 187.

Lozania klugii (Mansfeld) Mansfeld
Syn. *Monandrodendron klugii* Mansfeld (Flacourtiaceae)
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 202.
Shrub or tree. Amazonian, Andean I: seasonally inundated areas. 0-1500 m.
Voucher: Klug 1430* (B destroyed, photo F!), Klug 2681 (MO!)
Depts.: HU, LO, PA, SM

Lozania mutisiana Schultes
Syn. *Lozania nemoralis* A. DC., *Monandrodendron peruvianum* Mansfeld (Flacourtiaceae), *Monandrodendron schultzei* Mansfeld (Flacourtiaceae)
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 204.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 5654 (MO!, USM!)
Depts.: AM, CU, JU, LO, SM

Lozania nemoralis A. DC. =Lozania mutisiana Schultes
Ref. FP 13(4/1) 1941: 53; Sleumer, 1980: 204.

Lamiaceae

20 genera and 190 species in Peru.

Endemic species: 71.

Prepared by J. L. Zarucchi; reviewed by R. M. Harley (K).

Ballota suaveolens L. =Hyptis suaveolens (L.) Poiteau
Ref. FP 13(5/2) 1960: 741; Epling, 1949: 261.

Bystropogon andinus Britton =Minthostachys andina (Britton) Epling
Ref. FP 13(5/2) 1960: 745; Epling, 1936: 166.

Bystropogon canus Bentham =Minthostachys tomentosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 748.

Bystropogon glabrescens Bentham =Minthostachys glabrescens (Bentham) Epling
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 165.

Bystropogon mandonianus Briquet =Minthostachys mandoniana (Briquet) Epling
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 167.

Bystropogon mollis H.B.K., nom. illeg. =Minthostachys mollis Grisebach
Ref. FP 13(5/2) 1960: 748; Epling, 1936: 165.

Bystropogon pavonianus Briquet =Minthostachys tomentosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 748.

Bystropogon setosus Briquet =Minthostachys setosa (Briquet) Epling
Ref. FP 13(5/2) 1960: 747; Epling, 1936: 166.

Bystropogon sidifolium L'Héritier =Hyptis sidifolia (L'Héritier) Briquet
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 278.

Bystropogon spicatus Bentham =Minthostachys spicata (Bentham) Epling
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 165.

Bystropogon tomentosus Bentham =Minthostachys tomentosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 748; Epling, 1936: 165.

Catopheria spicata Bentham
Ref. Epling, 1937: 321; Epling & Játiva, 1968: 295.
Introduced herb. Andean I: disturbed areas. 1000-1500 m.
Voucher: Hutchison *et al.* 6027 (UC)
Depts.: HU

Clinopodium chamaedrys M. Vahl =Marsypianthes chamaedrys (M. Vahl) Kuntze
Ref. FP 13(5/2) 1960: 726; Epling, 1936: 185.

Coleus blumei Bentham
Ref. FP 13(5/2) 1960: 725.
Introduced herb. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Croat 18313 (MO!)
Depts.: CU, LO

Gardoquia acutifolia Bentham =Satureja acutifolia (Bentham) Briquet
Ref. FP 13(5/2) 1960: 753; Epling & Játiva, 1964: 406.

Gardoquia argentea H.B.K. =Satureja argentea (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 753; Epling & Játiva, 1964: 402.

Gardoquia breviflora Bentham =Satureja incana (R. & P.) Sprengel
Ref. Harley, pers. comm.

Gardoquia elliptica R. & P. =Satureja elliptica (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 755; Epling & Játiva, 1964: 397.

Gardoquia incana R. & P. =Satureja incana (R. & P.) Sprengel
Ref. FP 13(5/2) 1960: 756; Epling & Játiva, 1964: 405.

Gardoquia obovata R. & P. =Satureja guamaniensis Mansfeld
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 402.

Gardoquia pilosa A. Gray =Satureja elliptica (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 755.
Note: Epling & Játiva (1964: 397) do not include this as a synonym under *S. elliptica*.

Gardoquia pulchella H.B.K. =Satureja pulchella (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 759.
Note: This name not listed by Epling & Játiva (1964: 398).

Gardoquia revoluta R. & P. =Satureja revoluta (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 760; Epling & Játiva, 1964: 401.

Gardoquia rugosa Bentham =Satureja pulchella (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 760; Epling & Játiva, 1964: 398.

Gardoquia sericea C. Presl ex Bentham =Satureja sericea (C. Presl ex Bentham) Briquet
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 401.

Gardoquia striata R. & P. =Satureja striata (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 762; Epling & Játiva, 1964: 400.

Gardoquia taxifolia H.B.K. =Satureja taxifolia (H.B.K.) Briquet
Ref. Epling & Játiva, 1964: 403.

[*Gardoquia tomentosa* H.B.K. =Satureja tomentosa (H.B.K.) Briquet]
Ref. FP 13(5/2) 1960: 759.
Note: Not known from Peru. Listed under *Satureja pulchella* in the Flora of Peru.

Hedeoma mandoniana Weddell
Ref. FP 13(5/2) 1960: 770; Irving, 1980: 290.
Herb. Andean II-III: rocky slopes. 2500-4000 m.
Voucher: Macbride & Featherstone 980 (MO!)
Depts.: CU

Hyptidendron arboreum (Bentham) R. Harley
Syn. *Hyptis arborea* Bentham
Ref. Harley, 1988: 93.
Tree. Andean I-II: forests. 1000-2000 m.
Voucher: Boeke 2101 (MO!)
Depts.: AM, CU, JU

Hyptis affinis Bentham =Hyptis lutescens Pohl ex Bentham
Ref. FP 13(5/2) 1960: 734; Epling, 1949: 389.

Hyptis americana (Aublet) Urban, nom. illeg. =Hyptis spicigera Lamarck
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 255.

Hyptis arborea Bentham =Hyptidendron arboreum (Bentham) R. Harley
Ref. FP 13(5/2) 1960: 729; Harley, 1988: 93.

Hyptis atrorubens Poiteau
Syn. *Hyptis tenella* Briquet & Spruce
Ref. FP 13(5/2) 1960: 729; Epling, 1949: 480.
Herb. Amazonian, Andean I-II: disturbed areas, terra firme forests. 0-2000 m.
Voucher: Fosberg 27765 (MO!)
Depts.: AM, CA, SM, UC

Hyptis brevipes Poiteau
Ref. FP 13(5/2) 1960: 730; Epling, 1949: 443.
Herb or subshrub. Amazonian: disturbed areas, riversides, seasonally inundated areas. 0-500 m.
Voucher: Croat 18302 (MO!)
Depts.: HU, LO, MD

Hyptis capitata Jacquin
Ref. FP 13(5/2) 1960: 730; Epling, 1949: 470.
Herb or subshrub. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Barbour 4362 (MO!)
Depts.: AM, LO, MD, SM, UC

Hyptis carpinifolia Bentham
Ref. FP 13(5/2) 1960: 731; Epling, 1949: 305.
Shrub.
Note: Questionably from Peru.
Voucher: Haenke s.n. (PR)
Depts.: Without full locality data.

Hyptis chachapoyensis Briquet
Syn. *Hyptis polyantha* var. *longiflora* Bentham
Ref. FP 13(5/2) 1960: 731; Epling, 1949: 280.
Herb or shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-2500 m.
Voucher: Mathews 3151* (G photo F!), Sagástegui *et al.* 8157 (MO!)
Depts.: AM, CA, PI

Hyptis chamaedrys (M. Vahl) Willdenow =Marsypianthes chamaedrys (M. Vahl) Kuntze
Ref. FP 13(5/2) 1960: 726; Epling, 1936: 185.

Hyptis colombiana Epling
Ref. FP 13(5/2) 1960: 732; Epling, 1949: 316.
Herb or subshrub. Andean II: disturbed areas, riversides, shrublands. 1500-2500 m.
Voucher: Sánchez 2302 (MO!)
Depts.: CA, HU

Hyptis elongata Bentham
Ref. FP 13(5/2) 1960: 732; Epling, 1949: 325.
Endemic herb. Andean I-II: disturbed areas, dry valleys. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.* (Hb. Lambert at OXF), Goodspeed 33120 (MO!)
Depts.: LI

Hyptis eriocephala Bentham
Ref. FP 13(5/2) 1960: 733; Epling, 1949: 282.
Herb. Andean I-II: dry valleys, lomas, rocky slopes. 1000-3500 m.
Voucher: Mathews 1530* (K), Plowman *et al.* 14205 (MO!)
Depts.: AM, CA, LA, LL, PI

[Hyptis florida Bentham]
Ref. FP 13(5/2) 1960: 740.
Note: Not known from Peru.

Hyptis lacustris St. Hilaire ex Bentham
Ref. FP 13(5/2) 1960: 733; Epling, 1949: 448.
Herb. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Dodson & Torres 2902 (MO!)
Depts.: AM, LO

Hyptis lantanaefolia Poiteau
Ref. FP 13(5/2) 1960: 733; Epling, 1949: 459.
Herb or subshrub. Andean I-II: disturbed areas, grasslands, terra firme forests. 1000-2000 m.
Voucher: Smith & Canne 5760 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, PA, PU, SM

Hyptis lutescens Pohl ex Bentham
Syn. *Hyptis affinis* Bentham
Ref. FP 13(5/2) 1960: 734; Epling, 1949: 389.
Shrub or subshrub. Amazonian, Andean I-II: disturbed areas, terra firme forests. 0-2000 m.
Voucher: Belshaw 3296 (MO!)
Depts.: HU, JU, SM

Hyptis marrubiifolia Epling & Mathias
Ref. FP 13(5/2) 1960: 734; Epling & Mathias, 1957: 299.
Endemic herb. Andean II: dry valleys. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Evinger 508* (US)
Depts.: AM

Hyptis mutabilis (Richard) Briquet
Syn. *Nepeta mutabilis* Richard
Ref. FP 13(5/2) 1960: 735; Epling, 1949: 317.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, terra firme forests. 0-2500 m.
Note: A number of varieties are discussed in the Flora of Peru.
Voucher: Ferreyra 13149 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PU, SM, UC

Hyptis obtusata Bentham
Ref. FP 13(5/2) 1960: 736; Epling, 1949: 283.
Shrub. Andean II: shrublands. 2000-3000 m.
Voucher: Williams 7568 (F)
Depts.: AM, CA, HU

Hyptis obtusiflora C. Presl ex Bentham
Ref. FP 13(5/2) 1960: 736; Epling, 1949: 449.
Herb or subshrub. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Haenke s.n.* (K), Huashikat 45 (MO!)
Depts.: AM, CU, HU, JU, LO, PA, PU, SM, UC

Hyptis odorata Bentham
Ref. FP 13(5/2) 1960: 737; Epling, 1949: 319.
Shrub. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Ruiz & Pavón s.n.* (Hb. Lambert at K), Ferreyra 4585 (MO!)
Depts.: AM, CU, HU, LO, MD, PU, SM, UC

Hyptis pachycephala Epling
Ref. FP 13(5/2) 1960: 737; Epling, 1949: 451.
Herb. Amazonian: seasonally inundated areas, riversides. 0-500 m.
Voucher: Williams 2267* (LA), Gentry & Revilla 20390 (MO!)
Depts.: LO

Hyptis parkeri Bentham
Ref. FP 13(5/2) 1960: 738; Epling, 1949: 452.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Williams 746 (F)
Depts.: LO

Hyptis pectinata (L.) Poiret
Syn. *Nepeta pectinata* L.
Ref. FP 13(5/2) 1960: 738; Epling, 1949: 268.
Herb or subshrub. Andean I, Coastal: disturbed areas, grasslands, riversides, terra firme forests. 0-2000 m.
Voucher: Schunke 6275 (MO!)
Depts.: AM, AP, CU, LA, LI, PI, SM

Hyptis pilosa Bentham
Ref. FP 13(5/2) 1960: 738; Epling, 1949: 280.
Herb or subshrub. Coastal: disturbed areas. 0-500 m.
Voucher: Pavón s.n.* (OXF), Haught 67 (US)
Depts.: PI

Hyptis polyantha Poiteau =Hyptis sidifolia (L'Héritier) Briquet
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 278.

Hyptis polyantha var. *longiflora* Bentham =Hyptis chachapoyensis Briquet
Ref. FP 13(5/2) 1960: 731; Epling, 1949: 280.

Hyptis recurvata Poiteau
Ref. FP 13(5/2) 1960: 739; Harley, 1983: 639.
Herb. Amazonian, Andean I-II: disturbed areas, riversides, swamps. 0-2000 m.
Voucher: Croat 18364 (MO!)
Depts.: AM, LO, SM, UC

Hyptis savannarum Briquet
Ref. FP 13(5/2) 1960: 739; Epling, 1949: 466.
Herb. Andean I-II: disturbed areas, terra firme forests. 500-2000 m.
Voucher: Macbride 5050 (MO!)
Depts.: HU, SM

Hyptis sidifolia (L'Héritier) Briquet
Syn. *Bystropogon sidifolium* L'Héritier, *Hyptis polyantha* Poiteau
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 278.
Herb. Andean I-II, Coastal: disturbed areas, lomas, rocky slopes. 0-3500 m.
Voucher: Dombey s.n.* (P), Dillon & Dillon 3944 (MO!)
Depts.: AN, AR, CA, CU, HU, JU, LA, LI, LL, PI

Hyptis spicigera Lamarck
Syn. *Hyptis americana* (Aublet) Urban, nom. illeg., *Nepeta americana* Aublet
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 253.
Herb. Andean II: disturbed areas. 1500-2000 m.
Voucher: Vargas 4203 (MO!)
Depts.: CU, HU

Hyptis suaveolens (L.) Poiteau
Syn. *Ballota suaveolens* L.
Ref. FP 13(5/2) 1960: 741; Epling, 1949: 261.
Herb. Coastal: disturbed areas, shrublands. 0-500 m.
Voucher: Llatas 615 (MO!)
Depts.: LA, LI, PI

Hyptis tafallae Bentham
Syn. *Hyptis tafalloides* Mansfeld, *Mesosphaerum grandiflorum* Rusby
Ref. FP 13(5/2) 1960: 741; Epling, 1949: 197.
Herb or shrub. Andean I-II: disturbed areas, dry valleys, forests, riversides, shrublands. 500-3000 m.
Voucher: Tafalla s.n.* (BM), Woytkowski 6430 (MO!)
Depts.: AP, AY, CU, HU, JU, PA

Hyptis tafalloides Mansfeld =Hyptis tafallae Bentham
Ref. FP 13(5/2) 1960: 741; Epling, 1949: 197.

Hyptis tenella Briquet & Spruce =Hyptis atrorubens Poiteau
Ref. FP 13(5/2) 1960: 729; Epling, 1949: 480.

Hyptis uncinata Bentham
Ref. FP 13(5/2) 1960: 742; Epling, 1949: 399.
Herb or subshrub. Andean II: cloud forests, disturbed areas, shrublands. 1500-3000 m.
Voucher: Ruiz & Pavón s.n.* (OXF), Young & Sullivan 530 (MO!)
Depts.: HU

Hyptis vesiculosa Bentham =Lepechinia vesciculosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 769; Hart, 1983: 244.

Lamium amplexicaule L.
Ref. FP 13(5/2) 1960: 823; Epling, 1935: 15.
Introduced herb. Andean II-III: disturbed areas, rocky slopes, shrublands. 3000-4000 m.
Voucher: Kalenborn 32 (MO!)
Depts.: CU, HU, JU, LI

Leonurus sibiricus L.
Ref. Epling, 1935: 14.
Introduced herb. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Tovar 2280 (MO!)
Depts.: JU, UC

Lepechinia betonicaefolia (Lamarck) Epling =Buddleja betonicaefolia Lamarck (Loganiaceae).

Lepechinia codon Epling
Syn. *Sphacele codon* (Epling) J. F. Macbride
Ref. FP 13(5/2) 1960: 764; Hart, 1983: 230.
Endemic shrub. Andean II: disturbed areas, shrublands. 2000-2500 m.
Voucher: Cook & Gilbert 1144* (US), West 6418 (MO!)
Depts.: CU

[Lepechinia conferta (Bentham) Epling]
Syn. *Sphacele conferta* Bentham
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 262.
Note: Not known from Peru. Treated by Hart (1983) as a Colombian endemic.

Lepechinia floribunda (Bentham) Epling
Syn. *Sphacele floribunda* Bentham
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 221.
Shrub. Andean II: disturbed areas, riversides, shrublands. 2500-3500 m.
Voucher: Tupayachi 930 (MO!)
Depts.: CU, HV

Lepechinia heteromorpha (Briquet) Epling
Syn. *Sphacele heteromorpha* Briquet
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 255.
Shrub. Andean II: cloud forests, shrublands. 2500-3500 m.
Note: This taxon was treated as a synonym under *Sphacele* (*Lepechinia*) *conferta* Bentham in the Flora of Peru.
Voucher: Woytkowski 6683 (MO!)
Depts.: AY, JU, SM

Lepechinia lamiifolia (Bentham) Epling
Syn. *Sphacele lamiifolia* Bentham
Ref. FP 13(5/2) 1960: 766; Hart, 1983: 218.
Endemic shrub or subshrub. Andean I-II, Coastal: disturbed areas, forests, lomas, rocky slopes, shrublands. 500-3000 m.
Voucher: Dombey 283* (B photo UC), Hutchison & Wright 5463 (MO!)
Depts.: AM, AN, AP, AR, CA, LI

Lepechinia marica Epling & Mathias
Ref. FP 13(5/2) 1960: 766; Hart, 1983: 213.
Endemic shrub. Andean II: shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Miranda 601* (US)
Depts.: LL

Lepechinia meyenii (Walpers) Epling
Syn. *Sphacele meyenii* (Walpers) J. F. Macbride, *Stachys meyenii* Walpers
Ref. FP 13(5/2) 1960: 767; Hart, 1983: 190.
Herb. Andean II-III: disturbed areas, rocky slopes, shrublands. 2500-4000 m.
Voucher: Meyen s.n.* (B photo GH), Metcalf 30265 (MO!)
Depts.: AN, CA, CU, HU, HV, LI, LL, PU

Lepechinia mollis Epling
Syn. *Sphacele mollis* Epling
Ref. FP 13(5/2) 1960: 767; Hart, 1983: 285.
Endemic shrub. Andean II: disturbed areas, shrublands. 1500-3000 m.
Voucher: Weberbauer 7106* (F), Hart 1780A (GH)
Depts.: CA, LA, PI

Lepechinia radula (Bentham) Epling
Syn. *Sphacele cordifolia* Bentham, *Sphacele radula* Bentham
Ref. FP 13(5/2) 1960: 768; Hart, 1983: 267.
Shrub. Andean II: disturbed areas, forests, rocky slopes. 2000-3000 m.
Voucher: Sagástegui *et al.* 7942 (MO!)
Depts.: AM, CA, HV, PI

Lepechinia scobina Epling
Ref. FP 13(5/2) 1960: 768; Hart, 1983: 290.
Endemic shrub. Forests.
Voucher: Jelski 73* (W), Hart 1769 (GH)
Depts.: CA, LL, PI

Lepechinia tomentosa (Bentham) Epling
Syn. *Sphacele tomentosa* Bentham
Ref. FP 13(5/2) 1960: 769; Hart, 1983: 187.
Endemic herb. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Dombey 278* (GH), Hart 1765 (GH)
Depts.: AN

Lepechinia vesciculosa (Bentham) Epling
Syn. *Hyptis vesiculosa* Bentham, *Sphacele vesciculosa* (Bentham) J. F. Macbride
Ref. FP 13(5/2) 1960: 769; Hart, 1983: 244.
Herb or shrub. Andean II: cloud forests, disturbed areas, rocky slopes, shrublands. 1500-3500 m.
Voucher: Vargas 7081 (LA in UC)
Depts.: CA, CU, PU

Marrubium hamatum H.B.K. =Marrubium vulgare L.
Ref. FP 13(5/2) 1960: 823.

Marrubium vulgare L.
Syn. *Marrubium hamatum* H.B.K.
Ref. FP 13(5/2) 1960: 823.
Introduced herb. Andean III: disturbed areas, grasslands, lomas, rocky slopes, shrublands. 500-4000 m.
Voucher: Smith 3016 (MO!)
Depts.: AN, AR, CA, CU, HU, JU, LI, LL

Marsypianthes chamaedrys (M. Vahl) Kuntze
Syn. *Clinopodium chamaedrys* M. Vahl, *Hyptis chamaedrys* (M. Vahl) Willdenow
Ref. FP 13(5/2) 1960: 726; Epling, 1936: 185.
Herb or subshrub. Amazonian, Andean I-II, Coastal: disturbed areas, forests. 0-2000 m.
Voucher: Schunke 14050 (MO!)
Depts.: AM, LO, MD, PI, SM

Mentha aquatica L.
Ref. FP 13(5/2) 1960: 743.
Introduced herb. Andean II. 3000-3500 m.
Voucher: Metcalf 30479 (UC)
Depts. Without full locality data.

Mentha aquatica var. *glabrata* Bentham =Mentha x piperita var. citrata (Ehrhart) Briquet
Ref. FP 13(5/2) 1960: 743; Harley, pers. comm.

Mentha arvensis L.
Ref. FP 13(5/2) 1960: 743.
Introduced.
Note: No Peruvian voucher seen.

Mentha citrata Ehrhart =Mentha x piperita var. citrata (Ehrhart) Briquet
Ref. FP 13(5/2) 1960: 743; Harley, pers. comm.

[*Mentha lavandulacea* Willdenow =Mentha longifolia (L.) Hudson]
Ref. FP 13(5/2) 1960: 743; Harley, pers. comm.
Note: Not known from Peru.

[Mentha longifolia (L.) Hudson]
Syn. *Mentha lavandulacea* Willdenow
Ref. Harley, pers. comm.
Note: Not known from Peru.

Mentha spicata L.
Syn. *Mentha viridis* L.
Ref. Harley, pers. comm.
Introduced herb.
Voucher: Epling s.n.
Depts.: Without full locality data.

Mentha viridis L. =Mentha spicata L.
Ref. FP 13(5/2) 1960: 743; Harley, pers. comm.

Mentha x piperita L. (pro sp.)
Ref. FP 13(5/2) 1960: 743.
Introduced.

Mentha x piperita var. **citrata** (Ehrhart) Briquet
Syn. *Mentha aquatica* var. *glabrata* Bentham, *Mentha citrata* Ehrhart
Ref. Harley, pers. comm.
Introduced herb. Andean II: disturbed areas, riversides. 2000-2500 m.
Voucher: Stork & Horton 10813 (UC)
Depts.: AR, HV

Mesosphaerum grandiflorum Rusby =Hyptis tafallae Bentham
Ref. FP 13(5/2) 1960: 741; Epling, 1949: 197.

Mesosphaerum salvioides Zahlbruckner
Ref. Zahlbruckner, 1892: 9.
Endemic subshrub. Andean II: forests. 2500-3000 m.
Note: Not treated in the Flora of Peru.
Voucher: Jelski 73* (W)
Depts.: CA

Micromeria boliviana Bentham =Satureja boliviana (Bentham) Briquet
Ref. FP 13(5/2) 1960: 754; Epling & Játiva, 1964: 411.

Micromeria gilliesii Bentham =Satureja parvifolia (Philippi) Epling
Ref. FP 13(5/2) 1960: 759; Epling & Játiva, 1964: 413.

Micromeria nubigena (H.B.K.) Bentham =Satureja nubigena (H.B.K.) Briquet
Ref. Epling & Játiva, 1964: 410.

Minthostachys andina (Britton) Epling
Syn. *Bystropogon andinus* Britton
Ref. FP 13(5/2) 1960: 745; Epling, 1936: 166.
Shrub. Andean II: disturbed areas, shrublands. 2000-2500 m.
Voucher: Herrera 1996 (F)
Depts.: CU

Minthostachys glabrescens (Bentham) Epling
Syn. *Bystropogon glabrescens* Bentham
Ref. Epling, 1936: 165.
Herb or shrub. Andean II-III: rocky slopes, shrublands. 2500-4000 m.
Voucher: Hartweg 807* (K), Núñez 7610 (MO!)
Depts.: AP, CA, CU, JU

Minthostachys mandoniana (Briquet) Epling
Syn. *Bystropogon mandonianus* Briquet
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 167.
Shrub. Andean I: forests. 1000-1500 m.
Voucher: Killip & Smith 22308 (F)
Depts.: AY

Minthostachys mollis Grisebach
Syn. *Bystropogon mollis* H.B.K., nom. illeg.
Ref. Epling, 1936: 165.
Subshrub. Andean I-II, Coastal: disturbed areas, rocky slopes, shrublands. 500-3500 m.
Voucher: Ferreyra 7667 (MO!)
Depts.: AM, AR, CA, CU, HU, JU, LI, LL, PI

Minthostachys salicifolia Epling
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 165.
Endemic shrub. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7578* (F)
Depts.: AY

Minthostachys setosa (Briquet) Epling
Syn. *Bystropogon setosus* Briquet
Ref. FP 13(5/2) 1960: 747; Epling, 1936: 166.
Herb or shrub. Andean I-II: disturbed areas. 1000-3500 m.
Voucher: Dillon *et al.* 1154 (MO!)
Depts.: PU

Minthostachys spicata (Bentham) Epling
Syn. *Bystropogon spicatus* Bentham
Ref. FP 13(5/2) 1960: 746; Epling, 1936: 165.
Herb or shrub. Andean II-III: rocky slopes, shrublands. 2500-4000 m.
Voucher: Mathews s.n.* (K), Brunel 2005 (MO!)
Depts.: AY, CU, HV, LI

Minthostachys tomentosa (Bentham) Epling
Syn. *Bystropogon canus* Bentham, *Bystropogon pavonianus* Briquet, *Bystropogon tomentosus* Bentham
Ref. FP 13(5/2) 1960: 748; Epling, 1936: 165.
Herb or subshrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-3500 m.
Voucher: Dombey s.n.* (P), Sagástegui *et al.* 9002 (MO!)
Depts.: AM, CA, CU, HU, JU, LI, LL

Nepeta americana Aublet =Hyptis spicigera Lamarck
Ref. FP 13(5/2) 1960: 740; Epling, 1949: 253.

Nepeta mutabilis Richard =Hyptis mutabilis (Richard) Briquet
Ref. FP 13(5/2) 1960: 735; Epling, 1949: 317.

Nepeta pectinata L. =Hyptis pectinata (L.) Poiret
Ref. FP 13(5/2) 1960: 738; Epling, 1949: 268.

Ocimum americanum L.
Ref. FP 13(5/2) 1960: 724; Epling, 1936: 183.
Herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Williams 5399 (F)
Depts.: SM

Ocimum basilicum L.
Ref. FP 13(5/2) 1960: 724; Epling, 1936: 182.
Introduced herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Schunke 8344 (MO!)
Depts.: SM

Ocimum campechianum Miller
Introduced herb. Andean I: disturbed areas. 500-1000 m.
Voucher: Núñez 6856 (MO!)
Depts.: CU

Ocimum micranthum Willdenow
Ref. FP 13(5/2) 1960: 725; Epling, 1936: 182.
Herb or subshrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Croat 51097 (MO!)
Depts.: AM, LO, MD, SM

Oreosphacus parvifolia Philippi =Satureja parvifolia (Philippi) Epling
Ref. FP 13(5/2) 1960: 759; Epling & Játiva, 1964: 413.

Perilomia benthamiana Mansfeld =Scutellaria benthamiana (Mansfeld) Epling
Ref. FP 13(5/2) 1960: 818; Epling, 1942: 130.

Perilomia briquetiana Mansfeld =Scutellaria volubilis H.B.K.
Ref. FP 13(5/2) 1960: 822; Epling, 1942: 128.

Perilomia gardoquioides Bentham & Hooker f. =Scutellaria gardoquioides (Bentham & Hooker f.) Bentham
Ref. FP 13(5/2) 1960: 819; Epling, 1942: 130.

Perilomia ocymoides H.B.K. =Scutellaria ocymoides (H.B.K.) Epling
Ref. FP 13(5/2) 1960: 821; Epling, 1942: 131.

Perilomia palambraensis Mansfeld =Scutellaria volubilis H.B.K.
Ref. FP 13(5/2) 1960: 822; Epling, 1942: 129.

Perilomia scutellarioides H.B.K. =Scutellaria scutellarioides (H.B.K.) R. Harley
Ref. FP 13(5/2) 1960: 821; Harley, 1983: 138.

Perilomia tomentosa Bentham =Scutellaria tomentosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 822; Epling, 1942: 130.

Perilomia weberbaueri Mansfeld =Scutellaria ocymoides (H.B.K.) Epling
Ref. FP 13(5/2) 1960: 821; Epling, 1942: 131.

Rosmarinus officinalis L.
Ref. FP 13(5/2) 1960: 814.
Introduced herb or subshrub. Andean II: disturbed areas. 3000-3500 m.
Voucher: Díaz *et al.* 2711 (MO!)
Depts.: PI

Salvia acuminata R. & P.
Ref. FP 13(5/2) 1960: 783.
Subshrub. Andean II: shrublands. 1500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Macbride 4914 (MO!)
Depts.: AN, HU

Salvia acutifolia R. & P.
Ref. FP 13(5/2) 1960: 804.
Shrub. Andean II: rocky slopes, shrublands. 3000-3500 m.
Note: Treated as a synonym of *S. revoluta* in the Flora of Peru.
Voucher: Macbride & Featherstone 1190 (MO!)
Depts.: AN

Salvia adenoclada Briquet =Salvia striata Bentham
Ref. FP 13(5/2) 1960: 809.

Salvia alata Epling
Ref. FP 13(5/2) 1960: 783; Epling, 1960: 147.
Herb or shrub. Andean II: disturbed areas, riversides, rocky slopes. 2500-3500 m.
Voucher: Angulo 1684* (LA), Sagástegui *et al.* 11840 (MO!)
Depts.: CA, LL

Salvia alborosea Epling & Játiva
Ref. Epling & Játiva, 1966: 260.
Endemic herb or shrub. Andean II: disturbed areas, shrublands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: López *et al.* 3724* (LA)
Depts.: CA

Salvia atrocalyx Epling
Ref. FP 13(5/2) 1960: 784.
Endemic herb or subshrub. Andean II: cloud forests. 2500-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 24401* (US)
Depts.: JU

Salvia ayavacensis H.B.K.
Syn. *Salvia mucidistachys* Epling
Ref. FP 13(5/2) 1960: 784.
Endemic herb or subshrub. Andean II: forests. 2500-3000 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), Weberbauer 6399 (B)
Depts.: PI

Salvia biflora R. & P. =Salvia tubiflora R. & P.
Ref. FP 13(5/2) 1960: 812.

Salvia biflora var. *glabrata* Bentham =Salvia tubiflora R. & P.
Ref. FP 13(5/2) 1960: 812.

Salvia bullulata Bentham
Syn. *Salvia pustulata* Bentham
Ref. FP 13(5/2) 1960: 785; Epling & Játiva, 1966: 259.
Herb or subshrub. Andean II: rocky slopes, shrublands. 1500-2000 m.
Voucher: Mathews 2132* (K), López *et al.* 4061 (UC)
Depts.: AM, LA

Salvia calocalicina Briquet =Salvia pauciserrata subsp. calocalicina (Briquet) J. R. I. Wood & R. Harley
Ref. FP 13(5/2) 1960: 799; Wood & Harley, 1989: 245.

Salvia camporum Epling
Ref. FP 13(5/2) 1960: 785; Epling, 1944: 489.
Endemic herb. Andean II: grasslands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Metcalf 30805* (MO!)
Depts.: AM

Salvia coccinea Etlinger
Ref. FP 13(5/2) 1960: 785; Wood & Harley, 1989: 241.
Herb. Andean I, Coastal: riversides. 500-1000 m.
Note: The author is incorrectly cited as "Juss. ex Murray" in the Flora of Peru.
Voucher: Macbride & Featherstone 488 (MO!)
Depts.: LI

Salvia coccinea var. *pseudococcinea* (Jacquin) A. Gray =Salvia coccinea L.

Salvia consobrina Epling
Ref. FP 13(5/2) 1960: 786.
Endemic shrub. Andean II: rocky slopes, shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: López *et al.* 2281* (LA)
Depts.: LL

Salvia corrugata M. Vahl
Ref. FP 13(5/2) 1960: 786; Wood & Harley, 1989: 220.
Shrub. Andean II-III: disturbed areas, rocky slopes, shrublands. 2500-4000 m.
Voucher: Díaz *et al.* 2723 (MO!)
Depts.: AM, HV, LA, PI

Salvia cruikshanksii Bentham
Syn. *Salvia leucoclada* Bentham
Ref. FP 13(5/2) 1960: 787.
Endemic herb or shrub. Andean I-II: disturbed areas, rocky slopes, shrublands. 1500-3000 m.
Voucher: Cruikshanks s.n.* (K), Smith 6193 (MO!)
Depts.: CA, LI, LL

Salvia cupheifolia H.B.K. =Salvia oppositiflora R. & P.
Ref. FP 13(5/2) 1960: 798.

Salvia cuspidata R. & P.
Ref. FP 13(5/2) 1960: 787.
Endemic shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Ferreyra 14602 (MO!)
Depts.: AN, CA, HU, LI

Salvia cyanicalyx Epling
Ref. FP 13(5/2) 1960: 788; Epling & Játiva, 1966: 261.
Endemic herb or shrub. Andean II: cloud forests, disturbed areas. 2500-3500 m.
Voucher: Stork *et al.* 10618* (F), Iltis & Ugent 643 (UC)
Depts.: AP, AY

Salvia cylindriflora Epling
Ref. FP 13(5/2) 1960: 788; Epling, 1936: 122.
Endemic shrub. Andean II: shrublands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Pearce 565* (K)
Depts.: PI

Salvia discolor H.B.K.
Ref. FP 13(5/2) 1960: 789.
Herb. Andean I-II: disturbed areas, rocky slopes, shrublands. 1000-2500 m.
Voucher: Humboldt & Bonpland s.n.* (P-H&B), López *et al.* 8812 (MO!)
Depts.: PI

Salvia dombeyi Epling
Syn. *Salvia longiflora* R. & P., nom. illeg.
Ref. FP 13(5/2) 1960: 789.
Herb or subshrub. Andean II-III: cloud forests. 2000-4000 m.
Voucher: Berry & Aronson 3026 (MO!)
Depts.: CU, JU, PU

Salvia excisa R. & P. =Salvia tubiflora R. & P.
Ref. FP 13(5/2) 1960: 812.

Salvia flocculosa Epling & Mathias, nom. illeg. [error in publication] =Scutellaria flocculosa Epling & Mathias
Ref. FP 13(5/2) 1960: 790; Epling & Mathias, 1957: 306.
Note: See note under *Scutellaria flocculosa*.

Salvia florida Bentham
Ref. FP 13(5/2) 1960: 790.
Shrub. Andean I-II: forests, rocky slopes. 1000-3000 m.
Voucher: Mathews 1347* (K), Hutchison & Bismarck 6388 (MO!)
Depts.: AM, CA, PI, SM

Salvia formosa L'Héritier
Syn. *Salvia leonuroides* Gloxin, *Salvia nodosa* R. & P.
Ref. FP 13(5/2) 1960: 790.
Shrub. Andean II: rocky slopes. 1500-2500 m.
Voucher: Croat 57794 (MO!)
Depts.: HU

Salvia grata M. Vahl =Salvia oppositiflora R. & P.
Ref. FP 13(5/2) 1960: 798.

Salvia grisea Epling & Mathias
Ref. FP 13(5/2) 1960: 791; Epling & Mathias, 1957: 308.
Endemic herb. Andean II: rocky slopes, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Ferreyra 7628* (MO!)
Depts.: LL

Salvia griseifolia Epling
Syn. *Salvia sideritidis* C. Presl ex Bentham, nom. illeg.
Ref. FP 13(5/2) 1960: 791; Epling, 1935: 78.
Endemic subshrub. Andean II.
Voucher: Haenke s.n.* (K), Lobb 237 (K)
Depts.: HU

Salvia haenkei Bentham
Ref. FP 13(5/2) 1960: 792.
Shrub. Andean II: shrublands. 2500-3000 m.
Voucher: Haenke s.n.* (M photo F!), Weberbauer 7270 (MO!)
Depts.: AR, MO

Salvia hapalophylla Epling
Ref. FP 13(5/2) 1960: 792; Epling, 1936: 122.
Endemic shrub. Andean II: grasslands, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7858* (F)
Depts.: CU

Salvia hastaefolia Epling, nom. illeg. =Salvia rhodostephana Epling
Ref. FP 13(5/2) 1960: 804.

Salvia heerii Regel
Ref. FP 13(5/2) 1960: 793; Epling, 1936: 121.
Herb. Andean II: rocky slopes, shrublands. 2500-3000 m.
Voucher: Sagástegui *et al.* 8259 (MO!)
Depts.: CA, PI

Salvia herrerae Epling
Ref. FP 13(5/2) 1960: 793; Epling, 1935: 93.
Shrub. Andean II: riversides, rocky slopes, shrublands. 2000-2500 m.
Voucher: Herrera 3207* (LA), Vargas 1879 (MO!)
Depts.: CU

Salvia hirta H.B.K.
Ref. FP 13(5/2) 1960: 793; Epling, 1936: 119.
Herb or subshrub. Andean II: shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Humboldt & Bonpland s.n.* (P-H&B)
Depts.: PI

Salvia incurvata R. & P.
Ref. FP 13(5/2) 1960: 794.
Endemic herb or subshrub. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality. Not treated by Epling (1937).
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: Without full locality data.

Salvia innoxia Epling & Mathias
Ref. FP 13(5/2) 1960: 794; Epling & Mathias, 1957: 309.
Endemic herb or subshrub. Andean II: shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Ferreyra 7555* (US)
Depts.: AN

Salvia integrifolia R. & P.
Ref. FP 13(5/2) 1960: 794; Epling, 1936: 123.
Shrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Dombey 273* (P), Ferreyra 3521 (MO!)
Depts.: AN, LI

Salvia lachnostoma Epling
Ref. FP 13(5/2) 1960: 795; Epling, 1936: 117.
Endemic shrub. Andean II: rocky slopes. 2500-3000 m.
Voucher: Macbride 4478* (MO!), Macbride 4309 (MO!)
Depts.: HU

Salvia lanicaulis Epling & Játiva
Ref. Epling & Játiva, 1963: 374.
Endemic herb or shrub. Andean II: disturbed areas, rocky slopes. 3000-4000 m.
Voucher: López & Sagástegui 2729* (LA), Sagástegui *et al.* 8113 (MO!)
Depts.: CA, LL

Salvia leonuroides Gloxin =Salvia formosa L'Héritier
Ref. FP 13(5/2) 1960: 790.

Salvia leucoclada Bentham =Salvia cruikshanksii Bentham
Ref. FP 13(5/2) 1960: 787.

[Salvia lobbii Epling]
Ref. FP 13(5/2) 1960: 796.
Note: Not known from Peru. The type,

Lobb 293 (K)*, is actually from Ecuador.

Salvia longiflora R. & P., nom. illeg. =Salvia dombeyi Epling
Ref. FP 13(5/2) 1960: 789.

Salvia macbridei Epling =Salvia revoluta R. & P.
Ref. FP 13(5/2) 1960: 804.

Salvia macrophylla Bentham
Syn. *Salvia macrophylla* var. *malacophylla* Bentham
Ref. FP 13(5/2) 1960: 796; Epling & Játiva, 1966: 259; Wood & Harley, 1989: 224.
Herb or shrub. Andean I-II, Coastal: cloud forests, disturbed areas, rocky slopes, shrublands. 0-3500 m.
Voucher: Mathews 800* (K), West 3756 (MO!)
Depts.: AM, AP, CA, HU, JU, LI, PI

Salvia macrophylla var. *malacophylla* Bentham =Salvia macrophylla Bentham
Ref. FP 13(5/2) 1960: 796.

Salvia malacophylla Bentham
Ref. FP 13(5/2) 1960: 796; Epling & Játiva, 1966: 261.
Endemic herb or shrub. Andean I: shrublands. 500-1500 m.
Voucher: Mathews 3156* (K), Hutchison & Wright 3543 (UC)
Depts.: AM, CA

Salvia mathewsii Bentham =Salvia speciosa C. Presl ex Bentham
Ref. FP 13(5/2) 1960: 809.

Salvia medusa Epling & Játiva
Ref. Epling & Játiva, 1963: 373.
Endemic herb or subshrub. Andean II: disturbed areas. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: López & Sagástegui 3535* (LA)
Depts.: LL

Salvia misella H.B.K.
Syn. *Salvia riparia* H.B.K.
Ref. Wood & Harley, 1989: 220.
Herb. Andean II: shrublands. 2000-2500 m.
Voucher: Humboldt & Bonpland 3530* (P-H&B)
Depts.: PI

Salvia mitis R. & P. =Salvia punctata R. & P.
Ref. FP 13(5/2) 1960: 803.

Salvia mucidistachys Epling =Salvia ayavacensis H.B.K.
Ref. FP 13(5/2) 1960: 784.

Salvia nodosa R. & P. =Salvia formosa L'Héritier
Ref. FP 13(5/2) 1960: 790.

Salvia obumbrata Epling
Syn. *Salvia umbratica* Epling
Ref. FP 13(5/2) 1960: 797; Epling, 1938a: 39.
Endemic herb. Andean I: forests. 500-1000 m.
Voucher: Killip & Smith 25311* (US), Spruce 4330 (K)
Depts.: JU, SM

Salvia occidentalis Swartz
Syn. *Salvia procumbens* R. & P.
Ref. FP 13(5/2) 1960: 797; Wood & Harley, 1989: 220.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, grasslands, riversides, rocky slopes, shrublands. 0-2500 m.
Voucher: Mathias & Taylor 3443 (MO!)
Depts.: AM, CA, CU, HU, JU, LA, LI, SM

Salvia ochrantha Epling
Shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-2500 m.
Voucher: Ferreyra 8435 (MO!)
Depts.: CA, PI

Salvia oppositiflora R. & P.
Syn. *Salvia cupheifolia* H.B.K., *Salvia grata* M. Vahl, *Salvia strictiflora* Hooker
Ref. FP 13(5/2) 1960: 798; Epling & Játiva, 1966: 260.
Endemic herb or shrub. Andean II-III: cloud forests, disturbed areas, riversides, rocky slopes, shrublands. 2000-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Grifo *et al.* 1071 (MO!)
Depts.: AM, AN, CA, CU, HU, JU, LI, LL, PU

Salvia paposana Philippi
Syn. *Salvia rhombifolia* var. *glabrior* Bentham
Ref. FP 13(5/2) 1960: 798; Epling, 1938a: 24.
Herb. Coastal: lomas, rocky slopes. 0-1500 m.
Voucher: Macbride 5898 (MO!)
Depts.: AR, LI, LL

Salvia pauciserrata Bentham subsp. **calocalicina** (Briquet) J. R. I. Wood & R. Harley
Syn. *Salvia calocalicina* Briquet
Ref. Wood & Harley, 1989: 245.
Herb or shrub. Amazonian, Andean I-II: dry valleys, forests, riversides. 0-2000 m.
Voucher: Knapp *et al.* 7043 (MO!)
Depts.: SM

Salvia pauciserrata var. **pauciserrata**
Ref. FP 13(5/2) 1960: 799; Epling & Mathias, 1957: 307.

Salvia pavonii Bentham
Ref. FP 13(5/2) 1960: 800; Epling, 1938a: 20.
Endemic herb or subshrub. Andean II: shrublands. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (Hb. Lambert), Stork 10956 (LA)
Depts.: JU

Salvia penduliflora Epling
Ref. FP 13(5/2) 1960: 800; Epling, 1938a: 38.
Herb or shrub. Andean II: disturbed areas, rocky slopes, shrublands. 1500-3000 m.
Voucher: Weberbauer 7910* (F), Núñez 7528 (MO!)
Depts.: AY, CU, HU

Salvia perlucida Epling
Ref. FP 13(5/2) 1960: 801; Epling, 1935: 72.
Endemic shrub. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 22350* (MO!)
Depts.: AY

Salvia petiolaris H.B.K. =Salvia scutellarioides H.B.K.
Ref. FP 13(5/2) 1960: 808.

Salvia pilosa M. Vahl =Salvia rhombifolia R. & P.
Ref. FP 13(5/2) 1960: 805.

Salvia plumosa R. & P.
Ref. FP 13(5/2) 1960: 801.
Endemic subshrub.
Note: Known from Peru only from the type locality.
Voucher: Dombey 270* (MA)
Depts.: JU

[Salvia praeclara Epling]
Ref. FP 13(5/2) 1960: 801.
Note: Not known from Peru.

Salvia procumbens R. & P. =Salvia occidentalis Swartz
Ref. FP 13(5/2) 1960: 797.

Salvia pseudococcinea (Jacquin) A. Gray =Salvia coccinea L.
Ref. FP 13(5/2) 1960: 785.

Salvia pseudorosmarinus Epling
Ref. FP 13(5/2) 1960: 802; Epling, 1941: 557.
Endemic shrub. Andean II: rocky slopes, shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Stork & Horton 9968* (LA)
Depts.: LL

Salvia psilantha Epling
Ref. FP 13(5/2) 1960: 802; Epling, 1936: 121.
Endemic herb. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6590* (F)
Depts.: JU

Salvia psilostachya Epling
Ref. FP 13(5/2) 1960: 802; Epling & Játiva, 1966: 259.
Herb or shrub. Andean I-II, Coastal: disturbed areas. 0-2000 m.

Voucher: Weberbauer 7141* (US), Hutchison & Wright 5450 (UC)
Depts.: AM, CA

Salvia punctata R. & P.
Syn. *Salvia mitis* R. & P., *Salvia punctata* var. *glabra* Epling
Ref. FP 13(5/2) 1960: 803.
Herb or shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Mostacero *et al.* 528 (MO!)
Depts.: AN, CA, HU, JU, LL

Salvia punctata var. *glabra* Epling =Salvia punctata R. & P.
Ref. FP 13(5/2) 1960: 803.

Ref. FP 13(5/2) 1960: 805; Wood & Harley, 1989: 220.

Salvia rivularis Gardner
Ref. FP 13(5/2) 1960: 801; Epling, 1938a: 41.
Endemic subshrub. Andean II: shrublands. 2000-2500 m.
Voucher: Dombey 270* (P), Woytkowski 34003 (F)
Depts.: HU, JU

[Salvia rubescens H.B.K.]
Ref. Epling & Játiva, 1966: 260; Wood & Harley, 1989: 227.
Note: Not known from Peru. The voucher cited by Epling & Játiva (1966: 260), *Wurdack 526*, is not this species (Wood & Harley, 1989: 227)

Salvia rubrifaux Epling
Ref. FP 13(5/2) 1960: 806; Epling, 1951: 133; Epling & Játiva, 1968: 308.
Endemic herb or subshrub. Andean II: cloud forests. 2000-3000 m.
Voucher: Vargas 6955* (LA), Vargas 16014 (LA)
Depts.: AY, PU

Salvia rusbyi Britton
Ref. Epling, 1936: 123.
Shrub. Andean I: disturbed areas, forests. 1000-1500 m.
Voucher: Wasshausen & Salas 1206 (MO!)
Depts.: PU

Salvia sagittata R. & P.
Ref. FP 13(5/2) 1960: 806; Wood & Harley, 1989: 223.
Shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Stevens 22023 (MO!)
Depts.: CA, HU, JU, LI, LL

Salvia sarmentosa Epling
Ref. FP 13(5/2) 1960: 807; Epling, 1935: 79.
Endemic shrub. Andean II-III: rocky slopes, shrublands. 2500-4000 m.
Voucher: Pennell 13650* (F), West 7174 (MO!)
Depts.: AP, CU

Salvia scandens Epling
Ref. FP 13(5/2) 1960: 807; Epling, 1936: 116.
Endemic shrub. Andean II: riversides, shrublands. 2500-3500 m.
Voucher: Weberbauer 7796* (F), Metcalf 30489 (MO!)
Depts.: CU, PU

Salvia scrobiculata Meyen ex Bentham =Salvia tubiflora R. & P.
Ref. FP 13(5/2) 1960: 812.

Salvia scutellarioides H.B.K.
Syn. *Salvia petiolaris* H.B.K.
Ref. FP 13(5/2) 1960: 808; Epling & Játiva, 1966: 259; Wood & Harley, 1989: 225.
Herb. Andean II-III: disturbed areas, rocky slopes, shrublands. 2000-4000 m.
Voucher: Núñez *et al.* 9099 (MO!)
Depts.: AM, AY, CU, HU

Salvia sideritidis C. Presl ex Bentham, nom. illeg. =Salvia griseifolia Epling
Ref. FP 13(5/2) 1960: 791.

Salvia silvarum Epling
Ref. FP 13(5/2) 1960: 808; Epling, 1935: 91.
Endemic herb or subshrub. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 25612* (US)
Depts.: JU

Salvia speciosa C. Presl ex Bentham
Syn. *Salvia mathewsii* Bentham
Ref. FP 13(5/2) 1960: 809; Epling, 1938a: 25.
Shrub. Andean II: forests, riversides, shrublands. 2000-3000 m.
Voucher: Haenke s.n.* (PR), Sagástegui & Mostacero 9062 (MO!)
Depts.: CA, HU, LI

Salvia splendens Sellow ex Roemer & Schultes
Ref. Wood & Harley, 1989: 276.
Introduced herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Vargas 2072 (MO!)
Depts.: CU

Salvia squalens H.B.K.
Ref. Epling & Játiva, 1966: 260.
Shrub. Andean II: disturbed areas, riversides, shrublands. 500-2500 m.
Voucher: Croat 58410 (MO!)
Depts.: CA, LA, PI

Salvia stachydifolia Bentham
Ref. Epling, 1935: 82.
Shrub. Andean II: disturbed areas. 2000-2500 m.
Voucher: López & Sagástegui 5273 (MO!)
Depts.: CA

Salvia striata Bentham
Syn. *Salvia adenoclada* Briquet
Ref. FP 13(5/2) 1960: 809; Epling & Játiva, 1966: 260.
Endemic herb or shrub. Andean I-II, Coastal: disturbed areas, shrublands. 0-3000 m.
Voucher: Mathews 3155* (K), Stork & Horton 10667 (MO!)
Depts.: AM, AP, AR, CA, CU, LL

Salvia strictiflora Hooker =Salvia oppositiflora R. & P.
Ref. FP 13(5/2) 1960: 798.

Salvia styphelus Epling
Syn. *Salvia radula* Epling, nom. illeg.
Ref. FP 13(5/2) 1960: 810; Epling & Játiva, 1966: 258.
Shrub. Andean II: rocky slopes, shrublands. 2500-3500 m.
Voucher: Lobb s.n.* (K), Hudson 1093 (MO!)
Depts.: CA

Salvia subscandens Epling & Játiva
Ref. Epling & Játiva, 1968: 308.
Endemic herb or subshrub. Andean I: disturbed areas. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Hutchison & Wright 3421* (LA)
Depts.: LA

Salvia tafallae Bentham
Ref. FP 13(5/2) 1960: 810.
Herb or subshrub. Andean II: disturbed areas, shrublands. 2000-3000 m.
Voucher: Tafalla s.n.* (Hb. Lambert), Killip & Smith 21982 (US)
Depts.: AP, CU, JU, LI

Salvia tiliifolia M. Vahl
Ref. FP 13(5/2) 1960: 811; Wood & Harley, 1989: 253.
Disturbed areas, shrublands.
Voucher: Without collection data.
Depts.: CA, TU

Salvia trifilis Epling
Ref. FP 13(5/2) 1960: 811; Epling & Játiva, 1966: 260.
Herb or shrub. Andean I-II: rocky slopes, shrublands. 1000-3000 m.
Voucher: Stork & Horton 10105* (UC), Hutchison & Wright 5859 (UC)
Depts.: AM, CA

Salvia tubiflora R. & P.
Syn. *Salvia biflora* R. & P., *Salvia biflora* var. *glabrata* Bentham,*Salvia excisa* R. & P., *Salvia scrobiculata* Meyen ex Bentham
Ref. FP 13(5/2) 1960: 812; Infantesa, 1962: 68.
Herb or shrub. Andean I-II, Coastal: disturbed areas, lomas, rocky slopes, shrublands. 0-3000 m.
Voucher: Dombey s.n.* (BM), Ferreyra 8900 (MO!)
Depts.: AN, AP, AR, CA, CU, IC, LI, LL

Salvia tubulosa Epling
Ref. FP 13(5/2) 1960: 813.
Endemic shrub. Andean II: forests. 1500-2000 m.
Voucher: Pearce s.n. * (K), Smith *et al.* 1779 (MO!)
Depts.: PA

Salvia umbratica Epling =Salvia obumbrata Epling
Ref. FP 13(5/2) 1960: 797; Epling, 1938a: 39.

Salvia vargasii Epling
Ref. FP 13(5/2) 1960: 813; Epling, 1947: 514.
Endemic shrub. Andean II: rocky slopes, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5834* (LA)
Depts.: CU

Salvia verbenaca L.
Introduced herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Vargas 7845 (MO!)
Depts.: CU

Salvia vestita Bentham
Ref. FP 13(5/2) 1960: 813; Epling, 1939: 310.
Shrub.
Note: Known from Peru only from the type locality. The type collection is questionably from Peru (or Colombia).
Voucher: Lobb s.n.* (K)
Depts.: Without full locality data.

Salvia weberbaueri Epling
Ref. FP 13(5/2) 1960: 814; Epling, 1936: 117.
Endemic shrub. Andean II: forests. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6638* (F)
Depts.: JU

Salvia xanthophylla Epling & Játiva
Ref. Epling & Játiva, 1963: 374.
Endemic subshrub. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: López & Sagástegui 2730* (LA), Hutchison *et al.* 6185 (MO!)
Depts.: LL

Satureja acutifolia (Bentham) Briquet
Syn. *Gardoquia acutifolia* Bentham
Ref. FP 13(5/2) 1960: 753; Epling & Játiva, 1964: 406.
Shrub. Andean I-II: rocky slopes, shrublands. 1000-3500 m.
Voucher: Mathews 1522* (K), Mostacero *et al.* 587 (MO!)
Depts.: AM, AN, CA

Satureja argentea (H.B.K.) Briquet
Syn. *Gardoquia argentea* H.B.K.
Ref. FP 13(5/2) 1960: 753; Epling & Játiva, 1964: 402.
Endemic shrub. Andean II-III: rocky slopes, shrublands. 2000-4000 m.
Voucher: Bonpland s.n.* (P-H&B), Macbride & Featherstone 2238a (MO!)
Depts.: CA, HU, JU, LI

Satureja boliviana (Bentham) Briquet
Syn. *Micromeria boliviana* Bentham, *Xenopoma bolivianum* (Bentham) Grisebach
Ref. FP 13(5/2) 1960: 754; Epling & Játiva, 1964: 411.
Shrub. Andean II-III: rocky slopes, shrublands. 3000-4500 m.
Voucher: Wasshausen & Encarnación 830 (MO!)
Depts.: CU, PU

Satureja brevicalyx Epling
Ref. FP 13(5/2) 1960: 754; Epling & Játiva, 1964: 412.
Endemic shrub or subshrub. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Herrera 825* (US), Ferreyra 2779 (MO!)
Depts.: AP, CU, PU

Satureja clivorum Epling
Ref. Epling & Játiva, 1964: 402; Epling & Játiva, 1966: 262.
Endemic herb or shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2500-3500 m.
Voucher: López 1555* (LA), Hutchison & Wright 5179 (UC)
Depts.: CA, LL

Satureja cylindrostachys Epling & Játiva
Ref. Epling & Játiva, 1966: 263.
Endemic herb or subshrub. Andean II: rocky slopes. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Hutchison & Wright 3869* (MO!)
Depts.: AM

Satureja elliptica (R. & P.) Briquet
Syn. *Gardoquia elliptica* R. & P., *Gardoquia pilosa* A. Gray, *Stachys speciosa* Hooker
Ref. FP 13(5/2) 1960: 755; Epling & Játiva, 1964: 397.
Endemic herb or shrub. Andean II-III: disturbed areas, rocky slopes. 3000-4000 m.
Voucher: Dombey s.n.* (P), López *et al.* 8334 (MO!)
Depts.: AN, JU, LI

Satureja flabellifolia Epling & Játiva
Ref. Epling & Játiva, 1964: 399.
Endemic shrub. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Ferreyra 13740* (LA)
Depts.: PI

Satureja guamaniensis Mansfeld
Syn. *Gardoquia obovata* R. & P., *Satureja obovata* (R. & P.) Briquet, *Satureja ruizii* J. F. Macbride
Ref. FP 13(5/2) 1960: 756; Epling & Játiva, 1964: 402.
Endemic shrub. Andean II-III: rocky slopes, shrublands. 2000-4000 m.
Voucher: Weberbauer 6323* (F), Sagástegui *et al.* 8213 (MO!)
Depts.: AN, CU, LI, LL, PI

Satureja incana (R. & P.) Spregel
Syn. *Gardoquia breviflora* Bentham, *Gardoquia incana* R. & P., *Satureja mantaroensis* Mansfeld, *Satureja pavoniana* Briquet
Ref. FP 13(5/2) 1960: 756; Epling & Játiva, 1964: 405.
Endemic shrub. Andean II-III: rocky slopes, shrublands. 2000-4000 m.
Voucher: Dombey s.n.* (P), Proano s.n. (MO!)
Depts.: HU, HV, JU, PA

Satureja insignis Mansfeld =Satureja revoluta (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 760; Epling & Játiva, 1964: 401.

Satureja junctionis Epling & Játiva
Ref. Epling & Játiva, 1964: 400.
Endemic subshrub. Andean II: disturbed areas, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: López & Sagástegui 3533* (LA)
Depts.: LL

Satureja loeseneriana Mansfeld =Satureja weberbaueri Mansfeld
Ref. FP 13(5/2) 1960: 757; Epling & Játiva, 1964: 404.

Satureja lopezii Epling =Satureja weberbaueri Mansfeld
Ref. FP 13(5/2) 1960: 757; Epling & Játiva, 1964: 404.

Satureja mantaroensis Mansfeld =Satureja incana (R. & P.) Spregel
Ref. FP 13(5/2) 1960: 756; Epling & Játiva, 1964: 405.

Satureja mathewsii Briquet
Ref. FP 13(5/2) 1960: 757; Epling & Játiva, 1964: 404.
Endemic shrub. Andean II: rocky slopes, shrublands. 1500-3000 m.
Voucher: Mathews s.n.* (G), Ferreyra 7134 (MO!)
Depts.: AM, CA

Satureja nubigena (H.B.K.) Briquet
Syn. *Micromeria nubigena* (H.B.K.) Bentham, *Thymus nubigenus* H.B.K.
Ref. FP 13(5/2) 1960: 758; Epling & Játiva, 1964: 410.
Herb. Andean II-III: disturbed areas, rocky slopes. 3000-4000 m.
Voucher: Sagástegui 8122 (MO!)
Depts.: CA, HU

Satureja obovata (R. & P.) Briquet, com. illeg. =Satureja guamaniensis Mansfeld
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 402.

Satureja panicera Epling =Satureja pulchella (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 758; Epling & Játiva, 1964: 398.

Satureja parvifolia (Philippi) Epling
Syn. *Micromeria gilliesii* Bentham, *Oreosphacus parvifolia* Philippi
Ref. FP 13(5/2) 1960: 759; Epling & Játiva, 1964: 413.
Andean III: grasslands, rocky slopes, shrublands. 4000- > 4500 m.
Voucher: Weberbauer 6891 (B)
Depts.: AR

Satureja pavoniana Briquet =Satureja incana (R. & P.) Spregel
Ref. FP 13(5/2) 1960: 756; Epling & Játiva, 1964: 405.

Satureja plicatula Epling
Ref. FP 13(5/2) 1960: 759; Epling & Játiva, 1964: 400.
Endemic shrub. Andean II: rocky slopes, riversides. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride & Featherstone 2238 (MO!)
Depts.: HU

Satureja pulchella (H.B.K.) Briquet
Syn. *Gardoquia pulchella* H.B.K., *Gardoquia rugosa* Bentham, *Satureja panicera* Epling, *Satureja rugosa* (Bentham) Briquet
Ref. FP 13(5/2) 1960: 759.
Endemic shrub. Andean II-III: disturbed areas, rocky slopes, shrublands. 2500-4000 m.
Note: Epling & Játiva (1964: 398) incorrectly used *S. rugosa* (Bentham) Briquet as the oldest available name for this species.
Voucher: Bonpland s.n.* (P-H&B), Sagástegui *et al.* 10036 (MO!)
Depts.: AN, CA, JU, LL

Satureja revoluta (R. & P.) Briquet
Syn. *Gardoquia revoluta* R. & P., *Satureja insignis* Mansfeld
Ref. FP 13(5/2) 1960: 760; Epling & Játiva, 1964: 401.
Endemic shrub. Andean II-III: riversides, rocky slopes. 2500-4000 m.
Voucher: Dombey s.n.* (P), Hutchison & Bismarck 6505 (MO!)
Depts.: AM, CA, LI, LL, PI

Satureja rugosa (Bentham) Briquet =Satureja pulchella (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 760; Epling & Játiva, 1964: 398.
Note: Incorrectly chosen by Epling & Játiva (1964: 398) as the oldest available name for *S. pulchella*.

Satureja ruizii J. F. Macbride =Satureja guamaniensis Mansfeld
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 402.

Satureja sericea (C. Presl ex Bentham) Briquet
Syn. *Gardoquia sericea* C. Presl ex Bentham
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 401.
Endemic herb or shrub. Andean II-III: disturbed areas, rocky slopes, shrublands. 2000-4000 m.
Voucher: Haenke s.n.* (K), Smith & Vásquez 3436 (MO!)
Depts.: AM, AN, CA, HU, JU, LI, LL, PA

Satureja sericifolia Epling & Játiva
Ref. Epling & Játiva, 1964: 405.
Endemic shrub. Andean II: rocky slopes, shrublands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: López & Sagástegui 3189* (LA)
Depts.: LL

Satureja sphenophylla Epling
Ref. FP 13(5/2) 1960: 761; Epling & Játiva, 1964: 407.
Endemic shrub or subshrub. Andean II: forests. 2500-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 2443* (US)
Depts.: JU

Satureja striata (R. & P.) Briquet
Syn. *Gardoquia striata* R. & P.
Ref. FP 13(5/2) 1960: 762; Epling & Játiva, 1964: 400.
Endemic shrub. Andean II: rocky slopes. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Woytkowski 34130 (MO!)
Depts.: HU, JU

Satureja taxifolia (H.B.K.) Briquet
Syn. *Gardoquia taxifolia* H.B.K.
Ref. Epling & Játiva, 1964: 403.
Shrub or subshrub. Andean II: forests. 2500-3000 m.
Voucher: Wurdack 1656 (US)
Depts.: AM

Satureja tenella Epling
Ref. Epling & Játiva, 1964: 410.
Herb. Andean III: rocky slopes, shrublands. 3500-4000 m.
Voucher: Hutchison 1743 (UC)
Depts.: AP

[Satureja tomentosa (H.B.K.) Briquet]
Syn. *Gardoquia tomentosa* H.B.K.
Ref. FP 13(5/2) 1960: 759.
Note: Not known from Peru. Listed under *S. pulchella* in the Flora of Peru.

Satureja vana Epling
Ref. FP 13(5/2) 1960: 762; Epling & Játiva, 1964: 412.
Endemic shrub. Andean II: disturbed areas, grasslands, shrublands. 2500-3000 m.
Voucher: Weberbauer 7259* (F), Boeke & Boeke 2992 (MO!)
Depts.: MO, PU

Satureja vargasii Epling & Mathias
Ref. FP 13(5/2) 1960: 762; Epling & Mathias, 1957: 304; Epling & Játiva, 1964: 403.
Endemic shrub. Andean II: forests, rocky slopes. 2500-3500 m.
Voucher: Vargas 9472* (LA), Woytkowski 588 (F)
Depts.: CU

Satureja weberbaueri Mansfeld
Syn. *Satureja loeseneriana* Mansfeld, *Satureja lopezii* Epling
Ref. FP 13(5/2) 1960: 763; Epling & Játiva, 1964: 404.
Endemic herb or shrub. Andean II: rocky slopes, shrublands. 2500-3500 m.
Voucher: Weberbauer 7016* (B, destroyed), Mostacero *et al.* 876 (MO!)
Depts.: AN, CA, LL

Scutellaria agrestis St. Hilaire ex Bentham
Ref. FP 13(5/2) 1960: 817; Epling, 1942: 100; Fernández, 1989: 116.
Herb. Amazonian: forests. 0-500 m.
Voucher: Williams 4497 (F)
Depts.: LO

Scutellaria atriplicifolia Bentham
Ref. FP 13(5/2) 1960: 817; Epling, 1942: 126.
Shrub. Amazonian, Andean I: shrublands. 0-1000 m.
Voucher: Pavón s.n.* (OXF), Macbride 4554 (MO!)
Depts.: AM, AY, HU, JU, LO, PA

Scutellaria aurata Lemaire =Scutellaria speciosa Epling,
Ref. FP 13(5/2) 1960: 821; Epling, 1942: 125.

Scutellaria benthamiana (Mansfeld) Epling
Syn. *Perilomia benthamiana* Mansfeld
Ref. FP 13(5/2) 1960: 818; Epling, 1942: 130.
Endemic shrub. Andean II: disturbed areas, shrublands. 1500-2000 m.
Voucher: Weberbauer 6164* (B), Weberbauer 7592 (B)
Depts.: AM, AY, CA, CU

Scutellaria breviflora Bentham
Ref. FP 13(5/2) 1960: 818; Epling, 1942: 102.
Herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (OXF)
Depts.: Without full locality data.

Scutellaria coccinea H.B.K.
Ref. FP 13(5/2) 1960: 819; Epling, 1942: 125; Epling & Mathias, 1957: 301.
Herb. Andean I: forests. 500-1000 m.
Voucher: Ferreyra 1876 (LA)
Depts.: HU

Scutellaria flocculosa Epling & Mathias
Syn. *Salvia flocculosa* Epling & Mathias, nom. illeg. [error in publication]
Endemic herb, subshrub. Coastal: disturbed areas. 0-500 m.
Note: Known from Peru only from the type locality. Published under *Salvia* in error; corrected by authors in "Errata" of volume where published. The Flora of Peru lists this taxon among *Salvia* species.
Voucher: Sandeman 4151* (LA)
Depts.: LA

Scutellaria gardoquioides (Bentham & Hooker f.) Bentham
Syn. *Perilomia gardoquioides* Bentham & Hooker f.
Ref. FP 13(5/2) 1960: 819; Epling, 1942: 130; Epling & Játiva, 1966: 264.
Endemic shrub. Andean I-II: rocky slopes, shrublands. 1000-3000 m.
Voucher: Mathews s.n.* (K), Ferreyra 7635 (MO!)
Depts.: AM, AN, AP, AY, CA, CU, LL

Scutellaria hookeri Epling
Syn. *Scutellaria villosa* Hooker, nom. illeg.
Ref. FP 13(5/2) 1960: 820; Epling, 1942: 126.
Subshrub.
Voucher: Cultivated plant ex Nation s.n.* (K)
Depts.: HU

Scutellaria irrasa Epling
Ref. FP 13(5/2) 1960: 820; Epling, 1936: 177; Epling, 1942: 125.
Herb. Andean I-II: disturbed areas, forests. 500-2000 m.
Voucher: Macbride 4086* (MO!), Stork & Horton 9511 (MO!)
Depts.: HU

Scutellaria leucantha Loesener
Ref. FP 13(5/2) 1960: 820; Epling, 1942: 104; Fernández, 1989: 116.
Herb. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et. al.* 11936 (MO!)
Depts.: LO

Scutellaria ocymoides (H.B.K.) Epling
Syn. *Perilomia ocymoides* H.B.K., *Perilomia weberbaueri* Mansfeld
Ref. FP 13(5/2) 1960: 821; Epling, 1942: 131.
Herb. Andean II: rocky slopes, shrublands. 3000-3500 m.
Voucher: Hutchison & Saravia 7105 (MO!)
Depts.: AY, LI

Scutellaria perilomia Epling, nom. illeg. =Scutellaria scutellarioides (H.B.K.) R. Harley
Ref. FP 13(5/2) 1960: 821; Harley, 1983b: 138.

Scutellaria scutellarioides (H.B.K.) R. Harley
Syn. *Perilomia scutellarioides* H.B.K., *Scutellaria perilomia* Epling, nom. illeg.
Ref. Harley, 1983b: 138; Ramamoorthy, 1984: 727.
Herb or shrub. Andean I-II: rocky slopes, shrublands. 1000-3000 m.
Note: The combination in *Scutellaria* was also made by Ramamoorthy (1984).
Voucher: Sagástegui & Mostacero 9198 (MO!)
Depts.: CA, PI

Scutellaria speciosa Epling
Syn. *Scutellaria aurata* Lemaire
Ref. FP 13(5/2) 1960: 821; Epling, 1942: 125.
Endemic herb. Amazonian, Andean I: disturbed areas, dry valleys, rocky slopes. 0-1000 m.
Voucher: Ule 6580* (K), Klug 4236 (MO!)
Depts.: HU, SM

Scutellaria tomentosa (Bentham) Epling
Syn. *Perilomia tomentosa* Bentham
Ref. FP 13(5/2) 1960: 822; Epling, 1942: 130.
Endemic shrub.
Voucher: Dombey s.n.* (OXF), Sagástegui & Mostacero 11717 (HUT)
Depts.: LI

Scutellaria villosa Hooker, nom. illeg. =Scutellaria hookeri Epling
Ref. FP 13(5/2) 1960: 820; Epling, 1942: 126.

Scutellaria volubilis H.B.K.
Syn. *Perilomia briquetiana* Mansfeld, *Perilomia palambraensis* Mansfeld
Ref. FP 13(5/2) 1960: 822; Epling, 1942: 128; Epling & Játiva, 1968: 312.
Herb or shrub. Andean II: disturbed areas, rocky slopes, shrublands. 1500-3000 m.
Voucher: Díaz & Baldeón 2855 (MO!)
Depts.: CA, LA

Sphacele codon (Epling) J. F. Macbride =Lepechinia codon Epling
Ref. FP 13(5/2) 1960: 764.

[*Sphacele conferta* Bentham =Lepechinia conferta (Bentham) Epling]
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 262.
Note: Not known from Peru.

Sphacele cordifolia Bentham =Lepechinia radula (Bentham) Epling
Ref. FP 13(5/2) 1960: 768; Hart, 1983: 267.

Sphacele floribunda Bentham =Lepechinia floribunda (Bentham) Epling
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 221.

Sphacele heteromorpha Briquet =Lepechinia heteromorpha (Briquet) Epling
Ref. FP 13(5/2) 1960: 765; Hart, 1983: 255.

Sphacele lamiifolia Bentham =Lepechinia lamiifolia (Bentham) Epling
Ref. FP 13(5/2) 1960: 766; Hart, 1983: 218.

Sphacele meyenii (Walpers) J. F. Macbride =Lepechinia meyenii (Walpers) Epling
Ref. FP 13(5/2) 1960: 767; Hart, 1983: 190.

Sphacele mollis Epling =Lepechinia mollis Epling
Ref. FP 13(5/2) 1960: 767; Hart, 1983: 285.

Sphacele radula Bentham =Lepechinia radula (Bentham) Epling
Ref. FP 13(5/2) 1960: 768; Hart, 1983: 267.

Sphacele tomentosa Bentham =Lepechinia tomentosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 769; Hart, 1983: 187.

Sphacele vesciculosa (Bentham) J. F. Macbride =Lepechinia vesciculosa (Bentham) Epling
Ref. FP 13(5/2) 1960: 769; Hart, 1983: 244.

Stachys aperta Epling
Ref. FP 13(5/2) 1960: 825; Epling, 1935: 11; Epling & Játiva, 1966: 265.
Herb. Andean II: disturbed areas, riversides, shrublands. 2000-3000 m.
Voucher: Macbride 3963* (MO!), Sagástegui *et al.* 9754 (MO!)
Depts.: CA, CU, HU

Stachys arvensis L.
Ref. FP 13(5/2) 1960: 826; Epling, 1935: 7.
Introduced herb. Coastal: disturbed areas, rocky slopes. 0-500 m.
Voucher: Ferreyra 4038 (MO!)
Depts.: LI, LL

Stachys elliptica var. *pusilla* Weddell =Stachys pusilla (Weddell) Briquet
Ref. FP 13(5/2) 1960: 828; Epling, 1935: 7.

Stachys herrerae Epling
Ref. FP 13(5/2) 1960: 826; Epling, 1935: 8; Epling & Játiva, 1966: 264.
Herb. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Pennell 13577* (F), Tupayachi 926 (MO!)
Depts.: CU

[Stachys lamioides Bentham]
Ref. FP 13(5/2) 1960: 827; Epling, 1935: 12.
Note: Not known from Peru.

Stachys lanata Jacquin
Ref. FP 13(5/2) 1960: 826; Epling, 1935: 5.
Introduced herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Metcalf 30264 (MO!)
Depts.: HV, PU

Stachys meyenii Walpers =Lepechinia meyenii (Walpers) Epling
Ref. FP 13(5/2) 1960: 767; Hart, 1983: 190.

Stachys micheliana Briquet
Ref. FP 13(5/2) 1960: 827; Epling, 1935: 9.
Herb. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3443 (MO!)
Depts.: LA, SM

Stachys peruviana Dombey ex Bentham
Ref. FP 13(5/2) 1960: 827; Epling, 1935: 8.
Endemic herb. Andean II: disturbed areas, grasslands, shrublands. 2500-3500 m.
Voucher: Dombey s.n.* (BM), Metcalf 30334 (MO!)
Depts.: AP, AY, CU, LL

Stachys petiolosa Briquet
Ref. FP 13(5/2) 1960: 828; Epling, 1935: 12; Epling, 1960: 140.
Herb. Andean II: disturbed areas. 2000-3500 m.
Voucher: Woytkowski 7972 (MO!)
Depts.: HU

Stachys pusilla (Weddell) Briquet
Syn. *Stachys elliptica* var. *pusilla* Weddell
Ref. FP 13(5/2) 1960: 828; Epling, 1935: 7.
Herb. Andean I-III, Coastal: disturbed areas, riversides. 0-4500 m.
Voucher: King & Collins 9049 (MO!)
Depts.: AN, HU, JU, LI

Stachys speciosa Hooker =Satureja elliptica (R. & P.) Briquet
Ref. FP 13(5/2) 1960: 755; Epling & Játiva, 1964: 398.

Teucrium vesicarium Miller
Ref. Epling, 1935: 3.
Herb. Coastal: disturbed areas, riversides. 0-500 m.
Voucher: Hudson 960 (MO!)
Depts.: LA

Thymus nubigenus H.B.K. =Satureja nubigena (H.B.K.) Briquet
Ref. FP 13(5/2) 1960: 758; Epling & Játiva, 1964: 410.

Xenopoma bolivianum (Bentham) Grisebach =Satureja boliviana (Bentham) Briquet
Ref. Epling & Játiva, 1964: 412.

Lauraceae

15 genera and 197 species in Peru.

Endemic species: 49.

Prepared by H. van der Werff (MO); reviewed by J. Rohwer (HBG).

Acrodiclidium armeniacum (Nees) Mez =Licaria armeniaca (Nees) Kostermans
Ref. FP 13(2/3) 1938: 869; Kurz, 1983: 122.

Acrodiclidium aureum Huber =Licaria aurea (Huber) Kostermans

Acrodiclidium brasiliense Nees =Licaria brasiliensis (Nees) Kostermans
Ref. Kurz, 1983: 152.

Acrodiclidium endlicheriifolium Kostermans =Licaria endlicheriifolia (Kostermans) Kostermans
Ref. FP 13(2/3) 1938: 869; Kurz, 1983: 211.

Acrodiclidium itauba Meissner =Mezilaurus ita-uba (Meissner) Taubert ex Mez
Ref. van der Werff, 1987: 164.

Acrodiclidium kunthianum Nees =Rhodostemonodaphne kunthiana (Nees) Rohwer
Ref. Rohwer, 1986: 84.

Acrodiclidium latifolium A. C. Smith =Licaria latifolia (A. C. Smith) Kostermans
Ref. FP 13(2/3) 1938: 869.

Acrodiclidium limbatum (Nees) J. F. Macbride =Licaria triandra (Swartz) Kostermans
Ref. FP 13(2/3) 1938: 870.

Acrodiclidium limbosum (R. & P.) Mez =Licaria triandra (Swartz) Kostermans
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 196.

Acrodiclidium macrophyllum A. C. Smith =Licaria macrophylla (A. C. Smith) Kostermans
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 126.

[*Acrodiclidium multiflorum* Kostermans =Licaria multiflora (Kostermans) Kostermans]
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 162.
Note: Not known from Peru.

Acrodiclidium pucheri (R. & P.) Kostermans =Licaria pucheri (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 128.

Aiouea dubia (H.B.K.) Mez
Syn. *Aiouea jelskii* Mez, *Aiouea tambillensis* Mez, *Cryptocarya dubia* H.B.K.
Ref. Kubitzki & Renner, 1982: 95.
Tree. Andean I-II: forests. 500-2000 m.
Voucher: Jelski 184 (US)
Depts.: CA

Aiouea jelskii Mez =Aiouea dubia (H.B.K.) Mez
Ref. FP 13(2/3) 1938: 844; Kubitzki & Renner, 1982: 95.

Aiouea tambillensis Mez =Aiouea dubia (H.B.K.) Mez
Ref. FP 13(2/3) 1938: 844; Kubitzki & Renner, 1982: 95.

Aiouea tomentella (Mez) Renner
Syn. *Endlicheria tomentella* Mez
Ref. FP 13(2/3) 1938: 854; Kubitzki & Renner, 1982: 103.
Tree.
Voucher: Pearce s.n.* (K)
Depts.: AN

Ampelodaphne arunciflora Meissner =Endlicheria arunciflora (Meissner) Mez
Ref. FP 13(2/3) 1938: 847.

Anaueria brasiliensis Kostermans
Syn. *Beilschmiedia brasiliensis* (Kostermans) Kostermans
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: van der Werff 10279 (AMAZ!, MO!)
Depts.: LO

Aniba amazonica (Meissner) Mez =Aniba puchury-minor (C. Martius) Mez
Ref. FP 13(2/3) 1938: 866; Kubitzki & Renner, 1982: 57.

Aniba canelilla (H.B.K.) Mez
Syn. *Aniba elliptica* A. C. Smith, *Cryptocarya canelilla* H.B.K.
Ref. FP 13(2/3) 1938: 863.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Núñez 54176 (MO!)
Depts.: MD

Aniba compacta A. C. Smith =Aniba perutilis Hemsley
Ref. FP 13(2/3) 1938: 865; Kubitzki & Renner, 1982: 60.

Aniba coto (Rusby) Kostermans
Syn. *Nectandra coto* Rusby

Ref. FP 13(2/3) 1938: 863.
Tree. Andean II: forests. 1500-2000 m.
Voucher: van der Werff 8325 (MO!)
Depts.: AM, PA

Aniba cylindriflora Kostermans
Ref. FP 13(2/3) 1938: 863.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 5372 (MO!)
Depts.: LO

Aniba elliptica A. C. Smith =Aniba canelilla (H.B.K.) Mez
Ref. FP 13(2/3) 1938: 863.

[Aniba firmula (Nees & C. Martius) Mez]
Syn. *Aydendron firmulum* Nees & C. Martius
Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 75.
Note: Not known from Peru.

Aniba flexuosa A. C. Smith =Endlicheria pyriformis (Nees) Mez
Ref. FP 13(2/3) 1938: 852.

Aniba foeniculacea Mez =Licaria pucheri (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 128.

Aniba gigantifolia O. Schmidt =Aniba hostmanniana (Nees) Mez
Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 36.

Aniba guianensis Aublet
Syn. *Aniba salicifolia* (Nees) Mez, *Aniba tessmannii* O. Schmidt, *Aydendron salicifolium* Nees
Ref. Kubitzki & Renner, 1982: 45.
Tree. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Mathias & Taylor 6044 (F)
Depts.: HU, LO

Aniba hirsuta (Schott) Pax ex Sampaio =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 851.

Aniba hostmanniana (Nees) Mez
Syn. *Aniba gigantifolia* O. Schmidt, *Aydendron hostmannianum* Nees
Ref. Kubitzki & Renner, 1982: 36.
Shrub or tree. Amazonian: swamps, terra firme forests. 0-500 m.
Voucher: Killip & Smith 27217 (F)
Depts.: LO

[Aniba intermedia (Meissner) Mez]
Syn. *Aniba puchury-minor* var. *intermedia* (Meissner) Kostermans, *Ayendron intermedium* Meissner
Ref. Mez, 1889: 13.
Note: Not known from Peru.

Aniba krukovii A. C. Smith =Endlicheria krukovii (A. C. Smith) Kostermans

Aniba megaphylla Mez
Ref. Kubitzki & Renner, 1982: 48.
Shrub or tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Rimachi 1601 (MO!)
Depts.: AM, LO

Aniba muca (R. & P.) Mez
Syn. *Aydendron muca* (R. & P.) Nees, *Laurus muca* R. & P.
Ref. FP 13(2/3) 1938: 865; Kubitzki & Renner, 1982: 68.
Tree. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 6961 (F)
Depts.: CU, HU, JU

Aniba murcana Allen =Aniba williamsii O. Schmidt
Ref. Kubitzki & Renner, 1982: 33.

Aniba panurensis (Meissner) Mez
Syn. *Aydendron panurense* Meissner
Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 63.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Klug 409 (F)
Depts.: AM, LO, MD, PA

Aniba parviflora (Meissner) Mez
Syn. *Aydendron parviflorum* Meissner
Tree. Amazonian: forests. 0-500 m.
Voucher: Without collection data (MO!)
Depts.: LO

Aniba perutilis Hemsley
Syn. *Aniba compacta* A. C. Smith
Ref. FP 13(2/3) 1938: 865; Kubitzki & Renner, 1982: 60.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry & Aronson 24957 (MO!)
Depts.: LO

Aniba puchury-minor (C. Martius) Mez
Syn. *Aniba amazonica* (Meissner) Mez, *Aydendron amazonicum* Meissner, *Ocotea puchury-minor* C. Martius
Ref. FP 13(2/3) 1938: 866; Kubitzki & Renner, 1982: 57; Spichiger *et al.*, 1985: 260.
Tree. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Killip & Smith 27658 (F)
Depts.: LO

[*Aniba puchury-minor* var. *intermedia* (Meissner) Kostermans =Aniba intermedia (Meissner) Mez]
Ref. FP 13(2/3) 1938: 866; Mez, 1889: 13.
Note: Not known from Peru.

Aniba reticulata A. C. Smith =Endlicheria rubriflora Mez
Ref. FP 13(2/3) 1938: 852.

Aniba riparia (Nees) Mez
Syn. *Aydendron riparium* Nees
Tree. Amazonian: forests. 0-500 m.
Voucher: van der Werff *et al.* 10134 (AMAZ!, MO!)
Depts.: LO

Aniba robusta (Klotzsch & Karsten) Mez
Syn. *Aydendron robustum* Klotzsch & Karsten
Tree. Andean I-II: cloud forests. 500-2000 m.
Voucher: van der Werff *et al.* 8283 (MO!)
Depts.: JU, PA

Aniba rosaeodora Ducke
Ref. FP 13(2/3) 1938: 867.
Tree. Amazonian: terra firme forests, forests on white sand. 0-500 m.
Voucher: Klug 1313 (F)
Depts.: LO

Aniba salicifolia (Nees) Mez =Aniba guianensis Aublet
Ref. FP 13(2/3) 1938: 867; Kubitzki & Renner, 1982: 45.

Aniba taubertiana Mez
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 7824 (MO!)
Depts.: LO, MD

Aniba tessmannii O. Schmidt =Aniba guianensis Aublet
Ref. FP 13(2/3) 1938: 866; Kubitzki & Renner, 1982: 45.

Aniba williamsii O. Schmidt
Syn. *Aniba murcana* Allen
Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 33; Spichiger *et al.*, 1985: 262.
Tree. Amazonian. 0-500 m.
Voucher: Williams 3495* (F), Wurdack 2513 (F)
Depts.: LO

Aydendron amazonicum Meissner =Aniba puchury-minor (C. Martius) Mez
Ref. FP 13(2/3) 1938: 866; Kubitzki & Renner, 1982: 57.

Aydendron cannella Meissner =Licaria cannella subs. cannella
Ref. Kurz, 1983: 105.

[*Aydendron firmulum* Nees & C. Martius =Aniba firmula (Nees & C. Martius) Mez]
Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 75.
Note: Not known from Peru.

Aydendron hostmannianum Nees =Aniba hostmanniana (Nees) Mez
Ref. Kubitzki & Renner, 1982: 36.

[*Aydendron intermedium* Meissner =Aniba intermedia (Meissner) Mez]
Ref. FP 13(2/3) 1938: 866; Mez, 1889: 13.
Note: Not known from Peru.

Aydendron muca (R. & P.) Nees =Aniba muca (R. & P.) Mez
Ref. FP 13(2/3) 1938: 865; Kubitzki & Renner, 1982: 68.

Aydendron panurense Meissner =Aniba panurensis (Meissner) Mez

Ref. FP 13(2/3) 1938: 864; Kubitzki & Renner, 1982: 63.

Aydendron parviflorum Meissner =Aniba parviflora (Meissner) Mez

Aydendron riparium Nees =Aniba riparia (Nees) Mez

Aydendron robustum Klotzsch & Karsten =Aniba robusta (Klotzsch & Karsten) Mez

Aydendron salicifolium Nees =Aniba guianensis Aublet
Ref. FP 13(2/3) 1938: 867; Kubitzki & Renner, 1982: 45.

Beilschmiedia brasiliensis (Kostermans) Kostermans =Anaueria brasiliensis Kostermans

Beilschmiedia sulcata (R. & P.) Kostermans
Syn. *Hufelandia latifolia* Nees, *Hufelandia sulcata* (R. & P.) Nees, *Laurus sulcata* R. & P., *Persea sulcata* (R. & P.) Meissner
Ref. FP 13(2/3) 1938: 843.
Shrub or tree.
Voucher: Ruiz & Pavón s.n.*
Depts.: Without full locality data.

Caryodaphnopsis fosteri van der Werff
Ref. van der Werff, 1986: 415.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Foster 9585* (MO!), Gentry *et al.* 26865 (MO!)
Depts.: MD

Caryodaphnopsis inaequalis (A. C. Smith) van der Werff & Richter
Syn. *Persea inaequalis* A. C. Smith
Ref. van der Werff & Richter, 1985: 169.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 42759 (MO!)
Depts.: LO

Caryodaphnopsis tomentosa van der Werff
Ref. van der Werff, 1991: 409.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6387 (MO!)
Depts.: LO

*Cassytha baccifera*Solander ex J. S. Miller =Rhipsalis baccifera (Solander ex J. S. Miller) Stearn (Cactaceae)

Cinnamomum cinnamomifolium (H.B.K.) Kostermans
Syn. *Persea cinnamomifolia* H.B.K., *Phoebe cinnamomifolia* (H.B.K.) Nees
Ref. Kostermans, 1961: 20.
Note: Doubtful identification (van der Werff, pers. comm.).
Voucher: Jelski 166 (MO!)
Depts.: CA

Cinnamomum heterantherum (R. & P.) Kostermans
Syn. *Laurus heteranthera* R. & P., *Phoebe heteranthera* (R. & P.) Mez, *Phoebe ruiziana* Nees
Ref. Kostermans, 1961: 21.
Voucher: Ruiz & Pavón s.n.*
Depts.: Without full locality data.

Cinnamomum heterotepalum (Mez) Kostermans
Syn. *Phoebe heterotepala* Mez
Ref. Kostermans, 1961: 21.
Tree. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 3487* (B!)
Depts.: HU

Cinnamomum mathewsii (Meissner) Kostermans
Syn. *Persea punctata* var. *mathewsii* Meissner, *Phoebe mathewsii* (Meissner) Mez
Ref. Kostermans, 1961: 21.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality. The generic identification is doubtful (van der Werff, pers. comm.).
Voucher: Mathews s.n.*
Depts.: AM

Cinnamomum maynense (Nees) Kostermans
Syn. *Phoebe maynensis* Nees, *Phoebe peruviana* var. *glabriflora* Meissner
Ref. Kostermans, 1961: 22.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2305*
Depts.: LO

Cinnamomum peruvianum (Meissner) Kostermans =Cinnamomum triplinerve (R. & P.) Kostermans

Cinnamomum pichisense (A. C. Smith) Kostermans
Syn. *Phoebe pichisensis* A. C. Smith
Ref. Kostermans, 1961: 23.
Tree. Andean I. 500-1500 m.
Voucher: Killip & Smith 25430* (NY!)
Depts.: JU

Cinnamomum subsessile (Meissner) Kostermans
Syn. *Persea subsessilis* Meissner
Ref. Kostermans, 1961: 23.
Endemic shrub. Andean II: cloud forests. 2500-3000 m.
Voucher: Stein 2106 (MO!)
Depts.: AM

Cinnamomum triplinerve (R. & P.) Kostermans
Syn. *Cinnamomum peruvianum* (Meissner) Kostermans, *Laurus triplinervis* R. & P., *Phoebe peruviana* Meissner, *Phoebe poeppigii* Meissner, *Phoebe triplinervis* (R. & P.) Mez, nom. illeg.
Ref. Kostermans, 1961: 24.
Voucher: Ruiz & Pavón s.n.*
Depts.: Without full locality data.

Cryptocarya aschersoniana Mez
Tree. Andean II: cloud forests. 1500-2000 m.
Note: The identification to species is doubtful (van der Werff, pers. comm.).
Voucher: van der Werff *et al.* 8611 (MO!)
Depts.: PA

Cryptocarya canelilla H.B.K. =Aniba canelilla (H.B.K.) Mez
Ref. FP 13(2/3) 1938: 863.

Cryptocarya dubia H.B.K. =Aiouea dubia (H.B.K.) Mez
Ref. Kubitzki & Renner, 1982: 95.

Cryptocarya hirsuta Schott =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 850.

Cryptocarya pyriformis Nees =Endlicheria pyriformis (Nees) Mez
Ref. FP 13(2/3) 1938: 851.

Cryptocarya robusta A. C. Smith =Endlicheria robusta (A. C. Smith) Kostermans
Ref. FP 13(2/3) 1938: 852.

Endlicheria acuminata Kostermans
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Phillips & Núñez 52 (MO!)
Depts.: MD

Endlicheria anomala (Nees) Mez
Syn. *Endlicheria anomala* Nees ex Meissner, nom. illeg., *Goeppertia anomala* Nees
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Croat 18851 (MO!)
Depts.: LO

Endlicheria anomala Nees ex Meissner, nom. illeg. =Endlicheria anomala (Nees) Mez
Ref. FP 13(2/3) 1938: 846.

Endlicheria arunciflora (Meissner) Mez
Syn. *Ampelodaphne arunciflora* Meissner
Ref. FP 13(2/3) 1938: 847.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3157 (MO!)
Depts.: LO

Endlicheria bracteata Mez
Ref. FP 13(2/3) 1938: 847.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Weberbauer 4680*, Vásquez & Soto 12350 (MO!)
Depts.: AM, HU, LO, SM

Endlicheria bracteolata (Meissner) Allen
Syn. *Goeppertia sericea* var. *bracteolata* Meissner
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry & Revilla 16539 (MO!)
Depts.: LO

Endlicheria bullata Ducke
Ref. FP 13(2/3) 1938: 848.
Note: Not reconfirmed.

Endlicheria citriodora van der Werff
Ref. van der Werff, 1991: 415.
Endemic tree. Amazonian. 0-500 m.
Voucher: van der Werff *et al.* 9991* (AMAZ!, MO!), van der Werff *et al.* 10242 (AMAZ!, MO!)
Depts.: LO

Endlicheria cocuirey Kostermans
Ref. FP 13(2/3) 1938: 848.
Endemic. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2253*
Depts.: LO

Endlicheria debilis Kostermans
Ref. FP 13(2/3) 1938: 848.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 28400*
Depts.: LO

Endlicheria dysodantha (R. & P.) Mez
Syn. *Goeppertia dysodantha* (R. & P.) Nees, *Laurus dysodantha* R. & P.
Ref. FP 13(2/3) 1938: 849.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.*, Foster 9394 (MO!)
Depts.: CU, HU, JU, LO, MD, SM, UC

Endlicheria formosa A. C. Smith
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez 6675 (MO!)
Depts.: LO, MD

Endlicheria glaberrima Mez =Endlicheria pyriformis (Nees) Mez
Ref. FP 13(2/3) 1938: 852.

Endlicheria gracilis Kostermans
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 2501 (MO!)
Depts.: LO

Endlicheria grandis Mez =Rhodostemonodaphne grandis (Mez) Rohwer
Ref. Rohwer, 1986: 84.

Endlicheria hirsuta (Schott) Nees =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 850.

Endlicheria klugii O. Schmidt
Tree. Amazonian: forests. 0-500 m.
Voucher: Hartshorn 2824 (MO!)
Depts.: AM, LO, MD, PA

Endlicheria krukovii (A. C. Smith) Kostermans
Syn. *Aniba krukovii* A. C. Smith
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 2570 (MO!)
Depts.: AM, HU, LO, MD, PA, UC

Endlicheria lhotzkyi (Nees) Mez =Endlicheria sericea Nees
Ref. FP 13(2/3) 1938: 849.

Endlicheria longifolia (Nees) Mez =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 850.

Endlicheria loretensis O. Schmidt =Ocotea licanioides A. C. Smith

Endlicheria metallica Kostermans
Tree. Amazonian: forests. 0-500 m.
Voucher: van der Werff *et al.* 9815 (MO!)
Depts.: LO

Endlicheria mishuyacensis A. C. Smith
Ref. FP 13(2/3) 1938: 850.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 204*, Vásquez & Jaramillo 10749 (MO!)
Depts.: LO

Endlicheria paniculata (Sprengel) J. F. Macbride
Syn. *Aniba hirsuta* (Schott) Pax ex Sampaio, *Citrosma paniculata* Sprengel (Monimiaceae), *Cryptocarya hirsuta* Schott, *Endlicheria hirsuta* (Schott) Nees, *Endlicheria longifolia* (Nees) Mez, *Endlicheria poeppigii* Kostermans, *Goeppertia hirsuta* var. *hirsutior* Meissner, *Goeppertia longifolia* Nees
Ref. FP 13(2/3) 1938: 850.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2298*, Vásquez *et al.* 4778 (MO!)
Depts.: AM, HU, LO, SM, UC

Endlicheria paradoxa Mez
Ref. FP 13(2/3) 1938: 850.
Note: Not reconfirmed.

Endlicheria poeppigii Kostermans =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 851.

Endlicheria pyriformis (Nees) Mez
Syn. *Aniba flexuosa* A. C. Smith, *Cryptocarya pyriformis* Nees, *Endlicheria glaberrima* Mez
Ref. FP 13(2/3) 1938: 851.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Knapp & Mallet 6531 (MO!)
Depts.: PU, SM

Endlicheria robusta (A. C. Smith) Kostermans
Syn. *Cryptocarya robusta* A. C. Smith
Ref. FP 13(2/3) 1938: 852.
Endemic tree. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 26077*
Depts.: JU

Endlicheria rubriflora Mez
Syn. *Aniba reticulata* A. C. Smith
Ref. FP 13(2/3) 1938: 852.
Tree. Amazonian: forests. 0-500 m.
Voucher: Pariona & Sebastian 46 (MO!)
Depts.: PA

Endlicheria sericea Nees
Syn. *Endlicheria lhotzkyi* (Nees) Mez, *Ocotea lhotzkii* Nees
Ref. FP 13(2/3) 1938: 853.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Morawetz & Wallnöfer 13-9288 (MO!)
Depts.: AM, AN, HU, LO, MD, PA, SM

Endlicheria sprucei (Meissner) Mez
Syn. *Goeppertia sprucei* Meissner
Ref. FP 13(2/3) 1938: 853.
Tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 945 (MO!)
Depts.: LO, MD

Endlicheria szyszylowiczii Mez
Ref. FP 13(2/3) 1938: 854.
Tree. Andean I-II: forests, cloud forests. 0-2000 m.
Voucher: Jelski 165*, van der Werff *et al.* 8340 (MO!)
Depts.: PA

Endlicheria tessmannii O. Schmidt
Ref. FP 13(2/3) 1938: 854.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Tessmann 5146*, Wallnöfer 14-221287 (MO!)
Depts.: HU, LO

Endlicheria tomentella Mez =Aiouea tomentella (Mez) Renner
Ref. FP 13(2/3) 1938: 854; Kubitzki & Renner, 1982: 103.

Endlicheria verticillata Mez
Ref. FP 13(2/3) 1938: 855.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez 12296 (MO!)
Depts.: LO, MD

Endlicheria williamsii O. Schmidt
Ref. FP 13(2/3) 1938: 855.
Tree. Amazonian. 0-500 m.
Voucher: Williams 1193*
Depts.: LO

Evonymodaphne armeniaca Nees =Licaria armeniaca (Nees) Kostermans
Ref. FP 13(2/3) 1938: 869; Kurz, 1983: 122.

Goeppertia anomala Nees =Endlicheria anomala (Nees) Mez
Ref. FP 13(2/3) 1938: 846.

Goeppertia dysodantha (R. & P.) Nees =Endlicheria dysodantha (R. & P.) Mez
Ref. FP 13(2/3) 1938: 849.

Goeppertia hirsuta var. *hirsutior* Meissner =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 851.

Goeppertia longifolia Nees =Endlicheria paniculata (Sprengel) J. F. Macbride
Ref. FP 13(2/3) 1938: 850.

Goeppertia sericea var. *bracteolata* Meissner =Endlicheria bracteolata (Meissner) Allen

Goeppertia sprucei Meissner =Endlicheria sprucei (Meissner) Mez
Ref. FP 13(2/3) 1938: 853.

[*Gymnobalanus minarum* Nees & C. Martius =Ocotea minarum (Nees & C. Martius) Mez]
Note: Not known from Peru.

Gymnobalanus punctata (R. & P.) Meissner =Nectandra lineatifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 925; Rohwer, pers. comm.

Gymnobalanus punctata var. *elongata* Meissner =Nectandra japurensis Nees
Ref. FP 13(2/3) 1938: 925; Rohwer, pers. comm.

Hufelandia latifolia Nees =Beilschmiedia sulcata (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 843.

Hufelandia sulcata (R. & P.) Nees =Beilschmiedia sulcata (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 843.

Laurus acutifolia R. & P. =Nectandra acutifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 915.

Laurus aurantiodora R. & P. =Ocotea aurantiodora (R. & P.) Mez
Ref. FP 13(2/3) 1938: 895.

Laurus balanocarpa R. & P. =Ocotea balanocarpa (R. & P.) Mez
Ref. FP 13(2/3) 1938: 895; Rohwer, 1986: 121.

Laurus caerulea R. & P. =Persea caerulea (R. & P.) Mez
Ref. Kopp, 1966: 34.

[*Laurus cordata* Vell. Conc. =Persea pyrifolia Nees]
Ref. FP 13(2/3) 1938: 879.
Note: Not known from Peru.

Laurus cuneifolia R. & P. =Ocotea cuneifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 897.

Laurus dysodantha R. & P. =Endlicheria dysodantha (R. & P.) Mez
Ref. FP 13(2/3) 1938: 849.

Laurus ferruginea R. & P. =Persea ruizii J. F. Macbride
Ref. FP 13(2/3) 1938: 879; Kopp, 1966: 79.

Laurus floribunda Swartz =Ocotea floribunda (Swartz) Mez
Ref. Burger & van der Werff, 1990: 79.

Laurus furcata R. & P. =Nectandra furcata (R. & P.) Nees
Ref. FP 13(2/3) 1938: 918.

[*Laurus globosa* Aublet =Nectandra globosa (Aublet) Mez]
Ref. FP 13(2/3) 1938: 919.
Note: Not known from Peru.

Laurus heteranthera R. & P. =Cinnamomum heterantherum (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 882; Kostermans, 1961: 21.

Laurus javitensis H.B.K. =Ocotea javitensis (H.B.K.) Pittier

Laurus leptobotra R. & P. =Ocotea leptobotra (R. & P.) Mez
Ref. FP 13(2/3) 1938: 901.

Laurus leucoxylon Swartz =Ocotea leucoxylon (Swartz) de Lanessan

Laurus limbosa R. & P. =Licaria triandra (Swartz) Kostermans
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 196.

Laurus lineatifolia R. & P. =Nectandra lineatifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 921; Rohwer, 1986: 52.

Laurus longifolia R. & P. =Nectandra longifolia (R. & P.) Nees
Ref. FP 13(2/3) 1938: 922; Rohwer, 1986: 52.

Laurus muca R. & P. =Aniba muca (R. & P.) Mez
Ref. FP 13(2/3) 1938: 865; Kubitzki & Renner, 1982: 68.

Laurus multiglandulosa R. & P. =Ocotea multiglandulosa (R. & P.) Mez
Ref. FP 13(2/3) 1938: 904.

Laurus nitida R. & P. =Ocotea leptobotra (R. & P.) Mez
Ref. FP 13(2/3) 1938: 901.

Laurus obovata R. & P. =Ocotea obovata (R. & P.) Mez
Ref. FP 13(2/3) 1938: 905.

Laurus ovalifolia R. & P. =Ocotea ovalifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 907.

Laurus puberula Richard =Ocotea puberula (Richard) Nees
Ref. FP 13(2/3) 1938: 907.

Laurus pucheri R. & P. =Licaria pucheri (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 128.

Laurus punctata R. & P. =Nectandra lineatifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 925; Rohwer, pers. comm.

Laurus purpurea R. & P. =Nectandra purpurea (R. & P.) Mez
Ref. FP 13(2/3) 1938: 925; Rohwer, 1986: 77.

Laurus reticulata R. & P. =Nectandra reticulata (R. & P.) Mez
Ref. FP 13(2/3) 1938: 926.

Laurus subcordata R. & P. =Persea subcordata (R. & P.) Nees
Ref. FP 13(2/3) 1938: 880; Kopp, 1966: 66.

Laurus sulcata R. & P. =Beilschmiedia sulcata (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 843.

Laurus triandra Swartz =Licaria triandra (Swartz) Kostermans
Ref. Kurz, 1983: 196.

Laurus triplinervis R. & P. =Cinnamomum triplinerve (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 883; Kostermans, 1961: 24.

Licaria armeniaca (Nees) Kostermans
Syn. *Acrodiclidium armeniacum* (Nees) Mez, *Evonymodaphne armeniaca* Nees, *Oreodaphne evonymodaphne* Meissner
Ref. FP 13(2/3) 1938: 869; Kurz, 1983: 122.
Shrub or tree. Amazonian. 0-500 m.
Note: The Flora of Peru uses the incorrect author citation *L. armeniaca* (Poeppig) Kostermans.
Voucher: Poeppig 1787* (W), Schunke 3397 (MO!)
Depts.: LO, SM

Licaria aurea (Huber) Kostermans
Syn. *Acrodiclidium aureum* Huber
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Soto 11860 (MO!)
Depts.: LO, MD, PA

Licaria brasiliensis (Nees) Kostermans
Syn. *Acrodiclidium brasiliense* Nees
Ref. Kurz, 1983: 152.
Tree. Amazonian: 0-500 m.
Voucher: Klug 30 (NY)
Depts.: LO

Licaria cannella (Meissner) Kostermans subsp. **cannella**
Syn. *Aydendron cannella* Meissner
Tree. Amazonian: forests. 0-500 m.
Note: The specific epithet is frequently spelled "*canella.*"
Voucher: Croat 20020 (MO!)
Depts.: LO

Licaria cannella subsp. **tenuicarpa** (Kostermans ex Rodrigues) Kurz
Syn. *Licaria tenuicarpa* Kostermans ex Rodrigues
Ref. Kurz, 1983: 110.
Tree. Amazonian: forests. 0-500 m.

Voucher: Gentry & Aronson 25298 (MO!)
Depts.: LO

Licaria endlicheriifolia (Kostermans) Kostermans
Syn. *Acrodiclidium endlicheriifolium* Kostermans
Ref. FP 13(2/3) 1938: 869; Kurz, 1983: 211.
Endemic tree. Andean I. 500-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 24901* (US)
Depts.: JU

Licaria latifolia (A. C. Smith) Kostermans
Syn. *Acrodiclidium latifolium* A. C. Smith
Ref. FP 13(2/3) 1938: 869.
Tree. Amazonian: 0-500 m.
Voucher: Klug 30*
Depts.: LO

Licaria limbosa (R. & P.) Kostermans =Licaria triandra (Swartz) Kostermans
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 196.

Licaria macrophylla (A. C. Smith) Kostermans
Syn. *Acrodiclidium macrophyllum* A. C. Smith
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 126.
Tree. Amazonian. 0-500 m.
Voucher: Klug 80* (NY), Klug 246 (F)
Depts.: LO

[Licaria multiflora (Kostermans) Kostermans]
Syn. *Acrodiclidium multiflorum* Kostermans
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 162.
Note: Not known from Peru. The Flora of Peru uses an incorrect author citation *L. multiflora* Kostermans.

Licaria pucheri (R. & P.) Kostermans
Syn. *Acrodiclidium pucheri* (R. & P.) Kostermans, *Aniba foeniculacea* Mez, *Laurus pucheri* R. & P.
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 128.
Endemic tree. Andean I. 1000-1500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Schunke 262 (F)
Depts.: JU

Licaria quirirafuina Kostermans
Ref. FP 13(2/3) 1938: 871; Kurz, 1983: 209.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2131* (F)
Depts.: LO

Licaria tenuicarpa Kostermans ex Rodrigues =Licaria cannella subsp. tenuicarpa (Kostermans ex Rodrigues) Kurz
Ref. Kurz, 1983: 110.

Licaria triandra (Swartz) Kostermans
Syn. *Acrodiclidium limbatum* (Nees) J. F. Macbride, *Acrodiclidium limbosum* (R. & P.) Mez, *Laurus limbosa* R. & P., *Laurus triandra* Swartz, *Licaria limbosa* (R. & P.) Kostermans, *Nectandra limbata* Nees
Ref. Kurz, 1983: 196.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Belshaw 3146 (F!)
Depts.: AM, LI, MD, SM, TU

Mespilodaphne aurantiodora (R. & P.) Meissner =Ocotea aurantiodora (R. & P.) Mez
Ref. FP 13(2/3) 1938: 102.

Mespilodaphne balanocarpa (R. & P.) Nees =Ocotea balanocarpa (R. & P.) Mez
Ref. FP 13(2/3) 1938: 895; Rohwer, 1986: 121.

Mespilodaphne laxiflora Meissner =Ocotea pauciflora (Nees) Mez
Ref. FP 13(2/3) 1938: 900.

Mespilodaphne myriantha Meissner =Ocotea myriantha (Meissner) Mez

Mezilaurus ita-uba (Meissner) Taubert ex Mez
Syn. *Acrodiclidium itauba* Meissner
Ref. van der Werff, 1987: 164.
Shrub or tree.
Voucher: Díaz 17 53-96 (MO!)
Depts.: MD

Mezilaurus opaca Kubitzki & van der Werff
Ref. van der Werff, 1987: 171.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Revilla 1226* (MO)
Dept.: LO

Mezilaurus palcazuensis van der Werff
Ref. van der Werff, 1987: 173.
Endemic tree. Amazonian, Andean I. 0-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Hartshorn *et al.* 2691* (MO!)
Depts.: PA

Mezilaurus subcordata (Ducke) Kostermans
Syn. *Silvia subcordata* Ducke
Ref. van der Werff, 1987: 177.
Tree. Amazonian. 0-500 m.
Voucher: Gentry *et al.* 46116 (MO!)
Depts.: MD

[Mezilaurus synandra (Mez) Kostermans]
Syn. *Silvia synandra* Mez
Note: Not known from Peru. The Peruvian record probably is based on a specimen of *M. opaca* (van der Werff, pers. comm.).

Nectandra Rolander ex Rottboell
Note: A monograph of *Nectandra* is in preparation for Flora Neotropica and is expected to make substantial changes to the treatment of the genus (van der Werff, pers. comm.).

Nectandra acuminata (Nees) J. F. Macbride
Syn. *Persea acuminata* Nees
Ref. FP 13(2/3) 1938: 915; Rohwer, pers. comm.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez 8313 (MO!)
Depts.: LO

Nectandra acutifolia (R. & P.) Mez
Syn. *Laurus acutifolia* R. & P., *Nectandra berchemiaefolia* Meissner
Ref. FP 13(2/3) 1938: 915; Rohwer, pers. comm.
Tree. Andean I-II: forests. 500-2500 m.
Voucher: Ruiz & Pavón s.n.* (G, K), Jelski 181 (MO!)
Depts.: CA, CU, HU, JU, PA

Nectandra amazonum var. *glabrata* Meissner =Nectandra maynensis Mez
Ref. FP 13(2/3) 1938: 923.

[*Nectandra amplifolia* Mez =Pleurothyrium amplifolium (Mez) Rohwer]
Ref. Rohwer, 1986: 43.
Note: Not known from Peru. The specimen cited in Spichiger *et al.* is based on a misidentification (van der Werff, pers. comm.)

Nectandra arnottiana Nees =Ocotea arnottiana (Nees) van der Werff
Ref. FP 13(2/3) 1938: 916; van der Werff, 1989: 1175.

Nectandra berchemiaefolia Meissner =Nectandra acutifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 915.

Nectandra breaparinensis O. Schmidt =Nectandra maynensis Mez
Ref. FP 13(2/3) 1938: 916; Rohwer, 1986: 50; Rohwer, pers. comm.

Nectandra brittonii Mez
Ref. Rohwer, pers. comm.
Tree. Andean I: forests. 500-1500 m.
Voucher: Schunke 5687 (F, HBG!)
Depts.: SM, PA

Nectandra canescens Nees
Ref. Rohwer, pers. comm.
Tree. Amazonian. 0-500 m.
Voucher: Williams 2863 (F!)
Depts.: LO

Nectandra capanahuensis O. Schmidt =Nectandra cissiflora Nees
Ref. FP 13(2/3) 1938: 916; Rohwer, pers. comm.

Nectandra cissiflora Nees
Syn. *Nectandra myriantha* Meissner

Ref. FP 13(2/3) 1938: 916; Rohwer, 1986: 73; Rohwer, pers. comm.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Poeppig 3061* (B)
Depts.: CA, HU, LO, MD, PA, SM

Nectandra citrifolia Mez & Rusby
Ref. FP 13(2/3) 1938: 917.
Tree. Amazonian, Andean I: forests.
Voucher: Woytkowski 35156 (F!, MAD!)
Depts. SM

Nectandra comasensis O. Schmidt =Nectandra discolor (H.B.K.) Nees
Ref. FP 13(2/3) 1938: 917; Rohwer, 1986: 62; Rohwer, pers. comm.

Nectandra coto Rusby =Aniba coto (Rusby) Kostermans
Ref. FP 13(2/3) 1938: 863.

Nectandra crassipes Meissner =Nectandra longifolia (R. & P.) Nees
Ref. FP 13(2/3) 1938: 917; Rohwer, 1986: 64; Rohwer, pers. comm.

Nectandra cuneato-cordata Mez
Ref. Rohwer, pers. comm.
Tree. Amazonian. 0-500 m.
Voucher: Mathias & Taylor 6076 (F!, LA!)
Depts.: LO, MD

Nectandra cuspidata Nees
Syn. *Nectandra pichurim* var. *cuprea* Mez
Ref. Rohwer, pers. comm.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Stein & Todzia 2396 (MO!)
Depts.: CU, HU, JU, LO, PA

[*Nectandra dioica* Mez =Rhodostemonodaphne dioica (Mez) Rohwer]
Ref. FP 13(2/3) 1938: 918; Rohwer, 1986: 83.
Note: Not known from Peru.

Nectandra discolor (H.B.K.) Nees
Syn. *Ocotea discolor* H.B.K., *Ocotea comasensis* Schmidt
Ref. Rohwer, pers. comm.
Tree. Andean II: forests.
Voucher: Young 3956 (MO!)
Depts.: AM, CA, JU, SM

Nectandra elongata Mez =Nectandra longifolia (R. & P.) Ness
Ref. FP 13(2/3) 1938: 918; Rohwer, pers. comm.

Nectandra embirensis Coe-Teixeira
Ref. Rohwer, pers. comm.
Tree. Amazonian. 0-500 m.
Voucher: Klug 2028 (F!)
Depts.: LO

Nectandra furcata (R. & P.) Nees
Syn. *Laurus furcata* R. & P.
Ref. FP 13(2/3) 1938: 918.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón 478* (G)
Depts.: Without full locality data.

[Nectandra globosa (Aublet) Mez]
Syn. *Laurus globosa* Aublet
Ref. FP 13(2/3) 1938: 919.
Note: Not known from Peru.

Nectandra herrerae O. Schmidt
Ref. FP 13(2/3) 1938: 919; Rohwer, 1986: 72.
Endemic shrub or tree. Andean II. 2000-2500 m.
Voucher: Herrera 2662* (B), Gentry 44146 (MO!)
Depts.: CU

Nectandra intermedia Mez =Pleurothyrium intermedium (Mez) Rohwer
Ref. FP 13(2/3) 1938: 920; Rohwer, 1986: 43.

Nectandra japurensis Nees
Syn. *Gymnobalanus punctata* var. *elongata* Meissner, *Nectandra punctata* var. *elongata* Meissner ex Mez
Ref. Rohwer, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (G), Croat 17897 (MO!)
Depts.: HU, JU, LO

Nectandra jelskii Mez =Nectandra lineatifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 920; Rohwer, 1986: 52; Rohwer, pers. comm.

Nectandra laevis Mez =Nectandra membranacea (Swartz) Grisebach
Ref. FP 13(2/3) 1938: 920; Rohwer, 1986: 71; Rohwer, pers. comm.

Nectandra latifolia (H.B.K.) Mez =Nectandra purpurea (R. & P.) Mez
Ref. FP 13(2/3) 1938: 921; Rohwer, 1986: 77; Rohwer, pers. comm.

Nectandra laurel Klotzsch ex Nees
Syn. *Nectandra laurel* var. *glabrescens* Meissner
Ref. FP 13(2/3) 1938: 921; Rohwer, pers. comm.
Tree. Andean I-II: cloud forests. 1000-3000 m.
Voucher: Knapp 7481 (MO!)
Depts.: AM, CA, CU,

Nectandra laurel var. *glabrescens* Meissner =Nectandra laurel Klotsch ex Nees
Ref. Rohwer, 1986: 62; Rohwer, pers. comm.

Nectandra limbata Nees =Licaria triandra (Swartz) Kostermans
Ref. FP 13(2/3) 1938: 870; Kurz, 1983: 196.

Nectandra lineatifolia (R. & P.) Mez
Syn. *Gymnobalanus punctata* (R. & P.) Meissner, *Laurus lineatifolia* R. & P., *Laurus punctata* R. & P., *Nectandra jelskii* Mez, *Nectandra punctata* (R. & P.) Nees
Ref. FP 13(2/3) 1938: 921; Rohwer, 1986: 52; Rohwer, pers. comm.
Tree. Andean I-II: forests. 500-2500 m.
Voucher: Ruiz & Pavón 477* (G)
Depts.: AM, CA, CU, HU, JU, LO, PA, PU, SM

Nectandra longifolia (R. & P.) Nees
Syn. *Laurus longifolia* R. & P; *Nectandra crassipes* Meissner, *Nectandra elongata* Mez, *Nectandra macbridei* O. Schmidt
Ref. FP 13(2/3) 1938: 922; Rohwer, 1986: 52; Rohwer, pers. comm.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ruiz & Pavón s.n.* (B)
Depts.: CU, HU, JU, LO, MD, SM

Nectandra lucida Nees
Syn. *Nectandra maranonensis* O. Schmidt, *Nectandra tessmannii* O. Schmidt
Ref. FP 13(2/3) 1938: 922; Rohwer, pers. comm.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Tessmann 3070
Depts.: AM, JU, LO

Nectandra macbridei O. Schmidt ex J. F. Macbride =Nectandra longifolia (R. & P.) Nees
Ref. FP 13(2/3) 1938: 922; Rohwer, 1986: 64; Rohwer, pers. comm.

Nectandra maranonensis O. Schmidt =Nectandra lucida Nees
Ref. FP 13(2/3) 1938: 923; Rohwer, 1986: 53; Rohwer, pers. comm.

Nectandra mathewsii Meissner
Ref. FP 13(2/3) 1938: 923; Rohwer, 1986: 71.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Mathews 1431* (NY), Killip & Smith 26697 (F!)
Depts.: HU, JU, LO, PA, SM

Nectandra maynensis Mez
Syn. *Nectandra amazonum* var. *glabrata* Meissner, *Nectandra breaparinensis* O. Schmidt
Ref. FP 13(2/3) 1938: 923; Rohwer, pers. comm.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Poeppig 2343* (G-DC), Schunke 2044 (MO!)
Depts.: AM, HU, LO

Nectandra membranacea (Swartz) Grisebach
Syn. *Nectandra laevis* Mez, *Nectandra raimondii* O. Schmidt, *Nectandra willimasii* O. Schmidt
Ref. Rohwer, pers. comm.
Tree. Amazonian, Andean I-II. 0-2000 m.
Voucher: Klug 2133 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, MD, PA, SM

Nectandra microcarpa Meissner
Ref. FP 13(2/3) 1938: 924; Rohwer, 1986: 69.
Endemic tree.

Voucher: Spruce 4191* (C)
Depts.: SM

Nectandra myriantha Meissner =Nectandra cissiflora Nees
Ref. FP 13(2/3) 1938: 924; Rohwer, pers. comm.

Nectandra paucinervia Coe-Teixeira
Ref. Rohwer, pers. comm.
Tree. Amazonian. 0-500 m.
Voucher: van der Werff 9816 (MO!)
Depts.: LO

Nectandra panurensis Meissner =Pleurothyrium panurense (Meissner) Mez

Nectandra pearcei Mez
Ref. FP 13(2/3) 1938: 924; Rohwer, 1986: 73.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Pearce s.n.* (K), Weberbauer 5027 (F)
Depts.: CU

Nectandra pichurim (H.B.K.) Mez var. *cuprea* Mez =Nectandra cuspidata Nees
Ref. Rohwer, pers. comm.

[Nectandra pichurim var. pichurim]
Syn. *Ocotea pichurim* H.B.K.
Ref. FP 13(2/3) 1938: 924.
Note: Not known from Peru.

Nectandra pulverulenta Nees
Ref. FP 13(2/3) 1938: 919; Rohwer, 1986: 54.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1427* (B)
Depts.: AM, CU, JU, LO, MD, SM

Nectandra punctata (R. & P.) Klotzsch ex Nees =Nectandra lineatifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 925; Rohwer, pers. comm.

Nectandra punctata var. *elongata* Meissner ex Mez =Nectandra japurensis Nees
Ref. FP 13(2/3) 1938: 925; Rohwer, pers. comm.

Nectandra purpurea (R. & P.) Mez
Syn. *Laurus purpurea* R. & P., *Nectandra latifolia* (H.B.K.) Mez, *Ocotea latifolia* H.B.K.
Ref. FP 13(2/3) 1938: 925; Rohwer, 1986: 77; Rohwer, pers. comm.
Voucher: Ruiz & Pavón s.n.* (B), Mexia 6228 (F!, MO!)
Depts.: AM, HU, SM

Nectandra raimondii O. Schmidt =Nectandra membranacea (Swartz) Grisebach
Ref. FP 13(2/3) 1938: 925; Rohwer, 1986: 71; Rohwer, pers. comm.

Nectandra reticulata (R. & P.) Mez
Syn. *Laurus reticulata* R. & P., *Nectandra rigida* Nees, *Ocotea rigida* H.B.K.
Ref. FP 13(2/3) 1938: 926.
Tree. Amazonian, Andean I-II. 0-2500 m.
Voucher: Ruiz & Pavón s.n.* (B!, F!), Poeppig 1237 (BM!, F!)
Depts.: AM, CA, CU, HU, JU, LA, LO, MD, PA, PU, SM

Nectandra rigida Nees =Nectandra reticulata (R. & P.) Mez
Ref. FP 13(2/3) 1938: 926.

Nectandra sawadai O. Schmidt =Nectandra turbacensis (H.B.K.) Nees
Ref. FP 13(2/3) 1938: 926; Rohwer, pers. comm.

[*Nectandra superba* A. C. Smith =Rhodostemonodaphne dioica (Mez) Rohwer]
Ref. FP 13(2/3) 1938: 927; Rohwer, 1986: 84.
Note: Not known from Peru.

Nectandra tessmannii O. Schmidt =Nectandra lucida Nees
Ref. FP 13(2/3) 1938: 919.

Nectandra trianae Mez =Pleurothyrium trianae (Mez) Rohwer
Ref. Burger & van der Werff, 1990: 117.

Nectandra turbacensis (H.B.K.) Nees
Syn. *Nectandra sawadai* O. Schmidt, *Ocotea turbacensis* H.B.K.
Ref. Rohwer, pers. comm.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Rodríguez 26 (F!, MO!)
Depts.: HU, JU, LO, MO

Nectandra viburnoides Meissner
Ref. FP 13(2/3) 1938: 927.
Tree. Amazonian. 0-500 m.
Voucher: van der Werff 9792 (MO!)
Depts.: LO

Nectandra williamsii O. Schmidt =Nectandra membranacea (Swartz) Grisebach
Ref. FP 13(2/3) 1938: 927; Rohwer, 1986: 73; Rohwer, pers. comm.

Nectandra yarinensis O. Schmidt
Ref. FP 13(2/3) 1938: 928; Rohwer, 1986: 71.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 3376* (B)
Depts.: LO

Ocotea aciphylla (Nees) Mez
Syn. *Oreodaphne aciphylla* Nees
Ref. FP 13(2/3) 1938: 893.
Tree. Amazonian. 0-500 m.
Voucher: Díaz 1651 (MO!)
Depts.: AM, HU, JU, LO, SM, PA

Ocotea alata van der Werff
Ref. van der Werff, 1991: 416.
Endemic tree. Amazonian. 0-500 m.
Voucher: Gentry *et al.* 39447* (MO!), Vásquez & Jaramillo 232 (MO!)
Depts.: LO

[Ocotea albopunctulata Mez]
Ref. FP 13(2/3) 1938: 893.
Note: Not known from Peru.

Ocotea amazonica (Meissner) Mez
Syn. *Oreodaphne amazonica* Meissner
Ref. FP 13(2/3) 1938: 894.
Tree. Amazonian. 0-500 m.
Voucher: Vásquez & Jaramillo 2496 (MO!)
Depts.: LO

Ocotea amplissima Mez
Ref. FP 13(2/3) 1938: 894; Rohwer, 1986: 121.
Endemic shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 3550* (B)
Depts.: HU

Ocotea architectorum Mez
Ref. FP 13(2/3) 1938: 894.
Tree. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4079* (B)
Depts.: CA

Ocotea argyrophylla Ducke
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 10736 (MO!)
Depts.: HU, JU, LO

Ocotea arnottiana (Nees) van der Werff
Syn. *Nectandra arnottiana* Nees, *Ocotea ferruginea* (Meissner) Mez, *Pleurothyrium ferrugineum* Meissner
Ref. van der Werff, 1989: 1175.
Endemic shrub. Andean II. 2000-3000 m.
Voucher: Mathews 1429* (E!), Smith 6114 (MO!)
Depts.: AM, CA, PA

Ocotea aurantiodora (R. & P.) Mez
Syn. *Laurus aurantiodora* R. & P., *Mespilodaphne aurantiodora* (R. & P.) Meissner
Ref. FP 13(2/3) 1938: 895.
Shrub or tree.
Voucher: Ruiz & Pavón s.n.* (MA), Schunke 6750 (MO!)
Depts.: HU, SM

Ocotea balanocarpa (R. & P.) Mez
Syn. *Laurus balanocarpa* R. & P., *Mespilodaphne balanocarpa* (R. & P.) Nees
Ref. FP 13(2/3) 1938: 895; Rohwer, 1986: 121.
Shrub or tree. Andean II. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (B), Smith 4482 (MO!)
Depts.: SM

Ocotea benthamiana Mez
Tree. Andean II: cloud forests. 2500-3000 m.
Voucher: León 2183 (MO!)
Depts.: SM

Ocotea bofo H.B.K.
Tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Knapp & Mallet 8476 (MO!)
Depts.: MD, SM

Ocotea camphoromoea Rohwer
Ref. Rohwer, 1986: 179.
Tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20877 (MO!)
Depts.: LO

Ocotea caniflora Mez
Ref. FP 13(2/3) 1938: 896; Rohwer, 1986: 190.
Endemic tree. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5036* (B)
Depts.: CU

Ocotea cardinalis Mez
Ref. FP 13(2/3) 1938: 896; Rohwer, 1986: 127.
Endemic shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 3545* (B fragm. G)
Depts.: HU

Ocotea caudata (Nees) Mez
Syn. *Ocotea marowynensis* (Miquel) Mez, *Oreodaphne caudata* Nees
Ref. FP 13(2/3) 1938: 896.
Tree. Amazonian. 0-500 m.
Voucher: Tessmann 5148
Depts.: LO

Ocotea cernua (Nees) Mez
Syn. *Oreodaphne cernua* Nees
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Schunke 9802 (MO!)
Depts.: AM, CU, HU, LO, PA, PU, SM

Ocotea cujumari C. Martius
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Revilla 20903 (MO!)
Depts.: LO, SM

Ocotea cuneata (Nees) J. F. Macbride =Ocotea cuneifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 897.

Ocotea cuneifolia (R. & P.) Mez
Syn. *Laurus cuneifolia* R. & P., *Ocotea cuneata* (Nees) J. F. Macbride, *Oreodaphne cuneata* Nees
Ref. FP 13(2/3) 1938: 897.
Tree. Andean I. 500-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Huashikat 30 (MO!)
Depts.: AM, HU

Ocotea cuprea (Meissner) Mez =Ocotea oblonga subsp. cuprea (Meissner) Rohwer
Ref. FP 13(2/3) 1938: 897; Rohwer, 1986: 151.

Ocotea dielsiana O. Schmidt
Ref. FP 13(2/3) 1938: 897.
Endemic tree. Amazonian. 0-500 m.
Voucher: Tessmann 5097* (B)
Depts.: LO

Ocotea discolor H.B.K. =Nectandra discolor (H.B.K.) Nees
Ref. Rohwer, pers. comm.

Ocotea ferruginea (Meissner) Mez =Ocotea arnottiana (Nees) van der Werff
Ref. FP 13(2/3) 1938: 898; van der Werff, 1989: 1175.

Ocotea floribunda (Swartz) Mez
Syn. *Laurus floribunda* Swartz
Ref. Burger & van der Werff, 1990: 79.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ancuash 170 (MO!)
Depts.: AM, SM

Ocotea fragrantissima Ducke
Tree. Amazonian: forests. 0-500 m.
Voucher: Without collection data (MO!)
Depts.: LO

Ocotea glomerata (Nees) Mez
Syn. *Oreodaphne glomerata* Nees
Tree. Amazonian: forests. 0-500 m.
Voucher: Froehner 69 (MO!)
Depts.: LO, UC

Ocotea gracilis (Meissner) Mez
Syn. *Ocotea maynensis* (Meissner) Mez, *Oreodaphne gracilis* Meissner, *Oreodaphne maynensis* Meissner
Tree. Amazonian. 0-500 m.
Voucher: Núñez *et al.* 9788 (MO!)
Depts.: LO, MD

Ocotea grandifolia (Nees) Mez =Ocotea longifolia H.B.K.
Ref. FP 13(2/3) 1938: 898.

Ocotea guianensis Aublet
Ref. FP 13(2/3) 1938: 899.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Rimachi 4772 (MO!)
Depts.: LO, SM

Ocotea javitensis (H.B.K.) Pittier
Syn. *Laurus javitensis* H.B.K.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Berlin 715 (MO!)
Depts.: AM, CU, LO, PA, SM

Ocotea jelskii Mez
Ref. FP 13(2/3) 1938: 899; Rohwer, 1986: 120.
Voucher: Jelski 167* (B)
Depts.: CA

Ocotea jumbillensis O. Schmidt
Ref. FP 13(2/3) 1938: 899; Rohwer, 1986: 149.
Endemic tree. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7155* (GH!)
Depts.: AM

Ocotea keriana A. C. Smith
Ref. FP 13(2/3) 1938: 900; Rohwer, 1986: 154.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 27111* (US!)
Depts.: LO

Ocotea killipii A. C. Smith
Ref. FP 13(2/3) 1938: 900.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Killip & Smith 23648* (NY)
Depts.: JU, LO

Ocotea latifolia H.B.K. =Nectandra purpurea (R. & P.) Mez
Ref. FP 13(2/3) 1938: 921; Rohwer, 1986: 77; Rohwer, pers. comm.

Ocotea laxiflora (Meissner) Mez =Ocotea pauciflora (Nees) Mez
Ref. FP 13(2/3) 1938: 900.

Ocotea leptobotra (R. & P.) Mez
Syn. *Laurus leptobotra* R. & P., *Laurus nitida* R. & P., *Oreodaphne leptobotra* Nees, *Oreodaphne terminalis* Nees
Ref. FP 13(2/3) 1938: 901.
Note: Not reconfirmed.

Ocotea leucoxylon (Swartz) de Lanessan
Syn. *Laurus leucoxylon* Swartz
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Soto 12337 (MO!)
Depts.: HU, LO

Ocotea lhotzkii Nees =Endlicheria sericea Nees
Ref. FP 13(2/3) 1938: 849.

Ocotea licanioides A. C. Smith
Syn. *Endlicheria loretensis* O. Schmidt
Ref. FP 13(2/3) 1938: 901; Rohwer, 1986: 83.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Klug 1506* (NY), Vásquez *et al.* 8074 (MO!)
Depts.: LO

Ocotea longifolia H.B.K.
Syn. *Ocotea grandifolia* (Nees) Mez, *Oreodaphne grandifolia* Nees
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 12430 (MO!)
Depts.: HU, LO, MD, PA, SM, UC

[Ocotea macropoda (H.B.K.) Mez]
Syn. *Persea macropoda* H.B.K.
Ref. FP 13(2/3) 1938: 901.
Note: Not known from Peru.

Ocotea magnifica O. Schmidt
Ref. FP 13(2/3) 1938: 902.
Endemic tree. Amazonian. 0-500 m.
Voucher: Tessmann 3477*
Depts.: LO

Ocotea marmellensis Mez
Ref. FP 13(2/3) 1938: 902.
Tree. Amazonian. 0-500 m.
Depts.: LO

Ocotea marowynensis (Miquel) Mez =Ocotea caudata (Nees) Mez
Ref. FP 13(2/3) 1938: 896.

Ocotea maynensis (Meissner) Mez
=Ocotea gracilis (Meissner) Mez
Ref. FP 13(2/3) 1938: 903.

[Ocotea micans Mez]
Ref. FP 13(2/3) 1938: 903.
Note: Not known from Peru.

[Ocotea minarum (Nees & C. Martius) Mez]
Syn. *Gymnobalanus minarum* Nees & C. Martius
Ref. FP 13(2/3) 1938: 903.
Note: Not known from Peru.

Ocotea minutiflora O. Schmidt
Ref. FP 13(2/3) 1938: 904.
Endemic. Amazonian. 0-500 m.
Voucher: Tessmann 5366*
Depts.: LO

Ocotea monzonensis Mez
Ref. FP 13(2/3) 1938: 904; Rohwer, 1986: 129.
Shrub. Andean II. 2000-2500 m.
Voucher: Weberbauer 3712* (B)
Depts.: HU

Ocotea multiglandulosa (R. & P.) Mez
Syn. *Laurus multiglandulosa* R. & P., *Ocotea poeppigiana* (Nees) J. F. Macbride, *Oreodaphne poeppigiana* Nees
Ref. FP 13(2/3) 1938: 904.
Endemic tree. Amazonian. 0-500 m.
Voucher: Ruiz & Pavón s.n.*, Poeppig 2435
Depts.: LO

Ocotea munacensis O. Schmidt
Ref. FP 13(2/3) 1938: 905; Rohwer, 1986: 130.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6794* (B)
Depts.: HU

Ocotea myriantha (Meissner) Mez
Syn. *Mespilodaphne myriantha* Meissner
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9638 (MO!)
Depts.: LO

Ocotea oblonga (Meissner) Mez subsp. **cuprea** (Meissner) Rohwer
Syn. *Ocotea cuprea* (Meissner) Mez, *Oreodaphne cuprea* Meissner
Ref. Rohwer, 1986: 151.
Tree.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4844* (G-DC)
Depts.: SM

Ocotea oblongoobovata (Nees) Rohwer
Syn. *Oreodaphne oblongoobovata* Nees
Ref. Rohwer, 1986: 153.
Endemic tree.
Voucher: Ruiz & Pavón s.n.* (B)
Depts.: Without full locality data.

Ocotea obovata (R. & P.) Mez
Syn. *Laurus obovata* R. & P., *Oreodaphne obovata* (R. & P.) Meissner
Ref. FP 13(2/3) 1938: 905.
Tree. Andean II. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.*, Smith 5345 (MO!)
Depts.: HU, PA

Ocotea olivacea A. C. Smith
Ref. FP 13(2/3) 1938: 906.
Endemic tree. Amazonian. 0-500 m.
Voucher: Killip & Smith 29843*, Vásquez & Jaramillo 7971 (MO!)
Depts.: LO, PA

Ocotea ottoschmidtii J. F. Macbride
Syn. *Ocotea weberbaueri* O. Schmidt non Mez
Ref. FP 13(2/3) 1938: 906.
Endemic shrub. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7053* (F)
Depts.: LL

Ocotea otuzcensis O. Schmidt
Ref. FP 13(2/3) 1938: 906; Rohwer, 1986: 119.
Endemic tree. Andean II: cloud forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6998* (B)
Depts.: LL

Ocotea ovalifolia (R. & P.) Mez
Syn. *Laurus ovalifolia* R. & P., *Ocotea sublanuginosa* J. F. Macbride, *Oreodaphne sublanuginosa* (R. & P.) Nees
Ref. FP 13(2/3) 1938: 907.
Tree. Andean II. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (B), Smith 3167 (MO!)
Depts.: HU, PA

Ocotea pauciflora (Nees) Mez
Syn. *Mespilodaphne laxiflora* Meissner, *Ocotea laxiflora* (Meissner) Mez, *Oreodaphne pauciflora* Nees
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 4268 (MO!)
Depts.: LO, MD

Ocotea petalanthera (Meissner) Mez
Syn. *Oreodaphne petalanthera* Meissner
Ref. FP 13(2/3) 1938: 907; Rohwer, 1986: 217.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Poeppig 2426* (B)
Depts.: LO

[*Ocotea pichurim* H.B.K. =Nectandra pichurim (H.B.K.) Mez]
Ref. FP 13(2/3) 1938: 924.
Note: Not known from Peru.

Ocotea piurensis Mez
Ref. FP 13(2/3) 1938: 907; Rohwer, 1986: 132.
Endemic shrub or tree. Andean I. 500-1000 m.
Voucher: Weberbauer 6348* (B), Díaz 2079 (MO!)
Depts.: CA, PI

Ocotea poeppigiana (Nees) J. F. Macbride =Ocotea multiglandulosa (R. & P.) Mez
Ref. FP 13(2/3) 1938: 904.

Ocotea puberula (Richard) Nees
Syn. *Laurus puberula* Richard
Ref. FP 13(2/3) 1938: 907.
Tree. Amazonian: forests. 0-500 m.
Voucher: Hartshorn *et al.* 2767 (MO!)
Depts.: LO, PA

Ocotea puchury-minor C. Martius =Aniba puchury-minor (C. Martius) Mez
Ref. FP 13(2/3) 1938: 866; Kubitzki & Renner, 1982: 57.

Ocotea raimondii O. Schmidt
Ref. FP 13(2/3) 1938: 908; Rohwer, 1986: 153.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 6736* (B)
Depts.: CA

Ocotea rigida H.B.K. =Nectandra reticulata (R. & P.) Mez
Ref. FP 13(2/3) 1938: 926.

Ocotea rubra Mez
Tree. Amazonian, Andean I: forests. 0-1000 m.
Note: Identification needs confirmation (van der Werff, pers. comm.).
Voucher: Vásquez *et al.* 13772 (MO!)
Depts.: LO, SM

Ocotea rubrinervis Mez
Ref. FP 13(2/3) 1938: 908; Rohwer, 1986: 175.
Tree. Andean I. 500-1000 m.
Voucher: Spruce 4580* (B), Gentry & Jaramillo 57801 (MO!)
Depts.: MD, SM

Ocotea rusbyana Mez
Ref. FP 13(2/3) 1938: 909.
Note: Not reconfirmed.

[Ocotea schomburgkiana (Nees) Mez]
Syn. *Oreodaphne schomburgkiana* Nees
Ref. FP 13(2/3) 1938: 909.
Note: Not known from Peru.

Ocotea splendens (Meissner) Baillon
Syn. *Oreodaphne splendens* Meissner
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 31254 (MO!)
Depts.: UC

Ocotea sublanuginosa J. F. Macbride =Ocotea ovalifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 907.

Ocotea subrutilans Mez
Ref. FP 13(2/3) 1938: 909; Rohwer, 1986: 204.
Endemic shrub. Andean I. 1000-1500 m.

Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4757* (B)
Depts.: Without full locality data.

Ocotea tarapotana (Meissner) Mez
Syn. *Oreodaphne tarapotana* Meissner
Ref. FP 13(2/3) 1938: 909; Rohwer, 1986: 212.
Shrub.
Voucher: Spruce 4226* (BR)
Depts.: SM

[Ocotea tenella A. C. Smith]
Ref. FP 13(2/3) 1938: 910; Rohwer, 1986: 210.
Note: Not known from Peru.

Ocotea tessmannii O. Schmidt
Ref. FP 13(2/3) 1938: 910; Rohwer, 1986: 152.
Tree. Amazonian. 0-500 m.
Voucher: Tessmann 5264* (B)
Depts.: LO

Ocotea trianae Rusby
Ref. FP 13(2/3) 1938: 910.
Note: Not reconfirmed.

Ocotea turbacensis H.B.K. =Nectandra turbacensis (H.B.K.) Nees
Ref. Rohwer, pers. comm.

Ocotea ucayalensis O. Schmidt
Ref. FP 13(2/3) 1938: 911.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 3291* (US!)
Depts.: LO

[*Ocotea undulata* (Meissner) Mez =Pleurothyrium undulatum (Meissner) Rohwer]
Ref. Rohwer, 1986: 44.
Note: Not known from Peru.

Ocotea weberbaueri Mez
Ref. FP 13(2/3) 1938: 911; Rohwer, 1986: 118.
Endemic tree. Andean I. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1309* (B)
Depts.: MD

Ocotea weberbaueri O. Schmidt non Mez =Ocotea ottoschmidtii J. F. Macbride
Ref. FP 13(2/3) 1938: 906.

Oreodaphne aciphylla Nees =Ocotea aciphylla (Nees) Mez
Ref. FP 13(2/3) 1938: 893.

Oreodaphne amazonica Meissner =Ocotea amazonica (Meissner) Mez
Ref. FP 13(2/3) 1938: 894.

Oreodaphne caudata Nees =Ocotea caudata (Nees) Mez
Ref. FP 13(2/3) 1938: 896.

Oreodaphne cernua Nees =Ocotea cernua (Nees) Mez

Oreodaphne cuneata Nees =Ocotea cuneifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 897.

Oreodaphne cuprea Meissner =Ocotea oblonga subsp. cuprea (Meissner) Rohwer
Ref. FP 13(2/3) 1938: 897; Rohwer, 1986: 151.

Oreodaphne evonymodaphne Meissner =Licaria armeniaca (Nees) Kostermans
Ref. FP 13(2/3) 1938: 869.

Oreodaphne glomerata Nees =Ocotea glomerata (Nees) Mez

Oreodaphne gracilis Meissner =Ocotea gracilis (Meissner) Mez

Oreodaphne grandifolia Nees =Ocotea longifolia H.B.K.
Ref. FP 13(2/3) 1938: 898.

Oreodaphne leptobotra Nees =Ocotea leptobotra (R. & P.) Mez
Ref. FP 13(2/3) 1938: 901.

Oreodaphne maynensis Meissner =Ocotea gracilis (Meissner) Mez
Ref. FP 13(2/3) 1938: 903.

Oreodaphne oblongoobovata Nees =Ocotea oblongoobovata (Nees) Rohwer
Ref. Rohwer, 1986: 153.

Oreodaphne obovata (R. & P.) Meissner =Ocotea obovata (R. & P.) Mez
Ref. FP 13(2/3) 1938: 905.

Oreodaphne pauciflora Nees =Ocotea pauciflora (Nees) Mez

Oreodaphne petalanthera Meissner =Ocotea petalanthera (Meissner) Mez
Ref. FP 13(2/3) 1938: 907; Rohwer, 1986: 217.

Oreodaphne poeppigiana Nees =Ocotea multiglandulosa (R. & P.) Mez
Ref. FP 13(2/3) 1938: 904.

[*Oreodaphne schomburgkiana* Nees =Ocotea schomburgkiana (Nees) Mez]
Ref. FP 13(2/3) 1938: 909.
Note: Not known from Peru.

Oreodaphne splendens Meissner =Ocotea splendens (Meissner) Baillon

Oreodaphne sublanuginosa (R. & P.) Nees =Ocotea ovalifolia (R. & P.) Mez
Ref. FP 13(2/3) 1938: 907.

Oreodaphne tarapotana Meissner =Ocotea tarapotana (Meissner) Mez
Ref. FP 13(2/3) 1938: 909; Rohwer, 1986: 212.

Oreodaphne terminalis Nees =Ocotea leptobotra (R. & P.) Mez
Ref. FP 13(2/3) 1938: 901.

[*Oreodaphne undulata* Meissner =Pleurothyrium undulatum (Meissner) Rohwer]
Ref. Rohwer, 1986: 44.
Note: Not known from Peru.

Persea acuminata Nees & C. Martius ex Nees =Nectandra acuminata (Nees) J. F. Macbride
Ref. FP 13(2/3) 1938: 915; Rohwer, pers. comm.

Persea americana Miller var. **americana**
Syn. *Persea gratissima* Gaertner f.
Ref. FP 13(2/3) 1938: 875; Kopp, 1966: 15.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Poeppig 2446 (MO)
Depts.: LO

Persea boldufolia Mez
Ref. FP 13(2/3) 1938: 875; Kopp, 1966: 70.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4379* (B)
Depts.: AM

[*Persea boliviensis* Mez & Rusby ex Rusby =Persea peruviana var. boliviensis (Mez & Rusby ex Rusby) Kopp]
Ref. FP 13(2/3) 1938: 875; Kopp, 1966: 84.
Note: Not known from Peru.

Persea brevipes Meissner
Shrub or tree. Andean II. 2500-3000 m.
Voucher: Cano 1493 (MO!)
Depts.: PI

Persea caerulea (R. & P.) Mez
Syn. *Laurus caerulea* R. & P., *Persea laevigata* H.B.K.
Ref. FP 13(2/3) 1938: 878; Kopp, 1966: 34.
Tree. Andean I-II. 500-2000 m.
Voucher: Stork & Horton 10144 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, PI, SM

Persea cinnamomifolia H.B.K. =Cinnamomum cinnamomifolium (H.B.K.) Kostermans
Ref. FP 13(2/3) 1938: 881; Kostermans, 1961: 20.

[*Persea cordata* (Vell. Conc.) Mez =Persea pyrifolia Nees]
Ref. FP 13(2/3) 1938: 879.
Note: Not known from Peru.

Persea corymbosa Mez
Ref. FP 13(2/3) 1938: 876; Kopp, 1966: 6.
Endemic shrub or tree. Andean II. 2000-2500 m.
Voucher: Jelski 177* (B), Weberbauer 6311 (F)
Depts.: CA, PI

Persea crassifolia Mez, nom. illeg. =Persea hexanthera Kopp

Ref. FP 13(2/3) 1938: 876; Kopp, 1966: 86.

Persea cuneata Meissner
Treelet. Andean I: cloud forests. 1000-1500 m.
Voucher: Wallnöfer 14-040188 (MO!)
Depts.: HU

Persea durifolia Mez =Persea haenkeana Mez
Ref. FP 13(2/3) 1938: 876; Kopp, 1966: 63.

Persea ferruginea (R. & P.) Mez, nom. illeg. =Persea ruizii J. F. Macbride
Ref. FP 13(2/3) 1938: 879; Kopp, 1966: 79.

Persea ferruginea H.B.K.
Syn. *Persea humboldtii* Mez
Ref. FP 13(2/3) 1938: 877; Kopp, 1966: 80.
Tree. Andean II: shrublands. 2500-3000 m.
Voucher: Wurdack 1463 (NY)
Depts.: AM

Persea grandis Mez, non Nees
Ref. FP 13(2/3) 1938: 877.
Note: Not reconfirmed.

Persea gratissima Gaertner f. =Persea americana var. americana
Ref. FP 13(2/3) 1938: 875; Kopp, 1966: 15.

Persea haenkeana Mez
Syn. *Persea durifolia* Mez, *Persea scoparia* Mez
Ref. FP 13(2/3) 1938: 877; Kopp, 1966: 63.
Tree. Andean I-II. 1000-2500 m.
Voucher: Haenke s.n.* (M), Metcalf 30624 (MO!)
Depts.: CA, CU, PU

Persea hexanthera Kopp
Syn. *Persea crassifolia* Mez, nom. illeg.
Ref. Kopp, 1966: 86.
Tree. Andean II. 2000-2500 m.
Voucher: Weberbauer 3525* (B)
Depts.: HU

Persea hirta Nees
Syn. *Persea rugosa* Meissner
Ref. FP 13(2/3) 1938: 877; Kopp, 1966: 65.
Endemic.
Note: Known from Peru only from the type locality.
Voucher: Mathews 1428* (K)
Depts.: AM

Persea humboldtii Mez =Persea ferruginea H.B.K.
Ref. FP 13(2/3) 1938: 877; Kopp, 1966: 80.

Persea inaequalis A. C. Smith =Caryodaphnopsis inaequalis (A. C. Smith) van der Werff & Richter
Ref. van der Werff & Richter, 1985: 169.

Persea laevigata H.B.K. =Persea caerulea (R. & P.) Mez
Ref. FP 13(2/3) 1938: 878; Kopp, 1966: 34.

[*Persea macropoda* H.B.K. =Ocotea macropoda (H.B.K.) Mez]
Ref. FP 13(2/3) 1938: 901.
Note: Not known from Peru.

[Persea mutisii H.B.K.]
Ref. FP 13(2/3) 1938: 878.
Note: Not known from Peru.

Persea pajonalis van der Werff
Ref. van der Werff, 1988: 413.
Endemic shrub or tree. Andean II. 2500-3000 m.
Voucher: Foster *et al.* 7647* (MO), van der Werff *et al.* 8578 (MO)
Depts.: PA

[Persea peruviana Nees var. boliviensis (Mez & Rusby ex Rusby) Kopp]
Syn. *Persea boliviana* Mez & Rusby ex Rusby
Ref. Kopp, 1966: 84.
Note: Not known from Peru.

Persea peruviana var. **peruviana**
Ref. FP 13(2/3) 1938: 878; Kopp, 1966: 84.
Tree. Andean I. 1000-2000 m.
Voucher: Poeppig 1300* (F), Killip & Smith 24831 (F)
Depts.: HU, JU

Persea punctata var. *mathewsii* Meissner =Cinnamomum mathewsii (Meissner) Kostermans
Ref. FP 13(2/3) 1938: 882; Kostermans, 1961: 21.

[Persea pyrifolia Nees]
Syn. *Laurus cordata* Vell. Conc., *Persea cordata* (Vell. Conc.) Mez
Ref. FP 13(2/3) 1938: 879.
Note: Not known from Peru.

Persea raimondii O. Schmidt
Ref. FP 13(2/3) 1938: 879; Kopp, 1966: 87.
Endemic tree.
Voucher: Raimondi 3114* (B)
Depts.: CA

Persea rugosa Meissner =Persea hirta Nees
Ref. FP 13(2/3) 1938: 877; Kopp, 1966: 65.

Persea ruizii J. F. Macbride
Syn. *Laurus ferruginea* R. & P., *Persea ferruginea* (R. & P.) Mez, nom. illeg.
Ref. FP 13(2/3) 1938: 879; Kopp, 1966: 79.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU

Persea scoparia Mez =Persea haenkeana Mez
Ref. FP 13(2/3) 1938: 880; Kopp, 1966: 63.

Persea stricta Mez
Ref. FP 13(2/3) 1938: 880; Kopp, 1966: 62.
Endemic tree.
Voucher: Pearce s.n.* (K)
Depts.: Without full locality data.

Persea subcordata (R. & P.) Nees
Syn. *Laurus subcordata* R. & P.
Ref. FP 13(2/3) 1938: 880; Kopp, 1966: 66.
Tree. Andean I-II. 500-3000 m.
Voucher: Ruiz & Pavón s.n.* (B fragm. F), Macbride 3457 (F)
Depts.: CA, HU, PA, PI

Persea subsessilis Meissner =Cinnamomum subsessile (Meissner) Kostermans
Ref. Kostermans, 1961: 23.

Persea sulcata (R. & P.) Meissner =Beilschmiedia sulcata (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 843.

Persea trollii O. Schmidt
Tree. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Wallnöfer 11-2488 (MO!)
Depts.: HU

Persea weberbaueri Mez
Ref. FP 13(2/3) 1938: 881; Kopp, 1966: 94.
Endemic shrub. Andean II: shrublands. 1500-3000 m.
Voucher: Weberbauer 1161* (B), Pearce s.n. (MO!)
Depts.: PU

Phoebe cinnamomifolia (H.B.K.) Nees =Cinnamomum cinnamomifolium (H.B.K.) Kostermans
Ref. FP 13(2/3) 1938: 881; Kostermans, 1961: 20.

Phoebe heteranthera (R. & P.) Mez =Cinnamomum heterantherum (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 882.

Phoebe heterotepala Mez =Cinnamomum heterotepalum (Mez) Kostermans
Ref. FP 13(2/3) 1938: 883; Kostermans, 1961: 21.

Phoebe mathewsii (Meissner) Mez =Cinnamomum mathewsii (Meissner) Kostermans
Ref. FP 13(2/3) 1938: 882; Kostermans, 1961: 21.

Phoebe maynensis Nees =Cinnamomum maynense (Nees) Kostermans
Ref. FP 13(2/3) 1938: 882; Kostermans, 1961: 22.

Phoebe peruviana Meissner =Cinnamomum triplinerve (R. & P.)

Kostermans
Ref. FP 13(2/3) 1938: 883.

Phoebe peruviana var. *glabriflora* Meissner =Cinnamomum maynense (Nees) Kostermans
Ref. FP 13(2/3) 1938: 882.

Phoebe pichisensis A. C. Smith =Cinnamomum pichisense (A. C. Smith) Kostermans
Ref. FP 13(2/3) 1938: 883; Kostermans, 1961: 23; van der Werff, 1984: 1182.

Phoebe poeppigii Meissner =Cinnamomum triplinerve (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 883.

Phoebe ruiziana Nees =Cinnamomum heterantherum (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 882.

Phoebe triplinervis (R. & P.) Mez, nom. illeg. =Cinnamomum triplinerve (R. & P.) Kostermans
Ref. FP 13(2/3) 1938: 883.

Pleurothyrium
Note: An upcoming monograph of this genus will add several species to the Flora of Peru (van der Werff, pers. comm.).

[Pleurothyrium amplifolium (Mez) Rohwer]
Syn. *Nectandra amplifolia* Mez
Ref. Rohwer, 1986: 43.
Note: Not known from Peru.

Pleurothyrium bifidum Nees
Ref. FP 13(2/3) 1938: 929.
Tree. Amazonian. 0-500 m.
Voucher: Poeppig 2398* (W), Ancuash 602 (MO!)
Depts.: AM, LO

Pleurothyrium chrysophyllum Nees =Pleurothyrium cuneifolium Nees
Ref. FP 13(2/3) 1938: 929.

Pleurothyrium chrysothyrsus Meissner
Ref. FP 13(2/3) 1938: 916.
Note: This species probably belongs in *Rhodostemonodaphne* (van der Werff, pers. comm.).
Endemic tree.
Voucher: Mathews 3031*
Depts.: Without full locality data.

Pleurothyrium cuneifolium Nees
Syn. *Pleurothyrium chrysophyllum* Nees, *Pleurothyrium macranthum* Nees
Ref. FP 13(2/3) 1938: 929.
Tree. Amazonian, Andean I-II. 0-2000 m.
Voucher: Gentry 58574 (MO!)
Depts.: AM, CU, JU, LO, MD, PA, SM, UC

Pleurothyrium densiflorum A. C. Smith =Pleurothyrium parviflorum Ducke
Ref. FP 13(2/3) 1938: 930.

Pleurothyrium ferrugineum Meissner =Ocotea arnottiana (Nees) van der Werff
Ref. FP 13(2/3) 1938: 898; van der Werff, 1989: 1175.

Pleurothyrium intermedium (Mez) Rohwer
Syn. *Nectandra intermedia* Mez
Ref. Rohwer, 1986: 43.
Tree. Amazonian: forests. 0-500 m.
Voucher: Pesha 10 (MO!)
Depts.: MD

Pleurothyrium krukovii A. C. Smith =Pleurothyrium poeppigii Nees
Ref. FP 13(2/3) 1938: 930.

Pleurothyrium macranthum Nees =Pleurothyrium cuneifolium Nees
Ref. FP 13(2/3) 1938: 929.

Pleurothyrium maximum O. Schmidt
Ref. FP 13(2/3) 1938: 930.
Endemic tree.
Voucher: Tessmann 4040* (B!), Tessmann 4529 (B!)
Depts.: AM

Pleurothyrium nobile A. C. Smith
Tree. Amazonian. 0-500 m.
Voucher: Castillo 12 (MO!)
Depts.: HU, LO

Pleurothyrium panurense (Meissner) Mez
Syn. *Nectandra panurensis* Meissner
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 7468 (MO!)
Depts.: LO, UC

Pleurothyrium parviflorum Ducke
Syn. *Pleurothyrium densiflorum* A. C. Smith
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: van der Werff 9956 (MO!)
Depts.: LO

Pleurothyrium poeppigii Nees
Syn. *Pleurothyrium krukovii* A. C. Smith
Ref. FP 13(2/3) 1938: 931.
Tree. Amazonian, Andean I-II: terra firme forests. 0-2000 m.
Voucher: Poeppig s.n.* (B photo F), van der Werff 8288 (MO!)
Depts.: MD, PA

Pleurothyrium trianae (Mez) Rohwer
Syn. *Nectandra trianae* Mez
Ref. Burger & van der Werff, 1990: 117.
Tree. Amazonian. 0-500 m.
Voucher: Vásquez 12921 (MO!)
Depts.: LO

[Pleurothyrium undulatum (Meissner) Rohwer]
Syn. *Ocotea undulata* (Meissner) Mez, *Oreodaphne undulata* Meissner
Ref. Rohwer, 1984: 44.
Note: Not known from Peru.

Pleurothyrium williamsii O. Schmidt
Ref. FP 13(2/3) 1938: 931.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Williams 1766* (B!), Vásquez & Jaramillo 13078 (MO!)
Depts.: LO

[Rhodostemonodaphne dioica (Mez) Rohwer]
Syn. *Nectandra dioica* Mez, *Nectandra superba* A. C. Smith
Ref. Rohwer, 1986: 84.
Note: Not known from Peru.

Rhodostemonodaphne grandis (Mez) Rohwer
Syn. *Endlicheria grandis* Mez
Ref. Rohwer, 1986: 84.
Tree. Amazonian: forests. 0-500 m.
Voucher: Grández *et al.* 1611 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, UC

Rhodostemonodaphne kunthiana (Nees) Rohwer
Syn. *Acrodiclidium kunthianum* Nees
Ref. Rohwer, 1986: 84.
Tree. Amazonian: forests. 0-500 m.
Voucher: Hartshorn *et al.* 2630 (MO!)
Depts.: AM, JU, LO, MD, PA

Rhodostemonodaphne synandra van der Werff
Ref. van der Werff, 1991: 422.
Tree. Andean I. 1000-1500 m.
Voucher: Lescano 2 (MAD!)
Depts.: HU

Silvia subcordata Ducke =Mezilaurus subcordata (Ducke) Kostermans
Ref. van der Werff, 1987: 177.

[*Silvia synandra* Mez =Mezilaurus synandra (Mez) Kostermans]
Note: Not known from Peru.

Lecythidaceae

8 genera and 36 species in Peru.

Endemic species: 5.

Prepared by L. Brako; reviewed by S. A. Mori (NY) and G. T. Prance (K).

Bertholletia excelsa Humboldt & Bonpland
Ref. Mori & Prance, 1990: 114.
Tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 150 (MO!)
Depts.: LO, MD, UC

Cariniana decandra Ducke
Ref. Prance & Mori, 1979: 236.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 979 (US)
Depts.: LO, MD, SM

[Cariniana domestica (C. Martius) Miers]
Syn. *Couratari domestica* C. Martius
Ref. FP 13(4/1) 1941: 239; Prance & Mori, 1979: 225.
Note: Not known from Peru. The specimen cited in the Flora of Peru, *Krukoff 5597*, is actually from Brazil.

[Cariniana estrellensis (Raddi) Kuntze]
Syn. *Couratari estrellensis* Raddi, *Couratari excelsa* Casaretto
Ref. FP 13(4/1) 1941: 239.
Note: Not known from Peru. Specimens cited in the Flora of Peru were collected in Rio Acre, Brazil.

Cariniana multiflora Ducke
Ref. Prance & Mori, 1979: 231.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Soria 29 (F)
Depts.: LO

Chytroma gigantea Knuth =Eschweilera gigantea (Knuth) J. F. Macbride
Ref. FP 13(4/1) 1941: 244; Mori & Prance, 1990: 223.

Chytroma mexiana Knuth =Eschweilera gigantea (Knuth) J. F. Macbride
Ref. FP 13(4/1) 1941: 247; Mori & Prance, 1990: 223.

Chytroma tessmannii Knuth =Eschweilera andina (Rusby) J. F. Macbride
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 234.

[*Couratari domestica* C. Martius =Cariniana domestica (C. Martius) Miers]
Ref. FP 13(4/1) 1941: 239.
Note: Not known from Peru.

[*Couratari estrellensis* Raddi =Cariniana estrellensis (Raddi) Kuntze]
Ref. FP 13(4/1) 1941: 239.
Note: Not known from Peru.

[*Couratari excelsa* Casaretto =Cariniana estrellensis (Raddi) Kuntze]
Ref. FP 13(4/1) 1941: 239.
Note: Not known from Peru.

Couratari guianensis Aublet
Ref. Mori & Prance, 1990: 139.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Smith 36010 (MO!)
Depts.: LO, MD, PA

[Couratari macrosperma A. C. Smith]
Ref. FP 13(4/1) 1941: 249.
Note: Not known from Peru. Specimens cited in the Flora of Peru were collected in Rio Acre, Brazil.

Couratari oligantha A. C. Smith
Ref. Mori & Prance, 1990: 154.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Gentry *et al.* 21034 (MO!, USM!)
Depts.: LO

Couratari tenuicarpa A. C. Smith
Ref. Mori & Prance, 1990: 156.
Tree. Amazonian: riversides. 0-500 m.
Note: Probably in Peru. The only record of this taxon from Peru, *Fox 95*, was collected in the vicinity of El Encanto, Colombia, on the border.
Voucher: Fox 95 (K)
Dept.: LO

Couroupita acreensis Knuth =Couroupita guianensis Aublet
Ref. FP 13(4/1) 1941: 240; Mori & Prance, 1990: 34.

Couroupita amazonica Knuth =Couroupita subsessilis Pilger
Ref. FP 13(4/1) 1941: 240; Mori & Prance, 1990: 92.

Couroupita guianensis Aublet
Syn. *Couroupita acreensis* Knuth, *Couroupita peruviana* Berg
Ref. Mori & Prance, 1990: 95.
Cultivated tree. Amazonian: forests. 0-500 m.
Voucher: Díaz *et al.* 933 (MO!)
Depts.: HU, LO, MD, SM, UC

Couroupita peruviana Berg =Couroupita guianensis Aublet
Ref. FP 13(4/1) 1941: 241; Mori & Prance, 1990: 95.

Couroupita subsessilis Pilger
Syn. *Couroupita amazonica* Knuth
Ref. FP 13(4/1) 1941: 241; Mori & Prance, 1990: 92.
Tree. Amazonian: forests. 0-500 m.
Voucher: Mexía 6502 (MO!)
Depts.: LO

Eschweilera albiflora (A. DC.) Miers
Syn. *Lecythis albiflora* A. DC.
Ref. Mori & Prance, 1990: 246.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Prance *et al.* 24700 (NY!)
Depts.: LO

Eschweilera andina (Rusby) J. F. Macbride
Syn. *Chytroma tessmannii* Knuth, *Eschweilera knuthii* J. F. Macbride, *Eschweilera loretensis* Knuth, *Lecythis andinus* Rusby
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 234.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Berlin 3543 (MO!)
Depts.: AM, LO, SM

Eschweilera baguensis S. Mori
Ref. Mori & Prance, 1990: 185.
Endemic tree. Andean II: cloud forests. 1500-2500 m.
Voucher: Gentry *et al.* 22908* (MO!), Barbour 2536 (MO!)
Depts.: AM

Eschweilera bracteosa (Poeppig ex Berg) Miers
Syn. *Lecythis bracteosa* Poeppig ex Berg
Ref. Mori & Prance, 1990: 176.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Croat 18449 (MO!)
Depts.: LO

Eschweilera chartaceifolia S. Mori
Ref. Mori & Prance, 1990: 228.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Encarnación 1196 (US)
Depts.: LO

Eschweilera coriacea (A. DC.) S. Mori
Syn. *Eschweilera fractiflexa* Knuth, *Lecythis coriacea* A. DC., *Lecythis peruviana* L. Williams
Ref. Mori & Prance, 1990: 203.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Aróstegui 67 (F)
Depts.: AM, LO

Eschweilera decolorans Sandwith
Ref. Mori & Prance, 1990: 218.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Díaz & Jaramillo 1381 (MO!)
Depts.: LO

Eschweilera fractiflexa Knuth =Eschweilera coriacea (A. DC.) S. Mori
Ref. FP 13(4/1) 1941: 243; Mori & Prance, 1990: 205.

Eschweilera gigantea (Knuth) J. F. Macbride
Syn. *Chytroma gigantea* Knuth, *Chytroma mexiana* Knuth, *Eschweilera mexiana* (Knuth) J. F. Macbride, *Lecythis gigantea* Knuth
Ref. FP 13(4/1) 1941: 244; Mori & Prance, 1990: 223.
Cultivated tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 27507 (MO!)
Depts.: AM, LO, UC

Eschweilera grandiflora (Aublet) Sandwith
Syn. *Lecythis grandiflora* Aublet
Ref. Mori & Prance, 1990: 216.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 6230 (NY!)
Depts.: LO

Eschweilera iquitosensis Knuth =Eschweilera parvifolia C. Martius ex A. DC.
Ref. FP 13(4/1) 1941: 244; Mori & Prance, 1990: 252.

Eschweilera itayensis Knuth
Ref. FP 13(4/1) 1941: 245; Mori & Prance, 1990: 236.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Aróstegui 28 (NY!)
Depts.: LO

Eschweilera juruensis Knuth
Ref. FP 13(4/1) 1941: 245; Mori & Prance, 1990: 258.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Gentry & Revilla 20871 (MO!)
Depts.: AM, LO

Eschweilera klugii Knuth
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 266.
Endemic tree. Amazonian. 0-500 m.
Voucher: Klug 597* (B), Rimachi 2894 (USM!)
Depts.: LO

Eschweilera knuthii J. F. Macbride =Eschweilera andina (Rusby) J. F. Macbride
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 235.

Eschweilera laevicarpa S. Mori
Ref. Mori & Prance, 1990: 239.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Dodson & Torres 3021 (MO!)
Depts.: LO

Eschweilera loretensis Knuth =Eschweilera andina (Rusby) J. F. Macbride
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 235.

Eschweilera mexiana (Knuth) J. F. Macbride =Eschweilera gigantea (Knuth) J. F. Macbride
Ref. FP 13(4/1) 1941: 247; Mori & Prance, 1990: 223.

Eschweilera ovalifolia (A. DC.) Niedenzu
Syn. *Eschweilera ucayalensis* Knuth, *Lecythis ovalifolia* A. DC.
Ref. Mori & Prance, 1990: 233.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry & Revilla 20937 (MO!)
Depts.: LO

Eschweilera parvifolia C. Martius ex A. DC.
Syn. *Eschweilera iquitosensis* Knuth, *Eschweilera timbuchensis* Knuth
Ref. Mori & Prance, 1990: 251.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry & Revilla 16671 (NY!)
Depts.: LO

Eschweilera rufifolia S. Mori
Ref. Mori & Prance, 1990: 257.
Endemic tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 5938* (MO!), Vásquez & Jaramillo 5709 (NY!)
Depts.: LO

Eschweilera tessmannii Knuth
Ref. FP 13(4/1) 1941: 247; Mori & Prance, 1990: 226.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Tessmann 4691* (B not found, NY), Ayala & Vásquez 1447 (MO!)
Depts.: LO

Eschweilera timbuchensis Knuth =Eschweilera parvifolia C. Martius ex A. DC.
Ref. FP 13(4/1) 1941: 248; Mori & Prance, 1990: 252.

Eschweilera ucayalensis Knuth =Eschweilera ovalifolia (A. DC.) Niedenzu
Ref. FP 13(4/1) 1941: 248; Mori & Prance, 1990: 233.

Grias grandifolia Pilger =Grias peruviana Miers
Ref. FP 13(4/1) 1941: 237; Prance & Mori, 1979: 203.

Grias loretensis Knuth =Grias neuberthii J. F. Macbride
Ref. FP 13(4/1) 1941: 237; Prance & Mori, 1979: 204.

Grias maranonensis Knuth =Grias peruviana Miers
Ref. FP 13(4/1) 1941: 237; Prance & Mori, 1979: 203.

Grias mexiana Knuth =Gustavia augusta L.
Ref. Prance & Mori, 1979: 157.

Grias neuberthii J. F. Macbride
Syn. *Grias loretensis* Knuth
Ref. FP 13(4/1) 1941: 237; Prance & Mori, 1979: 204.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Williams 2337* (F), Croat 20641 (MO!)
Depts.: LO, SM

Grias peruviana Miers
Syn. *Grias grandifolia* Pilger, *Grias maranonensis* Knuth, *Grias tessmannii* Knuth
Ref. FP 13(4/1) 1941: 238; Prance & Mori, 1979: 203.
Tree. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Spruce 4541* (K), Ferreyra 4993 (NY, USM)
Depts.: AM, HU, LO, PA, SM

Grias tessmannii Knuth =Grias peruviana Miers
Ref. FP 13(4/1) 1941: 238; Prance & Mori, 1979: 203.

Gustavia augusta L.
Syn. *Grias mexiana* Knuth, *Gustavia augusta* var. *calycaris* Berg, *Gustavia calycaris* (Berg) Miers, *Gustavia mexiana* Knuth
Ref. FP 13(4/1) 1941: 231; Prance & Mori, 1979: 156.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Croat 19228 (MO!)
Depts.: LO, SM, UC

Gustavia augusta var. *calycaris* Berg =Gustavia augusta L.
Ref. FP 13(4/1) 1941: 232; Prance & Mori, 1979: 157.

Gustavia brasiliana A. DC. =Gustavia hexapetala (Aublet) A. C. Smith
Ref. FP 13(4/1) 1941: 232; Prance & Mori, 1979: 141.

Gustavia caballoensis J. F. Macbride =Gustavia poeppigiana Berg
Ref. FP 13(4/1) 1941: 234; Prance & Mori, 1979: 176.

Gustavia calycaris (Berg) Miers =Gustavia augusta L.
Ref. FP 13(4/1) 1941: 232; Prance & Mori, 1979: 157.

Gustavia hexapetala (Aublet) A. C. Smith
Syn. *Gustavia brasiliana* A. DC., *Pirigara hexapetala* Aublet
Ref. FP 13(4/1) 1941: 233; Prance & Mori, 1979: 141.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Wurdack 2173 (F!, USM!)
Depts.: AM, LO

Gustavia inakuama S. Mori
Ref. Prance & Mori, 1979: 184.
Endemic tree. Andean I. 500-1000 m.
Voucher: Berlin 761* (MO!), Berlin 495 (MO!)
Depts.: AM

Gustavia iquitosensis Knuth =Gustavia longifolia Poeppig ex Berg
Ref. FP 13(4/1) 1941: 233; Prance & Mori, 1979: 188.

Gustavia longifolia Poeppig ex Berg
Syn. *Gustavia iquitosensis* Knuth, *Gustavia mangua* J. F. Macbride, *Gustavia spruceana* Berg ex R. Knuth, *Gustavia tessmannii* Knuth, *Japarandiba longifolia* (Poeppig ex Berg) Kuntze, *Japarandiba spruceana* Ule
Ref. FP 13(4/1) 1941: 233; Prance & Mori, 1979: 186.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2094* (W photo F!), Schunke 6355 (F!)
Depts.: LO

Gustavia macarenensis Philipson subsp. **macarenensis**
Ref. Prance & Mori, 1979: 164.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 675 (NY!)
Depts.: LO

Gustavia mangua J. F. Macbride =Gustavia longifolia Poeppig ex Berg
Ref. FP 13(4/1) 1941: 234; Prance & Mori, 1979: 186.

Gustavia mexiana Knuth =Gustavia augusta L.
Ref. FP 13(4/1) 1941: 234.

Gustavia poeppigiana Berg
Syn. *Gustavia caballoensis* J. F. Macbride
Ref. FP 13(4/1) 1941: 234; Prance & Mori, 1979: 176.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schultes & Black 46-296 (US)
Depts.: LO

[Gustavia pubescens R. & P.]
Ref. FP 13(4/1) 1941: 235; Prance & Mori, 1979: 145.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Prance & Mori (1979) as *G. longifolia*.

Gustavia speciosa (H.B.K.) A. DC. subsp. **speciosa**
Syn. *Pirigara speciosa* H.B.K.
Ref. FP 13(4/1) 1941: 235; Prance & Mori, 1979: 167.
Cultivated tree. Amazonian. 0-500 m.
Voucher: Ducke 1841 (US)
Depts.: LO

Gustavia spruceana Berg ex R. Knuth =Gustavia longifolia Poeppig ex Berg
Ref. Prance & Mori, 1979: 188.

Gustavia terminaliflora S. Mori
Ref. Prance & Mori, 1979: 160.
Endemic tree. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Kayap 669* (MO!)
Depts.: AM

Gustavia tessmannii Knuth =Gustavia longifolia Poeppig ex Berg
Ref. FP 13(4/1) 1941: 236; Prance & Mori, 1979: 188.

Japarandiba longifolia (Poeppig ex Berg) Kuntze =Gustavia longifolia Poeppig ex Berg
Ref. Prance & Mori, 1979: 186.

Japarandiba spruceana Ule =Gustavia longifolia Poeppig ex Berg
Ref. Prance & Mori, 1979: 186.

Lecythis albiflora A. DC. =Eschweilera albiflora (A. DC.) Miers
Ref. Mori & Prance, 1990: 246.

Lecythis andinus Rusby =Eschweilera andina (Rusby) J. F. Macbride
Ref. FP 13(4/1) 1941: 246; Mori & Prance, 1990: 234.

Lecythis bracteosa Poeppig ex Berg =Eschweilera bracteosa (Poeppig ex Berg) Miers
Ref. Mori & Prance, 1990: 176.

Lecythis coriacea A. DC. =Eschweilera coriacea (A. DC.) S. Mori
Ref. Mori & Prance, 1990: 203.

Lecythis gigantea Knuth =Eschweilera gigantea (Knuth) J. F. Macbride
Ref. FP 13(4/1) 1941: 244; Mori & Prance, 1990: 223.

Lecythis grandiflora Aublet =Eschweilera grandiflora (Aublet) Sandwith
Ref. Mori & Prance, 1990: 216.

[Lecythis hians A. C. Smith =Lecythis zabucajo Aublet]
Ref. FP 13(4/1) 1941: 242; Mori & Prance, 1990: 289.
Note: Not known from Peru.

Lecythis ovalifolia A. DC. =Eschweilera ovalifolia (A. DC.) Niedenzu
Ref. Mori & Prance, 1990: 233.

Lecythis peruviana L. Williams =Eschweilera coriacea (A. DC.) S. Mori
Ref. Mori & Prance, 1990: 205.

Lecythis pisonis Cambessèdes
Ref. Mori & Prance, 1990: 295.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Revilla 20671 (NY!)
Depts.: LO

[Lecythis zabucajo Aublet]
Syn. *Lecythis hians* A. C. Smith
Ref. Mori & Prance, 1990: 289.
Note: Not known from Peru.

Pirigara hexapetala Aublet =Gustavia hexapetala (Aublet) A. C. Smith
Ref. FP 13(4/1) 1941: 233; Prance & Mori, 1979: 141.

Pirigara speciosa H.B.K. =Gustavia speciosa subsp. speciosa
Ref. FP 13(4/1) 1941: 235; Prance & Mori, 1979: 167.

Lemnaceae

4 genera and 8 species in Peru.

Prepared by L. Brako.

Lemna aequinoctialis Welwitsch
Syn. *Lemna minima* Blatter & Hallberg
Ref. FP 13(1/3) 1936: 486; Landolt, 1986: 445.
Cultivated and native aquatic herb. Amazonian, Coastal: submerged. 0-500 m.
Voucher: Barbour 5775 (MO!)
Depts.: HV, IC, LO, MD, TU

Lemna gibba L.
Ref. FP 13(1/3) 1936: 486; Landolt, 1986: 441.
Aquatic herb. Amazonian, Andean I-II, Coastal: submerged. 0-3500 m.
Voucher: Iltis & Ugent 789 (F!)
Depts.: CU, HU, LI, SM

Lemna minima Blatter & Hallberg =Lemna aequinoctialis Welwitsch
Ref. FP 13(1/3) 1936: 487; Landolt, 1986: 447.
Note: The Flora of Peru uses the incorrect author citation "*Lemna minima* Philipii."

Lemna minuscula Herter =Lemna minuta H.B.K.
Ref. Landolt, 1986: 447; Reveal, 1990: 328.

Lemna minuta H.B.K.
Syn. *Lemna minuscula* Herter
Ref. Landolt, 1986: 447; Reveal, 1990: 328.
Aquatic herb. Andean II: submerged. 2000-2500 m.
Note: The specimen cited in the Flora of Peru, *Herrera 2081*, is redetermined by Landolt (1986) as *L. miniscula*.
Voucher: Smith & Valencia 11699 (MO!)
Depts.: AN, CA, CU, HU, JU, LI, LL, MO

Lemna oblonga Philippi =Wolffiella oblonga (Philippi) Hegelmaier
Ref. Landolt, 1986: 450.

Lemna polyrhiza L. =Spirodela polyrhiza (L.) Schleiden
Ref. Landolt, 1986: 439.

Lemna valdiviana Philippi
Ref. Landolt, 1986: 447.
Aquatic herb. Amazonian, Andean I-III: submerged. 0-4000 m.
Voucher: Schunke 3191 (F!)
Depts.: CU, PU, SM

Spirodela intermedia W. Koch
Ref. Landolt, 1986: 438.
Aquatic herb. Amazonian, Andean I-II: submerged. 0-2000 m.
Voucher: Killip & Smith 27706 (US!)
Depts.: HU, LI, LO, PI, SM

Spirodela polyrhiza (L.) Schleiden
Syn. *Lemna polyrhiza* L.
Ref. FP 13(1/3) 1936: 486; Landolt, 1986: 439.
Note: Not reconfirmed.

[Wolffia brasiliensis Weddell]
Ref. FP 13(1/3) 1936: 486.
Note: Not known from Peru. Incidentally mentioned in the Flora of Peru.

[Wolffia columbiana Karsten]
Ref. FP 13(1/3) 1936: 486.
Note: Not known from Peru. Incidentally mentioned in the Flora of Peru.

Wolffia oblonga (Philippi) Hegelmaier =Wolffiella oblonga (Philippi) Hegelmaier
Ref. FP 13(1/3) 1936: 486; Landolt, 1986: 450.

Wolffia welwitschii Hegelmaier
Aquatic herb. Amazonian: submerged. 0-500 m.
Voucher: Barbour 544 (MO!)
Depts.: MD

Wolffiella oblonga (Philippi) Hegelmaier
Syn. *Lemna oblonga* Philippi, *Wolffia oblonga* (Philippi) Hegelmaier
Ref. FP 13(1/3) 1936: 486; Landolt, 1986: 450.
Aquatic herb. Coastal: submerged. 0-500 m.
Voucher: Killip & Smith 21509 (US!)
Depts.: CU, LL

Lentibulariaceae

2 genera and 12 species in Peru.

Not treated in the Flora of Peru.

Prepared by L. Brako and J. L. Zarucchi; reviewed by P. Taylor (K).

Pinguicula calyptrata H.B.K.
Ref. Taylor, 1975: 10.
Herb.
Note: Not listed as occurring in Peru by Casper (1966: 114). Listed by Taylor (1975: 10) as known from Peru but no specimens seen at Kew (Zarucchi, pers. comm.).
Depts.: Without full locality data.

Pinguicula involuta R. & P.
Ref. Casper, 1966: 117.
Herb. Andean II: bogs, grasslands. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (GH photo K!), Wurdack 1836 (K!)
Depts.: AM, HU

Utricularia amethystina Salzmann ex St. Hilaire & Girard
Ref. Taylor, 1989: 286.
Herb. Amazonian, Andean I-II, Coastal: riversides, swamps. 0-3000 m.
Voucher: Killip & Smith 23134 (F)

Utricularia aphylla R. & P. =Utricularia gibba L.
Ref. Taylor, 1989: 573.

Utricularia asplundii P. Taylor
Ref. Taylor, 1989: 420.
Epiphytic or terrestrial herb. Amazonian, Andean I: floating. 0-1500 m.
Voucher: Gentry & Smith 36072 (MO!)
Depts.: PA

Utricularia foliosa L.
Ref. Taylor, 1989: 674.
Aquatic herb. Amazonian, Andean I: floating, seasonally inundated areas. 0-1000 m.
Voucher: Gentry *et al.* 21711 (MO!)
Depts.: AM, LO

Utricularia gibba L.
Syn. *Utricularia aphylla* R. & P., *Utricularia obtusa* Swartz
Ref. Taylor, 1989: 572.
Aquatic herb. Amazonian: floating. 0-500 m.
Voucher: Encarnación 26307 (MO!)
Depts.: LO, MD, UC

Utricularia jamesoniana Oliver
Ref. Taylor, 1989: 422.
Epiphytic herb. Andean I-II: forests. 500-2000 m.
Voucher: Smith *et al.* 1801 (MO!)
Depts.: CU, HU, JU, PA, SM

Utricularia obtusa Swartz =Utricularia gibba L.
Ref. Taylor, 1989: 573.

Utricularia pusilla M. Vahl
Ref. Taylor, 1989: 532.
Herb. Andean I: forests on white sand. 500-1000 m.
Voucher: Knapp *et al.* 7446 (K!)
Depts.: SM

Utricularia subulata L.
Ref. Taylor, 1989: 524.
Herb. Amazonian, Andean I-II: disturbed areas, riversides, savannas. 0-3500 m.
Voucher: Hutchison & Wright 6950 (K!)
Depts.: AM

Utricularia trichophylla Spruce ex Oliver
Ref. Taylor, 1989: 247.
Aquatic herb. Amazonian, Andean I: floating. 0-1500 m.
Voucher: Woytkowski 6212 (MO!)
Depts.: SM

Utricularia triloba Benjamin
Ref. Taylor, 1989: 538.
Herb. Amazonian, Andean I: grasslands, riversides, savannas. 0-1500 m.
Note: No specimens cited from Peru.

Utricularia unifolia R. & P.
Ref. Taylor, 1989: 415.
Epiphytic or terrestrial herb. Andean I-III: cloud forests, riversides. 500-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Ferreyra 1820 (MO!, USM)
Depts.: AM, CU, HU, JU, PU

Liliaceae

17 genera and 114 species in Peru.

Endemic genera (3): *Diamena, Diora, Trichlora.*
Endemic species: 48.

Prepared by L. Brako and P. M. Jørgensen (MO).

Allium andicolum Regel =Nothoscordum andicola Kunth
Ref. FP 13(1/3) 1936: 620.

Allium bivalve Kuntze =Nothoscordum bivalve (L.) Britton
Ref. FP 13(1/3) 1936: 620.

Allium bivalve var. *andicola* Kuntze =Nothoscordum andicola Kunth
Ref. FP 13(1/3) 1936: 620.

Allium bivalve var. *flavescens* Kuntze =Nothoscordum gramineum (Sims) Beauvois
Ref. FP 13(1/3) 1936: 621.

Allium inodorum Aiton =Nothoscordum inodorum (Aiton) Ascherson & Graebner
Ref. FP 13(1/3) 1936: 621.

Allium striatellum Lindley =Nothoscordum gramineum (Sims) Beauvois
Ref. FP 13(1/3) 1936: 621.

Allium striatum Jacquin =Nothoscordum bivalve (L.) Britton
Ref. FP 13(1/3) 1936: 620.

Aloe vera (L.) Burman f.
Herb. Andean II: rocky slopes. 2000-2500 m.
Voucher: Macbride & Featherstone 325 (F!)
Depts.: LI

Alstroemeria anceps R. & P. =Bomarea anceps (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 649.

Alstroemeria bracteata R. & P. =Bomarea bracteata (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 640.

Alstroemeria chorillensis Herbert
Ref. FP 13(1/3) 1936: 663.
Herb. Andean I-II, Coastal: rocky slopes. 0-3500 m.
Voucher: Sullivan *et al.* 924 (MO!)
Depts.: AN, LI

Alstroemeria coccinea R. & P. =Bomarea coccinea (R. & P.) Baker
Ref. FP 13(1/3) 1936: 646.

Alstroemeria cordifolia R. & P. =Bomarea cordifolia (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 660.

Alstroemeria crocea R. & P. =Bomarea crocea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 644.

Alstroemeria declinata Poeppig & Endlicher =Bomarea declinata (Poeppig & Endlicher) Klotzsch ex Kunth
Ref. FP 13(1/3) 1936: 662.

Alstroemeria denticulata R. & P. =Bomarea denticulata (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 652.

Alstroemeria distichifolia R. & P. =Bomarea distichifolia (R. & P.) Baker
Ref. FP 13(1/3) 1936: 646.

Alstroemeria dulcis Hooker =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Alstroemeria edulis Tussac =Bomarea edulis (Tussac) Herbert

Alstroemeria fimbriata R. & P. =Bomarea rosea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 648.

Alstroemeria formosissima R. & P. =Bomarea formosissima (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 654.

Alstroemeria grandifolia H.B.K. =Bomarea latifolia (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 660.

Alstroemeria latifolia R. & P. =Bomarea latifolia (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 660.

Alstroemeria ligtu L.
Ref. FP 13(1/3) 1936: 663.
Herb. Andean I-II, Coastal: cloud forests, lomas. 500-3500 m.
Voucher: Cano 1688 (MO!)
Depts.: AN, AR, LI

Alstroemeria lineatiflora R. & P.
Ref. FP 13(1/3) 1936: 663.
Note: Not reconfirmed. According to the Flora of Peru this taxon is based on cultivated material included under *A. chorillensis* Herbert.
Voucher: Ruiz & Pavón s.n.* (MA)

Alstroemeria macrocarpa R. & P. =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 658.

Alstroemeria ovata Cavanilles =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 658.

Alstroemeria pavoniana Beauverd =Bomarea involucrosa (Herbert) Baker
Ref. FP 13(1/3) 1936: 640.

Alstroemeria pelegrina L.
Ref. FP 13(1/3) 1936: 664.
Herb. Amazonian, Andean I-II, Coastal: grasslands, rocky slopes, shrublands. 0-3500 m.
Voucher: Weberbauer 5350 (F!), Ferreyra 18625 (USM!)
Depts.: AN, AR, HU, LI

Alstroemeria purpurea R. & P. =Bomarea purpurea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Alstroemeria pygmaea Herbert
Syn. *Schickendantzia pygmaea* (Herbert) Spegazzini
Ref. FP 13(1/3) 1936: 664.
Herb. Andean III: disturbed areas, grasslands, rocky slopes, shrublands. 3500-4500 m.
Voucher: Smith 5681 (MO!)
Depts.: AN, CU, JU, LI, PA, PU

Alstroemeria recumbens Herbert
Ref. FP 13(1/3) 1936: 664.
Cultivated herb. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Cuming 384*, Macbride & Featherstone 2571 (F!)
Depts.: AM, LI

Alstroemeria rosea R. & P. =Bomarea rosea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 648.

Alstroemeria secundifolia R. & P. =Bomarea secundifolia (R. & P.) Baker
Ref. FP 13(1/3) 1936: 645.

Alstroemeria setacea R. & P. =Bomarea setacea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Alstroemeria tomentosa R. & P. =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 658.

Alstroemeria torta H.B.K. =Bomarea torta (H.B.K.) Herbert
Ref. FP 13(1/3) 1936: 647.

Alstroemeria uniflora Mathews ex Herbert pro syn. =Bomarea uniflora (M. Roemer) Killip
Ref. FP 13(1/3) 1936: 643.

Alstroemeria violacea Philippi
Ref. FP 13(1/3) 1936: 665.
Herb. Coastal: lomas, rocky slopes. 0-500 m.
Voucher: Ferreyra 6370 (MOL!)
Depts.: AR, JU, MO

Anthericum cajamarcaense Poellnitz =Diora cajamarcaensis (Poellnitz) Ravenna
Ref. Ravenna, 1987: 191.

Anthericum coarctatum R. & P. =Excremis coarctata (R. & P.) Baker
Ref. FP 13(1/3) 1936: 619.

Anthericum coeruleum R. & P. =Pasithea coerulea (R. & P.) D. Don
Ref. FP 13(1/3) 1936: 619.

Anthericum collinum Ravenna
Ref. Ravenna, 1988b: 26.
Endemic herb.
Voucher: Ravenna 3329* (Hb. Ravenna, K)
Depts.: AR

Anthericum eccremorrhizum R. & P.
Ref. FP 13(1/3) 1936: 622; D. N. Smith, 1988: 142.
Herb. Andean I-III, Coastal: cloud forests, lomas, rocky slopes. 0-4000 m.
Voucher: Ruiz & Pavón s.n.*, Ferreyra 6559 (MOL!)
Depts.: AN, AR, CA, CU, HU, JU, LI, LL

Anthericum glareosum Ravenna
Ref. Ravenna, 1988b: 29.
Endemic herb. Andean II. 2500-3000 m.
Voucher: López s.n.* (Hb. Ravenna, K)
Depts.: CA

Anthericum glaucum R. & P.
Ref. FP 13(1/3) 1936: 622.
Endemic herb. Andean I-II, Coastal: disturbed areas, shrublands, rocky slopes. 500-3500 m.
Voucher: Ruiz & Pavón s.n.*, Weberbauer 6481 (MOL!)
Depts.: AN, JU, HV, LI, TA

Anthericum herrerae Killip
Ref. FP 13(1/3) 1936: 623.
Andean II. 3000-3500 m.
Note: Not reconfirmed.
Depts.: CU

Anthericum machupiccense Ravenna
Ref. Ravenna, 1988b: 27.
Herb. Andean II. 2000-2500 m.
Voucher: Ravenna 3140* (Hb. Ravenna, K)
Depts.: CU

Anthericum stenanthum Ravenna =Diamena stenantha (Ravenna) Ravenna
Ref. Ravenna, 1987: 188.

Anthericum ticsanianum Ravenna
Ref. Ravenna, 1988b: 28.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Ravenna 3162* (Hb. Ravenna, K)
Depts.: MO

Anthericum viruense Ravenna
Ref. Ravenna, 1967: 146.
Endemic herb. Coastal: lomas. 0-500 m.
Voucher: Angulo s.n.* (TRUX), Angulo s.n. (TRUX)
Depts.: LL

Bomarea albimontana D. N. Smith & Gereau
Ref. Smith & Gereau, 1991: 504.
Endemic vine. Andean III: shrublands. 3500- > 4500 m.
Voucher: Smith *et al.* 12701* (MO!, USM), Smith 8240 (MO!, USM)
Depts.: AN

Bomarea amoena (Herbert) M. Roemer
Syn. *Bomarea purpurea* var. *amoena* Herbert, *Bomarea purpurea* var. *guancana* Herbert
Ref. FP 13(1/3) 1936: 658.
Herb. Andean II: cloud forests. 2500-3000 m.
Voucher: Mathews s.n.*, Vargas 3824 (MO!)
Depts.: AM, CU, HU

Bomarea ampayesana Vargas
Ref. Vargas, 1943b: 130.
Endemic herb. Andean III: cloud forests, rocky slopes. 3500-4000 m.
Voucher: Vargas 1015* (CUZ), Boeke 3215 (MO!)
Depts.: AP, CU

Bomarea anceps (R. & P.) Herbert
Syn. *Alstroemeria anceps* R. & P.
Ref. FP 13(1/3) 1936: 649; Young & León, 1990: 13.
Herb. Andean II: grasslands, seasonally inundated areas. 3000-3500 m.
Voucher: Ruiz & Pavón s.n.*, Young 2490 (F!)
Depts.: CA, JU, SM

Bomarea andimarcana (Herbert) Baker =Bomarea crocea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 644.

Bomarea angustissima Killip
Ref. FP 13(1/3) 1936: 655.
Endemic vine. Andean II-III: forests. 2500-4000 m.
Voucher: Macbride & Featherstone 4409* (F), Stein & Todzia 2043 (MO!)
Depts.: CA, HU

Bomarea aurantiaca Herbert
Syn. *Bomarea macleanica* Herbert, *Bomarea weberbaueriana* Kraenzlin
Ref. FP 13(1/3) 1936: 649.
Herb. Andean II-III: grasslands. 1500- > 4500 m.
Voucher: Mathews 1160*, Núñez 8201A (MO!)
Depts.: AY, CU, PU

Bomarea ayavacensis Kraenzlin
Ref. FP 13(1/3) 1936: 657.
Endemic vine. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6373* (photo MO)
Depts.: PI

Bomarea biflora Vargas
Ref. Vargas, 1946: 72.
Note: Not reconfirmed.

Bomarea bracteata (R. & P.) Herbert
Syn. *Alstroemeria bracteata* R. & P.
Ref. FP 13(1/3) 1936: 640.
Endemic herb. Andean III: forests. 3500-4000 m.
Voucher: Ruiz & Pavón s.n.*, Johns & Pearsall s.n. (F!)
Depts.: AN, JU

Bomarea brevis (Herbert) Baker
Syn. *Bomarea recurva* Baker, *Sphaerine brevis* Herbert
Ref. FP 13(1/3) 1936: 646.
Herb or vine. Andean II-III: grasslands, shrublands. 1500- > 4500 m.
Voucher: Young & Sullivan 555 (MO!)
Depts.: CU, HU, JU, PU, UC

Bomarea campanuliflora Killip
Ref. FP 13(1/3) 1936: 640.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Raimondi 10229*
Depts.: PU

Bomarea campylophylla Killip
Ref. FP 13(1/3) 1936: 657.
Endemic vine. Andean II: elfin forests. 1500-3000 m.
Voucher: Weberbauer 4961*, Stein & Todzia 2288 (MO!)
Depts.: HU

Bomarea caudata Killip
Ref. FP 13(1/3) 1936: 653.
Endemic vine. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7559* (B)
Depts.: AY

Bomarea cernua Grisebach ex Baker
Ref. FP 13(1/3) 1936: 650.
Endemic vine. Andean II: cloud forests. 2500-3000 m.
Voucher: Lechler 2597*, Stein & Todzia 2418A (MO!)
Depts.: CU, HU, JU

Bomarea cerratea Vargas
Ref. Vargas, 1954: 153.
Herb. Andean III. 3500-4000 m.
Voucher: Cerrate & Tovar 1934* (USM)
Depts.: LI

Bomarea coccinea (R. & P.) Baker
Syn. *Alstroemeria coccinea* R. & P., *Sphaerine coccinea* (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 646.
Herb. Andean I-II: riversides. 1000-3500 m.
Voucher: Ruiz & Pavón s.n.*, Stein *et al.* 3821 (MO!)
Depts.: CU, HU, JU, UC

Bomarea cordifolia (R. & P.) Herbert
Syn. *Alstroemeria cordifolia* R. & P.
Ref. FP 13(1/3) 1936: 660.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (photo MO!)
Depts.: HU

Bomarea cornigera Herbert
Ref. FP 13(1/3) 1936: 647.
Note: Not reconfirmed. Type locality uncertain, possibly Peru.
Voucher: Mathews 1659*
Depts.: Without full locality data.

Bomarea cornuta Herbert
Syn. *Bomarea edulis* var. *cornuta* (Herbert) Baker
Ref. FP 13(1/3) 1936: 657; Young & León, 1990: 13.
Endemic vine. Andean I-II: cloud forests, grasslands, rocky slopes. 1000-3000 m.
Voucher: Mathews 1161*, Stein & Todzia 2230 (MO!)
Depts.: CA, HU, JU, PA, PU, SM

Bomarea crinita Herbert
Ref. FP 13(1/3) 1936: 653.
Endemic vine. Andean II. 2500-3500 m.
Voucher: Mathews 1664*, Weberbauer 4434 (MOL!)
Depts.: AM

Bomarea crocea (R. & P.) Herbert
Syn. *Alstroemeria crocea* R. & P., *Bomarea andimarcana* (Herbert) Baker, *Collania andimarcana* Herbert, *Collania grandis* Kraenzlin, *Wichuraea andimarcana* (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 644.
Herb. Andean III: grasslands. 3500-4500 m.
Voucher: Ruiz & Pavón s.n.*, Núñez & Arque 8321 (MO!)
Depts.: CU, JU, LI

Bomarea cruenta Kraenzlin
Ref. FP 13(1/3) 1936: 645.
Herb. Andean II: bogs. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4395* (photo & frag. F!)
Depts.: AM

Bomarea cuzcoensis Vargas
Ref. Vargas, 1946: 74.
Note: Not reconfirmed.

Bomarea declinata (Poeppig & Endlicher) Klotzsch ex Kunth
Syn. *Alstroemeria declinata* Poeppig & Endlicher, *Bomarea dispar* Herbert, *Bomarea ulei* Kraenzlin
Ref. FP 13(1/3) 1936: 662.
Endemic vine. Andean I. 1000-1500 m.
Voucher: Poeppig 1586*
Depts.: HU, JU, SM

Bomarea densiflora Herbert
Syn. *Bomarea tomentosa* var. *ebracteata* Herbert
Ref. FP 13(1/3) 1936: 652.
Vine. Andean II: elfin forests. 1500-3500 m.
Voucher: Mathews 1667*, Smith & Vásquez 3564 (MO!)
Depts.: AM, CA, HU, PI

Bomarea densifolia Vargas
Ref. Vargas, 1945: 40.
Endemic herb. Andean II-III: rocky slopes. 3000-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 2725* (CUZ, MO!)
Depts.: CU

Bomarea denticulata (R. & P.) Herbert
Syn. *Alstroemeria denticulata* R. & P.
Ref. FP 13(1/3) 1936: 652.
Vine. Andean II: forests. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.*, Smith 8186 (MO!)
Depts.: HU, PA

Bomarea dispar Herbert =Bomarea declinata (Poeppig & Endlicher) Klotzsch ex Kunth
Ref. FP 13(1/3) 1936: 662.

Bomarea distichifolia (R. & P.) Baker
Syn. *Alstroemeria distichifolia* R. & P., *Sphaerine distichophylla* (R. & P.) Herbert
Ref. Gereau, pers. comm.
Herb. Andean II: cloud forests, grasslands. 1500-3500 m.
Voucher: Ruiz & Pavón s.n.*, Foster & Smith 9081 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, PI, SM

[Bomarea distichophylla (R. & P.) Baker, nom. illeg.]
Ref. FP 13(1/3) 1936: 646.
Note: Hebert (1837) illegitimately "corrected" Ruiz & Pavón's epithet to "*distichophylla*;" Baker (1882) perpetuated the error when transferring the name to *Bomarea*. See Brummit & Taylor, 1990 (Gereau, pers. comm.).

Bomarea dolichocarpa Killip
Ref. FP 13(1/3) 1936: 661.
Vine. Amazonian, Andean I-II: forests, lomas. 0-2000 m.
Voucher: Killip & Smith 26306*, Gentry & Revilla 16237 (MO!)
Depts.: AM, CA, HU, JU, LI, LO, MD, SM, TU, UC

Bomarea dulcis (Hooker) Beauverd
Syn. *Alstroemeria dulcis* Hooker, *Bomarea glaucescens* var. *dulcis* (Hooker) Baker, *Collania dulcis* (Hooker) Herbert, *Collania dulcis* var. *parvifolia* Herbert, *Wichuraea acicularis* M. Roemer, *Wichuraea dulcis* (Hooker) M. Roemer, *Wichuraea dulcis* var. *cruikshanksii* M. Roemer, *Wichuraea parvifolia* (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 642.
Vine. Andean II-III: rocky slopes, shrublands. 3000- > 4500 m.
Voucher: Smith *et al.* 9769 (MO!)
Depts.: AN, AP, AR, CA, CU, HU, HV, JU, LI, LL, MO, PU

Bomarea edulis (Tussac) Herbert
Syn. *Alstroemeria edulis* Tussac
Vine. Andean I-II, Coastal: disturbed areas, forests. 0-3000 m.
Voucher: Sánchez 4241 (MO!)
Depts.: CA, LI

Bomarea edulis var. *cornuta* (Herbert) Baker =Bomarea cornuta Herbert
Ref. FP 13(1/3) 1936: 657.

Bomarea edulis var. *ovata* (Cavanilles) Baker =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea endotrachys Kraenzlin =Bomarea purpurea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Bomarea engleriana Kraenzlin
Ref. FP 13(1/3) 1936: 656.
Endemic vine. Andean III: disturbed areas. 3500-4000 m.
Voucher: Weberbauer 3307*, Gentry *et al.* 37481 (MO!)
Depts.: CU, HU, PA

Bomarea ferreyrae Vargas
Ref. Vargas, 1954: 153.
Herb. Andean I: forests. 500-1000 m.
Voucher: Ferreyra 9311* (USM)
Depts.: HU

Bomarea fiebrigiana Kraenzlin
Syn. *Collania fiebrigiana* (Kraenzlin) Kraenzlin
Ref. FP 13(1/3) 1936: 641.
Herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Mexia 4258 (MO!)
Depts.: CU, PU

Bomarea filicaulis Kraenzlin
Ref. FP 13(1/3) 1936: 650.
Endemic herb. Andean III: grasslands. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3384* (B photo F!)
Depts.: HU

Bomarea fimbriata (R. & P.) Herbert =Bomarea rosea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 648.

Bomarea fimbriata var. *paltarumensis* Herbert =Bomarea sanguinea Kraenzlin
Ref. FP 13(1/3) 1936: 654.

Bomarea formosissima (R. & P.) Herbert
Syn. *Alstroemeria formosissima* R. & P.
Ref. FP 13(1/3) 1936: 654.
Vine. Andean II-III: shrublands. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.*, Smith & Pretel 1534 (MO!)
Depts.: AP, AY, CU, HU, HV, PA, PU

Bomarea glaucescens (H.B.K.) Baker
Syn. *Wichuraea glaucescens* H.B.K.
Vine. Andean II-III: rocky slopes. 2500-4000 m.
Voucher: Sagástegui *et al.* 11186 (MO!)
Depts.: CA, CU, LL

Bomarea glaucescens var. *dulcis* (Hooker) Baker =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Bomarea glaucescens var. *puberula* (Herbert) Baker =Bomarea puberula (Herbert) Kraenzlin
Ref. FP 13(1/3) 1936: 641.

Bomarea glomerata Herbert =Bomarea setacea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Bomarea glomerata var. *longifolia* M. Roemer =Bomarea purpurea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Bomarea grandifolia (H.B.K.) Herbert =Bomarea latifolia (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 660.

Bomarea herrerae Vargas
Ref. Vargas, 1945: 40.
Endemic vine. Andean III: forests. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 2258* (CUZ, MO!)
Depts.: CU

Bomarea hookeriana Herbert
Ref. FP 13(1/3) 1936: 660.
Endemic vine. Andean I: grasslands. 500-1000 m.
Voucher: Mathews s.n.*, Schunke 6229 (F!)
Depts.: AM, JU

Bomarea involucrosa (Herbert) Baker
Syn. *Alstroemeria pavoniana* Beauverd, *Collania involucrosa* Herbert, *Wichuraea involucrosa* (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 640.
Herb or shrub. Andean II-III: rocky slopes. 2500-4500 m.
Voucher: Núñez & Delgado 7917 (MO!)
Depts.: CU, JU, LI, PU

Bomarea isopetala Kraenzlin
Vine. Andean II: forests. 2500-3000 m.
Voucher: Metcalf 30783 (MO!)
Depts.: AM

Bomarea killipii Vargas
Ref. Vargas, 1944: 216.
Endemic herb. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 3493* (Hb. Vargas, MO!)
Depts.: CU

Bomarea klugii Killip
Ref. FP 13(1/3) 1936: 648.
Endemic liana. Andean I-II: forests. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3410* (MO!)
Depts.: SM

Bomarea latifolia (R. & P.) Herbert
Syn. *Alstroemeria grandifolia* H.B.K., *Alstroemeria latifolia* R. & P., *Bomarea grandifolia* (H.B.K.) Herbert
Ref. FP 13(1/3) 1936: 660.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.*
Depts.: AR

[Bomarea lobbiana Kraenzlin]
Ref. FP 13(1/3) 1936: 662.
Note: Not known from Peru. The type was wrongly labeled "Peru."

Bomarea longistyla Vargas
Ref. Vargas, 1965b: 158.
Endemic herb. Rocky slopes.
Note: Known from Peru only from the type locality.
Voucher: Cerrate 4123* (CUZ)
Depts.: AN

Bomarea loreti Kraenzlin
Ref. FP 13(1/3) 1936: 653.
Endemic vine. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 46* (B photo MO!)
Depts.: LO

Bomarea lyncina Herbert =Bomarea pardina Herbert
Ref. FP 13(1/3) 1936: 661; Neuendorf, 1977: 56.

Bomarea macleanica Herbert =Bomarea aurantiaca Herbert
Ref. FP 13(1/3) 1936: 649.

Bomarea macranthera Kraenzlin
Ref. FP 13(1/3) 1936: 650.
Endemic vine. Andean II: disturbed areas. 2000-3500 m.
Voucher: Weberbauer 2201* (B photo MO!), Young & Sullivan 588 (MO!)
Depts.: AM, HU, JU

Bomarea macrocarpa (R. & P.) Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea maculata Killip ex Vargas
Ref. Vargas, 1946: 70.
Note: Not reconfirmed.

Bomarea nematocaulon Killip
Ref. FP 13(1/3) 1936: 655.
Endemic vine. Andean II. 2500-3000 m.
Voucher: Macbride & Featherstone 4870* (F), Ferreyra 1207 (USM!)
Depts.: HU

Bomarea nervosa (Herbert) Baker
Syn. *Sphaerine nervosa* Herbert
Ref. FP 13(1/3) 1936: 645.
Herb. Andean II: cloud forests, disturbed areas, rocky slopes. 1500-3500 m.
Voucher: Stein & Todzia 2075 (MO!)
Depts.: AM

Bomarea obovata Herbert
Syn. *Bomarea sternbergiiflora* Kraenzlin
Vine. Amazonian: forests. 0-500 m.
Voucher: Hall 7* (K), Gentry *et al.* 45711 (MO!)
Depts.: MD

Bomarea oligantha Baker
Ref. FP 13(1/3) 1936: 662.
Note: Not reconfirmed. Based on a cultivated specimen said to have been of Peruvian origin.

Bomarea ovata (Cavanilles) Mirbel
Syn. *Alstroemeria macrocarpa* R. & P., *Alstroemeria ovata* Cavanilles, *Alstroemeria tomentosa* R. & P., *Bomarea edulis* var. *ovata* (Cavanilles) Baker, *Bomarea macrocarpa* (R. & P.) Herbert, *Bomarea ovata* var. *cavanillesiana* Herbert, *Bomarea punctata* Herbert, *Bomarea simplex* Herbert, *Bomarea tribrachiata* Kraenzlin, *Bomarea variabilis* Herbert, *Bomarea variabilis* var. *simplex* (Herbert) Herbert
Ref. FP 13(1/3) 1936: 658.
Vine. Andean II-III, Coastal: disturbed areas, lomas, shrublands. 1500-> 4500 m.
Voucher: Franquemont & Franquemont 268B (F!)
Depts.: AM, AN, AP, AY, CA, CU, HU, HV, JU, LI, MD, MO, PA, PI, PU

Bomarea ovata var. *cavanillesiana* Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 658.

Bomarea pardina Herbert
Syn. *Bomarea lyncina* Herbert, *Bomarea sulphurea* Kraenzlin
Ref. Neuendorf, 1977: 56.
Vine. Andean I-III: forests. 1000-4000 m.
Voucher: Klug 3472 (MO!)
Depts.: HU, JU, SM

Bomarea parvifolia Baker
Ref. FP 13(1/3) 1936: 656.
Endemic vine.
Note: Known from Peru only from the type locality.
Voucher: Maclean s.n.* (K)
Depts.: Without full locality data.

Bomarea patinii Baker
Herb or vine. Andean II. 2000-2500 m.
Voucher: Lawrance 842-A (F!)
Depts.: CU

Bomarea petraea Kraenzlin
Syn. *Collania petraea* (Kraenzlin) Kraenzlin
Ref. FP 13(1/3) 1936: 643.
Herb. Andean III. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 476* (B)
Depts.: PU

Bomarea phyllostachya Masters ex Baker
Ref. FP 13(1/3) 1936: 643.
Herb. Andean II-III: disturbed areas, forests. 2500-4000 m.
Voucher: Stein *et al.* 4030 (MO!)
Depts.: AN, CA, HU

Bomarea pillawantense Vargas
Ref. Vargas, 1969: 40.
Endemic herb. Andean I-II. 1000-2000 m.
Voucher: Vargas 6754* (CUZ)
Depts.: CU, PU

Bomarea porrecta Killip
Syn. *Bomarea stricta* Kraenzlin, nom. illeg.
Ref. FP 13(1/3) 1936: 641.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Lobb s.n.*, West 8107 (MO!)
Depts.: LL

Bomarea praeusta Kraenzlin
Syn. *Collania nutans* Herbert
Ref. FP 13(1/3) 1936: 656.
Endemic vine. Andean III: rocky slopes. 3500-4000 m.
Voucher: Lobb s.n.* (B), Vargas 1278 (MO!)
Depts.: AR, PU

Bomarea puberula (Herbert) Kraenzlin
Syn. *Bomarea glaucescens* var. *puberula* (Herbert) Baker, *Collania puberula* Herbert, *Wichuraea puberula* (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 641.
Herb. Andean II: grasslands. 3000-3500 m.
Voucher: Mathews 1165*, Macbride & Featherstone 1824 (F!)
Depts.: CU, HU

Bomarea pumila Grisebach ex Baker
Ref. FP 13(1/3) 1936: 644.
Endemic herb. Andean II: grasslands, shrublands. 2500-3500 m.
Voucher: Foster 9060 (MO!, USM!)
Depts.: CU, PA

Bomarea punctata Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea purpurea (R. & P.) Herbert
Syn. *Alstroemeria purpurea* R. & P., *Bomarea endotrachys* Kraenzlin, *Bomarea glomerata* var. *longifolia* M. Roemer
Ref. FP 13(1/3) 1936: 651; Young & León, 1990: 13.
Vine. Andean I: disturbed areas, forests. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.*, Díaz & Osores 2574 (MO!)
Depts.: AM, CA, CU, HU, LL, PA, PI, SM

Bomarea purpurea var. *amoena* Herbert =Bomarea amoena (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 658.

Bomarea purpurea var. *guancana* Herbert =Bomarea amoena (Herbert) M. Roemer
Ref. FP 13(1/3) 1936: 658.

Bomarea recurva Baker =Bomarea brevis (Herbert) Baker
Ref. FP 13(1/3) 1936: 646.

Bomarea rosea (R. & P.) Herbert
Syn. *Alstroemeria fimbriata* R. & P., *Alstroemeria rosea* R. & P., *Bomarea fimbriata* (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 648.
Liana or vine. Andean II: elfin forests. 1500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Foster *et al.* 7673 (MO!)
Depts.: AN, CA, HU, JU, PA

Bomarea sanguinea Kraenzlin
Syn. *Bomarea fimbriata* var. *paltarumensis* Herbert, *Bomarea subglobosa* Herbert
Ref. FP 13(1/3) 1936: 654.
Vine. Andean II-III: cloud forests, rocky slopes. 2000-4500 m.
Voucher: Weberbauer 4918* (B), Núñez & Arque 8312 (F!)
Depts.: CU, HU, JU

Bomarea sclerophylla Kraenzlin
Ref. FP 13(1/3) 1936: 650.
Endemic vine. Andean II-III: elfin forests. 2500-4000 m.
Voucher: Weberbauer 3352* (B photo MO!), Smith 7731 (MO!)
Depts.: AM, HU, PA

Bomarea secundifolia (R. & P.) Baker
Syn. *Alstroemeria secundifolia* R. & P., *Sphaerine secundifolia* (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 645.
Endemic herb. Andean II: grasslands. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Macbride & Featherstone 4962 (F!)
Depts.: CA, HU

Bomarea setacea (R. & P.) Herbert
Syn. *Alstroemeria setacea* R. & P., *Bomarea glomerata* Herbert, *Bomarea tomentosa* var. *pangoensis* Herbert
Ref. FP 13(1/3) 1936: 651; Young & León, 1990: 13.
Vine. Andean II-III: disturbed areas, elfin forests, rocky slopes. 2000-4000 m.
Voucher: Ruiz & Pavón s.n.*, Smith 4118 (MO!)

Depts.: AM, CA, CU, HU, JU, PA, PU, SM

Bomarea simplex Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea speciosa Killip
Ref. FP 13(1/3) 1936: 661.
Vine. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Macbride & Featherstone 3711* (F!), Rimachi 4912 (MO!)
Depts.: CU, HU

Bomarea sternbergiiflora Kraenzlin =Bomarea obovata Herbert
Ref. FP 13(1/3) 1936: 662.

Bomarea stricta Kraenzlin, nom. illeg. =Bomarea porrecta Killip
Ref. FP 13(1/3) 1936: 641.

Bomarea stuebelii Pax
Ref. FP 13(1/3) 1936: 647.
Endemic vine. Andean II: shrublands. 2500-3500 m.
Voucher: Stuebel s.n.* (B), Díaz 2178 (MO!)
Depts.: AM, CA, HV, JU, LL

Bomarea subglobosa Herbert =Bomarea sanguinea Kraenzlin
Ref. FP 13(1/3) 1936: 654.

Bomarea sulphurea Kraenzlin =Bomarea pardina Herbert
Ref. FP 13(1/3) 1936: 661; Neuendorf, 1977: 56.

Bomarea superba Herbert
Ref. FP 13(1/3) 1936: 654.
Endemic vine. Andean II-III: disturbed areas. 2000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Mathews 1663* (K)
Depts.: CU

Bomarea tacnaense Vargas
Ref. Vargas, 1965b: 155.
Endemic herb. Andean III: rocky slopes. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 13025* (CUZ)
Depts.: TA

Bomarea tarmensis Kraenzlin
Ref. FP 13(1/3) 1936: 658.
Vine. Andean I: disturbed areas, grasslands. 500-1000 m.
Voucher: Weberbauer 1846* (MOL!), Stein & Todzia 2350 (MO!)
Depts.: AY, CU, HU, JU, PA, UC

Bomarea tomentosa var. *ebracteata* Herbert =Bomarea densiflora Herbert
Ref. FP 13(1/3) 1936: 652.

Bomarea tomentosa var. *pangoensis* Herbert =Bomarea setacea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 651.

Bomarea torta (H.B.K.) Herbert
Syn. *Alstroemeria torta* H.B.K.
Ref. FP 13(1/3) 1936: 647.
Vine. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Humboldt & Bonpland s.n.* (P), Dillon & Whalen 4033 (MO!)
Depts.: AM, CA, LL

Bomarea tribrachiata Kraenzlin =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea ulei Kraenzlin =Bomarea declinata (Poeppig & Endlicher) Klotzsch ex Kunth
Ref. FP 13(1/3) 1936: 662.

Bomarea uniflora (M. Roemer) Killip
Syn. *Alstroemeria uniflora* Mathews ex Herbert pro syn., *Wichuraea dulcis* var. *uniflora* M. Roemer
Ref. FP 13(1/3) 1936: 643.
Herb. Andean III: grasslands. 4000- > 4500 m.
Note: The Flora of Peru uses an incorrect author citation *B. uniflora* (Mathews) Killip.
Voucher: Mathews 864* (K), Boeke 1116 (MO!)
Depts.: AN, LI, PA

Bomarea variabilis Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea variabilis var. *simplex* (Herbert) Herbert =Bomarea ovata (Cavanilles) Mirbel
Ref. FP 13(1/3) 1936: 659.

Bomarea velascoana Vargas
Ref. Vargas, 1943b: 130.
Endemic herb. Andean III. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 1536* (CUZ)
Depts.: CU

Bomarea weberbaueriana Kraenzlin =Bomarea aurantiaca Herbert
Ref. FP 13(1/3) 1936: 649.

Bomarea zosterifolia Killip
Ref. FP 13(1/3) 1936: 642.
Endemic herb. Andean II-III. 3000-4500 m.
Voucher: Matinet 742*, Smith & Goodwin 8777 (MO!)
Depts.: AN

Chlorophytum schidospermum Baker
Ref. FP 13(1/3) 1936: 622; Smith & Downs, 1974: 208.
Herb. Andean I-II: rocky slopes. 500-1500 m.
Voucher: Lechler 2382* (G), Mathias & Taylor 5042 (USM!)
Depts.: JU, PU, SM

Collania andimarcana Herbert =Bomarea crocea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 644.

Collania dulcis (Hooker) Herbert =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Collania dulcis var. *parvifolia* Herbert =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Collania fiebrigiana (Kraenzlin) Kraenzlin =Bomarea fiebrigiana Kraenzlin
Ref. FP 13(1/3) 1936: 641.

Collania grandis Kraenzlin =Bomarea crocea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 644.

Collania involucrosa Herbert =Bomarea involucrosa (Herbert) Baker
Ref. FP 13(1/3) 1936: 640.

Collania nutans Herbert =Bomarea praeusta Kraenzlin
Ref. FP 13(1/3) 1936: 656.

Collania petraea (Kraenzlin) Kraenzlin =Bomarea petraea Kraenzlin
Ref. FP 13(1/3) 1936: 643.

Collania puberula Herbert =Bomarea puberula (Herbert) Kraenzlin
Ref. FP 13(1/3) 1936: 641.

Diamena stenantha (Ravenna) Ravenna
Syn. *Anthericum stenanthum* Ravenna, *Paradisea stenantha* (Ravenna) Ravenna
Ref. Ravenna, 1987: 188.
Endemic herb. Coastal: lomas. 0-500 m.
Voucher: Angulo s.n.* (HUT), Angulo s.n. (HUT)
Depts.: LL

Diora cajamarcaensis (Poellnitz) Ravenna
Syn. *Anthericum cajamarcaense* Poellnitz
Ref. Ravenna, 1987: 191.
Endemic herb. Andean II. 2500- > 4500 m.
Note: Ravenna (1987) notes that the altitude given for the type is questionable.
Voucher: Raimondi 6955* (B, USM), Ravenna 2345 (NY)
Depts.: CA, JU

Distrepta vaginata Miers
Syn. *Tecophilaea violiflora* Bertero ex Colla
Ref. FP 13(1/3) 1936: 665.
Herb. Coastal: cloud forests, lomas. 0-500 m.
Voucher: Ferreyra 9586 (USM!)
Depts.: LI

Excremis coarctata (R. & P.) Baker
Syn. *Anthericum coarctatum* R. & P.
Ref. FP 13(1/3) 1936: 619.
Endemic herb. Andean II: grasslands, riversides. 1500-3500 m.
Voucher: Wurdack 1252 (F!), Weberbauer 3516 (MOL!)
Depts.: AM, CA, CU, HU, PA, PU

Fortunatia biflora (R. & P.) J. F. Macbride
Syn. *Ornithogalum biflorum* Don, *Scilla*

biflora R. & P., *Scilla geminiflora* Kunth
Ref. FP 13(1/3) 1936: 623.
Herb. Andean I-II, Coastal: lomas, rocky slopes. 0-2500 m.
Voucher: Gentry 16467 (F!)
Depts.: AN, AR, LI, MO, TA

Fortunatia herrerae J. F. Macbride =Zephyranthes pseudocolchicum Kraenzlin (Amaryllidaceae)

Hypoxis decumbens L.
Syn. *Hypoxis decumbens* var. *major* Seubert
Ref. FP 13(1/3) 1936: 665.
Herb. Andean II-III: grasslands, rocky slopes. 2500-4000 m.
Voucher: Núñez 7251 (MO!)
Depts.: AP, CA, CU, HU, JU, SM

Hypoxis decumbens var. *major* Seubert =Hypoxis decumbens L.
Ref. FP 13(1/3) 1936: 665.

Hypoxis humilis H.B.K.
Ref. FP 13(1/3) 1936: 665.
Herb. Andean III. 3500-4000 m.
Voucher: Vargas 4095 (MO!)
Depts.: CU

Isidrogalvia falcata R. & P.
Syn. *Tofieldia falcata* (R. & P.) Persoon, *Tofieldia flexuosa* Willdenow, *Tofieldia frigida* Kunth
Ref. FP 13(1/3) 1936: 630; Cruden, 1991: 280.
Herb. Andean I-II: cloud forests, elfin forests, seasonally inundated areas. 2000-3500 m.
Voucher: Foster 9067 (MO!, USM!)
Depts.: AM, CA, HU, PA, PI

[Isidrogalvia sessiliflora (Hooker) Cruden]
Syn. *Tofieldia sessiliflora* Hooker
Note: Not known from Peru.

Luzuriaga radicans R. & P.
Ref. FP 13(1/3) 1936: 630.
Note: Not reconfirmed.

Milla andicola Baker =Nothoscordum andicola Kunth

Nothoscordum andicola Kunth
Syn. *Allium andicolum* Regel, *Allium bivalve* var. *andicola* Kuntze, *Milla andicola* Baker
Ref. FP 13(1/3) 1936: 620.
Herb. Andean II: rocky slopes. 2500-4500 m.
Voucher: Davis *et al.* 1389 (F!), Weberbauer 6878 (MOL!)
Depts.: AR, AP, CU, HV, MO, PU

Nothoscordum bivalve (L.) Britton
Syn. *Allium bivalve* Kuntze, *Allium striatum* Jacquin, *Nothoscordum striatum* Kunth, *Ornithogalum bivalve* L.
Ref. FP 13(1/3) 1936: 620.
Herb. Coastal: lomas. 0-500 m.
Voucher: Weberbauer 7311 (F!)
Depts.: AR, CU, LI, MO

Nothoscordum demissum Ravenna
Ref. Ravenna, 1990: 2.
Endemic herb. Andean II.
Voucher: Ravenna 2820* (Hb. Ravenna, K)
Depts.: CU

Nothoscordum fictile J. F. Macbride
Ref. FP 13(1/3) 1936: 620.
Herb. Andean III: grasslands. 3500-4000 m.
Voucher: Vargas 851 (F!)
Depts.: AP, CU, MO

Nothoscordum flavescens (Poeppig) Kunth =Nothoscordum gramineum (Sims) Beauvois
Ref. FP 13(1/3) 1936: 621.

Nothoscordum gramineum (Sims) Beauvois
Syn. *Allium bivalve* var. *flavescens* Kuntze, *Allium striatellum* Lindley, *Nothoscordum flavescens* (Poeppig) Kunth, *Nothoscordum striatellum* (Lindley) Kunth, *Ornithogalum gramineum* Sims
Ref. FP 13(1/3) 1936: 621.
Note: Not reconfirmed.

Nothoscordum inodorum (Aiton) Ascherson & Graebner
Syn. *Allium inodorum* Aiton
Ref. FP 13(1/3) 1936: 621.
Herb. Andean II: riversides. 2500-3500 m.
Voucher: Killip & Smith 21879 (F!)
Depts.: AN, JU, LI

Nothoscordum striatellum (Lindley) Kunth =Nothoscordum gramineum (Sims) Beauvois
Ref. FP 13(1/3) 1936: 621.

Nothoscordum striatum Kunth =Nothoscordum bivalve (L.) Britton
Ref. FP 13(1/3) 1936: 620.

Ornithogalum biflorum Don =Fortunatia biflora (R. & P.) J. F. Macbride
Ref. FP 13(1/3) 1936: 623.

Ornithogalum bivalve L. =Nothoscordum bivalve (L.) Britton
Ref. FP 13(1/3) 1936: 620.

Ornithogalum gramineum Sims =Nothoscordum gramineum (Sims) Beauvois
Ref. FP 13(1/3) 1936: 621.

Paradisea stenantha (Ravenna) Ravenna =Diamena stenantha (Ravenna) Ravenna
Ref. Ravenna, 1987: 188.

Pasithea coerulea (R. & P.) D. Don
Syn. *Anthericum coeruleum* R. & P.
Ref. FP 13(1/3) 1936: 619.
Herb. Coastal: lomas. 0-1000 m.
Voucher: Ferreyra 6450 (MOL!)
Depts.: AR

Phalangium scilloides Poiret =Lilaea scilloides (Juncaginaceae)
Ref. Haynes & Holm-Nielsen, 1986c: 50.

Schickendantzia pygmaea (Herbert) Spegazzini =Alstroemeria pygmaea Herbert

Scilla acaulis Baker
Ref. Baker, 1874: 364.
Endemic herb. Andean I. 500-1000 m.
Note: No modern citation for this species found for Peru.
Voucher: Whiteley s.n.* (BM)
Depts.: CU

Scilla biflora R. & P. =Fortunatia biflora (R. & P.) J. F. Macbride
Ref. FP 13(1/3) 1936: 623.

Scilla geminiflora Kunth =Fortunatia biflora (R. & P.) J. F. Macbride
Ref. FP 13(1/3) 1936: 623.

Sphaerine brevis Herbert =Bomarea brevis (Herbert) Baker
Ref. FP 13(1/3) 1936: 646.

Sphaerine coccinea (R. & P.) Herbert =Bomarea coccinea (R. & P.) Baker
Ref. FP 13(1/3) 1936: 646.

Sphaerine distichophylla (R. & P.) Herbert =Bomarea distichifolia (R. & P.) Baker
Ref. FP 13(1/3) 1936: 646.

Sphaerine nervosa Herbert =Bomarea nervosa (Herbert) Baker
Ref. FP 13(1/3) 1936: 645.

Sphaerine secundifolia (R. & P.) Herbert =Bomarea secundifolia (R. & P.) Baker
Ref. FP 13(1/3) 1936: 645.

Taetsia fruticosa (L.) Merrill
Voucher: Williams 1366 (F!)
Depts.: LO

Tecophilaea violiflora Bertero ex Colla =Distrepta vaginata Miers
Ref. FP 13(1/3) 1936: 665.

Tofieldia falcata (R. & P.) Persoon =Isidrogalvia falcata R. & P.
Ref. FP 13(1/3) 1936: 630; Cruden, 1991: 280.

Tofieldia flexuosa Willdenow =Isidrogalvia falcata R. & P.
Ref. FP 13(1/3) 1936: 630; Cruden, 1991: 281.

Tofieldia frigida Kunth =Isidrogalvia falcata R. & P.
Ref. FP 13(1/3) 1936: 630; Cruden, 1991: 281.

[*Tofieldia sessiliflora* Hooker =Isidrogalvia sessiliflora (Hooker) Cruden]
Ref. FP 13(1/3) 1936: 630; Cruden, 1991: 279.
Note: Not known from Peru.

Trichlora peruviana Baker
Ref. FP 13(1/3) 1936: 621; Vargas, 1969: 35; Smith, 1988: 129.
Endemic herb. Andean II: grasslands, rocky slopes. 2500-3500 m.
Voucher: Sandeman 5470* (K), Ferreyra 6920 (MOL!)
Depts.: AN, AP, CU, LI

Trichlora sandwithii Vargas
Ref. Vargas, 1969: 35.
Endemic herb. Andean II. 2500-3500 m.
Voucher: Vargas 8748* (CUZ)
Depts.: AP

Wichuraea M. Roemer
Note: Spelled *Wichaurea* in the Flora of Peru.

Wichuraea acicularis M. Roemer =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Wichuraea andimarcana (Herbert) M. Roemer =Bomarea crocea (R. & P.) Herbert
Ref. FP 13(1/3) 1936: 644.

Wichuraea dulcis (Hooker) M. Roemer =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Wichuraea dulcis var. *cruikshanksii* M. Roemer =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Wichuraea dulcis var. *uniflora* M. Roemer =Bomarea uniflora (M. Roemer) Killip
Ref. FP 13(1/3) 1936: 643.

Wichuraea glaucescens H.B.K. =Bomarea glaucescens (H.B.K.) Baker

Wichuraea involucrosa (Herbert) M. Roemer =Bomarea involucrosa (Herbert) Baker
Ref. FP 13(1/3) 1936: 640.

Wichuraea parvifolia (Herbert) M. Roemer =Bomarea dulcis (Hooker) Beauverd
Ref. FP 13(1/3) 1936: 642.

Wichuraea puberula (Herbert) M. Roemer =Bomarea puberula (Herbert) Kraenzlin
Ref. FP 13(1/3) 1936: 641.

Limnocharitaceae

1 genus and 2 species in Peru.

Treated as Butomaceae in the Flora of Peru.

Prepared by L. Brako; reviewed by R. R. Haynes (UNA).

[Hydrocleys Richard]
Note: As "*Hydrocleis*" in the Flora of Peru.

[Hydrocleys nymphoides (Willdenow) Buchenau]
Syn. *Stratiotes nymphoides* Willdenow (Hydrocharitaceae)
Ref. FP 13(1/1) 1936: 95; Haynes & Holm-Nielsen, 1986a: 32; Haynes & Holm-Nielsen, 1992: 25.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Pavón s.n.*, is reported from Ecuador by Haynes & Holm-Nielsen (1992: 26).

Limnocharis flava (L.) Buchenau
Syn. *Alisma flava* L. (Alismataceae)
Ref. FP 13(1/1) 1936: 94; Haynes & Holm-Nielsen, 1986a: 29; Haynes & Holm-Nielsen, 1992: 8.
Aquatic herb. Amazonian: emergent. 0-500 m.
Voucher: Knapp *et al.* 7632 (MO!)
Depts.: AM, LO, MD, SM

Limnocharis haenkei C. Presl =Heliconia hirsuta L. f. (Heliconiaceae)
Ref. FP 13(1/3) 1936: 722.

Limnocharis laforestii Duchassaing ex Grisebach
Ref. Haynes & Holm-Nielsen, 1986a: 29; Haynes & Holm-Nielsen, 1992: 14.
Aquatic herb. Amazonian: emergent. 0-500 m.
Voucher: Poeppig 2080 (G)
Depts.: LO

Linaceae

3 genera and 8 species in Peru.

Endemic species: 1.

Prepared by P. E. Berry (MO).

[Cliococca selaginoides (Lamarck) Rogers & Mildner]
Syn. *Linum selaginoides* Lamarck
Note: Not known from Peru.

Hebepetalum humiriifolium (Planchon) Bentham
Syn. *Roucheria humiriifolia* Planchon
Ref. FP 13(3/2) 1949: 627.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 2339 (MO!)
Depts.: AM, LO

Hebepetalum punctatum Ducke =Roucheria punctata (Ducke) Ducke
Ref. Ducke, 1935: 21.

Hebepetalum schomburgkii (Planchon) Ducke =Roucheria schomburgkii Planchon
Ref. Ducke, 1933: 38.

Linum andicolum Krause =Linum polygaloides Planchon
Ref. FP 13(3/2) 1949: 622; Mildner & Rogers, 1978: 356.

Linum filiforme Urban
Ref. Mildner & Rogers, 1978: 354.
Herb.
Note: The type collection, *Ruiz & Pavón s.n.*, is questionably from Peru.
Voucher: Ruiz & Pavón s.n.* (B photo F!)
Depts.: Without full locality data.

[Linum macraei Bentham]
Ref. FP 13(3/2) 1949: 623; Mildner & Rogers, 1978: 359.
Note: Not known from Peru.

Linum macraei fo. *peruviana* J. F. Macbride =Linum polygaloides Planchon
Ref. FP 13(3/2) 1949: 623; Mildner & Rogers, 1978: 356.

Linum oligophyllum Willdenow ex Schultes
Syn. *Linum oligophyllum* var. *glandulosum* Schiede, *Linum weberbaueri* Krause
Ref. Mildner & Rogers, 1978: 353.
Herb. Andean II-III: grasslands, shrublands. 1500-4000 m.
Voucher: Peyton & Peyton 136 (MO!)
Depts.: AN, AP, CU, JU, LL, TA

Linum oligophyllum var. *glandulosum* Schiede =Linum oligophyllum Willdenow ex Schultes
Ref. Mildner & Rogers, 1978: 353.

Linum parvum I. M. Johnston =Linum prostratum var. parvum (I. M. Johnston) Mildner
Ref. FP 13(3/2) 1949: 624; Mildner & Rogers, 1978: 356.

Linum polygaloides Planchon
Syn. *Linum andicolum* Krause, *Linum macraei* fo. *peruviana* J. F. Macbride
Ref. FP 13(3/2) 1949: 624; Mildner & Rogers, 1978: 356.
Endemic herb. Andean II-III: rocky slopes. 1500-4000 m.
Voucher: Mathews 615* (K), Metcalf 30321 (MO!)
Depts.: AN, AY, CA, HV, JU, LI

Linum prostratum Dombey ex Lamarck var. **parvum** (I. M. Johnston) Mildner
Syn. *Linum parvum* I. M. Johnston
Ref. Mildner & Rogers, 1978: 355.
Endemic herb. Coastal. 0-500 m.
Voucher: Johnston 3549* (GH), Mildner 23 (US!)
Depts.: AR, LI

Linum prostratum var. **prostratum**
Ref. FP 13(3/2) 1949: 624; Mildner & Rogers, 1978: 355.
Herb. Coastal. 0-500 m.
Voucher: Dombey s.n.* (P)
Depts.: LI

[*Linum selaginoides* Lamarck =Cliococca selaginoides (Lamarck) Rogers & Mildner]
Ref. FP 13(3/2) 1949: 625.
Note: Not known from Peru.

Linum usitatissimum L.
Ref. FP 13(3/2) 1949: 625.

Cultivated herb. Andean III. 3500-4000 m.
Voucher: Brunel 807 (MO!)
Depts.: CU, PU

Linum weberbaueri Krause =Linum oligophyllum Willdenow ex Schultes
Ref. FP 13(3/2) 1949: 626; Mildner, 1971: 68.

[Roucheria calophylla Planchon]
Ref. FP 13(3/2) 1949: 628.
Note: Not known from Peru.

Roucheria humiriifolia Planchon =Hebepetalum humiriifolium (Planchon) Bentham
Ref. FP 13(3/2) 1949: 627.

Roucheria punctata (Ducke) Ducke
Syn. *Hebepetalum punctatum* Ducke
Ref. Ducke, 1935: 21.
Tree. Amazonian: forests. 0-500 m.
Voucher: Hartshorn 2415 (MO!)
Depts.: LO, MD, PA

Roucheria schomburgkii Planchon
Syn. *Hebepetalum schomburgkii* (Planchon) Ducke
Tree. Amazonian: forests. 0-500 m.
Voucher: Rimachi 8416 (MO!)
Depts.: LO

Loasaceae

5 genera and 78 species in Peru.

Endemic species: 44.

Prepared by G. E. Schatz (MO).

Ancyrostemma micranthum (R. & P. ex G. Don) Poeppig =Klaprothia fasciculata (C. Presl) Poston
Ref. FP 13(4/1) 1941: 146.

Blumenbachia grandiflora R. & P. ex G. Don =Caiophora contorta (Desrousseaux) C. Presl
Ref. FP 13(4/1) 1941: 290.

Blumenbachia micrantha R. & P. ex G. Don =Klaprothia fasciculata (C. Presl) Poston
Ref. FP 13(4/1) 1941: 146.

Blumenbachia pterosperma G. Don =Caiophora pterosperma (G. Don) Urban & Gilg

Blumenbachia punicea G. Don =Loasa punicea (G. Don) R. & P. ex Alvarez López

Blumenbachia sepiaria G. Don =Caiophora sepiaria (G. Don) J. F. Macbride
Ref. FP 13(4/1) 1941: 178.

Caiophora absinthiifolia C. Presl =Caiophora coronata (Gillies ex Arnott) Hooker & Arnott

Caiophora aequatoriana Urban & Gilg
Ref. FP 13(4/1) 1941: 169.
Vine. Andean III. 3500-4000 m.
Note: Spelled "*aequatoreana*" in the Flora of Peru. *Stuebel 35A* is also cited in the Flora of Peru under *C. buraeavi*.
Voucher: Raimondi s.n.* (B), Stuebel 35a (B)
Depts.: AN, HU

Caiophora andina Urban & Gilg
Ref. FP 13(4/1) 1941: 170.
Note: Not reconfirmed.

Caiophora buraeavi Urban & Gilg
Vine. Andean III. 3500-4000 m.
Voucher: Weddell 4735
Depts.: HU, JU, PU

Caiophora canarinoides (Lenné & C. Koch) Urban & Gilg
Syn. *Illairea canarinoides* Lenné & C. Koch, *Loasa canarinoides* (Lenné & C. Koch) Britton
Ref. FP 13(4/1) 1941: 171.
Vine. Andean II. 3000-3500 m.
Note: M. Poston (1990) uses the spelling "*Caiophora*" and does not include parenthetical authors.
Voucher: Weberbauer 862
Depts.: PU

Caiophora carduifolia C. Presl
Ref. FP 13(4/1) 1941: 171.
Endemic vine.
Voucher: Haenke s.n.*
Depts.: HU

Caiophora chuquitensis (Meyen) Urban & Gilg
Syn. *Loasa chuquitensis* Meyen
Ref. FP 13(4/1) 1941: 171.
Herb.
Voucher: Meyen s.n.* (B)
Depts.: AY, PU

Caiophora cinerea Urban & Gilg
Ref. FP 13(4/1) 1941: 172.
Herb.
Voucher: D'Orbigny 287* (W photo MO!)
Depts.: Without full locality data.

Caiophora cirsiifolia C. Presl
Syn. *Caiophora lechleri* Urban & Gilg, nom. illeg., *Loasa chuquitensis* Weddell
Ref. FP 13(4/1) 1941: 172.
Herb. Andean III. 3500-4500 m.
Voucher: Ferreyra 5222 (MO!)
Depts.: AN, JU, LI, PU

Caiophora contorta (Desrousseaux) C. Presl
Syn. *Blumenbachia grandiflora* R. & P. ex G. Don, *Caiophora preslii* Urban & Gilg, *Loasa contorta* Desrousseaux, *Loasa physopetala* R. & P. ex Alvarez López
Ref. FP 13(4/1) 1941: 172.
Vine. Andean II-III. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.* (P), Poston 230 (MO!)
Depts.: AR, CU, HU, LI

Caiophora coronata (Gillies ex Arnott) Hooker & Arnott
Syn. *Caiophora absinthiifolia* C. Presl, *Loasa coronata* Gillies ex Arnott, *Loasa pilosa* Meyen
Ref. FP 13(4/1) 1941: 173.
Herb. Andean III. 4000-4500 m.
Voucher: Ferreyra 2600 (MO!)
Depts.: AR, CU, MO, PU

Caiophora cymbifera Urban & Gilg
Ref. FP 13(4/1) 1941: 173.
Herb.
Note: Urban & Gilg list type as "*Lobb s.n.* Columbia (K);" the Flora of Peru states: "Peru (?)."
Note: Not reconfirmed.
Voucher: Lobb s.n.* (K)
Depts.: Without full locality data.

Caiophora heptamera (Weddell) Urban & Gilg
Syn. *Loasa heptamera* Weddell
Ref. FP 13(4/1) 1941: 174.
Note: Not reconfirmed; not *Loasa heptamera* Britton.

Caiophora horrida (Britton) Urban & Gilg
Syn. *Loasa heptamera* Britton, *Loasa horrida* Britton
Ref. FP 13(4/1) 1941: 174.
Herb. Andean III. 3500-4500 m.
Voucher: Vargas 3314 (MO!)
Depts.: AR, CU

Caiophora lechleri Urban & Gilg, nom. illeg., =Caiophora cirsiifolia C. Presl
Ref. FP 13(4/1) 1941: 172.

Caiophora macrantha Killip
Ref. FP 13(4/1) 1941: 175.
Endemic vine. Andean III. 3500-4000 m.
Voucher: Macbride 4468* (F)
Depts.: JU

Caiophora madrequisa Killip
Ref. FP 13(4/1) 1941: 175.
Endemic vine. Andean II-III. 2500-4000 m.
Voucher: Cook & Gilbert 294* (US), Vargas 2252 (MO!)
Depts.: CU

Caiophora mandoniana Urban & Gilg
Ref. FP 13(4/1) 1941: 176.
Note: Not reconfirmed.

Caiophora pachylepis Urban & Gilg
Ref. FP 13(4/1) 1941: 176.
Vine.
Note: Not reconfirmed.
Voucher: Castlenau s.n.* (K)
Depts.: Without full locality data.

Caiophora pauciseta Killip
Ref. FP 13(4/1) 1941: 176.
Endemic herb. Andean II: rocky slopes. 3000-3500 m.
Voucher: Kalenborn 48* (MO!)
Depts.: JU

Caiophora pavonii Urban & Gilg, nom. nud. =Caiophora pterosperma (G. Don) Urban & Gilg

Caiophora pentlandii (Paxton) G. Don ex Loudon
Syn. *Loasa pentlandii* Paxton
Ref. FP 13(4/1) 1941: 177.
Endemic vine. Andean II. 2500-3000 m.
Voucher: Solomon 3059 (MO!)
Depts.: CU, PU

Caiophora preslii Urban & Gilg =Cajophora contorta C. Presl
Ref. FP 13(4/1) 1941: 172.

Caiophora pterosperma (G. Don) Urban & Gilg
Syn. *Blumenbachia pterosperma* G. Don, *Caiophora pavonii* Urban & Gilg, nom. nud., *Loasa pterosperma* R. & P. ex Alvarez López
Ref. FP 13(4/1) 1941: 177.
Vine. Andean II. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Woytkowski 6676 (MO!)
Depts.: JU

Caiophora rosulata (Weddell) Urban & Gilg
Syn. *Loasa rosulata* Weddell
Ref. FP 13(4/1) 1941: 178.
Herb. Andean III. 3500-4000 m.
Voucher: Weddell s.n.*, Pennell 13320
Depts.: AR, MO, TA

Caiophora scarlatina Urban & Gilg
Ref. FP 13(4/1) 1941: 178.
Endemic vine. Andean II: rocky slopes. 3000-3500 m.
Voucher: Weberbauer 392* (B photo MO!), Pennell 13262
Depts.: PU

Caiophora sepiaria (G. Don) J. F. Macbride
Syn. *Blumenbachia sepiaria* G. Don, *Loasa sepiaria* R. & P., *Loasa sepiaria* R. & P. ex Alvarez López
Ref. FP 13(4/1) 1941: 178.
Endemic vine. Andean II-III. 2500-4000 m.
Voucher: Ruiz & Pavón s.n.*, Smith & Vásquez 3446 (MO!)
Depts.: AN, AR, CA, HV, JU, LL, TA

Caiophora serropetala J. F. Macbride
Ref. FP 13(4/1) 1941: 179.
Endemic vine.
Voucher: Woytkowski 39*
Depts.: JU

Caiophora smithii Killip
Ref. FP 13(4/1) 1941: 180.
Endemic vine. Andean II. 2500-3000 m.
Voucher: Killip & Smith 24419*
Depts.: JU

Caiophora sphaerocarpa Urban & Gilg
Ref. FP 13(4/1) 1941: 180.
Note: Not reconfirmed.

Caiophora stenocarpa Urban & Gilg
Ref. FP 13(4/1) 1941: 180.
Endemic vine. Andean III. 3500-4000 m.
Voucher: Maclean s.n.*, Vargas 9275 (MO!)
Depts.: TA

Caiophora superba Philippi
Syn. *Loasa heptamera* var. *chelidonifolia* Weddell
Ref. FP 13(4/1) 1941: 181.
Herb. Andean II. 3000-3500 m.
Voucher: Weberbauer 7468 (B)
Depts.: MO

Caiophora tenuis Killip
Ref. FP 13(4/1) 1941: 181.
Endemic vine. Andean II. 2000-2500 m.
Voucher: Macbride 3560* (F)
Depts.: HU

Caiophora vargasii Standley & F. Barkley
Ref. Standley & Barkley, 1947: 81.
Endemic. Andean II. 2500-3000 m.
Voucher: Vargas 2392* (F!), Vargas 2657 (MO!)
Depts.: CU

Gronovia scandens L.
Ref. FP 13(4/1) 1941: 144.
Vine. Coastal. 0-1000 m.
Voucher: Gentry *et al.* 22560 (MO!)
Depts.: LA, PI, TU

Illairea canarinoides Lenné & C. Koch =Caiophora canarinoides (Lenné & C. Koch) Urban & Gilg

Klaprothia fasciculata (C. Presl) Poston
Syn. *Ancyrostemma micranthum* (R. & P. ex G. Don) Poeppig, *Blumenbachia micrantha* R. & P. ex G. Don, *Loasa micrantha* (Don) R. & P. ex Alvarez López, *Loasa micrantha* R. & P., *Sclerothrix fasciculata* C. Presl
Ref. Poston & Nowicke, 1990: 671.
Herb. Amazonian, Andean I-II. 0-2000 m.
Voucher: Schunke 10974 (MO!)
Depts.: AM, CU, HU, JU, LA, SM, TU

Klaprothia mentzelioides H.B.K.
Ref. FP 13(4/1) 1941: 147; Poston & Nowicke, 1990: 671.
Herb or vine. Andean II. 1500-2500 m.
Voucher: Gentry *et al.* 19286 (MO!)
Depts.: AM, HU, JU, PU

Loasa ambrosiifolia A. Jussieu =Loasa urens Jacquin
Ref. FP 13(4/1) 1941: 165.
Note: In Flora of Peru as "*ambrosiaefolia*".

Loasa aspera R. & P. ex Alvarez López
Endemic herb.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: LI

Loasa aspiazui J. F. Macbride
Ref. FP 13(4/1) 1941: 150.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Weberbauer 6669* (B photo F)
Depts.: JU

Loasa atriplicifolia C. Presl =Loasa incana Graham
Ref. FP 13(4/1) 1941: 155.

Loasa bipinnatifida R. & P. ex Alvarez López =Loasa urens Jacquin

Loasa canarinoides (Lenné & C. Koch) Britton =Caiophora canarinoides (Lenné & C. Koch) Urban & Gilg

Loasa carnea Urban & Gilg
Ref. FP 13(4/1) 1941: 151.
Endemic herb. Andean II. 2500-3000 m.
Voucher: Weberbauer 4082* (B photo F)
Depts.: CA

Loasa carunculata Urban & Gilg
Syn. *Loasa vestita* Killip
Ref. FP 13(4/1) 1941: 151.
Herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Lobb 358* (K), Sagástegui 10393 (MO!)
Depts.: AY, CA

Loasa chenopodifolia Desrousseaux
Syn. *Loasa xanthiifolia* A. Jussieu
Ref. FP 13(4/1) 1941: 152.
Endemic herb. Andean I-II. 1000-3500 m.
Voucher: Ruiz & Pavón s.n.* (P), Ferreyra 7298 (MO!)
Depts.: AM, AN, LI

Loasa chuquitensis Weddell =Caiophora cirsiifolia C. Presl

Loasa contorta Desrousseaux =Caiophora contorta (Desrousseaux) C. Presl

Loasa coronata Gillies ex Arnott =Caiophora coronata (Gillies ex Arnott) Hooker & Arnott

Loasa cuzcoensis Killip
Ref. FP 13(4/1) 1941: 152.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Herrera 1465* (US), Solomon 3033 (MO!)
Depts.: CU

Loasa cymbopetala Urban & Gilg =Loasa grandiflora Desrousseaux
Ref. FP 13(4/1) 1941: 153.

Loasa ferruginea Urban & Gilg
Ref. FP 13(4/1) 1941: 153.
Herb. Andean II-III. 3000-4000 m.
Voucher: Lechler 1897*, Herrera 522
Depts.: CU, PU

Loasa fulva Urban & Gilg
Ref. FP 13(4/1) 1941: 153.
Endemic herb.
Note: The type is from cultivated material of Peruvian origin.
Voucher: Weberbauer 1672* (B)
Depts.: LI

Loasa grandiflora Desrousseaux
Syn. *Loasa cymbopetala* Urban & Gilg
Ref. FP 13(4/1) 1941: 153.
Endemic herb. Andean III. 3500-4500 m.
Voucher: Pavón s.n.* (MA), Smith & Vásquez 3458 (MO!)
Depts.: AN, CA, JU, LI, LL

Loasa hastata Killip
Ref. FP 13(4/1) 1941: 154.
Endemic herb. Andean II. 2000-2500 m.

Voucher: Macbride 416* (F)
Depts.: LI

Loasa heptamera Britton =Caiophora horrida (Britton) Urban & Gilg

Loasa heptamera var. *chelidonifolia* Weddell =Caiophora superba Philippi
Ref. FP 13(4/1) 1941: 181.

Loasa heptamera Weddell =Caiophora heptamera (Weddell) Urban & Gilg
Ref. FP 13(4/1) 1941: 174

Loasa heucherifolia Killip
Ref. FP 13(4/1) 1941: 155.
Endemic herb. Andean I. 500-1000 m.
Voucher: Macbride 2543* (F), Ferreyra 3510 (MO!)
Depts.: AN, LI

Loasa hispida L. =Loasa urens Jacquin
Ref. FP 13(4/1) 1941: 165.

Loasa horrida Britton =Caiophora horrida (Britton) Urban & Gilg
Ref. FP 13(4/1) 1941: 174.

Loasa ignea Philippi =Mentzelia ignea (Philippi) Urban & Gilg
Ref. FP 13(4/1) 1941: 146.

Loasa incana Graham
Syn. *Loasa atriplicifolia* C. Presl, *Loasa incana* R. & P. ex Alvarez López, nom. illeg.
Ref. FP 13(4/1) 1941: 155.
Endemic herb. Andean I, Coastal. 0-1500 m.
Voucher: Sagástegui & Mostacero 11333 (MO!)
Depts.: AR, CA, LI, PI

Loasa incana R. & P. ex Alvarez López, nom. illeg. =Loasa incana Graham
Ref. FP 13(4/1) 1941: 155.

Loasa inconspicua Urban & Gilg
Ref. FP 13(4/1) 1941: 155.
Endemic herb.
Note: Protologue reads "Peruvia septentrionali."
Voucher: Cuming 1051* (K)
Depts.: Without full locality data.

Loasa laxa J. F. Macbride
Ref. FP 13(4/1) 1941: 156.
Endemic herb.
Voucher: Weberbauer 6993* (F)
Depts.: Without full locality data.

Loasa leiolepis Urban & Gilg
Ref. FP 13(4/1) 1941: 156.
Endemic herb.
Note: Not reconfirmed. The type is from cultivated material of Peruvian origin.
Voucher: Weberbauer 562* (B)
Depts.: AM, PU

Loasa lenta J. F. Macbride
Ref. FP 13(4/1) 1941: 157.
Endemic herb.
Voucher: Weberbauer 6722* (F)
Depts.: HU

Loasa limata J. F. Macbride
Ref. FP 13(4/1) 1941: 157.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Stork 10624*, Vargas 8986 (MO!)
Depts.: AP

Loasa loxensis H.B.K.
Ref. FP 13(4/1) 1941: 158.
Herb.
Voucher: Mathews s.n. (F)
Depts.: AM

Loasa macrantha Urban & Gilg
Ref. FP 13(4/1) 1941: 158.
Endemic herb. Andean II. 3000-3500 m.
Voucher: Weberbauer 2494* (B)
Depts.: JU

Loasa macrophylla Urban & Gilg
Ref. FP 13(4/1) 1941: 159.
Endemic herb. Andean II. 2500-3000 m.
Voucher: Weberbauer 2718* (B)
Depts.: AN

Loasa macrorrhiza Urban & Gilg
Ref. FP 13(4/1) 1941: 159.
Endemic herb. Andean III. 4000-4500 m.
Note: Not reconfirmed.
Voucher: Weberbauer 3080* (B)
Depts.: AN

Loasa macrothyrsa Urban & Gilg
Ref. FP 13(4/1) 1941: 159.
Endemic herb. Andean II. 2000-2500 m.
Note: Not reconfirmed.
Voucher: Weberbauer 3907 (B)
Depts.: CA

Loasa magnifica Urban & Gilg
Ref. FP 13(4/1) 1941: 160.
Endemic herb. Andean II-III. 2500-4000 m.
Voucher: MacLean s.n.* (B), Sagástegui & Cabanillas 8605 (MO!)
Depts.: AM, AN, JU, LI, PI

Loasa micrantha (G. Don) R. & P. ex Alvarez López =Klaprothia fasciculata (C. Presl) Poston

Loasa micrantha R. & P. =Klaprothia fasciculata (C. Presl) Poston

Loasa nitida Desrousseaux
Ref. FP 13(4/1) 1941: 160.
Endemic herb.
Voucher: Pavón s.n.* (MA), Hutchison 6297 (MO!)
Depts.: AR, LI

Loasa olmosiana Gilg ex J. F. Macbride
Ref. FP 13(4/1) 1941: 161.
Endemic herb.
Voucher: Weberbauer 7097* (B)
Depts.: LA

Loasa peltata Spruce ex Urban & Gilg
Ref. FP 13(4/1) 1941: 161.
Endemic herb.
Note: Type possibly from Peru. "Protologue reads Peru (?) in Mount Mulmul."
Voucher: Spruce s.n.* (K)

Loasa pentlandii Paxton =Caiophora pentlandii (Paxton) G. Don ex Loudon
Ref. FP 13(4/1) 1941: 177.

Loasa physopetala R. & P. ex Alvarez López =Caiophora contorta (Desrousseaux) C. Presl

Loasa picta Hooker f.
Ref. FP 13(4/1) 1941: 161.
Endemic herb. Andean II-III. 2000-4000 m.
Note: Type is from cultivated material of Peruvian origin.
Voucher: Vargas 9709* (MO!)
Depts.: AM, AN, CA, CU

Loasa pilosa Meyen =Caiophora coronata (Gillies ex Arnott) Hooker & Arnott

Loasa poissoniana Urban & Gilg
Ref. FP 13(4/1) 1941: 162.
Endemic herb. Amazonian, Andean I-II, Coastal. 0-2500 m.
Voucher: Gay 1975* (P), Ferreyra 8650 (MO!)
Depts.: AN, LI

Loasa pterosperma R. & P. ex Alvarez López =Caiophora pterosperma (G. Don) Urban & Gilg

Loasa punicea (G. Don) R. & P. ex Alvarez López
Syn. *Blumenbachia punicea* G. Don
Note: Urban & Gilg (1904) state that this is a *Caiophora*.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: LI

Loasa raimondii Standley & F. Barkley
Ref. Standley & Barkley, 1947: 82.
Herb. Andean II. 2000-2500 m.
Voucher: Vargas 2672* (F)
Depts.: CU

Loasa ranunculifolia H.B.K.
Ref. FP 13(4/1) 1941: 162.
Herb. Andean II. 2500-3000 m.
Voucher: Bonpland s.n.* (P)
Depts.: CA

Loasa rosulata (Weddell) Urban & Gilg =Caiophora rosulata Weddell
Ref. FP 13(4/1) 1941: 178.

Loasa rugosa Killip
Ref. FP 13(4/1) 1941: 163.
Endemic herb. Andean III. 3500-4000 m.
Voucher: Macbride 4350* (F)
Depts.: JU

Loasa sepiaria R. & P. =Caiophora sepiaria (G. Don) J. F. Macbride
Ref. FP 13(4/1) 1941: 178.

Loasa sepiaria R. & P. ex Alvarez López =Caiophora sepiaria (G. Don) J. F. Macbride

Loasa solaria J. F. Macbride
Ref. FP 13(4/1) 1941: 163.
Endemic herb. Andean II. 2500-3000 m.

Voucher: Macbride 577* (F)
Depts.: LI

Loasa solata J. F. Macbride
Ref. FP 13(4/1) 1941: 164.
Endemic herb.
Voucher: Weberbauer 6408* (F)

Loasa stuebeliana Urban & Gilg
Ref. FP 13(4/1) 1941: 164.
Endemic herb. Andean II. 1500-2000 m.
Voucher: Stuebel 52D* (B), Mathews s.n. (K)
Depts.: AM

Loasa tingomariensis J. F. Macbride
Ref. FP 13(4/1) 1941: 164.
Endemic herb. Andean I. 500-1000 m.
Voucher: Stork & Horton 9512* (F), Killip & Smith 25469 (US)
Depts.: HU, JU

Loasa triloba Dombey ex A. Jussieu
Ref. Urban & Gilg, 1900: 133
Herb.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: Without full locality data.

Loasa triphylla A. Jussieu
Syn. *Loasa triphylla* R. & P. ex Alvarez López, nom. illeg.
Ref. FP 13(4/1) 1941: 165.
Herb. Amazonian, Andean I-II. 0-3000 m.
Voucher: Bonpland s.n.* (P), Ferreyra 10771 (MO!)
Depts.: AM, CA, LA, LI, PI

Loasa triphylla R. & P. ex Alvarez López, nom. illeg. =Loasa triphylla A. Jussieu
Ref. FP 13(4/1) 1941: 165.

Loasa urens Jacquin
Syn. *Loasa ambrosiifolia* A. Jussieu, *Loasa bipinnatifida* R. & P. ex Alvarez López, *Loasa hispida* L.
Ref. FP 13(4/1) 1941: 165.
Herb. Amazonian, Coastal. 0-500 m.
Voucher: Ferreyra 3851 (MO!)
Depts.: AN, AR, LI

Loasa vargasii J. F. Macbride
Ref. FP 13(4/1) 1941: 166.
Endemic. Andean II. 1500-2000 m.
Voucher: Stork *et al.* 10531* (UC, fragm. & photo F)
Depts.: AP

Loasa vestita Killip =Loasa carunculata Urban & Gilg
Ref. FP 13(4/1) 1941: 151.

Loasa weberbaueri Urban & Gilg
Ref. FP 13(4/1) 1941: 166.
Endemic herb.
Voucher: Weberbauer 4183* (B photo F!)
Depts.: CA

Loasa xanthiifolia A. Jussieu =Loasa chenopodifolia Desrousseaux
Ref. FP 13(4/1) 1941: 152.

Mentzelia aspera L.
Syn. *Mentzelia triloba* R. & P. ex Alvarez López
Herb. Amazonian, Andean I-II, Coastal: disturbed areas. 0-3000 m.
Voucher: Ferreyra 5987 (MO!)
Depts.: CA, CU, LL, SM, TU

Mentzelia cordifolia Dombey ex Urban & Gilg
Ref. FP 13(4/1) 1941: 145.
Herb, shrub or subshrub. Amazonian, Andean I-II, Coastal: rocky slopes. 0-3000 m.
Voucher: Pavón s.n.* (B), Ferreyra 9585 (MO!)
Depts.: AN, AR, CA, CU, HU, LA, LI, LL

Mentzelia fendleriana Urban & Gilg
Ref. FP 13(4/1) 1941: 145.
Herb or subshrub. Andean I-II: rocky slopes. 1000-3500 m.
Voucher: Tupayachi 927 (MO!)
Depts.: AM, CU, JU, LI, PI

Mentzelia fulva R. & P. ex Alvarez López =Mentzelia ignea (Philippi) Urban & Gilg

Mentzelia ignea (Philippi) Urban & Gilg
Syn. *Loasa ignea* Philippi, *Mentzelia fulva* R. & P. ex Alvarez López
Ref. FP 13(4/1) 1941: 146.
Herb. Amazonian, Andean I-II, Coastal: rocky slopes. 0-3000 m.
Voucher: Gentry *et al.* 22590 (MO!)
Depts.: AM, AR, IC, LA, LI

Mentzelia triloba R. & P. ex Alvarez López =Mentzelia aspera L.

Sclerothrix fasciculata C. Presl =Klaprothia fasciculata (C. Presl) Poston
Ref. FP 13(4/1) 1941: 146.

Loganiaceae

8 genera and 49 species in Peru.

Endemic species: 1.

Prepared by J. L. Zarucchi; reviewed by A. J. M. Leeuwenberg (WAG), E. L. Norman (DLF), S. F. Smith (US) and A. Brant (MO--*Strychnos*).

Buddleja americana L.
Syn. *Buddleja occidentalis* L., *Buddleja spicata* R. & P.
Ref. FP 13(5/1) 1959: 241; Norman, 1982: 13.
Shrub or tree. Amazonian, Andean I: disturbed areas, rocky slopes, shrublands, terra firme forests. 0-2500 m.
Voucher: Solomon 3101 (MO!)
Depts.: AM, AP, AY, CA, CU, HU, HV, JU, LA, LI, LL, LO, PA, PI, SM, TU, UC

Buddleja betonicaefolia Lamarck =Lepechinia betonicaefolia (Lamark) Epling (Lamiaceae)
Ref. FP 13(5/1) 1959: 242; Norman, 1982: 20.

Buddleja blattaria J. F. Macbride
Ref. FP 13(5/1) 1959: 242; Norman, 1982: 7.
Endemic shrub. Andean II: forests, rocky slopes, shrublands. 2500-3500 m.
Voucher: Weberbauer 6046* (F!), Sagástegui *et al.* 8246 (MO!)
Depts.: PI

Buddleja bullata H.B.K.
Syn. *Buddleja vernixia* Kraenzlin
Ref. FP 13(5/1) 1959: 245; Norman, 1982: 12.
Shrub. Andean II: forests, rocky slopes. 2000-3500 m.
Note: Treated as a synonym of *B. incana* in the Flora of Peru.
Voucher: Ferreyra & Acleto 15398 (MO!)
Depts.: AM, AN, CA, LI, LL

Buddleja buxifolia Kraenzlin =Buddleja coriacea Remy
Ref. FP 13(5/1) 1959: 242; Norman, pers. comm.

Buddleja chenopodiifolia Kraenzlin
Ref. FP 13(5/1) 1959: 243.
Shrub or tree. Andean II: rocky slopes, shrublands. 2500-3000 m.
Voucher: Weberbauer 5519* (F!), Stork & Horton 10785 (F!)
Depts.: AP, AY, HV

[*Buddleja connata* R. & P. =Buddleja globosa Hope]
Ref. FP 13(5/1) 1959: 245.
Note: Not known from Peru.

Buddleja coriacea Remy
Syn. *Buddleja buxifolia* Kraenzlin, *Buddleja rhododendroides* Kraenzlin, *Buddleja usuch* Kraenzlin, *Buddleja utilis* Kraenzlin
Ref. FP 13(5/1) 1959: 243.
Shrub. Andean II-III: disturbed areas, shrublands. 3000-4500 m.
Voucher: Smith 2975 (MO!)
Depts.: AN, AY, CU, HV, JU, PU

Buddleja davidii Franchet
Ref. Norman, 1982: 20.
Cultivated shrub.
Voucher: Soukup 2952 (F!)
Depts.: HU

Buddleja diffusa R. & P.
Ref. FP 13(5/1) 1959: 244.
Shrub. Andean I-II: disturbed areas, rocky slopes, shrublands. 1000-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Dillon *et al.* 1122 (MO!)
Depts.: CU, HU, JU, PU

[Buddleja globosa Hope]
Syn. *Buddleja connata* R. & P., *Buddleja globosa* Lamarck
Ref. FP 13(5/1) 1959: 245.
Note: Not known from Peru.

[*Buddleja globosa* Lamarck =Buddleja globosa Hope]

Ref. FP 13(5/1) 1959: 245.
Note: Not known from Peru.

Buddleja incana R. & P.
Syn. *Buddleja rugosa* H.B.K.
Ref. FP 13(5/1) 1959: 245; Norman, 1982: 11.
Shrub or tree. Andean II-III: disturbed areas, grasslands, riversides, shrublands. 3000-4500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Ferreyra 15130 (MO!)
Depts.: AM, AN, CA, CU, HU, JU, LI, LL, PA

Buddleja interrupta H.B.K.
Syn. *Buddleja pilulifera* Kraenzlin, *Buddleja szyszylowiczii* Zahlbruckner
Ref. FP 13(5/1) 1959: 244; Norman, 1982: 20.
Shrub. Andean I-II: disturbed areas, dry valleys. 1000-3000 m.
Voucher: Humboldt & Bonpland s.n.* (P!), Smith & Vásquez 3394 (MO!)
Depts.: AM, CA, LA

Buddleja lanata var. *peruviana* J. F. Macbride =Buddleja polycephala var. peruviana (J. F. Macbride) E. M. Norman
Ref. FP 13(5/1) 1959: 247; Norman, 1982: 6.

[*Buddleja ledifolia* Kraenzlin =Buddleja pichinchensis H.B.K.]
Ref. FP 13(5/1) 1959: 246; Norman, 1982: 10.
Note: The collection cited in the Flora of Peru, *Herzog 2511*, was redetermined by Norman (1982: 10) as *B. montana*.

Buddleja longifolia H.B.K.
Ref. FP 13(5/1) 1959: 245; Norman, 1982: 19.
Shrub or tree. Andean II: disturbed areas, forests. 2000-3000 m.
Note: Treated as a synonym of *B. incana* in the Flora of Peru.
Voucher: Humboldt & Bonpland 3675* (P!), Raimondi 576 (F!)
Depts.: AM, CA

Buddleja montana Britton
Ref. FP 13(5/1) 1959: 246; Norman, 1982: 10.
Shrub or tree. Andean II-III: disturbed areas, rocky slopes. 2500-4000 m.
Voucher: Metcalf 30711 (MO!)
Depts.: AY, CU, PU

Buddleja multiceps Kraenzlin
Ref. Norman, 1982: 10.
Shrub. Andean II: forests. 2000-3000 m.
Voucher: López & Sagástegui 5435 (MO!)
Depts.: CA, HV

Buddleja occidentalis L. =Buddleja americana L.
Ref. FP 13(5/1) 1959: 241; Norman, 1982: 13.

[Buddleja pichinchensis H.B.K.]
Syn. *Buddleja ledifolia* Kraenzlin
Ref. FP 13(5/1) 1959: 246; Norman, 1982: 8.
Note: Not known from Peru.

Buddleja pilulifera Kraenzlin =Buddleja interrupta H.B.K.
Ref. FP 13(5/1) 1959: 244.

Buddleja polycephala H.B.K. var. **peruviana** (J. F. Macbride) E. M. Norman
Syn. *Buddleja lanata* var. *peruviana* J. F. Macbride
Ref. Norman, 1982: 6.
Shrub. Andean II: shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6360* (F!)
Depts.: PI

Buddleja polycephala var. **polycephala**
Ref. FP 13(5/1) 1959: 247; Norman, 1982: 6.
Shrub. Andean II: shrublands. 2000-2500 m.
Voucher: Humboldt & Bonpland 3469* (B!)
Depts.: CA, PI

Buddleja rhododendroides Kraenzlin =Buddleja coriacea Remy
Ref. FP 13(5/1) 1959: 247, Norman, pers. comm.

Buddleja rufescens Willdenow ex Roemer & Schultes
Ref. Norman, 1982: 13; Norman, pers. comm.
Shrub or tree. Andean I-II, Coastal: disturbed areas, dry valleys, riversides. 0-2000 m.
Voucher: Humboldt & Bonpland 3528* (B), Ferreyra 10386 (MO!, USM!)
Depts.: CA, HU, IC, JU, LA, LI, LL, PI

Buddleja rugosa H.B.K. =Buddleja incana R. & P.
Ref. FP 13(5/1) 1959: 245; Norman, 1982: 11.

Buddleja soratae Kraenzlin
Ref. Foster, 1958: 156; Norman, pers. comm.
Tree or shrub. Andean II: forests. 2500-3000 m.
Voucher: Killip & Smith 24382 (F!)
Depts.: JU

Buddleja spicata R. & P. =Buddleja americana L.
Ref. FP 13(5/1) 1959: 248; Norman, 1982: 13.

Buddleja szyszylowiczii Zahlbruckner =Buddleja interrupta H.B.K.
Ref. FP 13(5/1) 1959: 244.

Buddleja ususch Kraenzlin =Buddleja coriacea Remy
Ref. FP 13(5/1) 1959: 248, Norman, pers. comm.

Buddleja utilis Kraenzlin =Buddleja coriacea Remy
Ref. FP 13(5/1) 1959: 248; Norman, pers. comm.

Buddleja vernixia Kraenzlin =Buddleja bullata H.B.K.
Ref. FP 13(5/1) 1959: 248; Norman, 1982: 12.

Cynoctonum mitreola (L.) Britton =Mitreola petiolata (J. F. Gmelin) Torrey & A. Gray
Ref. FP 13(5/1) 1959: 253.

Cynoctonum petiolatum J. F. Gmelin =Mitreola petiolata (J. F. Gmelin) Torrey & A. Gray

Desfontainia obovata Kraenzlin =Desfontainia spinosa R. & P.
Ref. FP 13(5/1) 1959: 250; Leeuwenberg, 1969: 672.

Desfontainia parvifolia D. Don =Desfontainia spinosa R. & P.
Ref. Leeuwenberg, 1969: 672.

Desfontainia spinosa R. & P.
Syn. *Desfontainia obovata* Kraenzlin, *Desfontainia parvifolia* D. Don, *Desfontainia spinosa* var. *parvifolia* (D. Don) Hooker
Ref. FP 13(5/1) 1959: 250; Leeuwenberg, 1969: 670.
Shrub or treelet. Andean II-III: cloud forests, grasslands, riversides, shrublands. 2500-4500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Smith & Pretel 1531 (MO!)
Depts.: AM, CA, CU, JU, PA

Desfontainia spinosa var. *parvifolia* (D. Don) Hooker =Desfontainia spinosa R. & P.
Ref. FP 13(5/1) 1959: 250; Leeuwenberg, 1969: 672.

Gomara racemosa R. & P. =Sanango racemosum (R. & P.) Barringer
Ref. Barringer, 1986b: 363.

Gomaranthus racemosus (R. & P.) Rauschert =Sanango racemosum (R. & P.) Barringer
Ref. Barringer, 1986b: 363.

Mitreola petiolata (J. F. Gmelin) Torrey & A. Gray
Syn. *Cynoctonum mitreola* (L.) Britton, *Cynoctonum petiolatum* J. F. Gmelin, *Ophiorrhiza mitreola* L. (Rubiaceae)
Ref. Heine, 1969: 251.
Herb. Amazonian: disturbed areas. 0-500 m.
Note: Probably an introduced weed.
Voucher: Ancuash 710 (MO!)
Depts.: AM, JU, LO

Peltanthera floribunda Bentham
Ref. FP 13(5/1) 1959: 249; Leeuwenberg, 1967: 144; Norman, 1982: 21.

Tree. Andean I: forests, riversides. 500-1000 m.
Voucher: Spruce 4940* (B photo F!), Schunke 7999 (MO!)
Depts.: AY, HU, SM

Potalia amara Aublet
Ref. FP 13(5/1) 1959: 269; Leeuwenberg, 1971: 542.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Schunke 6154 (MO!)
Depts.: AM, HU, LO, MD, PA, PU, SM, UC

Rouhamon guianensis Aublet =Strychnos guianensis (Aublet) C. Martius
Ref. FP 13(5/1) 1959: 261; Krukoff, 1972a: 235.

Sanango durum Bunting & Duke =Sanango racemosum (R. & P.) Barringer
Ref. Barringer, 1986: 363.

Sanango racemosum (R. & P.) Barringer
Syn. *Gomara racemosa* R. & P., *Gomaranthus racemosus* (R. & P.) Rauschert, *Sanango durum* Bunting & Duke
Ref. Barringer, 1986: 363.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Knapp 8039 (MO!)
Depts.: AM, HU, JU, SM

Spigelia anthelmia L.
Syn. *Spigelia anthelmia* var. *peruviana* A. DC., *Spigelia nervosa* Steudel
Ref. FP 13(5/1) 1959: 251; Smith, 1960b: 98.
Herb or subshrub. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1500 m.
Voucher: Williams 7936 (F)
Depts.: AM, HU, LO, PA, SM

Spigelia anthelmia var. *peruviana* A. DC. =Spigelia anthelmia L.
Ref. FP 13(5/1) 1959: 251.

Spigelia gilgii J. F. Macbride =Spigelia multispica Steudel
Ref. FP 13(5/1) 1959: 252; Hurley, pers. comm.

Spigelia humboldtiana Chamisso & Schlechtendal =Spigelia scabra Chamisso & Schlechtendal
Ref. Bravo, 1971: 569; Leeuwenberg, pers. comm.

Spigelia multispica Steudel
Syn. *Spigelia gilgii* J. F. Macbride, *Spigelia nervosa* Gilg, nom. illeg.
Ref. Smith, 1960b: 98; Hurley, pers. comm.
Herb or subshrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Killip & Smith 29600 (US)

Spigelia nervosa Gilg hom. illeg. =Spigelia multispica Steudel
Ref. FP 13(5/1) 1959: 252; Hurley, pers. comm.

Spigelia nervosa Steudel =Spigelia anthelmia L.
Ref. FP 13(5/1) 1959: 251.

[Spigelia pedunculata H.B.K.]
Ref. FP 13(5/1) 1959: 253.
Note: Not known from Peru.

Spigelia scabra Chamisso & Schlechtendal
Syn. *Spigelia humboldtiana* Chamisso & Schlechtendal
Ref. Hurley, pers. comm.
Herb. Amazonian, Andean I-II: riversides, terra firme forests. 0-2000 m.
Voucher: Woytkowski 5696 (MO!)
Depts.: CA, JU, SM, UC

Strychnos amazonica Krukoff
Ref. FP 13(5/1) 1959: 256; Krukoff, 1972a: 227; Krukoff, 1979a: 216.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Schunke 131* (US), Smith 1303 (MO!)
Depts.: HU, LO

Strychnos asperula Sprague & Sandwith
Ref. Krukoff, 1972a: 214; Krukoff, 1979a: 211.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 6963 (MO!)
Depts.: LO, MD

[Strychnos barnhartiana Krukoff]
Ref. FP 13(5/1) 1959: 257; Krukoff, 1972a: 216.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

Strychnos brachiata R. & P.
Syn. *Strychnos ruizii* Sprague & Sandwith
Ref. FP 13(5/1) 1959: 257; Krukoff, 1972a: 217; Krukoff, 1972b: 50.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (F photo Krukoff!), Schunke 5021 (MO!)
Depts.: PA, SM

Strychnos castelnaeana Weddell
Syn. *Strychnos castelnaei* Weddell
Ref. FP 13(5/1) 1959: 258; Krukoff, 1972a: 244.
Liana. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality
Voucher: Castelnau s.n.* (P)
Depts.: LO

Strychnos castelnaei Weddell =Strychnos castelnaeana Weddell
Ref. FP 13(5/1) 1959: 258; Krukoff, 1972a: 244.

Strychnos cogens Bentham
Ref. FP 13(5/1) 1959: 259; Krukoff, 1972a: 240.
Liana. Amazonian: terra firme forests. 0-500 m.
Note: The voucher was questionably determined by Leeuwenberg in 1985.
Voucher: Gentry *et al.* 42570 (MO!)
Depts.: LO

Strychnos colombiensis Krukoff & Barneby
Ref. Krukoff, 1972a: 214; Krukoff, 1972b: 49.
Liana. Amazonian, Andean I: riversides, terra firme forests. 0-1000 m.
Voucher: Schunke 5135 (MO!)
Depts.: AM, CU, HU, LO

Strychnos darienensis Seemann
Syn. *Strychnos ulei* Gilg, nom. nud.
Ref. FP 13(5/1) 1959: 259; Krukoff, 1972a: 234; Krukoff, 1976: 315.
Liana. Amazonian, Andean I: riversides, seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Ayala 704 (MO!)
Depts.: LO, PA, SM, UC

[Strychnos diaboli Sandwith]
Ref. FP 1431: 260; Krukoff, 1972a: 224.
Note: Not known from Peru.

[Strychnos duckei Krukoff & Monachino]
Ref. Krukoff, 1972a: 239.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

Strychnos erichsonii Schomburgk ex Progel
Ref. FP 13(5/1) 1959: 260; Krukoff, 1972a: 230; Krukoff, 1977: 20.
Liana. Amazonian: seasonally inundated areas, riversides, terra firme forests. 0-1000 m.
Voucher: Revilla 1158 (MO!)
Depts.: AM, LO, MD, PA, SM, UC

Strychnos gigantea Barbosa Rodrigues =Strychnos peckii Robinson
Ref. FP 13(5/1) 1959: 265; Krukoff, 1972a: 229.

Strychnos glabra Sagot
Ref. Krukoff, 1972a: 237; Krukoff & Barneby, 1973: 101.
Liana. Andean I: terra firme forests. 500-1000 m.
Voucher: Schunke 5633 (MO!)
Depts.: SM

Strychnos guianensis (Aublet) C. Martius
Syn. *Rouhamon guianensis* Aublet, *Strychnos guianensis* var. *trichina* J. F. Macbride
Ref. FP 13(5/1) 1959: 261; Krukoff, 1972a: 235; Krukoff, 1972b: 52.
Liana. Amazonian, Andean I: seasonally inundated areas, riversides, terra firme forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 7639 (MO!)
Depts.: HU, LO

Strychnos guianensis var. *trichina* J. F. Macbride =Strychnos guianensis (Aublet) C. Martius
Ref. FP 13(5/1) 1959: 261; Krukoff, 1972a: 235.

[Strychnos javariensis Krukoff]
Ref. FP 13(5/1) 1959: 262; Krukoff, 1972a: 224.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

Strychnos jobertiana Baillon
Ref. FP 13(5/1) 1959: 262; Krukoff, 1972a: 225; Krukoff & Barneby, 1973: 99.
Liana. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Nuñez 5670 (MO!)
Depts.: AM, CU, HU, LO, MD, UC

Strychnos lobelioides Krukoff & Barneby
Ref. Krukoff, 1972a: 228; Krukoff, 1982b: 435.
Liana. Amazonian: forests. 0-500 m.
Voucher: Huashikat 1229 (NY)
Depts.: AM

Strychnos longisepala Krukoff =Strychnos poeppigii Progel
Ref. FP 13(5/1) 1959: 263; Krukoff, 1972a: 253.

Strychnos mattogrossensis S. Moore
Ref. Krukoff, 1972a: 251; Krukoff, 1976: 317.
Liana. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Díaz & Jaramillo 1200 (MO!)
Depts.: LO, UC

Strychnos mitscherlichii Schomburgk var. **mitscherlichii**
Syn. *Strycnos smilacina* Schomburgk
Ref. FP 13(5/1) 1959: 263; Krukoff, 1972a: 232; Krukoff, 1976: 314.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Berlin 1716 (MO!)
Depts.: AM, LO

[Strychnos neglecta Krukoff & Barneby]
Ref. Krukoff, 1972a: 250.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

[Strychnos nigricans Progel]
Ref. FP 1431: 264; Krukoff, 1972a: 251.
Note: Not known from Peru. The voucher cited in the Flora of Peru (*Williams 11*) was redetermined as *Strychnos mattogrossensis* S. Moore by Krukoff (1972: 251).

Strychnos panurensis Sprague & Sandwith
Syn. *Strychnos placida* J. F. Macbride
Ref. FP 13(5/1) 1959: 264; Krukoff, 1972a: 238; Krukoff & Barneby, 1973: 101.
Shrub, liana or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 1250 (MO!)
Depts.: JU, LO, MD, PA, SM

Strychnos parviflora Spruce ex Bentham
Ref. FP 13(5/1) 1959: 265; Krukoff, 1972a: 243; Krukoff & Barneby, 1973: 102.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Croat 20469 (MO!)
Depts.: LO

Strychnos peckii Robinson
Syn. *Strychnos gigantea* Barbosa Rodrigues
Ref. FP 13(5/1) 1959: 265; Krukoff, 1972a: 229; Krukoff & Barneby, 1973: 100.
Vine or liana. Amazonian, Andean I: riversides, terra firme forests. 0-1000 m.
Voucher: Revilla 751 (MO!)
Depts.: AM, HU, LO, SM

Strychnos placida J. F. Macbride =Strychnos panurensis Sprague & Sandwith
Ref. FP 13(5/1) 1959: 264; Krukoff, 1972a: 238.

Strychnos poeppigii Progel
Syn. *Strychnos longisepala* Krukoff
Ref. FP 13(5/1) 1959: 266; Krukoff, 1972a: 253; Krukoff & Barneby, 1973: 107.
Shrub. Amazonian, Andean I-II: riversides, seasonally inundated areas, terra firme forests. 0-2000 m.
Voucher: Poeppig s.n.* (F), Woytkowski 5452 (MO!)
Depts.: HU, LO, PA, PU, SM, UC

[Strychnos progeliana Krukoff & Barneby]
Ref. Krukoff, 1972a: 245.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

[Strychnos ramentifera Ducke]
Ref. Krukoff, 1972a: 214.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

Strychnos rondeletioides Spruce ex Bentham
Syn. *Strychnos smithiana* Krukoff
Ref. FP 13(5/1) 1959: 267; Krukoff, 1972a: 215; Krukoff, 1977: 18.
Liana. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Vásquez *et al.* 7398 (MO!)
Depts.: LO

Strychnos ruizii Sprague & Sandwith =Strychnos brachiata R. & P.
Ref. FP 13(5/1) 1959: 257; Krukoff, 1972a: 217.

Strychnos sandwithiana Krukoff & Barneby
Ref. Krukoff, 1972a: 225; Krukoff, 1977: 19.
Liana. Amazonian: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 15643 (MO!)
Depts.: LO, SM

Strychnos schunkei Krukoff & Barneby
Ref. Krukoff, 1972b: 53; Krukoff, 1979a: 206.
Liana. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Schunke 5763* (NY), Schunke 9175 (MO!)
Depts.: LO, SM, UC

Strychnos smilacina Bentham =Strychnos mitscherlichii var. mitscherlichii
Ref. 13(5/1) 1959: 263.

Strychnos smithiana Krukoff =Strychnos rondeletioides Spruce ex Bentham
Ref. FP 13(5/1) 1959: 267; Krukoff, 1972a: 215.

Strychnos solerederi Gilg
Ref. Krukoff, 1972a: 233; Krukoff, 1972b: 51.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Schunke 4562 (MO!)
Depts.: MD, SM

Strychnos solimoesana Krukoff
Ref. FP 13(5/1) 1959: 268; Krukoff, 1972a: 227; Krukoff, 1982b: 434.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 29253 (MO!)
Depts.: LO

Strychnos subcordata Spruce ex Bentham
Ref. Krukoff, 1972a: 237; Krukoff, 1982a: 75.
Liana. Amazonian: forests. 0-500 m.
Voucher: Williams 863 (F)
Depts.: LO

Strychnos tarapotensis Sprague & Sandwith
Ref. FP 13(5/1) 1959: 268; Krukoff, 1972a: 253; Krukoff, 1972b: 53.
Shrub. Amazonian, Andean I: disturbed areas, riversides, terra firme forests. 0-1000 m.
Voucher: Spruce 4889* (K), Dwyer 6265 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

[Strychnos toxifera Schomburgk ex Bentham]
Ref. FP 13(5/1) 1959: 269; Krukoff, 1972a: 222.
Note: Not known from Peru, although it is expected (Krukoff, 1972a).

Strychnos tseasnum Krukoff & Barneby
Ref. Krukoff, 1982b: 434.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Huashikat 1229* (MO!), Tunqui 944 (MO!)
Depts.: AM, LO

Strychnos ulei Gilg, nom. nud. =Strychnos darienensis Seemann
Ref. FP 13(5/1) 1959: 260; Krukoff, 1972a: 234.

Loranthaceae

11 genera and 60 species in Peru.

Endemic species: 16.

Excluding Eremolepidaceae and Viscaceae.

Prepared by J. L. Zarucchi; reviewed by J. Kuijt (MO at UVIC).

Aetanthus andreanus (van Tieghem) Engler
Syn. *Phyllostephanus andreanus* van Tieghem
Ref. Kuijt, 1986c: 165.
Parasitic shrub. Andean II: rocky slopes. 3000-3500 m.
Voucher: Sagástegui *et al.* 9607 (MO!)
Depts.: CA

Aetanthus cauliflorus Ule =Psittacanthus oblongifolius (Rusby) Kuijt
Ref. FP 13(2/2) 1937: 393; Kuijt, 1990: 120.

Aetanthus coriaceus Patschovsky
Ref. FP 13(2/2) 1937: 393.
Endemic parasitic shrub. Andean II: shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3938* (B)
Depts.: CA

Aetanthus dichotomus (R. & P.) Kuijt
Syn. *Aetanthus nodosus* (Desrousseaux) Engler, *Desrousseauxia nodosa* (Desrousseaux) van Tieghem, *Loranthus dichotomus* R. & P., *Loranthus nodosus* Desrousseaux, *Psittacanthus dichotomus* (R. & P.) Eichler, *Psittacanthus nodosus* (Desrousseaux) G. Don
Ref. Kuijt, 1986c: 167.
Parasitic shrub. Andean II: forests. 1500-2000 m.
Voucher: Smith *et al.* 8604 (MO!)
Depts.: PA

Aetanthus macranthus (Hooker) Kuijt
Syn. *Loranthus macranthus* Hooker
Ref. Kuijt, 1986c: 169.
Parasitic shrub. Andean II: forests. 2500-3000 m.
Voucher: Cano 1378 (MO!)
Depts.: PI

Aetanthus nodosus (Desrousseaux) Engler =Aetanthus dichotomus (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 393.

Aetanthus ornatus Krause
Ref. FP 13(2/2) 1937: 394.
Endemic parasitic shrub. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6057* (B photo F)
Depts.: PI

Aetanthus paxianus Patschovsky
Ref. FP 13(2/2) 1937: 394.
Endemic parasitic shrub. Andean II: shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3390* (B photo F)
Depts.: HU

Aetanthus subandinus Ule =Psittacanthus oblongifolius (Rusby) Kuijt
Ref. FP 13(2/2) 1937: 394; Kuijt, 1990: 120.

Aetanthus zonatus Diels =Psittacanthus zonatus (Diels) Kuijt
Ref. Kuijt, 1988b: 666.

Apodina cucullaris (Lamarck) van Tieghem =Psittacanthus cucullaris (Lamarck) Blume
Ref. Kuijt, 1986c: 179.

Arthraxon amplexifolium van Tieghem =Psittacanthus chanduyensis Engler
Ref. FP 13(2/2) 1937: 402.

Cladocolea archeri (A. C. Smith) Kuijt
Syn. *Oryctanthus archeri* A. C. Smith
Ref. Kuijt, 1975: 296; Kuijt, 1986c: 135.
Parasitic shrub. Andean II: elfin forests. 2000-2500 m.
Voucher: Dudley 13450 (F)
Depts.: HU

Cladocolea harlingii Kuijt
Ref. Kuijt, 1975: 296; Kuijt, 1986c: 137.
Scandent parasitic shrub. Andean II: shrubland. 1500-2500 m.
Voucher: Llatas 2002 (LEA!)
Depts.: LA

[Cladoclea micrantha (Eichler) Kuijt]
Syn. *Phthirusa micrantha* Eichler, *Struthanthus micranthus* (Eichler) Baehni & J. F. Macbride
Ref. Kuijt, 1991: 288.
Note: Not known from Peru.

Dessrousseauxia nodosa (Desrousseaux) van Tieghem =Aetanthus dichotomus (R. & P.) Kuijt

Epicoila grandiflora (R. & P.) Raf. =Tristerix grandiflorus (R. & P.) Barlow & Wiens
Ref. Kuijt, 1988b: 38.

Gaiadendron ellipticum (R. & P.) Baehni ex J. F. Macbride =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Kuijt, 1986c: 139.

Gaiadendron eugenioides (H.B.K.) G. Don =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 35.

Gaiadendron lanceolatum (R. & P.) Baehni ex J. F. Macbride =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Kuijt, 1986c: 139.

Gaiadendron macranthum Killip =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Kuijt, 1986c: 139.

Gaiadendron punctatum (R. & P.) G. Don
Syn. *Gaiadendron ellipticum* (R. & P.) Baehni ex J. F. Macbride, *Gaiadendron lanceolatum* (R. & P.) Baehni ex J. F. Macbride, *Gaiadendron macranthum* Killip, *Gaiadendron puracense* (H.B.K.) G. Don, *Gaiadendron tagua* (H.B.K.) G. Don, *Loranthus ellipticus* R. & P., *Loranthus lanceolatus* R. & P., *Loranthus lancifolius* Poiret ex Roemer & Schultes, *Loranthus punctatus* R. & P., *Loranthus puracensis* H.B.K., *Loranthus tagua* H.B.K., *Phrygilanthus ellipticus* (R. & P.) Eichler, *Phrygilanthus lanceolatus* (R. & P.) Eichler, *Phrygilanthus punctatus* (R. & P.) Eichler, *Taguaria punctata* (R. & P.) Raf.
Ref. FP 13(2/2) 1937: 396; Burger & Kuijt, 1983: 39; Kuijt, 1986c: 139.
Shrub or tree. Andean II: cloud forests, disturbed areas, shrublands. 1500-3500 m.
Voucher: Ruiz & Pavón s.n.* (MO!), Smith 1583 (MO!)
Depts.: AM, CA, CU, HU, JU, PA, SM

Gaiadendron puracense (H.B.K.) G. Don =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Barlow & Wiens, 1973: 35.

Gaiadendron tagua (H.B.K.) G. Don =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Kuijt, 1986c: 139.

Glutago spicatus (Jacquin) Raf. =Oryctanthus spicatus (Jacquin) Eichler
Ref. Kuijt, 1976: 527.

Ixocactus hutchisonii Kuijt
Ref. Kuijt, 1967: 62.
Parasitic shrub. Andean II: cloud forests. 1500-2000 m.
Voucher: Barbour 2511 (MO!)
Depts.: AM

Ligaria cuneifolia (R. & P.) van Tieghem
Syn. *Loranthus cuneifolius* R. & P., *Psittacanthus cuneifolius* (R. & P.) G. Don, *Psittacanthus hortonii* Standley & Barkley, *Psittacanthus peruanus* Engler
Ref. Barlow & Wiens, 1973: 35.
Parasitic shrub. Andean II-III: disturbed areas, dry valleys, forests, rocky slopes. 1500-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Vargas 9269 (MO!)
Depts.: AP, AR, AY, CU, HU, JU, LL, TA

Ligaria emarginata van Tieghem
Shrub.

Voucher: Gay 1172* (P)
Depts.: Without full locality data.

Ligaria orbignyana van Tieghem
Shrub.
Voucher: D'Orbigny s.n.* (P)
Depts.: Without full locality data.

Loranthus acuminatus R. & P. =Struthanthus acuminatus (R. & P.) Blume ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 410.

Loranthus acutifolius R. & P. =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 398; Kuijt, 1986c: 142.

Loranthus aduncus G. Meyer =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 411; Burger & Kuijt, 1983: 45.

Loranthus alveolatus H.B.K. =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. Kuijt, 1976: 504; Kuijt, 1986c: 120.

Loranthus amplexicaulis H.B.K. =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. FP 13(2/2) 1937: 391; Kuijt, 1976: 504.

Loranthus angustifolius H.B.K. =Phoradendron angustifolium (H.B.K.) Nuttall (Viscaceae)
Ref. FP 13(2/2) 1937: 384; Kuijt, 1986b: 54.

Loranthus caesius Sprengel =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. Kuijt, 1988b: 30.
Note: New name for *L. glaucus* R. & P., non Thunberg.

[*Loranthus cardiphyllus* Willdenow ex Roemer & Schultes =Psittacanthus cardiphyllus (Willdenow ex Roemer & Schultes) Eichler]
Ref. FP 13(2/2) 1937: 403.
Note: Not known from Peru.

Loranthus conduplicatus H.B.K. =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 411; Kuijt, 1986c: 161.

Loranthus corymbosus Dietrich =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Loranthus crassifolius C. Martius ex Roemer & Schultes =Psittacanthus crassifolius (C. Martius ex Roemer & Schultes) G. Don
Ref. FP 13(2/2) 1937: 404.

Loranthus cucullaris Lamarck =Psittacanthus cucullaris (Lamarck) Blume
Ref. FP 13(2/2) 1937: 404; Kuijt, 1986c: 179.

Loranthus cuneifolius R. & P. =Ligaria cuneifolia (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 405; Barlow & Wiens, 1973: 36.

Loranthus cupulifer H.B.K. =Psittacanthus cucullaris (Lamarck) Blume
Ref. FP 13(2/2) 1937: 405; Kuijt, 1986c: 179.

Loranthus dichotomus R. & P. =Aetanthus dichotomus (R. & P.) Kuijt

Loranthus divaricatus H.B.K. =Psittacanthus divaricatus (H.B.K.) G. Don
Ref. FP 13(2/2) 1937: 406.

Loranthus ellipticus R. & P. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Barlow & Wiens, 1973: 36.

Loranthus eugenioides H.B.K. =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 36.

Loranthus flexilis Rusby =Struthanthus flexilis (Rusby) Kuijt
Ref. Kuijt, 1980: 523; Kuijt, 1986c: 147.

Loranthus florulentus Richard =Oryctanthus florulentus (Richard) van Tieghem
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 515; Kuijt, 1986c: 125.

Loranthus glaucus R. & P. =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Loranthus grandiflorus R. & P. =Tristerix grandiflorus (R. & P.) Barlow & Wiens
Ref. FP 13(2/2) 1937: 399; Kuijt, 1988b: 38.

Loranthus lanceolatus R. & P. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Barlow & Wiens, 1973: 36.

Loranthus lancifolius Poiret ex Roemer & Schultes =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Barlow & Wiens, 1973: 36.

Loranthus leptostachyus H.B.K. =Struthanthus leptostachyus (H.B.K.) G. Don
Ref. FP 13(2/2) 1937: 408; Kuijt, 1986c: 153.

Loranthus ligustrifolius Willdenow ex Roemer & Schultes =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 36.

Loranthus ligustrinus Willdenow ex Roemer & Schultes =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 36.

Loranthus longebracteatus Desrousseaux =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Loranthus lucarquensis H.B.K. =Struthanthus orbicularis (H.B.K.) Blume
Ref. FP 13(2/2) 1937: 412; Kuijt, 1986c: 145.

Loranthus macranthus Hooker =Aetanthus macranthus (Hooker) Kuijt
Ref. Kuijt, 1986c: 169.

Loranthus nodosus Desrousseaux =Aetanthus dichotomus (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 393.

Loranthus obovatus Bentham =Psittacanthus chanduyensis Eichler
Ref. FP 13(2/2) 1937: 407; Kuijt, 1986c: 189.

Loranthus occidentalis L. =Oryctanthus occidentalis (L.) Eichler
Ref. Kuijt, 1976: 520; Kuijt, 1986c: 122.

Loranthus orbicularis H.B.K. =Struthanthus orbicularis (H.B.K.) Blume
Ref. FP 13(2/2) 1937: 413; Kuijt, 1986c: 145.

Loranthus ovalifolius R. & P. =Oryctanthus ovalifolius (R. & P.) J. F. Macbride
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 480.

Loranthus paniculatus H.B.K. =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 411; Burger & Kuijt, 1983: 45.

Loranthus piperoides H.B.K. =Phoradendron piperoides (H.B.K.) Trelease (Viscaceae)
Ref. FP 13(2/2) 1937: 388; Kuijt, 1986b: 26.

Loranthus polyrrhizos C. Martius ex Roemer & Schultes =Struthanthus retusus (Chamisso & Schlechtendal) Blume ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 415.

Loranthus polystachyus R. & P. =Struthanthus polystachyus (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 413.

Loranthus punctatus R. & P. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Burger & Kuijt, 1983: 39; Kuijt, 1986c: 139.

Loranthus puracensis H.B.K. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Barlow & Wiens, 1973: 36.

Loranthus pyrifolius H.B.K. =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 414; Kuijt, 1986c: 157.

Loranthus quadrangularis H.B.K. =Phoradendron quadrangulare (H.B.K.) Krug & Urban (Viscaceae)
Ref. FP 13(2/2) 1937: 389; Kuijt, 1986b: 40.

Loranthus retroflexus R. & P. =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 414; Kuijt, 1980: 521; Kuijt, 1986c: 161.

Loranthus retusus Chamisso & Schlechtendal =Struthanthus retusus (Chamisso & Schlechtendal) Blume ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 415.

Loranthus ruficaulis Poeppig & Endlicher =Oryctanthus florulentus (Richard) van Tieghem
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 515.

[*Loranthus rufus* C. Martius =Phthirusa rufa (C. Martius) Eichler]
Ref. FP 13(2/2) 1937: 414.
Note: Not known from Peru.

Loranthus sarmentosus R. & P. =Struthanthus sarmentosus (R. & P.) Blume
Ref. FP 13(2/2) 1937: 415.

Loranthus spicatus Jacquin =Oryctanthus spicatus (Jacquin) Eichler
Ref. Kuijt, 1976: 527; Kuijt, 1986c: 127.

Loranthus suaveolens H.B.K. =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 401; Barlow & Wiens, 1973: 36.

Loranthus tagua H.B.K. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Kuijt, 1986c: 139.

Loranthus theobromae Willdenow ex Roemer & Schultes =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 411; Burger & Kuijt, 1983: 45.

Metastachys corymbosa (Dietrich) van Tieghem =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. Kuijt, 1988b: 30.

Metastachys grandiflorus (R. & P.) van Tieghem =Tristerix grandiflorus (R. & P.) Barlow & Wiens
Ref. Kuijt, 1988b: 38.

Notanthera caesia (Sprengel) G. Don =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. Kuijt, 1988b: 30.

Notanthera grandiflora (R. & P.) G. Don =Tristerix grandiflorus (R. & P.) Barlow & Wiens
Ref. Kuijt, 1988b: 38.

Notanthera longebracteata (Desrousseaux) G. Don =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Notanthera orbicularis (H.B.K.) G. Don =Struthanthus orbicularis (H.B.K.) Blume
Ref. Kuijt, 1986c: 145.

Oryctanthus alveolatus (H.B.K.) Kuijt
Syn. *Loranthus alveolatus* H.B.K., *Loranthus amplexicaulis* H.B.K., *Oryctanthus amazonicus* Ule, *Oryctanthus amplexicaulis* (H.B.K.) Eichler, *Oryctanthus botryostachys* Eichler, *Struthanthus alveolatus* (H.B.K.) G. Don
Ref. Kuijt, 1976: 504; Kuijt, 1986c: 120.
Parasitic shrub. Amazonian, Andean I: disturbed areas, elfin forests, riversides, seasonally inundated areas, terra firme forests. 0-2000 m.
Voucher: Vásquez *et al.* 1316 (MO!)
Depts.: AM, HU, JU, LO, PA, SM

Oryctanthus amazonicus Ule =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. FP 13(2/2) 1937: 391; Kuijt, 1976: 505.

Oryctanthus amplexicaulis (H.B.K.) Eichler =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. FP 13(2/2) 1937: 391; Kuijt, 1976: 505; Kuijt, 1986c: 120.

Oryctanthus archeri A. C. Smith =Cladocolea archeri (A. C. Smith) Kuijt
Ref. Kuijt, 1975: 296; Kuijt, 1986c: 137.

Oryctanthus botryostachys Eichler =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. FP 13(2/2) 1937: 391; Kuijt, 1976: 505; Kuijt, 1986c: 120.

Oryctanthus florulentus (Richard) van Tieghem
Syn. *Loranthus florulentus* Richard, *Loranthus ruficaulis* Poeppig & Endlicher, *Oryctanthus ruficaulis* (Poeppig & Endlicher) Eichler
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 515; Kuijt, 1986c: 125.
Parasitic shrub. Amazonian, Andean I: disturbed areas, forests, forests on white sand, riversides. 0-500 m.
Voucher: Revilla 1749 (MO!)
Depts.: HU, LO, MD, PA, SM

Oryctanthus occidentalis (L.) Eichler
Syn. *Loranthus occidentalis* L.
Ref. Kuijt, 1976: 520; Kuijt, 1986c: 122.
Parasitic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 27681 (MO!)
Depts.: LO

Oryctanthus ovalifolius (R. & P.) J. F. Macbride
Syn. *Loranthus ovalifolius* R. & P., *Struthanthus ovalifolius* (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 480.
Endemic parasitic shrub. Andean II. 2500-3000 m.
Note: Kuijt (1976) is not convinced that this should remain in *Oryctanthus*.
Voucher: Ruiz & Pavón s.n.*
Depts.: HU

Oryctanthus ruficaulis (Poeppig & Endlicher) Eichler =Oryctanthus florulentus (Richard) van Tieghem
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 515; Kuijt, 1986c: 125.

Oryctanthus spicatus (Jacquin) Eichler
Syn. *Glutago spicatus* (Jacquin) Raf., *Loranthus spicatus* Jacquin, *Struthanthus spicatus* (Jacquin) G. Don
Ref. Kuijt, 1976: 527; Kuijt, 1986c: 127.
Parasitic shrub. Amazonian: forests, riversides, seasonally inundated areas. 500-1000 m.
Voucher: Croat 17524 (MO!)
Depts.: LO, SM

Peristethium leptostachyum (H.B.K.) van Tieghem =Struthanthus leptostachyus (H.B.K.) G. Don
Ref. FP 13(2/2) 1937: 408; Kuijt, 1986c: 153.

Phrygilanthus acutifolius (R. & P.) Eichler =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 398; Kuijt, 1986c: 142.

Phrygilanthus chodatianus Patschovsky =Tristerix chodatianus (Patschovsky) Kuijt
Ref. FP 13(2/2) 1937: 399; Kuijt, 1988b: 25.

Phrygilanthus corymbosus (Dietrich) Eichler =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Phrygilanthus ellipticus (R. & P.) Eichler =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 395; Barlow & Wiens, 1973: 38.

Phrygilanthus eugenioides (H.B.K.) Eichler =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 38.

Phrygilanthus grandiflorus (R. & P.) Eichler =Tristerix grandiflorus (R. & P.) Barlow & Wiens
Ref. FP 13(2/2) 1937: 399; Kuijt, 1988b: 38.

Phrygilanthus lanceolatus (R. & P.) Eichler =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Barlow & Wiens, 1973: 38.

Phrygilanthus lehmannianus Weberbauer =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens

Phrygilanthus ligustrinus (Willdenow ex Roemer & Schultes) Eichler =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 399; Barlow & Wiens, 1973: 38.

Phrygilanthus linearis Killip =Psittacanthus linearis (Killip) J. F. Macbride
Ref. FP 13(2/2) 1937: 406.

Phrygilanthus longebracteatus (Desrousseaux) J. F. Macbride =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Phrygilanthus monzoniensis Patschovsky =Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 30.

Phrygilanthus peruvianus Patschovsky =Tristerix peruvianus (Patschovsky) Kuijt
Ref. FP 13(2/2) 1937: 400; Kuijt, 1988b: 40.

Phrygilanthus punctatus (R. & P.) Eichler =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Kuijt, 1986c: 139.

Phrygilanthus repens Patschovsky =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 400; Kuijt, 1986c: 142.

Phrygilanthus suaveolens (H.B.K.) Eichler =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 401; Barlow & Wiens, 1973: 39.

Phrygilanthus tumbecensis Killip =Psittacanthus tumbecensis (Killip) J. F. Macbride
Ref. FP 13(2/2) 1937: 408.

[*Phrygilanthus verticillatus* (R. & P.) Eichler =Tristerix verticillatus (R. & P.) Barlow & Wiens]
Ref. FP 13(2/2) 1937: 401; Kuijt, 1988b: 49.
Note: Not known from Peru. A voucher cited under this name in the Flora of Peru was redetermined by Kuijt (1988b) as *Tristerix peduliflorus*.

Phthirusa adunca (G. Meyer) Maguire =Phthirusa retroflexa (R. & P.) Kuijt
Ref. Kuijt, 1980: 521; Kuijt, 1986c: 161.

[Phthirusa guyanensis Eichler]
Syn. *Phthirusa phaeoclados* Eichler, *Phthirusa santaremensis*, Eichler, *Struthanthus phaeoclados* (Eichler) Baehni & J. F. Macbride, *Struthanthus santaremensis* (Eichler) Baehni & J. F. Macbride
Ref. Kuijt, pers. comm.
Note: Not known from Peru.

Phthirusa lucarquensis (H.B.K.) G. Don =Struthanthus orbicularis (H.B.K.) Blume
Ref. FP 13(2/2) 1937: 412.

[*Phthirusa micrantha* Eichler =Cladoclea micrantha (Eichler) Kuijt]
Ref. FP 13(2/2) 1937: 414.
Note: Not known from Peru.

Phthirusa orbicularis (H.B.K.) Rusby ex DeWildeman =Struthanthus orbicularis (H.B.K.) Blume
Ref. Kuijt, 1986c: 145.

Phthirusa paniculata (H.B.K.) J. F. Macbride =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 411; Kuijt, 1986c: 161.

[*Phthirusa phaeoclados* Eichler =Phthirusa guyanensis Eichler]
Ref. FP 13(2/2) 1937: 414; Kuijt, pers. comm.
Note: Not known from Peru.

Phthirusa platyclada Ule =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 413; Kuijt, pers. comm.

Phthirusa polystachya Eichler =Struthanthus eichleri Baehni & J. F. Macbride
Ref. FP 13(2/2) 1937: 412.

Phthirusa pyrifolia (H.B.K.) Eichler
Syn. *Loranthus pyrifolius* H.B.K., *Phthirusa platyclada* Ule, *Phthirusa pyrifolia* var. *terminalis* J. F. Macbride, *Struthanthus platycladus* (Ule) Baehni & J. F. Macbride, *Struthanthus pyrifolius* (H.B.K.) G. Don, *Struthanthus pyrifolius* var. *terminalis* (J. F. Macbride) J. F. Macbride
Ref. FP 13(2/2) 1937: 414; Kuijt, 1986c: 157.
Parasitic shrub. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-2000 m.

Note: Treated in the Flora of Peru as a synonym of *Struthanthus pyrifolius*.
Voucher: Lewis *et al.* 11686 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM

Phthirusa pyrifolia var. *terminalis* J. F. Macbride =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 414.

Phthirusa retroflexa (R. & P.) Kuijt
Syn. *Loranthus aduncus* G. Meyer, *Loranthus conduplicatus* H.B.K., *Loranthus paniculatus* H.B.K., *Loranthus retroflexus* R. & P., *Loranthus theobromae* Willdenow ex Roemer & Schultes, *Phthirusa adunca* (G. Meyer) Maguire, *Phthirusa paniculata* (H.B.K.) J. F. Macbride, *Phthirusa theobromae* (Willdenow ex Roemer & Schultes) Eichler, *Struthanthus aduncus* (Meyer) G. Don, *Struthanthus retroflexus* (Roemer & Schultes) Blume
Ref. Kuijt, 1980: 521; Kuijt, 1986c: 161.
Parasitic shrub. Amazonian, Andean I: forests on white sand, seasonally inundated areas, terra firme forests. 0-2000 m.
Voucher: Ruiz & Pavón s.n. (MO!), Schunke 1521 (MO!)
Depts.: AM, CA, HU, LO, MD, SM, UC

Phthirusa robusta Rusby
Ref. Kuijt, 1986c: 159.
Parasitic shrub. Amazonian, Andean I: terra firme forests. 0-2000 m.
Voucher: Vásquez & Jaramillo 1208 (MO!)
Depts.: AM, JU, LO, PA, SM

[Phthirusa rufa (C. Martius) Eichler]
Syn. *Loranthus rufus* C. Martius, *Struthanthus rufus* (C. Martius) J. F. Macbride
Ref. Kuijt, pers. comm.
Note: Not known from Peru.

[*Phthirusa santaremensis* Eichler =Phthirusa guyanensis Eichler]
Ref. FP 13(2/2) 1937: 414.
Note: Not known from Peru.

Phthirusa theobromae (Willdenow ex Roemer & Schultes) Eichler =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 4111; Kuijt, 1980: 521; Kuijt, 1986c: 161.

Phyllostephanus andreanus van Tieghem =Aetanthus andreanus (van Tieghem) Engler
Ref. Kuijt, 1986c: 165.

Psathyranthus amazonicus Ule =Psittacanthus amazonicus (Ule) Kuijt

Psittacanthus acutifolius (R. & P.) G. Don =Tripodanthus acutifolius (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 398; Kuijt, 1986c: 142.

Psittacanthus amazonicus (Ule) Kuijt
Syn. *Psathyranthus amazonicus* Ule
Ref. Kuijt, 1983: 670.
Parasitic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Lewis *et al.* 10302 (MO!)
Depts.: LO

Psittacanthus amplexifolius (van Tieghem) Engler =Psittacanthus chanduyensis Eichler
Ref. FP 13(2/2) 1937: 402; Kuijt, pers. comm.

Psittacanthus calcaratus A. C. Smith
Ref. FP 13(2/2) 1937: 403.
Parasitic shrub. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Klug 694* (NY), Grández *et al.* 378 (MO!)
Depts.: LO

[Psittacanthus cardiphyllus (Willdenow ex Roemer & Schultes) Eichler]
Syn. *Loranthus cardiphyllus* Willdenow ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 403.
Note: Not known from Peru.

Psittacanthus chanduyensis Eichler
Syn. *Arthraxon amplexifolium* van Tieghem, *Loranthus obovatus* Bentham, *Psittacanthus obovatus* (Bentham) Bentham ex Eichler, *Psittacanthus weberbaueri* Patschovsky
Ref. Kuijt, 1986c: 189.
Parasitic shrub. Coastal: forests, rocky slopes. 0-1000 m.
Voucher: Díaz & Baldeón 2356 (MO!)
Depts.: CA, LL, PI, TU

Psittacanthus coccineus Patschovsky
Ref. FP 13(2/2) 1937: 403.
Endemic parasitic shrub. Andean I, Coastal: forests. 0-1000 m.
Voucher: Weberbauer 2643* (B photo F!), West 8083 (MO!)
Depts.: AN, LL

Psittacanthus collum-cygni Eichler
Parasitic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 11022 (MO!)
Depts.: LO

Psittacanthus cordiae Krause
Ref. FP 13(2/2) 1937: 404; Kuijt, 1986c: 191.
Parasitic shrub. Andean I-II, Coastal: forests. 0-2500 m.
Voucher: Weberbauer 5996 (B photo F!), Díaz & Vásquez 2995 (MO!)
Depts.: PI

Psittacanthus corynocephalus Eichler
Ref. Kuijt, 1986c: 172.
Parasitic shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 5825 (MO!)
Depts.: LO, MD

Psittacanthus crassifolius (C. Martius ex Roemer & Schultes) G. Don
Syn. *Loranthus crassifolius* C. Martius ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 404; Kuijt, 1986c: 185.
Parasitic shrub. Amazonian: forests. 0-500 m.
Voucher: Klug 119
Depts.: LO

Psittacanthus cucullaris (Lamarck) Blume
Syn. *Apodina cucullaris* (Lamarck) van Tieghem, *Loranthus cucullaris* Lamarck, *Loranthus cupulifer* H.B.K., *Psittacanthus cupulifer* (H.B.K.) Klotzsch
Ref. FP 13(2/2) 1937: 404; Kuijt, 1986c: 179.
Parasitic shrub. Amazonian, Andean I, Coastal: seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Woytkowski 7372 (MO!)
Depts.: AM, JU, LO, MD, PU, SM, TU, UC

Psittacanthus cuneifolius (R. & P.) G. Don =Ligaria cuneifolia (R. & P.) van Tieghem
Ref. FP 13(2/2) 1937: 405; Barlow & Wiens, 1973: 39.

Psittacanthus cupulifer (H.B.K.) Klotzsch =Psittacanthus cucullaris (Lamarck) Blume
Ref. FP 13(2/2) 1937: 405; Kuijt, 1986c: 179.

Psittacanthus dichotomus (R. & P.) Eichler =Aetanthus dichotomus (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 405; Kuijt, pers. comm.

Psittacanthus divaricatus (H.B.K.) G. Don
Syn. *Loranthus divaricatus* H.B.K.
Ref. FP 13(2/2) 1937: 406.
Parasitic shrub. Coastal: forests. 0-500 m.
Voucher: Raimondi s.n.
Depts.: CA

Psittacanthus hortonii Standley & Barkley =Ligaria cuneifolia (R. & P.) van Tieghem
Ref. Kuijt, pers. comm.

Psittacanthus krausei J. F. Macbride
Ref. FP 13(2/2) 1937: 406.
Parasitic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Klug 1323* (F), Vásquez & Ruiz 2932 (MO!)
Depts.: HU, LO

Psittacanthus linearis (Killip) J. F. Macbride
Syn. *Phrygilanthus linearis* Killip
Ref. FP 13(2/2) 1937: 406; Kuijt, 1986c: 191.
Parasitic shrub. Coastal: lomas, shrublands. 0-500 m.
Voucher: Haught 9* (US), Woytkowski 6750 (MO!)
Depts.: LA, LL, PI

Psittacanthus nodosus (Desrousseaux) G. Don =Aetanthus dichotomus (R. & P.) Kuijt
Ref. Kuijt, pers. comm.

Psittacanthus oblongifolius (Rusby) Kuijt
Ref. Kuijt, 1990: 120.
Parasitic shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Klug 3164 (MO!)
Depts.: LO, SM

Psittacanthus obovatus (Bentham) Bentham ex Eichler =Psittacanthus chanduyensis Eichler
Ref. FP 13(2/2) 1937: 407; Kuijt, 1986c: 189.

Psittacanthus pangui Kuijt
Ref. Kuijt, 1986c: 177.
Parasitic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Spichiger *et al.* 1409 (MO!)
Depts.: LO

Psittacanthus peculiaris A. C. Smith
Ref. FP 13(2/2) 1937: 407.
Endemic parasitic shrub. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29967* (NY), Klug 1206 (US)
Depts.: LO

Psittacanthus peruanus Engler =Ligaria cuneifolia (R. & P.) van Tieghem
Ref. Kuijt, pers. comm.

Psittacanthus subalatus Krause
Ref. FP 13(2/2) 1937: 407.
Endemic parasitic shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 5815 (MO!)
Depts.: HU, LO, PI

Psittacanthus truncatus Kuijt
Ref. Kuijt, 1986c: 174.
Parasitic shrub. Andean I: terra firme forests. 1500-2000 m.
Voucher: Gentry & Smith 45118 (MO!)
Depts.: SM

Psittacanthus tumbecensis (Killip) J. F. Macbride
Syn. *Phrygilanthus tumbecensis* Killip
Ref. FP 13(2/2) 1937: 408.
Endemic parasitic shrub. Coastal: lomas. 0-1000 m.
Voucher: Weberbauer 7668* (US)
Depts.: LA, TU

Psittacanthus weberbaueri Patschovsky =Psittacanthus chanduyensis Eichler
Ref. FP 13(2/2) 1937: 408; Kuijt, 1986c: 189.

Psittacanthus wiensii Kuijt
Ref. Kuijt, 1986c: 182.
Parasitic shrub. Amazonian: disturbed

areas, terra firme forests. 0-500 m.
Voucher: Lewis *et al.* 11957 (MO!)
Depts.: LO

Psittacanthus zonatus (Diels) Kuijt
Syn. *Aaetanthus zonatus* Diels
Ref. Kuijt, 1988b: 666.
Parasitic shrub. Andean I: cloud forests. 500-1000 m.
Voucher: Wallnofer & Fernández 12-271187 (LEA)
Depts.: HU

Struthanthus acuminatus (R. & P.) Blume ex Roemer & Schultes
Syn. *Loranthus acuminatus* R. & P.
Ref. FP 13(2/2) 1937: 410.
Endemic parasitic shrub. Andean II: forests. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!)
Depts.: HU

Struthanthus aduncus (Meyer) G. Don =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2): 1937: 411.

Struthanthus alveolatus (H.B.K.) G. Don =Oryctanthus alveolatus (H.B.K.) Kuijt
Ref. Kuijt, 1976: 504.

Struthanthus concinnus C. Martius
Ref. FP 13(2/2) 1937: 411.
Parasitic shrub. Andean I-II: forests. 500-2500 m.
Voucher: Killip & Smith 24314 (US)
Depts.: AY, HU, JU

Struthanthus dichotrianthus Eichler
Ref. FP 13(2/2) 1937: 412.
Parasitic shrub. Amazonian: terra firme forests. 1500-2000 m.
Voucher: Woytkowski 8269 (MO!)
Depts.: AM

Struthanthus eichleri Baehni & J. F. Macbride
Syn. *Phthirusa polystachya* Eichler
Ref. FP 13(2/2) 1937: 412.
Parasitic shrub. Amazonian. 0-500 m.
Voucher: Woytkowski 5778 (MO!)
Depts.: UC

Struthanthus flexilis (Rusby) Kuijt
Syn. *Loranthus flexilis* Rusby
Ref. Kuijt, 1980: 523; Kuijt, 1986c: 147.
Liana. Andean I: terra firme forests. 500-1000 m.
Voucher: Woytkowski 6034 (MO!)
Depts.: SM

Struthanthus leptostachyus (H.B.K.) G. Don
Syn. *Loranthus leptostachyus* H.B.K., *Peristethium leptostachyum* (H.B.K.) van Tieghem
Ref. Kuijt, 1986c: 153.
Liana. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Vásquez *et al.* 2052 (MO!)
Depts.: CU, LO, MD

Struthanthus lucarquensis (H.B.K.) J. F. Macbride =Struthanthus orbicularis (H.B.K.) Blume
Ref. FP 13(2/2) 1937: 412.

[*Struthanthus micranthus* (Eichler) Baehni & J. F. Macbride =Cladoclea micrantha (Eichler) Kuijt]
Ref. FP 13(2/2) 1937: 414.
Note: Not known from Peru. Mentioned under *S. pyrifolius* [=*Phthirusa pyrifolia*].

Struthanthus orbicularis (H.B.K.) Blume
Syn. *Loranthus lucarquensis* H.B.K., *Loranthus orbicularis* H.B.K., *Notanthera orbicularis* (H.B.K.) G. Don, *Phthirusa lucarquensis* (H.B.K.) G. Don, *Phthirusa orbicularis* (H.B.K.) Rusby ex DeWildeman, *Struthanthus lucarquensis* (H.B.K.) J. F. Macbride
Ref. FP 13(2/2) 1937: 413; Kuijt, 1986c: 145.
Parasitic shrub. Amazonian. 0-500 m.
Voucher: Croat 21196 (MO!)
Depts.: HU, LO, SM

Struthanthus ovalifolius (R. & P.) G. Don =Oryctanthus ovalifolius (R. & P.) J. F. Macbride
Ref. FP 13(2/2) 1937: 392; Kuijt, 1976: 480.

[*Struthanthus phaeoclados* (Eichler) Baehni & J. F. Macbride =Phthirusa guyanensis Eichler]
Ref. FP 13(2/2) 1937: 414; Kuijt, pers. comm.
Note: Not known from Peru. Mentioned under *S. pyrifolius* (=*Phthirusa pyrifolia*).

Struthanthus platycladus (Ule) Baehni & J. F. Macbride =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 413; Kuijt, pers. comm.

Struthanthus polyrrhizos (C. Martius ex Roemer & Schultes) C. Martius ex G. Don =Struthanthus retusus (Chamisso & Schlechtendal) Blume ex Roemer & Schultes
Ref. FP 13(2/2) 1937: 415.

Struthanthus polystachyus (R. & P.) G. Don
Syn. *Loranthus polystachyus* R. & P.
Ref. FP 13(2/2) 1937: 413; Kuijt, 1986c: 155.
Endemic parasitic shrub. Andean I: disturbed areas, forests. 500-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Schunke 10615 (MO!)
Depts.: HU, MD

Struthanthus pyrifolius (H.B.K.) G. Don =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 414; Kuijt, 1986c: 157.

Struthanthus pyrifolius var. *terminalis* (J. F. Macbride) J. F. Macbride =Phthirusa pyrifolia (H.B.K.) Eichler
Ref. FP 13(2/2) 1937: 414.

Struthanthus retroflexus (Roemer & Schultes) Blume =Phthirusa retroflexa (R. & P.) Kuijt
Ref. FP 13(2/2) 1937: 414; Kuijt, 1980: 521.

Struthanthus retusus (Chamisso & Schlechtendal) Blume ex Roemer & Schultes
Syn. *Loranthus polyrrhizos* C. Martius ex Roemer & Schultes, *Loranthus retusus* Chamisso & Schlechtendal, *Struthanthus polyrrhizos* (C. Martius ex Roemer & Schultes) C. Martius ex G. Don
Ref. FP 13(2/2) 1937: 415.
Parasitic shrub. Amazonian: forests. 0-500 m.
Voucher: Tessmann 3298
Depts.: LO

[*Struthanthus rufus* (C. Martius) J. F. Macbride =Phthirusa rufa (C. Martius) Eichler]
Ref. FP 13(2/2) 1937: 414.
Note: Not known from Peru. Mentioned under *S. pyrifolius* (=*Phthirusa pyrifolia*).

[*Struthanthus santaremensis* (Eichler) Baehni & J. F. Macbride =Phthirusa guyanensis Eichler]
Ref. FP 13(2/2) 1937: 414; Kuijt, pers. comm.
Note: Not known from Peru. Mentioned under *S. pyrifolia* (=*Phthirusa pyrifolia*).

Struthanthus sarmentosus (R. & P.) Blume
Syn. *Loranthus sarmentosus* R. & P.
Ref. FP 13(2/2) 1937: 415.
Endemic parasitic shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Ruiz & Pavón s.n. (G photo F!), Vargas 9816 (MO!)
Depts.: CU, HU, JU, SM

Struthanthus spicatus (Jacquin) G. Don =Oryctanthus spicatus (Jacquin) Eichler
Ref. Kuijt, 1976: 527.

Struthanthus tenuis Patschovsky
Ref. FP 13(2/2) 1937: 415.
Endemic parasitic shrub. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 1945* (B photo F!)
Depts.: JU

Taguaria punctata (R. & P.) Raf. =Gaiadendron punctatum (R. & P.) G. Don
Ref. FP 13(2/2) 1937: 396; Barlow & Wiens, 1973: 39.

Tripodanthus acutifolius (R. & P.) van Tieghem
Syn. *Gaiadendron eugenioides* (H.B.K.) G. Don, *Loranthus acutifolius* R. & P., *Loranthus eugenioides* H.B.K., *Loranthus ligustrifolius* Willdenow ex Roemer & Schultes, *Loranthus ligustrinus* Willdenow ex Roemer & Schultes, *Loranthus suaveolens* H.B.K., *Phrygilanthus acutifolius* (R. & P.)

Eichler, *Phrygilanthus eugenioides* (H.B.K.) Eichler, *Phrygilanthus ligustrinus* (Willdenow ex Roemer & Schultes) Eichler, *Phrygilanthus repens* Patschovsky, *Phrygilanthus suaveolens* (H.B.K.) Eichler, *Psittacanthus acutifolius* (R. & P.) G. Don
Ref. Kuijt, 1986c: 142.
Parasitic shrub. Andean II: disturbed areas, forests. 2000-4000 m.
Voucher: Ruiz & Pavón s.n.* (MO!), Sánchez 2259 (MO!)
Depts.: AN, AY, CA, CU, HU, LL

Tristerix chodatianus (Patschovsky) Kuijt
Syn. *Phrygilanthus chodatianus* Patschovsky
Ref. Kuijt, 1988b: 25.
Endemic parasitic shrub. Andean III: grasslands, rocky slopes, shrublands. 3500-4500 m.
Voucher: Weberbauer 2934* (B photo F!), Smith *et al.* 9140 (MO!)
Depts.: AN, HV, LI

Tristerix grandiflorus (R. & P.) Barlow & Wiens
Syn. *Epicoila grandiflora* (R. & P.) Raf., *Loranthus grandiflorus* R. & P., *Metastachys grandiflorus* (R. & P.) van Tieghem, *Notanthera grandiflora* (R. & P.) G. Don, *Phrygilanthus grandiflorus* (R. & P.) Eichler
Ref. Kuijt, 1988b: 38.
Parasitic shrub. Andean II: forests. 2000-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Woytkowski 8015 (MO!)
Depts.: CU, HU

Tristerix longebracteatus (Desrousseaux) Barlow & Wiens
Syn. *Loranthus caesius* Sprengel, *Loranthus corymbosus* Dietrich, *Loranthus glaucus* R. & P., *Loranthus longebracteatus* Desrousseaux, *Metastachys corymbosa* (Dietrich) van Tieghem, *Notanthera caesia* (Sprengel) G. Don, *Notanthera longebracteata* (Desrousseaux) G. Don, *Phrygilanthus corymbosus* (Dietrich) Eichler, *Phrygilanthus lehmannianus* Weberbauer, *Phrygilanthus longebracteatus* (Desrousseaux) J. F. Macbride, *Phrygilanthus monzoniensis* Patschovsky
Ref. Kuijt, 1988b: 30.
Parasitic shrub. Andean II-III: rocky slopes, shrublands. 2000-4500 m.
Voucher: Jussieu s.n. (P photo F!), Smith 8288 (MO!)
Depts.: AM, AN, CA, CU, HU, HV, JU, LL, PI, SM

Tristerix penduliflorus Kuijt
Ref. Kuijt, 1988b: 49.
Parasitic shrub. Andean II-III: forests. 2500-4500 m.
Voucher: Núñez 7288 (MO!)
Depts.: CU

Tristerix peruvianus (Patschovsky) Kuijt
Syn. *Phrygilanthus peruvianus* Patschovsky
Ref. Kuijt, 1988b: 40.
Endemic parasitic shrub. Andean I: disturbed areas, forests, shrublands. 1500-3000 m.
Voucher: Weberbauer 2717* (B photo F!), Sagástegui *et al.* 10327 (MO!)
Depts.: AN, CA, LI

Tristerix peytonii Kuijt
Ref. Kuijt, 1988b: 28.
Endemic parasitic shrub. Andean III: rocky slopes, shrublands, terra firme forests. 3500-4000 m.
Voucher: Peyton & Peyton 770* (MO!), Núñez & Arque 8287 (MO!)
Depts.: CU

Tristerix pubescens Kuijt
Ref. Kuijt, 1988b: 36.
Endemic parasitic shrub. Andean II-III: rocky slopes, shrublands. 2500-4500 m.
Voucher: Mostacero *et al.* 597* (MO!), Smith *et al.* 12548 (MO!)
Depts.: AN, LI, LL

[Tristerix verticillatus (R. & P.) Barlow & Wiens]
Syn. Phrygilanthus verticillatus (R. & P.) Eichler
Note: Not known from Peru.

Lythraceae

10 genera and 28 species in Peru.

Endemic genus: *Lourtella*.
Endemic species: 2.

Excluding Alzateaceae.

Prepared by J. L. Zarucchi; reviewed by S. A. Graham (KE), with comments from A. Lourteig (P).

Adenaria floribunda H.B.K.
Ref. FP 13(4/1) 1941: 207; Lourteig, 1989: 40.
Shrub or treelet. Amazonian, Andean I-II: disturbed areas, dry valleys, rocky slopes, riversides. 0-3000 m.
Voucher: Humboldt & Bonpland 3656* (P-HB), Foster 9774 (MO!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PI, PU, SM, UC

Ammannia auriculata Willdenow
Ref. Graham, 1985: 403; Lourteig, 1989: 7.
Herb. Coastal: disturbed areas. 0-500 m.
Voucher: Spruce 6386 (BM, P)
Depts.: LI, PI

Ammannia coccinea Rottboell
Ref. FP 13(4/1) 1941: 217.
Introduced herb. Amazonian: riversides. 0-500 m.
Note: Peruvian distribution is not indicated for this species by Graham (1985) and cited specimen is questionably determined (S. Graham, pers. comm.).
Voucher: McDaniel & Rimachi 18021 (MO!)
Depts.: CA, LO

Ammannia hastata DC. =Ammannia latifolia L.
Ref. Graham, 1985: 411.

Ammannia latifolia L.
Syn. *Ammannia hastata* DC., *Isnardia subhastata* R. & P. (Onagraceae)
Ref. FP 13(4/1) 1941: 217; Graham, 1985: 411; Lourteig, 1989: 9.
Herb. Amazonian, Coastal: beach, disturbed areas, riversides. 0-500 m.
Note: Apetalous phase found in Peru (Graham, 1985).
Voucher: Ruiz & Pavón s.n.* (MA), Asplund 13237 (US)
Depts.: HU, LI, LL, LO

Ammannia ramosior L. =Rotala ramosior (L.) Koehne
Ref. FP 13(4/1) 1941: 218; Lourteig, 1989: 6.

Calyplectus acuminatus R. & P. =Lafoensia acuminata (R. & P.) DC.
Ref. FP 13(4/1) 1941: 219; Lourteig, 1985: 146; Lourteig, 1989: 34.

Cuphea antisyphilitica H.B.K.
Ref. FP 13(4/1) 1941: 209.
Note: Not reconfirmed. No Peruvian collections were cited by Lourteig (1987), and the cited voucher is questionably determined (S. Graham, pers. comm.).
Voucher: Williams 7646 (F)
Depts.: SM

Cuphea balsamona Chamisso & Schlechtendal =Cuphea carthagenensis (Jacquin) J. F. Macbride
Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 23.

Cuphea bombonasae Sprague
Syn. *Cuphea tetrapetala* var. *cosangae* Sprague
Ref. FP 13(4/1) 1941: 209; Lourteig, 1988c: 13; Lourteig, 1989: 17.
Shrub or subshrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Killip & Smith 26209 (F, US)
Depts.: JU, LO, PA, SM

Cuphea carthagenensis (Jacquin) J. F. Macbride
Syn. *Cuphea balsamona* Chamisso & Schlechtendal, *Lythrum carthagenense* Jacquin
Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 23.
Herb. Amazonian, Andean I-II, Coastal: disturbed areas. 0-3500 m.
Voucher: Gentry *et al.* 18886 (MO!)
Depts.: CU, HU, JU, LO, SM

Cuphea ciliata R. & P.
Syn. *Cuphea loxensis* H.B.K., *Cuphea microphylla* H.B.K., *Cuphea serpyllifolia* H.B.K.

Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 22.
Herb or subshrub. Andean I-II: disturbed areas. 1000-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Smith & Vásquez 3430 (MO!)
Depts.: AM, CA, CU, HU, JU, LL, PI

Cuphea cordata R. & P.
Ref. FP 13(4/1) 1941: 211; Lourteig, 1989: 29.
Shrub or subshrub. Andean I-III: disturbed areas, rocky slopes, shrublands. 500-4000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Killip & Smith 22413 (US)
Depts.: AP, AY, CU, HU, JU, PU

Cuphea dipetala (L. f.) Koehne
Syn. *Cuphea verticillata* H.B.K., *Lythrum dipetalum* L. f.
Ref. FP 13(4/1) 1941: 212; Lourteig, 1989: 30.
Subshrub.
Note: Frequently confused with *Cuphea cordata* (S. Graham, pers. comm.).
Voucher: Humboldt & Bonpland s.n. (P-H&B)
Depts.: Without full locality data.

[Cuphea gracilis H.B.K.]
Ref. FP 13(4/1) 1941: 212.
Note: Not known from Peru. Recorded in the Flora of Peru based on a misidentification (Lourteig, pers. comm.).

[Cuphea hyssopifolia H.B.K.]
Ref. FP 13(4/1) 1941: 212.
Note: Not known from Peru (Lourteig, 1987), although possibly conspecific with *C. spruceana* (S. Graham, pers. comm.).

[Cuphea ianthina Koehne]
Ref. FP 13(4/1) 1941: 212.
Note: Not known from Peru. Specimens cited in the Flora of Peru redetermined as *C. cordata* by S. Graham (pers. comm.).

Cuphea loxensis H.B.K. =Cuphea ciliata R. & P.
Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 22.

Cuphea melvilla Lindley
Syn. *Cuphea speciosa* (Anderson) Kuntze, *Melvilla speciosa* Anderson
Ref. Lourteig, 1989: 28.
Shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Revilla 1936 (MO!)
Depts.: LO, MD

Cuphea microphylla H.B.K. =Cuphea ciliata R. & P.
Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 22.

Cuphea pustulata Koehne
Ref. FP 13(4/1) 1941: 213.
Subshrub. Andean I: forests. 500-1000 m.
Note: Not reconfirmed.
Voucher: Williams 5393 (F)
Depts.: SM

Cuphea racemosa (L. f.) Sprengel
Syn. *Cuphea spicata* Cavanilles, *Lythrum racemosum* L. f.
Ref. FP 13(4/1) 1941: 213; Lourteig, 1989: 13.
Herb or subshrub. Amazonian, Andean I, Coastal: forests. 0-1000 m.
Voucher: Mexia 6160 (WIS)
Depts.: CA, LI, LO, SM

Cuphea serpyllifolia H.B.K. =Cuphea ciliata R. & P.
Ref. FP 13(4/1) 1941: 213; Lourteig, 1989: 22.

Cuphea setosa Koehne
Ref. FP 13(4/1) 1941: 214; Lourteig, 1988c: 5; Lourteig, 1989: 15.
Subshrub. Amazonian, Andean I. 0-1000 m.
Voucher: Wurdack 2105 (US)
Depts.: CU, LO, PU

Cuphea speciosa (Anderson) Kuntze =Cuphea melvilla Lindley
Ref. FP 13(4/1) 1941: 214; Lourteig, 1989: 28.

Cuphea spicata Cavanilles =Cuphea racemosa (L. f.) Sprengel
Ref. FP 13(4/1) 1941: 213; Lourteig, 1989: 13.

Cuphea spruceana Koehne
Ref. FP 13(4/1) 1941: 214; Lourteig, 1987: 17.
Herb or subshrub. Amazonian, Andean I-II: forests, riversides. 0-2500 m.
Voucher: Spruce 4591* (K), Ferreyra 19464 (US)
Depts.: CU, JU, LO, MD, PA, PU, SM

Cuphea strigulosa H.B.K.
Syn. *Cuphea strigulosa* subsp. *opaca* Koehne
Ref. FP 13(4/1) 1941: 215; Lourteig, 1987: 10; Lourteig, 1989: 23.
Herb or subshrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Williams 6774 (F)
Depts.: CA, LA, LL, PI, SM

Cuphea strigulosa subsp. *opaca* Koehne =Cuphea strigulosa H.B.K.
Ref. FP 13(4/1) 1941: 215; Lourteig, 1987: 10; Lourteig, 1989: 23.

Cuphea tarapotensis Sprague
Ref. FP 13(4/1) 1941: 215; Lourteig, 1988c: 18; Lourteig, 1989: 20.
Herb or subshrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce s.n.* (K), Ule 6755 (HBG)

Cuphea tetrapetala Koehne var. *cosangae* Sprague =Cuphea bombonazae Sprague
Ref. Lourteig, 1988c: 13.

Cuphea vargasii J. F. Macbride
Ref. FP 13(4/1) 1941: 215.
Endemic subshrub. Andean II: rocky slopes, shrublands. 2000-3000 m.
Voucher: Stork *et al.* 10589*, Stork *et al.* 10558
Depts.: AP

Cuphea verticillata H.B.K. =Cuphea dipetala (L. f.) Koehne
Ref. FP 13(4/1) 1941: 212; Lourteig, 1989: 30.

Diplodon arboreus Poeppig & Endlicher =Physocalymma scaberrimum Pohl
Ref. Lourteig, 1989: 32.
Note: This taxon was not treated in the Flora of Peru, although the type, *Poeppig 2077*, is from Yurimaguas; this collection was cited under *Physocalymma scaberrimum*.

Lafoensia acuminata (R. & P.) DC.
Syn. *Calyplectus acuminatus* R. & P., *Lafoensia speciosa* (H.B.K.) DC.
Ref. FP 13(4/1) 1941: 219; Lourteig, 1985: 146; Lourteig, 1989: 34.
Tree. Andean I-II: forests. 500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Woytkowski 6971 (MO!)
Depts.: AM, CA, HU, PA, PI

Lafoensia punicifolia Bertero ex DC.
Ref. FP 13(4/1) 1941: 219; Lourteig, 1985: 149; Lourteig, 1989: 36.
Tree. Amazonian, Andean I. 0-1000 m.
Note: As "*punicaefolia*" in the Flora of Peru.
Voucher: Klug 4327 (US)
Depts.: JU, SM

Lafoensia speciosa (H.B.K.) DC. =Lafoensia acuminata (R. & P.) DC.
Ref. FP 13(4/1) 1941: 219.

Lafoensia vandelliana Chamisso & Schlechtendal var. **vandelliana** Chamisso & Schlechtendal
Ref. Lourteig, 1985: 129.
Shrub or tree. Andean II: forests. 2000-2500 m.
Voucher: Sagástegui 7486a (US)
Depts.: AM

Lagerstroemia flos-reginae Retzius =Lagerstroemia speciosa (L.) Persoon
Ref. FP 13(4/1) 1941: 206; S. Graham, pers. comm.

Lagerstroemia speciosa (L.) Persoon
Syn. *Lagerstroemia flos-reginae* Retzius, *Munchausia speciosa* L.
Ref. FP 13(4/1) 1941: 206; S. Graham, pers. comm.
Cultivated shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams s.n. (F)
Depts.: LO

Lawsonia inermis L.
Ref. FP 13(4/1) 1941: 206; Lourteig, 1989: 43.

Cultivated shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams s.n. (F)
Depts.: LO

Lourtella resinosa S. Graham *et al.*
Ref. Graham *et al.*, 1987: 520.
Endemic shrub. Andean II: disturbed areas, rocky slopes, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality. Endemic monotypic genus.
Voucher: López & Sagástegui 8229* (HUT, MO!)

Lythrum carthagenense Jacquin =Cuphea carthagenensis (Jacquin) J. F. Macbride
Ref. FP 13(4/1) 1941: 210; Lourteig, 1989: 23.

Lythrum dipetalum L. f. =Cuphea dipetala (L. f.) Koehne
Ref. FP 13(4/1) 1941: 212; Lourteig, 1989: 30.

Lythrum maritimum H.B.K.
Ref. FP 13(4/1) 1941: 216; Lourteig, 1989: 10.
Herb or shrub. Amazonian, Andean I-II, Coastal: disturbed areas, riversides. 0-1000 m.
Voucher: Humboldt & Bonpland s.n.* (P), Knapp 8298 (MO!)
Depts.: AP, LA, LI, TA

Lythrum racemosum L. f. =Cuphea racemosa (L. f.) Sprengel
Ref. FP 13(4/1) 1941: 213; Lourteig, 1989: 13.

Lythrum salicaria L.
Ref. FP 13(4/1) 1941: 217.
Note: Not reconfirmed; native to Europe.

Melvilla speciosa Anderson =Cuphea melvilla Lindley
Ref. FP 13(4/1) 1941: 214; Lourteig, 1989: 28.

Munchausia speciosa L. =Lagerstroemia speciosa (L.) Persoon

Physocalymma floridum Pohl =Physocalymma scaberrimum Pohl
Ref. FP 13(4/1) 1941: 218; Lourteig, 1989: 32.

Physocalymma scaberrimum Pohl
Syn. *Diplodon arboreus* Poeppig & Endlicher, *Physocalymma floridum* Pohl
Ref. FP 13(4/1) 1941: 218; Lourteig, 1989: 32.
Tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Gentry *et al.* 29381 (MO!)
Depts.: JU, LO, SM, UC

Rotala ramosior (L.) Koehne
Syn. *Ammannia ramosior* L.
Ref. FP 13(4/1) 1941: 218; Lourteig, 1989: 6.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams 2299 (F)
Depts.: LO, PI

Malesherbiaceae

1 genus and 9 species in Peru.

Endemic species: 9.

Prepared by J. L. Zarucchi.

Gynopleura tubulosa Cavanilles =Malesherbia tubulosa (Cavanilles) J. St. Hilaire
Ref. FP 13(4/1) 1941: 89.

Malesherbia angustisecta Harms
Ref. FP 13(4/1) 1941: 86; Ricardi, 1967: 62.
Endemic subshrub. Andean II: dry valleys, rocky slopes. 1500-2500 m.
Voucher: Weberbauer 7179* (F), Metcalf 30345 (US)
Depts.: AR

Malesherbia ardens J. F. Macbride
Ref. FP 13(4/1) 1941: 87; Ricardi, 1967: 51.
Endemic shrub or subshrub. Andean I-II: dry valleys, rocky slopes, shrublands. 1000-2500 m.
Voucher: Weberbauer 7436a* (F), Dillon & Dillon 3661 (MO!)
Depts.: MO

Malesherbia arequipensis Ricardi
Ref. Ricardi, 1967: 110.
Endemic subshrub. Andean I, Coastal: dry valleys, lomas, rocky slopes. 0-1500 m.
Voucher: Angulo s.n.* (CONC), Ferreyra 11673 (MO!)
Depts.: AR, MO

Malesherbia cylindrostachya Urban & Gilg =Malesherbia tubulosa (Cavanilles) J. St. Hilaire
Ref. FP 13(4/1) 1941: 89.

Malesherbia galjufii J. F. Macbride =Malesherbia weberbaueri var. galjufii (J. F. Macbride) Ricardi
Ref. FP 13(4/1) 1941: 87; Ricardi, 1967: 44.

Malesherbia haemantha Harms
Ref. FP 13(4/1) 1941: 88; Ricardi, 1967: 59.
Endemic subshrub. Andean II: dry valleys, rocky slopes, shrublands. 2000-2500 m.
Voucher: Weberbauer 7181* (B photo F), Hutchison 1278 (UC)
Depts.: AR

Malesherbia scarlatiflora Gilg
Ref. FP 13(4/1) 1941: 88; Ricardi, 1967: 36.
Endemic shrub or subshrub. Andean I-II: rocky slopes, shrublands. 1000-3000 m.
Voucher: Weberbauer 5411* (F), Hutchison & Saravia 7108 (MO!)
Depts.: AP, HV, LI

Malesherbia splendens Ricardi
Ref. Ricardi, 1967: 39.
Endemic shrub. Andean II: dry valleys, rocky slopes, shrublands. 2000-3000 m.
Voucher: Saunders 792* (CONC), Cerrate 1647 (USM)
Depts.: LI

Malesherbia thyrsiflora R. & P. =Malesherbia tubulosa (Cavanilles) J. St. Hilaire
Ref. FP 13(4/1) 1941: 89; Ricardi, 1967: 44.

Malesherbia tubulosa (Cavanilles) J. St. Hilaire
Syn. *Gynopleura tubulosa* Cavanilles, *Malesherbia cylindrostachya* Urban & Gilg, *Malesherbia thyrsiflora* R. & P.
Ref. FP 13(4/1) 1941: 89; Ricardi, 1967: 44.
Endemic shrub or subshrub. Andean I-II: rocky slopes, shrublands. 500-2500 m.
Note: Flora of Peru cites "J. F. Macbride" as the combining author.
Voucher: Née s.n.* (MA), Ferreyra 9002 (MO!)
Depts.: LI

Malesherbia thyrsiflora R. & P. =Malesherbia tubulosa (Cavanilles) J. St. Hilaire
FP 13(4/1) 1941: 89

Malesherbia turbinea J. F. Macbride
Ref. FP 13(4/1) 1941: 90; Ricardi, 1967: 54.
Endemic shrub. Andean II: rocky slopes, shrublands. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7364* (F)
Depts.: TA

Malesherbia weberbaueri Gilg var. **galjufii** (J. F. Macbride) Ricardi
Syn. *Malesherbia galjufii* J. F. Macbride
Ref. Ricardi, 1967: 44.
Endemic shrub. Andean II: rocky slopes, shrublands. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Macbride & Featherstone 1347* (F)
Depts.: JU

Malesherbia weberbaueri var. **weberbaueri**
Ref. FP 13(4/1) 1941: 90; Ricardi, 1967: 41.
Endemic shrub. Andean II: dry valleys, rocky slopes, shrublands. 2000-3000 m.
Voucher: Weberbauer 5672* (F), Tovar 4881 (USM)
Depts.: HV

Malpighiaceae

19 genera and 134 species in Peru.

Endemic species: 26.

Prepared by J. L. Zarucchi; reviewed by C. Anderson (MICH) and W. R. Anderson (MICH).

Banisteria acanthocarpa Adr. Jussieu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 120.

Banisteria acanthocarpa var. *glandulifera* Niedenzu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. Gates, 1982: 121.

Banisteria antifebrilis Grisebach =Callaeum antifebrile (Grisebach) D. M. Johnson
Ref. FP 13(3/3) 1950: 790; D. M. Johnson, 1986: 349.
Note: Listed as a synonym of *Mascagnia psilophylla* [=*Callaeum psilophylla*] in the Flora of Peru.

Banisteria argentea (H.B.K.) Sprengel =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 120.

Banisteria argentea var. *transiens* Niedenzu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 833; Gates, 1982: 121.

Banisteria atrosanguinea Adr. Jussieu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 121.

Banisteria atrosanguinea var. *benthamiana* (Adr. Jussieu) J. F. Macbride =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 121.

Banisteria beecheyana (Adr. Jussieu) C. Robinson =Heteropterys brachiata (L.) H.B.K.
Ref. FP 13(3/3) 1950: 815; W. R. Anderson, pers. comm.

Banisteria benthamiana Adr. Jussieu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 121.

Banisteria brachiata L. =Heteropterys brachiata (L.) H.B.K.
Ref. Gates, 1982: 204; W. R. Anderson, pers. comm.

Banisteria caapi Spruce ex Grisebach =Banisteriopsis caapi (Spruce ex Grisebach) Morton
Ref. FP 13(3/3) 1950: 824; Gates, 1982: 112.

[*Banisteria caduciflora* Niedenzu =Banisteriopsis caduciflora (Niedenzu) B. Gates]
Ref. FP 13(3/3) 1950: 825; Gates, 1982: 198.
Note: Not known from Peru.

Banisteria cinerascens var. *glabrescens* Niedenzu =Banisteriopsis wurdackii B. Gates
Ref. FP 13(3/3) 1950: 826; Gates, 1982: 52.

Banisteria constricta Grisebach =Banisteriopsis pubipetala (Adr. Jussieu) Cuatrecasas
Ref. FP 13(3/3) 1950: 837; Gates, 1982: 191.

[*Banisteria convolvulifolia* Cavanilles =Stigmaphyllon dichotomum (L.)] Grisebach
Ref. FP 13(3/3) 1950: 842; C. Anderson, pers. comm.
Note: Not known from Peru. Incorrectly listed as the basionym of *Stigmaphyllon convolvulifolium* in the Flora of Peru and by Gates (1982: 205) in her treatment of *Banisteriopsis* (C. Anderson, pers. comm.).

[*Banisteria cordata* Vell. Conc. =Tetrapterys phlomoides (Sprengel) Niedenzu]
Ref. FP 13(3/3) 1950: 808.
Note: Not known from Peru.

[*Banisteria cornifolia* (H.B.K.) Sprengel =Banisteriopsis cornifolia (H.B.K.) C. Robinson]
Ref. FP 13(3/3) 1950: 826; Gates, 1982: 41, 54.
Note: Not known from Peru. Specimens cited under this name in the Flora of Peru were redetermined as *Banisteriopsis wurdackii* by Gates (1982).

Banisteria cornifolia var. *seibertii* J. F. Macbride =Stigmaphyllon mathiasiae W. R. Anderson
Ref. FP 13(3/3) 1950: 826; W. R. Anderson, 1981b: 3.

[*Banisteria cristata* Grisebach =Banisteriopsis cristata (Grisebach) Cuatrecasas]
Ref. FP 13(3/3) 1950: 826; Gates, 1982: 171.
Note: Not known from Peru. Specimens cited under this name in the Flora of Peru are treated by Gates (1982: 168) under *Banisteriopsis lutea*.

[*Banisteria dichotoma* L. =Stigmaphyllon dichotomum (L.) Grisebach]
Ref. FP 13(3/3) 1950: 842; C. Anderson, pers. comm.
Note: Not known from Peru.

Banisteria elegans Triana & Planchon =Banisteriopsis elegans (Triana & Planchon) Sandwith
Ref. FP 13(3/3) 1950: 831; Gates, 1982: 137.

Banisteria elliptica H.B.K. =Stigmaphyllon ellipticum (H.B.K.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 843; Cuatrecasas, 1958: 530.

[*Banisteria emarginata* Cavanilles =Stigmaphyllon emarginatum (Cavanilles) Adr. Jussieu]
Ref. Gates, 1982: 205.
Note: Not known from Peru.

Banisteria erianthera Adr. Jussieu =Banisteriopsis erianthera (Adr. Jussieu) B. Gates
Ref. Gates, 1982: 197.

Banisteria fagifolia DC. =Hiraea fagifolia (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 796; Cuatrecasas, 1958: 405.

[*Banisteria fulgens* L. =Stigmaphyllon emarginatum (Cavanilles) Adr. Jussieu]
Ref. FP 13(3/3) 1950: 844; W. R. Anderson, pers. comm.
Note: Not known from Peru. The Flora of Peru uses the incorrect author citation "*B. fulgens* Lamarck."

[*Banisteria heterostyla* Adr. Jussieu =Banisteriopsis heterostyla (Adr. Jussieu) Cuatrecasas]
Ref. FP 13(3/3) 1950: 827; Gates, 1982: 167.
Note: Not known from Peru. The specimen cited in Flora of Peru was redetermined by Gates (1982) as *Banisteriopsis woytkowskii*.

[*Banisteria humboldtiana* DC. =Stigmaphyllon dichotomum (L.) Grisebach]
Ref. C. Anderson, pers. comm.
Note: Not known from Peru.

Banisteria inebrians sensu J. F. Macbride =Banisteriopsis caapi (Spruce ex Grisebach) Morton
Ref. FP 13(3/3) 1950: 828; Gates, 1982: 112.
Note: Treated incorrectly in the Flora of Peru. This name (cited in the Flora of Peru as "*Banisteria inebrians* Morton") was never published. See *Banisteriopsis inebrians*.

[*Banisteria laevifolia* Adr. Jussieu =Banisteriopsis laevifolia (Adr. Jussieu) B. Gates]
Ref. FP 13(3/3) 1950: 829; Gates, 1982: 57.

Note: Not known from Peru. The collection cited in the Flora of Peru has been redetermined as *Banisteriopsis nummifera* by Gates (Gates, 1982: 148).

[*Banisteria laevifolia* var. *grata* (Grisebach) Niedenzu =Banisteriopsis laevifolia (Adr. Jussieu) B. Gates]
Ref. FP 13(3/3) 1950: 829; Gates, 1982: 57.
Note: Not known from Peru. The specimen cited under this name in the Flora of Peru, *Ule 6350*, was redetermined as *Banisteriopsis nummifera* by Gates (1982: 147).

Banisteria laurifolia L. =Heteropterys laurifolia (L.) Adr. Jussieu
Ref. Cuatrecasas, 1958: 478.

Banisteria leiocarpa Adr. Jussieu =Banisteriopsis leiocarpa (Adr. Jussieu) B. Gates
Ref. FP 13(3/3) 1950: 829; Gates, 1982: 172.

Banisteria leiocarpa var. *parvifolia* Niedenzu =Banisteriopsis parvifolia (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 830; Gates, 1982: 174.

[*Banisteria leptocarpa* Bentham =Banisteriopsis martiniana var. martiniana]
Ref. FP 13(3/3) 1950: 830; Gates, 1982: 130.
Note: Not known from Peru. Specimens cited in the Flora of Peru under this species were redetermined by Gates (Gates, 1982) as *Banisteriopsis polygama* (*Klug 3329*), and *Banisteriopsis martiniana* var. *subenervia* (the remaining vouchers).

Banisteria longialata Niedenzu =Banisteriopsis longialata (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 831; Gates, 1982: 195.

Banisteria lucida Richard =Banisteriopsis lucida (Richard) Small
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 177.

Banisteria lupuloides L. =Gouania lupuloides (L.) Urban (Rhamnaceae)
Ref. FP 1299: 406; Gates, 1982: 206.

Banisteria lutea Grisebach =Banisteriopsis lutea (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 826; Gates, 1982: 168.

[*Banisteria macradena* DC. =Heteropterys macradena (DC.) W. R. Anderson]
Ref. W. R. Anderson, 1981a: 202.
Note: Not known from Peru.

[*Banisteria martiniana* Adr. Jussieu =Banisteriopsis martiniana var. martiniana]
Ref. Gates, 1982: 130.
Note: Not known from Peru.

[*Banisteria megacarpos* Vell. Conc. =Stigmaphyllon megacarpon (Vell. Conc.) Grisebach]
Ref. FP 13(3/3) 1950: 846.
Note: Not known from Peru.

Banisteria metallicolor Adr. Jussieu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 120.

Banisteria metallicolor var. *aurea* Niedenzu =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 833; Gates, 1982: 121.

Banisteria muricata Cavanilles =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 120.

Banisteria muricata var. *atrosanguinea* (Adr. Jussieu) J. F. Macbride =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 833; Gates, 1982: 121.

Banisteria nervosa (Adr. Jussieu) R. O. Williams =Heteropterys nervosa Adr. Jussieu
Ref. FP 13(3/3) 1950: 818; Gates, 1982: 206.

[*Banisteria nervosa* var. *candolleana* (Adr. Jussieu) Niedenzu ex R. O. Williams =Heteropterys macradena (DC.) W. R. Anderson]
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, pers. comm.
Note: Not known from Peru. Listed as a synonym under *Heteropterys nervosa* in the Flora of Peru.

[*Banisteria nervosa* var. *lessertiana* (Adr. Jussieu) Grisebach ex R. O. Williams =Heteropterys macradena (DC.) W. R. Anderson]
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, pers. comm.
Note: Not known from Peru. Listed as a synonym of *Heteropterys nervosa* in the Flora of Peru.

[*Banisteria nigrescens* Adr. Jussieu =Banisteriopsis nigrescens (Adr. Jussieu) B. Gates]
Ref. FP 13(3/3) 1950: 834; Gates, 1982: 183.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Tessmann 4945*, was not accounted for by Gates (1982).

Banisteria nitrosiodora Grisebach =Banisteriopsis lutea (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 827; Gates, 1982: 168.

Banisteria nummifera Adr. Jussieu =Banisteriopsis nummifera (Adr. Jussieu) B. Gates
Ref. Gates, 1982: 147.

Banisteria nutans Niedenzu =Banisteriopsis nutans (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 834; Gates, 1982: 179.

Banisteria orinocensis H.B.K. =Heteropterys orinocensis (H.B.K.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, 1981a: 200.

[*Banisteria oxyclada* Adr. Jussieu =Banisteriopsis oxyclada (Adr. Jussieu) B. Gates]
Ref. FP 13(3/3) 1950: 835; Gates, 1982: 126.
Note: Not known from Peru.

Banisteria padifolia Poeppig ex Niedenzu =Banisteriopsis padifolia (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 836; Gates, 1982: 136.

Banisteria peruviana Niedenzu =Banisteriopsis peruviana (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 836; Gates, 1982: 180.

Banisteria platyptera fo. *grandifolia* Niedenzu =Banisteriopsis erianthera (Adr. Jussieu) B. Gates
Ref. FP 13(3/3) 1950: 837; Gates, 1982: 197.

[*Banisteria platyptera* Grisebach =Banisteriopsis platyptera (Grisebach) Cuatrecasas]
Ref. FP 13(3/3) 1950: 837; Gates, 1982: 194.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Ule 6705*, was redetermined by Gates (1982) as *Banisteriopsis erianthera*.

Banisteria polygama Niedenzu =Banisteriopsis polygama (Niedenzu) B. Gates
Ref. Gates, 1982: 136.

Banisteria populifolia Niedenzu =Banisteriopsis populifolia (Niedenzu) B. Gates
Ref. FP 13(3/3) 1950: 830; Gates, 1982: 175.

Banisteria praecox Grisebach =Banisteriopsis lutea (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 827; Gates, 1982: 168.

Banisteria pubera Richard =Stigmaphyllon puberum (Richard) Adr. Jussieu

Ref. FP 13(3/3) 1950: 847; W. R. Anderson, 1981a: 172.

Banisteria pubipetala Adr. Jussieu =Banisteriopsis pubipetala (Adr. Jussieu) Cuatrecasas
Ref. FP 13(3/3) 1950: 837; Gates, 1982: 191.

Banisteria pubipetala var. *constricta* (Grisebach) J. F. Macbride =Banisteriopsis pubipetala (Adr. Jussieu) Cuatrecasas
Ref. FP 13(3/3) 1950: 837; Gates, 1982: 191.

Banisteria quitensis Niedenzu =Banisteriopsis caapi (Spruce ex Grisebach) Morton
Ref. FP 13(3/3) 1950: 838; Gates, 1982: 112.

Banisteria sinemariensis Aublet =Mascagnia sinemariensis (Aublet) Grisebach
Ref. W. R. Anderson, 1988: 621.

Banisteria sinuata DC. =Stigmaphyllon sinuatum (DC.) Adr. Jussieu

[*Banisteria suberosa* var. *candolleana* (Adr. Jussieu) Morton =Heteropterys macradena (DC.) W. R. Anderson]
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, pers. comm.
Note: Not known from Peru. Listed as a synonym of *H. nervosa* in the Flora of Peru.

[*Banisteria tiliifolia* H.B.K. non Ventenat =Stigmaphyllon dichotomum (L.) Grisebach]
Ref. FP 13(3/3) 1950: 849; Cuatrecasas, 1958: 542; C. Anderson, pers. comm.
Note: Not known from Peru.

Banisteria tomentosa Schlechtendal, nom. illeg. =Heteropterys brachiata (L.) H.B.K.
Ref. FP 13(3/3) 1950: 815; W. R. Anderson, pers. comm.

Banisteriopsis argentea (H.B.K.) C. Robinson =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 121.

Banisteriopsis caapi (Spruce ex Grisebach) Morton
Syn. *Banisteria caapi* Spruce ex Grisebach, *Banisteria inebrians* sensu J. F. Macbride, *Banisteria quitensis* Niedenzu, *Banisteriopsis inebrians* Morton, *Banisteriopsis quitensis* (Niedenzu) Morton
Ref. FP 13(3/3) 1950: 824; Gates, 1982: 112.
Cultivated liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Killip & Smith 27385 (MO!)
Depts.: AM, LO, MD, SM

Banisteriopsis cabrerana Cuatrecasas =Diplopterys cabrerana (Cuatrecasas) B. Gates
Ref. Gates, 1982: 211.

Banisteriopsis caduciflora (Niedenzu) B. Gates
Syn. *Banisteria caduciflora* Niedenzu
Ref. Gates, 1982: 198.
Liana or shrub. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Poeppig 2474* (F), Killip & Smith 26082 (US)
Depts.: JU, LO

[Banisteriopsis cornifolia (H.B.K.) C. Robinson]
Syn. *Banisteria cornifolia* (H.B.K.) Sprengel, *Heteropterys cornifolia* H.B.K.
Ref. Gates, 1982: 41.
Note: Not known from Peru.

[Banisteriopsis cristata (Grisebach) Cuatrecasas]
Syn. *Banisteria cristata* Grisebach
Ref. FP(3/3) 1950: 826; Gates, 1982: 171.
Note: Not known from Peru.

Banisteriopsis elegans (Triana & Planchon) Sandwith
Syn. *Banisteria elegans* Triana & Planchon
Ref. Gates, 1982: 134.
Liana. Amazonian, Andean I: disturbed areas, forests on white sand, terra firme forests. 0-1000 m.
Voucher: Knapp & Mallet 6895 (MO!)
Depts.: SM

Banisteriopsis erianthera (Adr. Jussieu) B. Gates
Syn. *Banisteria erianthera* Adr. Jussieu, *Banisteria platyptera* fo. *grandifolia* Niedenzu
Ref. Gates, 1982: 197.
Liana. Amazonian: forests. 0-500 m.
Note: The type locality, San Antonio de Cumbasa, is located in Depto. San Martín, not Loreto as indicated by Gates (1982).
Voucher: Ule 6705* (G)
Depts.: SM

[Banisteriopsis heterostyla (Adr. Jussieu) Cuatrecasas]
Syn. *Banisteria heterostyla* Adr. Jussieu
Ref. FP 13(3/3) 1950: 827; Gates, 1992: 167.
Note: Not known from Peru.

Banisteriopsis inebrians Morton =Banisteriopsis caapi (Spruce ex Grisebach) Morton
Ref. FP 13(3/3) 1950: 828; Gates, 1982: 112.
Note: Incorrectly listed in the Flora of Peru as "*Banisteria inebrians* Morton."

[Banisteriopsis laevifolia (Adr. Jussieu) B. Gates]
Syn. *Banisteria laevifolia* Adr. Jussieu, *Banisteria laevifolia* var. *grata* (Grisebach) Niedenzu
Ref. Gates, 1982: 57.
Note: Not known from Peru.

Banisteriopsis leiocarpa (Adr. Jussieu) B. Gates
Syn. *Banisteria leiocarpa* Adr. Jussieu
Ref. Gates, 1982: 172.
Endemic liana, shrub or vine. Andean II: forests. 1500-2000 m.
Voucher: Mathews 2126* (P), Ferreyra 7133 (F)
Depts.: AM

Banisteriopsis longialata (Niedenzu) B. Gates
Syn. *Banisteria longialata* Niedenzu
Ref. Gates, 1982: 195.
Liana. Amazonian, Andean I: terra firme forests. 0-1500 m.
Note: The type locality is in present-day Depto. Pasco.
Voucher: Ruiz & Pavón s.n.* (B destroyed, F), Vásquez *et al.* 7770 (MO!)
Depts.: AM, LO, PA

Banisteriopsis lucida (Richard) Small
Syn. *Banisteria lucida* Richard
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 177.
Liana or shrub. Amazonian, Andean I-II: forests, seasonally inundated areas, terra firme forests. 0-2000 m.
Voucher: Díaz *et al.* 194 (MO!)
Depts.: AM, CU, JU, LO, SM, UC

Banisteriopsis lutea (Grisebach) Cuatrecasas
Syn. *Banisteria lutea* Grisebach, *Banisteria nitrosiodora* Grisebach, *Banisteria praecox* Grisebach
Ref. Gates, 1982: 168.
Shrub, subshrub or vine. Andean I, Coastal: disturbed areas, forests, riversides. 500-1500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Woytkowski 6499 (MO!)
Depts.: CA, CU, JU, PI, SM

[Banisteriopsis martiniana (Adr. Jussieu) Cuatrecasas var. martiniana]
Syn. *Banisteria leptocarpa* Bentham, *Banisteria martiniana* Adr. Jussieu
Ref. Gates, 1982: 130.
Note: Not known from Peru.

Banisteriopsis martiniana var. **subenervia** Cuatrecasas
Ref. Gates, 1982: 132.
Liana or vine. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Revilla 893 (MO!)
Depts.: LO, SM

Banisteriopsis metallicolor (Adr. Jussieu) O'Donell & Lourteig =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 121.

Banisteriopsis muricata (Cavanilles) Cuatrecasas
Syn. *Banisteria acanthocarpa* Adr. Jussieu, *Banisteria acanthocarpa* var. *glandulifera* Niedenzu, *Banisteria argentea* (H.B.K.) Sprengel, *Banisteria argentea* var. *transiens* Niedenzu, *Banisteria atrosanguinea* Adr. Jussieu, *Banisteria atrosanguinea* var. *benthamiana* (Adr. Jussieu) J. F. Macbride, *Banisteria benthamiana* Adr. Jussieu, *Banisteria metallicolor* Adr. Jussieu, *Banisteria metallicolor* var. *aurea* Niedenzu, *Banisteria muricata* Cavanilles, *Banisteria muricata* var. *atrosanguinea* (Adr. Jussieu) J. F. Macbride, *Banisteriopsis argentea* (H.B.K.) C. Robinson, *Banisteriopsis metallicolor* (Adr. Jussieu) O'Donell & Lourteig, *Heteropterys argentea* H.B.K.
Ref. Gates, 1982: 120.
Liana, shrub or vine. Amazonian, Andean I: disturbed areas, rocky slopes, shrublands. 0-1500 m.
Voucher: Jussieu s.n.* (P-JU), Smith 4053 (MO!)
Depts.: AM, AY, CA, CU, HU, HV, JU, LO, MD, PA, PU, SM

[Banisteriopsis nigrescens (Adr. Jussieu) B. Gates]
Syn. *Banisteria nigrescens* Adr. Jussieu
Ref. Gates, 1982: 183.
Note: Not known from Peru.

Banisteriopsis nummifera (Adr. Jussieu) B. Gates
Syn. *Banisteria nummifera* Adr. Jussieu
Ref. Gates, 1982: 147.
Liana. Amazonian: terra firme forests. 0-500 m.
Note: The cited voucher was listed under *Banisteria laevifolia* in the Flora of Peru.
Voucher: Ule 6350 (G)
Depts.: LO, SM

Banisteriopsis nutans (Niedenzu) B. Gates
Syn. *Banisteria nutans* Niedenzu
Ref. FP 13(3/3) 1950: 834; Gates, 1982: 179.
Liana. Andean II: forests. 1500-2000 m.
Voucher: Poeppig 1497* (W), Schunke 9420 (MO!)
Depts.: CU, HU

[Banisteriopsis oxyclada (Adr. Jussieu) B. Gates]
Syn. *Banisteria oxyclada* Adr. Jussieu
Ref. FP 13(3/3) 1950: 835; Gates, 1982: 126.
Note: Not known from Peru. Listed under *Banisteria oxyclada* in the Flora of Peru with its inclusion there based on the cited collection by Haenke supposedly from Huánuco; no Peruvian record was cited by Gates (1982) for this taxon.

Banisteriopsis padifolia (Poeppig ex Niedenzu) B. Gates
Syn. *Banisteria padifolia* Poeppig ex Niedenzu
Ref. Gates, 1982: 137.
Liana. Andean I-II. 1000-2000 m.
Voucher: Poeppig 1288* (F), Vargas 4571 (F)
Depts.: CU, HU

Banisteriopsis parvifolia (Niedenzu) B. Gates
Syn. *Banisteria leiocarpa* var. *parvifolia* Niedenzu
Ref. Gates, 1982: 174.
Endemic liana, shrub or vine. Andean II: disturbed areas, dry valleys, shrublands. 1500-2500 m.
Voucher: Weberbauer 6063* (US), Smith & Vásquez 3420 (MO!)
Depts.: CA, HV, PI

Banisteriopsis peruviana (Niedenzu) B. Gates
Syn. *Banisteria peruviana* Niedenzu
Ref. Gates, 1982: 180.
Endemic liana. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality. The second collection cited in the Flora of Peru, *Tessmann 3106*, was redetermined as *Stigmaphyllon mathiasiae* by W. R. Anderson (1981b: 4).
Voucher: Jelski 343* (US)
Depts.: CA

[Banisteriopsis platyptera (Grisebach) Cuatrecasas]
Syn. *Banisteria platyptera* Grisebach
Ref. Gates, 1982: 194.
Note: Not known from Peru.

Banisteriopsis polygama (Niedenzu) B. Gates
Syn. *Banisteria polygama* Niedenzu
Ref. Gates, 1982: 136.
Liana or vine. Andean I-II: forests, rocky slopes, shrublands. 1000-2500 m.
Voucher: Klug 3329 (MO!)
Depts.: AM, SM

Banisteriopsis populifolia (Niedenzu) B. Gates
Syn. *Banisteria populifolia* Niedenzu
Ref. Gates, 1982: 175.
Endemic liana, shrub or vine. Andean I-II: disturbed areas, dry valleys, rocky slopes. 500-2500 m.
Voucher: Weberbauer 4794* (G), Dillon & Turner 1702 (MO!)
Depts.: AM, CA

Banisteriopsis prancei B. Gates
Ref. Gates, 1982: 116.
Native vine. Amazonian: terra firme forests. 0-500 m.
Voucher: Núñez 6007 (MO!)
Depts.: MD

Banisteriopsis pubipetala (Adr. Jussieu) Cuatrecasas
Syn. *Banisteria constricta* Grisebach, *Banisteria pubipetala* Adr. Jussieu, *Banisteria pubipetala* var. *constricta* (Grisebach) J. F. Macbride
Ref. Gates, 1982: 191.
Liana, shrub or vine. Amazonian, Andean I-II: riversides. 0-2000 m.
Voucher: Woytkowski 7259 (MO!)
Depts.: JU, SM

Banisteriopsis quitensis (Niedenzu) Morton =Banisteriopsis caapi (Spruce ex Grisebach) Morton
Ref. FP 13(3/3) 1950: 838; Gates, 1982: 112.

Banisteriopsis schunkei B. Gates
Ref. Gates, 1982: 198.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 4635* (MO!)
Depts.: SM

Banisteriopsis velutinissima B. Gates
Ref. Gates, 1982: 133.
Endemic liana or vine. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Revilla 650* (MICH), Ayala 601 (MO!)
Depts.: LO

Banisteriopsis woytkowskii B. Gates
Ref. Gates, 1982: 181.
Endemic liana. Amazonian, Andean I: terra firme forests. 0-1500 m.
Note: One of the collections cited by Gates (1982), *Schunke 306*, was cited under *Banisteria heterostyla* in the Flora of Peru.
Voucher: Woytkowski 7328* (MO!), Díaz *et al.* 788 (MO!)
Depts.: JU, LO, PA, SM

Banisteriopsis wurdackii B. Gates
Syn. *Banisteria cinerascens* var. *glabrescens* Niedenzu
Ref. Gates, 1982: 52.
Liana or vine. Amazonian: disturbed areas, riversides, terra firme forests. 0-500 m.
Voucher: Huashikat 1011 (MO!)
Depts.: AM, LO, MD, SM

Bunchosia angustifolia Adr. Jussieu =Bunchosia armeniaca (Cavanilles) DC.
Ref. FP 13(3/3) 1950: 919; Cuatrecasas, 1958: 587.

Bunchosia argentea (Jacquin) DC.
Syn. *Malpighia argentea* Jacquin
Ref. Cuatrecasas, 1958: 580.
Shrub or tree. Amazonian, Andean I-II: terra firme forests. 0-2000 m.
Voucher: Vásquez & Jaramillo 4095 (MO!)
Depts.: LO, PA

Bunchosia armeniaca (Cavanilles) DC.
Syn. *Bunchosia angustifolia* Adr. Jussieu, *Byrsonima nitida* R. & P. ex G. Don, *Malpighia armeniaca* Cavanilles
Ref. FP 13(3/3) 1950: 857; Cuatrecasas, 1958: 587.
Shrub or tree. Amazonian, Andean I-II: riversides, terra firme forests. 0-3000 m.

Voucher: Dombey s.n.* (MA), Terborgh 6122 (MO!)
Depts.: AM, AY, CA, HU, JU, LI, LO, MD, SM

Bunchosia berlinii W. R. Anderson
Ref. W. R. Anderson, 1987: 61.
Endemic tree. Amazonian: forests, terra firme forests. 0-500 m.
Voucher: Berlin 1777* (MICH), Kayap 289 (MO!)
Depts.: AM

Bunchosia bonplandiana Adr. Jussieu
Ref. W. R. Anderson, 1987: 63.
Shrub. Andean II: cloud forests. 2000-2500 m.
Voucher: Hutchison & Wright 4032 (MICH)
Depts.: AM

Bunchosia decussiflora W. R. Anderson
Ref. W. R. Anderson, 1981a: 279.
Tree. Amazonian: forests, riversides. 0-500 m.
Note: Cited voucher is questionably determined.
Voucher: Gentry *et al.* 21846 (MO!)
Depts.: LO

Bunchosia elliptica Todaro
Ref. FP 13(3/3) 1950: 858; Cuatrecasas, 1958: 584.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Cuatrecasas (1958) indicates that this species, described from a cultivated plant, may represent only a form of *B. hookeriana*.
Voucher: Croat 18505 (MO!)
Depts.: LO

[*Bunchosia fluminensis* fo. *systyla* Niedenzu =Bunchosia systyla (Niedenzu) Dobson]
Ref. Dobson, 1983: 275.
Note: Not known from Peru.

[*Bunchosia fluminensis* Grisebach =Bunchosia maritima (Vell. Conc.) J. F. Macbride]
Ref. FP 13(3/3) 1950: 860; Dobson, 1976: 157.
Note: Not known from Peru.

Bunchosia glandulifera (Jacquin) H.B.K.
Syn. *Malpighia glandulifera* Jacquin
Ref. Cuatrecasas, 1958: 582; W. R. Anderson, 1981a: 278.
Cultivated tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Fosberg 28994 (MO!)
Depts.: LO, MD

[Bunchosia glandulosa (Cavanilles) DC.]
Syn. *Malpighia glandulosa* Cavanilles
Ref. FP 13(3/3) 1950: 858; W. R. Anderson, 1988: 600.
Note: Not known from Peru.

Bunchosia hookeriana Adr. Jussieu
Ref. FP 13(3/3) 1950: 858; Cuatrecasas, 1958: 583; W. R. Anderson, 1981a: 279.
Shrub. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Mathews s.n.* (K), Solomon 3430 (MO!)
Depts.: AM, HU, LO, MD, SM

[*Bunchosia lanceolata* Turczaninow fo. *leiocarpa* Niedenzu =Bunchosia lindeniana Adr. Jussieu]
Ref. FP 13(3/3) 1950: 859; Dobson, 1976: 106; W. R. Anderson, pers. comm.
Note: Not known from Peru.

[Bunchosia lindeniana Adr. Jussieu]
Syn. *Bunchosia lanceolata* fo. *leiocarpa* Niedenzu
Ref. FP 13(3/3) 1950: 860; Dobson, 1976: 106; W. R. Anderson, pers. comm.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Raimondi s.n.*, was misidentified.

[Bunchosia maritima (Vell. Conc.) J. F. Macbride]
Syn. *Bunchosia fluminensis* Grisebach, *Malpighia maritima* Vell. Conc.
Ref. FP 13(3/3) 1950: 860; Cuatrecasas, 1958: 584; Dobson, 1976: 157.
Note: Not known from Peru.

[Bunchosia media (Aiton) DC.]
Syn. *Malpighia media* Aiton
Ref. FP 13(3/3) 1950: 861; W. R. Anderson, 1988: 602.
Note: Not known from Peru.

Bunchosia plowmanii W. R. Anderson
Ref. W. R. Anderson, 1987: 66.
Shrub or treelet. Andean I, Coastal: disturbed areas, dry valleys, forests. 0-1500 m.
Voucher: Plowman 5442* (MICH), Hutchison & Wright 3437 (F)
Depts.: LA, TU

Bunchosia squarrosa Grisebach =Tetrapterys styloptera Adr. Jussieu
Ref. W. R. Anderson, 1981a: 256.

[Bunchosia systyla (Niedenzu) Dobson]
Syn. *Bunchosia fluminensis* fo. *systyla* Niedenzu
Ref. Dobson, 1983: 275.
Note: Not known from Peru. The Flora of Peru mentions the forma listed here in synonymy under *B. maritima*. The species is expected in Peru.

Burdachia prismatocarpa C. Martius ex Adr. Jussieu var. **loretoensis** W. R. Anderson
Ref. FP 13(3/3) 1950: 871; W. R. Anderson, 1981a: 143.
Tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Woytkowski 5146* (MO!), Vásquez & Jaramillo 1094 (MO!)
Depts.: LO

[*Byrsonima amazonica* Grisebach =Byrsonima densa (Poiret) DC.]
Ref. FP 13(3/3) 1950: 867; Anderson, 1981a: 106.
Note: Not known from Peru.

Byrsonima arthropoda Adr. Jussieu
Ref. FP 13(3/3) 1950: 864; W. R. Anderson, 1981a: 87.
Shrub or tree. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Poeppig 2214* (G), Barbour 5674 (MO!)
Depts.: AM, LO, MD

Byrsonima chrysophylla H.B.K.
Syn. *Byrsonima peruviana* Adr. Jussieu, *Byrsonima peruviana* var. *eglandulosa* Adr. Jussieu
Ref. FP 13(3/3) 1950: 864; W. R. Anderson, 1981a: 94.
Tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Woytkowski 6108 (MO!)
Depts.: JU, LO, SM

Byrsonima coccolobifolia H.B.K.
Ref. FP 13(3/3) 1950: 864; Cuatrecasas, 1958: 618; W. R. Anderson, 1981a: 97.
Shrub or tree. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 4596 (F)
Depts.: SM

[Byrsonima coriacea (Swartz) DC.]
Syn. *Malpighia coriacea* Swartz
Ref. FP 13(3/3) 1950: 865; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Byrsonima coriacea var. *spicata* (Cavanilles) Niedenzu =Byrsonima spicata (Cavanilles) H.B.K.
Ref. FP 13(3/3) 1950: 866; Cuatrecasas, 1958: 602; W. R. Anderson, 1981a: 95.

Byrsonima cowanii W. R. Anderson
Ref. W. R. Anderson, 1981a: 123.
Tree. Amazonian: forests, terra firme forests. 0-500 m.
Note: Specimen cited is questionably determined.
Voucher: Vásquez *et al.* 6198 (MO!)
Depts.: LO

[Byrsonima crassifolia (L.) H.B.K. var. crassifolia]
Syn. *Malpighia crassifolia* L.
Ref. FP 13(3/3) 1950: 866; Cuatrecasas, 1958: 607; W. R. Anderson, 1981a: 91.
Note: Not known from Peru.

Byrsonima crassifolia var. **peruviana** Niedenzu
Ref. FP 13(3/3) 1950: 867.
Endemic shrub or tree. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1107* (B)
Depts.: PU

Byrsonima crispa Adr. Jussieu
Ref. W. R. Anderson, 1981a: 89.

Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Hartshorn 1718 (MO!)
Depts.: LO

[Byrsonima densa (Poiret) DC.]
Syn. *Byrsonima amazonica* Grisebach, *Malpighia densa* Poiret
Ref. FP 13(3/3) 1950: 867; W. R. Anderson, 1981a: 106; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Byrsonima fluminensis Niedenzu =Byrsonima japurensis Adr. Jussieu
Ref. FP 13(3/3) 1950: 868; W. R. Anderson, 1981a: 100.

Byrsonima japurensis Adr. Jussieu
Syn. *Byrsonima fluminensis* Niedenzu, *Byrsonima japurensis* subsp. *fluminensis* (Niedenzu) Cuatrecasas
Ref. W. R. Anderson, 1981a: 100.
Tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Díaz *et al.* 2489 (MO!)
Depts.: LO, SM, UC

Byrsonima japurensis subsp. *fluminensis* (Niedenzu) Cuatrecasas =Byrsonima japurensis Adr. Jussieu
Ref. Cuatrecasas, 1958: 627; W. R. Anderson, 1981a: 100.

[Byrsonima laxiflora Grisebach]
Ref. FP 13(3/3) 1950: 868; W. R. Anderson, pers. comm.
Note: Not known from Peru. The three collections cited in the Flora of Peru have not yet been redetermined, but the type is from Minas Gerais, Brazil, so this species is not expected in Peru.

Byrsonima nitida R. & P. ex G. Don =Bunchosia armeniaca (Cavanilles) DC.
Ref. FP 13(3/3) 1950: 857.

Byrsonima peruviana Adr. Jussieu =Byrsonima chrysophylla H.B.K.
Ref. FP 13(3/3) 1950: 864.

Byrsonima peruviana var. *eglandulosa* Adr. Jussieu =Byrsonima chrysophylla H.B.K.
Ref. FP 13(3/3) 1950: 864.

[*Byrsonima phlomoides* (Sprengel) G. Don =Tetrapterys phlomoides (Sprengel) Niedenzu]
Ref. FP 13(3/3) 1950: 808.
Note: Not known from Peru.

Byrsonima poeppigiana Adr. Jussieu
Ref. FP 13(3/3) 1950: 869; W. R. Anderson, 1981a: 85.
Tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Revilla 309 (MO!)
Depts.: LO, MD, SM, UC

Byrsonima poeppigiana var. *velutina* Niedenzu =Byrsonima schunkei W. R. Anderson
Ref. FP 13(3/3) 1950: 869; W. R. Anderson, 1982: 101.

Byrsonima putumayensis Cuatrecasas
Ref. Cuatrecasas, 1958: 601.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Díaz & Jaramillo 1389 (MO!)
Depts.: LO

Byrsonima schunkei W. R. Anderson
Syn. *Byrsonima poeppigiana* var. *velutina* Niedenzu
Ref. W. R. Anderson, 1982: 101.
Shrub or tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Schunke 3929* (MO!), Vásquez & Jaramillo 2469 (MO!)
Depts.: LO, SM

[Byrsonima sericea DC.]
Ref. FP 13(3/3) 1950: 869; Cuatrecasas, 1958: 601.
Note: Not known from Peru.

Byrsonima spicata (Cavanilles) H.B.K.
Syn. *Byrsonima coriacea* var. *spicata* (Cavanilles) Niedenzu, *Malpighia spicata* Cavanilles
Ref. Cuatrecasas, 1958: 602; W. R. Anderson, 1981a: 95.
Shrub or tree. Amazonian, Andean I: forests, rocky slopes, terra firme forests. 0-1500 m.
Voucher: Klug 2233 (MO!)
Depts.: JU, LO, SM

Byrsonima stipulina J. F. Macbride
Ref. FP 13(3/3) 1950: 870.
Tree. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Klug 1041* (US), Croat 20066 (MO!)
Depts.: LO

Callaeum antifebrile (Grisebach) D. M. Johnson
Syn. *Banisteria antifebrilis* Grisebach, *Mascagnia psilophylla* fo. *peruviana* Niedenzu, *Mascagnia psilophylla* var. *antifebrilis* (Grisebach) Niedenzu
Ref. D. M. Johnson, 1986: 349.
Cultivated liana, shrub or vine. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F), Mexia 6330 (MO!)
Depts.: AM, HU, LI, LO, MD, SM, UC

[Callaeum psilophyllum (Adr. Jussieu) D. M. Johnson]
Syn. *Hiraea psilophylla* Adr. Jussieu, *Mascagnia psilophylla* (Adr. Jussieu) Grisebach
Ref. D. M. Johnson, 1986: 351.
Note: Not known from Peru.

Callaeum reticulatum D. M. Johnson
Ref. D. M. Johnson, 1986: 348.
Liana or vine. Andean I, Coastal: forests, riversides, rocky slopes. 500-1500 m.
Voucher: Hutchison & Wright 3387* (MO!), Woytkowski 5664 (MO!)
Depts.: CA, LA, PI

[Dicella conwayi Rusby]
Ref. W. R. Anderson, 1975: 280; Chase, 1981: 169.
Note: Not known from Peru. Peruvian material treated under this name by W. R. Anderson (1975) was redetermined as *D. julianii* by Chase (1981).

Dicella julianii (J. F. Macbride) W. R. Anderson
Syn. *Tetrapterys julianii* J. F. Macbride
Ref. Chase, 1981: 168.
Liana or vine. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Klug 347* (US), Schunke 9985 (MO!)
Depts.: HU, JU, LO, MD

[Dicella macroptera Adr. Jussieu]
Syn. *Thryallis macroptera* C. Martius
Ref. FP 13(3/3) 1950: 862; Chase, 1981: 168.
Note: Not known from Peru. The specimen cited under this name in the Flora of Peru, *Killip & Smith 25241*, was redetermined by Chase (1981) as *D. julianii*. This collection and some other Peruvian collections had earlier been considered under *D. conwayi* by W. R. Anderson (1975).

Diplopterys cabrerana (Cuatrecasas) B. Gates
Syn. *Banisteriopsis cabrerana* Cuatrecasas
Ref. Gates, 1982: 211.
Liana or vine. Amazonian: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Revilla 1100 (MO!)
Depts.: LO, SM

Diplopterys includens (Bentham) Niedenzu =Mezia includens (Bentham) Cuatrecasas
Ref. FP 13(3/3) 1950: 811; Cuatrecasas, 1958: 450; W. R. Anderson, 1981a: 233.

Diplopterys involuta (Turczaninow) Niedenzu =Mezia includens (Bentham) Cuatrecasas
Ref. FP 13(3/3) 1950: 811; Cuatrecasas, 1958: 450; W. R. Anderson, 1981a: 233.

Diplopterys uleana Niedenzu =Jubelina uleana (Niedenzu) Cuatrecasas
Ref. FP 13(3/3) 1950: 812; W. R. Anderson, 1990a: 26.

Ectopopterys soejartoi W. R. Anderson
Ref. W. R. Anderson, 1980a: 11.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Wurdack 2356 (US)
Depts.: LO

[Galphimia glauca Cavanilles]
Syn. *Thryallis glauca* (Cavanilles) Kuntze
Ref. FP 13(3/3) 1950: 851; Cuatrecasas, 1958: 550.
Note: Not known from Peru.

Galphimia gracilis Bartling
Syn. *Thryallis gracilis* (Bartling) Kuntze
Ref. FP 13(3/3) 1950: 851; Cuatrecasas, 1958: 550.
Cultivated and introduced shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Note: Treated as a synonym of *G. glauca* in the Flora of Peru.
Voucher: Williams 5941 (F)
Depts.: LO, SM

[*Galphimia longifolia* H.B.K. =Lophanthera longifolia (H.B.K.) Grisebach]
Ref. FP 13(3/3) 1950: 852; Cuatrecasas, 1958: 555.
Note: Not known from Peru.

Heteropterys actinoctenia W. R. Anderson
Ref. W. R. Anderson, 1982: 116.
Endemic liana or vine. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Gentry & Jaramillo 22302* (MO!)
Depts.: LO

Heteropterys acutifolia Adr. Jussieu =Heteropterys orinocensis (H.B.K.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 819; W. R. Anderson, 1981a: 200.

Heteropterys anomala Adr. Jussieu var. *aurea* Niedenzu =Heteropterys aureo-sericea Cuatrecasas
Ref. FP 13(3/3) 1950: 814; W. R. Anderson, pers. comm.

[Heteropterys anoptera Adr. Jussieu]
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, 1981a: 188; W. R. Anderson, pers. comm.
Note: Not known from Peru. Listed as a synonym of *H. nervosa* in the Flora of Peru. The type of this species is from Minas Gerais, Brazil, and it is doubtful whether this species is to be found in Peru.

Heteropterys argentea H.B.K. =Banisteriopsis muricata (Cavanilles) Cuatrecasas
Ref. FP 13(3/3) 1950: 832; Gates, 1982: 120.

Heteropterys aureo-sericea Cuatrecasas
Syn. *Heteropterys anomala* var. *aurea* Niedenzu
Ref. Cuatrecasas, 1958: 468; W. R. Anderson, pers. comm.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Klug 2053* (MO!), Tessmann 4511 (B, destroyed)
Depts.: LO, SM

Heteropterys beecheyana Adr. Jussieu =Heteropterys brachiata (L.) H.B.K.
Ref. FP 13(3/3) 1950: 815; W. R. Anderson, pers. comm.

Heteropterys brachiata (L.) H.B.K.
Syn. *Banisteria beecheyana* (Adr. Jussieu) C. Robinson, *Banisteria brachiata* L., *Banisteria tomentosa* Schlechtendal, nom. illeg., *Heteropterys beecheyana* Adr. Jussieu, *Heteropterys tomentosa* (Schlechtendal) Hooker & Arnott
Ref. W. R. Anderson, pers. comm.
Liana. Andean I-II: forests, rocky slopes, shrublands. 1000-2500 m.
Voucher: Woytkowski 7980 (MO!)
Depts.: AM, CA, HU, JU

[*Heteropterys candolleana* Adr. Jussieu =Heteropterys macradena (DC.) W. R. Anderson]
Ref. W. R. Anderson, 1981a: 202.
Note: Not known from Peru.

Heteropterys castanea Cuatrecasas =Mascagnia castanea (Cuatrecasas) W. R. Anderson
Ref. W. R. Anderson, 1981a: 218.

[Heteropterys catingarum Adr. Jussieu]
Ref. FP 13(3/3) 1950: 815; W. R. Anderson, pers. comm.
Note: Not known from Peru. The collection cited in the Flora of Peru (*Bües s.n.*) has not been redetermined.

[*Heteropterys cornifolia* H.B.K. =Banisteriopsis cornifolia (H.B.K.) C. Robinson]
Ref. FP 13(3/3) 1950: 826; Gates, 1982: 41.
Note: Not known from Peru.

[Heteropterys cristata Bentham]
Ref. FP 13(3/3) 1950: 816.
Note: Not known from Peru. The Peruvian specimen cited in the Flora of Peru, *Klug 2153*, is the type of *H. floridana* (1958). *Heteropterys cristata* and *H. floridana* "are very close and *H. floridana* may not stand" (W. R. Anderson, pers. comm.).

Heteropterys floridana Cuatrecasas
Ref. Cuatrecasas, 1958: 470.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality; see note under *H. cristata*.
Voucher: Klug 2153* (US)
Depts.: LO

Heteropterys fulva Cuatrecasas
Ref. Cuatrecasas, 1959: 166.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schultes 6226* (US), Klug 4328 (MO!)
Depts.: MD, SM

Heteropterys grandiflora Adr. Jussieu
Ref. FP 13(3/3) 1950: 817.
Liana. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: The determination of *Tessmann 5135* as representing this species of eastern Brazil is doubtful (W. R. Anderson, pers. comm.).
Voucher: Tessmann 5135 (B)
Depts.: LO

Heteropterys laurifolia (L.) Adr. Jussieu
Syn. *Banisteria laurifolia* L.
Ref. Cuatrecasas, 1958: 478.
Tree. Amazonian, Andean I: riversides, rocky slopes. 0-1500 m.
Voucher: Smith 2814 (MO!)
Depts.: JU, LO

[*Heteropterys lessertiana* Adr. Jussieu =Heteropterys macradena (DC.) W. R. Anderson]
Ref. W. R. Anderson, 1981a: 202.
Note: Not known from Peru.

[Heteropterys macradena (DC.) W. R. Anderson]
Syn. *Banisteria macradena* DC., *Banisteria nervosa* var. *candolleana* (Adr. Jussieu) Niedenzu ex R. O. Williams, *Banisteria nervosa* var. *lessertiana* (Adr. Jussieu) Grisebach ex R. O. Williams, *Banisteria suberosa* var. *candolleana* (Adr. Jussieu) Morton, *Heteropterys candolleana* Adr. Jussieu, *Heteropterys lessertiana* Adr. Jussieu
Ref. W. R. Anderson, 1981a: 202; W. R. Anderson, pers. comm.
Note: Not known from Peru. Some of the synonyms listed here were placed under *H. nervosa* in the Flora of Peru.

Heteropterys macrostachya Adr. Jussieu
Ref. FP 13(3/3) 1950: 817; W. R. Anderson, 1981a: 185.
Liana. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Belshaw 3520 (MO!)
Depts.: CU, LO, SM

Heteropterys magnifica W. R. Anderson
Ref. W. R. Anderson, 1990b: 45.
Endemic liana. Amazonian: forests, terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Gentry *et al.* 60928* (MICH)
Depts.: LO

Heteropterys mathewsana Adr. Jussieu
Ref. FP 13(3/3) 1950: 819; W. R. Anderson, pers. comm.
Liana or vine. Andean I: forests. 500-1000 m.
Note: Listed as a synonym of *H. orinocensis* in the Flora of Peru.
Voucher: Mathews 1465* (K), Spruce s.n.[in 1855-56] (K)
Depts.: SM

Heteropterys nervosa Adr. Jussieu
Syn. *Banisteria nervosa* (Adr. Jussieu) R. O. Williams, *Heteropterys suberosa* Willdenow ex Grisebach
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, 1981a: 187.
Liana or treelet. Amazonian: forests, riversides. 0-500 m.
Voucher: Woytkowski 5173 (MO!)
Depts.: JU, LO, SM

Heteropterys orinocensis (H.B.K.) Adr. Jussieu
Syn. *Banisteria orinocensis* H.B.K., *Heteropterys acutifolia* Adr. Jussieu
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, 1981a: 200.
Liana or vine. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 1074 (MO!)
Depts.: JU, LO, SM

Heteropterys riparia Cuatrecasas
Ref. W. R. Anderson, 1981a: 195.
Liana or vine. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Ramírez 17 (MO!)
Depts.: LO

Heteropterys spectabilis Adr. Jussieu =Heteropterys tomentosa Adr. Jussieu
Ref. FP 13(3/3) 1950: 819; Cuatrecasas, 1958: 467.

Heteropterys suberosa Willdenow ex Grisebach =Heteropterys nervosa Adr. Jussieu
Ref. FP 13(3/3) 1950: 818; W. R. Anderson, 1981a: 187.

Heteropterys tomentosa (Schlechtendal) Hooker & Arnott =Heteropterys brachiata (L.) H.B.K.
Ref. FP 13(3/3) 1950: 815; W. R. Anderson, pers. comm.

Heteropterys tomentosa Adr. Jussieu
Syn. *Heteropterys spectabilis* Adr. Jussieu
Ref. FP 13(3/3) 1950: 819; Cuatrecasas, 1958: 467.
Liana. Andean I-II: forests. 1000-2500 m.
Voucher: Woytkowski 34062 (F)
Depts.: HU, JU

[Heteropterys transiens Niedenzu]
Ref. FP 13(3/3) 1950: 820.
Note: Not known from Peru. The collection cited in the Flora of Peru, *Tessmann 4721*, has been redetermined as *H. uribei* (W. R. Anderson, pers. comm.).

Heteropterys uribei Cuatrecasas
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Tessmann 4721 (B, destroyed)
Depts.: AM

Hiraea anisopetala Adr. Jussieu =Mascagnia anisopetala (Adr. Jussieu) Grisebach
Ref. FP 13(3/3) 1950: 785.

Hiraea bahiensis Moricand =Hiraea fagifolia (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 794; W. R. Anderson, pers. comm.

Hiraea blanchetiana Moricand =Hiraea fagifolia (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 796.

[*Hiraea cordifolia* Adr. Jussieu =Mascagnia cordifolia (Adr. Jussieu) Grisebach]
Ref. FP 13(3/3) 1950: 786.
Note: Not known from Peru.

Hiraea crassipes Adr. Jussieu
Ref. FP 13(3/3) 1950: 795.
Liana. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Poeppig 1787* (P), Spruce 4600 (K)
Depts.: HU, JU, LO, SM

Hiraea divaricata H.B.K. =Mascagnia divaricata (H.B.K.) Niedenzu
Ref. Cuatrecasas, 1958: 368; W. R. Anderson, pers. comm.

Hiraea elegans Adr. Jussieu =Mascagnia divaricata (H.B.K.) Niedenzu
Ref. FP 13(3/3) 1950: 789; W. R. Anderson, pers. comm.

Hiraea fagifolia (DC.) Adr. Jussieu
Syn. *Banisteria fagifolia* DC., *Hiraea bahiensis* Moricand, *Hiraea blanchetiana* Moricand, *Hiraea fagifolia* var. *candolleana* Niedenzu
Ref. FP 13(3/3) 1950: 796; Cuatrecasas, 1958: 405; Gates, 1982: 205; W. R. Anderson, pers. comm.
Liana, shrub or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Revilla 811 (MO!)
Depts.: LO, MD, SM

Hiraea fagifolia var. *candolleana* Niedenzu =Hiraea fagifolia (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 796.

Hiraea klugii Cuatrecasas
Ref. Cuatrecasas, 1958: 398.
Liana. Amazonian: forests, riversides. 0-500 m.
Note: The type of this species, *Klug 1609* from Río Putumayo, Colombia, was cited under *H. crassipes* in the Flora of Peru.
Voucher: Mexia 6138 (MO!)
Depts.: LO

Hiraea kunthiana Adr. Jussieu, nom. superfl. =Hiraea reclinata Jacquin
Ref. FP 13(3/3) 1950: 796; Cuatrecasas, 1958: 406.

[*Hiraea macrodisca* Triana & Planchon =Mascagnia macrodisca (Triana & Planchon) Niedenzu]
Ref. FP 13(3/3) 1950: 788; W. R. Anderson, 1981a: 212.
Note: Not known from Peru.

Hiraea obovata (H.B.K.) Niedenzu, nom. illeg. =Hiraea reclinata Jacquin
Ref. FP 13(3/3) 1950: 796; Cuatrecasas, 1958: 406.

[*Hiraea ovatifolia* H.B.K. =Mascagnia ovatifolia (H.B.K.) Grisebach]
Ref. FP 13(3/3) 1950: 789; Cuatrecasas, 1958: 368.
Note: Not known from Peru.

Hiraea poeppigiana Adr. Jussieu =Mascagnia poeppigiana (Adr. Jussieu) W. R. Anderson
Ref. FP 13(3/3) 1950: 809; W. R. Anderson, 1981a: 219.

[*Hiraea psilophylla* Adr. Jussieu =Callaeum psilophyllum (Adr. Jussieu) D. M. Johnson]
Ref. FP 13(3/3) 1950: 790; D. M. Johnson, 1986: 351.
Note: Not known from Peru.

Hiraea pubiflora Adr. Jussieu =Mascagnia pubiflora (Adr. Jussieu) Grisebach
Ref. FP 13(3/3) 1950: 791.

Hiraea reclinata Jacquin
Syn. *Hiraea kunthiana* Adr. Jussieu, nom. superfl., *Hiraea obovata* (H.B.K.) Niedenzu, nom. illeg., *Hiraea transiens* Niedenzu, *Malpighia obovata* H.B.K., *Triopterys reclinata* (Jacquin) Cavanilles
Ref. Cuatrecasas, 1958: 405.
Liana. Amazonian: forests. 0-500 m.
Voucher: Klug 737 (F)
Depts.: LO

Hiraea rigida Adr. Jussieu =Mascagnia rigida (Adr. Jussieu) Grisebach
Ref. FP 13(3/3) 1950: 791.

Hiraea sepium Adr. Jussieu =Mascagnia sepium (Adr. Jussieu) Grisebach
Ref. FP 13(3/3) 1950: 792; W. R. Anderson, 1981a: 221.

Hiraea spruceana Niedenzu var. **mortoniana** J. F. Macbride
Ref. FP 13(3/3) 1950: 797.
Liana. Andean I: terra firme forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3332* (F)
Depts.: WD

Hiraea ternifolia var. **peruviana** J. F. Macbride
Ref. FP 13(3/3) 1950: 798.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3801* (F)
Depts.: SM

[Hiraea ternifolia (H.B.K.) Adr. Jussieu var. ternifolia]
Syn. *Malpighia ternifolia* H.B.K.
Ref. FP 13(3/3) 1950: 798; Cuatrecasas, 1958: 399.
Note: Not known from Peru.

Hiraea transiens Niedenzu =Hiraea reclinata Jacquin
Ref. FP 13(3/3) 1950: 798; Cuatrecasas, 1958: 406.

Hiraea villosa Poeppig ex Niedenzu
Ref. FP 13(3/3) 1950: 799.
Liana. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Poeppig 1668* (W), Schunke 8131 (MO!)
Depts.: SM

Jubelina uleana (Niedenzu) Cuatrecasas
Syn. *Diplopterys uleana* Niedenzu
Ref. W. R. Anderson, 1990a: 26.
Liana or vine. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Spruce 4950* (C), Huashikat 1199 (MO!)
Depts.: AM, LO, SM

[Lophanthera longifolia (H.B.K.) Grisebach]
Syn. *Galphimia longifolia* H.B.K.
Ref. FP 13(3/3) 1950: 852; Cuatrecasas, 1958: 555.
Note: Not known from Peru.

Lophopterys inpana W. R. Anderson
Ref. W. R. Anderson, 1990: 46.
Liana or shrub. Andean I: forests. 500-1000 m.
Voucher: Morawetz & Wallnöfer 13-28888 (MICH)
Depts.: HU

Malpighia argentea Jacquin =Bunchosia argentea (Jacquin) DC.
Ref. Cuatrecasas, 1958: 580.

Malpighia armeniaca Cavanilles =Bunchosia armeniaca (Cavanilles) DC.
Ref. FP 13(3/3) 1950: 857; Cuatrecasas, 1958: 587.

Malpighia coccigera L.
Cultivated and introduced shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Croat 18418 (MO!)
Depts.: LO

[*Malpighia coriacea* Swartz =Byrsonima coriacea (Swartz) DC.]
Ref. FP 13(3/3) 1950: 865.
Note: Not known from Peru.

[*Malpighia crassifolia* L. =Byrsonima crassifolia var. crassifolia]
Ref. FP 13(3/3) 1950: 866; Cuatrecasas, 1958: 607; W. R. Anderson, 1981a: 91.
Note: Not known from Peru.

[*Malpighia densa* Poiret =Byrsonima densa (Poiret) DC.]
Ref. FP 13(3/3) 1950: 867.
Note: Not known from Peru.

Malpighia emarginata Sessé & Moçiño ex DC.
Ref. Vivaldi, 1981: 903.
Cultivated and introduced shrub or tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Schunke 7868 (MO!)
Depts.: SM

Malpighia glabra L.
Syn. *Malpighia lucida* Pavón ex Adr. Jussieu, nom. illeg., *Malpighia peruviana* Moricand, *Malpighia punicifolia* L.
Ref. FP 13(3/3) 1950: 853; Vivaldi, 1979: 128; Vivaldi, 1981: 904.
Cultivated and introduced shrub or tree. Amazonian, Andean I, Coastal. 0-1000 m.
Voucher: Dillon & Dillon 3902 (MO!)
Depts.: CA, LO, MO, SM

Malpighia glandulifera Jacquin =Bunchosia glandulifera (Jacquin) H.B.K.
Ref. Cuatrecasas, 1958: 582; W. R. Anderson, 1981a: 278.

[*Malpighia glandulosa* Cavanilles =Bunchosia glandulosa (Cavanilles) DC.]
Ref. FP 13(3/3) 1950: 858.
Note: Not known from Peru.

Malpighia lucida Pavón ex Adr. Jussieu, nom. illeg. =Malpighia glabra L.
Ref. FP 13(3/3) 1950: 853; Vivaldi, 1981: 905.

[*Malpighia maritima* Vell. Conc. =Bunchosia maritima (Vell. Conc.) J. F. Macbride]
Ref. FP 13(3/3) 1950: 860; Dobson, 1976: 157.
Note: Not known from Peru.

[*Malpighia media* Aiton =Bunchosia media (Aiton) DC.]
Ref. FP 13(3/3) 1950: 861.
Note: Not known from Peru.

[Malpighia mexicana Adr. Jussieu]
Syn. *Malpighia tomentosa* Pavón ex Moricand
Ref. Vivaldi, 1979: 157.
Note: Not known from Peru.

Malpighia obovata H.B.K. =Hiraea reclinata Jacquin
Ref. FP 13(3/3) 1950: 796; Cuatrecasas, 1958: 406.

Malpighia peruviana Moricand =Malpighia glabra L.
Ref. FP 13(3/3) 1950: 853; Vivaldi, 1981: 904.

[*Malpighia phlomoides* Sprengel =Tetrapterys phlomoides (Sprengel) Niedenzu]
Ref. FP 13(3/3) 1950: 808.
Note: Not known from Peru.

Malpighia punicifolia L. =Malpighia glabra L.
Ref. FP 13(3/3) 1950: 854; Vivaldi, 1979: 130.

Malpighia spicata Cavanilles =Byrsonima spicata (Cavanilles) H.B.K.
Ref. Cuatrecasas, 1958: 602; W. R. Anderson, 1981a: 95.

[*Malpighia ternifolia* H.B.K. =Hiraea ternifolia var. ternifolia]
Ref. FP 13(3/3) 1950: 798.
Note: Not known from Peru.

[*Malpighia tomentosa* Pavón ex Moricand =Malpighia mexicana Adr. Jussieu]
Ref. FP 13(3/3) 1950: 855; Vivaldi, 1979: 158.
Note: Not known from Peru. The specimen upon which this species was based was claimed by Moricand to have been collected by Pavón in Peru, but Vivaldi (1979) says that it was "certainly collected in Mexico by Sessé & Moçiño."

Malpighiodes benthamiana (Grisebach) Niedenzu =Mascagnia benthamiana (Grisebach) W. R. Anderson
Ref. W. R. Anderson, 1981a: 217.

[Mascagnia amazonica Niedenzu]
Ref. FP 13(3/3) 1950: 785.
Note: Not known from Peru.

[*Mascagnia americana* Bertero, nom. superfl. =Mascagnia macradena (DC.) Niedenzu]
Ref. FP 13(3/3) 1950: 785; W. R. Anderson, pers. comm.
Note: Not known from Peru. The collection cited questionably under this name in the Flora of Peru, *Weberbauer 6353*, is the type collection of *M. peruviana*.

Mascagnia anisopetala (Adr. Jussieu) Grisebach
Syn. *Hiraea anisopetala* Adr. Jussieu
Ref. FP 13(3/3) 1950: 785.
Liana or vine. Amazonian: terra firme forests. 0-500 m.
Voucher: Berlin 332 (MO!)
Depts.: AM, SM

[*Mascagnia anisopetala* var. *macrodisca* (Triana & Planchon) Kostermans =Mascagnia macrodisca (Triana & Planchon) Niedenzu]
Ref. FP 13(3/3) 1950: 788; W. R. Anderson, 1981a: 212.
Note: Not known from Peru.

Mascagnia benthamiana (Grisebach) W. R. Anderson
Syn. *Malpighiodes benthamiana* (Grisebach) Niedenzu, *Mascagnia sericans* Niedenzu, *Tetrapterys benthamiana* Grisebach
Ref. W. R. Anderson, 1981a: 217.
Liana. Amazonian: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Núñez 5832 (MO!)
Depts.: AM, LO, MD, SM

Mascagnia castanea (Cuatrecasas) W. R. Anderson
Syn. *Heteropterys castanea* Cuatrecasas
Ref. W. R. Anderson, 1981a: 218.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Díaz & Jaramillo 233 (MO!)
Depts.: LO

[Mascagnia cordifolia (Adr. Jussieu) Grisebach]
Syn. *Hiraea cordifolia* Adr. Jussieu
Ref. FP 13(3/3) 1950: 786.
Note: Not known from Peru.

Mascagnia cordifolia var. *peruviana* J. F. Macbride =Mascagnia schunkei W. R. Anderson
Ref. FP 13(3/3) 1950: 786; W. R. Anderson, pers. comm.

Mascagnia dissimilis Morton & Moldenke
Ref. W. R. Anderson, 1981a: 225.
Liana. Amazonian: terra firme forests. 0-500 m.
Note: W. R. Anderson (1981a) indicates that *M. filipes* may prove to be a synonym of this species.
Voucher: Gentry *et al.* 25391 (MO!)
Depts.: LO, UC

Mascagnia divaricata (H.B.K.) Niedenzu
Syn. *Hiraea divaricata* H.B.K., *Hiraea elegans* Adr. Jussieu, *Mascagnia elegans* (Adr. Jussieu) Grisebach
Ref. W. R. Anderson, pers. comm.
Liana or vine. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Foster 9609 (MO!)
Depts.: JU, MD, PA, SM

Mascagnia eggersiana (Niedenzu) W. R. Anderson
Syn. *Mascagnia tenuifolia* var. *eggersiana* Niedenzu
Ref. W. R. Anderson, 1981a: 224.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Schunke 3822 (MO!)
Depts.: LO, SM

Mascagnia elegans (Adr. Jussieu) Grisebach =Mascagnia divaricata (H.B.K.) Niedenzu
Ref. FP 13(3/3) 1950: 789; Cuatrecasas, 1958: 368; W. R. Anderson, pers. comm.

Mascagnia filipes J. F. Macbride
Ref. FP 13(3/3) 1950: 787; W. R. Anderson, 1981a: 226.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality. Possibly conspecific with *M. dissimilis* (W. R. Anderson, 1981a).
Voucher: Klug 815* (US)
Depts.: LO

Mascagnia glandulifera Cuatrecasas
Ref. Cuatrecasas, 1958: 365; W. R. Anderson, 1981a: 211.
Liana. Amazonian: forests. 0-500 m.
Voucher: Revilla 1748 (MO!)
Depts.: LO

Mascagnia loretensis Morton
Ref. FP 13(3/3) 1950: 787.
Liana. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Klug 907* (F), Woytkowski 5159 (MO!)
Depts.: LO

[Mascagnia macradena (DC.) Niedenzu]
Syn. *Mascagnia americana* Bertero
Ref. FP 13(3/3) 1950: 785; W. R. Anderson, pers. comm.
Note: Not known from Peru.

[Mascagnia macrodisca (Triana & Planchon) Niedenzu]
Syn. *Hiraea macrodisca* Triana & Planchon, *Mascagnia anisopetala* var. *macrodisca* (Triana & Planchon) Kostermans
Ref. FP 13(3/3) 1950: 788; W. R. Anderson, 1981a: 212.
Note: Not known from Peru. The locality for the Flora of Peru voucher, *Williams 2741*, is from La Victoria in present-day Colombia; the species is expected in Loreto, Peru.

Mascagnia macrophylla Rusby
Ref. W. R. Anderson, 1980b: 19.
Liana. Amazonian: forests. 0-500 m.
Voucher: Díaz & Ruiz 851A (MICH)
Depts.: LO

Mascagnia mater-dei Cuatrecasas =Mascagnia poeppigiana (Adr. Jussieu) W. R. Anderson
Ref. W. R. Anderson, 1981a: 219.

Mascagnia mirabilis W. R. Anderson
Ref. W. R. Anderson, 1980b: 19.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Plowman 6019* (MICH)
Depts.: SM

Mascagnia nobilis Morton
Ref. FP 13(3/3) 1950: 788.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 27557* (US)
Depts.: LO

[Mascagnia ovatifolia (H.B.K.) Grisebach]
Syn. *Hiraea ovatifolia* H.B.K.
Ref. FP 13(3/3) 1950: 789; Cuatrecasas, 1958: 368.
Note: Not known from Peru. The correct name for the species treated as *M. ovatifolia* in the Flora of Peru and by Cuatrecasas (1958) is *M. divaricata* (W. R. Anderson, pers. comm).

Mascagnia peruviana Cuatrecasas
Ref. Cuatrecasas, 1959: 169.
Endemic liana. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6353* (US)
Depts.: PI

Mascagnia poeppigiana (Adr. Jussieu) W. R. Anderson
Syn. *Hiraea poeppigiana* Adr. Jussieu, *Mascagnia mater-dei* Cuatrecasas, *Tetrapterys poeppigiana* (Adr. Jussieu) Grisebach
Ref. W. R. Anderson, 1981a: 219.
Liana. Amazonian: forests. 0-500 m.
Voucher: Schultes 6226 (US)
Depts.: MD

[*Mascagnia psilophylla* (Adr. Jussieu) Grisebach =Callaeum psilophyllum (Adr. Jussieu) D. M. Johnson]
Ref. FP 13(3/3) 1950: 790; D. M. Johnson, 1986: 351.
Note: Not known from Peru.

Mascagnia psilophylla fo. *peruviana* Niedenzu =Callaeum antifebrile (Grisebach) D. M. Johnson
Ref. FP 13(3/3) 1950: 790; D. M. Johnson, 1986: 349.

Mascagnia psilophylla var. *antifebrilis* (Grisebach) Niedenzu =Callaeum antifebrile (Grisebach) D. M. Johnson
Ref. FP 13(3/3) 1950: 790; D. M. Johnson, 1986: 349.

Mascagnia pubiflora (Adr. Jussieu) Grisebach
Syn. *Hiraea pubiflora* Adr. Jussieu
Ref. FP 13(3/3) 1950: 791.
Liana. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Klug 4259 (MO!)
Depts.: SM

Mascagnia rigida (Adr. Jussieu) Grisebach
Syn. *Hiraea rigida* Adr. Jussieu
Ref. FP 13(3/3) 1950: 791.
Liana. Amazonian: forests, riversides, terra firme forests. 0-500 m.
Voucher: Klug 3881 (MO!)
Depts.: AM, MD, SM

Mascagnia schunkei W. R. Anderson
Syn. *Mascagnia cordifolia* var. *peruviana* J. F. Macbride
Ref. W. R. Anderson, 1981a: 222; W. R. Anderson, pers. comm.
Liana. Amazonian, Andean I: forests on white sand, terra firme forests. 0-1000 m.
Voucher: Schunke 6195* (F), Gentry *et al.* 21306 (MO!)
Depts.: HU, LO

Mascagnia sepium (Adr. Jussieu) Grisebach
Syn. *Hiraea sepium* Adr. Jussieu
Ref. FP 13(3/3) 1950: 792; W. R. Anderson, 1981a: 221.
Liana. Amazonian, Andean I: forests on white sand, terra firme forests. 0-1000 m.
Voucher: Croat 18270 (MO!)
Depts.: LO, SM

Mascagnia sericans Niedenzu =Mascagnia benthamiana (Grisebach) W. R. Anderson
Ref. FP 13(3/3) 1950: 792; W. R. Anderson, 1981a: 217.

Mascagnia sinemariensis (Aublet) Grisebach
Syn. *Banisteria sinemariensis* Aublet
Ref. W. R. Anderson, 1988: 621.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: McKenna *et al.* 83 (MICH)
Depts.: LO

Mascagnia strigulosa Rusby
Ref. W. R. Anderson, 1981a: 224.
Liana or vine. Amazonian: forests, riversides. 0-500 m.
Voucher: Revilla 1662 (MO!)
Depts.: LO

Mascagnia tenuifolia Niedenzu
Syn. *Mascagnia tenuifolia* var. *amazonica* Niedenzu
Ref. FP 13(3/3) 1950: 793; W. R. Anderson, 1981a: 225.
Endemic liana. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality. W. R. Anderson (1981a) lectotypified the species and var. *amazonica* Niedenzu [=var. *tenuifolia*] citing *Spruce 4958*.
Voucher: Spruce 4958* (NY)
Depts.: SM

Mascagnia tenuifolia var. *amazonica* Niedenzu =Mascagnia tenuifolia Niedenzu
Ref. FP 13(3/3) 1950: 793; W. R. Anderson, 1981a: 225.

Mascagnia tenuifolia var. *eggersiana* Niedenzu =Mascagnia eggersiana (Niedenzu) W. R. Anderson
Ref. W. R. Anderson, 1981a: 224.

Meckelia multiflora C. Martius ex Grisebach =Spachea tricarpa Adr. Jussieu
Ref. FP 13(3/3) 1950: 850.

Mezia includens (Bentham) Cuatrecasas
Syn. *Diplopterys includens* (Bentham) Niedenzu, *Diplopterys involuta* (Turczaninow) Niedenzu, *Stenocalyx involuta* Turczaninow, *Tetrapterys includens* Bentham
Ref. Cuatrecasas, 1958: 450; W. R. Anderson, 1981a: 233.
Liana. Amazonian: terra firme forests. 0-500 m.
Note: The Flora of Peru considered the two cited voucher collections under *"Diplopteris" involuta, Tessmann 4564* and *4931*, to represent var. *ovata*.
Voucher: Tessmann 4564 (B)
Depts.: LO

Spachea tricarpa Adr. Jussieu
Syn. *Meckelia multiflora* C. Martius ex Grisebach
Ref. FP 13(3/3) 1950: 850; Cuatrecasas, 1958: 546.
Shrub or tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Ayala 884 (MO!)
Depts.: LO

Stenocalyx involuta Turczaninow =Mezia includens (Bentham) Cuatrecasas
Ref. FP 13(3/3) 1950: 811; Cuatrecasas, 1958: 450; W. R. Anderson, 1981a: 233.

Stigmaphyllon aberrans C. Anderson
Ref. C. Anderson, 1986: 121.
Endemic liana or vine. Andean II: disturbed areas, forests. 1500-2000 m.
Voucher: Woytkowski 6335* (US), Gentry *et al.* 40101 (MO!)
Depts.: JU, PA

Stigmaphyllon adenodon Adr. Jussieu
Syn. *Stigmaphyllon grenadense* Niedenzu, *Stigmaphyllon kuhlmannii* Pilger
Ref. C. Anderson, 1987: 9.
Liana or vine. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 894 (MO!)
Depts.: AM, LO

Stigmaphyllon alternans Triana & Planchon
Ref. Cuatrecasas, 1958: 541; C. Anderson, pers. comm.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Lewis *et al.* 12691 (MO!)
Depts.: LO, SM

Stigmaphyllon argenteum C. Anderson
Ref. C. Anderson, 1992: 302.
Endemic liana. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Schunke 2018* (COL), Schunke 6530 (MO)
Depts.: HU, JU, LO, PA, SM

Stigmaphyllon bogotense Triana & Planchon
Syn. *Stigmaphyllon bogotense* fo. *renifolium* Niedenzu, *Stigmaphyllon bogotense* var. *subglabratum* (Niedenzu) Niedenzu, *Stigmaphyllon lanuginosum* Niedenzu, *Stigmaphyllon primaevum* Niedenzu, *Stigmaphyllon ruizianum* Niedenzu, *Stigmaphyllon ruizianum* var. *subglabratum* Niedenzu
Ref. FP 13(3/3) 1950: 840; Cuatrecasas, 1958: 522; C. Anderson, pers. comm.
Liana or vine. Andean I-II: forests, riversides. 500-3500 m.
Voucher: Foster *et al.* 7781 (MO!)
Depts.: AM, AY, CA, HU, JU, PA

Stigmaphyllon bogotense fo. *renifolium* Niedenzu =Stigmaphyllon bogotense Triana & Planchon
Ref. C. Anderson, pers. comm.

Stigmaphyllon bogotense var. *subglabratum* (Niedenzu) Niedenzu =Stigmaphyllon bogotense Triana & Planchon
Ref. C. Anderson, pers. comm.

Stigmaphyllon brachiatum Triana & Planchon =Stigmaphyllon sinuatum (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 842; C. Anderson, pers. comm.

Stigmaphyllon cardiophyllum Adr. Jussieu
Ref. FP 13(3/3) 1950: 842.
Liana or vine. Amazonian, Andean I-II: disturbed areas, forests, riversides, seasonally inundated areas, riversides. 0-2000 m.
Voucher: Gentry *et al.* 37633 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM, US

[Stigmaphyllon convolvulifolium Adr. Jussieu]
Ref. FP 13(3/3) 1950: 842; Gates, 1982: 205; C. Anderson, pers. comm.
Note: Not known from Peru. The voucher cited in the Flora of Peru, *Tessmann 3412*, is *S. cardiophyllum*. Gates (1982: 205) incorrectly lists *Banisteria convolvulifolia* as the basionym of *S. convolvulifolium* (C. Anderson, pers. comm.).

Stigmaphyllon cuzcanum C. Anderson
Ref. C. Anderson, 1992: 304.
Endemic liana. Andean II: disturbed areas, forests. 1500-3000 m.
Note: See note under *S. gayanum*.
Voucher: West 6466* (MO), Núñez & Motocanchi 8751 (MICH)
Depts.: CU

[Stigmaphyllon dichotomum (L.) Grisebach]
Syn. *Banisteria convolvulifolia* Cavanilles, *Banisteria dichotoma* L., *Banisteria humboltianum* DC., *Banisteria tiliifolia* H.B.K. non Ventenat, *Stigmaphyllon humboltianum* (DC.) Adr. Jussieu, *Stigmaphyllon tiliifolium* (H.B.K.) Niedenzu
Ref. FP 13(3/3) 1950: 849; C. Anderson, pers. comm.
Note: Not known from Peru.

Stigmaphyllon ellipticum (H.B.K.) Adr. Jussieu
Syn. *Banisteria elliptica* H.B.K., *Stigmaphyllon felixii* Cuatrecasas
Ref. FP 13(3/3) 1950: 843; Cuatrecasas, 1958: 530; C. Anderson, pers. comm.
Liana or vine. Andean I-II, Coastal: forests, disturbed areas. 0-2500 m.
Voucher: Llatas 770 (MO!)
Depts.: AM, CA, LA, PI, TU

[Stigmaphyllon emarginatum (Cavanilles) Adr. Jussieu]
Syn. *Banisteria emarginata* Cavanilles, *Banisteria fulgens* L.
Ref. Gates, 1982: 205; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Stigmaphyllon felixii Cuatrecasas =Stigmaphyllon ellipticum (H.B.K.) Adr. Jussieu
Ref. Cuatrecasas, 1962: 55; C. Anderson, pers. comm.

Stigmaphyllon florosum C. Anderson
Ref. C. Anderson, 1986: 123.

Liana or vine. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1500 m.
Voucher: Hutchison *et al.* 6032* (MICH), Núñez *et al.* 10813 (MO!)
Depts.: HU, JU, LO, MD, SM, UC

Stigmaphyllon fulgens Adr. Jussieu =Stigmaphyllon sinuatum (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 844; C. Anderson, pers. comm.
Note: The Flora of Peru uses an incorrect author citation "*Stigmaphyllon fulgens* (Lam.) Juss." and only cites material recognized as var. *maynense* under the species.

Stigmaphyllon fulgens var. *maynense* (Huber) J. F. Macbride =Stigmaphyllon maynense Huber
Ref. FP 13(3/3) 1950: 844; C. Anderson, pers. comm.

[Stigmaphyllon gayanum Adr. Jussieu]
Ref. FP 13(3/3) 1950: 845.
Note: Not known from Peru. The specimen cited in the Flora of Peru, *Weberbauer 4989*, is redetermined as *Stigmaphyllon cuzcanum* (C. Anderson, 1992).

Stigmaphyllon grenadense Niedenzu =Stigmaphyllon adenodon Adr. Jussieu
Ref. C. Anderson, pers. comm.

[Stigmaphyllon humboldtianum (DC.) Adr. Jussieu =Stigmaphyllon dichotomum (L.) Grisebach]
Ref. Cuatrecasas, 1958: 542; C. Anderson, pers. comm.
Note: Not known from Peru.

Stigmaphyllon kuhlmannii Pilger =Stigmaphyllon adenodon Adr. Jussieu
Ref. FP 13(3/3) 1950: 845; C. Anderson, 1987: 9.

Stigmaphyllon lacunosum Adr. Jussieu
Ref. C. Anderson, pers. comm.
Liana. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Ayala *et al.* 2618 (MICH)
Depts.: LO

Stigmaphyllon lanuginosum Niedenzu =Stigmaphyllon bogotense Triana & Planchon
Ref. C. Anderson, pers. comm.

Stigmaphyllon martianum Adr. Jussieu =Stigmaphyllon sinuatum (DC.) Adr. Jussieu
Ref. FP 13(3/3) 1950: 848; C. Anderson, pers. comm.

Stigmaphyllon mathiasiae W. R. Anderson
Syn. *Banisteria cornifolia* var. *seibertii* J. F. Macbride
Ref. W. R. Anderson, 1981b: 3.
Liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Mathias & Taylor 6078* (MO!), Ferreyra 17226 (US)
Depts.: HU, UC

Stigmaphyllon maynense Huber
Syn. *Stigmaphyllon fulgens* var. *maynense* (Huber) J. F. Macbride
Ref. FP 13(3/3) 1950: 844; C. Anderson, pers. comm.
Liana or vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Soukup 2211 (F)
Depts.: AM, HU, LO, MD, PA, SM

[Stigmaphyllon megacarpon (Vell. Conc.) Grisebach]
Syn. *Banisteria megacarpos* Vell. Conc.
Ref. FP 13(3/3) 1950: 846; C. Anderson, pers. comm.
Note: Not known from Peru.

Stigmaphyllon peruvianum Niedenzu
Ref. FP 13(3/3) 1950: 846.
Endemic liana. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 6216* (GH), Hutchison 1492 (US)
Depts.: CA

Stigmaphyllon primaevum Niedenzu =Stigmaphyllon bogotense Triana & Planchon
Ref. FP 13(3/3) 1950: 847; C. Anderson, pers. comm.

Stigmaphyllon puberum (Richard) Adr. Jussieu
Syn. *Banisteria pubera* Richard
Ref. FP 13(3/3) 1950: 847; W. R. Anderson, 1981a: 172.
Vine. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Ayala *et al.* 2913 (MO!)
Depts.: HU, LO, SM

[Stigmaphyllon rotundifolium Adr. Jussieu]
Ref. FP 13(3/3) 1950: 849; C. Anderson, pers. comm.
Note: Not known from Peru.

Stigmaphyllon ruizianum Niedenzu =Stigmaphyllon bogotense Triana & Planchon
Ref. FP 13(3/3) 1950: 840; Cuatrecasas, 1958: 522.

Stigmaphyllon ruizianum var. *subglabratum* Nied. =Stigmaphyllon bogotense Triana & Planchon
Ref. C. Anderson, pers. comm.

Stigmaphyllon sarmentosum Cuatrecasas
Ref. Cuatrecasas, 1958: 529; C. Anderson, pers. comm.
Liana. Andean II: disturbed areas, forests, shrublands. 1500-2000 m.
Voucher: Cano 1547 (MICH)
Depts.: PI

Stigmaphyllon sinuatum (DC.) Adr. Jussieu
Syn. *Banisteria sinuata* DC., *Stigmaphyllon brachiatum* Triana & Planchon, *Stigmaphyllon fulgens* Adr. Jussieu, *Stigmaphyllon martianum* Adr. Jussieu
Ref. C. Anderson, pers. comm.
Liana. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Lewis *et al.* 10651 (MO!)
Depts.: AM, HU, LO, SM

Stigmaphyllon strigosum Adr. Jussieu
Ref. FP 13(3/3) 1950: 848.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 1941* (P)
Depts.: CU, HU, JU, LO, SM

Stigmaphyllon tarapotense C. Anderson
Ref. C. Anderson, 1987: 49.
Endemic vine. Amazonian: savannas, terra firme forests. 0-500 m.
Voucher: Murray & Johnson 1530* (MICH), Belshaw 3239 (MO!)
Depts.: SM

[*Stigmaphyllon tiliifolium* (H.B.K.) Niedenzu =Stigmaphyllon dichotomum (L.) Grisebach]
Ref. FP 13(3/3) 1950: 849; C. Anderson, pers. comm.
Note: Not known from Peru. The voucher cited under *Stigmaphyllon "tiliaefolium"* in the Flora of Peru, *Williams 5606*, has been redetermined as *S. alternans* (C. Anderson, pers. comm.).

[Stigmaphyllon tomentosum Adr. Jussieu]
Ref. FP 13(3/3) 1950: 846; C. Anderson, pers. comm.
Note: Not known from Peru. Treated as a synonym of *S. megacarpon* in the Flora of Peru.

[Tetrapterys acapulcensis H.B.K.]
Ref. FP 13(3/3) 1950: 801; Cuatrecasas, 1958: 432; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Tetrapterys benthamiana Grisebach =Mascagnia benthamiana (Grisebach) W. R. Anderson
Ref. W. R. Anderson, 1981a: 217.

Tetrapterys boliviensis Niedenzu
Ref. Cuatrecasas, 1958: 420.
Liana. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Note: Probably not distinct from *T. styloptera* (W. R. Anderson, pers. comm.).
Voucher: Robertson & Austin 92 (MO!)
Depts.: LO

Tetrapterys calophylla Adr. Jussieu subsp. **glabrifolia** (Grisebach) Cuatrecasas
Syn. *Tetrapterys calophylla* var. *glabrifolia* Grisebach, *Tetrapterys calophylla* var. *glabrior* Bentham ex Niedenzu, *Tetrapterys glabrifolia* (Grisebach) Small
Ref. FP 13(3/3) 1950: 805; Cuatrecasas, 1958: 430.
Liana. Andean I: forests. 1000-1500 m.

Note: This taxon is treated as a synonym of *T. magnifolia* in the Flora of Peru.
Voucher: Woytkowski 5705 (MO!)
Depts.: CA

Tetrapterys calophylla var. *glabrifolia* Grisebach =Tetrapterys calophylla subsp. glabrifolia (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 804; Cuatrecasas, 1958: 430.

Tetrapterys calophylla var. *glabrior* Bentham ex Niedenzu =Tetrapterys calophylla subsp. glabrifolia (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 805; Cuatrecasas, 1958: 430.

[Tetrapterys complicata Miquel]
Ref. FP 13(3/3) 1950: 802; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Tetrapterys crebriflora Adr. Jussieu =Tetrapterys mucronata Cavanilles
Ref. FP 13(3/3) 1950: 807; W. R. Anderson, pers. comm.

Tetrapterys crebriflora var. *dubia* Grisebach =Tetrapterys mucronata Cavanilles
Ref. FP 13(3/3) 1950: 807; W. R. Anderson, pers. comm.

Tetrapterys crispa Adr. Jussieu
Syn. *Tetrapterys crispa* var. *punicans* J. F. Macbride, *Tetrapterys peruviana* Morton ex J. F. Macbride
Ref. FP 13(3/3) 1950: 801; Cuatrecasas, 1958: 441; W. R. Anderson, pers. comm.
Liana or shrub. Amazonian, Andean I: riversides, seasonally inundated areas, terra firme forests. 0-1500 m.
Note: Treated as a synonym of *T. acapulcensis* in the Flora of Peru.
Voucher: Schunke 7437 (MO!)
Depts.: LO, MD, SM

Tetrapterys crispa var. *punicans* J. F. Macbride =Tetrapterys crispa Adr. Jussieu
Ref. FP 13(3/3) 1950: 801; W. R. Anderson, pers. comm.

Tetrapterys crotonifolia Adr. Jussieu
Syn. *Tetrapterys phlomoides* var. *crotonifolia* (Adr. Jussieu) Niedenzu
Ref. FP 13(3/3) 1950: 808; W. R. Anderson, pers. comm.
Endemic liana or vine.. Andean I: forests. 500-1000 m.
Note: Listed as a synonym of *T. phlomoides* in the Flora of Peru.
Voucher: Mathews 1461* (K)
Depts.: SM

Tetrapterys crotonifolia Bentham, nom. illeg. =Tetrapterys jamesonii Turczaninow
Ref. W. R. Anderson, pers. comm.

Tetrapterys discolor (G. Meyer) DC.
Syn. *Triopterys discolor* G. Meyer, *Tetrapterys discolor* var. *andina* Niedenzu
Ref. FP 13(3/3) 1950: 803; Cuatrecasas, 1958: 439.
Liana. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-1500 m.
Voucher: Mexia 6401 (MO!)
Depts.: AM, JU, LO, SM, UC

Tetrapterys discolor var. *andina* Niedenzu =Tetrapterys discolor (G. Meyer) DC.
Ref. FP 13(3/3) 1950: 808; W. R. Anderson, pers. comm.
Note: Treated as a synonym under *T. peruviana* [=*T. crispa*] in the Flora of Peru.

Tetrapterys fimbripetala Adr. Jussieu
Ref. W. R. Anderson, 1981a: 262.
Liana or vine. Amazonian: forests. 0-500 m.
Voucher: Wallnöfer 11-29688 (MICH)
Depts.: LO

Tetrapterys glabrifolia (Grisebach) Small =Tetrapterys calophylla subsp. glabrifolia (Grisebach) Cuatrecasas
Ref. FP 13(3/3) 1950: 804; Cuatrecasas, 1958: 430.

[Tetrapterys guilleminiana Adr. Jussieu]
Ref. FP 13(3/3) 1950: 804; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Tetrapterys includens Bentham =Mezia includens (Bentham) Cuatrecasas
Ref. FP 13(3/3) 1950: 811; Cuatrecasas, 1958: 450; W. R. Anderson, 1981a: 233.

Tetrapterys jamesonii Turczaninow
Syn. *Tetrapterys crotonifolia* Bentham, nom. illeg.
Ref. FP 13(3/3) 1950: 804; Cuatrecasas, 1958: 438; W. R. Anderson, pers. comm.
Liana. Andean I-II: forests, disturbed areas, shrublands. 1000-2000 m.
Voucher: López *et al.* 9019 (MO!)
Depts.: AM, CA

Tetrapterys jamesonii var. *mortonii* J. F. Macbride =Tetrapterys mortonii (J. F. Macbride) Cuatrecasas
Ref. FP 13(3/3) 1950: 805; Cuatrecasas, 1962: 55.

Tetrapterys julianii J. F. Macbride =Dicella julianii (J. F. Macbride) W. R. Anderson
Ref. FP 13(3/3) 1950: 805; Chase, 1981: 168.

Tetrapterys magnifolia Ruiz ex Grisebach
Ref. FP 13(3/3) 1950: 805; Cuatrecasas, 1958: 442.
Liana. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1500 m.
Note: Names treated as synonyms in the Flora of Peru are considered as *T. calophylla*.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Vásquez & Jaramillo 7218 (MO!)
Depts.: AM, LO, SM

Tetrapterys mortonii (J. F. Macbride) Cuatrecasas
Syn. *Tetrapterys jamesonii* var. *mortonii* J. F. Macbride
Ref. Cuatrecasas, 1962: 55.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Williams 7387* (US), Woytkowski 5636 (MO!)
Depts.: AM, SM

Tetrapterys mucronata Cavanilles
Syn. *Tetrapterys crebriflora* Adr. Jussieu, *Tetrapterys crebriflora* var. *dubia* Grisebach, *Tetrapterys mucronata* var. *crebriflora* (Adr. Jussieu) J. F. Macbride
Ref. FP 13(3/3) 1950: 806; Cuatrecasas, 1958: 426; W. R. Anderson, pers. comm.
Liana. Amazonian, Andean I: disturbed areas, seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 7645 (MO!)
Depts.: LO

Tetrapterys mucronata var. *crebriflora* (Adr. Jussieu) J. F. Macbride =Tetrapterys mucronata Cavanilles
Ref. FP 13(3/3) 1950: 807; Cuatrecasas, 1958: 427; W. R. Anderson, pers. comm.

Tetrapterys multiglandulosa Adr. Jussieu var. **peruviana** Niedenzu
Ref. FP 13(3/3) 1950: 808.
Endemic liana. Andean I: forests. 1000-1500 m.
Voucher: Weberbauer 1125* (B photo F), Woytkowski 7333 (MO!)
Depts.: PA, PU

Tetrapterys ovalifolia Grisebach
Ref. FP 13(3/3) 1950: 803; Cuatrecasas, 1958: 440.
Liana. Amazonian: forest. 0-500 m.
Note: The Peruvian specimens cited by Niedenzu (1928: 204) have not been redetermined, and the identity of the species and its presence in Peru are open to doubt (W. R. Anderson, pers. comm.).
Voucher: Tessmann 4268 (B)
Depts.: LO

Tetrapterys pallida Cuatrecasas
Ref. Cuatrecasas, 1958: 443.
Liana. Amazonian: riversides, terra firme forests. 0-500 m.
Voucher: Encarnación 988 (MO!)
Depts.: LO

Tetrapterys peruviana Morton ex J. F. Macbride =Tetrapterys crispa Adr. Jussieu
Ref. FP 13(3/3) 1950: 808; W. R. Anderson, pers. comm.

[Tetrapterys phlomoides (Sprengel) Niedenzu]
Syn. *Banisteria cordata* Vell. Conc., *Byrsonima phlomoides* (Sprengel) G. Don, *Malpighia phlomoides* Sprengel, *Tetrapterys rotundifolia* Adr. Jussieu
Ref. FP 13(3/3) 1950: 808; W. R. Anderson, pers. comm.
Note: Not known from Peru.

Tetrapterys phlomoides var. *crotonifolia* (Adr. Jussieu) Niedenzu =Tetrapterys crotonifolia Adr. Jussieu
Ref. FP 13(3/3) 1950: 809; W. R. Anderson, pers. comm.

Tetrapterys poeppigiana (Adr. Jussieu) Grisebach =Mascagnia poeppigiana (Adr. Jussieu) W. R. Anderson
Ref. FP 13(3/3) 1950: 809; W. R. Anderson, 1981a: 219.

[*Tetrapterys rotundifolia* Adr. Jussieu =Tetrapterys phlomoides (Sprengel) Niedenzu]
Ref. FP 13(3/3) 1950: 808.
Note: Not known from Peru.

Tetrapterys squarrosa (Grisebach) Grisebach =Tetrapterys styloptera Adr. Jussieu
Ref. FP 13(3/3) 1950: 802; W. R. Anderson, 1981a: 256.
Note: Treated as a synonym of *T. complicata* Miquel in the Flora of Peru.

Tetrapterys stipulacea J. F. Macbride
Ref. FP 13(3/3) 1950: 810.
Endemic liana. Amazonian: terra firme forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2789* (F)
Depts.: LO

Tetrapterys styloptera Adr. Jussieu
Syn. *Bunchosia squarrosa* Grisebach, *Tetrapterys squarrosa* (Grisebach) Grisebach
Ref. FP 13(3/3) 1950: 810; W. R. Anderson, 1981a: 256.
Liana or vine. Amazonian, Andean I: riversides, seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Mathews 1464* (P), Revilla 366 (MO!)
Depts.: LO, SM

[*Thryallis glauca* (Cavanilles) Kuntze =Galphimia glauca Cavanilles]
Ref. FP 13(3/3) 1950: 851.
Note: Not known from Peru.

Thryallis gracilis (Bartling) Kuntze =Galphimia gracilis Bartling
Ref. FP 13(3/3) 1950: 851; Cuatrecasas, 1958: 550.

[*Thryallis macroptera* C. Martius =Dicella macroptera Adr. Jussieu]
Ref. FP 13(3/3) 1950: 862; Chase, 1981: 168.

Triopterys discolor G. Meyer =Tetrapterys discolor (G. Meyer) DC.
Ref. FP 13(3/3) 1950: 803; Cuatrecasas, 1958: 439.

Triopterys reclinata (Jacquin) Cavanilles =Hiraea reclinata Jacquin
Ref. Cuatrecasas, 1958: 405.

Malvaceae

35 genera and 256 species in Peru.

Endemic species: 82.

Prepared by A. Pool (MO) and L. Brako; reviewed by A. Krapovickas (CTES), with the additional help of M. Chanco (USM).

Abelmoschus esculentus (L.) Moench
Syn. *Hibiscus esculentus* L.
Ref. FP 13(3A/2) 1956: 476; Robyns, 1966: 514.
Herb or shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Ferreyra 10123 (USM!)
Depts.: LO, SM

Abelmoschus manihot (L.) Medikus
Syn. *Hibiscus manihot* L.
Ref. Fryxell, 1988: 21; Fryxell, 1992: 7.
Introduced shrub. Andean I: disturbed areas. 1000-1500 m.
Voucher: Núñez *et al.* 6778
Depts.: CU

Abelmoschus moschatus Medikus
Syn. *Hibiscus abelmoschus* L.
Ref. FP 13(3A/2) 1956: 476; Robyns, 1966: 515; Fryxell, 1992: 8.
Introduced herb or shrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Noriega s.n. (USM!)
Depts.: AM, LO, MD, SM

Abutilon amplissimum var. *subpeltata* Kuntze =Wissadula subpeltata (Kuntze) R. E. Fries
Ref. FP 13(3A/2) 1956: 487.

Abutilon anderssonianum Garcke =Abutilon umbellatum (L.) Sweet
Ref. FP 13(3A/2) 1956: 503; Kearney, 1958a: 212.

[Abutilon arboreum (L. f.) Sweet]
Syn. *Sida arborea* L. f.
Ref. FP 13(3A/2) 1956: 492; Kearney, 1958a: 214.
Note: Not known from Peru; an African species (Kearney, 1958a).

Abutilon arequipense Ulbrich
Ref. FP 13(3A/2) 1956: 493; Kearney, 1958a: 210.
Shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6863* (US!)
Depts.: AR

Abutilon aristulosum Schumann
Ref. Schumann, 1891: 379.
Shrub. Amazonian. 0-500 m.
Voucher: Ferreyra 10110 (USM!)
Depts.: SM

Abutilon auritum (Link) Sweet
Syn. *Sida aurita* Link
Ref. Adams, 1972: 462.
Note: Not reconfirmed; Kearney (1958a) states that it is introduced in Peru but cites no voucher.

Abutilon calycinum C. Presl =Abutilon mollissimum (Cavanilles) Sweet
Ref. FP 13(3A/2) 1956: 498; Kearney, 1958a: 214; Fryxell, 1992: 15.

Abutilon chachapoyensis (Baker f.) Krapovickas =Tetrasida chachapoyensis (Baker f.) Fryxell & Fuertes
Ref. Krapovickas, 1969b: 34; Fryxell & Fuertes, 1992: 444.

Abutilon circinnatum (Willdenow ex Sprengel) G. Don =Bastardia viscosa (L.) H.B.K.
Ref. Krapovickas, pers. comm.

Abutilon cordatum Garcke & Schumann, nom. illeg. =Abutilon dispermum (Hochreutiner) Fryxell
Ref. FP 13(3A/2) 1956: 494; Fryxell, 1992: 12.

Abutilon crispum (L.) Medicus =Herissantia crispa (L.) Brizicky
Ref. FP 13(3A/2) 1956: 494; Brizicky, 1968: 279; Fryxell, 1992: 44.

Abutilon crispum var. *svensonii* J. F. Macbride =Herissantia crispa (L.) Brizicky
Ref. FP 13(3A/2) 1956: 495.

[Abutilon cymosum Triana & Planchon]
Syn. *Abutilon rufinerve* Seemann, nom. illeg.
Ref. FP 13(3A/2) 1956: 495; Robyns, 1966: 575.
Note: Not reconfirmed.

Abutilon dianthum C. Presl
Syn. *Abutilon sylvaticum* subsp. *buchtienii* R. E. Fries, *Abutilon sylvaticum* subsp. *klugii* R. E. Fries
Ref. Schumann, 1891: 415; Fryxell, 1992: 10.
Endemic herb or shrub. Andean II. 1500-3000 m.
Voucher: Haenke s.n.* (W photo F!), Ferreyra 9354 (USM!)
Depts.: HU

Abutilon dispermum (Hochreutiner) Fryxell
Syn. *Abutilon cordatum* Garcke & Schumann, nom. illeg., *Pseudabutilon hitchcockii* Ulbrich, *Wissadula disperma* Hochreutiner
Ref. Fryxell, 1992: 12
Subshrub. Coastal. 0-500 m.

Voucher: Pavón s.n.* (G!), Ferreyra 10772 (USM!)
Depts.: LL, PI

Abutilon excelsior (Cavanilles) G. Don =Wissadula excelsior (Cavanilles) C. Presl
Ref. Fryxell, 1992: 134.

[*Abutilon ferrugineum* H.B.K. =Wissadula ferruginea (H.B.K.) Garcke & Schumann]
Ref. FP 13(3A/2) 1956: 483; Fryxell, 1992: 134.
Note: Not known from Peru.

Abutilon foetidum (Cavanilles) Moench =Bastardia viscosa (L.) H.B.K.
Ref. Fryxell, 1988: 117.

Abutilon giganteum (Jacquin) Sweet
Syn. *Sida gigantea* Jacquin
Ref. FP 13(3A/2) 1956: 495; Robyns, 1966: 576.
Shrub. Amazonian, Andean I: forests, rocky slopes, riversides. 0-1000 m.
Voucher: Ferreyra 4552 (USM!)
Depts.: CA, CU, SM

Abutilon grandifolium (Willdenow) Sweet
Syn. *Abutilon molle* (Ortega) Sweet, nom. illeg., *Abutilon sordidium* Schumann, *Sida grandifolia* Willdenow, *Sida mollis* Ortega, nom. illeg.
Ref. Kearney, 1958a: 215; Krapovickas, pers. comm.
Shrub. Coastal: disturbed areas. 0-500 m.
Voucher. López 726 (SMF!)
Depts.: LI

[Abutilon grewiifolium (Ulbrich) Krapovickas]
Syn. *Abutilothamnus grewiifolius* Ulbrich, *Sida grewiifolia* (Ulbrich) Hochreutiner ex J. F. Macbride
Ref. Krapovickas, 1969b: 39.
Note: Not known from Peru.

Abutilon hirtum (Lamarck) Sweet
Syn. *Abutilon indicum* var. *hirtum* (Lamarck) Grisebach, *Sida hirta* Lamarck
Ref. FP 13(3A/2) 1956: 496; Kearney, 1958a: 214.
Herb or shrub. Disturbed areas.
Voucher: Killip & Smith 21521
Depts.: LI

Abutilon indicum (L.) Sweet
Syn. *Sida indica* L.
Ref. FP 13(3A/2) 1956: 496; Kearney, 1958a: 208.
Herb or subshrub. Disturbed areas.
Voucher: Cook & Gilbert 1394
Depts.: CU

Abutilon indicum var. *hirtum* (Lamarck) Grisebach =Abutilon hirtum (Lamarck) Sweet
Ref. FP 13(3A/2) 1956: 496; Schumann, 1891: 384.

Abutilon lateritium Ulbrich =Abutilon reflexum (Lamarck) Sweet
Ref. FP 13(3A/2) 1956: 497; Burandt & Fryxell, 1990: 54; Fryxell, 1992: 17.

Abutilon longipes Ulbrich
Ref. FP 13(3A/2) 1956: 497; Kearney, 1958a: 214.
Endemic herb. Andean II. 2000-2500 m.
Note: Probably only a variety of *Abutilon peruvianum* (Kearney, 1958a).
Voucher: Weberbauer 5599* (US!), Cook & Gilbert 274
Depts.: AY

Abutilon mendocinum Philippi =Abutilon virgatum (Cavanilles) Sweet
Ref. FP 13(3A/2) 1956: 504; Fryxell, 1992: 20.

Abutilon molle (Ortega) Sweet, nom. illeg. =Abutilon grandifolium (Willdenow) Sweet
Ref. Kearney, 1958: 215; Krapovickas, pers. comm.

Abutilon mollissimum (Cavanilles) Sweet
Syn. *Abutilon calycinum* C. Presl, *Sida cistiflora* L'Héritier, *Sida mollissima* Cavanilles
Ref. FP 13(3A/2) 1956: 498; Kearney, 1958a: 214; Fryxell, 1992: 15.
Herb or shrub. Andean I-II: disturbed areas, forests, rocky slopes. 500-2500 m.
Voucher: Dombey s.n.* (MA), Ferreyra 1191 (USM!)
Depts.: AM, CA, LI, LL

Abutilon multiflorum R. E. Fries
Ref. Fryxell, 1992: 16.
Shrub. Amazonian, Andean I. 0-1000 m.
Voucher: Without collection data.
Depts.: Without full locality data.

Abutilon myrianthum (Planchon & Linden ex Triana & Planchon) Krapovickas
Syn. *Bastardiopsis myrianthus* (Planchon & Linden ex Triana & Planchon) Fuertes & Fryxell, *Sida myriantha* Planchon & Linden ex Triana & Planchon
Ref. Krapovickas, 1969b: 40; Fryxell, 1992: 30.
Tree. Andean I-II. 1000-2000 m.
Note: Fryxell (1992: 30) accepts *B. myrianthus* with *A. myrianthum* and *S. myriantha* as synonyms.
Voucher: Hutchison & Wright 3462 (P!)
Depts.: LA

Abutilon nigripunctulatum Ulbrich
Syn. *Pseudabutilon nigripunctulatum* (Ulbrich) R. E. Fries
Ref. FP 13(3A/2) 1956: 488.
Endemic shrub. Andean II: dry valleys. 1500-2000 m.
Voucher: Weberbauer 5301* (B photo F), Ferreyra 11081 (USM!)
Depts.: AP, LI

Abutilon nudiflorum (L'Héritier) Sweet =Wissadula stellata (Cavanilles) Schumann
Ref. FP 13(3A/2) 1956: 486; Fryxell, 1992: 137.

[Abutilon pauciflorum St. Hilaire]
Ref. FP 13(3A/2) 1956: 499; Kearney, 1958a: 209.
Note: Not known from Peru. Included in the Flora of Peru as expected; Kearney (1958a) gives its distribution as Southern Brazil, Paraguay, Uruguay, and Argentina.

Abutilon pedunculare H.B.K.
Syn. *Abutilon pionense* Ulbrich, *Sida peduncularis* (H.B.K.) DC.
Ref. FP 13(3A/2) 1956: 499; Burandt & Fryxell, 1990: 51.
Endemic herb or shrub. Amazonian, Andean I-II: disturbed areas, forests, rocky slopes. 0-2000 m.
Voucher: Humboldt & Bonpland 3644* (P photo F!), Croat 58307 (MO!)
Depts.: AM, CA

Abutilon peruvianum (Lamarck) Kearney
Syn. *Sida grandiflora* Poiret, *Sida peruviana* Lamarck
Ref. Kearney, 1958a: 214.
Shrub or treelet. Andean II: forests. 2500-3000 m.
Voucher: Díaz & Beltrán 3369 (MO!)
Depts.: AP, CU

Abutilon pionense Ulbrich =Abutilon pedunculare H.B.K.
Ref. FP 13(3A/2) 1956: 499; Burandt & Fryxell, 1990: 51.

Abutilon piurense Ulbrich
Ref. FP 13(3A/2) 1956: 500; Burandt & Fryxell, 1990: 53.
Endemic shrub. Andean I-II: forests. 500-2500 m.
Voucher: Weberbauer 6010* (B photo F!), Barbour 2143 (MO!)
Depts.: AM

Abutilon pulverulentum Ulbrich =Sidasodes jamesonii (Baker f.) Fryxell & Fuertes
Ref. FP 13(3A/2) 1956: 500; Kearney, 1958a: 212; Fryxell & Fuertes, 1992: 440.

Abutilon ramiflorum St. Hilaire
Ref. FP 13(3A/2) 1956: 501; Kearney, 1958a 210.
Shrub. Andean I. 1000-1500 m.
Voucher: Hutchison & Wright 3426 (USM!)
Depts.: JU, LA

Abutilon reflexum (Lamarck) Sweet
Syn. *Abutilon lateritium* Ulbrich, *Sida reflexa* Lamarck, *Sida retrorsa* L'Héritier
Ref. FP 13(3A/2) 1956: 501; Burandt & Fryxell, 1990: 54; Fryxell, 1992: 17.
Shrub. Amazonian, Andean I-II, Coastal: disturbed areas, dry valleys, rocky slopes. 0-2500 m.
Voucher: Goodspeed *et al.* 30211 (MO!)
Depts.: AY, LI, LL, PI, TU

[*Abutilon rufinerve* Seemann, nom. illeg. =Abutilon cymosum Triana & Planchon]

Ref. FP 13(3A/2) 1956: 495; Robyns, 1966: 575.

Abutilon sordidium Schumann =Abutilon grandifolium (Willdenow) Sweet
Ref. FP 13(3A/2) 1956: 498; Krapovickas, pers. comm.

Abutilon spicatum H.B.K. =Briquetia spicata (H.B.K.) Fryxell
Ref. FP 13(3A/2) 1956: 489; Fryxell, 1988: 136; Fryxell, 1992: 32.

Abutilon striatum Dickson
Ref. FP 13(3A/2) 1956: 502; Kearney, 1958a: 202; Fryxell, 1992: 18.
Shrub. Andean II. 1500-2500 m.
Voucher: Soukup 563
Depts.: CU

Abutilon sylvaticum (Cavanilles) Schumann
Syn. *Sida sylvatica* Cavanilles
Ref. FP 13(3A/2) 1956: 502; Kearney, 1958a: 204; Fryxell, 1992: 12.
Shrub.
Note: Known from Peru only from the type locality.
Voucher: Dombey s.n.* (MA photo F!)
Depts.: Without locality data.

Abutilon sylvaticum subsp. *buchtienii* R. E. Fries =Abutilon dianthum C. Presl
Ref. FP 13(3A/2) 1956: 503; Fryxell, 1992: 10.

Abutilon sylvaticum subsp. *klugii* R. E. Fries =Abutilon dianthum C. Presl
Ref. FP 13(3A/2) 1956: 503; Fryxell, 1992: 10.

Abutilon tulla (Ulbich) Krapovickas
Syn. *Sida tulla* Ulbrich
Ref. Krapovickas, 1969b: 43; Krapovickas, pers. comm.
Shrub. Andean I. 500-1000 m.
Voucher: Cook & Gilbert 1505* (US!), Weddell 4757 (P!)
Depts.: CU

Abutilon umbellatum (L.) Sweet
Syn. *Abutilon anderssonianum* Garcke, *Sida umbellata* L.
Ref. FP 13(3A/2) 1956: 503; Kearney, 1958a: 211; Fryxell, 1992: 19.
Shrub. Andean I, Coastal: dry valleys. 0-1500 m.
Voucher: Ferreyra *et al.* 10560 (USM!)
Depts.: CA, LA, PI, TU

Abutilon virgatum (Cavanilles) Sweet
Syn. *Abutilon mendocinum* Philippi, *Sida virgata* Cavanilles
Ref. FP 13(3A/2) 1956: 504; Kearney, 1958a: 212; Fryxell, 1992: 20.
Shrub. Andean I-II, Coastal: disturbed areas, rocky slopes. 0-3000 m.
Voucher: Hort. Madrid ex Peru* (MA, K), Iltis *et al.* 619 (USM!, MO!)
Depts.: AP, AM, LI

Abutilon weberbaueri Ulbrich =Bastardia bivalvis (Cavanilles) Kunth
Ref. FP 13(3A/2) 1956: 504; Kearney, 1958a: 212; Fryxell, 1992: 27.

[*Abutilothamnus grewiifolius* Ulbrich =Abutilon grewiifolium (Ulbrich) Kropovickas]
Ref. FP 13(3A/2) 1956: 578; Krapovickas, 1969b: 39; Fryxell, 1985: 273.
Note: Not known from Peru.

Acaulimalva acaulis (Dombey ex Cavanilles) Krapovickas
Syn. *Malva acaulis* Dombey ex Cavanilles, *Malvastrum acaule* (Dombey ex Cavanilles) A. Gray
Ref. Krapovickas, 1974: 15.
Endemic herb. Andean II-III: rocky slopes. 3000-4500 m.
Voucher: Dombey 677* (P!), Ferreyra 18376 (USM!)
Depts.: AN, LI

Acaulimalva alismatifolia (Schumann & Hieronymus) Krapovickas
Syn. *Malvastrum alismatifolium* Schumann & Hieronymus
Ref. Krapovickas, 1974: 16.
Endemic herb. Andean II: desert, disturbed areas. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Stuebel 39* (B photo F!), Sagástegui 8118 (MO!)
Depts.: CA

Acaulimalva betonicaefolia (A. W. Hill) Krapovickas
Syn. *Malvastrum betonicaefolium* A. W. Hill, *Malvastrum purdiaei* var. *huantense* Baker f.
Ref. Krapovickas, 1974: 16.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Pearce s.n.* (K), Chanco 298 (USM!)
Depts.: AY, HV, JU

Acaulimalva crenata (A. W. Hill) Krapovickas
Syn. *Malvastrum crenatum* A. W. Hill
Ref. Krapovickas, 1974: 18.
Endemic herb. Andean III: disturbed areas, grasslands, rocky slopes, shrublands. 3500- > 4500 m.
Voucher: Weberbauer 360* (B photo F!), Tovar 832 (USM!)
Depts.: AN, HV, JU, LL, PA

Acaulimalva dryadifolia (Solms) Krapovickas
Syn. *Malvastrum dryadifolium* Solms, *Malvastrum hauthalii* Ulbrich
Ref. Krapovickas, 1974: 19.
Herb. Andean III: grasslands. 4000- > 4500 m.
Voucher: Núñez 7614 (MO!)
Depts.: CU, JU

Acaulimalva engleriana (Ulbrich) Krapovickas
Syn. *Malvastrum bakerianum* A. W. Hill, *Malvastrum bakerianum* fo. *hirsutissimum* R. E. Fries, *Malvastrum bakerianum* var. *strigosum* A. W. Hill, *Malvastrum englerianum* Ulbrich
Ref. Krapovickas, 1974: 19.
Endemic herb. Andean II-III: disturbed areas, grasslands, rocky slopes. 2500-4500 m.
Voucher: Weberbauer 2888* (B photo F!, MOL), Ferreyra 5497 (USM!)
Depts.: AN, AP, AY, CU, HV, JU, LI, LL, PU

Acaulimalva hillii Krapovickas
Ref. Krapovickas, 1974: 21.
Endemic herb. Andean II-III: grasslands. 3000-4500 m.
Voucher: Ferreyra 3818* (CTES!), Tiller P889 (USM!)
Depts.: JU

Acaulimalva nubigena (Walpers) Krapovickas
Syn. *Malva nubigena* (Walpers) Weddell, *Malva parnassiaefolia* var. *lobulata* Weddell, *Malvastrum nubigenum* (Walpers) Baker f., *Malvastrum nubigenum* var. *bipinnatifidum* R. E. Fries, *Nototriche incisa* Turczaninow, *Sida nubigena* Walpers
Ref. Krapovickas, 1974: 22.
Herb. Andean III. 3500-4500 m.
Voucher: E. Z. L. 40 (USM!)
Depts.: CU, PU

[Acaulimalva oriastra (Weddell) Krapovickas]
Syn. *Malva oriastra* Weddell, *Malvastrum oriastrum* (Weddell) Baker f.
Ref. Krapovickas, 1974: 24.
Note: Not known from Peru.

Acaulimalva parnassiaefolia (Hooker) Krapovickas
Syn. *Malva parnassiaefolia* (Hooker) Weddell, *Malvastrum parnassiaefolium* (Hooker) A. Gray, *Sida parnassiaefolia* Hooker
Ref. Krapovickas, 1974: 25; Fryxell, 1992: 21.
Herb. Andean III: cloud forests, grasslands. 3500-4500 m.
Voucher: Dillon & Turner 1608 (USM!)
Depts.: CA

Acaulimalva rauhii (Hochreutiner) Krapovickas
Syn. *Malvastrum rauhii* Hochreutiner
Ref. Krapovickas, 1974: 28.
Herb. Andean III: grasslands. 3500- > 4500 m.
Voucher: Rauh & Hirsch P261* (G), Aguilar s.n. (USM!)
Depts.: JU, LL

Acaulimalva rhizantha (A. Gray) Krapovickas
Syn. *Malva rhizantha* (A. Gray) Weddell, *Malvastrum rhizanthum* A. Gray
Ref. Krapovickas, 1974: 31.
Endemic herb. Andean II-III: grasslands. 2500- > 4500 m.
Voucher: Wilkes Exped. s.n.* (US15210), Tovar *et al.* 9635 (USM!)
Depts.: AN, AR, HV, LI, PA

Acaulimalva richii (A. Gray) Krapovickas
Syn. *Malva richii* (A. Gray) Weddell, *Malvastrum richii* A. Gray
Ref. Krapovickas, 1974: 32.
Endemic herb. Andean III: grasslands. 3500-4500 m.
Voucher: Wilkes Exped. s.n.* (US), Tovar 7762 (USM!)
Depts.: AN, AY, JU, LI, PA

Acaulimalva stuebelii (Hieronymus) Krapovickas
Syn. *Malvastrum stuebelii* Hieronymus
Ref. Krapovickas, 1974: 34.
Endemic herb. Andean II-III: rocky slopes. 3000-4000 m.
Voucher: Stuebel 38* (B photo F!), Pennell & Reichlin 15051 (USM!)
Depts.: CA

Acaulimalva sulphurea Krapovickas
Ref. Krapovickas, 1974: 34.
Endemic herb. Andean II-III: rocky slopes. 2500-4500 m.
Voucher: Sagástegui *et al.* 4537* (CTES), Tovar 9514 (USM!)
Depts.: AN, CA, LL

Acaulimalva weberbaueri (Ulbrich) Krapovickas
Syn. *Malvastrum weberbaueri* Ulbrich
Ref. Krapovickas, 1974: 35.
Endemic herb. Andean II-III: grasslands, rocky slopes. 2500-4500 m.
Voucher: Weberbauer 2760* (B photo F!, MOL), Ferreyra 12173 (USM!)
Depts.: AN

[*Achania poeppigii* Sprengel =Hibiscus poeppigii (Sprengel) Garcke]
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 220.
Note: Not known from Peru.

Alcea rosea L.
Syn. *Althaea rosea* (L.) Cavanilles
Ref. Fryxell, 1988: 68; Fryxell, 1992: 22.
Cultivated herb. Andean II: disturbed areas. 3000-3500 m.
Voucher: Brunel 972 (MO!)
Depts.: CU

Althaea rosea (L.) Cavanilles =Alcea rosea L.
Ref. Fryxell, 1992: 22.
Note: Krapovickas (pers. comm.) recognizes the *Althaea* combination.

Anoda cristata (L.) Schlechtendal
Syn. *Anoda hastata* Cavanilles, *Sida cristata* L.
Ref. FP 13(3A/2) 1956: 589; Fryxell, 1987: 495; Fryxell, 1992: 24.
Herb, shrub or vine. Amazonian, Andean I-II, Coastal: disturbed areas, forests. 0-3500 m.
Voucher: Ferreyra 7358 (USM!)
Depts.: AM, AN, AP, CA, CU, HU, HV, JU, LA, LI, LL, MO, PA, PU

Anoda hastata Cavanilles =Anoda cristata (L.) Schlechtendal
Ref. FP 13(3A/2) 1956: 589; Fryxell, 1987: 495; Fyxell, 1992: 24.

[*Asterochlaena cuspidata* Garcke =Pavonia mutisii H.B.K.]
Ref. FP 13(3A/2) 1956: 463; Kearney, 1958b: 245; Fryxell, 1992: 92.
Note: Not known from Peru.

Bastardia aristata Turczaninow =Bastardia bivalvis (Cavanilles) Kunth
Ref. Fryxell, 1988: 117; Fryxell, 1992: 27.

Bastardia bivalvis (Cavanilles) Kunth
Syn. *Abutilon weberbaueri* Ulbrich, *Bastardia aristata* Turczaninow, *Bastardia bivalvis* var. *aristata* (Turczaninow) Hochreutiner, *Bastardia limensis* R. E. Fries, *Sida bivalvis* Cavanilles
Ref. FP 13(3A/2) 1956: 590; Fryxell, 1988: 116; Fryxell, 1992: 27.
Herb, shrub or subshrub. Andean I-II, Coastal: forests, rocky slopes. 0-3000 m.
Voucher: Hutchison & Wright 3575 (USM!)
Depts.: AM, AN, AR, CA, HU, LA, LI, LL, LO, PI, TU

Bastardia bivalvis var. *aristata* (Turczaninow) Hochreutiner =Bastardia bivalvis (Cavanilles) Kunth
Ref. FP 13(3A/2) 1956: 590.

Bastardia foetida (Cavanilles) Sweet =Bastardia viscosa (L.) H.B.K.
Ref. Krapovickas, pers. comm.

Bastardia limensis R. E. Fries =Bastardia bivalvis (Cavanilles) Kunth
Ref. Fryxell, 1992: 28.

Bastardia parvifolia H.B.K. =Bastardia viscosa (L.) H.B.K.
Ref. FP 13(3A/2) 1956: 591; Fryxell, 1988: 117; Fryxell, 1992: 29.

Bastardia viscosa (L.) H.B.K.
Syn. *Abutilon circinnatum* (Willdenow ex Sprengel) G. Don, *Abutilon foetidum* (Cavanilles) Moench, *Bastarida foetida* (Cavanilles) Sweet, *Bastardia parvifolia* H.B.K., *Bastardia viscosa* var. *parvifolia* (H.B.K.) Grisebach, *Sida bastardia* DC., *Sida circinnata* Willdenow ex Sprengel, *Sida foetida* Cavanilles, *Sida viscosa* L.
Ref. FP 13(3A/2) 1956: 591; Fryxell, 1988: 117; Fryxell, 1992: 29.
Herb, shrub or subshrub. Amazonian, Andean I-II, Coastal: rocky slopes. 0-2500 m.
Voucher: Cowan & Vinas 4477 (USM!)
Depts.: AM, CA, CU, LA, LI, PI

Bastardia viscosa var. *parvifolia* (H.B.K.) Grisebach =Bastardia viscosa (L.) H.B.K.
Ref. FP 13(3A/2) 1956: 591; Fryxell, 1988: 117; Fryxell, 1992: 29.

Bastardiopsis myrianthus (Planchon & Linden ex Triana & Planchon) Fuertes & Fryxell =Abutilon myrianthum (Planchon & Linden ex Triana & Planchon) Krapovickas
Ref. Krapovickas, 1969b: 40; Fryxell, 1992: 30.

Bogenhardia crispa (L.) Kearney =Herissantia crispa (L.) Brizicky
Ref. FP 13(3A/2) 1956: 494; Brizicky, 1968: 279; Fryxell, 1992: 44.

Briquetia spicata (H.B.K.) Fryxell
Syn. *Abutilon spicatum* H.B.K., *Pseudabutilon spicatum* (H.B.K.) R. E. Fries, *Wissadula spicata* (H.B.K.) C. Presl
Ref. Fryxell, 1988: 136; Fryxell, 1992: 32.
Shrub or subshrub. Amazonian, Andean I, Coastal: forests. 0-1000 m.
Voucher: Klug 4245 (MO!)
Depts.: JU, SM, TU

[Cienfuegosia heterophylla (Ventenat) Garcke]
Syn. *Redoutea heterophylla* Ventenat (Bombaceae)
Ref. FP 13(3A/2) 1956: 477; Fryxell, 1969: 211.
Note: Not known from Peru.

Cienfuegosia heterophylla var. *cuneata* (Bentham) J. F. Macbride =Cienfuegosia tripartita (H.B.K.) Guerke
Ref. FP 13(3A/2) 1956: 477; Fryxell, 1969: 213.

Cienfuegosia hitchcockii (Ulbrich ex Kearney) O. Blanchard
Syn. *Hibiscus hitchcockii* Ulbrich ex Kearney
Ref. Fryxell, 1992: 34.
Shrub. Coastal. 0-500 m.
Voucher: Ferreyra 10768 (USM!)
Depts.: PI

Cienfuegosia tripartita (H.B.K.) Guerke
Syn. *Cienfuegosia heterophylla* var. *cuneata* (Bentham) J. F. Macbride, *Fugosia cuneata* Bentham (Bombacaeae), *Fugosia tripartita* (H.B.K.) Steudel (Bombacaeae), *Hibiscus tripartitus* (H.B.K.) Kuntze, *Redoutea tripartita* H.B.K. (Bombacaeae)
Ref. Fryxell, 1969: 213; Fryxell, 1992: 35.
Herb or shrub. Amazonian, Andean I, Coastal: disturbed areas, riversides, rocky slopes. 0-1500 m.
Voucher: Humboldt & Bonpland 3601* (B photo F!), Hutchison & Wright 5422 (MO!)
Depts.: AM, CA, LA, PI, TU

Cristaria divaricata Philippi ex Baker f.
Ref. FP 13(3A/2) 1956: 571; Marticorena & Quezada, 1985: 52, Dillon, pers. comm.
Herb. Coastal: lomas. 0-1000 m.

Voucher: Mexia s.n.
Depts.: TA

Cristaria formosula Johnston
Ref. FP 13(3A/2) 1956: 572; Marticorena & Quezada, 1985: 52.
Herb. Coastal: beach, lomas, rocky slopes. 0-1000 m.
Voucher: Ferreyra 6362 (USM!)
Depts.: AR

Cristaria multifida Cavanilles
Syn. *Cristaria obtusiloba* Turczaninow
Ref. FP 13(3A/2) 1956: 572; Marticorena & Quezada, 1985: 52.
Herb. Amazonian, Andean I-II, Coastal: beach, disturbed areas, lomas. 0-2500 m.
Voucher: Dombey s.n.* (MA photo F!), Ferreyra 13925 (USM!)
Depts.: AR, LI, LL, MO, TA

Cristaria obtusiloba Turczaninow =Cristaria multifida Cavanilles
Ref. Fryxell & Krapovickas, 1990: 176.

Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Syn. *Gaya disticha* (Cavanilles) Sweet, *Gaya nutans* (L'Héritier) Sweet, *Sida calyptrata* Cavanilles, *Sida disticha* Cavanilles, *Sida nutans* L'Héritier
Ref. FP 13(3A/2) 1956: 568; Fryxell, 1988: 156; Fryxell, 1992: 36.
Herb or shrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Dombey s.n.* (MA photo F!), Ferreyra 6581 (USM!)
Depts.: CU, HU, LI

Gaya distichia (Cavanilles) Sweet =Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Ref. Fryxell, 1992: 36.

Gaya gaudichaudiana St. Hilaire
Ref. Fryxell, 1992: 38.
Herb, shrub or subshrub. Andean I-III: desert, dry valleys. 500-4000 m.
Voucher: Smith 6169 (MO!)
Depts.: CA

Gaya hermannioides H.B.K.
Ref. Fryxell, 1988: 156; Fryxell, 1992: 39.
Subshrub. Andean I. 500-1000 m.
Voucher: Gentry *et al.* 61030 (MO!)
Depts.: CA

Gaya jaenensis Ulbrich
Ref. FP 13(3A/2) 1956: 569.
Endemic shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Weberbauer 6189*, Sánchez 436 (USM!)
Depts.: AM, CA

Gaya nutans (L'Héritier) Sweet =Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Ref. Fryxell, 1988: 156; Fryxell, 1992: 36.

Gaya peruviana Ulbrich
Ref. FP 13(3A/2) 1956: 569.
Endemic shrub. Andean I: grasslands. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6363*
Depts.: PI

Gaya triflora Hochreutiner
Ref. FP 13(3A/2) 1956: 570.
Shrub.
Voucher: Mathews 3236* (G photo F!), Mathews s.n.
Depts.: AM

Gaya weberbaueri Ulbrich
Ref. FP 13(3A/2) 1956: 570.
Shrub. Andean I-II, Coastal: lomas, rocky slopes. 1000-2500 m.
Voucher: Weberbauer 7118*, Ferreyra 9212 (USM!)
Depts.: AR, CA, HU, JU, LI

Gayoides crispum (L.) Small =Herissantia crispa (L.) Brizicky
Ref. FP 13(3A/2) 1956: 494; Brizicky, 1968: 279; Fryxell, 1992: 44.

Gossypium barbadense L.
Syn. *Gossypium barbadense* var. *vitifolium* (Lamarck) Roberty, *Gossypium peruvianum* Cavanilles, *Gossypium vitifolium* Lamarck
Ref. FP 13(3A/2) 1956: 479; Fryxell, 1979b: 70; Fryxell, 1992: 41.
Shrub. Amazonian, Andean I-II, Coastal: disturbed areas, riversides, rocky slopes. 0-2500 m.
Voucher: Ferreyra *et al.* 20466 (USM!)
Depts.: AM, AP, AY, CA, CU, HU, JU, LA, LI, LL, LO, MD, PI, SM, TU

Gossypium barbadense var. *vitifolium* (Lamarck) Roberty =Gossypium barbadense L.
Ref. FP 13(3A/2) 1956: 479; Fryxell, 1976: 76.

Gossypium klotzschianum var. *raimondii* (Ulbrich) Roberty =Gossypium raimondii Ulbrich
Ref. FP 13(3A/2) 1956: 480; Fryxell, 1979b: 62.

Gossypium peruvianum Cavanilles =Gossypium barbadense L.
Ref. FP 13(3A/2) 1956: 479; Fryxell, 1979b: 70; Fryxell, 1992: 41.

Gossypium raimondii Ulbrich
Syn. *Gossypium klotzschianum* var. *raimondii* (Ulbrich) Roberty
Ref. FP 13(3A/2) 1956: 480; Fryxell, 1979b: 62; Fryxell, 1992: 41.
Endemic subshrub. Andean I: disturbed areas, riversides. 500-1000 m.
Voucher: Raimondi 8218*, Sagástegui *et al.* 9239 (MO!)
Depts.: CA, LL

Gossypium vitifolium Lamarck =Gossypium barbadense L.
Ref. FP 13(3A/2) 1956: 479; Fryxell, 1979b: 70; Fryxell, 1992: 41.

Herissantia crispa (L.) Brizicky
Syn. *Abutilon crispum* (L.) Medic, *Abutilon crispum* var. *svensonii* J. F. Macbride, *Bogenhardia crispa* (L.) Kearney, *Gayoides crispum* (L.) Small, *Sida crispa* L.
Ref. Brizicky, 1968: 279; Fryxell, 1992: 44.
Herb or subshrub. Riversides, shrublands.
Voucher: Kilip & Smith 22845
Depts.: AP, AY, HU, JU, PI

Hibiscus abelmoschus L. =Abelmoschus moschatus Medikus
Ref. FP 13(3A/2) 1956: 476; Fryxell, 1992: 8.

[*Hibiscus abutiloides* Willdenow =Hibiscus tiliaceus L.]
Ref. FP 13(3A/2) 1956: 476; Bates, 1965: 71.
Note: Not known from Peru.

Hibiscus acetosella Welwitsch ex Hiern
Ref. Fryxell, 1988: 200; Fryxell, 1992: 47.
Cultivated and introduced herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Gentry *et al.* 29530 (MO!)
Depts.: UC

Hibiscus bifurcatus Cavanilles
Ref. FP 13(3A/2) 1956: 469; Robyns, 1966: 511; Fryxell, 1992: 48.
Shrub.
Voucher: Núñez & Phillips 10427 (MO!)
Depts.: MD

Hibiscus brasiliensis L.
Ref. FP 13(3A/2) 1956: 470; Fryxell, 1980: 7.
Note: Treated by Fryxell (1980) as a nomen dubium. This name as used in the Flora of Peru is probably *H. phoeniceus* (Krapovickas, pers. comm.).

Hibiscus cannabinus L.
Ref. FP 13(3A/2) 1956: 470; Bates, 1965: 83.
Shrub. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Zúniga s.n. (USM!)
Depts.: LO, TU

Hibiscus cavanillesianus H.B.K. =Hibiscus phoeniceus Jacquin
Ref. FP 13(3A/2) 1956: 471; Fryxell, 1980: 6; Fryxwll, 1992: 53.

[*Hibiscus cordifolius* L. f., nom. illeg. =Pavonia mutisii H.B.K.]
Ref. FP 13(3A/2) 1956: 463; Fryxell, 1992: 92.
Note: Not known from Peru.

Hibiscus esculentus L. =Abelmoschus esculentus (L.) Moench
Ref. Robyns, 1966: 514.

[*Hibiscus ferox* Hooker f. =Wercklea ferox (Hooker f.) Fryxell]
Ref. Fryxell, 1981: 464; Fryxell, 1992: 128.
Note: Not known from Peru.

Hibiscus furcellatus Desrousseaux
Ref. FP 13(3A/2) 1956: 471; Bates, 1965: 78; Fryxell, 1992: 50.
Herb or subshrub. Amazonian: forests, riversides. 0-500 m.
Voucher: Klug 2182 (MO!)
Depts.: LO

Hibiscus hitchcockii Ulbrich ex Kearney =Cienfuegosia hitchcockii (Ulbich ex Kearney) O. Blanchard
Ref. FP 13(3A/2) 1956: 472; Fryxell, 1992: 34.

[*Hibiscus lambertianus* H.B.K. =Hibiscus striatus subsp. lambertianus (H.B.K.) Blanchard ex Proctor]
Ref. FP 13(3A/2) 1956: 472; Blanchard, 1976: 209.
Note: Not known from Peru.

Hibiscus manihot L. =Abelmoschus manihot (L.) Medikus
Ref. Fryxell, 1988: 21; Fryxell, 1992: 7.

Hibiscus mutabilis L.
Ref. FP 13(3A/2) 1956: 473; Bates, 1965: 100; Fryxell, 1992: 51.
Cultivated shrub, tree or treelet. Amazonian. 0-500 m.
Voucher: Williams 2760
Depts.: LO

Hibiscus pentaspermus Bertero ex DC., nom. illeg. =Kosteletzkya depressa (L.) O. Blanchard, Fryxell & D. Bates
Ref. Fryxell, 1988: 247.

Hibiscus pernambucensis Arruda
Ref. Fryxell, 1992: 51.
Shrub or tree. Coastal: mangrove. 0-1000 m.
Voucher: Raimondi s.n.
Depts. TU

Hibiscus peruvianus R. E. Fries
Ref. FP 13(3A/2) 1956: 473; Kearney, 1957: 162; Fryxell, 1992: 52.
Herb, shrub or subshrub. Amazonian: disturbed areas, riversides. 0-500 m.
Voucher: Tessmann 3072* (S), Schunke 7097 (MO!)
Depts.: LO, MD, SM

Hibiscus phoeniceus Jacquin
Syn. *Hibiscus cavanillesianus* H.B.K.
Ref. FP 13(3A/2) 1956: 470; Fryxell, 1980: 6; Fryxell, 1992: 53.
Herb or shrub. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Hutchison & Wright 5443 (MO!)
Depts.: CA, LO, TU

[Hibiscus poeppigii (Sprengel) Garcke]
Syn *Achania poeppigii* Sprengel, *Malvaviscus poeppigii* (Sprengel) G. Don
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 220.
Note: Not known from Peru.

[Hibiscus radiatus Cavanilles]
Syn. *Hibiscus unidens* Lindley
Ref. Fryxell, 1988: 221; Fryxell, 1992: 54.
Note: Not known from Peru; from tropical Asia. Cultivated in tropical gardens and sometimes naturalized.

Hibiscus rosa-sinensis L. var. **rosa-sinensis**
Ref. FP 13(3A/2) 1956: 474; Fryxell, 1992: 55.
Cultivated shrub. Amazonian, Coastal: disturbed areas, riversides. 0-500 m.
Voucher: Berlin 3706 (MO!)
Depts.: AM, AR, HU, LI, LO, MD, SM

Hibiscus rosa-sinensis var. **schizopetalus** Dyer
Syn. *Hibiscus schizopetalus* (Dyer) Hooker f.
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 224; Fryxell, 1992: 56.
Cultivated shrub. Amazonian: disturbed areas, forests. 0-1500 m.
Voucher: Williams 3061 (MO!)
Depts.: JU, LO, SM, TU

Hibiscus sabdariffa L.
Ref. FP 13(3A/2) 1956: 474; Bates, 1965: 84.
Note: Not reconfirmed.

Hibiscus salviaefolius St. Hilaire =Hibiscus striatus subsp. lambertianus (H.B.K.) Blanchard ex Proctor
Ref. FP 13(3A/2) 1956: 472; Blanchard, 1976: 209.

Hibiscus schizopetalus (Dyer) Hooker f. =Hibiscus rosa-sinensis var. schizopetalus Dyer
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 224; Fryxell, 1992: 56.
Note: The Flora of Peru cites the incorrect author "(Masters) Hooker f."

Hibiscus sororius L.
Ref. Fryxell, 1988: 226; Fryxell, 1992: 56.
Shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 6501 (MO!)
Depts.: LO, MD

Hibiscus spathulatus Garcke, nom. illeg. =Hibiscus verbasciformis Klotzsch ex Hochreutiner
Ref. Robyns, 1966: 509; Fryxell, 1992: 57.

Hibiscus spinifex L. =Pavonia spinifex (L.) Cavanilles
Ref. FP 13(3A/2) 1956: 468; Robyns, 1966: 538.

[Hibiscus spiralis Cavanilles]
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 226.
Note: Not known from Peru.

Hibiscus striatus subsp. **lambertianus** (H.B.K.) Blanchard ex Proctor
Syn. *Hibiscus lambertianus* H.B.K., *Hibiscus salviaefolius* St. Hilaire
Ref. Proctor, 1982: 267.
Shrub or subshrub. Andean I. 500-1000 m.
Voucher: Woytkowski 35124 (MO!)
Depts.: SM

[Hibiscus tiliaceus L.]
Syn. *Hibiscus abutiloides* Willdenow
Ref. FP 13(3A/2) 1956: 476; Bates, 1965: 71; Krapovickas, pers. comm.
Note: Not known from Peru. Included in the Flora of Peru on the basis of *Ramondi s.n.*, which is *Hibiscus pernambucensis*.

Hibiscus tripartitus (H.B.K.) Kuntze =Cienfuegosia tripartita (H.B.K.) Guerke
Ref. Fryxell, 1969: 213; Fryxell, 1992: 35.

[*Hibiscus tubiflorus* DC. =Kosteletzkya tubiflora (DC.) O. Blanchard & McVaugh]
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 252.
Note: Not known from Peru.

[*Hibiscus unidens* Lindley =Hibiscus radiatus Cavanilles]
Ref. FP 13(3A/2) 1956: 470; Fryxell, 1988: 221.
Note: Not known from Peru.

Hibiscus verbasciformis Klotzsch ex Hochreutiner
Syn. *Hibiscus spathulatus* Garcke, nom. illeg., *Hibiscus verbasciformis* Klotzsch ex Schomburgk, nom. nud.
Ref. Robyns, 1966: 509; Fryxell, 1992: 57.
Herb or shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Kayap 2025 (MO!)
Depts.: AM

Hibiscus verbasciformis Klotzsch ex Schomburgk, nom. nud. =Hibiscus verbasciformis Klotzsch ex Hochreutiner
Ref. Robyns, 1966: 509; Fryxell, 1992: 57.

Kosteletzkya depressa (L.) O. Blanchard *et al.*
Syn. *Hibiscus pentaspermus* Bertero ex DC., nom. illeg., *Kosteletzkya pentasperma* (Bertero ex DC.) Grisebach, *Melochia depressa* L. (Sterculiaceae)
Ref. Fryxell, 1988: 247; Fryxell, 1992: 58.
Herb or subshrub. Coastal: disturbed areas. 0-500 m.
Voucher: Hudson 934 (MO!)
Depts.: LA

Kosteletzkya pentasperma (Bertero ex DC.) Grisebach =Kosteletzkya depressa (L.) O. Blanchard *et al.*
Ref. Fryxell, 1988: 247.

[Kosteletzkya tubiflora (DC.) O. Blanchard & McVaugh]
Syn. *Hibiscus tubiflorus* DC.
Ref. Fryxell, 1988: 252.
Note: Not known from Peru.

[Krapovickasia flavescens (Cavanilles) Fryxell]
Syn. *Sida flavescens* Cavanilles, *Sida intermedia* St. Hilaire
Ref. Fryxell, 1978: 456.
Note: Not known from Peru.

[Krapovickasia macrodon (DC) Fryxell]
Syn. *Sida macrodon* DC.
Ref. Fryxell, 1978: 456.
Note: Not known from Peru.

Krapovickasia physaloides (C. Presl) Fryxell
Syn. *Sida physaloides* C. Presl
Ref. Fryxell, 1978: 457.
Herb.
Note: Known from Peru only from the type locality. Fryxell (1988) suggests that the type may be mislabeled and not from Peru at all. The taxon is otherwise known only from Mexico.
Voucher: Haenke s.n.* (W photo F!)
Depts.: Without locality data.

Lavatera arborea L.
Ref. FP 13(3A/2) 1956: 443; Fryxell, 1988: 257; Fryxell, 1992: 60.
Introduced shrub. Andean II: rocky slopes. 1500-2000 m.
Voucher: Ridoutt s.n. (USM!)
Depts.: CU, LI

Lavatera assurgentiflora Kellogg
Ref. FP 13(3A/2) 1956: 443; Fryxell, 1988: 258; Fryxell 1992: 61.
Cultivated shrub. Disturbed areas.
Voucher: Miller *et al.* 12226 (USM!)
Depts.: JU, PU

[*Malache scabra* Vogel =Pavonia spicata Cavanilles]
Ref. FP 13(3A/2) 1956: 467; Robyns, 1966: 536.
Note: Not known from Peru.

Malachra alceifolia Jacquin
Ref. FP 13(3A/2) 1956: 458; Fryxell, 1988: 263; Fryxell, 1992: 62.
Herb or shrub. Amazonian, Andean I, Coastal: disturbed areas, forests, seasonally inundated areas. 0-1000 m.
Voucher: Ferreyra 5010 (USM!)
Depts.: AM, AN, HU, JU, LA, LI, LO, MD, SM, UC

[Malachra capitata (L.) L.]
Syn. *Sida capitata* L.
Ref. FP 13(3A/2) 1956: 459; Fryxell, 1988: 265.
Note: Not known from Peru. The specimen cited in Flora of Peru was redetermined as *M. ruderalis* (Krapovickas, pers. comm.).

[Malachra fasciata Jacquin]
Ref. FP 13(3A/2) 1956: 458; Fryxell, 1988: 268; Fryxell, 1992: 63.
Note: Not known from Peru.

Malachra poeppigii Guerke, nom. illeg. =Malachra ruderalis Guerke
Ref. FP 13(3A/2) 1956: 459; Fryxell, 1992: 64.

Malachra radiata (L.) L.
Syn. *Sida radiata* L.
Ref. Fryxell, 1988: 269.
Herb. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 9872 (MO!)
Depts.: LO, UC

Malachra ruderalis Guerke
Syn. *Malachra poeppigii* Guerke, nom. illeg.
Ref. FP 13(3A/2) 1956: 459; Fryxell, 1988: 265; Fryxell, 1992: 64.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, forests, rocky slopes, seasonally inundated areas, swamps. 0-2000 m.
Voucher: Poeppig 2232* (W, B photo F!), Zúniga & Whitcomb 9 (USM!)
Depts.: CA, CU, HU, LL, LO, MD, SM, UC

Malachra rudis Bentham
Ref. Fryxell, 1992: 65.
Subshrub. Amazonian, Andean I. 0-1500 m.
Voucher: Smith 2144 (MO!)
Depts.: SM

Malope parviflora L'Héritier =Palaua malvifolia Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Malva acaulis Dombey ex Cavanilles =Acaulimalva acaulis (Dombey ex Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 512; Krapovickas, 1974: 15.

Malva americana L. =Malvastrum americanum var. americanum
Ref. FP 13(3A/2) 1956: 514; Hill, 1982a: 187; Fryxell, 1992: 71.

Malva capitata Cavanilles =Tarasa capitata (Cavanilles) Bates
Ref. Hill, 1982b: 377.

[*Malva caroliniana* L. =Modiola caroliniana (L.) G. Don]
Ref. FP 13(3A/2) 1956: 505; Fryxell, 1988: 306l Fryxell, 1992: 80.
Note: Not known from Peru.

Malva chilensis Braun & Bouché =Urocarpidium chilense (Braun & Bouché) Krapovickas
Ref. FP 13(3A/2) 1956: 515.

Malva coromandeliana L. =Malvastrum coromandelianum subsp. coromandelianum
Ref. FP 13(3A/2) 1956: 516; Hill, 1982b: 324; Fryxell, 1992: 71.

Malva costata C. Presl =Urocarpidium limense (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Fryxell, 1992: 124.

Malva echinata C. Presl =Urocarpidium echinatum (C. Presl) Krapovickas
Ref. FP 13(3A/2) 1956: 524.

Malva haenkeana C. Presl =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524.

Malva hornshuchiana Walpers =Tarasa hornschuchiana (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 519; Hill, 1982b: 389.

Malva leprosa Ortega =Malvella leprosa (Ortega) Krapovickas
Ref. Fryxell, 1988: 300.

Malva limensis L. =Urocarpidium limense (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Hill, 1982b: 391; Fryxell, 1992: 124.

Malva mathewsii Turczaninow =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 520; Díaz, 1970: 142; Fryxell & Krapovickas, 1990: 177.

Malva multicaulis Schlechtendal ex Britton pro syn. =Tarasa tenella (Cavanilles) Krapovickas
Ref. Hill, 1982b: 394.

Malva nubigena (Walpers) Weddell =Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 22.

Malva operculata Cavanilles =Tarasa operculata (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Hill, 1982b: 396.

[*Malva oriastra* Weddell =Acaulimalva oriastrum (Weddell) Krapovickas]
Ref. FP 13(3A/2) 1956: 522; Krapovickas, 1974: 24.

Malva parnassiaefolia (Hooker) Weddell =Acaulimalva parnassiaefolia (Hooker) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 25; Fryxell, 1992: 21.

Malva parnassiaefolia var. *lobulata* Weddell =Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 22.

Malva parviflora L.
Ref. FP 13(3A/2) 1956: 481; Fryxell, 1988: 277; Fryxell, 1992: 69.
Introduced herb. Amazonian, Andean I-III, Coastal: rocky slopes. 0-4000 m.
Voucher: Brunel 728 (MO!)
Depts.: AR, CU, JU, LI

Malva peruviana L. =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Hill, 1982b: 399.

Malva plumosa C. Presl =Tarasa operculata (Cavanilles). Krapovickas
Ref. FP 13(3A/2) 1956: 521; Hill, 1982a: 400.

Malva polystachya Cavanilles =Malvastrum americanum var. americanum
Ref. Hill, 1982a: 187.

Malva pygmaea (Remy) Weddell =Nototriche pygmaea (Remy) Hill
Ref. FP 13(3A/2) 1956: 561.

Malva rhizantha (A. Gray) Weddell =Acaulimalva rhizantha (A. Gray) Krapovickas
Ref. FP 13(3A/2) 1956: 525; Krapovickas, 1974: 31.

Malva richii (A. Gray) Weddell =Acaulimalva richii (A. Gray) Krapovickas
Ref. Krapovickas, 1974: 32.

Malva scabra Cavanilles =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 526; Hill, 1982a: 211; Fryxell, 1992: 72.

Malva scoparia L'Héritier =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 527; Hill, 1982a: 211; Fryxell, 1992: 72.

Malva scorpioides Turczaninow =Urocarpidium chilense (Braun & Bouché) Krapovickas
Ref. FP 13(3A/2) 1956: 515; Hill, 1982b: 399; Fryxell & Krapovickas, 1990: 177.

Malva spicata L. =Melochia spicata (L.) Fryxell (Sterculiaceae)
Ref. FP 13(3A/2) 1956: 514; Fryxell, 1988: 457.

Malva sylvestris L.
Ref. Fryxell, 1988: 278; Fryxell, 1992: 69.
Introduced herb. Coastal: disturbed areas. 0-500 m.
Voucher: Sagástegui 7646 (MO!)
Depts.: LL

Malva tenella Cavanilles =Tarasa tenella (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 528; Hill, 1982b: 406.

Malva tomentosa L. =Malvastrum tomentosum subsp. tomentosum
Ref. Hill, 1982a: 211; Fryxell, 1992: 72.

Malva verticillata L.
Ref. FP 13(3A/2) 1956: 481; Dalby, 1968: 251.
Shrub. Andean II: disturbed areas, rocky slopes. 2000-2500 m.
Voucher: Chanco 38 (USM!)
Depts.: HU, LI

Malvastrum acaule (Dombey ex Cavanilles) A. Gray =Acaulimalva acaulis (Dombey ex Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 512; Krapovickas, 1974: 15.

[*Malvastrum albertii* (Philippi) Reiche =Tarasa albertii Philippi]
Ref. FP 13(3A/2) 1956: 742; Hill, 1982b: 372.
Note: Not known from Peru.

Malvastrum alismatifolium Schumann & Hieronymus =Acaulimalva alismatifolia (Schumann & Hieronymus) Krapovickas
Ref. FP 13(3A/2) 1956: 513; Krapovickas, 1974: 16.

Malvastrum americanum (L.) Torrey var. **americanum**
Syn. *Malva americana* L., *Malva polystachya* Cavanilles
Ref. FP 13(3A/2) 1956: 514; Hill, 1982a: 187; Fryxell, 1992: 71.
Herb, shrub or subshrub. Andean I, Coastal: disturbed areas, riversides. 0-1500 m.
Voucher: López & Sagástegui 8758 (MO!)
Depts.: AM, CA, HV, JU, LA, PI, TU

Malvastrum anthemidifolium (Remy) A. Gray =Nototriche anthemidifolia (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 537; Hill, 1982b: 373.

Malvastrum arequipense Johnston =Urocarpidium albiflorum Ulbrich
Ref. FP 13(3A/2) 1956: 506; Hill, 1982b: 374.

Malvastrum aretioides A. Gray =Nototriche aretioides (A. Gray) A. W. Hill
Ref. FP 13(3A/2) 1956: 537; Hill, 1982b: 374.

Malvastrum bakerianum A. W. Hill =Acaulimalva engleriana (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 514; Krapovickas, 1974: 19.

Malvastrum bakerianum fo. *hirsutissimum* R. E. Fries =Acaulimalva engleriana (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 514; Krapovickas, 1974: 19.

Malvastrum bakerianum var. *strigosum* A. W. Hill =Acaulimalva engleriana (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 514; Krapovickas, 1974: 19.

Malvastrum betonicaefolium A. W. Hill =Acaulimalva betonicaefolia (A. W. Hill) Krapovickas
Ref. FP 13(3A/2) 1956: 515; Krapovickas, 1974: 16.

Malvastrum borussicum (Meyen) Weddell =Nototriche borussica (Meyen) A. W. Hill
Ref. Hill, 1982b: 375.

Malvastrum capitatum (Cavanilles) Grisebach =Tarasa capitata (Cavanilles) Bates
Ref. Hill, 1982b: 377.

Malvastrum castelnaeanum Weddell =Nototriche castelnaeana (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 542; Hill, 1982b: 377.

Malvastrum cavanillesii A. Gray =Nototriche acaulis (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 530; Krapovickas, 1973: 286.

Malvastrum condensatum Baker f. =Nototriche condensata (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 543; Hill, 1982b: 379.

Malvastrum congestiflorum Johnston =Tarasa congestiflora (Johnston) Krapovickas
Ref. FP 13(3A/2) 1956: 516; Hill, 1982b: 379.

Malvastrum copelandii Hieronymus =Nototriche orbignyana (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 556; Hill, 1982b: 380.

Malvastrum coromandelianum (L.) Garcke subsp. **coromandelianum**
Syn. *Malva coromandeliana* L.
Ref. FP 13(3A/2) 1956: 516; Hill, 1982b: 324; Fryxell, 1992: 71.
Herb or shrub. Amazonian, Andean I-II, Coastal: disturbed areas, riversides, shrublands. 0-2500 m.
Voucher: Gentry *et al.* 19482 (MO!)
Depts.: AP, CU, HU, IC, JU, LA, LI, LL, PI, SM

Malvastrum crenatum A. W. Hill =Acaulimalva crenata (A. W. Hill) Krapovickas
Ref. FP 13(3A/2) 1956: 517; Krapovickas, 1974: 18.

Malvastrum depressum (Bentham) Svenson =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 517; Hill, 1982a: 213; Fryxell, 1992: 72.

Malvastrum dimorphum Howell =Malvastrum tomentosum subsps. tomentosum
Ref. FP 13(3A/2) 1956: 517: Hill, 1982a: 213; Fryxell, 1992: 72.

Malvastrum dryadifolium Solms =Acaulimalva dryadifolia (Solms) Krapovickas
Ref. Krapovickas, 1974: 19.

Malvastrum englerianum Ulbrich =Acaulimalva engleriana (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 518; Krapovickas, 1974: 19.

Malvastrum flabellatum Weddell =Nototriche flabellata (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 547; Hill, 1982b: 384.

Malvastrum hauthalii Ulbrich =Acaulimalva dryadifolia (Solms) Krapovickas
Ref. FP 13(3A/2) 1956: 518; Krapovickas, 1974: 19.

Malvastrum hinkleyorum Johnston =Urocarpidium chilense (Braun & Bouché) Krapovickas
Ref. FP 13(3A/2) 1956: 515; Hill, 1982b: 388.

Malvastrum hornschuchianum (Walpers) J. F. Macbride =Tarasa hornschuchiana (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 519; Hill, 1982b: 389.

Malvastrum jorgensenii Johnston =Tarasa capitata (Cavanilles) Bates
Ref. Krapovickas, 1954: 138; Krapovickas, pers. comm.

Malvastrum limense (L.) J. Ball =Urocarpidium limense (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Hill, 1982b: 391; Fryxell, 1992: 124.

Malvastrum lobulatum Weddell ex Mandon, nom. nud. =Nototriche obcuneata (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 555; Hill, 1982b: 392.

Malvastrum longirostre Weddell =Nototriche longirostris (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 550; Hill, 1982b: 392.

Malvastrum macleanii A. Gray =Nototriche macleanii (A. Gray) A. W. Hill
Ref. FP 13(3A/2) 1956: 552; Hill, 1982b: 392.

Malvastrum mandonii (Baker f.) J. F. Macbride =Tarasa mandonii (Baker f.) Kearney
Ref. FP 13(3A/2) 1956: 520; Hill, 1982b: 392.

Malvastrum mandonianum Weddell =Nototriche mandoniana (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 552; Hill, 1982b: 392.

Malvastrum mollendoense Ulbrich =Palaua guentheri F. Bruns
Ref. FP 13(3A/2) 1956: 450; Hill, 1982b: 394.

Malvastrum multicaule Britton =Tarasa tenella (Cavanilles) Krapovickas
Ref. Hill, 1982b: 394.

Malvastrum nototrichoides Hochreutiner =Tarasa nototrichoides (Hochreutiner) Krapovickas
Ref. FP 13(3A/2) 1956: 742; Krapovickas, 1979: 48.

Malvastrum nubigenum (Walpers) Baker f. =Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 22.

Malvastrum nubigenum var. *pinnatifidum* R. E. Fries =Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 512; Krapovickas, 1974: 23.

Malvastrum obcuneatum Baker f. =Nototriche obcuneata (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 555; Hill, 1982b: 396.

Malvastrum operculatum (Cavanilles) Hochreutiner, nom. illeg. =Tarasa operculata (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Hill, 1982b: 396.

Malvastrum operculatum (Cavanilles) Baker f. =Tarasa operculata (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Hill, 1982b: 396.

Malvastrum orbignyanum Weddell =Nototriche orbignyana (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 556; Hill, 1982b: 396.

[*Malvastrum oriastrum* (Weddell) Baker f. =Acaulimalva oriastra (Weddell) Krapovickas]
Ref. FP 13(3A/2) 1956: 522; Krapovickas, 1974: 24.
Note: Not known from Peru.

Malvastrum parnassiaefolium (Hooker) A. Gray =Acaulimalva parnassiaefolia (Hooker) Krapovickas
Ref. FP 13(3A/2) 1956: 522; Krapovickas, 1974: 25; Fryxell, 1992: 21.

Malvastrum pearcei Baker f. =Nototriche pearcei (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 556; Hill, 1982b: 398.

Malvastrum pediculariifolium (Meyen) A. Gray =Nototriche pedicullariifolia (Meyen) A. W. Hill
Ref. Hill, 1982b: 398.

[*Malvastrum pedicularifolium* var. *rugosum* (Philippi) Reiche =Nototriche rugosa (Philippi) A. W. Hill]
Ref. FP 13(3A/2) 1956: 562; Hill, 1982b: 398.
Note: Not known from Peru.

Malvastrum pennellii Ulbrich
Ref. FP 13(3A/2) 1956: 523; Hill, 1982b: 398.
Herb or subshrub. Andean II: rocky slopes. 2500-3000 m.
Note: Treated by Hill (1982c) as an uncertain species the description of which resembles *Urocarpidium*.
Voucher: Pennell 13206* (F)
Depts.: AR

Malvastrum peruvianum (L.) A. Gray =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Hill, 1982b: 399.

Malvastrum peruvianum var. *elongatum* Hochreutiner =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 743; Hill, 1982b: 399.

Malvastrum peruvianum var. *limense* (L.) Baker f. =Urocarpidium limense (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 524; Hill, 1982b: 399; Fryxell, 1992: 124.

Malvastrum peruvianum var. *scorpioides* (Turczaninow) Baker =Urocarpidium chilense (Braun & Bouché) Krapovickas
Ref. FP 13(3A/2) 1956: 515; Hill, 1982b: 399.

Malvastrum phyllanthos (Cavanilles) A. Gray =Nototriche phyllanthos (Cavanilles) A. W. Hill
Ref. Hill, 1982b: 399; Fryxell, 1992: 83.

Malvastrum pichinchense (H.B.K.) A. Gray =Nototriche phyllanthos (H.B.K.) A. W. Hill
Ref. FP 13(3A/2) 1956: 559; Fyxell, 1992: 83.
Note: Not known from Peru.

Malvastrum pinnatum (Cavanilles) A. Gray =Nototriche pinnata (Cavanilles) A. W. Hill
Ref. Krapovickas, 1973: 286.

Malvastrum plumosum (C. Presl) A. Gray =Tarasa operculata (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Hill, 1982b: 400.

Malvastrum purdiaei A. Gray var. *huantense* Baker f. =Acaulimalva betonicaefolia (A. W. Hill) Krapovickas
Ref. FP 13(3A/2) 1956: 515; Krapovickas, 1974: 16.

Malvastrum pygmaeum (Remy) A. Gray =Nototriche pygmaea (Remy) A. W. Hill

Ref. FP 13(3A/2) 1956: 561; Hill, 1982b: 401.

Malvastrum rauhii Hochreutiner =Acaulimalva rauhii (Hochreutiner) Krapovickas
Ref. Krapovickas, 1974: 28.

Malvastrum rhizanthum A. Gray =Acaulimalva rhizantha (A. Gray) Krapovickas
Ref. FP 13(3A/2) 1956: 525; Krapovickas, 1974: 31.

Malvastrum richii A. Gray =Acaulimalva richii (A. Gray) Krapovickas
Ref. FP 13(3A/2) 1956: 525; Krapovickas, 1974: 32.

[*Malvastrum rugosum* Philippi =Nototriche rugosa (Philippi) A. W. Hill]
Ref. Hill, 1982b: 398.
Note: Not known from Peru.

Malvastrum rusbyi Britton =Tarasa hornschuchiana (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 519; Krapovickas, 1954: 139; Hill, 1982b: 403.
Note: Treated by Hill (1982b) as a synonym of *Tarasa capitata*.

[*Malvastrum sajamense* Hieronymus =Nototriche sajamensis (Hieronymus) A. W. Hill]
Ref. FP 13(3A/2) 1956: 562; Hill, 1982b: 403.
Note: Not known from Peru.

Malvastrum sandemannii Sandwith =Modiolastrum sandemannii (Sandwith) S. R. Hill & Fryxell
Ref. FP 13(3A/2) 1956: 507; Hill & Fryxell, 1980: 484.

Malvastrum scabrum (Cavanilles) A. Gray =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 526; Hill, 1982a: 211; Fryxell, 1992: 72.

Malvastrum scabrum var. *genuinum* E. Hassler, nom. illeg. =Malvastrum tomentosum subsp. tomentosum
Ref. Hill, 1982a: 211; Fryxell, 1992: 72.

Malvastrum scoparioides Ulbrich
Ref. FP 13(3A/2) 1956: 526; Hill, 1982a: 220.
Endemic herb or subshrub. Andean I-III: disturbed areas, forests, riversides, rocky slopes. 1000-4000 m.
Voucher: Weberbauer 3196* (MOL), López & Sagástegui 8020 (MO!)
Depts.: AN, CA, LI, LL

Malvastrum scoparium (L'Héritier) A. Gray =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 527; Hill, 1982a: 211; Fryxell, 1992: 72.

Malvastrum shepardae Johnston =Urocarpidium echinatum (C. Presl) Krapovickas
Ref. FP 13(3A/2) 1956: 527; Hill, 1982b: 404.

Malvastrum spicatum (L.) A. Gray =Melochia spicata (L.) Fryxell (Sterculiaceae)
Ref. FP 13(3A/2) 1956: 514; Fryxell, 1988: 457.

Malvastrum stenopetalum A. Gray =Nototriche stenopetala (A. Gray) A. W. Hill
Ref. FP 13(3A/2) 1956: 564; Hill, 1982b: 404.

Malvastrum stuebelii Hieronymus =Acaulimalva stuebelii (Hieronymus) Krapovickas
Ref. FP 13(3A/2) 1956: 528; Krapovickas, 1974: 34.

Malvastrum tenellum (Cavanilles) Hieronymus =Tarasa tenella (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 528; Hill, 1982b: 406.

Malvastrum tomentosum (L.) S. R. Hill subsp. **tomentosum**
Syn. *Malva scabra* Cavanilles, *Malva scoparia* L'Héritier, *Malva tomentosa* L., *Malvastrum depressum* (Bentham) Svenson, *Malvastrum dimorphum* Howell, *Malvastrum scabrum* (Cavanilles) A. Gray, *Malvastrum scabrum* var. *genuinum* E. Hassler, nom. illeg., *Malvastrum scoparium* (L'Héritier) A. Gray, *Sida depressa* Bentham, *Sphaeralcea scoparia* (L'Héritier) Tidestrom
Ref. Hill, 1982a: 211; Fryxell, 1992: 72.
Herb, shrub or subshrub. Andean I-II, Coastal: disturbed areas, dry valleys, forests, grasslands. 0-3000 m.
Voucher: Sagástegui & López 10499 (MO!)
Depts.: CA, HU, IC, LA, LI, LL, PI, TU

Malvastrum ulophyllum A. Gray =Nototriche ulophylla (A. Gray) A. W. Hill
Ref. FP 13(3A/2) 1956: 567; Hill, 1982b: 408.

Malvastrum urbanianum Ulbrich =Tarasa urbaniana (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 528; Hill, 1982b: 408.

Malvastrum weberbaueri Ulbrich =Acaulimalva weberbaueri (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 529; Krapovickas, 1974: 35.

Malvaviscus arboreus Cavanilles
Syn. *Malvaviscus balbisii* DC., *Malvaviscus mollis* (Aiton) DC.
Ref. FP 13(3A/2) 1956: 455; Fryxell, 1988: 291.
Shrub. Andean II, Coastal. 0-1000 m.
Voucher: Simpson & Schunke 380 (USM!)
Depts.: JU, MD, TU, UC

Malvaviscus arboreus var. *longifolius* (Garcke) Schery =Malvaviscus penduliflorus DC.
Ref. FP 13(3A/2) 1956: 456; Schery, 1942: 218; Fryxell, 1992: 79.

Malvaviscus arboreus var. *penduliflorus* (DC.) Schery =Malvaviscus penduliflorus DC.
Ref. Fryxell, 1992: 79.

Malvaviscus arboreus var. *williamsii* (Ulbrich) Schery =Malvaviscus concinnus H.B.K.
Ref. FP 13(3A/2) 1956: 457; Schery, 1942: 227; Krapovickas, pers. comm.

Malvaviscus balbisii DC. =Malvaviscus arboreus Cavanilles
Ref. FP 13(3A/2) 1956: 455.

Malvaviscus concinnus H.B.K.
Syn. *Malvaviscus arboreus* var. *williamsii* (Ulbrich) Schery, *Malvaviscus maynensis* Huber, *Malvaviscus ulei* Ulbrich, *Malvaviscus williamsii* Ulbrich
Ref. Schery, 1942: 209; Fryxell, 1992: 75.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ridoutt 13068 (USM!)
Depts.: LO

[Malvaviscus cuspidatus Turczaninow]
Ref. FP 13(3A/2) 1956; Schery, 1942: 218.
Note: Not known from Peru.

Malvaviscus elegans Linden & Planchon
Ref. Fryxell, 1992: 78
Shrub. Andean I. 500-1500 m.
Voucher: Without collection data.
Depts.: Without locality data.

Malvaviscus longifolius Garcke =Malvaviscus penduliflorus DC.
Ref. FP 13(3A/2) 1956: 456; Schery, 1942: 218; Fryxell, 1992: 79.

Malvaviscus maynensis Huber =Malvaviscus concinnus H.B.K.
Ref. FP 13(3A/2) 1956: 456; Schery, 1942: 218.

Malvaviscus mollis DC. =Malvaviscus arboreus Cavanilles
Ref. FP 13(3A/2) 1956: 455; Fryxell, 1988: 291.

Malvaviscus penduliflorus DC.
Syn. *Malvaviscus arboreus* var. *longifolius* (Garcke) Schery, *Malvaviscus arboreus* var. *penduliflorus* (DC.) Schery, *Malvaviscus longifolius* Garcke
Ref. Fryxell, 1992: 79.
Cultivated shrub. Andean I. 1000-1500 m.
Voucher: Boeke 1229 (CTES!)
Depts.: CU, HU, LI

[*Malvaviscus poeppigii* (Sprengel) G. Don =Hibiscus poeppigii (Sprengel) Garcke]
Ref. FP 13(3A/2) 1956: 475; Fryxell, 1988: 220.
Note: Not known from Peru.

Malvaviscus ulei Ulbrich =Malvaviscus concinnus H.B.K.
Ref. FP 13(3A/2) 1956: 456; Schery, 1942: 218.

Malvaviscus williamsii Ulbrich =Malvaviscus concinnus H.B.K.
Ref. FP 13(3A/2) 1956: 457; Schery, 1942: 227; Krapovickas, pers. comm.

Malvella leprosa (Ortega) Krapovickas
Syn. *Malva leprosa* Ortega, *Sida leprosa* (Ortega) Schumann
Ref. Fryxell, 1988: 300.
Herb. Coastal: riversides. 0-500 m.
Voucher: López & Sagástegui 7900 (MO!)
Depts.: LA, LL

Malveopsis acaulis (Cavanilles) Kuntze =Nototriche acualis (Cavanilles) Krapovickas
Ref. Krapovickas, 1973: 286

Malveopsis pinnata (Cavanilles) Kuntze =Nototriche pinnata (Cavanilles) A. W. Hill
Ref. Krapovickas, 1973: 286.

[Modiola caroliniana (L.) G. Don]
Syn. *Malva caroliniana* L.
Ref. FP 13(3A/2) 1956: 505; Fryxell, 1988: 306; Fryxell, 1992: 80.
Note: Not reconfirmed.

[*Modiola malvifolia* Grisebach =Modiolastrum malvifolium (Grisebach) Schumann]
Ref. FP 13(3A/2) 1956: 505; Hochenreutiner, 1917: 124; Krapovickas, pers. comm.
Note: Not known from Peru.

[Modiolastrum malvifolium (Grisebach) Schumann]
Syn. *Modiola malvifolia* Grisebach
Ref. Hochreutiner, 1917: 124; Krapovickas, pers. comm.
Note: Not known from Peru.

Modiolastrum sandemannii (Sandwith) S. R. Hill & Fryxell
Syn. *Malvastrum sandemannii* Sandwith, *Sphaeralcea sandemannii* (Sandwith) J. F. Macbride
Ref. Hill & Fryxell, 1980: 484.
Herb. Coastal: lomas. 0-500 m.
Voucher: Sandemann 4020* (K), Dillon *et al.* 3223 (MO!)
Depts.: AR

Nototriche acaulis (Cavanilles) Krapovickas
Syn. *Malvastrum cavanillesii* A. Gray, *Malveopsis acualis* (Cavanilles) Kuntze, *Nototriche cavanillesii* (A. Gray) A. W. Hill, *Sida acaulis* Cavanilles
Ref. Krapovickas, 1973: 286; Fryxell, 1992: 81.
Herb. Andean III: grasslands, rocky slopes. 3500- > 4500 m.
Note: Type probably from Peru despite Ecuador designation.
Voucher: López *et al.* 7588 (MO!)
Depts.: AN, JU

Nototriche acuminata A. W. Hill =Nototriche argentea A. W. Hill
Ref. FP 13(3A/2) 1956: 536; Krapovickas, pers. comm.

Nototriche alternata A. W. Hill
Ref. FP 13(3A/2) 1956: 536; Marticorena & Quezada, 1985: 52.
Subshrub. Andean III. 4000-4500 m.
Voucher: Stübel 108, packet 2* (B photo F!)
Depts.: AY, TA

Nototriche anthemidifolia (Remy) A. W. Hill
Syn. *Malvastrum anthemidifolium* (Remy) A. Gray, *Nototriche cheilanthifolia* Turczaninow, *Nototriche discolor* Turczaninow, *Sida anthemidifolia* Remy
Ref. FP 13(3A/2) 1956: 537, 743; Hill, 1982b: 373.
Subshrub. Andean III: grasslands. 3500- > 4500 m.
Voucher: Rauh & Hirsch P1138 (G!)
Depts.: AR, CU, PU, TA

Nototriche antoniana Chanco
Ref. Chanco, 1992: 12.
Endemic herb. Andean III. > 4500 m.
Voucher: Cardich s.n.* (USM!), Tovar *et al.* 9788 (USM!)
Depts.: HU

Nototriche aretioides (A. Gray) A. W. Hill
Syn. *Malvastrum aretioides* A. Gray, *Nototriche rauhii* Hochruetiner
Ref. FP 13(3A/2) 1956: 537.
Endemic herb or subshrub. Andean III: disturbed areas, grasslands. 3500- > 4500 m.
Voucher: Pickering s.n.* (US), Smith *et al.* 1380 (MO!)
Depts.: HU, HV, JU, LI, PA

Nototriche argentea A. W. Hill
Syn. *Nototriche acuminata* A. W. Hill, *Nototriche sericea* A. W. Hill
Ref. FP 13(3A/2) 1956: 538; Marticorena & Quezada, 1985: 52.
Herb or subshrub. Andean III: grasslands. 3500- > 4500 m.
Voucher: Weberbauer 3103* (B photo F!, USM!, G!), Cerrate 1470 (USM!)
Depts.: AN, AR, AY, HV, JU, PU, TA

Nototriche argylloides A. W. Hill
Ref. FP 13(3A/2) 1956: 538, 743; Gutte *et al.*, 1986: 199.
Endemic subshrub. Andean III: disturbed areas. 4000- > 4500 m.
Voucher: Hill 80* (K!), Gutte 2308 (USM!)
Depts.: AR, JU, MO

Nototriche aristata A. W. Hill =Nototriche longirostris (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 539; Krapovickas, pers. comm.

Nototriche armeriifolia A. W. Hill
Ref. FP 13(3A/2) 1956: 539.
Endemic subshrub. Andean III. 3500- > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Stafford 362* (K!)
Depts.: PU

Nototriche artemisioides A. W. Hill
Ref. FP 13(3A/2) 1956: 540.
Endemic herb or subshrub. Andean II-III: grasslands, rocky slopes. 3000- > 4500 m.
Voucher: Weberbauer 4068* (G!), Smith 11381 (MO!)
Depts.: CA

Nototriche azorella A. W. Hill
Ref. FP 13(3A/2) 1956: 540; Krapovickas, 1957a: 271.
Subshrub. Andean III: rocky slopes. > 4500 m.
Voucher: Weberbauer 957* (USM!), Werdemann 1152
Depts.: PU, TA

Nototriche borussica (Meyen) A. W. Hill
Syn. *Malvastrum borussicum* (Meyen) Weddell, *Sida borussica* Meyen
Ref. FP 13(3A/2) 1956: 541; Hill, 1982b: 375.
Endemic subshrub. Andean III: rocky slopes. 3500- > 4500 m.
Voucher: Meyen s.n.* (B lost, W photo F!), Rauh 450 (USM!)
Depts.: AR, HV, TA

Nototriche candaravica Ulbrich =Nototriche turritella A. W. Hill
Ref. FP 13(3A/2) 1956: 541; Krapovickas, pers. comm.

Nototriche castelnaeana (Weddell) A. W. Hill
Syn. *Malvastrum castelnaeanum* Weddell
Ref. FP 13(3A/2) 1956: 542; Hill, 1982b: 377.
Endemic subshrub. Andean II-III. 2500- > 4500 m.
Voucher: Castelnau s.n.* (P), Núñez *et al.* 9002 (MO!)
Depts.: CU

Nototriche cavanillesii (A. Gray) A. W. Hill =Nototriche acaulis (Cavanilles) Krapovickas
Ref. Krapovickas, 1973: 286.

Nototriche cheilanthifolia Turczaninow =Nototriche anthemidifolia (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 537; Fryxell & Krapovickas, 1990: 178.

Nototriche coccinea A. W. Hill.
Ref. FP 13(3A/2) 1956: 542.

Endemic herb or subshrub. Andean III: grasslands, rocky slopes. 4000- > 4500 m.
Voucher: Weberbauer 3276* (USM!), Smith & Goodwin 8892 (MO!)
Depts.: AN

Nototriche condensata (Baker f.) A. W. Hill
Syn. *Malvastrum condensatum* Baker f., *Nototriche tucumana* var. *grandiflora* Hochreutiner
Ref. FP 13(3A/2) 1956: 543; Hill, 1982b: 379.
Endemic herb. Andean III: grasslands. 4000-> 4500 m.
Voucher: Lechler 1972* (K!), Rauh & Hirsch P1479 (USM!)
Depts.: AP, CU, PU

Nototriche congesta A. W. Hill
Ref. FP 13(3A/2) 1956: 543; Krapovickas, 1957a: 271.
Endemic herb or subshrub. Andean III: disturbed areas, grasslands. 4000- > 4500 m.
Voucher: Weberbauer 1018* (B photo F!), Sullivan & Sullivan 782 (MO!)
Depts.: JU, PU

Nototriche cupuliforme Krapovickas
Ref. FP 13(3A/2) 1956: 544; Krapovickas, 1953: 71.
Endemic herb or subshrub. Andean III: grasslands, rocky slopes. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 7119* (USM!)
Depts.: PU

Nototriche digitulifolia A. W. Hill
Ref. FP 13(3A/2) 1956: 544; Gutte *et al.*, 1986: 199.
Endemic subshrub. Andean III: grasslands. 4000-4500 m.
Voucher: Stafford 765* (K!), Muller & López 2007
Depts.: AR, PU

Nototriche discolor Turczaninow
=Nototriche anthemidifolia (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 537; Fryxell & Krapovickas, 1990: 178.

Nototriche dissecta A. W. Hill
Ref. FP 13(3A/2) 1956: 545.
Endemic subshrub. Andean III. 3500-4500 m.
Voucher: Pearce s.n.* (K!), Herrera 2390 (F!)
Depts.: AP, CU, PU

Nototriche ellipticifolia Hochreutiner
Hochreutiner, 1957: 83.
Endemic herb or subshrub. Andean III. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Rauh & Hirsch P-1694* (G!)
Depts.: AP

Nototriche epileuca A. W. Hill
Ref. FP 13(3A/2) 1956: 545.
Endemic herb or subshrub. Andean III: grasslands. 3500-4500 m.
Voucher: Weberbauer 2801* (B photo F!), Cerrate 2582 (USM!)
Depts.: AN

Nototriche erinacea A. W. Hill
Ref. FP 13(3A/2) 1956: 546.
Endemic subshrub. Andean III: rocky slopes. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Stafford 758* (K)
Depts.: PU

[Nototriche estipulata A. W. Hill ex Burtt]
Ref. FP 13(3A/2) 1956: 546; Marticorena & Quezada, 1985: 52.
Note: Not known from Peru. The type is from Chile (Krapovickas, pers. comm.).

[Nototriche famatinensis A. W. Hill]
Ref. FP 13(3A/2) 1956: 546; Krapovickas, 1953: 54.
Note: Not known from Peru. The Flora of Peru cites *Werdermann 1401*. This is the type of *Nototriche estipulata* from Volcán Tacora, Chile (Krapovickas, pers. comm.).

Nototriche flabellata (Weddell) A. W. Hill
Syn. *Malvastrum flabellatum* Weddell, *Nototriche porphyrantha* Ulbrich
Ref. FP 13(3A/2) 1956: 547; Hill, 1982b: 384.
Subshrub. Andean III: rocky slopes. 4000-4500 m.
Voucher: Weberbauer 961
Depts.: CU, PU

Nototriche foetida Ulbrich
Ref. FP 13(3A/2) 1956: 548; Krapovickas, 1957a: 273.
Endemic subshrub. Andean III: grasslands. 4000-4500 m.
Voucher: Weberbauer 7361* (F!), Pearson 3 (UC!)
Depts.: MO, TA

Nototriche glacialis Ulbrich
Ref. FP 13(3A/2) 1956: 548.
Endemic subshrub. Andean III: rocky slopes. > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6523* (USM!, F!)
Depts.: JU

Nototriche gracilens Killip & J. F. Macbride
Ref. FP 13(3A/2) 1956: 548.
Endemic subshrub. Andean III. > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Soukup 3604* (US!)
Depts.: HU

Nototriche herrerae Ulbrich ex A. W. Hill
=Nototriche sulphurea A. W. Hill
Ref. FP 13(3A/2) 1956: 549.
Note: Treated here as a synonym based on annotation by M. Chanco (1979) at MO.

[Nototriche holosericea A. W. Hill]
Ref. FP 13(3A/2) 1956: 549; Marticorena & Quezada, 1985: 52.
Note: Not known from Peru. The specimen cited in the Flora of Peru, *Herrera 2390*, has been redetermined as *N. dissecta* (Krapovickas, pers. comm.).

Nototriche incana Turczaninow
=Nototriche pedicullariifolia (Meyen) A. W. Hill
Ref. FP 13(3A/2) 1956: 558; Fryxell & Krapovickas, 1990: 178.

Nototriche incisa Turczaninow
=Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 22; Fryxell & Krapovickas, 1990: 178.

Nototriche lanata A. W. Hill
Ref. FP 13(3A/2) 1956: 549.
Herb or subshrub. Andean III. 3500-4000 m.
Voucher: Vargas 20920 (CTES!)
Depts.: PU

Nototriche lobulata (Weddell ex Mandon) Hochreutiner, nom. illeg. =Nototriche obcuneata (Baker f.) A. W. Hill
Ref. Hochreutiner, 1957: 79.

Nototriche lobulata (Weddell ex Mandon) J. F. Macbride, nom. illeg. =Nototriche obcuneata (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 555.

Nototriche longicaudicalis Hochreutiner
=Nototriche obtusa A. W. Hill
Ref. Hochreutiner, 1957: 79; Krapovickas, pers. comm.

Nototriche longirostris (Weddell) A. W. Hill
Syn. *Malvastrum longirostre* Weddell, *Nototriche aristata* A. W. Hill, *Nototriche longissima* A. W. Hill
Ref. FP 13(3A/2) 1956: 550; Hill, 1982b: 392.
Herb or subshrub. Andean III: bogs, disturbed areas, grasslands, rocky slopes. 4000- > 4500 m.
Voucher: Castelnau s.n.* (P!), Vargas 4032 (MO!)
Depts.: AN, AR, AY, CU, HV, JU, PA, PU

Nototriche longissima A. W. Hill
=Nototriche longirostris (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 551; Krapovickas, pers. comm.

Nototriche longituba Burtt & A. W. Hill
Ref. FP 13(3A/2) 1956: 551.
Endemic herb. Andean III: grasslands. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Williams s.n.* (K!)
Depts.: PU

Nototriche lopezii Krapovickas
Ref. Krapovickas, 1957b: 233.
Endemic herb or subshrub. Andean III. 3500-4000 m.
Voucher: López 1020* (USM), Straw 2531 (USM!)
Depts.: LL

Nototriche macleanii (A. Gray) A. W. Hill
Syn. *Malvastrum macleanii* A. Gray
Ref. FP 13(3A/2) 1956: 552; Hill, 1982b: 392.
Endemic subshrub. Andean III. 4000- > 4500 m.
Voucher: Maclean s.n.* (K), Gutte 9286 (USM!)
Depts.: JU

Nototriche mandoniana (Weddell) A. W. Hill
Syn. *Malvastrum mandonianum* Weddell
Ref. FP 13(3A/2) 1956: 552; Hill, 1982b: 392.
Subshrub. Andean III. 4000-4500 m.
Voucher: Weberbauer 219
Depts.: AR, CU, HV, PU

Nototriche matthewsii A. W. Hill =Nototriche pinnata (Cavanilles) A. W. Hill
Ref. FP 13(3A/2) 1956: 553; Krapovickas, 1973: 286.

Nototriche meyenii Solms ex Ulbrich
Ref. FP 13(3A/2) 1956: 553; Marticorena & Quezada, 1985: 52.
Subshrub. Andean III. > 4500 m.
Voucher: Meyen s.n.* (B photo F!), Raimondi s.n.
Depts.: HV, PU

[Nototriche nana A. W. Hill]
Ref. FP 13(3A/2) 1956: 554; Krapovickas, 1951: 110.
Note: Not known from Peru.

Nototriche nigrescens A. W. Hill
Ref. FP 13(3A/2) 1956: 554.
Endemic herb or subshrub. Andean III. 4000- > 4500 m.
Voucher: Weberbauer 381* (F!), Vargas 10581 (USM!)
Depts.: CU, JU

Nototriche obcuneata (Baker f.) A. W. Hill
Syn. *Malvastrum lobulatum* Weddell ex Mandon, nom. nud., *Malvastrum obcuneatum* Baker f., *Nototriche lobulata* (Weddell ex Mandon) Hochreutiner, nom. illeg., *Nototriche lobulata* (Weddell ex Mandon) J. F. Macbride, nom. illeg., *Nototriche ticsanica* Ulbrich
Ref. FP 13(3A/2) 1956: 555; Hill, 1982b: 396.
Herb or subshrub. Andean III: rocky slopes. 4000- > 4500 m.
Voucher: Weberbauer 7320 (F!)
Depts.: AR, MO, PU

Nototriche obtusa A. W. Hill
Syn. *Notoriche longicaudicalis* Hochreutiner
Ref. FP 13(3A/2) 1956: 556.
Endemic herb or subshrub. Andean III: grasslands, rocky slopes. 4000- > 4500 m.
Voucher: Weberbauer 2897* (USM!), Smith *et al.* 11651 (MO!)
Depts.: AN, HV

Nototriche orbignyana (Weddell) A. W. Hill
Syn. *Malvastrum copelandii* Hieronymus, *Malvastrum orbignyanum* Weddell
Ref. FP 13(3A/2) 1956: 556; Hill, 1982b: 396.
Subshrub. Andean III. 4000-4500 m.
Voucher: Copeland s.n. (B lost)
Depts.: AR

Nototriche ovalifolia Hochreutiner
Ref. FP 13(3A/2) 1956: 743.
Endemic subshrub. Andean III. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Rauh & Hirsch P1782a* (G)
Depts.: JU

Nototriche pearcei (Baker f.) A. W. Hill
Syn. *Malvastrum pearcei* Baker f.
Ref. FP 13(3A/2) 1956: 556; Hill, 1982b: 398.
Endemic herb or subshrub. Andean III: grasslands. 4000- > 4500 m.
Voucher: Pearce s.n.* (K), Proaño s.n. (USM!)
Depts.: AP, AY, JU

Nototriche pedatiloba A. W. Hill
Syn. *Nototriche pedatiloba* var. *appendiculata* Burtt
Ref. FP 13(3A/2) 1956: 557; Hochreutiner, 1957: 83.
Endemic herb or subshrub. Andean III: grasslands. 4000- > 4500 m.
Voucher: Hill 78* (K), Rauh & Hirsch P369B (USM!)
Depts.: AR, HV, PU

Nototriche pedatiloba var. *appendiculata* Burtt =Nototriche pedatiloba A. W. Hill
Ref. FP 13(3A/2) 1956: 557.

Nototriche pedicullariifolia (Meyen) A. W. Hill
Syn. *Malvastrum pedicullariifolium* (Meyen) A. Gray, *Nototriche incana* Turczaninow, *Sida pedicullariifolia* Meyen
Ref. FP 13(3A/2) 1956: 558; Hill, 1982b: 398.
Herb or subshrub. Andean III: grasslands, rocky slopes. 4000- > 4500 m.
Voucher: Meyen s.n.* (K), Stafford 1262 (MO!)
Depts.: AR, CU, HV, PU, TA

Nototriche pellicea A. W. Hill
Ref. FP 13(3A/2) 1956: 558.
Endemic herb or subshrub. Andean III: grasslands, rocky slopes. 4000- > 4500 m.
Voucher: Sharpe 168* (K!), Iltis *et al.* 1465 (MO!, USM!)
Depts.: PU

Nototriche peruviana Chanco
Ref. Chanco, 1992: 14.
Endemic herb. Andean III. 3500-4500 m.
Voucher: Chanco 368* (USM!), Urquizo s.n. (USM!)
Depts.: PA

Nototriche philippii A. W. Hill
Ref. Hochreutiner, 1957: 83; Marticorena & Quezada, 1985: 52
Herb or subshrub. Andean III. > 4500 m.
Voucher: Rauh & Hirsch P1187 (G)
Depts.: CU

Nototriche phyllanthos (Cavanilles) A. W. Hill
Syn. *Malvastrum phyllanthos* (Cavanilles) A. Gray, *Malvastrum pichinchense* (H.B.K.) A. Gray, *Nototriche pichinchensis* (H.B.K.) A. W. Hill, *Sida phyllanthos* Cavanilles, *Sida pichinchensis* H.B.K., *Sida saxifraga* Humbloldt & Bonpland
Ref. FP 13(3A/2) 1956: 559; Hill, 1982b: 400; Fryxell, 1992: 83.
Herb or shrub. Andean III: grasslands. 4000-4500 m.
Voucher: Jussieu s.n.* (P-JU), Rauh & Hirsch P-450 (G)
Depts.: HV

Nototriche pichinchensis (H.B.K.) A. W. Hill =Nototriche phyllanthos (Cavanilles) A. W. Hill
Ref. FP 13(3A/2) 1956: 559; Hill, 1982b: 400; Fryxell, 1992: 83.
Note: Not reconfirmed.

Nototriche pinnata (Cavanilles) A. W. Hill
Syn. *Malvastrum pinnatum* (Cavanilles) A. Gray, *Malveopsis pinnata* (Cavanilles) Kuntze, *Nototriche matthewsii* A. W. Hill, *Sida pinnata* Cavanilles
Ref. Krapovickas, 1973: 286; Fryxell, 1992: 81.
Subshrub. Andean III: bogs, grasslands. 4000- > 4500 m.
Note: Type probably from Peru, despite Ecaudor designation.
Voucher: Smith 11450 (MO!)
Depts.: AN, HU, JU, LI, PA

Nototriche porphyranta Ulbrich =Nototriche flabellata (Weddell) A. W. Hill
Ref. FP 13(3A/2) 1956: 560; Krapovickas, pers. comm.

Nototriche pseudocompacta Hochreutiner =Nototriche ulophylla (A. Gray) A. W. Hill
Ref. Hochreutiner, 1957: 78; Krapovickas, pers. comm.

Nototriche pseudopichinchensis Hochreutiner
Ref. Hochreutiner, 1957: 81.
Endemic herb. Andean III. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Rauh & Hirsch P-1197* (USM!)
Depts.: CU

Nototriche purpurascens A. W. Hill
Ref. FP 13(3A/2) 1956: 560.
Subshrub. Andean III. > 4500 m.
Voucher: Stafford 1267 (MO!)
Depts.: CU, PU

Nototriche pusilla A. W. Hill
Ref. FP 13(3A/2) 1956: 561; Krapovickas, 1951: 111.
Herb. Andean III: grasslands. 3500-4500 m.
Voucher: Weberbauer 2788* (USM!), Rauh & Hirsch P-446 (USM!)
Depts.: AN, HV, IC

Nototriche pygmaea (Remy) A. W. Hill
Syn. *Malva pygmaea* (Remy) Weddell, *Malvastrum pygmaeum* (Remy) A. Gray, *Nototriche sarmentosa* A. W. Hill, *Nototriche wedermannii* Ulbrich, nom. illeg. *Sida pygmaea* Remy
Ref. FP 13(3A/2) 1956: 561; Hill, 1982b: 401.
Herb. Andean III. 4000-4500 m.
Voucher: Weberbauer 7359
Depts.: MO

Nototriche rauhii Hochreutiner =Nototriche aretioides (A. Gray) A. W. Hill
Ref. FP 13(3A/2) 1956: 743; Hochreutiner, 1956: 178; Krapovickas, pers. comm.

[Nototriche rugosa (Philippi) A. W. Hill]
Syn. *Malvastrum pedicularifolium* var. *rugosum* (Philippi) Reiche, *Malvastrum rugosum* Philippi
Ref. FP 13(3A/2) 1956: 562; Hill, 1982b: 398.
Note: Not known from Peru. The specimen cited in the Flora of Peru, *Werdermann 1398*, is from Chile (Krapovickas, pers. comm.).

[Nototriche sajamensis (Hieronymus) A. W. Hill]
Syn. *Malvastrum sajamense* Hieronymus
Ref. FP 13(3A/2) 1956: 562; Hill, 1982b: 403.
Note: Not known from Peru.

Nototriche salina Burtt & A. W. Hill
Ref. FP 13(3A/2) 1956: 563.
Endemic herb or subshrub. Andean III. 3500-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Stafford 1325* (K!)
Depts.: AR

Nototriche sarmentosa A. W. Hill =Nototriche pygmaea (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 563; Krapovickas, 1951: 108; Krapovickas, pers. comm.

Nototriche sepaliloba Hochreutiner
Ref. Hochreutiner, 1957: 80.
Herb. Andean III. > 4500 m.
Voucher: Rauh & Hirsch P-368a* (G!), Weibel s.n. (USM!)
Depts.: AR, HV

Nototriche sericea A. W. Hill =Notoriche argentea A. W. Hill
Ref. FP 13(3A/2) 1956: 563; Gutte *et al.*, 1986: 199; Krapovickas, pers. comm.

Nototriche staffordiae Burtt & A. W. Hill
Ref. FP 13(3A/2) 1956: 564.
Endemic subshrub. Andean III: rocky slopes. > 4500 m.
Note: Known from Peru only from the type locality.
Voucher: Stafford 1263* (K)
Depts.: PU

Nototriche stenopetala (A. Gray) A. W. Hill
Syn. *Malvastrum stenopetalum* A. Gray
Ref. FP 13(3A/2) 1956: 564; Hill, 1982b: 404.
Endemic herb or subshrub. Andean III: grasslands. 4000-4500 m.
Voucher: Pickering s.n.* (US), Kalenborn 116 (MO!)
Depts.: HV, JU, LI, PA

Nototriche sulcata Krapovickas
Ref. Krapovickas, 1957b: 236.
Endemic herb. Andean III: grasslands. 4000-4500 m.
Voucher: Tovar 1184* (USM!), Tovar 2513 (USM!)
Depts.: AY, HV

Nototriche sulphurea A. W. Hill
Syn. *Nototriche herrerae* Ulbrich ex A. W. Hill, *Nototriche villosissima* Hochreutiner
Ref. FP 13(3A/2) 1956: 565.
Endemic herb or subshrub. Andean III: grasslands. 3500- > 4500 m.
Voucher: Weberbauer 963* (USM!), Rauh & Hirsch P-1250 (USM!)
Depts.: AP, CU, PU

Nototriche ticsanica Ulbrich =Nototriche obcuneata (Baker f.) A. W. Hill
Ref. FP 13(3A/2) 1956: 565; Krapovickas, pers. comm.

Nototriche tovari Krapovickas
Ref. Krapovickas, 1957b: 235.
Endemic herb or subshrub. Andean III: disturbed areas, grasslands. 4000- > 4500 m.
Voucher: Tovar 882* (USM!), Smith & Buddensiek 11216 (MO!)
Depts.: HV

Nototriche tucumana var. *grandiflora* Hochreutiner =Nototriche condensata (Baker f.) A. W. Hill
Ref. Hochreutiner, 1957: 79; Krapovickas, pers. comm.

Nototriche turritella A. W. Hill
Syn. *Nototriche candaravica* Ulbrich
Ref. FP 13(3A/2) 1956: 566; Marticorena & Quezada, 1985: 53.
Herb or subshrub. Andean III: grasslands. 3500- > 4500 m.
Voucher: Hill 81* (K), Müller & Guillén 13490 (USM!)
Depts.: AR, TA

Nototriche ulophylla (A. Gray) A. W. Hill
Syn. *Malvastrum ulophyllum* A. Gray, *Nototriche pseudocompacta* Hochreutiner
Ref. FP 13(3A/2) 1956: 567; Hill, 1982b: 408.
Endemic subshrub. Andean III. > 4500 m.
Voucher: Pickering s.n.* (US), Rauh & Hirsch P-374A (USM!)
Depts.: HV, LI

Nototriche vargasii Krapovickas
Ref. FP 13(3A/2) 1956: 567.
Endemic subshrub. Andean III. 4000-4500 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 10582* (USM!), Vargas 10801 (USM!)
Depts.: CU

Nototriche villosissima Hochreutiner =Nototriche sulphurea A. W. Hill
Ref. FP 13(3A/2) 1956: 744; Hochreutiner, 1956: 180; Krapovickas, pers. comm.

Nototriche wedermannii Ulbrich, nom. illeg. =Nototriche pygmaea (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 563; Krapovickas, 1951: 108; Krapovickas, pers. comm.

Palaua camanensis Ferreyra & Chanco
Ref. Ferreyra & Chanco, 1980: 97.
Endemic herb. Coastal: lomas. 0-500 m.
Voucher: Ferreyra 8842* (USM), Ferreyra 11695 (USM!)
Depts.: AR

Palaua declinata Moench =Palaua malvifolia Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua dissecta Bentham
Syn. *Palaua flexuosa* Masters, *Palaua geranioides* Ulbrich
Ref. FP 13(3A/2) 1956: 449; Marticorena & Quezada, 1985: 53.
Herb. Andean I, Coastal: lomas, rocky slopes. 0-1500 m.
Voucher: Maclean s.n.*, Dillon & Dillon 3887 (MO!)
Depts.: AR, IC, LI, MO, TA

Palaua flexuosa Masters =Palaua dissecta Bentham
Ref. FP 13(3A/2) 1956: 449.

Palaua geranioides Ulbrich =Palaua dissecta Bentham
Ref. FP 13(3A/2) 1956: 449.

Palaua guentheri F. Bruns
Syn. *Malvastrum mollendoense* Ulbrich, *Palaua mollendoensis* (Ulbrich) Johnston, nom. illeg.
Ref. FP 13(3A/2) 1956: 450; Hill, 1982b: 394.
Endemic herb. Coastal: lomas. 0-500 m.
Voucher: Guenther & Buchtein 191* (HBG photo F!), Mexia 4180 (MO!)
Depts.: AR

Palaua inconspicua I. A. Johnston
Ref. FP 13(3A/2) 1956: 451; Marticorena & Quezada, 1985: 53.
Herb. Coastal: lomas. 0-1000 m.
Voucher: Johnston 3565*
Depts.: AR, LL

Palaua lomageiton Ulbrich =Palaua moschata Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua malvifolia Cavanilles
Syn. *Malope parviflora* L'Héritier, *Palaua declinata* Moench, *Palaua micrantha* Ulbrich, *Palaua micrantha* var. *hirsuta* Ulbrich, *Palaua parviflora* (L'Héritier) Hochreutiner
Ref. FP 13(3A/2) 1956: 452.
Herb. Coastal: lomas, rocky slopes. 0-500 m.
Voucher: Dombey s.n.*, Angulo 1195 (USM!)
Depts.: AN, AR, LI, LL

Palaua micrantha Ulbrich =Palaua malvifolia Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua micrantha var. *hirsuta* Ulbrich =Palaua malvifolia Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua mollendoensis (Ulbrich) Johnston, nom. illeg. =Palaua guentheri F. Bruns
Ref. FP 13(3A/2) 1956: 450.

Palaua mollendoensis Ulbrich
Ref. FP 13(3A/2) 1956: 449.
Herb. Coastal: lomas. 500-1000 m.
Voucher: Weberbauer 1584*, Dillon & Dillon 3878 (MO!)
Depts.: AR

Palaua moschata Cavanilles
Syn. *Palaua lomageiton* Ulbrich, *Palaua moschata* var. *macrantha* R.E. Fries, *Sidalcea nodosa* Turczaninow
Ref. FP 13(3A/2) 1956: 452; Marticorena & Quezada, 1985: 53.
Herb or subshrub. Coastal: lomas. 0-1000 m.
Voucher: Dombey s.n.* (MA photo F!), Dillon & Dillon 3897 (MO!, USM!)
Depts.: AN, AR, IC, LA, LI, LL, TA

Palaua moschata var. *macrantha* R. E. Fries =Palaua moschata Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua parviflora (L'Héritier) Hochreutiner =Palaua malvifolia Cavanilles
Ref. FP 13(3A/2) 1956: 452.

Palaua pusilla Ulbrich
Ref. FP 13(3A/2) 1956: 449.
Herb. Coastal: lomas. 0-500 m.
Voucher: Weberbauer 1496* (B photo F!), Dillon *et al.* 3381 (USM!)
Depts.: AR, TA

Palaua rhombifolia R. Graham
Syn. *Sidalcea peruviana* Turczaninow
Ref. FP 13(3A/2) 1956: 453.
Herb. Coastal: lomas. 0-500 m.
Voucher: Cruckshanks s.n.*, López *et al.* 8401 (MO!)
Depts.: AN, LI, LL

Palaua rhombifolia var. *acaulis* Hochreutiner =Palaua tomentosa Hochreutiner
Ref. FP 13(3A/2) 1956: 455.

Palaua tomentosa Hochreutiner
Syn. *Palaua rhombifolia* var. *acaulis* Hochreutiner
Ref. FP 13(3A/2) 1956: 454.
Endemic herb. Coastal: lomas, rocky slopes. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Worth & Morrison 15629 (MO!)
Depts.: AR, IC, MO

Palaua trisepala Hochreutiner
Ref. FP 13(3A/2) 1956: 742.
Endemic herb. Coastal: lomas. 0-1000 m.
Voucher: Rauh & Hirsch P474* (USM!), Dillon & Dillon 3877 (MO!)
Depts.: AR, IC

Palaua velutina Ulbrich & A. W. Hill
Ref. FP 13(3A/2) 1956: 454.
Endemic herb. Andean I, Coastal: lomas. 0-1500 m.
Voucher: Woitschach s.n.*, Dillon & Dillon 3736 (MO!, USM!)
Depts.: AR, IC, TA

Palaua weberbaueri Ulbrich
Ref. FP 13(3A/2) 1956: 454.
Herb. Coastal: lomas. 500-1000 m.
Voucher: Weberbauer 1470* (B photo F!), Dillon & Dillon 3700 (MO!, USM!)
Depts.: AR, MO, TA

Pavonia betonicaefolia C. Presl
Ref. Kearney, 1958b: 244
Note: Type from Peru but information not located.

Pavonia castanaefolia St. Hilaire & Naudin
Syn. *Pavonia nana* Ulbrich, nom. illeg., *Pavonia parva* Ulbrich
Ref. Guerke, 1892: 491; Fryxell, 1992: 87.
Subshrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 11935 (MO!)
Depts.: LO

Pavonia communis St. Hilaire
Syn. *Pavonia spinifex* var. *communis* (St. Hilaire) Guerke
Ref. Guerke, 1892: 481.
Herb or subshrub.
Voucher: Ferreyra 10400 (USM!)
Depts.: CU, HU

Pavonia costaricensis Hochreutiner =Pavonia oxyphyllaria J. D. Smith
Ref. FP 13(3A/2) 1956: 464; Robyns, 1966: 539; Fryxell, 1992: 93.

Pavonia fruticosa (Miller) Fawcett & Rendle
Syn. *Pavonia typhalaea* (L.) Cavanilles, *Sida fruticosa* Miller, *Urena typhalaea* L.
Ref. FP 13(3A/2) 1956: 462; Kearney, 1958b: 228; Fryxell, 1992: 89.
Herb or subshrub. Amazonian, Andean I: disturbed areas, forests, rocky slopes, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 2378 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Pavonia hexaphylla (S. Moore) Krapovickas
Syn. *Pavonia kunthii* var. *pohlii* Guerke, *Pavonia mutisii* var. *hexaphylla* S. Moore
Ref. Krapovickas, 1983: 269.
Subshrub. Amazonian: savannas. 0-500 m.
Voucher: Gentry *et al.* 37696 (MO!)
Depts.: SM

Pavonia hieronymi Guerke
Ref. Guerke, 1892: 509.
Herb or shrub. Andean I: disturbed areas, rocky slopes. 500-1500 m.
Voucher: Hutchison & Wright 5876 (MO!)
Depts.: AM, CA

Pavonia insperabilis Fryxell
Ref. Fryxell, 1990: 168.
Endemic shrub. Amazonian: disturbed areas, forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Knapp & Mallet 7018* (MO!)
Depts.: SM

Pavonia kunthii var. *mollis* (H.B.K.) Guerke =Pavonia mollis H.B.K.
Ref. FP 13(3A/2) 1956: 463; Fryxell, 1992: 91.

Pavonia kunthii var. *pohlii* Guerke =Pavonia hexaphylla (S. Moore) Krapovickas
Ref. Krapovickas, 1983: 269

Pavonia leucantha Garcke
Ref. FP 13(3A/2) 1956: 463; Kearney, 1958b: 229; Fryxell, 1992: 90.
Herb, shrub or treelet. Amazonian, Andean I-II: disturbed areas, forests, seasonally inundated areas. 0-2000 m.
Voucher: Poeppig 2302* (F), Díaz & Baldeón 2266 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Pavonia mollis H.B.K.
Syn. *Pavonia kunthii* var. *mollis* (H.B.K.) Guerke
Ref. FP 13(3A/2) 1956: 463; Kearney, 1958b: 237; Fryxell, 1992: 91.

Shrub. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Klug 3538 (MO!)
Depts.: SM

[Pavonia mutisii H.B.K.]
Syn. *Asterochlaena cuspidata* Garcke, *Hibiscus cordifolius* L. f., nom. illeg.
Ref. Fryxell, 1992: 92.
Note: Not known from Peru.

Pavonia mutisii var. *hexaphylla* S. Moore =Pavonia hexaphylla (S. Moore) Krapovickas
Ref. Krapovickas, 1983: 269.

Pavonia nana Ulbrich, nom. illeg. =Pavonia castanaefolia St. Hilaire & Naudin
Ref. FP 13(3A/2) 1956: 465; Kearney, 1958b: 244; Fryxell, 1992: 87.

Pavonia oxyphyllaria J. D. Smith
Syn. *Pavonia costaricensis* Hochreutiner
Ref. FP 13(3A/2) 1956: 464; Robyns, 1966: 539; Fryxell, 1992: 93.
Herb, shrub or subshrub. Amazonian: disturbed areas, forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Foster 9356 (MO!)
Depts.: AM, HU, LO, MD, PA, SM

Pavonia paniculata Cavanilles
Ref. FP 13(3A/2) 1956: 464; Robyns, 1966: 534; Fryxell, 1992: 93.
Herb, shrub or vine. Amazonian, Andean I-II, Coastal: forests, riversides, seasonally inundated areas. 0-2500 m.
Voucher: Dombey s.n.* (MA), Schunke 10501 (MO!)
Depts.: AM, AY, CU, HU, JU, LI, LO, MD, PA, PI, SM, UC

Pavonia parva Ulbrich =Pavonia castanaefolia St. Hilaire & Naudin
Ref. FP 13(3A/2) 1956: 465; Kearney, 1958b: 230; Fryxell, 1992: 87.

Pavonia peruviana Guerke
Syn. *Pavonia warmingiana* Guerke
Ref. FP 13(3A/2) 1956: 465; Kearney, 1958b: 230; Fryxell, 1992: 94.
Herb. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Poeppig 1584*, Gentry *et al.* 65427 (MO!)
Depts.: AM, HU, LO, MD, PA, SM

Pavonia riedelii Guerke =Peltaea riedelii (Guerke) Standley
Ref. FP 13(3A/2) 1956: 466; Krapovickas & Cristóbal, 1965: 180.

Pavonia sepium St. Hilaire subsp. *macrocarpa* R. E. Fries =Pavonia sepium subsp. sepium
Ref. FP 13(3A/2) 1956: 466; Fryxell, 1992: 97.

Pavonia sepium subsp. **sepium**
Syn. *Pavonia sepium* subsp. *macrocarpa* R. E. Fries
Ref. FP 13(3A/2) 1956: 466; Kearney, 1958b: 228; Fryxell, 1992: 97.
Shrub or subshrub. Andean I-II: disturbed areas, forests. 1000-2000 m.
Voucher: Núñez 8566 (MO!)
Depts.: CA, CU, HU, JU, PI

Pavonia sidifolia H.B.K.
Ref. FP 13(3A/2) 1956: 467; Robyns, 1966: 535.
Herb, shrub or subshrub. Amazonian, Andean I: disturbed areas, forests, riversides, rocky slopes, savannas. 0-1500 m.
Note: Spelled "*sidaefolia*" in the Flora of Peru.
Voucher: Gentry & Smith 44956 (MO!)
Depts.: AM, CA, SM

[Pavonia spicata Cavanilles]
Syn. *Malache scabra* Vogel
Ref. FP 13(3A/2) 1956: 467; Robyns, 1966: 536.
Note: Not known from Peru.

Pavonia spinifex (L.) Cavanilles
Syn. *Hibiscus spinifex* L.
Ref. FP 13(3A/2) 1956: 468; Robyns, 1966: 538.
Herb or shrub. Andean II: disturbed areas, rocky slopes, seasonally inundated areas. 1500-3000 m.
Voucher: López *et al.* 8991 (MO!)
Depts.: AM, CA, CU, HU, HV, JU, PI

Pavonia spinifex var. *communis* (St. Hilaire) Guerke =Pavonia communis St. Hilaire
Ref. Guerke, 1892: 481.

Pavonia typhalaea (L.) Cavanilles =Pavonia fruticosa (Miller) Fawcett & Rendle
Ref. FP 13(3A/2) 1956: 462; Kearney, 1958b: 243; Fryxell, 1992: 89.

Pavonia warmingiana Guerke =Pavonia peruviana Guerke
Ref. Guerke, 1892: 488; Fryxell, 1992: 94.
Note: Krapovickas (pers. comm.) treats this as a synonym of *Pavonia castanaefolia*.

Peltaea riedelii (Guerke) Standley
Syn. *Pavonia riedelii* Guerke
Ref. Krapovickas & Cristóbal, 1965: 180.
Herb or shrub. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Klug 3581 (MO!)
Depts.: AM, SM

Pseudabutilon hitchcockii Ulbrich =Abutilon dispermum (Hochreutiner) Fryxell
Ref. FP 13(3A/2) 1956: 482; Fryxell, 1992: 12.

Pseudabutilon nigripunctulatum (Ulbrich) R. E. Fries =Abutilon nigripunctulatum Ulbrich
Ref. FP 13(3A/2) 1956: 488.

Pseudabutilon spicatum (H.B.K.) R. E. Fries =Briquetia spicata (H.B.K.) Fryxell
Ref. FP 13(3A/2) 1956: 489; Fryxell, 1988: 136; Fryxell, 1992: 32.

Pseudabutilon weberbaueri Ulbrich
Ref. FP 13(3A/2) 1956: 490.
Endemic shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Weberbauer 6169*, Alza 14 (USM!)
Depts.: AM, CA, SM

Sida abutifolia Miller
Syn. *Sida procumbens* Swartz
Ref. Fryxell, 1988: 379; Fryxell, 1992: 101.
Herb. Andean I: disturbed areas, riversides. 500-1500 m.
Voucher: López & Sagástegui 8283 (MO!)
Depts.: CA, LL

Sida acaulis Cavanilles =Nototriche acaulis (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 530.

Sida acuminata DC. =Sidastrum multiflorum (Jacquin) Fryxell
Ref. FP 13(3A/2) 1956: 575; Fryxell, 1979a: 298.

Sida acuta Burman f.
Syn. *Sida carpinifolia* L. f., nom. illeg.
Ref. FP 13(3A/2) 1956: 575; Fryxell, 1988: 380; Fyxell, 1992: 101.
Herb or shrub. Amazonian, Andean I, Coastal: disturbed areas, forests. 0-1000 m.
Voucher: Schunke 8259 (MO!)
Depts.: CU, HU, JU, LO, MD, PA, PI, PU, SM, UC

Sida acuta var. *hispida* Schumann =Sida bakeriana Rusby ex Baker
Ref. FP 13(3A/2) 1956: 576; Schumann, 1891: 327; Krapovickas, pers. comm.

Sida alba L. =Sida spinosa L.
Ref. FP 13(3A/2) 1956: 576; Fryxell, 1988: 407; Fryxell, 1992: 112.

Sida amplissima L. =Wissadula amplissima (L.) R. E. Fries
Ref. Fryxell, 1988: 451; Fryxell, 1992: 132.

Sida angustifolia Lamarck, nom. illeg. =Sida spinosa L.
Ref. FP 13(3A/2) 1956: 586; Fryxell, 1988: 407; Fryxell, 1992: 112.

Sida angustifolia Miller =Sida spinosa L.
Ref. FP 13(3A/2) 1956: 576; Fryxell, 1988: 407; Fryxell, 1992: 112.

Sida anthemidifolia Remy =Nototriche anthemidifolia (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 537; Hill, 1982b: 373.

[*Sida arborea* L. f. =Abutilon arboreum (L. f.) Sweet]
Ref. FP 13(3A/2) 1956: 492; Kearney, 1958a: 214.
Note: Not known from Peru.

Sida aurita Link =Abutilon auritum (Link) Sweet
Ref. Adams, 1972: 462.

Sida bakeriana Rusby ex Baker
Syn. *Sida acuta* var. *hispida* Schumann
Ref. Baker, 1894: 38.
Herb. Andean I: forests. 500-1000 m.
Voucher: Timaná & Astete 645 (MO!)
Depts.: CU

Sida bastardia DC. =Bastardia viscosa (L.) H.B.K.
Ref. Fryxell, 1988: 117; Fryxell, 1992: 29.

Sida bivalvis Cavanilles =Bastardia bivalvis (Cavanilles) Kunth
Ref. FP 13(3A/2) 1956: 590; Fryxell, 1988: 116; Fryxell, 1992: 27.

Sida borussica Meyen =Nototriche borussica (Meyen) A. W. Hill
Ref. FP 13(3A/2) 1956: 541; Hill, 1982b: 375.

Sida calyptrata Cavanilles =Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Ref. FP 13(3A/2) 1956: 568; Fryxell, 1988: 156; Fryxell, 1992: 36.

Sida campestris Bentham =Sida salviifolia C. Presl
Ref. FP 13(3A/2) 1956: 585; Fryxell, 1985: 80; Fryxell, 1992: 109.

[*Sida capitata* L. =Malachra capitata (L.) L.]
Ref. Fryxell, 1988: 265.
Note: Not known from Peru.

Sida carpinifolia L. f., nom. illeg. =Sida acuta Burman f.
Ref. FP 13(3A/2) 1956: 575; Fryxell, 1988: 380; Fryxell, 1992: 101.

Sida chachapoyensis Baker f. =Tetrasida chachapoyensis (Baker f.) Fryxell & Fuertes
Ref. FP 13(3A/2) 1956: 576; Krapovickas, 1969b: 34; Fryxell & Fuertes, 1992: 444.

Sida ciliaris L.
Ref. FP 13(3A/2) 1956: 577; Fryxell, 1988: 385l Fryxell, 1992: 102.
Herb or shrub. Amazonian, Coastal: disturbed areas. 0-500 m.
Voucher: Llatas 600 (MO!)
Depts.: AM, LA, TU

Sida circinnata Willdenow ex Sprengel =Bastardia viscosa (L.) H.B.K.
Ref. Fryxell, 1988: 118; Fryxell, 1992: 29.

Sida cistiflora L'Héritier =Abutilon mollissimum (Cavanilles) Sweet
Ref. FP 13(3A/2) 1956: 498; Kearney, 1958a: 214; Fryxell, 1992: 15.

Sida contracta Link =Wissadula contracta (Link) R. E. Fries
Ref. FP 13(3A/2): 453.

[Sida cordata (Burman f.) Borssum Waalkes]
Syn. *Melochia cordata* Burman f. (Sterculiaceae), *Sida veronicaefolia* Lamarck
Ref. Fryxell, 1985: 69.
Note: Not known from Peru.

Sida cordifolia L.
Ref. FP 13(3A/2) 1956: 577; Fryxell, 1988: 389; Fryxell, 1992: 103.
Herb, shrub or subshrub. Amazonian, Andean I-II, Coastal: disturbed areas, forests, rocky slopes. 0-3000 m.
Voucher: Schunke 7120 (MO!)
Depts.: AM, CU, HV, JU, LI, LO, PI, SM

Sida crispa L. =Herissantia crispa (L.) Brizicky
Ref. FP 13(3A/2) 1956: 494; Brizicky, 1968: 279; Fryxell, 1992: 44.

Sida cristata L. =Anoda cristata (L.) Schlechtendal
Ref. FP 13(3A/2) 1956: 589; Fryxell, 1987: 495; Fryxell, 1992: 24.

Sida decandra R. E. Fries
Ref. FP 13(3A/2) 1956: 579; Burandt, 1992: 169; Fryxell, 1992: 104.
Herb. Andean I-II, Coastal: disturbed areas, forests, lomas. 1000-3000 m.
Voucher: Sagástegui & Mostacero 9118 (MO!)
Depts.: AR, CA, LL, PI

Sida decumbens St. Hilaire & Naudin =Sida jussieana DC.
Ref. Fryxell, 1988: 395.

Sida depressa Bentham =Malvastrum tomentosum subsp. tomentosum
Ref. FP 13(3A/2) 1956: 517; Hill, 1982a: 213; Fryxell, 1992: 72.

Sida dictyocarpa Grisebach
Ref. Rodrigo, 1946: 147.
Herb.
Voucher: Chanco 1984 (USM!)
Depts.: PI

Sida disticha Cavanilles =Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Ref. FP 13(3A/2) 1956: 568; Fryxell, 1992: 36.

Sida dombeyana DC., nom. illeg. =Sida repens Dombey ex Cavanilles
Ref. FP 13(3A/2) 1956: 587; Fryxell, 1985: 71; Fryxell, 1992: 108.

Sida excelsior Cavanilles =Wissadula excelsior (Cavanilles) C. Presl
Ref. FP 13(3A/2) 1956: 483; Fryxell, 1988: 454; Fryxell, 1992: 134.

[*Sida ferruginea* (H.B.K.) DC. =Wissadula ferruginea (H.B.K.) Garcke & Schumann]
Ref. Fryxell, 1992: 134.
Note: Not known from Peru.

[*Sida flavescens* Cavanilles =Krapovickasia flavescens (Cavanilles) Fryxell]
Ref. Fryxell, 1978: 456.
Note: Not known from Peru.

Sida floribunda H.B.K. =Sidastrum paniculatum (L.) Fryxell
Ref. FP 13(3A/2) 1956: 582; Fryxell, 1978: 453; Fryxell, 1992: 116.

Sida foetida Cavanilles =Bastardia viscosa (L.) H.B.K.
Ref. Fryxell, 1988: 117; Fryxell, 1992: 29.

Sida fruticosa Miller =Pavonia fruticosa (Miller) Fawcett & Rendle
Ref. FP 13(3A/2) 1956: 462; Robyns, 1966: 537; Fryxell, 1992: 89.

Sida gigantea Jacquin =Abutilon giganteum (Jacquin) Sweet
Ref. FP 13(3A/2) 1956: 495; Robyns, 1966: 576.

Sida glomerata Cavanilles
Ref. FP 13(3A/2) 1956: 578; Robyns, 1966: 559; Fryxell, 1992: 105.
Herb or shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Jussieu s.n.*, Ayala 1857 (MO!)
Depts.: AM, JU, LO, SM

Sida grandiflora Poiret =Abutilon peruvianum (Lamarck) Kearney
Ref. FP 13(3A/2) 1956: 492.

Sida grandifolia Willdenow =Abutilon grandifolium (Willdenow) Sweet
Ref. Krapovickas, pers. comm.

[*Sida grewiifolia* (Ulbrich) Hochreutiner ex J. F. Macbride =Abutilon grewiifolium (Ulbrich) Krapovickas]
Ref. FP 13(3A/2) 1956: 578; Krapovickas, 1969b: 39.
Note: Not known from Peru.

Sida hernandioides L'Héritier =Wissadula amplissima (L.) R. E. Fries
Ref. FP 13(3A/2) 1956: 484; Fryxell, 1988: 451: Fryxell, 1992: 132.

Sida hirta Lamarck =Abutilon hirtum (Lamarck) Sweet
Ref. FP 13(3A/2) 1956: 496; Adams, 1972: 463.

Sida indica L. =Abutilon indicum (L.) Sweet
Ref. FP 13(3A/2) 1956: 496; Adams, 1972: 463.

[*Sida intermedia* St. Hilaire =Krapovickasia flavescens (Cavanilles) Fryxell]

Ref. FP 13(3A/2) 1956: 581; Fryxell, 1978: 456.
Note: Not known from Peru.

Sida jamesonii Baker f. =Sidasodes jamesonii (Baker f.) Fryxell.
Ref. Fryxell & Fuertes, 1992: 440.

Sida jatrophoides L'Héritier
Syn. *Sida rupo* Ulbrich
Ref. FP 13(3A/2) 1956: 579; Burandt, 1992: 174.
Herb. Andean I-II, Coastal: lomas, rocky slopes. 0-2000 m.
Voucher: Dombey s.n.* (P, B photo F!), Weberbauer 7427 (MO!)
Depts.: AN, CA, IC, JU, LI, LL, MO, PI, TA

Sida jussieana DC.
Syn. *Sida decumbens* St. Hilaire & Naudin
Ref. Fryxell, 1988: 395.
Herb. Coastal. 0-500 m.
Voucher: Jussieu s.n.* (P-JU), Ferreyra *et al.* 10675 (USM!)
Depts.: TU

Sida kohautiana C. Presl =Sida setosa Martius ex Colla
Ref. Fryxell, 1985: 89; Fryxell, 1992: 110.

Sida leprosa (Ortega) Schumann =Malvella leprosa (Ortega) Krapovickas
Ref. Fryxell, 1988: 300.

Sida limensis R. E. Fries
Ref. FP 13(3A/2) 1956: 590.
Endemic herb or shrub. Amazonian, Andean I, Coastal: forests. 0-1500 m.
Voucher: Asplund 1102*, Cerrate & Ferreyra 4997 (USM!)
Depts.: AM, LA, LI

Sida linearifolia St. Hilaire
Ref. Robyns, 1966: 564.
Herb. Andean I. 500-1000 m.
Voucher: Woytkowski 15524 (USM!)
Depts.: SM

Sida linifolia Cavanilles
Ref. FP 13(3A/2) 1956: 580; Fryxell, 1988: 398.
Herb or subshrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Jussieu s.n.* (P-JU), Plowman 6025 (USM!)
Depts.: SM

Sida lomageiton Ulbrich =Sida oligandra Schumann
Ref. FP 13(3A/2) 1956: 580; Burandt, 1992: 165.

Sida lomana F. Bruns =Sida oligandra Schumann
Ref. FP 13(3A/2) 1956: 580; Burandt, 1992: 165.

[*Sida macrodon* DC. =Krapovickasia macrodon (DC.) Fryxell]
Ref. FP 13(3A/2) 1956: 581; Fryxell, 1978: 456.
Note: Not known from Peru.

Sida mathewsii Turczaninow =Melochia pyramidata L. var. pyramidata (Sterculiaceae)
Ref. FP 13(3A/2) 1956: 628; Fryxell & Krapovickas, 1990: 180.

Sida mollis Ortega, nom. illeg. =Abutilon grandifolium (Willdenow) Sweet
Ref. FP 13(3A/2) 1956: 492; Kearney, 1958a: 215.

Sida mollissima Cavanilles =Abutilon mollissimum (Cavanilles) Sweet
Ref. FP 13(3A/2) 1956: 498; Kearney, 1958a: 214.

Sida multiflora Jacquin =Sidastrum multiflorum (Jacquin) Fryxell
Ref. Fryxell, 1979a: 298.

Sida myriantha Planchon & Linden ex Triana & Planchon =Abutilon myrianthum (Planchon & Linden ex Triana & Planchon) Krapovickas
Ref. Fryxell, 1992: 30.

Sida nubigena Walpers =Acaulimalva nubigena (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 521; Krapovickas, 1974: 22.

Sida nudiflora L'Héritier =Wissadula stellata (Cavanilles) Schumann
Ref. FP 13(3A/2) 1956: 486; Fryxell, 1992: 137.

Sida nutans L'Héritier =Gaya calyptrata (Cavanilles) H.B.K. ex Schumann
Ref. FP 13(3A/2) 1956: 568; Fryxell, 1988: 156: Fryxell, 1992: 36.

Sida oligandra Schumann
Syn. *Sida lomageiton* Ulbrich, *Sida lomana* F. Bruns, *Sida patuliloba* R. E. Fries
Ref. FP 13(3A/2) 1956: 582; Burandt, 1992: 165.
Herb or shrub. Andean I-II, Coastal: disturbed areas, lomas, rocky slopes. 0-3000 m.
Voucher: Burandt 2385 (MO!)
Depts.: AN, AR, AY, CU, LI, LL

Sida ovalis Kosteletzky
Shrub.
Note: Type from Peru but information not located.
Depts.: LI

Sida palmata Cavanilles
Syn. *Sida ricinoides* L'Héritier
Ref. FP 13(3A/2) 1956: 582; Burandt, 1992: 171; Fryxell, 1992: 105.
Herb or subshrub. Andean I-II: disturbed areas, forests, riversides, rocky slopes. 500-2000 m.
Voucher: Sagástegui & López 10527 (MO!)
Depts.: CA, LA, LL, PI

Sida paniculata L. =Sidastrum paniculatum (L.) Fryxell
Ref. FP 13(3A/2) 1956: 582; Fryxell, 1978: 453; Fryxell, 1992: 116.

Sida paniculata var. *rufescens* Baker f. =Sidastrum paniculatum (L.) Fryxell
Ref. FP 13(3A/2) 1956: 583; Fryxell, 1978: 453.

Sida parnassiaefolia Hooker =Acaulimalva parnassiaefolia (Hooker) Krapovickas
Ref. FP 13(3A/2) 1956: 522; Krapovickas, 1974: 25; Fryxell, 1992: 21.

Sida patuliloba R. E. Fries =Sida oligandra Schumann
Ref. FP 13(3A/2) 1956: 583; Burandt, 1992: 165.

Sida pediculariifolia Meyen =Nototriche pedicullariifolia (Meyen) A. W. Hill
Ref. FP 13(3A/2) 1956: 558; Hill, 1982b: 398.

Sida pedunculariis (H.B.K.) DC. =Abutilon pedunculare H.B.K.
Ref. FP 13(3A/2) 1956: 499; Burandt & Fryxell, 1990: 51.

Sida periplocifolia C. Presl =Wissadula periplocifolia (L.) C. Presl
Ref. FP 13(3A/2) 1956: 487; Fryxell, 1988: 454.

Sida periplocifolia var. *peruviana* DC. =Wissadula periplocifolia (L.) C. Presl
Ref. De Candolle, 1824: 468.

Sida peruviana Lamarck =Abutilon peruvianum (Lamarck) Kearney
Ref. FP 13(3A/2) 1956: 492; Kearney, 1958a: 214.

Sida phyllanthos Cavanilles =Nototriche phyllanthos (Cavanilles) A. W. Hill
Ref. FP 13(3A/2) 1956: 559; Hill, 1982b: 399; Fryxell, 1992: 83.

Sida physaloides C. Presl =Krapovickasia physaloides (C. Presl) Fryxell
Ref. FP 13(3A/2) 1956: 581; Fryxell, 1978: 457.

Sida pichinchensis H.B.K. =Nototriche phyllanthos (Cavanilles) A. W. Hill
Ref. FP 13(3A/2) 1956: 559; Hill, 1982b: 400; Fryxell, 1992: 83.

Sida pilosa Miller =Melochia pilosa (Miller) Fawcett & Rendle (Sterculiaceae)
Ref. FP 13(3A/2) 1956: 627; Goldberg, 1967: 241.

Sida pinnata Cavanilles =Nototriche pinnata (Cavanilles) A. W. Hill
Ref. Krapovickas, 1973: 286.

Sida poeppigiana (Schumann) Fryxell
Syn. *Sida rhombifolia* var. *poeppigiana* Schumann
Ref. Fryxell, 1992: 106.

Shrub. Amazonian, Andean I-II. 0-3000 m.
Voucher: Poeppig 45* (G!), Sánchez 1562 (CPUN)
Depts.: CA, CU

Sida pohliana C. Presl =Sida setosa C. Martius ex Colla
Ref. Fryxell 1992: 110.

Sida procumbens Swartz =Sida abutifolia Miller
Ref. Fryxell, 1988: 379; Fryxell, 1992: 101.

Sida pseudourens Baker =Sida urens L.
Ref. FP 13(3A/2) 1956: 586; Fryxell, 1988: 410.

Sida pulverulenta (Ulbrich) Kearney =Sidasodes jamesonii (Baker f.) Fryxell & Fuertes
Ref. Kearney, 1958a: 212; Fryxell, 1992: 115.

Sida pygmaea Remy =Nototriche pygmaea (Remy) A. W. Hill
Ref. FP 13(3A/2) 1956: 561; Hill, 1982b: 401.

Sida radiata L. =Malachra radiata (L.) L.
Ref. Fryxell, 1988: 269.

Sida reflexa Lamarck =Abutilon reflexum (Lamarck) Sweet
Ref. FP 13(3A/2) 1956: 501; Burandt & Fryxell, 1990: 54; Fryxell, 1992: 17.

Sida repens Dombey ex Cavanilles
Syn. *Sida dombeyana* DC., nom. illeg., *Sida veronicaefolia* var. *dombeyana* (DC.) Baker, nom. illeg.
Ref. FP 13(3A/2) 1956: 587; Fryxell, 1985: 71; Fryxell, 1992: 108.
Subshrub. Andean I. 1000-1500 m.
Voucher: Dombey s.n.* (P-JU, MA), Sagástegui *et al.* 7908 (MO!)
Depts.: CA, LI

Sida retrorsa L'Héritier =Abutilon reflexum (Lamarck) Sweet
Ref. FP 13(3A/2) 1956: 501; Burandt & Fryxell, 1990: 54; Fryxell, 1992: 17.

Sida rhombifolia L.
Syn. *Sida rhombifolia* var. *guazumifolia* (Klotzsch) Schumann
Ref. FP 13(3A/2) 1956: 584; Fryxell, 1988: 403: Fryxell, 1992: 109.
Herb or subshrub. Amazonian, Andean I-III, Coastal: disturbed areas, dry valleys, forests, grasslands, riversides, rocky slopes. 0-4500 m.
Voucher: Smith *et al.* 1418 (MO!)
Depts.: AM, AN, AR, AY, CA, CU, HU, JU, LA, LI, LL, LO, MD, PA, PI, PU, SM, TU, UC

Sida rhombifolia var. *guazumifolia* (Klotzsch) Schumann =Sida rhombifolia L.
Ref. FP 13(3A/2) 1956: 584.

Sida rhombifolia var. *poeppigiana* Schumann =Sida poeppigiana (Schumann) Fryxell
Ref. FP 13(3A/2) 1956: 584; Fryxell, 1992: 106.

Sida rhombifolia var. *pohiliana* (C. Presl) Baker =Sida setosa C. Martius ex Colla
Ref. Fryxell, 1992: 110.

Sida rhombifolia var. *surinamensis* (Miquel) Schumann =Sida setosa C. Martius ex Colla
Ref. FP 13(3A/2) 1956: 584; Krapovickas, pers. comm.

Sida ricinoides L'Héritier =Sida palmata Cavanilles
Ref. FP 13(3A/2) 1956: 582; Burandt, 1992: 171; Fryxell, 1992: 105.

Sida ruizii Ulbrich
Ref. FP 13(3A/2) 1956: 585; Kearney, 1958c: 259.
Herb or subshrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (B photo F!)
Depts.: Without locality data.

Sida rupo Ulbrich =Sida jatrophoides L'Héritier
Ref. FP 13(3A/2) 1956: 579; Burandt, 1992: 174.

Sida salviifolia C. Presl
Syn. *Sida campestris* Bentham, *Sida salviifolia* var. *submutica* Howell
Ref. FP 13(3A/2) 1956: 585; Fryxell, 1988: 406; Fryxell, 1992: 109.
Herb or subshrub. Coastal. 0-500 m.
Note: Spelled "*salviaefolia*" in the Flora of Peru.
Voucher: Ferreyra 12323 (USM!)
Depts.: PI

Sida salviifolia var. *submutica* Howell =Sida salviifolia C. Presl
Ref. FP 13(3A/2) 1956: 585; Kearney, 1958c: 261; Fryxell, 1992: 109.

Sida saxifraga Humboldt & Bonpland =Nototriche phyllanthos (Cavanilles) A. W. Hill
Ref. FP 13(3A/2) 1956: 559; Fryxell, 1992: 83.

Sida setosa C. Martius ex Colla
Syn. *Sida kohautiana* C. Presl, *Sida pohliana* C. Presl, *Sida rhombifolia* var. *pohiliana* (C. Presl) Baker, *Sida rhombifolia* var. *surinamensis* (Miquel) Schumann, *Sida surinamensis* Miquel
Ref. Fryxell, 1985: 89; Fryxell, 1992: 110.
Herb or shrub. Amazonian, Andean I: disturbed areas, forests, riversides, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez & Jaramillo 10279 (MO!)
Depts.: AM, AY, CU, HU, LO, MD, PU, SM, UC

Sida spinosa L.
Syn. *Sida alba* L., *Sida angustifolia* Lamarck, nom. illeg., *Sida angustifolia* Miller, *Sida spinosa* var. *angustifolia* (Lamarck) Grisebach, nom. illeg.
Ref. FP 13(3A/2) 1956: 586; Fryxell, 1988: 407; Fryxell, 1992: 112.
Herb or subshrub. Amazonian, Andean I-II, Coastal: disturbed areas, lomas, rocky slopes. 0-2500 m.
Voucher: Barbour 4376 (MO!)
Depts.: AM, AP, CA, CU, HU, HV, IC, LA, LI, LL, MO, SM

Sida spinosa var. *angustifolia* (Lamarck) Grisebach, nom. illeg. =Sida spinosa L.
Ref. FP 13(3A/2) 1956: 586; Fryxell, 1988: 407.

Sida stellata Cavanilles =Wissadula stellata (Cavanilles) Schumann
Ref. FP 13(3A/2) 1956: 486; Fryxell, 1992: 137.

Sida surinamensis Miquel =Sida setosa C. Martius ex Colla
Ref. Fryxell, 1985: 89; Fryxell, 1992: 110.

Sida sylvatica Cavanilles =Abutilon sylvaticum (Cavanilles) Schumann
Ref. FP 13(3A/2) 1956: 502.

Sida tulla Ulbirch =Abutilon tulla (Ulbrich) Krapovickas
Ref. FP 13(3A/2) 1956: 592; Krapovickas, 1969: 43.

Sida umbellata L. =Abutilon umbellatum (L.) Sweet
Ref. FP 13(3A/2) 1956: 503; Fryxell, 1992: 19.

Sida urens L.
Syn. *Sida pseudourens* Baker
Ref. FP 13(3A/2) 1956: 586; Fryxell, 1988: 409; Fryxell, 1992: 113.
Herb, shrub or subshrub. Amazonian, Andean I-II: disturbed areas, forests, rocky slopes. 0-2000 m.
Voucher: Gentry 29446 (MO!)
Depts.: CU, HU, JU, SM, UC

[*Sida veronicaefolia* Lamarck =Sida cordata (Burman f.) Borssum Waalkes]
Ref. FP 13(3A/2) 1956: 587; Fryxell, 1985: 70.
Note: Not known from Peru.

Sida veronicaefolia var. *dombeyana* (DC.) Baker, nom. illeg. =Sida repens Dombey ex Cavanilles
Ref. FP 13(3A/2) 1956: 587.

Sida villosa Miller =Melochia spicata (L.) Fryxell (Sterculiaceae)
Ref. FP 13(3A/2) 1956: 628; Goldberg, 1967: 282.

Sida virgata Cavanilles =Abutilon virgatum (Cavanilles) Sweet
Ref. FP 13(3A/2) 1956: 504; Fryxell, 1992: 20.

Sida viscosa L. =Bastardia viscosa (L.) H.B.K.
Ref. FP 13(3A/2) 1956: 591; Fryxell, 1988: 117; Fryxell, 1992: 29.

Sida weberbaueri Ulbrich
Ref. FP 13(3A/2) 1956: 588; Kearney, 1958c: 264; Fryxell, 1992: 114.
Herb or shrub. Andean I, Coastal: disturbed areas, forests on white sand, rocky slopes. 0-1500 m.
Voucher: Weberbauer 5959* (F), Díaz & Baldeón 2361 (MO!)
Depts.: AN, AY, CA, LA, LL, PI, TU

Sidalcea nodosa Turczaninow =Palaua moschata Cavanilles
Ref. Krapovickas, 1969a: 10; Fryxell & Krapovickas, 1990: 181.

Sidalcea peruviana Turczaninow =Palaua rhombifolia R. Graham
Ref. Krapovickas, 1969a: 10; Fryxell & Krapovickas, 1990: 181.

Sidasodes jamesonii (Baker f.) Fryxell & Fuertes
Syn. *Abutilon pulverulentum* Ulbrich, *Sida jamesonii* Baker f., *Sida pulverulenta* (Ulbrich) Kearney
Ref. Fryxell & Fuertes, 1992: 440.
Shrub. Andean II. 2500-3000 m.
Voucher: Sagástegui *et al.* 9647 (MO!)
Depts.: CA, TU

Sidastrum acuminatum (DC.) Fryxell =Sidastrum multiflorum (Jacquin) Fryxell
Ref. Fryxell, 1979a: 298.

Sidastrum multiflorum (Jacquin) Fryxell
Syn. *Sida acuminata* DC., *Sida multiflora* Jacquin, *Sidastrum acuminatum* (DC.) Fryxell
Ref. FP 13(3A/2) 1956: 575; Fryxell, 1979a: 298.
Note: Not reconfirmed.

Sidastrum paniculatum (L.) Fryxell
Syn. *Sida floribunda* H.B.K., *Sida paniculata* L., *Sida paniculata* var. *rufescens* Baker f.
Ref. Fryxell, 1978: 453; Fryxell, 1992: 116.
Herb or shrub. Andean I-II, Coastal: disturbed areas, dry valleys, forests, rocky slopes. 0-2000 m.
Voucher: Mexia 8049 (MO!)
Depts.: AM, CA, CU, IC, LA, LI, LL, PI

Sphaeralcea arequipensis (Johnston) Krapovickas =Urocarpidium albiflorum Ulbrich
Ref. FP 13(3A/2) 1956: 506.

Sphaeralcea hornschuchiana (Walpers) Baker f. =Tarasa hornschuchiana (Walpers) Krapovickas
Ref. FP 13(3A/2) 1956: 519.

Sphaeralcea mandonii Baker f. =Tarasa mandonii (Baker f.) Kearney
Ref. FP 13(3A/2) 1956: 520; Hill, 1982b: 393.

Sphaeralcea sandemanii (Sandwith) J. F. Macbride =Modiolastrum sandemannii (Sandwith) S. R. Hill & Fryxell
Ref. FP 13(3A/2) 1956: 507; Hill & Fryxell, 1980: 484.

Sphaeralcea scoparia (L'Héritier) Tidestrom =Malvastrum tomentosum subsp. tomentosum
Ref. Hill, 1982a: 211; Fryxell, 1992: 72.

Sphaeralcea weberbaueri Krapovickas =Urocarpidium albiflorum Ulbrich
Ref. FP 13(3A/2) 1956: 506.

[Tarasa albertii Philippi]
Syn. *Malvastrum albertii* (Philippi) Reiche
Ref. FP 13(3A/2) 1956: 742; Hill, 1982b: 372.
Note: Not known from Peru. The specimen cited in the Flora of Peru was redetermined to *Urocarpidium peruvianum* by Krapovickas (pers. comm.).

Tarasa capitata (Cavanilles) Bates
Syn. *Malva capitata* Cavanilles, *Malvastrum capitatum* (Cavanilles) Grisebach, *Malvastrum jorgensenii* Johnston, *Tarasa jorgensenii* (Johnston) Krapovickas
Ref. Hill, 1982b: 377.
Epiphytic herb, or shrub. Andean II-III: disturbed areas, rocky slopes. 1500-4000 m.
Voucher: López 8307 (MO!)
Depts.: AN, AP, AR, AY, CA, CU, HV, JU, LL, MO, PU

Tarasa cardenasii Krapovickas
Ref. Krapovickas, 1954: 131.
Herb. Andean I. 500-1000 m.
Voucher: Sagástegui & Mostacero 10457 (MO!)
Depts.: LL

Tarasa cerratei Krapovickas
Ref. Krapovickas, 1954: 125.
Endemic herb. Andean II-III: disturbed areas, forests, rocky slopes. 3000-4500 m.
Voucher: Cerrate 1932* (SI), Núñez & Argue 8114 (MO!)
Depts.: AN, CU, JU, LI, PU

Tarasa congestiflora (Johnston) Krapovickas
Syn. *Malvastrum congestiflorum* Johnston
Ref. Krapovickas, 1954: 138.
Herb. Andean II: disturbed areas. 2000-3000 m.
Voucher: Hinkley & Hinkley 37* (GH), Pennell 13168 (US)
Depts.: AR, CU, LI, PU

Tarasa corrugata Krapovickas
Ref. Krapovickas, 1970: 65.
Endemic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 4246* (CUZ)
Depts.: CU

Tarasa hornschuchiana (Walpers) Krapovickas
Syn. *Malva hornshuchiana* Walpers, *Malvastrum hornschuchianum* (Walpers) J. F. Macbride, *Malvastrum rusbyi* Britton, *Sphaeralcea hornschuchiana* (Walpers) Baker f.
Ref. Krapovickas, 1954: 139.
Shrub. Andean II: disturbed areas. 2000-3500 m.
Voucher: Meyen s.n.* (B photo F!), Solomon 3046 (USM!, MO!)
Depts.: AR, CU, MO

Tarasa jorgensenii (Johnston) Krapovickas =Tarasa capitata (Cavanilles) Bates
Ref. Krapovickas, 1954: 138; Krapovickas, pers. comm.

Tarasa machupicchensis Krapovickas
Ref. Krapovickas, 1965: 115.
Endemic shrub. Andean II: disturbed areas, forests. 2000-3000 m.
Voucher: Vargas 791* (LIL), Chávez 3453 (MO!)
Depts.: CU

Tarasa mandonii (Baker f.) Kearney
Syn. *Malvastrum mandonii* (Baker f.) J. F. Macbride, *Sphaeralcea mandonii* Baker f.
Ref. FP 13(3A/2) 1956: 520; Krapovickas, 1954: 137.
Shrub, subshrub or treelet. Andean II: disturbed areas. 2000-2500 m.
Voucher: West 6425 (MO!)
Depts.: AY, CU, HV

Tarasa marinii Krapovickas
Ref. Krapovickas, 1954: 140.
Endemic herb. Andean II-III: disturbed areas, grasslands. 2500-4000 m.
Voucher: Marin 351* (LIL), Solomon 3045 (MO!, USM!)
Depts.: CU

Tarasa nototrichoides (Hochreutiner) Krapovickas
Syn. *Malvastrum nototrichoides* Hochreutiner
Ref. Krapovickas, 1979: 48; Hill, 1982b: 395.
Andean III. 4000-4500 m.
Voucher: Rauh & Hirsch P628* (G)
Depts.: PU

Tarasa operculata (Cavanilles) Krapovickas
Syn. *Malva operculata* Cavanilles, *Malva plumosa* C. Presl, *Malvastrum operculatum* (Cavanilles) Baker f., *Malvastrum operculatum* (Cavanilles) Hochreutiner, nom. illeg., *Malvastrum plumosum* (C. Presl) Gray, *Tarasa plumosa* (C. Presl) Kearney
Ref. Krapovickas, 1954: 134.
Herb, shrub or subshrub. Andean I-III, Coastal: disturbed areas, dry valleys, lomas, rocky slopes, shrublands. 0-4000 m.

Voucher: Dombey s.n.* (MA), Sagástegui & Cabanillas 8730 (MO!)
Depts.: AN, AR, AY, CU, HV, JU, LI, MO, TA

Tarasa plumosa (C. Presl) Kearney =Tarasa operculata (Cavanilles) Krapovickas
Ref. FP 13(3A/2) 1956: 521.

Tarasa rahmeri Philippi
Ref. Krapovickas, 1954: 135.
Herb, shrub or subshrub. Andean I-III: disturbed areas, forests on white sand. 1000-4000 m.
Voucher: Dillon *et al.* 3274 (USM!, MO!)
Depts.: AN, AR, TA

Tarasa rhombifolia Krapovickas
Ref. Krapovickas, 1970: 63.
Endemic herb. Andean II: rocky slopes. 2500-3000 m.
Voucher: Vargas 9290* (CTES), Vargas 7633 (LIL)
Depts.: CU

Tarasa spiciformis Krapovickas
Ref. Krapovickas, 1965: 113.
Endemic shrub. Andean II: rocky slopes. 2500-3500 m.
Voucher: Kunkel 495* (LIL), Weberbauer 7512 (US)
Depts.: AY, HV, LL

Tarasa tenella (Cavanilles) Krapovickas
Syn. *Malva multicaulis* Schlechtendal ex Britton pro syn., *Malva tenella* Cavanilles, *Malvastrum multicaule* Britton, *Malvastrum tenellum* (Cavanilles) Hieronymus
Ref. Krapovickas, 1954: 123.
Shrub. Andean III: rocky slopes. 3500-4000 m.
Voucher: Ugent & Ugent 4536 (USM!)
Depts.: AR, CU, HV, JU, PU

Tarasa tenuis Krapovickas
Ref. Krapovickas, 1954: 121.
Endemic herb. Andean II-III. 2000-3000 m.
Voucher: Vargas 4808* (CAS), Vargas 9263 (MO!)
Depts.: AR, PU, TA

Tarasa thyrsoidea Krapovickas
Ref. Krapovickas, 1954: 135.
Endemic herb or subshrub. Coastal: lomas, rocky slopes. 0-500 m.
Voucher: Ferreyra 8801* (F), Dillon *et al.* 3243 (MO!)
Depts.: AN, AR, LI

Tarasa urbaniana (Ulbrich) Krapovickas
Syn. *Malvastrum urbanianum* Ulbrich
Ref. Krapovickas, 1954: 140.
Herb. Andean III: grasslands, shrublands. 3500-4000 m.
Voucher: Weberbauer 927* (B photo F!), Gentry *et al.* 22793 (MO!)
Depts.: AM, AY, CU, HV, JU, LI, PU

Tetrasida chachapoyensis (Baker f.) Fryxell & Fuertes
Syn. *Abutilon chachapoyensis* (Baker f.) Krapovickas, *Sida chachapoyensis* Baker f., *Tetrasida polyantha* Ulbrich
Ref. Fryxell & Fuertes, 1992: 444.
Shrub or tree. Andean I. 500-1000 m.
Voucher: Mathews 3049* (K!), Ferreyra 13703 (USM!)
Depts.: AM, CA

Tetrasida polyantha Ulbrich =Tetrasida chachapoyensis (Baker f.) Fryxell & Fuertes
Ref. FP 13(3A/2) 1956: 592; Krapovickas, 1969b: 34; Fryxell & Fuertes, 1992: 444.

Tetrasida serrulata Fryxell & Fuertes
Ref. Fryxell & Fuertes, 1992: 444.
Endemic shrub. Andean I: desert, disturbed areas, forests. 500-1500 m.
Voucher: Smith 6165* (MO, USM), López & Sagástegui 8278 (HUT, NY)
Depts.: AM, CA, LL, SM

Urena lobata L.
Ref. FP 13(3A/2) 1956: 459; Fryxell, 1988: 443; Fryxell, 1992: 120.
Herb, shrub or subshrub. Amazonian, Andean I, Coastal: disturbed areas, forests on white sand, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 10750 (MO!)
Depts.: HU, LI, LO, MD, SM, UC

Urena lobata var. *reticulata* (Cavanilles) Guerke =Urena reticulata Cavanilles
Ref. Hochreutiner, 1901: 138.

Urena reticulata Cavanilles
Syn. *Urena lobata* var. *reticulata* (Cavanilles) Guerke
Ref. Hochreutiner, 1901: 138.
Shrub. Amazonian: grasslands. 0-500 m.
Voucher: Ayala *et al.* 3256 (MO!)
Depts.: LO

Urena typhalaea L. =Pavonia fruticosa (Miller) Fawcett & Rendle
Ref. FP 13(3A/2) 1956: 462; Robyns, 1966: 537; Fryxell, 1992: 89.

Urocarpidium albiflorum Ulbrich
Syn. *Malvastrum arequipense* Johnston, *Sphaeralcea arequipensis* (Johnston) Krapovickas, *Sphaeralcea weberbaueri* Krapovickas
Ref. FP 13(3A/2) 1956: 506; Díaz, 1970: 139.
Endemic herb. Andean I-II, Coastal: lomas, rocky slopes, shrublands. 0-2500 m.
Voucher: Weberbauer 5326* (MO!), Ferreyra 611 (USM!, MO!)
Depts.: AR, LI, LL, MO

Urocarpidium chilense (Braun & Bouché) Krapovickas
Syn. *Malva chilensis* Braun & Bouché, *Malva scorpioides* Turczaninow, *Malvastrum hinkleyorum* Johnston, *Malvastrum peruvianum* var. *scorpioides* (Turczaninow) Baker
Ref. FP 13(3A/2) 1956: 515; Díaz, 1970: 144.
Herb. Andean I-II, Coastal: lomas. 0-3000 m.
Voucher: Ferreyra *et al.* 19860 (USM!)
Depts.: AN, AR, LI, LL, MO, TA, TU

Urocarpidium corniculatum Krapovickas
Ref. Krapovickas, 1970: 67.
Endemic herb. Andean I-II. 500-3000 m.
Voucher: Chanco 25* (USM!), Vargas 19136 (CTES)
Depts.: AR, LI

Urocarpidium echinatum (C. Presl) Krapovickas
Syn. *Malva echinata* C. Presl, *Malvastrum shepardae* Johnston, *Urocarpidium shepardae* (Johnston) Krapovickas
Herb. Andean I-II, Coastal: disturbed areas, grasslands, rocky slopes. 0-4500 m.
Note: New combination made in Appendix 1.
Voucher: Haenke s.n.* (PR), Shepard 123 (GH)
Depts.: AN, CA, CU, HU, LI, LL, JU, PU, TA

Urocarpidium leptocalyx Krapovickas
Ref. Krapovickas, 1965: 118.
Herb. Andean II: rocky slopes. 1500-2000 m.
Voucher: López *et al.* 2657* (USM!)
Depts.: AN, LL

Urocarpidium limense (L.) Krapovickas
Syn. *Malva costata* C. Presl, *Malva limensis* L., *Malvastrum limense* (L.) J. Ball, *Malvastrum peruvianum* var. *limense* (L.) Baker f.
Ref. Hill, 1982b: 392; Fryxell, 1992: 124.
Herb. Andean II disturbed areas, rocky slopes. 1500-3500 m.
Voucher: Sagástegui & López 7869 (MO!)
Depts.: AN, AP, CA, CU, HU, JU, LI, LL

Urocarpidium macrocarpum Krapovickas
Ref. Díaz, 1970: 149.
Endemic herb. Andean I-II, Coastal: disturbed areas, forests, lomas, rocky slopes. 0-3500 m.
Voucher: Pennell 14589* (US!), Gentry & Díaz 58306 (MO!)
Depts.: CA, HV, LI, LL, TU

Urocarpidium mathewsii (Turczaninow) Krapovickas =Urocarpidium peruvianum (L.) Krapovickas
Ref. FP 13(3A/2) 1956: 520; Díaz, 1970: 142.

Urocarpidium peruvianum (L.) Krapovickas
Syn. *Malva haenkeana* C. Presl, *Malva mathewsii* Turczaninow, *Malva peruviana* L., *Malvastrum peruvianum* (L.) A. Gray, *Malvastrum peruvianum* var. *elongatum* Hochreutiner,

Urocarpidium mathewsii (Turczaninow) Krapovickas
Ref. Díaz, 1970: 142.
Herb. Andean I-III, Coastal: desert, disturbed areas, grasslands, lomas, shrublands. 0-3000 m.
Voucher: Vega 3454 (MO!)
Depts.: AN, AR, CA, HV, IC, LI, LL

Urocarpidium shepardae (Johnston) Krapovickas =Urocarpidium echinatum (C. Presl) Krapovickas
Ref. Hill, 1982b: 404.

Urocarpidium stipulatum Fryxell
Ref. Fryxell, 1990: 168.
Endemic herb or subshrub. Andean I: disturbed areas, forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Burandt *et al.* 2333 (F, USM)
Depts.: CA

[Wercklea ferox (Hooker f.) Fryxell]
Syn. *Hibiscus ferox* Hooker f.
Ref. Fryxell, 1981: 464; Fryxell, 1992: 128.
Note: Not known from Peru, but expected.

Wissadula amplissima (L.) R. E. Fries
Syn. *Sida amplissima* L., *Sida hernandioides* L'Héritier, *Wissadula hernandioides* (L'Héritier) Garcke
Ref. FP 13(3A/2) 1956: 484; Fryxell, 1988: 451; Fryxell, 1992: 132.
Shrub. Amazonian, Andean I-II. 0-2500 m.
Voucher: Jussieu s.n.*, Sagástegui & López 10619 (MO!)
Depts.: CA, SM

Wissadula contracta (Link) R. E. Fries
Syn. *Sida contracta* Link
Ref. Fryxell, 1988: 453.
Herb or subshrub. Andean II. 1500-2000 m.
Note: Gentry *et al.* 19236 (MO!)
Depts.: HU

Wissadula disperma Hochreutiner =Abutilon dispermum (Hochreutiner) Fryxell
Ref. FP 13(3A/2) 1956: 482; Fryxell, 1992: 12.

Wissadula excelsior (Cavanilles) C. Presl
Syn. *Abutilon excelsior* (Cavanilles) G. Don, *Sida excelsior* Cavanilles
Ref. FP 13(3A/2) 1956: 483; Fryxell, 1988: 454; Fryxell, 1992: 134.
Shrub or subshrub. Amazonian, Andean I, Coastal: disturbed areas, forests. 0-1500 m.
Voucher: Jussieu s.n.* (P-JU), Schunke 10524 (MO!)
Depts.: HU, JU, LO, PI, SM, UC

[Wissadula ferruginea (H.B.K.) Garcke & Schumann]
Syn. *Abutilon ferrugineum* H.B.K., *Sida ferruginea* (H.B.K.) DC.
Ref. Fryxell, 1992: 134.
Note: Not known from Peru. Citations for Peru result from the Garcke & Schumann description of the combination which was based upon a Peurvian specimen of *Wissadula excelsior*.

Wissadula fuscorosea Ulbrich
Ref. FP 13(3A/2) 1956: 484.
Endemic shrub. Andean II: grasslands. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 6556* (B photo F!)
Depts.: HV

Wissadula grandifolia Baker f.
Ref. Fryxell, 1992: 136
Subshrub. Andean I: disturbed areas. 1000-1500 m.
Voucher: Gentry *et al.* 22611 (MO!)
Depts.: PI

Wissadula hernandioides (L'Héritier) Garcke =Wissadula amplissima (L.) R. E. Fries
Ref. FP 13(3A/2) 1956: 484; Fryxell, 1988: 451; Fryxell, 1992: 132.

Wissadula hirsuta C. Presl
Ref. Fries, 1908: 58; Fryxell, 1992: 136.
Herb or shrub. Andean I: disturbed areas, forests. 1000-1500 m.
Voucher: Sagástegui & Cabanillas 8668 (MO!)
Depts.: JU, PI

Wissadula microcarpa R. E. Fries
Ref. FP 13(3A/2) 1956: 485.
Shrub or subshrub. Amazonian, Andean I-II: disturbed areas. 0-2000 m.
Voucher: Ule 6710*, Gentry & Smith 44954 (MO!)
Depts.: HU, LO, SM

Wissadula nudiflora (L'Héritier) Bentham =Wissadula stellata (Cavanilles) Schumann
Ref. FP 13(3A/2) 1956: 486; Fryxell, 1992: 137.

Wissadula pavonii Hochreutiner
Ref. FP 13(3A/2) 1956: 485; Fryxell, 1992: 32.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (G photo F!)
Depts.: LI

Wissadula periplocifolia (L.) C. Presl
Syn. *Sida periplocifolia* C. Presl, *Sida periplocifolia* var. *peruviana* DC., *Wissadula zeylanica* Medikus, nom. illeg.
Ref. Fryxell, 1988: 454.
Note: Not reconfirmed.

Wissadula spicata (H.B.K.) C. Presl =Briquetia spicata (H.B.K.) Fryxell
Ref. FP 13(3A/2) 1956: 489; Fryxell, 1988: 136; Fryxell, 1992: 32.

Wissadula stellata (Cavanilles) Schumann
Syn. *Abutilon nudiflorum* (L'Héritier) Sweet, *Sida nudiflora* L'Héritier, *Sida stellata* Cavanilles, *Wissadula nudiflora* (L'Héritier) Bentham
Ref. FP 13(3A/2) 1956: 486; Fryxell, 1992: 137.
Shrub. Andean I-II: disturbed areas, rocky slopes. 1000-2500 m.
Voucher: Dombey s.n.*, Stork & Horton 9406 (MO!)
Depts.: HU, JU, LO, SM

Wissadula subpeltata (Kuntze) R. E. Fries
Syn. *Abutilon amplissimum* var. *subpeltata* Kuntze
Ref. FP 13(3A/2) 1956: 487.
Herb or subshrub. Amazonian: riversides. 0-500 m.
Voucher: Belshaw 3184 (MO!)
Depts.: SM

Wissadula zeylanica Medikus, nom. illeg. =Wissadula periplocifolia (L.) C. Presl
Ref. FP 13(3A/2) 1956: 487; Fryxell, 1988: 454.

Marantaceae

10 genera and 90 species in Peru.

Endemic species: 12.

Prepared by L. Brako; reviewed by H. Kennedy (UBC).

Calathea aberrans Huber =Calathea pachystachya (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 745; Kennedy *et al.*, 1988: 96.

Calathea allouia (Aublet) Lindley
Syn. *Maranta allouia* Aublet
Ref. FP 13(1/3) 1936: 745; Kennedy *et al.*, 1988: 87.
Cultivated herb. Amazonian. 0-500 m.
Voucher: Plowman *et al.* 6566 (F!)
Depts.: LO

Calathea altissima (Poeppig & Endlicher) Koernicke
Syn. *Phrynium altissimum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 746; Kennedy *et al.*, 1988: 90.
Herb. Amazonian: forests, riversides. 0-500 m.
Voucher: Gentry *et al.* 29767 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Calathea attenuata H. Kennedy
Ref. Kennedy *et al.*, 1988: 123.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Vásquez & Jaramillo 823 (MO!)
Depts.: LO

Calathea bambusacea Poeppig & Endlicher =Ischnosiphon gracilis subsp. gracilis
Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 65.

Calathea capitata (R. & P.) Lindley
Syn. *Maranta capitata* R. & P.
Ref. Kennedy *et al.*, 1988: 120.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Wasshausen & Encarnación 613 (USM!)
Depts.: AY, LO, MD

[Calathea casupito (Jacquin) G. Meyer]
Syn. *Maranta casupito* Jacquin
Ref. FP 13(1/3) 1936: 746; Kennedy, pers. comm.
Note: Not known from Peru.

Calathea chrysoleuca (Poeppig & Endlicher) Koernicke
Syn. *Phrynium chrysoleucum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 746; Kennedy *et al.*, 1988: 72.
Herb. Amazonian, Andean I: forests on white sand, terra firme forests. 0-1000 m.
Voucher: Gentry *et al.* 54619 (MO!)
Depts.: AM, CU, HU, LO, MD, SM, UC

[Calathea comosa (L. f.) Lindley]
Syn. *Maranta comosa* L. f.
Ref. FP 13(1/3) 1936: 746; Kennedy, pers. comm.
Note: Not known from Peru.

Calathea contamanensis Huber =Calathea sandleriana (Sander) Gentil
Ref. FP 13(1/3) 1936: 747; Kennedy, pers. comm.

Calathea contrafenestra H. Kennedy
Ref. Kennedy *et al.*, 1988: 108.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Gentry *et al.* 39536 (MO!)
Depts.: LO

Calathea crotalifera Watson
Syn. *Calathea insignis* Petersen
Ref. Kennedy *et al.*, 1988: 25.
Herb. Amazonian, Andean I: cloud forests, disturbed areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 7249 (MO!)
Depts.: AM, AY, LO, MD, SM, UC

Calathea dicephala (Poeppig & Endlicher) Koernicke
Syn. *Phrynium dicephalum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 747.
Herb. Andean I: riversides, rocky slopes. 500-1000 m.
Voucher: Poeppig 1547* (W), Gentry 25617 (MO!)
Depts.: HU, SM, UC

Calathea enclitica J. F. Macbride
Ref. FP 13(1/3) 1936: 747.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Williams 1955*, Gentry *et al.* 29100 (MO!)
Depts.: AM, LO, SM

Calathea exscapa (Poeppig & Endlicher) Koernicke
Syn. *Phrynium exscapum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 747; Kennedy *et al.*, 1988: 71.
Herb. Andean I: riversides. 500-1000 m.
Voucher: Poeppig 2332* (W), Kennedy *et al.* 3655 (F!)
Depts.: LO, MD, PA, SM

Calathea gigas Gagnepain =Calathea majestica (Linden) Kennedy
Ref. FP 13(1/3) 1936: 748; Kennedy, pers. comm.

Calathea inocephala (Kuntze) H. Kennedy & D. Nicholson
Syn. *Phyllodes inocephalum* Kuntze
Ref. Kennedy *et al.*, 1988: 92.
Herb. Amazonian: forests. 0-1000 m.
Voucher: Gentry *et al.* 31392 (F!)
Depts.: HU, LO

Calathea insignis Petersen =Calathea crotalifera Watson
Ref. FP 13(1/3) 1936: 748; Kennedy *et al.*, 1988: 25.

Calathea jocosa J. F. Macbride
Ref. FP 13(1/3) 1936: 748.
Endemic herb. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality. Based on a possible mixed collection with the leaf definitely *C. wallisii* (Kennedy, pers. comm.).
Voucher: Williams 3986* (F)
Depts.: LO

Calathea klugii J. F. Macbride =Calathea micans (Mathieu) Koernicke
Ref. FP 13(1/3) 1936: 748; Kennedy *et al.*, 1988: 131.

Calathea laetevirens Huber
Ref. FP 13(1/3) 1936: 749; Kennedy *et al.*, 1988: 73.
Herb. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Huber s.n.* (MG)
Depts.: LO

Calathea lanata Petersen
Ref. FP 13(1/3) 1936: 749.
Herb. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Berlin 878 (MO!)
Depts.: AM, JU, SM, UC

Calathea lateralis (R. & P.) Lindley
Syn. *Maranta lateralis* R. & P., *Phrynium laterale* (R. & P.) Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 749.
Herb. Amazonian, Andean I. 0-1500 m.
Voucher: Foster 4032 (F!)
Depts.: CU, HU, JU, LO, MD, UC

Calathea laxa Poeppig & Endlicher =Monotagma laxum (Poeppig & Endlicher) Schumann
Ref. FP 13(1/3) 1936: 763.

Calathea legrelliana Regel
Ref. FP 13(1/3) 1936: 749.
Note: Not reconfirmed.

Calathea leucophaea Poeppig & Endlicher =Ischnosiphon leucophaeus subsp. leucophaeus
Ref. FP 13(1/3) 1936: 758; Andersson, 1977: 78.

Calathea lindeniana Wallis
Herb. Andean I: forests. 500-1000 m.
Voucher: Plowman & Schunke 11616 (F, USM!)
Depts.: SM

Calathea loeseneri J. F. Macbride
Ref. FP 13(1/3) 1936: 749; Kennedy *et al.*, 1988: 10513.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Klug 940* (F!), Gentry *et al.* 24847 (MO!)
Depts.: HU, LO, MD

Calathea longipetiolata H. Kennedy
Ref. Kennedy, 1983: 1432.
Endemic herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Plowman 6000* (F!), Schunke 10943 (MO!)
Depts.: SM, UC

Calathea lucianii (Linden) Cogniaux & Marchal
Syn. *Maranta lucianii* Linden
Ref. Kennedy, 1982: 18.
Herb. Andean I: forests. 500-1000 m.
Voucher: Kennedy & Plowman 3654 (F)
Depts.: SM

Calathea lutea (Aublet) G. Meyer
Syn. *Maranta casupo* Jacquin, *Maranta lutea* Aublet
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 31.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Foster 3084 (F!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Calathea majestica (Linden) Kennedy
Syn. *Calathea gigas* Gagnepain, *Maranta majestica* Linden
Ref. Kennedy *et al.*, 1988: 98.
Herb. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 38106 (MO!)
Depts.: LO, MD

Calathea micans (Mathieu) Koernicke
Syn. *Calathea klugii* J. F. Macbride, *Maranta micans* Mathieu
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 131.
Herb. Amazonian. 0-500 m.
Voucher: Foster *et al.* 7825 (MO!)
Depts.: LO, MD, PA

Calathea microcephala (Poeppig & Endlicher) Koernicke
Syn. *Phrynium microcephalum* Poeppig & Endlicher

Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 127.
Herb. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Gentry *et al.* 45912 (MO!)
Depts.: HU, LO, MD, UC

Calathea mishuyacu J. F. Macbride
Ref. FP 13(1/3) 1936: 751; Kennedy *et al.*, 1988: 68.
Herb. Amazonian: forests. 0-500 m.
Voucher: Klug 416* (F!), Vásquez *et al.* 8954 (MO!)
Depts.: LO

[Calathea nodosa Rusby]
Ref. FP 13(1/3) 1936: 749; Kennedy *et al.*, 1988: 36; Kennedy, pers. comm.
Note: Not known from Peru. Although treated as a synonym of *C. lateralis* by Kennedy *et al.* (1988), it is now believed to represent a distinct species (Kennedy, pers. comm.).

Calathea pachystachya (Poeppig & Endlicher) Koernicke
Syn. *Calathea aberrans* Huber, *Phrynium pachystachyum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 751; Kennedy *et al.*, 1988: 96.
Herb. Andean I: forests. 1000-1500 m.
Voucher: Poeppig s.n.* (LE), Schunke 9674 (MO!)
Depts.: HU, JU, SM

Calathea pacifica Linden & André
Ref. FP 13(1/3) 1936: 751.
Note: Not reconfirmed.

Calathea parkeri Poeppig & Endlicher
=Monotagma spicatum (Aublet) J. F. Macbride
Ref. FP 13(1/3) 1936: 764.

Calathea pavonii Koernicke
Syn. *Calathea tubispatha* Hooker
Ref. FP 13(1/3) 1936: 751.
Herb. Amazonian, Andean I. 0-1500 m.
Voucher: Schunke 10787 (MO!)
Depts.: CU, HU, LO, SM

Calathea pearcei Rusby
Ref. Rusby, 1896: 123.
Herb. Andean I: forests. 500-1000 m.
Voucher: Foster & Wachter 7272 (USM!)
Depts.: MD

Calathea peruviana Koernicke
Ref. FP 13(1/3) 1936: 751.
Endemic herb. Andean I. 500-1000 m.
Voucher: Plowman 5867 (F!)
Depts.: HU, JU, MD, PA, SM

Calathea poeppigiana Loesener ex H. Kennedy
Ref. Kennedy *et al.*, 1988: 77.
Herb. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 27207 (MO!)
Depts.: LO, MD

Calathea propinqua (Poeppig & Endlicher) Koernicke
Syn. *Phrynium propinquum* Poeppig & Endlicher
Ref. Kennedy *et al.*, 1988: 66.
Herb. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Wachter *et al.* 157 (USM!)
Depts.: CU, LO, MD, PA

Calathea pseudoveitchiana H. Kennedy
Ref. Kennedy, 1983: 1429; Kennedy, 1985: 1891.
Endemic herb. Andean I. 500-1000 m.
Voucher: Kennedy 4044* (US), Plowman & Davis 5003-A (F!)
Depts.: CU

Calathea roseopicta (Linden) Regel
Syn. *Maranta roseopicta* Linden
Ref. FP 13(1/3) 1936: 752.
Endemic herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Killip & Smith 27118 (F!)
Depts.: HU, LO, MD, SM

Calathea rotundifolia Poeppig & Endlicher
=Ischnosiphon rotundifolius (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 69.

Calathea sanderiana (Sander) Gentil
Syn. *Calathea contamanensis* Huber, *Maranta sanderiana* Sander
Ref. Kennedy, pers. comm.
Herb. Amazonian: forests. 0-500 m.
Voucher: Huber s.n. (MG)
Depts.: LO, MD

Calathea schunkei H. Kennedy
Ref. Kennedy, 1982: 18.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Kennedy & Plowman 3663* (GH), Schunke 4491 (F)
Depts.: SM

Calathea silvosa J. F. Macbride
Ref. FP 13(1/3) 1936: 752.
Herb. Amazonian: forests. 0-500 m.
Voucher: Klug 11* (F!), Plowman *et al.* (F!)
Depts.: LO, SM

Calathea smaragdina Linden & André
=Monotagma smaragdinum (Linden & André) Schumann

Calathea sophiae Huber
Ref. FP 13(1/3) 1936: 752.
Endemic herb. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Huber MG/3297* (F!), Foster *et al.* 9237 (MO!, USM!)
Depts.: CU, HU, LO, MD, PA

Calathea standleyi J. F. Macbride
Ref. FP 13(1/3) 1936: 753; Kennedy *et al.*, 1988: 74.
Herb. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Killip & Smith 26263* (F!), Foster *et al.* 9366 (MO!, USM!)
Depts.: HU, JU, LO, MD, UC

Calathea straminea Petersen
Herb. Amazonian: forests. 0-500 m.
Voucher: Plowman *et al.* 7276 (USM!)
Depts.: LO

Calathea tubispatha Hooker =Calathea pavonii Koernicke
Ref. FP 13(1/3) 1936: 751.

Calathea ucayalina Huber
Ref. FP 13(1/3) 1936: 753.
Note: Not reconfirmed.

Calathea ulotricha J. F. Macbride
Ref. FP 13(1/3) 1936: 753.
Endemic herb. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Williams 4921* (F)
Depts.: LO, MD

Calathea undulata Linden & André
Ref. FP 13(1/3) 1936: 753.
Herb. Andean I. 500-1000 m.
Voucher: Wallis s.n.*
Depts.: HU, JU, LO, PA, SM

Calathea ursina Standley
Ref. Standley, 1940c: 70.
Endemic herb. Amazonian. 0-500 m.
Voucher: Schunke 294* (F)
Depts.: LO

Calathea variegata Linden ex Koernicke
Ref. Kennedy *et al.*, 1988: 94.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Huashikat 1300 (MO!)
Depts.: AM, JU

[Calathea veitchiana Hooker f.]
Ref. FP 13(1/3) 1936: 753; Kennedy *et al.*, 1988: 106.
Note: Not known from Peru. Reported by Kennedy *et al.* (1988) to be endemic to Ecuador.

Calathea velutina (Poeppig & Endlicher) Koernicke
Syn. *Phrynium velutinum* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 754.
Herb. Andean I: forests. 500-1000 m.
Voucher: Kennedy & Plowman 3569 (USM!)
Depts.: JU, PA

Calathea virginalis Linden
Ref. FP 13(1/3) 1936: 754.
Note: Not reconfirmed.

Calathea wallisii (Linden) Regel
Syn. *Maranta wallisii* Linden
Ref. FP 13(1/3) 1936: 754.
Herb. Amazonian: forests. 0-500 m.
Voucher: Foster *et al.* 7852 (MO!, USM!)
Depts.: AM, PA, UC

Calathea williamsii J. F. Macbride
Ref. FP 13(1/3) 1936: 754.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Williams 2541* (F!), Plowman *et al.* 6793 (USM!)
Depts.: LO

Calathea zingiberina Koernicke
Ref. Kennedy *et al.*, 1988: 102.
Note: Not reconfirmed.

Ctenanthe amphiandina L. Andersson
Ref. Kennedy *et al.*, 1988: 179.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Plowman & Davis 5030 (F!)
Depts.: CU, MD

Ctenanthe ericae L. Andersson
Ref. Kennedy *et al.*, 1988: 182.
Herb. Andean I: 500-1000 m.
Voucher: Foster *et al.* 10678 (F!)
Depts.: MD

Hylaeanthe hexantha (Poeppig & Endlicher) Jonker & A. Jonker
Syn. *Maranta hexantha* (Poeppig & Endlicher) D. Dietrich, *Myrosma hexantha* (Poeppig & Endlicher) Schumann, *Thalia hexantha* Poeppig & Endlicher
Ref. Kennedy *et al.*, 1988: 171.
Herb. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2260* (G)
Depts.: LO, MD

Hylaeanthe unilateralis (Poeppig & Endlicher) Jonker & A. Jonker
Syn. *Maranta unilateralis* (Poeppig & Endlicher) D. Dietrich, *Myrosma unilateralis* (Poeppig & Endlicher) Schumann, *Thalia unilateralis* Poeppig & Endlicher
Ref. Kennedy *et al.*, 1988: 173.
Herb. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Poeppig s.n.*, Plowman & Schunke 11606 (USM!)
Depts.: CU, HU, MD, PA, SM

Ischnosiphon annulatus Loesener
Ref. FP 13(1/3) 1936: 756; Andersson, 1977: 51.
Herb. Andean I: forests. 500-1500 m.
Voucher: Ule 6847* (F!), Woytkowski 35209 (MO!)
Depts.: LO, SM

Ischnosiphon arouma (Aublet) Koernicke
Syn. *Maranta arouma* Aublet
Ref. FP 13(1/3) 1936: 756; Andersson, 1977: 39.
Herb. Amazonian, Andean I: forests on white sand. 0-1500 m.
Voucher: Killip & Smith 28821* (F!), Schunke 1183 (F!)
Depts.: HU, JU, LO, SM, UC

Ischnosiphon bambusacens (Poeppig & Endlicher) Koernicke =Ischnosiphon gracilis subsp. gracilis
Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 65.

Ischnosiphon bolivianus Loesener =Ischnosiphon lasiocoleus Schumann ex Loesener
Ref. Andersson, 1977: 94.

Ischnosiphon caudatus L. Andersson
Ref. Andersson, 1977: 87.
Endemic herb. Amazonian: forests. 0-500 m.
Voucher: Croat 19987* (MO!), Vásquez *et al.* 6541 (MO!)
Depts.: LO

Ischnosiphon cerotus Loesener
Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 32.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Weberbauer 3631* (F!, MOL!), Berlin 883 (MO!)
Depts.: AM, HU, LO, MD, PA, SM

Ischnosiphon fusiformis L. Andersson
Ref. Andersson, 1984: 31.
Endemic herb. Amazonian: forests on white sand. 0-500 m.
Voucher: Barbour 4430* (MO!), Gentry *et al.* 61976 (MO!)
Depts.: AM, LO

Ischnosiphon gracilis (Rudge) Koernicke subsp. **gracilis**
Syn. *Calathea bambusacea* Poeppig & Endlicher, *Ischnosiphon bambusacens* (Poeppig & Endlicher) Koernicke, *Maranta gracilis* Rudge
Ref. Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 65.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 2431 (frag. F)
Depts.: SM

Ischnosiphon gracilis var. *scabra* Petersen =Ischnosiphon puberulus var. scaber (Petersen) L. Andersson
Ref. Andersson, 1977: 55.

Ischnosiphon hirsutus Petersen
Syn. *Ischnosiphon ornatus* J. F. Macbride
Ref. Andersson, 1977: 91.
Herb. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Foster *et al.* 8883 (MO!, USM!)
Depts.: AM, LO, MD, PA, SM, UC

Ischnosiphon killipii J. F. Macbride
Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 67.
Herb or vine. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 26929* (F!), Croat 18538 (MO!)
Depts.: LO

Ischnosiphon lasiocoleus Schumann ex Loesener
Syn. *Ischnosiphon bolivianus* Loesener, *Ischnosiphon lasiocoleus* var. *bolivioides* Loesener
Ref. FP 13(1/3) 1936: 758; Andersson, 1977: 94.
Herb or vine. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 26428 (F!)
Depts.: HU, JU, LO, UC

Ischnosiphon lasiocoleus var. *bolivioides* Loesener =Ischnosiphon lasiocoleus Schumann ex Loesener
Ref. FP 13(1/3) 1936: 758; Andersson, 1977: 94.
Note: This is an orthographic error for var. *bolivianoides*.

Ischnosiphon laxus (Poeppig & Endlicher) Koernicke =Monotagma laxum (Poeppig & Endlicher) Schumann
Ref. FP 13(1/3) 1936: 763; Andersson, 1977: 106.

Ischnosiphon leucophaeus (Poeppig & Endlicher) Koernicke subsp. **leucophaeus**
Syn. *Calathea leucophaea* Poeppig & Endlicher, *Ischnosiphon neotericus* J. F. Macbride, *Ischnosiphon surinamensis* (Miquel) Koernicke, *Maranta surinamensis* Miquel
Ref. Andersson, 1977: 78.
Herb. Amazonian, Andean I: disturbed areas, forests on white sand, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez *et al.* 624 (MO!)
Depts.: HU, LO, MD, SM, UC

Ischnosiphon longiflorus Schumann subsp. **angustifolius** L. Andersson
Ref. Andersson, 1977: 102.
Herb, shrub or vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 5718* (F!), Schunke 7719 (MO!)
Depts.: HU, LO, PA, SM, UC

Ischnosiphon longiflorus subsp. **longiflorus**
Syn. *Ischnosiphon wyomingensis* J. F. Macbride
Ref. Andersson, 1977: 102.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 854 (F!)
Depts.: LO

Ischnosiphon macarenae L. Andersson
Ref. Kennedy *et al.*, 1988: 154.
Herb. Amazonian: riversides. 0-500 m.
Voucher: Plowman *et al.* 6885 (F!)
Depts.: LO

Ischnosiphon neotericus J. F. Macbride =Ischnosiphon leucophaeus subsp. leucophaeus
Ref. FP 13(1/3) 1936: 758; Andersson, 1977: 78.

Ischnosiphon obliquiformis Loesener =Ischnosiphon obliquus (Rudge) Koernicke
Ref. FP 13(1/3) 1936: 758; Andersson, 1977: 36.

Ischnosiphon obliquus (Rudge) Koernicke
Syn. *Ischnosiphon obliquiformis* Loesener, *Maranta obliqua* Rudge
Ref. FP 13(1/3) 1936: 759; Andersson, 1977: 36.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 6343 (F!, MO!)
Depts.: LO

Ischnosiphon ornatus J. F. Macbride =Ischnosiphon hirsutus Petersen
Ref. FP 13(1/3) 1936: 759; Andersson, 1977: 91.

Ischnosiphon parvifolius L. Andersson
Ref. Andersson, 1977: 105.
Endemic vine. Amazonian: forests on white sand, terra firme forests. 0-500 m.
Voucher: Andersson 15* (GB), Croat 18410 (MO!)
Depts.: LO

Ischnosiphon plurispicatus Koernicke =Monotagma plurispicatum (Koernicke) Schumann
Ref. FP 13(1/3) 1936: 763; Andersson, 1977: 106.

Ischnosiphon puberulus Loesener var. **puberulus**
Ref. FP 13(1/3) 1936: 759; Andersson, 1977: 57.
Herb or vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Young 31781 (MO!)
Depts.: CU, HU, LO, MD, PA, SM, UC

Ischnosiphon puberulus var. **scaber** (Petersen) L. Andersson
Syn. *Ischnosiphon gracilis* var. *scabra* Petersen
Ref. Andersson, 1977: 59.
Herb or vine. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Revilla 1345 (MO!)
Depts.: AM, HU, LO, SM

Ischnosiphon puberulus var. **verruculosus** (J. F. Macbride) L. Andersson
Syn. *Ischnosiphon verruculosus* J. F. Macbride
Ref. Andersson, 1977: 59.
Herb. Amazonian: forests. 0-500 m.
Voucher: Ancuash 1079 (MO!)
Depts.: AM, LO, UC

Ischnosiphon rotundifolius (Poeppig & Endlicher) Koernicke
Syn. *Calathea rotundifolia* Poeppig & Endlicher
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 69.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Poeppig 2186* (frag. F), Huashikat 6 (MO!)
Depts.: AM, LO

Ischnosiphon spicatus (Aublet) Koernicke =Monotagma spicatum (Aublet) J. F. Macbride
Ref. FP 13(1/3) 1936: 764; Andersson, 1977: 106.

Ischnosiphon surinamensis (Miquel) Koernicke =Ischnosiphon leucophaeus subsp. leucophaeus
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 78.

[Ischnosiphon surumuensis Loesener]
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 104.
Note: Not known from Peru. The specimen cited in the Flora of Peru is redetermined as *I. longiflorus* subsp. *angustifolius* by Anderson (1977).

Ischnosiphon verruculosus J. F. Macbride =Ischnosiphon puberulus var. verruculosus (J. F. Macbride) L. Andersson
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 59.

Ischnosiphon wyomingensis J. F. Macbride =Ischnosiphon longiflorus subsp. longiflorus
Ref. FP 13(1/3) 1936: 761; Andersson, 1977: 102.

Maranta allouia Aublet =Calathea allouia (Aublet) Lindley
Ref. FP 13(1/3) 1936: 745; Kennedy *et al.*, 1988: 87.

Maranta amazonica L. Andersson
Ref. Andersson, 1986: 752.
Herb. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 3136 (MO!)
Depts.: AM, LO

Maranta arouma Aublet =Ischnosiphon arouma (Aublet) Koernicke
Ref. FP 13(1/3) 1936: 756; Andersson, 1977: 39.

Maranta arundinacea L.
Ref. FP 13(1/3) 1936: 766; Kennedy *et al.*, 1988: 166.
Cultivated herb or shrub. Amazonian, Andean I: forests, grasslands. 0-1000 m.
Voucher: Ferreyra & Davis 15927 (USM!)
Depts.: HU, JU, LO, SM

Maranta capitata R. & P. =Calathea capitata (R.& P.) Lindley
Ref. Kennedy *et al.*, 1988: 120.

[*Maranta casupito* Jacquin =Calathea casupito (Jacquin) G. Meyer]
Ref. FP 13(1/3) 1936: 746; Kennedy, pers. comm.
Note: Not known from Peru.

Maranta casupo Jacquin =Calathea lutea (Aublet) G. Meyer
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 25.

[*Maranta comosa* L. f =Calathea comosa (L. f) Lindley]
Ref. FP 13(1/3) 1936: 746.
Note: Not known from Peru.

Maranta divaricata Roscoe
Ref. FP 13(1/3) 1936: 766.
Note: Not reconfirmed.

Maranta gracilis Rudge =Ischnosiphon gracilis subsp. gracilis
Ref. FP 13(1/3) 1936: 757; Andersson, 1977: 65.

Maranta hexantha (Poeppig & Endlicher) D. Dietrich =Hylaeanthe hexantha (Poeppig & Endlicher) Jonker & A. Jonker
Ref. FP 13(1/3) 1936: 764; Kennedy *et al.*, 1988: 171.

Maranta humilis Aublet
Herb. Amazonian: forests. 0-500 m.
Voucher: Foster 9670 (F!)
Depts. MD

Maranta lateralis R. & P. =Calathea lateralis (R. & P.) Lindley
Ref. FP 13(1/3) 1936: 749; Kennedy *et al.*, 1988: 36.

Maranta laxa (Poeppig & Endlicher) D. Dietrich =Monotagma laxum (Poeppig & Endlicher) Schumann
Ref. FP 13(1/3) 1936: 763; Kennedy *et al.*, 1988: 157.

Maranta lucianii Linden =Calathea lucianii (Linden) Cogniaux & Marchal
Ref. Kennedy, pers. comm.

Maranta lutea Aublet =Calathea lutea (Aublet) G. Meyer
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 31.

Maranta majestica Linden =Calathea majestica (Linden) Kennedy
Ref. Kennedy *et al.*, 1988: 98.

Maranta micans Mathieu =Calathea micans (Mathieu) Koernicke
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 131.

Maranta obliqua Rudge =Ischnosiphon obliquus (Rudge) Koernicke
Ref. FP 13(1/3) 1936: 759; Andersson, 1977: 36.

Maranta roseopicta Linden =Calathea roseopicta (Linden) Regel
Ref. FP 13(1/3) 1936: 752.

Maranta ruiziana Koernicke
Ref. FP 13(1/3) 1936: 766; Kennedy *et al.*, 1988: 170.
Cultivated herb. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Ruiz s.n.*, Berlin 1000 (MO!)
Depts.: AM, HU, LO

Maranta sanderiana Sander =Calathea sanderiana (Sander) Gentil
Ref. Kennedy, pers. comm.

Maranta spicata Aublet =Monotagma spicatum (Aublet) J. F. Macbride
Ref. FP 13(1/3) 1936: 764.

Maranta surinamensis Miquel =Ischnosiphon leucophaeus subsp. leucophaeus
Ref. FP 13(1/3) 1936: 760; Andersson, 1977: 78.

Ref. FP 13(1/3) 1936: 765; Kennedy *et al.*, 1988: 173.

Maranta wallisii Linden =Calathea wallisii (Linden) Regel
Ref. FP 13(1/3) 1936: 754.

Monotagma anarthronum J. F. Macbride
Ref. FP 13(1/3) 1936: 762.
Note: Not reconfirmed.

Monotagma angustissimum Loesener
Ref. FP 13(1/3) 1936: 762.
Herb. Amazonian. 0-500 m.
Voucher: Weberbauer 6763* (F!, MOL!), Plowman *et al.* 11320 (MO!, USM!)
Depts.: HU, LO, PA, SM

Monotagma contrariosum J. F. Macbride
Ref. FP 13(1/3) 1936: 762.
Herb. Amazonian: riversides. 0-500 m.
Voucher: Klug 116* (F!), Mexia 6241 (F!)
Depts.: LO

Monotagma dolosum J. F. Macbride
Ref. FP 13(1/3) 1936: 763.
Herb. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Foster & D'Achille 12007 (F!)
Depts.: MD, SM

Monotagma juruanum Loesener
Ref. Kennedy *et al.*, 1988: 159.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Foster 9312 (MO!)
Depts.: HU, LO, MD, PA, SM

Monotagma laxum (Poeppig & Endlicher) Schumann
Syn. *Calathea laxa* Poeppig & Endlicher, *Ischnosiphon laxus* (Poeppig & Endlicher) Koernicke, *Maranta laxa* (Poeppig & Endlicher) D. Dietrich, *Tillandsia pavonii* Mez (Bromeliaceae)
Ref. FP 13(1/3) 1936: 763; Kennedy *et al.*, 1988: 157.
Herb. Amazonian, Andean I: disturbed areas, forests on white sand, seasonally inundated areas. 0-1000 m.
Voucher: Díaz & Jaramillo 273 (F!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Monotagma parvulum Loesener
Ref. FP 13(1/3) 1936: 763.
Herb. Andean I: forests. 500-1000 m.
Voucher: Plowman & Schunke 11640 (USM!)
Depts.: SM

Monotagma plurispicatum (Koernicke) Schumann
Syn. *Ischnosiphon plurispicatus* Koernicke
Ref. FP 13(1/3) 1936: 763.
Herb. Amazonian, Andean I: forests on white sand. 0-1000 m.
Voucher: Sagástegui 5885 (F!)
Depts.: AM, CU, HU, JU, LO, SM

Monotagma smaragdinum (Linden & André) Schumann
Syn. *Calathea smaragdina* Linden & André
Herb. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 31346 (USM!)
Depts.: LO

Monotagma spicatum (Aublet) J. F. Macbride
Syn. *Calathea parkeri* Poeppig & Endlicher, *Ischnosiphon spicatus* (Aublet) Koernicke, *Maranta spicata* Aublet, *Phrynium parkeri* Roscoe
Ref. FP 13(1/3) 1936: 764.
Note: Not reconfirmed.

Monotagma vaginatum Hagberg
Herb. Amazonian. 0-500 m.
Voucher: Hagberg & Medina 365 (AMAZ, F)
Depts.: LO

Myrosma cannifolia L. f.
Voucher: Schunke 10927 (MO!)
Depts.: Without full locality data.

Myrosma hexantha (Poeppig & Endlicher) Schumann =Hylaeanthe hexantha (Poeppig & Endlicher) Jonker & A. Jonker
Ref. FP 13(1/3) 1936: 764; Kennedy *et al.*, 1988: 171.

Myrosma stromanthoides J. F. Macbride =Stromanthe stromanthoides (J. F. Macbride) L. Andersson
Ref. FP 13(1/3) 1936: 765; Kennedy *et al.*, 1988: 178.

Ref. FP 13(1/3) 1936: 765; Kennedy *et al.*, 1988: 765.

Phrynium achira Poeppig & Endlicher =Calathea sp.
Ref. FP 13(1/3) 1936: 746; Kennedy, pers. comm.

Phrynium altissimum Poeppig & Endlicher =Calathea altissima (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 746; Kennedy *et al.*, 1988: 90.

Phrynium chrysoleucum Poeppig & Endlicher =Calathea chrysoleuca (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 746; Kennedy *et al.*, 1988: 72.

Phrynium dicephalum Poeppig & Endlicher =Calathea dicephala (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 747.

Phrynium exscapum Poeppig & Endlicher =Calathea exscapa (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 747; Kennedy *et al.*, 1988: 71.

Phrynium laterale (R. & P.) Poeppig & Endlicher =Calathea lateralis (R. & P.) Lindley
Ref. FP 13(1/3) 1936: 749; Kennedy *et al.*, 1988: 36.

Phrynium microcephalum Poeppig & Endlicher =Calathea microcephala (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 750; Kennedy *et al.*, 1988: 127.

Phrynium pachystachyum Poeppig & Endlicher =Calathea pachystachya (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 751; Kennedy *et al.*, 1988: 96.

Phrynium parkeri Roscoe =Monotagma spicatum (Aublet) J. F. Macbride
Ref. FP 13(1/3) 1936: 764.

Phrynium propinquum Poeppig & Endlicher =Calathea propinqua (Poeppig & Endlicher) Koernicke
Ref. Kennedy *et al.*, 1988: 66.

Phrynium velutinum Poeppig & Endlicher =Calathea velutina (Poeppig & Endlicher) Koernicke
Ref. FP 13(1/3) 1936: 754.

Phyllodes inocephalum Kuntze =Calathea inocephalum (Kuntze) H. Kennedy & D. Nicholson
Ref. Kennedy *et al.*, 1988: 92.

Saranthe urceolata Peters
Ref. FP 13(1/3) 1936: 765.
Note: Not reconfirmed.

Stromanthe stromanthoides (J. F. Macbride) L. Andersson
Syn. *Myrosma stromanthoides* J. F. Macbride
Ref. Kennedy *et al.*, 1988: 172.
Herb. Amazonian, Andean I. 0-1000 m.
Voucher: Williams 6563* (F!), Huashikat 148 (MO!)
Depts.: MD

[Thalia geniculata L.]
Ref. FP 13(1/3) 1936: 767; Kennedy *et al.*, 1988: 185.
Note: Not known from Peru.

Thalia hexantha Poeppig & Endlicher =Hylaeanthe hexantha (Poeppig & Endlicher) Jonker & A. Jonker
Ref. FP 13(1/3) 1936: 764; Kennedy *et al.*, 1988: 171.

Thalia unilateralis Poeppig & Endlicher =Hylaeanthe unilateralis (Poeppig & Endlicher) Jonker & A. Jonker
Ref. FP 13(1/3) 1936: 765; Kennedy *et al.*, 1988: 173.

Thymocarpus cannoides D. Nicholson, Steyermark & M. Sivadasan
Ref. Nicholson *et al.*, 1981: 24.
Herb. Amazonian: forests. 0-500 m.
Voucher: Vásquez 8120 (MO!)
Depts.: LO

Marcgraviaceae

5 genera and 27 species in Peru.

Endemic species: 7.

Prepared by A. Pool (MO); reviewed by H. G. Bedell (WELC).

Marcgravia cacabifera R. & P. ex E. López, nom. illeg. =Norantea anomala H.B.K.
Ref. Bedell, 1985: 275.

Marcgravia crenata Poeppig ex Wittmack
Syn. *Marcgravia polyantha* var. *occidentalis* Wittmack
Ref. FP 13(3A/2) 1956: 705.
Hemiepiphyte or liana. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1000 m.
Voucher: Poeppig 1477* (W photo F!), Barbour 5539 (MO!)
Depts.: HU, JU, LO, MD, SM

Marcgravia crenata var. *roquensis* J. F. Macbride =Marcgravia weberbaueri Gilg
Ref. FP 13(3A/2) 1956: 708.

Marcgravia dubia H.B.K. =Monstera dubia (H.B.K.) Engler & K. Krause (Araceae)
Ref. Madison, 1977: 77.

Marcgravia flagellaris Poeppig ex Gilg & Werdermann
Syn. *Marcgravia flagellaris* Poeppig ex Gilg & Werdermann, *Marcgravia flagellaris* Poeppig ex Wittmack pro syn., *Marcgravia flagellaris* var. *leticiana* J. F. Macbride, *Marcgravia rectiflora* var. *flagellaris* Wittmack, *Marcgravia trinitatis* var. *leticiana* (J. F. Macbride) J. F. Macbride
Ref. FP 13(3A/2) 1956: 707.
Liana. Amazonian. 0-500 m.
Voucher: Poeppig 2026* (F), Williams 3149 (F)
Depts.: LO

Marcgravia flagellaris Poeppig ex Wittmack pro syn. =Marcgravia flagellaris Poeppig ex Gilg & Werdermann
Ref. FP 13(3A/2) 1956: 707.

Marcgravia flagellaris var. *leticiana* J. F. Macbride, nom. illeg. =Marcgravia flagellaris Poeppig ex Gilg & Werdermann
Ref. FP 13(3A/2) 1956: 707.

Marcgravia longifolia J. F. Macbride
Ref. FP 13(3A/2) 1956: 705.
Endemic hemiepiphyte or vine. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Klug 924* (F), Croat 18250 (MO!)
Depts.: LO

Marcgravia macrocarpa Pavón ex Wittmack pro syn. =Marcgravia oblongifolia R. & P. ex Wittmack

Marcgravia macrocarpa R. & P. ex E. López, nom. illeg. =Norantea macrocarpa G. Don
Ref. Bedell, 1985: 345.

Marcgravia macrocarpa Sleumer ex Diels =Marcgravia oblongifolia R. & P. ex Wittmack
Ref. FP 13(3A/2) 1956: 705; Bedell, 1985: 348.

Marcgravia macrophylla (Wittmack) Gilg
Syn. *Marcgravia rectiflora* var. *macrophylla* Wittmack
Ref. FP 13(3A/2) 1956: 706; de Roon, 1970: 43.
Hemiepiphyte or liana. Amazonian, Andean I. 0-1000 m.
Voucher: Poeppig 2005* (B photo F!), Schunke 6277 (MO!)
Depts.: LO, SM, UC

Marcgravia oblongifolia R. & P. ex Wittmack
Syn. *Marcgravia macrocarpa* Pavón ex Wittmack pro syn., *Marcgravia macrocarpa* Sleumer ex Diels
Ref. FP 13(3A/2) 1956: 705.
Hemiepiphyte or liana.
Voucher: Ruiz 1790* (B), Isern 2054 (B)
Depts.: JU, MD, SM

Marcgravia obovata R. & P. ex E. López, nom. illeg. =Norantea obovata G. Don
Ref. Bedell, 1985: 370.

[Marcgravia parviflora Richard ex Wittmack]
Syn. *Marcgravia parviflora* var. *macrophylla* Wittmack
Ref. FP 13(3A/2) 1956: 706.
Note: Not known from Peru.

[*Marcgravia parviflora* var. *macrophylla* Wittmack =Marcgravia parviflora Richard ex Wittmack]
Ref. FP 13(3A/2) 1956: 706.
Note: Not known from Peru.

Marcgravia parviflora var. *sprucei* Wittmack =Marcgravia sprucei (Wittmack) Gilg
Ref. Gilg & Werdermann, 1925: 105.

Marcgravia pentandra R. & P. ex E. López =Ruyschia pavonii G. Don
Ref. de Roon, 1975: 148.

Marcgravia polyantha var. *occidentalis* Wittmack =Marcgravia crenata Poeppig ex Wittmack
Ref. FP 13(3A/2) 1956: 705.

[*Marcgravia rectiflora* Triana & Planchon =Marcgravia trinitatis C. Presl]
Ref. FP 13(3A/2) 1956: 707; Bedell, 1989: 303.
Note: Not known from Peru.

Marcgravia rectiflora var. *flagellaris* Wittmack =Marcgravia flagellaris Poeppig ex Gilg & Werdermann
Ref. FP 13(3A/2) 1956: 707.

Marcgravia rectiflora var. *macrophylla* Wittmack =Marcgravia macrophylla (Wittmack) Gilg
Ref. FP 13(3A/2) 1956: 706.

Marcgravia sprucei (Wittmack) Gilg
Syn. *Marcgravia parviflora* var. *sprucei* Wittmack
Ref. Gilg & Werdermann, 1925: 105.
Hemiepiphyte. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 22033 (MO!)
Depts.: LO

Marcgravia strenua J. F. Macbride
Ref. FP 13(3A/2) 1956: 707.
Hemiepiphyte, liana or shrub. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1500 m.
Voucher: Williams 3809* (F), Schunke 9555 (MO!)
Depts.: AM, LO, SM

[Marcgravia trinitatis C. Presl]
Marcgravia rectiflora Triana & Planchon
Ref. FP 13(3A/2) 1956: 707; Bedell, 1989: 303.
Note: Not known from Peru. Bedell (1989) indicates that this species is known only from the southern Lesser Antilles and Trinidad.

Marcgravia trinitatis var. *leticiana* (J. F. Macbride) J. F. Macbride =Marcgravia flagellaris Poeppig ex Gilg & Werdermann
Ref. FP 13(3A/2) 1956: 707.

Marcgravia weberbaueri Gilg
Syn. *Marcgravia crenata* var. *roquensis* J. F. Macbride
Ref. FP 13(3A/2) 1956: 708.
Endemic liana. Andean I. 1000-1500 m.
Voucher: Weberbauer 4667* (B), Williams 7388 (F)
Depts.: SM

Marcgravia williamsii J. F. Macbride
Ref. FP 13(3A/2) 1956: 708.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Williams 3209* (F)
Depts.: LO

Norantea anomala H.B.K.
Syn. *Marcgravia cacabifera* R. & P. ex E. López, nom. illeg., *Norantea cacabifera* R. & P. ex G. Don, *Norantea caccabion* Delpino, nom. illeg., *Norantea zahlbruckneri* A. Richter
Ref. FP 13(3A/2) 1956: 712; Bedell, 1985: 274.
Shrub or treelet. Andean II: forests, rocky slopes. 1500-2500 m.

Note: Recognized by Bedell (1985) under an as yet undescribed genus.
Voucher: McCarroll s.n. (MICH)
Depts.: JU

Norantea cacabifera R. & P. ex G. Don =Norantea anomala H.B.K.
Ref. FP 13(3A/2) 1956: 713; Bedell, 1985: 274.

Norantea caccabion Delpino, nom. illeg. =Norantea anomala H.B.K.
Ref. FP 13(3A/2) 1956: 713.

Norantea curva J. F. Macbride =Norantea mixtum Triana & Planchon
Ref. FP 13(3A/2) 1956: 713; Bedell, 1985: 392.

[Norantea delpiniana Wittmack]
Ref. Bedell, 1985: 333.
Note: Not known from Peru. *Dombey s.n.* (P photo F!) circulated as the type is actually a specimen of *N. macrocarpa*.

Norantea eoetvoesorum A. Richter =Norantea macrocarpa G. Don
Ref. FP 13(3A/2) 1956: 713; Bedell, 1985: 345.
Note: Authors cited as A. Richter ex Gilg & Werdermann in the Flora of Peru.

Norantea haematoscypha Gilg =Norantea oxystylis Baillon
Ref. FP 13(3A/2) 1956: 714; Bedell, 1985: 242.

Norantea guianensis Aublet subsp. **japurensis** (C. Martius) Bedell
Syn. *Norantea japurensis* C. Martius
Ref. Bedell, 1985: 91.
Hemiepiphyte or shrub. Amazonian: disturbed areas, forests on white sand, riversides, seasonally inundated areas. 0-500 m.
Note: New combination made in Appendix 1.
Voucher: Schunke 1352 (MO!)
Depts.: HU, LO

Norantea japurensis C. Martius =Norantea guianensis subsp. japurensis (C. Martius) Bedell
Ref. FP 13(3A/2) 1956: 714; Bedell, 1985: 91.

Norantea macrocarpa G. Don
Syn. *Marcgravia macrocarpa* R. & P. ex E. López, nom. illeg., *Norantea eoetvoesorum* A. Richter, *Norantea pardoana* Weberbauer ex Gilg
Ref. Bedell, 1985: 345.
Hemiepiphyte or shrub. Andean I-II: disturbed areas, forests, riversides, rocky slopes. 1000-3500 m.
Note: Recognized by Bedell (1985) under an as yet undescribed genus.
Voucher: Smith & Brack 2943 (MO!)
Depts.: CU, JU, PA, PU, SM

Norantea macroscypha Gilg =Norantea obovata G. Don
Ref. FP 13(3A/2) 1956: 714; Bedell, 1985: 370.

Norantea magnifica Gilg =Schwartzia magnifica (Gilg) Bedell
Ref. FP 13(3A/2) 1956: 715; Bedell, 1985: 177.

Norantea mixtum Triana & Planchon
Syn. *Norantea curva* J. F. Macbride, *Norantea peduncularis* Poeppig ex Wittmack, *Norantea uleana* Pilger
Ref. Bedell, 1985: 392.
Liana or shrub. Amazonian, Andean I-II: disturbed areas, forests, riversides, rocky slopes. 0-2000 m.
Note: Recognized by Bedell (1985) under an as yet undescribed genus.
Voucher: Schunke 7296 (MO!)
Depts.: CA, CU, HU, JU, LO, PA, SM, UC

Norantea obovata G. Don
Syn. *Marcgravia obovata* R. & P. ex E. López, nom. illeg., *Norantea macroscypha* Gilg
Ref. Bedell, 1985: 370.
Endemic herb or subshrub.
Note: Recognized by Bedell (1985) under an as yet undescribed genus.
Voucher: Pavón s.n.* (B photo F), Kanehira 48 (F)
Depts.: HU

Norantea oxystylis Baillon
Syn. *Norantea haematoscypha* Gilg
Ref. Bedell, 1985: 242.
Shrub or treelet. Andean II: forests, riversides, rocky slopes, shrublands. 1500-3000 m.
Note: Recognized by Bedell (1985) under an as yet undescribed genus.
Voucher: Metcalf 30590 (MO!)
Depts.: PU

Norantea pardoana Weberbauer ex Gilg =Norantea macrocarpa G. Don
Ref. FP 13(3A/2) 1956: 715; Bedell, 1985: 345.

Norantea peduncularis Poeppig ex Wittmack =Norantea mixtum Triana & Planchon
Ref. FP 13(3A/2) 1956: 716; Bedell, 1985: 392.

Norantea sandiensis Gilg =Schwartzia weddelliana (Baillon) Bedell
Ref. FP 13(3A/2) 1956: 716; Bedell, 1985: 185.

Norantea uleana Pilger =Norantea mixtum Triana & Planchon
Ref. FP 13(3A/2) 1956: 716; Bedell, 1985: 392.

Norantea weddelliana Baillon =Schwartzia weddelliana (Baillon) Bedell
Ref. Bedell, 1985: 184.

Norantea zahlbruckneri A. Richter =Norantea anomala H.B.K.
Ref. Bedell, 1985: 274.

Ruyschia corallina C. Martius =Souroubea corallina (C. Martius) de Roon
Ref. de Roon, 1975: 171.

Ruyschia pavonii G. Don
Syn. *Marcgravia pentandra* R. & P. ex E. López, *Ruyschia sphaeradenia* Delpino
Ref. de Roon, 1975: 148.
Hemiepiphyte, shrub or treelet. Andean II: cloud forests, disturbed areas, rocky slopes. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Macbride 3776 (F)
Depts.: CA, HU, PA

Ruyschia sphaeradenia Delpino =Ruyschia pavonii G. Don
Ref. FP 13(3A/2) 1956: 709; de Roon, 1975: 148.

Schwartzia magnifica (Gilg) Bedell
Syn. *Norantea magnifica* Gilg
Ref. Bedell, 1985: 177.
Endemic shrub. Andean II: 1500-2500 m.
Note: Known from Peru only from the type locality. New combination made in Appendix 1.
Voucher: Weberbauer 3528* (B photo F!)
Dept. HU

Schwartzia weddelliana (Baillon) Bedell
Syn. *Norantea sandiensis* Gilg, *Norantea weddelliana* Baillon
Ref. Bedell, 1985: 184.
Hemiepiphyte or shrub. Andean I-II: forests, shrublands. 1000-2000 m.
Note: New combination made in Appendix 1.
Voucher: Núñez 8811 (MO!)
Depts.: CU, JU, PU

Souroubea corallina (C. Martius) de Roon
Syn. *Ruyschia corallina* C. Martius, *Souroubea guianensis* var. *corallina* (C. Martius) Wittmack
Ref. de Roon, 1975: 171.
Liana, shrub or treelet. Amazonian: disturbed areas, forests on white sand, riversides, seasonally inundated areas. 0-500 m.
Voucher: Davidson & Revilla 5381 (MO!)
Depts.: LO, MD

Souroubea crassipes var. *didyma* Poeppig ex Wittmack =Souroubea didyma (Poeppig ex Wittmack) Gilg
Ref. FP 13(3A/2) 1956: 709; de Roon, 1975: 168.

Souroubea crassipetala de Roon
Ref. de Roon, 1975: 177.
Hemiepiphyte or liana. Amazonian: terra firme forests. 0-500 m.
Voucher: Tessmann 4560 (NY)
Depts.: LO

Souroubea dasystachya Gilg & Werdermann
Ref. de Roon, 1975: 162.
Hemiepiphyte or shrub. Amazonian: forests, riversides, seasonally inundated areas. 0-500 m.
Voucher: Klug 3395 (MO!)
Depts.: LO, SM

Souroubea didyma (Poeppig ex Wittmack) Gilg
Syn. *Souroubea crassipes* var. *didyma* Poeppig ex Wittmack, *Souroubea suaveolens* Gilg
Ref. FP 13(3A/2) 1956: 709; de Roon, 1975: 168.
Endemic shrub. Andean II: forests, shrubland. 1500-2500 m.
Voucher: Poeppig 9719* (W photo F!), Kanehira 193 (GH)
Depts.: HU, LO

Souroubea fragilis de Roon
Ref. de Roon, 1975: 169.
Liana or shrub. Andean I-II: forests. 1000-2000 m.
Voucher: Vargas 7342 (US)
Depts.: CU

[Souroubea guianensis Aublet]
Ref. FP 13(3A/2) 1956: 710; de Roon, 1975: 178.
Note: Not known from Peru. Name misapplied in the Flora of Peru.

Souroubea guianensis var. *corallina* (C. Martius) Wittmack =Souroubea corallina (C. Martius) de Roon
Ref. de Roon, 1975: 171.

Souroubea pachyphylla Gilg
Ref. FP 13(3A/2) 1956: 710; de Roon, 1975: 168.
Endemic liana or shrub. Andean I-II: disturbed areas, forests. 1000-2000 m.
Voucher: Spruce 4469* (W), Woytkowski 6388 (MO!)
Depts.: JU, SM

Souroubea peruviana Gilg
Ref. de Roon, 1975: 185.
Endemic liana. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Poeppig 1236* (W), Mexia 8310 (MO!)
Depts.: AM, HU

Souroubea stichadenia de Roon
Ref. de Roon, 1975: 176.
Liana. Andean I: forests. 500-1000 m.
Voucher: Lechler 2659 (G)
Depts.: PU

Souroubea suaveolens Gilg =Souroubea didyma (Wittmack) Gilg
Ref. FP 13(3A/2) 1956: 711; de Roon, 1975: 169.

Souroubea sympetala Gilg
Ref. de Roon, 1975: 173.
Hemiepiphyte, liana, shrub or vine. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Sandeman 3704 (K)
Depts.: CU, PA

Martyniaceae

1 genus and 1 species in Peru.

Prepared by L. Brako.

Martynia altheifolia Bentham =Proboscidea altheifolia (Bentham) Decaisne
Ref. Bretting, 1981: 127.

Martynia perennis L. =Gloxinia perennis (L.) Fritsch (Gesneriaceae)

Proboscidea altheifolia (Bentham) Decaisne
Syn. *Martynia altheifolia* Bentham, *Proboscidea peruviana* Van Eseltine
Ref. Bretting, 1981: 127.
Herb. Coastal. 0-1000 m.
Voucher: Ferreyra 5267 (MO!)
Depts.: LA, PI, TU

Proboscidea peruviana Van Eseltine =Proboscidea altheifolia (Bentham) Decaisne
Ref. Bretting, 1981: 128.

Mayacaceae

1 genus and 2 species in Peru.

Prepared by L. Brako.

Mayaca endlicheri Poeppig ex Seubert =Mayaca sellowiana Kunth
Ref. FP 13 (1/3) 1936: 487.

Mayaca fluviatilis Aublet
Ref. FP 13 (1/3) 1936: 487; Mereles, 1989: 7.
Aquatic herb. Andean I-II: emergent. 1000-2500 m.
Voucher: Woytkowski 8132 (MO!)
Depts.: AM, CU, MD

[Mayaca longipes Gandoger]
Ref. FP 13 (1/3) 1936: 487.
Note: Not known from Peru.

Mayaca sellowiana Kunth
Ref. Mereles, 1989: 10.
Syn. *Mayaca endlicheri* Poeppig ex Seubert
Aquatic herb. Amazonian, Andean I: emergent. 0-1000 m.
Voucher: Soukup 5191 (US!)
Depts.: MD, SM

Melastomataceae

42 genera and 637 species in Peru.

Endemic species: 230.

Prepared by L. Brako; reviewed by J. J. Wurdack (US).

Aciotis acuminifolia (DC.) Triana
Syn. *Spennera acuminifolia* DC.
Ref. Mathies, 1981: 25.
Herb. Amazonian: forests, disturbed areas. 0-500 m.
Voucher: Vásquez & Jaramillo 4893 (MO!)
Depts.: LO

Aciotis aequatorialis Cogniaux
Ref. FP 13(4/1) 1941: 296; Wurdack, 1980: 69; Mathies, 1981: 25.
Shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Klug 1188 (US!)
Depts.: AM, LO

Aciotis amazonica Cogniaux
Ref. Mathies, 1981: 42.
Herb. Amazonian: forests. 0-500 m.
Voucher: Williams 1185 (F!)
Depts.: LO

[Aciotis annua (C. Martius ex DC.) Triana]
Syn. *Aciotis dysophylla* (Bentham) Triana, *Spennera annua* C. Martius ex DC., *Spennera dysophylla* Bentham
Ref. Wurdack, 1973: 155, Mathies, 1981: 46.
Note: Not known from Peru.

Aciotis aristata Ule
Ref. FP 13(4/1) 1941: 296; Mathies, 1981: 51.
Shrub. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Ule 9667*, Ayala *et al.* 2924 (US!)
Depts.: CU, LO, MD, PA, UC

Aciotis brachybotrya (DC.) Triana
Syn. *Spennera brachybotrya* DC.
Ref. FP 13(4/1) 1941: 296; Mathies, 1981: 144.
Note: Not reconfirmed. Listed as a doubtful species by Mathies (1981).

Aciotis caulialata (R. & P.) Triana
Syn. *Arthrostemma caulialata* R. & P., *Spennera caulialata* (R. & P.) Naudin, *Spennera panicularis* Naudin
Ref. FP 13(4/1) 1941: 296; Mathies, 1981: 61.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 213 (US!)
Depts.: CU, HU, JU, LI, LO, MD, SM, UC

Aciotis cordata (Vell. Conc.) J. F. Macbride
Syn. *Melastoma cordata* Vell. Conc.
Ref. FP 13(4/1) 1941: 297; Mathies, 1981: 144.
Note: Not reconfirmed. Listed as a doubtful species by Mathies (1981).

Aciotis dichotoma (Bentham) Cogniaux
Syn. *Spennera dichotoma* Bentham
Ref. FP 13(4/1) 1941: 297; Wurdack, 1973: 159; Matheis, 1981: 68.
Herb. Andean I-II: forests. 500-2000 m.
Voucher: Metcalf 30664 (US!)
Depts.: CU, LO, PU

[*Aciotis dysophylla* (Bentham) Triana =Aciotis annua (DC.) Triana]

Ref. FP 13(4/1) 1941: 297; Wurdack, 1973: 115.
Note: Not known from Peru.

Aciotis indecora (Bonpland) Triana
Syn. *Rhexia indecora* Bonpland
Ref. FP 13(4/1) 1941: 298; Mathies, 1981: 75.
Herb. Amazonian: forests. 0-500 m.
Voucher: Croat 17510 (MO!)
Depts.: LO

Aciotis laxa Richard ex Cogniaux
Syn. *Spennera laxa* Richard ex DC.
Ref. FP 13(4/1) 1941: 297.
Herb. Andean I: shrublands. 1000-1500 m.
Voucher: Woytkowski 8182 (MO!)
Depts.: AM, LO, SM

[Aciotis longifolia (C. Martius ex DC.) Triana]
Syn. *Spennera longifolia* C. Martius ex DC.
Ref. FP 13(4/1) 1941: 298; Mathies, 1981: 91
Note: Not known from Peru.

Aciotis polystachya (Bonpland) Triana
Syn. *Rhexia polystachya* Bonpland
Ref. FP 13(4/1) 1941: 298; Wurdack, 1980: 68.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Ferreyra 17572 (US!)
Depts.: AM, LO, MD, SM, UC

Aciotis purpurascens (Aublet) Triana var. *martinensis* J. F. Macbride =Aciotis purpurascens var. purpurascens
Ref. FP 13(4/1) 1941: 299; Mathies, 1981: 110.

Aciotis purpurascens var. **purpurascens**
Syn. *Aciotis sileniflora* (Bonpland) Triana, *Melastoma purpurascens* Aublet, *Melastoma purpurascens* var. *martinensis* J. F. Macbride
Ref. FP 13(4/1) 1941: 298; Wurdack, 1980: 66; Mathies, 1981: 109.
Shrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Simpson & Schunke 641 (US!)
Depts.: AM, HU, LO, SM

[Aciotis rubricaulis (C. Martius ex DC.) Triana]
Syn. *Spennera rubricaulis* C. Martius ex DC.
Ref. FP 13(4/1) 1941: 299; Mathies, 1981: 126.
Note: Not known from Peru.

Aciotis sileniflora (Bonpland) Triana =Aciotis purpurascens var. purpurascens
Ref. Mathies, 1981: 109.

Aciotis sphaeranthera (Naudin) Cogniaux
Syn. *Spennera sphaeranthera* Naudin
Ref. FP 13(4/1) 1941: 299.
Endemic herb. Andean II: forests. 1500-2000 m.
Voucher: Gay s.n.* (P), Metcalf 30664 (MO!)
Depts.: CU, PU

Aciotis viscosa (Naudin) Triana
Syn. *Spennera viscosa* Naudin
Ref. Mathies, 1981: 137
Herb. Amazonian: riversides. 0-500 m.
Voucher: Croat 17519 (MO!)
Depts.: CU, LO

[Acisanthera quadrata Persoon]
Ref. FP 13(4/1) 1941: 294.
Note: Not known from Peru.

Adelobotrys acreana Wurdack
Ref. Wurdack, 1972c: 195.
Liana or vine. Andean III: disturbed areas, grasslands. 3500-4000 m.
Voucher: Smith 3951 (US!)
Depts.: HU, JU

Adelobotrys adscendens (Swartz) Triana
Syn. *Adelobotrys guianensis* (DC.) Gleason, *Adelobotrys multiflora* Pilger, *Davya guianensis* DC., *Davya peruviana* DC., *Marshallfieldia boissieriana* Cogniaux, *Melastoma adscendens* Swartz, *Miconia scandens* R. & P.
Ref. FP 13(4/1) 1941: 304; Wurdack, 1980: 28.
Liana. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Knapp & Mallet 8386 (MO!)
Depts.: AM, CU, HU, LO, PA, SM

Adelobotrys boissieriana Cogniaux
Syn. *Marshallfieldia corallina* J. F. Macbride
Ref. FP 13(4/1) 1941: 303; Wurdack, 1980: 28.
Vine. Amazonian. 0-500 m.
Voucher: Ancuash 1085 (US!)
Depts.: AM, HU, JU, LO, SM

Adelobotrys fuscescens Triana
Ref. FP 13(4/1) 1941: 304.
Note: Not reconfirmed.

Adelobotrys guianensis (DC.) Gleason =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304; Wurdack, 1980: 28.

Adelobotrys intonsa (Gleason) Wurdack
Syn. *Meriania intonsa* Gleason
Ref. Wurdack, 1969: 148.
Liana. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29926* (US), Vásquez & Jaramillo 3194 (MO!)
Depts.: LO

Adelobotrys klugii Wurdack
Ref. Wurdack, 1972c: 196.
Vine. Amazonian: forests. 0-500 m.
Voucher: Schunke 10865 (MO!)
Depts.: AM, LO, SM

Adelobotrys macrantha Gleason
Ref. FP 13(4/1) 1941: 305.
Liana or tree. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29496 (US!)
Depts.: AM, JU, LO

Adelobotrys macrophylla Pilger
Ref. FP 13(4/1) 1941: 305.
Endemic vine. Amazonian: forests. 0-500 m.
Voucher: Ule 6199* (US!), Vásquez & Jaramillo 214 (AMAZ!, US!)
Depts.: LO

Adelobotrys marginata Brade
Liana. Amazonian: forests. 0-500 m.
Voucher: Revilla 1170 (MO!)
Depts.: LO, SM

Adelobotrys multiflora Pilger =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304; Wurdack, 1980: 28.

Adelobotrys praetexta Pilger
Ref. FP 13(4/1) 1941: 306.
Endemic liana or shrub. Amazonian: forests. 0-500 m.
Voucher: Ule 6368* (US!), Acevedo & Daly 1600 (US!)
Depts.: LO, SM

Adelobotrys rotundifolia Triana
Ref. FP 13(4/1) 1941: 306; Wurdack, 1973: 238.
Liana. Amazonian: forests. 0-500 m.
Voucher: Rimachi 3723 (US!, USM!)
Depts.: AM, LO, SM

Adelobotrys scandens (Aublet) DC.
Syn. *Melastoma scandens* Aublet
Ref. Wurdack, 1980: 391.
Liana. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 17876 (MO!)
Depts.: LO

Adelobotrys subsessilis Gleason
Ref. FP 13(4/1) 1941: 306.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 27147* (US!), Vásquez & Jaramillo 12764 (US!)
Depts.: LO

Adelobotrys tessmannii Markgraf
Ref. FP 13(4/1) 1941: 307; Wurdack, 1980: 29.
Shrub or vine. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Tessmann 3572* (US!), Woytkowski 6112 (US!)
Depts.: AM, HU, LO, PU, SM

Alloneuron dudleyi Wurdack
Ref. Wurdack, 1971: 363.
Endemic tree. Andean II. 1500-2000 m.
Voucher: Madison 10101* (US!), Dudley 10385 (NA)
Depts.: AY, CU

Alloneuron majus Markgraf ex J. F. Macbride
Syn. *Meiandra maior* Markgraf
Ref. FP 13(4/1) 1941: 329.
Endemic shrub. Amazonian. 0-500 m.

Note: Known from Peru only from the type locality.
Voucher: Tessmann 4625* (B)
Depts.: LO

Alloneuron ulei Pilger
Syn. *Meiandra minor* Markgraf
Ref. FP 13(4/1) 1941: 329.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Ule 6417* (B)
Depts.: LO

Arthrostemma caulialata R. & P. =Aciotis caulialata (R. & P.) Triana
Ref. FP 13(4/1) 1941: 296.

Arthrostemma ciliatum R. & P.
Syn. *Arthrostemma grandiflorum* Markgraf, *Rhexia diversifolia* Bonpland
Ref. FP 13(4/1) 1941: 260; Wurdack, 1980: 98.
Herb. Amazonian, Andean I: disturbed areas, riversides. 0-1000 m.
Voucher: Schunke 8522 (US!, USM!)
Depts.: AM, HU, JU, LO, SM, TU

Arthrostemma grandiflorum Markgraf =Arthrostemma ciliatum R. & P.
Ref. FP 13(4/1) 1941: 260; Wurdack, 1980: 98.

Arthrostemma lineatum D. Don =Monochaetum lineatum (D. Don) Naudin
Ref. FP 13(4/1) 1941: 300; Wurdack, 1980: 96.

Axinaea crassinoda Triana
Ref. FP 13(4/1) 1941: 313.
Tree. Andean II. 2500-3500 m.
Voucher: Mathews 3213* (US!), Wurdack 657 (US!, USM!)
Depts.: AM

Axinaea dependens R. & P.
Syn. *Meriania dependens* (R. & P.) Naudin
Ref. FP 13(4/1) 1941: 314.
Endemic shrub. Andean II. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Hodge 6278 (US!)
Depts.: CU, HU, JU

Axinaea glandulosa R. & P.
Syn. *Chastenaea glandulosa* (R. & P.) Naudin
Ref. FP 13(4/1) 1941: 314.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Axinaea grandifolia (Naudin) Triana
Syn. *Chastenaea grandifolia* Naudin
Ref. FP 13(4/1) 1941: 314; Wurdack, 1973: 190.
Tree. Andean II: forests. 3000-3500 m.
Voucher: Ferreyra & Acleto 15309 (US!)
Depts.: AM

Axinaea lanceolata R. & P.
Syn. *Chastenaea lanceolata* (R. & P.) Naudin
Ref. FP 13(4/1) 1941: 315.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU

Axinaea macrophylla (Naudin) Triana
Syn. *Chastenaea macrophylla* Naudin
Ref. Wurdack, 1980: 33.
Shrub. Andean II: rocky slopes. 2000-2500 m.
Voucher: Sagástegui *et al.* 8286 (MO!)
Depts.: PI

Axinaea merianiae (DC.) Triana
Syn. *Chastenaea merianiae* DC.
Ref. FP 13(4/1) 1941: 315; Wurdack, 1980: 34.
Shrub. Andean II: riversides. 1500-3000 m.
Voucher: Weberbauer 6997 (US!)
Depts.: CA, LL, PI

Axinaea mertensioides Wurdack
Ref. Wurdack, 1964a: 409.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1467* (US!, USM)
Depts.: AM

Axinaea muricata D. Don =Miconia muricata (D. Don) Triana
Ref. FP 13(4/1) 1941: 432.

Axinaea nitida Cogniaux
Ref. FP 13(4/1) 1941: 316.
Endemic tree. Andean II: disturbed areas, forests. 1500-3500 m.
Voucher: Weberbauer 4355* (MOL!, US!), Hutchison & Wright 5590 (US!, USM!)
Depts.: AM, CA, HU

Axinaea oblongifolia (Cogniaux) Wurdack
Syn. *Meriania oblongifolia* Cogniaux
Ref. Wurdack, 1980: 36.
Tree. Andean I-II: forests. 1000-3000 m.
Voucher: Sagástegui *et al.* 13010 (US!)
Depts.: CA, PI

[Axinaea pauciflora Cogniaux]
Ref. FP 13(4/1) 1941: 316; Wurdack, 1980: 32.
Note: Not known from Peru.

Axinaea pennellii Gleason
Ref. FP 13(4/1) 1941: 317.
Endemic shrub. Andean I: rocky slopes. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Pennell 14003* (NY)
Depts.: CU

Axinaea purpurea R. & P. =Meriania radula (Bentham) Triana
Ref. FP 13(4/1) 1941: 310; Wurdack, 1980: 23.

Axinaea radula Bentham =Meriania radula (Bentham) Triana
Ref. FP 13(4/1) 1941: 310; Wurdack, 1980: 23.

[Axinaea sessilifolia Triana]
Ref. FP 13(4/1) 1941: 317; Wurdack, 1980: 31.
Note: Not known from Peru.

Axinaea tetragona Cogniaux =Meriania tetragona (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 317; Wurdack, 1980: 25.

Axinaea tomentosa Cogniaux
Ref. FP 13(4/1) 1941: 318.
Endemic shrub. Andean II: shrublands. 2500-3500 m.
Voucher: Mathews s.n.*, Wurdack 1624 (US!, USM!)
Depts.: AM, SM

Axinaea tovarii Wurdack
Ref. Wurdack, 1966: 70.
Endemic shrub. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Tovar 4753* (US!, USM!)
Depts.: HV

Axinaea weberbaueri Cogniaux
Ref. FP 13(4/1) 1941: 318.
Endemic herb. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5648*
Depts.: AY

Bellucia aequiloba Pilger
Ref. Renner, 1989: 17.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Núñez 6884 (US!)
Depts.: CU, HU, MD

Bellucia axinanthera Triana =Bellucia pentamera Naudin
Ref. Renner, 1989: 19.

Bellucia grossularioides (L.) Triana
Syn. *Melastoma grossularioides* L.
Ref. Renner, 1989: 23.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 12701 (US!)
Depts.: JU, LO

[Bellucia imperialis Saldanha & Cogniaux]
Ref. FP 13(4/1) 1941: 498.
Note: Not known from Peru.

Bellucia mespiloides (Miquel) J. F. Macbride =Loreya mespiloides Miquel
Ref. FP 13(4/1) 1941: 498; Renner, 1989: 29.

Bellucia pentamera Naudin
Syn. *Bellucia axinanthera* Triana, *Bellucia weberbaueri* Cogniaux
Ref. FP 13(4/1) 1941: 498; Renner, 1989: 19.
Shrub or tree. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Lewis *et al.* 10748 (US!)

Depts.: AM, AY, CU, HU, JU, LO, MD, PA, SM, UC

Bellucia spruceana (Bentham) J. F. Macbride =Loreya spruceana Bentham ex Triana
Ref. FP 13(4/1) 1941: 499; Renner, 1989: 51.

Bellucia umbellata Gleason =Loreya umbellata (Gleason) Wurdack
Ref. FP 13(4/1) 1941: 499; Renner, 1989: 45.

Bellucia weberbaueri Cogniaux =Bellucia pentamera Naudin
Ref. FP 13(4/1) 1941: 500; Renner, 1989: 19.

Blakea boliviensis (Cogniaux) Kuntze =Topobea multiflora (D. Don) Triana
Ref. FP 13(4/1) 1941: 512; Wurdack, 1980: 380.

Blakea bracteata Gleason subsp. **bracteata**
Ref. Wurdack, 1980: 367.
Liana. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 17142 (AMAZ!, US!)
Depts.: LO

Blakea brasiliensis Cogniaux
Ref. FP 13(4/1) 1941: 510.
Note: Not reconfirmed.

Blakea calycanthus Markgraf =Blakea rosea (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 374.

Blakea caudata Triana =Blakea rosea (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 374.

Blakea chanchamayensis J. F. Macbride =Blakea latifolia (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 511.

Blakea ciliata Markgraf
Ref. FP 13(4/1) 1941: 511; Wurdack, 1980: 369.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4200* (US!)
Depts.: AM, LO

Blakea gracilis Hemsley
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ayala *et al.* 2551 (USM!)
Depts.: LO

Blakea hirsuta O. Berg ex Triana
Ref. FP 13(4/1) 1941: 511.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2042* (US), Tunqui 129 (MO!)
Depts.: AM, LO, SM

Blakea hirsuta var. *hirsutissima* J. F. Macbride =Blakea hirsutissima (J. F. Macbride) Wurdack
Ref. FP 13(4/1) 1941: 511.

Blakea hirsutissima (J. F. Macbride) Wurdack
Syn. *Blakea hirsuta* var. *hirsutissima* J. F. Macbride
Ref. Wurdack, 1972c: 207.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4493*, Schunke 4293 (US)
Depts.: AM, LO, SM

Blakea incerta J. F. Macbride =Blakea repens (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 356.

Blakea latifolia (R. & P.) D. Don
Syn. *Blakea chanchamayensis* J. F. Macbride, *Blakea sessiliflora* Naudin, *Valdesia latifolia* R. & P.
Ref. FP 13(4/1) 1941: 511.
Shrub or tree. Andean I-II. 500-2000 m.
Voucher: Ruiz & Pavón s.n.*, Woytkowski 7482 (US!)
Depts.: HU, JU

Blakea mexiae Gleason
Ref. FP 13(4/1) 1941: 512.
Tree or vine. Amazonian, Andean I: disturbed areas, rocky slopes. 0-1000 m.
Voucher: Mexia 8307* (MO!), Berlin 369 (US!)
Depts.: AM, HU, LO, SM

Blakea multiflora D. Don =Topobea multiflora (D. Don) Triana
Ref. FP 13(4/1) 1941: 512; Wurdack, 1980: 380.

Blakea ovalis (R. & P.) D. Don
Syn. *Valdesia ovalis* R. & P.
Ref. FP 13(4/1) 1941: 513.
Liana. Amazonian. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (US!), McDaniel & Rimachi 18437 (US!)
Depts.: HU, LO

Blakea paludosa Gleason
Ref. FP 13(4/1) 1941: 513.
Shrub or tree. Andean II: disturbed areas. 2000-2500 m.
Voucher: Killip & Smith 25671* (US!), Woytkowski 5567 (US!)
Depts.: JU, PA

Blakea portentosa Wurdack
Ref. Wurdack, 1980: 373.
Epiphyte herb or shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 804 (US!, USM!)
Depts.: LO

Blakea repens (R. & P.) D. Don
Syn. *Blakea incerta* J. F. Macbride, *Valdesia repens* R. & P.
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 356.
Shrub or tree. Andean I-II. 1000-2500 m.
Voucher: Foster *et al.* 7726 (US!)
Depts.: CU, HU, JU, PA, PU, SM, UC

Blakea rosea (R. & P.) D. Don
Syn. *Blakea calycanthus* Markgraf, *Blakea caudata* Triana, *Valdesia rosea* R. & P.
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 374.
Vine. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.*, Ayala 2364 (US!)
Depts.: AM, HU, JU, LO

Blakea rostrata O. Berg ex Triana
Ref. FP 13(4/1) 1941: 515.
Shrub. Andean I. 500-1000 m.
Voucher: Lechler 2401* (US), Vargas 11795 (US!)
Depts.: CU, JU, PU

[Blakea rotundifolia D. Don]
Ref. FP 13(4/1) 1941: 515.
Note: Not known from Peru.

Blakea sawadae J. F. Macbride
Ref. FP 13(4/1) 1941: 515; Wurdack, 1980: 373.
Tree. Amazonian, Andean I. 0-1000 m.
Voucher: Killip & Smith 26086 (US!)
Depts.: AM, HU, JU, PA, PU

Blakea sessiliflora Naudin =Blakea latifolia (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 511.

Blakea spruceana Cogniaux
Ref. FP 13(4/1) 1941: 516; Wurdack, 1980: 370.
Tree. Andean II. 2000-2500 m.
Voucher: Woytkowski 34528 (US!)
Depts.: HU, LO, MD, SM

Blakea standleyana J. F. Macbride
Ref. FP 13(4/1) 1941: 516.
Endemic shrub. Andean I. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Mexia 8307* (UC)
Depts.: HU

Blakea villosa Cogniaux
Ref. FP 13(4/1) 1941: 516.
Endemic shrub. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 5032*
Depts.: CU

[Brachyotum alpinum Cogniaux]
Ref. FP 13(4/1) 1941: 265; Wurdack, 1980: 91.
Note: Not known from Peru.

Brachyotum andreanum Cogniaux
Ref. Wurdack, 1980: 85.
Shrub. Andean II: rocky slopes. 2000-3500 m.
Voucher: Díaz & Vásquez 2990 (US!)
Depts.: CA, PI

Brachyotum angustifolium Wurdack
Ref. Wurdack, 1953: 401.
Endemic shrub. Andean II-III. 3000-4000 m.
Voucher: Mathews 1253* (K), Smith & Vásquez 5035 (MO!)
Depts.: AM, SM

Brachyotum asperum Cogniaux
=Brachyotum radula Triana
Ref. FP 13(4/1) 1941: 265; Wurdack, 1953: 367.

Brachyotum barbeyanum Cogniaux
Ref. FP 13(4/1) 1941: 265; Wurdack, 1953: 366.
Endemic shrub. Andean II: shrublands. 2500-3500 m.
Voucher: Mathews s.n.* (G), Wurdack 1620 (US!, USM!)
Depts.: AM

Brachyotum benthamianum Triana
Ref. FP 13(4/1) 1941: 266; Wurdack, 1980: 85.
Shrub. Andean I: forests. 1500-2000 m.
Voucher: Stein & Todzia 2201 (MO!)
Depts.: SM

Brachyotum callosum J. F. Macbride
=Brachyotum rostratum (Naudin) Triana
Ref. FP 13(4/1) 1941: 274; Wurdack, 1980: 94.

Brachyotum campanulare (Bonpland) Triana
Syn. *Rhexia campanularis* Bonpland
Ref. FP 13(4/1) 1941: 266; Wurdack, 1980: 84.
Shrub. Andean II: shrublands. 2500-3000 m.
Voucher: Bird 1076 (MO!)
Depts.: HU

[*Brachyotum canescens* (Bonpland) Triana
=Brachyotum ledifolium (Desrousseaux) Triana]
Ref. FP 13(4/1) 1941: 266; Wurdack, 1953: 371.
Note: Not known from Peru.

[Brachyotum cernuum (Bonpland) Triana]
Syn. *Rhexia cernua* Bonpland
Ref. FP 13(4/1) 1941: 267; Wurdack, 1953: 385.
Note: Not known from Peru.

Brachyotum cogniauxii Wurdack
Ref. Wurdack, 1953: 392.
Endemic shrub. Andean II: elfin forests. 2000-3500 m.
Voucher: Pennell 15660* (PH), Smith 6090 (MO!)
Depts.: AM, LL

[Brachyotum confertum (Bonpland) Triana]
Syn. *Rhexia conferta* Bonpland
Ref. FP 13(4/1) 1941: 267; Wurdack, 1980: 92.
Note: Not known from Peru.

Brachyotum coronatum (Triana) Wurdack
Syn. *Brachyotum racemosum* Cogniaux, *Pleroma coronatum* Triana, *Tibouchina coronata* (Triana) Cogniaux
Ref. Wurdack, 1965: 379.
Endemic shrub. Andean II: disturbed areas. 2000-3000 m.
Voucher: Mathews 3211* (K), Díaz & Osores 2598 (MO!)
Depts.: AM, CA

Brachyotum cutervoanum Wurdack
Ref. Wurdack, 1967a: 257.
Endemic shrub. Andean II: forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Sagástegui 5384* (US!)
Depts.: CA

Brachyotum figueroae J. F. Macbride
Ref. FP 13(4/1) 1941: 267; Wurdack, 1953: 398.
Endemic shrub. Andean II-III: rocky slopes, riversides. 2500-4000 m.
Voucher: Macbride & Featherstone 2504* (NY)
Depts.: AN, CA, LA, LL

Brachyotum floribundum (Grisebach) Triana ex Cogniaux =Brachyotum sanguinolentum (Naudin) Triana
Ref. FP 13(4/1) 1941: 268; Wurdack, 1953: 378.

Brachyotum grisebachii Cogniaux
Ref. FP 13(4/1) 1941: 268; Wurdack, 1953: 380.
Shrub. Andean II-III: forests. 2000-4000 m.
Voucher: Lechler 4066* (US!), Foster & Wachter 7534 (US!)
Depts.: CU, PU

Brachyotum huancavelicae Wurdack
Ref. Wurdack, 1953: 381.
Endemic shrub. Andean II: shrublands. 3000-3500 m.
Voucher: Stork & Horton 10295* (F photo MO!), Raimondi 10202 (USM)
Depts.: HU, HV, JU

Brachyotum intermedium Wurdack
Ref. Wurdack, 1953: 367.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Mathews 3219 p.p. (K)
Depts.: AM

[Brachyotum ledifolium (Desrousseaux) Triana]
Syn. *Brachyotum canescens* (Bonpland) Triana, *Chaetogastra bonplandiana* Naudin, *Chaetogastra sulphurea* Naudin, *Melastoma ledifolia* Desrousseaux, *Rhexia canescens* Bonpland
Ref. FP 13(4/1) 1941: 268; Wurdack, 1953: 371; Wurdack, 1980: 87.
Note: Not known from Peru.

Brachyotum longisepalum Wurdack
Ref. Wurdack, 1965: 381.
Shrub. Andean II: grasslands. 3000-4500 m.
Voucher: López & Sagástegui 3338* (US), Smith *et al.* 10416 (MO!)
Depts.: AN, CA, LL

Brachyotum lutescens (R. & P.) Triana
Syn. *Rhexia lutescens* R. & P.
Ref. FP 13(4/1) 1941: 269; Wurdack, 1953: 400.
Endemic shrub. Andean II: 1500-3500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Macbride 4927 (US!)
Depts.: HU, LO

Brachyotum lycopodioides Triana
Syn. *Brachyotum minimum* Markgraf
Ref. FP 13(4/1) 1941: 269; Wurdack, 1953: 396.
Endemic shrub. Andean II. 2500-3500 m.
Voucher: Weberbauer 4399* (MOL!, US!), Wurdack 1411 (AMAZ!, US!)
Depts.: AM, CU, HU, JU

Brachyotum markgrafii Wurdack
Ref. Wurdack, 1953: 395.
Shrub. Andean II: elfin forests. 2500-3000 m.
Voucher: Pearce s.n.* (K), van der Werff *et al.* 8573 (MO!)
Depts.: HU, JU, PA

Brachyotum maximowiczii Cogniaux var. **longifolium** Wurdack
Ref. Wurdack, 1953: 369.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Pennell 15857* (PH photo US!)
Depts.: AM

Brachyotum maximowiczii var. **maximowiczii**
Ref. FP 13(4/1) 1941: 270; Wurdack, 1953: 369.
Endemic shrub. Andean II. 2000-3500 m.
Voucher: Mathews 1256* (K), Barbour 3227 (US!)
Depts.: AM

[Brachyotum microphyllum (Naudin) Triana]
Syn. *Chaetogastra microphyllum* Naudin
Ref. FP 13(4/1) 1941: 270.
Note: Not known from Peru.

Brachyotum minimum Markgraf
=Brachyotum lycopodioides Triana
Ref. FP 13(4/1) 1941: 270; Wurdack, 1953: 396.

Brachyotum multinervium Wurdack
Ref. Wurdack, 1965: 379.
Endemic shrub. Andean II: disturbed areas. 3000-3500 m.
Voucher: Wurdack 1304* (US!), Plowman 5570 (US!)
Depts.: AM

Brachyotum multituberculum Wurdack
Ref. Wurdack, 1953: 394.
Endemic shrub. Andean II. 3000-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Williams 7587* (F)
Depts.: AM

Brachyotum naudinii Triana
Ref. FP 13(4/1) 1941: 270; Wurdack, 1953: 383.
Endemic shrub. Andean II-III: disturbed areas. 2500-4000 m.
Voucher: Dombey s.n.* (F), Vargas 575 (US!)

Depts.: AM, AN, AP, AY, CA, CU, HU, JU, LA, LL, PI

Brachyotum nutans Gleason
Ref. FP 13(4/1) 1941: 271; Wurdack, 1953: 382.
Shrub. Andean II: grasslands. 2500-4000 m.
Voucher: Pennell 13847* (US!), Cook & Gilbert 1244 (US!)
Depts.: AP, CU

Brachyotum parvifolium Cogniaux
Ref. FP 13(4/1) 1941: 271; Wurdack, 1953: 366.
Endemic shrub. Andean II: disturbed areas. 1500-3500 m.
Voucher: Weberbauer 4406* (US!), Ferreyra 15471 (US!)
Depts.: AM, LA

[Brachyotum pentlandii (Naudin) Triana]
Syn. *Chatogastra pentlandii* Naudin
Ref. FP 13(4/1) 1941: 271.
Note: Not known from Peru.

Brachyotum quinquenerve (R. & P.) Triana var. **pusillum** Wurdack
Ref. Wurdack, 1953: 361.
Shrub. Andean II: disturbed areas, dry valleys. 1500-3500 m.
Voucher: Pennell 15772* (PH), Smith 4807 (US!)
Depts.: AM, CA, PI, SM

Brachyotum quinquenerve var. **quinquenerve**
Syn. *Rhexia quinquenervis* R. & P.
Ref. FP 13(4/1) 1941: 222; Wurdack, 1953: 360.
Endemic shrub. Andean I-II: grasslands, shrublands. 500-3500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Smith 8206 (US!)
Depts.: AM, AY, CU, HU, JU, PA

Brachyotum racemosum Cogniaux =Brachyotum coronatum (Triana) Wurdack
Ref. FP 13(4/1) 1941: 272; Wurdack, 1965: 379.

Brachyotum radula Triana
Syn. *Brachyotum asperum* Cogniaux
Ref. FP 13(4/1) 1941: 273; Wurdack, 1953: 369.
Endemic shrub. Andean II-III: cloud forests. 2000-4000 m.
Voucher: Mathews 3210* (US!), Hutchison & Bismarck 6466 (US!, USM!)
Depts.: AM, CA

Brachyotum rosmarinifolium (R. & P.) Triana
Syn. *Rhexia rosmarinifolia* R. & P.
Ref. FP 13(4/1) 1941: 273; Wurdack, 1953: 397.
Endemic shrub. Andean II-III. 3000-4500 m.
Voucher: Ruiz & Pavón s.n.* (F), Metcalf 30458 (MO!)
Depts.: HU, JU

Brachyotum rostratum (Naudin) Triana
Syn. *Brachyotum callosum* J. F. Macbride, *Brachyotum trianaei* Cogniaux, *Chaetogastra rostrata* Naudin
Ref. FP 13(4/1) 1941: 274; Wurdack, 1980: 94.
Shrub. Andean II-III: disturbed areas, grasslands, rocky slopes. 2500-4500 m.
Voucher: Dombey s.n.* (F), Díaz 2902 (US!)
Depts.: AM, AN, AY, CA, CU, HV, JU, LL, PA, PI, PU

Brachyotum sanguinolentum (Naudin) Triana
Syn. *Brachyotum floribundum* Grisebach ex Triana ex Cogniaux, *Chaetogastra sanguinolenta* Naudin
Ref. Wurdack, 1953: 378.
Shrub. Andean II: elfin forests. 2000-3500 m.
Voucher: Stein & Todzia 2321 (MO!)
Depts.: CU, HU, PA

Brachyotum strigosum (L. f.) Triana
Syn. *Melastoma strigosa* L. f., *Rhexia stricta* Bonpland
Ref. FP 13(4/1) 1941: 274.
Note: Not reconfirmed.

Brachyotum trianaei Cogniaux =Brachyotum rostratum (Naudin) Triana
Ref. FP 13(4/1) 1941: 274; Wurdack, 1980: 94.

Brachyotum tyrianthinum J. F. Macbride
Ref. FP 13(4/1) 1941: 275; Wurdack, 1953: 384.
Endemic shrub. Andean II-III. 2500-3500 m.
Voucher: Macbride & Featherstone 1438* (US!), Sánchez 833 (US!)
Depts.: CA, HU

Brachyotum virescens (Cogniaux) Wurdack
Syn. *Tibouchina virescens* Cogniaux
Ref. Wurdack, 1988a: 296.
Shrub. Andean II. 2500-3000 m.
Voucher: Díaz & Baldeón 2218 (MO!)
Depts.: JU

Brachyotum weberbaueri Cogniaux
Ref. FP 13(4/1) 1941: 275; Wurdack, 1953: 373.
Endemic shrub. Andean II: cloud forests. 2500-3500 m.
Voucher: Weberbauer 4405* (MOL!, US!), Hutchison & Wright 5683 (US!, USM!)
Depts.: AM

Calophysa dentata Triana =Clidemia sprucei Gleason
Ref. FP 13(4/1) 1941: 494; Wurdack, 1980: 295.

Calophysa dispar (O. Berg) Triana =Clidemia dimorphica J. F. Macbride

Calophysa heterophylla (Desrousseaux) Triana =Clidemia heterophylla (Desrousseaux) Gleason

[*Calophysa tococoidea* DC. =Clidemia tococoidea (DC.) Gleason]
Ref. FP 13(4/1) 1941: 495; Wurdack, 1960: 241.
Note: Not known from Peru.

Calyptrella cucullata Triana =Graffenrieda cucullata (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 325; Wurdack, 1980: 44.

Calyptrella gracilis Triana =Graffenrieda gracilis (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 325; Wurdack, 1980: 43.

Calyptrella robusta Cogniaux =Graffenrieda robusta (Cogniaux) L. O. Williams
Ref. FP 13(4/1) 1941: 326; Williams, 1963: 564.

Calyptrella tristis Triana =Graffenrieda tristis (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 326; Williams, 1963: 564.

Catocoryne linnaeoides Hooker f.
Ref. FP 13(4/1) 1941: 466.
Note: Not reconfirmed.

Centradeniastrum roseum Cogniaux
Ref. FP 13(4/1) 1941: 258.
Herb or shrub. Andean II: forests. 2500-3000 m.
Voucher: Weberbauer 4086* (US!)
Depts.: CA

Centronia excelsa (Bonpland) Triana =Meriania tomentosa (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941:327; Wurdack, 1980: 18.

Centronia laurifolia D. Don
Ref. FP 13(4/1) 1941: 327; Wurdack, 1980: 38.
Endemic tree.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (BM)
Depts.: HU

Centronia peruviana J. F. Macbride
Ref. FP 13(4/1) 1941: 327.
Endemic tree. Andean II: cloud forests. 3000-3500 m.
Voucher: Stork & Horton 9928*, Asplund 13691 (US!)
Depts.: HU

Centronia reticulata Triana
Ref. FP 13(4/1) 1941: 328.
Voucher: Spruce 4840*, Ule 6747 (US!)
Depts.: HU, LO, SM

Centronia tomentosa Cogniaux =Meriania tomentosa (Cogniaux) Wurdack
Ref. Wurdack, 1980: 18.

Chaetogastra bonplandiana Naudin =Brachyotum ledifolium (Desrousseaux) Triana
Ref. FP 13(4/1) 1941: 268.

Chaetogastra clinopodifolia DC.
=Tibouchina clinopodifolia (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 284.

Chaetogastra echinata (R. & P.) DC.
=Tibouchina echinata (R. & P.) Cogniaux

Chaetogastra microphylla Naudin
=Brachyotum microphyllum (Naudin) Triana
Ref. FP 13(4/1) 1941: 270.

Chaetogastra pentlandii Naudin
=Brachyotum pentlandii (Naudin) Triana
Ref. FP 13(4/1) 1941: 271.

Chaetogastra rostrata Naudin
=Brachyotum rostratum (Naudin) Triana
Ref. FP 13(4/1) 1941: 274; Wurdack, 1980: 94.

Chaetogastra sanguinolenta Naudin
=Brachyotum sanguinolentum (Naudin) Triana
Ref. Wurdack, 1953: 378.

Chaetogastra sulphurea Naudin
=Brachyotum ledifolium (Desrousseaux) Triana
Ref. FP 13(4/1) 1941: 268.

Chastenaea glandulosa (R. & P.) Naudin
=Axinaea glandulosa R. & P.
Ref. FP 13(4/1) 1941: 314.

Chastenaea grandifolia Naudin =Axinaea grandifolia (Naudin) Triana
Ref. FP 13(4/1) 1941: 314; Wurdack, 1973: 190.

Chastenaea lanceolata (R. & P.) Naudin
=Axinaea lanceolata R. & P.
Ref. FP 13(4/1) 1941: 315.

[*Chastenaea longifolia* Naudin =Meriania longifolia (Naudin) Cogniaux]
Ref. FP 13(4/1) 1941: 309.
Note: Not known from Peru.

Chastenaea macrophylla Naudin =Axinaea macrophylla (Naudin) Triana
Ref. Wurdack, 1980: 33.

Chastenaea merianiae DC. =Axinaea merianiae (DC.) Triana
Ref. FP 13(4/1) 1941: 315.

Chiloporus andinus Naudin =Miconia latifolia (D. Don) Naudin
Ref. FP 13(4/1) 1941: 384; Wurdack, 1980: 274.

Chitonia aurea D. Don =Miconia aurea (D. Don) Naudin
Ref. FP 13(4/1) 1941: 387; Wurdack, 1980: 139.

Chitonia bubalina D. Don =Miconia bubalina (D. Don) Naudin
Ref. FP 13(4/1) 1941: 391; Wurdack, 1980: 146.

Chitonia caudata D. Don =Miconia donaeana Naudin
Ref. FP 13(4/1) 1941: 406.

Chitonia macrophylla D. Don =Miconia serrulata (DC.) Naudin
Ref. FP 13(4/1) 1941: 453.

Clidemia affinis (Naudin) Cogniaux
=Clidemia novemnervia var. affinis (Naudin) Wurdack
Ref. FP 13(4/1) 1941: 496; Wurdack, 1971a: 124.

Clidemia aggregata D. Don =Henriettella aggregata (D. Don) Triana
Ref. FP 13(4/1) 1941: 501.

Clidemia allardii Wurdack subsp. **allardii**
Ref. Wurdack, 1980: 297.
Herb or shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Allard 21222* (US!), Knapp 8259 (MO!)
Depts.: AM, HU, LO, PA, SM

Clidemia allardii subsp. **maranonensis** Wurdack
Ref. Wurdack, 1980: 297.
Herb. Amazonian: disturbed areas. 0-500 m.
Voucher: Wurdack 1993* (US!, USM!), Ancuash 1382 (MO!)
Depts.: AM, LO

Clidemia aristigera Naudin =Leandra aristigera (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 334; Wurdack, 1980: 395.

Clidemia barbinervis Bentham =Miconia barbinervis (Bentham) Triana
Ref. FP 13(4/1) 1941: 388; Wurdack, 1980: 156.

Clidemia boliviensis Cogniaux =Ossaea boliviensis (Cogniaux) Gleason
Ref. FP 13(4/1) 1941: 504; Wurdack, 1980: 342.

Clidemia brachystephana (Naudin) Triana =Clidemia dentata D. Don
Ref. FP 13(4/1) 1941: 483.

[*Clidemia bracteata* DC. =Miconia bracteata (DC.) Triana]
Ref. FP 13(4/1) 1941: 390; Wurdack, 1973: 418.
Note: Not known from Peru.

Clidemia bullosa DC.
Shrub. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ayala *et al.* 3247 (MO!)
Depts.: LO

Clidemia capillaris D. Don =Ossaea capillaris (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 505; Wurdack, 1980: 343.

Clidemia capitellata (Bonpland) D. Don var. **capitellata**
Syn. *Clidemia capitellata* var. *neglecta* (D. Don) L. O. Williams, *Clidemia neglecta* D. Don, *Melastoma capitellata* Bonpland
Ref. FP 13(4/1) 1941: 483; Wurdack, 1980: 287.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Schunke 191 (US!)
Depts.: CU, HU, JU, LO, SM

Clidemia capitellata var. **dependens** (D. Don) J. F. Macbride
Syn. *Clidemia dependens* Pavón ex D. Don, *Clidemia spicata* (Aublet) C. DC., *Maieta dependens* Baillon, *Melastoma dependens* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 484; Wurdack, 1980: 288.
Shrub. Amazonian, Andean I. 1000-1500 m.
Voucher: Noriega s.n. (USM!)
Depts.: LO, PA, SM

Clidemia capitellata var. *neglecta* (D. Don) L. O. Williams =Clidemia capitellata var. capitellata
Ref. Wurdack, 1971a: 121.

Clidemia ciliata Pavón ex D. Don var. **ciliata**
Syn. *Melastoma ciliata* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 484.
Note: Not reconfirmed.

Clidemia ciliata var. **elata** (Pittier) Uribe
Syn. *Clidemia elata* Pittier
Ref. Wurdack, 1973: 605.
Shrub. Andean II: forests. 1500-2000 m.
Voucher: Killip & Smith 25798 (US!)
Depts.: PA

[Clidemia ciliata var. testiculata (Triana) Uribe =Clidemia testiculata (Triana) Gleason]
Ref. FP 13(4/1) 1941: 484; Wurdack, 1973: 606.
Note: Not known from Peru.

Clidemia cordata Cogniaux
Ref. FP 13(4/1) 1941: 484.
Shrub. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Wurdack 1837 (USM!)
Depts.: AM, CU, HU, JU, LO, MD

Clidemia crenata D. Don =Leandra crenata (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 335.

Clidemia crotonifolia Pilger
Ref. FP 13(4/1) 1941: 485.
Shrub. Andean I. 1000-1500 m.
Voucher: Ule 6868 (US!)
Depts.: LO

Clidemia dentata D. Don
Syn. *Clidemia brachystephana* (Naudin) Triana, *Melastoma dentata* Pavón ex D. Don, *Staphidium brachystephanum* Naudin
Ref. FP 13(4/1) 1941: 485; Wurdack, 1980: 289.

Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Gentry & Revilla 16295 (US!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PU, SM, UC

Clidemia dependens Pavón ex D. Don =Clidemia capitellata var. dependens
Ref. FP 13(4/1) 1941: 483; Wurdack, 1973: 572.

Clidemia dichotoma D. Don =Leandra dichotoma (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 336; Wurdack, 1980: 333.

Clidemia dimorphica J. F. Macbride
Syn. *Calophysa dispar* (O. Berg) Triana, *Clidemia dispar* Triana ex Cogniaux, *Staphidium dispar* O. Berg ex Triana
Ref. FP 13(4/1) 1941: 486; Wurdack, 1980: 300.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez *et al.* 12137 (US!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Clidemia discolor (Triana) Cogniaux
Syn. *Sagraea discolor* Triana
Ref. Wurdack, 1980: 307.
Shrub. Amazonian: rocky slopes. 0-500 m.
Voucher: Ferreyra 16067 (US!, USM!)
Depts.: AM, LO, SM, UC

Clidemia dispar Triana ex Cogniaux =Clidemia dimorphica J. F. Macbride
Ref. FP 13(4/1) 1941: 486; Wurdack, 1980: 300.

[*Clidemia divaricata* Naudin =Leandra divaricata (Naudin) Cogniaux]
Ref. FP 13(4/1) 1941: 336.
Note: Not known from Peru.

Clidemia elata Pittier =Clidemia ciliata var. elata (Pittier) Uribe
Ref. Wurdack, 1973: 605.

Clidemia epibaterium DC.
Syn. *Melastoma epibaterium* C. Martius ex DC., nom. nud. pro syn.
Ref. FP 13(4/1) 1941: 486; Wurdack, 1973: 597.
Epiphytic herb. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29885 (US!)
Depts.: AM, LO, PA

Clidemia epiphytica (Triana) Cogniaux var. **epiphytica**
Syn. *Sagraea epiphytica* Triana
Ref. FP 13(4/1) 1941: 486; Wurdack, 1980: 310.
Epiphytic or terrestrial herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Murphy 170 (US!)
Depts.: CU, HU, LO

Clidemia epiphytica var. **trichocalyx** (S. F. Blake) Wurdack
Syn. *Clidemia radicans* Pilger, *Prosanerpis trichocalyx* S. F. Blake
Ref. Wurdack, 1980: 311.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Knapp & Alcorn 7618 (MO!)
Depts.: AM, HU, LO, PA

Clidemia foliosa Gleason
Ref. FP 13(4/1) 1941: 487.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Williams 933* (F photo US!)
Depts.: LO

Clidemia graciliflora Huber
Ref. FP 13(4/1) 1941: 487.
Endemic shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 7226 (US!)
Depts.: AM, HU, LO, SM, UC

Clidemia heterobasis DC. =Clidemia japurensis var. heterobasis (DC.) Wurdack
Ref. Wurdack, 1971a: 125.

Clidemia heteronervis (Naudin) Wurdack
Syn. *Ossaea heteronervis* (Naudin) Triana, *Sagraea heteronervis* Naudin
Ref. Wurdack, 1971a: 126.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Gay s.n.* (P)
Depts.: CU

Clidemia heteroneura (Schrank & C. Martius) Cogniaux
Syn. *Melastoma heteroneura* Schrank & C. Martius
Ref. Wurdack, 1973: 623.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Schunke 177 (USM!)
Depts.: LO

Clidemia heterophylla (Desrousseaux) Gleason
Syn. *Calophysa heterophylla* (Desrousseaux) Triana, *Maieta heterophylla* DC., *Melastoma heterophylla* Desrousseaux, *Tococa heterophylla* D. Don
Ref. FP 13(4/1) 1941: 487; Wurdack, 1980: 294.
Shrub. Andean I. 500-1000 m.
Voucher: Plowman & Kennedy 5780 (US!)
Depts.: AM, HU, JU, LO, MD, PA, SM

Clidemia hirta (L.) Don var. **elegans** (Aublet) Grisebach
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ferreyra 7822 (USM!)
Depts.: LO

Clidemia hirta var. **hirta**
Syn. *Melastoma hirta* L.
Ref. FP 13(4/1) 1941: 488; Wurdack, 1980: 288.
Shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Smith 1865 (US!)
Depts.: AM, AY, CU, HU, JU, LO, PA, SM, UC

Clidemia hirta var. **tiliifolia** (DC.) J. F. Macbride
Syn. *Clidemia tiliifolia* DC.
Ref. FP 13(4/1) 1941: 488; Wurdack, 1980: 289.
Shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 18390 (USM!)
Depts.: LO, SM, UC

Clidemia impetiolaris (Naudin) Cogniaux =Clidemia pilosa D. Don
Ref. FP 13(4/1) 1941: 490; Wurdack, 1980: 296.

Clidemia inobsepta Wurdack
Ref. Wurdack, 1967: 37.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tunqui 1138 (MO!)
Depts.: AM, PA

Clidemia japurensis DC. var. **heterobasis** (DC.) Wurdack
Syn. *Clidemia heterobasis* DC.
Ref. Wurdack, 1971a: 125.
Shrub. Amazonian: grasslands. 0-500 m.
Voucher: McDaniel & Rimachi 17748 (MO!)
Depts.: LO

Clidemia japurensis var. **japurensis**
Ref. Wurdack, 1980: 394.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Ayala *et al.* 2960 (MO!)
Depts.: LO

Clidemia juruensis (Pilger) Gleason
Syn. *Maieta juruensis* Pilger
Ref. FP 13(4/1) 1941: 488.
Herb. Amazonian: forests on white sand, riversides. 0-500 m.
Voucher: Smith 3693 (US!)
Depts.: AM, LO, PA, SM, UC

Clidemia longifolia Gleason
Ref. FP 13(4/1) 1941: 489.
Endemic liana. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Wolfe 12470 (US!, USM!)
Depts.: HU, LO

Clidemia naevula (Naudin) Triana
Syn. *Staphidium naevulum* Naudin
Ref. FP 13(4/1) 1941: 489.
Note: Not reconfirmed.

Clidemia neglecta D. Don =Clidemia capitellata var. capitellata
Ref. FP 13(4/1) 1941: 483; Wurdack, 1980: 287.

Clidemia nervosa Naudin =Leandra nervosa (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 338; Wurdack, 1980: 328.

Clidemia novemnervia (DC.) Triana var. **affinis** (Naudin) Wurdack
Syn. *Clidemia affinis* (Naudin) Cogniaux, *Staphidium affine* Naudin
Ref. Wurdack, 1971a: 124.
Shrub. Amazonian: disturbed areas. 0-500 m.

Voucher: Gentry *et al.* 26275 (MO!)
Depts.: LO

Clidemia obliqua (Grisebach ex Cogniaux) Cogniaux
Syn. *Staphidiastrum obliquum* Grisebach ex Cogniaux
Ref. FP 13(4/1) 1941: 490.
Shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Woytkowski 6115 (US!)
Depts.: AY, CU, HU, MD, PU, SM

Clidemia obscura (Bonpland) DC. =Miconia obscura (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 435; Wurdack, 1980: 204.

Clidemia octona (Bonpland) L. O. Williams
Syn. *Heterotrichum octonum* (Bonpland) DC., *Melastoma octona* Bonpland
Ref. Wurdack, 1980: 290.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ferreyra 17454 (US!)
Depts.: AM, HU, LO, MD, SM

Clidemia peruviana Gleason =Clidemia sessiliflora (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 493; Wurdack, 1973: 627.

[Clidemia petiolata DC.]
Ref. FP 13(4/1) 1941: 490.
Note: Not known from Peru.

Clidemia pilosa D. Don
Syn. *Clidemia impetiolaris* (Naudin) Cogniaux, *Maieta pilosa* (D. Don.) Baillon, *Melastoma pilosa* Pavón ex D. Don, *Staphidiastrum impetiolare* Naudin
Ref. FP 13(4/1) 1941: 490; Wurdack, 1980: 296.
Shrub. Andean I-II: forests. 500-2000 m.
Voucher: Hutchison & Wright 3952 (US!)
Depts.: AM, AY, JU, LO

Clidemia piperifolia Gleason
Ref. Gleason, 1931: 433.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 7692 (MO!)
Depts.: HU, LO

Clidemia polyandra Bentham =Miconia benthamiana Triana
Ref. FP 13(4/1) 1941: 466; Wurdack, 1980: 150.

Clidemia procumbens Gleason =Miconia procumbens (Gleason) Wurdack
Ref. FP 13(4/1) 1941: 491; Wurdack, 1980: 162.

[Clidemia purpurea Pavón ex D. Don]
Syn. *Melastoma purpurea* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 491.
Note: Not known from Peru.

Clidemia pustulata DC.
Shrub. Amazonian: swamps. 0-500 m.
Voucher: Croat 20029 (MO!)
Depts.: LO

Clidemia quadrisulca Naudin =Ossaea quadrisulca (Naudin) Wurdack
Ref. Wurdack, 1980: 343.

Clidemia radicans Pilger =Clidemia epiphytica var. trichocalyx (Blake) Wurdack
Ref. FP 13(4/1) 1941: 492; Wurdack, 1980: 311.

Clidemia radulifolia Bentham =Miconia radulifolia (Bentham) Naudin
Ref. FP 13(4/1) 1941: 446; Wurdack, 1973: 421.

[*Clidemia reversa* DC. =Leandra reversa Seringe ex Cogniaux]
Ref. FP 13(4/1) 1941: 338.
Note: Not known from Peru.

Clidemia rhodopogon DC. =Leandra rhodopogon (DC.) Cogniaux

Clidemia rubra (Aublet) Martius
Syn. *Melastoma rubra* Aublet
Ref. FP 13(4/1) 1941: 492; Wurdack, 1973: 616.
Shrub. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 19450 (US!)
Depts.: HU, LO, SM

Clidemia secunda D. Don =Leandra secunda (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 339; Wurdack, 1980: 337.

Clidemia secundiflora DC. =Leandra secundiflora (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 340; Wurdack, 1980: 396.

Clidemia semijuga (Gleason) Wurdack
Syn. *Ossaea semijuga* Gleason
Ref. Wurdack, 1980: 303.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Kayap 406 (US!)
Depts.: AM, LO

Clidemia septuplinervia Cogniaux
Ref. FP 13(4/1) 1941: 492; Wurdack, 1980: 306.
Shrub or tree. Amazonian: forests, riversides. 0-500 m.
Voucher: Wurdack 2311 (US!)
Depts.: AM, HU, JU, LO, MD, SM

Clidemia sericea D. Don
Shrub. Andean I. 500-1500 m.
Voucher: Solomon 3292 (MO!)
Depts.: AM, JU, PA, SM

Clidemia serpens (Triana) Cogniaux
Syn. *Sagraea serpens* Triana
Ref. FP 13(4/1) 1941: 493; Wurdack, 1980: 311.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Wurdack 2460 (US!)
Depts.: AM, HU, LO

Clidemia sessiliflora (Naudin) Cogniaux
Syn. *Clidemia peruviana* Gleason, *Staphidium sessiliflorum* Naudin
Ref. FP 13(4/1) 1941: 493; Wurdack, 1980: 309.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Schunke 9970 (US!, USM!)
Depts.: CU, HU, JU, SM

Clidemia simpsonii Wurdack
Ref. Wurdack, 1972c: 205.
Shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Lleras *et al.* 17154 (MO!)
Depts.: LO

Clidemia simulans J. F. Macbride =Miconia heteromera Naudin
Ref. FP 13(4/1) 1941: 494; Wurdack, 1976: 10.

Clidemia spicata (Aublet) C. DC. =Clidemia capitellata (Bonpland) D. Don
Ref. FP 13(4/1) 1941: 483.

Clidemia sprucei Gleason
Syn. *Calophysa dentata* Triana, *Maieta dentata* (Triana) Cogniaux
Ref. FP 13(4/1) 1941: 494; Wurdack, 1980: 295.
Shrub. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Croat 58016 (US!)
Depts.: AM, HU, LO, PU, SM

Clidemia strigillosa (Swartz) DC.
Syn. *Melastoma strigillosa* Swartz
Ref. FP 13(4/1) 1941: 494; Wurdack, 1973: 579.
Shrub. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: McDaniel & Rimachi 16489 (US!)
Depts.: HU, LO, SM

[Clidemia testiculata (Triana) Gleason =Clidemia ciliata var. testiculata (Triana) Uribe]
Ref. FP 13(4/1) 1941: 490; Wurdack, 1973: 607.
Note: Not known from Peru.

Clidemia tiliifolia DC. =Clidemia hirta var. tiliifolia (DC.) J. F. Macbride
Ref. FP 13(4/1) 1941: 489; Wurdack, 1980: 289.

[Clidemia tococoidea (DC.) Gleason]
Syn. *Calophysa tococoidea* DC., *Maita tococoidea* (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 495; Wurdack, 1960: 241.
Note: Not known from Peru. The specimens cited in the Flora of Peru are probably referable to *C. allardii* (Wurdack, 1960).

Clidemia ulei Pilger
Ref. FP 13(4/1) 1941: 495.
Endemic shrub. Amazonian: disturbed areas, forests. 0-500 m.

Voucher: McDaniel & Rimachi 18792 (US!, USM!)
Depts.: LO

Clidemia umbonata Schrank & C. Martius ex DC.
Syn. *Melastoma umbonatum* Schrank & C. Martius
Ref. FP 13(4/1) 1941: 495.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Ferreyra 7928 (USM!)
Depts.: SM

Clidemia urticoides Pilger
Ref. FP 13(4/1) 1941: 496.
Shrub. Amazonian. 0-500 m.
Voucher: Ule 6204* (B), Killip & Smith 26340 (US)
Depts.: JU, LO

Clidemia variifolia Wurdack
Ref. Wurdack, 1980: 299.
Shrub. Amazonian, Andean I. 0-1000 m.
Voucher: Smith *et al.* 1216 (MO!)
Depts.: AM, LO, MD, PA, UC

Clidemia verrucosa O. Berg ex Triana =Henriettella verrucosa Triana
Ref. FP 13(4/1) 1941: 503.

Clidemia verruculosa Wurdack
Ref. Wurdack, 1976: 11.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Schunke 6786* (US!), Gentry *et al.* 37594 (US!)
Depts.: SM

Clidemia vittata Linden & André =Miconia vittata (Linden & André) Cogniaux
Ref. FP 13(4/1) 1941: 463.

Comolia hoehnei Cogniaux =Sandemania hoehnei (Cogniaux) Wurdack
Ref. Renner, 1987: 441.

Comolia pentamera Ule =Tibouchina pentamera (Ule) J. F. Macbride
Ref. FP 13(4/1) 1941: 290.

Conostegia attenuata Triana
Syn. *Conostegia attenuata* var. *peruviana* J. F. Macbride
Ref. FP 13(4/1) 1941: 340; Wurdack, 1980: 105.
Herb. Amazonian. 0-500 m.
Voucher: Encarnación E-998 (USM!)
Depts.: LO

Conostegia attenuata var. *peruviana* J. F. Macbride =Conostegia attenuata Triana
Ref. FP 13(4/1) 1941: 341; Wurdack, 1980: 105.

Conostegia cucullata D. Don =Graffenrieda cucullata (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 325; Williams, 1963: 563.

Conostegia inusitata Wurdack
Ref. Wurdack, 1968: 170.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Hutchison 6057* (US!), Foster 10920 (F, USM!)
Depts.: AM, HU, LO, MD, SM

Conostegia poeppigii Cogniaux =Conostegia superba D. Don ex Naudin
Ref. FP 13(4/1) 1941: 341; Wurdack, 1980: 108.

Conostegia superba D. Don ex Naudin
Syn. *Conostegia poeppigii* Cogniaux
Ref. Wurdack, 1980: 108.
Shrub. Andean I. 500-1000 m.
Voucher: Madison 10066 (US!)
Depts.: AM, CU, HU

Cremanium caeruleum D. Don =Miconia caerulea subsp. caerulea
Ref. FP 13(4/1) 1941: 392.

Cremanium calophyllum D. Don =Miconia calophylla (D. Don) Triana
Ref. FP 13(4/1) 1941: 392.

Cremanium clathranthum C. Martius ex Triana in syn. =Miconia clathrantha Triana ex Cogniaux
Ref. FP 13(4/1) 1941: 399.

Cremanium coeleste D. Don in syn. =Miconia coelestis Pavón ex Naudin
Ref. FP 13(4/1) 1941: 399.

Cremanium hispidissimum DC. =Miconia sanguinea (D. Don) Triana
Ref. FP 13(4/1) 1941: 450.

Cremanium latifolium D. Don =Miconia latifolia (D. Don) Naudin
Ref. FP 13(4/1) 1941: 422; Wurdack, 1980: 274.

Cremanium laurinum D. Don =Miconia laurina (D. Don) Naudin
Ref. FP 13(4/1) 1941: 423.

Cremanium medium D. Don =Miconia media var. media
Ref. FP 13(4/1) 1941: 428.

Cremanium nitidum D. Don =Miconia nitida (Don) Naudin
Ref. FP 13(4/1) 1941: 435.

Cremanium pulverulenta (R. & P.) D. Don ex Triana =Miconia pulverulenta R. & P.
Ref. FP 13(4/1) 1941: 444.

Cremanium rotundifolium D. Don =Miconia rotundifolia (D. Don) Naudin
Ref. FP 13(4/1) 1941: 448.

Cremanium serrulatum D. Don =Miconia galactantha Naudin
Ref. FP 13(4/1) 1941: 413.

Cremanium thyrsiflorum D. Don =Miconia thyrsiflorum (D. Don) Naudin
Ref. FP 13(4/1) 1941: 459; Wurdack, 1971b: 360.

[Cremanium thyrsoideum D. Don]
Ref. FP 13(4/1) 1941: 459
Note: The Flora of Peru lists this misspelling for *C. thyrsiflorum*.

Cremanium tinctorium DC. =Miconia media var. media
Ref. FP 13(4/1) 1941: 428.

Cremanium vaccinioides (Bonpland) D. Don =Miconia vaccinioides (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 462.

Davya guianensis DC. =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304.

Davya peruviana DC. =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304.

Desmoscelis villosa (Aublet) Naudin
Syn. *Melastoma villosa* Aublet
Ref. FP 13(4/1) 1941: 262; Wurdack, 1980: 82.
Herb. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Williams 7118 (US!)
Depts.: CA, SM

Diclemia petiolaris Naudin =Ossaea petiolaris (Naudin) Triana
Ref. FP 13(4/1) 1941: 506.

Diolena allardii Wurdack =Triolena allardii (Wurdack) Wurdack
Ref. Wurdack, 1964a: 415.

Diolena amazonica Pilger =Triolena amazonica (Pilger) Wurdack
Ref. FP 13(4/1) 1941: 331.

Diolena obliqua Triana =Triolena obliqua (Triana) Wurdack
Ref. Wurdack, 1980: 61.

Diolena pluvialis Wurdack =Triolena pluvialis (Wurdack) Wurdack
Ref. Wurdack, 1980: 59.

Diplochita parviflora Bentham =Miconia pubipetala Miquel
Ref. FP 13(4/1) 1941: 443.

Diplochita serrulata DC. =Miconia serrulata (DC.) Naudin
Ref. FP 13(4/1) 1941: 453; Wurdack, 1980: 145.

Ernestia quadriseta O. Berg ex Triana
Syn. *Ernestia quadrisetosa* O. Berg ined.
Ref. FP 13(4/1) 1941: 259.
Endemic shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce 4584* (US!) Killip & Smith 28600 (US!)
Depts.: LO, SM

Ernestia quadrisetosa O. Berg ined. =Ernestia quadriseta O. Berg ex Triana
Ref. FP 13(4/1) 1941: 259.

Ernestia sprucei (Cogniaux) J. F. Macbride =Ernestia tenella (Bonpland) DC.
Ref. FP 13(4/1) 1941: 259.

Ernestia tenella (Bonpland) DC.
Syn. *Ernestia sprucei* (Cogniaux) J. F. Macbride, *Ernestia tenella* var. *sprucei* Cogniaux, *Rhexia tenella* Bonpland
Ref. FP 13(4/1) 1941: 259.
Note: Not reconfirmed.

Ernestia tenella var. *sprucei* Cogniaux =Ernestia tenella (Bonpland) DC.
Ref. FP 13(4/1) 1941: 259.

Graffenrieda acida Markgraf =Meriania acida (Markgraf) Wurdack
Ref. FP 13(4/1) 1941: 320.

Graffenrieda calyptrelloides Wurdack
Ref. Wurdack, 1964a: 412.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1506* (US!)
Depts.: AM

Graffenrieda candelabrum J. F. Macbride =Leandra candelabrum (J. F. Macbride) Wurdack
Ref. FP 13(4/1) 1941: 321; Wurdack, 1982: 61.

Graffenrieda cinna J. F. Macbride
Ref. FP 13(4/1) 1941: 321.
Endemic shrub. Andean I: forests. 500-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3313* (US!)
Depts.: SM

Graffenrieda cucullata (Triana) L. O. Williams
Syn. *Calyptrella cucullata* Triana, *Conostegia cucullata* D. Don, *Melastoma cucullata* Pavón ex D. Don
Ref. Wurdack, 1980: 44.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Foster 8533 (MO!, USM!)
Depts.: AM, CU, HU, JU, LO, PU, SM

Graffenrieda emarginata (R. & P.) Triana
Syn. *Miconia emarginata* R. & P.
Ref. FP 13(4/1) 1941: 322; Wurdack, 1980: 41.
Shrub or tree. Amazonian, Andean I-II: forests. 0-3000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Wurdack 1056 (US!, USM!)
Depts.: AM, CU, HU, LO, PA, PI, SM

Graffenrieda floribunda Triana =Graffenrieda miconioides Naudin
Ref. FP 13(4/1) 1941: 322; Wurdack, 1980: 42.

Graffenrieda foliosa Cogniaux
Ref. FP 13(4/1) 1941: 322.
Endemic shrub or tree. Andean II: 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 3544* (MOL!, US!)
Depts.: HU

Graffenrieda gracilis (Triana) L. O. Williams
Syn. *Calyptrella gracilis* Triana, *Miconia consimilis* Pilger
Ref. Wurdack, 1980: 43.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Foster & Wachter 7374 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM

Graffenrieda intermedia Triana
Syn. *Graffenrieda stenopetala* Ule
Ref. FP 13(4/1) 1941: 322; Wurdack, 1973: 214.
Endemic shrub or tree. Amazonian, Andean I-II: forests, riversides. 0-2000 m.
Voucher: Spruce 4253* (US!), Belshaw 3589 (US!)
Depts.: HU, JU, LO, SM

Graffenrieda limbata Triana
Ref. FP 13(4/1) 1941: 323.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Spruce 4261* (US!), Foster *et al.* 10579 (US!)
Depts.: AM, CU, HU, JU, LO, MD, SM

Graffenrieda miconioides Naudin
Syn. *Graffenrieda floribunda* Triana
Ref. FP 13(4/1) 1941: 323; Wurdack, 1980: 42.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Schunke 12554 (US!)
Depts.: HU, LO, SM

[Graffenrieda moritziana Triana]
Ref. FP 13(4/1) 1941: 324; Wurdack, pers. comm.
Note: Not known from Peru.

Graffenrieda robusta (Cogniaux) L. O. Williams
Syn. *Calyptrella robusta* Cogniaux
Ref. Williams, 1963: 564.
Endemic tree. Andean II: forests, shrubland. 1500-2000 m.
Voucher: Weberbauer 3572* (US!)
Depts.: HU

Graffenrieda stenopetala Ule =Graffenrieda intermedia Triana
Ref. FP 13(4/1) 1941: 324; Wurdack, 1973: 214.

Graffenrieda trichanthera Gleason
Ref. FP 13(4/1) 1941: 324.
Endemic tree. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 3298* (US!)
Depts.: SM

Graffenrieda tristis (Triana) L. O. Williams
Syn. *Calyptrella tristis* Triana
Ref. Williams, 1963: 564.
Endemic shrub. Andean I: forests. 500-1500 m.
Voucher: Spruce 4823* (US!), Klug 3213 (US!)
Depts.: LO, SM

Henriettea aggregata (D. Don) J. F. Macbride =Henriettella aggregata (D. Don) Triana
Ref. FP 13(4/1) 1941: 501.

Henriettea lasiostylis Pilger
Ref. FP 13(4/1) 1941: 501; Wurdack, 1980: 320.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Criollo 1876 (MO!)
Depts.: LO

Henriettea loretensis (Gleason) J. F. Macbride =Henriettella loretensis Gleason
Ref. FP 13(4/1) 1941: 501.

Henriettea stellaris O. Berg ex Triana
Ref. FP 13(4/1) 1941: 502.
Note: Not reconfirmed.

Henriettea sylvestris (Gleason) J. F. Macbride =Henriettella sylvestris Gleason
Ref. FP 13(4/1) 1941: 502; Wurdack, 1980: 323.

Henriettea verrucosa (O. Berg ex Triana) J. F. Macbride =Henriettella verrucosa Triana
Ref. FP 13(4/1) 1941: 503.

Henriettella aggregata (D. Don) Triana
Syn. *Clidemia aggregata* D. Don, *Henriettea aggregata* (D. Don) J. F. Macbride
Ref. FP 13(4/1) 1941: 501.
Shrub. Andean I: rocky slopes, riversides. 500-1000 m.
Voucher: Ruiz & Pavón s.n.* (US), Madison 10035-70 (US!)
Depts.: CU, HU, SM

Henriettella loretensis Gleason
Syn. *Henriettea loretensis* (Gleason) J. F. Macbride
Ref. FP 13(4/1) 1941: 501.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Klug 2215* (MO!), Croat 20322 (MO!)
Depts.: AM, LO, PA

Henriettella sylvestris Gleason
Syn. *Henriettea sylvestris* (Gleason) J. F. Macbride
Ref. FP 13(4/1) 1941: 502; Wurdack, 1980: 323.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9312 (MO!)
Depts.: LO, MD, SM, UC

Henriettella verrucosa Triana
Syn. *Clidemia verrucosa* O. Berg ex Triana, *Henriettea verrucosa* (O. Berg ex Triana) J. F. Macbride
Ref. FP 13(4/1) 1941: 503; Wurdack, 1980: 323.
Tree. Amazonian: forests. 0-500 m.
Voucher: Kayap 346 (MO!)
Depts.: AM, SM

Heterotrichum octonum (Bonpland) DC. =Clidemia octona (Bonpland) L. O. Williams
Ref. FP 13(4/1) 1941: 466; Wurdack, pers. comm.

Heterotrichum polyandrum (Bentham) Gleason =Miconia benthamiana Triana
Ref. FP 13(4/1) 1941: 466; Wurdack, 1980: 150.

Huberia peruviana Cogniaux
Ref. FP 13(4/1) 1941: 302; Wurdack, 1980: 47.
Shrub. Andean II: forests. 1500-2000 m.
Voucher: Spruce 4828* (US!), Hutchison & Wright 3995 (US!, USM!)
Depts.: AM, SM

[Icaria fictilis J. F. Macbride]
Ref. FP 13(4/1) 1941: 465; Wurdack, 1972a: 416.
Endemic shrub.
Note: Known from Peru only from the type locality. This species belongs in *Miconia*, but the combination has not been made pending examination of related species (Wurdack, 1972a).
Voucher: Macbride 4431* (F)
Depts.: HU

Lasiandra lepidota Naudin =Tibouchina mathaei Cogniaux
Ref. FP 13(4/1) 1941: 289.

Lasiandra pleromoides Naudin =Tibouchina pleromoides (Naudin) J. F. Macbride
Ref. FP 13(4/1) 1941: 291.

Lasiandra stenocarpa DC. =Tibouchina stenocarpa (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 292.

Leandra aristigera (Naudin) Cogniaux
Syn. *Clidemia aristigera* Naudin
Ref. FP 13(4/1) 1941: 334; Wurdack, 1980: 395.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Foster 8912 (MO!, USM!)
Depts.: LI, PA

Leandra axilliflora Pilger =Ossaea quadrisulca (Naudin) Wurdack
Ref. FP 13(4/1) 1941: 506; Wurdack, 1980: 343.

Leandra boissieriana Cogniaux
Ref. FP 13(4/1) 1941: 334.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Ruiz & Pavón s.n.* (MA)
Depts.: HU?

Leandra bullifera Pilger =Ossaea bullifera (Pilger) Gleason
Ref. FP 13(4/1) 1941: 504.

Leandra candelabrum (J. F. Macbride) Wurdack
Syn. *Graffenrieda candelabrum* J. F. Macbride
Ref. Wurdack, 1982: 61.
Vine. Amazonian: forests. 0-500 m.
Voucher: Klug 413*, Vásquez & Arévalo 8983 (MO!)
Depts.: AM, HU, LO, PA, SM

Leandra caquetana Sprague
Ref. Wurdack, 1980: 338.
Herb. Amazonian: forests. 0-500 m.
Voucher: Ayala 259 (MO!)
Depts.: LO

Leandra chaetodon (DC.) Cogniaux
Syn. *Melastoma chaetodon* Schrank & C. Martius in syn., *Spennera chaetodon* DC.
Ref. FP 13(4/1) 1941: 334; Wurdack, 1980: 331.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Smith 8442 (MO!)
Depts.: HU, JU, LO, PA, SM

Leandra clidemioides (Naudin) Wurdack
Syn. *Platycentrum clidemioides* Naudin
Ref. Wurdack, 1984: 145.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Plowman 5856 (US!)
Depts.: HU

Leandra cogniauxii Ule =Sandemania hoehnei (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 335; Wurdack, 1960: 233; Renner, 1987: 441.

Leandra crenata (D. Don) Cogniaux
Syn. *Clidemia crenata* D. Don, *Melastoma crenata* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 335.
Shrub. Andean II: rocky slopes. 1500-3000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Wurdack 719 (US!, USM!)
Depts.: AM, CA, CU, HU, HV, JU, PA, PU

[*Leandra cuspidata* (Triana) Cogniaux =Miconia eugenioides Triana]
Ref. FP 13(4/1) 1941: 336; Wurdack, 1973: 447.
Note: Not known from Peru.

Leandra dichotoma (D. Don) Cogniaux
Syn. *Clidemia dichotoma* D. Don, *Melastoma dichotoma* D. Don
Ref. FP 13(4/1) 1941: 336; Wurdack, 1980: 333.
Shrub. Andean I-II: forests, riversides. 500-2000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Metcalf 30639 (US!)
Depts.: CU, HU, JU, LO, MD, PA, PU, SM, UC

[Leandra divaricata (Naudin) Cogniaux]
Syn. *Clidemia divaricata* Naudin
Ref. FP 13(4/1) 1941: 336; Wurdack, pers. comm.
Note: Not known from Peru.

[Leandra francavillana Cogniaux]
Ref. FP 13(4/1) 1941: 337; Wurdack, pers. comm.
Note: Not known from Peru.

Leandra glandulifera (Triana) Cogniaux
Syn. *Oxymeris glandulifera* Triana
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 5892 (US!)
Depts.: AM, LO, PA, SM

Leandra lasiopetala Cogniaux
Shrub. Andean I: forests. 500-1500 m.
Voucher: Knapp 8286 (US!)
Depts.: HU, SM

Leandra longicoma Cogniaux
Ref. FP 13(4/1) 1941: 337; Wurdack, 1980: 334.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Rimachi 8515 (US!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Leandra macdanielii Wurdack
Ref. Wurdack, 1980: 338.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 3073 (MO!), McDaniel & Rimachi 17151 (US!)
Depts.: LO

Leandra nanayensis Wurdack
Ref. Wurdack, 1980: 333.
Liana. Amazonian: forests. 0-500 m.
Voucher: Rimachi 3390* (MO!, USM!), McDaniel & Rimachi 20287 (MO!)
Depts.: LO

Leandra nervosa (Naudin) Cogniaux
Syn. *Clidemia nervosa* Naudin
Ref. FP 13(4/1) 1941: 338; Wurdack, 1980: 328.
Shrub. Andean II: cloud forests. 1500-3000 m.
Voucher: Dillon 2610 (US!, USM!)
Depts.: AM, AY, HU, JU, SM

Leandra peltata Wurdack
Ref. Wurdack, 1965: 384.
Endemic shrub. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 2474* (US!, USM)
Depts.: AM

Leandra purpurascens Cogniaux =Sandemania hochnei (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 335; Wurdack, 1960: 233; Renner, 1987: 441.

Leandra raimondiana Markgraf
Ref. FP 13(4/1) 1941: 338.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Raimondi s.n.* (B)
Depts.: PU

Leandra retropila Cogniaux
Ref. FP 13(4/1) 1941: 338; Wurdack, 1980: 335.
Shrub. Andean I: disturbed areas. 500-1000 m.
Voucher: Young & Sullivan 719 (US!)
Depts.: AY, CU, HU, JU, PA, SM, UC

[Leandra reversa Seringe ex Cogniaux]
Syn. *Clidemia reversa* DC., *Melastoma*

reversa Seringe ex DC.
Ref. FP 13(4/1) 1941: 338.
Note: Not known from Peru.

Leandra rhodopogon (DC.) Cogniaux
Syn. *Clidemia rhodopogon* DC.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Plowman *et al.* 7203 (US!)
Depts.: LO

Leandra rotundifolia J. F. Macbride
Ref. FP 13(4/1) 1941: 339.
Endemic herb.
Note: This species is dubiously distinct from *L. secunda* (Wurdack, 1979).
Voucher: Schunke 176* (US!)
Depts.: LO

Leandra rufescens (DC.) Cogniaux
Syn. *Tschudya rufescens* DC.
Herb. Amazonian: forests. 0-500 m.
Voucher: Ferreyra & Swingle 1178 (USM!)
Depts.: AM, UC

Leandra secunda (D. Don) Cogniaux
Syn. *Clidemia secunda* D. Don, *Melastoma secunda* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 339; Wurdack, 1980: 337.
Herb or shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Killip & Smith 26557 (US!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Leandra secundiflora (DC.) Cogniaux
Syn. *Clidemia secundiflora* DC.
Ref. FP 13(4/1) 1941: 340; Wurdack, 1980: 396.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Rimachi 8569 (US!)
Depts.: LI, LO

Leandra solenifera Cogniaux
Syn. *Melastoma soleniferum* Schrank ex DC. in syn.
Ref. FP 13(4/1) 1941: 340; Wurdack, 1980: 332.
Shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: McDaniel & Rimachi 17971 (US!)
Depts.: AM, LO

Loreya arborescens (Aublet) DC.
Syn. *Melastoma arborescens* Aublet
Ref. Renner, 1989: 44.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9533 (US!)
Depts.: LO

Loreya collatata Wurdack =Loreya spruceana Bentham ex Triana
Ref. Renner, 1989: 51.

Loreya klugii Renner
Ref. Renner, 1989: 52.
Liana or tree. Amazonian: disturbed areas, forests on white sand, terra firme forests. 0-500 m.
Voucher: Knapp & Mallet 7165 (US!)
Depts.: AM, LO, SM

Loreya mespiloides Miquel
Syn. *Bellucia mespiloides* (Miquel) J. F. Macbride
Ref. FP 13(4/1) 1941: 498; Renner, 1989: 29.
Tree. Amazonian: forests. 0-500 m.
Voucher: Rimachi 3749 (USM!)
Depts.: LO

Loreya spruceana Bentham ex Triana
Syn. *Bellucia spruceana* (Bentham ex Triana) J. F. Macbride, *Loreya collatata* Wurdack
Ref. Renner, 1989: 51.
Tree. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1500 m.
Voucher: Allard 22575 (US!)
Depts.: AM, HU, LO, MD, SM

Loreya subandina Wurdack
Ref. Renner, 1989: 49.
Tree. Amazonian, Andean I: seasonally inundated areas. 0-1500 m.
Voucher: Ancuash 16 (US!)
Depts.: AM, HU, LO, MD, PA

Loreya umbellata (Gleason) Wurdack
Syn. *Bellucia umbellata* Gleason
Ref. Renner, 1989: 45.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 131* (US!), Rimachi 3625 (US!)
Depts.: LO

Macairea rufescens DC.
Ref. Renner, 1989: 80.
Shrub. Amazonian. 0-500 m.
Voucher: Revilla 4326 (HBG)
Depts.: LO

Macairea scabra Cogniaux =Macairea thyrsiflora DC.
Ref. FP 13(4/1) 1941: 276; Renner, 1989: 75.

Macairea sulcata Triana
Ref. FP 13(4/1) 1941: 276; Renner, 1989: 79.
Shrub or treelet. Amazonian: rocky slope. 0-500 m.
Voucher: Spruce 4004* (K photo US!)
Depts.: LO

Macairea thyrsiflora DC.
Syn. *Macairea scabra* Cogniaux
Ref. Renner, 1989: 75.
Shrub or treelet. Amazonian, Andean I: disturbed areas, seasonally inundated areas. 0-1000 m.
Voucher: Woytkowski 6189 (MO!)
Depts.: AM, LO, SM

[*Macrocentrum fasciculatum* (Richard) Triana =Salpinga fasciculata DC.]
Ref. FP 13(4/1) 1941: 329.
Note: Not known from Peru.

Macrocentrum fasciculatum var. *peruvianum* Cogniaux =Salpinga peruviana (Cogniaux) Wurdack
Ref. Wurdack, 1971b: 354.

Macrocentrum peruviana (Cogniaux) J. F. Macbride =Salpinga peruviana (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 329; Wurdack, 1971b: 354.

Maieta dentata (Triana) Cogniaux =Clidemia sprucei Gleason
Ref. FP 13(4/1) 1941: 494; Wurdack, 1980: 295.

Maieta dependens Baillon =Clidemia capitellata var. dependens (D. Don) J. F. Macbride
Ref. FP 13(4/1) 1941: 483.

Maieta guianensis Aublet var. **guianensis**
Syn. *Myrmidone peruviana* Cogniaux
Ref. FP 13(4/1) 1941: 478; Wurdack, 1980: 312.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Killip & Smith 28407 (US!)
Depts.: AM, CU, HU, JU, LO, MD, PA, PU, SM

Maieta guianensis var. **leticiana** Whiffin
Ref. Whiffin, 1971: 326.
Shrub. Amazonian: forests. 0-500 m.
Voucher: McDaniel & Rimachi 17062 (USM!)
Depts.: LO

Maieta guianensis var. *peruviana* (Cogniaux) Ule =Maieta guianensis var. guianensis
Ref. Whiffin, 1971: 328.

Maieta heterophylla DC. =Clidemia heterophylla (Desrousseaux) Gleason
Ref. FP 13(4/1) 1941: 487.

Maieta juruensis Pilger =Clidemia juruensis (Pilger) Gleason
Ref. FP 13(4/1) 1941: 488.

Maieta pilosa (D. Don.) Baillon =Clidemia pilosa D. Don
Ref. FP 13(4/1) 1941: 490; Wurdack, 1980: 296.

Maieta poeppigii C. Martius ex Cogniaux
Ref. FP 13(4/1) 1941: 478; Wurdack, 1980: 395.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Maas *et al.* 5994 (US!)
Depts.: HU, JU, LO, PA, SM, UC

[*Maieta tococoidea* (DC.) Cogniaux =Clidemia tococoidea (DC.) Gleason]
Ref. FP 13(4/1) 1941: 495; Wurdack, 1960: 241.
Note: Not known from Peru.

Marshallfieldia boissieriana Cogniaux =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304.

Marshallfieldia corallina J. F. Macbride =Adelobotrys boissieriana Cogniaux
Ref. FP 13(4/1) 1941: 303; Wurdack, 1980: 28.

Meiandra maior Markgraf =Alloneuron majus Markgraf ex J. F. Macbride
Ref. FP 13(4/1) 1941: 329.

Meiandra minor Markgraf =Alloneuron ulei Pilger
Ref. FP 13(4/1) 1941: 329.

Melastoma adscendens Swartz =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304; Wurdack, 1980: 28.

Melastoma albicans Swartz =Miconia albicans (Swartz) Triana
Ref. FP 13(4/1) 1941: 382; Wurdack, 1980: 180.

[*Melastoma aquatica* Aublet =Nepsera aquatica (Aublet) Naudin]
Ref. FP 13(4/1) 1941: 261.
Note: Not known from Peru.

Melastoma arborescens Aublet =Loreya arborescens (Aublet) DC.
Ref. Renner, 1989: 44.

Melastoma argyrophyllum Schrank & C. Martius ex DC. in syn. =Miconia argyrophylla Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 385.

Melastoma aspergillaris Bonpland =Miconia aspergillaris (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 386; Wurdack, 1980: 234.

Melastoma bracteolata Bonpland =Miconia bracteolata (Bonpland) DC.
Ref. Wurdack, 1980: 254.

Melastoma bubalina Pavón ex D. Don =Miconia bubalina (D. Don) Naudin
Ref. FP 13(4/1) 1941: 391.

Melastoma caelata Bonpland =Miconia caelata (Bonpland) DC.
Ref. Wurdack, 1980: 256.

Melastoma caerulea Pavón ex D. Don =Miconia caerulea subsp. caerulea
Ref. FP 13(4/1) 1941: 392; Wurdack, 1980: 256.

Melastoma calvescens Schrank & C. Martius ex DC. =Miconia calvescens DC.
Ref. FP 13(4/1) 1941: 393.

Melastoma capillaris Pavón ex D. Don =Ossaea capillaris (Don) Cogniaux
Ref. FP 13(4/1) 1941: 505.

Melastoma capitellata Bonpland =Clidemia capitellata var. capitellata
Ref. FP 13(4/1) 1941: 483; Wurdack, 1980: 287.

Melastoma chaetodon Schrank & C. Martius in syn. =Leandra chaetodon (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 334; Wurdack, 1980: 331.

Melastoma chrysophylla Richard =Miconia chrysophylla (Richard) Urban
Ref. FP 13(4/1) 1941: 397; Wurdack, 1973: 464.

Melastoma ciliata Richard =Miconia ciliata (Richard) DC.
Ref. FP 13(4/1) 1941: 398.

Melastoma ciliata Pavón ex D. Don =Clidemia ciliata Pavón ex D. Don
Ref. FP 13(4/1) 1941: 484.

Melastoma coelestis Pavón ex D. Don in syn. =Miconia coelestis Pavón ex Naudin
Ref. FP 13(4/1) 1941: 399.

Melastoma cordata Vell. Conc. =Aciotis cordata (Vell. Conc.) J. F. Macbride
Ref. FP 13(4/1) 1941: 297.

Melastoma crenata Pavón ex D. Don =Leandra crenata (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 335.

Melastoma crocea Desrousseaux =Miconia crocea (Desrousseaux) Naudin
Ref. FP 13(4/1) 1941: 403.

Melastoma cucullata Pavón ex D. Don =Graffenrieda cucullata (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 325.

Melastoma dentata Pavón ex D. Don =Clidemia dentata D. Don
Ref. FP 13(4/1) 1941: 485.

Melastoma dependens Pavón ex D. Don =Clidemia capitellata var. dependens (D. Don) J. F. Macbride
Ref. FP 13(4/1) 1941: 483.

Melastoma dichotoma D. Don =Leandra dichotoma (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 336; Wurdack, 1973: 25.

Melastoma dodecandra Desrousseaux =Miconia dodecandra (Desrousseaux) Cogniaux
Ref. FP 13(4/1) 1941: 406; Wurdack, 1980: 142.

Melastoma elata Swartz =Miconia elata (Swartz) DC.
Ref. Wurdack, 1980: 176.

Melastoma epibaterium C. Martius ex DC., nom. nud. pro syn. =Clidemia epibaterium DC.
Ref. FP 13(4/1) 1941: 486.

Melastoma floribunda Bonpland =Miconia floribunda (Bonpland) DC.
Ref. Wurdack, 1980: 193.

Melastoma fulva Richard =Miconia chrysophylla (Richard) Urban
Ref. FP 13(4/1) 1941: 398.

Melastoma grandiflora Aublet =Rhynchanthera grandiflora (Aublet) DC.
Ref. Renner, 1990: 625.

[*Melastoma granulosa* Bonpland =Miconia granulosa (Bonpland) Naudin]
Ref. FP 13(4/1) 1941: 415.
Note: Not known from Peru.

[*Melastoma grossa* L. f. =Tibouchina grossa (L. f.) Cogniaux]
Ref. FP 13(4/1) 1941: 287.
Note: Not known from Peru.

Melastoma grossularioides L. =Bellucia grossularioides (L.) Triana
Ref. Renner, 1989: 23.

Melastoma heteroneura Schrank & C. Martius =Clidemia heteroneura (Schrank & C. Martius) Cogniaux
Ref. Wurdack, 1973: 623.

Melastoma heterophylla Desrousseaux =Clidemia heterophylla (Desrousseaux) Gleason
Ref. FP 13(4/1) 1941: 487.

Melastoma hirta L. =Clidemia hirta (L.) D. Don
Ref. FP 13(4/1) 1941: 488; Wurdack, 1980: 288.

Melastoma holosericea L. =Miconia holosericea (L.) DC.
Ref. FP 13(4/1) 1941: 432; Wurdack, 1973: 325.

Melastoma ibaguensis Bonpland =Miconia ibaguensis (Bonpland) Triana
Ref. FP 13(4/1) 1941: 418; Wurdack, 1980: 163.

[*Melastoma impetiolaris* Swartz =Miconia impetiolaris (Swartz) D. Don]
Ref. FP 13(4/1) 1941: 419; Wurdack, pers. comm.
Note: Not known from Peru.

Melastoma lacera Bonpland =Miconia lacera (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 421; Wurdack, 1980: 190.

Melastoma laxa Desrousseaux =Tibouchina laxa (Desrousseaux) Cogniaux
Ref. FP 13(4/1) 1941: 288; Wurdack, 1980: 73.

Melastoma ledifolia Desrousseaux =Brachyotum ledifolium (Desrousseaux) Triana
Ref. FP 13(4/1) 1941: 268; Wurdack, 1980: 87.

Melastoma lepidota Schrank & C. Martius ex DC. in syn. =Miconia lepidota Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 423.

Melastoma longifolia Aublet =Miconia longifolia (Aublet) DC.
Ref. FP 13(4/1) 1941: 424; Wurdack, 1980: 186.

Melastoma loxensis Bonpland =Miconia loxensis (Bonpland) DC.
Ref. Wurdack, 1980: 244.

Melastoma lutescens Bonpland =Miconia lutescens (Bonpland) DC.
Ref. Wurdack, 1980: 229.

Melastoma micrantha Swartz =Ossaea micrantha (Swartz) Macfadyen ex Cogniaux
Ref. FP 13(4/1) 1941: 506; Wurdack, 1980: 350.

Melastoma minutiflora Bonpland =Miconia minutiflora (Bonpland) DC.
Ref. FP 13(4/1) 1941: 430; Wurdack, 1973: 455.

Melastoma mucronata Desrousseaux =Miconia holosericea (L.) DC.
Ref. FP 13(4/1) 1941: 432.

Melastoma nervosa Smith =Miconia nervosa (Smith) Triana
Ref. FP 13(4/1) 1941: 433; Wurdack, 1980: 165.

Melastoma obscura Bonpland =Miconia obscura (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 435; Wurdack, 1980: 204.

Melastoma octona Bonpland =Clidemia octona (Bonpland) L. O. Williams
Ref. FP 13(4/1) 1941: 466.

[*Melastoma papillosa* Desrousseaux =Miconia papillosa (Desrousseaux) Naudin]
Ref. FP 13(4/1) 1941: 437.
Note: Not known from Peru.

Melastoma pileatum Schrank & C. Martius ex DC. in syn. =Miconia pileata Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 439.

Melastoma pilosa Pavón ex D. Don =Clidemia pilosa D. Don
Ref. FP 13(4/1) 1941: 490.

Melastoma prasina Swartz =Miconia prasina (Swartz) DC.
Ref. FP 13(4/1) 1941: 441; Wurdack, 1973: 431.

Melastoma punctata Desrousseaux =Miconia punctata (Desrousseaux) D. Don ex DC.
Ref. FP 13(4/1) 1941: 444; Wurdack, 1980: 177.

Melastoma purpurascens Aublet =Aciotis purpurascens (Aublet) Triana
Ref. FP 13(4/1) 1941: 298; Wurdack, 1980: 66.

Melastoma purpurascens var. *martinensis* J. F. Macbride
Ref. FP 13(4/1) 1941: 299.

[*Melastoma purpurea* Pavón ex D. Don =Clidemia purpurea Pavón ex D. Don]
Ref. FP 13(4/1) 1941: 491.
Note: Not known from Peru.

Melastoma rasmarinifolia Pavón ex Triana =Miconia salicifolia (Bonpland ex Naudin) Naudin
Ref. FP 13(4/1) 1941: 450.

[*Melastoma reversa* Seringe ex DC. =Leandra reversa Seringe ex Cogniaux]
Ref. FP 13(4/1) 1941: 338.
Note: Not known from Peru.

[*Melastoma rubens* Swartz =Miconia rubens (Swartz) Naudin]
Ref. FP 13(4/1) 1941: 448; Wurdack, 1973: 498.
Note: Not known from Peru.

Melastoma rubiginosa Bonpland =Miconia rubiginosa (Bonpland) DC.
Ref. FP 13(4/1) 1941: 448.

Melastoma rubra Aublet =Clidemia rubra (Aublet) Martius
Ref. FP 13(4/1) 1941: 492; Wurdack, 1973: 616.

Melastoma rufescens Aublet =Miconia rufescens (Aublet) DC.
Ref. FP 13(4/1) 1941: 449; Wurdack, 1973: 410.

Melastoma salicifolia Bonpland ex Naudin =Miconia salicifolia (Bonpland ex Naudin) Naudin
Ref. FP 13(4/1) 1941: 450.

Melastoma scandens Aublet =Adelobotrys scandens (Aublet) DC.
Ref. Wurdack, 1980: 391.

Melastoma scorpioides Schlechtendal & Chamisso =Miconia trinervia (Swartz) D. Don ex Loudon
Ref. FP 13(4/1) 1941: 451.

Melastoma secunda Pavón ex D. Don =Leandra secunda (D. Don) Cogniaux
Ref. FP 13(4/1) 1941: 339.

Melastoma serrulata Pavón ex D. Don in syn. =Miconia galactantha Naudin
Ref. FP 13(4/1) 1941: 413.

Melastoma soleniferum Schrank ex DC. in syn. =Leandra solenifera Cogniaux
Ref. FP 13(4/1) 1941: 340.

Melastoma spicata Aublet =Clidemia capitellata (Bonpland) D. Don
Ref. FP 13(4/1) 1941: 483.

Melastoma splendens Swartz =Miconia splendens (Swartz) Grisebach
Ref. Wurdack, 1980: 169.

Melastoma stenostachyum Schrank & C. Martius ex DC. =Miconia stenostachya Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 456.

Melastoma strigillosa Swartz =Clidemia strigillosa (Swartz) DC.
Ref. FP 13(4/1) 1941: 494; Wurdack, 1973: 579.

Melastoma strigosa L. f. =Brachyotum strigosum (L. f.) Triana
Ref. FP 13(4/1) 1941: 274; Wurdack, 1973: 579.

Melastoma theaezans Bonpland =Miconia theaezans (Bonpland) Cogniaux
Ref. FP 13(4/1) 1941: 458; Wurdack, 1980: 264.

Melastoma tomentosa Richard =Miconia tomentosa (Richard) D. Don ex DC.
Ref. FP 13(4/1) 1941: 460; Wurdack, 1980: 147.

Melastoma trinervia Swartz =Miconia trinervia (Swartz) D. Don ex Loudon
Ref. Wurdack, 1980: 179.

Melastoma umbonatum Schrank & C. Martius =Clidemia umbonata Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 495.

Melastoma vaccinioides Bonpland =Miconia vaccinioides (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 462.

Melastoma villosa Aublet =Desmoscelis villosa (Aublet) Naudin
Ref. FP 13(4/1) 1941: 262; Wurdack, 1980: 82.

Meriania acida (Markgraf) Wurdack
Syn. *Graffenrieda acida* Markgraf
Shrub or tree. Andean II: cloud forests, disturbed areas. 2000-2500 m.
Voucher: Raimondi 3341* (US!), Hutchison 6393 (US!)
Depts.: AM, CA

Meriania amischophylla Wurdack
Ref. Wurdack, 1981: 238.
Shrub. Andean II: forests. 1500-2000 m.
Voucher: Schunke 9842* (US!), Schunke 11374 (US!)
Depts.: HU

Meriania cuzcoana Wurdack
Ref. Wurdack, 1966: 71.
Endemic shrub. Andean II: forests. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 5107* (CUZ!, US!)
Depts.: CU

Meriania dependens (R. & P.) Naudin =Axinaea dependens R. & P.
Ref. FP 13(4/1) 1941: 314.

Meriania hexamera Sprague
Ref. FP 13(4/1) 1941: 308; Wurdack, 1980: 10.
Shrub or tree. Andean II: rocky slopes. 1500-2500 m.
Voucher: Smith 8556 (US!)
Depts.: AM, CU, PA

Meriania intonsa Gleason =Adelobotrys intonsa (Gleason) Wurdack
Ref. FP 13(4/1) 1941: 308.

[Meriania longifolia (Naudin) Cogniaux]
Syn. *Chastenaea longifolia* Naudin
Ref. FP 13(4/1) 1941: 309.
Note: Not known from Peru (Wurdack pers. comm.)

Meriania longifolia var. *spruceana* (Cogniaux) J. F. Macbride =Meriania spruceana Cogniaux
Ref. FP 13(4/1) 1941: 309; Wurdack, pers. comm.

[Meriania nobilis Triana]
Ref. FP 13(4/1) 1941: 309.
Note: Not known from Peru.

Meriania oblongifolia Cogniaux =Axinaea oblongifolia (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 309; Wurdack, 1980: 36.

Meriania prunifolia D. Don
Ref. FP 13(4/1) 1941: 310.
Endemic shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Schunke 5567 (US!)
Depts.: SM

Meriania radula (Bentham) Triana
Syn. *Axinaea purpurea* R. & P., *Axinaea radula* Bentham, *Miconia incarum* J. F. Macbride
Ref. FP 13(4/1) 1941: 310; Wurdack, 1980: 23.
Tree. Andean II: riversides. 2500-3500 m.
Voucher: Ruiz & Pavón s.n.* (US), Wurdack 658 (US!)
Depts.: AM, CA, HU, LL, SM

Meriania raimondii Markgraf =Meriania tetragona (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 310; Wurdack, 1964a: 411.

Meriania rugosa Markgraf
Ref. FP 13(4/1) 1941: 311.
Endemic shrub. Andean II. 2000-3500 m.
Voucher: Raimondi 1866* (B), Wurdack 1617 (US!, USM!)
Depts.: AM

Meriania spruceana Cogniaux
Syn. *Meriania longifolia* var. *spruceana* (Cogniaux) J. F. Macbride
Ref. FP 13(4/1) 1941: 309; Wurdack, pers. comm.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Spruce 4204* (US!), Klug 3642 (US!)
Depts.: SM

Meriania tetragona (Cogniaux) Wurdack
Syn. *Axinaea tetragona* Cogniaux, *Meriania raimondii* Markgraf
Ref. Wurdack, 1980: 25.
Shrub. Andean II. 2500-3500 m.
Voucher: Weberbauer 4430* (US!), Hutchison & Wright 5507 (MO!, USM!)
Depts.: AM, CA

Meriania tetraquetra Triana
Ref. FP 13(4/1) 1941: 311.
Endemic shrub. Andean II. 1500-2000 m.
Voucher: Mathews s.n.*, Weberbauer 7048
Depts.: AM, LL

Meriania tomentosa (Cogniaux) Wurdack
Syn. *Centronia excelsa* (Bonpland) Triana, *Centronia tomentosa* Cogniaux, *Rhexia excelsa* Bonpland
Ref. Wurdack, 1980: 18.
Tree. Andean I-III: cloud forests. 1000-4500 m.
Voucher: Núñez & Arque 8369 (MO!)
Depts.: AM, CU, PA, PI, SM

Meriania urceolata Triana
Ref. FP 13(4/1) 1941: 311; Wurdack, 1973: 182.
Tree. Andean I-II. 1000-2000 m.
Voucher: Klug 3451 (US!)
Depts.: SM

Meriania vargasii Wurdack
Ref. Wurdack, 1966: 72.
Endemic shrub. Andean II: disturbed areas. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Vargas 13240* (CUZ, US!), Vargas 10644 (US!)
Depts.: CU

Meriania vilcabambensis Wurdack
Ref. Wurdack, 1971b: 353.
Endemic tree. Andean II. 1500-2000 m.
Voucher: Dudley 10595* (NA), Dudley 10538 (NA)
Depts.: CU

Meriania weberbaueri J. F. Macbride
Ref. FP 13(4/1) 1941: 312.
Endemic shrub. Andean II. 2500-3000 m.
Voucher: Weberbauer 6659* (MOL!, US!), Ferreyra 6847 (US!, USM!)
Depts.: HU, JU

Miconia abbreviata Markgraf
Ref. FP 13(4/1) 1941: 380.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tessmann 4548* (US!), Smith 1228 (US!)
Depts.: LO, MD, PA, SM, UC

Miconia acreana Ule
Ref. FP 13(4/1) 1941: 381.
Shrub. Amazonian. 0-500 m.
Voucher: Foster 11737 (US!)
Depts.: LO, MD

[Miconia acuminifera Triana]
Ref. FP 13(4/1) 1941: 930.
Note: Not known from Peru.

Miconia adinantha Wurdack
Ref. Wurdack, 1972b: 487.
Endemic tree. Andean II: forests. 1500-2000 m.
Voucher: Dudley 10384* (US!), Smith *et al.* 1564 (US!)
Depts.: CU, PA

Miconia adrieni J. F. Macbride
Ref. FP 13(4/1) 1941: 381.
Endemic shrub. Andean I-II: forests. 500-2000 m.
Voucher: Macbride 5077* (US!), Asplund 13294 (US!)
Depts.: HU, UC

Miconia affinis DC.
Syn. *Miconia microcarpa* DC.
Ref. Wurdack, 1970: 382; Wurdack, 1980: 173.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 4987 (US!)
Depts.: AY, HU, JU, LO, MD, SM

Miconia aggregata Gleason subsp. **australis** Wurdack
Ref. Wurdack, 1980: 207.
Shrub. Andean II: forests. 2500-3500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1629* (US!)
Depts.: AM

Miconia agyna Naudin =Miconia caerulea var. caerulea
Ref. FP 13(4/1) 1941: 392.

Miconia albicans (Swartz) Triana
Syn. *Melastoma albicans* Swartz
Ref. FP 13(4/1) 1941: 382; Wurdack, 1980: 180.
Shrub or tree. Andean I: grasslands. 500-1500 m.
Voucher: Killip & Smith 24777 (US!)
Depts.: AM, CA, CU, HU, JU, LO, SM

Miconia aligera Wurdack
Ref. Wurdack, 1972b: 486.
Endemic shrub or tree. Andean II: cloud forests. 2000-2500 m.
Voucher: Dudley 11261* (US!), Dudley 10612 (US!)
Depts.: CU

Miconia alpina Cogniaux
Ref. FP 13(4/1) 1941: 382.
Endemic tree. Andean III: forests. 3500-4500 m.
Voucher: Weberbauer 4953* (US!), Weberbauer 3317 (MOL!)
Depts.: AN, CU, HU

Miconia alternans Naudin
Ref. Wurdack, 1973: 437.
Shrub. Amazonian: forests. 0-500 m.

Voucher: Killip & Smith 27178 (US!)
Depts.: AM, LO

Miconia alypifolia Naudin
Ref. FP 13(4/1) 1941: 383; Wurdack, 1980: 230.
Shrub. Andean II: forests. 2000-3000 m.
Voucher: Weberbauer 4168* (US!), Acleto 498 (US!)
Depts.: CA, PI

Miconia amazonica Triana
Ref. FP 13(4/1) 1941: 383; Wurdack, 1980: 146.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Smith 3898 (US!)
Depts.: AM, HU, LO, PA, SM

Miconia amnicola Wurdack
Ref. Wurdack, 1981: 243.
Shrub or tree. Amazonian: seasonally inundated areas, riversides. 0-500 m.
Voucher: Schunke 158* (US!), Killip & Smith 27530 (US!)
Depts.: LO

Miconia ampla Triana
Syn. *Miconia megaphylla* Gleason
Ref. Wurdack, 1980: 129.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 5703 (US!)
Depts.: CU, LO, MD, SM

Miconia amplexans (Crueger) Cogniaux =Miconia tomentosa (Richard) D. Don
Ref. FP 13(4/1) 1941: 383; Wurdack, 1980: 147.

Miconia amplexicaulis Naudin
Ref. FP 13(4/1) 1941: 384.
Endemic shrub. Andean I-II: forests. 500-2000 m.
Voucher: Poeppig 1424* (US!), Mexia 8288 (US!)
Depts.: HU, SM

Miconia andina (Naudin) Naudin =Miconia latifolia (D. Don) Naudin
Ref. FP 13(4/1) 1941: 384.

Miconia appendiculata Triana
Ref. Wurdack, 1980: 394.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2365 (US!)
Depts.: LO

Miconia aprica Gleason
Ref. FP 13(4/1) 1941: 385.
Endemic shrub. Andean II: forests. 1500-3500 m.
Voucher: Killip & Smith 24246* (US!), Killip & Smith 24316 (US!)
Depts.: AY, JU

Miconia argyrophylla Schrank & C. Martius ex DC.
Syn. *Melastoma argyrophyllum* Schrank & C. Martius ex DC. pro syn.
Ref. FP 13(4/1) 1941: 385; Wurdack, 1973: 399.
Tree. Andean I: forests. 500-1000 m.
Voucher: Foster *et al.* 10874 (US!, USM!)
Depts.: MD

Miconia aspergillaris (Bonpland) Naudin
Syn. *Melastoma aspergillaris* Bonpland
Ref. FP 13(4/1) 1941: 386; Wurdack, 1980: 234.
Shrub. Andean II: riversides. 2000-3500 m.
Voucher: Hutchison & Wright 6643 (US!, USM!)
Depts.: CA, PI

Miconia asperrima Triana
Ref. Wurdack, 1980: 209.
Shrub or tree. Andean II: forests. 2000-2500 m.
Voucher: Barbour 3960 (US!)
Depts.: AM

Miconia aspiazui J. F. Macbride =Miconia spennerostachya Naudin
Ref. FP 13(4/1) 1941: 454.

Miconia astroplocama F. D. Smith
Syn. *Miconia macdaniellii* Wurdack
Ref. Wurdack, 1980: 155.
Tree. Amazonian: riversides. 0-500 m.
Voucher: McDaniel 10780 (US!)
Depts.: LO

Miconia atrofusca Cogniaux
Ref. FP 13(4/1) 1941: 386.
Endemic tree. Andean II: seasonally inundated areas. 1500-2000 m.
Voucher: Weberbauer 3726* (MOL!, US!), Macbride 5188 (US!)
Depts.: HU, PA

Miconia aulocalyx C. Martius
Ref. FP 13(4/1) 1941: 386; Wurdack, 1980: 175.
Shrub. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Poeppig 2308* (US!), Schunke 1563 (US!)
Depts.: HU, LO, MD, UC

Miconia aurea (D. Don) Naudin
Syn. *Chitonia aurea* D. Don
Ref. FP 13(4/1) 1941: 387; Wurdack, 1980: 139.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Schunke 2902 (US!)
Depts.: AM, CU, HU, JU, LO, SM

Miconia aureoides Cogniaux
Ref. FP 13(4/1) 1941: 387; Wurdack, 1980: 132.
Shrub or tree. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Spruce 4519* (US!), Rimachi 8501 (US!)
Depts.: AM, AY, HU, LO, MD, SM

Miconia axinaeoides Gleason
Shrub. Andean I. 1000-1500 m.
Voucher: Madison 10237-70 (US!)
Depts. AY

Miconia ayacuchensis Wurdack
Ref. Wurdack, 1972b: 497.
Endemic tree. Andean II-III: elfin forests. 3000-4000 m.
Voucher: Dudley 11992* (US), Terborgh 10381 (NA)
Depts.: AY

Miconia bailloniana J. F. Macbride
Syn. *Pterocladon sprucei* Hooker f. ex Cogniaux
Ref. FP 13(4/1) 1941: 388.
Endemic shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Spruce 4312*, Schunke 6034 (US!)
Depts.: HU, JU, PA, SM, UC

Miconia bangii Cogniaux
Shrub. Andean I: forests. 1000-1500 m.
Voucher: McCarroll 74 (US!)
Depts.: AM, PU

Miconia barbeyana Cogniaux
Ref. FP 13(4/1) 1941: 387; Wurdack, 1980: 200.
Shrub or tree. Andean I-II: disturbed areas, forests. 500-2500 m.
Voucher: Pavón s.n.* (US!), Foster *et al.* 7715 (US!)
Depts.: AM, AY, CU, HU, JU, LO, PA, SM

Miconia barbinervis (Bentham) Triana
Syn. *Clidemia barbinervis* Bentham
Ref. FP 13(4/1) 1941: 388; Wurdack, 1980: 156.
Shrub or tree. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Klug 2619 (US!)
Depts.: AM, AY, CU, HU, LO, SM

Miconia benthamiana Triana
Syn. *Clidemia polyandra* Bentham, *Heterotrichum polyandrum* (Bentham) Gleason
Ref. FP 13(4/1) 1941: 466; Wurdack, 1980: 150.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Lechler s.n.* (US!), Dillon *et al.* s.n. (US!)
Depts.: AM, PU

Miconia biglandulosa Gleason
Ref. FP 13(4/1) 1941: 389; Wurdack, 1980: 392.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 26933* (US!), Wurdack 1839 (US!, USM!)
Depts.: AM, LO

Miconia brachyanthera Triana
Ref. FP 13(4/1) 1941: 389; Wurdack, 1965: 389.
Endemic shrub or tree. Andean II: forests. 1500-2500 m.
Voucher: Mathews 1726* (US!), Wurdack 1058 (US!)
Depts.: AM, HU, PA

Miconia brachybotrya Triana
Ref. FP 13(4/1) 1941: 390; Wurdack, 1973: 425.

Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Croat 19545 (US!)
Depts.: LO, MD, SM

[Miconia bracteata (DC.) Triana]
Syn. *Clidemia bracteata* DC.
Ref. FP 13(4/1) 1941: 390; Wurdack, 1973: 418.
Note: Not known from Peru.

Miconia bracteolata (Bonpland) DC.
Syn. *Melastoma bracteolata* Bonpland
Ref. Wurdack, 1980: 254.
Shrub or tree. Andean II: forests, shrublands. 3000-3500 m.
Voucher: Dillon & Turner 1731 (MO!, USM!)
Depts.: AM, CA

Miconia brevis J. F. Macbride
Ref. FP 13(4/1) 1941: 390; Wurdack, 1980: 242.
Tree. Andean II: forests. 1500-3000 m.
Voucher: Weberbauer 6334* (US!), Cano 1958 (US!)
Depts.: LA, PI

Miconia brevistylis Cogniaux
Ref. FP 13(4/1) 1941: 391.
Endemic tree. Andean II: forests, shrubland. 1500-2000 m.
Voucher: Weberbauer 3853* (MOL!, US!)
Depts.: HU

Miconia bubalina (D. Don) Naudin
Syn. *Chitonia bubalina* D. Don, *Melastoma bubalina* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 391; Wurdack, 1980: 146.
Shrub or tree. Amazonian, Andean I: cloud forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Smith 1231 (US!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Miconia bullata (Turczaninov) Triana
Syn. *Miconia trichocaula* J. F. Macbride, *Schizanthera bullata* Turczaninov
Ref. FP 13(4/1) 1941: 391; Wurdack, 1980: 275.
Shrub. Andean II-III. 3000-4000 m.
Voucher: Mathews 373* (US!), Wurdack 1705 (US!, USM!)
Depts.: AM, CU, HV

[Miconia buxifolia Naudin]
Ref. FP 13(4/1) 1941: 392; Wurdack, pers. comm.
Note: Not known from Peru.

Miconia caelata (Bonpland) DC.
Syn. *Melastoma caelata* Bonpland
Ref. Wurdack, 1980: 256.
Tree, Andean II: disturbed areas. 2500-3000 m.
Voucher: Ochoa & Salas 14803 (US!)
Depts.: CA

Miconia caerulea Pavón ex Naudin subsp. **caerulea**
Syn. *Cremanium caeruleum* D. Don, *Melastoma caerulea* Pavón ex D. Don, *Miconia agyna* Naudin
Ref. FP 13(4/1) 1941: 392.
Shrub. Andean I-II: forests. 500-2500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Williams 7757 (US!)
Depts.: CU, HU, JU, LO, SM

Miconia caerulea subsp. **vilcabambae** Wurdack
Ref. Wurdack, 1972b: 491.
Endemic shrub. Andean I-II: forests. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Dudley 10421* (US!), Madison 10115 (NA)
Depts.: CU

Miconia cajanumana Wurdack
Ref. Wurdack, 1980: 222.
Shrub or tree. Andean II: forests. 2500-3000 m.
Voucher: Cano 1507 (US!)
Depts.: PI

Miconia calophylla (D. Don) Triana
Syn. *Cremanium calophyllum* D. Don, *Miconia myrtiformis* Naudin
Ref. FP 13(4/1) 1941: 392.
Endemic tree. Andean II: forests. 2000-2500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Smith *et al.* 8715 (US!)
Depts.: PA

Miconia calvescens DC.
Syn. *Melastoma calvescens* Schrank & C. Martius ex DC. in syn.
Ref. FP 13(4/1) 1941: 393; Wurdack, 1980: 171.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, cloud forests. 0-2500 m.
Voucher: Killip & Smith 29688 (US!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PU, SM, UC

Miconia cannabina Markgraf
Ref. FP 13(4/1) 1941: 393.
Endemic shrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Tessmann 3519* (US!), Klug 1976 (US!)
Depts.: LO

Miconia capitata Ule =Miconia vittata (Linden & Andre) Cogniaux
Ref. FP 13(4/1) 1941: 394; Wurdack, 1971: 19.

Miconia carassana Cogniaux
Syn. *Miconia compacta* Gleason, *Miconia semota* Markgraf
Ref. Wurdack, 1980: 156.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Plowman *et al.* 6960 (US!)
Depts.: LO

Miconia carpishana Wurdack
Ref. Wurdack, 1966: 76.
Endemic tree. Andean II. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Maguire & Maguire 44436* (US!)
Depts.: HU

Miconia cauingia J. F. Macbride
Ref. FP 13(4/1) 1941: 394.
Endemic shrub. Andean II: forests. 3000-3500 m.
Voucher: Stork & Horton 9992* (US!), Hutchison *et al.* 6159 (US!, USM!)
Depts.: CA, LL

Miconia cayumbensis Gleason
Ref. FP 13(4/1) 1941: 395.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Bell & Wiser 8868 (US!)
Depts.: HU, JU, LO

[Miconia cecidophora Naudin]
Ref. FP 13(4/1) 1941: 395.
Note: Not known from Peru.

[Miconia centrandra Ule]
Ref. FP 13(4/1) 1941: 395.
Note: Not known from Peru.

Miconia centrodesma Naudin
Ref. FP 13(4/1) 1941: 396; Wurdack, 1980: 184.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Bell & Wiser 88-68 (US!)
Depts.: AM, CU, HU, LO, MD, PA, SM

Miconia centrodesmoides Wurdack
Ref. Wurdack, 1980: 184.
Shrub. Andean II: forests. 1500-2000 m.
Voucher: Davidson & Jones 9267 (US!)
Depts.: HU, UC

Miconia centrophora Naudin
Ref. FP 13(4/1) 1941: 396.
Shrub. Andean II: disturbed areas, forests. 2000-3500 m.
Voucher: Mathews s.n.* (US!), Hutchison & Wright 5791 (US!)
Depts.: AM, CA, LL

Miconia chamissois Naudin
Ref. FP 13(4/1) 1941: 396.
Note: Not reconfirmed.

Miconia chionophila Naudin
Ref. FP 13(4/1) 1941: 397; Wurdack, 1980: 275.
Herb. Andean II-III: disturbed areas, grasslands, riversides. 2000-4500 m.
Voucher: Lechler 6260* (US!), Sánchez 780 (US!)
Depts.: AM, AN, CA, CU, PA, PU

Miconia choriophylla Wurdack var. **brevifolia** Wurdack
Ref. Wurdack, 1972b: 500.
Endemic shrub. Andean II: elfin forests. 1500-2000 m.
Voucher: Dudley 13520* (US!)
Depts.: HU

Miconia choriophylla var. **choriophylla**
Ref. Wurdack, 1972b: 500.
Endemic shrub. Andean I-II: disturbed areas, riversides. 1000-2000 m.

Voucher: Dudley 10405* (US!), Dudley 10370 (US!)
Depts.: AY, CU, PA, UC

Miconia chrysanthera Cogniaux =Miconia denticulata Naudin
Ref. FP 13(4/1) 1941: 397; Wurdack, 1980: 233.

Miconia chrysopetala Naudin =Miconia coelestis Pavón ex Naudin
Ref. FP 13(4/1) 1941: 399.

Miconia chrysophylla (Richard) Urban
Syn. *Melastoma chrysophylla* (Richard) DC., *Melastoma fulva* Richard, *Miconia fulva* DC.
Ref. FP 13(4/1) 1941: 397; Wurdack, 1973: 464.
Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 4809 (US!)
Depts.: LO, MD, UC

Miconia ciliaris Triana
Ref. FP 13(4/1) 1941: 398.
Endemic tree. Andean I: forests. 500-1000 m.
Voucher: Schunke 6001 (US!)
Depts.: JU, SM

Miconia ciliata (Richard) DC. var. **ciliata**
Syn. *Melastoma ciliata* Richard
Ref. FP 13(4/1) 1941: 398.
Note: Not reconfirmed.

Miconia ciliata var. **congestiflora** (DC.) Cogniaux
Shrub. Andean I: forests. 500-1500 m.
Voucher: Ule 6737* (B photo at US!), Knapp 8271 (US!)
Depts.: SM

Miconia clathrantha Triana ex Cogniaux
Syn. *Cremanium clathranthum* C. Martius ex Triana in syn.
Ref. FP 13(4/1) 1941: 399; Wurdack, 1980: 261.
Tree. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Poeppig 1719* (US!), Barbour 2629 (US!)
Depts.: AM, HU, JU, PA

Miconia clavistila Gleason =Miconia stelligera Cogniaux
Ref. FP 13(4/1) 1941: 399; Wurdack, 1964a: 417.

Miconia clivorum Wurdack
Ref. Wurdack, 1965: 388.
Endemic shrub. Andean II: forests. 2500-3000 m.
Voucher: Wurdack 1794* (US!), Wurdack 1655 (US!)
Depts.: AM

Miconia coelestis Pavón ex Naudin
Syn. *Cremanium coeleste* D. Don in syn., *Melastoma coelestis* Pavón ex D. Don in syn., *Miconia chrysopetala* Naudin
Ref. FP 13(4/1) 1941: 399.
Tree. Andean I-II: forests. 1000-2500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Foster & Smith 7565 (US!)
Depts.: CU, HU, JU, PA

Miconia comosa Cogniaux
Ref. FP 13(4/1) 1941: 400.
Shrub. Andean II: forests. 2000-2500 m.
Voucher: Spruce 4438* (US!)
Depts.: SM

Miconia compacta Gleason =Miconia carassana Cogniaux
Ref. FP 13(4/1) 1941: 400; Wurdack, 1980: 156.

Miconia condylata Wurdack
Ref. Wurdack, 1960: 236.
Endemic shrub. Andean I-II: forests, riversides. 1000-2000 m.
Voucher: Ferreyra 1105* (US!, USM!), Foster *et al.*, 10356 (F, USM!)
Depts.: JU, LO, PA, SM, UC

Miconia congesta Cogniaux =Miconia poeppigii Triana
Ref. FP 13(4/1) 1941: 440; Wurdack, 1973: 443.

Miconia consimilis Pilger =Graffenrieda gracilis (Triana) L. O. Williams
Ref. FP 13(4/1) 1941: 401; Wurdack, 1980: 43.

Miconia cookii Gleason
Ref. FP 13(4/1) 1941: 401.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Cook & Gilbert 1742* (US!)
Depts.: CU

[Miconia corymbiformis Cogniaux]
Ref. FP 13(4/1) 1941: 401.
Note: Not known from Peru.

Miconia crassifolia Triana
Ref. FP 13(4/1) 1941: 402.
Endemic shrub. Andean II: forests. 2000-3000 m.
Voucher: Mathews s.n.* (US!), Wurdack 516 (US!, USM!)
Depts.: AM

Miconia crassipes Triana
Ref. FP 13(4/1) 1941: 402; Wurdack, 1965: 385.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Mathews 1300* (US!), Hutchison & Wright 3816 (US!, USM!)
Depts.: AM

Miconia crassistigma Cogniaux
Ref. FP 13(4/1) 1941: 402.
Endemic shrub. Andean II: disturbed areas. 2000-2500 m.
Voucher: Weberbauer 3407* (MOL!, US!), López & Sagástegui 5393 (US!)
Depts.: CA, HU

Miconia cremophylla Naudin
Ref. FP 13(4/1) 1941: 403.
Endemic shrub. Andean I-II: forests. 1500-2000 m.
Voucher: Mathews s.n.* (US!), Smith 4467 (US!)
Depts.: AM, SM

Miconia cretacea Gleason
Shrub. Andean I. 1000-1500 m.
Voucher: Plowman & Davis 4881 (US!)
Depts.: CU

[Miconia crocea (Desrousseaux) Naudin]
Syn. *Melastoma crocea* Desrousseaux
Ref. FP 13(4/1) 1941: 403.
Note: Not known from Peru.

Miconia cuneata O. Berg ex Triana
Syn. *Staphidium cuneatum* O. Berg ex Triana in syn.
Ref. FP 13(4/1) 1941: 403.
Shrub. Andean I: forests, riversides. 500-1000 m.
Voucher: Poeppig 2047* (US!), Schunke 5622 (US!)
Depts.: MD, PA, SM

[Miconia cuspidata C. Martius ex Naudin]
Ref. FP 13(4/1) 1941: 404.
Note: Not known from Peru.

Miconia cyanocarpa Naudin var. **cyanocarpa**
Ref. FP 13(4/1) 1941: 404.
Shrub. Andean I-II: forests. 500-3000 m.
Voucher: Weberbauer 1067* (US!), Smith & Preter 7650 (US!)
Depts.: CU, HU, JU, PA, PU, SM, UC

Miconia cyanocarpa var. **hirsuta** Cogniaux
Tree. Andean II: forests. 1500-2500 m.
Voucher: Smith *et al.* 1777 (MO!)
Depts.: PA

Miconia dasyclada Wurdack
Ref. Wurdack, 1972b: 492.
Endemic shrub or tree. Andean II. 1500-2000 m.
Voucher: Dudley 11829* (US!), Madison 10097-70 (US!)
Depts.: AY, CU

Miconia decurrens Cogniaux
Ref. FP 13(4/1) 1941: 404; Wurdack, 1980: 129.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ducke 7603* (US!), Schunke 5904 (US!)
Depts.: AM, HU, LO, SM

Miconia demissifolia Wurdack
Ref. Wurdack, 1972b: 489.
Endemic shrub or tree. Andean II-III: forests. 3000-4000 m.
Voucher: Madison 10168* (US!), Smith 8085 (US!)
Depts.: CU, PA

Miconia densifolia Cogniaux
Ref. FP 13(4/1) 1941: 405.
Shrub. Andean II: forests. 2500-3500 m.
Voucher: Weberbauer 3404* (MOL!, US!), Hutchison & Wright 5064 (US!)
Depts.: CA, HU, LL, LA, PI

Miconia denticulata Naudin
Syn. *Miconia chrysanthera* Cogniaux
Ref. Wurdack, 1980: 233.
Shrub. Andean II. 2500-3000 m.
Voucher: Sagástegui *et al.* 10825 (MO!)
Depts.: CA, LL, PI

Miconia diaphanea Gleason
Shrub. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 19755 (US!, USM!)
Depts.: MD

Miconia dichrophylla J. F. Macbride
=Miconia elaeagnoides Cogniaux
Ref. FP 13(4/1) 1941: 408.

Miconia dielsii Markgraf
Ref. Wurdack, 1980: 261.
Shrub. Andean II: forests. 1500-2500 m.
Voucher: Smith & Vásquez 4610 (US!)
Depts.: SM

Miconia dipsacea Naudin
Ref. FP 13(4/1) 1941: 405.
Endemic shrub. Andean I-II: forests, riversides. 500-3000 m.
Voucher: Mathews 1722* (US!), Killip & Smith 22411 (US!)
Depts.: AY, CU, HU, HV, JU, PA

Miconia dispar Bentham
Ref. FP 13(4/1) 1941: 405; Wurdack, 1973: 391.
Tree. Amazonian, Andean I. 0-1500 m.
Voucher: Schunke A121 (US!)
Depts.: CU, HU, JU, LO, MD

Miconia divisoriana Wurdack
Ref. Wurdack, 1968: 175.
Endemic shrub. Andean I-II: forests. 500-2000 m.
Voucher: Ferreyra 1669* (US!), Boeke & Ramírez 1280 (MO!)
Depts.: SM, UC

Miconia dodecandra (Desrousseaux) Cogniaux
Syn. *Melastoma dodecandra* Desrousseaux
Ref. FP 13(4/1) 1941: 406; Wurdack, 1980: 142.
Tree. Andean I: forests. 500-1000 m.
Voucher: Hutchison *et al.* 5994 (US!, USM!)
Depts.: HU, JU, LO, PU, SM

Miconia dolichorrhyncha Naudin
Ref. FP 13(4/1) 1941: 406.
Shrub or tree. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Mathews 1291* (US!), Vásquez 3896 (US!)
Depts.: JU, LO, MD, SM, UC

Miconia donaeana Naudin
Syn. *Chitonia caudata* D. Don
Ref. FP 13(4/1) 1941: 406; Wurdack, 1973: 339.
Endemic tree. Andean I-II: disturbed areas, forests. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Smith *et al.* 5437 (US!)
Depts.: HU, JU, PA, SM

Miconia duckei Cogniaux
Ref. FP 13(4/1) 1941: 407.
Endemic shrub. Amazonian: forests, riversides. 0-500 m.
Voucher: Ducke 7586* (US!), Rimachi 7103 (US!)
Depts.: LO

Miconia dudleyi Wurdack
Ref. Wurdack, 1980: 168.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Dudley 11489* (US!), Killip & Smith 25891 (US!)
Depts.: CU, JU, PA

Miconia dumetosa Cogniaux
Ref. FP 13(4/1) 1941: 407.
Endemic shrub. Andean II: disturbed areas, forests. 2000-3000 m.
Voucher: Weberbauer 4389* (MOL!, US!), Wurdack 1433 (US!)
Depts.: AM, HU, SM

Miconia egensis Cogniaux
Ref. FP 13(4/1) 1941: 407.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ayala 2710 (US!)
Depts.: LO

Miconia egregia Wurdack
Ref. Wurdack, 1978b: 326.
Endemic shrub. Andean II. 2500-3000 m.
Voucher: Sandeman 4086* (K), Díaz & Baldeon 2881 (MO!)
Depts.: CA

Miconia elaeagnoides Cogniaux
Syn. *Miconia dichrophylla* J. F. Macbride
Ref. FP 13(4/1) 1941: 408.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Macbride 5495* (US!), Foster 9333 (US!)
Depts.: AY, HU, JU, LO, MD, PA, SM, UC

Miconia elata (Swartz) DC.
Syn. *Melastoma elata* Swartz
Ref. Wurdack, 1980: 176.
Tree. Amazonian. 0-500 m.
Voucher: Belshaw 3472 (US!)
Depts.: LO, SM

Miconia elongata Cogniaux
Ref. FP 13(4/1) 1941: 408.
Shrub. Amazonian, Andean I-II: disturbed areas, forests. 0-2500 m.
Voucher: Vargas 14914 (US!)
Depts.: CU, LO, PU

Miconia emarginata R. & P.
=Graffenrieda emarginata (R. & P.) Triana
Ref. FP 13(4/1) 1941: 322; Wurdack, 1980: 41.

Miconia emendata Wurdack
Ref. Wurdack, 1977: 249.
Endemic tree. Amazonian, Andean I: seasonally inundated areas. 0-1500 m.
Voucher: Tessmann 5238* (US!), Killip & Smith 25974 (US!)
Depts.: JU, LO, PA

Miconia eriocalyx Cogniaux
Ref. FP 13(4/1) 1941: 409.
Liana, shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Belshaw 3463 (US!)
Depts.: LO, SM

Miconia erioclada Triana
Ref. FP 13(4/1) 1941: 409; Wurdack, 1980: 163.
Herb, shrub or tree. Amazonian, Andean I: forests, riversides. 0-1000 m.
Voucher: Barbour 4398 (US!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM

Miconia erioneura Cogniaux =Tococa erioneura (Cogniaux) Wurdack
Ref. Wurdack, 1964b: 176.

[Miconia eugenioides Triana]
Syn. *Leandra cuspidata* (Triana) Cogniaux
Ref. FP 13(4/1) 1941: 410; Wurdack, 1973: 447.
Note: Not known from Peru.

Miconia expansa Gleason
Ref. FP 13(4/1) 1941: 410.
Endemic liana or tree. Andean I: forests. 500-1500 m.
Voucher: Klug 3201* (US!)
Depts.: LO, MD

Miconia falcata Cogniaux
Ref. FP 13(4/1) 1941: 410.
Endemic. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 4998 (US!)
Depts.: CU

Miconia fallax DC.
Ref. FP 13(4/1) 1941: 410; Wurdack, 1973: 397.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Killip & Smith 24775 (US!)
Depts.: CU, JU

Miconia ferreyrae Wurdack
Ref. Wurdack, 1960: 235.
Endemic shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ferreyra 4297* (US!), Allard 22073 (US!)
Depts.: SM, UC

Miconia filamentosa Gleason
Ref. FP 13(4/1) 1941: 411.
Shrub or tree. Amazonian, Andean I-II: seasonally inundated areas. 0-3000 m.
Voucher: Klug 938* (US!), Plowman *et al.* 6875 (US!)
Depts.: LL, LO, PI

Miconia firma J. F. Macbride
Ref. FP 13(4/1) 1941: 411; Wurdack, 1980: 258.
Tree.
Voucher: Weberbauer 6389* (US!)
Depts.: CA

Miconia flaccida Gleason
Ref. FP 13(4/1) 1941: 412; Wurdack, 1972b: 476.

Endemic shrub. Andean I-II: forests. 1000-2000 m.
Voucher: Killip & Smith 25625* (US!), Dudley 11843 (US!)
Depts.: AY, CU, HU, JU, PA, UC

Miconia flaviflora Gleason =Miconia nutans F. D. Smith
Ref. FP 13(4/1) 1941: 412; Wurdack, 1980: 134.

Miconia floccosa Cogniaux
Ref. FP 13(4/1) 1941: 412.
Endemic tree. Andean II: grasslands. 2500-3500 m.
Voucher: Weberbauer 2200* (MOL!, US!), Smith 2786 (US!)
Depts.: JU, PA

Miconia floribunda (Bonpland) DC.
Syn. *Melastoma floribunda* Bonpland
Ref. Wurdack, 1980: 193.
Tree. Andean II: forests. 2000-2500 m.
Voucher: Wurdack 1057 (US!)
Depts.: AM

Miconia fosteri Wurdack
Ref. Wurdack, 1980: 393.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Schunke 10059 (MO!, USM!)
Depts.: SM

Miconia fruticulosa Cogniaux
Ref. FP 13(4/1) 1941: 413.
Endemic. Andean II: forests. 3000-3500 m.
Voucher: Weberbauer 3383* (US!)
Depts.: HU

Miconia fulva DC. =Miconia chrysophylla (Richard) Urban
Ref. FP 13(4/1) 1941: 398.

Miconia galactantha Naudin
Syn. *Cremanium serrulatum* D. Don, *Melastoma serrulata* Pavón ex D. Don in syn., *Miconia serrulata* Pavón ex Triana
Ref. FP 13(4/1) 1941: 413.
Shrub or tree. Andean II: forests. 1500-3000 m.
Voucher: Smith *et al.* 7869 (US!)
Depts.: CU, HU, JU, PA, SM

Miconia glaberrima (Schlechtendal) Naudin var. **australis** J. F. Macbride
Ref. FP 13(4/1) 1941: 413; Wurdack, 1972b: 500.
Note: See Wurdack (1972b) for a discussion of this species.
Tree. Andean I: forests. 1000-1500 m.
Voucher: Macbride 5771 (US!)
Depts.: JU

Miconia glandulifera Cogniaux
Ref. FP 13(4/1) 1941: 414.
Herb. Amazonian. 0-500 m.
Voucher: Mathews 1728*, Ferreyra 1623 (USM!)
Depts.: HU, JU, LO

Miconia glaucescens Triana
Ref. FP 13(4/1) 1941: 414; Wurdack, 1980: 175.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Lechler 2402* (US!), Wachter 5 (US!, USM!)
Depts.: MD, PU

Miconia glomerata Triana
Ref. FP 13(4/1) 1941: 414.
Endemic shrub. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Killip & Smith 25934 (US!)
Depts.: AY, CU, HU, PA

Miconia glutinosa Cogniaux
Ref. FP 13(4/1) 1941: 415.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 1328* (US!)
Depts.: PU

Miconia grandifolia Ule
Ref. FP 13(4/1) 1941: 415; Wurdack, 1980: 170.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ule 6207* (US!), McDaniel 16259 (US!)
Depts.: LO

[Miconia granulosa (Bonpland) Naudin]
Syn. *Melastoma granulosa* Bonpland
Ref. FP 13(4/1) 1941: 415.
Note: Not known from Peru.

[Miconia grayana Cogniaux]
Ref. FP 13(4/1) 1941: 415; Wurdack, 1980: 238.
Note: Not known from Peru.

Miconia griffisii J. F. Macbride
Ref. FP 13(4/1) 1941: 416.
Endemic tree. Andean III: forests. 3500-4000 m.
Voucher: Macbride 4382* (US!)
Depts.: HU, SM

Miconia grisea Cogniaux
Ref. FP 13(4/1) 1941: 416.
Endemic shrub. Andean II. 3000-3500 m.
Voucher: Weberbauer 2376* (US!), Weberbauer 3346 (MOL!)
Depts.: HU

[Miconia guianensis (Aublet) Cogniaux]
Syn. *Tamonea guianensis* Aublet
Ref. FP 13(4/1) 1941: 416.
Note: Not known from Peru.

Miconia hamata Cogniaux
Ref. FP 13(4/1) 1941: 417.
Endemic shrub. Andean II: cloud forests. 1500-2500 m.
Voucher: Weberbauer 4447* (MOL!, US!), Barbour 2745 (MO!)
Depts.: AM

Miconia herrerae Gleason
Ref. FP 13(4/1) 1941: 417.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Herrera 1575* (US!), Vargas 18339 (US!)
Depts.: CU, PU

Miconia heteromera Naudin
Syn. *Clidemia simulans* J. F. Macbride
Ref. FP 13(4/1) 1941: 417; Wurdack, 1976: 10.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 1911* (US!), Foster 9319 (US!)
Depts.: HU, LO, PA, SM

Miconia hexapetala Wurdack
Ref. Wurdack, 1981: 240.
Endemic shrub. Andean II: 1500-2000 m.
Voucher: Schunke 11432* (MO!), Smith & Vera 375 (US!)
Depts.: HU

Miconia hispidissima (DC.) Naudin =Miconia sanguinea (D. Don) Triana
Ref. FP 13(4/1) 1941: 450.

Miconia histothrix Wurdack
Ref. Wurdack, 1988b: 12.
Endemic shrub. Andean I: forests. 500-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 7553* (US!)
Depts.: SM

Miconia holosericea (L.) DC.
Syn. *Melastoma holosericea* L., *Melastoma mucronata* Desrousseaux, *Miconia mucronata* (Desrousseaux) Naudin
Ref. Wurdack, 1973: 325; Wurdack, pers. comm.
Tree. Andean I: forests. 500-1500 m.
Voucher: Killip & Smith 24766 (US!)
Depts.: JU

Miconia hookeriana Triana
Ref. Wurdack, 1980: 154.
Shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Wurdack 2019 (US!, USM!)
Depts.: AM, HU, UC

Miconia hospitalis Wurdack
Ref. Wurdack, 1972b: 475.
Endemic shrub or tree. Andean I-II: forests. 1000-2000 m.
Voucher: Schunke A120* (US!), Dudley 11853 (NA)
Depts.: AY, JU

Miconia huanucensis Wurdack
Ref. Wurdack, 1972c: 201.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Asplund 13173* (S)
Depts.: HU

Miconia hutchisonii Wurdack
Ref. Wurdack, 1967a: 273.
Endemic shrub. Andean II: riversides. 2500-3000 m.
Voucher: Hutchison & Wright 6638* (US!, USM!), Sagástegui & Cabanillas 8581 (US!)
Depts.: PI

Miconia hygrophila Naudin
Ref. FP 13(4/1) 1941: 418.
Shrub. Andean I-II: forests. 1000-3500 m.
Voucher: Killip & Smith 24471 (US!)
Depts.: AY, CU, JU

Miconia ibaguensis (Bonpland) Triana
Syn. *Melastoma ibaguensis* Bonpland
Ref. FP 13(4/1) 1941: 418; Wurdack, 1980: 163.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Macbride 5488 (US!)
Depts.: AM, CA, HU, JU, LO, PA, PU, SM

Miconia icosandra Gleason
Ref. FP 13(4/1) 1941: 419.
Endemic tree. Andean II: forests. 1500-2000 m.
Voucher: Killip & Smith 25781* (US!), Wolfe 12410 (US!)
Depts.: HU, JU

Miconia idroboi Wurdack
Ref. Wurdack, 1969: 154.
Tree. Andean I: riversides. 500-1500 m.
Voucher: Ancuash 8 (US!)
Depts.: AM

[Miconia impetiolaris (Swartz) D. Don]
Syn. *Melastoma impetiolaris* Swartz
Ref. FP 13(4/1) 1941: 419; Wurdack, pers. comm.
Note: Not known from Peru.

Miconia inamoena Pilger
Ref. FP 13(4/1) 1941: 420.
Endemic. Andean I. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 6735* (US!)
Depts.: SM

Miconia incarum J. F. Macbride
=Meriania radula (Bentham) Triana
Ref. FP 13(4/1) 1941: 310; Wurdack, 1980: 23.

Miconia integrifolia Cogniaux
Ref. FP 13(4/1) 1941: 420.
Endemic tree.
Voucher: Ruiz & Pavón s.n.* (US!)
Depts.: SM

Miconia juruensis Pilger
Ref. FP 13(4/1) 1941: 420.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Tessmann 4218* (US!), McDaniel 16319 (US!, USM!)
Depts.: LO

Miconia klugii Gleason
Ref. FP 13(4/1) 1941: 421.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 1141* (US!), Vásquez & Arévalo s.n. (US!)
Depts.: LO

Miconia koepckeana Wurdack
Ref. Wurdack, 1972b: 485.
Endemic shrub. Andean I: forests. 500-1000 m.
Voucher: Dudley 13143* (US!), Wolfe 12413 (US!)
Depts.: HU

Miconia lacera (Bonpland) Naudin
Syn. *Melastoma lacera* Bonpland
Ref. FP 13(4/1) 1941: 421; Wurdack, 1980: 190.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Klug 2230 (US!)
Depts.: LO

Miconia lachnoclada Wurdack
Ref. Wurdack, 1972b: 501.
Endemic tree. Andean III: rocky slopes. 3500-4000 m.
Voucher: Madison 10378* (US!), Ellenberg 7053 US!
Depts.: AY

Miconia laciniata Wurdack
Ref. Wurdack, 1990: 320.
Shrub. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Sagástegui *et al* 12994 (HUT, US)
Depts.: CA

Miconia laevigata (L.) DC.
Shrub. Andean I. 500-1000 m.
Voucher: Schunke 448 (USM!)
Depts.: TU

Miconia lambayequensis Wurdack
Ref. Wurdack, 1988a: 297.
Endemic shrub. Andean II. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Llatas 1976 (F)
Depts.: LA

Miconia lamprophylla Triana
Ref. Wurdack, 1980: 160.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 3441 (US!)
Depts.: AM, HU, LO, MD, PA, SM, TU

Miconia lanata Triana
Shrub. Amazonian: forests. 0-500 m.
Voucher: Smith 3858 (US!)
Depts.: MD, PA

Miconia lasiocalyx Cogniaux
Ref. FP 13(4/1) 1941: 422; Wurdack, 1980: 207.
Shrub or tree. Andean II: cloud forests. 1500-2500 m.
Voucher: Davison & Jones 9226 (US!)
Depts.: AM, AY, CU, HU, PI

Miconia lasiostyla Gleason
Ref. FP 13(4/1) 1941: 422.
Tree. Andean II: forests. 2000-2500 m.
Voucher: Swada 77* (US!), Evinger 470 US!
Depts.: CA, HU

Miconia lateriflora Cogniaux
Syn. *Miconia tessmannii* Markgraf
Herb or shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Revilla 526 (MO!, USM!)
Depts.: LO, UC

Miconia latifolia (D. Don) Naudin
Syn. *Chiloporus andinus* Naudin, *Cremanium latifolium* D. Don, *Miconia andina* (Naudin) Naudin
Ref. FP 13(4/1) 1941: 422; Wurdack, 1980: 274.
Shrub or tree. Amazonian, Andean I-III: forests, grasslands. 0-4500 m.
Voucher: Tessmann 3418* (US!), Ferreyra 17260 (US!)
Depts.: AP, AY, CU, HV, HU, JU, LO, UC

Miconia laurina (D. Don) Naudin
Syn. *Cremanium laurinum* D. Don
Ref. FP 13(4/1) 1941: 423.
Shrub.
Voucher: Sawada P.16
Depts.: HU

Miconia lechleri Triana
Ref. FP 13(4/1) 1941: 423.
Endemic shrub.
Voucher: Lechler 2565* (US!)
Depts.: PU

Miconia lepidota Schrank & C. Martius ex DC.
Syn. *Melastoma lepidota* Schrank & C. Martius ex DC. in syn.
Ref. FP 13(4/1) 1941: 423.
Note: Not reconfirmed.

Miconia lilacina Triana
Ref. FP 13(4/1) 1941: 424.
Endemic shrub. Andean II: forests. 2000-3000 m.
Voucher: Pearce s.n.* (US!)
Depts.: CU, PA

Miconia livida Triana
Ref. FP 13(4/1) 1941: 424; Wurdack, 1980: 202.
Shrub. Andean II: forests. 1500-2500 m.
Voucher: Schunke 11894 (US!, USM!)
Depts.: AY, CU, HU, SM

Miconia longifolia (Aublet) DC.
Syn. *Melastoma longifolia* Aublet
Ref. FP 13(4/1) 1941: 424; Wurdack, 1980: 186.
Shrub or tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Killip & Smith 29777 (US!)
Depts.: AM, HU, LO, MD, SM

Miconia longiracemosa Gleason
Ref. FP 13(4/1) 1941: 425.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Williams 4249*
Depts.: LO

Miconia longisepala Gleason
Ref. FP 13(4/1) 1941: 425.
Tree. Andean I: forests. 500-1000 m.
Voucher: Klug 3233* (US!)
Depts.: LO

Miconia loretensis Pilger
Ref. FP 13(4/1) 1941: 426.
Endemic shrub. Andean II: disturbed areas, forests. 1500-2500 m.
Voucher: Ule 6734* (US!), Rimachi 4096 (US!)
Depts.: SM

Miconia loreyoides Triana
Ref. Wurdack, 1980: 195.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Vargas 11020 (US!)
Depts.: CU

Miconia lourteigiana Wurdack
Ref. Wurdack, 1970: 380.
Shrub or tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Wurdack 1919* (US!), Dudley 11751 (US!)
Depts.: AY, CU, LO, MD, UC

Miconia loxensis (Bonpland) DC.
Syn. *Melastoma loxensis* Bonpland
Ref. Wurdack, 1980: 244.
Shrub. Andean II: disturbed areas. 2500-3000 m.
Voucher: López *et al.* 7715 (US!)
Depts.: PI

Miconia lugubris Cogniaux
Ref. FP 13(4/1) 1941: 426.
Endemic shrub. Andean II. 1500-3000 m.
Voucher: Weberbauer 3394* (MOL!, US!), Asplund s.n. (US!)
Depts.: HU

Miconia lutescens (Bonpland) DC. subsp. **piurensis** Wurdack
Ref. Wurdack, 1954: 59.
Endemic herb. Andean II. 2500-3000 m.
Voucher: Ochoa 1753* (NY), Ochoa 1790 (NY)
Depts.: PI

Miconia macbridei Gleason =Miconia retusa Pilger
Ref. FP 13(4/1) 1941: 447.

Miconia macdanielii Wurdack =Miconia astroplocama F. D. Smith
Ref. Wurdack, 1971a: 119; Wurdack, 1980: 155.

Miconia macrophylla (DC.) Cogniaux =Miconia serrulata (DC.) Naudin
Ref. FP 13(4/1) 1941: 453; Wurdack, 1973: 343.

Miconia macrostoma Naudin =Miconia nitida (D. Don) Naudin
Ref. FP 13(4/1) 1941: 435.

Miconia macrothyrsa Bentham
Ref. Wurdack, 1973: 390.
Shrub. Andean I: savanna. 1000-1500 m.
Voucher: Chrostowski 70-126 (US!)
Depts.: LO, SM

Miconia madisonii Wurdack
Ref. Wurdack, 1972b: 482.
Endemic shrub. Andean II: cloud forests. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Madison 10295* (US!)
Depts.: AY

Miconia malatestae J. F. Macbride
Ref. FP 13(4/1) 1941: 426; Wurdack, 1971b: 358.
Endemic shrub. Andean II: disturbed areas. 1500-3000 m.
Voucher: Macbride 5176 (US!)
Depts.: HU, PA

Miconia martiniana Gleason
Ref. FP 13(4/1) 1941: 427.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Williams 7212* (US!), Schunke 3491 (US!)
Depts.: AY, HU, JU, LO, MD, PA, SM, UC

Miconia martiusiana DC.
Ref. FP 13(4/1) 1941: 427.
Note: Not reconfirmed.

Miconia matthaei Naudin
Ref. FP 13(4/1) 1941: 428; Wurdack, 1973: 430.
Tree. Amazonian, Andean I: cloud forests. 0-1500 m.
Voucher: Mathews 1299* (US!), Foster 8546 (MO!, USM!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, SM, UC

Miconia mazanana J. F. Macbride
Ref. FP 13(4/1) 1941: 428; Wurdack, 1980: 130.
Shrub. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 374* (US!), Revilla 2195 (US!)
Depts.: LO

Miconia media (D. Don) Naudin subsp. **borealis** Wurdack
Ref. Wurdack, 1964a: 421.
Endemic shrub. Andean II: forests. 2500-3000 m.
Voucher: Wurdack 1265* (US!, USM!), Ferreyra & Acleto 15291 (US!)
Depts.: AM, CA

Miconia media subsp. **cajamarcensis** Wurdack
Ref. Wurdack, 1967a: 274.
Shrub or tree. Andean II: forests. 2500-3500 m.
Voucher: Hutchison & Wright 5028* (US!), Sánchez V. 1501 (US!)
Depts.: CA, LL

Miconia media subsp. **media**
Syn. *Cremanium medium* D. Don, *Cremanium tinctorium* DC., *Miconia tinctoria* (DC.) Naudin
Ref. FP 13(4/1) 1941: 428.
Shrub. Andean II: forests. 2000-3500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Hutchison & Wright 5728 (US!, USM!)
Depts.: AM, CA, CU, HU, JU, LL, PA, PU

Miconia megaphylla Gleason =Miconia ampla Triana
Ref. FP 13(4/1) 1941: 429; Wurdack, 1980: 129.

Miconia membranacea Triana
Ref. FP 13(4/1) 1941: 429.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Foster 9192 (US!, USM!)
Depts.: HU, LO, PA, SM

Miconia microcarpa DC. =Miconia affinis DC.
Ref. Wurdack, 1970: 382.

Miconia micropetala Cogniaux
Syn. *Miconia setinervia* Cogniaux
Ref. Wurdack, 1980: 256.
Shrub or tree. Andean II: disturbed areas. 1500-3000 m.
Voucher: Croat 58287 (US!)
Depts.: AM, CU, PA, PU

Miconia miles-morgani J. F. Macbride
Ref. FP 13(4/1) 1941: 429.
Endemic shrub. Andean II: forests. 2500-3500 m.
Voucher: Macbride 4318* (US!)
Depts.: AM, HU

Miconia minutiflora (Bonpland) DC.
Syn. *Melastoma minutiflora* Bonpland
Ref. FP 13(4/1) 1941: 430; Wurdack, 1973: 455.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Klug 936 (US!)
Depts.: AM, HU, JU, LO, MD, SM

Miconia modica J. F. Macbride
Ref. FP 13(4/1) 1941: 430.
Endemic. Andean I-II: dry valleys. 1000-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 7552* (US!)
Depts.: AY

Miconia molinopampa Wurdack
Ref. Wurdack, 1966: 78.
Endemic shrub. Andean II: disturbed areas. 2000-2500 m.
Voucher: Wurdack 1389A* (US!), Wurdack 1428 (US!)
Depts.: AM

Miconia mollis Triana
Ref. FP 13(4/1) 1941: 431.
Endemic shrub. Andean I: disturbed areas. 1000-1500 m.
Voucher: Spruce 4177* (US!), Gentry & Smith 45564 (US!)
Depts.: SM

Miconia monzoniensis Cogniaux subsp. **cuzcoensis** Wurdack
Ref. Wurdack, 1972b: 484.
Endemic tree. Andean II: forests. 2500-3000 m.
Voucher: Madison 10147* (NA photo US!), Dudley 10694 (US!, USM!)
Depts.: CU, PA

Miconia monzoniensis var. **monzoniensis**
Syn. *Miconia pterogona* Gleason
Ref. FP 13(4/1) 1941: 431.
Shrub. Andean II: disturbed areas. 2000-2500 m.
Voucher: Weberbauer 3420* (MOL!, US!), Young & Sullivan 580 (US!)
Depts.: HU

Miconia mucronata (Desrousseaux) Naudin =Miconia holosericea (L.) DC.
Ref. FP 13(4/1) 1941: 432; Wurdack, 1973: 325.

Miconia multispicata Naudin
Ref. Wurdack, 1973: 389.
Treelet. Amazonian: forests on white sand. 0-500 m.
Voucher: Knapp & Mallet 8505 (US!)
Depts.: SM, UC

Miconia muricata (D. Don) Triana
Syn. *Axinaea muricata* D. Don
Ref. FP 13(4/1) 1941: 432.
Endemic shrub. Andean I: forests. 500-1500 m.
Voucher: Ruiz & Pavón s.n.* (US), Schunke 9747 (US!, USM!)
Depts.: HU, JU, LO, SM, UC

Miconia myriantha Bentham
Ref. FP 13(4/1) 1941: 433.
Shrub or tree. Amazonian: disturbed areas, forests, rocky slopes. 0-500 m.
Voucher: Killip & Smith 27346 (US!)
Depts.: HU, LO, SM, UC

Miconia myrtiformis Naudin =Miconia calophylla (D. Don) Triana
Ref. FP 13(4/1) 1941: 392.

Miconia napoana Wurdack
Ref. Wurdack, 1980: 140.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry & Díaz 28257 (US!)
Depts.: AM, LO

Miconia nectaria J. F. Macbride =Miconia spennerostachya Naudin
Ref. FP 13(4/1) 1941: 454.

Miconia neriifolia Triana var. **brevifolia** Cogniaux
Endemic tree. Andean II. 2500-3000 m.
Voucher: Weberbauer 3356* (MOL!, US!), Edwin & Schunke 3593 (USM!)
Depts.: CA, CU, HU

Miconia neriifolia var. **neriifolia**
Ref. FP 13(4/1) 1941: 433.
Shrub or tree. Andean II: grasslands. 2000-3000 m.
Voucher: Hutchison & Wright 5529 (US!, USM!)
Depts.: AM, CA, CU, HU, PA, PI

Miconia nervosa (Smith) Triana var. *mediana* J. F. Macbride =Miconia nervosa var. nervosa
Ref. FP 13(4/1) 1941: 433; Wurdack, pers. comm.

Miconia nervosa var. **nervosa**
Syn. *Melastoma nervosa* Smith, *Miconia nervosa* (Smith) Triana var. *mediana* J. F. Macbride
Ref. FP 13(4/1) 1941: 433; Wurdack, 1980: 165.
Shrub or tree. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Knapp 8260 (US!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Miconia nigricans Cogniaux
Ref. FP 13(4/1) 1941: 434.
Endemic shrub or tree. Andean II: disturbed areas. 1500-3500 m.
Voucher: Weberbauer 4392* (US!), Wurdack 1261 (US!, USM!)
Depts.: AM, HU

Miconia nitida (D. Don) Naudin
Syn. *Cremanium nitidum* D. Don, *Miconia macrostoma* Naudin
Ref. FP 13(4/1) 1941: 435.
Voucher: Ruiz & Pavón s.n.* (US!)
Depts.: Without full locality data.

Miconia nobilis Gleason
Ref. FP 13(4/1) 1941: 435.
Endemic tree. Andean I: forests. 1000-1500 m.
Voucher: Killip & Smith 26006* (US!)
Depts.: JU

Miconia nutans F. D. Smith
Syn. *Miconia flaviflora* Gleason
Ref. Wurdack, 1980: 134.
Shrub or tree. Andean I-II: disturbed areas, forests. 500-2000 m.
Voucher: Schunke 11721 (US!)
Depts.: CU, HU, JU, PA, SM

Miconia obscura (Bonpland) Naudin
Syn. *Clidemia obscura* (Bonpland) DC., *Melastoma obscura* Bonpland, *Miconia trichrona* J. F. Macbride
Ref. FP 13(4/1) 1941: 435; Wurdack, 1980: 204.
Shrub or tree. Andean I-II: forests, shrublands. 1000-3000 m.
Voucher: Poeppig 34 (US!)
Depts.: CA, HU, LO

Miconia opacifolia J. F. Macbride
Ref. FP 13(4/1) 1941: 436.
Endemic shrub. Andean I-II: forests. 1500-2000 m.
Voucher: Macbride 5197* (US!), Rimachi 4925 (US!, USM!)
Depts.: HU, PA

Miconia ottikeri J. F. Macbride
Ref. FP 13(4/1) 1941: 436.
Endemic shrub. Andean III. 4000-4500 m.
Voucher: Macbride 4430* (US!)
Depts.: HU

Miconia pachydonta Gleason
Ref. FP 13(4/1) 1941: 436.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2143* (US!), Klug 2223 (US!)
Depts.: LO

Miconia paeminosa Wurdack
Ref. Wurdack, 1972b: 479.
Shrub. Amazonian, Andean I: cloud forests. 0-1500 m.
Voucher: Dudley 13185* (US!), White 12367 (US!)
Depts.: AM, HU, LO, PA, SM

Miconia paleacea Cogniaux
Syn. *Tococa grandifolia* Standley
Ref. Wurdack, 1980: 136.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 6482 (MO!)
Depts.: AM, CU, HU, JU, LO, PA, SM

Miconia paludigena Wurdack
Ref. Wurdack, 1965: 394.
Endemic shrub. Andean III: forests. 3500-4000 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1218* (US!)
Depts.: AM

Miconia pandurata Triana
Ref. FP 13(4/1) 1941: 437.
Voucher: Spruce s.n.* (US!)
Depts.: SM

[Miconia papillosa (Desrousseaux) Naudin]
Syn. *Melastoma papillosa* Desrousseaux
Ref. FP 13(4/1) 1941: 437.
Note: Not known from Peru.

Miconia paradisica Wurdack
Ref. Wurdack, 1965: 391.
Endemic shrub. Andean II: forests. 1500-2500 m.
Voucher: Wurdack 1055* (US!)
Depts.: AM

Miconia parviflora (Bentham) Cogniaux =Miconia pubipetala Miquel
Ref. FP 13(4/1) 1941: 443.

Miconia pauciglandulosa Naudin
Ref. FP 13(4/1) 1941: 438.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1780* (W)
Depts.: HU

Miconia pavoniana Naudin
Ref. FP 13(4/1) 1941: 438.
Shrub or tree. Andean II: forests. 1500-3000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Asplund s.n. (US!)
Depts.: HU, HV, PA

Miconia pedicellata Cogniaux
Ref. FP 13(4/1) 1941: 438.
Shrub. Andean I-II: forests. 1500-2000 m.
Voucher: Spruce 4342* (US!), Woytkowski 8231 (US!)
Depts.: AM, SM

Miconia persicariaefolia Cogniaux
Shrub. Andean I: riversides. 500-1000 m.
Voucher: Plowman & Davis s.n. (US!)
Depts.: CU

Miconia peruviana Cogniaux
Ref. FP 13(4/1) 1941: 439.
Endemic shrub. Andean II: riversides. 2000-3000 m.
Voucher: Lechler 2060* (US!), Vargas 6872 (US!)
Depts.: AY, JU, PU

Miconia phaeophylla Triana
Ref. FP 13(4/1) 1941: 439; Wurdack, 1973: 441.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Spruce 4861* (US!), Vásquez *et al.* 7701 (US!)
Depts.: LO, MD, SM

Miconia phanerostila Pilger
Shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9557 (US!)
Depts.: LO

Miconia phlebodes Wurdack
Ref. Wurdack, 1964a: 419.
Endemic shrub. Amazonian: riversides. 0-500 m.
Voucher: Wurdack 1965* (US!)
Depts.: AM

Miconia pileata Schrank & C. Martius ex DC.
Syn. *Melastoma pileatum* Schrank & C. Martius ex DC. in syn.
Ref. FP 13(4/1) 1941: 439.
Shrub. Andean I-II: disturbed areas, forests. 500-2500 m.
Voucher: Rimachi 4737 (US!, USM!)
Depts.: HU, LO, SM

Miconia pilgeriana Ule
Ref. FP 13(4/1) 1941: 439; Wurdack, 1980: 189.
Shrub or tree. Amazonian, Andean I-II: disturbed areas, seasonally inundated areas. 0-2500 m.
Voucher: Tessmann 5062* (US!), Smith 3160 (US!)
Depts.: HU, LO, PA, SM

Miconia plumifera Triana
Endemic shrub. Andean II. 2000-3000 m.
Voucher: Pearce s.n. (K)
Depts.: Without full locality data.

Miconia poeppigii Triana
Syn. *Miconia congesta* Cogniaux
Ref. FP 13(4/1) 1941: 440; Wurdack, 1973: 443.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 1914* (US!), Schunke 11782 (US!, USM!)
Depts.: AM, LO, PA, SM

Miconia polychaeta Wurdack
Ref. Wurdack, 1972b: 493.
Endemic shrub or tree. Andean II: cloud forests. 1500-2000 m.
Voucher: Dudley 10430* (US!), Madison 10112-70 US!
Depts.: CU, SM

Miconia polyneura Triana
Ref. FP 13(4/1) 1941: 440.
Note: Not reconfirmed.

Miconia polytopica Wurdack subsp. **ayacuchensis** Wurdack
Ref. Wurdack, 1972b: 478.
Shrub. Andean II: cloud forests. 2000-2500 m.
Voucher: Madison 10296 (US!)
Depts.: AY

Miconia polytopica subsp. **huanucensis** Wurdack
Ref. Wurdack, 1972b: 479.
Endemic shrub. Andean II. 1500-2000 m.
Voucher: Dudley 13521* (US!), Wolfe 12431 (US)
Depts.: HU

Miconia polytopica subsp. **polytopica**
Ref. Wurdack, 1972b: 478.
Endemic shrub. Andean II: cloud forests. 1500-3000 m.
Voucher: Dudley 10346* (US!), Dudley 10533 (US!)
Depts.: CU

Miconia prancei Wurdack
Ref. Wurdack, 1972c: 199.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Spichiger *et al.* 3002 (US!)
Depts.: LO

Miconia prasina (Swartz) DC.
Syn. *Melastoma prasina* Swartz, *Miconia pteropoda* Bentham
Ref. FP 13(4/1) 1941: 441; Wurdack, 1973: 431; Wurdack, pers. comm.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Croat 19780 (US!)
Depts.: AM, LO, MD, PU, SM

Miconia procumbens (Gleason) Wurdack
Syn. *Clidemia procumbens* Gleason
Ref. Wurdack, 1980: 162.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez *et al.* 5130 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM

Miconia pseudocentrophora Cogniaux
Ref. FP 13(4/1) 1941: 441; Wurdack, 1980: 232.
Note: Not reconfirmed. Probably not from Peru (Wurdack, pers. comm.).

Miconia pterocaulon Triana
Ref. FP 13(4/1) 1941: 442; Wurdack, 1973: 388.
Shrub. Andean I: forests on white sand. 500-1000 m.
Voucher: Schunke 10088 (US!)
Depts.: HU, LO, SM

Miconia pterogona Gleason =Miconia monzoniensis Cogniaux
Ref. FP 13(4/1) 1941: 431.

Miconia pteropoda Bentham =Miconia prasina (Swartz) DC.
Ref. FP 13(4/1) 1941: 442.

Miconia puberula Cogniaux
Ref. FP 13(4/1) 1941: 443.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Mathews s.n.* (US!), Schunke 5890 (US!)
Depts.: JU, SM

Miconia pubipetala Miquel
Syn. *Diplochita parviflora* Bentham, *Miconia parviflora* (Bentham) Cogniaux
Ref. FP 13(4/1) 1941: 443.
Note: Not reconfirmed.

Miconia pujana Markgraf
Ref. Wurdack, 1980: 182.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Berlin 240 (US!)
Depts.: AM

Miconia pulgari J. F. Macbride
Ref. FP 13(4/1) 1941: 443.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Macbride 4145* (US!)
Depts.: HU

Miconia pulverulenta DC. =Miconia tiri Triana
Ref. FP 13(4/1) 1941: 459.

Miconia pulverulenta R. & P.
Syn. *Cremanium pulverulenta* (R. & P.) D. Don ex Triana, *Miconia ramosipila* J. F. Macbride
Ref. FP 13(4/1) 1941: 444.
Tree. Andean II: forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Young 1539 (US!)
Depts.: HU, JU, SM

Miconia punctata (Desrousseaux) D. Don ex DC.
Syn. *Melastoma punctata* Desrousseaux
Ref. FP 13(4/1) 1941: 444; Wurdack, 1980: 177.
Tree. Amazonian, Andean I-II: cloud forests. 0-2000 m.
Voucher: Foster 8562 (F!, USM!)
Depts.: CU, HU, LO, MD, PA, SM

Miconia punicea Wurdack
Ref. Wurdack, 1972b: 480.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Dudley 10663 (US!)
Depts.: CU

Miconia pyrifolia Naudin
Ref. FP 13(4/1) 1941: 445; Wurdack, 1973: 442.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 251 (US!)
Depts.: LO

Miconia quadrifolia Naudin
Ref. FP 13(4/1) 1941: 445.
Endemic tree. Andean II. 2000-2500 m.

Voucher: Mathews 1724* (US!), Weberbauer 2318 (US!)
Depts.: HU, JU

Miconia quadripora Wurdack
Ref. Wurdack, 1978b: 329.
Shrub or tree. Andean II. 1500-2000 m.
Voucher: Tillett 673-165 (US!)
Depts.: AM

Miconia radula Cogniaux
Syn. *Miconia sphagnophila* J. F. Macbride
Ref. FP 13(4/1) 1941: 445; Wurdack, 1980: 204.
Shrub. Andean II: cloud forests, disturbed areas. 2500-3000 m.
Voucher: Smith 7782 (US!)
Depts.: AM, AN, HU, JU, PA, PI

Miconia radulaefolia (Bentham) Naudin
Syn. *Clidemia radulaefolia* Bentham
Ref. FP 13(4/1) 1941: 446; Wurdack, 1973: 421.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Revilla 75 (US!)
Depts.: LO, SM

Miconia ramosipila J. F. Macbride =Miconia pulverulenta R. & P.
Ref. FP 13(4/1) 1941: 444.

Miconia reflexipila Wurdack
Ref. Wurdack, 1972b: 476.
Endemic shrub. Andean I-II: cloud forests. 1000-2500 m.
Voucher: Dudley 13244* (US!), Killip & Smith 25908 (US!)
Depts.: CU, HU, PA

[Miconia regelii Cogniaux]
Ref. FP 13(4/1) 1941: 446.
Note: Not yet known from Peru, but surely to be expected (Wurdack, pers. comm.).

Miconia retusa Pilger
Syn. *Miconia macbridei* Gleason
Ref. FP 13(4/1) 1941: 447.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Ule 6366* (US!)
Depts.: LO, SM

Miconia rimachii Wurdack
Ref. Wurdack, 1988b: 7.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Rimachi 6604* (US!), Vásquez & Jaramillo 1032 (US!)
Depts.: LO

Miconia riparia Triana
Ref. FP 13(4/1) 1941: 447.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Spruce 4559* (US!), Wasshausen & Encarnación 1061 (US!, USM!)
Depts.: AM, CU, LO, SM

Miconia rivalis Wurdack
Ref. Wurdack, 1967b: 10.
Treelet. Amazonian: forests. 0-500 m.
Voucher: Foster *et al.* 7861 (US!)
Depts.: PA

Miconia rotundifolia (D. Don) Naudin
Syn. *Cremanium rotundifolium* D. Don
Ref. FP 13(4/1) 1941: 448.
Endemic herb. Andean III: forests. 3500-4000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Wurdack 1199 (US!, USM!)
Depts.: AM, AY, CA, CU, HU

[Miconia rubens (Swartz) Naudin]
Syn. *Melastoma rubens* Swartz
Ref. FP 13(4/1) 1941: 448; Wurdack, 1973: 498.
Note: Not known from Peru.

Miconia rubiginosa (Bonpland) DC.
Syn. *Melastoma rubiginosa* Bonpland
Ref. FP 13(4/1) 1941: 448.
Shrub.
Voucher: Woytkowski 7239 (US!)
Depts.: SM

Miconia rufescens (Aublet) DC.
Syn. *Melastoma rufescens* Aublet
Ref. FP 13(4/1) 1941: 449; Wurdack, 1973: 410.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Weberbauer 6259 (US!)
Depts.: CA, CU, HV, SM

Miconia rufiramea Wurdack
Ref. Wurdack, 1972b: 496.
Endemic shrub. Andean II: cloud forests. 2500-3000 m.
Voucher: Dudley 10919* (US!), Dudley 11143 (US!)
Depts.: CU

Miconia rugifolia Triana
Ref. FP 13(4/1) 1941: 449; Wurdack, 1972b: 491.
Endemic shrub. Andean II: forests. 1500-3500 m.
Voucher: Lechler 2196* (US!), Dudley 10705 (US!)
Depts.: CU, HU, PU

Miconia rugosa Triana
Ref. Wurdack, 1973: 349.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 31625 (US!, USM!)
Depts.: LO

Miconia ruizii Naudin
Ref. FP 13(4/1) 1941: 449.
Shrub. Andean I-II: forests. 1000-2500 m.
Voucher: Ruiz & Pavón s.n.* (US!), Soukup 2410 (US!)
Depts.: JU, LI, PI, UC

Miconia russea Wurdack
Ref. Wurdack, 1975: 1975.
Shrub. Andean II: disturbed areas, forests. 1500-2000 m.
Voucher: Smith 5989 (MO!, US!)
Depts.: SM

Miconia salicifolia (Bonpland ex Naudin) Naudin
Syn. *Melastoma rasmarinifolia* Pavón ex Triana, *Melastoma salicifolia* Bonpland ex Naudin
Ref. FP 13(4/1) 1941: 450; Wurdack, 1980: 272.
Shrub. Andean II-III: forests. 2000-4500 m.
Voucher: Vargas 4299 (US!)
Depts.: AN, CA, CU, JU, LL

Miconia saltuensis Wurdack
Ref. Wurdack, 1967a: 272.
Endemic shrub. Andean II: forests. 2500-3000 m.
Voucher: Hutchison *et al.* 5935* (US), Asplund 13090 (US!)
Depts.: HU

Miconia sanguinea (D. Don) Triana
Syn. *Cremanium hispidissimum* DC., *Miconia hispidissima* (DC.) Naudin, *Tococa sanguinea* D. Don
Ref. FP 13(4/1) 1941: 450.
Shrub or tree. Amazonian, Andean I-II: forests. 0-3000 m.
Voucher: Ruiz & Pavón s.n.* (US!), Vargas 9813 (US!)
Depts.: AY, CU, HU, JU, LO, PA, SM, UC

Miconia saxatilis J. F. Macbride
Ref. FP 13(4/1) 1941: 451.
Endemic shrub. Andean II: rocky slopes. 3000-3500 m.
Voucher: Macbride 4881* (US!)
Depts.: HU

Miconia scandens R. & P. =Adelobotrys adscendens (Swartz) Triana
Ref. FP 13(4/1) 1941: 304.

Miconia schunkei Wurdack
Ref. Wurdack, 1980: 158.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Schunke 5756* (US!), Schunke 5705 (US!)
Depts.: SM

[Miconia sclerophylla Triana]
Ref. FP 13(4/1) 1941: 451.
Note: Not known from Peru.

Miconia scorpioides (Schlechtendal & Chamisso) Naudin =Miconia trinervia (Swartz) D. Don ex Loudon
Ref. FP 13(4/1) 1941: 451; Wurdack, 1980: 179.

Miconia secundifolia Cogniaux subsp. **malcabalensis** Wurdack
Ref. Wurdack, 1965: 396.
Endemic shrub. Andean II: forests. 2500-3000 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 1419* (US!)
Depts.: AM

Miconia secundifolia subsp. **secundifolia**
Ref. FP 13(4/1) 1941: 452.
Endemic shrub. Andean II. 2000-2500 m.
Note: Known from Peru only from the type locality.
Voucher: Weberbauer 4427* (US!)
Depts.: AM

Miconia semisterilis Gleason
Ref. FP 13(4/1) 1941: 452.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Klug 3224* (US!), Huashikat 409 (US!)
Depts.: AM, LO

Miconia semota Markgraf =Miconia carassana Cogniaux
Ref. FP 13(4/1) 1941: 400; Wurdack, 1980: 156.

[Miconia serialis DC.]
Ref. FP 13(4/1) 1941: 453; Wurdack, 1970: 380.
Note: Not known from Peru.

Miconia serrulata Pavón ex Triana =Miconia galactantha Naudin
Ref. FP 13(4/1) 1941: 412.

Miconia serrulata (DC.) Naudin
Syn. *Chitonia macrophylla* D. Don, *Diplochita serrulata* DC., *Miconia macrophylla* (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 453; Wurdack, 1980: 145.
Liana, shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Foster *et al.* 7866 (US!)
Depts.: AM, HU, JU, LO, MD, PA, PU, SM

Miconia setinervia Cogniaux =Miconia micropetala Cogniaux
Ref. FP 13(4/1) 1941: 454; Wurdack, 1980: 256.

Miconia setulosa Cogniaux
Ref. FP 13(4/1) 1941: 454.
Endemic tree. Andean II-III: forests. 2500-4000 m.
Voucher: Lechler 2637* (US!), Peyton *et al.* 1336 (US!)
Depts.: CU, PU

Miconia spennerostachya Naudin
Syn. *Miconia aspiazui* J. F. Macbride, *Miconia nectaria* J. F. Macbride
Ref. FP 13(4/1) 1941: 454; Wurdack, 1971b: 357.
Tree or vine. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Dudley 10107 (US!)
Depts.: AY, CU, JU, LO, MD, SM

Miconia sphagnophila J. F. Macbride =Miconia radula Cogniaux
Ref. FP 13(4/1) 1941: 445; Wurdack, 1980: 204.

Miconia spichigera Wurdack
Ref. Wurdack, 1989: 517.
Endemic shrub. Amazonian: forests on white sand. 0-500 m.
Voucher: Spichiger *et al.* 2000* (US!), Spichiger *et al.* 1614 (US!)
Depts.: LO

Miconia splendens (Swartz) Grisebach
Syn. *Melastoma splendens* Swartz
Ref. Wurdack, 1980: 169.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Schunke 6609 (US!)
Depts.: AM, HU, JU, LO, MD, PA, PU, SM

Miconia stelligera Cogniaux
Syn. *Miconia clavistila* Gleason
Ref. FP 13(4/1) 1941: 455; Wurdack, 1964a: 417.
Liana, shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Plowman 5855 (US!)
Depts.: HU, JU, LO, SM, UC

Miconia stellipilis Cogniaux
Ref. FP 13(4/1) 1941: 455.
Note: Not reconfirmed.

Miconia stenostachya (Schrank & C. Martius) DC.
Syn. *Melastoma stenostachyum* Schrank & C. Martius
Ref. FP 13(4/1) 1941: 456; Wurdack, 1973: 398.
Shrub. Andean I-II: disturbed areas. 1000-2500 m.
Voucher: Smith 5228 (US!)
Depts.: AY, HU, PA, PU, SM

Miconia subandicola Wurdack
Ref. Wurdack, 1972b: 474.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Belshaw 3396 (US!)
Depts.: AM, CU, JU, LO, PA, SM, UC

Miconia subciliata DC. =Tococa subciliata (DC.) Triana
Ref. FP 13(4/1) 1941: 476.

Miconia subglabra Cogniaux
Ref. FP 13(4/1) 1941: 456.
Endemic shrub. Andean I. 1000-1500 m.
Voucher: Spruce 4842* (US!)
Depts.: SM

Miconia subspicata Wurdack
Ref. Wurdack, 1980: 392.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Huashikat 571 (US!)
Depts.: AM

Miconia subulipetala Wurdack
Ref. Wurdack, 1981: 245.
Endemic shrub. Amazonian: terra firme forests. 0-500 m.
Voucher: Rimachi 3421* (US!)
Depts.: LO

Miconia sulcata J. F. Macbride
Endemic tree.
Voucher: Schunke 423 (US!)
Depts.: JU

Miconia symplectocaulos Pilger
Ref. FP 13(4/1) 1941: 383.
Shrub or tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Schunke 5030 (US!)
Depts.: HU, LO, MD, PA, PU, SM

Miconia tenensis Markgraf
Ref. Wurdack, 1980: 160.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Knapp 8052 (US!)
Depts.: AM, SM

Miconia terborghii Wurdack
Ref. Wurdack, 1972b: 483.
Endemic shrub. Andean II: disturbed areas. 2500-3000 m.
Voucher: Dudley 10890* (US!), Dudley 10794 (US!)
Depts.: CU

Miconia terera Naudin
Ref. FP 13(4/1) 1941: 456.
Tree. Andean I-II: forests. 1000-2000 m.
Voucher: Ruiz & Pavón s.n.*, Foster & Smith 9159 (US!, USM!)
Depts.: HU, JU, PA, PU

Miconia ternatifolia Triana
Ref. FP 13(4/1) 1941: 457; Wurdack, 1980: 188.
Shrub or treelet. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Woytkowski 415 (US!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, SM

Miconia tessmannii Markgraf =Miconia lateriflora Cogniaux
Ref. FP 13(4/1) 1941: 457; Wurdack, 1973: 370.

Miconia tetragona Cogniaux
Tree. Amazonian, Andean I-II: forests on white sand. 0-3500 m.
Voucher: Gentry 20753 (US!, USM!)
Depts.: AM, LO

Miconia tetrasperma Gleason
Ref. FP 13(4/1) 1941: 458.
Shrub or tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 21202 (US!)
Depts.: CU, LO

Miconia thaminantha Wurdack subsp. **huanucensis** Wurdack
Ref. Wurdack, 1972b: 495.
Endemic shrub. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Dudley 13187 (US!)
Depts.: HU

Miconia thaminantha subsp. **thaminantha**
Ref. Wurdack, 1972b: 495.
Endemic tree. Andean II: cloud forests. 500-2500 m.
Voucher: Dudley 10531* (US!), Dudley 10344 (US!)
Depts.: CU

Miconia theaezans (Bonpland) Cogniaux subsp. **theaezans**
Syn. *Melastoma theaezans* Bonpland
Ref. FP 13(4/1) 1941: 458; Wurdack, 1980: 264.
Shrub or tree. Andean I-II: forests. 500-3500 m.
Voucher: Madison 10232-70 (US!)
Depts.: AY, CA, CU, HU, JU, PA, PU, SM

Miconia theaezans var. **tetragona** Cogniaux
Tree. Andean II: forests. 2000-2500 m.
Voucher: Gentry *et al.* 19359 (MO!)
Depts.: HU

Miconia thyrsiflora Triana =Miconia thyrsiflora (D. Don) Naudin
Ref. FP 13(4/1) 1941: 459.
Note: See Wurdack (1971b: 360) for a discussion of the history of the misspelling this name.

Miconia thyrsiflora (D. Don) Naudin
Syn. *Cremanium thyrsiflorum* D. Don, *Miconia thyrsiflora* Triana
Ref. Wurdack, 1971b: 360.
Note: Not reconfirmed.

Miconia thysanophylla Wurdack
Ref. Wurdack, 1988b: 13.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Kayap 1414* (US!), Kayap 860 (US!)
Depts.: AM

Miconia tiliaefolia Naudin
Ref. FP 13(4/1) 1941: 459.
Shrub. Andean I: forests. 500-1500 m.
Voucher: Scott 882 (US!)
Depts.: CU, JU, LO

Miconia tinctoria Naudin =Miconia media var. media
Ref. FP 13(4/1) 1941: 428.

Miconia tiri Triana
Syn. *Miconia pulverulenta* DC.
Ref. FP 13(4/1) 1941: 459.
Endemic shrub. Andean II: forests. 2000-2500 m.
Voucher: Weberbauer 1777 (US!), Woytkowski 7998 (US!)
Depts.: HU, JU

Miconia tomentosa (Richard) D. Don
Syn. *Melastoma tomentosa* Richard, *Miconia amplexans* (Crueger) Cogniaux, *Miconia undecinervia* Cogniaux, *Pogonorhynchus amplexans* Crueg.
Ref. FP 13(4/1) 1941: 460; Wurdack, 1980: 147.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Plowman & Davis 5091 (US!)
Depts.: AM, CU, HU, LO, MD, UC

Miconia traillii Cogniaux
Ref. FP 13(4/1) 1941: 460.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Croat 18687 (MO!)
Depts.: LO

Miconia triangularis Gleason
Ref. Wurdack, 1980: 133.
Tree. Andean II: disturbed areas. 1500-2000 m.
Voucher: Gentry & Smith 45130 (US!)
Depts.: SM

Miconia trichocaula J. F. Macbride =Miconia bullata (Turczaninov) Triana
Ref. FP 13(4/1) 1941: 460; Wurdack, 1980: 275.

Miconia trichogona J. F. Macbride
Ref. FP 13(4/1) 1941: 461.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Macbride 5178* (US!)
Depts.: HU

Miconia trichrona J. F. Macbride =Miconia obscura (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 461; Wurdack, 1971: 121.

Miconia trinervia (Swartz) D. Don ex Loudon
Syn. *Melastoma scorpioides* Schlechtendal & Chamisso, *Melastoma trinervia* Swartz, *Miconia scorpioides* (Schlechtendal & Chamisso) Naudin
Ref. Wurdack, 1980: 179.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ferreyra 4426 (US!)
Depts.: AM, LO, MD, SM

Miconia triplinervis R. & P. subsp. **exalluvia** Wurdack
Ref. Wurdack, 1980: 159.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Kujikat 333 (MO!)
Depts.: AM, LO, SM

Miconia triplinervis subsp. **triplinervis**
Ref. FP 13(4/1) 1941: 461; Wurdack, 1980: 159.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA), Schunke 1336 (US!)
Depts.: AM, AY, CU, HU, JU, LO, MD, SM

Miconia umbrifera Naudin =Miconia amplexans (Crueger) Cogniaux
Ref. FP 13(4/1) 1941: 383.

Miconia urbaniana Cogniaux
Ref. FP 13(4/1) 1941: 462.
Endemic shrub. Andean I: forests. 500-1000 m.
Voucher: Weberbauer 5012* (US!), Schunke 7596 (MO!)
Depts.: CU, SM

Miconia uvida Wurdack
Ref. Wurdack, 1964a: 418.
Endemic shrub. Amazonian: riversides. 0-500 m.
Voucher: Wurdack 2153* (US), Wurdack 2437 (US!, USM!)
Depts.: LO

Miconia vaccinioides (Bonpland) Naudin
Syn. *Cremanium vaccinioides* (Bonpland) D. Don, *Melastoma vaccinioides* Bonpland
Ref. FP 13(4/1) 1941: 462.
Endemic shrub.
Voucher: Humboldt & Bonpland s.n.* (P), Weberbauer 3998 (US!)
Depts.: CA, PI

Miconia vargasii Wurdack
Ref. Wurdack, 1972b: 498.
Endemic shrub. Andean II-III: forests. 3000-4000 m.
Voucher: Vargas 2942* (US!), Metcalf 30774 (US!)
Depts.: CU

Miconia venulosa Wurdack
Ref. Wurdack, 1980: 178.
Tree. Amazonian: riversides. 0-500 m.
Voucher: Wurdack 2044* (US!, USM!), Schunke 12020 (USM!)
Depts.: AM, HU, LO, SM

Miconia vismioides Triana
Ref. FP 13(4/1) 1941: 462.
Note: Not reconfirmed.

Miconia vitiflora J. F. Macbride
Ref. FP 13(4/1) 1941: 463.
Endemic shrub. Andean II: forests. 1500-2000 m.
Voucher: Macbride 5165* (US!)
Depts.: HU, PA

Miconia vittata (Linden & Andre) Cogniaux
Syn. *Clidemia vittata* Linden & Andre, *Miconia capitata* Ule
Ref. FP 13(4/1) 1941: 463.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Ule 6367 (US!), Klug 2873 (US!)
Depts.: LO

Miconia wagneri J. F. Macbride
Ref. FP 13(4/1) 1941: 464.
Shrub. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Schunke 5478 (US!)
Depts.: HU, JU, LO, SM

Miconia weberbaueri Cogniaux
Ref. FP 13(4/1) 1941: 464.
Endemic herb. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 3396* (US!), Wolfe 12475 (US!)
Depts.: HU

Miconia wolfei Wurdack
Ref. Wurdack, 1972b: 486.
Endemic shrub. Andean II: cloud forests. 1500-2000 m.
Voucher: Wolfe 12429* (US!)
Depts.: HU

Miconia woytkowskii Wurdack
Ref. Wurdack, 1968: 178.
Endemic liana, shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Woytkowski 34407* (US!), Foster 9313 (US!, USM!)
Depts.: HU

Miconia zubenetana J. F. Macbride
Ref. FP 13(4/1) 1941: 464; Wurdack, 1980: 173.
Endemic tree. Amazonian. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Klug 2208* (US!)
Depts.: LO

Micranthella gayana Naudin =Tibouchina gayana (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 286.

Micranthella stenopetala Grisebach ex Triana =Tibouchina stenopetala (Grisebach) Cogniaux
Ref. FP 13(4/1) 1941: 293.

[Microlicia arenariaefolia DC]
Ref. FP 13(4/1) 1941: 256.
Note: Not known from Peru.

[Microlicia peruviana Cogniaux]
Ref. FP 13(4/1) 1941: 256.
Note: Not known from Peru.

Microlicia sphagnicola Gleason
Ref. FP 13(4/1) 1941: 256.
Endemic shrub. Andean II: bogs. 1500-2000 m.
Voucher: Killip & Smith 25680* (US), van der Werff *et al.* 8363 (MO!)
Depts.: JU, PA

Microlicia weddellii Naudin
Ref. FP 13(4/1) 1941: 256.
Endemic shrub.
Note: Known from Peru only from the type locality.
Voucher: Weddell s.n.* (P)
Depts.: PU

Microphysca quadrialata Naudin =Tococa quadrialata (Naudin) J. F. Macbride
Ref. FP 13(4/1) 1941: 474.

Monochaetum dicranantherum (R. & P.) Naudin
Syn. *Rhexia dicrananthera* R. & P.
Ref. FP 13(4/1) 1941: 300.
Herb. Andean II: shrublands. 1500-3500 m.
Voucher: Díaz & Osores 1008 (MO!)
Depts.: HU, JU

Monochaetum lineatum (D. Don) Naudin
Syn. *Arthrostemma lineatum* D. Don
Ref. FP 13(4/1) 1941: 300; Wurdack, 1980: 96.
Shrub. Andean II: rocky slopes. 1500-3000 m.
Voucher: Hutchison & Wright 4922 (MO!, USM!)
Depts.: AM, CA, HU, LL, PI, SM

Monochaetum subditivum J. F. Macbride
Ref. FP 13(4/1) 1941: 301.
Herb. Andean II: forests. 1500-2000 m.
Voucher: Smith 1542 (US!)
Depts.: HU, JU, PA

Monochaetum subglabrum Gleason
Ref. FP 13(4/1) 1941: 301.
Endemic herb or shrub. Amazonian, Andean I-II: cloud forests, shrublands. 0-3000 m.
Voucher: Killip & Smith 22325* (US!), Killip & Smith 22299 (US!)
Depts.: AY, HV, JU, SM

Monolena primulaeflora Hooker f.
Ref. FP 13(4/1) 1941: 331; Wurdack, 1980: 52.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Killip & Smith 26205 (US!)
Depts.: AM, AY, CU, HU, JU, LO, MD, SM

Mouriri acutiflora Naudin
Ref. Morley, 1976: 49.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 3619 (US!)
Depts.: LO

Mouriri apiranga Spruce ex Triana
Ref. Morley, 1976: 217.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ule 9678* (US), Gentry *et al.* 51108 (US!)
Depts.: MD

Mouriri cauliflora C. Martius ex DC.
Syn. *Petaloma cauliflora* C. Martius ex DC.
Ref. FP 13(4/1) 1941: 518; Morley, 1976: 205.
Tree. Amazonian: forests. 0-500 m.
Voucher: Mathias & Taylor 5006 (MO!)
Depts.: LO, SM

Mouriri eugeniaefolia Bentham
Ref. Morley, 1976: 219.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ule 9678 (US)
Depts.: MD

Mouriri exadenia Morley
Ref. Morley, 1976: 136.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 28197* (US)
Depts.: LO

Mouriri floribunda Markgraf
Ref. FP 13(4/1) 1941: 518; Morley, 1976: 61.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4434* (US!), Mexia 6187 (MO!)
Depts.: AM, LO

Mouriri grandiflora A. DC.
Syn. *Mouriri macrophylla* Chamisso, *Mouriri princeps* Naudin
Ref. FP 13(4/1) 1941: 519; Morley, 1976: 96.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 21619 (MO!)
Depts.: AM, LO, MD, PA, SM

Mouriri guianensis Aublet
Ref. Morley, 1976: 166.
Tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Vásquez *et al.* 3675 (US!)
Depts.: LO

Mouriri huberi Cogniaux
Ref. Morley, 1976: 222.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ellenberg 2550 (U)
Depts.: LO

Mouriri macrophylla Chamisso =Mouriri grandiflora A. DC.
Ref. Wurdack, 1980: 388.

Mouriri myrtifolia Spruce ex Triana
Ref. Morley, 1976: 84.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Klug 1501 (F)
Depts.: LO

Mouriri myrtilloides (Swartz) Poiret subsp. **parvifolia** (Bentham) Morley
Syn. *Mouriri parvifolia* Bentham
Ref. Morley, 1976: 132.
Shrub or tree. Amazonian, Andean I: seasonally inundated areas. 0-1500 m.
Voucher: Schunke 3634 (US!)
Depts.: HU, LO, MD, SM, TU

Mouriri nervosa Pilger
Ref. Morley, 1976: 201.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Killip & Smith 26845 (US)

Mouriri nigra (DC.) Morley
Syn. *Eugenia nigra* A. DC. (Myrtaceae), *Mouriri plassachaerti* Pulle
Ref. Morley, 1976: 147.
Shrub or tree. Amazonian: riversides, seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Klug 1374 (F!), Smith *et al.* 1061 (US!)
Depts.: JU, LO, MD, SM, UC

Mouriri oligantha Pilger
Ref. FP 13(4/1) 1941: 519; Morley, 1976: 54.
Shrub or tree. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Díaz & Jaramillo 1412 (MO!)
Depts.: LO, SM

Mouriri parvifolia Bentham =Mouriri myrtilloides subsp. parvifolia (Bentham) Morley
Ref. FP 13(4/1) 1941: 519.

Mouriri peruviana Morley
Ref. Morley, 1985: 548.
Endemic shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 2077* (US), Killip & Smith 26845 (US!)
Depts.: LO, MD, SM, UC

Mouriri plassachaerti Pulle =Mouriri nigra (DC.) Morley
Ref. Morley, 1976: 147.

Mouriri princeps Naudin =Mouriri grandiflora A. DC.
Ref. FP 13(4/1) 1941: 520; Morley, 1976: 96.

Mouriri retentipetala Morley
Ref. Morley, 1989: 434.
Tree. Amazonian: forests. 0-500 m.

Voucher: Gentry *et al.* 56120 (US!)
Depts.: LO

Mouriri sagotiana Triana
Ref. FP 13(4/1) 1941: 520; Morley, 1976: 86.
Tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 3692 (MO!)
Depts.: LO

Mouriri sideroxylon Sagot ex Triana
Ref. FP 13(4/1) 1941: 520; Morley, 1976: 197.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 1007 (MO!, USM!)
Depts.: LO

Mouriri tessmannii Markgraf
Ref. FP 13(4/1) 1941: 521; Morley, 1976: 116.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Tessmann 4711* (B, destroyed)

Mouriri vernicosa Naudin
Ref. Morley, 1976: 72.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 3468 (US!)
Depts.: LO

Myriaspora decipiens Naudin =Myriaspora egensis C. Martius ex DC.
Ref. Wurdack, pers. comm.

Myriaspora egensis C. Martius ex DC.
Syn. *Myriaspora decipiens* Naudin
Ref. FP 13(4/1) 1941: 507; Wurdack, 1973: 646; Wurdack, pers. comm.
Herb, Amazonian, Andean I-II: cloud forests, shrublands. 0-3500 m.
Voucher: Killip & Smith 22325* (US!), Killip & Smith 22299 (US!)
Depts.: AY, JU, SM

Myrmidone peruviana Cogniaux =Maieta guianensis var. guianensis
Ref. FP 13(4/1) 1941: 478; Wurdack, 1980: 312.

[Nepsera aquatica (Aublet) Naudin]
Syn. *Melastoma aquatica* Aublet
Ref. FP 13(4/1) 1941: 261.
Note: Not known from Peru.

Octopleura robusta Triana =Ossaea robusta (Triana) Cogniaux
Ref. FP 13(4/1) 1941: 507; Wurdack, 1980: 349.

Ossaea araneifera Markgraf
Ref. FP 13(4/1) 1941: 504.
Liana. Amazonian: forests. 0-500 m.
Voucher: Rimachi 6949 (US!)
Depts.: LO

Ossaea boliviensis (Cogniaux) Gleason
Syn. *Clidemia boliviensis* Cogniaux
Ref. FP 13(4/1) 1941: 504; Wurdack, 1980: 342.
Shrub. Amazonian: riversides. 0-500 m.
Voucher: Killip & Smith 26250 (US!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Ossaea bullifera (Pilger) Gleason
Syn. *Leandra bullifera* Pilger
Ref. FP 13(4/1) 1941: 504.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ule 6202* (US!), Wallnofer 12-16388 (US!)
Depts.: HU, LO

Ossaea capillaris (Don) Cogniaux
Syn. *Clidemia capillaris* Don, *Melastoma capillaris* Pavón ex D. Don
Ref. FP 13(4/1) 1941: 505; Wurdack, 1980: 343.
Shrub. Amazonian, Andean I. 0-1500 m.
Voucher: Allard 22079 (US!)
Depts.: CU, HU, JU, LO, MD, SM, TU

Ossaea cucullata Gleason
Ref. FP 13(4/1) 1941: 505; Wurdack, 1980: 397.
Shrub or tree. Amazonian: riversides. 0-500 m.
Voucher: Klug 518* (US!), Gentry *et al.* 21950 (US!)
Depts.: AM, LO, PA

Ossaea duckeana Harms
Shrub. Amazonian: forests on white sand. 0-500 m.
Voucher: Foster 4076 (USM!)
Depts.: LO

Ossaea heteronervis (Naudin) Triana =Clidemia heteronervis (Naudin) Wurdack
Ref. FP 13(4/1) 1941: 506; Wurdack, 1971a: 126.

Ossaea laxivenula Wurdack
Ref. Wurdack, 1980: 348.
Shrub. Andean I: forests. 500-1000 m.
Voucher: Croat 58071 (US!)
Depts.: HU, SM

Ossaea micrantha (Swartz) Macfadyen ex Cogniaux
Syn. *Melastoma micrantha* Swartz
Ref. FP 13(4/1) 1941: 506; Wurdack, 1980: 350.
Shrub. Andean I: riversides. 1000-1500 m.
Voucher: Gentry *et al.* 61219 (US!)
Depts.: CA, HU, JU, LO, PA

Ossaea petiolaris (Naudin) Triana
Syn. *Diclemia petiolaris* Naudin
Ref. FP 13(4/1) 1941: 506.
Shrub. Andean I. 1000-1500 m.
Voucher: Ule 6736* (US!), Metcalf 30652 (US!)
Depts.: LO, PU

Ossaea quadrisulca (Naudin) Wurdack
Syn. *Clidemia quadrisulca* Naudin, *Leandra axilliflora* Pilger
Ref. Wurdack, 1980: 343.
Shrub. Andean I. 500-1000 m.
Voucher: Schunke 1123 (US!)
Depts.: HU, PA, SM

Ossaea robusta (Triana) Cogniaux
Syn. *Octopleura robusta* Triana
Ref. FP 13(4/1) 1941: 507; Wurdack, 1980: 349.
Treelet. Andean I. 500-1500 m.
Voucher: Ruiz s.n.* (US), Foster 8640 (MO!)
Depts.: HU, PA, SM

Ossaea semijuga Gleason =Clidemia semijuga (Gleason) Wurdack
Ref. Wurdack, 1980: 303.

[*Oxymeris cuspidata* Triana =Miconia eugenioides Triana]
Ref. FP 13(4/1) 1941: 336; Wurdack, 1973: 447.
Note: Not known from Peru.

Oxymeris glandulifera Triana =Leandra glandulifera (Triana) Cogniaux

Petaloma cauliflora C. Martius ex DC. =Mouriri cauliflora (C. Martius) ex DC.
Ref. FP 13(4/1) 1941: 518.

Platycentrum clidemioides Naudin =Leandra clidemioides (Naudin) Wurdack
Ref. Wurdack, 1984: 145.

Pleroma coronatum Triana =Brachyotum coronatum (Triana) Wurdack
Ref. Wurdack, 1965: 379.

Pleroma maurocarpum Triana =Tibouchina pleromoides (Naudin) J. F. Macbride
Ref. FP 13(4/1) 1941: 291.

Pogonorhynchus amplexans Crueger =Miconia tomentosa (Richard) D. Don
Ref. FP 13(4/1) 1941: 383; Wurdack, 1980: 147.

Prosanerpis trichocalyx S. F. Blake =Clidemia epiphytica var. trichocalyx (S. F. Blake) Wurdack
Ref. Wurdack, 1980: 311.

Pterocladon sprucei Hooker f. ex Cogniaux =Miconia bailloniana J. F. Macbride
Ref. FP 13(4/1) 1941: 388.

Pterogastra divaricata (Bonpland) Naudin
Syn. *Pterogastra major* Triana, *Rhexia divaricata* Bonpland
Ref. FP 13(4/1) 1941: 277; Renner, pers. comm.
Herb. Amazonian, Andean I: disturbed areas. 0-1500 m.
Voucher: Klug 3314 (US!)
Depts.: LO, MD

Pterogastra major Triana =Pterogastra divaricata (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 277; Renner, pers. comm.

Pterogastra major var. **angustifolia** Cogniaux
Shrub. Amazonian: disturbed areas, grasslands. 0-500 m.
Voucher: McDaniel & Rimachi 16496 (US!)
Depts.: LO

[Pterolepis glomerata (Rottboell) Miquel]
Syn. *Rhexia glomerata* Rottboell
Ref. FP 13(4/1) 1941: 278.
Note: Not known from Peru.

Pterolepis pumila (Bonpland) Cogniaux =Pterolepis trichotoma var. pumila (Bonpland) Renner
Ref. FP 13(4/1) 1941: 278.

Pterolepis trichotoma (Rottboell) Cogniaux var. **pumila** (Bonpland) Renner
Syn. *Pterolepis pumila* (Bonpland) Cogniaux, *Rhexia pumila* Bonpland
Ref. FP 13(4/1) 1941: 278; Wurdack, 1980: 81; Renner, pers. comm.
Herb. Andean I: riversides. 500-1500 m.
Voucher: Scott 883 (US!)
Depts.: AM, CU, LO, SM

Rhexia campanularis Bonpland =Brachyotum campanulare (Bonpland) Triana
Ref. FP 13(4/1) 1941: 266; Wurdack, 1980: 84.

Rhexia canescens Bonpland =Brachyotum ledifolium (Desrousseaux) Triana
Ref. FP 13(4/1) 1941: 266.

[*Rhexia cernua* Bonpland =Brachyotum cernuum (Bonpland) Triana]
Ref. Wurdack, 1953: 385.
Note: Not known from Peru.

[*Rhexia conferta* Bonpland =Brachyotum confertum (Bonpland) Triana]
Ref. FP 13(4/1) 1941: 267; Wurdack, 1980: 92.
Note: Not known from Peru.

Rhexia dicrananthera R. & P. =Monochaetum dicranantherum (R. & P.) Naudin
Ref. FP 13(4/1) 1941: 300.

Rhexia divaricata Bonpland =Pterogastra divaricata (Bonpland) Naudin
Ref. FP 13(4/1) 1941: 277.

Rhexia diversifolia Bonpland =Arthrostemma ciliatum R. & P.
Ref. FP 13(4/1) 1941: 260.

Rhexia echinata R. & P. =Tibouchina echinata (R. & P.) Cogniaux
Ref. FP 13(4/1) 1941: 285.

Rhexia excelsa Bonpland =Meriania tomentosa (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 327.

Rhexia flexuosa R. & P. =Tibouchina longifolia var. longifolia
Ref. FP 13(4/1) 1941: 288.

Rhexia glomerata Rottboell =Pterolepis glomerata (Rottboell) Miquel
Ref. FP 13(4/1) 1941: 278.

Rhexia gracilis Kunth =Tibouchina gracilis (Kunth) Cogniaux
Ref. FP 13(4/1) 1941: 286.

Rhexia indecora Bonpland =Aciotis indecora (Bonpland) Triana
Ref. FP 13(4/1) 1941: 298; Matheis, 1981: 75.

Rhexia lepidota Bonpland =Tibouchina lepidota var. lepidota
Ref. Todzia & Almeda, 1991: 193.

Rhexia longifolia Vahl =Tibouchina longifolia var. longifolia
Ref. FP 13(4/1) 1941: 288; Wurdack, 1980: 79.

Rhexia lutescens R. & P. =Brachyotum lutescens (R. & P.) Triana
Ref. FP 13(4/1) 1941: 269; Wurdack, 1953: 400.

Rhexia mollis Bonpland =Tibouchina mollis (Bonpland) Cogniaux
Ref. FP 13(4/1) 1941: 289.

Rhexia ochypetala R. & P. =Tibouchina ochypetala (R. & P.) Baillon
Ref. FP 13(4/1) 1941: 289; Wurdack, 1980: 70.

Rhexia polystachya Bonpland =Aciotis polystachya (Bonpland) Triana
Ref. FP 13(4/1) 1941: 298; Wurdack, 1980: 68.

Rhexia pumila Bonpland =Pterolepis trichotoma var. pumila (Bonpland) Renner
Ref. FP 13(4/1) 1941: 278; Wurdack, 1980: 81.

Rhexia quinquenervis R. & P. =Brachyotum quinquenerve (R. & P.) Triana
Ref. FP 13(4/1) 1941: 272.

Rhexia rosmarinifolia R. & P. =Brachyotum rosmarinifolium (R. & P.) Triana
Ref. FP 13(4/1) 1941: 273; Wurdack, 1953: 397.

Rhexia stricta Bonpland =Brachyotum strigosum (L.) Triana
Ref. FP 13(4/1) 1941: 274.

Rhexia tenella Bonpland =Ernestia tenella (Bonpland) DC.
Ref. FP 13(4/1) 1941: 259.

Rhynchanthera cordata DC.
Ref. Renner, 1990: 619.
Shrub. Andean II: grasslands. 1500-2000 m.
Voucher: Smith 2742 (MO!)
Depts.: PA

Rhynchanthera dichotoma (Desrousseaux) DC.
Syn. *Melastoma dichotoma* Desrousseaux, *Rhynchanthera hookeri* Naudin, *Rhynchanthera williamsii* Gleason
Ref. Renner, 1990: 615.
Shrub. Amazonian, Andean I-II: seasonally inundated areas. 0-2000 m.
Voucher: Ferreyra *et al.* 18249 (US!, USM!)
Depts.: SM

Rhynchanthera grandiflora (Aublet) DC.
Syn. *Melastoma grandiflora* Aublet, *Rhynchanthera haenkeana* DC., *Rhynchanthera matthaei* Naudin
Ref. Renner, 1990: 625.
Shrub or subshrub. Amazonian, Andean I-II: swamps. 0-2000 m.
Voucher: Woytkowski 35254 (MO!)
Depts.: AM, PI, SM

Rhynchanthera haenkeana DC. =Rhynchanthera grandiflora (Aublet) DC.
Ref. FP 13(4/1) 1941: 257; Renner, 1990: 625.

Rhynchanthera hookeri Naudin =Rhynchanthera dichotoma (Desrousseaux) DC.
Ref. FP 13(4/1) 1941: 257; Renner, 1990: 615.

Rhynchanthera matthaei Naudin =Rhynchanthera grandiflora (Aublet) DC.
Ref. FP 13(4/1) 1941: 257; Renner, 1990: 625.

Rhynchanthera williamsii Gleason =Rhynchanthera dichotoma (Desrousseaux) DC.
Ref. FP 13(4/1) 1941: 257; Renner, 1990: 615.

Sagraea discolor Triana =Clidemia discolor (Triana) Cogniaux
Ref. Wurdack, 1980: 307.

Sagraea epiphytica Triana =Clidemia epiphytica var. epiphytica
Ref. Wurdack, 1980: 310.

Sagraea heteronervis Naudin =Ossaea heteronervis (Naudin) Triana
Ref. FP 13(4/1) 1941: 506; Wurdack, 1971a: 126.

Sagraea serpens Triana =Clidemia serpens (Triana) Cogniaux
Ref. FP 13(4/1) 1941: 493; Wurdack, 1980: 311.

Salpinga ciliata Pilger
Ref. FP 13(4/1) 1941: 330.
Endemic herb. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Ule 6743* (US!)
Depts.: LO

[*Salpinga fasciculata* Richard ex DC. =Macrocentrum fasciculatum (Richard ex DC.) Triana]
Ref. FP 13(4/1) 1941: 329; Wurdack, 1971b: 354.
Note: Not known from Peru.

Salpinga maranonensis Wurdack
Ref. Wurdack, 1980: 50.
Herb. Andean I. 500-1000 m.
Voucher: Wurdack 1919* (US!, USM!), López *et al.* 4233 (US!)
Depts.: AM

Salpinga peruviana (Cogniaux) Wurdack
Syn. *Macrocentrum fasciculatum* var. *peruvianum* Cogniaux, *Macrocentrum peruviana* (Cogniaux) J. F. Macbride
Ref. Wurdack, 1971b: 354.
Endemic herb. Andean II. 1500-2000 m.
Voucher: Weberbauer 4645, Wolfe 12319 (US)
Depts.: HU, LO

Salpinga secunda Schrank & C. Martius ex DC.
Ref. FP 13(4/1) 1941: 330; Wurdack, 1973: 264.
Endemic herb. Amazonian: forests on white sand. 0-500 m.
Voucher: Knapp 7936 (US!)
Depts.: AM, LO, MD, SM, UC

Sandemania cogniauxii (Ule) Wurdack =Sandemania hoehnei (Cogniaux) Wurdack
Ref. Wurdack, 1960: 233; Renner, 1987: 441.

Sandemania hoehnei (Cogniaux) Wurdack
Syn. *Comelia hoehnei* Cogniaux, *Leandra cogniauxii* Ule, *Leandra purpurascens* Cogniaux, *Sandemania cogniauxii* (Ule) Wurdack, *Sandemania lilacina* Gleason
Ref. Renner, 1987: 441.
Endemic shrub. Andean I. 500-1500 m.
Voucher: Weberbauer 4606 (G)
Depts.: SM

Sandemania lilacina Gleason =Sandemania hoehnei (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 276; Wurdack, 1960: 233; Renner, 1987: 441.

Schizanthera bullata Turczaninov =Miconia bullata (Turczaninov) Triana
Ref. FP 13(4/1) 1941: 391; Wurdack, 1980: 275.

Spennera acuminifolia DC. =Aciotis acuminifolia (DC.) Triana

Spennera annua C. Martius ex DC. =Aciotis annua (C. Martius ex DC.) Triana
Ref. Wurdack, 1973: 155.

Spennera brachybotrya DC. =Aciotis brachybotrya (DC.) Triana
Ref. FP 13(4/1) 1941: 296.

Spennera caulialata (R. & P.) Naudin =Aciotis caulialata (R. & P.) Triana
Ref. FP 13(4/1) 1941: 296.

Spennera chaetodon DC. =Leandra chaetodon (DC.) Cogniaux
Ref. FP 13(4/1) 1941: 334; Wurdack, 1980: 331.

Spennera dichotoma Bentham =Aciotis dichotoma (Bentham) Cogniaux
Ref. FP 13(4/1) 1941: 297; Wurdack, 1973: 159.

Spennera dysophylla Bentham =Aciotis annua (C. Martius ex DC.) Triana
Ref. FP 13(4/1) 1941: 297; Wurdack, 1973: 155.

Spennera laxa Richard ex DC. =Aciotis laxa Richard ex Cogniaux
Ref. FP 13(4/1) 1941: 297.

Spennera longifolia C. Martius ex DC. =Aciotis longifolia (C. Martius) Triana
Ref. FP 13(4/1) 1941: 298.

Spennera panicularis Naudin =Aciotis caulialata (R. & P.) Triana
Ref. FP 13(4/1) 1941: 296.

Spennera rubricaulis C. Martius ex DC. =Aciotis rubricaulis (C. Martius) Triana
Ref. FP 13(4/1) 1941: 299.

Spennera sphaeranthera Naudin =Aciotis sphaeranthera (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 299.

Spennera viscosa Naudin =Aciotis viscosa (Naudin) Triana
Ref. Mathies, 1981: 137.

Staphidiastrum impetiolare Naudin =Clidemia pilosa D. Don
Ref. FP 13(4/1) 1941: 490; Wurdack, 1980: 296.

Staphidiastrum obliquum Grisebach ex Cogniaux =Clidemia obliqua (Grisebach ex Cogniaux) Cogniaux
Ref. FP 13(4/1) 1941: 490.

Staphidium affine Naudin =Clidemia novemnervia var. affinis (Naudin) Wurdack
Ref. FP 13(4/1) 1941: 496; Wurdack, 1971a: 124.

Staphidium brachystephanum Naudin =Clidemia dentata D. Don
Ref. FP 13(4/1) 1941: 483.

Staphidium cuneatum O. Berg ex Triana in syn. =Miconia cuneata O. Berg ex Triana
Ref. FP 13(4/1) 1941: 403.

Staphidium dispar O. Berg ex Triana =Clidemia dimorphica J. F. Macbride
Ref. FP 13(4/1) 1941: 486; Wurdack, 1980: 300.

Staphidium naevulum Naudin =Clidemia naevula (Naudin) Triana
Ref. FP 13(4/1) 1941: 489.

Staphidium sessiliflorum Naudin =Clidemia sessiliflora (Naudin) Cogniaux
Ref. FP 13(4/1) 1941: 493; Wurdack, 1980: 309.

[*Tamonea guianensis* Aublet =Miconia guianensis (Aublet) Cogniaux]
Ref. FP 13(4/1) 1941: 416.
Note: Not known from Peru.

Tessmannianthus cenepensis Wurdack
Ref. Wurdack, 1975: 492.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Kayap 337* (US!), Berlin 784 (AMAZ, MO!)
Depts.: AM

Tessmannianthus heterostemon Markgraf
Ref. FP 13(4/1) 1941: 328.
Endemic tree. Amazonian: riversides. 0-500 m.
Voucher: Tessmann 4585* (US!), Lewis *et al.* 18290 (US!)
Depts.: AM, LO

Tibouchina aspera Aublet
Ref. FP 13(4/1) 1941: 282; Wurdack, 1973: 54.
Shrub. Andean I: disturbed areas. 1000-1500 m.
Voucher: Chrostowski 70-118 (US!, USM!)
Depts.: SM

Tibouchina asperifolia Cogniaux
Ref. FP 13(4/1) 1941: 282.
Shrub. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 3357* (MOL!), Vargas 5366 (MO!)
Depts.: HU

Tibouchina brevisepala Cogniaux
Ref. FP 13(4/1) 1941: 283.
Endemic shrub. Andean II: riversides. 2500-3500 m.
Voucher: Weberbauer 4965* (B photo US!), Vargas 8324 (US!)
Depts.: AP, CU

Tibouchina calycina Cogniaux var. **calycina**
Ref. FP 13(4/1) 1941: 283.
Endemic shrub. Andean II. 2000-3000 m.
Voucher: Weberbauer 650* (US!), Boeke 3019 (MO!)
Depts.: CU, PU

Tibouchina calycina var. **parvifolia** Cogniaux
Shrub. Andean I-II: forests. 1000-3500 m.
Voucher: Dillon *et al.* 1129 (MO!, USM!)
Depts.: CU, PU

[Tibouchina clinopodifolia (DC.) Cogniaux]
Syn. *Chaetogastra clinopodifolia* DC.
Ref. FP 13(4/1) 1941: 284.
Note: Not known from Peru.

Tibouchina coronata (Triana) Cogniaux
=Brachyotum coronatum (Triana) Wurdack
Ref. FP 13(4/1) 1941: 284; Wurdack, 1965: 379.

Tibouchina cymosa Cogniaux =Tibouchina laxa (Desrousseaux) Cogniaux
Ref. FP 13(4/1) 1941: 284; Wurdack, 1980: 73.

Tibouchina decora Gleason
Ref. FP 13(4/1) 1941: 284.
Endemic shrub. Andean I-II: disturbed areas. 500-2500 m.
Voucher: Killip & Smith 22700* (US!), Smith 4135 (US!)
Depts.: AY, CU, JU, PA

Tibouchina dimorphophylla Gleason
Ref. FP 13(4/1) 1941: 285.
Endemic shrub. Andean II: forests, rocky slopes. 2500-3500 m.
Note: Cited in the Flora of Peru as *T. dimorphylla*.
Voucher: Pennell 14103* (NY), Pennell 14092 (US!)
Depts.: CU, PU

Tibouchina echinata (R. & P.) Cogniaux
Syn. *Rhexia echinata* R. & P.
Ref. FP 13(4/1) 1941: 285.
Endemic shrub. Andean II: disturbed areas. 1500-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA photo US!), Macbride 3891 (US!)
Depts.: HU, LI, PA

Tibouchina fulvipilis Cogniaux
Ref. FP 13(4/1) 1941: 286.
Endemic shrub. Andean II. 2500-3000 m.
Voucher: Weberbauer 5625* (F photo US!)
Depts.: AY

Tibouchina gayana (Naudin) Cogniaux
Syn. *Micranthella gayana* Naudin
Ref. FP 13(4/1) 1941: 286.
Endemic shrub. Andean II. 1500-2500 m.
Voucher: Weberbauer 512* (F photo US!), Metcalf 30551 (US!)
Depts.: CU, PU

Tibouchina gracilis (Kunth) Cogniaux
Syn. *Rhexia gracilis* Kunth
Ref. FP 13(4/1) 1941: 286.
Note: Not reconfirmed.

[Tibouchina grossa (L. f.) Cogniaux]
Syn. *Melastoma grossa* L. f.
Ref. FP 13(4/1) 1941: 287; Wurdack, 1980: 80.
Note: Not known from Peru.

Tibouchina hutchisonii Wurdack
Ref. Wurdack, 1967a: 258.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Hutchison *et al.* 6034* (US, USM), Allard 22102 (US)
Depts.: SM

Tibouchina incarum Gleason
Ref. FP 13(4/1) 1941: 287.
Endemic herb. Andean II: disturbed areas. 2000-2500 m.
Voucher: Núñez & Valencia 9114 (US!)
Depts.: CU

Tibouchina laevis Cogniaux
Ref. FP 13(4/1) 1941: 287.
Endemic shrub.
Voucher: Weberbauer 1139* (B photo US!)
Depts.: PU

Tibouchina laxa (Desrousseaux) Cogniaux
Syn. *Melastoma laxa* Desrousseaux, *Tibouchina cymosa* Cogniaux
Ref. FP 13(4/1) 1941: 288; Wurdack, 1980: 73.
Shrub. Andean II: disturbed areas, forests. 1500-3000 m.
Voucher: Jussieu s.n.* (P photo US!), Ferreyra 10830 (US!)
Depts.: AM, AN, CA, LA, PI

Tibouchina lepidota (Bonpland) Baillon var. *congestiflora* Cogniaux
=Tibouchina lepidota var. lepidota
Ref. Todzia & Almeda, 1991: 194.

Tibouchina lepidota var. **lepidota**
Syn. *Rhexia lepidota* Bonpland, *Tibouchina lepidota* var. *congestiflora*
Ref. Todzia & Almeda, 1991: 193.
Shrub or tree. Andean I-II: disturbed areas, forests. 500-3500 m.
Voucher: Humboldt & Bonpland s.n.* (P), Stein & Todzia 2088 (MO!)
Depts.: AM, HU, SM

Tibouchina longifolia (M. Vahl) Baillon var. **longifolia**
Syn. *Rhexia flexuosa* R. & P., *Rhexia longifolia* Vahl
Ref. FP 13(4/1) 1941: 288; Wurdack, 1980: 79.
Herb or shrub. Amazonian, Andean I-II: disturbed areas, rocky slopes. 0-2500 m.
Voucher: Barbour 4340 (US!)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PI, PU, SM, UC

Tibouchina longifolia var. **simulans** J. F. Macbride
Shrub. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Macbride 5300* (F!), Dillon *et al.* 1189 (US!)
Depts.: CU, HU, JU, LO, MD, PA, PU, UC

Tibouchina mariae Wurdack
Ref. Wurdack, 1966: 65.
Endemic shrub. Andean II: cloud forests. 1500-2500 m.
Voucher: Wurdack 632* (US!, USM), Hutchison & Wright 5649 (USM!)
Depts.: AM, CA

Tibouchina mathaei Cogniaux
Syn. *Lasiandra lepidota* Naudin
Ref. FP 13(4/1) 1941: 289.
Shrub. Andean I: disturbed areas. 500-1000 m.
Voucher: Mathews 1267* (photo US!), Woytkowski 6083 (US!)
Depts.: SM

Tibouchina maurocarpa (Triana) Cogniaux
=Tibouchina pleromoides (Naudin) J. F. Macbride
Ref. FP 13(4/1) 1941: 291.

Tibouchina mollis (Bonpland) Cogniaux
Syn. *Rhexia mollis* Bonpland
Ref. FP 13(4/1) 1941: 289.
Shrub. Andean II: forests. 2000-2500 m.
Voucher: Vargas 3378 (MO!)
Depts.: CU

Tibouchina ochypetala (R. & P.) Baillon
Syn. *Rhexia ochypetala* R. & P., *Tibouchina tessmannii* Markgraf
Ref. FP 13(4/1) 1941: 289; Wurdack, 1980: 70.
Shrub or tree. Amazonian, Andean I-II: shrublands. 0-2500 m.
Voucher: Wurdack 1842 (US!)
Depts.: AM, CA, CU, HU, JU, LO, PU, SM

Tibouchina octopetala Cogniaux
Ref. FP 13(4/1) 1941: 290.
Note: Not reconfirmed.

Tibouchina pentamera (Ule) J. F. Macbride
Syn. *Comolia pentamera* Ule
Ref. FP 13(4/1) 1941: 290.
Endemic shrub.
Voucher: Ule 6742* (B photo US!)
Depts.: LO

Tibouchina pleromoides (Naudin) J. F. Macbride
Syn. *Lasiandra pleromoides* Naudin, *Pleroma maurocarpum* Triana, *Tibouchina maurocarpa* (Triana) Cogniaux
Ref. FP 13(4/1) 1941: 291.
Endemic shrub. Andean II: forests. 2000-3000 m.
Voucher: Gentry *et al.* 23510 (US!)
Depts.: AP, CU, HU, JU

Tibouchina pulcherrima Gleason
Ref. FP 13(4/1) 1941: 291.
Endemic shrub. Andean II: disturbed areas. 1500-2500 m.
Voucher: Stein 2527 (US!)
Depts.: CU

Tibouchina purpurascens Cogniaux
Herb. Amazonian: riversides. 0-500 m.
Voucher: Chávez 1850 (MO!)
Depts.: MD

Tibouchina repens Wurdack
Ref. Wurdack, 1954: 55.
Endemic herb. Amazonian: riversides. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Allard 22082* (US!)
Depts.: SM

Tibouchina rhynchantherifolia Cogniaux
Ref. FP 13(4/1) 1941: 292; Wurdack, 1970: 371.
Endemic shrub or tree. Andean I-II: cloud forests. 1000-2000 m.
Voucher: Weberbauer 1062* (US!), Vargas 16375 (US!)
Depts.: AY, PU

Tibouchina sandiensis Wurdack
Ref. Wurdack, 1967a: 259.
Endemic shrub. Andean II: forests. 1500-2500 m.
Voucher: Ferreyra 16677* (US!), Metcalf 30606 (US!)
Depts.: PU

Tibouchina saxosa Gleason
Ref. Gleason, 1935: 135.
Endemic shrub. Andean II: forests. 2000-3500 m.
Voucher: Pennell 13992* (GH), Núñez 7711 (MO!)
Depts.: AY, CU, HU, HV

Tibouchina solmsii Cogniaux
Ref. FP 13(4/1) 1941: 292.
Shrub or tree. Andean II: rocky slopes. 2000-2500 m.
Voucher: Lechler 2179* (GOET)
Depts.: CU, HU, PU

Tibouchina stenocarpa (DC.) Cogniaux
Syn. *Lasiandra stenocarpa* DC.
Ref. FP 13(4/1) 1941: 292.
Tree. Andean II: 1500-3000 m.
Voucher: Ferreyra 16676 (US!, USM!)
Depts.: PU

Tibouchina stenopetala (Grisebach) Cogniaux
Syn. *Micranthella stenopetala* Grisebach ex Triana
Ref. FP 13(4/1) 1941: 293.
Endemic shrub. Andean I. 500-1500 m.
Voucher: Lechler 2271* (US!), Vargas 17558 (US!)
Depts.: CU, PU

Tibouchina stenophylla Cogniaux
Ref. FP 13(4/1) 1941: 293.
Endemic shrub.
Note: Known only from the type locality.
Voucher: Tessmann 4795* (B photo US!)
Depts.: LO

Tibouchina tessmannii Markgraf =Tibouchina ochypetala (R. & P.) Baillon
Ref. FP 13(4/1) 1941: 289; Wurdack, 1980: 70.

Tibouchina virescens Cogniaux =Brachyotum virescens (Cogniaux) Wurdack
Ref. FP 13(4/1) 1941: 293.

Tibouchina wasshausenii Wurdack
Ref. Wurdack, 1988b: 7.
Endemic shrub. Andean I: forests. 1000-1500 m.
Note: Known from Peru only from the type locality.
Voucher: Wasshausen & Salas 1209* (US!)
Depts.: PU

Tibouchina weberbaueri Cogniaux
Ref. FP 13(4/1) 1941: 293; Wurdack, 1966: 67.
Endemic shrub. Andean II: 1500-2500 m.
Voucher: Weberbauer 5002* (US!), Vargas 13178 (US!)
Depts.: CU

[Tococa aristata Bentham]
Ref. FP 13(4/1) 1941: 469; Wurdack, 1973: 553.
Note: Not known from Peru.

[Tococa bullifera C. Martius & Schrank ex DC.]
Ref. FP 13(4/1) 1941: 469; Wurdack, pers. comm.
Note: Not known from Peru.

Tococa capitata Trail ex Cogniaux
Ref. FP 13(4/1) 1941: 470.
Shrub. Amazonian: disturbed areas, riversides, seasonally inundated areas. 0-500 m.
Voucher: McDaniel & Rimachi 17275 (US)
Depts.: LO

Tococa caquetana Sprague
Syn. *Tococa micrantha* Ule
Ref. Wurdack, 1980: 282.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Kayap 523 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM

Tococa carolensis Gleason
Ref. Wurdack, 1980: 277.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Hutchison & Wright 3683 (US!, USM!)
Depts.: AM, HU, LO, PA, SM

Tococa caudata Markgraf
Ref. FP 13(4/1) 1941: 470.
Shrub. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Revilla 254 (MO!, USM!)
Depts.: LO

Tococa chuivensis Wurdack
Ref. Wurdack, 1964a: 423.
Endemic shrub. Andean I: forests. 500-1000 m.
Voucher: Wurdack 1920* (US!), Stein & Todzia 2222 (US!)
Depts.: AM

Tococa cinnamomea Triana
Ref. Wurdack, 1973: 545.
Shrub or tree. Amazonian: forests on white sand, riversides. 0-500 m.
Voucher: Lewis *et al.* 10305 (US!)
Depts.: LO

Tococa coronata Bentham
Shrub. Amazonian. 0-500 m.
Voucher: Vásquez & Arévalo 9006 (MO!)
Depts.: LO

Tococa discolor Pilger
Ref. FP 13(4/1) 1941: 472; Wurdack, 1980: 280.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Gentry & Revilla 20912 (MO!)
Depts.: LO

Tococa egensis Naudin
Ref. FP 13(4/1) 1941: 470.
Tree. Amazonian: riversides. 0-500 m.
Voucher: McDaniel 10934 (US!)
Depts.: LO

Tococa erioneura (Cogniaux) Wurdack
Syn. *Miconia erioneura* Cogniaux
Ref. Wurdack, 1964b: 176.
Tree. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3459 (US!)
Depts.: SM

Tococa glandulosa Gleason
Ref. FP 13(4/1) 1941: 471.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Klug 424* (NY), Williams 1092 (US)
Depts.: LO

Tococa gonoptera Gleason
Ref. FP 13(4/1) 1941: 471.
Endemic shrub. Amazonian: disturbed areas. 0-500 m.
Voucher: Killip & Smith 26288* (US), Wasshausen & Encarnación 1039 (US!, USM!)
Depts.: LO, SM

Tococa grandifolia Standley =Miconia paleacea Cogniaux
Ref. Wurdack, 1980: 136.

Tococa guianensis Aublet
Ref. FP 13(4/1) 1941: 472.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Croat 20283* (US), Killip & Smith 29996 (US!)
Depts.: AM, LO, MD

Tococa heterophylla (Desrousseaux) D. Don =Clidemia heterophylla (Desrousseaux) Gleason
Ref. FP 13(4/1) 1941: 487.

Tococa juruensis Pilger
Ref. FP 13(4/1) 1941: 472.
Herb or shrub. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9821 (MO!)
Depts.: AM, LO, SM

Tococa lasiostyla Cogniaux
Ref. FP 13(4/1) 1941: 473.
Shrub. Amazonian: forests, riversides. 0-500 m.
Voucher: Mexia 6409 (MO!)
Depts.: LO

Tococa longisepala C. Martius
Ref. FP 13(4/1) 1941: 473.

Shrub. Amazonian: riversides. 0-500 m.
Voucher: Mexia 6428 (MO!)
Depts.: LO

Tococa loretensis Ule
Ref. FP 13(4/1) 1941: 472.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Ule 6234 (US)
Depts.: LO

Tococa mexiae Wurdack
Ref. Wurdack, 1964a: 422.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Wurdack 2406* (US!), Mexia 6363 (US!)
Depts.: AM, LO

Tococa micrantha Ule =Tococa caquetana Sprague
Ref. FP 13(4/1) 1941: 473; Wurdack, 1980: 282.

Tococa occidentalis Naudin
Ref. FP 13(4/1) 1941: 474; Wurdack, 1980: 279.
Endemic shrub. Andean I: forests. 500-1000 m.
Voucher: Mathews 1306* (US), Sánchez 9081 (US!)
Depts.: CU, HU, SM

Tococa parviflora Spruce ex Triana subsp. **manserichensis** Wurdack
Ref. Wurdack, 1964a: 424.
Endemic shrub. Amazonian: riversides. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Wurdack 2092* (US!, USM!)
Depts.: LO

Tococa parviflora subsp. **parviflora**
Ref. FP 13(4/1) 1941: 474; Wurdack, 1980: 284.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Spruce 4617* (US!), Knapp & Mallet 8407 (US!)
Depts.: AM, CU, HU, LO, MD, SM

Tococa quadrialata (Naudin) J. F. Macbride
Syn. *Microphysca quadrialata* Naudin
Ref. FP 13(4/1) 1941: 474.
Endemic shrub. Amazonian, Andean I: forests, riversides. 0-1500 m.
Voucher: Schunke 10920 (US!)
Depts.: AM, CU, HU, LO, MD, PA, PU, SM, UC

Tococa sanguinea D. Don =Miconia sanguinea (D. Don) Triana
Ref. FP 13(4/1) 1941: 450.

Tococa setifera Pilger
Shrub. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Vásquez & Jaramillo 3363 (MO!)
Depts.: LO

Tococa stenoptera Gleason
Ref. FP 13(4/1) 1941: 475.
Endemic shrub. Amazonian: swamps. 0-500 m.
Voucher: Killip & Smith 26280* (NY), Stein *et al.* 3991 (US!)
Depts.: HU, JU, LO

Tococa stephanotricha Naudin
Ref. FP 13(4/1) 1941: 475.
Shrub. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 1844* (US), Allard 20447 (US!)
Depts.: AM, HU, JU, LO, MD, PA, PU, SM, UC

Tococa subciliata (DC.) Triana
Syn. *Miconia subciliata* DC.
Ref. FP 13(4/1) 1941: 476.
Tree. Andean I-II: forests. 1000-2000 m.
Voucher: Klug 3459 (MO!)
Depts.: SM

Tococa subnuda Bentham
Ref. FP 13(4/1) 1941: 476.
Note: Not reconfirmed.

Tococa temnoptera Gleason
Ref. FP 13(4/1) 1941: 477.
Endemic shrub. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Killip & Smith 26237* (US)
Depts.: JU

Tococa tetramera Wurdack
Ref. Wurdack, 1972c: 204.
Endemic shrub. Amazonian, Andean I: riversides. 0-1000 m.
Voucher: Schunke 3151* (US), Schunke 4778 (US!)
Depts.: AM, HU, JU, SM

Tococa ulei Pilger
Ref. FP 13(4/1) 1941: 477.
Endemic shrub. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 29121 (US!)
Depts.: LO

Tococa undabunda J. F. Macbride
Ref. FP 13(4/1) 1941: 477.
Shrub. Amazonian: forests. 0-500 m.
Voucher: Macbride 5734* (US), Kayap 1368 (MO!, USM!)
Depts.: AM, JU

Topobea asplundii Wurdack
Ref. Wurdack, 1980: 378.
Epiphyte herb. Amazonian, Andean I. 0-1000 m.
Voucher: Gentry & Smith 36025 (US!)
Depts.: PA

Topobea boliviensis Cogniaux ex Kuntze =Topobea multiflora (D. Don) Triana
Ref. FP 13(4/1) 1941: 512.

Topobea longipes Naudin =Topobea multiflora (D. Don) Triana
Ref. FP 13(4/1) 1941: 512; Wurdack, 1980: 380.

Topobea multiflora (D. Don) Triana
Syn. *Blakea boliviensis* (Cogniaux) Kuntze, *Blakea multiflora* D. Don, *Topobea boliviensis* Cogniaux ex Kuntze, *Topobea longipes* Naudin
Ref. FP 13(4/1) 1941: 512; Wurdack, 1980: 380.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Huashikat 2205 (MO!)
Depts.: AM, LO, PA

Topobea pascoensis Wurdack
Ref. Wurdack, 1988b: 14.
Endemic treelet. Andean II: shrubland. 1500-2000 m.
Note: Known from Peru only from the type locality.
Voucher: Foster *et al.* 7745* (US)
Depts.: PA

Triolena allardii (Wurdack) Wurdack
Syn. *Diolena allardii* Wurdack
Ref. Wurdack, 1964a: 415.
Endemic shrub. Andean I. 500-1500 m.
Voucher: Allard 20510* (US), Schunke 11462 (USM!)
Depts.: HU, SM

Triolena amazonica (Pilger) Wurdack
Syn. *Diolena amazonica* Pilger
Ref. Wurdack, 1975: 493.
Herb. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Smith 1278 (US!)
Depts.: CU, HU, JU, LO, MD, PA, UC

Triolena barbeyana Cogniaux
Ref. FP 13(4/1) 1941: 331.
Endemic subshrub.
Voucher: Ruiz & Pavón s.n.*
Depts.: Without full locality data.

Triolena obliqua (Triana) Wurdack
Syn. *Diolena obliqua* Triana
Ref. Wurdack, 1980: 61.
Note: Not reconfirmed.

Triolena pluvialis (Wurdack) Wurdack
Syn. *Diolena pluvialis* Wurdack
Ref. Wurdack, 1980: 59.
Herb. Amazonian: forests. 0-500 m.
Voucher: Stein 2147 (MO!)
Depts.: AM, LO, SM

Tschudya rufescens DC. =Leandra rufescens (DC.) Cogniaux

Valdesia latifolia R. & P. =Blakea latifolia (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 511.

Valdesia ovalis R. & P. =Blakea ovalis (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 513.

Valdesia repens R. & P. =Blakea repens (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 356.

Valdesia rosea R. & P. =Blakea rosea (R. & P.) D. Don
Ref. FP 13(4/1) 1941: 514; Wurdack, 1980: 374.

Votomita pubescens Morley
Ref. Morley, 1985: 556.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Lao 22* (F)

Meliaceae

10 genera and 69 species in Peru.

Endemic species: 4.

Prepared by L. Brako; reviewed by T. D. Pennington (K) & W. Palacios (QCNE).

Cabralea canjerana (Vell. Conc.) C. Martius subsp. **canjerana**
Syn. *Cabralea poeppigii* C. DC., *Trichilia canjerana* Vell. Conc.
Ref. Pennington *et al.*, 1981: 235.
Tree. Amazonian, Andean I-II: forests. 0-2500 m.
Voucher: Schunke 4527 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Cabralea insignis C. DC. =Ruagea insignis (C. DC.) Pennington
Ref. Pennington *et al.*, 1981: 249.

Cabralea poeppigii C. DC. =Cabralea canjerana subsp. canjerana
Ref. FP 13(3/2) 1949: 776; Pennington *et al.*, 1981: 237.

Cabralea weberbaueri Harms =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 757; Pennington *et al.*, 1981: 243.

Carapa cauliflora Poeppig =Guarea casimiriana Harms
Ref. FP 13(3/2) 1949: 758; Pennington *et al.*, 1981: 333.

Carapa guianensis Aublet
Ref. FP 13(3/2) 1949: 729; Pennington *et al.*, 1981: 407.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9243 (MO!)
Depts.: LO

Carapa sericea Poeppig =Guarea trunciflora C. DC.
Ref. FP 13(3/2) 1949: 774; Pennington *et al.*, 1981: 340.

Cedrela angustifolia Moçiño & Sessé ex DC.
Ref. FP 13(3/2) 1949: 720; Pennington *et al.*, 1981: 384.
Note: Pennington *et al.* (1981) list this as a doubtful species. The Dombey specimen cited in the Flora of Peru is probably *C. lilloi*.

Cedrela fissilis Vell. Conc.
Syn. *Cedrela huberi* Ducke, *Cedrela macrocarpa* Ducke
Ref. FP 13(3/2) 1949: 721; Pennington *et al.*, 1981: 361.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Klug 3677 (MO!)
Depts.: CA, CU, HU, JU, LO, MD, PA, SM, TU, UC

Cedrela herrerae Harms =Cedrela lilloi C. DC.
Ref. FP 13(3/2) 1949: 721; Pennington *et al.*, 1981: 368.

Cedrela huberi Ducke =Cedrela fissilis Vell. Conc.
Ref. FP 13(3/2) 1949: 722; Pennington *et al.*, 1981: 363.

Cedrela lilloi C. DC.
Syn. *Cedrela herrerae* Harms
Ref. Pennington *et al.*, 1981: 367.
Tree. Andean I-II: forests. 500-3500 m.
Voucher: Vargas 2942 (MO!)
Depts.: AN, AP, CA, CU, HV, LO, TU

Cedrela longipetiolulata Harms =Cedrela odorata L.
Ref. FP 13(3/2) 1949: 723; Pennington *et al.*, 1981: 375.

Cedrela macrocarpa Ducke =Cedrela fissilis Vell. Conc.
Ref. FP 13(3/2) 1949: 723; Pennington *et al.*, 1981: 363.

Cedrela mahagoni L. =Swietenia mahagoni (L.) Jacquin
Ref. Pennington *et al.*, 1981: 401.

Cedrela mexicana M. Roemer =Cedrela odorata L.
Ref. FP 13(3/2) 1949: 724; Pennington *et al.*, 1981: 374.
Note: Specimens listed in the Flora of Peru are not mentioned in Pennington *et al.* (1981).

Cedrela montana J. Moritz ex Turczaninov
Ref. Pennington *et al.*, 1981: 370.
Tree. Andean II-III: cloud forests, disturbed areas. 2000-4000 m.
Voucher: Smith 7911 (MO!)
Depts.: AM, AP, CA, JU, PA, PI, SM, UC

Cedrela odorata L.
Syn. *Cedrela longipetiolulata* Harms, *Cedrela mexicana* M. Roemer
Ref. FP 13(3/2) 1949: 724; Pennington *et al.*, 1981: 374.
Cultivated tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Croat 19056 (MO!)
Depts.: CA, HU, LI, LO, MD, PA, SM, UC

Cedrela weberbaueri Harms
Ref. FP 13(3/2) 1949: 725; Pennington *et al.*, 1981: 385.
Note: Pennington *et al.* (1981) list this as an imperfectly known species.
Voucher: Weberbauer 6568* (F!, MOL!), Macbride 3800 (F!)

Guarea acreana C. DC. =Guarea macrophylla subsp. pendulispica (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 755; Pennington *et al.*, 1981: 290.

Guarea aligera Harms =Guarea pterorhachis Harms
Ref. FP 13(3/2) 1949: 756; Pennington *et al.*, 1981: 326.

Guarea borisii Harms =Guarea grandifolia DC.
Ref. FP 13(3/2) 1949: 757; Pennington *et al.*, 1981: 336.

Guarea carapoides Harms
Ref. FP 13(3/2) 1949: 758; Pennington *et al.*, 1981: 333.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4376* (B destroyed, photo & frag. F), Vásquez & Jaramillo 2454 (MO!)
Depts.: AM, LO

Guarea carinata Ducke
Ref. Pennington *et al.*, 1981: 342.
Tree. Amazonian: forests. 0-500 m.
Voucher: Spichiger & Encarnación 1192 (MO!)
Depts.: LO

Guarea casimiriana Harms
Syn. *Carapa cauliflora* Poeppig, *Guarea poeppigii* C. DC. non Triana & Planchon
Ref. FP 13(3/2) 1949: 758; Pennington *et al.*, 1981: 333.
Endemic tree. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 2261* (F)
Depts.: LO

Guarea cinnamomea Harms
Ref. Pennington *et al.*, 1981: 307.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 7720 (MO!)
Depts.: LO

Guarea cristata Pennington
Ref. Pennington *et al.*, 1981: 329.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 65652 (MO!)
Depts.: LO

Guarea densiflora Poeppig =Guarea kunthiana Adr. Jussieu
Ref. FP 13(3/2) 1949: 765; Pennington *et al.*, 1981: 312.

Guarea depauperata Harms =Guarea kunthiana Adr. Jussieu
Ref. FP 13(3/2) 1949: 759; Pennington *et al.*, 1981: 313.

Guarea eggersii C. DC. =Guarea guidonia (L.) Sleumer
Ref. FP 13(3/2) 1949: 759; Pennington *et al.*, 1981: 262.

Guarea eriorhachis Harms
Ref. FP 13(3/2) 1949: 760; Pennington *et al.*, 1981: 357.
Note: Pennington *et al.* (1981) list this as a doubtful species as the extant isotype is only a fragment.

Guarea filiformis Ruiz López ex C. DC. =Guarea glabra M. Vahl
Ref. FP 13(3/2) 1949: 760; Pennington *et al.*, 1981: 268.

Guarea fissicalyx Harms
Ref. FP 13(3/2) 1949: 761; Pennington *et al.*, 1981: 291.
Tree. Andean I: forests. 500-1000 m.
Note: Possibly a synonym of *G. gomma* (Pennington *et al.*, 1981).
Voucher: Klug 2090* (MO!), Gentry & Revilla 20950 (MO!)
Depts.: LO

Guarea franciscoana C. DC. =Guarea macrophylla subsp. pendulispica (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 762; Pennington *et al.*, 1981: 290.

Guarea glabra M. Vahl
Syn. *Guarea filiformis* Ruiz López ex C. DC., *Guarea purpurea* C. DC.
Ref. Pennington *et al.*, 1981: 268.
Tree. Amazonian: forests. 0-500 m.
Voucher: Wurdack 2127 (F)
Depts.: LO

Guarea gomma Pulle
Ref. Pennington *et al.*, 1981: 291.
Tree. Andean I: forests. 500-1000 m.
Voucher: Schunke 6753 (MO!, USM!)
Depts.: AM, CU, HU, LO, MD, SM

Guarea grandifolia DC.
Syn. *Guarea borisii* Harms
Ref. FP 13(3/2) 1949: 762; Pennington *et al.*, 1981: 336.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Berlin 562 (MO!)
Depts.: AM, HU, LO, PA

Guarea guentheri Harms
Ref. FP 13(3/2) 1949: 763; Pennington *et al.*, 1981: 352.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Tessmann 4156* (B destroyed, frag. F), Berlin 421 (MO!, USM!)
Depts.: AM, LO, PA, UC

Guarea guidonia (L.) Sleumer
Syn. *Guarea eggersii* C. DC., *Guarea leticiana* Harms, *Guarea rusbyi* (Britton) Rusby, *Guarea trichilioides* L., *Samyda guidonia* L., *Sycocarpus rusbyi* Britton
Ref. Pennington *et al.*, 1981: 261.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Klug 2998 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Guarea hirsuta C. DC. =Ruagea hirsuta (C. DC.) Harms
Ref. Pennington *et al.*, 1981: 247.

Guarea huberi C. DC. =Guarea pubescens subsp. pubescens
Ref. FP 13(3/2) 1949: 763; Pennington *et al.*, 1981: 295.

Guarea huberi var. *peruviana* J. F. Macbride =Guarea pubescens subsp. pubescens
Ref. FP 13(3/2) 1949: 764; Pennington *et al.*, 1981: 296.

Guarea jelskiana (Harms) J. F. Macbride =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 764; Pennington *et al.*, 1981: 243.

Guarea juglandiformis Pennington
Ref. Pennington *et al.*, 1981: 301.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Revilla 982 (MO!)
Depts.: LO, MD

Guarea klugii Harms =Guarea silvatica C. DC.
Ref. FP 13(3/2) 1949: 764; Pennington *et al.*, 1981: 323.

Guarea kunthiana Adr. Jussieu
Syn. *Guarea densiflora* Poeppig, *Guarea depauperata* Harms, *Guarea oblongiflora* C. DC., *Guarea poeppigii* Triana & Planchon, *Guarea simplicifolia* C. DC.
Ref. FP 13(3/2) 1949: 765; Pennington *et al.*, 1981: 312.
Tree. Amazonian, Andean I-II: 0-2000 m.
Voucher: Schunke 2551 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, MD, PA, SM, UC

Guarea leticiana Harms =Guarea guidonia (L.) Sleumer
Ref. FP 13(3/2) 1949: 766; Pennington *et al.*, 1981: 263.

Guarea macrobotrys Poeppig
Ref. FP 13(3/2) 1949: 766; Pennington *et al.*, 1981: 358.
Note: Known from Peru only from the type locality. Pennington *et al.* (1981) list this as a doubtful species.
Voucher: Poeppig s.n.* (W frag. F!)

Guarea macrophylla M. Vahl subsp. **macrophylla**
Ref. Pennington *et al.*, 1981: 282.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez 10660 (MO!)
Depts.: LO

Guarea macrophylla subsp. **pachycarpa** (C. DC.) Pennington
Syn. *Guarea punctata* C. DC., *Guarea trichilioides* var. *pachycarpa* C. DC.
Ref. Pennington *et al.*, 1981: 289.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Ancuash 30 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Guarea macrophylla subsp. **pendulispica** (C. DC.) Pennington
Syn. *Guarea acreana* C. DC., *Guarea franciscoana* C. DC., *Guarea odorata* C. DC., *Guarea pendulispica* C. DC.
Ref. Pennington *et al.*, 1981: 290.
Tree. Amazonian: forests, seasonally inundated areas, riversides. 0-500 m.
Voucher: Schunke 2665 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Guarea macrophylla subsp. **tuberculata** (Vell. Conc.) Pennington
Syn. *Guarea tuberculata* Vell. Conc.
Ref. Pennington *et al.*, 1981: 285.
Tree. Amazonian: forests. 0-500 m.
Voucher: Schunke 6895 (MO!)
Depts.: HU, JU, LO, MD, PA, SM, UC

Guarea maynasiana C. DC.
Ref. FP 13(3/2) 1949: 767; Pennington *et al.*, 1981: 358.
Note: Known from Peru only from the type locality. Pennington *et al.* (1981) list this as a doubtful species and a number of Williams collections are redetermined *G. macrophylla* subsp. *pendulispica*.
Voucher: Poeppig s.n.* (B destroyed)
Depts.: Without full locality data.

Guarea microphylla Hooker =Schmardaea microphylla (Hooker) Karsten ex C. Mueller
Ref. FP 13(3/2) 1949: 726; Pennington *et al.*, 1981: 388.

Guarea microsepala (Harms) J. F. Macbride =Guarea pubescens subsp. pubescens
Ref. FP 13(3/2) 1949: 767; Pennington *et al.*, 1981: 295.

Guarea oblongiflora C. DC. =Guarea kunthiana Adr. Jussieu
Ref. FP 13(3/2) 1949: 768; Pennington *et al.*, 1981: 312.

Guarea odorata C. DC. =Guarea macrophylla subsp. pendulispica (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 768; Pennington *et al.*, 1981: 290.

Guarea pendulispica C. DC. =Guarea macrophylla subsp. pendulispica (C. DC.) Pennington
Ref. Pennington *et al.*, 1981: 290.

Guarea pilanthera C. DC. =Ruagea hirsuta (C. DC.) Harms
Ref. FP 13(3/2) 1949: 769; Pennington *et al.*, 1981: 247.

Guarea poeppigii C. DC. non Triana & Planchon =Guarea casimiriana Harms
Ref. FP 13(3/2) 1949: 758; Pennington *et al.*, 1981: 333.

Guarea poeppigii Triana & Planchon =Guarea kunthiana Adr. Jussieu
Ref. FP 13(3/2) 1949: 765; Pennington *et al.*, 1981: 312.

Guarea pterorhachis Harms
Syn. *Guarea aligera* Harms
Ref. FP 13(3/2) 1949: 769; Pennington *et al.*, 1981: 326.
Tree. Amazonian, Andean I: forests, seasonally inundated areas, riversides. 0-1500 m.
Voucher: Tessmann 3164* (B destroyed), Schunke 2778 (MO!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PA, PU, SM, UC

Guarea pubescens (Richard) Adr. Jussieu subsp. **pubescens**
Syn. *Guarea huberi* C. DC., *Guarea huberi* var. *peruviana* J. F. Macbride, *Guarea microsepala* (Harms) J. F. Macbride, *Guarea ulei* Harms ex C. DC., *Ruagea microsepala* Harms, *Trichilia pubescens* Richard
Ref. Pennington *et al.*, 1981: 295.
Tree. Amazonian: forests on white sand. 0-500 m.
Voucher: Berlin 413 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Guarea punctata C. DC. =Guarea macrophylla subsp. pachycarpa (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 770; Pennington *et al.*, 1981: 289.

Guarea purpurea C. DC. =Guarea glabra M. Vahl
Ref. FP 13(3/2) 1949: 770; Pennington *et al.*, 1981: 268.

Guarea purusana C. DC.
Ref. Pennington *et al.*, 1981: 355.
Tree. Amazonian: forests, seasonally inundated areas, riversides. 0-500 m.
Voucher: Gentry & Revilla 16663 (MO!)
Depts.: AM, LO

[*Guarea raimondii* (Harms) J. F. Macbride =Ruagea raimondii Harms]
Ref. FP 13(3/2) 1949: 771; Pennington *et al.*, 1981: 254.

Guarea rusbyi (Britton) Rusby =Guarea guidonia (L.) Sleumer
Ref. FP 13(3/2) 1949: 773; Pennington *et al.*, 1981: 262.

Guarea silvatica C. DC.
Syn. *Guarea klugii* Harms
Ref. Pennington *et al.*, 1981: 323.
Tree. Amazonian: forests. 0-500 m.
Voucher: Klug 2300 (MO!)
Depts.: AM, LO

Guarea simplicifolia C. DC. =Guarea kunthiana Adr. Jussieu
Ref. FP 13(3/2) 1949: 771; Pennington *et al.*, 1981: 312.

Guarea subsetulosa Harms
Ref. FP 13(3/2) 1949: 772; Pennington *et al.*, 1981: 359.
Note: Pennington *et al.* (1981) list this as a doubtful species.
Voucher: Syntypes Tessmann 4130*, 4501* (B destroyed)
Depts.: Without full locality data.

Guarea subviridiflora C. DC. ex Harms =Ruagea subviridiflora (C. DC. ex Harms) Harms
Ref. FP 13(3/2) 1949: 772; Pennington *et al.*, 1981: 255.

Guarea tessmannii (Harms) J. F. Macbride =Ruagea insignis (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 773; Pennington *et al.*, 1981: 249.

Guarea trichilioides L. =Guarea guidonia (L.) Sleumer
Ref. FP 13(3/2) 1949: 773; Pennington *et al.*, 1981: 261.

Guarea trichilioides var. *pachycarpa* C. DC. =Guarea macrophylla subsp. pachycarpa (C. DC.) Pennington
Ref. Pennington *et al.*, 1981: 289.

Guarea trunciflora C. DC.
Syn. *Carapa sericea* Poeppig
Ref. FP 13(3/2) 1949: 774; Pennington *et al.*, 1981: 340.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2003* (B destroyed), Ruiz & Ortecho 595 (MO!)
Depts.: JU, LO

Guarea tuberculata Vell. Conc. =Guarea macrophylla subsp. tuberculata (Vell. Conc.) Pennington
Ref. Pennington *et al.*, 1981: 285.

Guarea ulei Harms ex C. DC. =Guarea pubescens subsp. pubescens
Ref. FP 13(3/2) 1949: 775; Pennington *et al.*, 1981: 295.

Guarea velutina Adr. Jussieu
Ref. Pennington *et al.*, 1981: 299.
Tree. Amazonian: forests. 0-500 m.
Voucher: Ayala 1690 (MO!)
Depts.: LO, PA

Guarea weberbaueri C. DC. =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 775; Pennington *et al.*, 1981: 243.

Melia azedarach L.
Ref. FP 13(3/2) 1949: 718; Pennington *et al.*, 1981: 24.
Cultivated and introduced tree. Andean I, Coastal: riversides. 0-1500 m.
Voucher: Berlin 3660 (MO!)
Depts.: AM, CA, CU, HU, IC, LI, LL, LO, SM

Moschoxylum cipo Adr. Jussieu =Trichilia cipo (Adr. Jussieu) C. DC.
Ref. Pennington *et al.*, 1981: 152.

Moschoxylum pachypodum Rusby =Trichilia pachypoda (Rusby) C. DC. ex Harms
Ref. Pennington *et al.*, 1981: 160.

Moschoxylum pentandrum Poeppig =Trichilia quadrijuga subsp. quadrijuga
Ref. FP 13(3/2) 1949: 748; Pennington *et al.*, 1981: 155.

Moschoxylum viride Rusby =Trichilia elegans subsp. elegans
Ref. FP 13(3/2) 1949: 738; Pennington *et al.*, 1981: 84.

Odontandra tuberculata Triana & Planchon =Trichilia tuberculata (Triana & Planchon) C. DC.
Ref. Pennington *et al.*, 1981: 201.

Portesia echinocarpa Vriese =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 744; Pennington *et al.*, 1981: 95.

Ruagea augusti Harms =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 757; Pennington *et al.*, 1981: 243.

Ruagea glabra Triana & Planchon
Syn. *Cabralea weberbaueri* Harms, *Guarea jelskiana* (Harms) J. F. Macbride, *Guarea weberbaueri* C. DC., *Ruagea augusti* Harms, *Ruagea jelskiana* Harms, *Ruagea weberbaueri* (C. DC.) Harms
Ref. Pennington *et al.*, 1981: 243.
Tree. Amazonian, Andean I-II: forests. 0-3000 m.
Voucher: Sánchez 3168 (MO!)
Depts.: AM, CA, CU, LO, PA, SM

Ruagea hirsuta (C. DC.) Harms
Syn. *Guarea hirsuta* C. DC., *Guarea pilanthera* C. DC., *Ruagea pilanthera* (C. DC.) Harms
Ref. Pennington *et al.*, 1981: 247.
Tree. Andean II: cloud forests. 1500-3500 m.
Voucher: Weberbauer 5656* (G), Cano 1609 (MO!)
Depts.: AY, PI, SM

Ruagea insignis (C. DC.) Pennington
Syn. *Cabralea insignis* C. DC., *Guarea tessmannii* (Harms) J. F. Macbride, *Ruagea tessmannii* Harms
Ref. Pennington *et al.*, 1981: 249.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Tessmann 4029* (G), Smith 3129 (MO!)
Depts.: AM, JU

Ruagea jelskiana Harms =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 764; Pennington *et al.*, 1981: 243.

Ruagea microsepala Harms =Guarea pubescens subsp. pubescens
Ref. FP 13(3/2) 1949: 767; Pennington *et al.*, 1981: 295.

Ruagea pilanthera (C. DC.) Harms =Ruagea hirsuta (C. DC.) Harms
Ref. FP 13(3/2) 1949: 769; Pennington *et al.*, 1981: 247.

Ruagea raimondii Harms
Syn. *Guarea raimondii* (Harms) J. F. Macbride
Ref. FP 13(3/2) 1949: 771; Pennington *et al.*, 1981: 254.
Note: Pennington *et al.* (1981) list this as a doubtful species as type material could not be located.

Ruagea subviridiflora (C. DC. ex Harms) Harms
Syn. *Guarea subviridiflora* C. DC. ex Harms
Ref. FP 13(3/2) 1949: 772; Pennington *et al.*, 1981: 255.
Note: Known from Peru only from the type locality. Pennington *et al.* (1981) list this as a doubtful species.
Voucher: Weberbauer 4989* (B destroyed, frag. G)

Ruagea tessmannii Harms =Ruagea insignis (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 773; Pennington *et al.*, 1981: 249.

Ruagea weberbaueri (C. DC.) Harms =Ruagea glabra Triana & Planchon
Ref. FP 13(3/2) 1949: 775; Pennington *et al.*, 1981: 243.

Samyda guidonia L. =Guarea guidonia (L.) Sleumer
Ref. Pennington *et al.*, 1981: 261.

Schmardaea microphylla (Hooker) Karsten ex C. Mueller
Syn. *Guarea microphylla* Hooker
Ref. FP 13(3/2) 1949: 726; Pennington *et al.*, 1981: 388.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Mathews 2128 (BM)
Depts.: AM, PI

Swietenia krukovii Gleason =Swietenia macrophylla King
Ref. FP 13(3/2) 1949: 727; Pennington *et al.*, 1981: 396.

Swietenia macrophylla King
Syn. *Swietenia krukovii* Gleason, *Swietenia tessmannii* Harms
Ref. FP 13(3/2) 1949: 727; Pennington *et al.*, 1981: 395.
Cultivated tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 9450 (MO!)
Depts.: HU, LI, LO, MD, SM, UC

Swietenia mahagoni (L.) Jacquin
Syn. *Cedrela mahagoni* L.
Ref. Pennington *et al.*, 1981: 401.
Cultivated tree. Coastal. 0-500 m.
Voucher: Medina & Daza 8 (MO!)
Depts.: LI

Swietenia tessmannii Harms =Swietenia macrophylla King
Ref. FP 13(3/2) 1949: 727; Pennington *et al.*, 1981: 395.

Sycocarpus rusbyi Britton =Guarea guidonia (L.) Sleumer
Ref. Pennington *et al.*, 1981: 262.

Toona australis (F. Mueller) Harms
Syn. *Toona ciliata* var. *australis* F. Mueller
Ref. Pennington *et al.*, 1981: 386.
Cultivated tree. Coastal. 0-500 m.
Voucher: Medina & Daza 112 (MO!)
Depts.: LI

Toona ciliata var. *australis* F. Mueller =Toona australis (F. Mueller) Harms
Ref. Pennington *et al.*, 1981: 386.

Trichilia adolfi Harms
Ref: Palacios, pers. comm.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez 1910 (MO!)
Depts.: LO, MD, SM

Trichilia alba C. DC. =Trichilia elegans subsp. elegans
Ref. FP 13(3/2) 1949: 738; Pennington *et al.*, 1981: 85.

[*Trichilia alternans* C. DC. =Trichilia surinamensis (Miquel) C. DC.]
Ref. FP 13(3/2) 1949: 733; Pennington *et al.*, 1981: 147.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Pennington *et al.* (1981) as *T. poeppigii*.

Trichilia amplifolia C. DC. =Trichilia poeppigii C. DC.
Ref. FP 13(3/2) 1949: 733; Pennington *et al.*, 1981: 162.

Trichilia canjerana Vell. Conc. =Cabralea canjerana subsp. canjerana
Ref. FP 13(3/2) 1949: 776; Pennington *et al.*, 1981: 235.

Trichilia cardenasii Rusby =Trichilia pleeana (Adr. Jussieu) C. DC.
Ref. FP 13(3/2) 1949: 734; Pennington *et al.*, 1981: 198.

[Trichilia catigua Adr. Jussieu]
Ref. FP 13(3/2) 1949: 734; Pennington *et al.*, 1981: 191.
Note: Not known from Peru. Specimens cited in the Flora of Peru are redetermined by Pennington *et al.* (1981) as *Trichilia quadrijuga* var. *quadrijuga* and *T. pleeana*.

Trichilia cipo (Adr. Jussieu) C. DC.
Syn. *Moschoxylum cipo* Adr. Jussieu
Ref. Pennington *et al.*, 1981: 152.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Simpson & Schunke 808 (G)
Depts.: LO

Trichilia echinocarpa (Vriese) Walpers =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 744; Pennington *et al.*, 1981: 95.

Trichilia elegans Adr. Jussieu subsp. **elegans**
Syn. *Moschoxylum viride* Rusby, *Trichilia alba* C. DC., *Trichilia guayaquilensis* C. DC., *Trichilia validinervia* Harms, *Trichilia weberbaueri* C. DC.
Ref. Pennington *et al.*, 1981: 84.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 4366 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, PI, SM, TU, UC

[Trichilia elsae Harms]
Ref. FP 13(3/2) 1949: 735; Pennington *et al.*, 1981: 189.
Note: Not known from Peru.

Trichilia ernestii Harms =Trichilia pleeana (Adr. Jussieu) C. DC.
Ref. FP 13(3/2) 1949: 735; Pennington *et al.*, 1981: 198.

Trichilia euneura C. DC.
Ref. Pennington *et al.*, 1981: 42.
Tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez & Jaramillo 4908 (MO!)
Depts.: LO

Trichilia eurysepala Harms =Trichilia septentrionalis C. DC.
Ref. FP 13(3/2) 1949: 736; Pennington *et al.*, 1981: 126.

Trichilia flava C. DC. =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 737; Pennington *et al.*, 1981: 96.

Trichilia gigantophylla Harms =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 738; Pennington *et al.*, 1981: 96.

Trichilia guayaquilensis C. DC. =Trichilia elegans subsp. elegans
Ref. FP 13(3/2) 1949: 738; Pennington *et al.*, 1981: 84.

Trichilia guianensis Klotzsch ex C. DC. =Trichilia rubra C. DC.
Ref. FP 13(3/2) 1949: 739; Pennington *et al.*, 1981: 75.

Trichilia havanensis Jacquin
Ref. Pennington *et al.*, 1981: 112.
Tree. Amazonian, Andean I: forests. 0-1500 m.
Note: Pennington *et al.* (1981) refer to a single collection of this taxon from Cuzco that may represent an introduced plant.
Voucher: Mexia 8051 (MO!)
Depts.: CU

Trichilia hirta L.
Ref. Pennington *et al.*, 1981: 51.
Tree. Amazonian, Andean I-II: forests. 0-3000 m.
Voucher: Simpson & Schunke 533 (NY)
Depts.: MD, PI, SM, TU, UC

Trichilia hispida Pennington
Ref. Pennington *et al.*, 1981: 73.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Croat 19007 (MO!, USM!)
Depts.: LO

Trichilia inaequilatera Pennington
Ref. Pennington *et al.*, 1981: 209.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Revilla *et al.* 2583 (MO!)
Depts.: LO, PA, SM, UC

Trichilia iquitosensis Harms =Trichilia poeppigii C. DC.
Ref. FP 13(3/2) 1949: 739; Pennington *et al.*, 1981: 162.

Trichilia lanceolata C. DC. =Trichilia maynasiana subsp. lanceolata (C. DC.) Pennington
Ref. FP 13(3/2) 1949: 740; Pennington *et al.*, 1981: 145.

Trichilia laxipaniculata Cuatrecasas
Ref. Pennington *et al.*, 1981: 146.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Note: The collection listed below may belong to this species, but differs from other collections by having 8 anthers.
Voucher: Vásquez 6938 (MO!)
Depts.: AM

Trichilia macbrideana Harms =Trichilia singularis C. DC.
Ref. FP 13(3/2) 1949: 740; Pennington *et al.*, 1981: 218.

Trichilia macrophylla Bentham =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 741; Pennington *et al.*, 1981: 95.

Trichilia martiana C. DC.
Ref. Pennington *et al.*, 1981: 58.
Tree. Amazonian, Andean I-II: riversides. 0-2000 m.
Voucher: Díaz & Ruiz 937 (MO!)
Depts.: LO, PA, SM

Trichilia maynasiana C. DC. subsp. **lanceolata** (C. DC.) Pennington
Syn. *Trichilia lanceolata* C. DC.
Ref. Pennington *et al.*, 1981: 145.
Tree. Inundated areas.
Note: Known from Peru only from the type locality.
Voucher: Spruce 4593* (G-DC)
Depts.: Without full locality data.

Trichilia maynasiana subsp. **maynasiana**
Syn. *Trichilia sexanthera* C. DC.
Ref. FP 13(3/2) 1949: 741; Pennington *et al.*, 1981: 145.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Poeppig s.n.* (P), Klug 3826 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Trichilia mazanensis J. F. Macbride
Ref. FP 13(3/2) 1949: 742; Pennington *et al.*, 1981: 45.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 136* (F), Revilla 392 (MO!)
Depts.: LO

Trichilia micrantha Bentham
Ref. Pennington *et al.*, 1981: 69.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Schunke 5193 (MO!)
Depts.: HU, LO

Trichilia montana Kunth =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 742; Pennington *et al.*, 1981: 95.

Trichilia pachypoda (Rusby) C. DC. ex Harms
Syn. *Moschoxylum pachypodum* Rusby
Ref. Pennington *et al.*, 1981: 160.
Tree.
Voucher: Foster & Augspurger 3181 (FHO)
Depts.: MD

Trichilia pallida Swartz
Syn. *Portesia echinocarpa* Vriese, *Trichilia echinocarpa* (Vriese) Walpers, *Trichilia flava* C. DC., *Trichilia gigantophylla* Harms, *Trichilia macrophylla* Bentham, *Trichilia montana* Kunth, *Trichilia peruviana* C. DC., *Trichilia riedelii* C. DC.
Ref. Pennington *et al.*, 1981: 95.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Klug 2966 (MO!)
Depts.: AM, AY, CU, HU, LO, MD, PA, PU, SM, UC

Trichilia peruviana C. DC. =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 743; Pennington *et al.*, 1981: 96.

Trichilia pittieri C. DC.
Tree. Andean II: forests. 1500-2000 m.
Voucher: Leo 205 (MO!)
Depts.: SM

Trichilia pleeana (Adr. Jussieu) C. DC.
Syn. *Trichilia cardenasii* Rusby, *Trichilia ernestii* Harms, *Trichilia ruiziana* C. DC., *Trichilia tarapotoana* C. DC.
Ref. Pennington *et al.*, 1981: 198.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Klug 3896 (MO!)
Depts.: HU, LO, MD, PA, SM

Trichilia poeppigii C. DC.
Syn. *Trichilia amplifolia* C. DC., *Trichilia iquitosensis* Harms, *Trichilia williamsii* Harms
Ref. FP 13(3/2) 1949: 744; Pennington *et al.*, 1981: 162.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry 43412 (MO!)
Depts.: AM, HU, LO, MD

Trichilia ptariana Steyermark =Matayba oligandra Sandwith (Sapindaceae)
Ref. Steyermark, 1988: 1069.

Trichilia pubescens Richard =Guarea pubescens subsp. pubescens
Ref. Pennington *et al.*, 1981: 295.

Trichilia quadrijuga subsp. **quadrijuga**
Syn. *Moschoxylum pentandrum* Poeppig, *Trichilia tocacheana* C. DC.
Ref. Pennington *et al.*, 1981: 155.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Killip & Smith 28861 (NY)
Depts.: AM, AY, LO, MD, PA, SM, UC

Trichilia riedelii C. DC. =Trichilia pallida Swartz
Ref. FP 13(3/2) 1949: 744; Pennington *et al.*, 1981: 96.

Trichilia rubra C. DC.
Syn. *Trichilia guianensis* Klotzsch ex C. DC.
Ref. Pennington *et al.*, 1981: 75.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 6775 (MO!)
Depts.: AM, LO, MD, SM

Trichilia ruiziana C. DC. =Trichilia pleeana (Adr. Jussieu) C. DC.
Ref. FP 13(3/2) 1949: 745; Pennington *et al.*, 1981: 198.

Trichilia septentrionalis C. DC.
Syn. *Trichilia eurysepala* Harms
Ref. Pennington *et al.*, 1981: 126.
Tree. Amazonian, Andean I: forests, disturbed areas. 0-1500 m.
Voucher: Klug 2742 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Trichilia sexanthera C. DC. =Trichilia maynasiana subsp. maynasiana
Ref. FP 13(3/2) 1949: 746; Pennington *et al.*, 1981: 145.

Trichilia singularis C. DC.
Syn. *Trichilia macbrideana* Harms
Ref. FP 13(3/2) 1949: 746; Pennington *et al.*, 1981: 218.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Croat 20185 (MO!)
Depts.: LO, SM, UC

Trichilia solitudinis Harms
Ref. FP 13(3/2) 1949: 747; Pennington *et al.*, 1981: 187.
Tree. Amazonian: forests. 0-500 m.
Voucher: Tessmann 5160* (B destroyed, NY), Gentry *et al.* 65602 (MO!)
Depts.: LO, MD, PA

Trichilia stipitata Pennington
Ref. Pennington *et al.*, 1981: 117.
Tree. Amazonian: forests. 0-500 m.
Voucher: Pennington *et al.* 10099* (FHO)
Depts.: LO

[Trichilia surinamensis (Miquel) C. DC.]
Syn. *Trichilia alternans* C. DC.

Ref. Pennington *et al.*, 1981: 147.
Note: Not known from Peru.

Trichilia tarapotoana C. DC. =Trichilia pleeana (Adr. Jussieu) C. DC.
Ref. FP 13(3/2) 1949: 748; Pennington *et al.*, 1981: 198.

Trichilia tocacheana C. DC. =Trichilia quadrijuga subsp. quadrijuga
Ref. FP 13(3/2) 1949: 748; Pennington *et al.*, 1981: 155.

Trichilia tomentosa Kunth
Ref. FP 13(3/2) 1949: 749; Pennington *et al.*, 1981: 63.
Endemic shrub or tree. Amazonian, Andean I-II: forests. 500-2500 m.
Voucher: Humboldt & Bonpland s.n.* (P)
Depts.: CA, PI

Trichilia tuberculata (Triana & Planchon) C. DC.
Syn. *Odontandra tuberculata* Triana & Planchon
Ref. Pennington *et al.*, 1981: 201.
Tree. Amazonian: forests. 0-500 m.
Voucher: Gentry *et al.* 55995 (MO!)
Depts.: HU, LO

Trichilia ulei C. DC.
Ref. FP 13(3/2) 1949: 749; Pennington *et al.*, 1981: 184.
Endemic tree. Amazonian: forests. 0-500 m.
Voucher: Ule 6612* (B destroyed MG), Williams 6828 (F)
Depts.: LO, SM

Trichilia validinervia Harms =Trichilia elegans subsp. elegans
Ref. FP 13(3/2) 1949: 750; Pennington *et al.*, 1981: 86.

Trichilia weberbaueri C. DC. =Trichilia elegans subsp. elegans
Ref. FP 13(3/2) 1949: 751; Pennington *et al.*, 1981: 86.

Trichilia williamsii Harms =Trichilia poeppigii C. DC.
Ref. FP 13(3/2) 1949: 751; Pennington *et al.*, 1981: 162.

Menispermaceae

14 genera and 74 species in Peru.

Endemic species: 10.

Prepared by L. Brako; reviewed by R. C. Barneby (NY).

Abuta aristeguietae Krukoff & Barneby
Ref. Barneby & Krukoff, 1971: 43.
Liana. Andean II. 1500-2000 m.
Voucher: Woytkowski 5541 (GH)
Depts.: JU

[*Abuta candicans* Richard ex DC. =Curarea candicans (Richard ex DC.) Barneby & Krukoff]
Ref. FP 13(2/3) 1938: 686; Barneby & Krukoff, 1971: 12.
Note: Not known from Peru.

Abuta concolor Poeppig & Endlicher =Abuta grandifolia (C. Martius) Sandwith
Ref. FP 13(2/3) 1938: 698.

Abuta duckei Diels =Telitoxicum duckei (Diels) Moldenke
Ref. Krukoff & Moldenke, 1938: 48.

Abuta ecuadorensis Moldenke =Abuta pahni (C. Martius) Krukoff & Barneby
Ref. Krukoff & Barneby, 1970: 17.

Abuta fluminum Krukoff & Barneby
Ref. Krukoff & Barneby, 1972: 38.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Schunke 4685 (NY!)
Depts.: LO, SM

Abuta grandifolia (C. Martius) Sandwith
Syn. *Abuta concolor* Poeppig & Endlicher, *Cocculus grandifolius* C. Martius
Ref. FP 13(2/3) 1938: 698; Barneby & Krukoff, 1971: 51.
Liana, shrub or tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Vásquez *et al.* 12376 (NY!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Abuta grisebachii Triana & Planchon
Ref. Krukoff & Moldenke, 1938: 68.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Mathias & Taylor 3775 (NY!, USM!)
Depts.: LO, SM

Abuta imene (C. Martius) Eichler
Syn. *Abuta klugii* Moldenke, *Cocculus imene* C. Martius
Ref. Barneby & Krukoff, 1971: 46.
Vine. Amazonian: riversides, seasonally inundated areas. 0-500 m.
Voucher: Barbour 5531 (NY!)
Depts.: AM, LO, MD, PA

Abuta klugii Moldenke =Abuta imene (C. Martius) Eichler
Ref. FP 13(2/3) 1938: 699; Barneby & Krukoff, 1971: 46.

Abuta macrocarpa Moldenke
Ref. Krukoff & Barneby, 1970: 6.
Liana. Amazonian: riversides. 0-500 m.
Voucher: Mathias & Taylor 4068 (USM!)
Depts.: HU, LO, SM

Abuta mycetandra Krukoff & Barneby
Ref. Barneby & Krukoff, 1971: 45.
Liana. Amazonian: forests. 0-500 m.
Voucher: Mathias & Taylor 5604* (NY!)
Depts.: LO

Abuta obovata Diels
Ref. Barneby & Krukoff, 1971: 48.
Liana. Amazonian. 0-500 m.
Voucher: Lewis *et al.* 14386 (MO!)
Depts.: LO

Abuta pahni (C. Martius) Krukoff & Barneby
Syn. *Abuta ecuadorensis* Moldenke, *Cocculus pahni* C. Martius
Ref. Barneby & Krukoff, 1971: 43.
Liana. Andean I. 500-1000 m.
Voucher: Schunke 11771 (NY!)
Depts.: AM, HU, JU, LO, MD, SM, UC

Abuta rufescens Aublet
Ref. Barneby & Krukoff, 1971: 37.
Liana or vine. Amazonian. 0-1000 m.
Voucher: Schunke 10202 (NY!, USM!)
Depts.: HU, LO, UC

Abuta sandwithiana Krukoff & Barneby
Ref. Krukoff & Barneby, 1970: 18.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 18511 (NY!)
Depts.: LO

Abuta solimoesensis Krukoff & Barneby
Ref. Barneby & Krukoff, 1971: 48.
Liana. Amazonian, Andean I: riversides, seasonally inundated areas. 0-1000 m.
Voucher: Vásquez 6048 (NY!)
Depts.: HU, LO, SM

Abuta soukupii Moldenke
Ref. Krukoff & Moldenke, 1947: 380.
Endemic liana or vine. Coastal. 0-500 m.
Voucher: Soukup 1466* (F)
Depts.: LI

Abuta splendida Krukoff & Moldenke
Ref. Barneby & Krukoff, 1971: 41.
Liana. Amazonian: forests. 0-500 m.
Voucher: Schunke 1970/23 (NY!)
Depts.: HU, LO

Abuta velutina Gleason
Ref. Barneby & Krukoff, 1971: 48.
Liana or tree. Amazonian. 0-500 m.
Voucher: Schunke 8143 (NY!)
Depts.: HU, LO, SM

Anomospermum andersonii Krukoff
Ref. Krukoff, 1979b: 250.
Liana. Amazonian. 0-500 m.
Voucher: Mathias & Taylor 5090 (NY!)
Depts.: SM

Anomospermum bolivianum Krukoff & Moldenke
Ref. Krukoff & Barneby, 1970: 29.
Liana or vine. Amazonian, Andean I: disturbed areas, forests on white sand. 0-1500 m.
Voucher: Smith 3891 (NY!)
Depts.: HU, LO, MD, PA, PU

Anomospermum chloranthum Diels subsp. **chloranthum**
Ref. FP 13(2/3) 1938: 696; Barneby & Krukoff, 1971: 68.
Liana or vine. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Ule 9388* (B), Gentry & Revilla 20846 (NY!)
Depts.: HU, JU, LO

Anomospermum chloranthum subsp. **confusum** Krukoff & Barneby

Ref. Barneby & Krukoff, 1971: 69.
Liana or vine. Amazonian. 0-500 m.
Voucher: Foster & Terbourgh 6332 (NY!)
Depts.: HU, LO, MD

Anomospermum dielsianum Moldenke
=Anomospermum reticulatum subsp. dielsianum (Moldenke) Krukoff & Barneby
Ref. Barneby & Krukoff, 1971: 74.

Anomospermum grandifolium Eichler
Syn. *Elissarrhena grandifolia* (Eichler) Diels
Ref. FP 13(2/3) 1938: 697; Barneby & Krukoff, 1971: 64.
Liana. Amazonian: riversides, seasonally inundated areas. 0-1000 m.
Voucher: Schunke 1126 (NY!)
Depts.: HU, MD, SM, UC

Anomospermum hirsutum Krukoff & Moldenke =Orthomene hirsuta (Krukoff & Moldenke) Barneby & Krukoff
Ref. Barneby & Krukoff, 1971: 81.

Anomospermum japurense (C. Martius) Eichler =Borismene japurensis (C. Martius) Barneby
Ref. FP 13(2/3) 1938: 696; Barneby, 1972a: 145.

Anomospermum minutiflorum Diels
=Telitoxicum minutiflorum (Diels) Moldenke
Ref. FP 13(2/3) 1938: 696; Krukoff & Moldenke, 1938: 49.

Anomospermum reticulatum (C. Martius) Eichler subsp. **dielsianum** (Moldenke) Krukoff & Barneby
Syn. *Anomospermum dielsianum* Moldenke
Ref. Barneby & Krukoff, 1971: 74.
Liana. Amazonian. 0-500 m.
Voucher: Schunke 3001 (NY!)
Depts.: HU, MD

Anomospermum reticulatum subsp. **reticulatum**
Ref. Barneby & Krukoff, 1971: 74.
Liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Gentry *et al.* 21280 (NY!)
Depts.: LO, MD

Anomospermum schomburgkii Miers
=Orthomene schomburgkii (Miers) Krukoff & Barneby
Ref. FP 13(2/3) 1938: 697; Barneby & Krukoff, 1971: 80.

Borismene japurensis (C. Martius) Barneby
Syn. *Anomospermum japurense* (C. Martius) Eichler, *Cocculus japurensis* C. Martius
Ref. Barneby, 1972a: 145.
Liana or vine. Amazonian. 0-500 m.
Voucher: Schunke 10 (NY!)
Depts.: AM, HU, LO, MD, SM

Botryopsis spruceana Eichler
=Chondrodendron tomentosum R. & P.
Ref. FP 13(2/3) 1938: 687; Krukoff & Moldenke, 1938: 16.

Caryomene grandifolia Barneby & Krukoff
Ref. Krukoff, 1979b: 247.
Liana. Amazonian. 0-500 m.
Voucher: Schunke 26 (NY!)
Depts.: AN, LO, SM, UC

[*Chondrodendron candicans* (Richard ex DC.) Sandwith =Curarea candicans (Richard ex DC.) Barneby & Krukoff]
Ref. FP 13(2/3) 1938: 686; Barneby & Krukoff, 1971: 12.
Note: Not known from Peru.

Chondrodendron convolvulaceum Poeppig
=Disciphania convolvulacea (Poeppig) Diels
Ref. FP 13(2/3) 1938: 691; Barneby, 1970: 156.

Chondrodendron cretosum Miers
=Chondrodendron tomentosum R. & P.
Ref. FP 13(2/3) 1938: 687; Krukoff & Moldenke, 1938: 16.

Chondrodendron iquitanum Diels
=Curarea toxicofera (Weddell) Barneby & Krukoff
Ref. FP 13(2/3) 1938: 686; Barneby & Krukoff, 1971: 9.

Chondrodendron polyanthum Diels
=Curarea toxicofera (Weddell) Barneby & Krukoff
Ref. FP 13(2/3) 1938: 687; Barneby & Krukoff, 1971: 9.

Chondrodendron tomentosum R. & P.
Syn. *Botryopsis spruceana* Eichler, *Chondrodendron cretosum* Miers, *Cocculus chondodendron* DC., *Epibaterium tomentosum* (R. & P.) Persoon
Ref. FP 13(2/3) 1938: 687; Krukoff & Moldenke, 1938: 16.
Liana. Amazonian: Andean I. 0-1000 m.
Voucher: Ruiz & Pavón 34110* (F!), Killip & Smith 28885 (NY!)
Depts.: CU, HU, JU, LO, MD, PA, SM, UC

Chondrodendron toxicoferum (Weddell) Krukoff & Moldenke =Curarea toxicofera (Weddell) Barneby & Krukoff
Ref. Barneby & Krukoff, 1971: 9.

Cissampelos andromorpha DC.
Ref. FP 13(2/3) 1938: 683; Rhodes, 1975: 440.
Vine. Amazonian, Andean I: disturbed areas, forests on white sand. 0-1500 m.
Voucher: Vásquez & Jaramillo 10253 (NY!)
Depts.: LO, HU, MD, SM, UC

Cissampelos caapeba L. =Cissampelos pareira L.
Ref. Rhodes, 1975: 446.

Cissampelos cordata Ruiz, mss.
=Cissampelos pareira L.
Ref. FP 13(2/3) 1938: 684.

Cissampelos fasciculata Bentham
Syn. *Cissampelos floribunda* Miers
Ref. FP 13(2/3) 1938: 684; Rhodes, 1975: 443.
Vine. Amazonian, Andean I-II: disturbed areas, forests, riversides. 0-2500 m.
Voucher: Schunke 5147 (NY!)
Depts.: CU, HU, LO, PI

Cissampelos floribunda Miers
=Cissampelos fasciculata Bentham
Ref. Rhodes, 1975: 444.

Cissampelos glaberrima A. St. Hilaire
Ref. Rhodes, 1975: 429.
Vine. Amazonian: forests. 0-3000 m.
Voucher: Killip & Smith 29384 (NY!)
Depts.: LO

Cissampelos grandifolia Triana & Planchon
Ref. FP 13(2/3) 1938: 684; Rhodes, 1975: 432.
Liana or vine. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 3567 (NY!, USM!)
Depts.: AM, HU, LO, MD

Cissampelos haenkeana Presl
=Cissampelos pareira L.
Ref. FP 13(2/3) 1938: 684.

Cissampelos hirsutissima Presl
=Cissampelos pareira L.
Ref. FP 13(2/3) 1938: 684.

Cissampelos laxiflora Moldenke
Ref. Rhodes, 1975: 437.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Gentry *et al.* 52235 (NY!)
Depts.: HU, LO

Cissampelos pareira L.
Syn. *Cissampelos caapeba* L., *Cissampelos cordata* Ruiz, mss., *Cissampelos haenkeana* Presl, *Cissampelos hirsutissima* Presl, *Cissampelos pareira* var. *haenkeana* Presl ex Diels
Ref. FP 13(2/3) 1938: 684; Rhodes, 1975: 446.
Liana or vine. Andean I-II: disturbed areas, forests. 500-2000 m.
Voucher: Woytkowski 5315 (NY!)
Depts.: AY, CU, HU, JU, LA, PA, SM

Cissampelos pareira var. *haenkeana* Presl ex Diels =Cissampelos pareira L.
Ref. FP 13(2/3) 1938: 684.

Cissampelos tropaeolifolia DC.
Ref. FP 13(2/3) 1938: 685; Rhodes, 1975: 424.
Liana or vine. Amazonian, Andean I: disturbed areas, riversides. 0-1500 m.
Voucher: Barbour 5541 (NY!)
Depts.: AM, AY, CU, HU, JU, LO, MD, PU, SM

Cocculus chondodendron DC.
=Chondrodendron tomentosum R. & P.
Ref. FP 13(2/3) 1938: 687; Krukoff & Moldenke, 1938: 16.

Cocculus domingensis DC. =Hyperbaena domingensis (DC.) Bentham
Ref. FP 13(2/3) 1938: 695; Mathias & Theobald, 1981: 89.

Cocculus grandifolius C. Martius =Abuta grandifolia (C. Martius) Sandwith

Cocculus imene C. Martius =Abuta imene (C. Martius) Eichler

Cocculus japurensis C. Martius =Borismene japurensis (C. Martius) Barneby
Ref. FP 13(2/3) 1938: 696.

Cocculus laurifolius DC.
Liana. Coastal. 0-500 m.
Voucher: Soukup 3521 (NY!)
Depts.: LI

Cocculus pahni C. Martius =Abuta pahni (C. Martius) Krukoff & Barneby
Ref. Barneby & Krukoff, 1971: 43.

[*Cocculus pauper* Grisebach =Odontocarya tamoides var. canescens (Miers) Barneby]
Ref. FP 13(2/3) 1938: 690; Barneby, 1970: 91.
Note: Not known from Peru.

Cocculus toxicoferus Weddell =Curarea toxicofera (Weddell) Barneby & Krukoff
Ref. FP 13(2/3) 1938: 685; Barneby & Krukoff, 1971: 9.

[Curarea candicans (Richard ex DC.) Barneby & Krukoff]
Syn. *Abuta candicans* Richard ex DC., *Chondrodendron candicans* (Richard ex DC.) Sandwith, *Sciadotenia candicans* (Richard ex DC.) Diels
Ref. Barneby & Krukoff, 1971: 12.
Note: Not known from Peru.

Curarea tecunarum Barneby & Krukoff
Ref. Barneby & Krukoff, 1971: 12.
Liana. Amazonian. 0-500 m.
Voucher: Gentry *et al.* 42157 (NY!)
Depts.: AM, HU, LO, MD, SM, UC

Curarea toxicofera (Weddell) Barneby & Krukoff
Syn. *Chondrodendron iquitanum* Diels, *Chondrodendron polyanthum* Diels, *Chondrodendron toxicoferum* (Weddell) Krukoff & Moldenke, *Cocculus toxicoferus* Weddell, *Hyperbaena polyantha* Diels
Ref. Barneby & Krukoff, 1971: 9.
Liana. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Castelnau s.n.* (P), Gentry *et al.* 25720 (NY!)
Depts.: AM, HU, LO, MD, SM, UC

[Disciphania clausa Diels]
Ref. FP 13(2/3) 1938: 691.
Note: Not known from Peru.

Disciphania convolvulacea (Poeppig) Diels
Syn. *Chondrodendron convolvulaceum* Poeppig, *Odontocarya convolvulacea* (Poeppig) Miers
Ref. FP 13(2/3) 1938: 691; Barneby, 1970: 156.
Endemic herb.
Note: Known from Peru only from the type locality.
Voucher: Poeppig 1394* (B photo NY!)
Depts.: HU

Disciphania cubijensis (Knuth) Sandwith
Syn. *Dioscorea cubijensis* Knuth (Dioscoreaceae)
Ref. Barneby, 1970: 150.
Vine. Amazonian. 0-500 m.
Voucher: Barbour 5115 (NY!)
Depts.: MD

Disciphania dioscoreoides Barneby
Ref. Barneby, 1990b: 178.
Vine. Amazonian: forests. 0-500 m.
Voucher: Schunke 4557* (NY!), Schunke 3730 (NY!)
Depts.: LO, SM

Disciphania ernstii Eichler var. **ernstii**
Ref. FP 13(2/3) 1938: 691; Barneby, 1970: 132.
Vine. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Ayala *et al.* 2668 (NY!)
Depts.: AM, JU, LO, MD, SM

Disciphania ernstii var. **uncinulata** Barneby
Ref. Barneby, 1970: 134.
Liana. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Williams 5235* (F), Rimachi 682 (NY!)
Depts.: LO, SM

Disciphania heterophylla Barneby
Ref. Barneby, 1981b: 515.
Endemic vine. Amazonian. 0-500 m.
Voucher: Barbour 5062* (MO!)
Depts.: MD

Disciphania killipii Diels
Ref. FP 13(2/3) 1938: 692; Barneby, 1970: 139.
Liana. Amazonian, Andean I: seasonally inundated areas. 0-1000 m.
Voucher: Killip & Smith 27041* (US), Vásquez & Jaramillo 3646 (NY!)
Depts.: LO, SM

Disciphania lobata Eichler
Ref. FP 13(2/3) 1938: 692; Barneby, 1970: 141.
Liana. Amazonian. 0-500 m.
Voucher: Klug 780 (NY!)
Depts.: AM, LO

Disciphania remota Diels
Ref. FP 13(2/3) 1938: 692; Barneby, 1970: 137.
Endemic vine. Amazonian. 0-500 m.
Voucher: Killip & Smith 27892* (B destroyed, F), Williams 4649 (F)
Depts.: LO

Disciphania smithii Barneby
Ref. Barneby, 1970: 136.
Vine. Amazonian, Andean I. 0-1000 m.
Voucher: Schunke 12471 (NY!)
Depts.: JU, SM

Disciphania tessmannii Diels
Ref. FP 13(2/3) 1938: 693; Barneby, 1970: 135.
Vine. Amazonian: disturbed areas. 0-500 m.
Voucher: Tessmann 3385* (NY!), Gentry *et al.* 25467A (NY!)
Depts.: LO, UC

Elissarrhena grandifolia (Eichler) Diels =Anomospermum grandifolium Eichler
Ref. FP 13(2/3) 1938: 697.

Epibaterium tomentosum (R. & P.) Persoon =Chondrodendron tomentosum R. & P.
Ref. FP 13(2/3) 1938: 687; Krukoff & Moldenke, 1938: 16.

Hyperbaena domingensis (DC.) Bentham
Syn. *Cocculus domingensis* DC.
Ref. FP 13(2/3) 1938: 695; Mathias & Theobald, 1981: 89.
Vine. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Knapp *et al.* 7053 (NY!)
Depts.: HU, LL, LO, MD, SM

Hyperbaena polyantha Diels =Curarea toxicofera (Weddell) Barneby & Krukoff
Ref. FP 13(2/3) 1938: 687; Barneby & Krukoff, 1971: 9.

Odontocarya arifolia Barneby
Ref. Barneby, 1970: 120.
Liana. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Woytkowski 5374* (F), Vásquez & Jaramillo 9320 (NY!)
Depts.: LO, MD, SM

Odontocarya convolvulacea (Poeppig) Miers =Disciphania convolvulacea (Poeppig) Diels
Ref. FP 13(2/3) 1938: 691; Barneby, 1970: 156.

Odontocarya deminuta (Diels) Barneby
Syn. *Somphoxylon deminutum* Diels
Ref. Barneby, 1970: 121.
Endemic liana. Amazonian: forests. 0-500 m.
Voucher: Tessmann 4967* (B destroyed), Williams 2663 (F)
Depts.: LO

Odontocarya dielsiana Barneby
Syn. *Somphoxylon ulei* Diels
Ref. Barneby & Krukoff, 1971: 114.
Liana. Amazonian: forests. 0-500 m.
Voucher: Ule 6696* (MG)
Depts.: LO

Odontocarya diplobotrya Diels
Ref. FP 13(2/3) 1938: 689; Barneby, 1970: 100.
Liana. Amazonian, Andean I-II: disturbed areas, seasonally inundated areas. 0-2000 m.
Voucher: Poeppig s.n.*, Smith 4175 (NY!)
Depts.: AY, JU, LO, MD, PA, SM, UC

Odontocarya echinus Barneby
Ref. Barneby, 1970: 101.
Vine. Amazonian: disturbed areas, seasonally inundated areas. 0-500 m.
Voucher: Woytkowski 5546* (GH), Foster & Terbourgh 6201 (NY!, USM!)
Depts.: AY, JU, LO, MD, UC

Odontocarya emarginata Barneby
Ref. Barneby, 1970: 105.
Vine. Amazonian: riversides. 0-500 m.
Voucher: Schunke 6409 (NY!)
Depts.: LO, SM

Odontocarya floribunda Diels
Ref. FP 13(2/3) 1938: 689; Barneby, 1970: 107.
Liana. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Klug 3317 (NY!)
Depts.: AM, LO, SM

Odontocarya hederaefolia var. *canescens* Miers =Odontocarya tamoides var. canescens (Miers) Barneby
Ref. Barneby, 1970: 91.

Odontocarya klugii (A. C. Smith) Barneby
Syn. *Somphoxylon klugii* A. C. Smith
Ref. Barneby, 1970: 117.
Liana. Amazonian. 0-500 m.
Voucher: Klug 276 (NY!)
Depts.: LO

Odontocarya krukoviana Barneby
Ref. Barneby, 1970: 99.
Vine. Amazonian: forests. 0-500 m.
Voucher: Gentry & Revilla 16247 (USM!)
Depts.: MD

Odontocarya magnifolia (A. C. Smith) Barneby
Syn. *Somphoxylon magnifolium* A. C. Smith
Ref. Barneby, 1970: 118
Liana. Amazonian. 0-500 m.
Voucher: Tunqui 415 (NY!)
Depts.: AM

Odontocarya monandra Barneby
Ref. Barneby, 1981c: 1.
Liana. Amazonian: forests, riversides. 0-500 m.
Voucher: Davidson 9884* (NY!), Schunke 8257 (NY!)
Depts.: SM

[*Odontocarya paupera* (Grisebach) Diels =Odontocarya tamoides var. canescens (Miers) Barneby]
Ref. FP 13(2/3) 1938: 690; Barneby, 1970: 91.
Note: Not known from Peru.

Odontocarya rusbyi Barneby
Ref. Barneby, 1970: 119.
Vine. Amazonian. 0-500 m.
Voucher: Gentry *et al.* 27257 (NY!)
Depts.: MD

[Odontocarya tamoides (de Candolle) Miers var. canescens (Miers) Barneby]
Syn. *Cocculus pauper* Grisebach, *Odontocarya hederaefolia* var. *canescens* Miers, *Odontocarya paupera* (Grisebach) Diels
Ref. Barneby, 1970: 91.
Note: Not known from Peru.

Odontocarya tripetala Diels
Ref. Barneby, 1970: 108.
Liana. Amazonian, Andean I: disturbed areas. 0-1000 m.
Voucher: Vásquez & Jaramillo 8290 (NY!)
Depts.: AM, HU, LO, MD, PA, SM

Odontocarya ulei Diels
Ref. FP 13(2/3) 1938: 690; Barneby, 1970: 106.
Liana. Amazonian, Andean I: rocky slopes. 0-1000 m.
Voucher: Woytkowski 5919 (NY!)
Depts.: AM, JU, LO, MD, SM

Odontocarya uva-alba Barneby
Ref. Barneby, 1972a: 142.
Endemic liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Woytkowski 5519* (NY!), McDaniel 13993 (NY!)
Depts.: SM, UC

Odontocarya wullschlaegelii (Eichler) Barneby var. **wullschlaegellii**
Syn. *Somphoxylon wullschlaegelii* Eichler
Ref. Barneby, 1970: 111.
Vine. Amazonian. 0-500 m.
Voucher: Ule 6696 (F!)
Depts.: LO

Orthomene hirsuta (Krukoff & Moldenke) Barneby & Krukoff
Syn. *Anomospermum hirsutum* Krukoff & Moldenke
Ref. Barneby & Krukoff, 1971: 81.
Liana. Amazonian. 0-500 m.
Voucher: Vásquez & Jaramillo 7982 (NY!)
Depts.: LO

Orthomene schomburgkii (Miers) Krukoff & Barneby
Syn. *Anomospermum schomburgkii* Miers
Ref. Barneby & Krukoff, 1971: 80.
Liana. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Schunke 4561 (NY!)
Depts.: HU, LO, MD, PA, SM

Sciadotenia amazonica Eichler
Ref. Barneby & Krukoff, 1971: 23.
Liana. Amazonian. 0-500 m.
Voucher: Vásquez & Jaramillo 10248 (NY!)
Depts.: LO

[Sciadotenia brachypoda Diels]
Ref. FP 13(2/3) 1938: 688.
Note: Not known from Peru.

[*Sciadotenia candicans* (Richard ex DC.) Diels =Curarea candicans (Richard ex DC.) Barneby & Krukoff]
Ref. FP 13(2/3) 1938: 686; Barneby & Krukoff, 1971: 12.
Note: Not known from Peru.

Sciadotenia eichleriana Moldenke
Ref. Barneby & Krukoff, 1971: 20.
Liana. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Schunke 1614 (NY!)
Depts.: HU, UC

Sciadotenia mathiasiana Krukoff & Barneby
Ref. Krukoff & Barneby, 1970: 46.
Endemic liana. Amazonian: forests. 0-500 m.
Note: Known from Peru only from the type locality.
Voucher: Schunke 6373* (NY, USM!)
Depts.: LO

Sciadotenia peruviana Krukoff & Barneby
Endemic vine. Amazonian. 0-500 m.
Voucher: Kayap 97* (NY)
Depts.: AM

Sciadotenia ramiflora Eichler
Ref. FP 1294: 688; Barneby & Krukoff, 1971: 21.
Endemic liana. Amazonian. 0-500 m.
Voucher: Poeppig 2271* (F photo NY!), Klug 1299 (F)
Depts.: LO

Sciadotenia similis Moldenke
Ref. FP 13(2/3) 1938: 688; Krukoff & Barneby, 1970: 44.
Liana. Amazonian. 0-500 m.
Voucher: Woytkowski 7552 (US)
Depts.: LO

Sciadotenia toxifera Krukoff & A. C. Smith
Liana. Amazonian: forests. 0-500 m.
Voucher: Schunke 10023 (NY!)
Depts.: HU, LO, MD, SM, UC

Somphoxylon deminutum Diels =Odontocarya deminuta (Diels) Barneby
Ref. FP 13(2/3) 1938: 693; Barneby, 1970: 121.

Somphoxylon klugii A. C. Smith =Odontocarya klugii (A. C. Smith) Barneby
Ref. FP 13(2/3) 1938: 693; Barneby, 1970: 117.

Somphoxylon magnifolium A. C. Smith =Odontocarya magnifolia (A. C. Smith) Barneby
Ref. Barneby, 1970: 118

Somphoxylon ulei Diels =Odontocarya dielsiana Barneby

Ref. FP 13(2/3) 1938: 694; Barneby, 1970: 114.

Somphoxylon wullschlaegelii Eichler =Odontocarya wullschlaegelii var. wullschlaegelii
Ref. FP 13(2/3) 1938: 694; Barneby, 1970: 111.

[Synandropus membranaceus A. C. Smith]
Ref. FP 13(2/3) 1938: 694.
Note: Not known from Peru.

Telitoxicum duckei (Diels) Moldenke
Syn. *Abuta duckei* Diels
Ref. Krukoff & Moldenke, 1938: 48.
Liana. Amazonian. 0-500 m.
Voucher: Díaz *et al.* 1027 (NY!)
Depts.: LO

Telitoxicum krukovii Moldenke
Ref. Barneby & Krukoff, 1971: 30.
Liana. Amazonian. 0-500 m.
Voucher: Schunke 15 (NY!)
Depts.: HU, LO, SM, UC

Telitoxicum minutiflorum (Diels) Moldenke
Syn. *Anomospermum minutiflorum* Diels
Ref. Krukoff & Moldenke, 1938: 49.
Liana. Amazonian. 0-500 m.
Voucher: Tessmann 4565* (B photo F), Vásquez & Jaramillo 11039 (NY!)
Depts.: LO, SM

Telitoxicum peruvianum Moldenke
Ref. Krukoff & Moldenke, 1938: 45.
Endemic liana. Amazonian: seasonally inundated areas. 0-500 m.
Voucher: Klug 2129* (F), Vásquez & Jaramillo 10464 (NY!)
Depts.: LO, SM, UC

Menyanthaceae

1 genus and 1 species in Peru.

Treated under the Gentianaceae in the Flora of Peru.

Prepared by J. L. Zarucchi; reviewed by P. J. M. Maas (U).

Limnanthemum humboldtianum (H.B.K.) Grisebach =Nymphoides indica (L.) Kuntze
Ref. FP 13(5/1) 1959: 271.

Limnanthemum indicum (L.) Grisebach =Nymphoides indica (L.) Kuntze

Menyanthes indica L. =Nymphoides indica (L.) Kuntze
Ref. Ornduff, 1969: 351.

Nymphoides humboldtiana (H.B.K.) Kuntze =Nymphoides indica (L.) Kuntze
Ref. Ornduff, 1969: 351.

Nymphoides indica (L.) Kuntze
Syn. *Limnanthemum humboldtianum* (H.B.K.) Grisebach, *Limnanthemum indicum* (L.) Grisebach, *Menyanthes indica* L., *Nymphoides humboldtianum* (H.B.K.) Kuntze, *Villarsia humboldtiana* H.B.K., *Villarsia indica* (L.) Ventenat
Ref. Ornduff, 1969: 351.
Aquatic herb. Amazonian: floating, seasonally inundated areas, swamps. 0-500 m.
Note: Treated under *Limnanthemum humboldtianum* in the Flora of Peru.

Villarsia humboldtiana H.B.K. =Nymphoides indica (L.) Kuntze
Ref. FP 13(5/1) 1959: 271; Ornduff, 1969: 351.

Villarsia indica (L.) Ventenat =Nymphoides indica (L.) Kuntze

Molluginaceae

1 genus and 3 species in Peru.

Included in the Aizoaceae in the Flora of Peru.

Prepared by L. Brako.

[Glinus radiatus (R. & P.) Rohrbach]
Syn. *Mollugo radiata* R. & P.
Ref. FP 13(2/2) 1937: 558.
Note: Not known from Peru.

Mollugo cerviana (L.) Seringe ex DC. var. **cerviana**
Syn. *Pharnaceum cerviana* L.
Herb. Amazonian. 0-500 m.
Voucher: Sagástegui *et al.* 9174 (MO!)
Depts.: CA

[*Mollugo radiata* R. & P. =Glinus radiatus (R. & P.) Rohrbach]
Ref. FP 13(2/2) 1937: 558.
Note: Not known from Peru.

Mollugo snodgrassii B. L. Robinson
Herb. Coastal: desert. 500-1500 m.
Voucher: Smith 6161 (MO!)
Depts.: CA

Mollugo verticillata L.
Ref. FP 13(2/2) 1937: 559.
Herb. Andean I, Coastal: beach, lomas, rocky slopes. 0-1000 m.
Voucher: Hutchison & Wright 5433 (MO!)
Depts.: AN, AR, CA, LA, LI, LL, PI, TU

Pharnaceum cerviana L. =Mollugo cerviana var. cerviana

Monimiaceae

2 genera and 55 species in Peru.

Endemic species: 14.

Prepared by R. L. Liesner (MO); reviewed by S. S. Renner (AAU) and R. Schoenfelder (AAU--*Mollinedia*).

Citrosma R. & P.
Note: Often in literature as *Citriosma*.

Citrosma amazonum Tulasne =Siparuna asperula (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 802.

Citrosma aspera R. & P. ex Tulasne =Siparuna tomentosa (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 801.

Citrosma asperula Tulasne =Siparuna asperula (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 802.

Citrosma bifida Poeppig & Endlicher =Siparuna bifida (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 802.

Citrosma cristata Poeppig & Endlicher =Siparuna cristata (Poeppig & Endlicher) A. DC.

Citrosma decipiens Tulasne =Siparuna decipiens (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 804.

Citrosma discolor Poeppig & Endlicher =Siparuna guianensis Aublet
Ref. Renner, pers. comm.

Citrosma eriocalyx Tulasne =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 805; Renner, pers. comm.

Citrosma laurifolia H.B.K. =Siparuna laurifolia (H.B.K.) A. DC.

Citrosma limoniodora R. & P. ex Tulasne =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 814; Renner, pers. comm.

Citrosma macrophylla H.B.K. =Siparuna pyricarpa (R. & P.) Perkins

Citrosma muricata R. & P. =Siparuna muricata (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 810.

Citrosma neglecta Tulasne =Siparuna neglecta (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 810.

Citrosma ovalis R. & P. =Siparuna ovalis (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 811.

Citrosma paniculata Sprengel =Endlicheria paniculata (Sprengel) J. F. Macbride (Lauraceae)
Ref. FP 13(2/3) 1938: 850.

Citrosma pauciflora Beurling =Siparuna pauciflora (Beurling) A. DC.
Ref. FP 13(2/3) 1938: 812.

Citrosma poeppigii Tulasne =Siparuna poeppigii (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 813.

Citrosma pyricarpa R. & P. =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 814; Renner, pers. comm.

Citrosma radiata Poeppig & Endlicher =Siparuna radiata (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 814.

Citrosma suaveolens Tulasne =Siparuna suaveolens (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 815.

Citrosma subinodora R. & P. =Siparuna subinodora (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 816.

Citrosma thecaphora Poeppig & Endlicher =Siparuna thecaphora (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 816.

Citrosma tomentosa (R. & P.) A. DC. =Siparuna tomentosa (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 817.

[Laurelia sempervirens (R. & P.) Tulasne]
Ref. FP 13(2/3) 1938: 784.
Note: Not known from Peru.

Mollinedia casca J. F. Macbride
Ref. FP 13(2/3) 1938: 786.
Endemic. Amazonian. 0-500 m.
Voucher: Williams 4585* (F)
Depts.: LO

Mollinedia caudata J. F. Macbride
Ref. FP 13(2/3) 1938: 786; Spichiger *et al.*, 1989: 175.
Liana, shrub or tree. Amazonian, Andean I. 0-1500 m.
Voucher: Killip 26562* (F), Asunción 253 (MO!)
Depts.: AM, HU, JU, LO

Mollinedia grandifolia Perkins
Ref. FP 13(2/3) 1938: 787; Peixoto, 1979: 177.
Shrub or tree. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Tessmann 4581* (B photo F!), Schunke 7037 (MO!)
Depts.: HU, LO, PA, SM

Mollinedia grosseserrata Perkins
Ref. FP 13(2/3) 1938: 787.
Endemic shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Lobb s.n.* (B photo F!), Williams 857 (F)
Depts.: LO

Mollinedia killipii J. F. Macbride
Ref. FP 13(2/3) 1938: 787; Peixoto, 1979: 179.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Killip & Smith 29751* (US), Vásquez 2924 (MO)
Depts.: AM, LO, MD, UC

Mollinedia krukovii A. C. Smith
Ref. FP 13(2/3) 1938: 788.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Vásquez 9075 (MO!)
Depts.: LO

Mollinedia lanceolata R. & P.
Ref. FP 13(2/3) 1938: 788.
Shrub. Andean I. 500-1000 m.
Note: May be a form of *Mollinedia grandifolia*.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Foster 7301 (MO!)
Depts.: MD

Mollinedia latifolia (Poeppig & Endlicher) Tulasne
Syn. *Tetratome latifolia* Poeppig & Endlicher
Ref. FP 13(2/3) 1938: 788.
Shrub, treelet or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 2216* (B photo F!), Gentry 25744 (MO)
Depts.: AM, CU, HU, LO, MD, SM

Mollinedia ovata R. & P.
Ref. FP 13(2/3) 1938: 789.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Vásquez 3080 (MO!)
Depts.: CU, HU, LO, MD, PA, SM, UC

Mollinedia pulcherrima Sleumer
Ref. FP 13(2/3) 1938: 789.
Tree or treelet. Amazonian, Andean I-II: forests. 0-3000 m.
Note: This name may include more than one species.
Voucher: Raimondi s.n.*, Smith 5626A (MO!)
Depts.: CA, CU, HU, LO, PA

Mollinedia racemosa (Schlechtendal) Tulasne
Syn. *Tetratome racemosa* Schlechtendal, *Tetratome triflora* Poeppig & Endlicher
Ref. FP 13(2/3) 1938: 789.
Shrub, treelet or tree. Amazonian, Andean I-II. 0-2500 m.
Note: This name may include more than one species.
Voucher: Poeppig 1577* (B photo F), Gentry 45718 (MO!)
Depts.: AM, HU, JU, LO, MD, PU, SM

Mollinedia repanda R. & P.
Ref. FP 13(2/3) 1938: 790; Peixoto, 1979: 201.
Tree. Andean I-II: forests. 500-2500 m.
Voucher: Ruiz & Pavón s.n.* (B photo F!), Foster 7240 (MO!)
Depts.: HU, MD

Mollinedia rusbyana Perkins
Ref. Perkins, 1900: 682.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Núñez 5985 (MO!)
Depts.: MD

Mollinedia simulans J. F. Macbride
Ref. FP 13(2/3) 1938: 790; Peixoto, 1979: 215.
Endemic shrub. Andean I: forests. 1000-1500 m.
Note: *Klug 2226*, the other specimen cited in the Flora of Peru under this species, is a *Siparuna*.
Voucher: Williams 6977* (F)
Depts.: SM

Mollinedia tessmannii Perkins
Ref. FP 13(2/3) 1938: 790; Peixoto, 1983: 21.
Endemic tree or treelet. Amazonian, Andean I-II: forests. 0-2500 m.
Note: This name may include more than one species.
Voucher: Tessmann 3364* (B photo F!), Smith 4632 (MO!)
Depts.: AM, HU, LO, MD, SM

Siparuna aspera (R. & P. ex Tulasne) A. DC. =Siparuna tomentosa (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 801; Renner, pers. comm.

Siparuna asperula (Tulasne) A. DC.
Syn. *Citrosma amazonum* Tulasne, *Citrosma asperula* Tulasne
Ref. FP 13(2/3) 1938: 802.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 1961* (B photo F!), Klug 1641 (F)
Depts.: LO, SM

Siparuna auriculata A. DC.
Ref. FP 13(2/3) 1938: 802.
Shrub, tree, treelet or vine. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Spruce 4369* (B photo F!), Croat 58018 (MO!)
Depts.: LO, SM

Siparuna bifida (Poeppig & Endlicher) A. DC.
Syn. *Citrosma bifida* Poeppig & Endlicher, *Siparuna cervicornis* Perkins, *Siparuna obstipa* J. F. Macbride
Ref. FP 13(2/3) 1938: 802.
Shrub, tree or treelet. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Poeppig 2131B* (P), Grández 1431 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, PA, SM, UC

Siparuna calignosa J. F. Macbride
Ref. FP 13(2/3) 1938: 803.
Endemic tree. Amazonian. 0-500 m.
Voucher: Killip & Smith 27069* (US)
Depts.: LO

Siparuna calocarpa Perkins =Siparuna tomentosa (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 801; Renner, pers. comm.

Siparuna cervicornis Perkins =Siparuna bifida (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 803; Renner, pers. comm.

Siparuna crassiflora Perkins =Siparuna cristata (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 803; Renner, pers. comm.

Siparuna cristata (Poeppig & Endlicher) A. DC.
Syn. *Citrosma cristata* Poeppig & Endlicher, *Siparuna crassiflora* Perkins, *Siparuna sarmentosa* Perkins, *Siparuna ucayaliensis* Perkins
Shrub or tree. Amazonian: terra firme forests. 0-1500 m.
Voucher: Spruce 4907* (B photo F!), Díaz 69 (MO)
Depts.: AM, LO, MD, SM, UC

Siparuna cuspidata (Tulasne) A. DC.
Syn. *Siparuna lepidiflora* Perkins
Ref. Renner, pers. comm.
Shrub or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 1189 (F)
Depts.: AM, LO

Siparuna cuzcoana Perkins
Ref. FP 13(2/3) 1938: 804.
Shrub. Andean I: riversides. 1000-1500 m.
Voucher: Weberbauer 5042* (B photo F!), Vargas 8215 (MO!)
Depts.: CU

Siparuna dasyantha Perkins
Ref. FP 13(2/3) 1938: 804.
Shrub or tree. Andean I: forests. 1000-1500 m.
Voucher: Gentry 18803 (MO!)
Depts.: HU, LO

Siparuna decipiens (Tulasne) A. DC.
Syn. *Citrosma decipiens* (Tulasne) A. DC., *Siparuna lepidantha* Perkins
Ref. FP 13(2/3) 1938: 804.
Shrub or tree. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Croat 51060 (MO!)
Depts.: HU, LO, MD, PU, SM, UC

Siparuna eriocalyx (Tulasne) A. DC. =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 805; Renner, pers. comm.

Siparuna exsculpta Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 805; Renner, pers. comm.
Note: *Siparuna insculpta* Perkins is a misspelling of this species.

Siparuna fulva A. DC.
Ref. FP 13(2/3) 1938: 805.
Shrub or tree. Andean I-II: forests. 1000-2000 m.
Voucher: Spruce 4361* (G photo F!), Woytkowski 6661 (MO!)
Depts.: CA, HU, JU, PA, SM

Siparuna galbina J. F. Macbride
Ref. FP 13(2/3) 1938: 805.
Endemic shrub. Andean I. 500-1000 m.
Voucher: Killip & Smith 22453* (F)
Depts.: AY

Siparuna gigantophylla Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 806; Renner, pers. comm.

Siparuna gilgiana Perkins
Ref. FP 13(2/3) 1938: 806.
Shrub, tree or treelet. Amazonian, Andean I: terra firme forests, seasonally inundated areas. 0-1000 m.
Note: This name may include more than one species.
Voucher: Tessmann 4464* (B photo F!), Díaz 2299 (MO!)
Depts.: AM, CU, HU, JU, LO, MD

Siparuna guianensis Aublet
Syn. *Citrosma discolor* Poeppig & Endlicher
Ref. FP 13(2/3) 1938: 806.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Ayala 2067 (MO!)
Depts.: AM, CU, HU, LO, MD, PA, SM, UC

Siparuna harongifolia Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 807; Renner, pers. comm.

Siparuna heteropoda Perkins
Ref. FP 13(2/3) 1938: 807.
Shrub or tree. Amazonian. 0-500 m.
Voucher: Vásquez 1244 (MO!)
Depts.: LO

Siparuna hispida A. DC.
Ref. FP 13(2/3) 1938: 807.
Shrub or tree. Amazonian: forests. 0-500 m.
Voucher: Spruce 4243* (G photo F!), Encarnacion 26062 (MO!)
Depts.: HV, LO, PA, SM, UC

Siparuna laurifolia (H.B.K.) A. DC.
Syn. *Citrosma laurifolia* H.B.K.
Shrub or tree. Andean I. 1000-1500 m.
Voucher: Gentry 18855 (MO!)
Depts.: HU

Siparuna lepidantha Perkins =Siparuna decipiens (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 808; Renner, pers. comm.

Siparuna lepidiflora Perkins =Siparuna cuspidata (Tulasne) A. DC.
Ref. FP 13(2/3) 1938: 808; Renner, pers. comm.

Siparuna limoniodora A. DC. =Siparuna pyricarpa (R. & P.) Perkins
Ref. Renner, pers. comm.

Siparuna loretensis Perkins
Ref. FP 13(2/3) 1938: 808.
Shrub. Andean I. 1000-1500 m.
Note: This species may be a synonym of *S. thecaphora* (Renner, pers. comm.).
Voucher: Ule 6829* (B photo F!), Croat 19397 (MO!)
Depts.: LO, SM

Siparuna lyrata Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 808; Renner, pers. comm.

Siparuna macrophylla (H.B.K.) A. DC. =Siparuna pyricarpa (R. & P.) Perkins
Ref. Renner, pers. comm.

Siparuna macrotepala Perkins
Ref. FP 13(2/3) 1938: 809.
Shrub or treelet. Amazonian: forests. 0-500 m.
Voucher: Ule 6833* (B photo F!), Knapp 8491 (MO!)
Depts.: AM, LO, SM

Siparuna magnifica Perkins =Siparuna radiata (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 809; Renner, pers. comm.

Siparuna mathewsii Perkins =Siparuna muricata (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 810; Renner, pers. comm.

Siparuna mollicoma (C. Martius ex Tulasne) A. DC.
Shrub, tree or treelet. Amazonian, Andean I-II: forests. 0-2000 m.
Note: This name may include more than one species.
Voucher: Young 853 (MO!)
Depts.: AM, HU, LO, PA

Siparuna muricata (R. & P.) A. DC.
Syn. *Citrosma muricata* R. & P., *Siparuna mathewsii* Perkins, *Siparuna pseudoumbellata* Perkins, *Siparuna umbelliflora* Perkins
Ref. FP 13(2/3) 1938: 810.
Shrub or tree. Andean II: forests. 2500-3000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Díaz 4301 (MO!)
Depts.: AM, AY, CA, HU, JU, SM

Siparuna neglecta (Tulasne) A. DC.
Syn. *Citrosma neglecta* Tulasne
Ref. FP 13(2/3) 1938: 810.
Shrub or tree. Andean II: forests. 2500-3000 m.
Voucher: Bonpland 3366* (B photo F!), Weberbauer 6620 (F)
Depts.: JU

Siparuna obstipa J. F. Macbride =Siparuna bifida (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 811; Renner, pers. comm.

Siparuna olivaceo-velutina Sleumer
Ref. Sleumer, 1934: 67.
Shrub or tree. Andean I-II: forests, cloud forests, disturbed areas. 500-2000 m.
Voucher: Núñez 12016 (MO!)
Depts.: CU, HU, LO, SM

Siparuna ovalis (R. & P.) A. DC.
Syn. *Citrosma ovalis* R. & P.
Ref. FP 13(2/3) 1938: 811.
Endemic shrub.

Voucher: Ruiz & Pavón 906* (G photo F!), Ruiz & Pavón 24-38 (MA photo F!)
Depts.: HU

Siparuna pachyantha A. C. Smith
Ref. Smith, 1939: 293.
Tree. Amazonian: forests. 0-500 m.
Voucher: Pipoly 14389 (MO!)
Depts.: LO

Siparuna parviflora Perkins
Ref. FP 13(2/3) 1938: 811.
Endemic shrub. Andean I. 1000-1500 m.
Voucher: Ule 6584* (G frag. F), Ule 6584a (B photo F!)
Depts.: LO

Siparuna pauciflora (Beurling) A. DC.
Syn. *Citrosma pauciflora* Beurling
Ref. FP 13(2/3) 1938: 812.
Shrub or tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 1641 (MO!)
Depts.: AM, CU, LO, MD

Siparuna perkinsiana Standley
Ref. FP 13(2/3) 1938: 812.
Endemic tree. Andean I. 1000-1500 m.
Voucher: Klug 3352* (F)
Depts.: SM

Siparuna plana J. F. Macbride
Ref. FP 13(2/3) 1938: 813.
Endemic shrub. Amazonian. 0-500 m.
Voucher: Williams 4584* (F)
Depts.: LO

Siparuna podocarpa Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 813; Renner, pers. comm.

Siparuna poeppigii (Tulasne) A. DC.
Syn. *Citrosma poeppigii* Tulasne
Ref. FP 13(2/3) 1938: 813.
Tree. Amazonian: forests. 0-500 m.
Voucher: Poeppig 2066* (G photo F!), Vásquez 1465 (MO!)
Depts.: LO, SM, UC

Siparuna pseudoumbellata Perkins =Siparuna muricata (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 814.

Siparuna pyricarpa (R. & P.) Perkins
Syn. *Citrosma eriocalyx* Tulasne, *Citrosma limoniodora* R. & P. ex Tulasne, *Citrosma macrophyllum* H.B.K., *Citrosma pyricarpa* R. & P., *Siparuna eriocalyx* (Tulasne) A. DC., *Siparuna exsculpta* Perkins, *Siparuna gigantophylla* Perkins, *Siparuna harongifolia* Perkins,*Siparuna limoniodora* A. DC., *Siparuna lyrata* Perkins, *Siparuna macrophylla* (H.B.K.) A. DC., *Siparuna podocarpa* Perkins, *Siparuna tulasnei* Perkins, *Siparuna uleana* Perkins
Ref. FP 13(2/3) 1938: 814; Renner, pers. comm.
Shrub, tree or treelet. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Ruiz & Pavón s.n.* (G photo F!), Gentry 18765 (MO)
Depts.: AM, AY, CA, CU, HU, JU, LO, MD, PA, PU, SM

Siparuna radiata (Poeppig & Endlicher) A. DC.
Syn. *Citrosma radiata* Poeppig & Endlicher, *Siparuna magnifica* Perkins
Ref. FP 13(2/3) 1938: 814.
Tree or shrub. Amazonian. 0-500 m.
Voucher: Poeppig 2145* (B photo F!), Williams 4740 (F)
Depts.: LO

Siparuna sarmentosa Perkins =Siparuna cristata (Poeppig & Endlicher) A. DC.
Ref. Renner, pers. comm.

Siparuna saurauiifolia Perkins
Ref. FP 13(2/3) 1938: 815.
Tree. Andean I-II: forests. 1000-2500 m.
Note: *Weberbauer 4370** is one of two syntypes. The other syntype is probably another species.
Voucher: Weberbauer 4370* (B photo F!), Schunke 9532 (MO!)
Depts.: AM, SM

Siparuna suaveolens (Tulasne) A. DC.
Syn. *Citrosma suaveolens* Tulasne
Ref. FP 13(2/3) 1938: 815.
Endemic shrub, tree or treelet. Andean II: forests. 1500-3000 m.
Voucher: Weddell 4760* (P photo F!), Núñez 9121 (MO!)
Depts.: AM, CA, CU, HU, PI

Siparuna subinodora (R. & P.) A. DC.
Syn. *Citrosma subinodora* R. & P.
Ref. FP 13(2/3) 1938: 816.
Endemic shrub. Andean II. 1500-2000 m.
Voucher: Ruiz & Pavón s.n.* (MA photo F!), Schunke 9234 (MO!)
Depts.: JU, LO

Siparuna tabacifolia Perkins
Ref. FP 13(2/3) 1938: 816.
Shrub. Amazonian, Andean I: forests. 0-1500 m.
Voucher: Ule 6670* (B photo F!), Díaz 1119 (MO!)
Depts.: LO, MD, SM

Siparuna tayloriana Perkins
Ref. FP 13(2/3) 1938: 816.
Endemic shrub. Andean II: forests. 1500-2000 m.
Voucher: Weberbauer 6739* (F)
Depts.: HU

Siparuna thecaphora (Poeppig & Endlicher) A. DC.
Syn. *Citrosma thecaphora* Poeppig & Endlicher
Ref. FP 13(2/3) 1938: 816.
Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Poeppig 2157b* (B photo F!), Croat 19768 (MO!)
Depts.: JU, LO

Siparuna tomentosa (R. & P.) A. DC.
Syn. *Citrosma aspera* R. & P. ex Tulasne, *Citrosma tomentosa* (R. & P.) A. DC., *Siparuna aspera* (R. & P. ex Tulasne) A. DC., *Siparuna calocarpa* Perkins
Ref. FP 13(2/3) 1938: 817.
Shrub or tree. Andean I-II: forests. 500-3000 m.
Voucher: Ruiz & Pavón 902* (G photo F!), Woytkowski 8222 (MO!)
Depts.: AM, CA, CU, HU, JU, PU, SM

Siparuna tulasnei Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 817; Renner, pers. comm.

Siparuna ucayaliensis Perkins =Siparuna cristata (Poeppig & Endlicher) A. DC.
Ref. FP 13(2/3) 1938: 817; Renner, pers. comm.

Siparuna uleana Perkins =Siparuna pyricarpa (R. & P.) Perkins
Ref. FP 13(2/3) 1938: 818; Renner, pers. comm.

Siparuna umbelliflora Perkins =Siparuna muricata (R. & P.) A. DC.
Ref. FP 13(2/3) 1938: 818; Renner, pers. comm.

Siparuna weberbaueri Perkins
Ref. FP 13(2/3) 1938: 818.
Endemic shrub or tree. Andean I-II: forests. 1000-2500 m.
Voucher: Weberbauer 2161* (B, destroyed), Killip & Smith 24136 (F)
Depts.: JU, LL, LO, PA

Siparuna williamsii J. F. Macbride
Ref. FP 13(2/3) 1938: 819.
Tree. Amazonian: forests. 0-500 m.
Voucher: Williams 3371* (F), Gentry 69539 (MO!)
Depts.: LO, MD

Tetratome latifolia Poeppig & Endlicher =Mollinedia latifolia (Poeppig & Endlicher) Tulasne
Ref. FP 13(2/3) 1938: 788.

Tetratome racemosa Schlechtendal =Mollinedia racemosa (Schlechtendal) Tulasne
Ref. FP 13(2/3) 1938: 789.

Tetratome triflora Poeppig & Endlicher =Mollinedia racemosa (Schlechtendal) Tulasne
Ref. FP 13(2/3) 1938: 789.

Moraceae

18 genera and 119 species in Peru.

Endemic species: 2.

Prepared by J. L. Zarucchi; reviewed by C. C. Berg (BG).

Acanthosphaera ulei Warburg =Naucleopsis ulei (Warburg) Ducke
Ref. FP 13(2/2) 1937: 320; Berg, 1972: 139.

Alicastrum echinocarpum (Poeppig & Endlicher) Kuntze =Mayna odorata Aublet (Flacourtiaceae)
Ref. Sleumer, 1980: 27.

Alicastrum rubescens (Taubert) Taubert =Brosimum rubescens Taubert
Ref. Berg, 1972: 189.

Anonocarpus amazonicus Ducke =Batocarpus amazonicus (Ducke) Fosberg
Ref. FP 13(2/2) 1937: 315; de Mello Filho & Emmerich, 1968: 6.

Anonocarpus peruvianus Ducke =Batocarpus orinocensis Karsten
Ref. de Mello Filho & Emmerich, 1968: 4.

Artocarpus altilis (Parkinson) Fosberg
Syn. *Artocarpus incisa* (Thunberg) L. f., *Rademachia incisa* Thunberg, *Sitodium altile* Parkinson
Ref. Fosberg, 1941: 95.
Introduced tree. Amazonian, Andean I: disturbed areas, forests. 0-1000 m.
Voucher: Ancuash 311 (MO!)
Depts.: AM, JU, LO

Artocarpus heterophyllus Lamarck
Ref. Woodson & Schery, 1960: 116.
Introduced tree. Andean I: disturbed areas. 1000-1500 m.
Voucher: Núñez *et al.* 11883 (MO!)
Depts.: CU

Artocarpus incisa (Thunberg) L. f. =Artocarpus altilis (Parkinson) Fosberg
Ref. FP 13(2/2) 1937: 274; Fosberg, 1941: 95.

Batocarpus amazonicus (Ducke) Fosberg
Syn. *Anonocarpus amazonicus* Ducke
Ref. de Mello Filho & Emmerich, 1968: 6.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Schunke 3826 (MO!)
Depts.: HU, LO, MD, SM, UC

Batocarpus costaricensis Standley & L. O. Williams
Ref. de Mello Filho & Emmerich, 1968: 8.
Tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1000 m.
Voucher: Gentry & Díaz 58501 (MO!)
Depts.: MD, PA, UC

Batocarpus orinocensis Karsten
Syn. *Anonocarpus peruvianus* Ducke
Ref. de Mello Filho & Emmerich, 1968: 4.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Croat 20772 (MO!)
Depts.: AM, LO, PA, SM

Brosimopsis lactescens S. Moore =Brosimum lactescens (S. Moore) C. C. Berg
Ref. Berg, 1972: 177.

Brosimopsis obovata Ducke =Brosimum acutifolium subsp. obovatum (Ducke) C. C. Berg
Ref. Berg, 1972: 176.

Brosimum acutifolium Huber subsp. **obovatum** (Ducke) C. C. Berg
Syn. *Brosimopsis obovata* Ducke
Ref. Berg, 1972: 176.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Schunke 2178 (MO!)
Depts.: HU, LO, MD, UC

Brosimum alicastrum Swartz subsp. **bolivarense** (Pittier) C. C. Berg
Syn. *Brosimum uleanum* Mildbraed, *Helicostylis bolivarensis* Pittier
Ref. Berg, 1972: 171.
Tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Foster 9915 (MO!)
Depts.: LO, MD, SM, UC

Brosimum amplicoma Ducke =Brosimum parinarioides subsp. amplicoma (Ducke) C. C. Berg
Ref. Berg, 1972: 206.

Brosimum aubletii Poeppig & Endlicher =Brosimum guianense (Aublet) Huber
Ref. FP 13(2/2) 1937: 317; Berg, 1972: 181.

Brosimum echinocarpum Poeppig & Endlicher =Mayna odorata Aublet (Flacourtiaceae)
Ref. FP 13(2/2) 1937: 317; Berg, 1972: 219; Sleumer, 1980: 27.

Brosimum guianense (Aublet) Huber
Syn. *Brosimum aubletii* Poeppig & Endlicher, *Brosimum tessmannii* Mildbraed, *Piratinera guianensis* Aublet
Ref. Berg, 1972: 181.
Shrub or tree. Amazonian, Andean I: disturbed areas, seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Solomon 3514 (MO!)
Depts.: AM, HU, LO, MD, PA, UC

Brosimum lactescens (S. Moore) C. C. Berg
Syn. *Brosimopsis lactescens* S. Moore
Ref. Berg, 1972: 177; Spichiger *et al.*, 1989: 22.
Tree. Amazonian, Andean I: seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Vásquez & Jaramillo 9700 (MO!)
Depts.: JU, LO, MD, PA

Brosimum longifolium Ducke =Brosimum utile subsp. longifolium (Ducke) C. C. Berg
Ref. Berg, 1972: 201.

Brosimum mello-barretoi Standley =Naucleopsis mello-barretoi (Standley) C. C. Berg
Ref. Berg, 1972: 131.

Brosimum ovatifolium Ducke =Brosimum utile subsp. ovatifolium (Ducke) C. C. Berg
Ref. Berg, 1972: 202.

Brosimum paraense Huber =Brosimum rubescens Taubert
Ref. FP 13(2/2) 1937: 317; Berg, 1972: 189.

Brosimum parinarioides Ducke subsp. **amplicoma** (Ducke) C. C. Berg
Syn. *Brosimum amplicoma* Ducke
Ref. Berg, 1972: 206; Spichiger *et al.*, 1989: 24.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 31198 (MO!)
Depts.: LO, UC

Brosimum potabile Ducke
Ref. Berg, 1972: 204; Spichiger *et al.*, 1989: 24.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Spichiger & Loizeau 3011 (MO!)
Depts.: LO

Brosimum rubescens Taubert
Syn. *Alicastrum rubescens* (Taubert) Taubert, *Brosimum paraense* Huber, *Piratinera paraensis* (Huber) Benoist, *Piratinera rubescens* (Taubert) Pittier
Ref. Berg, 1972: 189; Spichiger *et al.*, 1989: 27.
Tree. Amazonian, Andean I: terra firme forests, forests on white sand. 0-1000 m.
Voucher: Williams 725 (MO!)
Depts.: LO, PA, SM

Brosimum tessmannii Mildbraed =Brosimum guianense (Aublet) Huber
Ref. FP 13(2/2) 1937: 317; Berg, 1972: 181.

Brosimum uleanum Mildbraed =Brosimum alicastrum subsp. bolivarense (Pittier) C. C. Berg
Ref. FP 13(2/2) 1937: 318; Berg, 1972: 171.

Brosimum utile (H.B.K.) Pittier subsp. **longifolium** (Ducke) C. C. Berg
Syn. *Brosimum longifolium* Ducke
Ref. Berg, 1972: 201.
Tree. Amazonian: terra firme forests. 0-500 m.
Note: Cited collection questionably determined to this subspecies.
Voucher: Vásquez & Jaramillo 2574 (MO!)
Depts.: LO

Brosimum utile subsp. **ovatifolium** (Ducke) C. C. Berg
Syn. *Brosimum ovatifolium* Ducke
Ref. Berg, 1972: 202; Spichiger *et al.*, 1989: 27.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.

Voucher: Vásquez & Jaramillo 11538 (MO!)
Depts.: AM, LO

Broussonetia brasiliensis C. Martius =Maclura brasiliensis (C. Martius) Endlicher
Ref. FP 13(2/2) 1937: 310; Kaastra, 1973: 71.

[*Bucephalon racemosum* L. =Trophis racemosa (L.) Urban subsp. racemosa]
Ref. FP 13(2/2) 1937: 308.
Note: Not known from Peru.

Castilla australis Hemsley =Perebea guianensis subsp. guianensis
Ref. FP 13(2/2) 1937: 322; Berg, 1972: 44.

Castilla elastica Sessé subsp. **elastica**
Ref. Berg, 1972: 98.
Cultivated and introduced tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Gentry *et al.* 65628 (MO!)
Depts.: LO

Castilla ulei Warburg
Ref. FP 13(2/2) 1937: 325; Berg, 1972: 100.
Tree. Amazonian, Andean I: disturbed areas, seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Seibert 2192 (MO!)
Depts.: CU, JU, LO, MD, UC

Chlorophora brasiliensis (C. Martius) Standley ex J. F. Macbride =Maclura brasiliensis (C. Martius) Endlicher
Ref. FP 13(2/2) 1937: 310; Kaastra, 1973: 71.

Chlorophora tinctoria (L.) Gaudichaud ex B. D. Jackson =Maclura tinctoria subsp. tinctoria
Ref. FP 13(2/2) 1937: 310; Kaastra, 1972: 659; Berg, 1986b: 244.

Clarisia biflora R. & P. subsp. **biflora**
Ref. FP 13(2/2) 1937: 314; Burger, 1962: 22.
Shrub or tree. Amazonian, Andean I-II: seasonally inundated areas, terra firme forests. 0-2500 m.
Voucher: Ruiz & Pavón s.n.* (MA), Hartshorn 1692 (MO!)
Depts.: HU, JU, LL, LO, MD, SM, UC

Clarisia nitida (Allemão) J. F. Macbride =Clarisia racemosa R. & P.
Ref. FP 13(2/2) 1937: 314; Burger, 1962: 24.

Clarisia racemosa R. & P.
Syn. *Clarisia nitida* (Allemão) J. F. Macbride, *Soaresia nitida* Allemão
Ref. FP 13(2/2) 1937: 314; Burger, 1962: 24; Spichiger *et al.*, 1989: 35.
Tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Smith & Foster 2492 (MO!)
Depts.: HU, JU, LO, MD, PA, SM, UC

Dorstenia brasiliensis Lamarck
Syn. *Dorstenia tubicina* R. & P.
Ref. Berg, 1986a: 144.
Herb. Andean I: grasslands. 1500-2000 m.
Voucher: Ruiz & Pavón s.n. (B photo F)
Depts.: HU, SM

Dorstenia contrajerva L.
Ref. FP 13(2/2) 1937: 280; Berg & van Leeuwen, 1982: 36.
Herb. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Klug 4390 (MO!)
Depts.: SM

Dorstenia peruviana C. C. Berg
Ref. Berg & van Leeuwen, 1982: 35.
Endemic herb. Amazonian, Andean I: riversides, terra firme forests. 0-1000 m.
Voucher: Mexia 8303* (U), Wasshausen & Encarnación 974 (MO!)
Depts.: HU, MD, SM

Dorstenia tubicina R. & P. =Dorstenia brasiliensis Lamarck
Ref. FP 13(2/2) 1937: 281; Berg, 1986a: 144.

Dorstenia umbricola A. C. Smith
Ref. FP 13(2/2) 1937: 281; Berg & van Leeuwen, 1982: 36.
Herb or subshrub. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Killip & Smith 29639* (NY), Gentry *et al.* 65779 (MO!)
Depts.: LO

Ficus albert-smithii Standley
Ref. Standley, 1939: 174; Berg *et al.*, 1984: 171.
Hemiepiphyte or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 5479 (MO!)
Depts.: LO

Ficus amazonica (Miquel) Miquel
Syn. *Urostigma amazonicum* Miquel
Ref. Berg *et al.*, 1984: 175.
Shrub or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Encarnación 26271 (MO!)
Depts.: LO, MD

Ficus americana Aublet
Ref. Berg *et al.*, 1984: 168.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, terra firme forests, forests on white sand. 0-2000 m.
Note: Species here treated in the broad sense.
Voucher: Schunke 8676 (MO!)
Depts.: HU, JU, LO, MD, PA, SM

Ficus aripuanensis C. C. Berg & F. Kooy
Ref. Vázquez *et al.*, 1984: 195.
Hemiepiphyte or tree. Amazonian, Coastal: forests, riversides. 0-1000 m.
Voucher: Gentry & Díaz 58204 (MO!)
Depts.: MD, TU

Ficus caballina Standley
Ref. FP 13(2/2) 1937: 301; Berg *et al.*, 1984: 171.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, riversides, seasonally inundated areas, terra firme forests. 0-1000 m.
Voucher: Williams 2075* (F), Schunke 4412 (MO!)
Depts.: HU, LO, MD, SM, UC

Ficus carica L.
Ref. FP 13(2/2) 1937: 302; Burger, 1977b: 151.
Introduced tree. Andean II: disturbed areas. 1500-2000 m.
Voucher: Núñez *et al.* 8228 (MO!)
Depts.: CU

Ficus casapiensis (Miquel) Miquel
Syn. *Urostigma casapiense* Miquel
Ref. FP 13(2/2) 1937: 302.
Hemiepiphyte or tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Mathews s.n.* (K), Vásquez & Jaramillo 2557 (MO!)
Depts.: HU, LO

Ficus castellviana Dugand
Ref. Dugand, 1942: 33; Berg *et al.*, 1984: 177.
Hemiepiphyte or tree. Amazonian: disturbed areas, terra firme forests, forests on white sand. 0-500 m.
Voucher: Vásquez 3706 (MO!)
Depts.: LO, MD

Ficus cervantesiana Standley & L. O. Williams
Ref. Burger, 1977b: 151.
Hemiepiphyte or tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Revilla 649 (MO!)
Depts.: LO

Ficus citrifolia Miller
Ref. Burger, 1977b: 152.
Hemiepiphyte or tree. Amazonian, Andean I-II: disturbed areas, terra firme forests. 0-2000 m.
Note: Treated here as a species "complex."
Voucher: Tunqui 402 (MO!)
Depts.: AM, LO, PA

Ficus crassiuscula Warburg ex Standley
Ref. Burger, 1977b: 156.
Tree. Andean II: cloud forests. 2000-3000 m.
Voucher: Peyton & King 1409 (MO!)
Depts.: CU

Ficus cuatrecasana Dugand
Ref. Dugand, 1955: 221.
Hemiepiphyte or tree. Andean II: cloud forests, forests, riversides. 1500-3000 m.
Voucher: Smith & Vásquez 4728 (MO!)
Depts.: AM, AP, CA, JU, PA, SM

Ficus donnell-smithii Standley
Ref. Burger, 1977b: 159; Berg *et al.*, 1984: 178.
Tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Davidson 3614 (MO!)
Depts.: HU, LO, PA

Ficus dugandii Standley
Ref. Dugand, 1955: 222.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Solomon 3494 (MO!)
Depts.: AM, LO

Ficus elastica Roxburgh
Ref. Burger, 1977b: 161.
Introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Medina & Daza 039 (MO!)
Depts.: LI

Ficus eximia Schott
Syn. *Ficus ruiziana* Standley
Ref. Berg *et al.*, 1984: 175; Berg, pers. comm.
Hemiepiphyte or tree. Amazonian, Andean I-II, Coastal: cloud forests, disturbed areas, seasonally inundated areas. 0-2000 m.
Voucher: Vásquez & Jaramillo 4081 (MO!)
Depts.: CU, HU, JU, LO, PA, TU, UC

Ficus gemina Ruiz ex Miquel =Ficus pertusa L. f.
Ref. FP 13(2/2) 1937: 302; Berg, pers. comm.

Ficus gigantosyce Dugand
Ref. Dugand, 1955: 226.
Tree. Andean II: cloud forests. 2500-3000 m.
Voucher: Díaz *et al.* 3906 (MO!)
Depts.: CA

Ficus glabra Vell. Conc.
Syn. *Urostigma glabra* (Vell. Conc.) Miquel
Ref. Berg *et al.*, 1984: 178.
Tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Ayala *et al.* 3492 (MO!)
Depts.: LO, MD

Ficus glabrata H.B.K. =Ficus insipida subsp. insipida
Ref. FP 13(2/2) 1937: 303; Burger, 1977b: 163.

Ficus gomelleira Kunth & Bouché
Ref. Berg *et al.*, 1984: 186.
Hemiepiphyte or tree. Amazonian, Andean I: forests, riversides, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 4086 (MO!)
Depts.: AM, LO, MD

Ficus guianensis Desvaux
Ref. Berg *et al.*, 1984: 169; Spichiger *et al.*, 1989: 40.
Hemiepiphyte or tree. Amazonian, Andean I-II: cloud forests, disturbed areas, forests. 0-2000 m.
Voucher: Vásquez 3719 (MO!)
Depts.: JU, LO, MD, PA, TU

Ficus hebetifolia Dugand
Ref. Dugand, 1955: 228; Berg *et al.*, 1984: 188.
Hemiepiphyte or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 4711 (MO!)
Depts.: LO

Ficus insipida Willdenow subsp. **insipida**
Syn. *Ficus glabrata* H.B.K.
Ref. Berg *et al.*, 1984: 165.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, riversides, terra firme forests. 0-1500 m.
Voucher: Revilla 240 (MO!)
Depts.: AM, CU, LO, MD, SM, UC

Ficus jacobii Vázquez Avila
Ref. Vázquez *et al.*, 1984: 201.
Tree. Andean I-II, Coastal: disturbed areas, forests. 500-2500 m.
Voucher: Hutchison & Wright 6708* (MO!), Woytkowski 6769 (MO!)
Depts.: LA

Ficus juruensis Warburg ex Dugand =Ficus trigonia L. f.
Ref. FP 13(2/2) 1937: 303; Berg, pers. comm.

Ficus killipii Standley
Ref. FP 13(2/2) 1937: 304; Berg *et al.*, 1984: 173.
Hemiepiphyte or tree. Amazonian, Andean I-II: forests, seasonally inundated areas. 0-2000 m.
Voucher: Killip & Smith 25252* (F), Weberbauer 7538 (F)
Depts.: AY, CU, JU, LO, MD

Ficus krukovii Standley
Ref. Standley, 1937: 171; Berg *et al.*, 1984: 175.
Hemiepiphyte, shrub or tree. Amazonian: disturbed areas, terra firme forests. 0-500 m.
Voucher: Huashikat 446 (MO!)
Depts.: AM, LO, PA

Ficus lauretana Vázquez Avila
Ref. Berg *et al.*, 1984: 180; Vázquez *et al.*, 1984: 203.
Hemiepiphyte or tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Vásquez & Jaramillo 8366 (MO!)
Depts.: LO

Ficus llewelynii Standley =Ficus trigonia L. f.
Ref. FP 13(2/2) 1937: 304; Berg, pers. comm.

Ficus macbridei Standley
Ref. FP 13(2/2) 1937: 305; Burger, 1977b: 168; DeWolf, 1960: 151.
Shrub or tree. Amazonian, Andean I: disturbed areas, riversides, terra firme forests. 0-1500 m.
Voucher: Macbride 5090* (F), Vásquez & Criollo 1858 (MO!)
Depts.: AM, CU, HU, LO, UC

Ficus maroma Castellanos
Tree. Andean II: forests, shrublands. 1500-2000 m.
Voucher: Smith & Vásquez 4956 (MO!)
Depts.: AM

Ficus mathewsii (Miquel) Miquel
Syn. *Ficus oblanceolata* Rusby [1910], nom. illeg. [non Rusby (1907)], *Urostigma mathewsii* Miquel
Ref. FP 13(2/2) 1937: 305; Dugand, 1955: 233; Berg *et al.*, 1984: 169.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, forests, riversides. 0-1000 m.
Voucher: Mathews 3866* (K), Smith *et al.* 1007 (MO!)
Depts.: HU, JU, LO, MD, PA

Ficus maxima Miller
Syn. *Ficus radula* Humboldt & Bonpland ex Willdenow, *Ficus ulei* Rossberg, *Pharmacosycea radula* (Humboldt & Bonpland ex Willdenow) Liebmann
Ref. Berg *et al.*, 1984: 167; Berg, pers. comm.
Hemiepiphyte, shrub or tree. Amazonian, Andean I-II: cloud forests, disturbed areas, forests, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Berg *et al.* 1619 (MO!)
Depts.: AM, CU, HU, JU, LO, MD, SM, UC

Ficus microcarpa L. f.
Introduced tree. Amazonian: disturbed areas. 0-500 m.
Voucher: Fosberg 29089 (MO!)
Depts.: LO

Ficus mutisii Dugand
Ref. Dugand, 1942: 58.
Tree. Andean I-II: forests. 1500-2500 m.
Voucher: Smith & Vásquez 4571 (MO!)
Depts.: SM

Ficus nitida Thunberg =Ficus retusa L.
Ref. FP 13(2/2) 1937: 306; Burger, 1977: 178.

Ficus nymphaeifolia Miller
Syn. *Ficus urbaniana* Warburg, *Urostigma nymphaeifolium* (Miller) Miquel
Ref. Burger, 1977b: 171; Berg *et al.*, 1984: 185.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Vásquez *et al.* 4304 (MO!)
Depts.: HU, LL, LO, MD, UC

Ficus oblanceolata Rusby [1910], nom. illeg. [non Rusby (1907)] =Ficus mathewsii (Miquel) Miquel
Ref. FP 13(2/2) 1937: 305; Dugand, 1955: 233.

Ficus obtusifolia H.B.K.
Ref. Burger, 1977b: 172; Berg *et al.*, 1984: 182.
Hemiepiphyte or tree. Amazonian, Andean I: forests, seasonally inundated areas. 0-1500 m.
Voucher: Vásquez & Jaramillo 3769 (MO!)
Depts.: CU, JU, LO

Ficus pallida M. Vahl
Ref. Berg *et al.*, 1984: 180.
Hemiepiphyte or tree. Amazonian, Andean I: terra firme forests. 0-1500 m.
Voucher: Núñez 5940 (MO!)
Depts.: CU, LO, MD

Ficus paraensis (Miquel) Miquel
Syn. *Urostigma paraense* Miquel
Ref. FP 13(2/2) 1937: 306; Dugand, 1955: 235; Berg *et al.*, 1984: 173.
Hemiepiphyte, shrub or tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1500 m.
Voucher: Revilla 28 (USM!)
Depts.: AM, HU, LO, MD, PA, PU, SM, UC

Ficus perez-arbelaezii Dugand
Ref. Dugand, 1955: 237.
Tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Belshaw 3278A (MO!)
Depts.: MD, SM

Ficus pertusa L. f.
Syn. *Ficus gemina* Ruiz ex Miquel, *Ficus peruviana* (Miquel) Rossberg, *Pharmacosycea peruviana* Miquel , *Urostigma geminum* Miquel, *Urostigma pertusum* (L. f.) Miquel
Ref. Burger, 1977b: 176; Berg *et al.*, 1984: 179; Berg, pers. comm.
Hemiepiphyte or tree. Amazonian, Andean I-II: riversides, seasonally inundated areas, terra firme forests. 0-2000 m.
Voucher: Encarnación 26033 (MO!)
Depts.: AM, HU, JU, LO, MD, PA, SM, UC

Ficus peruviana (Miquel) Rossberg =Ficus pertusa L. f.
Ref. FP 13(2/3) 1938: 1126; Rossberg, 1937: 61; Berg, pers. comm.

Ficus radula Humboldt & Bonpland ex Willdenow =Ficus maxima Miller
Ref. FP 13(2/2) 1937: 306; Burger, 1977b: 169.

Ficus retusa L.
Syn. *Ficus nitida* Thunberg
Ref. Burger, 1977b: 178.
Introduced tree. Coastal: disturbed areas. 0-500 m.
Depts.: LI

Ficus ruiziana Standley =Ficus eximia Schott
Ref. FP 13(2/2) 1937: 307; Berg, pers. comm.

Ficus schippii Standley
Ref. Burger, 1977b: 179; Berg *et al.*, 1984: 173.
Hemiepiphyte, shrub or tree. Amazonian, Andean I: disturbed areas, forests, seasonally inundated areas. 0-1000 m.
Voucher: Schunke 10547 (MO!)
Depts.: HU, LO

Ficus schultesii Dugand
Ref. Dugand, 1943: 78; Berg *et al.*, 1984: 185.
Hemiepiphyte or tree. Amazonian: disturbed areas, forests. 0-500 m.
Voucher: Foster 9639 (MO!)
Depts.: AM, MD

Ficus sphenophylla Standley
Ref. Standley, 1937: 176; Berg *et al.*, 1984: 171.
Hemiepiphyte or tree. Amazonian, Andean I: disturbed areas, forests. 0-1500 m.
Voucher: Vásquez 4445 (MO!)
Depts.: HU, JU, LO, PA

Ficus subapiculata (Miquel) Miquel
Syn. *Urostigma subapiculatum* Miquel
Ref. Berg *et al.*, 1984: 169.
Hemiepiphyte, shrub or tree. Amazonian: forests, seasonally inundated areas. 0-500 m.
Voucher: Encarnación 26129 (G)
Depts.: LO

Ficus tonduzii Standley
Ref. Dugand, 1955: 243; DeWolf, 1960: 151.
Tree. Andean I-II: cloud forests, disturbed areas. 500-2500 m.
Voucher: Díaz *et al.* 3191 (MO!)
Depts.: AM, CU, JU, LO, PA, PI, SM

Ficus trigona L. f.
Syn. *Ficus juruensis* Warburg ex Dugand, *Ficus llewelynii* Standley, *Ficus weberbauerei* Standley, *Urostigma trigonum* (L. f.) Miquel
Ref. Berg *et al.*, 1984: 190; Berg, pers. comm.
Hemiepiphyte, shrub or tree. Amazonian, Andean I-II: forests, riversides, seasonally inundated areas. 0-2000 m.
Voucher: Grández *et al.* 372 (MO!)
Depts.: AM, CA, CU, HU, LO, MD, PA, SM, UC

Ficus trigonata L.
Ref. Burger, 1977b: 181; Berg *et al.*, 1984: 186.
Hemiepiphyte or tree. Amazonian, Andean I-II: disturbed areas, forests. 0-2000 m.
Voucher: Vásquez & Jaramillo 10393 (MO!)
Depts.: HU, JU, LO, MD, SM

Ficus ulei Rossberg =Ficus maxima Miller
Ref. FP 13(2/3) 1938: 1126; Rossberg, 1937: 60; Berg, pers. comm.

Ficus urbaniana Warburg =Ficus nymphaeifolia Miller
Ref. FP 13(2/2) 1937: 307; Berg, pers. comm.

Ficus ursina Standley
Ref. Standley, 1937: 178; Berg *et al.*, 1984: 192.
Hemiepiphyte or tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Croat 19378 (MO!)
Depts.: LO

Ficus vittata Vázquez Avila
Ref. Vázquez *et al.*, 1984: 211.
Tree. Coastal: forests. 0-1000 m.
Note: Known from Peru only from the type locality.
Voucher: Simpson & Schunke 487* (F)
Depts.: TU

Ficus weberbaueri Standley =Ficus trigona L. f.
Ref. FP 13(2/2) 1937: 308; Berg, pers. comm.

Ficus yoponensis Desvaux
Ref. Burger, 1977b: 186.
Hemiepiphyte or tree. Amazonian: forests. 0-500 m.
Voucher: Vásquez *et al.* 4330 (MO!)
Depts.: LO, MD

Helicostylis bolivarensis Pittier =Brosimum alicastrum subsp. bolivarense (Pittier) C. C. Berg
Ref. Berg, 1972: 171.

Helicostylis elegans (J. F. Macbride) C. C. Berg
Syn. *Perebea elegans* J. F. Macbride
Ref. Berg, 1972: 83; Spichiger *et al.*, 1989: 42.
Tree. Amazonian, Andean I: disturbed areas, terra firme forests. 0-1000 m.
Voucher: Klug 603* (F), Vásquez & Jaramillo 5844 (MO!)
Depts.: AM, LO, PA

Helicostylis heterotricha Ducke
Ref. Berg, 1972: 87.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 11644 (MO!)
Depts.: LO

Helicostylis poeppigiana (C. Martius) Trécul =Helicostylis tomentosa (Poeppig & Endlicher) J. F. Macbride
Ref. FP 13(2/2) 1937: 329; Berg, 1972: 79.

Helicostylis poeppigiana var. *macrophylla* Trécul =Helicostylis tomentosa (Poeppig & Endlicher) J. F. Macbride
Ref. Berg, 1972: 79.

Helicostylis scabra (J. F. Macbride) C. C. Berg
Syn. *Pseudolmedia scabra* J. F. Macbride
Ref. Berg, 1972: 82; Spichiger *et al.*, 1989: 42.
Tree. Amazonian: terra firme forests. 0-500 m.

Voucher: Klug 384* (F), Encarnación 26385 (MO!)
Depts.: LO, PA, SM

Helicostylis tomentosa (Poeppig & Endlicher) J. F. Macbride
Syn. *Helicostylis poeppigiana* (C. Martius) Trécul, *Helicostylis poeppigiana* var. *macrophylla* Trécul, *Olmedia poeppigiana* C. Martius, *Olmedia tomentosa* Poeppig & Endlicher
Ref. FP 13(2/2) 1937: 329; Berg, 1972: 79; Spichiger *et al.*, 1989: 45.
Tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Schunke 9987 (MO!)
Depts.: AM, HU, LO, MD, UC

Helicostylis tovarensis (Klotzsch & Karsten) C. C. Berg
Syn. *Olmedia tovarensis* Klotzsch & Karsten
Ref. Berg, 1972: 90.
Tree. Amazonian, Andean I-II: forests. 0-2000 m.
Voucher: Gentry *et al.* 22909 (MO!)
Depts.: AM, HU

Helicostylis turbinata C. C. Berg
Ref. Berg, 1972: 87.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 7207 (MO!)
Depts.: LO

Maclura affinis Miquel =Maclura tinctoria subsp. tinctoria
Ref. FP 13(2/2) 1937: 310; Kaastra, 1972: 663.
Note: Kaastra (1972) treats this under *Chlorophora*; also, see Berg (1986).

Maclura brasiliensis (C. Martius) Endlicher
Syn. *Broussonetia brasiliensis* C. Martius, *Chlorophora brasiliensis* (C. Martius) Standley ex J. F. Macbride
Ref. Kaastra, 1973: 71; Berg, 1986b: 244.
Liana, shrub or tree. Andean I: forests. 500-1000 m.
Voucher: Williams 6855 (F)
Depts.: SM

Maclura tinctoria (L.) Steudel subsp. **tinctoria**
Syn. *Chlorophora tinctoria* (L.) Gaudichaud ex B. D. Jackson, *Maclura affinis* Miquel, *Maclura tinctoria* var. *affinis* (Miquel) Bureau, *Maclura tinctoria* var. *chlorocarpa* Bureau, *Morus tinctoria* L.
Ref. Kaastra, 1972: 665; Berg, 1986b: 244.
Shrub or tree. Amazonian, Andean I-II, Coastal: disturbed areas, forests, riversides. 0-3000 m.
Note: Kaastra (1972) treats this taxon under *Chlorophora*.
Voucher: Woytkowski 7055 (MO!)
Depts.: AM, CA, CU, HU, JU, LO, PA, SM, TU, UC

Maclura tinctoria var. *affinis* (Miquel) Bureau =Maclura tinctoria subsp. tinctoria
Ref. FP 13(2/2) 1937: 310; Kaastra, 1972: 663.
Note: See note under *M. affinis*.

Maclura tinctoria var. *chlorocarpa* Bureau =Maclura tinctoria subsp. tinctoria
Ref. FP 13(2/2) 1937: 310; Kaastra, 1972: 661.
Note: See note under *M. affinis*.

Maquira calophylla (Poeppig & Endlicher) C. C. Berg
Syn. *Olmedia calophylla* Poeppig & Endlicher, *Olmedioperebea calophylla* (Poeppig & Endlicher) Ducke, *Perebea calophylla* (Poeppig & Endlicher) Bentham ex Pittier
Ref. Berg, 1972: 70.
Tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Voucher: Huashikat 1359 (MO!)
Depts.: AM, LO, MD, PA

Maquira coriacea (Karsten) C. C. Berg
Syn. *Olmediophaena coriacea* (Karsten) Karsten, *Pseudolmedia coriacea* Karsten
Ref. Berg, 1972: 73.
Tree. Amazonian: disturbed areas, forests, seasonally inundated areas. 0-500 m.
Voucher: Revilla 2360 (MO!)
Depts.: LO, MD

Maquira costaricana (Standley) C. C. Berg
Syn. *Perebea costaricana* Standley
Ref. Berg, 1972: 67.
Shrub or tree.
Voucher: Ruiz & Pavón s.n. (BM)
Depts.: Without full locality data.

Morus alba L.
Ref. Terrell *et al.*, 1985: 95.
Introduced tree. Coastal: disturbed areas. 0-500 m.
Voucher: Plowman 10968 (MO!)
Depts.: LI

Morus celtidifolia H.B.K.
Ref. FP 13(2/2) 1937: 309.
Shrub. Andean II: disturbed areas. 2500-3000 m.
Voucher: Núñez 7156 (MO!)
Depts.: AP

Morus exsucca Planchon ex Koidzumi, nom. nud. =Morus insignis Bureau
Ref. Koidzumi, 1930: 88; Berg, pers. comm.

Morus insignis Bureau
Syn. *Morus exsucca* Planchon ex Koidzumi, nom. nud., *Morus peruviana* Planchon ex Koidzumi, *Morus reticulata* Moritz ex Koidzumi, nom. nud.
Ref. FP 13(2/2) 1937: 309.
Tree. Andean I-II: cloud forests, disturbed areas. 1000-3000 m.
Voucher: Smith *et al.* 8650 (MO!)
Depts.: AM, CA, JU, PA, PI, SM

Morus peruviana Planchon ex Koidzumi =Morus insignis Bureau
Ref. Koidzumi, 1930: 88.; Berg, pers. comm.

Morus reticulata Moritz ex Koidzumi, nom. nud. =Morus insignis Bureau
Ref. Koidzumi, 1930: 88; Berg, pers. comm.

Morus tinctoria L. =Maclura tinctoria subsp. tinctoria
Ref. FP 13(2/2) 1937: 310; Kaastra, 1972: 659.

Naucleopsis amara Ducke =Naucleopsis ulei (Warburg) Ducke
Ref. Spichiger *et al.*, 1989: 49; Berg, pers. comm.

[Naucleopsis caloneura (Huber) Ducke]
Syn. *Ogcodeia caloneura* (Huber) J. F. Macbride, *Olmedia caloneura* Huber
Ref. Berg, 1972: 116; Berg, pers. comm.
Note: Not known from Peru.

Naucleopsis concinna (Standley) C. C. Berg
Syn. *Perebea concinna* Standley
Ref. Berg, 1972: 133; Spichiger *et al.*, 1989: 51.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Croat 19381 (MO!)
Depts.: LO

Naucleopsis glabra Spruce ex Pittier
Syn. *Ogcodeia glabra* Spruce ex Mildbraed, *Ogcodeia tamamuri* J. F. Macbride, *Ogcodeia tessmannii* Mildbraed
Ref. FP 13(2/2) 1937: 319; Berg, 1972: 119; Spichiger *et al.*, 1989: 54.
Shrub or tree. Amazonian: seasonally inundated areas, terra firme forests. 0-500 m.
Note: Validating author often listed as Baillon.
Voucher: Grández *et al.* 498 (MO!)
Depts.: AM, LO, MD, UC

Naucleopsis imitans (Ducke) C. C. Berg
Syn. *Ogcodeia imitans* Ducke
Ref. Berg, 1972: 123.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 14071 (MO!)
Depts.: LO

Naucleopsis krukovii (Standley) C. C. Berg
Syn. *Pseudolmedia krukovii* Standley
Ref. Berg, 1972: 142.
Tree. Amazonian, Andean I: forests. 0-1000 m.
Voucher: Schunke 12245 (MO!, USM!)
Depts.: LO, SM

Naucleopsis mello-barretoi (Standley) C. C. Berg
Syn. *Brosimum mello-barretoi* Standley
Ref. Berg, 1972: 131; Spichiger *et al.*, 1989: 54.

Shrub or tree. Amazonian, Andean I: terra firme forests. 0-1000 m.
Voucher: Encarnación 26257 (MO!)
Depts.: LO, PA, UC

Naucleopsis pseudonaga (Mildbraed) C. C. Berg
Syn. *Ogcodeia pseudonaga* Mildbraed
Ref. Berg, 1972: 125.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Rimachi 8798 (MO!)
Depts.: LO, MD

Naucleopsis ternstroemiiflora (Mildbraed) C. C. Berg
Syn. *Ogcodeia ternstroemiiflora* Mildbraed
Ref. Berg, 1972: 125; Spichiger *et al.*, 1989: 57.
Tree. Amazonian: terra firme forests. 0-500 m.
Voucher: Vásquez & Jaramillo 9409 (MO!)
Depts.: LO, MD

Naucleopsis ulei (Warburg) Ducke
Syn. *Acanthosphaera ulei* Warburg, *Naucleopsis amara* Ducke, *Ogcodeia ulei* (Warburg) J. F. Macbride
Ref. FP 13(2/2) 1937: 320; Berg, 1972: 139; Berg, pers. comm.
Tree. Amazonian, Andean I: forests on white sand, terra firme forests. 0-1000 m.
Note: Treated in the Flora of Peru as a synonym of *Ogcodeia ulei*.
Voucher: Castro 337 (MO!)
Depts.: AM, HU, LO, MD, PA, SM, UC

Noyera glabrifolia Ducke =Perebea glabrifolia (Ducke) C. C. Berg
Ref. Berg, 1972: 60.

Noyera mollis (Poeppig & Endlicher) Ducke =Perebea mollis subsp. mollis
Ref. FP 13(2/2) 1937: 325; Berg, 1972: 58.

Noyera rubra Trécul =Perebea mollis subsp. rubra (Trécul) C. C. Berg
Ref. Berg, 1972: 60.

[*Ogcodeia caloneura* (Huber) J. F. Macbride =Naucleopsis caloneura (Huber) Ducke]
Ref. FP 13(2/2) 1937: 319; Berg, 1972: 116; Berg, pers. comm.
Note: Not known from Peru.

Ogcodeia glabra Spruce ex Mildbraed =Naucleopsis glabra Spruce ex Pittier
Ref. FP 13(2/2) 1937: 319; Berg, 1972: 119.

Ogcodeia imitans Ducke =Naucleopsis imitans (Ducke) C. C. Berg
Ref. Berg, 1972: 123.
